TRUCK LAW IS HELD UP HERE

Lubbock Court Enjoins Officers From Enforcement As Tahoka Men Enter Fess

A temporary restraining order enjoining the peace officers of Texas, J. H. Edwards, bus and truck inspector for the Railway Commission of Texas, and Jack Reeves, highway patrolman, from enforcing the provisions of House bill 335 as they relate to that class of truck operators designated as contract carriers, was granted to L. P. Jeffreys and all others similarly situated by Judge Clark M. Mullican of the 99th district court in Lubbock Tuesday. The case was set down for a hearing on its merits on November 9, when the temporary order will either be dissolved or made permanent.

The applicant, L. P. Jeffreys, who until recently was a citizen of Lubbock but is now a citizen of Lubbock, was represented by Lockhart & Garrard of Lubbock and B. P. Maddox of Tahoka. They also represent a large number of other truck drivers in this section of the State.

In the petition Jeffreys sets forth that he has a contract with the Handley Gin Company to haul cotton seed from the company's gin to the Quannah Cotton Oil company's mill in Quannah, Hardeman county. Mr. Jeffreys has two trucks, he says, and makes his living in that manner. He claims to be a "contract carrier".

Provisions of the law, enacted by the 42nd legislature, are cited in the petition with a plea that enforcement would work a hardship on the petitioner, enforcement would, he claimed, deprive him of the use of his property.

Vaughn Wilson, county attorney, and Wade Hardy, sheriff of Lubbock county and B. L. Parker, sheriff, and G. H. Nelson, county attorney, of Lynn county, are named specifically in the petition.

Federal Judges O. K. Truck Law

Houston, Oct. 26.—The Texas state placing private contract carriers under supervision of the state railroad commission was upheld in a decision handed down today from a three-judge federal court.

Speaking through Circuit Judge J. C. Hutcheson, the court held the power of the state to regulate motor vehicles in the interest of public safety was "of the widest scope".

The majority opinion added the system of regulation at issue would "operate . . . to bring highway order out of highway chaos", would "protect the roadways and the people on them from the results of reckless and careless operation", and would give the state "a safe and dependable system of transportation".

Santa Fe Begins Free Delivery

The Santa Fe began free freight delivery service here this morning. Henceforth, it will deliver to the business men free of charge, all freight shipments originating anywhere in Texas, according to J. L. Heare, local agent. A small charge will be made for shipments originating outside the state. It will also pick up freight shipments anywhere in the business section, free of charge, which are to be shipped to points inside the state.

C. F. Dyke has been engaged by the railway company to make these deliveries.

This character of service has been instituted by the railways in many of the cities and towns of Texas during the past several months, and now the service is to be instituted here.

This is being done by the railways as a means of meeting the competition of trucks being operated upon the highways throughout the state. Whether the trucks remain in business or not, this service will prove to be quite a saving to the merchants of our city in the course of a year's time.

Cathcart Exhibits Mammoth Potato

T. R. Cathcart was exhibiting a sweet potato of giant proportions in town Wednesday which he had dug from a patch near the lake on the Leedy place just south of town. The tuber lacked only one ounce weighing eight pounds. It is of the Porto Rico yam variety.

Mr. Cathcart says that he found many potatoes weighing as much as six pounds. This particular vine had other potatoes on its roots weighing three pounds or more. Some hills contained at least a peck of potatoes, Mr. Cathcart declared. He donated the jumbo sample to the editor; so we shall not go hungry for at least a week any way.

King Acquitted In Truck Case

Ben King was handed a verdict of not guilty by a jury in the county court at Seminole Monday morning upon a charge of having operated a truck in that county unlawfully. He was represented by Judge B. P. Maddox of this city.

Several months ago Mr. King transported several small houses from Hobbs, New Mexico, to Tahoka for various citizens here, who had built or bought the houses in Hobbs and finding them unprofitable after the boom subsided decided to remove them to Tahoka. They engaged Mr. King to move them by truck, which he did, passing through Gaines county en route. Representatives of the state railway commission filed complaints against him in the justice court at Seminole charging a violation of the law in that the loads hauled were wider than was permitted to be hauled over the highways by the recently enacted law. A jury in the justice court found him guilty and assessed a fine of \$100 and costs. He appealed to the county court and the case came on for trial Monday morning, with the result above indicated.

G. H. Nelson, county attorney, has an assistant. The little fellow made his arrival at noon on Wednesday of last week in the Lubbock Sanitarium but we failed to get the item for last week's paper. G. H. says all the nurses told him that the young fellow was about the finest appearing little gentleman that had made his advent in that institution in a long time. When they placed the little fellow on the scales he weighed just seven pounds and eleven ounces, and G. H. has been going about ever since muttering "seven and eleven". He makes many of his fees out of the "seven and eleven" gentlemen and he considered it a good omen that his young assistant should be getting on to this "seven and eleven" business so early in life. His name, please? Bert Acker.

Mother and babe are both doing nicely. Mrs. Nelson was removed on Tuesday of this week from the sanitarium to the home of a brother in Lubbock, Glenn Hackney. She will be home in a few days and it will not be long till Bert takes up his duties in the court house.

Nelson Has New Attorney In Home

All Legionaires who have not already done so are urged to pay their dues for 1932 at once, states Jake Wilonsky of the Marion G. Bradley Post. These dues were due on October 20, and should be paid to Adjutant A. M. Cade at the tax collector's office in the court house.

The National Constitution, Sec. 4, Art. 10, says: Annual dues shall be payable October 20th of each year, beginning with the year 1926".

Legion Members Asked For Dues

S. D. Clower of Ben Franklin and O. B. Yeager of Pecan Gap were here this week prospecting and looking after property interests. Mr. Clower owns a farm near Draw. He called at the News office and renewed his subscription to this paper—says the News keeps him informed as to conditions here.

Mr. and Mrs. Monte Bowron of Lubbock were Tahoka visitors Monday. Mr. Bowron was formerly director of the Tahoka band and Delco Light and Frigidaire salesman here.

ANNUAL ROLL CALL PLANNED

Red Cross Drive For Membership Begins Soon; Body Spent \$9,000 Here In Year

Judge B. P. Maddox, chairman of the local Red Cross Chapter, and W. S. Anglin, roll call chairman, are getting the machinery set up for the annual roll call which begins on November 11.

Every community in the county will be canvassed for new members Mr. Anglin says, and he has already appointed the local roll call chairmen in a number of communities. Others will be appointed at any early date. Those already appointed are: Mr. Shumaker, O'Donnell; Mrs. L. Lumsden, Wilson; Luther Thomas, Grassland; J. B. Miller, New Lynn; Mrs. Henry Heck, New Home; F. J. Hennington, Gordon; A. R. Henslee, Draw; and I. M. Draper, Midway.

The membership fee is \$1.00, of which sum 50 cents will be retained by the local chapter for use in this county and 50 cents will be sent to national Red Cross headquarters.

Mr. Anglin states that the National Red Cross furnished the local Red Cross Chapter more than \$9,000.00 to relieve the distress in this county last winter. It is felt that the people of Lynn county should now respond as liberally as possible in appreciation of this service rendered last winter and spring.

W. S. Anglin Baby Died Last Friday

After having spent just eighteen days in this world, little Joseph Robert Anglin, infant son of Mr. and Mrs. W. S. Anglin, died at 7:15 last Friday morning. He was born October 5 and died October 23.

Funeral services were conducted from the Methodist Church by the pastor, Rev. J. W. Shepherd, at 4 o'clock Friday afternoon. Interment was in the City Cemetery.

Little Joseph Robert has never really been well but was seriously ill only a couple of days preceding his death, and even then his condition was not known to be so critical until a short time before death.

The family have the sympathy of many friends.

Jack Fenton Sets Picking Record

F. L. Willingham reports that Jack Fenton has been pulling more than a thousand pounds of cotton a day out on his farm northwest of town. He further avers and declares that three pickers, to wit: Jack Fenton, Amel Willingham, and G. Over Shaffer, pulled 2,800 pounds last Saturday, all of which he is ready to verify.

If anybody in Lynn county can give us a record that beats this, we'll be glad to publish to all the world by printing it right on the front page of this great religious weekly.

BUG CATCHERS ARE IN TAHOKA LOOKING FOR PINK BOLL WORM

(By Uncle Pete)
Hello, folks, the bug catcher's in town, and its a sight worth seeing, but that isn't the real name of it. In the first place, it is in charge of Mr. C. L. Parnell, Junior Plant Quarantine Inspector, and his two assistants, W. O. Sanders and D. E. Morris.

The machine itself is built into a 1 1/2 ton International dual-wheel, gray painted truck, and although slightly resembling a small threshing machine is run by a small built-in gasoline engine.

Mr. Parnell is on the second round of his eight county district containing 135 gins including Crosby, Lubbock, Cochran, Hockley, Yoakum, Terry, Lynn and Garza counties. Of course this gin trash inspection machine is owned and operated by the U. S. Department of Agriculture, which operates a fleet of 35 just like it in Texas, New Mexico, Arizona, California, and Louisiana, but over

COTTON TOTAL IS 4,100 BALES

With Pickers Now Arriving, Board Will Re-Open Local Schools As Planned

Up till four o'clock Wednesday afternoon, the five gins in Tahoka had ginned 4,101 bales of cotton of the 1931 crop. There were possibly fifty or sixty bales standing on the yards awaiting their turn. W. O. Henderson had weighed 2412 bales at the cotton-yard, while S. L. Leathers of the Texas Cotton Co-Op reported 675.

When we reported two weeks ago, the ginnings had reached 2550 bales. By Wednesday night fully 1600 bales had been ginned since that time, most of them since last Friday.

The cotton is coming in at a very rapid rate now and the gins are running far into the night. Some of them have been running almost all night. Many pickers are in the country and if the weather remains favorable it will not require many weeks to gather the bulk of the crop.

The sample of the cotton was badly damaged by the rain and wind but the bright sunshine and the dry winds this week have dried it out and greatly improved the sample. Most of it is selling for 5:50 cents per pound and upward.

European countries still governed by kings are: Great Britain, Sweden, Norway, Denmark, Yugo-Slavia, Roumania, Bulgaria, Italy, Albania, and Hungary.

Lindley Convert To Better Cotton

G. C. Lindley is a convert to the proposal that it pays to raise pedigreed cotton.

He has been keeping some figures on his cotton lately and he says that for every 840 of seed he got 600 lbs. of lint with the fibre an inch long. Rains and wind do not knock it out as they do half-and-half. And by the way, he says that he made a crop this year on a little more than two inches of rain during the growing season. Good rains last fall and a little rain last spring turned the trick.

Union of South Africa gold mines yielded 10,716,895 fine ounces of gold during 1930.

Reunion Of Krebbs Family Is Held

Ira Krebbs, C. W. Krebbs Jr., and Plenson Krebbs, all of Tulsa, Oklahoma, arrived Sunday to visit their parents, Mr. and Mrs. C. W. Krebbs of the New Lynn community. To the surprise of all, a daughter, Mrs. Mildred White, husband and children drove in Sunday night. They also reside in Oklahoma. So on Monday they had a big family reunion, sixteen being present. It was the first time in seven years that the entire family had been together, according to Ira Krebbs, who related the incident to the News. It was indeed a happy occasion.

Schools Re-Open Monday Morning

Man Pleads Guilty To Simple Assault

Uncle Ben Rogers, justice of the peace, started off his week's work by accepting a plea of guilty for simple assault entered by a young man who resides out southwest of town a few miles. The young fellow had knocked a neighbor boy off a cultivator when a difficulty arose between them, the story goes. It cost the offender a little better than fifteen perfectly good dollars. It is expensive to fight.

Cathcart Home Burned Monday

The home of T. R. Cathcart in the southwest portion of town was totally destroyed by fire Monday morning. All of the family except the men folks who work in town had gone to the country to pick cotton. In passing his residence Mr. Cathcart noticed evidences of fire. He went into the house and upon opening the kitchen door the flames and the smoke burst out. It is thought that an oil stove must have been left lighted and that this was the cause of the fire.

The Cathcart home was one of the oldest in Tahoka, having been built twenty-five years ago. It was a large four-room structure and was a good building. Insurance was carried on the house and furniture in the sum of \$1,100.00. All the furniture and personal belongings of the family except a trunk, a mattress, and one suit of clothes were destroyed. Many neighbors promptly donated much furniture and bedding to the family and they are keeping house in a residence just across the street from their former home.

Baptizing Service Next Sunday Night

This coming Sunday at the close of the evening service the ordinance of baptism will be administered to a number of candidates who have united with the church the past two Sundays. The public is cordially invited to witness this very impressive service.

The Sunday school which is enjoying a splendid attendance for this busy season of the year meets at 9:45 A. M. Classes for all ages with efficient teachers and department officers. If you have been out of Sunday school for any reason, do your best to get back this coming Lord's Day. There is such a thing as forming the careless habit of not going to Sunday school during a busy season; then there is such a thing as forming the good habit of going each Sunday. Parents are urged to bring the children—to help the children form a good habit.

Morning worship is from 11 to 12. Members of the church are expected to be present for this hour; all others cordially invited.

The B. Y. P. U. meets at 6:45 p. m. The training service of the church has a place for every member of the family. Let every member find that place for the glory of God. Evening service begins at 7:45. Good music features all these services. Be on time and enjoy the introductory musical Program. O. J. HULL, Pastor.

SEAGRAVES DEBATES REPEAL OF DANCE ORDINANCE

"Thou shalt not dance in Seagraves", sayeth the majority of citizens, at the election held Tuesday wherein the city council was taking an expression of the people relative to the repeal of the dance ordinance, prohibiting the holding of public dances within the corporate limits of the city. Final tabulations showed 84 against the repeal to only 35 for. This expression of the people, it is said, is not so much opposition to dancing, but to the manner in which public dances have been held here in the past. It is said that considerable trouble has resulted from them in the past.—Seagraves Signal.

Mr. and Mrs. Amos Howard and children of Lubbock visited Mr. and Mrs. Frank Hill Sunday.

CLOSED MONTH TO AID FARMS

Staple Is Coming In Very Rapidly; Pretty Weather And More Pickers Help

The public schools of Tahoka Independent School district will resume work Monday, according to R. C. Wood and J. K. Applewhite, members of the school board, after an intermission of four weeks, given in order to enable the school children to assist in gathering the cotton crop. It is expected that all who had entered school before the intermission and some others will appear at the respective school buildings next Monday morning to begin again where they left off a month ago.

During the first week of the intermission the weather was ideal for gathering the cotton. During the second and third weeks, however, rain and misty weather interfered and the children were able to spend very little time in the cotton fields. This week so far the weather has been fine. Many pickers have drifted into the country also during the past few days and the crop will be gathered rapidly without the aid of the school children if the weather remains favorable.

This is the first time in the history of Tahoka, perhaps, certainly the first time in a number of years that the schools have suspended to enable the children to pick cotton. It is hoped that all the students will enter upon their school work with renewed enthusiasm and zeal next Monday morning and that we may yet have a most successful school term.

Hull Discusses Jury's Report

Pastor O. J. Hull of the Baptist Church, at the service Sunday night, read portions of the final report recently made by the grand jury and commented thereon. The paragraphs of the report to which he called special attention were those relating to the action of reputedly good citizens assisting criminals to escape punishment and to the public dance hall that is being operated in the business section of Tahoka.

In his comments Pastor Hull called attention to the case in which a bootlegger was caught with a car load of whiskey a few months ago, having in his possession a long list of names, supposedly those of his patrons. Among them were the names of a number of our prominent citizens. When he was incarcerated in jail his bond was made by citizens of our town and the bootlegger was released, to go on his way playing his unlawful vocation, the preacher said.

In commenting on the dance hall, he called upon the foreman of the late grand jury, John Heck, who was present, to explain why that body was moved to criticize in such strong terms the dance hall being operated

Geodetic Survey Being Made Here

Messrs. Schank and Siler of the U. S. Coast and Geodetic Survey, were in the city Wednesday afternoon in the reconnaissance department of the Survey which is running a line from Amarillo to Del Rio so as to make a more complete map of West Texas on a scale of about a foot or more per mile and will show the contour of the country according to the curvature of the earth.

They will cover the country with a portable steel observing tower and telegraph survey orders during the day by reflected sunlight and at night by electricity. This is both interesting and useful and it will take a month or more to run the lines. Making the map may then take a year or longer.

Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

Our friend Jack Stricklin of the
Brownfield Herald romped all over
the editor of the Lubbock Avalanche
last week for an alleged editorial
statement in the Avalanche that
"Southern Democrats despise Ras-
kob's name with almost as much ve-
nom as they do the strains of
Yankee Doodle". Jack doesn't deny
their animosity toward Mr. Raskob
but he does resent the imputation
that they despise the strains of
"Yankee Doodle". His point is well
taken. There is far less prejudice in
the South against the North than
there is in the North against the
South. Although the War between
the states is now sixty-five years be-
hind us, even the Democratic party
has never yet dared to nominate a
resident of the South as its candi-
date for the Presidency. We've got
to go to the North or East for our
candidates. This is due in part to
the fact that normally there are no
doubtful states in the South but it
is also due in a large measure to
the sentiment in the North and East
against a Southern man. Examine
any of the great or popular encyclo-
pedias, and it will be found that
much space is often given to even
mediocre men of the North whereas
only a few lines are given to the
outstanding men of the South. Pick
up any magazine on your news
stands and see if you can find any
publicity about Southern statesmen,
Southern poets, or Southern educa-
tors. You'll find precious little. Is
this due to our inferiority? Is it due
to the fact that we are doing nothing
worthy of notice? Not entirely,
by a jug full. It is due chiefly to
the fact that the North yet feels
that "nothing good can come out of
Nazareth". The North and East
speak and think of the South in a
condescending air. The remedy is for
the South to assert its political and
industrial independence of the North
—to quit permitting any party to
carry the vote of the South around
in its vest pocket—to quit permit-
ting the North to dictate our party
platforms and our candidates. At
the same time we must build up the
South industrially. We should quit

raising cotton in Texas to be manu-
factured into cloth in New England.
We will never command the respect
of the North so long as we are con-
tent to be its political or industrial
vassals. The South does not and
should not hate "Yankee Doodle"
but it should show some spunk and
give the North and East to under-
stand that henceforth it is not to be
treated as a mere province in this
great sisterhood of states.

The whole country gets satisfac-
tion out of the success thus far
scored by the courts in the Al Ca-
pone case. Judge Wilkerson made
the whole world sit up and take
notice when he refused to assess a
little two-years penalty. When Ca-
pone entered a plea of guilty a few
months ago pursuant to agreement
with prosecutors that a light punish-
ment would be assessed. Capone
withdrew his plea of guilty and the
case was set down for trial. A jury
in the federal court a few days ago
found him guilty on three felony
counts and two misdemeanor counts.
But in the federal court the jury
does not fix the punishment. The
judge does that. So Judge Wilker-
son took the matter under advisement
and on Saturday announced
his decision—eleven years in prison
and a \$50,000 fine. It was quite a
shock to Capone. He had enjoyed im-
munity for his crimes so long that
he felt himself above the law and
the courts. When he saw a long term
at Leavenworth and a \$50,000 fine
staring him in the face, he became
furious. He threatened to attack a
federal officer who served upon him
a notice that certain property of his
had been seized by the Government
to be applied on his unpaid income
tax. He made fight upon a photogra-
pher who sought to take a picture
of his ugly mug. In short, he showed
plainly the sorry stuff of which
he is made. It is a shame that he
was permitted to defy the law and
live like a king so long, but the
courts are to be congratulated that
at last he has been brought to jus-
tice. Of course his attorneys are
taking an appeal but very few cases
are reversed in federal courts. It
looks like the big racketeer king has
come to the end of his row.

In the News last week we publish-
ed a press report of a meeting of
Texas bankers held in Dallas in
which they voted to finance holding
every fourth bale of this year's cot-
ton crop from the market until next
July and indorsed a resolution pledg-
ing themselves not to finance any
farmer who would not obey the new
Texas law limiting cotton planting
next year to 30 per cent of the cul-
tivated lands. We consider this one
of the most significant moves yet
made for the rehabilitation of the
cotton farmer. With the bankers co-
operating with the farmers in hold-
ing a portion of the present crop of
the market and cooperating with
the enforcement officers to secure
compliance with the cotton acreage

reduction law next year, it does seem
that things are beginning to look
better. Cotton shall yet be king
again—but we hope that it will never
again be the whole show.

It seems that the railroads got in
some effective work when they in-
duced the present legislature to pass
the anti-truck law which recently
went into effect. There is no ques-
tion but that there was some need
for regulating the operation of
trucks on the public highways but
it seems the legislature swung to
the opposite extreme from no-regu-
lation, and almost put the trucks out
of business. This truck law is likely
to be one of the issues in the next
gubernatorial race.

More than a thousand trees were
planted out in Lamesa last year, ac-
cording to the Lamesa Reporter.
That they will add greatly to the
attractiveness of the town within
the next few years is a foregone
conclusion. Tahoka already has many
trees but she needs a few more.
More than trees, however, she needs
roses and evergreen shrubs, such as
arbor vitae. Nothing adds more to
the beauty of a town in the winter
time than rich green shrubbery.
Let's plant out more rose bushes and
shrubbery.

Tahoka has reason to be proud of
her city park. It is one of the beauty
spots in our town. Of course that
old tabernacle is not beautiful but
it is useful, and the trees are simply
lovely. In a few years more they
will be magnificent, if properly car-
ed for. A good day's work was done
a few years ago when this park was
planted out in trees.

**Opinions
Of Our
Readers**

Our 1931 Texas Legislature
As a voter and tax payer for 36
years in Texas I feel, with every
other voter, that I have a right to
criticize the acts of the men we
elected to make laws for us in Aus-
tin.

While I have tried to keep an open
mind during the past sessions of
our Legislature, I am forced to
think that a large per cent of the
members should be retired to private
life at the next election.

I do not want to be misunderstood.
I am sure that a large number, prob-
ably over half, are working for the
best interests of the people who
elected them, but it seems to me that
a large number, either through ig-
norance of what the people want or
need, or for some other reason, are
not trying to do what should be
done.

We are paying them well now, and
have a right to expect good service.
The six months they have been in
Austin so far this year has cost the
tax payers over \$1800.00 for each
member of the Legislature. It seems
hard to keep a quorum together to
do business many times. I think
there should be a law passed and en-
forced, to not allow a member to
collect his \$10.00 pay for any day he
is not present during the sessions,
unless he has a very good reason for
his absence.

This Legislature has given us a
very good yard-stick to measure
them by and I think we should use it.

I would take FIVE bills that were
put before the Legislature and that
I am sure the masses of the people
wanted and need badly, and elimi-
nate every man who voted against
any two of them. I think really it
should be one instead of two, but I
do not want to be unjust to them.
The vote of every man is recorded
at Austin on these bills, and should
be given to all the people before the
next election.

First, the cotton conservation bill:
I think this should have been passed
with very little delay. It required
rotation of crops, which every good
farmer should practice anyway, and
would kill out Root Rot which is
getting bad in the cotton fields where
rotation is not practiced. I recently
drove from Corpus Christi to Big
Spring, 500 miles, and practically
every field of cotton showed Root
Rot. Also, this bill would have cut
down cotton acreage about one half.
We finally got a similar bill, though
not so good, passed by calling a
30 day special session and practical-
ly forcing them to pass it.

Second, the commission bill: which
I think should form a commission
like the Railroad Commission, to
have charge of oil operations, and all
other public utilities, except trans-
portation which should be left with
the R. R. Commission. Public util-
ities have been largely controlled by
competition, but many are now so
large and strong financially that
they must be controlled in some oth-
er way, and a commission seems

best.
Third, the divorce bill to pre-
vent the large oil companies from
getting full control of the oil busi-
ness, from the land lease to the re-
tail filling stations, I think this is
too much power to allow in private
hands and should not be allowed, or
at least, this should be strictly regu-
lated.

Fourth, the drivers license bill
should by all means have been pass-
ed. It would save many serious ac-
cidents every year.

Fifth, I think the salary reduction
bill should have been passed. Salaries
that were raised because of
higher living costs, should be re-
duced when living costs have fallen
as they now have. And, especially
when the income of those who have
to pay the taxes has fallen so very
greatly, not to reduce them is to
raise them still more.

I suggest we get the record of ever
Legislator and eliminate every
one who voted against any two of the
above five bills.

New Lynn

Well, folks, this part of the old
world is wet once again. A heavy
down-pour of rain fell here Tuesday
night. A few hail stones accompanied
the rain, but not enough to damage
the cotton. The rains have been a
great help to roads, wheat and fall
gardens.

A few more cotton pickers have
drifted into our community, but
there is still a demand for help in
gathering the cotton crop.

tended singing at Edith Sunday.

**IS YOUR GAS
EQUIPMENT READY
FOR THE WINTER?**
Summer is nearing its close and crisp evenings soon
will begin to give warning of winter's approach.
The efficiency and economy of your gas-burning
equipment will have much to do with your winter
comfort and peace of mind.
Have you taken any steps to correct defects that ap-
peared last winter? Is your furnace of the proper
size and type? Are your burners of an efficient
type and are they in proper adjustment?
Is your water heater in the bathroom, and if so,
does it have a flue to carry away the dangerous
fumes that might result from an improperly adjust-
ed burner or from a flame turned too high against
a cold surface?
Or perhaps you are planning a new home. Do you
know what type and size of furnace will give service
with efficiency and economy? Do you know where
the hot and cold air ducts or the radiators should be
located, or what size they should be?
These are only a few of the heating problems which
the Service Department is prepared to help you
solve—and without cost to you. The department is
manned by experts in gas appliances and their ad-
justment.

REUCTION IN FREIGHT RATES ON COTTON SOME HELP TO FARMER

By MARVIN JONES
Congressman, 18th Con. District
I am very much pleased with the recent freight rate reductions on cotton from Texas points to the Gulf ports.

For several years I have been making a fight to secure a lowering of these freight rates in order to place these commodities on the same basis with industry.

For many years industry has had freight rate reductions ranging from 25 to 40 per cent on commodities moving into export in order to assist the manufacturers in the disposal of their surplus products.

Steel and steel products moving into export are allowed a 35 per cent average reduction. Cement is given a 40 per cent reduction. Practically all manufactured products enjoy similar reductions. Even farm implements are favored with a 35 per cent reduction below domestic rates.

About two years ago I made the following statement on the floor of the House of Representatives:

"For many years iron and steel products, cement, farm implements and manufactured commodities have been given export freight reductions ranging from 25 to 40 per cent below domestic freight rates. The

United States Steel Company gets the benefit of these reductions, notwithstanding it has not missed a dividend in thirty years. During this period the major farm commodities, wheat and cotton, have not had reduced freight rates; in other words, they have been discriminated against.

"What peculiar charm is there about iron and steel? One of two courses should be adopted. Either those export rate reductions should be allowed on wheat and cotton, or they should be taken away from industry so that the whole rate structure might be lowered."

I am glad that this principle of fairness is at last beginning to be recognized.

The recent changes mean from \$1.00 to \$1.50 per bale increase in price for West Texas farmers.

If the same reduction can now be extended to wheat it will be of great value. The wheat freight reductions made in August were of some value, but they were entirely inadequate. Agriculture should be placed on a parity with industry in these and all other matters.

To restore the purchasing power of the farming section is one of our great national needs.

The railroads are to be congratulated upon this concession. Heretofore their philosophy has seemed to be to solve all their difficulties by increasing freight rates. They have no monopoly on transportation. There is such a thing as freight rates becoming prohibitive and tending to destroy the traffic and to drive it into other avenues. I am sure they will find that these new rates on cotton will abundantly justify themselves.

A fair crowd attended singing Sunday night. Mr. Milton Gollehon was with us. We invite him to come back again and all other good singers, and also listeners are welcome. Some of the Edith folks attended singing at New Lynn Sunday afternoon. They reported a good singing.

Mr. and Mrs. G. C. Lindley and children spent Sunday with his brother and family of T-Bar, Mr. H. F. (Preacher) Lindley.

Grandma Anderson is on the sick list this week.

Mr. Charley Sanders and family of Tahoka took his birthday dinner Sunday with his parents, Mr. and Mrs. Joe Sanders.

Mrs. Jeff Stevens' cousins of Meadow, Mr. and Mrs. H. S. Hawkins and family, visited her the week end.

Mr. and Mrs. H. O. Hargett and girls spent the day Sunday with Mr. and Mrs. Charlie Young and family.

D. A. Willingham and son Jim of Buckholts, Milam county, are here this week visiting the former's brothers, A. M. and F. L. Willingham.

WHAT OTHERS THINK

TEXAS PARKS AND PLAY GROUNDS

We have down here in Texas one of the greatest shows on earth, and perhaps the poorest showmanship.

Kendall, blazing a trail from Austin to Santa Fe, found another of the world's wonders up in the Panhandle. He stood, amazed and awed, upon the brink of canyons that, for no apparent reason at all, plunged abruptly to the bowels of the earth.

He wrote a book about it—a book that has been out of print so long good editions sell for as much as a hundred dollars. But so securely hidden under a bushel is the light of these Northwest wonders, that even most Texans are ignorant of their possession.

In the trans-Pecos country is a range of mountains that for sheer rugged beauty rivals anything in the Western Hemisphere. One peak, at least, is higher than any mountain east of the Great Plains. Yet thousands of Texans stand with mouths agape when they hear this truth; and millions of out-of-state people still think an arrow shot from the shoulder parallel to the ground, at Texarkana, would do no more than frighten rattle snakes until it crashed into the customs house at El Paso.

From San Antonio, down through the Winter Garden district to the tip of the Magic Valley at Brownsville, lies a sun-kissed winter playground that could be a Mecca for weary folk with cash enough to flee the bleak snows and ice of the Northern states. Yet even the Valley is known better for its grape fruit than its matchless climate.

The facts are that more people know Texas as a place General Sherman couldn't swap for Hell than as the scenic wonderland and vacation Paradise it really is.

Tourists spend cash, and lots of it. The tax on cigarettes they'd smoke, would pay for enough printer's ink to bring them into the state in an endless stream—by train, by automobile, by boat. If we would, we could sell for cash a climate and a scenery that still would be ours, no matter how many times we sold it.

We have the show but we have no showmanship.—Editorial Digest.

BERT DOLLINS' MOTHER DIES IN FORT WORTH

Mr. and Mrs. Bert Dollins were called to Fort Worth last Thursday morning by the very sudden and unexpected death of his mother, Mrs. Minnie Dollins, which occurred at 8 o'clock that morning. Death resulted from heart trouble.

Funeral services were conducted Friday by Dr. J. Frank Norris and burial was in Greenwood Cemetery.

Mrs. Dollins had visited here a number of times and had many friends here, who deeply deplore her untimely death.

Everyone is very busy picking cotton and sowing wheat. The wheat that is up, sure is looking fine. The rains we've been having is good on wheat, but it sure is hard on cotton so much of it is knocked out on the ground. Some say they have suffered a 25 per cent loss.

Mr. Earl Arnold is having a time with tonsillitis. He has had to have his throat lanced twice.

Mr. and Mrs. Earl Lancaster visited his parents near Posey Saturday night.

Brother Johnson o. near Krees preached a very interesting sermon for us Sunday morning and Bro. Raybourne of Slaton preached in the afternoon.

Mr. and Mrs. Bailey and aunt of Lubbock, also Mr. F. Thompson of Slaton, spent Sunday with Mr. and Mrs. Frank Thompson.

Mrs. Townsend entertained with a party Saturday in the school building. Various games were played.

Visitors in the Milliken home Sunday were: William Cato, Mr. and Mrs. J. O. Patterson of Tahoka, Mr. and Mrs. Collings and family, Mr. and Mrs. D. H. Hatchett and Don Jr. of Slaton, Mrs. Beulah Shaw of Slaton, Mr. and Mrs. B. Shaw and boys of Lubbock and H. H. Bailey.

Mrs. P. A. Cato gave a Hallo-wen party Saturday honoring the Intermediates. Everyone reported a very enjoyable time.

Aleta Faye Johnson spent Sunday with Inell Jernigan. Jerene Shaw of Wilson visited Lilla Mae Dickerson Saturday night and Sunday.

Ora Belle Massengill of Slaton spent the week end with Ouisa Thompson.—Reporter.

I do not believe you do. If so, just continue to buy what they offer for sale at any price they may suggest and you will be sorry that you did ere long.

They say that the BLUE BONNET GAS is a THIRD GRADE GAS, and insist that you buy the better grade of WHITE GAS at 14 cents.

If you want FIRST GRADE WHITE GAS at the price of 10 cents per gallon, come to THE CONSUMERS FUEL ASSOCIATION and get it; also, 100 per cent Paraffin Base Oil at 20 cents per quart.

When the Consumers Fuel Association went into business here about 22 months ago, gas was selling for 24 cents. We began selling at 16 cents and have not had to pay more for gas since, unless you just wanted to donate to the Millionaire Class.

We are in business to stay and guarantee that Gasoline will always be just as cheap in Tahoka as it will be possible for us to sell it.

We guarantee our Gasoline and Oil to satisfy the most exacting user of Gas and Oil, and if not satisfied we will cheerfully refund your money.

Why run the risk of injuring your motor by buying the so-called Blue Bonnet Third Grade of Gasoline, when you can get a First Grade White Gas at 10 cents per gallon?

Methodists Closing Conference Year

Our Conference year is rapidly coming to a close. On Wednesday of next week will be the occasion of our Fourth Quarterly Conference, which will be Nov. 4. We want to be able at this time to make our reports for the year. We will be able to do this only with the cooperation of all, every member doing his or her part in the final closing up of the year. We have made fair progress along all lines of the church work during the year, and it is hoped that every member will assist in every way possible to finish the entire program of the work in a creditable manner. We all understand conditions with reference to the financial affairs of the country

New Electrical "Wizard" "HOT SHOT"

The newly discovered pulse of the gasoline motor—endorsed by electrical engineers—a really remarkable electrical invention—saves up to 30 per cent on gasoline and up to 60 per cent on oil—starts cars, trucks and tractors instantly without continual use of choke—checks carbon and crank-case dilution—increases speed 5 to 15 miles—more power and quicker get-away. "Hot Shot" will take you over the top on high where you are now running in low.

Ivan Cathcart
Agent

at this time, but even in the face of these conditions if every one will do as "Mary did when she annointed the Savior's head with the precious Ointment"; and Jesus said, "She hath done what she could". If every one of us will do what we can, the work will be completed in a way that will make all feel good and then it will be pleasing to our Lord. We are now in less than two weeks of our Annual Conference.

We are having some very interesting illustrated Bible lectures at the evening hour on Sunday evening. We especially urge that all attend and enjoy them, together with the real benefit that you will derive from them. Also we have in connection with the Bible Lecture illustrated Gospel songs that you will enjoy and appreciate more than you can imagine, they mean more to you because you can see what it is all about. These are for your benefit. Bring the children and let them enjoy these things too. They will make lasting impressions on their minds that will be a help to them through life. Unless we do something to offset some of the impressions that are made on their minds both through the movies and through some of the literature that they read they will have a hard problem to solve through life. If we can make it easier for them to choose the right way why not do it? And if we can do that we should do it. So come and bring the children.

J. W. SHEPHERD, Pastor.

Mrs. J. H. Holloway and daughter, Mrs. Fay Ruth Williams, left last Thursday to visit in Sulphur Springs. They were accompanied as far as Dallas by Mrs. Laura McCormack, who went to visit relatives there.

Mrs. Hurst of Three Lakes was taken to Lubbock for an operation Tuesday.

ONLY FEW ILLITERATES IN THIS SECTION OF STATE

Almost 99 per cent of the inhabitants of the South Plains—persons above the age of 10 years—in varying degrees, have taken advantage of the facilities offered for obtaining an education, a recent report of the bureau of census reveals.

Based on the 1930 census, only 1.28 per cent of the 116,721 persons above the age of 10, living in 11 South Plains counties could neither read nor write. The 1496 illiterates included in the count reside in the following counties: Crosby, Dawson, Floyd, Garza, Gaines, Hale, Lamb, Lubbock, Hockley, Lynn and Terry. This group of counties had a total population of 153,689 when the nation-wide count was taken.

With the smallest population total, 2800 inhabitants, Gaines county also had the smallest percentage of illiterates. Only nine persons in the county, or .4 per cent of the total population, could neither read nor write. Garza county headed the illiteracy column with a percentage of 2.7. Rating of the other counties follows: Lamb, 1.3 per cent; Lubbock, 1.3 per cent; Terry, 2 per cent; Hale, 1 per cent; Hockley, 1.1 per cent; Crosby, 1.5 per cent; Dawson, 1.2 per cent; Floyd, .6 per cent; Lynn, 1.3 per cent.

The percentage of illiterates in most of the counties was increased by negro population. Only a small number of native and foreign born white were placed in the illiterate column.

PHEBE WARNER CLUB MEETS WITH MRS. TURRENTINE

On Friday afternoon, Oct. 23rd, the Phebe K. Warner Club met at the home of Mrs. L. E. Turrentine with twenty one members present.

Plans for the State Federation meeting which will occur in Lubbock on Nov. 8, 9, and 10, were discussed. The President, Mrs. E. E. Callaway, was elected delegate and Mrs. G. M. Stewart alternate.

A most educational talk on Disarmament and World Peace was given by Mrs. R. W. Fenton Sr. This issue is a national problem and received hearty support by members and guests.

Mrs. Frank Cook's donation of several books for the Club library was very much appreciated. The library will soon be opened to the public.

Mrs. Frank Larkin was elected to membership. The following program was rendered:

Music, "Texas, Our Texas"—Club Roll Call—One Fact About Some Noted Texas Musicians.

The Influence of Four Nations on Texas Music and Contributions of Anglo-Americans to Music in Texas—Mrs. G. M. Stewart.

Selection from David Guion and Facts About Him—Mrs. J. H. Powell. After the above program, Clifton Janak entertained the Club with a solo, "Hills of Home". He was accompanied by Mrs. Rubie D. Sudarth.—Reporter.

Locals

W. A. Yates, who lives out west of town, is nursing a very bad hand in a sling this week. On Sunday morning he got it cut on a barbed wire. It became infected and Monday morning he was compelled to come to a doctor to have it treated. The physician found it in a badly inflamed and virulent condition, but it is now healing nicely.

Mr. and Mrs. John Killian of Dierks, Arkansas, are here this week visiting their son and daughter, Wes Killian and Mrs. Jasper Reid, and their families. This is Mrs. Killian's first visit here. Mr. Reid told the News, and she is greatly enjoying this West Texas breeze.

Laurence Sanford came in from El Paso last Thursday, where he had been a few weeks. While there he had an operation on one of his feet, which had been broken several years ago.

Mr. and Mrs. Jim Middleton and family were visitors here Sunday in the home of Mr. and Mrs. S. R. Kemp. They were accompanied home by Miss Lucille Kemp for a few days visit.

Italy's increase in the use of hydro electric power has displaced an annual coal consumption of 9,000,000 tons.

The News Twenty-Five Years Ago

From Files Of Lynn County News October 26, 1906

News Building Sold
Messrs. Reed, Rouse & Robinson, having sold the Lynn County News building to H. J. Coughran, who also bought the Joe Elliott stock of drugs and will run a drug store in the old News building, so the News force will be very busy the next few weeks building a new home on the east corner lot on the south side of the square and moving into new quarters. So excuse us, please.

Meyers Raises Giant Turnips
I. W. Meyers of Lynn community sent the firm of Reed, Rouse & Robinson a turnip which weighs 6 3/5 pounds. This is an addition to the exhibition already on display at their office. The News had another turnip from the same farm weighing 5 1/2 pounds. These turnips were raised without irrigation. If some of the easterners would come to Lynn county in the fall we could show them things that would make a jay bird's eggs look tired.

Cotton
Don't sell your cotton, if the price doesn't suit you. We will loan you \$40.00 per bale at 6 per cent interest. See H. M. Larkin at the Fair.

Railroad Meeting Held
At a mass meeting held at the court house last night two committees were appointed as follows: To secure right of way: Messrs. L. B. Shook, C. E. Brown, and J. S. Wells; To secure bonus: Messrs. W. K. Ray, J. S. Wells, M. M. Redwine, S. N. McDaniel, J. E. Stokes, G. W. Reid, and H. C. Crie.

Bonus subscriptions to the amount

of \$7,510.00 were announced.

Locals
Fred McDaniel, who accompanied Mr. Alley to Big Spring with cattle last week, will remain and attend school there this winter.

P. B. Penny and family of Lubbock are visiting his sister, Mrs. Stokes of this place.

R. A. Milliken of Rummels county is visiting J. S. Wells of this place. Mr. Milliken has bought some land and also ordered the News renewed. Messrs. Thomas, Hunt, and Hubert Bradley are building a fine barn at Mr. Alley's place north of town. This barn will be one of the largest private barns in this part of the country.

Lewis Robinson has sold his home to H. J. Coughran, who takes possession immediately. Lewis and his wife are making their home at the Tahoka Hotel until they can build their new residence in the east side of town.

Among the advertisers we note the Coughran & Co. advertising men's and boy's clothing and groceries; Wells & Welcher, general store; Ousley & McCormick, general store; The Lamesa-Tahoka Hack Line with John Kinchloe as proprietor; The Plains Wagon Yard operated by Peters & Alford at southwest corner of the square; Stokes & Wells hardware, at northwest corner of the square; The Tahoka Wagon Yard and Livery Stable, Simmons & Reed; and the Lubbock, Tahoka, Gail Big Spring Hack Line operated by Hale & Hale.

SHERIFF'S SALE

Notice is hereby given that by virtue of a certain Order of Sale, issued out of the 99th District Court of Lubbock County, Texas, on a judgment rendered in said court on the 18th day of October, 1931, in Cause No. 4709 in favor of The Peoples Building & Loan Association of El Paso, Texas, a Corporation, and against W. B. Phillips, Mrs. W. B. Phillips, Edgar Ellis, First National Bank of O'Donnell, Texas, C. A. Rayburn doing business under the name of The Rayburn Chevrolet Company, and The Humble Oil Company, a Corporation, for foreclosure of its lien on the hereinafter described property against all of said Defendants and against W. B. Phillips and Edgar Ellis for the sum of twenty-nine hundred ninety-seven and 01/100 (\$2997.01) dollars, together with costs of court, I did on the 21st day of October, 1931, at 10 o'clock A. M. levy on the following described tract and parcel of land situated in the county of Lynn, State of Texas, as the property of W. B. Phillips, Mrs. W. B. Phillips, Edgar Ellis, First National Bank of O'Donnell, Texas, C. A. Rayburn, doing business under the name of The Rayburn Chevrolet Company, and The Humble Oil Company, a Corporation, to-wit: All of Lots Nos. 1, 2, 3, 4, 5, and 6, Block, 116, original town of O'Donnell, Lynn County, Texas, and on the 1st day of December, being the first Tuesday of said month, between the hours of 10:00 o'clock A. M. and 4:00 o'clock P. M. on said day at the court house door of Lynn County, Tahoka, Texas, I will offer for sale and sell at

public auction for cash to the highest bidder, all the right, title and interest of the said W. B. Phillips, Mrs. W. B. Phillips, Edgar Ellis, First National Bank of O'Donnell, Texas, C. A. Rayburn, doing business under the name of The Rayburn Chevrolet Company, and The Humble Oil Company, a Corporation, in and to said property.

The above sale to be made to satisfy said above described judgment for Twenty-nine Hundred ninety seven and 01/100 (\$2997.01) Dollars in favor of The Peoples Building & Loan Association of El Paso, Texas, together with costs of said suit and the proceeds applied to satisfaction thereof.

Witness my hand this 21st day of October, 1931.

B. L. Parker, Sheriff Lynn County, Texas.

By J. H. Bulman, Deputy. 9-4tc.

SHERIFF'S SALE

Notice is hereby given, that by virtue of a certain Order of Sale, issued by the 99th District Court of Lubbock County, on the 8th day of September, 1931, in a certain cause wherein B. Sherrord, plaintiff, and W. B. Evans is defendant, in which cause a judgment was rendered on the 8th day of September, 1931, in favor of said plaintiff, B. Sherrord, against said defendant, W. B. Evans, for the sum of Seven Hundred Thirty-Four and 80/100 (\$734.80) Dollars, with interest thereon at the rate of 8 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will on the 1st day of December, 1931, within the legal hours, proceed

to sell for cash to the highest bidder all the right, title and interest of W. B. Evans in and to the following described personal property, levied upon as the property of W. B. Evans, situated in Lynn County, Texas, to-wit:

The north one-half (N 1/2) of Block No. Fifteen (15) of the Shook First Addition to the Town of Tahoka, Texas, and said north one-half (N 1/2) of Block No. Fifteen consists of Lots No. 1, 2, 3, 4, 5, 6, 7 and 8 all of which is shown by deed recorded in Vol. 50, Page 5, Deed Records of Lynn County, Texas; as said lien existed on May 23, 1936, and thereafter.

The above sale to be made by me to satisfy the above described judgment for Seven Hundred Thirty-Four and 80/100 (\$734.80) Dollars, in favor of B. Sherrord, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

B. L. Parker, Sheriff Lynn County, Texas.

MORE MILK--and a SAVING IN FEEDING COSTS

SOUTHWESTERN dairymen who are making the largest net profits from their herds are raising their own roughage (wherever possible) and providing good pasture; BUT they are buying the best concentrates the market affords.

And more dairymen every day are using **RED CHAIN** 24% Dairy Ration as the best concentrate for their cows. They find that **RED**

CHAIN may cost a few pennies more per bag--but IT LOWERS THE COST PER GALLON OF MILK, OR POUND OF BUTTERFAT.

RED CHAIN Dairy Ration will lower YOUR feeding costs--and increase your production and profits.

The Power Is On

Just turn the switch or push the button and power is on. Constantly and with assurance, electrical power from Texas Utilities is used every day for a multiplicity of things. It may be to light the smallest bulb in the city, or turn wheels of the largest motor, or again, a sewing machine or electric sweeper, but always and in the same strength, the power is there to perform the same task. Every individual connected with the Texas Utilities is schooled to perform his task with accuracy and precision. Every person is trained to perform his task economically. Were these things not true, we could not use the word "constant" in regard to power supplied by us. It is also our constant policy to serve the greatest number of customers at the lowest possible cost, and it is toward the fulfillment of this policy that everyone works.

CONSTIPATION take

"If I got constipated, I would get dizzy and have swimming in my head. I would have very severe headache. For a while I thought I wouldn't take anything--maybe I could wear out the headaches; but I found they were wearing me out. I found Black-Draught would relieve this, so when I have the very first symptoms, I take Black-Draught and now I don't have the headache. I am a firm believer in Black-Draught, and after using it 20 or more years, I am satisfied to continue its use."

Will Announce "Hidden Quart" Contest Winners

Announcement of winners in the \$10,000 cash prize contest sponsored by Continental Oil Company, for the best answers explaining "The Mystery of the Hidden Quart", will be made in an advertisement in next week's issue of The Lynn County News.

The success of this advertising campaign, in which motorists were invited to compete for \$10,000 in prizes for the best answers to the question, "What becomes of the hidden quart of Conoco Germ Processed Motor Oil, and how does it benefit motorists?" has so far surpassed expectations that the winners cannot be announced as early as was anticipated.

A preliminary examination of all of the thousands of entries in the contest has been completed, and the judges are now making their final inspection of the entries, with the view to announcing the winners next week. The judges are: Dr. W. B. Bizzell, president of the University of Oklahoma; John A. Hunter, professor of mechanical engineering, University of Colorado; and Frank L. Martin, associate dean, school of Journalism, University of Missouri.

PASTOR HULL DISCUSSES GRAND JURY'S REPORT

(Continued from first page)

here. Mr. Heck did so in vigorous language, explaining how a dance and a quantity of beer had contributed to the downfall and disgrace of a young girl from a most excellent family who had appeared before that body with her three-weeks-old infant in arms. "As I listened to the story of that girl, tears running down my cheeks, I resolved then to fight these dance halls to the full extent of my power", Mr. Heck declared.

The pastor stated that dance halls are prohibited by city ordinance in Lamesa, Brownfield, and Post, and expressed the conviction that they ought to be outlawed here. He suggested that if the men of Tahoka would not press the matter then the women should get busy and make their influence felt.

A large congregation was present to hear what the preacher should have to say regarding this grand jury report.

FEDERAL JUDGES UPHOLD NEW STATE TRUCK LAW

(Continued from first page)

for the carriage of freight by highway." Federal Judge Duval West of San Antonio concurred with Judge Hucheson.

Dissenting Federal Judge T. M. Kennerly of Houston said he felt some provisions of the act were in fact a restriction of the right of contract.

Injunctions to restrain enforcement of the law, sought by J. H. Stevenson and intervenors, were denied. Attorneys said an appeal would be taken to the supreme court.

FEDERAL BODY SAYS NEW TRUCK RATE LAW IS LEGAL

Austin, Oct. 26—Preliminary to adopting rate tariffs and promulgating regulations governing operation of common and contract carriers under the recently enacted truck law, the Texas railroad commission today started a hearing in which all concerned were to be given an opportunity to make proposals and enter protests.

A suggestion by contract carriers that the hearing be postponed on grounds insufficient notice had been given was rejected. It was claimed that a full 10 day's notice had not been afforded. The commission held that an emergency existed for immediately placing into effect provisions of the new law.

Under the old law, superseded by the one house bill 335 enacted by the regular session of the 42nd legislature, the commission was not empowered to regulate rate of contract carriers, or class B truck operators.

The new statute, upheld by a two-to-one decision of the three-judge United States district court, authorized the commission to fix minimum rates contract carriers shall charge for their services on the highways. The law directs that the minimum charge for contract trucks shall be the same as that for common carrier trucks (class A).

294 AMERICAN ARTISTS WILL EXHIBIT AT LUBBOCK MEET

Lubbock, Oct. 29—Three hundred or more delegates are expected for the thirty-fourth annual convention of the Texas Federation of Women's Clubs here Nov. 9 to 12. Mrs. Wm. Dingus, general chairman of local committees estimates.

These delegates will be busily engaged from the time of their arrival until the close of the convention, Thursday evening, Nov. 12.

A total of 294 artists from different parts of the United States are exhibiting pictures at this convention in competition for award of the \$500 Cash Purchase Prize contest conducted by the federation. The winning picture will be hung in the new federation home at Austin.

Wilson

The ideal weather conditions for the past few days are enabling the farmers to get right after their cotton and to date there has been more than 2,500 bales ginned at our local plants. Still it seems that they are only getting started. There seems to be very little news as every available person in town is helping to gather the crop and everybody out of town is as busy as can be.

Good services at both Baptist and Methodist churches were reported Sunday. The Baptists report that the mid-week prayer—service is gradually increasing in attendance and on last Wednesday night there were 24 present and at Sunday school there were 71 present and on time, while there were a number that came in late. 22 local B. Y. P. Upers were on time at the zone meet at Tahoka Sunday afternoon and 8 or 10 got in too late to be counted. All the church extend a cordial invitation to everyone to be in each of their respective services at any and all times.

At a funeral service last Thursday

of a Mexican who passed away on Wednesday an unusual occurrence took place in that in the absence of a minister the services were conducted by one of our fine lady school teachers, Miss Lela Day, who has charge of the Spanish department in our local school. Miss Day speaks and sings in Spanish very fluently, and the service was carried out in a very impressive way.

In the Unanimous Mission gift that went through the Baptist Church last Sunday there were 71 envelopes passed out and 60 returned which showed some \$70.00 in offerings, which we think is very fine.

The Associational Workers meeting of the Brownfield Baptist Association will meet with the local church Tuesday, Nov. 3, in an all day session. This meeting was postponed from a month ago on account of rainy weather. A good attendance is expected.

If every thing works out as planned, the school at this place will open for business next Monday, Nov. 2. The out of town teachers are due to arrive Saturday and Sunday to be ready for work Monday morning.

Miss Clarice Hull is visiting relatives in Floydada this week.
