

### Mules-Hornets In Final 1-AA Game Tomorrow Night

With chances for a district title eliminated, the Muleshoe Mules still will be trying for the second winningest year in the school's history as they close the season against the Tulla Hornets at 8 tomorrow night at Benny Douglass Stadium.

Failed in an effort to bring home the first district crown since the 1938 team, which finished 9-0, the 1957 Mules will go down behind that team in total wins, should they be able to stop the invading Hornets tomorrow. It would be only the second time for a Muleshoe team to win as many as seven games.

At the present, the Mules are pushing the all time scoring record by a Muleshoe football team. The 12.7 loss last week out Coach Wayne Mantooth's eleven's average to 23.3 points a game, behind only the 1938 team, which averaged 24.2 points and the 1937 crew, which holds the record at 25.9 points an outing.

A 53 point output tomorrow night would put the 1957 squad second in the all time list, but the Mules will have to roll up 50 points against the Hornets to be the highest scoring Muleshoe team in history. Tulla was beaten 41-14 by Dalhart last week.

Several of the Mules will be playing their last football game for MHS tomorrow. Dickie Johnson, who has called practically every offensive play for the Mules during the past two seasons, will man the quarterback slot for the last time. Bill Black who has been one of MHS' finest punters besides being a leading scorer, has been a grade A end in his four games at that position, after starting at fullback for two seasons.

The other three-year letterman is big Bob Sanders, who has been a consistent performer for the Mules at tackle. The Turner twins, Royce and Dayce, complete two full seasons as starting guards. James Williams, the only one letterman among the starters, is a fourth senior on the offensive line.

On defense, seniors include 220 pound tackle Wendell "Tiny" Darnett, a terror to opposing players this season; Edgar Martin, who has been a dependable defensive player a couple of seasons for the Mules; and Jack Darnham, a 175 pound tackle who helped the team greatly this year.

A win over Tulla would assure a second place finish in district 1 AA for the Mules, a long way from the cellar dwelling team of 1955.

The series record between the two teams is all tied up at three wins each. The Mules won 21-12 in 1953, 19-14 in 1954 and 21-12 last year at Tulla. The Hornets won 13-7 in 1951, 32-7 in 1952 and 34-13 in 1955.

### Boy Scout Finance Drive To Begin At Nov. 21 Kickoff

The annual fund for the Boy Scout program in Muleshoe will begin November 21 with a kickoff breakfast at Leigons at 7 a.m. for workers and committee members.

Jack Young is chairman of the fund committee, assisted by Ernest Kerr, Homer Curry, Alex Williams, George Chambers, Frank Cox and Gil Lamb.

The Lions club will show a film on the 1957 Boy Scout Jam here at their meeting Wednesday, November 20.

There are 116 boys in Muleshoe scout activities, including 69 Cubs, 48 in Boy Scout troops and 17 in the Explorer post here.

### Second Wildcat Is Scheduled In Bailey

Cascade Petroleum Co. of Midland has made application to drill a 5,000 foot rotary test well one mile northwest of Bula.

The well is to be the No. 1 Newsom Trust.

This is the second wildcat well to be set for southern Bailey county. The other is the No. 1 Hunt, a 4,500 foot test hole being drilled by W. A. Moncrief of Ft. Worth, located 6 1/2 miles west of Baileyboro.

### Odis Echols Show Here November 26

The Odis Echols variety show will be presented in the Muleshoe high school auditorium November 26 at 8 p.m. under auspices of the Lions club here.

The show will feature Charlie Phillips, the State Liners, singers, dancers, twirlers and several local talent acts.

Admission for advance sale tickets from Lions club members is 90 cents for adults and 40 cents for children. Tickets at the door will be \$1 for adults and 50 cents for children.

### \$5,000 PRIZE WINNER

E. W. HARPER, right, receives a check for \$5,000 first prize in the recent Piggly-Wiggly cash give away, from M. E. "Red" Simmons, manager of the Piggly-Wiggly store in Muleshoe. See accompanying story for further details.

### Muleshoe Man Is Winner of \$5,000 Piggly Wiggly Pot

E. W. Harper, who has been buying groceries at Piggly-wiggly stores since 1928, was named winner of the \$5000 grand prize given by the grocery chain last weekend.

Mr. Harper lives 14 miles from Muleshoe on the Plainview highway, and five miles north on Route 4. He farms 400 acres of cotton and milo.

He is married, has a grown son and daughter and three grandchildren.

When asked what he intended to do with his winnings, Mr. Harper said he had no definite plans but imagined he would spend it on his home.

He had an estimated 15 to 20 tickets in the pot at the time of the drawing.

### Jamison Elected Vice-President Muleshoe State

JAMISON

Harry Jamison, recently of Higgins, is now associated with the Muleshoe State Bank as vice-president and director. Announcement of the addition of Mr. Jamison to the bank's official staff was made this week by W. Q. Casey, bank president.

At Higgins, Mr. Jamison was executive vice-president of the First National Bank. He has had 12 years experience in the banking field.

He will be joined here Monday by Mrs. Jamison and their three children, all of school age: Garrett 12, Linda 10, and Jean 8. They have rented one of the new homes recently built in Morrison addition here. The Jamisons are members of the Methodist church.

### WTSC Choir Here On Dec. 9 Benefit School Choir Robes

Dr. Houston Bright, and the 60-voice travelling choir of West Texas State College will present a benefit concert in the Muleshoe high school auditorium Dec. 9 at 8 p.m., for the benefit of the Muleshoe public school chorus fund to buy choir robes.

Fawayne Murphy, director of the Muleshoe school chorus said this week that the junior and senior high school chorus groups will be selling tickets to the concert beginning November 25. Tickets will be 50 and 25 cents.

The school choruses will also direct several fund raising plans after the Christmas holidays, including bake sales, work days and similar plans.

This is the first year the vocal music groups have had singular direction, as in former years the band director also directed the choruses. Murphy is a native of Dimmitt and received his formal education at WTSC in Canyon.

### Mrs. Stone Rites To Be Conducted Here Friday, 2 p.m.

Funeral services for Mrs. Mary Ida Stone will be conducted from the First Methodist Church of Muleshoe at 2 p.m. tomorrow, Friday. Mrs. Stone, who was 83, passed away at 7 p.m. Wednesday, November 13, in the home of her daughter, Mrs. Florence Pierce, at Hale Center. She had been ill since January of this year.

Arrangements are in charge of Lemons Funeral Home, Plainview.

Mrs. Stone's husband, the late A. P. Stone, was a pioneer Bailey County abstractor. Coming here with his family in 1923, from Greeley, Colo., he established the Muleshoe Abstract Co., which he later sold to Barry Lewis. He was manager of the Warren Estate here almost from the time of his arrival until his death in 1952.

Prior to moving to Muleshoe, Mr. Stone had operated a bank at Greeley, and before that a bank at Robert Lee. He was until his retirement the secretary of the Federal Land Bank of Houston. Muleshoe office was called the Western National Farm Loan Ass'n.

Mrs. Stone was born January 4, 1874, at Jonesville, Texas.

She is survived by her daughter, Mrs. Pierce; a granddaughter, Mrs. Edna Pierce, both of Hale Center; two brothers, T. H. Terry, Texola, Okla., and W. E. Terry, Bastrop, Texas; and three sisters, Mrs. T. N. Coston, Cranfills Gap, Texas; Mrs. V. O. Key, Lamesa; and Mrs. J. D. Jowers, Austin.

Mrs. Stone was a member of the Methodist church here. Services will be conducted by Rev. Raymond Dyess, pastor of First Methodist Church, Hale Center, and Rev. Edwin Hall, pastor of First Methodist Church of Muleshoe.

Articles of great value and deeply beloved by their donors will be sacrificed in the name of sweet charity, the professor said. "There will be hundreds of valuable articles go on the auction block, everything from girdles to combines, and the money used to pay off the indebtedness on the building."

"Naturally the general public will be admitted to the proceedings without charge, and welcomed by one and all. Ladies of the community will serve delicious viands at the meal hour, and at reasonable prices", continued the bard of the sandhills.

"Don't miss it if you can", he concluded, and leaped into his trusty pickup and chugged off into the fast gathering twilight.

### THE JOURNAL REPORTS ON

## Crop Situation In Bailey County

Little change was apparent in the crop situation at midweek in the Bailey county area of the High Plains, following continued unsettled weather, with two days of high moisture and two days of clear weather alternating. From a general survey of a good many agricultural observers hereabouts, the situation appears like this:

**Grain Harvest**  
High humidity during the past week or 10 days has prevented much grain being harvested for the loan, although one elevator reported several farmers cutting grain and leaving it piled on the ground to be picked up later after the moisture content decreases. Some little bit of grain is being brought in and sold on the market at around \$1.40 and under, depending on the moisture content.

Moisture content of grain samples received by elevators in Muleshoe as late as Wednesday averaged from as high as 19 to as low as 16 per cent, all too high to come within the 13 per cent requirement for CCC loans at \$1.64.

Moisture content on grain offered for sale on the market, also determines the selling price, with a penalty for each degree of moisture over 15 per cent.

**Cotton Harvest**  
Although considerable ginning has been done in the south part of the county, it has been sporadic, varying with the weather in the irrigated sections of the county. A check made Friday showed more than 6700 bales ginned in the county at that time, with one gin at Maple having the highest number of bales in the Littlefield district, 1628 bales.

A large amount of unopened cotton has caused numerous farmers in the five county area to return their Bracero laborers to Mexico. Continued unfavorable weather and unsuitable cotton for pulling is blamed for the reduction in Braceros kept on hand.

Some stripping of cotton by machine is expected to begin in the next ten days. So far, very little cotton has been machined, and one observer points out that an awful lot of bolls will have to open before stripping becomes practical.

**Outlook**  
The five day long-range weather forecast for this area calls for generally unsettled conditions, and possibly more moisture.

**Lazbuddie P-TA To Serve Traditional Dinner On Nov. 22**  
Representatives of the Lazbuddie P-TA will be in Muleshoe November 22 to make available tickets for their traditional Thanksgiving dinner to be served November 22 in the Lazbuddie school lunchroom.

Serving will begin at 6 p.m. in order that the basketball game may be seen between Farwell and Lazbuddie that same evening. Tickets will be on sale at \$1.25 per plate.

### Fourth Wildcat Near Baileyboro

W. A. Moncrief, Jr. Ft. Worth independent, has filed application to drill another rank well in the Baileyboro area of western Bailey county.

Moncrief's new venture is the No. 1 Crawford, a proposed 4,500 foot Permian tester spotting 600 feet from south and 1980 feet from east lines of Section 10, Block B, Blum and Blum survey. Lease consists of 640 acres. Drillsite is 6 1/2 miles west of Baileyboro.

The operator has drilled four dry holes in the county in recent months.

## Dimmitt Wins 1-AA Title With 12-7 Win Friday

The Mules lost their hope of a district 1-AA championship Friday night when league-leading Dimmitt scored 12 points to the Mules 7 to take the pennant. Even though Dimmitt still has to face Olton tomorrow night, the Bobcats are undefeated and the outcome of the district race was decided in the game against Muleshoe.

Dimmitt scored in the first quarter with a 30-yard pass from quarterback Truman Touchstone to halfback Keith Lowe but the play was called back on a holding penalty and the first two quarters were scoreless.

Midway in the third period the Bobcats took a Mule punt on the Muleshoe 35-yard line. Three plays later halfback Norman Nelson grabbed a pitchout from Touchstone on the 30 yard line, swept around left end and gained the end zone after eluding the Muleshoe secondary.

With the 'Cats leading by a slim 6-point margin, the remainder of the third quarter and half of the final period passed. However, Dimmitt reached the Muleshoe 20-yard line where Lowe uncorked a sizzling 18 yard gain on a handoff around right end.

**Stiff Defense Cracks**  
With the ball on the Muleshoe two-yard line, Nelson carried through the middle on a center buck to the six-inch mark. But two plays saw Dimmitt moved back to the three yard line by the hard charging Mules. On the fourth down play Touchstone palmed the ball to fullback Zay Gilbreath who bucked the line for a touchdown.

Later in the final period the Mules drove to the Dimmitt 15-yard line where quarterback Dickie Johnson dropped back to pass. Unable to find a receiver, Johnson twisted through a number of would-be tacklers and covered the distance to paydirt. The Muleshoe quarterback then capped his touchdown by running the extra point across.

**DISTRICT 1-AA**  
Olton 27, Canyon 27 (Olton wins on penetration, 5-4), Dalhart 41, Tulia 14, Dimmitt 12, Muleshoe 7

## Mullettes Defeat Farwell 56-29; B Team, Frosh Win

The Mullettes took their second win in two games over Farwell, when they beat the varsity 56-29 Tuesday evening. The B team and freshman squads won preliminary matches 50-27 and 32-30.

The varsity jumped to a 15-8 first quarter lead, and with Mary Jo Holt and Sandy Briscoe pouring the ball through the hoops, the Mullettes coasted to their second win of the young season. Senior captain Mary Jo Holt paced the team with 20 points, but was pushed for scoring honors by Sandy Briscoe who tallied 19.

The B squad took their third win as they started slow and then caught fire to win by the same score as their first game with Farwell.

High scoring Mary Gross made 22 points, but was beaten for high points by Jeanetta Harrison who made 23.

The frosh took their first win as they edged a fighting Farwell squad 32-30. They were paced by Sandra Howard and Janie Sanders who scored 13 and 12 points respectively.

## Bula Girls Score On Mullettes 24-14

The Mullettes split a double header on the basketball court, when they took on Class B power, Bula, last Saturday. The powerful Muleshoe B team, showed their skill once again when they beat the Bula girls for their second win of the young season.

The second stringers jumped to a 14-5 first quarter score, lengthened it to 26-12 at half time and stretched that lead to 50-22 at the third quarter mark. Coach Bill Taylor switched guards to forwards and vice-versa but the junior Mullettes still outscored the Bula girls 16-10 the last quarter, to win 66-32.

Mary Gross, a sharp shooting sophomore, led the Muleshoe scoring with 29 points while Jeanetta Harrison and Elaine Evans had 14 points. Angie led Bula with 28 points.

In the T team game, Bula jumped to an early 12-10 first quarter score, but lost a point at half time to lower their lead 26-25. The last half saw their taut defense take effect, when they held Muleshoe to 14 points, while they scored 24 points.

Mary Jo Holt, senior captain, led the Mullettes in scoring with 16 points, and Gwen Williams had 11 points. Betty Hallford had 30 points to lead Bula past Muleshoe.

Holt now has an average of 18.5 for two games, while Williams and Sandy Briscoe have averages of 11 points. Gross leads B team scorers with a 25 point average to pace the undefeated second string. Jeanetta Harrison is second with a 15.5 average, and Elaine Evans ranks third with a 10.5 points per game.

## Dalhart Runs Over Tulia 41-14 Friday

Roy Suddath scored four times and Gary Finch added a pair of touchdowns to lead Dalhart to a 41-14 District 1-AA triumph over Tulia Friday night.

One of the highlights of the contest was a 100-yard kickoff return by Tulia's Buzzy Poage.

**SCORING SUMMARY**

**Dalhart**  
Touchdowns - Suddath, 4 (10 yard run; seven-yard plunge; 71 yard run; one-yard plunge); Finch, 2 (38-yard run; 68-yard pass from Ronnie Ledbetter).  
Extra points-Suddath 3, Butch Brown, Larry Heller.

**Tulia**  
Touchdowns-Chris Ward (One yard run); Poage (100-yard kickoff return).  
Extra points-Bryon Lewis, 2.

The Bill Neal family moved recently to a dairy farm near Enochs.

## Penetrations Win For Olton Over Canyon Friday Nite

The Olton Mustangs and Canyon Eagles battled to 27 to 27 District 2-AA gridiron contest Friday night before about 1,300 fans.

It was an even game all the way with Olton clinching a conference credit by a last minute penetration. The Mustangs led in penetrations, 5 to 4.

Olton drew first scoring blood early in the first period as fullback Jack Roy Straw plunged over from the 1-yard stripe and halfback Arnold Hall making good his first of three conversions.

Following the last kickoff the

ball hit a Canyon player and Olton grabbed the ball on the Eagle 45 with only 1:53 left in the battle. The Mustangs then drove to the Canyon 16 for their fifth penetration to claim the conference victory credit.

## Lazbuddie Loses Homecoming Game 21-7

Lazbuddie homecoming fans left the stadium disappointed as Lazbuddie went down before the efforts of Bovina, 21-7, in a district 3-B tilt Friday night.

Bovina quarterback Dick Horn used his option play magic to perfection as he scored two touchdowns and kicked an extra point to score 13 points for the visitors. Horn scored on 10 and 30 yard runs in the first and fourth quarter respectively.

Halfback D. Burman followed teammate Horn's example to put the Bovina eleven out front 14-0 before Lazbuddie's fine fullback Roy Vanlandingham got into gear and hit for a 3-yard plunge in the second stanza to make it 14-7 after Vanlandingham also ran the extra point try.

Horn's 30-yard sweep around right end in the third quarter and his conversion terminated the tilt's tallying to make the final decision 21-7.

At halftime, Lazbuddie High junior Wanda Steinbock was named Homecoming Queen.

## Girl Scouts Get Badges Nov. 5

da Wells, Jan McVicker, Rhonda Wagon, Cathy Moore, Jane Wedel, Nancy Wilkins, Sharon Millen, Mona Rucktashel, Charlene Lindsey, Lana Brown, and leaders, Mrs. Louise Rucktashel and Mrs. Myrtle Wells.

## Progress News Notes

**4-H CLUB**

The Progress girls 4-H Club met Wednesday, November 6 at the Arthur Cooper home for their regular session. The president, Mary Ellen Wedel, held the business meeting. The girls voted to have a Thanksgiving supper with their mothers as guests. Committees were named for arrangements. Mrs. Harriett Brummett gave

a demonstration on arranging clothing in dresser drawers.

Refreshments of punch and cookies were served. Members present were Wanda and Mary E. Wedel, Judy and Joy Williams, June Gray, Trudy Davis, Linda and Mary Gross, Sandra, Linda, Frances and Doris Cooper. Also present were Mrs. Lloyd Williams, Mrs. Arthur Cooper, and the HD agent, Mrs. Harriett Brummett.

**WSCS Begins New Study**

On Thursday, Nov. 7, the Woman's Society of Christian Service met in Fellowship hall for the first session of their home mission study on "Christ, the Church, and Race". Jean Henry led the prayer circle. Fern Davis conducted a short business session.

Scripture was Acts 2:5-11, and 37-42. "In Christ There is no East or West" was the hymn sung. After a litany by three

members, the study was introduced by Ruth Cooper, with discussion by all. The regular teacher, Ada Thomson, could not be present because she was called for jury duty.

Present were Mmes. Doris Wedel, Wynona Watson, Jean Henry, Fern Davis, Mattie Griffin, Ruth Cooper, Johnie Westbrook, and Ruby Atkinson.

Visiting the John W. Thomson home last weekend were a nephew, John L. Thomson of Hereford, and their granddaughter, Carla Jo Dwyer of McLean. Carla's parents, Mr. and Mrs. Carl Dwyer attended the Tech homecoming at Lubbock.

Mrs. M. O. Stearns, who has been in Snyder, Okla., and Oklahoma City the past few weeks, for medical treatment, is expected home this week.

### Engagement of Miss Barbara Douglass And Wilton White Told November 10

The engagement and approaching marriage of Miss Barbara Douglass, daughter of Mr. and Mrs. Morris Douglass of Muleshoe, to Wilton White, son of Mr. and Mrs. Grover White, Jr. of Orange, was announced at a tea given in Miss Douglass' home, Sunday afternoon, November 10, from 3 until 5.

Miss Douglass

Mrs. Dudley Malone, aunt of the bride-elect, met the guests at the door. Over one hundred guests were registered in the musical bride book by Mrs. Bobby Goodwin. A candle and flower arrangement in the honor of chosen colors of red and white, lighted the registration table.

In the receiving line were Mrs. Douglass; the bride-elect; her grandmothers, and her sister Miss Ann Douglass. The serving table was laid with a white net over satin cloth. The table was centered with a kneeling cupid holding aloft a bowl of burning white tapers, red carnations and trailing garlands of smilax. Cluster of red carnations and smilax were at each corner of the table. Twin heart shaped picture frames held pictures of Barbara and Wilton with the announcement penned in silver "December 21st."

Heart shaped confections and frosted nuts were served from the silver appointed table. Mrs. Bob Kimbrough, cousin of Miss Douglass; Mrs. Charles Mayhew, Miss Quinell Elliott and Miss Ginger Gaede alternated at the coffee service. Mrs. Le Duncan of Amarillo, aunt of Miss Douglass, assisted with the serving.

The wedding will take place December 21, in the First Baptist Church in Muleshoe, with the Rev. E. K. Shepherd reading the double ring ceremony.

Miss Douglass is a graduate of Muleshoe high school and has been a student at Texas Tech in Lubbock the past two years where she was a member of Alpha Phi Sorority.

Mr. White is a graduate of Orange high school, was a student at Southwestern University of Georgetown, where he was affiliated with a Phi Delta Theta Fraternity. He is presently a junior student at Lamar Tech Beaumont.

The Muleshoe chapter of Future Homemakers of America met November 12 in the home of room with Delores Cannon presiding, with 70 members and mothers present for a demonstration on candy making by Mrs. Harriette Brummett, the Home Demonstration agent.

In her demonstration, the agent used recipes for million dollar fudge, Martha Washington chocolates and candied popcorn.

- Martha Washington Chocolates**
- 1 stick (1/2 cup) butter or margarine
  - 2 boxes powdered sugar
  - 1 can condensed milk
  - 1 can (16 oz.) coconut
  - 1 quart pecans
  - 1/2 lb. paraffin
  - 1 (6 oz.) package chocolate chips
- Melt butter or margarine and mix with the nuts. Mix sugar, coconut and milk, add pecans. Shape into balls and chill 15 minutes. Melt chocolate and paraffin in top of double boiler. Dip chilled balls in chocolate and drop on waxed paper.

1. "Wake Up Little Sussie, Everly Bros.
2. "Jailhouse Rock", Elvis Presley.
3. "Chances Are", Johnny Mathis.
4. "Silhouettes", Rays.
5. "You Send Me", Sam Cooke.
6. "Honeycomb", Jimmie Rogers.
7. "Fascination", Jane Morgan.
8. "Tammy", Debbie Reynolds.
9. "April Love", Pat Boone.
10. "Melodie D'Amour", Ames Bros.

### Platter Chatter

by David Shepherd

The record world, and the teen age world welcomes back a familiar face this week after a short absence. Tab Hunter, who in two releases cropped two hits one that sold over two million copies, released a disc this week. "Young Love" reached the No. 1 spot and his 2nd work, "Ninety-Nine Ways," passed the 20,000 mark making it a hit.

Tunes you can expect to see in the Top Ten listings in the coming weeks are: "My Special Angel," Bobby Helms; "Littleitty Pretty One," Thurston Harris; "April Love" Pat Boone; and "Just Born," Perry Como. After trying our luck at prediction, we thought it might work again.

Something else for the Presley fans—Elvis has a new 45 album released that is taken from his latest movie. This album includes "Jailhouse Rock," "Young and Beautiful," "Let's Be Beethoven," "Don't Leave Me Now" and "Baby I Don't Care," all of these a solid tunes and fans enjoy this.

### Preview Parade

"I'm Alone Because I Love You," Tab Hunter—Dot.

The young music star resumes his disk career with a record that has a possible hit on both sides. His strong delivery of "I'm Alone," the standard, against rhythm backing and chorus assist makes for a dangerous side. Equally appealing is "Don't Let It Get Around," a rockabilly item.

"The Prettiest Girl In School" Randy Stan-Dale. Cute, sparkling delivery of the pretty ballad type with rhythmic backing is anointed for teenagers and could hit the target. Flip "Sweet Talk and Sugar Kisses" is an up tempo number which is given a peppy go by Stan.

"Oh, Boy!" Crickets—Brunswick. The group has a good bet to follow up their million seller "That'll Be The Day," with their strong presentation of this frantic rockabilly. Wild sounds and boisterous build a lot of excitement. Flip is an interesting interpretation of the off-beat tune "Not Fade Away."

"Why Don't You Understand?" George Hamilton III—ABC Paramount. By far the strongest disk by the young artist recently, "Why" is a pretty melody and Hamilton reads it brightly against excellent guitar and string backing. The Flip, "Even Tho", is a rockabilly which is also nicely delivered.

"Anna Marie" Jim Reeves—RCA Victor. The melody of "Anna Marie" is quite similar to the artists' hit tune "Fair Winds" and Reeves sings the pretty ballad with the same sincerity. Flip is "Everywhere You Go", a hit by Guy Lombardo some years ago, that is made attractive by Reeves.

### Teacher Ethics Is Topic For Meeting Of CTA Nov. 4

A program on teacher ethics was enjoyed by members of the Muleshoe Classroom Teachers Association at a meeting held November 4 in the junior high school building.

Mrs. Luther Clegg discussed ethics from the standpoint of the teacher, and Jerry Kirk discussed the subject from the standpoint of the administrator. Special music was furnished by a quartet composed of Messrs. Summersgill, Moon, Murphy and Gipson. Refreshments were served from a table decorated in the fall motif. Bryan Brady presided over a brief business session.

### H. D. CLUB CLATTER

One way to get that needed whole grain cereal is in Whole Wheat Hot Cakes. They are so good for breakfast, on a cold morning, and so good for you. So many of us do not get enough of the B vitamins. Remember that the whole grains are very rich in this important vitamin and we should be sure that each member of the family gets at least one serving of a whole grain food each day. I have been seeing whole wheat flour on the grocery shelves here in Muleshoe so I know that it is available. I believe you will enjoy the following recipe:

- Whole Wheat Hot Cakes**
- 2 eggs
  - 2 cups buttermilk
  - 1 teaspoon soda
  - 1 cup whole wheat flour
  - 1 1/4 cups white flour
  - 2 teaspoons baking powder
  - 1 teaspoon salt
  - 2 teaspoons sugar
  - 4 tablespoons shortening
- Beat eggs well. Beat in buttermilk and soda, then sifted dry ingredients, and melted shortening. Drop batter by spoonfuls into a hot griddle or heavy iron skillet. As soon as hot cakes are brown on underside, puffed and full of bubbles, turn cake and cook on other side. Serve piping hot with butter and syrup. Makes about 20 hot cakes, depending on size.
- To complete the breakfast use the following:
- Grapfruit.
  - Whole wheat hot cakes.
  - Butter or margarine, syrup.
  - Sausage, milk or coffee.
- Bananas Accent Baked Ham**
- Here's a banana recipe that served with hot or cold ham will rate your first class compliments. And, it's quick as can be.

to make, too! First, mash two ripe bananas until smooth. Add 2/3 cup mayonnaise, 1 teaspoon prepared mustard, 1 tablespoon horseradish and 2 teaspoons chopped parsley. Mix well—and you'll have a festive accompaniment worthy of acquaintance with any ham. This recipe makes 1 to 1 1/2 cups sauce.

Add raw cauliflower to vegetable salad. Try small pieces of raw cauliflower in your mixed vegetable salad. Or include them on the relish tray.

### Make Cottage Cheese From Dry Milk

Did you know that cottage cheese can be made from dry milk? Mix the dry milk with water according to the directions on the package. I like to mix it in a pan that can be set in hot water. Add about 3/4 cup cultured buttermilk to each quart of reconstituted milk. Keep in a warm place until sour and clabbered. Then set the pan of clabbered milk (without disturbing the coagulation) into a pan of hot water. After it has begun to heat, you may stir it very carefully but not often. Keep the temperature of the water below the boiling point. Test the warm curd between the fingers. When of the desired firmness, pour into a cloth bag and drain. Cream may be added for serving.

If you like buttermilk, follow the same directions as given for cottage cheese but do not heat the clabbered milk—merely stir it and you will have a high quality buttermilk for drinking or for cooking.

**Birthday Party** Sharon Hutton was entertained with a birthday party in the home of her parents Friday afternoon. She received many nice gifts. Refreshments were served to the guests.

The Jr. High boys of the Three-Way school have quit playing football and started playing basketball.

Mr. and Mrs. Ed Farris had as their guests over the weekend their son and family Mr. and Mrs. Jake Farris and daughters of Coleman.

Mr. Danlap visited in the lamps that have been made by I-H boys and girls. The exhibit is on display in the REA building.

### B TEAM AND FRESHMEN LOSE TO DIMMITT

The Dimmitt Bobkittens took two hard earned victories Thursday before the big game Friday, when the Frosh were downed 7-3, and the B team was blanked 15-0.

Although both freshmen and 3 team threatened several times, they couldn't cash in on the opportunities to score.

It was the last game of the season for the frosh, who finished with a 0-3 won-lost record. The B team will probably have a game this week, to finish their season.

### CARD OF THANKS

We would like to express our appreciation to our many friends and neighbors for the many gifts given us, and the kindness shown us and for the many words of sympathy and encouragement given us since our home burned October 30. Thanks so much for everything.

We will long remember each of you and may God bless each of you.

## Kerr Implement To Show 1958 Ford Tractors Friday

The most powerful tractors ever built by Ford Motor Company will go on display Friday, November 15, at Kerr Implement Co., according to Ernest Kerr, Clovis highway, Muleshoe. New Ford tractors in the "three-four plow" Powermaster class have 10 per cent more drawbar horsepower than formerly, while the "two-three-plow" workmaster tractors are 8 per cent more powerful, Mr. Kerr said.

In addition to their higher power, the new Ford tractors feature a newly designed front grille, distinctive color styling, improved fender design, brighter headlights for field work and highway safety, greater gas tank capacity, and restyled instrument panel with electric fuel gauge, Mr. Kerr added.

"The higher horsepower of these new tractors has a two-fold significance. First, of course they increase the work capacity of the tractors under all conditions. Second, they are obtained through greater engine efficiency. With compression ratio of 7.5 to 1, a figure unsurpassed by any other gasoline tractor engine in our field, our Workmaster tractors now produce 32 horsepower, plenty to pull a four bottom plow with ease in most soil conditions," he said.

"There are 12 models of the new tractors, six in each power class. Three are special utility models; six are all-purpose four-wheel models and three are row-crop models, with three optional front wheel arrangements.

"We extend a cordial invitation to all farmers and others interested in power machinery to visit our showrooms to see the features of these new tractors. We sincerely believe that every

## Small Grain Types Developed by A&M Add To Economy

Plant breeders of the Texas Agricultural Experiment Station have for many years been developing and releasing improved varieties of small grains for use in Texas. These varieties have enabled Texas producers to increase both their grain and forage production from small grain crops.

The value of these new varieties to the agricultural economy of Texas is shown by a recent survey made by Extension Agronomist R. J. Hodges and Dr. L. M. Atkins, agronomist in charge of small grains for the Experiment Station. County agents reported to the agronomists that 70.5 percent of the Texas wheat acreage last year was planted to such improved varieties as Comanche, Wichita, Westar, Concho, and Quana. Only 3.3 percent of the acreage was seeded to the blackhull group which is less desirable from a quality standpoint, but was once very popular in the state.

Hodges points out that a new variety is only of value when used by farmers. As an example of the value of a new variety he says 559,000 acres last year were planted to Westar. For several years this variety, at Amarillo and Chillicothe, outyielded the once popular Turkey variety by at least two bushels an acre. This variety alone was responsible for increasing the total wheat yield in Texas last year by more than a million bushels.

Three Experiment Station out variety releases, New Nortex in 1936, Mustang in 1950 and Alamo in 1956, have impressed tractor user will be impressed with the power capabilities and the other improvements made in the Ford line," Mr. Kerr said.

## Dillinger Story At Valley Nov. 20

The famous motion picture roadshow, which will be at the Valley Theatre on Nov. 20 is the only authentic story of the sorry lives of infamous gangsters such as John Dillinger, Bonnie Parker, Clyde Barrow, and others.

Bonnie Parker, known as the only woman ever to fight side by side with her sweetheart, living and loving dangerously, until she and her sweetheart, Clyde Barrow were tricked by their best friend and were shot down in their automobile in Arcadia, La.

John Dillinger, known all over the world a Public Enemy No. 1 because of bank robberies and murders, and whose cost to society is estimated at more than a million dollars during his reign of terror, until he was killed by federal men in front of a theatre in Chicago.

## TODAY'S MEDITATION

Read John 14:27-31  
Peace I leave with you, my peace I give unto you. (John 14:27)

Spending a few days with her relatives a girl was impressed by the peaceful atmosphere of their Christian home. On returning to her own home at the end of her vacation, she did not hesitate to ask "Mother, why don't you and father live like Auntie and Uncle?"

The mother, finding herself unprepared for such a question, gave the answer, "You see, dear, they are Christians. Their way is different from ours."

Christianity is called the religion of peace. It is sad to think that many of us who profess to be Christians do not prove ourselves tolerant, loving and forgiving. Ought we not to be more eager to spread peace than disensions? to create love rather than express anger? The Bible tells us, "Thou wilt keep him in perfect peace, whose mind is stayed on the."

PRAYER  
O God of Peace, help us to love that we set an example of Christian love and unity in this world so divided and troubled. May we never lose that peace which Christ grants us, but in all our trials remember His un-failing assurance, "I will not leave you comfortless." In His name we pray. Amen.

## BABSON DISCUSSES BANK STOCKS

Babson Park, Mass., Nov. 14. A very popular book of forty years ago was entitled "Acres of Diamonds" by Russell H. Conwell. The story was the true account of how a diamond expert had sought the entire world over for the largest diamond, and it was finally found on his father's farm.

petition. Their competition takes the form of getting deposits rather than the starting up of new banks. It will help your personal credit to try to get new depositors for the State or National Banks with which you are doing business. Also, try to keep a good balance yourself.

**BANK EARNINGS FOR 1957**  
So many readers are today seeking the safest good-yielding investment that it is a pleasure for me to suggest that it may be in his own city. I refer to your local bank stock as an investment. Your local bank will probably show an increase of 10% in 1957 earnings, compared with 1956.

Instead of bank statements being padded, they usually contain "hidden assets." Banks may be compelled by the examiners to treat as "valueless" certain collateral; but these are not destroyed and may again become valuable.

**EFFECT OF NATIONAL INTEREST INCREASES**  
The real reason for the prosperity of banks is the increase in the basic Federal Reserve rate. Since the middle of 1955, interest rates of the popular "3-to-5 year" U. S. Government issues (the world's most conservative and most active bonds) have increased 55%; while the rate on the "9-to-12 months" U. S. issues has increased 110%.

**CAREFUL EXAMINATIONS**  
Banks are not only audited by their own communities, but also by state or national examiners, or perhaps by both. Stockholders can at any time get a financial statement, free of cost. You, therefore, can keep a constant watch on your bank's financial condition.

### Christian Science Services

The scientific basis of immortality will be brought out at Christian Science services Sunday.

Scriptural selections to be read from the Lesson-Sermon entitled "Mortals and Immortals" include the following (Proverbs 12:28): "In the way of righteousness is life; and in the pathway thereof there is no death. From "Science and Health

with Key to the Scriptures" by Mary Baker Eddy will be used the following (267:3-5): "The offspring of God start not from matter or ephemeral dust. They are in and of Spirit, divine Mind, and so forever continue."

The golden Text is from II Corinthians (5:17): "If any man be in Christ, he is a new creature; old things are passed away, behold, all things are become new."

**Attending Naval School**  
Shelby S. Sanders, airman apprentice, USN, son of Mr. and Mrs. S. W. Sanders of Muleshoe, is attending the Aviation Machinist's Mate School at the Naval Air Technical Training Center, Memphis, Tenn.

# MOTORDOM'S MASTERPIECE!

An entirely new Cadillac classic in styling, luxury and performance!

Seldom in Cadillac history has there been an announcement as significant as the message you are now reading.

For this is the announcement that introduces the finest motor car ever to bear the celebrated Cadillac name.

Certainly, one glance at its extraordinary grace and symmetry will tell you instantly that it is motordom's masterpiece in styling.

Its new sweep and stature, its remarkable new rear fender design, its dazzling new grille and four-headlamp system, and its tasteful use of chrome and color . . . all mark it as a singularly beautiful and majestic creation.

Surely, one look at its new Fleetwood coachcrafting will

convince you that this is motordom's masterpiece in luxury.

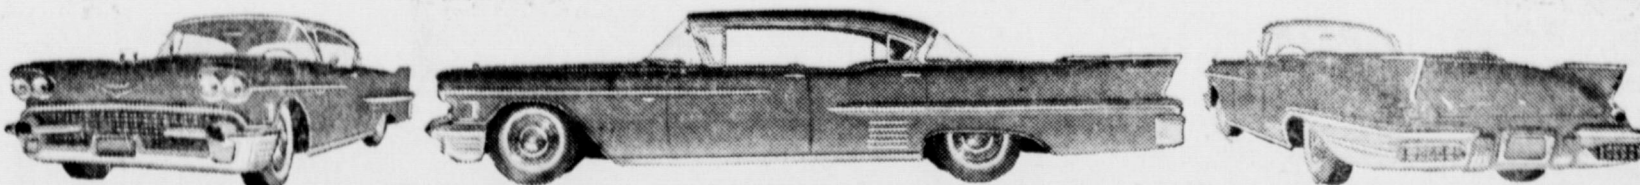

There are exciting new fabrics and leathers . . . wondrous new beauty of appointments . . . and a whole host of new passenger conveniences.

And, unquestionably, a single journey behind the wheel will reveal why this is motordom's masterpiece in performance.

There is a spectacular new high-performance engine . . . an even smoother, more responsive transmission . . . and, as an option at extra cost, the marvel of Cadillac air suspension.

It's all new—it's all wonderful—and it's all waiting for you today in our showroom.

We urge you to see and drive the 1958 Cadillac soon.

**WHAT PRICE CAN YOU AFFORD FOR PIGS?**

The price a farmer can afford to pay for feeder pigs depends on the value of the finished hogs cost of raising them, and death loss.

Recent studies on midwestern hog raising has produced a range for estimating in advance the possibilities of profit and loss.

To determine the finished value, a farmer first estimates the prices at the time he will sell the hogs, and their probable weight. For example, if farmer Jones wants to buy 35-pound feeder pigs in late May to sell in October, he may estimate their ultimate weight at 225, the price at \$16.

ment to add 100 lbs weight. This would be a total of 665 pounds (about 12 bushels) of corn and 100 pounds of supplement to increase the 35 pounders to 225 pounds.

With corn at \$1.15, the cost for 12 bushels would be \$13.80. And with supplement at \$5 a hundredweight, total cost would be \$18.

Feed is the largest cost item, but labor shelter, equipment and veterinary count too. Usually these amount to one-fifth of the feed costs. This is \$3.76, bringing total production costs to \$22.56.

Difference between income and total costs is the figure estimate of the price a farmer can afford to pay for feeder pig. This figure is \$13.44. But the amount should be adjusted for death loss. Probable survival rate is multiplied by the margin over cost per pig.

For example, Jones expects a death rate of 5 percent — or a survival rate of 95 percent. Multiplying margin per pig (\$13.44) by 0.95 gives price per pig: \$12.77 in this case. If Jones pay this price for a feeder pig, he can expect to get market price

**CAMPING EQUIPMENT FOR GIRL SCOUTS:** Three Muleshoe troop leaders load camping equipment for the Girl Scout house here. They received the supplies at the Caprock Council offices in Lubbock. Left to right are Mrs. G. L. **Hi Plains Cotton Crop Staple Is Average One Inch**

Despite adverse weather conditions on the High Plains this fall, statistics on cotton classing data from the U. S. Department of Agriculture's classing office show the average staple length this year is 1 inch. The average micronaire is 4.3 and the average Pressley strength is 75 thousand pounds per square inch.

This is the first time statistics on micronaire and Pressley data for his feed and average wages for his labor. In addition, he will cover all his costs for shelter, equipment, and other items. When a pig may be purchased for less than \$12.77, the difference constitutes profit.

have been available. George W. Pfeifferberger, Executive vice-president of the Plains Cotton Growers, Inc., announced. Pfeifferberger said arrangements were made with the U. S. D. A. to determine and publish the micronaire and Pressley data in addition to grade and staple statistics.

As of November 2 cumulative figures from 220,000 bales classed at the Lubbock and Lamesa classing offices show that in grade 61.1 percent of the cotton is white and 35.9 is light spotted and spotted. W. E. Franklin, head of the Lubbock office, reported that the vast majority of the 35.9 percent cotton classed as spotted actually is light spotted cotton. Published U. S. D. A. report show this area 15 have only 4/16 of one percent full spotted cotton.

In the micronaire tests the majority of the bales tested fall in the 3.5 to 4.9 category. The largest single percentage, 41.09 is in the 4.0 to 4.4 range. Less than 5 percent falls below 3.0 and more than 8 percent is above 5.0. A total of 8,055 tests were made for micronaire data.

In the Pressley tests three-fourths of the bales tested fall in the range from 70,000 to 85,000. Less than four percent fall below 65,000 and about 20 percent is 80,000 or above. A total of 1,963 tests were made for Pressley data.

Pfeifferberger explained that such significant data about "High Plains cotton can now be obtained from the data on grade, staple, micronaire and Pressley. This information will enable prospective buyers of High Plains cotton to tell the character of our cotton without making preliminary tests of their own, and it may provide the way for additional sales," Pfeifferberger added.

**Eighth Graders See Two Plays**

The eighth grade class met this week to view two plays by 8-C, with Travis Bessire presiding over the meeting.

The class discussed plans for a skating party. The girls basketball team won their game with Sudan by a score of 23-21.

The boys played their last football game recently with Plainview, with Plainview winning 56-20.

**Durham Elected Plainview Credit Association Head**

L. R. Durham of Lockney was elected president of the Plainview Production Credit Association at the annual stockholders' meeting at the high school in Plainview Saturday.

Durham, a farmer-rancher, connected with the Plainview PCA for a number of years, was promoted from vice-president and succeeded Thurlo Branscum of Muleshoe.

Elected as directors were Grady Shepard, Hale Center, succeeding S. J. Payne, Tulla, and D. S. Anderson, Muleshoe, succeeding Thurlo Branscum.

W. N. Stokes, Jr., Houston, president of the Federal Intermediate Credit Bank, addressing the approximately 600 stockholders, members of their families and businessmen guests, said the association would get the money it needs for this year's

loans, but that the interest rate possibly would be some what higher.

Durham reporting on loan activities told the stockholders that the association in 1956 made 851 loans for a total of \$11,478,381 as compared to 813 loans for \$10,099,000 the previous year. The Plainview office made 358 loans for \$5,694,449 in 1956 to lead the association in number and amount.

Loans and interest receivable as of Dec. 31, 1956, were approximately \$800,000 less than the total at the close of business the previous year. The bumper crop and early harvest last year accounted for the appreciable decrease in cash outstanding. Durham pointed out. The loans and interest receivable Dec. 31, 1956, totaled \$2,134,185. Total assets were \$3,050,925 as compared to \$3,813,000 on the corresponding date the previous year.

On the basis of its loan activities the Plainview PCA is the largest such organization in existence except those which serve entire states. Since its organiza-

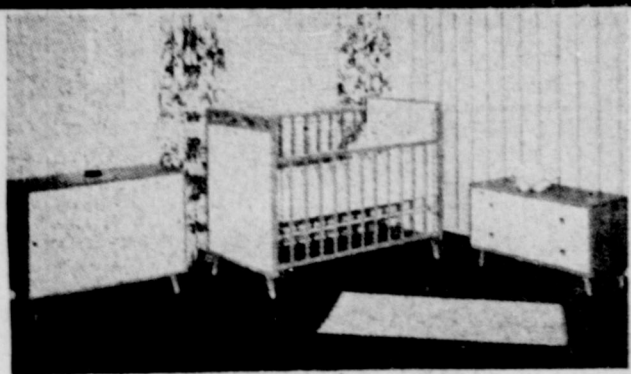

tion in 1934 the Plainview PCA has lent \$78,455,000. Its net interest on loans in 1956 was \$154,608. Net earnings transferred to surplus amounted to \$36,409.29.

The association has offices at Plainview, Dimmitt, Floydada, Muleshoe and Littlefield. A new office building has been constructed at Floydada.

Clay Henry, Plainview, is secretary-treasurer of the association. Field representatives are Gip Hudson, Dimmitt; E. A. Williams, Floydada; Harman Elliott, Littlefield, and W. B. LeVeque, Muleshoe.

"THEY'RE CATCHING ON, BUT THEY CAN'T CATCH UP." That's how lots of people feel about the "new 1958" cars that are trying to match the Dodge Swept-Wing look. These other cars have been lowered some, but still seem high and boxy by comparison. A few are "catching on" to fins, but they're years from

"catching up." And the air suspension offered by some cars (at well over \$100 extra) can't compare with the sway-free, dip-free ride of Dodge Torsion-Aire (standard equipment on all models). So on your way home from someone else's new car showing, stop in and compare it with Swept-Wing 58 by Dodge. You'll see what we mean.

# Portable Grain Drying Bin on Millen Farm Reduces Moisture Content Fast

Housewives have known for some time that they can dry clothes indoors in automatic dryers without waiting for the sun to shine and wind to blow across the clothesline in the back yard.

And grain men, particularly those who operate elevators have likewise known that milo can be dried artificially and independent of the whims of the weather, such as has plagued farmers for the past four weeks.

But one farmer in the Muleshoe area has recently put into

operation his own private grain drying bin, and is able to deliver loan-eligible grain to the elevators, regardless of the misty damp weather outside.

Bill Millen is operating a Haco recirculating drying bin on his farm northeast of Muleshoe. The portable bin is situated next to his grain storage barn, and milo and corn are fed into the bin in quantities of as much as 22,500 pounds at one time.

The machine is capable of reducing the moisture content of milo from 15 percent to 13 percent in nine-tenths of an hour. By bringing the grain down to the 13 per cent level it is eligible for the loan price of \$1.64, making the farmer 19 cents over the purchase price of \$1.45.

As can be seen in the accompanying photo, the drying bin

feeds grain into a perforated hull that holds the kernels while a forced draft of heated air circulates over it.

A small grain elevator in the machine carries the grain from bottom to top for the recirculating process. It is possible to cut off the heat on the machine to cool the grain after the moisture content has been reduced to the desired percentage.

Although the machine is rather costly, it is portable and can be operated from the PTO of a tractor and heated with butane, some of the original investment might be returned by its portability. Another way of amortizing the cost of the machine might be in the increased price brought by grain dried to loan specifications.

ills, says Allen. Place the insulation between the attic floor joists. This helps reduce heat loss from the rooms below. With this insulation there should be ventilation in the attic, which means vents should be placed in the gable ends about four square feet of clear openings for each 1000 square feet of attic floor, suggests the engineer.

Storm doors, storm windows, and attic insulation not only cut heat loss and save fuel but they also reduce drafts, according to Allen. This means a more uniform heating system throughout the house. Next summer the insulation in the attic will help keep the house cooler, too.

## OVER HALF MILLION TEXANS Older People Have Definite Needs and Ideas For Living After 65th Birthday

As the number of older persons in the population increases, the needs of the "senior citizens" in towns in rural communities are of growing interest, says Reagan Brown, extension rural sociologist.

Texas now has one half million persons over 65 years of age. This represents 1 out of 7 or about 7 per cent of the total population. In rural areas, the percentage is even higher, Brown says.

Research shows that older folks want to live as independently as possible. They prefer to live in familiar surroundings near their friends and associates. They prefer to be near married children or grand children but not to live with them. Elderly persons like to be where they can watch adults work and children play, rather than being only with other aged people.

Most older farm people like rural surroundings with open spaces, according to Brown, a place for animals, a chance to watch gardens or crops grow. But they don't want to be isolated. They want to be able to walk or drive, to go shopping, to go to church or other meetings, see friends and relatives, have help if needed and be outdoors when weather permits.

They want a house with various safety features—a 1-floor plan with few steps to the outside. They favor a house safe

from fire and falls, with no slippery floors, no loose or sliding rugs, safe bathtubs, showers with convenient handholds, faucets easy to reach and use, and rubber mats to prevent slipping. Older people desire plenty of heat in winter, automatically regulated; adequate lighting, windows that open and shut easily and a place for daytime naps.

Above all, older persons want to feel needed and carry on a useful, pleasant day to day schedule of activity, adds Brown.

## Parmer County Farm Bureau News

Farm and commodity groups have been attempting to get approval of a higher moisture content on grain sorghums for CCC loans. Texas Farm Bureau is included in the list making the request. It is our opinion that the content allowable for warehouses that have adequate turning and cooling facilities should be adjusted above that of flat storage houses. Several seasons ago, Parmer County Farm Bureau and grain dealers of the Plains made a concerted effort to get a concession on that point unsuccessfully. It is doubtful that such a concession will ever be made. There is some doubt as to whether it would be practicable without drying facilities at the

warehouse anyway.

Due to weather-harvest circumstances, a dry land farmer, Ralph Smith, has been assigned to sit on the Texas Farm Bureau Resolutions Committee which meets in Dallas Wednesday morning. President Kaltwasser made the appointment with the hopes that he might get to spend part of the four days of committee work period in harvesting his crops. He is, of course, joined in his hopes by all farmers in this part of the country.

Farm Bureau Scotchite stickers make good supplementary protection for cotton trailers and tractors that may be on the roads after dark. They are available free at the Farm Bureau office. Kids use them on their scooters and bicycles, too.

Dr. Joseph W. Holley, regarded as America's foremost Negro educator, among other supporting things, says this in a recent article: "It will be seen that the seven items enunciated by the Communists in 1928 have been adopted and are being put into effect by the Julius Rosenwald Educational Foundation (now the Southern Educational Foundation), the AFL, CIO, NAACP and backed by the Supreme Court and the President". He also says, "Negroes who grab the bait will suffer in the long run."

**Winterize Your Home To Save On Fuel, Cut Drafts**

With winter weather already here and more just around the corner, many homeowners are making plans to winterize their homes for increased winter comfort and economy.

A good place to start this job is with the doors and windows, advises W. S. Allen, extension agricultural engineer. Many windows and doors fit loosely but can be tightened easily with weather stripping.

Storm sashes can be very helpful in reducing heat loss from the house. In northern areas, addition of storm windows, doors and weather stripping can reduce the fuel bill considerably, tests have shown.

Proper insulation in the unheated attic will also cut fuel

Man, it seems as if these trucks are never down any more. When we drain, that AMALIE L. P. G. still looks plenty good; and it sure won't thicken up on you like that ordinary, common grade oil we used to use. You can't beat butane—if you've got AMALIE L. P. G. Oil!

Butane or propane (Liquid Petroleum Gas) burns HOT. That's why ordinary oil oxides—the qualities that give it its viscosity, or flowing power, burn away. And it thickens up almost like gear-grease. AMALIE L. P. G. Oil is ENGINEERED to the job. HOLDS its viscosity. Keeps grit and dust "suspended," so they filter out. And its 100% pure Pennsylvania oil.

### A&M, Tech Pledge Cooperation For Research Program

A program of expanded agriculture research for West Texas was launched recently through a cooperative agreement between Texas Tech and the Texas Agricultural Experiment Station.

The new program was made possible through a specific legislative appropriation to the Experiment Station. The funds became available September 1.

The program will strengthen ties between the Experiment Station and Texas Tech, officials of both institutions declared in a joint announcement. It will mean an interchange of personnel and facilities for research and training, especially in connection with Substation No. 8 established in 1909 in Lubbock county.

In the past, cooperative research between the Station and Tech has been limited to a few special projects with livestock and insects at Tech in Lubbock and at PanTech Farms near Amarillo.

Both Dr. E. N. Jones, Tech president, and Dr. R. D. Lewis, director of the Texas Agricultural Experiment Station, called the new program one of the biggest advancements made in recent years to serve West Texas agriculture.

Four Tech faculty members are initiating the new research. Dr. Clark Harvey, Dr. Ray Billingsley, Dr. John W. Thomas and Chester C. Jaynes.

They have accepted joint assignments with Tech and the Texas Agricultural Experiment Station. Their research will supplement the studies of the present Lubbock substation staff which consists of 11 State scientists and two from the U. S. Department of Agriculture. Lubbock substation scientists may teach in the Tech School of Agriculture.

500 Expected For Safety Meeting

More than 500 people are expected to attend the Lubbock Regional Safety Conference which will be held Thursday, November 21, in the Lubbock Hotel.

L. O. Neill, Regional Vice President of the Texas Safety Association for the Lubbock area, is General Chairman. TSA and the Lubbock Citizens' Traffic Commission are co-sponsors of the conference.

"We believe this will be the finest safety meeting ever held in Region VI," Neill said. "Certainly a good many safety-minded and conscientious people have worked long and hard to make this conference possible."

Region VI includes the 21 counties of Andrews, Bailey, Borden, Cochran, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale Hockley, Howard, Kent, Lamb Lubbock, Lynn, Martin, Motley, Terry and Yoakum.

"A comprehensive program has been planned," Neill said. "One that is designed to allow

### Adams Family At Funeral Tuesday

Mr. and Mrs. J. K. Adams and family returned Tuesday night from attending the funeral of Mrs. Adams' grandmother, Mrs. W. R. Smith, 99, of near Weatherford.

Mrs. Smith passed away Sunday afternoon, and funeral services were held Tuesday afternoon. Mrs. Smith was the senior citizen of Parker county, and would recall events during the Civil War.

Safe 'n Sound

You can't board the train after it has left the station, neither can you get insurance on your home after it has burned down. Before it is too late check up on the amount of insurance you carry on your property. Most all of us are so busy getting more that we don't take time to protect what we already have.

It only takes a few minutes to reduce your home to ashes. We cannot replace the sentimental value, but proper insurance can replace the financial loss. Now before it is too late is the time to make sure your home and household possessions are fully covered.
