## ARREST 2 MORE FOR GAS THEFT

Dickson And Scott Also Charged Of Arson; Veazy Is Arrested; Brown Wanted

Charges of burglary have been entered against Al M. Scott, O'Donnell real estate agent, and of conspiracy to defraud against W. H. Veazy, Phillips agent at the same city, in connection with alleged gasoline and oil thefts for the Phillips Petroleum Co. at O'Donnell. Both were released on \$2,000 bonds Monday afternoon. C. L. Dickson, former insurance man here, and Oliver Todd, prominent farmer, were released last week on \$2,000 and \$1,500 bonds, respectively, on similar charges in connection with stealing of the goods.

County Attorney G. H. Nelson states that the value of the goods stolen total about \$1700. This included 2300 gallons of gasoline, four 55 gallon three 30-gallon, three 5-gallon, and two dozen quart cans of oil.

C. L. Dickson and Al M. Scott are also out on bonds of \$1,500 each from Lubbock county following the filing of charges at Lubbock by County Attorney Vaughan Wilson implicating them in the burning of a vacant house at Slaton the latter part of last May. The residence is said to have belonged to Oliver Todd and was destroyed by flames at about 10 o'clock at night. An insurance company paid Todd \$1200 as a result of the loss, Wilson said.

Todd is said to have bought the house about two weeks before it burned, Dickson and Scott acting as agents in the deal.

A burglary charge has been entered against a man named Brown, brother-in-law of Dickson, in connection with the gas and oil thefts, but he had not been apprehended Wednesday.

Dickson, Brown and Scott are alleged to have burglarized the Phillips station through arrangements made by Veazy, hauled it to the Oliver Todd farm and Todd concealed the gas and oil supposedly until it could be sold.

The alleged theft ring and the arson case were uncovered by two detectives from the Phillips Petroleum Company, County Attorney G. H. Nelson, Sheriff B. L. Parker and deputy John Bulman. Tom Abel, Slaton chief of police, filed complaints in the arson case.

## Sunday School Had 361 Present Sunday

Tahoka Baptist Sunday School hung up a new attendance record Sunday when the records showed that 361 people were present and this city again took the lead over Brownfield in the contest being staged between the schools of the two places. Brownfield had 348 present, just 13 less than Tahoka, and 5 less than the record she set two Sundays ago. Tahoka's attendance last Sunday was 7 more than either school had ever had before.

As the contest now stands, Tahoka has won the high attendance mark seven Sundays out of nine.

## 500 Women And Girls Are Receiving Home Demonstration Club Benefits

Nearly 500 women and girls of Lynn county are enrolled in the home demonstration work under the direction of Miss El Fieda Harrison, county demonstration agent, in a total of 20 clubs.

Women number 296 in 11 clubs, while the 186 girls are in nine clubs, a total of 482 women and girls.

"The women are engaged in 4-H pantry work this summer," Miss Harrison said in explanation of her work. "There are 18 demonstrators and 200 co-operators. Demonstrators are those who lead the other members of the club in the work, keeping records of costs and accomplishments."

Have 216 Gardens  
"We have 216 gardens that I have record of. These gardens have from fifteen to twenty vegetables. There is a sufficient supply of vegetables for the family for the summer and likewise enough to can to carry the family through the winter."

"I think Lynn county has a record. Eight out of our 11 women's clubs

## Tahoka Defeats Lubbock Hubbers

Playing their first game of night baseball the Tahoka team gave Lubbock a taste of defeat last Thursday night winning 4 to 2. "Blue-Eyes" Graham pitched for Tahoka, and Willis Knight, who has failed to stop the Tahokaites each of the seven or eight times he has stepped into the box during the past two years, was pitcher for Lubbock. The Hub City seemed to be greatly fired because of the fact that Tahoka used two, or three out of Town players to replace as many of our men who were sick or injured but forgot the fact that they had and were doing the same thing. Lubbock fans seem to be poor sports when they lose, especially when a small town team defeats them on their home diamond. But Tahoka has beaten Lubbock so many times that this was nothing new to the locals.

## 66 Mariages, 12 Divorces In 1930

There were 66 marriages and 12 divorces, no annulments, in Lynn county during the year 1930, according to the U. S. Bureau of Census. In 1929 there were 123 marriages and 17 divorces.

In the state of Texas, there were 45,158 marriages performed, a decrease of 28.5 per cent over the 63,173 record of 1929, due to the change in marriage laws and to the business depression. There were 16,682 divorces in 1930 against 18,383 in 1929.

## Miss Thompson And Sadler Troupers Wed

Miss Grace Thompson of the Redwine community and R. Q. Dyess of El Paso were married in Clovis, New Mexico, last Saturday morning as the culmination of a romance that began while the couple were students in Texas Tech two years ago.

Mrs. Dyess is the daughter of Mr. and Mrs. Joe Thompson, who now live at Redwine but formerly lived in Tahoka. She graduated from Tahoka High School prior to going to Tech, and was one of the teachers at Edith this past year.

Mr. Dyess is the bass singer in the West Texas Quartet with Harley Sadler's show and has appeared here the last two years.

They were accompanied to Clovis by Miss Pauline Thompson and Wiley Walker, the latter of the Alabama Duo with Harley Sadler.

Many friends here wish the young married couple much happiness through life.

## Says Crops Look Good

J. Claude Wells is very optimistic over the crop outlook for this year. He says he made a trip over the county a few days ago and says he will make a far better cotton crop and ten times as good a feed crop as last year even if not another drop of rain falls.

## Italy is preparing to build three fast new planes in an effort to win the next Schneider cup race.

Italy is preparing to build three fast new planes in an effort to win the next Schneider cup race.

## FIRE DAMAGES THE 'LAVELTA'

Old Theatre Building Almost Gutted By Fire Early Wednesday Morning

The old Lavelta Theatre, known as the English prior to the erection of the new talkie English Theatre here two years ago, was practically gutted by fire early Wednesday morning. Origin of the fire is not known but the supposition is that defective wiring was the cause; or, possibly, that the organ motor had been left running. The loss was partly covered by insurance.

Smoke was discovered issuing from the building at about daylight and the fire department was called. All doors were tightly closed and it was very apparent that the fire lack of air in the tightly closed house. The blaze had started in or near the orchestra pit burned the stage settings and an expensive screen, damaged several hundred opera chairs, and burned through the inner walls and ceiling of the building from front to back. One of the greatest losses was the \$2275 theatre organ in the orchestra pit.

The building had not been in use for some time except by the Baptist Men's Downtown Sunday School Class on Sunday mornings. Mr. D. B. English, the owner, had been using the show only in the fall months for silent Western pictures and was planning to use the show again this fall.

Mrs. English, who had been slightly ill for several days, was prostrated on hearing of the fire but is improving as we go to press.

## Hull Is Conducting Revival In Dawson

Rev. O. J. Hull, pastor of the Baptist Church, is this week conducting a revival meeting at Key, Dawson county. The meeting opened last Friday night and will close with the morning service next Sunday. Bro. Hull was here last Sunday morning for local services but the night service at the Tahoka church was dispensed with on account of the revival. Crowds are reported to be large and interest fine in the Key meeting.

A visiting preacher will fill the Baptist pulpit Sunday morning.

## State School Officer Will Speak Monday

All rural and city trustees and patrons of schools, as well, are urged to attend a meeting to be held here Monday at which L. A. Holler, Austin, rural school supervisor will be the principal speaker. New laws pertaining to schools and problems of rural schools will be explained and discussed.

The meeting will begin in the district court room at 10 a. m. Monday, County Superintendent H. P. Caveness States.

Italy is preparing to build three fast new planes in an effort to win the next Schneider cup race.

## Do You Know—

J. B. Walker was the second teacher of the Tahoka school, he being principal here from 1905 to 1908. . . . When he first became principal the school was a one-room frame building, the next year a partition was added and the third another room was built on. . . . Mps. J. W. Elliott, nee Miss Minnie Chambers, was the other one of the school's two teachers. . . . A man named Horton was the first teacher. Divorces were granted to 2.85 out of 1,000 persons in Texas in 1930 as against 3.20 in 1929. . . . Lynn county has 14.3 people per square mile; the nation has 41.3 people to the square mile. . . . Tahoka has a bonded indebtedness of \$112,000. . . . J. E. Ketter is one of West Texas' pioneers. He has been in Lynn county 31 years. In 1885 he worked for the famous Spur ranch. . . . Here's a surprise (don't let the "better half" read this): The average American housewife only spends an average of \$63.55 a year for clothes. Her husband spends \$71.38. That's what the U. S. Dept. of Labor says.

## FINDS GRAVES "NOT GUILTY"

Court Renders Verdict In Favor Of Defendant, Who Is Held On Other Charges

Jack Graves, junk dealer, charged with receiving stolen property, was found not guilty in county court here Tuesday by County Judge G. C. Grider. Graves was charged with having bought 5 radiators, 5 casings and tubes and 2 batteries, stolen from the Connolly Motor Company warehouse in February by two juveniles, who had previously pleaded guilty. The two youths testified that Graves told them he needed such goods to add to his stock of used parts and accessories, that he told them where they could get them, that he gave them tools with which to burglarize the warehouse, and that he accepted the stolen goods but had never paid for them. Chester Connolly and B. L. Parker also testified for the prosecution. Mrs. Graves, J. N. Holder and Mr. Rhodes testified they had heard Graves ask different persons when buying goods if such had been stolen and had never known him to buy stolen goods knowingly. Attorneys for the plaintiff waived trial by jury.

Graves is being held in jail awaiting action of the grand jury on two felony charges, one for burglary and one for felony theft. He is scheduled to go to trial again today on another case of receiving stolen property in which he is alleged to have bought from the two youths 12 radiators stolen from the Texas Garage.

## West Texas Editors To Meet In Lubbock

Newspaper men of West Texas will visit Lubbock Friday and Saturday, August 14 and 15, when the West Texas Press Association meets in that city for its annual session. Entertainment will include a banquet and two luncheons, a visit to Texas Tech, and the annual Press Association golf tournament. An excellent program is being arranged and talks will be heard from Gene Howe, better known as "Old Tack", editor of the Amarillo News-Globe, Hickman Price, the big wheat farmer, and a score of newspaper men.

## Post Encampment Was Well Attended

Large crowds of Baptists from Tahoka and all other towns of this section attended the Post Baptist Encampment last week. Local people took quite a prominent part in the meeting, in fact. Several groups camped at the Two Draw Lake, where the meetings were held.

Rev. O. J. Hull was chairman of the program committee this year, and was elected vice president for next year. Taylor White was song director at the meetings.

THEY'LL WEAR 'EM  
The following written by "the apostle" in the Donley County News is a good one on the pajama fad:  
Mi Gosh! Have you seen the latest? The female pajama. I mean. Loud colors and hat to match. One leg of 'em would make a dozen dresses of the 1929 model. Listen! we have some stiff breezes some times, and both pajamas and girl may be carried up making it necessary to shoot a hole in her pants to get her down before she starves.  
The hat has the appearance of a dilapidated calf shed of the old days. Only it is mostly striped like a barn-red and white. Great rig! Brace yourself, they're coming and I don't mean maybe. Let 'em come. It's none of our business.  
Not a bad idea either—free and easy, nice and cool. The fat ones will look like a circus tent in motion, but how can we help it? In horse days we might expect some wrecked rigs. A horse naturally shied at strange objects that appeared to be going some place. Am wondering what the good woman is going to do about this new fad.

Miss Helen Keller, the famous blind author, has taken her first airplane ride, from Newark to Washington, where she had luncheon at the White House. She declared she got a great thrill out of the experience.

## Legion Junior Team Enters State Finals

### Mrs. J. W. Elliott Kiwanis Speaker

Mrs. J. W. Elliott's talk on "The Creed of the Phebe K. Warner Club" featured the program of the Kiwanis Club Wednesday at noon. Mrs. Elliott made an excellent talk, one of the best heard at the club in a long time, and the audience seemed to appreciate it very much.

Other entertainment included vocal and piano solos by Mrs. Rubie D. Suddarth and vocal solos by Mrs. Layne Moreland.

Judge J. W. Elliott was also a guest of the club.

### Highway Meeting At Stamford Soon

The Fort Worth District Highway Association meeting will be held at Stamford on August 17th instead of August 10, as previously planned, according to information received by The News. This is the annual meeting of the organization, and the date was changed to accommodate delegates from Roswell and other western points.

This association has had much influence both in routing traffic and improving Highway No. 84 through Tahoka. Only recently the Federal government designated the route, and although a Federal highway number has not been given the route it is understood that the government and state will put up \$2 to \$1 in bonds voted by any county for paving on the route.

### Shepherd Is Holding Revival At Turkey

Rev. J. W. Shepherd, pastor of the Methodist Church, is at Turkey, Hall county, conducting a revival meeting which began last Sunday and will continue for two weeks. No reports have been received as to the progress.

The Methodist pulpit will be filled Sunday by a visiting minister in the absence of the pastor, and a good attendance at the services is urged, according to Mrs. Shepherd.

### Old Settlers Meeting Set For Aug. 14-15

The West Texas Old Settlers Association reunion will be held at the Hank Smith Memorial Park near Crosbyton on Friday and Saturday, August 14 and 15, according to announcement from that city. The scene of the gathering is in the Blanco canyon and their will be ample free camping space, wood and water for all the old settlers.

The reunion is held annually in the park at the home place of Hank Smith, the first settler on the South Plains, who went to that section 55 years ago. As many as 20,000 have attended the reunion which has been held for the past six years. W. T. Dunn, Crosbyton, is secretary of the association.

### Coaching School At Tech Will Draw Athletes From The Entire Southwest

Lubbock, July 29—"West Texas athletic coaches who are anxious to continue in the profession and improve themselves have the greatest opportunity to advance in the profession through study this year at the Wade-Phelan Coaching School at the Texas Technological College, August 3 to 15", Pete W. Cawthon, head coach at the institution, says.

"The coaching school here will include both football and basketball work and West Texas coaches can take advantage of this opportunity at an extremely low cost. Tuition is only \$25 and board is cheap here."

Approximately 300 of the outstanding coaches of the southwest, with a few from 21 different states, have indicated they will be present for the coaching school. Practically everyone of the coaches of the Southwestern Conference have signed up for the school.

Football work will be handled by Wallace Wade of Duke University and Jimmy Phelan of the University of Washington, and basketball will be handled by S. D. "Sad Sam" Bur-

### BROWNWOOD BEATEN HERE

Game Last Thursday Gave Tahoka Boys West Texas Baseball Championship

Tahoka's junior baseball team will enter the state finals at Waco in the national baseball tournament being sponsored by the American Legion, according to information received by "Skip" Taylor from Geo. E. Hughes, Austin, state Legion athletic director, Monday. Dates of the tournament have not been announced yet, but four days will be required to determine the championship among five teams representing as many divisions of Texas.

Tahoka won the right to represent West Texas by defeating Brownwood here last Thursday afternoon 4 to 3 in a ten inning game featured by the pitching and batting of "Mutt" Rogers. Tahoka had previously won the championship of the eighteenth congressional district and Brownwood the championship of the seventeenth. Tahoka now holds the honor over all West Texas as a result of a default in the sixteenth district.

In the game Thursday, "Mutt" struck out thirteen batters, allowed six hits, walked one, and scored three men on two of his own hits. His brother, Joe, caught. The latter is likewise a pitcher and will likely help out in the state tournament. Crawford and Thomas were batteries for the visitors.

Score by innings: R H E  
Brownwood 100 002 000 0 3 6 5  
Tahoka 100 000 020 1 4 8 3

Mr. Taylor says the local boys will likely make the trip to Waco in a truck, sleeping in the open. Expenses for the trip to the state tournament must be paid locally, but should they win the state championship the Texas American Legion will pay the team's expenses to the national tournament to be held in Houston.

**NOTICE TO THE PUBLIC**

Any erroneous reflection upon the  
reputation or standing of any individ-  
ual, firm or corporation, that may  
appear in the columns of the News,  
will be gladly corrected when called  
to our attention.

**WHAT SOME ATHLETES SAY  
ABOUT CIGARETTES**

Knute Rockne, director of ath-  
letics, the University of Notre Dame,  
whose success was the envy of every  
coach, said: "My experience has  
shown that tobacco slows up the re-  
flexes of athletes and lowers their  
morale; it does nothing constructive.  
Athletes who smoke are the careless  
type, and any advertisement that  
says that smoking cigarettes helps  
an athlete is a falsehood and a  
fraud."

M. A. Stevens, of Yale: "From a  
medical and coaching viewpoint, I  
am firmly convinced that any boy  
interested in athletics will do well  
to refrain from using tobacco in any  
form. Yale football players are not  
allowed to use tobacco during the  
active training season."

Fielding H. Yost, University of  
Michigan, for thirty-five years con-  
nected with college athletics: "I  
have never known any coach or  
trainer of athletic teams to advocate  
the use of alcohol or smoking in any  
form as beneficial to the develop-

ment of athletic capacities and abil-  
ities."

L. Mac Jones, head football coach  
at the United States Military Acad-  
emy at West Point: "Any stimula-  
tion for an athlete in training is bad.  
Tobacco is forbidden our squad dur-  
ing the season."

Ty Cobb: "Cigarette-smoking stu-  
pefies the brain, saps vitality, under-  
mines one's health, and lessens the  
moral fiber of the man. No boy who  
hopes to be successful in any line  
can afford to contract a habit that  
is so detrimental to his physical  
and moral development."

Dr. Floyd W. Rice, of Des Moines,  
Iowa: "As to the physical effect of  
smoking on women," he says, "the  
physician needs but to observe her,  
nervous, under-weight, sallow-com-  
plexioned, with a poor appetite,  
hacking cough, dark circles under  
the eyes, husky-voiced, suffering  
from sleeplessness and irritability."

**REDUCE ACREAGE AND FIND  
MORE COTTON USES**

The world has been producing  
more cotton than the world needs.  
If the price is to be maintained at  
levels profitable to Southern grow-  
ers, one of two things must be done.  
Either enough new uses for cotton  
must be discovered to absorb surplus  
production, or production must be  
reduced to a point more commensu-  
rate with requirements. All our ef-  
forts to legislate the law of supply  
and demand out of existence have  
been fruitless; if we are wise, we  
will begin working with, instead of  
against, that time-proven economic  
dictum.

In Texas, improvement of the  
quality of cotton would prove bene-  
ficial. Aside from acting upon that  
hint, it were the part of wisdom to  
spend our time and money devising  
ways to increase the use of cotton  
and finding practicable substitutes  
to be planted in former cotton acre-

age. The attempt to legislate thou-  
sands of acres of fertile Southern  
soil out of cultivation is as ridicu-  
lous and uneconomic as to make  
sneezing on street cars a capital of-  
fense. The grower will plant less  
cotton when, as and if we find for  
him a profitable crop to plant in its  
stead.

Let's put our laboratories to work  
discovering new uses for cotton;  
let's put our agricultural colleges to  
work discovering profitable crops to  
be substituted for cotton.—Editorial  
of the Month.

**NEWSPAPERS "PUT OVER" THE  
RADIO, BUT—**

Newspapers generally are waking  
up to the fact that they have been  
giving the radios millions of dollars  
worth of publicity in recent years  
and that the radios are repaying the  
favor by taking advertising out of  
the newspapers' mouths. The radio  
is a blessing, yet it is a curse when  
it exercises its powers selfishly and  
on the brim of the law. Law forbids  
many types of advertising in news-  
papers; yet radio may spread fake  
medicines, out-and-out lotteries and  
other nefarious schemes without fear  
of interference or comeback. As for  
The Times, we shall let the radio  
suckle its own mavericks; and we  
shall let them do their own adver-  
tising, or pay for what they receive  
in our columns.—Snyder Times.

**Opinions  
Of Our  
Readers**

**OPPOSES FREIGHT INCREASE**

The following protest was filed  
last week by Congressman Marvin  
Jones with the Interstate Commerce  
Commission urging that the applica-  
tion of the railways for a general  
increase of freight rates be denied:  
"I desire to file a protest against  
the general 15 percent increase in  
freight rates as applied for by the  
railway companies of America.

This protest is not filed in any  
spirit of hostility to the railroads.  
Naturally we would like to see them  
prosper. Transportation is essential.  
However, a period of depression,  
such as that through which we have  
been passing, when practically all  
businesses are taking a loss, is not,  
in my judgment, the time to ask for  
an increase in railway rates. The  
times are abnormal.

The prices of practically all com-  
modities have been materially re-  
duced during the last two years.  
Agriculture is prostrate. The major  
products of the farm are selling for  
below the cost of production. Present  
freight rates are in many in-  
stances already prohibitive. To use  
present conditions as a basis for an  
application for an additional load on  
these already overloaded commodi-  
ties is, in my judgment, out of the  
question.

Besides, I doubt very seriously  
whether an increase in rates would  
increase revenue. It might do so  
temporarily, but it would not in-  
crease them in the long run. I be-  
lieve, therefore, it is a short-sighted  
policy even from the view point of  
the roads themselves to ask for an  
increase in freight rates at this  
time.

An illustration: the freight rates  
on wheat from the Panhandle of  
Texas to the Gulf ports is at present  
an average of more than 33  
cents per hundred or 20 cents per  
bushel. Wheat is selling today at  
the elevator in Amarillo and other  
Panhandle points at 25 cents per  
bushel. The cost of transportation of  
this commodity is already taking so  
large a percentage of the total value  
that not more than half of the com-  
modity is moving, and a large per-  
centage of that which has been mov-  
ing has been distress wheat that  
must be sold.

I realize the sharp and in some  
instances unfair competition to  
which the roads are subjected. Und-  
oubtedly these inequalities should  
be corrected and competition placed  
on an even basis. But this will not  
be corrected, on the other hand it  
will be aggravated by an increase in  
freight rates which are already too  
high. The trucking, the feeding, the  
use of water ways and even the use  
of the commodity for fuel would be  
increased by such a policy.

If the freight rates on wheat as  
given in the illustration, which now  
range from 30 to 37 cents per hun-  
dred from Panhandle points to Gulf  
ports, and which under the new  
rates to be made effective August 2  
will range from 29 1/4 to 34 cents per  
hundred, had been reduced to range  
from 20 to 25 cents per hundred, I  
believe the increase in tonnage  
would have made up the difference  
and would not only have created a  
better feeling, but would have left  
conditions in far better shape for  
future operations.

If the 15 percent general increase

should be allowed it would not only  
wipe out the small reductions above  
referred to, but would make these  
rates even higher than at the pres-  
ent time. What is true in this sec-  
tion would probably be true in most  
sections of the country.

There come times when all busi-  
nesses must shoulder a loss during  
an emergency period. For any con-  
cern, whether transportation or oth-  
erwise, during such a period to un-  
dertake to recoup such a loss by  
saddling a heavier burden on the  
struggling agriculture and business  
interests of the country, is an im-  
proper course of procedure, and one  
that will complicate the difficulties  
and eventually work against the in-  
terests of both the roads and the  
public.

I earnestly urge that the applica-  
tion for these increases be denied.  
I am furnishing copies of this let-  
ter to the presidents of the three  
railways which operate in this sec-  
tion, to wit, the Santa Fe, the Rock  
Island and the Burlington System.

**Viewing Colorado River Scenery**

Last week I went with my two  
nephews, Charles Allan Shook from  
Albuquerque and Wayne Clayton of  
O'Donnell, for a short camping trip  
to the main sources of the Colorado  
in Borden and Dawson counties.  
Once we got close enough to a young  
coyote to have killed him with an  
air rifle but we had no gun. We killed  
a rattlesnake nearly six feet  
long and five inches in diameter—  
about like a small joint of stovepipe  
—and he had eight rattles; and fat,  
well, if snake oil was worth a dollar  
a pound that snake was worth two  
bushels of wheat or half a tank of  
gasoline. But snakes seemed very  
scarce and rabbits fairly plentiful—  
the rattler had just swallowed a  
four pounder. There were no fish  
but several fine swimming holes. We  
saw some nice scenery, which sug-  
gests the idea that the land we  
camped on was far more valuable as  
a public park than to graze cattle  
on. How long will it take our great  
road builders and law makers to  
find this out? Chris. L. Adair.

**Renew Your Health  
by Purification**

Any physician will tell you that  
"Perfect Purification of the System  
is Nature's Foundation of Perfect  
Health." Why not rid yourself of  
chronic ailments that are undermin-  
ing your vitality? Purify your en-  
tire system by taking a thorough  
course of Calotabs,—once or twice a  
week for several weeks—and see how  
Nature rewards you with health.

Calotabs purify the blood by acti-  
vating the liver, kidneys, stomach and  
bowels. Trial package, 10 cts. Family  
package, 35 cts. All dealers. (Adv.)

**for  
ANY BABY**

WE can never be sure just what  
makes an infant restless, but  
the remedy can always be found.  
Good old Castoria There's comfort in  
every drop of this pure vegetable pre-  
paration, and not the slightest harm in its  
frequent use. As often as Baby has a  
fretful spell, is feverish, or cries and can't  
sleep, let Castoria soothe and quiet him.  
Sometimes it's a touch of colic. Some-  
times constipation. Or diarrhea—a  
condition that should always be checked  
without delay. Just keep Castoria handy  
and give it promptly. Relief will follow  
very promptly; if it doesn't you should  
call a physician.

**DR. MILES' Liquid NERVINE**  
All Wrought Up Over Nothing  
Didn't sleep last night; too much work; the chil-  
dren are fretful; the Boss is cranky; Mrs. DeVere  
didn't invite you to her party.  
Ordinarily you don't mind any of these things, but  
today they are simply unbearable. You  
are nervous, that's why.  
Did you ever try Dr. Miles' Nervine?  
Just two teaspoonfuls in a half glass of  
water will quiet your over-taxed nerves  
and bring you a feeling of calm and peace.  
Dr. Miles' Nervine is now made in  
two forms—Liquid and Effervescent  
Tablet. Both are the same thera-  
peutically.  
At all Drug Stores. Price \$1.00

# SOCIETY

Club and Church News

## CLUB ENTERTAINS

On Thursday of last week the New Home Demonstration Club honored the Tahoka Home Demonstration Club with an entertainment.

The meeting was held at the home of Mrs. J. B. Lowe, whose home is characterized by gracious hospitality and the latch string is on the outside to everyone.

At 3:30 P. M. the guests arrived. They were met at the door by Mrs. G. B. Sherrod, who introduced each one to Mrs. Joe Poindexter, president of the New Home Club, who, in turn, sent each one down the receiving line. The social hour was in charge of Mrs. Lloyd McCormick, social chairman of New Home Club.

The welcome was given by Mrs. Henry Heck. Miss Isabel Adams gave a reading in negro dialect in her own way. Following Miss Adams came little Miss Ethel Goad with a reading. Numerous games were played with the social chairman as leader and then delicious ice cream and Angel Food cake were served by Miss Isabel Adams and Mrs. G. B. Sherrod. Four-leaf clovers bearing the names New Home—Tahoka were used as favors.

Those who attended from Tahoka were: Mesdames Richardson, Fenton, Stokes, Gattis, Finch, Cade, Corley, Edwards, Poer, Conway, Alexander, Adair, Reid, Owens, Nowlin, Moreland, Kemp, Preston, and Reid.

Each guest said she had a wonderful time. But yet not as good as did the New Home Club enjoy the occasion, we say.—Reporter.

## THIRTYFIVE WOMEN AT MISSIONARY SOCIETY

Monday afternoon was the regular time for Bible study in the Woman's Missionary Society of the Baptist Church, but the pastor, who is teaching this class, being absent in a revival meeting, an impromptu program, directed by Mrs. Hull was enjoyed by thirty-five women. This program consisted mostly of extemporaneous talk by quite a number of the members, being mostly reports of the Encampment at Post last week. These talks were all original, enthusiastic and inspirational, each woman giving a different aspect of the work of the Encampment, and the result was that the hearers caught the fire and the spirit and the vision that this great meeting brought to South Plains Baptists. Mrs. Hays, in her usual sweet and musical voice, brought a beautiful message in song.

The climax of the program was reached when the president in an appropriate, spiritual talk, presented to Mrs. Taylor White, in behalf of the Society, a lovely meat fork, as a token of their love for her and appreciation for her faithful, sacrificial service to the Society and the church, this being the fourth anniversary of such service.

The Society was delighted to have as a guest an honored and loved ex-member, Mrs. Homer St. Clair of Littlefield.—Publicity Chairman.

## R. A.'S ATTEND BAPTIST ENCAMPMENT AT POST

On last Wednesday twenty-two boys of the Royal Ambassador Chapter of the First Baptist Church in company with nearly one hundred members of the church attended the Baptist Encampment at Post.

These boys rendered a demonstration program that morning. They have received a number of letters expressing appreciation of their efforts.

The boys attending were: Joe Bob and Levi Billman, Keith and Finis Connolly, Harold, Rudolph and Hiram Snowden, James Minor, Wade Howell, Eldon Gattis, Jack Speight, Carra Reese, Simeon Kemp, Truett Cooper, Virgil Orman, Herbert Hoover, Charles Oliver, James Applewhite. Chaperones were Mrs. O. J. Hull, Miss Margaret Preston and Mrs. J. K. Applewhite.

## Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs,—once or twice a week for several weeks—and see how nature rewards you with health. Calotabs purify the blood by acting on the liver, kidneys, stomach and bowels. Trial package, 10 cts. Family package, 35 cts. All dealers. (Adv.)

## INTERMEDIATE DEPT. HAS PICNIC AT NANCE LAKE

The Intermediate Department of the Young People's Division of the Methodist Church enjoyed a picnic at the big lakes between Tahoka and O'Donnell last Wednesday afternoon.

The Intermediates were chaperoned by Rev. J. W. Shepherd, pastor, and Miss Mary Fenton, counselor. The games were directed by Elizabeth Crie, the chairman of recreation.

Lovely refreshments of ice cream in cones and cookies were served to sixteen members.

## O'DONNELL H. D. CLUB IS ENTERTAINED BY TAHOKA

The Tahoka Home Demonstration Club entertained the O'Donnell Club at the American Legion Home Wednesday afternoon.

There were from twenty-five to thirty guests present. A very interesting program was rendered which included a vocal solo by Mrs. Harold Edwards, a manless wedding and several other interesting numbers.

Games were played and fruit punch was served as refreshments.

## CARD OF THANKS

In recognition of the liberal donations received to help defray expenses of our delegates to A. & M. Short Course we wish to thank the following: C. C. Carter, First National Bank, Lynn County News, J. S. Weatherford, Truett Smith, A. M. Cade, H. P. Caveness, A. I. Thomas, G. C. Grider, Ben Rogers, G. H. Nelson, Harris & Applewhite, McCormack Hdw., Snowden Chev. Co., Ovid Luallin, A. B. Swan, Woodridge Lbr. Co., Higginbotham-Bartlett Co., D. B. English, Levine Bros., Three-More Bottling Co., Edwards & Lockhart gin, Connolly Motor, Thomas Drug, Acie Bailey Grocery, George Knight, Anchor Station. (Signed) New Home H. D. Club.

## Tahoka Defeats Lubbock Again

Tahoka again proved her baseball superiority over Lubbock by defeating that city under the lights in the latter's home park last night by a score of 9 to 5. Graham pitching for Tahoka and Knight for the Hub City.

Graham for Tahoka and Hanbright for Lubbock each slammed out a home run. Hits were Tahoka 10, Lubbock 9; errors, 2 each.

## LAY LEADER WILL SPEAK TO METHODISTS SUNDAY

O. H. Cline, lay leader of the Lubbock district, will preach at the Methodist church Sunday morning, according to word received here today from Rev. J. W. Shepherd, who is conducting a revival at Turkey. It is not yet known whether or not there will be services at the evening hour.

## S. S. AT ENGLISH THEATRE

The Baptist men's Sunday School class will meet at the English Theatre Sunday morning at the regular hour, we are asked to announce, the change in meeting place having been made on account of the fire at the Lavelta Theatre Wednesday morning.

Captain Frank M. Hawks is at his record breaking stunts again. He flew from London to Rome in 5 hours and 22 minutes, the best previous record being 12 hours. He tried to fly back the same day, but a storm forced him down without mishap near Paris. He later flew from Paris to London in 59 minutes.

Carlsbad—Santa Fe railroad making plans for construction of five-mile railroad from city to United States Potash Co. mine.

Boss: "Business is a little dull, Ole; I must lay you off."  
Swede: "Oh, I wouldn't do that. It don't take much to keep me busy."

Germans are building a powerful plane of new design, which they expect to reach an altitude of 50,000 feet.

The dirigible Graf Zeppelin recently carried 25 passengers on a round trip between Germany and Cairo, Egypt.

**Locals**

J. H. Powell left last week for San Angelo, where he was to have been joined by his family on a vacation trip to the Gulf coast and the Rio Grande Valley country. They will be a way two weeks. In his absence, Homer St. Clair of Littlefield is in charge of the Cicero Smith Lumber Company. Mrs. St. Clair and children are also here visiting in the home of Mr. and Mrs. S. R. McDaniel.

Mr. and Mrs. B. H. Howard, Uris Grady, and Van Howard of Crosbyton, Mr. and Mrs. Amos Howard and Mr. and Mrs. A. G. Reeves and families of Lubbock visited Mr. and Mrs. Harley Henderson and Mr. and Mrs. Frank Hill during the week end.

**Ford Caravan Is Here Today**

The Ford motor truck caravan has been in Tahoka all day today, having arrived late yesterday. The caravan was brought here by Chester Connolly of the Connolly Motor Company in order to advertise the different body and cab types built by Ford.

About twenty trucks are in the caravan, including all kinds of heavy duty and delivery trucks, an ambulance and a hearse, a police car, and other body types.

Mrs. R. L. Moreland of De Leon, and Mrs. Tate Lockhart and son, Jimmie, of Snyder, visited in the home of Mr. and Mrs. Layne Moreland. The former is Layne's mother and Mrs. Lockhart is his sister.

Mr. and Mrs. L. F. Craft and Miss Ruth Evans, the latter's sister, returned Monday from San Antonio, where they went on a pleasure trip. They said the crops were beautiful practically all the way.

**Send Man To Epileptic Colony**  
A local citizen will be sent to the State Epileptic Colony at Abilene for treatment of his affliction as a result of a hearing in county court Monday morning.

Mrs. L. B. Jones, her mother, Mrs. Huffman, and Misses Vngie and Jettie Faulkner went to Oklahoma last week to visit Mrs. Jones' sister. Mrs. Huffman will remain there for a while.

Mrs. Jesse Eubanks, who has been critically ill in a Lubbock hospital following an operation, is said to be improving nicely but will not be able to come home for about two weeks.

Mrs. E. W. Baggett of Hearne, her brother and a niece, visited the former's sister, Mrs. Henry Winkler at New Lynn Sunday and Monday. Mrs. Baggett formerly lived here.

E. I. Hill and Myrtle and Bill are visiting the former's mother at Hamilton this week. If this week's paper is not quite up to standard, its because the boss is absent.

C. A. Roberts and wife of Plainview and T. A. Roberts of Temple spent Sunday here with their father, A. M. Roberts, and left Monday for a visit to Phoenix, Arizona.

Mrs. E. M. Hooper, son and two daughters of Archer City left Wednesday after a two weeks' visit with Mrs. Hooper's parents, Mr. and Mrs. G. E. Hogan.

Mrs. C. V. Williams and daughter Delpa of Pecos returned home this week after a week's visit with the former's sister, Mrs. E. S. Davis.

Mr. and Mrs. D. A. Parkhurst and Mrs. Stroud spent the day in Big Spring Sunday, where they met Mr. and Mrs. Ross Ketner and Fayna.

Mr. and Mrs. W. T. Bovell returned home Saturday night after a week's pleasure trip to Los Angeles and other points in California.

Edd Hamilton has closed his cafe for a while and gone back to Glade-water, where he has employment for a few weeks.

J. W. Bulloch of Fort Worth visited here Sunday with his sister, Mrs. J. B. Walker.

Mrs. J. M. Dulaney and daughter, Eleanor, of Crawford are here visiting the former's daughter, Mrs. Harlan Cook.

Mrs. E. B. Denton and two daughters of Knox City are here visiting the former's brother, E. S. Davis and family.

Miss Merle Smith left Friday with relatives from Dallas on a trip through New Mexico, Arizona, and Colorado.

Mr. and Mrs. Homer Harrison and Mrs. A. N. Parker returned Sunday from a visit with relatives in East Texas.

Miss Doris Lynn Hull left Tuesday morning for Amarillo, where she is visiting Mr. and Mrs. Bryan Hull.

Miss Toy Thompson of Levelland visited her friend, Miss Ora Belle Willingham, a few days last week.

Mrs. Claude Allen of Brownfield spent a few days in the home of Mr. and Mrs. E. S. Davis this week.

Mrs. Hubert Davis and two sons are visiting with Mrs. Davis' parents, Mr. and Mrs. E. S. Davis.

**Central**

A number of the Central folks attended the encampment at Post last week.

Miss Zelma Thrailkill is visiting at Canyon this week.

Miss Pauline Thompson returned home last week from Lubbock, where she has been visiting her cousins.

Mr. Henry Ulmer of Big Spring was here visiting Miss Louise Bosworth Sunday.

Mr. J. B. Butler returned home several days ago.

We have preaching here twice a month. Edd Hawthorne preaches the first Sunday morning at 11:00 o'clock. Brother Partin of Wilson preaches every third Sunday at 4:30 o'clock. Everyone come.

Miss Pauline Thompson entertained a number of friends in her home Wednesday night. Everyone had a nice time.—Reporter.

**CARD OF THANKS**

We wish to thank all those who helped us in any way during the illness and death of our dear mother and sister. Words are inadequate to express our appreciation for the many deeds of kindness and words of sympathy. May they be as "bread cast on the water" to be gathered up many days hence, is our prayer. Mr. and Mrs. J. H. Kuykendall, M. L. Kuykendall, Mrs. S. J. Bailey.

Green feed and a plentiful supply of mineral will cure rickets in hogs, A. Jantzen, Bexar county demonstrator has found. The hogs got down in the back from a ration of white corn and kitchen slop but recovered on being fed in addition green cane and a tablespoonful per day of a concentrated mineral mixture.

From a blackberry demonstration acre started three years ago on his Milan county farm, W. F. Luckey of Rockdale sold 500 gallons the second year at 25 cent per gallon, with the customers coming from near and far to do their own picking. This year he expects to sell about 1000 gallons.

Five hundred bushels of 1930 wheat ground coarse and fed with milk to hogs brought a dollar a bushel to W. J. Carruth, Gray county farmer conducting a demonstration with the county agent.

Assistant Secretary Ingalls, in charge of naval aviation, calls the auto-giro the missing link among aircraft, and believes the safety it offers will be an encouragement to prospective flyers.

American air line operators transported 8,324,255 pounds of mail last year, for which they were paid \$17,798,601, or a little more than \$2 a pound.

The Lynn County News and The Semi-Weekly Farm News one year for only \$2.00.

Grab this chance to secure your favorite home paper—with all the local news—together with that wonderful national weekly, right from Washington, D. C., The Pathfinder. The Pathfinder is the most widely quoted paper in the world—and you will see why when you have it in your home, as more than a million others do.

Call at our office, see samples of The Pathfinder and order this club, or remit the amount by mail. News, information and entertainment for an entire year. **WHAT A BARGAIN!**

**\$2.00**

**"TRADE AT HOME"**

Also Applies To

**PRINTING**

Having your printing done at home helps keep Tahoka dollars circulating in Tahoka—and, at what time were they ever more needed at home than now?

How can a business man expect all the home trade when he himself buys his job printing and office forms from mail order houses or from high pressure traveling salesmen in order to save (?) possibly a few dollars a year? We are glad that there are very few business men of this kind in Tahoka. But there are enough such little orders here and there to support a Tahoka family or two that would spend the money they-earn at home. What would you think of your newspaper man if he bought socks from the house-to-house peddler or through the mail?

Think about this, Mr. Business Man. Are you building Tahoka and her institutions, or are you helping the people of Austin, San Antonio, Dallas, or some out-of-state city?

Your dollars are needed at home, Mr. Business Man. Give your next printing order to—

The News Twenty-Five Years Ago

From Files Of Lynn County News of July 27, 1906

Our new barber and his wife, Mr. and Mrs. J. R. Honea, late of Temple, Texas, arrived in Tahoka Monday noon on the hack from Gail. We are a little behind the times out here in some things but we don't apologize for our barber, no, not in any city in the state. Mr. Honea has worked in one of the best shops in Temple for the last 12 years and the people here should try and keep him here and custom is all it will take.

We are a little late this week on account of the Staked Plains Telephone Company installing a booth in the office so that those who wish to use the long distance phone can do so more privately than heretofore.

Mrs. J. S. Wells returned from a visit to Rummels county last week, where she has been visiting relatives for some time.

Mr. Howell is at work on his new residence south of the school house. Mr. Ray has finished the fencing around his half section south of town. While working on the fence the wire stretcher slipped and a post struck W. C. Axson on the forehead, cutting a deep gash and knocking him senseless for some time. Dr. McCoy was summoned and the wound promptly dressed and is doing nicely. If the post had not struck Paul Ray on the shoulder first, the blow might have proved fatal.

The kid bunch had a party at Joe Elliott's new residence last Friday night. Mr. and Mrs. Lewis Robinson chaperoned them.

Mrs. Walter Robinson gave a dining last Sunday to a crowd of Jack county folks, no one being present who did not come from there.

Mr. Downing finished a 60-barrel cistern Thursday for Mr. McGlaun,

who lives sixteen miles southeast of town.

Scholastic population of Borden county was 200 last year, this year it is 247. Lynn county scholastic population last year was 199 while this year it is 275. We are not throwing any alms on Borden county but there is no place like the Plains for an increase in scholastic population.

Henderson and Kinchlo announce that they began to operate a stage line on July 16 from Tahoka to Lamesa, connecting with another line already in peratin from Lamesa to Big Spring.

Jack Alley of the Tahoka Lake Ranch spent several days in Lubbock this week transacting business.

The Lubbock Avalanche mechanical department is to be greatly improved and enlarged in a short time. A paper folder and a mailer are among the latest and most important additions to its facilities. Aside from this, more type and other important improvements will be added as soon as the necessary room can be provided. The Avalanche began its seventh year with last week's issue.

Mr. and Mrs. G. W. Coughran and the three youngest boys left Thursday for San Saba, where they will spend a month or more visiting relatives and friends.

Mr. Doak is having added to his house the swellest porch in town.

Our friend Robt. Gray informs us that the state surveyor surveyed him out of his land last week, only leaving him a strip of thirty acres a mile and a half long.

Dr. Windham received his new X-ray the first of the week and is having it installed in the front room up stairs over the drug store.

of T-Bar. Mr. and Mrs. Penning also visited Mr. Tucker and family a few days ago.

Several of the people of this community attended the singing at New Lynn Sunday afternoon. All reported a good singing.

Vergil, Willie, and J. F. White and Frank Adams left Thursday for Corpus Christ.

We are sorry to say that Mr. Bill Kuykendall is sick. He has been visiting his brother, Mr. Jim Kuykendall, and family since Friday.

Mr. H. O. Hargett and Mr. H. H. Dearman and their families went plum hunting Wednesday.

A union meeting will start at this place the second Saturday night of next month, Aug. 8. We are expecting Brother Reed of Garlynn and Brother Dykes of Tahoka to do the preaching. Everyone has a cordial invitation.

The officers and teachers of Edith Sundal School were elected as follows: superintendent, Mr. Edgar Hammonds; asst. supt., Mr. J. T. Owens; secretary, Miss Marie San-

Did you ever try to MILK a LAWNMOWER?
--not as foolish as it sounds, for many dairymen quit feeding concentrates in the summer and expect their cows to exist on pasture alone. Such cows expend their energy in GRAZING instead of PRODUCING MILK--and a lawnmower could do that job better.
You know, of course, that a 1,000 lb. cow requires about 30 lbs. of solid food to produce 35 lbs. of milk. But do you know that if she must obtain these solids from grass alone, she must graze over about ONE-TENTH of an ACRE and eat about 175 lbs. of GRASS?
Your cows are worth more as milk producers than as lawnmowers. Pasture is fine and will help reduce your production cost --but ONLY when supplemented by a high quality concentrate such as RED CHAIN 24% Dairy Ration.
Feed RED CHAIN Dairy Ration the Year 'Round -- and make Every Month a PROFIT MONTH!

### Morgan

Mrs. D. Wheeler has received word that her brother who lives at San Angelo was hurt while cranking a car and had to have an operation. Our meeting began Monday night. A good crowd was present. Mr. and Mrs. Fred Davidson and family attended church at Southland Sunday. Mrs. B. Collings is still in a very serious condition. Mr. and Mrs. Jones of Bells is

NEXT time you are out of fix as the result of irregular or faulty bowel movement, try Thedford's Black-Draught for the refreshing relief it gives thousands of people who take it. Mr. E. W. Cecil, a construction superintendent in Pulaski, Va., says: "When I get constipated, my head aches, and I have that dull, tired feeling—just not equal to my work. I don't feel hungry and I know that I need something to cleanse my system, so I take Black-Draught. We have found it a great help."

Sold in 25-cent packages.

## PLANS TO BEAT UNEMPLOYMENT

By ROME C. STEPHENSON  
 President American Bankers Association  
 SOME look upon unemployment as a social or political problem. For them the remedy is compulsory accumulation of reserve funds on the insurance principle through contributions from the government, the employers, or all three. That will not meet the present emergency, since these reserve funds have not been built up and it would take

R. C. STEPHENSON

years to do so. At best this plan could only become effective at some indefinite time in the future as against the return of another catastrophe of general unemployment. Others look upon unemployment as purely an economic problem, holding that the only fundamental preventive is in business stability. It may well be asked whether either of these cures—namely, the creation of unemployment insurance funds on the one hand or the maintenance of everlasting business stability on the other—do not present in themselves bigger problems than the problems they seek to cure. However I am inclined to the belief that the more practical approach to the solution of such problems and the prevention of such situations as general unemployment presents is along the latter lines of economic foresight rather than along lines of social legislation.

### National Foresight

Economic foresight is conceivable not only for the individual but for business as a whole. Millions of individuals and virtually all lines of industry failed to practice it during the last stages of the recent prosperity.

The public welfare of the United States demands that industry as a whole vigorously and sincerely devote itself to the development of plans of economic foresight, aimed to prevent repetitions of the present unemployment situation. The general outlines for such plans are clearly definable. They demand that industry adopt a long range viewpoint and lay out its production and distribution plans with the thought that it is far better to have a long period of good sound business activity than a short period of frantically over-competitive endeavor. This would tend to lessen over-production in various lines, to prevent over-expansion of plant capacity, to avoid over-stimulation of public buying and above all to avoid periods of slumps and stagnation following periods of over-stimulation with their disasters of unemployment.

For business, too, there is a part in such a conception of economic foresight. It should aim to cooperate with industry in its endeavor to avoid reckless over-production, over-stocking and over-selling the public. In this picture of national economic prudence, banking and finance, too, have their place. Their effort should be to influence the use of credit and other financial facilities into channels of sound public economy consistent with the attitude I have already sketched for industry and trade. All finance, whether current commercial banking or industrial investment banking, should seek by their influence in granting or withholding credit to stimulate and build up a balanced economic situation.

The Individual Must Help  
 Finally, the individual too has a place in any such plan of a sounder economic future for the United States. It is the duty of the individual to make every effort to take care of himself and provide for himself. Neither government nor industry can do that for him. They can give him the opportunity to succeed but they can't succeed for him. He must out of his own initiative and effort earn and create his own means and defenses against the requirements and contingencies of life.

Individual determination to provide against sickness, accident and death by insurance before indulgences in extra comforts and luxuries are given place in the family budget, and individual responsibility to guard against the contingency of unemployment by means of a sound program of thrift and savings are to my mind the true foundation of economic stability for the United States as a whole.

A limestone spreader, owned by a bank in Illinois is rented out to farmers for ten cents a ton, and also a phosphate spreader at five cents a ton. The "limestone project" was the principal contribution of the bank to banker-farmer work, during 1930, and was carried on in cooperation with the Farm Bureau. A man trained in the testing of soil, and in the making of soil maps was employed by the bank. The unit maps used covered forty acres, on which 23 surface tests were made at mathematical points. At five other points three tests were made—surface, sub-surface, and sub-soil. The completed map showed, by varying shadings of red, the points which needed limestone. Arrangements were also made by the bank to have limestone shipped in to ear lots for sale to farmers in any quantities needed.

### Wilson

The fine rain of last week put an entirely different look on the crops as well as on the people's faces. Every thing is freshened up and growing very fast over most of this territory. There are still scattered spots that need rain but as a whole we are doing fine. Very little sickness, if any at all, right now.

The Baptist revival is now in full swing and large crowds are enjoying the fine services that are conducted by Dr. Jenkins. It is planned that these services will be continued through next week and if you haven't been in them we will be glad for you to start just now and come to every one you possibly can. Rev. J. W. Partain closed out the New Home revival last Sunday at the 11 o'clock service and will be at home in the two weeks revival at Wilson.

Rev. Thurston is now conducting a revival in the Morgan community, having closed the New Lynn meeting last Sunday. Reports come to us that our preachers are doing a great work in these communities.

Sunday afternoon Mr. C. M. Mears and Miss Ruby Randolph of Joe Stokes community motored down to Wilson and were happily united in marriage, Rev. J. W. Partain officiating. We join the host of friends in wishing this fine couple a long, happy and useful life.

Mr. and Mrs. Wiley Braden of Van are visiting in the Rudd home for a few days. Mrs. Braden is a cousin of the Rudds.

Mr. and Mrs. George Shockley of Breckenridge, who are at present attending school at Tech were visit-

ing in our city Sunday Mrs. Shockley is a daughter of Mrs. E. L. Swope.

Miss Miri Moore is now visiting in the home of her parents near Little Rock, Ark. She made the trip by auto last week, accompanied by Misses Veda West and Martha Pearl Copeland. Their plan is to be away some three weeks.

Miss LaVerne McCormick was elected to take the place of Miss Thomas in our school faculty, Miss Thomas having resigned some time ago to take a place in the Wichita Falls schools.

Miss Marjorie Crosby very charmingly entertained a number of guests in her home Wednesday afternoon of last week. Those present were: Misses Elizabeth and Katherine Tadlock, Bettie Ross Swann, Gaynelle McCormick, Gladys Ahrens and Mary Allene Hughes. Games of different kinds were participated in and refreshments of cake, ice cream and lemonade were served.

A goodly number of our city's population motored out to New Home last Thursday night and heard another one of the fine sermons that Rev. Partain is always guilty of preaching.

Mrs. Vick is visiting her daughter Mrs. Pat Swann this week.

Mrs. W. L. Wilson and daughter Nina Mae are visiting in the T. E. Crowe home for a few days. Mrs. Wilson is a sister to Mr. Crowe.

Miss Mildred Redwine of Anton is spending a few days in the home of her uncle and aunt, Mr. and Mrs. Brown Bishop.

Mrs. Ed Sanders is home after a visit of several days in Littlefield. J. F. Crumbley, who was once a citizen of our city but who now resides on the north plains, was a brief visitor in his father's home the first of the week.

Mr. and Mrs. Floyd Simpson and Mr. Clayborn Simpson were guests in the Forrester home the first of the week. They left for Arizona Wednesday morning for a five days tour and were accompanied by Miss O'Bera Forrester.

It cost 16 Kleberg county poultry demonstrators 7 1/2 cents per dozen eggs for feed during June. There are 6783 hens in these flocks and the average production for the month was slightly above 18 eggs per hen.
