LUBBOCK FAIR OPENS MONDAY

Many Attractions Offered; Cut Made In Admission Prices To Fair This Year

The Panhandle South Plains Fair is to be held in Lubbock next week, beginning Monday morning and closing Saturday night.

To induce a large attendance during these stressful times, the admission prices have been cut fifty per cent from last year, single admissions being 25 cents for adults and 15 cents for children.

Three good-will trips are being made to boost the fair, the first one having Tahoka on its itinerary. These booseters were in Tahoka last Friday morning, accompanied by the Lubbock High School band, and rendered a brief program here.

Every advance arrangement for the exposition has already been taken care of and the grounds, buildings, and other facilities are ready for the entrance of fine live stock, agricultural products, women's products, poultry, and many other things to be placed on display

The John T. Wortham shows will arrive September 25 in 25 railroad cars and with 350 people, it is stated. The carnival, which is said to be on of the largest in the United States, has 40 shows, 12 rides, and the very latest in clean entertainment. Circus and vaudeville acts twice daily, six free football games in the afternoon, and fireworks each evening will finish out the entertainment bill.

Many Tahoka people will doubtless attend the Fair.

O'Donnell Fair Will Be Saturday

The citizens of O'Donnell have planned a community fair to be held in that little city next Saturday, September 24. The directors say that they expect to make it one of the best community fairs on the South Plains.

There will be an agricultural and poultry department; a live stock department, consisting of dairy cattle, horses, mules, hogs, etc.; and a women's department with the following divisions: textiles, culinary, canned fruits and vegetables; relics, antiques and curios; plants and cut flowers. There will also be a better babies show.

The people of Tahoka and Lynn county are invited to visit this fair and enjoy the day with the good people of O'Donnell. The News editor hopes to be there.

The O'Donnell Index is publishing a special fair edition this week.

A B. Y. P. U. zone meeting is to be held at the Baptist Church here next Sunday afternoon, at which time new officers for the ensuing year will be elected, according to Miss Clara May of Wilson. Each Union in the zone is requested to have a large delegation present.

The B. Y. P. U. of Central Church will render the program, and it is expected to be a good one.

Baptists Planning Drive For Funds

Rev. L. L. Hays, R. E. Key, and other local Baptists attended a district meeting held in Lubbock Wednesday to gather information and lay out plans for the Every-Member-Canvass-Campaign to be inaugurated in this section of the state as part of a state-wide campaign to raise $600,000 for missions and benevolences prior to October 30.

The final week of the campaign, October 23-30, has been designated as pledge week, at which time every Baptist in the state will be solicited for a pledge to the $600,000 fund.

The money raised by this campaign is to be used by the Baptists for their work of missions and benevolences. Every Baptist institution is to share in the funds, whether it be in Texas, in China, or elsewhere. The proportion of the funds to go to each institution will be worked out at the meeting of the Baptist State Convenion to be held in Abilene on November 16

Rev. L. L. Hays, R. E. Key, Mrs. H. P. Caveness, Miss Lola Belle Johnson, and E. I. Hill comprise the local committee.

Two Burned When Hot Cans Explode

Last Friday afternoon as Mrs. C. T. Oliver was engaged in canning some peas, one of the cans exploded, hurling the hot contents into Mrs. Oliver's face and badly burning her. The wounds received prompt medical attention and are healing nicely.

On the same afternoon and almost at the same hour, Ray Nevils, son of Mr. and Mrs. Jodie Nevils, was the victim of a similar accident. The skin surrounding one of his eyes was badly burned. He too was canning peas.

It's dangerous to can peas on Friday, folks.

New Hope Church Changes Its Name

The New Hope Baptist Church, at a recent conference, changed its name to the Redwine Baptist Church, according to Mrs. Tom Smith.

This change was made in order to prevent confusion and to enable strangers to more readily identify the church.

Rev. J. W. Braswell of Lamesa has been pastor of the church for many years.

ENGLISH WILL OPEN THEATRE

Lavelta Remodeled Into First Class Talking Picture Show; Will Open Saturday

The finishing touches are being placed on the English Theatre and the opening show will be given Saturday.

This was the original English Theatre in Tahoka. Later it was known as the Lavelta. A few months ago the building was gutted by fire. B. English and A. L. Lockwood A couple of weeks ago Messrs. D. began the task of rebuilding and remodeling this structure and the result is going to be one of the neatest, prettiest, and most attractive show-houses in this section. The show-going public will be surprised at the wonderful transformation the interior of this building has undergone.

Mr. English has also procured the most modern talking picture equipment. He has taken pains to secure some of the best pictures obtainable for the first week's program and will continue this policy, determined to please the public and to make his theatre one of the best anywhere.

Co-op Office Is Opened For Year

The local office of the Texas Cotton Co-operative Association was formally opened this week and is located in the Bovell building, the same location used the past two seasons. Mr. Magee, local manager of the Association, has tried to get an office closer to the gins, thinking it would be more convenient for the members, but a suitable classing light could not be obtained in that section.

Mr. Magee says he is now ready to handle cotton in any of the various pools and cordially invites members and their friends to visit the office when in town. If there is any part of this season's operations that is not clear to the members, Mr. Magee will be more than glad to explain it and is ready to do everything necessary to give the members the service they have a right to expect, he states.

Lubrication Record Is Set By Luallin

Twenty-three cars were lubricated at the Texas Service Station Saturday, setting an opening day record for the new Texaco lubrication system. The nearest competitor to the local station was one in Dallas which handled nineteen cars in one day.

As a result of this record, Ovid Luallin, proprietor, has been informed by Jimmie Bergance of the Texas Company that the Texas Service Station will be given recognition by an advertising story in the Saturday Evening Post at an early date.

Makes Nice Dress From Flour Sacks

Last week Mrs. J. B. Stokes received a letter from a sister who resides in Oregon enclosing a clipping from an Arkansas paper boasting of the fact that a young matron of that state, Mrs. Jack Robinette, recently attended a social function attired in a dress made of flour sacks, which cost her only ten cents. The dye had cost her a dime.

Mrs. Stokes answered, informing this sister that she has been wearing a dress for several weeks, also made from flour sacks, which did not cost her a penny. It was made by her entirely of flour sacks and she did not dye it. She brought it to the News office Saturday, neatly laundered however, and it certainly was a natty garment, being almost snow-white. She has delivered it to Miss El Fleda Harrison, who will enter it in the Panhandle South Plains Fair soon to be held in Lubbock.

R. H. Turner is serving as door baliff for the grand jury, while Guy Sherrod and John Johnson are serving as riding bailiffs.

Deputy Sheriff and Mrs. John Johnson of O'Donnell are the parents of a nine-pound boy born recently in a Lubbock Sanitarium.

Two Diphtheria Cases Reported

Two cases of diptheria have developed in Tahoka the past few days. Mrs. F. E. Redwine developed a case last Saturday morning. On Tuesday the breaking out stage had been reached and she was reported to be better. She and her husband were immediately placed under quarantine after the nature of the malady was discovered Saturday morning. The children were not at home at the time and they are staying with their grand-parent.

Early this week one of the small children of Mr. and Mrs. Chancey also developed a case of diptheria. It is also under quarantine. One of the other Chancey children is said to be ill from eating castor beans. It was also bitten by some spider or other poisonous insect and has been suffering considerably from the poison.

Large Melons Are Being Brought In

Some giant watermelons are being raised this year in the Newmoore and Wells communities.

One Mr. Israel of Newmoore was in town Wednesday with a melon that tipped the scales at 91 pounds. He sold it for 50 cents. He had brought in others before that weighed as high as 85 pounds.

Mr. Marshall of the Wells community has also been bringing some huge melons to town the past few weeks, some of them weighing 50 to 75 pounds.

"Red" Candidate Is Tahoka Visitor

Dr. P. L. Howe of Houston, for a number of years a resident of Wilson in this county, now a candidate for governor on the Communist ticket, was here Monday interviewing the voters. Dr. Howe gives Tahoka as his home on his campaign literature, we are told, although he never has resided here.

The Communists are popularly known as "Reds". They believe in the kind of government that Russia has. The ticket will probably poll very few votes in Texas this year.

H. D. Club Exhibit Set For Oct. 7-8

The county home demonstration exhibit will be given here on October 7-8, according to Miss El Fleda Harrison, having been postponed from Sept. 23-24 as first planned on account of the Community Fair at O'Donnell and the Panhandle South Plains Fair at Lubbock coming at about that time.

The exhibit will consist of canned foods and hooked rugs. No clothing will be exhibited, since the clothing contest was finished and the style show was held on July 8.

Each club member will exhibit the following products; 4 quarts of vegetables, 2 quarts of fruit, one quart of sweet pickle water melon rind, one quart of sweet pickle peaches or pears, one quart of cucumber pickles, one pint of green tomato crystal pickles, one pint of red pepper hash or relish, one pint of water melon rind preserves, and two glasses of jelly.

Each club will exhibit a chart showing number of demonstrators, number of cooperatives, amount canned and value, and number of non-club members helped by the club.

The exhibit will be held in the Hall Robinson building on the west side of the square.

Special Numbers At Methodist Church

The adult worship service at the M. E. Church last Sunday was featured by a talk on "Giving our best to the Master" given most impressively by Mrs. M. J. Weaver. The musical prelude was Dvorak's "Humoresque", a special arrangement.

Prof. Weaver conducted the preliminaries to the church hour, leading to the Rev. Smith's splendid message along the line of making our lives and living worthwhile. Everyone enjoyed and surely profited from it. Mrs. C. O. Carmack and Fred Bucey contributed an appropriate vocal duet. "It Pays to Serve Jesus".

At the suggestion of Rev. Smith the evening service was dismissed and a number of the congregation accompanied their pastor to the Baptist Church to help extend a welcome to their newly-called pastor, Rev. Hays.

The church school attendance is increasing steadily—shall we not reach a new record next Sunday? Come on time at 9:45 A. M.—Reporter.

JURY INDICTS FOURTEEN MEN

Tidwell, Pebworth, Brown Indicted For Robbery of O'Donell State Bank

Returning nine separate indictments into court involving fourteen different individuals, the grand jury announced late Wednesday afternoon that it had completed its work and adjourned.

A joint indictment was returned against three men charging them with the robbery of the O'Donnell bank last Spring. These three men, Bill Tidwell, Lee Pebworth, and Shorty Brown, are all in jail. Tidwell, who first gave his name here as J. W. Bradshaw is in jail at Lubbock and will be arraigned on the indictment Saturday morning. It is expected that he will be tried next week. Pebworth is in a jail in New Mexico and Brown in Oklahoma.

Felony indictments were also returned against Pete Vail, Bass Mullinh, and Jack Sullivan, all of whom are in jail, Vail and Mullins being in jail here while Sullivan is in another jail.

No indictment was returned against J. Gatlin, negro, who was charged with killing another negro here a few weeks ago. Gatlin claimed to have acted in self defense.

The case against D. A. Parkhurst has been set for next Wednesday and a special venire of 108 men has been drawn.

Non-Jury Cases Heard In Court

The district court is not trying many cases this week, a few non-jury cases having been disposed of.

On Tuesday a couple of divorces were granted. Mrs. B. E. White was granted a divorce from her husband, J. W. White. The parties to this suit reside near New Home but they have not resided together for several years, it is said. Their property, consisting of a section of land and personal property, was equally divided between them.

Another divorce case tried Tuesday was that of Elmo Stell vs. Edith Stell, the parties residing near Wilson. The custody of the child was awarded to the mother but the father was granted the privilege of visiting it periodically.

Shower Halts Crop Harvest

A two weeks spell of clear, beautiful weather was interrupted early Thursday morning with a light shower. The precipitation in Tahoka amounted to .25 of an inch, but the prospects were for more rain.

About the only apparent effect on crops will be to slightly retard the opening of the cotton and to delay picking as well as to interfere somewhat with the harvesting of the feed crops.

Cotton picking has barely begun here yet, only ten bales having been ginned in Tahoka up to Wednesday afternoon.

County Grand Jury Empaneled Monday

Immediately following the opening of court here Monday morning, Judge Gordon B. McGuire impaneled the grand jury for the term, since which time they have been busy investigating alleged violations of the law in this county.

Judge McGuire made his charge very brief. He informed the grand jurors that there were quite a number of alleged crimes which they would be required to investigate but that according to information given him by the peace officers there were fewer violations of the liquor laws to be investigated than for a long time.

The personnel of the grand jury is as follows: Jack Applewhite, Tahoka, foreman; Sailor Williams, Lakeview; Arthur Davies, Southland; Tom Brewer, Tahoka; B. M. Haymes, O'Donnell; C. R. Riley, Tahoka; C. A. Coleman, Wilson; John Anderson, O'Donnell; J. R. Strain, Midway; C. P. Church, New Lynn; Guyon Cobb, Tahoka; E. J. Jennings, Wilson.

That Democratic convention at Lubbock was as notable for the men who did not participate in its deliberations (?) as for those who did. For instance, neither of our United States Senators was present, not one of the eighteen Texas Congressmen was present, neither Thomas W. Gegory nor Albert S. Burleson, both of whom were members of President Wilson's cabinet, was present; Cone Johnson and Cullen Thomas and Tom Love and Walter Woodward and Clint Small were not there. Even our leading local lights, such as Judge Clark Mullican, Judge E. L. Klett, Senator W. H. Bledsoe, Senator Pink Parrish, Tom Garrard, and Carl Rountree were on the outside looking in, or if they ever managed to get in they were only spectators. It was not their show. The dripping wet politicians were in control. There was C. C. McDonald, the temporary chairman—he's as wet as the Atlantic Ocean. There was John H. Bickett Jr. of San Antonio, the permanent chairman, another wet. There was Maury Hughes of Dallas, the new chairman of the state executive committee. He would have beer to swim it, if possible. There was John Henry Kirby of Houston, than whom there is no whomer among the wets. There was Luther Nickels of Dallas, who never fails to raise his stentorion tones in behalf of repeal of the Eighteenth Amendment. There was Col. Alvin Owsley, another advocate of "states rights" and likker. There was the son of his father, little Joseph Weldon Bailey, dripping wet, and they say he can and did demonstrate his wetness in a very convincnig manner. Locally, Vickers and Campbell and Hill Stewart were in their glory. We want to congratulate the wet leaders. They have captured the Democratic donkey in Texas and are in the saddle.

Got Over Weak, Painful Condition By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Barranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor.

"My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all."

For over 50 years, Cardui has been helping women just as this Texas lady describes above.

Cardui is sold at all drug stores.

We are wondering if they are riding to a fall.

An obscure news item appeared in the daily press a few days ago telling of the death of Charles H. Gabriel in Los Angeles, California. Possibly very few of our readers know who Charles H. Gabriel was. Yet he has probably influenced hundreds of thousands of people in this country for good. Millions of them have doubtless joined in singing some of the popular church hymns that he has written. Many of our readers probably sang one or more of these hymns at the last church service they attended, for he is the author of such appealing compositions as "Calling the Prodigal", "Glory For Me", More Like the Master", "He Lifted Me", "How Marvelous", "He Is So Precious to Me", "Send the Light", and hundreds of others. He also wrote the music but not the words for such inspiring songs as "Higher Ground", "All Hail, Immanuel!", "Brighten the Corner Where You Are", etc. The Charles H. Gabriels, the Fanny Crosbys, the Ira D. Sankeys, the Rodeheavers, and others of their kind have probably done more to make this country safe for democracy and a decent place in which to live than all the statesmen who have sat in the halls of Congress. Instead of erecting monuments to our warriors, we ought to erect them to some of our song writers.

We have felt that the reports of election frauds in the recent run-off primary in this state were probably exaggerated. We have felt that Governor Sterling was probably making a mistake in not accepting results as declared by the state Democratic executive committee and admitting defeat. However, if fraud was practiced on a large scale in this state, we believe that it should be exposed and the culprits punished. We must keep the ballot box pure, for it is the only means through which the people may express themselves. It is the very fountainhead of free government. If there was deliberate fraud, it should be revealed; if not, an investigation will hurt nobody.

Twins were born to a negro woman down in Louisiana the other day. They were named Depression and Panic. If they had been triplets, we guess the third member would have been called Riot.

SICK HEADACHE

Many cases of *SICK HEADACHE* are due to constipation. If you have headache that is due to constipation, take Thedford's BLACK-DRAUGHT for refreshing relief.

"I have taken BLACK-DRAUGHT, when needed, for about 15 years," writes Mr. J. W. Cooper, of Longview, Texas. "I first began to use it for sick headache that seemed to come from constipation.

"I would suffer about twenty-four hours with these headaches. I found out that BLACK-DRAUGHT would help me, so that is what I took. I am glad to recommend it to others, for this trouble, for it will give relief."

Thedford's BLACK-DRAUGHT is a purely vegetable laxative, preferred by thousands of men and women because it is so effective and economical.

Plant Windbreaks For County's Farms

Mr. Burton of th U. S. experiment station of Woodward, Oklahoma, was here. Monday inspecting some trees which the Station furnished a couple of farmers last year and which these farmers set out around their places as windbreaks. Joe Poindexter of New Home and J. W. Young of Magnolia were the two farmers who availed themselves of this offer.

The Government proposes to furnish trees free of charge to a limited number of farmers in each county to be grown and used as wind-breaks, chiefly as an experiment. If these are cared for properly and prove to be a success, the service will be expanded later, we understand. Chinese elm trees are being used in this county, though the Government will furnish either elms, mulberry, honey locust, or green ash. Evergreens will also be furnished later.

Three other Lynn county farmers Monday gave orders for trees to be planted out around their places next Spring. These are E. J. Tredway of O'Donnell, John McLauren of Wells, and Ed Milliken of Morgan.

LET CONTRACTS FOR MORE PLAINS HIGHWAYS

(Cont'd. from first page)

the information that the Swisher County commissioners court has entered into a contract with the state highway commission for the hard surfacing of highway No. 9 through the county north and south. The route will follow the Santa Fe tracks on the west side from the Hale county line to Tulia, where an underpass will be constructed, and the route will then follow the railway tracks on the east side from Tulia to Happy. This will make a continuous paved highway from Amarillo to the Lynn county line. Both Lynn and Dawson counties have agreed to furnish right-of-way, 100 feet wide, whereupon the State proposes to pave through these counties.

Work on the construction of 20 miles of highway from Seminole to Seagrave on highway No. 137 is progressing rapidly, according to the Seminole Sentinel. The caliche base has been laid and crushed rock is now being placed. After the rock work is finished, an asphalt topping will be poured. This highway leads out of Lubbock through Brownfield and on southward.

The new route of No.7 from Post is due south to city limits, crossing the Santa Fe railway over an overpass below the old brick plant, then taking a direct route parallel with the Santa Fe tracks to Double Mountain River. Contract for the construction of the highway from Justiceburg to the Scurry county line will probably be let in October, according to the Post Dispatch.

WEEKLY PROGRAM AT THE CHURCH OF CHRIST

Sunday morning, 9:45 to 10, song service; 10 to 10:45, Bible study; 10:45 to 11, communion. Sunday evening, 7:45, young people's meeting; Monday afternoon, 4:00, ladies' Bible class; Wednesday evening, 7:45, song practice, Bible study and prayer meeting.

We are indeed glad for the regular attendance we have been enjoying at these various meetings. But we would greatly appreciate a larger attendance. Visitors as well as church members are cordially invited.

Your absence from the Lord's House hurts me in a measure but it doubly hurts you. So try next week to attend each and every service and see if you are not benefitted spiritually by having studied something of God's Word, and carnally by associating with friends and neighbors.

No Christian should be self-satisfied but should strive to be better every day. We should go on to perfection. This doesn't mean to sit in the chair of "Do Nothing" but it means working and putting forth every effort for the up-building of the Church.

The fields are white and the harvest is ready but the Garners are few. Isn't that a serious thought? It is serious enough to inspire better service for the Lord if we would only meditate upon it.

So let us as Christians volunteer and cooperate our services in this grave war against sin. One of the best ways I know to do this is to be present every time there is a meeting in the House of the Lord.—Reporter.

PROTEST RAISED AGANST UTILITIES STOCK SALE

H. C. Story, accompanied by County Attorney G. H. Nelson, attended a meeting of individuals who had been induced to purchase stock in the American Commonwealth Power Corporation, which was held in Amarillo Tuesday for the purpose of taking steps to procure a return of their money. About 300 stockholders from various cities and towns of the Plains were present and formed an organiztion known as The Protective League. Gene Howe of the Amarillo News-Globe was elected president of the League, Arthur Duggan of Littlefield vice-president, and Clyde Warwick of Canyon secretary.

Steps are now being taken to form a local organization in Tahoka, stock in this company having been sold to seven individuals here, who hold about $2,600 of the stock.

The stockholders claim that gross misrepresentations were made to them to induce them to purchase stock and that sharp practice was resorted to on the part of company officials whereby they have been derauded of the major portion of their investment.

The Texas Utilities Company is one of the subsidiaries of the American Commonwealth, and the sales here were made through agents of the Texas Utilities Co., it is stated. Sales in other towns were likewise made by representatives of the subsidiary companies operating in these owns respectively.

The expressed purpose of the organization perfected at Amarillo Tuesday is to procure the money back for these stock holders or drive these utilities out of business in Texas.

TAHOKA MUSIC CLUB HOLDS SECOND MEETING

Last Thursday evening the Tahoka Music Club convened in its second meeting at the home of Mrs. Rubie D. Suddarth, when a musical program was presented.

All members answered roll call by repeating a quotation pertinent to music, after which Mrs. Suddarth gave her President's Message to the club. A musical reading, Bye and Bye, was given by Mrs. Frank Hill; and Miss Lucille Slaton, a guest of the club, sang two selections, Iris and Annie Laurie. Both Mrs. Hill and Miss Slaton were accompanied at the piano by Mrs. Suddarth. A group of familiar songs was sung by the club. A round table discussion of the year's program was the closing feature of the evening.

The seventh district chairman of fairs and exhibits has invited the club or some members of the club to sing over KGRS, Amarillo this week during the Tri-State Fair.

Beginning with October 13th, the second and fourth Thursday of each month will be the regular time for meeting.
