223 LOANS TO LYNN FARMERS

Money Put Into Circulation Calculated To Help Business As Well As Farmers

Up to Monday night 223 applications for farm loans had been made in Lynn county, according to Judge J. W. Elliott, member of the Lynn county board, and Truett Smith reports that 81 checks have already been received and distributed. Judge Elliott says that few applications are being made now and he feels that most of them are already in. Last year there were more than 700 applications, he states, and the loans in this county aggregated about \$116,000. The 223 applications made thus far this year call for about \$35,000.

F. F. Murray, field representative for Lubbock, Lynn, Terry, Hockley, Cochran, and Yoakum counties, was here Tuesday to stimulate interest in these loans, and he expressed the opinion that approximately as many loans would be made in Lynn county this year as last. He feels that the business men should be active in encouraging farmers to make applications for these loans, for they will bring much cash into the county and thereby stimulate business, he thinks. "Every dollar loaned will have a tendency to loosen credit, and on a basis of \$100,000 loaned to Lynn county farmers it is possible for this money to change hands ten times in 90 days," he pointed out. "These loans provide cash to pay for seed, and it is necessary that farmers plant good seed. There is a provision in this loan whereby the borrower receives \$1.00 per acre on all lands in crops, the money to be used for all miscellaneous expenses in producing the 1932 crop. It should benefit all merchants, repair men, blacksmiths, etc."

In further discussing these loans, Truett Smith called attention to the fact that all those who are now giving mortgages to secure portions of last year loans yet unpaid, must procure waivers from landlords and other lien holders. If these waivers are procured promptly it will expedite the completion of the loans, he points out.

More Contribute To The Red Cross

We have been able so far to keep anyone from suffering from hunger and from want of clothing and medicine, and this has been done by the kindly co-operation of our citizenship. Just this week we have received the following donations:

- W. S. Anglin, cash, \$5.60.
- Mr. Smelser, donation of drayage, \$5.00.
- Truett Smith, cash to buy clothing to place boy in school, \$4.90.
- F. A. Robinson, cash to buy clothing to place a boy in school, \$4.90.
- Al Lehman, 1 dress, \$1.95.
- Mrs. C. B. Keltner, clothing, \$2.00.
- B. J. Emanuel, Crowder peas, 20c.
- Mrs. Mollie Cato, 4 quarts spinach, \$1.20.
- Dr. Durham, clothing, \$5.25.

Many, many thanks to all these people for these timely and gracious donations. If we keep this up, we will go over good.

We need the following items badly: Home-made soap, lard, turnips, dried beans or peas, cracklins, dress for babies and little fellows two, three, four and five years old, baby shoes and little fellows', baby shirts or night gowns, toilet soap for babies; in fact, we can use most any kind of farm product.

Bring your donations to the Red Cross office, with each item tagged with a price, and we will give you a receipt for it and a permanent record will be made of your donation. If you have any of the above items you can spare and wish to donate them to the Red Cross, we will gladly receive them, and try to get them to the deserving needy. May we not have your help.

B. E. Faulkner, L. R. Brooks, and A. D. White returned Tuesday from a trip to Quemado, New Mexico, where Robert Faulkner has filed on a claim and has taken up his abode. Mr. Faulkner says the mountains of New Mexico are still snow-capped and are most beautiful.

Five Are Fined After Car Wreck

Quite a smashup occurred on highway No. 84 near the Max tourist park Sunday afternoon when a Buick car driven by a Slaton youth collided with a Ford driven by Judge G. C. Grider. Corliss Reed was also an occupant of the Ford. There were four other youths in the Slaton car and it was being driven south at a high rate of speed, it is said. Judge Grider was driving north in his car and when he saw the wild Buick he attempted to get out of its way but failed. When it struck his car it turned a couple of somersaults before stopping. One of the young men was slightly bruised and skinned up a bit but there were no other personal injuries. Judge Grider's car was not turned over but was skidded quite a distance and one of the front wheels was smashed. Considerable damage was done to the Buick.

The boys seemed to be under the influence of liquor. Complaints charging them with drunkenness were filed against them in the county court, to which charges they all entered pleas of guilty. Judge Grider assessing a fine of \$1.00 and costs against each of them.

Otto Stolley Says Times Not So Bad

Otto Stolley, capitalist, of Austin was here Tuesday on business. Mr. Stolley is said to be the first man that ever loaned a dollar on plums land. He believes land to be one of the very safest investments. Furthermore, he sees nothing in the future to worry about. He called our attention to numerous panics that had occurred in the history of this country and declared that some of them were much worse than the depression which now exists. Yet the country always rapidly recovered, he says. He believes that most of the trouble now is merely psychic.

King Raises Turkeys On A Large Scale

Ben King is preparing to go into the turkey business on quite a large scale—that is, if he has good luck. Before the end of the week he will have more than 200 eggs setting. Mrs. Winkler out at New Lynn has taken the contract of hatching them off in her incubator. We may tell all about Ben's turkeys just about Thanksgiving time, and if that don't bring results we will spread it on again just before Christmas. We should like turkey.

SALARIES FOR OFFICIALS CUT

Judge, Clerk, Attorney, Sheriff And Deputies Are Affected By Court's Action

The commissioners court last week took a whack at the salaries of several county officials, but since nobody in the court house said a word to us about it, although we inquired for news several times, we failed to make mention of this action in this paper last week.

The salary of the county judge was cut from \$175.00 to \$150.00 per month; county attorney from \$75.00 to \$60.00; county clerk from \$50.00 to \$45.00; sheriff, from \$166.66 to \$83.33; deputy sheriff John Balm, from \$150.00 to \$125.00; deputy sheriff John Johnson, from \$100.00 to \$75.00; county home demonstration agent, from \$125.00 to \$83.33.

The cut in the county judge's salary places it back just where it was up to two years ago. On February 10, 1930, the county judge's salary was raised from \$150.00 to \$175.00

J. T. Owens Home Burned Friday

The splendid farm home of J. T. Owens in the Edith community was completely destroyed by fire last Friday morning. It is believed that the fire started from sparks from the flue. Most of the contents was also destroyed.

The fire had caught somewhere in the upper story or in the roof and had made considerable headway before Mr. Owens discovered it. Discovering smoke coming from the roof, he tried to extinguish the fire with buckets of water but they were unavailing.

The loss was partially covered by insurance.

Williams Sold On Chicken Business

Mr. and Mrs. Thomas J. Williams of Draw are raising poultry on a large scale.

Mr. Williams, who was here Wednesday, reported to the News man that he had already sold more than 2,800 small chicks and fliers this year and that he still has about 550 at home. He also has about 1,400 eggs in incubators now. He has about 295 hens, Barred Rocks, and they are laying about 200 eggs a day. During the month of March he got 484 dozen eggs from these hens, he says.

Mr. Williams took great delight in showing to the News man a great flock of Barred Rock fliers belonging to Frazier Produce, which came from his eggs. He let Mr. Frazier have 574 eggs. From these Mr. Frazier hatched out 408 chickens and has raised 394 of them, and they are now thrifty and beautiful fliers.

Mr. and Mrs. Williams are making a success of the poultry business because they take great interest in the business and give it proper attention.

Excellent Crowds Attending Revival Now In Progress At Methodist Church

The Methodists held two record services on Sunday climaxing a week of splendid meetings under the leadership of Rev. J. B. McReynolds, of Lovelland, with the able assistance of the local pastor and other workers.

The church school worship period, conducted by the "Everyman" class with "Happy" Smith presiding, opened with the piano prelude "Forest Voices" by Cooks. A talk by M. J. Weaver on "The Divine Origin of the Home" and a violin number, Dvorak's "Humoreske", played by Martha Helen Powell, were the features of their program. The total attendance was gratifyingly large, showing a steady increase. Next Sunday the program will be in charge of Mrs. R. W. Fenton's class.

Rev. McReynolds chose for his morning theme that exhortation of Paul to Timothy: "Thou, therefore, endure hardness as a good soldier of Jesus Christ" and around it built a

HERD CASE IS BEING TRIED

Woman Suing Owner Of Southland Bank For Deposits In Closed Institution

The case of Mrs. H. G. Wade vs. H. T. Herd, transferred to this county from Post, is on trial in the district court this week.

This is a suit growing out of the closing of the Southland Bank, a private institution, about two years ago. Mrs. Wade is suing as a depositor for the sum of \$893.00, attempting to fix liability on Herd as the owner of the Bank.

The case went to trial Monday morning and the probabilities are that it will go to the jury late this afternoon or Friday. The trial has attracted many visitors, most of them being former depositors in the Southland Bank.

The plaintiff, Mrs. Wade, is being represented by the firm of Bledsoe, Crenshaw, & Dupree of Lubbock and G. H. Nelson of this city, while the defendant Herd is represented by the firm of Bean & Klett of Lubbock and C. H. Cain of this city.

Plaintiff Winner In Security Case

The trial of the case of G. E. Spinnler of El Paso vs. The Security State Bank occupied the time of the court the last three days last week. The jury brought in a verdict soon after twelve o'clock Sunday afternoon. Spinnler was suing for a cotton crop consisting of 24 bales raised by some tenants on a farm southeast of town and which had been attached by the Bank and also for exemplary damages in the sum of \$1,000.00. The jury gave him a verdict for three-fourths of the cotton and for damages in the sum of \$250.00.

McCarver Making Good At Washington

Two of the West Texas boys who were enlisted by George Washington University (Washington, D. C.) to further their own education and enhance the athletic standing of the institution have made good—for the spring training football session, at any rate. Hardy Pearce has set up headquarters at first team left tackle during the vernal drills. Nig McCarver has swung into line at left halfback, and has been giving the Washington boys startling demonstrations of how the pigskin is or was carried in the Texas conference.—Prexy Anderson in The Abilene News.

MRS. WALKER IS RE-ELECTED

City Secretary Race Brings Out 483 Voters; Thomas and Heare Are Aldermen

Mrs. J. B. Walker will serve for another term of two years as city secretary as a result of the city election held here Tuesday.

This is the only office for which there was a contest, there being six candidates for the place. The interest was spirited and brought out one of the largest votes ever recorded in a city election, a total of 480 votes being cast. Thirteen of these could not be counted in this race, however, for the reason that the persons voting them left more than one name on the ballot for this position.

Two members of the city council were to be elected and there was no contest for these places, the names of W. O. Thomas and J. L. Heare

Hoover Responsible For Tailless Calf

W. J. Fairies of the Magnolia community paid the News a visit Wednesday and while here reported that he has a calf out at his place, born on March 31, that doesn't have the sign of a tail. He attributes the defect to the general depression, that has prevailed the past two years and charges it all up to Hoover.

He proposes to burn this piece of bad fortune to good account, however. He says that he is going to start him a show, with the calf as the main attraction. As soon as the July election is over he will add to his menagerie a few defeated candidates, and he thinks he will take in a pile of money. Of course it is only the freak candidates or freak officials that he will be able to use. Seriously, Fairies says that that calf is a sight to behold.

LATEST FARM IDEAS SHOWN

Good Crowds At Viewed Santa Fe A. & M. Special At Wilson And O'Donnel

Showing to a packed crowd, the Santa Fe-Texas A. & M. College Farm and Home Special agricultural train opened its cars here for two hours last Tuesday night while 1139 local visitors studied the varied exhibits that told their own stories of the best and latest ideas in farm and home life. Before tying up here for the night the train had earlier in the day visited Wilson, where the attendance was 692; O'Donnel, where 1118 were counted; and Lamesa, where 917 persons came.

H. H. Williamson, vice director and state agent in the Extension Service made a brief talk to open the ceremonies and then introduced the specialists who were on hand to answer questions. Miss Elvella Harrison, local home demonstration agent, was present to help local people get the most out of the exhibits, and Miss Rozelle McKinney accompanied the train for the same purpose from Dawson county, where she is home demonstration agent.

Mr. Williamson also introduced an old friend of his, R. E. Key of this city, who spoke a few words of welcome; and Taylor White, teacher of Vocational Agriculture here, who also welcomed the visitors.

The train arrived here on the eighth week of an itinerary of nearly eight weeks, including 152 stops on Santa Fe lines in Texas. The tour began Feb. 15 at Navasota, Grimes county, and ended Wednesday at Snyder, Scurry county.

Members of the A. & M. College group aboard included: H. H. Williamson, vice director and state agent, Extension Service; S. C. Evans and Miss Myrtle Murray, district farm and home agents; Miss Margaret Weeks, dean of the school of home economics, Texas Tech; Mrs. D. L. Jones, Lubbock; D. L. Jones, sub Lubbock Sub-Experiment Station; P. T. Montford, agricultural engineering department, A. & M.; W. F. Munnerlyn, poultry dept., A. & M.; E. M. NOTICE TO THE PUBLIC
Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

For the first time in history, the
names of the candidates for Presi-
dent will appear on the ballot in
Texas next November. Heretofore
only the names of the Presidential
electors appeared on the ballot, the
Democratic electors in one column,
the Republican electors in another,
the Socialist in another, and so on.
Each state under the Federal Con-
stitution must choose electors equal
in number to its number of Sena-
tors and Representatives in Con-
gress, and these electors choose the
President. Of course it is the un-
written law that the electors shall
vote for the candidates of their re-
spective parties for President and
no elector has ever dared to violate
this rule since the early days of the
republic. Texas will continue to be
represented by electors in the choos-
ing of a President but the names of
the Presidential candidates them-
selves will appear on the ballot in-
stead of the names of electors. This
will possibly simplify the matter a
bit for some of the voters, and if a
candidate's name has any magic
power this change will help him just
to that extent. Furthermore, it will
eliminate the possibility of a por-
tion of the state's electoral vote be-
ing cast for one candidate and an-
other portion for another candidate.
This has never occurred in Texas
but it has occurred in other states.

Governor Ross Sterling seems to
be still halting between two opin-
ions. Whether to run or not to run
is the question that remains unde-
termined in his mind—or, if deter-

mined, he fails to let the public in
on his intentions. It is said that
Governor Sterling has lost most of
the fortune that he possessed when
he went into the governor's office.
This financial depression has caught
him as well as thousands of other
citizens and he is said to have be-
come engulfed in financial difficul-
ties from which he has been unable
to extricate himself. Suits on notes
have been filed against him recently,
and it may be that his business dif-
ficulties are causing him to hesitate
about announcing for re-election. At
least one fine thing can be said in
favor of Governor Sterling. He has
not used the governor's office as a
means of feathering his own nest.

The papers last Sunday carried a
dispatch from San Antonio recounting
the death of Jas. T. Sluder, a
prominent attorney of that city,
formerly a member of the legislature,
assistant attorney general under R.
V. Davidson, and author of a work
on Municipal Bonds. All of which re-
vives some tender memories in the
mind of the editor. More than forty
years ago, Jas. T. Sluder was a
young school teacher and taught a
small country school on the north
border of Bell county. The editor
was one of his pupils.

It doesn't look quite fair for the
state highway commission to expend
considerable sums of money in build-
ing cut-offs just to reduce the mil-
age on old-established and well-
paved highways like the Bankhead-
or Broadway of America—while so
many counties in Texas do not have
a foot of paving on the highways
that pass through them. We do not
believe that the counties that have
not seen fit to vote paving bonds
should be penalized for the benefit
of highways that do not touch these
counties.

CARD OF THANKS

We wish to thank the neighbors
and friends for their great kindness
in rendering much needed aid at the
fire which destroyed our residence
and for the assistance they have
given us since. We greatly appreciate
the contributions made to us, their
kindness in putting up our land, in
hauling building material from town
to our farm, and in helping in other
ways. We feel that we have the best
neighbors on earth.

WILSON LEAGUE WILL PUT ON PLAY APRIL 14

On April 14, the Wilson League will present a three act drama, "All on Account of Polly", at the Wilson school auditorium at 8 P. M.

The financial condition of the Beverly family may remind many of us of our own problems. How romance changes young people is truly remarkable. Red-headed Polly sees no reason for not washing the "ragamuffin" in the reception room, but the upper "57" are horrified and Polly goes on the carpet. The Irish maid gets her order and Baldwin gets a job. The bally Englishman may have money but no brains. Hortense and Geraldine work hard on him with hope of success. Mr. Young gets his money, and Mr. Beverly is insulted. Price 10c, and family 50c.

Heath Gives Stand On Tax Question

To the Tax Payers of Lynn County:

Since announcing my candidacy for the office of County Judge of Lynn county, I have been asked, numbers of times, privately, as to my position on economy and reduction of expenses, to the end that taxes may be reduced, and I take this method of stating my views, briefly, on the question that is so vital to the electorate in this period of depression and economic stress.

I do not wish to be understood as being non-progressive in regard to public schools, roads and other public enterprises which promote our civilization and public welfare for which it is necessary that tax money be spent, but on the other hand I certainly do not approve of the system now in effect and being used, in spending the tax money of the Nation, State, County and City.

Statistics show that the taxes have increased about 900 per cent in the last twenty-seven years.

In 1905 total appropriations for the support of our State Government in all departments for the ensuing two years was 6 1/2 million dollars. In 1932, 27 years later, appropriations for roads for each year is 43 millions, or for two years 95 millions, and general appropriations for support of the State for two years is 51 millions. That is for the two years a total of 147 millions. In 1900 there was paid in the United States in State and local taxes 501 millions; in 1929, 4 billion, 464 millions. Statisticians say that from one-fourth to one-eighth of our income is paid in taxes.

Thus we can see that taxes have so increased that it has now become more than a burden, because they have mounted beyond the limit of the ability of the people to pay and are oppressive.

Legitimate business can no longer make a reasonable profit after faithful and honest effort is put forth, and the number of home and land owners is rapidly decreasing.

A few years ago the small land owner looked upon his land as an asset but now it is regarded by many as a liability, and is a liability when, as under present conditions, it does not pay the taxes that are assessed and levied against it, much less the interest on the investment. No Nation, State or County can long survive when this state of affairs exists, and something must and will be done to reduce the tax load that is now on the people.

In answer to the question in your mind as to what I, as county Judge could do about it, I will say that if I am elected I will use my influence and bring all the pressure to bear within the limit of my ability to create a sentiment and demand for the law makers to make a readjustment of our tax system that will compel big business to pay its fair and just share of the taxes, thereby making it more equitable and less burdensome for the masses.

In bringing this down to home, there are many ways in which the expenditure of county funds can be curtailed. The valuations on our property must come down.

A few days ago the commissioners court reduced the ex-officio salaries of some of the county officials, reducing the salary of the county judge by \$25.00 in cutting it from \$175.00 to \$150.00.

I believe in a business and efficient administration, for a price, in times like we have now, in line with other things and if I am elected as your county judge, one of my first official acts will be to have the county judge's ex-officio salary further substantially reduced and the lid will be on as far as county finances are concerned. L. C. HEATH.

A. M. Sullivan was here from Coahoma the first of the week looking after business matters. He is also looking after the interest of Tom Hunter of Wichita Falls as a candidate for governor.

Dentistry Taken Up By Travis Davis

Travis Davis, they say, has broken into the profession of dentistry. His equipment consists of a big pair of automobile pliers, but that seems to be sufficient.

It all happened this way about last Friday. L. H. Perkins, among others, was loafing in Harris & Applewhite's store. He casually remarked that he had a tooth that needed pulling. Trav reached up to a shelf and brought out a pair of pliers and offered to do the job. "Take it to it", Perk told him, were upon Trav clamped down on the big molar, jerked it out and pitched it on the floor. "There is another one that needs to come out", Perk stated, indicating with his finger. The big pliers were quickly brought into play again, and a second molar rolled out on the floor. "Gosh, that was well done," the patient observed; "there is still another one I want out of there". Trav got a death grip on it with his trusty little auto forceps and heaved to. After a desperate struggle a third tooth about the size of a man's thumb was torn from its moorings and was cast into the junk heap. The blood was now flowing freely and Perry hollered calf rop.

Perk's dental work didn't cost him a red cent and Travis Davis won for himself a reputation as an amateur dentist that is likely to follow him down the years.

Hello, World! Here we are again with our bit of news. Nice windy weather is still our guest. With another trick of winter Saturday makes us enjoy the nice pleasant weather again. Sand in this part of the world has been moving consider-

ably since the high winds came. Roads with little traffic on them are getting difficult to travel due to the sand drifts, but day by day more land is being plowed which will prevent some of the sand from blowing.

Monday was a happy day for the pupils of the third, fourth, fifth, and sixth grades, when an Easter egg hunt, was given to their surprise. After the hunt, a nice lunch was spread with cake and fruits as refreshments. The event was sponsored by Mrs. A. D. Seth and Mrs. J. B. Miller, teachers.

Mr. Noble Melton too seriously ill the last of the week. A physician was summoned who pronounced the ailment ptomain poisoning. He is on the road to recovery now.

All church gave fine reports at week end services. The Easter program given at the Methodist church after Sunday school was greatly enjoyed by those present. The Baptist church enjoyed a splendid morning, from Rev. W. P. Bassell Sunday morning. Rev. Stephenson delivered an interesting sermon at the Nazarine Church Sunday evening after the Young People's Society had presented an Easter program.

Wesley Leathson of Mr. and Mrs. T. E. Leath, underwent an appendicitis operation in the Slaton hospital Friday night. His condition is reported as better.

Mr. Roy Edwards was in Post the first of the week transacting business.

Election day passed and everyone seemed to be well pleased with the outcome. There were no opposing factions and only five names on the ticket from which to select four trustees. The farm special that was due in Wilson at 4:15 o'clock Tuesday was 30 minutes late and upon its arrival found something like 700 people anxiously waiting. Those in charge of the special seemed and expressed surprise at such a large number being present at so small a place.

Another secret came undone last week end when it was learned in some mysterious way that two of our finest young folk had on Feb. 18 silently slipped away, accompanied by Mr. John Hill, and were happily married at Lovington, N. M. The bride was Miss Thelma Coleman and is the daughter of Mr. and Mrs. C. A. Coleman, who have resided in this community for many years and are counted among the best families in the community. The bridegroom, Chester Swope, is the son of Mr. and Mrs. E. L. Swope, also one of our finest families and who have resided here some three years. Rev. Duncan, pastor of the Lovington Methodist Church, said the words that united the lives of this fine couple. The writer joins the many friends in wishing for them long, happy and useful lives. They have no definite plans as to their residence for the immediate future.

The Tahoka High School was represented by four teams in the vocational agriculture judging contests conducted at the Texas Technological College on March 28, and each team made an excellent showing.

There were 369 boys representing 33 high schools engaging in these contests, and Tahoka placed first in the Farm Shop contest, sixth in Dairy, sixth in Poultry, and 14th in Livestock.

High individuals were: Carl Nowlin, who placed fourth in Farm Shop; Kenneth Reid, 7th in Dairy; Welch, 8th in Poultry; and Bob Caveness, 10th in Livestock. Caveness made a consistent high grade throughout. Placings were very close among the highest ten in each contest, Mr. White explained, and if a contestant placed among the highest ten that meant that he was making a most excellent grade.

ERROR MADE IN IZARD'S ANNOUNCEMENT IN PAPER

Through some error which we are unable to understand, the name of J. H. (Jim) Izard, candidate for commissioner of precinct No. 4, got out of its proper setting and appeared last week in the list of candidates for public weigher at New Home.

We regret that this error occurred. Mr. Izard is not a candidate for public weigher but is a candidate for commissioner, and he is in no way responsible for the error that occurred last week.

Restless, could not sleep

"THERE were days when I felt like I could not get my work done. I would get so nervous and 'trembly' I would have to lie down. I was very restless, and could not sleep at night. My mother advised me to take Cardui, and I certainly am glad she did. It is the first thing that seemed to give me any strength. I felt better after the first bottle. I kept it up and am now feeling fine."—Mrs. T. R. Gilson, Fort Payne, Ala.

per month; and the county attorney's salary at that time was raised from \$50.00 to \$75.00 per month. Salaries of other officials were not changed at that time. Two or three changes have been made in the sheriff's salary at different times. It seems to have been harder hit by the salary reductions made last week than any other official. The fees of the office are rather insignificant at this time of the year, we are informed, and the salary paid him constitutes the major part of his remuneration.
