## TWO CHILDREN GO TO AUSTIN

Six Unfortunate Children, Deserted By Father, Taken Care Of By Local Means

On a hearing in the county court Tuesday, two children were adjudged to be feeble-minded and were committed to the Austin State School for the Feeble-minded for care and training.

These two children were Nookie Rogers and Billy Ray Rogers, 8 and 2 years old respectively, sons of R. A. Rogers, who is alleged to have deserted them and four other children at New Home recently.

The older of these children is also deaf and dumb and the other one is partially so.

Soon after Rogers left, investigation was made and it was found that the children were in destitute circumstances. The family of children consists of one girl 16 years old, one girl 14, one boy 11, one boy 8, one 5 or 6, and one 2. The mother died almost two years ago. The family has resided in the New Home community about nine months. The father left a few weeks ago. When the investigation was made it was found that all the children were almost naked, and the only food in the house was a small piece of salt bacon, a half sack of flour, about two cups of sugar and a few butterbeans. The Red Cross took charge of the children and has been furnishing them food and clothing. They were removed to Tahoka about two weeks ago and are occupying an old house in the southeast part of town.

Four of the children have ordinary intelligence, only the two who were brought into court Tuesday being sub-normal mentally. The hearing was instituted upon the petition of Judge B. P. Maddox, local Red Cross chairman.

County Attorney G. H. Nelson has filed a complaint in the county court charging the father with the offense of child desertion, but he has not been apprehended and his whereabouts is unknown to local officers.

## Gattis Is Hurt In Fall From Pole

I. I. Gattis was painfully though not seriously injured last Friday when his hooks slipped their hold and he slid down an electric light pole from near the top to the ground. Hugging the slick pole tightly, his clothes were almost torn from his person by his rapid descent, and he struck the ground with such force as to cause a most severe shock to his nervous system. No bones were broken but he was confined to his bed several days following the accident.

## SCOUT HEADS MEET FRIDAY

Representatives From Five Towns Will Hold Conference Here At Night

A meeting of the executive board and scout leaders for the Southern District of the South Plains Area Council of the Boy Scouts is to be held at the court house in Tahoka Friday night of this week, according to announcement made by W. S. Anglin.

The purpose of the meeting is to arrange for a district field meet to be held some time this summer, similar to the meet held here last year. This district comprises the five towns of Slaton, Post, Lamesa, O'Donnell, and Tahoka.

Since Tahoka is centrally located, it is the most logical place for the meet, and it will probably be held here if an invitation is extended. Mr. Anglin requests that the people of the town attend the meeting Friday night and make their wishes in the matter known.

The meeting here last summer was the first of its kind and it was a pronounced success. Quite a good many people were here from all four of the neighboring towns mentioned above, most of them coming on the preceding night, pitching camp, and remaining throughout the next day; and the events were quite interesting.

District officers are also planning to incorporate a district court of honor with the meeting to be held here Friday night, Mr. Anglin states.

## Unusual Case Was Tried On Monday

A case of rather unusual nature was tried in the justice court here Monday. R. E. Inklebarger was suing Roy Banner for the title and possession of a mare. The plaintiff claimed to have bought the mare from a man named Jackson in March of this year. The defendant claimed that Jackson had left the country last fall and had authorized his brother to sell or give away this mare and some other stock, as they were very poor and practically worthless. The brother gave them to Banner, the latter claimed, and he had had them in his possession for the past five months, having fed them and gotten them in good flesh during this time.

The case was tried before a jury which found in favor of the defendant. The plaintiff was represented by Judge L. C. Heath while the defendant was represented by County Attorney G. H. Nelson.

## Changes Are Made At The Limit Cafe

Buster Grissom, proprietor of The Limit, has disposed of the soda fountain and converted the business into a cafe proper. The furnishings have been rearranged and new tables provided.

The cafe will be known as The Limit as heretofore.

## LOFTON TO PREACH AT CHURCH OF CHRIST SUNDAY

Elder S. D. Lofton of Post will preach at the Church of Christ here Sunday at 11 o'clock, according to announcement made by members of the congregation.

Removal of the Oil Well Supply Co. from Pittsburg, Pa., to Dallas has been completed. In addition to those brought from Pittsburg, the company—a \$17,000,000 subsidiary of the United States Steel Corporation—will employ approximately 150 new workers from Dallas.

## T-P EXTENSION TURNED DOWN

Rail Line From Big Spring To The Plains Is Denied By The U. S. Commission

The Interstate Commerce Commission last week denied the application of the Texas and Pacific Northern railway company for permission to build 330 miles of line in Texas.

The commission said that existing railroads in the territory which would have been served provided convenient access to the most important markets and that their service is supplemented by an extensive system of truck transportation.

It also asserted that the large amount of uncultivated land within 15 miles of existing roads indicates "the lack of urgent necessity for further transportation facilities."

The Texas and Pacific Northern is a subsidiary of the Texas and Pacific railroad. It had been planned to build a road from Big Spring north-west about 232 miles and through Brownfield to Vega.

An examiner several months ago recommended that the commission approve construction of a portion of the line. The decision, however, turned down the entire plan.

An application for a new hearing has been made by attorneys for the T. & P.

If permission to build the new road had been granted, a branch line would have extended from Pride to Lubbock, passing through the western portion of Lynn county.

## S. M. N. Marrs Died On Monday

S. M. N. Marrs, state superintendent of public instruction, died of heart disease at 9:35 o'clock Monday night at College Station, where he was attending the Smith-Hughes judging contests sponsored by the Texas A. & M. College. He was stricken while standing on the steps of the Administration building at about 2:30 in the afternoon and was rushed to the college hospital, where death came seven hours later. His wife and other relatives had reached his bedside before the end came.

Superintendent Marrs had long been one of the most prominent educators in this state. He had been state superintendent since 1923 and was serving his fifth term in this office. It was understood that he was to be a candidate for re-election. Born in West Virginia in January, 1862, he came to Texas after graduating from the National Normal University at Lebanon, Ohio. He was elected superintendent of the Stephenville public schools when only 23 years of age and later served in similar positions at Hamilton, Cleburne, and Terrell. All together, he was superintendent at Terrell for 25 years. After serving as assistant state superintendent under Miss Annie Webb Blanton, he was elected as the State's chief educational official nearly ten years ago and has held the position continuously ever since.

## Plans Made For Boy Scout Camp

W. S. Anglin attended a meeting of the executive board of the South Plains Area Council, Boy Scouts of America, in Lubbock Sunday afternoon.

One of the main items of discussion was the camping activities of the Boy Scouts of the district this summer. It was decided to have a camp of only one week to be held on the scout grounds near Post. Each troop is to be attended by some adult sponsor or overseer from its home town. The camp will be held some time in August, the exact date to be determined later.

The first fifteen minutes of the meeting Sunday afternoon was devoted to a memorial service in honor of the late Dr. Paul W. Horn, President of the Tech College, who was also a member of the Scout executive board.

Mr. Anglin is chairman of the executive board of the Southern district of the S. P. Area Council and is a member of the Council board.

## Two Of Alleged O'Donnell Bank Robbers Are Caught

### REVIVAL HAS GOOD CROWDS

Services At Baptist Church Will Close Sunday Night; Rev. Day Preaching

Large crowds are attending the revival meeting which is in progress at the Baptist Church. On last Sunday night the church was filled to its capacity and many remained outside unable to gain entrance.

On Sunday morning there were ten additions to the church and two Sunday night, with several other additions since.

The subject of the discourse Sunday night was "The Judgment." On Tuesday night a special service for the pupils of the high school was held. On Thursday morning was a "House-Cleaning" service.

The preacher, Rev. R. E. Day, has announced that he will speak tonight, Thursday, to the lodges, and members of all the lodges in town are specially invited.

Brother Day is an intensely interesting speaker and he is bringing some great messages. The morning services are unusually good, the messages being of a deeply spiritual nature.

The services will probably come to a close Sunday night.

### Simmons Singers Coming Monday

Music lovers are looking forward with much pleasure to the coming of the Simmons University Choral Club, which will give a program in the high school auditorium here next Monday night.

The club is composed of a number of trained singers from the Voice department of Simmons University. Readings and violin numbers will also appear as specials on the program. This program promises to be a rare musical treat, and a large audience is expected to be present.

### Judging Teams At A. & M. Contests

Prof. Taylor White and eleven members of his agriculture classes are at the A. & M. College this week participating in the various judging contests. Tahoka sent three teams of three men each and two others went along to be used in case of an emergency of any kind.

### CROP CHECKS NOW TOTAL 170

290 Applications Have Been Made By Farmers Of Lynn County For Farm Loans

Two hundred ninety crop loan applications have been approved by the local committee, according to Judge J. W. Elliott. More than 170 checks have been received and distributed, Truett Smith reports. Eight other applications have been filed with the committee. Time for filing applications ends on April 30. Any person expecting to procure a loan must file his application on or prior to that date.

In order to correct a false impression entertained by some, the following information was sent out from Dallas this week: "On 1931 unpaid loans, applicant must execute renewal mortgage and get the same waivers as on 1932 mortgage, but when a tenant has changed landlords the new landlord is not required to waive rent—"new landlord" should appear on application."

### Boys Are Injured In Car Accident

A little "whoopie" occupied by three boys, Harold Womack, Red Brown, and Nathan Woosley, collided with a Ford coupe occupied by Clay Bennett and W. D. Smith in the north part of town near the W. B. Slaton residence Sunday night, resulting in personal injuries to several of the boys and much damage to the cars.

The "whoopie" turned over about twice, it is said, and was almost totally demolished. Red Brown received a severe cut over the left eye requiring eight stitches to close it, and Harold Womack received a similar cut over the right eye, two stitches being required to place it in proper repair. Nathan Woosley received only slight bruises. The Ford coupe was also badly damaged and both the occupants received personal injuries. W. D. Smith had a nose broken and received other bruises. Clay Bennett, who was driving the Ford, escaped with a few severe bruises.

It is claimed that there were no lights on the "whoopie" and that the driver was blinded by the bright lights of the Ford.

### Miss Irene Greer and Jack Richey Marry

Miss Irene Greer, daughter of Mr. and Mrs. W. R. Greer of Grassland and Mr. Jack Richey of Pleasant Valley were married last Saturday night. The ceremony was said at the Pleasant Valley Baptist Church, Rev. Jones officiating.

A host of friends and relatives wish them "bon voyage" on the sea of matrimony.

### Error Corrected

In reporting the Wade-Herd trial last week we stated that the Southland Bank belonged to Mr. Herd at the time it was closed. This was erroneous. It was conceded that he did not own the bank at the time it was closed, but the jury found that he had not given personal notice to the plaintiff that he had sold the bank prior to its closing. We gladly make this correction in justice to Mr. Herd.

### ONE PLACED IN TAHOKA JAIL

Second Man Identified Following Shooting Scrape At Hobbs Monday Afternoon

A man giving his name as J. W. Bradshaw, about 59 years of age, is being held in the county jail here as one of the bandits who robbed the First National Bank of O'Donnell at about 1 o'clock last Thursday afternoon and escaped with about \$1165. No attempt has been made by Bradshaw to obtain bail, since robbery with firearms is not a bailable case.

### ANOTHER IDENTIFIED

Late last night another man, "Racehorse" Baker, arrested at Hobbs in connection with the shooting there Monday, was identified as the man who sat in the bandit car while the bank at O'Donnell was being robbed.

Bradshaw was captured Friday morning by Yoakum county officers about two miles over the line in New Mexico northwest of Bledsoe. He willingly came back to Texas with the officers. The sheriff here was notified and deputies John Bulman and John Johnson, accompanied by J. L. Shoemaker, cashier of the O'Donnell Bank and J. Mack Noble of O'Donnell, who was in charge of the bank when it was robbed, went over to see the prisoner and to bring him back to Tahoka in the event he could be identified as one of the men wanted. Noble identified him promptly and positively, picking him out without a moment's hesitation in a room in which there were many other strangers.

Bradshaw had \$175.00 on his person when arrested, it is said. He was driving a car that corresponded

### W. T. S. T. C. Exes Banquet May 20

Ex-students of the West Texas State Teachers College, Canyon, living in Lynn county will hold a banquet in the basement of the Methodist church here at six o'clock on the evening of May 20.

Dr. J. A. Hill, president of both the College and of the State Teachers Association, who will be here to deliver the commencement address to the Tahoka High School seniors, will be present and deliver the principal address at the banquet. Mrs. Hill, who is president of the Seventh District of the Texas Federation of Women's Clubs and who will address the Phebe K. Warner Club in the afternoon, will also attend the banquet.

Husbands or wives of ex-students also will be welcome to the affair.

All former students of the Teachers College living in this county are urged to attend the meeting, and to get in touch with Miss Mable Draper of Wells, M. J. Weaver or Frank Hill of Tahoka.

### Three Places Won At Music Contests

All three of Tahoka's music students who entered the Tri-State music contests at Amarillo Saturday of last week won places. A few weeks ago these students won the right to enter the Tri-State contest by scoring high at the South Plains events at Lubbock.

At Amarillo, JoJo Lehman won second place in the violin contest, 7 year old group. Charles Gaignat won second in the 12 year violin group. In the piano contest, Dorothy Turentine placed fifth; however, no first and second place scores were made, and she was therefore among the best entered in a class of about fifteen.

Mrs. D. W. Gaignat and Mrs. J. K. Applwhite accompanied the young musicians to Amarillo.

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

It was the pleasure of the editor to attend the Engineers' Show at the Tech College last Saturday. This was a most interesting demonstration of the work that is being done in this department of the College. One of the most interesting features to us was the textile department, where the students are taught to spin and to weave and to dye—making cloth of various kinds. It is regrettable, however, that the graduate of this department has little opportunity to put his knowledge to use in this state. We have never fully understood why cotton and woolen mills have not prospered in Texas. Since Texas produces more cotton and more wool than any other state and since it has a practically unlimited supply of fuel oil, it does seem that cotton mills and woolen mills should be built in or near almost every city in this state. There must be an economic reason for the lack of these factories in our midst but we are not wise as to what it is. The President or somebody should appoint a commission to investigate.

As eminent a financier as Owen D. Young is quoted as having stated last Saturday that he believes that "an increase in our money volume which includes bank credit as well as currency is essential to increase our commodity prices and therefore highly desirable," but he did not think that "the printing of money and the distribution of it in payment of service certificates (to the ex-service men) is the sound and helpful way to increase our money volume". He failed to explain, however, what would be a "sound and helpful way" to increase our money volume. In the absence of a better plan we believe that the payment of the balance due to the soldier boys in greenbacks issued by the Government would be both sound and helpful.

J. J. Callaway, a prominent attorney of Fort Worth, was here last week end visiting his brother, Dr. E. E. Callaway.

Just now we can not think of much real service that the State Department of Agriculture has rendered to the people. Possibly it would not be wise to cut out the department altogether but in our opinion about ninety per cent of its activities are futile and about ninety per cent of the appropriations to the Department might profitably be cut out. The same may be true as to some other departments at Austin.

We are wondering how many cars wrecks there would be in Lynn county weekly if there were three or four open saloons in Tahoka.

Mr. John McLaurin and Miss Ella Pearce were united in marriage Sunday, April 14, 1907. The wedding party assembled at the home of Mr. T. M. Vaughn, the grandfather of the bride. Mr. C. H. Peters of Tahoka pronounced the ceremony which bound two loving hearts for life. The marriage took place in the presence of a wide circle of relatives and friends and was one of the prettiest of the season. After the ceremony the bride and groom repaired to the home of Mr. McLaurin where they will reside for the present. The News extends congratulations and good wishes.

**Shook-Porter**

Mr. Otis Shook of Tahoka and Miss Mabel Porter of near Brownfield were married at high noon April 17 at the home of Mr. Brownfield. The wedding was a very quiet affair, only a few intimate friends being present. The bridal couple started to Tahoka immediately after the ceremony, arriving here in the afternoon. Mrs. Swan received them and served a dainty repast, to which ample justice was done. Mr. Shook is building a nice house in the east side, where he will make his home for the future.

One of the most dastardly crimes was attempted at Gail last Tuesday night. Some malicious person attempted to burn the Stokes House and murder the 15 or more inmates. The floor of the office was kerosened, sulphur and carbon were added and the mixture fired. Holt Stokes, the proprietor's son, was the first to feel the effects of the smoke. The guests were aroused and gotten out as quick as possible, but all were overcome by the poisonous fumes as to be past speaking. There were no fatalities although some of the inmates were quite sick as a result.

W. M. Lee received a communication from his wife Tuesday advising that her father, Rev. H. S. Hatchett, who is so seriously ill at his home in Valley Mills, is gradually sinking. He now lies in a stupor and no hope for his recovery is entertained. Bro. Hatchett was a much beloved citizen of Tahoka for a number of years and his many friends here deeply regret his serious illness.

Asistencia, as the Kristensen colony on the Brazos is called, is developing a considerable business in charcoal for medicinal and sanitation uses, in addition to its use as fuel. The community has started a grist mill, a chair factory using cowhide strips for seats, and is finding a market for the latter in a dozen or more states.

Mr. and Mrs. H. M. Larkin and Miss Lois Lewis were called to Ballinger Sunday by the serious illness of a nephew, L. R. Gaston. The patient died about 6 o'clock Sunday afternoon before their arrival. The remains were buried in Ballinger Monday afternoon, and the Larkins and Miss Lewis returned to Tahoka Tuesday.

Mrs. E. S. Davis and son Sherman were called to Eastland Monday by the serious illness of the former's daughter, Mrs. Hubert Davis, who is suffering from double pneumonia.

A letter received by members of the family Wednesday indicated that her condition was unchanged. Many friends here are hoping for her recovery.

A. L. Smith, the market man at the M-System, reports a very important event that we missed last week. He has a new girl at his house born Sunday, April 10. Wanda Faye is the name the little Miss bears. She weighed seven pounds upon arrival and is enjoying excellent health so far. The mother is also doing well. Mr. Smith is a happy young man.

T. R. Cathcart and party returned Tuesday from a trip down to the Lower Rio Grande Valley, where they went to find work harvesting the vegetable crops. Mr. Cathcart says that most of the vegetables were killed by that March freeze and that the country is "blowed up" for a crop this year.

Mrs. Gladys M. Stokes says that she and several other Tahoka people bought a lot of rose plants from the Brownfield Nursery as a result of the advertisement which the Nursery had inserted in one issue of this paper—which proves that ads in this paper bring results.

George Small reports that while he was transporting a horse in a trailer Tuesday, the vehicle turned over twice, due largely to the cavorting of the animal, and the horse was so badly injured that it became necessary to kill him, which was done Wednesday.

Messrs. Knighton, president of the Franklin Motor Company of Dallas, and Ed Sanders, Franklin salesman of Fort Worth, were here Tuesday visiting their old friend J. K. Callaway, and incidentally Mr. Knighton traded Mr. Callaway a new Franklin car.

Mrs. B. L. Parker, wife of the sheriff, underwent a major operation in a Lubbock hospital Tuesday morning. Reports from the hospital are that she is doing as well as could be expected.

Miss Flora Snow, who was formerly engaged in the cotton brokerage business here but who now resides at Wichita Falls, is the guest of Miss El Fieda Harrison this week.

T. D. Wiman of Roscoe, who is a student in the North Texas State Teachers College at Denton, visited here last week end.

Miss Dorys Lynn Hull, who is a student in Simmons University, visited her parents here Sunday, Rev. and Mrs. O. J. Hull.

Mrs. Barney Greathouse was here from Midland the first of the week visiting her parents, Judge and Mrs. B. P. Maddox.

Miss Madeline Wyatt of Pasadena, California, is here visiting her parents, Mr. and Mrs. J. H. Wyatt, and other members of the Wyatt family.

For information of great importance to yourself and family look on page 65 of The Saturday Evening Post for April 23rd.

Mr. and Mrs. Amos Howard and children of Lubbock were guests Saturday night and Sunday of Mr. and Mrs. Frank Hill.

Miss Louise Hall of Gatesville was a guest in the home of Rev. and Mrs. O. J. Hull this week.

Miss Berta Hill visited friends in Roscoe Saturday and Sunday, returning home Monday.

When President Salomon of Haiti was forced out of the country the government did not feel that it could afford a new issue of postage stamps, so it ordered the stamps bearing Salomon's likeness to be affixed to envelopes upside down.

**New Lynn**

Over-cast skies look favorable for a little rain which we are in need of. A light shower fell here last week end but not enough to help the dying vegetation.

Everyone around here are knifing their land this week while some few have planted some feed. The land so far seems to be in fine condition.

Mr. and Mrs. A. C. Richards, Mr. and Mrs. A. C. Young and Mr. and Mrs. Pete Kennedy, all of Post, were visitors in the home of Mr. and Mrs. Robert Gray Sunday.

Mr. and Mrs. Hinds of Coleman have been visiting their daughter, Mrs. R. W. Barton, and family this week.

Charles Ray Nelson, infant son of Mr. and Mrs. Arthur Nelson, was carried to the Lubbock Sanitarium Saturday, where on Monday of this week he underwent a mastoid operation. The last report revealed his condition very serious, but hope is still held for his recovery.

The Senior class of our high school will present their Senior play "The Rose of El Monte" in the school auditorium Friday evening. This is a play of Southern California life in three acts. This is a play that breathes the spirit of romance. It has the flavor of the old, dreamy California or Spanish days, yet it holds an exciting, quick-moving plot that will grip you until the final curtain. No admission fees. The public is cordially invited.

Horace G. Krebs, our senior boy declaimer, was awarded second in the district contest at Lubbock. The honor of this kind seems especially high when one considers the fact that he was in competition with speakers from the largest and best equipped high schools on the plains. We are justly proud of Horace and the showing he has made.

Mr. and Mrs. W. V. Starnes of New Home visited in the home of Mr. and Mrs. Pete Wetsel Sunday.

An unusually large crowd attended singing here Saturday night. With the help of a number of good visiting singers the service was made a very enjoyable one. Remember, we sing Sunday afternoon, as it's our regular day to sing. Singing will start at 2:30. Everyone is invited to come and bring your books.

Miss Mildred Reno returned last week from the Lubbock sanitarium, where she has been ill for some time. We are very glad she is able

to be back in our midst.

A party was given in the home of Miss Helen Cox Tuesday night for the seventh, eighth, and ninth grades. Many were present and all reported a fine time.

A Junior-Senior party was given in the home of Mr. and Mrs. J. B. Miller April 18 from eight till eleven o'clock. At the beginning of the party the game of community sneeze was played, and then the game "Senior" was played the remainder of the time. Lucille Cashion won the highest score and received a box of candy. Refreshments of ice cream and cake was served to the following: Lucille Cashion, Douglas Jones, Klyde Krebs, Faye Jones, Vera Flemings, Grady Meeks, Alton Flemings, Marie Barton, Alice Church, Horace G. Krebs, Virgel Carter, Martha Chancellor, Alvin Cearley, Moreen Banner, Lee Roy Baker, Irene Terry, Velma Faye Gray, Lesley Duckett, Velma McCarty, Wesley Duckett, and the hostess. After serving, Mr. Miller told everyone's fortune on their napkins.

New V-8 Ford Which Will Be On Display Here Monday And Tuesday

THE NEW FORD EIGHT De Luxe Tudor Sedan

Wilson

The Young Womens Association of Wilson met in the home of Mrs. R. C. Forrester last Monday night and a real interesting and worthwhile program was rendered. After the program, refreshments of ice cream and angel food cake were served to sixteen.

A whirl-wind struck the windmill at the Baptist parsonage Monday and tore away the wheel. Rev. Partin and Mr. John Heck went to Lubbock Monday night for repairs.

Miss Mattie Pearl Jones of Tahoka, who has been visiting friends in and near our city for the past week, returned to her home Tuesday.

Mrs. J. T. Williams returned home Friday from San Antonio, where she went several weeks ago to visit

a brother who was seriously ill. Mr. and Mrs. Bass Baker and Mrs. W. H. May attended the revival that is in progress at the Baptist church at Tahoka Monday night.

Mr. J. T. Williams has not been feeling very well for some time and has suffered several attacks of illness recently.

Mrs. Fannie Dawson attended preaching in Lubbock Sunday night. Miss Bertha McAllister, a teacher in the New Hope school, was a visitor in our city Sunday.

One of the best plays of the season was put on at the High School auditorium Thursday night by the young people of the local Methodist church. All knew their parts well and rendered them like-wise. A large crowd was present and a nice free-will offering was made.

Miss Veda West, teacher in the Ropesville school, paid us a week end visit.

Mr. Billie Key was elected as coach in the Ropesville school for the coming school term. He is also to instruct the sixth grade pupils.

Miss Clowie Huffaker and Mr. Cash, teachers in the Five Mile school in Dawson county, were week end visitors in the W. C. Huffaker home.

Mr. Orville Cranfill, who has been operating a produce house here, is moving his family to Olton, where he will be engaged in the same business. Mr. Pat Swann will have charge of the station vacated by Mr. Cranfill.

Messrs. August Fischer, Bob Finley, Brown Bishop, Elmo Stell and Earnest Blakney were business visitors in Tahoka Tuesday.

Miss Pearl Forrester, whose school came to a close at Sparenburg Friday, is visiting her mother, Mrs. W. L. Forrester, for a few weeks before going to Denton to enter the State Teachers College for the summer.

Mrs. Pat Swann entertained her class in B. Y. P. U. in her home Tuesday evening. All had a great time and are trusting that she will soon have them again.

We want the people of the community as well as the readers all over the country to know that Wilson is

on the map when it comes to doing things and that we always count of our boys and girls to keep our records on the map. Below is a record we are proud of:

Leroy Crews won first in tennis singles at the district meet. Jyles Shaw and Leroy Crews won second in doubles. Edith McCormick and Jerene Shaw lost in the first round to the Stanton team. Leroy defeated Dickens county, Hale Center, Lubbock, and Lockney. Leroy and Jyles defeated Lamesa, Levelland, and Sudan before losing to Floydada for the championship. Edith and Jerene were unlucky in the drawing and drew the strong team from Stanton in the first round, and lost two sets out of three, but made a good showing, as Stanton was a close second in the meet.

Leroy Crews played 124 games Saturday. Crews will play the winner of district No. 1 and the winner will represent Northwest Texas in the State meet at Austin May 4, 5, 6.

Rev. R. E. Day, who is conducting a revival at Tahoka, preached a fine sermon to a good crowd at the Wilson Baptist church Wednesday afternoon.

The local P. T. A. sponsored a 42 party at the high school Tuesday evening at which 37 members enjoyed several hours of very pleasant games. Mesdames Clyde Shaw and R. C. Forrester won high score and Mrs. W. L. Forrester, Messrs. Howard Cook and Clyde Shaw succeeded in winning low.

We are glad to report Mrs. A. P. White getting on fine and if all goes well will be home soon.

HARD TIMES RENEW BANKER'S OPTIMISM

Former Bankers' Chief Finds Much in Past Year to Inspire Confidence in Financial Reliability

ROME C. STEPHENSON, retiring president of the American Bankers Association, declared in an address on the expiration of his term of office that, in travelling about among the banks from one end of the country to the other during the past year, he had "come out of it with a renewed faith in the strength of our banking structure and our banking situation, and a renewed faith particularly in the spirit and courage of the men in the banks that have enabled them to rise unconquered over difficulties such as men never had to face before, or to accept with fortitude misfortunes that were beyond human power to prevent."

When he reflected, he said, that the entire human economic structure has been brought to the verge of ruin under the difficulties that have swept over not only the nation but the entire world, and that the results of events of this kind react with particular directness upon the stability of our banks, and yet how few have succumbed, we may well renew our confidence in the banks of America; when we think also of how many of our bankers have stood up under the stress and storms of these times and how relatively few of them have been proved wanting in the series of crises that have assailed them, we may well feel a sincere pride in our fellow bankers." He added:

"So I come out of this year of somber experiences not as a pessimist, but as an optimist—as one with a renewed faith and confidence in the spirit of his fellow men under overwhelming difficulties. And particularly do I come out of this year as a banker who is proud of his fellow bankers for the undaunted way in which they have met their part of the great test through which the times have put the nation. I believe that this year has brought new honor to our banking traditions and our banking profession and has won for the banker new title to the faith and trust of all classes of his fellow citizens."

Wise Spending Careful and wise spending will help solve our economic problems and will be of untold benefit to the farmer. Our troubles are not caused by the spending of money, but because it was spent unwisely.

PATTERN MAKING IS NEW LYNN CLUB SUBJECT

"It is much easier to make a foundation pattern from a commercial pattern," said Miss El Fieda Harrison, home demonstration agent at the New Lynn club house Tuesday.

"A foundation pattern is to be made for the type of person intending to wear that make. Patterns should be made smaller or larger through the middle by slackings or pleats instead of outer edges, thus to make a waist broader, the pattern should be cut about the middle of the shoulder and seam as far down as you want it wider; by using a pleat it can be made smaller. Alter your pattern the way you want your dress to look, then cut another so that you won't have to be bothered with the fitting of the material. Everyone should study their figure before buying a pattern or making a dress.

Those present at the meeting were Miss El Fieda Harrison, Mesdames H. Giles, Lee Fay Cox, E. B. Terry, J. A. Jaynes, C. W. Krebs, T. Jones, Henry Higginbotham, R. W. Barton, Sue Bartley, H. A. Winkler, Mary Robbins, and Miss May Leavacy. Visitors were Miss Margie Higginbotham and Miss Dell Winkler.

CONSTITUTION TAKE

"If I got constipated, I would get dizzy and have swimming in my head. I would have very severe headache."

"For a while I thought I wouldn't take anything—maybe I could wear out the headaches; but I found they were wearing me out."

"I found Black-Draught would relieve this, so when I have the very first symptoms, I take Black-Draught and now I don't have the headache."

"I am a firm believer in Black-Draught, and after using it 20 or more years, I am satisfied to continue its use."

The new Texarkana postoffice, contract for which was let at more than a half million dollars, is of industrial interest from the fact that, straddling the Texas-Arkansas line, it is built from Texas and Arkansas materials, pink granite from Texas and marble from Arkansas being specified in the contract.

## THE 1932 YEAR BOOK OUR HISTORY OF 1931

IN many lines of industry the largest companies reduced their output in 1931. Those who furnished them with raw materials had, at best, restricted markets.

Swift & Company's 1932 Year Book, now ready, tells how this nation-wide, diversified marketing organization met conditions in a better way.

1. It kept its doors open and handled more pounds of products than in 1930.
2. It continued to pay cash for all it bought.
3. In more than a hundred produce stations it held to the policy of purchasing all the poultry, eggs and dairy products offered by farmers.
4. Still more important, Swift & Company cut its own costs.

Thirty years of experience have proved that the most economical way to market produce is through the same channels that handle meats. The same salesmen sell, the same refrigerator cars transport, the same branch houses sell and deliver the whole Swift & Company line of fine foods, such as Swift's Premium Hams and Bacon, Swift's Premium Milk-Fed Chicken, Golden West Fowl, Swift's Brookfield Butter, Eggs, Cheese and many other products.

Read the 1932 Year Book. It explains how a rounded line makes Swift & Company operations stable and how diversification lessens the costs of handling both meat and produce. It takes the mystery out of the factors that go to make price levels. And it tells in detail the steps this Company has taken to make itself still more efficient in covering the gap between hundreds of thousands of producers and millions of consumers.

**TWO OF ALLEGED BANK ROBBERS ARE CAPTURED**  
(Continued from first page)

with the description of the car in which the bandits fled out of O'Donnell. Several guns, including a German Luger identical in appearance with one of the guns used in the robbery, were found in the car, and even some tacks exactly like those with which the fleeing bandits sowed down the highway out of O'Donnell were also found in Bradshaw's car. A part of the money was in small change and part in bills. Mr. Shoemaker identified stained bills among the currency as being part of money recently deposited at the O'Donnell bank by a man who had been hoarding it.

The bandit had evidently made his way over unfrequented roads and through pastures from the vicinity of O'Donnell to Plains. He showed up at a garage in Plains early Friday morning and had some repairs made on his car. The proprietor was also a deputy sheriff and is said to have suspected his customer as one of the bandits. After the man had gone the deputy reported his suspicions to the sheriff, and they followed up the suspect. They found that he had stopped briefly at Bronco, where the man had also been suspected. A small boy working in a store there is said to have had a strong "hunch" that the man was one of the bandits and insisted that something be done about it. The officers hurried on and ran up on Bradshaw while he was out opening a gate. Just as he was about to close the gate Bradshaw saw his pursuers coming but did not suspect that they were officers and stood holding the gate open for them to drive through. When they stopped he discovered his mistake and made a run for his guns in the car. With their guns on him they were compelled to repeatedly threaten to kill him before he would surrender, it is said. He persisted in his efforts to get his guns, but was finally stopped.

Bradshaw's car contained bedding, groceries and cooking utensils such as one would need camping in the open for several days. It is said the bedding was seen in the car when it was stopped in front of the bank in O'Donnell.

Two other men participated in the O'Donnell robbery. One of them remained in the car, with the motor running, while the other two entered the bank and perpetrated the robbery.

Mack Noble was not an employee of the bank at the time but he was taking care of it while Mr. Shoemaker had gone to lunch. The other employee of the bank having gone to a funeral. Noble was the only person in the bank when the bandits entered. They covered him with their guns, Bradshaw directing the operations and the other man scooping up the money they could find loose. As Mack stood with his hands up, "he was naturally scrutinizing rather closely the man who had him covered with his big Luger. "Look me over closely", Bradshaw remarked banteringly, "you may have to identify me some time."

Then the bandits demanded that Mack open the safe. He convinced them that he didn't know how to do it, and they rushed him into the vault. In the meantime two customers had walked into the bank and they were likewise ordered into the vault. The bandits then undertook to close the vault door but were unable to fasten it. Rushing from the bank with their loot they hopped into the waiting car and were gone. The alarm was given and a chase was soon instituted, but the cars of the pursuers were soon disabled by tacks which the bandits had strewn behind them, and the robbers made their escape.

Officers here grilled Bradshaw for hours Saturday afternoon and night but he refused to give any information of value. They took his photograph and finger prints, however, with a view to tracing his police record if he has one. Many persons went to the jail Sunday and Monday to see him and at least one of them recognized him as a man he had known in other years farther east.

Two men arrested at Littlefield Monday could not be identified as either of the men that robbed the O'Donnell Bank. A woman was also held for questioning. They were first believed to be the bandits who engaged in a gun battle with officers in Hobbs, New Mexico, about 1 o'clock, Mountain time, that afternoon. They are believed by officers to be members of the same gang which engaged in the Hobbs shooting and in the O'Donnell robbery. This battle was precipitated in Hobbs when two deputy sheriffs, John McCombs and Jack Seay of Hobbs, and a prohibition agent, Bert Smith of El Paso, went to a sheetrock shack to arrest four men who were believed to be bank robbers. They were armed with rifles and pistols. When within about ten

feet of the front door, they called for the occupants to come out. They were answered with a volley of machine gun bullets which ripped through the thin sheetrock walls. It is thought that the inmates also fired rifles and pistols. The officers returned the fire, wounding two of the bandits. One of these men, who gave his name as "Oklahoma Blackie" was wounded in the chest and is now receiving treatment in a hospital in Hobbs. Bert Smith, the prohibition officer, received a slight flesh wound.

The officers' ammunition was soon exhausted, they state, and when they went to secure additional ammunition the bandits escaped. It is believed that they picked up a woman somewhere in Hobbs. They next appeared at the home of Mrs. Charles Thompson two miles south of town and at the point of guns demanded the keys to her car. Taking her car, the bandits fled. She reported that they placed the body of a man, apparently lifeless in the back seat of one of the cars. "Blackie" was later found in the sand hills four miles north of Hobbs, wounded. Near by, with a flat tire, was the Thompson car. About two miles east of Hobbs was located the other car which had been abandoned and which was yesterday found to be a car stolen at White Deer. Evidently the bandits had fled to the sandhills afoot.

"Blackie" was identified by fingerprints Wednesday as being John M. Kearns, wanted at Stephenville for breaking jail on February 4 while awaiting transportation to the state penitentiary to serve sentences for burglary of a filling station at Stephenville, for burglary in eight cases at Abilene, for car theft, and for burglary of the Jean State Bank, and for several other offenses, sentences for which totaled 126 years. He is also said to be under sentence from Dawson county and is known in Lynn county.

Tuesday, a man who later gave his name to officers as "Racehorse" Baker registered at a Hobbs hotel. The proprietor noticed his hand was injured, notified officers, and Baker was arrested and placed in jail at Lovington. His thumb had been shot off. Wednesday, City Marshal Milt Fisch, a Burns detective, and a Mr. Newberry of Garza county, and others went to Lovington to see Baker. Newberry, who saw the man in the car in front of the O'Donnell bank the day it was robbed, identified him positively as being that man. Baker is a brother to the woman held at Lubbock. Baker would not waive requisition, but it is thought New Mexico officers will allow his removal to Texas by governor's requisition.

A member of the Burns detective agency is here from Dallas at the behest of the Bankers Association assisting local officers in their investigations. Sheriff B. L. Parker and his deputies have been working on the case almost continuously day and night ever since the robbery, and indications are that a desperate gang has been broken up, at least to some extent.

**RED CROSS AID IS STILL COMING TO LOCAL OFFICE**  
(Continued from first page)

There were a number of other donations that went direct to the families, especially to the Rogers children, that we have no record of; but we thank the parties who donated them just the same. We may have overlooked some of the parties who donated direct. We wish to especially thank all the ladies who have so wonderfully assisted us in caring for some of the unfortunate cases and we thank all the people for the wonderful cooperation that they have given us for taking care of the sufferers.

We need two sets of baby clothes for expectant babies whose mothers have nothing to clothe them with when they arrive. We made an appeal like this last week and we are supplied for those cases, but we expect two more in the next few days. We also need home-made soap, lard, dried beans, and bacon, if you have any to donate. If you have anything to give, it is important that you make a list of it and its value, bring it to this office and get a receipt for it.

Many, many thanks to all who have helped us. It has been wonderful. We have 110 cases over the county handled from this office.

Because of the scarcity of Texas raised hogs, a Dallas packing plant in 1931 was compelled to buy \$600,000 worth of hogs from outside the state as compared with \$400,000 it was able to spend for Texas hogs. Texas sent out of the state approximately \$25,000,000 last year for pork and pork products, its consumption in those lines being 2,500,000 more hogs than it raised.

A Texas fig manufacturer has recently produced a fig flour, drying the figs in a vacuum until all moisture is removed and then grinding them. He is trying to induce cereal manufacturers to add the flour to their cereals, to increase food value and give an added attractive flavor. Another development in the fig industry is that of freezing the fruit before shipment, and it is expected that a new plant will be in operation in time for this year's crop.
