LARGE WHEAT ACREAGE HERE

Grain Crops Look Fine And Will Furnish Winter Pasturage For Live Stock

Possibly more wheat has been sown in Lynn county this year than ever before, and the plant is looking fine.

For instance, County commissioner McLaurin told us Monday that he had 300 acres of wheat up and growing beautifully. It is bunching and spreading now and promises to make much winter pasturage.

Then Elton George, another commissioner, who has held that office from the time whereof the memory of man runneth not to the contrary, told us that he has 100 acres. He had none last year. His wheat also is looking fine.

There are many patches in the county, most of them small but some of them larger, and they are all doing well. These fall rains have been just the thing for wheat. It is hoped that a rich harvest will be threshed next Spring, and even if it doesn't bring but 25 or 30 cents it will beat 5 cent cotton.

Plea Is Made By Local Red Cross

To the citizens of Lynn county:

We are now in the second week of the 50th anniversary annual Red Cross Roll Call. Lynn county's quota is 400. 150 have already enrolled. A great many who received aid this spring have already enrolled. The Gordon school community had before the roll call started done themselves proud by enrolling a great number without being asked.

The last spring the national Red Cross spent in cash in our county something over \$5,000.00 and supplied vegetables valued at more than \$2,000.00, and also supplied nearly a car load of wheat and over \$1,000.00 of garden seed for planting. This help went to you or your neighbor—kept them and their little ones from suffering from hunger and cold—and it was an indirect aid to every one in Lynn county—to the merchant, banker, attorney, doctor—the above amounts of money was spent here in Lynn county and it came from the national Red Cross. Now it is up to every citizen of Lynn county to show our appreciation for this relief that kept our citizens from suffering this past year. Boost the roll call. Join yourself; have your neighbor to join. The national Red Cross exhausted its reserve to help you or your neighbor. We now appeal to every citizen to help Lynn county give 400 members to the Red Cross. Just \$1.00 makes you a member. The roll call ends the 26th of this month. So help us get the 400 members. It would be a shame not to enroll 400. Help us! Do your part!

B. P. MADDOX, Chairman Lynn County Chapter of Red Cross.
W. S. ANGLIN, Chairman Roll Call, Lynn County.

Camp Fire Girls Will Hold Council

The Camp Fire Girls invite the public to attend their Thanksgiving council fire, which is to be held on the vacant lot east of the High School building Thanksgiving night, November 26.

The purpose of the invitation to the patrons and friends of the Camp Fire Girls is that they may better understand the purpose of the Camp Fire organization. Therefore, all those who are interested in Camp Fire work are cordially invited and expected to be present.

Post Will Play In Tahoka Friday

The Tahoka Bulldogs will play the Post Antelopes on local gridiron tomorrow afternoon in what promises to be a closely contested battle. This will probably be the last football game of the season for the local boys since no game is matched for next week.

In the first game of the season, played at Post, Tahoka lost by one touchdown, 6 to 0.

L. H. Perkins Turns Weather Prophet

L. H. Perkins says that since J. H. Edwards thoroughly discredited himself as a weather prophet he will try his hand. He opines that we will have no frost nor freezing weather until after the moon "fills", which will be Thursday of next week. He says that newspaper reports to the effect that the record has been broken this fall as to the lateness of the first killing frost is all wet. He says that in 1921 killing frost did not appear until the latter part of November. Jack Applewhite chimes in and says that in 1924 frost did not come here till near the first of December. So that's that.

Wyatts Feeding Out 92 Beeves

Ninety-two steers are being put on feed by Wyatt Bros. at their pens near the Texas wholesale oil station in the east part of town and will be fed about 120 days before going on the market.

The steers are Herefords, mostly pure bred, and are yearlings and two-year-olds. Wyatts bought them from Lovington, New Mexico, ranchmen, and they were driven overland, arriving here last Friday.

Fountain Wyatt says they will be fed home grown and home ground feed, principally hegarri and maize heads and roughage, corn, and some cotton seed meal.

It is estimated that more cattle are being fed out on the Plains this year than ever before, and with the low price of feed and range cattle this should prove a profitable business, as it almost always does, even with feed at a high price.

Impounding Case Is Tried Tuesday

The case of G. W. Williams vs. H. B. Armstrong was tried in the county court Tuesday, resulting in a verdict for the defendant. The case was tried before the court without the intervention of a jury. It had been previously tried in the justice court and had been appealed to the county court.

Williams was suing Armstrong for fees amounting to about \$28.00 accruing from the impounding of certain live stock belonging to Armstrong. Armstrong's defense was that it was not shown that the live stock had been found running at large within the city limits, and he won his point.

Chas. Hunter Weds Hollywood Lady

Charles Hunter, formerly of Tahoka was recently married in Hollywood, California, according to information received here by friends.

Charles has been in Hollywood for the past two years. He and two other Tahoka boys, Eugene Patterson and Joe Ivan, organized a cowboy orchestra on the west coast in 1929 and soon signed a contract with Paramount-Publix Pictures Corporation to play over Station KNX of Hollywood, and have been on the air three or four times a week ever since. Their orchestra is known as the "Arizona Wranglers", and they have become leading radio entertainers of the West.

Charles' many friends here wish him and his bride much happiness and prosperity.

SHOWERS STOP PICKING HERE

Friday's Rain Totaled .53 Of Inch, Monday's .39; Puts Season In The Ground

Driven by a strong northwest wind, rain amounting to .53 of an inch fell here Friday night. On Monday night another rain coming from the same direction and likewise accompanied by considerable wind fell here amounting to .39 of an inch. Both these rains covered the entire county and the precipitation was heavier in some localities than it was here.

These rains have done some damage to the ungathered cotton and have delayed picking considerably but they are fine for the growing wheat and are placing a fine season in the ground preparatory for another crop. Some who have not already done so are planning yet to sow wheat.

John Kemp of McCauley is here this week visiting his brother, S. R. Kemp.

Musical Program On Thanksgiving

This coming Sunday evening in the auditorium of the First Baptist Church, the choir will have the entire hour to render a sacred musical program.

It has been the custom of the present pastor to give the preaching hour to the choir on the Sunday evening preceding Thanksgiving. Those who have taken advantage of hearing these programs in the past have greatly enjoyed them. To these, and all others who enjoy gospel songs rendered by a choir that has made preparation, we extend a cordial welcome to be present Sunday evening at 7:30 o'clock.

There will be choruses, anthems, quartets two-part songs, duets, and solos. All these will be songs of praise and thanksgiving. The theme of the entire service will be that of thanksgiving. If you have anything for which you are thankful, come; if not, be sure and come and it may be some song will suggest something. At this season of the year our hearts should be filled with songs of praise to God for every good blessing of the past year.

The choir extends a cordial invitation to friends in other communities to enjoy this program. The ushers will provide extra chairs and try to see that every one is made comfortable for the program.

Thomas Completes County Tax Rolls

A. I. Thomas has just completed his tax rolls and they were approved by the commissioners' court in session Monday.

Mr. Thomas was late in getting his rolls completed by reason of the fact that the state rate was given to him two months later than usual, he says, but the completed rolls are certainly neat.

Muleshoe's Cotton Puller Outshines Lynn County's Mexican Champion

The News had a communication this week from T. H. Murrah, formerly of this county but now residing at Muleshoe in Bailey county, enclosing a clipping from the Muleshoe Journal in which it is asserted that a cotton boll puller in that vicinity Arthur Husted had pulled 2512 pounds of cotton in 13 hours. Mr. Murrah says that Husted has a cousin who pulled 1524 pounds in a day and another cousin, just a high school girl, who pulled 915. "Just sending this to show what Bailey county has", Murrah writes. The clipping from the Muleshoe Journal is as follows:

"What is considered a record for this section and perhaps for the entire state in pulling cotton, was established by Arthur Husted last week, when he pulled 2,512 pounds of cotton in 13 hours."

"The pulling was done on the farm of Ray Bryant, living six miles north and one mile west of Muleshoe, and was done in a field of cotton that averages around a bale per acre. Husted is here from Weatherford,

SIGN MEMBERS TO RED CROSS

Many Already Enrolled, But Anglin Asks For Aid In Putting Over The Drive

W. S. Anglin, Red Cross Roll Call chairman, reported that citizens of Tahoka had contributed \$90.00 up to noon Tuesday to Red Cross work since the drive started on November 11.

He says that the national organization is calling upon this county to raise only \$400.00, half of which will be left in this county for use locally. He calls attention to the fact that the total contributions to the people of Lynn county last winter and spring by the national Red Cross exceeded \$11,000.00. At the rate of \$200.00 per year, it would take 55 years for Lynn county to repay this sum. While the national organization is not asking for repayment, yet Mr. Anglin feels that as a matter of appreciation and gratitude the people of Lynn county should respond liberally now and go away over the top.

Mrs. Callaway Is Speaker At Club

The Phebe K. Warner Club held its regular meeting on last Friday at the home of Mrs. W. D. Nevels.

The outstanding feature for the afternoon was the report of the State Federation convention by Mrs. E. E. Callaway, president and delegate.

Following this report, talks on Club affairs were made by Mrs. Nevels and Mrs. Elliott.

Plans were perfected for the opening of the library to the public on Saturday, Nov. 21, from 2 until 5 p. m., at which time Mrs. Applewhite and Mrs. Callaway will be in charge.

Husbands' evening will be celebrated with a banquet on Nov. 24 at the American Legion Hall.

Mrs. W. L. Burleson was elected to membership. The following program was given: Roll call—What we as Club Women can do to Promote World Peace. How International Relations are Carried on Between the United States and Other Nations—Mrs. Weathers.

Foreign Relations on American Continents—Mrs. Tunnell. Music in Costume—Mrs. Turrentine.—Reporter.

A large acreage of tomatoes for next season is being promoted at Denton.

New Home Scene Of Gaming Cases

Officers made a raid on a dice game in the vicinity of New Home last Friday night and placed several of the alleged offenders in jail. Four of them pleaded guilty to complaints filed in the justice court at New Home and paid their fines. The others were released for lack of sufficient evidence to convict.

Plains Poultry Show Dec. 9-11

The Panhandle Plains Poultry show will be held at Slaton Dec. 9, 10, and 11, the executive committee in session Saturday at Plainview voted.

One change was made in the committee membership. R. B. Davis of Plainview was named to succeed E. E. Young formerly of Falls on the board. Young is now living in San Angelo.

Taylor White of Tahoka, president of the poultry show association, was in charge of the meeting. Others attending were A. J. Payne of Slaton, secretary-treasurer and manager; D. F. Eaton of Lubbock; R. B. Davis of Plainview; J. E. Bowman of Plainview; and W. M. Draper of Quitaque.

Several changes in the prize awards, voted at the session, will be announced in a short time by Payne, he said last night. A few prize awards were reduced, but not appreciably.

Secure Teachers Institute Speakers

Tentative list of speakers for the annual Lynn county teacher's institute to be held at Wilson on December 4 and 5, was announced by H. P. Caveness, county superintendent of schools.

Dean R. P. Jarrett of the West Texas State Teachers College at Canyon, and M. H. Duncan, superintendent of schools at Lubbock, will be the principal speakers at the general sessions of the institute.

Miss Anna I. Hibbets, in charge of primary instruction at W. T. S. T. C., will lecture for the primary teachers of the institute. She comes highly recommended by Dr. Jarrett, Mr. Caveness says.

The teachers of the county outside of the city of Tahoka are expected to attend the sessions. Mr. Caveness said that there were 96 teachers in the county outside Tahoka and that nearly every one would be present.

O'Donnell Citizen Is Burned At Gin

O'Donnell, Nov. 17—Jim Stockton, employee of the Edwards Gin here, was severely scalded about the hips and legs Sunday afternoon when water from the boiler drenched him from his waist down.

Mr. Stockton was cleaning the boiler preparatory to starting up on Monday morning for the week's run when the accident occurred. He is reported as making satisfactory recovery.

Six Year Old Boy Picks 205 Pounds

Deverl Nicholson, son of Mr. and Mrs. Dewey Nicholson, pulled 205 pounds of cotton last Thursday without help and he is only six years of age. Deverl picks close to 200 pounds consistently. He is picking with his parents in the Lynn community.

GARLAND McMAHAN AND MISS LOIS SHAFFER WED

Garland McMahan, formerly employed at The Limit in this city, and Miss Lois Shaffer, who has also held various positions here, were married in Lovington, New Mexico, last Friday.

Immediately after their marriage they returned to Tahoka and will make this their home.

SHEPHERD TO HAPPY CHURCH

Exchanges With Rev. H. C. Smith, Who Arrived Here With Family Wednesday

Rev. H. C. Smith, the new pastor of the Methodist Church here, arrived with his family Wednesday afternoon, and upon their arrival found a sumptuous dinner awaiting them, prepared by some of the ladies of the Methodist Church.

Brother Smith has been pastor at Happy the past four years and was pastor for four years preceding that at Roaring Springs. The Happy church is one of the best churches for a town the size of Happy in all the Northwest Texas Conference. It has a splendid new church building which has been almost paid out during Brother Smith's pastorate there.

He is a man in the prime of life and his family consists of a wife and five children. He comes highly recommended and he and his good family will be welcomed to Tahoka.

Brother Shepherd, who has been pastor here the past year, left with his family Wednesday morning for Happy, where he will be pastor for the ensuing year. Brother Shepherd was formerly pastor at Happy for several years and his worth is well known to the people of that church and town. Many here regretted that he and his good family were leaving Tahoka.

Rev. R. T. Breedlove, who was pastor here four years, going from this charge to Paducah a year ago, was returned by the Conference to Paducah. It is understood that he has done a splendid work at Paducah, as he did here. His predecessor at this place, Rev. John E. Eldridge, after five years of successful work at Miami and Tula, becomes presiding elder of the Perryton district in that rapidly developing north plains region, where he will have pastoral supervision of about twenty or more ministers.

Rev. W. D. Hinds, who spent several conference years here, after being pastor for a few years at Colorado and Lamesa, is sent for the coming year to the Methodist Church at Childress, the fifth largest city in Northwest Texas.

Rev. D. B. Doak, once a young minister here when he was first married, now has a son preaching. After serving several years as presiding elder at Lubbock and then at Plainview, the elder Doak was lately transferred to one of the "wealthy" station churches in Dallas.

Rev. C. A. Bickley was retained as presiding elder of the Lubbock district.

Rev. W. R. Burnett is the new pastor at O'Donnell. Rev. H. L. Thurston was returned to Wilson and Dixie, and Rev. J. N. Hester to Draw and Grassland.

Rev. J. T. Howell, a former Tahoka pastor, was sent to Meadow. Rev. C. F. Carmack, formerly of Tahoka, was returned to the Wellington circuit.

Rev. J. Hamilton Wright, who was pastor at Draw one year and who is well known throughout this section, was sent to Southland for the coming year.

Commissioner's Father Dies

County commissioner Bob Finley of Wilson was called to Texarkana Monday by the death of his aged father, who died early Monday morning. Deceased is said to have been 82 years of age.

Turnips At City Park Are Ready

City authorities announce that the municipal turnip patch out in the City Park is open to the public. Any one desiring to procure any of these turnips for home consumption may do so free of charge, according to W. O. Thomas, one of the city dads.

These turnips were sown early in the fall under the direction of Sid Sanders, another member of the city council, and they have done fine.

Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

The editor of the Lubbock Journal
thinks that gaudy colors and gay
styles in men's clothing are coming
back. Joseph of old had a coat of
many colors. Solomon was evidently
arrayed in brilliant-hued garments
even though they could not match
the beauty of the lilies. Up
till a little more than a century ago
the well-groomed man wore knee
breeches with silver buckles, a cock-
ed hat, and other striking attire.
Added to this was a heavy wig that
hid his bald pate and added to his
dignified appearance. During the
past century mere man has been
wearing ruder drab clothing. Some-
times he dons a "loud" tie or a "loud"
pair of socks but otherwise his apparel
is exceedingly modest. Why should-
n't man adorn himself a bit? In the
poultry yard we note that the head
of the house wears much more or-
nate attire than the female of the
species. The turkey gobbler robes
himself in much finer garments than
does the turkey hen. And the peac-
ock! My, what splendid raiment he
struts about in! Yet man still claims
to be cock of the walk in the home
and still sits at the head of the table.
He still does most of the gobbling
for the family and sometimes he is
about as useful as the peacock. Why
not dress in accordance with his im-
portance and station in life? We
think the editor of the Journal
should head the movement to re-
store man to his former high estate
and to bedeck him again in the
splendor and glory of a former age.
If Mr. Guy will lead out, we'll fol-
low.

ment. Russia has her eye on the sit-
uation too, and many think that
sooner or later Russia will enter the
fray. Manchuria is a vast, undevel-
oped area, rich in agricultural and
mineral resources. Japan wants the
territory for her overcrowded popu-
lations and for the riches it would
bring to the nation. Russia wants it
not only because of its richness but
also because it would give her an
outlet to the Pacific. China wants
it because it is already hers and is
populated chiefly by the Chinese. It
will be a miracle if the disputes
among these three nations can be
settled finally without war. Some
think that Manchuria is a seething
volcano that will some day erupt and
involve the whole world in war
again. In such a situation, it be-
hooves the United States to bring
about peace, if possible. That is why
Charles G. Dawes has gone to Eu-
rope to sit with the League of Na-
tions, which convened again Monday,
and to represent this government in
the efforts of the League to forestall
war. The time has come when no
nation can live to itself, and that is
why we believe that Uncle Sam
ought to be an outright member of
the League of Nations—which was
designed to be a coalition of all the
great nations working together to
prevent war.

If John Garner of Uvalde is elect-
ed speaker of the House of Repre-
sentatives when Congress convenes
in December, as now seems most
probable, the South will again be
in the saddle. As Mark Sullivan, syn-
dicate writer, points out, the South
will have thirty-one of the forty-sev-
en committee chairmanships. Four-
teen of these will be the most im-
portant committees in the House.
Texas alone will have seven com-
mittee chairmanships and the Speaker.
It will be the most powerful state
in the Union in so far as shaping
legislation in the House is concerned.
Strangely enough Virginia, the
mother of the South, will have no
chairmanships. This peculiar situa-
tion is brought about by reason of
the seniority rule, and it emphasizes
the importance of re-electing a good
man to the House term after term.
We are hoping that when this vast
power is placed in the hands of
Southern Democrats they will use it
wisely and well. The greatest danger
lies in the fact that nearly all the
Northern Democrats are wets and
they are clamorous for some sort of
wet legislation. On this rock, there
is danger of the Democratic ship be-
ing rent asunder. Southern dries
should sit steady in the boat and steer
it away from any such catastrophe.
It looks now as if John Garner of
Texas is to be the big man in the

nex: Congress—and that he is going
to have a big job on his hands. May
he measure up to the emergency.

The head of the Navy League came
out second best in his attack upon
President Hoover, for Hoover struck
back, virtually calling the gentleman
a liar, and what is more important
he seems to have proved his case. A
lot of these war lords are all the
time boosting for a big navy and for
a big army and for enormous expen-
ditures for war equipment. It is well
enough for us to be prepared for
war in case it should come, but one
dollar spent in an effort to prevent
war and to cultivate sentiment for
peace is worth more than a dozen
dollars spent for guns and battle-
ships. Before this country goes into
another big war steps should be tak-
en to make profiteering impossible.
Take the profits out of war and a
lot of this hue and cry for more and
bigger battleships, will cease.

Just now we can't think of any
man that is more capable of serving
as President of the United States
than William G. McAadoo. In various
positions during the Wilson admin-
istration he demonstrated his ability.
He is thoroughly familiar with the
many functions and activities of
this government; no man possibly is
more so. He should have been nomi-
nated by the Democrats in 1924.
They would have fared much better
if he had been nominated in 1928.
But the "wets" will possibly make
his nomination impossible again in
1932. The strongest argument that
might be advanced against his nomi-
nation is his age—he is now 68 years
old. But McAadoo would make a
great President nevertheless.

Grassland

Rudford Chapman and Miss Nina
Bell Hoover were married Sunday
morning at the bride's home, Rev.
D. W. Reed, pastor of the Baptist
Church at Garlynn, officiating.

Mr. Chapman is the son of Mr.
Hardy Chapman of Grassland and
was practically reared here. He is a
young man of excellent character.

The bride is the accomplished
daughter of Mr. and Mrs. O. H.
Hoover of Graham Chapel. The
Hoovers are members of the Metho-
dist Church at Grassland and are a
highly respected family.

The happy couple will make their
home in Grassland.

Because of the rainstorm last Fri-

Ellis county last spring.

The new restaurant began opera-
tion Monday morning. Mr. J. H. Con-
way has the distinction of having
paid the first dime that the new ven-
ture received from a customer.

The News describes at some
length the young orchard and nurs-
ery stock of Mr. Leedy. Strawberries,
blackberries, and dewberries were
growing and doing nicely. The
grapes had made splendid growth and
Mr. Leedy had 850 young fruit trees
grown from grafts put out in the
spring.

W. H. Ritzenthaler, editor of the
O'Donnell Index, was a pleasant call-
er at the News office Monday. Ritz
is a fine neighbor, O'Donnell is in the
center of a fine agricultural country,
and the town needs the good paper
that Ritz is trying to give. The mer-
chants of O'Donnell should give him

New Lynn

A heavy down-pour of rain fell here Monday night, accompanied by a high wind which brought damage to crops in the fields. Most people were fortunate to have very little cotton ungathered.

A large crowd attended singing Saturday night and the pie supper. A large number of visitors were also present from different communities. The pies brought better than forty dollars, which will be used as payment on the piano used in our singing work and all entertainments in the school building. We extend to every one a cordial invitation to attend our singings. We find it very helpful and upbuilding to our community.

Mr. J. P. Holley of Dallas county is visiting with his sister, Mrs. H. Higginbotham this week.

Mr. and Mrs. Faye Rogers of Bathney, Okla., are visiting with friends and relatives here this week.

Mr. Douglas Jones was in Lubbock the first of the week transacting business.

Miss Polly Chesser returned the first of the week from the Slaton Hospital, where she some time ago underwent an appendicitis operation.

Mr. and Mrs. W. G. Roughton and daughter Lina Fay and Mr. and Mrs. F. B. Anderson and family, all of Jones county, are visiting with Mr. Jake Holcomb and family this week.

Everyone is invited to attend services at the Nazarene Church every second and fourth Sunday evenings at 8:00 o'clock. The young people's society will present a program Sunday night. There will also be preaching by the pastor.

Mr. J. C. McCuen was carried to Lubbock last week where it was thought he would undergo an operation for appendicitis. Physicians prevented the operation by careful treatments. He returned home in a few days time.

Sunday is our day to sing again. If the weather will permit, we are expecting a large crowd to attend. A number of good singers have promised to be present, including the Rudd quartet of Wilson. If you like good singing, we are sure you will want to hear these people sing. All have a cordial invitation to attend.

A goodly number of citizens took membership in the Red Cross call for members here Saturday night. Mr. J. A. Jaynes delivered a splendid talk on this organization which enlightened many. We are glad to say citizens of our community were ready and willing to take part in this helpful organization which has given a half century of service to humanity.

Kids, don't forget Sunday week is our day to sing at Central Church. Everyone is invited to attend. Singing will start at 2:30 o'clock.—Reporter.

POULTRY SHOW PLANS ARE BEING COMPLETED

By J. Sam Lewis

Fully as many birds are expected to be entered in the second annual Panhandle-Plains Poultry Show to be held at Slaton on December 9 to 11 as were shown at the first show last year. Taylor White, vocational agriculture teacher of the Tahoka High School and president of the association, announced here this week.

"I think that Mr. H. B. Lansden, of Lubbock, a licensed A. P. I. judge will be the judge of the show," he said. "He is available and I think the committee will be ready to announce a selection soon."

"Last year we had over 900 birds. I think we will have more than that this year. Slaton agreed to hold the show again this year."

"Our catalog is being revised this year. We decided to cut down the size of the pens in the production class from ten to five birds."

"The directors also decided that in order for first money to be paid in any one class, there must be at least five birds entered. Three birds are required for second money to be paid. Ribbons will be awarded however, but only prize money on the above conditions."

It is expected the catalog will be issued by December 1. Committees named some weeks ago by President White have been advised of the change in plans and they are now at work preparing for the show. Recently Slaton asked for a moratorium on the show this year but at a meeting of the board of directors in Plainview November 14 it was decided to hold the show.

The show is expected to attract wide attention.

NEW JANITOR FOR COURT HOUSE IS SELECTED

At a meeting of the commissioners' court Monday, Tom Higgins was notified that his services as janitor would not be needed after January 1. The court is negotiating with Gilbert Bennett of O'Donnell, we understand, with a view to giving him the job.

Mr. Higgins has been janitor at the court house for many years, and it is matter of general comment that our court house and premises have been kept better than any other in this whole section of the state. Possibly there is not a better janitor in Texas.

We understand that the court expects to cut the salary and that they also desire to procure a man with a family—which accounts for their decision to make a change.

O'DONNELL FIRE BOYS CALLED TO WELLS FIRE

The weekly business meeting of the Volunteer Fire Department was suddenly adjourned Tuesday evening when an alarm came in from Greenwood's gin at Wells.

Burning cotton had been noticed for a couple of days, and Tuesday night it was discovered that cotton had been packed down around a shaft in the cotton house. The bearing had burned out and the heat ignited the cotton around it. When the burning cotton was located, the department from O'Donnell was called, and the cotton untouched until the arrival of chemicals. About four hundred pounds of cotton were ruined, but no further damage was suffered.—O'Donnell Index.

FLOWERS UNUSUALLY FINE AT O'DONNELL THIS FALL

Though the long drouth and continued high winds through the summer was a drawback to culture of flower gardens on the South Plains, there are now in bloom in O'Donnell some of the finest specimens of roses and chrysanthemums that could be found anywhere.

L. N. Nichols, well known rural route mail carrier, brought a bouquet of roses to the Index office Thursday morning, and the four flowers made a most satisfying sight. One of the full-bloom roses, of the Paul Neron variety, measures six inches across, and the other was very little smaller. Two Red Radiance buds were as perfect as any we have seen.

Chrysanthemums are in their full glory now, and may be seen in practically all gardens. Mrs. Jeff Shook and Mrs. O. D. Howard have unusually fine specimens of white, while Sorrels, Mansell, Haymes, and Campbell lawns also display gorgeous colors and size in this hardy flower. Other gardens in the town are now appearing at their best for this year, and every bud and blossom is being cherished and enjoyed to the fullest extent.—O'Donnell Index.

Of Our
Readers****The Depression**

Dear Editor: There seems to be so much talk about our so-called business depression that I believe it's my duty to write on the same and analyze as far as possible, so we can make up our minds that we ought to change our ways of living. I have taken my case for an instance. I see my mistakes and many others have acted likewise.

I bought a car instead of a farm and it is worn out, but the farm I figured on is still O. K.

I invested in a set of car casings instead of a cow, and the casings are worn out.

I spent all my cash in 1928 and used my credit in 1929 and traded up my future wages on installments in 1930, so the hard times caught me in bad shape last fall.

If I had spent my last \$10.00 for flour and meat instead of gas and oil I would have been O. K.

I have loafed around Draw playing checkers instead of being in the pasture fixing the fences so my cow wouldn't get out, but she is dry and mortgaged to boot for two blankets my wife bought from an agent instead of paying the preacher.

I am on a cash basis now but haven't got any cash.

I am tied to the end of my rope and the man I am working for is busting on account of nobody paying him, and his cotton won't sell because nobody won't buy cotton dresses. All the gals wear slick silky stockings and silk underclothes right here in our cotton patches.

I had \$2.00 saved up for a rainy day but it turned dry and I spent the \$2.00 for two inner tubes.

I tried hard to make both ends meet with a turnip patch but when I got ready to sell everybody else was selling turnips for nothing and the market was glutted.

I am worried plum to the bones, and wife's kin folks are coming over next Tuesday to spend two weeks.

Write or phone if you hear of any relief from the Government coming down my way. Yours truly,
A. W. BRATCHER, Draw.**Your Boy**

Your boy is the person who is going to carry on what you have started.

He is to sit right where you are sitting and attend to those things you think are so important when you are gone.

You may adopt all the policies you please, but how they will be carried on depends on you.

Even if you make leagues and treaties, he will have to manage them.

He is going to sit at your desk in the senate and occupy your place on the supreme bench.

He will assume control of your cities, states and nations.

He is going to move in and take over your prisons, churches, schools, universities and corporations.

All your work is going to be judged and praised or condemned by him. Your reputation and your future are in his hands.

All your work is for him and the fate of the nation and of humanity is in his hands.

So, it is good to pay him some attention. —Mrs. J. H. H.

**WO LOCAL GIRLS WIN
AT THE DALLAS FAIR**

Miss El Fleida Harrison reports to the News that two Lynn county 4-H Club girls made winnings at the Dallas Fair recently.

Miss Lucille Lanier, a second-year club girl at West Point, won first place in making pajamas.

Miss Irma Macha, a third-year club girl of Dixie, won fifth place on hemmed patches.

Both of these girls had won first places in the Panhandle - South Plains Fair at Lubbock.

Of course there were many competitors at the Dallas Fair and Miss Harrison feels that these girls were highly honored in winning the above places.

A Levelland farm woman made a profit of \$22.00 from 150 cans of chicken meat from the culls of her poultry flock. Observes the woman, "This brought me more than my husband made from four acres of cotton this year".

Two hundred farmers in Wilbarger county have individual light plants, and sixty are connected with the electric high lines.

Sudan seed growers in the Texas Panhandle-Plains produce approximately 75 per cent of the world's supply of the seed.

Edith

Sunday School is progressing just fine. There are one hundred and four on roll. If you do not go to another Sunday School, come and be with us each Sunday.

**TEN OF COUNTY SCHOOLS
ARE NOW IN SESSION**

Ten of the Lynn county schools are now open and several more will open Monday, Nov. 23, according to H. P. Caviness, county superintendent of schools.

The last Monday in the month, Nov. 30, will also see more schools open. Mr. Caviness stated that he thought that not more than one or two schools would be closed on December 1.

Besides Tahoka and O'Donnell, Wilson and New Home are expected to have a full nine month's school term, it was said. The average for the county will be about eight months. There are 24 schools in Lynn county.

Locals

Mr. and Mrs. H. E. Baldrige were here from Clovis Tuesday and Wednesday. Mr. Baldrige said they had missed a couple of copies of the News and came down to see about it. Of course they had other business, which brought them back. They say it rained all the way from Clovis to Tahoka and that their wheat is very fine.

John Thomas, who with Rev. J. W. Shepherd attended the annual meeting of the Northwest Texas Conference in Vernon last week, reports that the Conference was the best he ever attended. The attendance was large and the work of the Conference most interesting, he says.

Mrs. G. W. Newton and son Clarence returned Monday from Omaha, Arkansas, to which place they went to visit another of Mrs. Newton's sons following the death of her husband, G. W. Newton, a few weeks ago.

Many friends here will be interested to learn that Fred Haney is now taking a Medical course in Tulane University, New Orleans. The News will go to his address hereafter.

Mr. and Mrs. W. E. Hammonds, who reside a few miles southeast of town, are the happy parents of a son born Monday, November 9. Mother and babe are both doing well.

Miss Addie Mae Carmack of Canyon is here visiting in the home of her sister, Mrs. Buford Swan. She will leave next week for Wellington, where she will teach.

Manse Saul and family of Plainview were here over the week end visiting D. F. Alcorn and family. Mrs. Saul and Mrs. Alcorn are sisters.

Miss Doris Lynn Hull, who is a student in Simmons University, Abilene, spent Sunday here with her parents, Rev. and Mrs. O. J. Hull.

Dr. E. E. Callaway and Cliff Thomas left this morning for Fredricksburg, where they expect to kill at least one deer each.

Mrs. Florence King and Mrs. Zoe Lowrey have returned from Missouri in which state they have been visiting for some time.

Mrs. T. W. White was confined to her room with the flu several days but was able to be back in the cafe Wednesday.

N. E. Ballou of the St. Clair Hotel left Wednesday morning for Sterling City to look after business matters.

The time of building the Seymour-Vernon extension of the Frisco railroad has been extended to the close of 1932 by the Interstate Commerce Commission.

Wilson

We have a fine rain to report for last Friday night and another for Monday night. These rains put a stop to the gathering of cotton in for several days, therefore we haven't a very large increase in the amount of cotton ginned since our last report. Wheat is coming along the finest we have ever seen and late gardens are still doing very well. The writer is still eating squash, beans, tomatoes and other vegetables from plants that have been bearing since early in the summer.

The churches report fine services for last Sunday and an increase in attendance at all the services at some of the churches were reported and collections were considerably more than the past few Sundays. Rev. Thurston was gone to the annual conference of the Methodist church but they do things in that church whether the pastor is there or not. 75 were reported in Sunday School. There were 95 on time in Sunday School at the Baptist church. Rev. Partin gave a report of the Baptist State Convention held at Waco the past week and all seemed to enjoy the report a very great deal.

The Senior class of the Wilson High School organized Wednesday of last week and the following officers were elected: president, J. T. Fountain; vice president, Leroy Crews; secretary-treasurer, Blanche Swann; reporter, Florene Server.

The Intermediates enjoyed a very delightful evening at the home of Mr. and Mrs. Pat Swann last Wednesday. There were 18 present.

Mr. G. I. Vick and family of San Angelo returned to their home Monday after a week's visit in the Swann home. Mr. Vick is a brother to Mrs. Swann.

Herbert Watson, formerly of this place but now of O'Donnell, is trying his skill at boll pulling in our community for a few weeks. He says the cotton crop is very short in his neighborhood this year.

Misses Muri Moore and Veda West, teachers in the Ropesville school, were church visitors in Wilson.

Mrs. Doss Freeman and little daughter of Sparenburg are paying Mrs. Freeman's parents, Mr. and Mrs. John Heck, a week's visit.

Next Sunday afternoon is the regular time for the B. Y. P. U. zone meeting which is always held at Tahoka and it is planned to have all that will to either take or send a can or package of some kind of food as a gift to Wayland College. Each can or package will be counted as one point in the contest for the attendance banner. Heretofore each person was counted as one point. Every one in our community is urged to take part in this offering and if you can't attend this meeting send your gift by a friend.

Mr. Foy Johnson of Ropesville was a church visitor in Wilson last Sunday.

Mr. W. E. Oliver of Brownwood is assisting his brother of this community in gathering his crop.

Rev. Thurston and family spent the first of last week visiting in the home of Mrs. Thurston's parents at Farwell, leaving Wednesday for the annual Northwest Texas conference of the Methodist Church, which was held at Vernon last week.

Miss Arnolia Server, student in the Tech, was a Sunday visitor in the home of her uncle and aunt, Mr. and Mrs. P. D. Server.

29 HUNTING LICENSES ISSUED IN COUNTY

Twenty-nine hunting licenses have been sold so far this season by Truett Smith, county clerk, while an additional score or more have been sold at O'Donnell, Mr. Smith says.

The hunting season for ducks opened November 16. It will close December 15. The quail season opens December 1 and closes January 16. The bag limit for quail is 12 a day or 36 for the week.

The deer season west of the Pecos river lasts from November 16 to November 30. East of the Pecos the season is from November 16 to December 31.

Mr. and Mrs. Sully Roberts of Stephenville are paying Mrs. Roberts' parents, Mr. and Mrs. G. O. Henson, a two weeks' visit.

Mrs. Thelma Hamilton and little daughter of New Home visited in the home of Mrs. Hamilton's mother last week end.

It is our great pleasure to announce that Rev. H. L. Thurston was returned to the Wilson Methodist Church for another year. We feel sure the entire community will be happy to read this announcement.

Basketball

Last Friday night the basketball season was opened for the Wilson boys and girls, both teams losing to Meadow at Meadow. The girls show promise of developing into a first class team in a short time. More girls have reported for basketball this year than in some time and the future looks bright for a great team.

The Wilson boys lost by a score of 18 to 11. The score was close until the last few minutes, when the Meadow boys got "hot" and looped three field goals in rapid succession. Our boys led at the half 8 to 6, but the lack of condition began to show on them and the last half proved their undoing.

Olen Crews was forced out early in the second half on personal fouls. Crews, Giles Shaw, Leroy Mueller, Capt. Leroy Crews, Traweek and Key are outstanding men. If capable reserve strength can be developed we are saying that the season of '32 will be a successful one. We have a great record to defend this coming season for we have not lost a game in Lynn county the past five years.

South Ward

Every one is invited to attend the morning and night services and also the singing in the afternoon at South Ward.

A large crowd visited the singing at Edith last Sunday.

Mrs. Mallen and children from Sylvester are visiting Mr. and Mrs. Bert Boyd. Mrs. Mallen is Mrs. Boyd's mother.

Mr. and Mrs. W. P. Inman and family visited Mr. and Mrs. T. Cowan Sunday.

Mr. Collins and son from Wylie who has been visiting Mr. White has returned home.
