Number 4

Ginners Cut Rate Following Request

25 CENT RATE SET BY GINS

Cut Comes Following District Gin Meeting And At Urge Of Many Farmers

At a meeting of a large number of ginners of the South Plains held in Lubbock Tuesday, it was decided to reduce the ginning rates to 25 cents per hundred pounds of seed cotton. Most ginners heretofore had been charging 30 cents or more. All the ginners of Tahoka have fixed their charges at 25 cents.

This action was taken out of consideration for the numerous petitions that have been presented to the ginners in almost every town in this territory.

The ginning season is just now opening in Tahoka. Fifty-five bales had been ginned here up to mid-afternoon Wednesday. Cotton is opening rapidly now and hands seem to be scarce. The crop will probably begin to move in a large way next week.

Prices here range from 5 1/4 to 5 1/2 cents per pound. Seed brings only about \$8.00 per ton.

Farmers Ask For Lower Gin Rate

Many Lynn county farmers met in the district court room here Saturday afternoon and petitioned the ginners of Tahoka to reduce their rates for ginning. The request was taken to the ginners by a committee appointed for the purpose but the ginners declined to grant the request at that time.

The meeting was called to order by J. W. Burckhart, who stated the object of the meeting and called for the election of permanent officers. Judge J. W. Elliott was elected chairman and presided throughout the deliberations of the body. M. E. McCord was elected secretary. Talks were made by Messrs. W. L. Tunnell, John Warrick, C. H. Richardson, J. W. Burckhart, I. M. Draper, and Mr. Jones. The committee appointed to confer with the ginners was composed of L. H. Perkins, W. J. Burckhart, Clayton Beard, John Warrick, and C. H. Richardson.

Burckhart Makes Resolution Public

W. J. Burckhart has sent us the following committee report with the request that we publish the same, inasmuch as the mass meeting held in the court house last Saturday afternoon adjourned before the committee had time to interview the ginners and make their report. The report is as follows:

Tahoka, Tex., Sept. 15, 1931.

"We the undersigned committee elected by the mass meeting of farmers last Saturday at Tahoka to interview the ginners of Tahoka to see if we could get better rates for ginning, and also to see if we could get rates based on the lint, beg leave to report the following: That we met the said ginners, that they received us in a gentlemanly way but absolutely refused to entertain any proposition to make better rates or to gin on lint basis. Therefore, taking into consideration the firm and immovable stand taken by the ginners, it is the opinion of your committee that our only remedy lies in building or buying a gin or gins. Respectfully submitted.

W. J. Burckhart, chairman, L. H. Perkins, T. C. Baird, C. H. Richardson, J. W. Warrick."

AMERICAN LEGION WILL ELECT OFFICERS TONIGHT

New officers for the next twelve months will be elected at a meeting of members of the Marion G. Bradley Post of the American Legion at the Legion Home tonight, according to D. H. Goodnough. All members are urged to be present.

The cotton boll worm inflicts about \$104,000,000 in damage to cotton, corn, tobacco and tomatoes in the United States each year.

Farm Home Burned Last Thursday Eve

A small two-room house on the farm of W. L. Kuykendall about eight miles southwest of Tahoka was destroyed by fire last Thursday night.

A family named Hester had been residing in the house this year but had recently vacated it, looking for work elsewhere. A part of their furniture, we understand, was still in the building.

The origin of the fire is unknown.

CROWD HEARS NEGROES SING

"Spirituals" And Modern Songs Too Draw Applause Of Crowd Here Sunday

Fully five hundred white people coming from many communities in Lynn county assembled in the City Tabernacle last Sunday afternoon to hear a great songfest given by about forty members of the colored race. The choir was made up principally of Tahoka and Lamesa negroes and the singing was done under the leadership of P. C. Carter of Lamesa assisted by George Bivins of this city.

Only religious songs were sung, including a few of the old "spirituals". The great throng of white people greatly enjoyed the program. The Negro is a natural-born musical being and he is at his best when most natural. While "their singing of the modern sacred songs was good, yet it was when they turned loose on one of their old unwritten songs, singing it in their inimitable way, that the white folks got the greatest joy out of it. "Swing Low, Sweet Chariot" is always a favorite and it was so on this occasion.

The big colored choir attended the services at the Baptist Church Sunday night and at the close of the regular services they rendered a program. The church was crowded.

(Continued on last page)

Wagons Should Have Reflectors

Jack Reeves of Lubbock a member of the State highway patrol, was here Monday and asked that we call attention of the farmers to the fact that the state law requires a reflector to be placed on the rear of all wagons traveling the public highways at night. This will enable them to be readily seen by all motorists and prevent possible wrecks. All farmers hauling cotton to the gins and the drivers of all wagons at night should observe this law for their own protection.

Grider Is Speaker At Judge's Meeting

Judge G. C. Grider left Wednesday afternoon to attend the county judges and commissioners' convention which was to meet in San Angelo this morning.

Before leaving the Judge stated to a representative of the News that he was to appear as the first number this morning on the program. He was to discuss Conditions in West Texas and our Legislative Needs. He said that the program committee had allotted him two hours time for the discussion. At the last convention he was allotted an hour to discuss the subject assigned him and at the end of the hour his time was extended forty minutes longer. They allotted him two hours to start with this time, he says.

This convention comprises all West Texas, and the Judge was expecting a large attendance.

Mr. Roy has sold his lease on the Jackson building on East Lockwood street to Mr. and Mrs. Parkman, who will continue the operation of the cafe in this building during the ginning season.

COURT TO OPEN MONDAY

CLUB EXHIBIT IS THIS WEEK

Women's Work Will Be Displayed In Robinson Building Friday And Saturday

The Home Demonstration club women of Lynn county will have exhibits of their products and their handiwork in the Hall Robinson building on the west side of the square here Friday and Saturday.

Every home demonstration club member in the county is expected to have something here to exhibit, Miss El Fieda Harrison says, and this is expected to be one of the very best exhibitions of its kind ever seen in Lynn county.

All entries will be required to be in by 9:30 Friday morning and judging will begin at 10, according to Miss Harrison.

Every resident of the county is invited to come in and visit the exhibit hall. It will be worth the money.

Mr. and Mrs. H. B. Simpson of Freeport are here visiting Mrs. Simpson's parents, Dr. and Mrs. R. B. Smith.

Red Cross Elects Maddox As Head

At a meeting of those interested in Red Cross work held here Saturday, Judge B. P. Maddox was elected permanent chairman for the ensuing year. Raymond Weathers was elected vice-chairman and Mrs. K. R. Durham secretary. W. S. Anglin was selected as roll call chairman and also as Disaster Relief chairman. In the latter capacity he will appoint the Relief committee, and all applications for relief on the part of the needy will be made to him. As Roll Call chairman he will direct the drive for funds for the Red Cross this fall.

Judge Maddox has been associated with the Red Cross work here for several years. He succeeds Mrs. W. D. Nevels as chairman who declined to serve longer in this capacity. He expects to have his forces so well organized and co-ordinated as to do the best work possible this fall and winter. He asks for the hearty support of all our citizenship.

Lynn County Should Exhibit At S. P. Fair

It is to be hoped that Lynn county farmers will be well represented in the agricultural exhibition hall at the Panhandle South Plains Fair to be held in Lubbock, beginning September 28 and closing October 3.

There are many excellent crops in Lynn county and many farmers could display very attractive exhibits. Many other counties on the South Plains always have splendid exhibits in this Fair and Lynn county should not fall in this respect. It has usually stood near the top in the quality and display of its farm products and it can take its place near the top again this year if enough of our farmers will become sufficiently interested in the matter.

The News has a few premium lists in this office which interested farmers may procure.

Pay up your subscription now!

Bulldogs Open Season In Post Friday At 3:30

Not Edwards-Lockhart Gin

A. J. Edwards called our attention to a little error that appeared in our ginning report last week. We stated that the second bale of the season was ginned at the Edwards & Lockhart Gin. There is now no gin here owned by Edwards & Lockhart. The gin formerly owned by them is now owned by the Farmers Cooperative Association No. 1, and this is the gin we had reference to.

Oscar Mitchell and little daughter, Evelyn Mae, visited relatives in Lamesa last Sunday.

PACE SPEAKS TO KIWANIS

Tells Of School Work And Football Prospects; Ukulele Girls Sing And Play

Superintendent J. B. Pace was the speaker at the Kiwanis Luncheon Wednesday. He took an optimistic view of the outlook for the schools during the current year in spite of the depressed financial conditions that prevail. He thought the schools would have no difficulty in finding funds with which to run the full nine months. Expenses are being cut in every way possible without affecting the efficiency of the schools, he declared. He also gave a brief resume of the football schedule for the season and says that athletics will be operated at as little expense as possible this year.

The music for the day was furnished by the Ukulele Girls, consisting of Misses Juanelle Windham, Snookie Maddox, Reita Lois Colleenback, Lola Belle Edwards, Elsie Woosley, and Fern Aycox. They rendered four or five most catchy selections, which were much enjoyed by the Kiwanians.

Bond Is Given 50 Years For Murder

District Attorney T. L. Price was here Saturday, fresh from the trial of J. A. Bond at Brownfield, who was charged with the murder of J. C. White, a business man of that city, on Easter morning, April 5.

The jury brought in a verdict of guilty and assessed the punishment at confinement in the penitentiary for a period of fifty years. The defendant filed a motion for a new trial and if the same is overruled he will appeal. He was represented on the trial by Judge Brookerson of Benjamin.

Bond had been in the employ of the state highway department and was well known here. The two men had had trouble over the relations of the son of one of them and the daughter of the other, who has just married, and also over the fact that White had been instrumental in causing Bond to lose his job with the highway department, according to accusations made by Bond.

Baptists Meet At New Home Soon

The Brownfield Baptist Association, which includes Lynn, Terry, Yoakum, and parts of Gaines and Hockley counties, with more than twenty churches within its bounds, will meet at New Home next Wednesday and Thursday. Many members of the Baptist Church here are expected to attend.

In addition to the regular work of the association, the Women's Missionary Union will render a program beginning at 1:30 P. M. Wednesday. An elaborate program has been prepared. Mrs. R. C. Forrester of Wilton will respond to the address of Welcome and Miss O'Berger Forrester will give a reading. Addresses will be made by Mrs. W. T. Lavender of Plainview and by Mrs. Lon V. Smith of Floydada. Many reports of the work being done by the various Missionary Societies of the association will be given.

Mrs. Wells Burned As Jar Explodes

Mrs. Coleman Wells suffered severe burns on the face Saturday night when a half gallon glass jar of tomatoes exploded as she was attempting to tighten the lid, the jar being blown to bits and tomatoes being scattered throughout the room. The steam enveloped her face resulting in very painful and near-serious burns.

Prompt medical attention was given the injuries and Mrs. Wells is said to be recovering rapidly.

COTTON CO-OP OFFICE OPENS

S. L. Leathers In Charge Again This Year; Will Explain Several New Features

S. L. Leathers, cotton classifier for the Texas Cotton Cooperative Association, arrived Sunday to begin the season's work as manager of the local office. He has procured the same building as was used last season for an office, the Bovell building situated next door south of Bovell's Bakery. Mr. Leathers has not yet announced who will assist him in the office.

"I wish you would say to the farmers that I extend them a cordial invitation to come to my office at any time. I am anxious to give any information that I can give that might be of any benefit to them. I appreciate the support that the members of the Cooperative Association gave me last year and I hope for the future cooperation of all of them. I shall do my best to give prompt and efficient service."

Referring to the service this year, Mr. Leathers says that the plan will be slightly different from that of last year. The Co-Op this year will advance the Houston market price less one cent per pound on all cotton it handles. There are two methods of handling it, he says, the seasonal pool and the price fixation pool. He will be glad to explain all this to any farmer who is not already informed with respect to it.

Watermelon Feed Draws 600 Eaters

A great crowd of possibly six hundred people gathered at the City Tabernacle Tuesday night to enjoy the watermelon feast provided by the Business Men's Bible Class of the Baptist Sunday School. It looked like everybody was there. More than 200 big watermelons were sliced into quarters and were consumed by the merry-makers. Most of the big melons had been placed in ice water and thoroughly cooled and were as delicious as melons ever grew to be. Most of them were grown by the West brothers ten miles north of Tahoka.

Preceding the feast a brief program of music and addresses was rendered. Some most excellent quartets arranged by Taylor White were the chief feature of the musical program, while the addresses were by Mr. Carroll, the educational director, and Dr. Campbell, the pastor of the First Baptist Church of Lubbock. Both of these addresses were brief but pointed and were much enjoyed. Of course the local pastor, Rev. O. J. Hull, had some nice things to say too, and when the watermelon cutting began he "took care of the situation in a great way."

It was the biggest watermelon cutting anybody present had ever seen and was one of the happiest events that has been staged in Tahoka in a long, long time.

Will Open-New Cafe

John and Earl Rochell of O'Donnell are opening a cafe on the west side of the square in the building recently occupied by Johnny Ragsdale. The building has been repainted and remodeled inside and much new equipment added, making the cafe thoroughly modern and sanitary. The Rochells are experienced cafe men. Earl has already moved his family to Tahoka, and John will move up in the near future.

FOUR MURDER CASES LIKELY

Busy Term Of District Court Is Likely As Many Criminal Cases Are Slated

Everything is set for the opening of district court here next Monday morning, according to Skip Taylor, the clerk.

Quite a number of felony complaints have been filed in the justice courts since the last term of the district court and will be investigated by the grand jury to be empaneled next Monday morning. These embrace such crimes as murder, rape, burglary, theft, liquor law violations, and others.

Two old murder cases are pending on the docket but the prospects are that neither of them will be tried. One of these is the Add Lee Roberts case, which has been pending on the docket since September 26, 1925. This case was tried once and reversed. Another of these is the Mollie Turner case, filed February 16, 1928. She has been tried and convicted twice and each time the judgment was reversed and remanded. The Roberts case originated near O'Donnell. The Mollie Turner case comes from Wilson, Mrs. Turner being charged with the murder of her husband about twelve years ago.

Two new murder cases are to be investigated by the grand jury. One of these is against Mrs. Ola Redman, who is charged with killing Howard Chase near the east line of this county last spring. The other is against Quannah Mitchell, who killed Dr. Collins in O'Donnell one night last winter. There are also two recent charges of rape to be investigated. A number of theft charges are awaiting the probe of the inquisitorial body.

There are also a number of new civil cases pending on the docket, most of which will probably be tried at this term of the court.

Aged New Home Lady Breaks Leg

Mrs. A. J. Hilton of New Home, 75, fell and broke her leg above the knee one day last week when her foot caught on a rug. She was taken to a sanitarium in Lubbock for treatment but owing to her advanced age the fracture is healing very slowly.

Another unfortunate incident connected with misfortune was the fact that her husband, A. J. Hilton, contracted pneumonia while attending her at the hospital and has himself been in a precarious condition. He is not in the hospital, however, but is being cared for in the home of a grand-daughter in Lubbock. Mr. and Mrs. Hilton are the grand-parents of County Clerk Truett Smith.

Mr. and Mrs. K. F. Knight returned Wednesday from San Angelo, where Mrs. Knight spent two weeks visiting relatives. Mr. Knight went down Sunday.

Do You Know—

The first deed record for Lynn county was started in January, 1879, when Lynn was attached to Young county. . . . The record is filed in Truett Smith's office and is in an almost perfect state of preservation in spite of its 52 years of handling. . . . The first instrument recorded was a land patent to one Michael Griffin for two sections of Lynn county land, signed by Gov. R. B. Hubbard, dated Dec. 5, 1878, and recorded Jan. 13, 1879. . . . When Tahoka was first established there were only two houses on the trail between here and the settlements around Big Spring. . . . T. D. Hobart, pioneer Pampa ranchman has a hand-planted forest of 60,000 shade trees. There are 63 miles of state and federal designated highway in Lynn county. . . . Oscar Roberts has been in Lynn county since 1898.

BANKERS FAVOR GRADUAL CHANGE

National Commission Believes Local Sentiment Should Govern Evolution in Methods of Conducting Banking.

If substantial changes are to be brought about in branch banking in the United States they should originate within the states rather than from Washington on inter-state lines as proposed in "trade area" branch banking plans, a recent report of the Economic Policy Commission of the American Bankers Association declares. Such changes, it adds, "should develop by evolutionary rather than revolutionary stages."

"The extension of branch banking through state action would mean that states not now permitting state banks to have branches or else closely restricting them, would individually liberalize their laws as an expression of changing local desires and conditions, and this doubtless would insure a deliberate, evolutionary process," the report says. "The other method, that is, through Federal action, would mean a sweeping change for the country as a whole, for legislation granting branch banking powers to national banks in all states, regardless of local sentiment, would, of course, induce equivalent branch banking enactments in every state in the Union not now permitting or really wanting state banks to have branches, in order to keep them on a competitive equality."

Upholds State Privileges
"We find some bankers who feel that a proper stimulus to the development of branch banking would be given by the Federal Government taking the initiative through granting broader privileges within state lines to national banks than they now enjoy. It is argued that state governments could then follow suit as to state banks and that in this way a more progressive branch banking attitude might be promoted by the national banks taking the lead. While we do not deny that there may be some merit in this view as to some specific localities, we stand firm nevertheless on the principle that no such grant of powers to national banks should cross state lines, or exceed the privileges that state legislatures could and would grant to their state banks."

"Moreover we believe that if the choice between these two possible courses of extending branch banking were put up to bankers they would be generally opposed to any forcible imposition of branch banking on the states through the medium of the national bank system. We believe it would be preferable for any change to come about through the more gradual and democratic method of the states granting their banks branch banking powers state by state where, if, and as local conditions and sentiment might be ready for a change."

BIRTHDAY PARTY

(Deceased)

A number of friends and relatives gathered in the home of J. O. Young last Sunday to celebrate his thirty-eighth birthday, and a veritable feast was enjoyed at the noon hour. Those present were Mr. and Mrs. B. P. Robinson, Mr. and Mrs. E. T. Cowthron and children all of Tahoka, Mr. and Mrs. W. T. Hill and children of Petty, Mr. and Mrs. Johnnie Quarles of West Point; twenty-nine in all. All departed hoping him many more birthdays.—Reported.

A 26-inch gas line is under construction between Skellytown in the Texas Panhandle and the principal cities of Minnesota, Minneapolis and

Answers Critics Of Gas Company

The West Texas Gas Company has furnished the News with an article that would fill about a column of our space defending its rates against the criticisms recently made by gas consumers and newspapers in this territory. The article is entirely too lengthy for us to publish gratis, since our space is about all we have for sale, and since we charge our merchants for propaganda respecting their business, but we will be generous enough to this big concern to state briefly the gist of its contention.

Mr. Hinchey, speaking for the Company, claims that "The Company has made little more than operating expenses since it has been in business. . . . The reduction recently offered to the cities served by us was not offered because the existing rates are earning us a fair profit, but in offering this reduction we were making an honest and conscientious effort to share with the people of this section the burden visited upon us all by the business depression now existing. . . . I am and have always been willing to meet with any of the City Commissions and go over with them the rates and explain the reasons why we can not make further reductions at this time. . . . The Company stands ready and willing at any time to submit its books and records to any proper tribunal having jurisdiction over gas rates for the purpose of determining the fairness of its rate schedule."

BENJAMIN BANKER HAS COTTON PROBLEM SOLUTION

A. R. McGonagill Monday received a communication from his old friend A. H. Sams, ex-President of the First National Bank of Benjamin, enclosing a copy of a telegram he had sent to President Hoover proposing a plan for boosting the price of cotton and saving the Southern farmer. Mr. Sams had received a reply from the President advising him that his telegram had been referred to the Federal Farm Board. The telegram was as follows:

"If government would buy this year's cotton crop at twelve cents and have farmers sign up they would not plant more than 25 per cent or 50 per cent of their 1931 crop in 1932, such contract would insure government against loss, would insure millions of our people against hunger and discontent, would enable our tax payers to wipe out delinquent taxes, that are already reaching alarming proportions when so much needed to keep our schools open, and for all other governmental operations. If the main arteries of our government are to be sustained the redemption lies in three requisites, action, time, and management, and such redemption might be more essential and constructive now than ever before, or after."

FREE EMPLOYMENT SERVICE
Any person desiring work or any person desiring a hand will leave application with J. E. Thompson at Consumers' Fuel Association. Service free. 3-2tc.

Weatherford ships from twenty to thirty carloads of turkeys to the northern and eastern markets every year.

Locals

The News editor acknowledges receipt of an invitation and ticket to attend the traveling men's Ninth Annual Jubilee and stag party to be held in Lubbock next Saturday, for which we are indebted to A. B. Davis, manager of the Lubbock Chamber of Commerce. These knight of the road will doubtless have a great program and a great feast, but being only a poor newspaper editor we doubt if we would be able to keep their gait.

Mr. and Mrs. J. C. Blackman returned to Tahoka Tuesday. They have been at McAllen the past six months, where Mr. Blackman has been employed in a gin. Mr. Blackman says that the ginning season is just about over in that section and that the Lower Rio Grande Valley produced only about half as much cotton this year as last year. The crop is likewise short in Nueces and other South Texas counties.

Mr. and Mrs. Henry McDaniel and three children of Espanola, New Mexico, were here the first half of the week visiting Henry's parents, Mr. and Mrs. S. N. McDaniel, and other relatives. Henry has been in the Forest Ranger service for the past three years and says he is well pleased with the work.

Mr. and Mrs. Charley Sanders were delighted Saturday morning over the arrival of little Mary Elizabeth, weight 7 pounds. Mother and babe are doing well and dad, he's all right.

Miss Doris Lynn Hull left Monday morning to enter Simmons University at Abilene. She was accompanied by her father, Rev. O. J. Hull, and her sister, Miss Clarice. Miss Christine Bates of Gatesville, who had been visiting in the Hull home the preceding week, accompanied the party as far as Abilene on her return trip to her home.

Miss El Fleda Harrison, who was one of the judges of the Home Demonstration Club exhibits at the Lamb County Fair held at Amherst last week, reports that the exhibits in clothing and canning were most excellent. She says they had splendid livestock exhibits there also.

Mr. and Mrs. Arthur Hodge have a new boy in their home. He made his arrival Sunday, September 6. We failed to hear of it promptly but the little fellow will probably be heard from often hereafter.

Rev. Rankin, a Baptist minister and teacher, who formerly taught at Draw and other places in this county, has rented Mrs. Crie's King street house and he and family moved in Wednesday.

Mr. and Mrs. Bart Cowan and baby, Mrs. Vandyke, and Mrs. L. E. Turrentine visited a sister in Colorado Sunday.

Elmer Ray, who has been in Del Rio, San Angelo and Eldorado for the past two months returned home Sunday.

Henry Dixon of Winters is here visiting his college friend, Miss Jeanette Cavness.

HIGGINBOTHAM-BARTLETT COMPANY

AMERICA'S ONLY REFINER OF
GERM PROCESSED OIL OFFERS . . .

\$10,000
IN CASH PRIZES
FOR THE BEST ANSWERS EXPLAINING THE
MYSTERY OF THE "HIDDEN QUART"
AND TELLING HOW THIS QUART BENEFITS MOTORISTS

Fact No. 1—Thousands of motorists and service station men have observed that after a car has been given its full fill of Conoco Germ Processed Motor Oil and is driven 200 to 350 miles, a look at the crankcase gauge shows that about one quart of oil is apparently missing . . . but

Fact No. 2—These same people have noticed that on the second and later fillings with Conoco Germ Processed Motor Oil, scarcely a drop of oil will disappear during the first 350 miles and practically none at 500 and up to 1,000 miles!

THE above facts have been checked by actual tests with cars that use six quarts of oil for the crankcase, cars in good mechanical condition and driven at ordinary rates of speed. These facts will also prove true for your car, in proportion to the amount of oil your

crankcase usually holds, your car's mechanical condition and the speeds at which you drive. What becomes of the "hidden quart"? The answer is easy if you study the Facts given above and keep in mind the things that only Conoco Germ Processed Motor Oil can do. The explanation of the whereabouts of the "hidden quart" is simple — no technical knowledge of motors or oil is necessary. Remember — The "hidden quart" of Germ Processed Oil does not escape through leakage . . . does not burn up, wear out nor evaporate. It is "present but unaccounted for." Fact No. 2, given above, proves all this.

After you've found where the "hidden quart" goes, you can easily see the special benefits it gives the motorist—advantages that no other oil can give.

Ask at any Conoco Station or Conoco Dealer for free entry blank, which contains information about Conoco Germ Processed Motor Oil that may help you win. Conoco Station and Dealer employees will gladly answer your questions. Remember, you do not have to buy anything to enter this contest. . . . Any Conoco Station or Conoco Dealer will give you, free of charge, a convenient Official Contest Entry Blank for writing your answer.

Answers written on one side only of any plain white paper will be accepted as accredited entries in the contest. But we recommend that you secure an Official Contest Entry Blank, which gives valuable information about Conoco Germ Processed Motor Oil and its operation in motors—clues about the "hidden quart" that may help you write an answer that will win a prize.

THE QUESTION
"What becomes of the 'hidden quart' and how does this quart benefit the motorist?"

COMPLETE RULES OF CONTEST

- Answers may be any length not exceeding 200 words; length of answers will not determine winners. Write answers on Official Contest Entry Blanks preferably, or on plain white paper. Conoco Stations and Dealers will give you an Official Contest Entry Blank free. Elaborate presentations of answers will not count in your favor.
- Write your answer in plain, simple language. Technical terms or special scientific knowledge will not influence the judges.
- Contest closes midnight, Sept. 28, 1931, and no entries bearing postmarks after midnight, Sept. 28, 1931, will be accepted.
- Contest open to everybody except employees and executives of the Continental Oil Company, Conoco Stations, Conoco Dealers and the Company's advertising agency, and their families.
- In case of tie, both contestants will receive full amount of prize tied for.
- You do not have to use or purchase Conoco Germ Processed Motor Oil or other Conoco products to compete for prizes.
- All entries submitted, whether or not they win prizes, become the property of the Continental Oil Company and may be used in advertising without payment, and none can be returned to senders.

CONTEST CLOSES MIDNIGHT, SEPT. 28, 1931
ADDRESS ALL COMMUNICATIONS TO "CONTEST OFFICIAL"
CONTINENTAL OIL COMPANY, PONCA CITY, OKLAHOMA

29 PRIZES
First Prize
\$5,000

Second Prize \$2,000
Third Prize \$1,000
4th and 5th Prizes \$500
6th, 7th, 8th and 9th Prizes \$100
10th, 11th, 12th and 13th Prizes \$50
14th through 29th Prizes \$25

WINNERS WILL BE ANNOUNCED . . . as soon after the contest closes as possible. Announcement of all winners will be made in this newspaper.

Methodist Pastor Urges Cooperation

Now that the summer time is about over and fall seems to be here, and our schools have begun their forward march, it seems that we ought to bring ourselves in line for a renewed effort in putting over our church program. In order for us to be able to do that with any degree of success, it will mean the heartiest cooperation on the part of each individual. Can we afford, under the strenuous circumstances, to ignore the church—which means to ignore the Lord's cause—as it is through the church that we are able to function in an organized way? Organization is the only way we can hope to do anything worth while. We know this is true from other affairs of life; without organizations we are helpless and hopeless to make ourselves or our influence felt in the world today. So, I appeal to each of you to lend your presence and influence to the church work. It is less than two months until Conference, and this is our work, not the other fellows, but our's.

You can get along with your own affairs better if you will give the Lord part of your time, especially on Sunday, than for you to stay at home and ignore the giver of all good and perfect gifts. The one thing that defeats us is that we call upon Him but ignore many times His call upon us. Is that true? If so, let's quit it.—J. W. Shepherd, pastor.

PHEBE K. WARNER CLUB HOLDS FIRST MEETING

On Friday afternoon, Sept 11, the Phebe K. Warner Club held its first meeting for the Club year with Mrs. J. K. Applewhite as hostess.

Following the singing of "America The Beautiful", the Club Creed was read by the members. A short business session was held in which Mrs. J. E. Pace Jr. was elected secretary and Treasurer for the year 1931-'32. Appropriate club slogans were given in answer to roll call.

The President's message given by Mrs. E. E. Callaway, the incoming president, was beautiful and inspiring. This message brought out the points that Service, Loyalty, Cooperation, and Responsibility are essential in club work.

After the presentation of officers by the president, Mrs. Elliott gave an able and instructive talk on "How to make our club mean more". The last number on the club program was a parliamentary drill conducted by Mrs. W. O. Henderson.

The afternoon's special features which were entertaining and enjoyable consisted of: Duett, "I'll Take You Home Again Kathleen", Miss Charlene Maddox and Clifton Janak; Reading, "The Confidence", Mrs. Rubie D. Suddarth; Song, "Come to the Fair", Charlene Maddox; "Tumble down Trace", Clifton Janak.

Punch was served to eighteen members and several guests.—Reporter.

RUPTURE EXPERT HERE

C. F. Redlich, Minneapolis, Minn., will demonstrate without charge his unequalled method in

LUBBOCK
WEDNESDAY, SEPT. 23
at the LUBBOCK HOTEL
From 10 A. M. to 4 P. M. Please come early.

Mr. C. F. Redlich says:
The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time.

The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

Stomach troubles, backache and constipation, nearly always a consequence of rupture, promptly disappear.

Bring your children. According to statistics 95 percent recover by our method.

ATTENTION: You cannot fit yourself successfully with appliances sent by mail. It requires personal attention by an expert to obtain lasting results.

HOME OFFICE
535 Boston Block, Minneapolis, Minn.

MAGNOLIA 4-H CLUB MET THURSDAY LAST WEEK

The Magnolia 4-H Club met at the home of Mrs. Loyd Edwards on Thursday, Sept. 10.

Miss Harrison was called away and could not meet with the club. Mrs. Littlepage and Mrs. Strain of the Midway Club met with us and gave a demonstration on canning watermelon rind preserves and sweet pickles.

Four new members joined the club and ten old members were present. We had four visitors, Mrs. Clayton Boyd, Mrs. Buck Creigg, both of Holtville, California, Mrs. R. G. Flemming and small daughter from South Carolina, and Miss Minnie Hood.

Members present reported 250 qts. of canned fruits and vegetables the past two weeks.

The topic for our next meeting, which will be "Butchering and Canning Chicken", was discussed.

Miss Harrison will meet with us at the home of Mrs. John Ray on Thursday, Sept. 24. Every one be sure to come.—Reporter.

HEALTH LESSONS BEING GIVEN AT GRASSLAND

The Grassland Health Club met at the school building on the morning of August 24 in a pre-school conference, and thirty-six children were examined. Dr. Williams of Post, the state health nurse, Miss Setser, and Dr. Gosch did the work. On the afternoon of the same day Miss Setser gave the first lesson to the Adult Health Class with eighteen present.

The Club met on September 7th, Miss Setser present and giving a demonstration on bathing infants.

We have enrolled 28 members. It is your opportunity to attend this study course. If you miss, it is your loss. We meet again Monday, September 28, at 2:30 P. M.—Reporter.

T-BAR WOMEN'S CLUB HAS INTERESTING MEETINGS

T-Bar Home Demonstration Club met with Mrs. R. E. Townzen Sept. 13 with eight members present, and there were 12 visitors from Wells. We had a watermelon rind demonstration. As Miss Harrison was unable to be with us, Mrs. Kemp and Mrs. Richardson of the Tahoka Club came out and did the work, and they are a credit to our county. Everything went off nicely and the products were lovely. The program was omitted on account of the work for the afternoon.

We adjourned to meet the fourth Thursday at the Club room.

All voted thanks to Mrs. Richardson and Mrs. Kemp.

Pictures were made of some of the club members and the preserved products that were made at this time.—Reporter.

MIDWAY H. D. CLUB MET LAST FRIDAY AFTERNOON

The Midway Club met with Mrs. R. L. Little page Friday, Sept. 11. The regular program was carried out, and Mrs. Littlepage gave an interesting report on her trip to A. & M. Miss Harrison gave a talk on labeling products for the club exhibit.

The president asks that all club members be present at the next meeting.—Reporter.

MRS. NELMS UNDERGOES OPERATION AT LUBBOCK

Mrs. J. H. Nelms was taken to a hospital in Lubbock Saturday for an appendical operation. When she went under the surgeon's knife it was found that a rupture of the appendix had already occurred. For several days she was in a most precarious condition but was reported to be improving Wednesday night.

DAVE CHILDERS IN SERIOUS CONDITION IN SANITARIUM

Becoming seriously ill, Dave Childers was rushed to a sanitarium in Lubbock Sunday morning and an operation for appendicitis followed. The appendix had already ruptured and the patient was found to be in a most critical condition. Reports from the sanitarium Wednesday night, however, were to the effect that he seemed to be doing as well as could be expected and hopes for his recovery were entertained.

Betty Grable, 17 years old, of St. Louis, is in Hollywood with a contract, which, besides assuring her a large salary for five years, says she will be developed for "talkie" stardom.

**A GREAT HUMORIST BUT A
BAD LOGICIAN**

J. J. Taylor, the great humorist
who conducts the column known as
State Press in the Dallas News,
sometimes becomes serious. In his
serious moments he opposes any
law designed to curtail cotton acre-
age in this or other states. Recently
he penned the following argument
against such legislation: "If state
governments legislate a total or a
fifty per cent decrease in next year's
crop, it will stimulate all other cot-
ton growing countries to their best
efforts. They will take up the slack,
and our cotton farmers will hold the
empty bag. The sooner we get away
from political price making, the
sooner we shall succeed to the ad-
vantage that accrues from a free
flow of trade. When the Govern-
ment comes in, the wise man gets
out."

How will such legislation stimu-
late other cotton growing countries
to produce more cotton unless it has
the effect of raising the price? And

PAIN

**HEADACHES
NEURITIS
NEURALGIA, COLDS**

Whenever you have some nagging
ache or pain, take some tablets of
Bayer Aspirin. Relief is immediate!

There's scarcely ever an ache or
pain that Bayer Aspirin won't relieve
—and never a time when you can't
take it.

The tablets with the Bayer cross
are always safe. They don't depress
the heart, or otherwise harm you.
Use them just as often as they can
spare you any pain or discomfort.
Just be sure to buy the genuine.
Examine the package. Beware of
imitations.

Aspirin is the trade-mark of Bayer
manufacture of monoaceticacidester
of salicylicacid.

SAFE

if it should have the effect of raising
the price, where does the "empty
bag" idea come in? If it raises the
price, it seems to us that would help
to fill the bag for the Southern
farmer and business man. Besides,
if raising the price by cotton acreage
reduction legislation would stimulate
other countries to increase their cot-
ton production, why will not a raise
in price from any other cause have
the same effect? Mr. Taylor's argu-
ment is an argument against the
raise in price from any cause. On
the other hand, if such legislation
would not raise the price, it would
certainly not stimulate the raising
of more cotton in other countries.
As a matter of fact the land avail-
able for cotton production in other
countries is very limited. It may be
that in a long course of time, much
of the jungle lands of Brazil and of
Central Africa may be converted into
cotton farms, but in the very na-
ture of things that must be a gradual
process. There is very little land in
Russia, India, and Egypt suitable
for cotton production that is not be-
ing used for that purpose already.

We believe that a total ban on cot-
ton raising in 1932 would be disas-
trous to Texas but an acreage reduc-
tion law would be a wonderful bless-
ing.

We take it for granted as this is
written early in the week that a
cotton acreage reduction law will
have been enacted or will be well on
the way to final passage by the Tex-
as legislature before this appears in
print. The indications are that the
Long plan of "no-cotton in 1932" is
doomed. Many farmers are still
clamoring for the Long plan, but
upon mature consideration many of
them have receded from their first
impulse to support it. They see that
such a plan might be ruinous to
them next year. It would possibly
have raised the price of cotton to a
higher point this year than a mere
acreage-reduction measure will, but
its after effects would have been ter-
rific. Think what the predicament in
Lynn county would be next Septem-
ber with not a bale of cotton to be
gathered in the county, not a gin
running, many farmers stranded fi-
nancially in spite of the higher price
they might receive for this year's
cotton crop, with no cotton to sell
and hence without credit at the bank.
With absolutely no cotton being
raised in Texas, industry and busi-
ness in this state would be paralyzed.
True, conditions could not be
much worse than they are now, but
why not pursue a course that would
help conditions next fall as well
as this fall? We should not
swing from one extreme to the
other. Radicalism seldom pays. We
believe that an acreage reduction
law containing the soil conservation
feature would be far better in the

long run. We hope that other South-
ern states will follow Texas prompt-
ly in this character of legislation.

It seems that the laws enacted
recently by the legislature to regu-
late the operation of trucks on the
highways were so drastic as to al-
most destroy the business, if these
laws should be held constitutional.
Taking advantage of the popular re-
signment against the trucks for the
manner in which they had been
"hogging" the highways, the rail-
roads seem to have gotten in their
work. It does seem that the legisla-
ture could have enacted a reasonable
and conservative measure regulating
the operation of trucks. There was
no necessity for it to go to the ex-
treme and to undertake to put them
practically out of business. But this
sort of thing should have been fore-
seen by the truck operators. They
had ample warning. Yet they paid no
attention to the mutterings of discon-
tent and continued to crowd motor-
ists into the ditch or to take the
middle of the road and block passage
by cars. Their present predicament
is due to their hogishness on the
highways—their utter contempt for
the rights and wishes of others. As
far as they are concerned, it serves
them right. They ought to have to
fight for their lives. The public good,
however, requires that they be al-
lowed to use the highways in a rea-
sonable manner, and we hope that
they will yet win their fight for a
right to live.

All the big political writers pre-
dict that Al Smith is preparing to
make a fight for a dripping wet
plank in the next Democratic plat-
form. He thinks that people will
have recovered from the depression
to the extent that it can not be made
a winning issue, they say. He doesn't
think the Democrats can win on eco-
nomic issues. It must be another wet
and dry fight.
Indications are that he is now en-
couraging the candidacy of Newton
D. Baker in order to head off Frank-
lin D. Roosevelt, with the possibility
that at the psychological moment he
may become a candidate himself. He
and Rascoe are working hand in
glove to that end, it is believed.
These two seem determined to keep
the liquor issue alive even if it
bursts the Democratic party.

We still insist that the operator
of our public dance hall should vol-
untarily close its doors. If he de-
clines to do so, our city council
should lose no time in passing such
stringent prohibitory or regulatory
measures as to make it impossible
for him to continue its operation. A
public dance hall is one institution
that we certainly do not need in Ta-
hoka.

CITY ORDINANCE NO. 60

An ordinance prohibiting the break-
ing, tampering with or manipulating
any of the water pipes, mains, val-
ves, fire hydrants, meters, meter
boxes, meter seals or meter box cov-
ers belonging to the City of Tahoka,
except as herein provided, fixing a
penalty for violation of any of the
provisions of this ordinance; and re-
pealing all ordinances and parts of
ordinances in conflict with this ordi-
nance, except as herein provided.

Be it ordained by the City Council
of the City of Tahoka, Texas:

Article I
Section 1. It shall hereafter be
unlawful for any person within the
city limits of the City of Tahoka to
wilfully break, tamper with or
manipulate any of the water pipes,
water mains or water valves belong-
ing to the City of Tahoka, unless
such person shall have previously
obtained permission from the Water
Superintendent of the City of Ta-
hoka for so doing.

Section 2. It shall hereafter be
unlawful for any person within the
City limits of the City of Tahoka to
wilfully break, tamper with or ma-
nipulate any water meter, water
meter box, water meter seal or water
meter box cover belonging to the
City of Tahoka, unless such person
shall have previously obtained per-
mission from the Water Superintend-
ent of the City of Tahoka for so
doing.

Section 3. It shall hereafter be
unlawful for any person within the
city limits of the City of Tahoka to
wilfully tamper with or manipulate
any fire hydrant belonging to the
City of Tahoka, except under the di-
rection of the Fire Marshal or Fire
Chief of the Fire Department of the
City of Tahoka while engaged in un-
dertaking to extinguish fire or in the
repair and testing of such fire hy-
drant or hydrants.

Section 4. Any person who shall
violate any of the provisions of this
ordinance shall be punished by fine
of not less than five dollars nor more
than one hundred dollars.

Section 5. All ordinances or parts
of ordinances in conflict with this
ordinance are hereby repealed, ex-
cept that a prosecution under the
provisions of this ordinance shall

not bar or prevent the prosecution
and conviction of the same person for
the theft of water obtained by such
person by doing any of the acts pro-
hibited by this ordinance, nor shall
a prosecution or conviction of any
person for the theft of water so ob-
tained bar or prevent the prosecu-
tion and conviction of such person
for the violation of the provisions of
this ordinance.

Section 6. This ordinance shall
take effect immediately from and af-
ter its final passage, approval and
legal publication, and it is so or-
dained.

Finally passed and approved this
7th day of September, A. D. 1931.

C. H. CAIN, Mayor.

Attest: MRS. J. B. WALKER,
City Secretary. (SEAL) 3-2tc.

Hon Tom Garrard of Lubbock had
professional business in Tahoka
Monday.

Mr. and Mrs. H. W. Barkuloo left
today for their home at Rockport,
after having spent almost a month
here. Mr. Barkuloo ordered the News
sent to his address for the next
twelve months. Mr. and Mrs. Bar-
kuloo formerly resided here and they
still like Tahoka. They think this a
wonderful country, especially when
the rainfall is sufficient to make good
crops.

J. W. Nunley came in last week
from Oklahoma City. He had recent-
ly returned from Boston, Massachu-
setts, where he spent the summer.
He will be employed at the Edwards-
Lockhart Gin at Pleasant Valley this
Fall.

T. S. King and Mr. and Mrs. J.
H. Bearden of Hillsboro came out
Sunday to visit Mr. Bearden's par-
ents near here. They returned to
Hillsboro Tuesday.

The North Carolina state-wide or-
atorical contest sponsored by the
American Legion was recently won
by Ramon Winters, who is a junior
at Catawba College, Salisbury, N. C.

Burleson Grain Co.

**Some Facts About
Sewerage**

**SANITARY SEWERS ARE UNIVER-
SALLY RECOGNIZED BY AUTHORITIES
ON PUBLIC HEALTH TO BE THE ONLY
ENTIRELY SAFE AND SANITARY
METHOD OF RENDERING A NECESSARY
SERVICE.**

When groups of people are concentrated
in cities and towns the dangers of disease
and epidemics from unsanitary treatment
of the waste problem are many times greater
than with an isolated home on the farm or
on the ranch. In town what you do affects
your neighbors; how your neighbor lives af-
fects you and your family.

Disease germs are transmitted by flies
and other insects, by dust and by surface
and seep waters. Cess pools are the most dan-
gerous menace known to health, particularly
in conjunction with shallow wells. If you
have a well on your place you can have the
water sampled and tested free by the State
Board of Health thru your City Health Of-
ficer, whose duty it is to secure sterilized con-
tainers and assist you in taking sample. You
will have to pay only a few cents postage to
send sample to nearest State laboratory.

This Company has provided a modern,
well-built and extensive sewerage system in
Tahoka for serving your sanitary needs. Fail-
ure to make full use of these facilities, it is
true, hurts the earnings of the Sewer Com-
pany, but we believe that the risks attendant
on cess pools, open closets, and the possibility
of polluting wells hurts the citizenship and
the community far worse. It is difficult
to make a comparison between what is a mere
matter of dollars to us and what may be to
you a question of the welfare and health of
your family and yourself.

The rates of this Company compare
favorably with those of other privately own-
ed sewer systems. Sewerage service in Ta-

hoka under these rates costs LESS than it
would cost if the city had built and owned
the system. Simple arithmetic will substan-
tiate that statement. Under good manage-
ment the system in Tahoka could not be du-
plicated now, since the depression, for less
than \$50,000. As such matters are handled
in many municipal projects the cost might
be very much more. Bond interest 6 per cent
and sinking fund 2 per cent would require
\$4,000 a year, maintenance and operating at
least \$1,000, total \$5,000 a year. With 200
connections, nearly double what the company
now has, that would figure \$25 per year per
connection.

That is not the whole story. The taxes
which this Company is now assessed would
have to be spread over the rest of the tax-
payers. These amount to about \$11 per year
per patron. Out of every \$2.00 collected
monthly by this Company 92 cents is assess-
ed as taxes and our gross return after pay-
ing taxes is \$1.08, or \$13.00 per patron per
year, as against a cost of \$24 if the number
of patrons were doubled.

These are facts. They can be substanti-
ated. We invite your investigation. Remem-
ber however that "free" sewerage rendered
by municipal plants in other cities is free in
name only; the cost is all there in the city
tax bill.

We believe the best interests of this
Company and of the people of Tahoka are
mutual. You should have the benefits and
convenience of our service; we would like to
have enough patronage to meet the cost of
the service.

We pledge you our cooperation for se-
curing the best of sanitary conditions in Ta-
hoka at fair cost. You have much more at
stake than we have.

CITY ORDINANCE NO. 61

An ordinance prohibiting the taking of unmetered water from the water pipes and mains of the City of Tahoka.

Be it ordained by the City Council of the City of Tahoka, Texas:

Article I

Section 1. Any person who shall hereafter knowingly and willfully receive and appropriate to his own use and benefit any water from the water pipes and mains of the City of Tahoka that has not been properly metered by the meter provided therefor and when such failure of such water to be so metered has been caused by any willful act of such person or of any other person under his direction for the purpose of preventing such water to be properly metered, and without the consent of the Water Superintendent of the City of Tahoka, shall be deemed guilty of theft and shall be punished accordingly upon conviction.

Section 2. This ordinance shall take effect immediately from and after its final passage, approval and legal publication, and it is so ordained.

Finally passed and approved this

If baby has COLIC

CRY in the night. Colic! No cause for alarm if Castoria is handy. This pure vegetable preparation brings quick comfort, and can never harm. It is the sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation or diarrhea. When tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it safe for frequent use.

And a more liberal dose of Castoria is always better for growing children than strong medicine meant only for adult use.

Fletcher's CASTORIA

2 full ounces in every Tin
No other tobacco is like it

—NEXT TO P.A. THE RIGHT PAPERS. Straight from France, the home of the world's finest cigarette-papers — straight from the famous factories of Bolland, for more than a hundred years maker of the world's finest cigarette-papers, come OCB's, made expressly for R. J. Reynolds Tobacco Company — and YOU. Book of 150 leaves, 5¢, at the store where you get good old P.A.

If you've never rolled your own with P.A. you've missed a smoke trick. Just spread some of that smooth rolling, smooth smoking Prince Albert in a makin's paper. Then go ahead and roll the best little cigarette that ever took form in your fingers. So quick and easy...

Notice how Prince Albert stays put in the making, without fuss or muss. That's because P.A. is crimp-cut.

Cool as a cucumber right off the ice. Sweet as a melon from the same place. Mild as a sisterly kiss.

Do you like a pipe? You will with P.A. for packing. The most contented bunch of pipe-smokers in the world will tell you that pipes were born for just such tobacco. Men who were pipe-shy for years have found that they can smoke a pipe now... and enjoy it. You try it!

Winston-Salem, N. C.

New Lynn

A number of farmers of this community are picking cotton this week. Most all of the feed crop has been gathered. The gin here had ginned six bales of cotton up till Wednesday.

The singing Saturday night was well attended. A number of singers were present from Gordon. Every one is invited to attend our singings on every Saturday night and the fourth Sunday afternoons.

Mr. and Mrs. Yarbrough of Littlefield and Mr. and Mrs. Metcalf of Brownwood spent the week end here with Mrs. T. T. Jones and family.

Mr. Carl Higgins and family have moved near Abernathy. We regret their departure.

Mr. Stone and sons, Fred and Raymond, returned Monday from Mississippi, where Mr. Stone has been transacting business.

Mr. and Mrs. Noble Melton and family were visitors in Lubbock Monday.

Mrs. McDonald and daughter Annie of Brownfield were visitors in the home of Mrs. C. W. Krebs the first of the week.

Mr. Doyle Terry, a graduate from our school last term, is attending school at Tahoka this year. Miss Allie Barton, who is finishing high school this year, is also going to school at Tahoka.

Our summer term of school is expected to close Friday, September 18.

Brother Thurston of Wilson, pastor of the Methodist Church here, delivered a splendid sermon Sunday. His regular appointment is every second Sunday at 2:30 o'clock. Every one is invited to come and hear him.

An entertainment was given in the home of Mr. and Mrs. Honca Friday night of last week. A large group of young people were present and all reported a nice time.

Mr. Plemon Krebs, who has been visiting with his parents, Mr. and Mrs. C. W. Krebs, returned to Tulsa, Oklahoma, Monday.

Miss Mavis Jones is reported ill this week. We hope she will recover soon.—Reporter.

Sweetwater is one of the smallest cities in West Texas that boasts the dial and toll terminal equipment in their telephone system. An \$8,000.00 telephone building has just been completed at Sweetwater.

The Pecos Valley of Texas leads the United States in production per acre of green beans. One hundred fifty-five bushels per acre were harvested from the first picking this season with an estimate that twenty-five per cent more will be gathered on subsequent pickings.

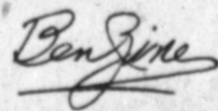

Iced watermelon was served to 1,500 guests of the Palo Pinto Watermelon Growers Association at a party given in Mineral Wells recently.

DEAR FRIENDS:

I just told CRAFT since he had the only Modern and Gloverized Dry Cleaning Plant in the county, that he ought to tell the public some of the things he could dry clean, such as:

- Suits, Ties, Hats, Gloves,
- Spats, Scarfs, Robes, Dresses,
- Fur Coats, Fancy Hats,
- Purses, White Imitation and
- Fur Coats dry clean perfectly with our plant. Also,
- your house drapes and many other items.

Yours truly,

Locals

H. M. Pilgrim and son Walter were here Wednesday from San Angelo prospecting and calling on the former's old-time friend, Chester Gonnolly. Mr. Pilgrim and the editor also were friends in years past at Temple. He has been in the real estate business and has sold many a tract of western land.

Mr. and Mrs. Winfred Grimes of Temple were here Wednesday, visiting Mr. and Mrs. Oscar Sanders and also the editor and family. They were on their way to Morton to visit Mrs. Grimes' parents, Mr. and Mrs. C. J. Campbell. Mrs. Grimes is better known here as Miss Ethel Campbell.

J. H. King of the Dixie community says that he doesn't need any government to force him to reduce his cotton acreage. Out of 130 acres in cultivation he has only 22 acres of cotton this year, and the proportion was nearly the same last year. He always raises plenty of feed.

Albert Curry and Mr. Pruitt, Linotype operators in the Abilene Reporter-News office, were visitors in Tahoka Wednesday. Mr. Curry was operator for the Lynn County News several years ago. While here he was the guest of his sister, Mrs. Borden Davis.

Mrs. Rubie D. Sudarth, Mrs. K. R. Durham, and Mrs. Layne Moreland acted as judges in the Brownfield radio audition Monday evening. They were accompanied by Clifton Janak and Misses Charlene Maddox and Reta Lois Colleenback.

B. J. "Jake" Leedy is this week installing a new cafe in the coming city of New Home. He moved a building over to that place from Hobbs, New Mexico, for the business to occupy.

Joan Lyle is the name of the little Miss who came into the home of Mr. and Mrs. John Slover early Tuesday morning. Mother and daughter and dad all doing well.

Mrs. S. W. Cain and two daughters, Linette and Joy Frances, of Happy spent the week end here with Mrs. Cain's parents, Mr. and Mrs. W. C. Cowart.

Mr. and Mrs. W. W. Simpson had as their guests last week end their son-in-law, Scott Poe and their grandson, Jesse Lee Poe, of Portales, New Mexico.

Miss Mattie Melnis of Brownwood arrived Saturday to spend a few weeks here visiting her cousins, Mrs. George Small and Mrs. Claude Wells.

Dr. and Mrs. R. B. Smith had as their guests last Sunday Mr. and Mrs. Eugene Markham of Greenville.

Harvey Freeman has been confined to his bed for the past week.

With the completion of State highway 30 in Haskell county early this fall, the entire highway from the Red River bridge entering Texas near Burkburnett, south to San Angelo, passing through Wichita Falls, Seymour, Stamford, Abilene, and other West Texas cities will be permanently paved.

The production of Irish potatoes on a large commercial scale was successful at De Leon this year when forty thousand pounds were shipped and yields ran as high as seven thousand pounds per acre.

Tarrant county's tax valuations are \$190,000,000 for 1931.

Water mains in Canyon are to be extended at a cost of \$18,000.

The board of trustees met Thursday night and decided to suspend school for five weeks so the children might assist in gathering at least a part of the cotton crop. The original date for starting this term was Sept. 7 and everything was going fine, the school having started as planned but was closed Friday afternoon. It is now planned to resume work on October 19 and continue to some time in June.

The congregation of the Baptist Church paid the Methodist Church a visit at the 11 o'clock hour Sunday and heard one of Rev. Thurston's soul-stirring sermons. Rev. Partin was in a revival at Woffarth.

Work started Monday on the reconstruction of the Tudor & Dykes

gin. Some time ago the old machinery was removed to Brownfield and an entirely different set from the press to the engine is being installed. The out-lay will be a 4-70 gin outfit pulled by a 120 horsepower oil engine. Round and square bale presses will be in operation. The work of installation will be rushed day and night till the gin is ready for business, which is expected in about eight days. Judging from the amount of cotton to be ginned in our community, this gin will be badly needed and we are glad that the management saw fit to put this plant in operation.

A poultry specialist representing a feed company put on a program at the home of L. Lumsden last Thursday. This program was very interesting and instructive. Discussions of diseases of poultry and cure, demonstrations in caupizing and different forms of operations, also discussions on how to raise poultry for profit. A contest on eggs was held in which Mrs. W. H. May received 50 lbs. of laying mash as a prize for the best display of eggs of the Cornish Game and Mrs. Baker on the White Leghorn; Louis Mueller, 2nd prize; and J. F. W. Maeker, 3rd. Mr. Elbert Monroe of Dimmitt was visiting relatives and friends in our community last week end. Elbert was once a citizen of this place.

Luther Rudd is home after a several weeks tour in the singing game in New Mexico.

Mr. and Mrs. Hermon Heck of Levelland were week end visitors in the home of Mr. Heck's parents' Mr. and Mrs. John Heck.

Mr. and Mrs. T. E. Crowe and daughter, Beatrice, left for Sweetwater Sunday morning and were away the first half of the week.

Mrs. W. L. Forrester, a member of the Wilson school faculty, is spending two of her five weeks vacation with her sister, Mrs. Cropp, near Treadway. Members of the faculty returning to their homes were: Mr. and Mrs. Brady Nix, Misses Evva Faye Huffaker, Mavis Carney, Curtis Cook, Sallie Beth Wright. Mr. Faubion, Miss Lela Day and Miss LaVerne McCormick will remain in Wilson.

A number of our citizens were present at a negro singing at Tahoka Sunday afternoon. They claim the negroes can sing.

Mr. and Mrs. Bill Deaver of Stanton were week end visitors in the

GETTING BUSINESS GLOOM BEHIND US

By ROME C. STEPHENSON
President American Bankers Association

There is such a thing as over-staying a depression just as there is of over-staying a boom. Over-confidence makes the great majority miss the turn in a boom, and under-confidence makes them miss it in a depression. A leading New York banker was asked recently when he could tell that a turn for the better had come. "About three months after it has happened," he candidly replied.

There is more significance in that remark than appears on the surface. As more and more manufacturers and business men realize that the turn has already come and that they are over-staying the time to adopt constructive policies, they begin cautiously to press their selling campaigns, to speed up their production, to enlarge their working forces and increase their commitments for supplies. It is the gathering weight of their influences that finally raises the pressure of confidence to the dynamic power of recovery.

The surest way to bring the nation out of the business depression is to raise the pressure of public confidence to the point of becoming such a dynamic force. It has invariably been the push of that force which has started recovery in the past, and it is the gathering power of this force which will start recovery from this present depression.

It is a favorable sign of the times that there seems to be general agreement that the bottom of the depression has been reached and all eyes are peered and looking ahead for the first indications that the turn for the better is in sight. Who knows but what the first thing we know we will find ourselves looking backward instead of forward as we realize that the turn has already come. It is a rough and rocky road that runs across the bottom of the valley of business depression, and most of us are too busy steering the old Ford from bump to bump to be able to take in all the scenery. So who knows but what some important changes in the landscape are already taking place.

home of Mrs. Deaver's parents, Mr. and Mrs. H. C. Fountain.

Mr. and Mrs. Johnie Streit left Saturday afternoon for a week end visit in Gainesville. They were accompanied a part of the way by Misses Wright, Huffaker and Carney.

Mr. Howell of Spur was a Wilson visitor last Sunday.

Mrs. Henry Heck of New Home was in our midst Sunday.

Mr. Willie Fox of the Joe Stokes community was a business visitor in Wilson Saturday.

Mrs. J. D. Cook arrived home Friday having spent the summer in the Teachers College at Las Vegas, New Mexico.

Mr. and Mrs. Pat Swann were guests in the home of Mr. Swann's sister, Mrs. Van Bates, of the Joe Stokes community last Sunday.

Clyde Shaw moved his family into town last Friday. He has accepted a place with the Farmers' Gin as bookkeeper this fall. His uncle will look after the gathering of his crop.

Frank Crews moved in from his farm this week and is now weighing the fleecy staple.

Mr. Raymond Hewlett of San Benito was a guest of the community last week.

Mrs. Vick is visiting in the W. J. West home this week.

West Wilson

We are having some weather at this writing for harvesting the crop. Cotton is opening fast.

Last Tuesday evening, two baby boys came to the home of T. T. Moore. Mother and babes are doing nicely. This is the third set of twin boys for Mr. and Mrs. Moore.

The Lutheran Ladies Aid met with Mrs. L. Shambeck Sunday afternoon.

Joe Moore of Waco visited his brother, Tom Moore, the first of the week.

Mr. and Mrs. Hines of Plainview spent the week end with the Grants. Mrs. Hines is Mrs. Grant's sister.

Quite a number of our folks attended the baptizing at Lew Lynn Sunday afternoon.

The young folks enjoyed a party at Mr. Sanders Saturday night. Joe Davis spent the week end with his uncle Charley Campbell.

Miss Luella Corley spent Saturday night with Miss Martha Shambeck.

The health of our community is very good at present.—Country Wise.

A \$65,000 school building has been recently completed at Perryton.

Midway

Mr. and Mrs. H. L. Tunnell visited Mr. Tunnell's parents at Redwine Sunday.

Miss Mabel Draper visited friends in Abilene last week.

Mr. and Mrs. Littlepage left Sunday to visit relatives at Artesia, New Mexico.

B. C. Cavender and Roy Jones went to Lubbock Monday.

Mrs. F. W. Lawson and children, Kenneth and Douglas, of Post, visited Mrs. Lawson's parents, Mr. and Mrs. W. S. Pollard, last week.

I. M. Draper visited in the home of A. C. Aycox Sunday.

An entertainment was given by Marie Pollard Saturday night.

Messrs. R. E. Appling, H. L. Tunnell and Ben James are working at New Home.

Several people from our community attended the negro singing at Tahoka Sunday afternoon.

J. R. Strain made a business trip to Abilene Wednesday.

M. L. Kuykendall of Edith spent Saturday night with Walthal Littlepage.

C. B. Evans of Redwine spent Saturday night with Joe Pollard.

Mrs. W. S. Pollard and son Bill are visiting in Post this week.

Those from this community attending school at Tahoka are: Misses Marie Pollard and Claudia Draper, and Cleveland Littlepage and Bradley Richardson.

Visitors in the T. J. Williams home Sunday were Misses Opal and Pauline McClintock, Marie Pollard, Margaret and Thelma Ruth Strain, Mrs. J. R. Strain, Messrs Bonus Brower, Cleveland and Walthal Littlepage, L. B. and Arwood Willis and Joe and W. S. Pollard.

We have prayer meeting and singing every Sunday night. You are invited.

Edith

The farmers of this community are about through heading maize. Boll pulling will be at full swing in a few days.

Mr. and Mrs. Wendell Bearden and little daughter of Lamesa spent Friday night in the home of Mr. E. D. Payne and family.

Miss Edith Campbell of Morton stopped on her way home from Hermleigh, where she had been visit-

ing other relatives, to visit her sister, Mrs. Oscar Sanders. Marie and Arden Sanders returned home with her Sunday evening.

Several people from here attended the negro singing held at Tahoka Sunday afternoon. All reported some good singing and a large crowd present.

Mr. and Mrs. Abbott from Rule visited Mr. J. D. Pharr and family Sunday.

Mr. and Mrs. Joe Sanders are the proud grand-parents of a new baby who arrived at the home of Mr. and Mrs. Charley Sanders of Tahoka. Mrs. Sanders has been visiting with

them the last few days.

Mr. Ira Stevens, who has been visiting his parents, Mr. and Mrs. J. F. Stevens, was a visitor in Lubbock this week end.

Remember, next Sunday is singing afternoon here and we give everyone a cordial invitation to come, especially the singers from other communities. We have the new "Stamps Song Books" and we want you to help us learn some new songs.—Reporter.

Amarillo's American Legion unit, Hanson Post, with 1028 members, is the second largest in Texas.

No Other Dime Buys So Much As The Dime Spent For Electricity

Electricity for ten hours' vacuum cleaning costs less than a bottle of ink.

Electricity for ironing a week's washing costs no more than an ice cream soda.

Electricity lights the clothes closet ninety days for the price of a ball of twine.

Electricity is the cheapest thing you buy. The more of it you buy, the less it costs per kilowatt-hour.

Texas Utilities Co.

"Your Electric Servant"

BILIOUS

"I have used Black-Draught . . . and have not found anything that could take its place. I take Black-Draught for biliousness. When I get bilious, I have a nervous headache and a nervous, trembling feeling that unfits me for my work. After I take a few doses of Black-Draught, I get all right. When I begin to get bilious, I feel tired and run-down, and then the headache and trembling. But Black-Draught relieves all this."—H. G. Hendrix, Homerville, Ga.

Chevrolet connecting rods are matched in sets of six to within one-quarter ounce, and are individually fitted by hand to the crankshaft. Bearings are of Babbitt metal cast into the rods under heavy die pressure and at 500 degrees Fahrenheit.

Possessing the basic goodness of sound design and fine manufacture

CHEVROLET From the selection of raw materials to the completion of the finished Chevrolet product each process of building, assembling and checking the Chevrolet Six is marked by extreme care and precision. An exhaustive system of test and inspection makes certain that every part meets specified dimensions exactly. Many of these parts are held to limits of one ten-thousandth of an inch. No manufacturer in the industry uses more care or precision in building and testing than Chevrolet. Just as every part of the car is soundly built, every feature is soundly designed.

In planning the motor, Chevrolet engineers were not content to offer the public anything less than tried and proved design. They knew that the only satisfactory way to get smooth, flexible power in a car is to use at least six cylinders. So they adopted the six-cylinder engine without compromise. And this is what you get in today's Chevrolet Six.

As a result of this sound designing and sound manufacturing, you can buy a Chevrolet and know you are getting a

genuinely good automobile—soundly designed, basically built, and technically right.

Twenty beautiful models, at prices ranging from **\$475 to \$675**

All prices f. o. b. Flint, Mich., special equipment extra. Low delivered prices and easy C.M. & C. terms.

RUPTURE EXPERT HERE

C. F. Redlich, Minneapolis, Minn., will demonstrate without charge his unequalled method in **LUBBOCK** **WEDNESDAY, SEPT. 23** at the **LUBBOCK HOTEL** From 10 A. M. to 4 P. M. Please come early.

Mr. C. F. Redlich says: The "Perfect Retention" Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time. The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

Stomach troubles, backache and constipation, nearly always a consequence of rupture, promptly disappear.

Bring your children. According to statistics 95 percent recover by our method.

ATTENTION: You cannot fit yourself successfully with appliances sent by mail. It requires personal attention by an expert to obtain lasting results.

HOME OFFICE
 535 Boston Block, Minneapolis, Minn.

Our school started with a good attendance and with Mr. Alex Taylor as teacher.

Everybody is busy gathering their maize and cotton.

Brother Willie Garnett will preach Sunday at 2 o'clock in the afternoon, and also Sunday night. Everybody invited.

The Church of Christ has Bible Study at 2 o'clock every Sunday, and everybody is invited to come and study with us.

Mrs. Smeltzer was sick last week. Mrs. W. L. Spiva was also on the sick list.

Visitors in the W. L. Spiva home Sunday were Mr. J. L. Savage and family, Mrs. Quinsey and Mr. Edward Quinsey and wife.—Reporter.

Lubbock Boosters Coming Sept. 18

Lubbock, Sept. 9—Tahoka will be visited by one of the four good will automobile caravans that are to be sent out in the next two weeks from Lubbock advertising the Panhandle-South Plains Fair.

The trip here will be on Friday, Sept. 18th, and the party is scheduled to arrive at 10:45 A. M.

The Lubbock High School Band will accompany the good will caravan and the fair boosters will have the usual supply of whistles, advertising matter and other novelties will be distributed to the school students and kiddies.

Schools in most of the towns of the South Plains will turn out for the Lubbock fair visitors as has been the custom from year to year, as a number of prominent speakers are to address crowds at every stop. Among these speakers who will make one or more of the trips are the following: Dr. Paul W. Horn, president, Texas Technological College; Mayo; J. J. Clements; Senator Pink L. Parrish; Representative G. E. Lockhart; County Judge E. L. Pitts; City Attorney E. L. Klett; Dean J. M. Gordon, Dean A. H. Leidigh, Dean Wm. J. Miller, and others.

NEGRO SINGING SUNDAY ATTRACTED LARGE CROWD

(Continued from first page)

to its capacity and standing room was at a premium, many listening to the program at the windows from the outside. Their program Sunday night was fully as good as that of the afternoon.

(Editor's Note: We suggest that this be made an annual affair. Why not? With a choir made up of a hundred of the best colored singers from all the neighboring towns, it would be a great occasion and would draw thousands of people. Let's have it again, folks, on a much larger scale next time.)

Error Corrected.

A. M. Hunt called at the News office Saturday and called our attention to an error that appeared in our story last week relating to the discovery of a number of cars here that had been stolen in other counties. We stated that a 1929 Ford coupe had been found in the possession of Mr. Hunt, who explained that he had bought it from Mr. Reed. Mr. Hunt says that this is error. He had contracted to buy a Ford Sedan from Henry Reed but had turned this car back to Mr. Reed long before it was discovered that it was a stolen car, and it was not in his possession when found by the sheriff and was not taken from his possession. Mr. Hunt was perfectly innocent so far as his connection with this affair is concerned. In fact the story we published last week does not lay any blame on him whatsoever nor was it intended to do so, not in the slightest degree.

Weatherford Back From Long Trip

J. S. Weatherford is back home again after a seven week's automobile trip through most of the western states. He drove into town Wednesday afternoon and his car speedometer showed that he had traveled 6,500 miles in the seven weeks.

Mr. Weatherford was accompanied on the trip by Geo. Moss of White Deer, formerly of Tahoka, and they visited the states of Colorado, Wyoming, Montana, Idaho, Oregon, California, Arizona, New Mexico, and northern Mexico. Mr. Weatherford reports that they saw many interesting things and much beautiful scenery. Among the most interesting places visited was Yellowstone Park, where he found the bears were so gentle that they were nuisances. He also attended the last day of the big Pendleton, Oregon, Round-Up, at which nearly 30,000 people were in attendance. He says he saw the world's best riders and ropers in action at the Round-Up.

L. GOUGH GIVES OPINION ON FARM DEPRESSION

Mr. L. Gough, for many years president of the Southwestern Wheat Growers, has made the following statement in regard to the cause of low prices for cotton and wheat:

"After studying the records of the grain futures administration, the federal trade commission reports and the special investigation under Senate resolution No. 133 and the Supreme Court decisions of the several state and the United States, I am forced to the conclusion: That the Chicago Board of Trade and the New York Cotton Exchange are gambling institutions, the direct cause of the present farm depression, a menace to agriculture, demoralizing to the nation as a whole and have no right to price the farmers' products or gauge their buying power. Also that no man or group of men (and this includes the Farm Board) can own seats on these institutions and at the same time be a friend to agriculture or consider the nation's welfare."

John Lewis Scarborough of Birmingham, Ala., recently won the gold medal for first place in workmanship and design at the park and recreation board kite tournament at Roberts Field.

The world's highest suspension bridge, spanning the Royal Gorge of the Arkansas river at a height of 1063 feet, has been opened to traffic.
