## JUNIOR BALL TEAM LEAVES FOR WACO

### STATE CONTEST OPENS FRIDAY

Local Boys, Champions Of West Texas, Now After Texas Championship

The Junior League Baseball team consisting of fourteen members left Wednesday morning for Waco, accompanied by Messrs. Ed Smith, and W. M. Rogers, to participate in the state contest to be held Friday and Saturday. F. A. Robinette and Frank Larkin are to leave today to attend the games. The boys are making the trip in a truck driven by W. M. Rogers.

The Tahoka team was the winner in the fifth division of the state, defeating Brownwood on the local diamond a couple of weeks ago by a score of 4 to 3 in a ten inning game. Tahoka represented the eighth congressional district while Brownwood represented the sixteenth.

There will be five teams contesting at Waco. The winning team will participate in a national contest later. All these contests are being sponsored by the American Legion.

The boys making the trip are: Valton Cawthron, Clyde 'Mutt' Rogers, Dorsey Allison, Joe Rogers, Stuart and Lenton Mahle Dell and Henry Lee Hester, George Claude Wells, Homan Edwards, Jeff White, Jyles Shaw, Gill and Smith.

### Dosher Resigns At Seagraves

Rev. J. M. Doshier, pastor of the First Baptist Church at Seagraves, has resigned, according to press reports, to enter evangelistic work. Bro. Doshier was pastor of the Tahoka church for several years prior to going to Seagraves in 1924.

O. J. Jackson returned Tuesday night from Gladewater, having gone down to that city last week with Ed Hamilton. Mr. Hamilton procured a job and remained there.

### Do You Know—

The first schools in Lynn County were New Lynn and T-Bar. "Happy" Smith was once a BLACKSMITH. He has also been a school teacher, teaching at Redwine. Lynn county is four and one-half times larger in area and has two and one-fourth times more people than the world's smallest nation, Andorra. Lynn county's area is 864 square miles and Andorra's 191; our population is 12,372, Andorra's 5,231. Dead Nigger Creek is in Lynn county, the map shows, and is near the southeastern corner, flowing (when it rains) into Moor's Draw, one of the headwaters of the Brazos River. Tahoka was one of the first towns on the Plains to have paved streets. Until several years ago Tahoka had as much paving as Lubbock had. Texas record vote was in the second primary of 1930 when 837,773 citizens cast their ballots for either Ross Sterling or "Ma" Ferguson for governor.

### Cigarette Stamps At First National

A communication from the State Treasury Department requests that we announce that revenue stamps for cigarettes may be procured at the First National Bank of this city, or from the State Treasurer at Austin. Dealers may govern themselves accordingly.

### LYNN CITIZEN DIED SUNDAY

T. I. Jones, West Texas Old Timer, Resident of Lynn County, Dies Suddenly

The entire New Lynn community was shocked and grieved Sunday morning when the news was flashed that T. I. Jones had passed away.

Mr. Jones had resided in the New Lynn community since January of this year and had made many friends in that community. He had been in ill health for several years and had been confined to his bed most of the time for the past two months with heart trouble. He suffered a turn for the worse early Sunday morning and soon passed away in spite of all that loved ones could do.

His remains were prepared for burial by Harris & Applewhite, undertakers, of this city, and were sent to Brownwood for burial by the side of two children who had preceded him in death.

Mr. Jones was born May 13, 1871, in Chambers county, Alabama. He moved to Brown county, Texas, in 1890. He was married to Miss Jessie P. English in that county on December 16, 1894. He moved with his family to Lamb county in 1926 and resided in that county until January

### Shaver Tells Of New Cotton Plant

County Agent Ray Shaver returned Monday from College Station, where he attended the short course given by the A. & M. College last week. He reports it was one of the very best short courses he has ever attended.

One of the features that interested him most, he says, was the exhibition of a "limbless" cotton that the College is developing, and a cotton harvesting machine that is being perfected. He says they are breeding a cotton that will have no side limbs but will consist of a straight upright stalk with the bolls of cotton clustered on and around this stalk. The advantage of this is to make harvesting by machinery more successful. He saw one stalk of the above description with 23 well-developed bolls on it. He thinks a harvesting machine that will gather the cotton very successfully has been almost perfected.

Mr. Shaver reports that crops all along his route from Big Spring to College Station were very fine.

### Wheelbarrow Pusher Visits Tahoka On Trip Though 30 States For Prize

A man giving his name as Bill S. McCoy of Deadwood, South Dakota, was here Tuesday on his tour over the United States pushing a wheelbarrow.

McCoy says that he started out from Deadwood, S. D., on August 1, 1929, as one of fourteen contestants in a contest sponsored by the Chicago World's Fair organization and certain newspaper publications. The other thirteen contestants have already dropped out, he claims, and he is therefore winner in the contest. He has already visited 30 states he says, and expects to visit one more. He is to end his journey by pushing the wheelbarrow over Pike's Peak. At the close of the contest the winner will receive a large sum of money, he claims, and will also be paid \$50.00 per week to place himself on exhibition at the World's Fair and help entertain the visitors

by giving an account of his travels. On his journey thus far he has registered his name with 23 governors and numerous mayors and other local officials. He carries his bedding, cooking utensils, and a tent in the wheelbarrow, the total weight being 260 pounds. He is 61 years of age and weighs 117 pounds, he states. He is making his own way as he goes, giving exhibitions now and then and receiving donations for his performances. He attracted quite a good deal of attention here Tuesday, having quite a crowd around him on the street as he recounted some of his hardships and exploits. He has had a hard time of it, he claims, sometimes doing without food for two or three days at a time. That kind of life is what got the goat of the other thirteen contestants, he says, and left him the winner in the contest.

### GRAVES AGAIN "NOT GUILTY"

Court Again Frees Man Accused Of Buying and Possessing Stolen Property Here

In a second case against Jack Graves, in which he was charged with unlawfully receiving and concealing stolen property, tried before Judge G. C. Grider on Thursday of last week, the defendant was adjudged not guilty and was discharged by the court. He had been tried and released on a similar charge on the preceding Tuesday. A jury was waived by the defendant in each case.

The complaint charged that Graves had knowingly and fraudulently received and concealed certain radiators stolen from the Texas Garage. Two youths testified that Graves had told them where the radiators could be found, that they were in a warehouse near the garage, that the lock to the house could be easily opened, that he had tried to buy the radiators from Buford Swan but thought he asked too much for them. The boys then went to the warehouse and opened the lock took the radiators and delivered

### LET HIGHWAY 9 PAVING AWARD

Lubbock To Lynn County Line Strip Will Be Paved Next; New Paving Opened

Contract was let in Austin Monday by the State Highway Commission for the paving of 12.2 miles of Highway No. 9 in Lubbock county from the city of Lubbock to the Lynn county line. The paving will be of concrete and will be laid by Womack, Henning & Rollins of Sherman at a contract price of \$224,994. The new paving will begin at the junction of highways 7 and 9 about two mile south of the Lubbock court house.

The last mile of concrete paving on Highway No. 9 between Monroe and Abernathy, north of Lubbock, was opened to traffic the first of this week. This completes the paving program from Lubbock north to the Hale county line. The road had been open for travel as far north as Monroe for several weeks. Pouring of concrete was started April 17.

Highway 9 is now paved all the way from Lubbock to Amarillo, except through Swisher county and nearly half of Randall. Steps are now being taken to complete the Randall county paving.

### Lynn County Delegation Returns From Short Course; Report Fine Meetings

#### Brownfield Takes S. S. Contest Lead

Nearly everybody in Brownfield must have gone to Sunday School last Sunday, most of them at the Baptist Church. That school marked up an attendance of 416 against 371 at the Baptist Church here. The Tahoka attendance was a record-breaker, the highest figures theretofore being 361. But Brownfield's attendance was all out of reason. They say those people over there have adopted the war cry of "Beat Tahoka" and the whole town must be helping the Baptists in their effort to do it. A revival meeting is on at the Brownfield Baptist Church, also, we understand, and that may have something to do with the prodigious figures marked up on the Sunday School bulletin board.

But Pastor Hull insists that if everybody in and near Tahoka who ought to be in Sunday School will just turn out next Sunday morning we will make Brownfield look like a mere wide place in the road. Anyhow, attend some Sunday school, contest or no contest. It will do you good.

#### Kiwanians Hear Dr. Millard A. Jenkins

Dr. Millard A. Jenkins, pastor of the First Baptist Church of Abilene, who is conducting a revival meeting at Wilson, was the principal speaker at the Kiwanis luncheon here Wednesday. Rev. J. W. Partain, Baptist pastor at Wilson, also made a brief address.

Mrs. B. M. Hays sang beautifully a couple of selections with Mrs. J. K. Applewhite accompanying on the piano.

#### A. B. Sanders Back From European Trip

A. B. Sanders, former principal of Tahoka High School, returned last week from Vienna, Austria, where he attended the Rotary international convention as a representative of the Ralls club.

Mr. Sanders has been superintendent of the Ralls schools for several years but resigned last spring when he was elected to a similar position at Brownfield. He moved his household goods to the latter city last week.

R. C. Forrester of Wilson, who was here Tuesday, reported very fine crop prospects in that section of the county.

Miss Mildred Harris of Lubbock is the guest this week of her aunt, Mrs. C. A. Thomas.

### Man Pleads Guilty To Cold Checking

One plea of guilty to "cold checking" was entered in the county court this week. The defendant had given a small check to a merchant at Draw which was turned down at the bank. A \$5.00 fine and one day's imprisonment was assessed against the offender by Judge Grider.

### SINGERS WILL MEET AT DRAW

Large Crowd Expected At County Convention Which Meets All Day Sunday

A large crowd is expected to attend the county singing convention to be held at Draw next Sunday at 10 A. M., according to R. L. Pirtle, one of the committee in charge.

Mr. Pirtle says that at this convention the question of selecting a regular meeting place for the convention will be considered. A central place for the entire county would be most desirable. He indicated that only Tahoka, Wilson, and O'Donnell will be considered. Tahoka is the logical place, of course, but it will not be selected unless it indicates a desire for the convention to meet here and is willing to bear some small expenses incident to each meeting, such as providing lodging for visitors who come from a distance. The convention meets twice each year. Mr. Pirtle says that the convention has grown to such proportions that rural communities can not very well take care of it.

Mr. Pirtle indicated, however, that Draw expects to care for the convention in a great way, considering its facilities, and he requests that

### Plan Conference On Health Here

Miss Myrtle Setser, district public health nurse, announces that she will be in Tahoka on Wednesday, August 12, to conduct a Child Health Conference and an Adult Health Class.

Miss Setser represents the State Department of Health and is here to help the people of Lynn county maintain better sanitary conditions and protect themselves against disease.

This work is given free, and all are invited to attend and profit by the instruction given.

Mr. and Mrs. Clayton Cook and little daughter of Gorman visited Harlan Cook and D. H. Goodnough and family the first half of the week. Mr. Cook is a brother of Harlan and Mrs. Goodnough.

C. W. Seth, public weigher at New Home, was a Tahoka visitor, Tuesday and reported a half inch of rain throughout that section of the county Saturday and Sunday. Crops out there are very fine, he says.

### RAINS HELP TO LARGE SECTION

Western And Northern Portions Are Covered By Fine Rains; Crop Prospects Better

Rain visited a large portion of the west and northern sections of Lynn county Sunday, more than an inch being reported in the Three Lakes community. Fully a half inch fell at New Home Saturday and Sunday, according to reports coming from that community. A rainfall of .31 of an inch was registered in Tahoka Sunday afternoon. A nice rain also fell at New Lynn and in the vicinity of Wilson.

As a result of these and other rains that have fallen in recent weeks, crops in some localities are fine. New Home reports one of the best crops in the history of the county. Good crops are also reported from Wilson in the northeast portion of the county and also from Newmoore in the southwest portion of the county, while a fair yield is promised in many other localities. In fact, fairly good crops are seemingly assured in nearly all parts of the county. There are some localities near O'Donnell and Tahoka where rain is yet badly needed.

The present prospects are that more than enough feed for home consumption will be harvested and that a good average cotton crop will be gathered.

### Ready For Seed Loan Collections

Mr. C. C. Ellis, a representative of the United States Department of Agriculture, attached to the Farmers' Seed Loan Office at St. Louis, Missouri, is in Tahoka making an investigation in Lynn county of the crops of farmers who secured aid from the United States Government for the purpose of purchasing seed, feed fertilizer and food.

The St. Louis Office has representatives in each state handled by them, and it is their purpose to inspect each farm, as well as make the necessary investigation relative to the use of the funds obtained. Mr. Ellis states that he will be unable to visit each farm in the county on this trip, but he or some other representative now in the field will be in this section in the near future and a complete investigation will be made at that time of each applicant who secured aid.

Many farmers are now making payments to the St. Louis office. Checks should be drawn payable to the "Disbursing Clerk, Department of Agriculture".

Mr. R. H. McElveen is the Administrative Officer in charge of the office located in St. Louis.

Mr. and Mrs. L. M. Nordyke, T. R. Nordyke, and C. C. Dwight left Wednesday for Hot Springs, New Mexico, to try the medicinal qualities of the Hot Springs water. They expect to remain there for quite a while.

### There's Profit In Raising Poultry Even At Present Low Prices, Says House

Mr. F. E. House of the New Home community, one of Lynn county's most progressive poultry raisers, has made a small flock of English White Leghorns pay a profit. Mr. House states that he started the laying season with a flock of late underfed, undeveloped pullets, and it was March before he got them to the peak of laying. Then the late cold cut the production.

But in March 163 pullets laid a total of 2493 eggs. April was some better with a production of 2996 from 152 hens; and May 3564, or practically 24 eggs per hen. The number of hens in May was 148. In June 123 hens laid a total of 2638, or practically 19 eggs per hen. An average of 146 1/2 hens laid a total of 11,691 eggs, or an average of 80 eggs per hen for the four months.

He states at this time, July 15, that they are going strong and he believes that it will be the best month that he has had.

This flock of hens has not been fed anything but maize owing to the low price of eggs, and because of lack of funds he did not feed any commercial feed at all. The average cost per dozen eggs for feed has been about 4c.

Above feed and medicine, this flock has made a net profit of \$80.00 for the four months.

Mrs. House uses the all year around culling and says that it is the only way to keep them all on the job.

House has been studying chickens for 15 or 16 years and he knows his hens. If one gets sick with a disease he can't cure, in a few days he kills the bird and gets it off the yard.

This spring out of 714 hatched he raised 710 to be six weeks old and at three months had not lost but 27.

House says if you want to have success with poultry above all things stay on the job and don't try to raise them volunteer.

**NOTICE TO THE PUBLIC**

Any erroneous reflection upon the  
reputation or standing of any individual,  
firm or corporation, that may appear  
in the columns of the News, will be  
gladly corrected when called to our  
attention.

The West Texas Press Association  
is to meet in Lubbock on Friday  
and Saturday of this week. This  
association is composed of a fine  
body of men. They will be in Lubbock  
to discuss their problems, to become  
better acquainted with one another,  
and to engage in innocent amusement  
and recreation. There are nearly  
always a few men at these conventions,  
however—usually outsiders—who think  
that "booze" is one of the necessary  
prerequisites to a good time. It is to  
be hoped that all the boozers will stay  
at home this time and give the decent  
newspaper folk a chance to hold a  
convention without being embarrassed  
by their presence.

**If baby has COLIC**

**CRY** in the night. Colic! No cause  
for alarm if Castoria is handy. This  
pure vegetable preparation brings  
quick comfort, and can never harm. It  
is the sensible thing when children are  
sick. Whether it's the stomach, or the  
little bowels; colic or constipation;  
or diarrhea. When tiny tongues are  
coated, or the breath is bad. Whenever  
there's need of gentle regulation. Children  
love the taste of Castoria, and its  
mildness makes it safe for frequent use.

And a more liberal dose of Castoria  
is always better for growing children  
than strong medicine meant only for  
adult use.

**Fletcher's CASTORIA**

Nothing is being done, it seems,  
to reform our penitentiary system.  
The fact has long been recognized  
that various types of offenders  
should be segregated from others.  
Youthful offenders guilty of the less  
serious crimes should certainly not  
be placed in association with hardened  
criminals. We believe that there  
should be several classifications of  
offenders and each group segregated  
from the others. With a number of  
prison farms, why can this not be  
done? Governor Sterling and the  
present legislature should give the  
matter serious consideration.

A bunch of Hill county folks have  
started a boom for Traylor for  
President. Traylor was reared in  
Hill county, was assistant county  
attorney there, then became cashier  
of a bank, and thence rapidly rose in  
the banking world until today he is  
president of the First National  
Bank of Chicago. He has recently  
made some notable addresses concerning  
the world's financial problems  
and many people think he is  
presidential tember.

Roosevelt for President clubs are  
now being formed in Texas. Roosevelt  
will probably be the next Democratic  
nominee. He is seemingly about  
the best material available among  
the wet Democrats of the nation.  
He will probably not insist on a  
wet plank in the platform and will  
have sense enough not to make  
liquor the paramount issue in the  
campaign. We certainly hope that  
we may not have a repetition of the  
Al Smith folly of 1928.

The older we grow the less we  
know about the solution of economic  
and industrial problems. There are  
some men who seem to be dead sure  
as to the cause and the cure of our  
present ills, but the more we try to  
dig into the matter the more uncertain  
and confused we become. We think  
most of our "statesmen" are in about  
the same sad plight.

A series of meetings began at this  
place Saturday night and will continue  
for 10 days of two weeks. Rev. D. D.

Much interest is being paid the  
evening prayer services and some  
powerful sermons are being preached.  
Truly, this is and will be a wonderful

all to attend this meeting.

**Drivers of sixes never want less**

because it takes six cylinders to give the smooth, silent power that makes driving really enjoyable

Drivers of sixes are spoiled for anything less. Drivers of sixes are sold on multiple cylinders. They would no more think of giving up "six" performance than any other real advancement of motoring. For them, the whole cylinder question has been settled.

Slip behind the wheel of a Chevrolet Six, and you'll know why these drivers feel as they do. Step on the starter, let the motor idle—and notice its silence. Throw in the clutch, shift into "low"—and feel that smoothness. Change into "second," hit a faster and faster clip, slip into "high," sweep along at top speed—then throttle down to barely a crawl. The smoothness and flexibility you always get are six-cylinder smoothness, six-cylinder flexibility. Annoying vibration is gone!

Over two million owners have tested and proved this six-cylinder Chevrolet engine. They have found that it costs less for gas and oil than any other. They have found that it actually reduces upkeep costs, by holding vibration to a minimum. They know a six is better in every way—and they would never be satisfied with less!

Twenty beautiful models, at prices ranging from \$475 to \$675  
All prices f. o. b. Flint, Michigan, special equipment extra. Low delivered prices and easy G. M. A. C. terms.

**BANKERS SHUT OUT THE GREASE HOUNDS 4 TO 0**

The Tahoka Bankers played an air tight game Wednesday afternoon behind the pitching of C. G. Welcher, who allowed only one hit.  
The opposing pitcher, Joe Bovell, was literally knocked from the mound despite his half century experience as a baseball pitcher. Not only was he wild and ineffective against the efficient bankers, but he looked clumsy and awkward, falling down three times during the affray.  
This victory places the bankers one game in the lead, having played 7 games with the oilers. Unless Bovell shows better form in the box in the future, it appears that the Bankers will cinch the pennant.  
The hard hitting Homer Harrison whiffed out three times in as many trips to the bat.  
Batteries: Bankers, Welcher and Smith; Oilers, Bovell and Harrison.  
Losing pitcher: Bovell.—Reporter.

**CONSTIPATION take**

"If I got constipated, I would get dizzy and have swimming in my head. I would have very severe headache."  
"For a while I thought I wouldn't take anything—maybe I could wear out the headaches; but I found they were wearing me out."  
"I found Black-Draught would relieve this, so when I have the very first symptoms, I take Black-Draught and now I don't have the headache."

for Nervous People

WHEN you start at sudden noises, worry over trifles, can't bear the noise that children make, feel irritable and blue—ten to one it's your nerves.

Don't wait until your overwrought nerves have kept you awake half the night and paved the way for another miserable day. Take two teaspoonfuls of Dr. Miles' Nervine and enjoy the relief that follows. Take two more before you go to bed. Sleep—and wake up ready for the days' duties or pleasures.

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

Milton Fulton returned Sunday from a business trip to New Mexico.

Mr. and Mrs. John Miller and family who for several months have been in Oklahoma have returned to make this their home. Mr. Miller is again operating his barber shop.

P. W. Goad was a business visitor to Tahoka Monday.

Among those who have been attending the Baptist revival at Wilson are Mr. and Mrs. Henry Heck and son, Mr. and Mrs. Leonard Hamilton and little daughter, Mr. and Mrs. Luther Mallet, Miss Florence Goad and Cecil Bradshaw.

Mr. Luther Mallet and Miss Lois Goad, of this place, were united in marriage at Wilson Saturday evening. Rev. J. W. Partin officiating. Mrs. Mallet is the daughter of Mr. and Mrs. P. W. Goad. Mr. and Mrs.

### RUN-DOWN and WEAK

"I began taking Cardui when in a weakened, run-down condition," writes Mrs. F. S. Perrit, of Wesson, Miss. "I took one bottle, and I seemed to improve so much that I sent for six bottles. After I had taken the six bottles, I seemed entirely well.

"Before I took Cardui, I was nervous, restless, blue and out of heart. I felt depressed all the time. After I took Cardui, all this disappeared.

"I gave my daughter Cardui and it helped to relieve irregular . . ."

Mallet plan to make New Home their home.

Quite a host of people from here have been attending the series of baseball games played at Wolfarth. New Home won the first two games she played, that being all that was played up until the time of this writing.

Mrs. J. P. Fulton returned Tuesday from College Station and Galveston, where she has attended the A. & M. Short Course, having stopped over in Rogers for a few days visit with her daughter there.

People in our neighborhood are practicing the slogan "Live at Home". Our merchants are profiting by it now, in that they are selling an enormous amount of cans in which our women are storing their gardens for "winter reference".

Acie Bailey is on the petit jury service at Tahoka this week.

Miss Louise Hancock has recently been elected to a position in the Lakeview school.

Mr. and Mrs. John Gannaway from Amarillo, who have been visiting relatives here, returned home Thursday.—Reporter.

### Locals

Wash. Hickerson of Three Lakes was in town Monday morning rejoicing over the fine rain that had fallen in that section of the county Sunday afternoon. He says that the precipitation at Three Lakes amounted to more than an inch and was general throughout that portion of the county. Crops promised to be very fine, he reported.

Rev. O. J. Hull conducted a revival meeting at Key in Dawson county last week and reports that the results were most gratifying. He says that is a fine community, most of the residents being church members and splendid citizens. "They have about the finest crops I have seen anywhere this year," Brother Hull stated.

Charles Shook came down for his family last week and they left for their home at Albuquerque, New Mexico, on Saturday. Mrs. Shook and the children have been visiting here several weeks. Sumner Clayton of O'Donnell accompanied them home.

Mr. and Mrs. L. O. Mitchell and children returned last Saturday from a two weeks vacation trip to Dallas, Greenville and Gilmer. They report that crops are fine in that area, and that an excellent fruit crop was raised.

George Bivins, colored, assisted in a revival meeting held by members of his race in Brownfield last week and reports a good meeting. George says that the crops in the vicinity of Brownfield are excellent.

O. D. Carter, editor of the Lamesa Reporter, formerly editor of the O'Donnell Index and well known to a number of Tahoka people, is the father of a seven pound boy, born in Lamesa Wednesday of last week.

Paul Menefee and wife and baby of Phoenix, Arizona, and his father-in-law, J. T. Williams, of Pampa, stopped by the former's aunt's, Mrs. H. C. Crie, Sunday afternoon. They were on their way to Pampa.

In the absence of Pastor O. J. Hull, who was engaged in a revival meeting at Key in Dawson county, Rev. D. G. Wells of Lamesa filled the pulpit at the Baptist Church here Sunday morning.

Mr. and Mrs. C. E. Short of Grassland and Mrs. R. B. McCord of this city returned Monday from a three weeks visit in Alabama and Arkansas. They report most excellent crops in those states.

Mr. and Mrs. J. H. Wyatt and daughter, Miss Elizabeth, and Mr. and Mrs. John Thomas left Tuesday for a visit with relatives at Port Arthur. They expect to be away a week or ten days.

Mrs. T. H. Grisso and daughter of Fort Worth are here this week visiting the C. W. Conway and Roy Poer families. Mrs. Grisso is a sister to Mr. Conway and Mrs. Poer.

Mrs. Jesse Eubanks, who underwent a major operation in the West Texas Hospital about three weeks ago, is being brought home today. She is doing nicely, Jesse says.

Miss Toy Thompson returned to her home at Levelland Tuesday morning, after visiting friends here. She was accompanied home by Miss Ora Belle Willingham.

Miss Thelma Osborn returned Friday from Albuquerque, New Mexico, after having been the guest of the Humphries family there for two weeks.

A. G. Cook, who has been spending the summer at Gorman, returned to his home here last Sunday.

Sam Sanford and family returned last Friday from a six weeks visit to Hot Springs, New Mexico, where Sam has been taking baths for his health. He says that they proved very beneficial.

Chester Connolly of this city and Mack Nobles of O'Donnell left Tuesday morning for Dallas on business.

**NEW LYNN MAN DIED LAST SUNDAY; ILLNESS BRIEF**

(Continued from first page)

of this year when he removed to the New Lynn community in this county.

He united with the Primitive Baptist Church at Friendship in Brown county about 38 years ago and lived in that faith all the remainder of his life. He was a member of the Primitive Baptist Church here at the time of his death.

Sixteen children were born of his marriage, five boys and eleven girls. Fourteen of them are still living, two having died in infancy.

The children are: Mrs. Martin Stone, Sudan; Mrs. Sid Yarbrough, Littlefield; Mrs. J. S. Reynolds, Dallas; Mrs. Ira Reagan and Mrs. W. B. Jones, Blanket; Aubrey Jones and Mrs. Lester Medcalf of Brownwood; Mrs. Thomas Toombs, Morton; Douglas, Mavis, Faye, Weldon, Beryl, and Juanita all still at home with their mother at Tahoka. He is also survived by 11 grandchildren, and by three brothers and three sisters, as follows: I. W. Jones of Rising Star, A. L. Jones of May, and C. Jones of Waco; Mrs. J. W. Emfinger of May, Mrs. R. F. Smith of May, and Mrs. G. W. Shoemaker of Hominy, Oklahoma.

His many friends here as well as in Brown and Lamb counties and elsewhere deeply sympathize with the bereaved family in their sorrow. A devout Christian gentleman and a highly honorable citizen has gone to his reward.

Miss Mae Faught returned home last Friday from Albuquerque, New Mexico, where she spent the month of July visiting Mrs. Humphries and family. She was accompanied home by Miss Faye, Frank and Wade Humphries, who were her guests here until today, when they returned to their home.

**GRAVES FOUND 'NOT GUILTY' ON SECOND TRIAL, ALSO**

(Continued from first page)

ed them to Graves that Graves took a radiator off his car and put one of the stolen radiators on it, that he afterwards accompanied one of the boys to Sweetwater where the stolen goods were disposed of. Buford Swan testified that Graves had tried to purchase the radiators from him, as the boys testified, that after they were stolen he found that the lock was easily opened with a stick, etc. There was other testimony of a corroborative nature given by Ovid Luallin, Sheriff B. L. Parker, and others. The defendant did not take the witness stand.

The county attorney insisted that a clear-cut case had been made out against Graves while attorneys for the defendant claimed that the corroboration was not sufficient. Judge Grider promptly decided in favor of the defendant and released him.

**Wilson**

Wilson is all smiling after the fine rain that fell last Saturday. With the moisture now in the ground that we have, a fine feed and cotton crop is most assured. Prospects have not been better in a long time. Lots of canning is being done and a winter's supply of vegetables and all good things to eat are being stored away out of the gardens and fields, and fall gardens are being planted. We hear quite a number say they are planning for green pasture for their live stock and poultry. If everyone makes a special effort along these lines we feel like it will be so much easier to weather the winter than it would if we go into it as we have been doing up to now.

The Baptist meeting is still in progress and will continue for the remaining part of the week. To fail to hear the wonderful sermons that are being preached by Dr. Jenkins is a great loss and it will be to every reader's interest to attend these services and make it possible for as many to come as can. Services at 11 A. M. and at 8:15 P. M., and remember that all have a hearty welcome to be in these services.

Rev. Thurston closed a week's revival at Morgan Sunday night that seems to have had a great influence for the better over that and adjoining communities.

Mrs. Brown Bishop spent the week end with her parents in Tahoka. Mrs. Bishop has been ill for several months but seems to be on the upward march to health again.

Mr. Jim Trawweek returned last Thursday from a month's toil in the harvest.

Mrs. A. N. Hughes, who has for several months made her home with her son in Brownfield, moved last week to the home of her daughter, Mrs. R. C. Forrester of this place, where she will reside indefinitely.

Mary Alen Hughes entertained a number of friends in a farewell party last Thursday. She had been in the home of her aunt, Mrs. R. C. Forrester, several months attending school but left Friday for her home near Quemado, N. M.

Mr. and Mrs. A. L. Faubion left Monday for the southeast for a visit to relatives and mainly to be in attendance at a family reunion.

Mr. August Fischer left for Central Texas Monday to be gone several days.

Miss Pearl Dawson is spending her vacation with her mother and sister, Mrs. Fannie Dawson and Mrs. L. Lumsden. She will be here two weeks.
