## SINGERS HOLD MEETING HERE

Central Ward Auditorium Crowded To Capacity As Singing Convention Meets.

A crowd that completely filled the capacious auditorium of the Central Ward school building was here Sunday afternoon attending the meeting of the Lynn county Singing Convention. A fair sized crowd gathered in the morning but it was not until afternoon that the majority of the crowd arrived.

Not only were people here from all parts of Lynn county but there were many visitors from other counties. Among these were noted John F. Taylor of Clovis, president of the Plateau Singing Convention, O. L. Chapman of Brownfield, president of the Terry County Singing Convention, Zed Robinson of Littlefield, president of the Lamb County Convention, Clyde Burleson of Shallowater, Rev. Campbell and Messrs. Hilton and Clem of Lubbock, V. O. Stamps and adopted son, Freddie Martin, of Abilene.

The convention is said to have been one of the best ever held by this organization. There were many good song leaders present and each one gave a good account of himself. One of the features of the convention was the singing and playing of Freddie Martin, who seems to be an artist at playing almost any kind of instrument.

The convention was invited to return to Tahoka for its meeting six months hence and the invitation was unanimously accepted. This meeting will be held the second Sunday in August. At this meeting officers for the ensuing year will be elected. M. E. McCord of Tahoka is the president at this time and Mrs. Fred Faris of Dixie is the secretary.

## Pete Wetsel Is In Precinct 1 Race

Pete Wetsel of New Lynn has decided that the water is fine and so he has taken his plunge into the political pool. He adds his name this week to the list of those who would be willing to serve as commissioner of precinct No. 1. Mr. Wetsel has been a resident of this county about four years, coming here from Clay county. He has had considerable experience as a county commissioner, having served for six years as a member of the commissioners' court of Clay county. He has won many friends here since becoming a citizen of this county, and he asks the favorable consideration not only of his friends but of all the voters of the precinct. His announcement follows:

"To the voters of Precinct 1: In asking you for the office of commissioner, I realize the responsibility of the office. Having had some experience in this office for six years, I feel that I am qualified to fill the office for which I am asking, both as to the finances and road work. At the end of my second term as commissioner in Clay county, I was petitioned to run for a third term and was re-elected.

"I have had eight years experience on road work with grader and also scraper work.

"If I am elected I will see that every district shall have its part of the money spent by me.

"Now, if you think I am the man for the place, I will surely appreciate any thing you do for me at the election. I will try to see every voter in the precinct by July. Thanking you in advance, I am

Truly yours, PETE WETSEL."

## Rainfall Total For Week Is .62 Inches

A dense fog enveloped Lynn county Sunday, changing to a fine mist Sunday night. Early Monday morning a slow rain began falling, which continued throughout most of the day. A heavier shower fell just before night and it continued to rain far into the night. The total precipitation in Tahoka was .62 of an inch, according to the government gauge kept by the News.

This rain all soaked into the soil where it fell and will be greatly beneficial to the wheat and the pastures.

## J. F. McMANIS PASSES AWAY

Pioneer Of County Dies After Long Illness; Was Buried Here Last Sunday

Another of the pioneer settlers of Lynn county passed away early Sunday morning when death claimed Jas. F. McManis at his home fourteen miles west of Tahoka. Funeral services were held at the cemetery here Sunday afternoon, conducted by Elder Owens, who resides a few miles east of Tahoka.

Mr. McManis had been a sufferer from cancer for many years, and all these years he bore his suffering patiently. Death came to relieve his pain at about 3 o'clock Sunday morning.

Mr. McManis was 74 years and 10 months of age. He had been a resident of this county since about 1906 or 1907. The population of the county was very scant when he arrived, and it was then strictly a ranching country. He saw it rapidly transformed into a fine agricultural country and he did his part in the development of this section. He was truly a good man and a good citizen and enjoyed the esteem of a wide circle of friends. He leaves surviving him two sons and one daughter: E. E. and Jim McManis and Mrs. Ketter De Priest.

The News extends sympathy to all the bereaved.

## Contested Divorce Case Is Settled

The custody of three children was the principal bone of contention between the parties to a divorce suit tried in the district court here Wednesday.

Mrs. Jesse Corpiet of this city had brought suit for divorce against her husband, Jim Corpiet, now a resident of Hillsboro. They could not agree upon the custody of the three small children. After hearing the evidence and weighing carefully all the circumstances, Judge McGuire granted the divorce and awarded the custody of the oldest child to the mother. The custody of the two younger children were awarded to the father for a period of nine months in each year and to the mother three months. Each parent is to have the privilege of visiting the children in the other's custody at reasonable times, however.

The judgment of the court seemed to be satisfactory to each of the parents, it is said.

There are five other divorce cases on the docket.

## Maddox Tells Of Red Cross Needs

We need the following items badly: 50 gunny or tow sacks, 50 flour or meal sacks, lard, shelled corn, dried beans or peas.

If you have any amount of any one of these items that you can spare, we would be glad to have you donate same to the Red Cross for the purpose of feeding those that are needy.

If you can donate any of these items, put your name on it, its value in pounds, and leave same at the Red Cross office over the First National Bank at Tahoka.

If you are near to O'Donnell, leave it with J. R. Shoemaker Jr. at the First National Bank Building in O'Donnell.

B. P. Maddox, Ch. Red Cross.

All main contracts except one went to Texas concerns when the University of Texas Regents recently let building contracts totaling nearly \$4,000,000. Nine new buildings were included in the letting.

## FERGUSONS AGAIN ENTER RACE FOR GOVERNORSHIP OF TEXAS

MRS. MIRIAM A. FERGUSON

## How We Voted Two Years Ago

Since Mrs. Miriam A. Ferguson has announced as a candidate for governor against Ross Sterling, it might be of interest to take another peep at the results of the two primary elections held in 1930, in which these two were pitted against each other as candidates.

In the first primary, held on July 26, there were eleven candidates for governor, and the result as published in the Texas Almanac was as follows:

Mrs. Miriam A. Ferguson	242,969
Ross S. Sterling	170,754
Clint C. Small	138,994
Thomas B. Love	87,068
James Young	73,385
Barry Miller	54,652
Earle B. Mayfield	54,453
C. C. Moody	4,382
Paul Loven	2,724
Frank Putnam	2,365
C. E. Walker	1,760
Total vote	833,442

In the second primary held on August 23, the result was as follows:

Ross S. Sterling	473,371
Mrs. Miriam A. Ferguson	384,402
Total vote	857,773

## Mrs. Stokes Hurt In Car Accident

Mrs. Gladys Stokes and Miss Echo Milliken were each painfully though not seriously hurt when the car of Jim Weatherford, with whom they were riding, went into the ditch on the highway near the Wayside Filling Station Thursday night.

The lights on the car grew dim, it is said, and Mr. Weatherford was unable to see the highway clearly. He thought that he was driving in the middle of the highway when in fact he was near the ditch on the left side. When the wheels on that side of the car struck the soft dirt near the ditch unexpectedly to him, the car swerved into the ditch and turned a complete somersault.

Mrs. Stokes received very painful and severe injuries about the head and face and was confined to her room for three or four days. Miss Milliken received many bruises but her injuries were not so severe as those of Mrs. Stokes. Mr. Weatherford escaped unhurt. The car was not badly damaged.

## Miss Barnett And Tom Short Marry

Miss Charlotte Barnett was married to Tom Short in Lovington, New Mexico, on Tuesday of this week. The couple were accompanied to that city by Clay Bennett and Miss Virginia Sanford, who witnessed the ceremony. They returned to Tahoka the same day and have apartments in the Mrs. Thelma Swan residence.

The bride is the daughter of Mr. and Mrs. B. H. Barnett of this city and the family has resided here a number of years. Mr. Short is the son of Mr. and Mrs. George Short and has been employed at the Tahoka Service Station.

These are popular young people and have the best wishes of hosts of friends.

Responding to the written request of more than 400 friends in Texas that I again enter the service of the state and pledging their active support, I hereby announce as a candidate for governor. These friends assure me that there is an urgent demand for my candidacy not only from all former supporters, but from thousands who have heretofore opposed me. They further say that there is a wide-spread dissatisfaction with the present administration of state affairs and that the public is demanding relief from governmental inefficiency and extravagance.

While I am not anxious to, nor will I enter into any scramble for office, yet I do not feel that any citizen is at liberty to decline to render public service in time of public need. My family having been in the past signally honored I recognize a special obligation to heed the call of the people of Texas if I am needed or wanted in the public service.

I sincerely hope that the contest in which we are about to engage will be conducted on the basis of merit rather than personal antagonism. "Who can best serve Texas" should be the upmost thought in the minds of the voter when the time comes to cast the ballot in our democratic primary.

In addition to my connection with and my experience in the governor's office, I shall avail myself of the advice and cooperation of competent friends, of the legislature and my husband in determining a policy that will relieve the present perilous condition of our state affairs.

In submitting my name as a candidate I deem it proper to take the people into my confidence and tell them that I am not financially able to make any extensive or expensive campaign and will have to leave myself in the hands of my friends in the various counties of the state. I will go into office again, as in the past, under no promise or obligation to any special interest or faction for past, present or future favors.

In answer to those who may think that a woman should not hold high station, permit me to call attention

## H. D. Reporting School Is Held

Mrs. Minnie Fisher Cunningham held a training school for home demonstration club reporters in the auditorium of the high school here last Saturday. The purpose was to acquaint reporters with their duties, so that fuller and better reports of H. D. Club meetings might be given to the press. "Your report must tell what happened and what was said at the club meetings", Mrs. Cunningham told her auditors, and she gave them much valuable instruction concerning the writing of reports.

Those in attendance got some practical experience too, for Miss El Fleida Harrison gave a demonstration on yard beautification, and reports on the demonstration were written.

Those in attendance were: Miss Myrtle Murray, district home demonstration agent; Miss Chitwood, home demonstration agent of Lubbock county; Miss Nannie Hill, H. D. agent of Hockley county; Miss Roselle McKinney, H. D. agent of Dawson county; Miss Harrison, H. D. agent of Lynn county; Mrs. A. L. Standifer, reporter for Tahoka H. D. Club; Miss Isabel Adams, reporter for the New Home Club; Mrs. Jewell Brown, Magnolia; Miss Mae LeVay, New Lynn; and Miss Margaret Tunnell, Midway.

## Airplane Salesman Here

David C. Reese, Lubbock, flying instructor and salesman for the Nicholas-Beazley airplanes, was here Monday and Tuesday demonstrating his plane, which is practically "fool-proof" in that it will not stall or tail-spin. Mr. Reese made an effort to organize an air club here, but was unsuccessful in finding the \$1950.00 necessary to place a plane in the hands of local citizens.

Mrs. T. J. Bovell is again visiting her sick mother in Dallas.

## Closes Pool Halls At Brownfield

An injunction was granted by Judge Gordon B. McGuire Tuesday upon the application of District Attorney T. L. Price enjoining the operation of two pool halls in Brownfield.

Evidence presented to Judge McGuire showed that these pool halls were running in open violation of the law, it is said, though they were posing merely as recreation resorts.

It is understood that papers were served upon the operators Tuesday morning and their places of business were padlocked.

## INDICTMENTS ARE RETURNED

Grand Jury Returns Indictments For Burglary, Theft And Liquor Law Violation

The grand jury reported to Judge McGuire Wednesday afternoon, returning into court five bills of indictment, two charging burglary, two for hog theft and one for violation of the Dean prohibition law.

The burglary indictments charged two negroes, Frank Huddlen and Lorenzo Watson, with having broken into the store of the Wilson Mercantile Company a few weeks ago and stealing quite a quantity of clothing and other valuable articles of merchandise. It is understood that these negroes will enter pleas of guilty to the charges against them at an early date. They are now in jail.

Stanton Thigpen and Bill Bonds were each charged with the theft of hogs from W. R. Burden. The thieves were located and the hogs recovered through the efforts of sheriff B. L. Parker soon after the animals were stolen. One of these men was in jail when the indictments were returned while the other was out on bond.

The fifth indictment returned by the grand jury Wednesday charged Ted Clark with the unlawful possession of whiskey and of equipment for the manufacture of whiskey. The accused man lives out east of Wilson in this county.

## Publicity Given Proposed Plant

The following news story appears in this week's issue of Progressive Texans, Inc., a press sheet "devoted to the industrial development of Texas", published at Dallas, in regard to proposed potash development in West Texas:

Activity in the development of the chemical possibilities of Texas is seen in the announcement that the Texas Potash Corporation is planning erection of a complete mine unit and potash salts refinery on its 12,000-acre tract near Odessa; that the Continental Chemical Co. has leased a group of lakes near Tahoka, Lynn county, and will construct an evaporation plant and refinery to recover potash and other chemical products from the water of the lakes. Estimated cost of the improvements is \$1,600,000. Near Galb, Borden county, C. A. Godfrey is reported ready to install equipment for mining ammonium chloride.

## Supreme Court Has New Member

President Hoover on Monday announced the appointment of Benjamin Nathan Cardozo to a place on the supreme court of the United States to fill the unexpired term of Justice Oliver Wendell Holmes who recently retired on account of his advanced age and ill health.

The new Justice for several years has been chief justice of the New York Court of Appeals. He is a Democrat and a Jew, 62 years of age. The appointment brought praise from political leaders, Democrats and Republicans alike. He is reputed to be a very able jurist, liberal in his views. Judge Holmes, whom he succeeds, is a Republican but was also very liberal in his views as a member of this great tribunal. The court is now composed of five Republicans and four Democrats. Two of its members are members of the Jewish race, the other one being Louis D. Brandeis of Massachusetts. Three of the nine members are from the state of New York, the other two being Chief Justice Hughes and Harlan F. Stone.

## COUNTY GRAND JURY IS BUSY

Court Opened Monday; Will Take Up Heavy Criminal Docket Next Monday

District Court opened here Monday morning and Judge Gordon B. McGuire proceeded immediately to the empanelling of a grand jury. After being given an impressive charge by the court as to their duties, this body began work and has been "at it" ever since.

W. H. May of Wilson was appointed foreman and the other members are: L. H. Moore, J. E. Rice, C. T. Tankersley, J. C. Hamilton, J. W. Warrick, H. M. Larkin, John Berry, G. A. Branfield, W. J. Jordan, J. Wright Edwards and G. W. Hickerston. Bailiffs were appointed as follows: W. S. Swan, door bailiff, J. F. Stuart of Tahoka and John Johnson of O'Donnell, riding bailiffs.

One civil suit was disposed of Monday, the case of Dugger vs. The Springfield Fire & Marine Insurance Co. Plaintiff had sued for \$1,500.00 alleged to be due on an insurance policy on a residence in east Tahoka that was destroyed by fire some time ago. An agreed judgment for \$750.00 was entered.

The appearance docket was called Tuesday morning and non-jury cases and uncontested cases are being disposed of this week.

The regular criminal docket will be taken up next Monday. The Mrs. Ola Redman case, murder, which had been set for trial on February 29, has been reset for March 7. The Herd case, civil, which has been transferred here from Post, has been set for Monday, February 29, and the week will be used in the disposition of civil cases.

District Attorney T. L. Price states that he will be in Austin on March 2 to argue the J. A. Bond case before the court of criminal appeals. This is a murder case on appeal from Brownfield.

## Judge Fritz R. Smith Is Dead

Judge Fritz R. Smith, judge of the 32nd judicial district, died at his home in Snyder last Sunday, after an illness of three weeks. He was not thought to be seriously ill until a short time before his death, it is said, but his heart action had been severely affected by attacks of influenza. Funeral services were held Monday and many prominent citizens of West Texas were in attendance.

Judge Smith was not unknown in Tahoka, having presided over the court here on two or three occasions in exchange with Judge McGuire, and having attended Kiwanis luncheon here.

Judge Smith, who was 55 years of age, located in Snyder in 1901 to practice law. He served two terms as county attorney, two terms as county judge, one term as representative in the legislature, several years as chairman of the board of pardons at Austin, and several years as mayor of Snyder. Several years ago he was appointed district judge to fill the unexpired term of Judge W. P. Leslie, who has been elected to the court of civil appeals which sits at Eastland.

Judge Smith had made an enviable record as district judge. Prior to his going on the bench he had become one of the keenest trial lawyers in his district.

Announcement was made from Austin Monday that Judge A. S. Mauzey of Sweetwater had been appointed by Governor Sterling to fill Judge Smith's unexpired term. Judge Mauzey had served for ten years as county judge of Nolan county and was a candidate for district judge a few years ago.

The editor was for a long time closely associated with both Judge Smith, deceased, and his successor, Judge Mauzey, in a professional way and fully appreciates the fine qualities of each. A brilliant man has passed off the stage of action and a most capable and worthy gentleman has succeeded him.

Among the visiting attorneys attending court here this week, we noted Judge Bean and Judge E. L. Klett, G. E. Lockhart, and J. E. Vickers, all of Lubbock, and T. H. Jackson of Hillsboro.

appear in the columns of the News,  
will be gladly corrected when called  
to our attention.

The indications are that the Roosevelt forces are to redouble their efforts since the Al Smith announcement that he is a receptive candidate for the Democratic Presidential nomination. It now promises to be a fight to the death between Al Smith and his former lieutenant, Franklin D. Roosevelt. The Smith forces are fighting, apparently, not with the hope of being able to nominate their chief but with the hope of defeating the man who sits in the governor's mansion in Albany. The Roosevelt forces, many of whom were erstwhile enthusiastic followers of the "Happy Warrior", are going to make a supreme effort to gather in enough votes to put their man in on the first ballot, or at least as soon as a few of the favorite sons drop out of the running. The Democratic convention in Chicago this summer promises to be a red-hot affair.

Since John Garner of Uvalde has come into the limelight as a Presidential possibility, considerable inquiry has been made as to his position on the liquor issue. The answer is that he voted against submission of the Eighteenth Amendment and was thus classified as a wet. He has consistently voted for every enforcement measure that has come to a vote in the House, however, and his record is therefore satisfactory to the drys. While he is doubtless a wet theoretically, yet it is not believed that he would do anything to assist or encourage those who are seeking to destroy the Eighteenth Amendment. He will probably be the unani-

mous choice of the Texas delegation to the Chicago convention as Democratic nominee for the Presidency.

Miss Harrison reports that she has had calls for about 400 Chinese elm trees by home owners who are undertaking to beautify their premises. That is fine. She is now beginning a home beautification contest and many have already signified their intention of entering it. She can give many helpful suggestions as to the proper place to plant out trees on your premises. Why not avail ourselves of this opportunity to beautify our premises and to do it in an artistic way?

The political skies promise to become lurid ere long. The Ferguson's have entered the race for governor. It's Mrs. Miriam A. that wants a vindication this time. She served one term and was then defeated. She claims to have done the job better than the man that defeated her and better than his successor, the present governor. Of course Jim will be her principal spell-binder. We don't know who will do the spell-binding for Sterling—Dan Moody, possibly.

Any home owner in Lynn county may procure Chinese elm trees at nominal cost through Miss El Florida Harrison, county home demonstration agent. Scores of home owners should take advantage of this opportunity to improve their premises. Even if her supply should become exhausted, these trees may be procured from near-by nurseries at small cost. Let's beautify the country homes of this county, folks.

Now is the time for the people of Tahoka to begin beautifying their premises. A grassy lawn, a rose garden, flower beds, evergreen shrubbery, and trees may be provided at small cost and they may add a hundred per cent to the attractiveness of the home. Why not make Tahoka the little "city beautiful", people?

When the eagle on that silver dollar of yours soars away to some neighboring city or town, the chances are about ninety-nine to one that it will not return to your community soon. Let's keep these birds circulating in our own community, folks.

The News is much gratified at the number of correspondents it now has

sending in the news of their respective communities. We believe there were thirteen communications last week! This makes the paper quite a bit more interesting to the people of these various communities.

A good motto for the community: Never buy anything away from home that can be bought from the home merchant.

**GLORIA SWANSON WEARS FAMOUS GOWNS IN FILM**

Gloria Swanson has long been known as one of the best dressed stars on the screen. Mlle. Gabrielle Chanel has long been known as one of the most eminent fashion-designers in Paris. The canals of Venice, with gondolas floating in mysterious moonlit shadows, and the banks of the Danube at Budapest, lined with ancient palaces and throbbing with gypsy music, were both exactly reproduced by native experts in Hollywood for the production of this picture. It's a story of the romance between a Hungarian opera-singer and her mysterious American pursuer shifts from Italy to Hungary to furnish it with all the old-world charm desired by its author, the Hungarian Baroness Lili Hatvany.

The setting which Willy Fogany, internationally famous Hungarian artist, designed for the wine-gardens on the banks of the Danube is said to be one of the most elaborate and successful illusions ever attempted on the screen. He invented totally new and revolutionary processes of rehearsing the effects of moonlight and running water in the process of building this scene.

**Constant Advertising**

*From a Speech by C. W. JOHNSON, Oakland Nebraska, Merchant.*

"I have been in business 27 years and seldom miss an issue of the local paper with an ad of some kind.

"I believe that the constant spitting of a machine gun does more execution than the occasional boom of a big Bertha. Its spat-spat shot gets results. So it is with advertising; the small ad run every week is better for results than the large ad run hit or miss. Constant advertising gets the business.

"We are told that American business has now hit the bottom and that things will be better. Now is the time to advertise our wares and get the public to start buying.

"There are all kinds of advertising schemes, and I have dabbled in them all, but the advertising in the local newspaper is best and gives the largest results for money spent.

"Put more time in writing your ads, and then talk it over with the printer. It pays in the long run to spend this extra time.

"Create a desire to possess, in your ad, and it will get the business.

"If you had a whole bushel of chain links it would not pull a load. Put them together in a continuous chain, and you have a strong and powerful thing with which to pull a load. So it is with advertising. Link your ads together, run them in a continuous string, week after week, and you have a power that will produce results."

### Lynn Club Studies Yard Improvement, Tamale Making

Trees should serve as a background for your home, while windbreaks are chiefly for protection, they can also be a beauty spot on the south and west sides of the home as well. Shrubs should be used for the foundation planting to tie your home to the ground. The walks should be in curved lines; these and space add beauty to any home. These are statements from Miss El Fleida Harrison, Home Demonstration Agent, who gave the yard demonstration for New Lynn Club at the home of Mrs. R. F. Barton Tuesday.

Following the yard demonstration, Mrs. H. Giles gave a tamale demonstration using this recipe: 1 No. 2 can ground meat, 1 pt. meal, 1 tablespoon chili powder, 3 teaspoons of fat, 1 teaspoon salt, 1/2 gal. of broth. Mix well the chili powder, meal, and salt; then add half the broth to make a stiff dough. Mix fat and ground meat together well to make it adhesive. Using thick butter paper, spread one tablespoon full of the meat mixture in an oblong shape on half sheet of paper. Then take one heaping teaspoonful of the meat shape in the meal and paper, place in a pan and pour remaining broth over them and cook 15 minutes. This makes two dozen tamales.

Refreshments of tamales, angel food cake, pound cake, peaches and cream with coffee and cocoa were

served to one visitor, Mrs. Baker, club members and agent, Miss El Fleida Harrison, Mesdames J. A. Jaynes, R. W. and F. S. Barton, E. B. Terry, John Spears, H. Giles, T. Jones, Heck, Woosley, Letha Cox, and Miss May LeVacy.—Reporter.

I repeat that: "Who Can Best Serve" should be the standard of the patriotic and the intelligent voter. At a later date I shall publish my platform for the information of the people, but I will say now that the chief plank will be the material reduction of taxes.

## Methodist Lay Leader Speaks

In the absence of their pastor, who accompanied the church Young People's Divisions to the district meeting at Levelland Saturday and Sunday, the local Methodist-congregation enjoyed a visit and a very splendid talk from their district lay leader, O. H. Kline, of Asbury Church, Lubbock. This was not Mr. Kline's first visit to Tahoka and he is always welcomed for his thorough, practical, heart-to-heart messages which every listener can apply to his own daily life, and be blessed and benefitted.

At the evening service the church was glad to recognize in a special service the Boy Scouts of Tahoka and their leaders. Rev. Smith preached a wonderfully impressive sermon from the text "And Jesus grew in wisdom and in stature and in favor with God and man".

At the church school hour Mesdames Carmack and Moreland rendered a pleasing duet, while a special request number, "Abide With Me", was very effectively sung by Mrs. Moreland at the church hour.

Worship begins next Sunday with a prelude of patriotic music and a feature to be announced later. Everyone is urged to attend every session of the church's work; the church night needs you; there is a class in the church school suited to everyone's need. Help to make your class roll 100 per cent Sunday!—Reporter.

### Lakeview

We did not have a very large crowd at church Sunday on account of the death of Mr. Ed McMann's father. The funeral service was held at Tahoka Sunday afternoon. We offer the relatives our heart-felt sympathy.

We had a good crowd at League Sunday night. We are very happy to say that the Young People's Division won the district banner, which is offered for the best Division in the Lubbock District. The award was made at the Young People's Rally at Levelland February 13 and 14. Our Young People's Division was the first to be chartered in the North West Texas Conference.

There have been quite a number of folks sick in our community. We

hope that it may not be long until they have all recovered.

The interscholastic work is progressing nicely in the school. The pupils are showing much interest in the work.

The school boys met the Ropes boys second team in a game of basketball Wednesday. The score was tied at the end of the game. The teams agreed to play for three minutes to play off the tie. Our boys held their ground until the last thirty seconds of the game. Ropes made a two point score, defeating our boys 24 to 22. Our boys met the Foster boys at Wolforth Friday. Our boys won the game with a score of 34 to Foster's 22.

The school is to present a George Washington program at the school house Monday afternoon at 2:30 o'clock. Everyone is invited to come. Messrs. Roy Nettles, S. L. Williams, L. H. Moore, and R. W. Allen

attended the pie supper at New Moore Friday night.

Mr. and Mrs. Evans of Mesado were guests in our church Sunday.

Messrs. Joy Moore and M. J. Williams attended the Young People's district rally at Levelland Saturday afternoon and Sunday. The next rally will be at Tahoka May 14 and 15. Mr. L. H. Moore is doing grand jury service this week.—Reporter.

The number of hours which we sleep is not so important, according to one expert, as seeing that our sleep is untroubled.
