HEALTHCADE IS A BIG SUCCESS

1069 Attend Twenty-Three Meetings Held In County During The Last Week End

The healthcade to the various communities of Lynn county which was made by representatives of the state department of health and local citizens on Thursday, Friday and Saturday of last week seems to have been a decided success, the attendance being unexpectedly large.

On Thursday eight communities were visited as follows: New Lynn, Magnolia, Gordon, Morgan, Wilson, Joe Stokes, New Home, and Dixie. The total attendance upon these eight meetings was 587, or more than 73 to the community. On Friday seven communities afforded a total turnout of 239, or nearly 33 to the community. These were Petty, Lakeview, West Point, Three Lakes, Newmoore, Wells, and T-Bar. On Saturday 243 people attended eight meetings at the following places: South Ward, Midway, Joe Bailey, O'Donnell, Draw, Redwine, Grassland, and Edith, an average of a little more than 30 per meeting. It will thus be seen that twenty-three towns and communities were visited and the meetings were attended by 1069 persons.

The party consisted of Messrs. E. D. Hopkins and H. E. Hargis, sanitary engineers, A. M. Goch, sanitarian, Miss Myrtle Setaer, nurse, county judge G. C. Grider, county superintendent H. P. Caveness, home demonstration agent Miss El Fleda Harrison, and general health chairman W. S. Anglin.

Mr. Goch states that much interest was manifested at the various meetings and that a second itinerary is being planned.

Radio Audition To Be Held Friday

A radio audition contest will be held in the high school auditorium here Friday night. Quite a number of contestants are planning to participate, five of them coming from Slaton, we understand.

The winners in the contest here will represent this district in a contest to be held in Amarillo a little later. The purpose is to discover and train voices for radio programs.

New Bakery Will Be Opened Here

C. V. McElyea, formerly of Abilene but more recently of Hereford, is here preparing to open a bakery in the W. L. Knight building just east of the Phillips Service Station.

Mr. McElyea has had considerable experience in the baking business and is no doubt prepared to give good service.

Chicken Hunters Have Good Luck

Many Tahoka people took advantage of the open season on prairie chickens, which began Tuesday morning, and repaired to the pastures of Gaines, Terry, and western Lynn county to enjoy the sport of hunting these fine birds. The hunters came back reporting varying degrees of success, some of them getting almost as many chickens as the law allows.

The open season on prairie chickens lasts only four days, and for this reason hundreds of sportsmen flock to the counties to the west of us on the first of September each year. Game wardens, who had stationed themselves in Brownfield, were very busy Tuesday. It is reported that they inspected no less than 200 cars, and a few sportsmen who were found with more birds in their possession than the law allows were required to appear before a stern justice of the peace and explain as best they could. One man is said to have paid fines and costs aggregating more than \$100.00. He was not a Lynn county citizen, however.

Those from Tahoka who enjoyed the sport included: Lum Haney, Bill Burleson, Dr. R. B. Smith, Ray Shaver, Buster Fenton, Dr. C. B. Townes, Fred Bucey, Pat Hines, J. R. Hines, Truett Smith, Aubrey Cade, G. A. Brasfield, Skinner Connolly, John Beard, Rev. O. J. Hull, and Mr. and Mrs. W. M. Harris. There may have been others.

County Institute Set For December

The teachers of Lynn county will hold a county institute of their own this year, meeting in Tahoka December 3-4, according to county superintendent H. P. Caveness.

During past years they have met part of the time with teachers from other counties in a largely attended institute at Lubbock, while part of the time they have had their own institute. It seems to be more convenient for most of the teachers to meet here, and a two days meet at Tahoka has been accordingly decided upon.

COTTON CROP NEEDING RAIN

Has Deteriorated Badly During Few Days; Feed Crop in County Fair

Reports from various parts of the county indicate that cotton has deteriorated considerably during the past week. The outlook for a big yield is much less promising than it was ten days ago. The continued dry weather has had a telling effect, resulting in wilting of the plant and shedding of the fruit. The yield of feed is not large but sufficient to supply the needs of the county.

The rainfall thus far this year has been exceedingly scant. Rains last fall and during the winter, however, supplied a good underground season enabling farmers to make crops on very little summer rain. Only 8.09 inches of rain has fallen during the eight months of this year, according to the rain gauge kept by the News. This has been distributed as follows: January .87, February 1.35, March 1.02, April 1.78, May .81, June .35, July .33, August 1.68. The rainfall during the first eight months last year was 9.22 inches, but nearly all of it fell in May, June and August. The total rainfall last year was 16.28 inches.

Football Team Begins Training

Although Coach "Nig" McCarver had not arrived at the middle of this week, preliminary football practice has been under way on the Bulldog gridiron since Monday. Capt. Stevens has been putting about twenty-five boys through light work-outs each day until the coach's arrival, which was expected yesterday afternoon.

"Though we have only five letter men back from last year so far, the prospects for a good team are as bright as they were at this time last year", Supt. J. B. Pace Jr. states. The five letter men are Stevens, Walker, Short, Curry and Tankersley. Last year's team was probably the best ever turned out by the local high school.

Coach McCarver is a last spring's graduate of Howard Payne College, where he won the reputation of being one of the greatest running backs ever to don a suit in the Southwest.

Presiding Elder Coming Sunday

Rev. C. A. Bickley, Presiding Elder of the Lubbock district of the Northwest Texas Conference, will preach at the Methodist Church here next Sunday morning at 11 o'clock, according to announcement made by Pastor J. W. Shepherd. Rev. Mr. Bickley is a capable and forceful speaker and he has many friends in Tahoka who will be delighted to hear him again.

Pastor Shepherd himself will fill the pulpit of the First Methodist Church in Slaton next Sunday morning, due to the continued illness of the Rev. Smith, pastor of the Slaton Church, who has been ill for the past eight weeks. Brother Shepherd announces that he will be here for the service Sunday night, however.

Mrs. J. H. Powell and children, Martha Helen and Buddie, returned home Sunday from San Angelo, where they have been since early in July visiting Mrs. Powell's father, E. Hearne, who accompanied them home.

These canned articles should be in the square club jars with glass lids and must be labeled with the 4-H club label. All poultry demonstrators must have a poultry poster showing the result of their demonstration. Club girls must have all club work on exhibit, also record books and histories.

PROGRAM NEXT MONDAY NIGHT

Judges Cain And Maddox Will Be Principal Speakers On The School Program

Supt. J. B. Pace has announced the following program to be given in the high school auditorium Monday evening, beginning at 8 o'clock. All patrons and friends of the school are urged to be present.

School will also start at South Ward Monday morning, with Alexander Taylor in charge. It may be suspended for a few weeks a little later to permit the children to pick cotton.

Invocation—Rev. J. W. Shepherd, pastor of the Methodist Church. Song—"America".

Address—Judge C. H. Cain, Mayor of Tahoka.

Violin solo—Miss Lyall Pickett.

Parent Teacher Association—Mrs. J. H. Powell, president.

Reading—Miss O'Berger Forrester.

Address, "Present Day Education"—Judge B. P. Maddox.

Piano solo—Mrs. Marcus Edwards.

Announcements—J. B. Pace Jr., Superintendent.

Benediction—Rev. Owen J. Hull, pastor of First Baptist Church.

Tahoka Loses In Games To Lubbock

Tahoka lost two ball games to Lubbock Saturday night and Sunday afternoon, the score in each being 3 to 1. Tahoka will seek revenge tonight and tomorrow night when they will again play Lubbock under the lights in that city.

The Tahoka team played four games of baseball at Brownfield last week, two with Lamesa, one with Meadow, and one with Petersburg. Tahoka lost both games to Lamesa but won the other two.

Tahoka Baptists Defeat Brownfield In Sunday School Contest; 582 Present

SERVICES AT CHURCH OF CHRIST NEXT SUNDAY

Announcement is made that Jesse Eubanks will preach at the Church of Christ next Sunday morning. The public is cordially invited.

Announces County Health Meetings

On Monday afternoon, September 7, an Adult Health Class will be held at Grassland, according to announcement coming from the office at Lamesa.

On Wednesday, September 9, at 8:30 P. M., an Adult Health Conference will be held in O'Donnell. It is hoped that both these meetings will be well attended.

TAHOKA GETS FIRST COTTON

Frank Rainey Brought In Bale Last Evening; Sold Here Today; Make Up Premium

Tahoka received her first bale of cotton of the 1931 crop Wednesday afternoon. Frank Rainey raised it on the Irvin Stewart place two miles north of town and had it ginned at the Farmers' Independent Gin shortly before sunset Wednesday. He brought in 1400 pounds of seed cotton and the bale after being ginned weighed 460 pounds.

The cotton was sold this morning to the Forrest Lumber Co. at 7 cents per pound and brought \$32.41. A premium of exactly \$50.00 was made up by Tahoka business men and paid to Mr. Rainey.

Two Men Arrested On Theft Charges

Sheriff B. L. Parker and the deputy sheriff of Dawson county arrested two men near Tahoka Tuesday on charges of felony theft in that county. They are said to be implicated with others in the burglary of a business house in Lamesa and the theft of a quantity of goods therefrom a few months ago. They were taken to Lamesa for incarceration in jail until such time as they might be able to make bond.

County attorney G. H. Nelson is authority for the statement that this makes eight or ten arrests that have been made on charges growing out of these larcenies.

Sheriff B. L. Parker arrested one Lloyd Raigan near Draw Monday for officers at DeQueen, Ark. Raigan is said to be wanted on a liquor charge. He expressed a willingness to return to Arkansas without the issuance of a requisition.

Red Cross Gives 9,071 Cans To 117

The Lynn county drought relief program was culminated with the disbursement of the tin cans, according to Mrs. W. D. Nevels, chairman of the local chapter. She says \$300 was spent in purchasing 9071 cans and served to 117 families.

Mrs. Nevels further states that so far as she knows the Red Cross activities which were in operation last winter will not be repeated this year.

CHARGE REED IN THEFT CASE

Accused Of Receiving Stolen Goods From Dawson Co. Men; Out On Bond

Complaints were filed in the justice court here Thursday and Friday charging Henry Reed with unlawfully and fraudulently receiving and concealing stolen property. Part of the property is said to have been stolen from a country store in Dawson county and part of it from the Bryant-Link Company at Lamesa. Two women were also arrested at the home of Henry Reed on charges of theft from the Bryant-Link company and a Dawson county man was arrested in another community in this county on a charge of burglary. He is charged with having broken into the country store.

Henry Reed promptly made bond and was released on the charges filed against him and the matter will be investigated by the grand jury which is to convene soon. The two women and the other man were delivered to the sheriff of Dawson county and the charges against them will be investigated by the Dawson county grand jury. The theft from the Bryant-Link store occurred several months ago.

Local Kiwanians Visit In Lamesa

A number of Tahoka Kiwanians and several ladies were the guests of the Lamesa Lions Club at the Westland Hotel in that city Wednesday, and they report a splendid meal.

This visit was made in return for one made by the Lions to Tahoka a few weeks ago.

The program Wednesday was put on by the Kiwanians with G. H. Nelson in charge. Miss Charlene Maddox sang a couple of numbers while Mrs. Rubie D. Suddarth gave a couple of readings. Short, snappy addresses were made by Judge C. H. Cain and Rev. O. J. Hull.

Those going to Lamesa were: W. S. Anglin, Al Lehman, Truett Smith, G. H. Nelson, M. O. Bridges, Judge and Mrs. C. H. Cain, Mr. and Mrs. C. A. Thomas, Rev. J. W. Shepherd, Rev. O. J. Hull and daughter, Miss Doris Lynn, Miss Charlene Maddox, and Mrs. Rubie D. Suddarth.

Grassland Lady Died Last Friday

Mrs. Virgie Bavouset, 29, died Friday at the home of her parents, Mr. and Mrs. J. V. Huddleston, near Grassland after a lingering illness of more than a year. She was a victim of tuberculosis.

She was buried at Grassland Saturday afternoon, funeral services being conducted in the Methodist Church by Elder McCarty of the Primitive Baptist Church. She made a profession of faith in Christ some time ago but had not united with any church.

She left surviving her a husband and two children, one of them being the child of a former marriage. Many friends deeply sympathize with the family in this hour of bereavement.

Mr. and Mrs. B. R. Tate went down to Comanche Wednesday for their daughter, Gaynell, who has been visiting her grand-parents several weeks. They were accompanied by Police Reeves, daughter of Mr. and Mrs. Jack Reeves of Lubbock.

SELECT SEPT. COURT JURORS

Heavy Civil And Criminal Dockets Are In Prospect. Clerk Taylor Says

District court will convene here on Monday, September 21, and district clerk Skip Taylor reports a heavy civil docket. The length of the criminal docket will depend largely on the work of the grand jury which will be empaneled on the first Monday of the term.

Six foreclosure suits against houses and lots situated here in Tahoka and three against lands situated in various parts of the county have also been filed since the last term of district court. One suit for damages in the sum of \$25,000 was filed recently. This is the case of Mrs. C. L. Dickson vs. the Southern Sewer Company. A few old cases are also pending on the docket.

Quite a number of felony charges are awaiting investigation by the grand jury.

The following have been called for grand jury service: B. W. Baker, W. C. Huffaker, W. W. Caswell, R. L. Beatie, D. G. Cook, J. A. Anderson, J. D. Horde, J. M. Payne, J. O. Reed, Burton Edwards, John Heck, G. W. Hickerson Sr., S. L. Williams, Jeff Shook, N. M. Barham, D. T. Rogers.

Do You Know—

For the first time in history, Texas has more people than cows, the former exceeding the latter by 350,000, according to the 1930 census. . . . In 1890 Texas had four times as many cattle as people, and as late as 1910 this stock outnumbered the humans two to one. . . . The attendance of 582 at the Baptist Sunday School last Sunday was the largest in the history of Tahoka. . . . The average Plains crop actually absorbs from the soil only about 4 inches of the water annually from an 18 to 20 inch rainfall. . . . The average rate of evaporation is three times that of the rainfall. . . . "Lefty" Squires has thrown a baseball 127 1/2 yards, within eight yards of the world's record which is held by Bob Muesel of the New York Yankees. . . . Emmett Whitaker was elected state representative from this district before he was old enough to vote. . . . He was the youngest member to ever serve in the legislature.

Opponents of legislation to control cotton acreage are scoffing at the idea that the farmer must have a law to compel him to raise less cotton. Farmers should get together and do their own reducing, the critics say. That suggestion would be very fine if it were practicable. But farmers can not do it. Even if nine-tenths of them should agree upon a cotton-reduction program, they would have no means to compel the other tenth to observe it; and when the remaining tenth began to increase their own acreage it would break down the whole program of the nine-tenths. The only medium that the farmer has through which to effectively enforce such a program is the Federal or state governments. We will confess that a resort to legislation to control cotton acreage is a drastic remedy, but public calamities demand drastic action. The South now faces disaster. The cotton farmer is broke and in debt; and in the face of this situation is the prospect of five-cent cotton. If the price is determined by the law of supply

Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always Castoria! As harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

and demand, then the demand must be increased or the supply curtailed. The farmer has no way of increasing the demand. He has no way of curtailing the supply except to call upon his government to enact his will into law and enforce it. This he is now doing. That three-fourths or possibly nine-tenths of the cotton farmers want a cotton reduction law has become obvious. We believe that the Legislature should be convened and that it should promptly enact into law some measure not violative of the Constitution that would compel or induce a substantial reduction in the cotton acreage next year and the years to come.

Governor Roosevelt of New York is having trouble with Tammany. The legislature of that state has been investigating alleged graft and corruption on the part of the Tammany machine. The investigating committee had no power originally to grant immunity to witnesses who might testify. The Republican legislature asked for a special session of the legislature in order that the committee might be granted this power. Tammany fought the proposal. It threatened Roosevelt politically if he called a special session. It demanded that alleged Republican corruption in some of the up-state cities also be investigated. But in the face of Tammany threats Roosevelt called the special session. When it had passed a law giving the investigating committee the power it requested, he then submitted Tammany's demand for an investigation of Republican corruption. But Tammany leaders are not satisfied. They are snarling. Some of them are hiding out. Mayor Walker is over in Germany drinking beer for his health. His secretary has been evading service of process. All Tammany is sore. If it does not fight the nomination of Roosevelt at the next Democratic national convention, it will probably knife him in the general election. Can the leopard change his spots? or the Tammany tiger its skin?

In our opinion the liquor interests have won about all the victories they will ever win in an effort to break down the Eighteenth Amendment. We do not believe they will succeed in getting a wet plank into the next Democratic platform. We do not believe the rest of the Democratic party will permit Tammany Hall to dictate either the platform or the nominee. The paramount issue next year will not be liquor but bacon and beans, or wheat and cotton. We do not think that President Hoover is responsible for the present business depression except in so far as the tariff bill that he signed may have

contributed to it, but the country is going to hold him responsible. The campaign will be fought out on economic issues. We are not in favor of any man as the Democratic nominee who is lined up with Big Business. We have never thought of Alfalfa Bill Murray as being fine presidential timber, but it must be confessed that he has shown himself to have excellent powers of leadership. He is no man's fool, even if he is crude, and he is rapidly winning his way into the hearts of the common people of this country. Alfalfa Bill may yet be a power in the next Democratic convention.

The legislature was convened in special session to pass a law to regulate the production of oil. After the law was passed but before the machinery could be gotten in shape to enforce it, the governor declared martial law and closed the oil wells down. If the oil producers were entitled to this prompt and drastic intervention in their behalf by the State of Texas, why are not the cotton producers likewise entitled to legislation at least that will protect them? Maybe the Long plan would not be a wise one but some sort of cotton acreage reduction law is the only thing that can bring immediate relief to the farmers of the South.

Meetings of farmers held throughout Texas the past week indicate that sentiment among them is overwhelming in favor of a special session of the legislature to enact a law restricting cotton acreage next year. Many favor the Long plan of "no cotton" while many favor a fifty-fifty law or some similar measure. It seems that Governor Sterling desires to get the sentiment of legislators, however, before calling them together. It now seems very doubtful if any cotton acreage control law of any kind will be enacted. We don't see much prospect of relief from any lawmaking body.

Did you ever try to MILK a LAWNMOWER?

—not as foolish as it sounds, for many dairymen quit feeding concentrates in the summer and expect their cows to exist on pasture alone. Such cows expend their energy in GRAZING instead of PRODUCING MILK—and a lawnmower could do that job better.

You know, of course, that a 1,000 lb. cow requires about 30 lbs. of solid food to produce 35 lbs. of milk. But do you know that if she must obtain these solids from grass alone, she must graze over about ONE-TENTH of an ACRE and eat about 175 lbs. of GRASS?

Your cows are worth more as milk producers than as lawnmowers. Pasture is fine and will help reduce your production cost—but ONLY when supplemented by a high quality concentrate such as RED CHAIN 24% Dairy Ration.

priced as low as \$440* complete with Chevrolet-built bodies

Illustrated at the right are some of the half-ton models included in Chevrolet's complete line of trucks—which consists of 1/2-ton and 1 1/2-ton models in three wheelbase lengths.

Take the question of first-cost—and you learn that the Chevrolet Six is one of the lowest priced trucks you can buy!

Investigate economy—and you discover that the Chevrolet Six is more economical to operate than any other truck, regardless of the number of cylinders.

As for speed and power, Chevrolet gives you a six-cylinder 50-horsepower engine—25% more powerful than the engine in any other truck in the lowest price field.

And when you consider capacity, you find that Chevrolet's longer wheelbase, sturdy frame and long springs permit the mounting of extra-large Chevrolet-built bodies.

Before you buy a truck for any purpose, check up on these facts about Chevrolet's complete line of six-cylinder haulage units. Your Chevrolet dealer can supply full information.

Dr. and Mrs. T. M. Hall and two daughters, Miss Louise and Marjorie, of Gatsville left Wednesday after a few days visit with Rev. and Mrs. O. J. Hull and family. The doctor came up to help the preacher bag some prairie chickens on the first, in which enterprise they claim to have been successful. Dr. Hall reports that cotton has terribly deteriorated in Central Texas during the past few weeks. He estimated the crop now at a bale to every five acres whereas at one time it promised from a half to three quarters of a bale per acre.

Miss Merle Smith will leave Saturday for Alpine, where she will teach Mathematics in the senior department of the high school the coming year. The work is given in one of the rooms of Sul Ross Teachers College. Miss Smith holds her degree from the C. I. A. She will be accompanied to Alpine by her father, Dr. R. B. Smith.

H. A. Riddle says he gets a lot of kick out of those twenty-five year ago items we are publishing. Noticing the item last week about the movement started in August, 1906, to build a Baptist Church here, he says that he hauled the first load of cement that went into the foundation of the building. He hauled it from Big Spring.

Miss Lucille Kemp and her brothers, Keith and Simeon, visited relatives at McCaulley in Fisher county last week, returning home Monday. They also visited in Rotan Sunday.

Mr. and Mrs. M. O. Bridges and Miss Evelyn Wells returned Monday from a visit with relatives in Tevarkana, Mount Pleasant, and Wichita Falls. Mr. Bridges spent part of his vacation fishing in a lake down in the Red River bottom and says he caught some fish. He reports crops good in East Texas.

Ruth Suddarth, daughter of Mr. and Mrs. W. E. Suddarth, who underwent an operation for appendicitis in a sanitarium in Lubbock early last week, is to be brought back home today. She is convalescing nicely.

Mr. and Mrs. Will Montgomery and children visited relatives at Tulla Saturday and Sunday. Mr. Montgomery says crops are spotted along the route from here to the north plains.

Wesley Simpson, former sheriff of this county, returned to Tahoka last week. For several months he was located at Gladewater but for the past few weeks had been at Winters.

Mr. and Mrs. A. J. Bovell of Dallas spent the latter portion of last week here visiting Mr. and Mrs. Joe Bovell, the two gentlemen being brothers.

Mrs. B. H. Robinson, who has been a saleslady in the United Dry Goods Store in San Angelo the past few months, has returned to Tahoka.

4-H CLUB ORGANIZED IN MAGNOLIA COMMUNITY

Miss El Fieda Harrison, our home demonstration agent, met with the ladies of Magnolia Thursday at the home of Mrs. Charley Creigg and organized a club with 27 members.

Miss Harrison gave a demonstration on the canning of whole wheat. 4-H pantry budgets were filled out and handed in to Miss Harrison. A nice time was enjoyed by all.

Discussion for our next meeting will be on watermelon rind products. The next meeting will be at the home of Mrs. Lloyd Edwards on Thursday, Sept. 10. Be sure to remember the place and date, and come.—Reporter.

SUNDAY SCHOOL CLASS HAD PICNIC AUGUST 24

The first year Intermediate class of the Methodist Church had a picnic dinner August 24 down south of town at Leedy lake. Every one brought their own lunch which they spread out together. Those present were Mildred Ash, Mary Helen Park, Betty Suddarth, Wanza Reid, Eva Douthit, and Mildred Davis. There were two guests, Wanda Ash and Louise Park. When dinner was over they returned to Mrs. B. H. Clark's home, their teacher, and made kodak pictures, played games, and sang songs. All declared they had a good time.—Reporter.

B. Y. P. U. Meeting Held Here Sunday

Closing the B. Y. P. U. revival held in the Brownfield Baptist Association last week, crowds of workers from five different churches filled the auditorium of the First Baptist Church here to overflowing Sunday afternoon for the final program of the meet. Large delegations were here from O'Donnell, Wilson, Wells, and Central, the visitors numbering 363 while the home people swelled the crowd to 479. Every seat was taken and many stood throughout the program.

The principal address of the occasion was delivered by Rev. Dick O'Brien, pastor at Floydada. Miss Grace Conn of Dallas, the associa-

tional director, presided. Certificates for the work taken were awarded to about fifty B. Y. P. U. members here Sunday night.

LAKEVIEW SCHOOL HOLD BIB OPENING PROGRAM

County Superintendent H. P. Caviness and John Thomas attended the opening of school at Lakeview Monday morning and they report that it was a great occasion. Thirty-five or forty of the patrons gathered in the building to enjoy the program. Mr. Caviness and Mr. Thomas each made an address and a number of the patrons made short talks. Prof. Caviness says that just at the psychological moment one of the patrons drove up with a load of watermelons and everybody feasted.

The faculty consists of Mr. and Mrs. Adams, Miss Holley, and Miss Hancock. With the fine school spirit that exists there, Mr. Caviness says that prospects for a most excellent school term are very auspicious.

Repair work on the local gins is about finished and they will soon be ready for the Fall run. Both the gins have their cotton houses completed and each will hold approximately 80 bales.

Maize heading is in full swing, most farmers doing their own heading, and a very few have started picking cotton. It is expected there will be some ginning the last of this week.

School will open here Monday morning. A program is planned for that day and it is hoped that the people of the entire community will be present.

The B. Y. P. U. revival here last week proved a great success, with an enrollment of 89, the largest in the history of the church. Dr. W. F. Fry, one of the greatest bible teachers in the South, had charge of the work and taught "The Books of the Bible".

Rev. Partin is conducting a revival at Central Baptist Church this week. The meeting started Sunday, John Heck conducting the opening service at 11 A. M. and Mr. R. E. Key the evening service.

Miss Geraldine Lacy of Lubbock spent the week end in the home of Mr. and Mrs. W. P. Kennison.

WHAT OTHERS THINK

WHAT REDUCTION?

The West Texas Gas company condescended to hear the demands of South Plains residents this year and granted a "reduction" in rates. At least that is what they called it last week when they sent out about one column of free publicity to every newspaper published in cities they serve.

Here is the "reduction" that they have granted their customers: After the first six thousand cubic feet of gas that a customer has used, they say "we will give a ten-cent reduction, per thousand cubic feet, used thereafter."

The small consumer will profit little or nothing by this new rate schedule. If his bill averaged \$4.05 (the cost of 6,000 cubic feet) last year, he will not be affected by the new rate. He would have to use as much as 10,000 cubic feet to get a 10 per cent reduction. In other words, last year's bill of \$10.81 will be \$9.81 this year. The average resident doesn't use that much.

It is true that business houses and larger commercial users will save about 10 per cent during the five months the new rate will be in effect. The schools will save considerably more by virtue of their being placed in the industrial class.

However, there is quite a bit of complaint among Lamesa people, who are asking "What Reduction?" We had hoped for a substantial reduction that would affect everybody, and not just a few who seem entitled to a quantity discount anyhow.—Lamesa Reporter.

COLLECTION OF RUSSIAN PAPERS SECURED BY U. OF T.

Austin, Sept. 2.—An interesting display of newspapers from all over the Union of Soviet Socialist Republics has been prepared in the library archives of the University of Texas by Meredith Knox Gardner, Austin senior student in the College of Arts and Sciences. The papers were sent to Gardner by Pavel Mikhailovich Kirjushin, native of Gorki, White-Russia. Each edition bears on its title-page the phrase "Proletarians of all countries, unite", the rallying cry of the communists. About a dozen different languages of the socialistic republics are represented in the collection.

The News Twenty-Five Years Ago

From Files Of Lynn County News of August 24, 1906.

County clerk McDaniel and lady, Misses Pearl and Rescola, and Master Henry left Monday for a trip to Jacksboro. They expect to be gone

several weeks and will make the trip in a hack and mule team.

The work of cutting the lumber for the new gin began Tuesday and it won't be long before you'll see the bales stacking up. Say, did you ever hear of a town named Gall?

Several wagons started for Big Spring this week to get lumber for the new addition to the school house.

Tahoka is building up faster than any town within 75 miles. If you don't believe it just come and see.

A week ago two men left Big Spring with 20,000 pounds of lumber for the Tahoka Lumber Company. The load was put on four wagons pulled by 28 burros. The outfit got in yesterday at dinner.

Mr. J. Fortenberry of the southwest corner of the county was in Tahoka Sunday for the first time although he has been living in the county three or four months.

Sheriff Doak had his foot stepped on by a horse Thursday morning, no bones being broken, but three toes were badly bruised.

News of August 31, 1906

Dud Singleton has purchased and recently brought to his place from Hale county 180 head of hogs. The meat is very fine this year and as Mr. Singleton's place is situated in the shinnery, it makes an ideal hog range.

The citizens of Snyder are hard at it raising a bonus for the T. & P. branch road which is projected from Roscoe in Nolan county to the Scurry capital. Of course this road won't stop there, so Tahoka has one more chance to get a railroad.

Mr. George Curtis has been several days repairing the damage caused by the recent lightning and otherwise improving the lines. Since he finished tuning the wires we can hear the ticking of Dave Dorward's Waterbury all the way from Gall. George also put a long distance phone in the State Bank, which will be a great convenience to many of the business men.

The lumber for the school house arrived in Tahoka Tuesday afternoon. The present plans for the addition show earnest thought and a thorough appreciation of the needs of the town. The bell the young folks purchased last winter will be put in place and begin its work of hurrying the tardy ones and encouraging the prompt ones.

The gin machinery has arrived at Big Spring and will soon be delivered here. The new well for the gin is traveling toward China 24 hours each day. We may safely count on the gin being ready just as soon as the cotton opens up good.

Locals

A. I. Thomas, tax assessor, has effected a number of changes in his office recently that enables him to make out his rolls and keep his records with considerable more system and less labor than heretofore. It will save the time of those having business with his office, too, for they can find the desired information much more readily than under the old system. The county has also purchased a new typewriter specially constructed for the use of tax assessors and collectors for the use of Mr. Thomas and Mr. Cade. The use of this machine will save the county the expense of purchasing a tax roll book at a cost of more than \$60.00 each year and will more than save its cost in three years, Mr. Thomas stated.

Mr. and Mrs. Barkuloo of Rockport, who formerly resided here and who still own a residence here, arrived last Friday afternoon to spend a few weeks in Tahoka. Mr. Barkuloo strongly favors the 50-50 cotton acreage reduction plan. He cites the great Taft Ranch in South Texas on which the owners raise practically nothing but cotton, employing Mexican labor. He thinks that a law limiting cotton acreage to 60 per cent of the cultivated lands would work an advantage to the average small farmer in that it would limit the production of these big cotton barons, who raise cotton in competition with the small farmer with cheap Mexican labor.

William Zappe of Shiner was here the first of the week shaking hands with friends. While in the county he was the guest of his old-time friend L. Lumsden of Wilson. Mr. Zappe spent several years here and at Wilson in the real estate business. He is now field man for the San Antonio Joint Stock Land Bank, his territory embracing Hays, Williamson, and Bell counties. "When I came up on the cap rock west of Post Sunday," Mr. Zappe said, "I got out of my car, tipped my hat,

and said this is the greatest country in the world—and I believe it". He declared that he expects to come back here some time to stay.

Mr. and Mrs. J. Anson Coughran recently went down to Dudley in Callahan county and brought the children home. Jack and Mackie had been visiting their grand-parents there. Jack says he had lots of watermelons and fried chicken at

"Grandma's" and enjoyed the visit very much. He thought he got poisoned up with poison oak, however, but his daddy says it was chiggers. The lad had seen so few chiggers that he didn't know what the bite felt like.

Mr. and Mrs. T. W. White, who operated the Central Cafe here for three years but who have been residing in San Antonio the past three

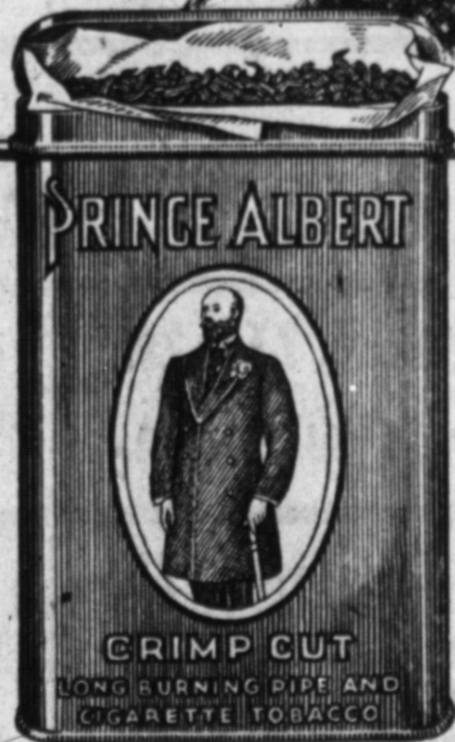

years, have been in Tahoka visiting friends and relatives this week. Mr. White is a brother of Mrs. Bart Cowan.

Three of the editor's sisters, Mrs. Cleveland Martin of Hamilton, Miss Mary Hill of Alpine, and Mrs. Sam Monroe and her two sons, Leonard and Hill, who have recently returned to Texas from Arizona, were brief visitors here Sunday.

After a week's visit here, Mrs. Elmer Coughran left Monday for her home in Fresno, California, accompanied by her mother, Mrs. J. E. Ketner, and her grandmother, Mrs. Kate Coughran, who will visit there a few weeks.

Mrs. F. L. Kelley, who has been here several weeks visiting her daughter, Mrs. R. C. Wells, returned to her home at Wellington Monday.

PICTURE OF WASHINGTON FOR EVERY SCHOOL ROOM

Announcement has been made by Congressman Marvin Jones that every schoolroom of every school in his district will, within a few weeks after the opening of the new school term, receive a beautiful portrait-poster of George Washington, executed in colors.

The pictures are being distributed by Con. Jones in cooperation with the United States Washington Bicentennial Commission of Washington, D. C., in order to stimulate interest among the thousands of school children of the district in the coming nine-months celebration of the Two Hundredth Anniversary of the Birth of the Father of Our Country.

The United State Commission is placing a good deal of emphasis on the cooperation of the school children of America in this historic event. The poster-picture is just one feature of its work.

Congressman Jones announced he will see to it that the schools, clubs, churches, and fraternal and patriotic organizations in his district will be adequately supplied with literature to be issued soon.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members urged to attend. Visitors welcome.
