Hon. Pat Neff of the state rail-
way commission last week announced
his acceptance of the presidency of
Baylor University. He will assume
his duties as such about the first
of June and will soon tender his
resignation as railway commissioner.
Political forecasters are predicting
that either Mayor E. O. Thompson
of Amarillo or W. R. Ely of Abilene,
chairman of the state highway
commission, will be appointed to
fill the vacancy. The appointee
will hold the office as such only
until the end of the present year,
since some person will be elected
to the place in November. Neff
was elected for a term of six years
in 1930. A graduate of Baylor
University and a close friend of the
late President S. P. Brooks, Neff
has been chairman of the board of
trustees of Baylor University for
many years. He has also served
three years as President of the
Baptist General Convention of Texas.
Just before retiring from the
governorship, which position he held
four years, he was offered the
Presidency of the University of Texas,
according to current reports at the
time, but he declined the offer. He
is a man of great ability and it is

believed that he will prove to be a
great leader of this old and renowned
institution.

Mark L. Goodwin, staff correspondent
of the Dallas News in Washington
says that when John Garner's picture
is flashed on the screen in any of
the theatres there, it is invariably
greeted with loud acclaim and
prolonged applause. Garner seems
to be popular now throughout the
nation. William G. McAadoo declared
in Houston a few days ago that
if the Democrats would nominate
Garner he could be elected President
without carrying New York. Garner
delegates to the national Democratic
convention will be placed on the ticket
in California with McAadoo heading
the delegation. If Roosevelt should
fail to make the landing it looks as
if Garner were the Democrats' best
bet.

The Interstate Commerce Commission
has denied the application of the
Abilene & Southern Railway Company
to extend its line from Ballinger
to San Angelo. The Santa Fe
already connects these two places
and with the railroads already
operating the trucks are about to
put them out of business, there
would seem to be no necessity for
this extension.

Four men robbed a bank up in
Iowa, but within thirty-six hours
every one of them had been caught,
tried, and sentenced to the penitentiary.
Such speed is not possible in
most cases, but if we could speed
up the trial of criminals about fifty
per cent it would help greatly. Quick
punishment is more effective than
severe punishment.

The Abilene News thinks that our
announcement last week that spring
had arrived was premature and wonders
what happened to those geese that
we saw going north. Well, we'll
have to admit that we were wrong.
Texas weather can fool even a
goose.

We are not going to announce the
arrival of spring any more until the
mesquite bushes begin to bud. We
have never known them to get fooled
more than once or twice in our brief
lifetime.

Mrs. J. J. Atkinson, who has been
on the sick list for some three weeks,
is slowly improving.

**HALF A
CHICK**

WHAT can you do
with HALF a CHICK?
Nothing--of course!

And yet, the value of half a chick represents the dif-
ference in cost between RED CHAIN Chick Starter
and most other starters of doubtful quality and even
more doubtful results.

You KNOW that RED CHAIN raises more chicks
to be healthy pullets and cockerels; other starters
may--and may not.

So, why take chances with sickness, death and finan-
cial loss--when HALF a CHICK is the price of success
and profits?

HULL HAS SEVERE ATTACK OF HEART TROUBLE

Rev. D. J. Hull suffered a severe
attack of heart trouble Wednesday
night and his condition for a few
hours seemed to be critical.
Reports from his bedside this
morning are to the effect that he is
somewhat improved.

LOST CHILD WEDNESDAY CREATES EXCITEMENT

An alarm was given about 8:30
o'clock Wednesday night that the
8-year old child of Mr. and Mrs.
Charley Latham, who reside in the
old rock-house in the southeast part
of town, was lost and could not be
found anywhere. The officers and
many other men began a search
which continued for about an hour.
Finally some one heard a noise com-
ing from a trunk and opened the lid,
and there lay the little fellow fast
asleep.

He had apparently crawled into
the trunk and the lid had fallen. He
was partially covered with clothes
that were stored away in the trunk.
This ended what promised to be a
second Lindbergh case—for Tahoka.

BASEBALL CLUB ORGANIZED HERE WEDNESDAY NIGHT

New Home

Our community was shocked beyond words about 8:30 Monday morning when the home of Mr. and Mrs. S. J. Kitchen, was destroyed by fire and the little four year old grandson, Elton Sloan, perished in the fire. The fire thought to have started from the oil stove, had gained such headway when discovered that it was impossible to reach the child. Our community mourns with the bereaved family over the loss of little Elton, as we too will miss him. The funeral service was conducted by Rev. W. H. Izard at the New Home church and the body taken to Tahoka for burial.

Bro. Earl McManis preached at the church Sunday morning.

Dr. W. F. Fry of Lubbock will conduct our service Wednesday night.

Mrs. M. A. Giles of Dallas is here visiting her mother, Mrs. O. B. West.

New Lynn

For the last week farmers have been unable to plow for the sand storms. One of the season's worst so far began here Sunday morning and continued through Tuesday.

The box and pie supper Friday night given for the benefit of the Baptist Church was well attended. A large number of candidates were present and all were given a chance to speak.

There will be an Easter program given at the Methodist church Sunday after Sunday school. Special songs have been arranged and also some talks will be made. Every one is cordially invited to come.

Rev. and Mrs. W. P. Bussell were ill over the week end. Last report of them stated their condition was much better.

A birthday party was given in the home of Mr. and Mrs. McNeil Tuesday night in honor of their son Earl's 22nd birthday. An unusually large crowd was present and all reported a grand time.

A number of singers from here were present at Gordon Sunday afternoon. Due to the sandstorm raging that day few were present. But all stated a fine singing anyway. They are expected to be with us Sunday afternoon with their class.

Those entering contests at the county meet are undergoing their final work-outs this week. Due to disagreeable weather it has been very

difficult to devote much time to track events, but we are going to try to give a good account of ourselves.

Sunday is our day to sing again. If the weather will permit we are expecting many good singers to be present. You have a cordial invitation to come. We practice every Saturday night. You are welcome at any and all times.—Reporter.

B. F. Richey visited his brother, D. J. Richey and family at Pleasant Valley Sunday.

W. R. Greer and M. L. Thomas left Monday morning for South Texas, where they plan to land some big fish.

Claude Thomas was confined to his bed with "flu" Monday.

Miss Irene Greer attended church at Pleasant Valley Sunday.

Mrs. J. O. Thrailkill was shopping in Lubbock Monday.

Having noticed that somebody had been attacking the record of John Garner, J. F. Tharp dropped in to the News office Wednesday afternoon to say a word in Garner's favor. Mr. Tharp has served four terms in the legislature. He served in the 27th legislature with John Garner and he says that Garner appeared to be a princely gentleman and was one of the leaders in the House. Josh thinks Jack is all right.

"If I got constipated, I would get dizzy and have swimming in my head. I would have very severe headache.

"For a while I thought I wouldn't take anything—maybe I could wear out the headaches; but I found they were wearing me out.

"I found Black-Draught would relieve this, so when I have the very first symptoms, I take Black-Draught and now I don't have the headache.

The News Twenty-Five Years Ago

From Files Of Lynn County News of March 15, 1907

A novel feature was introduced into the services at the Baptist Church Sunday night when a choir of more than fifty men did the singing. All the ladies were asked to occupy seats down in the auditorium while the men filled the choir. Of course the congregational singing was unusually good also on that occasion.

Chris Adair will haul to your premises a load of six-year old rotted cotton seed burrs, trash, and hulls mixed with dirt, constituting very fine soil for flower beds, for 75 cents per load. A load consists of about a yard and a half of the mixture. He brought the editor a load and we expect to try it out on our roses and other flowers.

Mrs. Frank Hill and daughter, Patricia, and Mrs. Harley Henderson and daughter, Joan, spent from Thursday until Monday visiting their parents at Crosbyton.

Mrs. Thomas and children of Lamesa are visiting in Tahoka this week. She is a sister of Rev. J. O. Gore and Mrs. John N. Thomas of this place.

Judge Bartley made a flying trip to Floydada the first of the week. This is true in the literal sense as he made the trip in an auto.

Mr. McGonagill, who sold his country place some time ago, will build and move to town.

La Verne Kershner believes in advertising. We see he is carrying an ad in the Seminole Sentinel. Mr. Kershner has one of the finest herds in the state, and he wants to let the people know about it. Mr. Kershner is making a name for himself and a reputation for his cattle, not only in Lynn cattle but among the breeders of fine cattle all over this part of the state. Such men are bound to succeed.

Mrs. Cowan certainly makes the finest sausage it was ever our good fortune to eat. If you don't believe it just try some.

Tahoka now has a delivery wagon, greatly to the delight of the ladies in general, and those in particular who are not blessed with a small boy to run errands and otherwise make himself useful. The telephone and delivery wagon will about put the small boy out of a job.

Mr. J. P. Fleming, who has lately moved here from San Saba, is proud of Tahoka and has taken the News as a medium to express his satisfaction. He came in a few days ago and ordered the News sent to his brother, B. P. Fleming of Eastland county. This is the second member of Mr. Fleming's family that he has favored with a subscription to the Lynn County News.

The new telephone exchange is in operation, and everybody from the "Old Folks" to the least "tot" is saying "Hello, Central".

Mr. Leedy, the Lynn county nurseryman, has been to Big Spring after his spring order of trees and shrubbery. Mr. Leedy has 400 roses and shrubs and vines in proportion.

Mrs. Dyer brought the editor a "mess" of greens last week and the Lynn County News force sure did feast. Garden "saws" always makes an editor smile.

Mrs. West of Big Spring came to Tahoka last Wednesday to visit her parents, Mr. and Mrs. W. K. Ray, also to attend the wedding of Miss Veida, who is a sister of Mrs. West.

Mr. Cowan of the Tahoka meat market has torn down his front porch and will replace it with a handsome two-story porch that will be an ornament to that side of the square, as well as a joy to the young people.

Mr. Stokes of Tahoka received a load of coal from Plainview a few days since. This is the beginning of dividing things with Big Spring. If Plainview appreciates her advantages there is a good deal of trade she can pull her way and help other towns as well as enlarge her own trade.

Mrs. Ed Henderson paid the News a pleasant call last Saturday and also brought us some sweet "taters" for our Sunday dinner.

The messes are doing business in Tahoka this month. We had a seizure of them about this time last spring. Mrs. Curtis of Lubbock came to Tahoka last week to visit the town in general and her husband, George T. Curtis, in particular. Mr. Curtis is general manager of the Staked Plains Telephone Company and has been talking of making our town his home.

The Tahoka Livery Company have a new windmill in running order now, which adds a great deal to the looks of their establishment.

Miss Annie Cowan and Mr. Joe Stokes dined with Mrs. Petty at her country place Sunday.

Rev. J. O. Gore has been to Big Spring to see after the loading out of the rest of the material for the completion of the new Methodist Church.

The ground is getting too dry to plow, so the farmers will get to rest a few days.

Rev. C. J. Menefee and wife, who have been holding a meeting in Tahoka for the past two weeks, returned to their home in Floydada the first of the week. Mrs. Menefee is the editor's sister and paid a pleasant visit during her stay in town.

The telephone crew went to Brownfield the first of the week to build a telephone system in that town and install an exchange.

Mr. Weathers of Lockney moved to Tahoka the first of the week and is occupying the house owned by Mr. Matthews.

Mr. Sanders, who lives four miles east of town, made the News quite a pleasant visit Wednesday. Mr. Sanders sends the paper to several of his sons who live at a distance.

We hear that six sections of the T- have been sold and will be cut up into small farms. We hope this is true, as Lynn county needs all the small farms and corresponding farmers she can get.

Milton E. Moore of Durant, I. T., came to Tahoka about ten days ago to take charge of the Central office at this place.

Notice: The citizens are requested to meet at the home of Mr. Morgan of the Lynn community for the purpose of organizing a school district and building a school house, March 30, at 1 P. M.

C. E. Brown, the lumber man, has been in Big Spring the past week. Coleman Wells is having a well drilled at his place in the west side of town.

Elton George was in town smiling at his many friends Thursday.

Mr. Noble paid our city a business visit Tuesday.

The Tahoka-Lamesa hack line has been discontinued, and we hear that an automobile service is to take its place and go on through to Lubbock.

A napkin folding was the occasion of a pleasant gathering at the hotel Thursday evening. Joe Stokes was host and entertained his young friends in his usual irresistible manner.

Ray-Chisum Miss Veida Ray and Mr. Tony Chisum were married March 6 at 8 P. M. at the home of the bride's parents. Miss Veida is one of the most charming young ladies of our town, and Tony is a favorite with all who know him. The wedding was a very quiet affair, no one being present except the relatives and a few intimate friends. Rev. J. O. Gore officiated. The young people will reside in Tahoka.

Wells

The Wells tennis boys gave their best last Friday and Saturday but it wasn't good enough for some of the teams that they met. Wells was represented in tennis doubles by Cherlie Tyler and Bill Tucker. They played Draw first, winning the first and last sets. Saturday afternoon the boys doubles team lost to O'Donnell. We were represented in boys singles by Ted McLaurin. Draw did not have a representative and we lost to O'Donnell. The girls representing us were Helen Askew and Leta Mae Cook, doubles, and Temple Bolch in singles. The girls won by forfeit.

Wells playground ball teams went to O'Donnell last Friday. The boys played O'Donnell first and won with the score 12 to 8. But they lost to Draw with the score 15 to 21. The girls played only one game and lost to O'Donnell, score 27 to 15.

Let us all be at Tahoka Friday and Saturday and see and hear all that we can. It's free and will help the ones who enter and will help you too.

Claude Tucker is home from college. He has been attending West Texas State Teachers College at Canyon. Miss Lucille Townzen, who has been attending Tech at Lubbock, is home for the Spring term.

Mr. Garland Ledbetter is to be operated on this morning, March 21, for chronic appendicitis. His parents reside in this community.

Mr. and Mrs. J. H. Jordan's home near Loop was burned Saturday afternoon at about four o'clock when the oil stove exploded throwing hot oil over the room. They saved only one piece of furniture and a diamond ring. Mr. Joe Doak, who also lived in the house, saved almost all of his furniture. Mr. Jordan is manager of the Bowlin gin at Loop. Mr. W. J. Jordan, J. H.'s father, lives here.

Miss Bill Little spent the week end with Mr. and Mrs. G. A. Allen.

Miss Mable Draper spent the week end with her sister, Monte, who is teaching in the high school at Childress.

LEVENS IN RACE FOR TEXAS STATE SENATOR

(Cont'd. from first page)

the legislature of the State passes proper measures to reduce the expenses of government, and at the same time force all of the wealth of the State to pay its just proportion of the cost of government.

Our tax gatherers collect from the State more than one hundred million dollars each year in direct taxes, sales taxes, fees and commissions, and spend every cent of it in the operation of thirty-two major and eighty-eight minor departments, bureaus and commissions; one hundred twenty-nine courts, eighteen eleemosynary institutions, nineteen higher educational institutions, three penal institutions, rural and public schools besides maintaining a legislature of one hundred eighty-two members. The thirty-two major departments above mentioned could maintain the affairs of the State much more efficiently without the aid of the eighty-eight minor departments, bureaus and commissions; so why not eliminate all minor departments entirely and save for the tax payers the enormous sum of money expended by them? By proper curtailment of the expenditures of the State the tax payers can be saved at least twenty-five million dollars and the institutions of the State maintained much more efficiently. I am in favor of reducing such expenditures that amount, and this can and must be done without impairing the efficiency of our present public free school system.

In Texas we have twenty-five billion dollars in wealth, based on assessable valuations. Yet it is a matter of record that four billion dollars of such wealth pays all of the direct taxes. In other words, there are twenty-one billions in wealth that contributes nothing to the sup-

port of the government, while four billions carry all the burdens of taxation. It is an insult to the intelligence of our people to say that a condition like the above cannot be corrected, and I say to the people of the 30th Senatorial District, and to the State Senate I will make it my business to see that our full twenty-five billions in wealth pays its just proportion of the cost of government. When this is done taxes will not be a burden to anyone.

The remedy for the above and foregoing outrageous condition in Texas is simple. The expenditures of the government should be reduced at least twenty-five per cent, or to seventy-five million dollars. This can be done by eliminating all departments, bureaus and commissions that serve no useful purpose, and by firing outright all tax gatherers, snipers, etc., that do not know themselves what their duties are. When this reduction is made in our expenditures we must then force the entire wealth of the State, to-wit, twenty-five billion dollars, to pay its just proportion of the seventy-five million dollars to be raised. If four billion dollars of our wealth has been able to pay one hundred million dollars for governmental expenses, how much easier would it be if twenty-five billion dollars in wealth paid its just proportion of seventy-five million dollars for such expenses? Figure for yourself the percentage that this would reduce your taxes.

History reveals that an era of excessive taxation has preceded the downfall of every nation in the past. Are we willing to sit idly by and permit our governmental expenses to bankrupt the nation and its people? I think not!

JESS. C. LEVENS.

CAMPBELL ENTERS RACE FOR REPRESENTATIVE

(Cont'd. from first page)

ed with some great problems. No man is able to understand these problems only by actual experience. A part of my early life was spent in music teaching, both vocal and instrumental. It was there that I learned the great lesson of studying human nature, and also learning how to live and cater to the more sane and sweeter side of life.

All of these experiences, connected with my fifteen years in the business world, both in the house and on

the road, has given me the valuable experience thereby learning the needs of all these important walks of life. It has been my happy privilege to have working under me numbers of people, and anyone referring to my past career will find that I made a fair success in all of these businesses. I spent three years in Midlothian, Ellis county; while there I was engaged in the mercantile business. Any one desiring to do so can find out from any farmer or any other of the business men of that town that my friends are legion.

February, 1924, I came to Lubbock; the following June I entered the mercantile business; have been thus engaged since that time. Any banker, wholesale house, or most any man, woman, boy or girl can testify to my success. In all of my business career, I have tried to conduct it on the highest plane—ever mindful of my friends and also those in need; and for the past forty years I have made my church and its great program first.

There is no use in me saying just what I will do if I am elected to this all important office, for no man can confidently thus say; but I will say this, I will ever be found striving to assist in making laws that are for the best interest of the masses (and not the classes) for I certainly will at all times oppose class legislation. I will also attempt to have repealed some of the silly, unsound, and expensive laws that were enacted by the last legislature. Texas is being robbed of thousands of dollars annually by such insane and senseless laws.

My friends can verify for the fact that I have never sold out, and may my tongue cleave to the roof of my mouth and may I become speechless if I ever do. No man should be entrusted with this all important office if his former life has not been marked with success, because if a man can not thus conduct his own business, it is thus impossible to conduct the business of the state; further, no man should be sent to the state legislature who does not, has not, or will not take care of his financial obligations at home; it is thus impossible for him to call himself a square shooter where such is the case. The state legislature needs men of deep religious conviction and unqualified honesty of purpose.

Should the voters of this 119th district see fit to honor me with this high and exalted position, I will

ever be found striving to live up to the above principles.

W. R. CAMPBELL.

LEVENS IN RACE FOR TEXAS STATE SENATOR

(Cont'd. from first page)

the legislature of the State passes proper measures to reduce the expenses of government, and at the same time force all of the wealth of the State to pay its just proportion of the cost of government.

Our tax gatherers collect from the State more than one hundred million dollars each year in direct taxes, sales taxes, fees and commissions, and spend every cent of it in the operation of thirty-two major and eighty-eight minor departments, bureaus and commissions; one hundred twenty-nine courts, eighteen eleemosynary institutions, nineteen higher educational institutions, three penal institutions, rural and public schools besides maintaining a legislature of one hundred eighty-two members. The thirty-two major departments above mentioned could maintain the affairs of State much more efficiently without the aid of the eighty-eight minor departments, bureaus and commissions; so why not eliminate all minor departments entirely and save for the tax payers the enormous sum of money expended by them? By proper curtailment of the expenditures of the State the tax payers can be saved at least twenty-five million dollars and the institutions of the State maintained much more efficiently. I am in favor of reducing such expenditures that amount, and this can and must be done without impairing the efficiency of our present public free school system.

In Texas we have twenty-five billion dollars in wealth, based on assessable valuations. Yet it is a matter of record that four billion dollars of such wealth pays all of the direct taxes. In other words, there are twenty-one billions in wealth that contributes nothing to the sup-

port of the government, while four billions carry all the burdens of taxation. It is an insult to the intelligence of our people to say that a condition like the above cannot be corrected, and I say to the people of the 30th Senatorial District, and to the State Senate I will make it my business to see that our full twenty-five billions in wealth pays its just proportion of the cost of government. When this is done taxes will not be a burden to anyone.

The remedy for the above and foregoing outrageous condition in Texas is simple. The expenditures of the government should be reduced at least twenty-five per cent, or to seventy-five million dollars. This can be done by eliminating all departments, bureaus and commissions that serve no useful purpose, and by firing outright all tax gatherers, snoopers, etc., that do not know themselves what their duties are. When this reduction is made in our expenditures we must then force the entire wealth of the State, to-wit, twenty-five billion dollars, to pay its just proportion of the seventy-five million dollars to be raised. If four billion dollars of our wealth has been able to pay one hundred million dollars for governmental expenses, how much easier would it be if twenty-five billion dollars in wealth paid its just proportion of seventy-five million dollars for such expenses? Figure for yourself the percentage that this would reduce your taxes.

History reveals that an era of excessive taxation has preceded the downfall of every nation in the past. Are we willing to sit idly by and permit our governmental expenses to bankrupt the nation and its people? I think not!

CAMPBELL ENTERS RACE FOR REPRESENTATIVE

(Cont'd. from first page)

ed with some great problems. No man is able to understand these problems only by actual experience. A part of my early life was spent in music teaching, both vocal and instrumental. It was there that I learned the great lesson of studying human nature, and also learning how to live and cater to the more sane and sweeter side of life.

All of these experiences, connected with my fifteen years in the business world, both in the house and on

the road, has given me the valuable experience thereby learning the needs of all these important walks of life. It has been my happy privilege to have working under me numbers of people, and anyone referring to my past career will find that I made a fair success in all of these businesses. I spent three years in Midlothian, Ellis county; while there I was engaged in the mercantile business. Any one desiring to do so can find out from any farmer or any or all of the business men of that town that my friends are legion.

February, 1924, I came to Lubbock; the following June I entered the mercantile business; have been thus engaged since that time. Any banker, wholesale house, or most any man, woman, boy or girl can testify to my success. In all of my business career, I have tried to conduct it on the highest plane—ever mindful of my friends and also those in need; and for the past forty years I have made my church and its great program first.

There is no use in me saying just what I will do if I am elected to this all important office, for no man can confidently thus say; but I will say this, I will ever be found striving to assist in making laws that are for the best interest of the masses (and not the classes); for I certainly will at all times oppose class legislation. I will also attempt to have repealed some of the silly, unsound, and expensive laws that were enacted by the last legislature. Texas is being robbed of thousands of dollars annually by such unsane and senseless laws.

My friends can verify for the fact that I have never sold out, and may my tongue cleave to the roof of my mouth and may I become speechless if I ever do. No man should be entrusted with this all important office if his former life has not been marked with success, because if a man can not thus conduct his own business, it is thus impossible to conduct the business of the state; further, no man should be sent to the state legislature who does not, has not, or will not take care of his financial obligations at home; it is thus impossible for him to call himself a square shooter where such is the case. The state legislature needs men of deep religious conviction and unqualified honesty of purpose.

Should the voters of this 119th district see fit to honor me with this high and exalted position, I will

ever be found striving to live up to the above principles.
