

\$hop and \$ave In Muleshoe Monday - Dollar Day

SCOOP SEZ

By J. M. Forbes

If Howard Cox and Jody Black have their way there won't be any reason for anyone, ever though a whatnot, to err in the number of miles remaining to Muleshoe on any road leading towards our city within 50 miles hereof. They have a sign deal cooked up telling every little distance how far it still is. Pretty clever idea. The sign carries a drawing of the ubiquitous Mule Shoe; watch out for it.

Did you know that old Jody can fix you a sign in less time than it takes you to tell him what you want? He's a home town boy, too.

Well we have lots of young men with ideas striking out for themselves. A just went in to get a glass of Malone's milk out of the refrigerator and noticed some packages of another Muleshoe product; Jesse Leal's Muleshoe made tortillas. Yes, and some of Vance's Country Style sausage.

And of course all that brings us around to saying that there are quite a few enterprises here that create payrolls and add to the economy. (Here at The Journal we do not feel our all out effort to get the big payroll offered by Tex-Togs is any indication of our complacency about the payrolls already established by our enterprising friends.)

We noticed in last week's paper an announcement of the new Brown Supply Muleshoe factory, making irrigation pipe, and to employ as many as 50 men at times. There are others: the falfa Mill, the Carl Case Canning Plant, elevators, gins, machine shops, garages, automobile agencies, department stores, and grocery stores—they all employ people who buy their necessities here and pay out lots for service.

(We didn't mention The Journal payroll which might not look big to you but it looks like Mt. Everest to us every Saturday morning.) We haven't gotten around to mentioning huge payrolls like Bailey County Electric, the schools, the city, and the county, the butane distributing companies, and people like cleaning shops, drug stores, lumber firms, the hospital, fertilizer firms, feed distributors, etc.

In these we have a lot to be proud of; we simply feel that the pretty large payroll planned by Tex-Togs, Inc. if and when, would be a steady influence on our economy, dependent so far entirely upon agriculture.

They say that the man who laughs last is the man sitting behind the lady in the picture show who's wearing a big hat.

Our trade magazine says that an editor "should have the memory of a Van Doren, the tolerance of Holmes, the energy of a race horse, and the courage of David . . ."

And we might add the acuity and understanding of a Churchill.

J. D. Pierson Rites Are Held In Norman

J. D. Pierson, 83, father of F. B. Pierson of Muleshoe, passed away in Norman Municipal Hospital, Norman, Okla., October 24, following an illness of about three months.

Mr. Pierson was a retired real estate dealer and builder, having erected 103 homes and apartments in the city of Norman. He was preceded in death by his wife ten years ago.

Funeral services were held October 25 from First Baptist Church in Norman, with the pastor, Rev. E. F. Halleck officiating. Interment was in IOOF Cemetery. Survivors include two daughters, Mrs. Jack Reynolds of Oklahoma City and Miss Norma Pierson of the home; two sons, Fred Pierson of Norman and F. B. of Muleshoe; 13 grandchildren and 14 great grandchildren. Mr. and Mrs. F. B. Pierson and son W. J. attended the funeral from Muleshoe and Lubbock.

City To Take Over Legion Hall; Use As Community Bldg., Youth Center

Muleshoe moved closer to having a community center building this week with the announcement that the City Council has agreed to underwrite \$5,000 in expenses to rent the Legion Hall for five years, with the building to be used as a community center and youth center. Although details of administering the use of the building are to be worked out, the City has consented to underwrite the rental for five years from the Legion, with a committee to take care of the building and arrange for its use as a meeting place.

Six Outstanding Homes Included On Sunday Tour

Six of the most outstanding homes in the Muleshoe area will be on display Sunday, November 3 in the annual Home Beautiful tour sponsored by the Muleshoe Study Club from 2 until 5 p.m.

The tour will begin at the Pat Childers home 321 North Ave. E, and then continue to the Herman White residence at 1522 West Ave. C.

The McGuire model home at 1528 Ave. C is next on the tour, followed by a visit to the Sherman Sweetmon residence at 1804 Ave. B.

The tour will then visit the home of Mr. and Mrs. Ed Little, 6½ miles on FM road 1790 west of Muleshoe, and conclude at the Carl Barnert residence three miles out on the Friona highway and then one mile east.

Advance tickets may be purchased from any club member, or by contacting Mrs. Lee Pool, resident, or Mrs. Jerry Kirk of the finance committee. Tickets will be \$1. and proceeds will be used for worthwhile civic projects of the club.

Change Location Of Voting Place In Precinct 7

The voting place for precinct 7 at Circleback has been changed from the school building to the gin office, County Judge Glen Williams announced Tuesday.

Voting in the November 5 amendment election at all other precincts will remain in the same places as usual.

Precinct 1 voting will be in the courthouse at Muleshoe. No absentee ballots in the amendment election had been called for at midweek.

Factory Sites Studied By Sears-Agee

The status of the program to obtain a garment factory in Muleshoe remained practically unchanged this week, as the president of Tex Togs, accompanied by four engineers consulted with members of the local committee here Wednesday afternoon.

Guy Agee, president of Tex Togs, the company which is planning a new factory, and the engineers brought copies of a building blueprint to the committee for study.

While here they inspected at least three possible building sites for the factory, if it is located here. The sites are west of town in the Moss-Leftwich property, the Morrison property northeast of town, and the Douglas property south of Muleshoe.

Members of the Committee reported that more than \$95,000 has been pledged in subscriptions toward building a factory. More than 900 individuals, firms and organizations have pledged toward the fund so far.

More funds are still needed, the committee announced Wednesday, and members said they hoped to be able to secure at least \$165,000 in pledges within the next two or three weeks, when a decision is expected on the location of the factory.

Meeting with Agee and his advisors Wednesday at First National Bank, were Jerry Kirk, president of the Chamber of Commerce, M. D. Gunstream, Lowell Irvin St. Clair, Senn Slemmons, Chamber manager; D. L. Morrison, and George Mayo.

Harvesting Resumes; Weather Fair; Bumper Crop Cotton Grain Seen

Weekend freezes resulted in clearing skies this week and the resumption of long-delayed harvest operations in cotton and grain fields on the west plains. Gins began running again Monday, and some milo was received Monday, with the expectation that full scale grain harvest would be underway by today (Thursday), providing the weather holds. No appreciable damage to crops in this area is expected except to some late cotton that was hailed out and planted over, and some irrigated cotton with too many sappy bolls.

W. A. Burge Rites Monday Afternoon In Trinity Church

Willie Arvis Burge, 71, retired city employee, passed away here Saturday night in West Plains Hospital. He had resided here for 28 years, and had been ill for some time prior to his death.

He was born June 24, 1886 in Batesville, Arkansas. His wife preceded him in death in 1939. Funeral services were at 2:30 pm Monday from Trinity Baptist Church, with pastor, Rev. J. E. Moore officiating. Interment, under direction of Singleton Funeral Home was in Muleshoe Cemetery.

Survivors include seven daughters: Mrs. Freddie Lee Harriman of Farwell, Mrs. Hazel Shoemaker of Ima, N. M.; Mrs. Francis Eagle and Mrs. Lucille Scheller, both of Earth, Mrs. Alma Williams of Muleshoe, Mrs. Tommy Guynes of Denver, and Mrs. Jewel Kane of Snyder, Oklahoma; four sons; Edward of Lubbock, Jay and Alvis of Muleshoe and Gabbie of Plainview, and one sister, Mrs. Dollie Carter of California.

Group Appointed To Select, Buy Holiday Lighting

Lyndel Murray was named chairman of a committee to lay out, select and purchase material for holiday lighting by the Chamber of Commerce retail merchants group, at a meeting Wednesday afternoon.

The committee is to lay out a lighting plan and then select and buy material for the holiday lighting program.

Others on the committee are Roger Albertson, Clifton Finley, Doyle Venable, and Jeff Peeler.

Homer Sanders, Jr., is overall chairman of the decorations committee of the Chamber.

An earlier estimate of 5,950,000 bushels of grain sorghum being harvested this fall has not been rescinded. Most agricultural observers believe that the long wet seige had no serious effect on the milo crop, and that this fall will see the largest grain harvest ever on the plains. Some isolated instances of grain falling have been reported, but observers report this will amount to only a minute fraction of the total grain harvested. The cotton crop suffered a mixed blessing over the week-

end. Hard freezes on October 24, 25 and 26 did much to defoliate cotton hereabouts, but it also had some harmful effects on some irrigated cotton.

County Agent J. K. Adams said that some irrigated cotton bears many bolls which were not mature at the time of the freeze, and due to their sappy condition, will not make good cotton. Milonaire readings will suffer because of hard bolls, the agent said, but in general the crop is expected to be but little less than summer estimates.

Tomato Season Ends With Estimated \$100,000 Gross Income From Crops

The Muleshoe tomato season has come to a close with the first hard freeze, but this summer has seen a record amount of tomatoes shipped from Muleshoe, and has in a measure, established Muleshoe as a major producing area for tomatoes on the commercial market. Recent reports indicate that more than 200 carloads of tomatoes were shipped from Muleshoe through the cannery, the two packing sheds and from individuals who sold to truckers. An estimated \$100,000 gross was realized from the tomato crop this summer, according to a survey made here early this week.

The two packing sheds, The Muleshoe Vegetable Growers Association and Boler Fruit and Vegetable Co., shipped 84 carloads of fresh tomatoes. The Muleshoe Cannery shipped 62 carloads of canned tomatoes which is equal to 100 carloads of fresh vegetables, and more than 16 carloads were sold to truckers.

A report Monday evening at the Vegetable Growers Association meeting revealed that U. S. No. 1 tomatoes accounted for

13,307 crates for a percentage of 65.79 percent of all tomatoes shipped by E. M. Young Co. No. 2's yielded 5296 crates to account for 26.19 percent of the crop, and culls and ripe amounted to 1622 crates or 8.02 per cent.

The general consensus of opinion by agricultural observers is that the summer season was highly successful, and that for what must be considered a trial plan, the tomato crop was extremely worth while.

No. 1 Birdwell Is Abandoned Dry

W. A. Moncrief, Jr., Ft. Worth independent oil operator has abandoned his Birdwell No. 1 well northwest of Baileyboro.

The well was considered a dry hole and abandoned at 3975 feet.

His No. 2 Birdwell has been started in the same general area but no results were available at press time.

Carolyn Reynolds Receives Honors At Tech Saturday

Carolyn Reynolds, daughter of Mr. and Mrs. H. A. Reynolds of Bula, and senior home economics student at Texas Tech, has been named "Home Economist of the Year" at a statewide workshop meeting on the Tech campus Saturday. The meeting was held by members of Texas Home Economics College Clubs.

As "THECA" "Home Economist of the Year", Miss Reynolds has a background of varied activities in the home economics school and on the Tech campus. She is currently president of the Mortar Board honorary senior women's society; president of Phi Upsilon Omicron, home economics honorary, and will receive as president of the THECA in January.

Carolyn plans to be a high school home economics teacher after she graduates next spring.

Eight Members Are Inducted In Lions Club On Wednesday

Eight new members were inducted into the Muleshoe Lions club Wednesday, with deputy district governor Bill Moore administering the club pledge to the following:

Ronald Johnson, Dick Martin, Charles Alsop, Doyle Venable, Norman Thomas, Roy Lee Johnson, Edwin Hall and Alex Williams.

R. C. Metheny of Hammond Organ Studios, presented a program at the club organ. Alex Williams was program chairman and introduced Metheny.

FOUR GENERATIONS OF SONS

Reading from left to right, H. C. Holt, great-grandfather, Clyde Holt, grandfather; Jimmy Clyde Holt, father; and Jimmy Justin Holt, 2 weeks old. The above picture was made two weeks ago, when Jimmy C., made a trip home from the University of Texas to take his new son and wife to Austin.

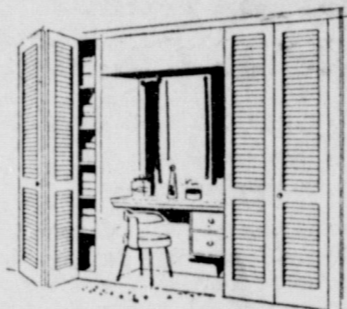

Arlyn Kriegel, Miss Kallsen To Wed In January

Announcement is being made by Rev. and Mrs. E. J. Kallsen of Okeydon, Iowa, of the engagement and approaching marriage of their daughter, Betty, to Lt. Arlyn Kriegel, son of Mr. and Mrs. Alvin Kriegel of Farwell. A January wedding in Albuquerque, N. M., is being planned by the couple.

The bride-elect is a graduate medical technician and is employed in the offices of Drs. Harbin and Sharpe, in Albuquerque. Lt. Kriegel was graduated from Texas Tech in Lubbock with a degree in accounting. He is now stationed at Kirkland Air Base in Albuquerque.

Built-In Closets Used to Create 'Beauty Nook'

Built-ins can solve almost any storage problem in the home, but they can work other wonders as well when used with a little imagination. A good example is shown in the drawing of two built-in closets arranged to create a "beauty nook" in bedroom, bath, or dressing room. One closet houses linens, and the other can be used as a wardrobe, or for storing sundry needs

such as extra blankets, bathroom supplies, and small appliances, or perhaps to hide a clothes hamper. The louver doors of ponderosa pine serve two special purposes. They give a modern, textured appearance to the room, and permit circulation of air in the closets, important to prevent mustiness and discourage moths. Wardrobe closets of ponderosa pine with hinged louver doors can be obtained in "knocked down" form. They are easily assembled at home. The closets in the drawing were built by a carpenter. Four stock louver shutters of ponderosa pine were hinged at one side and in the middle, permitting them to fold compactly when opened.

CARD OF THANKS

We wish to thank our friends for their thoughtfulness and kindness at the time of the loss of our loved one.

Local Girl Competes For FB Queen

Pretty Miss LaVon Copley of Bailey county will represent 17 counties in this area in the finals of the Texas Farm Bureau queen contest November 18 at the Baker Hotel in Dallas. She will compete against 12 other lovely Farm Bureau district queens.

LaVon was chosen District 2 queen in a contest held September 19 at Lubbock.

A striking brunette with blue-green eyes and olive complexion, she is the daughter of Mr. and Mrs. A. W. Copley of Muleshoe. LaVon is now a freshman at North Texas State College, Denton, where she is majoring in music with religious education as her minor. An able musician, she plays the organ, both pipe and electric and the piano. She plans to teach both organ and piano when she graduates.

In high school, LaVon compiled an outstanding record of accomplishments in school activities. In March of this year, the District 7 chapter of the Texas Federation of Women's Clubs gave her a bronze plaque after selecting her the "most outstanding senior girl" in the district. Active in 4-H Club work, LaVon has won prize money and ribbons at district and state fairs with swine she has raised.

LaVON COPLEY

All queen contestants will receive expense-paid trips to the state contest which will be held in connection with the TFB annual convention. In addition, they will receive beautiful wrist watches. The state winner will receive \$500 in expenses to attend the American Farm Bureau Federation convention December 8-12 in Chicago.

Miss Joann Vaughn, daughter of Mr. and Mrs. Marshall Vaughn, Tulla, Swisher County, was 1956 TFB queen.

Pleasant Valley H. D. Club Ladies Met October 24

The Pleasant Valley HD Club met October 24 at the community building, with Jo Meeks and Bernita Measles as hostesses. Mrs. Lillie Wuerlein led the ladies in singing the home demonstration club song.

Seventeen members and three visitors, Mrs. Owen Broyles, Mrs. Mary Clark and Mrs. Anne Farley of Long Beach, Calif., were present and answered roll call with a safety precaution.

Dolores Duncan gave the council report and the club voted to accept council's plan to present THDA pins to deserving Home Demonstration club ladies throughout Lamb county.

Final plans were made for the Halloween party this Saturday night, November 2 at 7:30 p.m. It will be a tacky party with prizes for the tackiest man and the tackiest woman. Everyone in the community is invited.

Mrs. Owen Broyles gave a

demonstration on hooked rugs and showed a lovely rug which she was making.

Mrs. Mildred Kendrick gave a brief outline on County Laws and Mrs. Sena Stevens gave a short talk on hobbies.

Delicious refreshments were served by the hostesses to the ladies already named and also to Mme. Ruby Willman, Vera Lou Barnett, Glenda Haley, Lena Taylor, Loretta Gregory, Alma Moore, Adma Turner, Verna Taylor, Mildred Stewart, Gladys Moore and Ruth Robbins.

Next meeting will be November 7 in the home of Mrs. Alma Moore and don't forget the Halloween party, Saturday night.

Friendship Night Hosted By OES Here October 24

Muleshoe chapter of OES held their annual "Friendship Night" October 24.

A delicious meal of barbecue, potato salad, beans, salads, Cokes and pies were enjoyed by all.

A program consisted of a reading given by Anna Lucy Adams and Mrs. Ruth Dunn, accompanied by Inez Kennedy, took the group on a musical tour around the world in song. The program closed with Mrs. Dunn singing "You're a Grand Old Flag", followed by the group singing the chorus.

Lou Green, Worthy Matron, recognized the visiting chapters after which some interesting talks were made.

Chapters represented were: Plainview, Hereford, Lockney, Bovina, Friona, Morton, Littlefield, Sudan, Clovis and Mercedes, and the host chapter, Muleshoe. One hundred and eleven attended.

Hi Lo Piano Club Met On October 28

The Hi-Lo Piano Club met October 28, in Fellowship hall with Jean Moore presiding. Roll call was answered by naming a note and its position on the base staff.

Birthdays for the month of October were acknowledged. The birthday song was played by Val Moore and her mother with Waneen Ragsdale leading the group in singing. Ronald Johnson played the piano while the group sang "What A Friend We

World Day Of Prayer November 7

WCS of the Muleshoe Methodist church met Tuesday afternoon.

Mrs. H. C. Holt announced that World Day of Prayer will be Thursday, November 7, in the youth chapel with Mrs. Sam Gholson leader. All circles of the Methodist church are to be at this meeting.

A discussion, "God's Music of Hope", was conducted by Mrs. R. O. Gregory. Mrs. A. C. Gaede discussed chapters five and six from the book, "The Kingdom Beyond Cost".

Have In Jesus".

Cathy Moore and Veta Allison conducted a school of music.

A special feature on the program were three numbers play-

ed by Barbara and Kenneth

Evans on the accordion and steel guitar.

Miss Jean Moore gave an in-

teresting talk on the life of com-

poser Robert Schumann.

The hostesses for this meeting were Mes. Horace Edwards, Gordon Tiller and I. L. Kitchen.

LINCOLN 1958

unmistakably the finest in the fine car field

ON DISPLAY FRIDAY, NOVEMBER 1

Entirely new in every Continental-inspired detail of design, engineering and luxury, the 1958 Lincoln Premier introduces classic, sculptured lines, a long, low hood topped by a horizontal grille and canted dual headlamps. A four-door sedan, a four-door hardtop and a two-door hardtop coupe comprise the Premier series, each powered by a new, high compression engine rated at 375 horsepower at 4800 rpm. Five inches longer than last year's models, the new Lincolns introduce all-new integrated body and frame construction which Lincoln will pioneer in the higher price field.

SOCIETY NEWS

Page 4, THE MULESHOE JOURNAL, Thursday, Oct. 31, 1957

Dolly Williamson, Carl Rayford Calhoun Married October 19 In Midland, Texas

MR. AND MRS. CARL L. CALHOUN

Dolly Jean Williamson of Midland and Carl Rayford Calhoun of Muleshoe were married in a double-ring ceremony at 7 p.m. October 19 in the Greenwood Baptist Church at Midland.

The Rev. John Gillespie, pastor of the church, officiated.

The bride, daughter of Mr. and Mrs. C. V. Williamson, Rt. 1, Midland, was graduated from Midland high school, where she was a member of the National Honor Society.

Calhoun, son of Mr. and Mrs. C. W. Calhoun of Muleshoe, was graduated from Midland high school and attended Texas A&M College and Texas Tech. He was active in 4-H and Future Farmers of America Club activities. He now is employed with an oil well cementing company in Monahans, where the couple will be at home.

The church featured seven-branched candelabras and baskets of white gladioli and white asters against a

which love knots were tied. Ruby Tredaway was the maid of honor and Charis Marie Williamson, sister of the bride, was the bridesmaid. Miss Tredaway wore a pink velvet street-length gown styled on princess lines with a bouffant skirt. The bridesmaid wore a deep wine velvet dress identical to the maid of honor's gown. They carried styled cascade bouquets of pink Aristocrat roses finished with a light pink ribbon shower.

Georgean Hardin, cousin of the bridegroom, and Patsy White were the candlelighters. They wore white taffeta and net strapless gowns with full skirts. Their bandeaux were of pink carnations.

Kenneth Lay was the best man, and ushers were Kenneth Hardin and Doyle Hardin, cousins of the bridegroom.

A reception was held in the reception room of the church. Assisting the couple in receiving guests were their mothers. In the houseparty were Mrs. Davis Hart, Joyce Graham, Janette Stanhope and Pat Patterson.

The bride's table on which the wedding cake was placed featured a balanced arrangement of white gladioli and white asters and a candelabra. The registry table was decorated with a line arrangement of pink Delight roses. Members of the houseparty wore corsages of white carnations.

For the wedding trip, the bride selected a dark gray princess styled dress with three-quarter length sleeves, a blue collar and full skirt. Her shoes were black suede pumps, and her corsage was a white phalaenopsis orchid.

Wedding Selections

Mrs. Jasper Williamson, aunt of the bride, was the pianist, and Mrs. Gene Kitterman, accompanied by Mrs. H. V. Beck, sang "O Promise Me".

Given in marriage by her father, the bride wore an ivory satin gown styled on princess lines with a street length skirt. Topping the bodice was a bolero jacket with soft collar and long sleeves which ended in points over the hands.

The bride carried an arrangement of phalaenopsis orchids centered on a Bible with white carnations and nylon tufts interspersed. Stephanotis provided the accent flower for the bouquet, which was completed with a white satin picot shower in

Mrs. Lindsay Talks Of Study Club Here

"What you do in Muleshoe must come from your own thinking and your own hearts", Mrs. Robert E. Lindsay, Berger, president of the 7th District, Texas Federation of Women's Clubs, told members of the Muleshoe Study Club October 24 at a meeting in the REA building.

Speaking on the Community Achievements Contest, sponsored by the General Federation of Women's Clubs, Mrs. Lindsay brought ideas for community service in Muleshoe. She told of several such projects now being carried out in Berger in the name of "pride".

"If we are to build for the future, we must go hand in hand with our youth", stressed Mrs. Lindsay, and she urged every community to open its schools and church recreation halls to young people when they are not otherwise used.

Mrs. Lee Pool, presiding over the meeting, introduced Bill Moore, who spoke on plans for the city to lease the Legion Hall as a community building and youth center.

Birthday Party At Dallas For Berry Family Members

A birthday dinner for members of the Berry family was held during the past weekend at Dallas, when Mr. and Mrs. Tom Berry and Mrs. J. E. Perkins of Muleshoe, Robert Allen Berry of Southwestern State College all visited Glen Berry and family of Dallas.

Present were Mr. and Mrs. Tom Berry, Allen Berry, Mrs. J. E. Perkins, Mr. and Mrs. Lester Perkins, Mr. and Mrs. Dewey Perkins, Mr. and Mrs. Frank Harper, Mr. and Mrs. Glen Russell and children, and the hosts.

Glen Russell and Glen Berry were roommates at Texas Tech in 1949.

Dunlap-Richburg Family Party At Morton October 20

A family get-together was enjoyed by some members of the Richburg and Dunlap families Sunday at the home of Andy Dunlap in Morton.

Forty-seven enjoyed dinner and visiting during the day. One brother of the Richburg family

Bible History Is Reviewed For Club

A history of the struggle to get the Bible into the hands of the people so that all could read the gospel was related by B. A. Dalton at the meeting Tuesday of the Rotary Club.

Through the interest of William Tyndale, an Englishman, the Bible was finally translated and printed in English and smuggled into the country for distribution.

At the time it was felt that the Bible ought to be available to leaders only and not to the layman. Those who believed that sought to keep Tyndale from printing the Bible and distributing it; they finally had him arrested and hanged him without trial.

Tyndale's work was made possible by the invention of movable type by a young German, Gutenberg, the father of modern printing. Dalton thought Americans are complacent about many things, including their various governments, accepting freedoms we now enjoy as a commonplace. He cited our acceptance of the availability of the Bible to all now as another example of complacency.

Irvin St. Clair, chairman of the drive to raise funds for the building for Tex-Togs, Inc. spoke briefly, thanking the club and members for any help they may have given in the campaign. He said more than 900 persons had at that time subscribed for more than \$95,000 of the stock.

Halloween Party By Two HD Clubs

Progress Home Demonstration club met October 24 for a Halloween party with members of the Blackwater Valley HD club as guests.

There were eleven members and eight guests present for games led by recreation leaders of the two clubs.

Refreshments were served by the host club.

Mr. and Mrs. Lonnie Richburg, Mr. and Mrs. Monroe Richburg, Mr. and Mrs. B. G. Dunlap, Mr. and Mrs. Frank Stroup, Mr. and Mrs. Cecil Adams, Mr. and Mrs. Clinton Richburg, Suantra, Mr. and Mrs. A. O. Gidden and children, Mrs. George Clements and son, Mr. and Mrs. Odie Baker and children, Mr. and Mrs. Hurschel Belwe, Mr. and Mrs. Orvil Phifer and children.

Mrs. W. C. Harms, Mr. and Mrs. Roy Allison, Alma Plumlee, Mr. and Mrs. J. E. Dunlap and son, Mr. and Mrs. Andy Dunlap and son, and Mr. and Mrs. E. A. Bass and children.

Les Lambert Wins Service Award

A Plant X employee of Southwestern Public Service Co., and resident of Muleshoe, James (Les) Lambert, was honored Thursday night, along with 54 other company employees, at the ninth annual service awards dinner held at the Hilton Hotel in Plainview.

Mr. Lambert was honored by presentation of a 5-year service award. Jim Collins, who was, himself, honored for attaining 30 years of service, made the presentation.

Following the dinner and presentation of awards, the honorees and their special guests, including company officials from Amarillo, participated in a skit entitled, "Where The Money Goes".

a dramatic portrayal of how the company's revenues are paid out in wages, fuel costs, supplies, taxes, depreciation, interest and dividends.

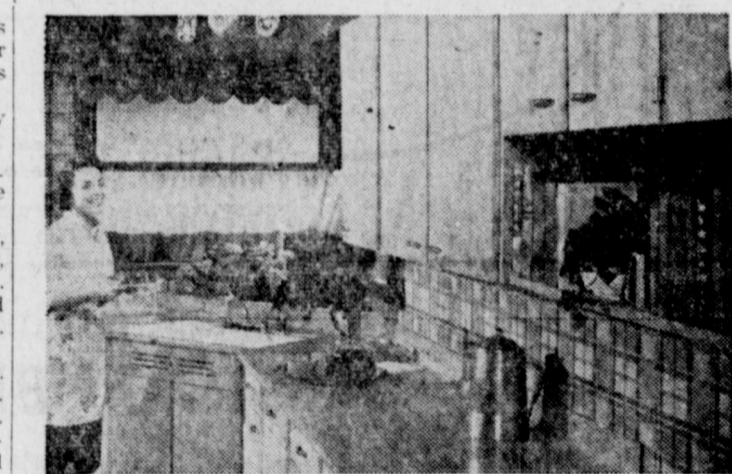

Halloween Party Held By HD Club

West Camp HD Club met with Della Peel October 23. Present were:

Sue Nesbitt, Wanda Walker, Della Peel, Alta Hughes, Mae Busbice, Louise Bork, Etta Welch, and Nell Peel. A ghost party and games provided fun for the evening. Halloween decorations were used. Refreshments were pumpkin pie with whipped cream, coffee and punch.

Next meeting will be with Mae Busbice November 12 at 2 p.m.

Key to Cook's Heart: Kitchen She'll Hate to Leave

Boosting the housewife's morale must have been the prime objective of the architect who planned this kitchen. He solved the problem of waste space behind the corner sink with a planter full of cheering blooms, and installed kitchen cabinets which add the charm of natural wood to the kitchen as well as provide ample counter and storage space. These are stock kitchen cabinets of ponderosa pine, available from building material dealers. Other "morale boosters" are the handy bookshelf, the corner window arrangement for light and view, and the colorful textured wallpaper.

Beauty Going Your Way

1958 CHEVROLET: Fore and Aft

Effectiveness of the 1958 Chevrolet styling is shown by this front-rear view of the Impalas, luxury models in the Bel Air series. The gull-wing sweep at the rear is a perfect complement for the fleet, flowing lines that begin with the fine-grid concave ribs of the grille. In addition to complete body redesign, the latest Chevrolets offer such features as Level Air suspension or all-round coil spring suspension, a more rigid frame and body and an unusual new V8 engine. Impalas top an offering of 17 models.

Shafer Leading Scorer In 1AA

Donnie Shafer's game winning touchdown run Friday against the Dalhart Wolves enabled the Muleshoe sophomore to remain high scorer among district 1-AA players after two games.

Shafer, who had the longest "scoring drought" of his short high school career during Friday's homecoming game at Muleshoe, scooted 42 yards late in the game, to give the Mules a 20-14 win.

The score came on the 165-pounder's eighth touchdown of the year, fourth in district play. The first 15 times he carried the ball this season, Shafer scored five touchdowns.

Holding the runner-up spot for the second straight week is full-back Jack Royce Straw of Oton. Straw crashed five yards to score as Oton slipped by Tulla, 13-7. The 145-pounder has three touchdowns and three conversions for 21 points.

Keith Lowe, named Back of the Week by the Lubbock Avo-

lanche-Journal Tuesday, took command of third place by scoring twice as his Dimmitt Bobcats downed the Canyon Eagles, 19-12, in the mud at Canyon.

Three other players have scored at least twice. Don "Ookie" Alexander, Muleshoe's burly left end, has snagged a pair of touchdown passes for 12 points. Alexander had two other touchdowns pass reception called back Friday, keeping him from tying teammate Shafer for the scoring lead.

Otherwise, Canyon fullback Leonard Miller has a pair of TD's, both coming against Dimmitt, while Tulla fullback Chris Ward has tallied once in each of the first two district games.

Exes Elect Young President Friday

Jack D. Young was elected president of the Muleshoe Ex-Students Association at a business meeting held Friday afternoon as part of the annual homecoming celebration at Muleshoe high school auditorium.

Ruby Hart was named vice-

Probable Lineup For Friday Game

Barring late injuries and flu cases, Coach Wayne Mantoosh has no changes in his probable starting lineup.

- The lineup should read like this:
- LE — Oakie Alexander.
 - LT — Jack Wright.
 - LG — Doyce Turner.
 - C — James Williams.
 - RG — Royce Turner.
 - RT — Bob Sam-lers.
 - RE — Bill Black.
 - QB — Dickie Johnson.
 - LH — Donnie Shafer.
 - RH — Lee Roy Corralez.
 - Gerald Shanks.
 - FB — Derrell Oliver.

Carl J. Aldenhoven, Fort Worth civic and business leader, will lead this state's Easter Seal organization, the Texas Society for Crippled Children and Adults (ASCCA) for 1957-1958.

president, and Spud Thomas, secretary-treasurer.

Board members include Hazel Gilbreath, Myron Pool, Joan Smith, Charles Alsup, Hattie Ray Jones, Martin Oliver, Woodie Lambert, Young, Hart, and Thomas.

INDIANGRASS showing height at harvest time for seed. This is the first year harvest from this particular field.

Native Grass As Cash Crop Results In Improved Soil As Well As Income

by Lans Brown

Native grasses are now being used as new irrigated cash crop. Some of the District's cooperators felt the need of a different crop to fit into the acreage allotment program and to offset maize acreages. After considerable investigation, native climax grasses which are nature's number one soil-builders and are also now in good demand were planted on about 600 acres in the District.

With assistance from local Soil Conservation Service technicians, grasses were selected and planted.

As with any new irrigated crop, many questions had to be answered—for example, how to plant, irrigate, fertilize, cultivate, harvest, and market. Grasses selected were: Sideoats grama, a native warm season mid-grass found on all range sites, two seed crops after first year; Blackwell switchgrass, an improved strain of native tall

switch found on sandy land and mixed land sites, one seed crop per year; Indian grass, a tall native warm season grass found on sandy land sites, one seed crop per year; Sand bluestem, a tall native warm season grass found on sandy land sites, one crop per year; Weeping lovegrass, an introduced warm season mid-grass found on mixed land and sandy land sites; and Sand lovegrass, a native warm season mid-grass found on sandy land sites, two crops per year.

These grasses were planted on 40-inch rows on flat beds with special grass seeders. Most of these seeders have done a good job. The above pictures show shocked bundles of Sideoats on Carl Bamert's farm. Carl found that he could handle grasses best by bundling rather than combining direct. Estimated yield on Sideoats is 400 lbs. per acre worth 60c per pound delivered to warehouses in Hereford. Next year Carl should get two crops and at least 600 lbs. per acre. Switchgrass yield on Carl's farm was only 100 lbs. per acre due to hail. This seed is also selling on the market at 60c per pound. Average yield on this grass is 600 lbs. per acre. These prices are not, of course, a long time average but it is believed that even at average prices of 25c a pound these grasses would be profitable both financially and conservation-wise.

These grasses would after several years bring the soil back to virgin condition.

This year's plantings of Weeping lovegrass did not do so well. Yield was less than 50 lbs. per acre but hail and other weather conditions affecting seed set lowered yields. This grass normally produces 400-500 lbs. with two seed crops. Next year, this year's plantings of Weeping lovegrass should prove very profitable. This particular grass has been most profitable for the past five years.

land. They require less water than alfalfa, provide grazing and hay, are perennials living indefinitely, require less labor to grow and harvest, and they return the soil to its virgin condition. Native grasses are again taking their place back in their own native habitat.

H. D. CLUB CLATTER

Harriette J. Brummett
County Home Demonstration Agent

The Foods sub-committee of the County Program Planning Committee met October 25 in the County Home Demonstration Council room in Muleshoe. Mrs. Carrie Huff, as chairman led a discussion on the food and nutrition problems of people of Bailey county. After considerable discussion, the committee decided that it should know more about the food and nutrition situation in the county before it could make plans for making any improvements. The method of obtaining more information will be in the form of a county wide food survey. The committee will meet November 8 for making plans for conducting the survey. If you should be asked for an interview concerning the survey, we hope you will cooperate, remembering that your information can help the committee in planning a food and nutrition educational program that will be beneficial to all people of the county.

I will let you in on one of the plans that has been discussed and one that I think many of you who do not belong to HD Clubs may be interested in—food demonstrations for the public. There will be more information on this subject later. Watch for it.

It has occurred to me that many of you may not have a copy of the food guide that has been prepared by the Texas State Nutrition Council. Here it is.

For A Good Diet I Need Daily
1 pint to 1 quart milk, 1 egg, 1 serving meat including poultry and fish, 1 serving potatoes, 1 serving green or yellow vegetables, 1 other serving vegetables,
1 serving citrus or tomatoes, raw cabbage, strawberries, melons, 1 other serving fruits, 1 serving whole grain products. Other enriched cereals and bread, butter or margarine, some sweets.

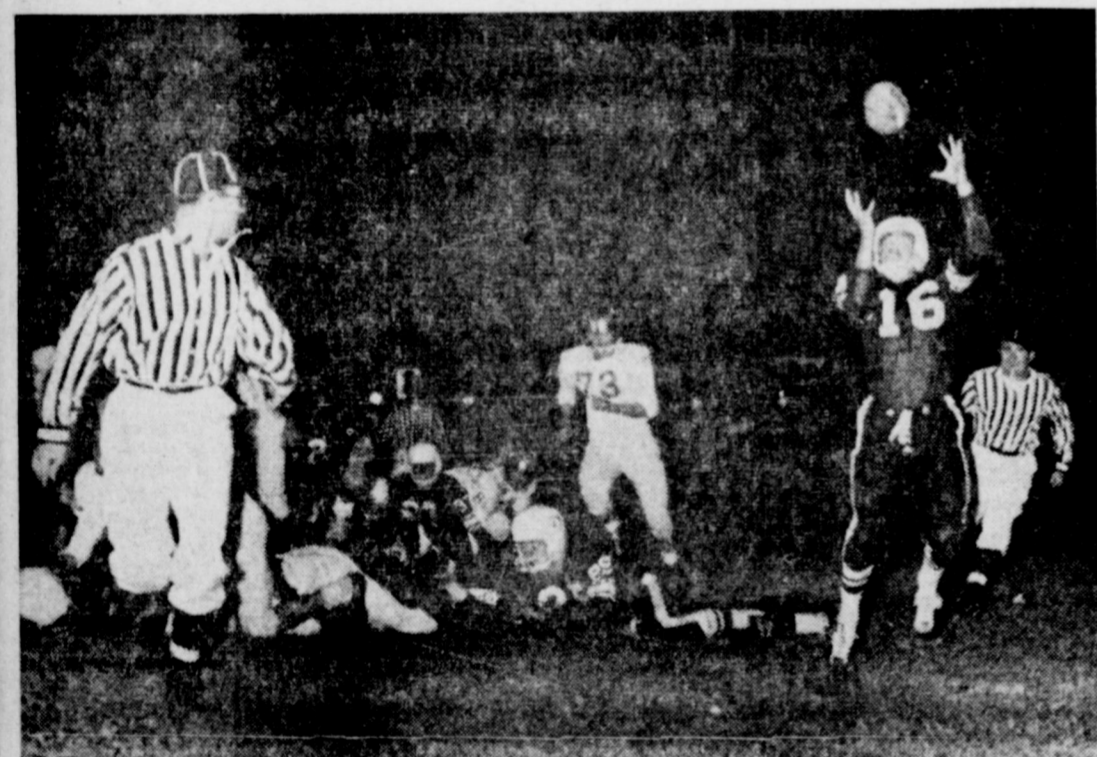

More of the above or other foods as needed.
Six to eight glasses of water.
Check your meal plans by this standard to see if you are feeding your family what they need.

Sewing Machine Need Cleaning?
If your sewing machine is giving trouble it may only need cleaning. Cleaning a machine is not a complicated task and you can easily do the job in your home in a few minutes but there are certain precautions to take. Be sure to call or write to the Home Demonstration Agent's office and ask for the bulletin "Sewing Machines, Cleaning and Adjusting" if you need information on how to do the job.

DERRELL OLIVER No. 33 runs into a pack of Wolves as he moves into enemy territory carrying the ball during Friday night game with Dalhart here. —Staff Photo

FORWARD PASS COMPLETED

LEE ROY CORRALEZ, No. 16 snags a long pass during the Dalhart-Mules homecoming game here Friday night. Dalhart's No. 73, Tom Herron is seen coming up to attempt to stop Corralez, who was too fast for him. —Staff Photo

THEY'RE OFF AND RUNNING

"SPUTNIK" SHAFER, No. 25 takes off goalwards, as Dalhart's speedy Gary Finch, No. 22 and other members of the Wolves team join the futile pursuit. Finch and Shafer matched speed several times during the game. —Staff Photo

WEERING LOVEGRASS IN 40 inch rows for seed production. This grass was irrigated with a sprinkles system.

Inter-Industry Irrigation Council Sponsors Conference On November 14

The Administrative Assistant to President Eisenhower, Jack Z. Anderson, will speak at an irrigation conference which will be of interest to farmers, agricultural leaders and the irrigation equipment, scheduled November 14-15 at the Lubbock Hotel in Lubbock.

The conference is being sponsored by the newly-formed Texas Inter-Industry Irrigation Council. Top specialists from throughout the United States will take part in the program.

"Irrigation Farming—A Key to Better Living", is the theme of the initial conference. This will be the first State-wide conference of its kind in Texas and almost every problem on a state wide basis in connection with irrigation will be considered.

Farmers and business men who have wanted more knowledge of irrigation in their area now have the opportunity to obtain the best such information available.

The future of irrigation in Texas, which ranks second only to California, future water supplies and potentials for increase in irrigation will all be discussed at the conference. Harry P. Burleigh, Bureau of Reclamation, Austin, will lead this discussion.

Farmers may be interested in knowing more about how soils respond to irrigation. The top man for this subject in the United States, R. M. Hazan, University of California, will discuss this problem.

Platter Chatter

by David Shepherd

The Everley Brothers Cadence recording of "Wake Up Little Susie", passed the million sales mark last week making it the fastest disc to break a million in the label's history.

The Everley's now hold some kind of a record in the record business, since their first two discs ("Bye, Bye Love" and "Susie") have sold more than a million. Both tunes were written by Bourdelleaux Bryant.

Richard Penlman has decided to quit the record business. If that name didn't mean anything to you, let me say it this way: Little Richard has decided to quit the record business.

According to Billboard Magazine, Richard made this announcement in Sidney, Aust. "If you want to live for the Lord" the rock and roll artist said, "you can't rock and roll, too. God doesn't like it."

Following his last show in Australia, Little Richard plans to fly to Los Angeles where he could be baptized into the Seventh Day Adventist Church "to prepare for the end of the world."

Little Richard has long been a top ranking rock and roll singer. He appeared in Lubbock and Amarillo two years ago. After each performance in these nearby cities, several fights occurred and he was booked for drunkenness. Maybe it's for the best.

His tremendous TV popularity and the success of his two previous albums, "Hymns" and "Spirituals", make Tennessee Ernie Ford's latest effort, "Oh! Rockin' Ernie", a good bet to repeat. All of the tunes in the set were composed by the warbler, and several are remakes of old single-sides. Lusty, deep-voiced chanting on the "down-home" themes should have wide appeal. The selections include "Ain't Nobody's Business But My Own", "Shot Gun Boogie", and "The Lord's Lariat". This album is indeed a masterpiece of song.

THURSDAY, OCTOBER 31, 1957

Shafer Sparks Mules To 20-14 Homecoming Win

Sparked by the accurate passing of quarterback Dickie Johnson and a game-saving tackle by halfback Donnie Shafer, the Muleshoe Mules came from behind to claim a 20-14 triumph over the Dalhart Wolves before 1,500 jubilant homecoming fans here Friday night.

The win gave the Mules a 2-0 record in District 1AA and was their sixth victory in seven games for the year, while the Wolves have a 0-2 district record.

Block Mule Punt

Following an uneventful first quarter, Dalhart scored midway in the second period by blocking a Muleshoe kick. The Wolves had driven to the Mule four-yard line where they faced a first down with goal to go. However, the Mules held and took over on downs. Three plays failed to move the ball for the Mules, so Muleshoe end Bill Black dropped back to punt.

When the ball sailed into the air from Black's toe, sophomore Wolf tackle Raymond Gaddy blocked it and the ball bounced toward the sidelines. Dalhart's defensive quarterback Butch Brown caught the pignskin at the Muleshoe 10-yard line and raced into the end zone. Wolf halfback Gary Finch scored the extra point on a pitchout.

However, the Mules were not to be denied. Late in the second period Muleshoe found itself on the Dalhart 11 yard line on a fourth down. Johnson faded and heaved a long pass to Mule end Okie Alexander, but Alexander was ruled out of bounds as he

stepped into the end zone. The play was called back and Dalhart took the ball on downs.

The Wolves gained one yard in three downs and kicked to the Muleshoe 49-yard line. Then — with less than one minute of play remaining before halftime — the Mules covered 31 yards in three plays, with sophomore fullback Derrell Oliver on a 23-yard run to the Dalhart 24-yard line setting up the score.

On the following play—the last of the second quarter—Johnson passed to Black, who snagged the aerial in the end zone. Then Johnson tried a keeper play for the extra point and the score was tied at halftime.

The game took on an aspect as gloomy as the skies for Muleshoe fans in the third quarter when a 65-yard drive climaxed by a 33-yard Johnson to Alexander touchdown pass play was called back on a backfield in motion penalty.

Matters became even worse midway in the third period when Dalhart drove 80 yards to a touchdown, with a 23-yard quick opener by Finch accounting for the tally. Dalhart quarterback Ronnie Ledbetter scored the extra point on a keeper play.

14-7 Lead
As the final frame opened, Dalhart led 14-7 and Muleshoe set out on a drive to paydirt thru 55 yards of hostile territory.

The Mules pushed to the Dalhart 19 where they faced a fourth down with nine yards needed for the first down. However, Johnson elected to pass and faded, searching for a re-

managed to get the aerial away. Alexander made a diving catch in the end zone and somehow wrapped his arms around the elusive pignskin before going down.

Faced with the possible-crucial extra point attempt, Johnson called a keeper play and failed, and the Mules trailed 14-13.

The Wolves received the Mule kickoff on the Dalhart 12-yard line. On the first play from scrimmage, Finch—who had scored 72 points this year before Friday night's game—took the ball on a quick opener and blasted through the Muleshoe line and into the secondary.

Tackled From Behind
Suddenly Finch was through the secondary defense and not a man remained between him and a touchdown.

But Shafer, whom some observers said was 15 yards behind the fleeing Finch, sprinted after the ball carrier. The chase lasted to the Muleshoe 19-yard line where Shafer ran Finch out of bounds.

Fired up by Shafer's "save-the-day" tackle, the Mules held Dalhart and took over the ball on downs. In three plays the Mules had lost a yard and Black dropped back to kick. The Dalhart receiver fumbled and Shafer recovered the ball for the Mules on the Dalhart 45-yard line. Four minutes remained in the game.

Shafer Runs For TD
In the following two minutes, the Mules moved the ball three yards, then faced a fourth down with seven yards to go on the Dalhart 42-yard line. At this point, Coach Wayne Mantooth sent in a substitute, apparently with instructions for Johnson to call a double reverse.

Johnson palmed the ball to the right halfback Lee Roy Corrales, then Corrales handed off to Shafer. Shafer zipped around right end, found himself in the clear and flashed 42-yards to the touchdown. Johnson completed the extra point on a keeper play.

Homecoming activities were climaxed with a halftime ceremony in which Sandy Briscoe, daughter of Mr. and Mrs. Kenneth Briscoe of Muleshoe, was crowned homecoming queen.

VISITED WHATLEYS
Mr. and Mrs. Clyde Knight of Earth visited his sister and family, Mr. and Mrs. R. Q. Whatley.

Mules-Bobcats Tie For District Top Honors With 2-0

Fresh from a hair-raising victory over Dalhart's Wolves, Coach Mantooth's Mules will host once mighty Canyon in Benny Douglass stadium Friday night.

Canyon and Dalhart are tied for third place in the district, each having a 0-2 win-loss record.

Muleshoe and Dimmitt are tied for top honors in the district, each having won both their conference games.

Tulia and Olton, with 1-1 records, are tied for second place in the conference.

Last Friday night Muleshoe beat Dalhart 20-14; Olton beat Tulia 13-7, and Dimmitt beat Canyon 19-12.

Muleshoe 20—Dalhart 14.
Olton 13—Tulia 7.
Dimmitt 19—Canyon 12.
Bula 48—Wellman 21.

Bula To 48-21 Win Friday Nite

Led by Norvel Roberts, who scored five touchdowns, Bula Bulldogs beat Wellman 48-21 Friday night in six-man football.

Two of Roberts' runs were for more than 50 yards. John Pool scored two more TDs for Bula.

Haberer Champion Sunday Afternoon

Russell Haberer successfully defended his championship title Sunday afternoon, by defeating John Renner to win the Muleshoe Golf Club tournament.

Lowell Irvin St. Clair won the consolation round of the championship flight, defeating his brother, Bill Jim.

In the president's flight, Joe

Butler won 1 up over Dudley Malone, and Don Bryant won two up over Woodie Lambert in consolation play.

Alex Williams capped third flight honors, downing Herb Griffiths 4 and 3, while Sam Damron beat Bill Connell for consolation.

In the fourth flight, Jerry Angeley defeated Clyde Holt, and Fred Johnson won consolation over Harold Newsom.

Chief Jones won the fifth flight championship over Calvin Clark, and Red Johnson beat Troy Wilkerson for consolation.

Mack Ragsdale beat Lloyd Alsup in the sixth flight finale, and Babe Barbour won consolation on default by Dee Brown.

In the seventh Dick Martin beat Bob Harvey and Jack Young won over Red Simmons in consolation play.

Trophies were awarded following the final rounds Sunday afternoon.

Driver Education Students Taking Reaction Tests

by Donna Guinn

We've been taking psychometric tests in safety education. We're also learning to compensate for our weaknesses. In depth perception we line up cars and measure how far we

misjudged the distance. Also we line the front bumper of the car with a stop sign. The averages are ¼ inch and 1½ inches off. To compensate for weaknesses judging distances. An oncoming car, an intersection, or a car ahead, may be closer than you think.

We also tested our field of vision, determining how far we can see on either side without turning our head. The average field of vision is 183 degrees.

20/20 is the normal visual acuity, but if vision isn't normal, it may be compensated for by wearing glasses, and being extra cautious.

We tested our stopping reaction time, that is the time it took us to remove foot from accelerator and apply brakes. The average time is .52 of a second.

In glare perception, we tested the time it took to recover from glare and also the brightness needed for clear night vision. The average recovery time is 4½ seconds, and the average brightness needed for night vision is 10.

After completing each of these tests, each member of the class had his average. Then we all learned to compensate for our weaknesses.

Lunchroom Menu

Menu for the week beginning November 4 in Muleshoe schools is as follows. Milk is always served with each meal.

MONDAY

Barbecue beef.
Creamed potatoes, green beans.
Cabbage slaw with sour cream dressing.
Pineapple upside down cake.
Rolls and butter.

TUESDAY

Juicyburger, lettuce, onions, pickles.
Baked beans, fruit salad.
Peanut butter cookies.

WEDNESDAY

Butterbeans with ham.
Baked sweet potatoes.

Pickled beets, buttered spinach.
Cornbread and butter.
Apple cobbler.

THURSDAY

Chicken and dressing with gravy.
Creamed potatoes, buttered peas.
Cranberry sauce, peach halves.

FRIDAY

Tuna fish salad.
Blackeyed peas, buttered corn.
Fruit Jello salad, chocolate cake.
Whole wheat bread.

VISIT IN LEVELLAND
Mr. and Mrs. Walter Sain and daughters were in Levelland Sunday visiting Mr. and Mrs. Burt Carpenter and children.

VISIT IN CLOVIS
Mr. and Mrs. Bill Lambert visited their daughter, Sgt. and Mrs. Gene Vandergrift at Cannon AFB, Clovis, N. M., over the weekend.

FROM LUBBOCK
Mr. and Mrs. Arlo Farrell and family of Lubbock, visited he parents, Mr. and Mrs. R. Q. Whatley.

PLACES AT STATE FAIR

GARY HICKS, FFA chapter member is shown with three Poland China barrows, one of which placed 18th in the junior pig show at the State Fair last week.

AMALIE MOTOR OIL
Wiedebush & Childers
BUTANE — PROPANE
Phone 2810 — Muleshoe

"Dust storms sure were bad news — till I switched to AMALIE L. P. G.!"

"That old common-grade oil I used to use in these irrigation engines sure did let the dirt and dust and rust cake up in those engines! But worse than that, with butane or propane, it thickened up when it looked almost like grease! Man, what a change with this AMALIE L. P. G. Oil!"

AMALIE L. P. G. is more than just a good oil, it's a super oil. When you burn butane or propane (Liquid Petroleum Gas), ordinary oil won't do. It must be ENGINEERED for L. P. G. And AMALIE L. P. G. is just that: 100% pure Pennsylvania — no other crude like it on earth. Special additives, so hold that dust, grit, etc. in suspension — so they filter out. And above all, it holds its viscosity — its "flowing" qualities.

Give YOUR engines — and your bank balance — a break!

TEAMED FOR Action!

Like a well-balanced football team, Cosden products are at their best when they're working together.

Cosden gasolines — Premium Ethyl or Higher Octane Regular — are skillfully processed through one of the world's most modern refineries to deliver all the horsepower in your engine. They offer new bonus power to span the miles economically . . . reserve strength for fast get-away or quick passing . . . and instant response to your accelerator.

Cosden lubricants — 10w30 or Heavy Duty Motor Oils — keep engine parts working smoothly and freely in any weather.

Get the most from your car. Use Cosden gasolines and lubricants . . . together.

They're teamed for action.

Auto Makers Unveil 1958 Line

Showings of New Cars Begins Friday

Continues Through 15th November

In order of their public showings, here is how the new cars stack up according to advance releases from Detroit.

Chevrolet, labeled the car of the year by newsmen and technical writers, will feature a completely restyled car which is longer, lower and wider and emphasizes flowing sculptured lines from dual headlights to softly flared rear fenders.

Two suspension systems are featured for a more luxurious ride, better handling and road stability. A new level air system which automatically adjusts to all load weights is optional.

Chevy this year has a new 348 cubic inch engine new from fan to flywheel.

The line this year features the Bel Air series, the Biscayne series, and the all new Corvette for 1958.

Overall length has been extended nine inches to a new measurement of 209 inches. Roof lines have been lowered 2½ inches yet design allows ample headroom.

Dodge and Plymouth

Arnold Morris Auto Co. will unveil the improved Dodge and Plymouth for 1958 in their showroom November 1.

The Dodge is characterized by significant advances in safety engineering, fuel economy and engine performance, plus swept wing styling.

Dual headlights, mounted side by side under bold fender hood, provide greater safety for after dark driving, and set the pace for Dodge swept-wing styling.

A strikingly different stainless steel grille design complements the dual headlight styling.

Looking over the low hood of all 1958 Dodge convertibles and Lancer hardtops is the compound-curvature "picture" windshield, which offers true control tower visibility and blends fashionably with the fast lines of Dodge sport models.

New interior and exterior colors and fabrics are available on all 1958 Dodge models.

Offered this year as a single safety package on the 1958 Dodge are the completely new, full-time Constant Control steering, Total Contact floating shoe power brakes, padded dashboard and padded sun visors. Other safety features include Life-Guard safety door latches and safety door handles, both designed to secure doors against accidental opening.

An added safety and comfort feature is Torsion-Aire suspension, regarded as the most modern of any American design. The torsion bar system, combined with an extremely low center of gravity, gives a smoother more controlled ride.

Torque-Flite automatic transmission is available on all

Dodge V-8 models, while Power-Flite is offered on all 1958 Dodge Coronet models.

The 1958 Dodge line consists of the Coronet, Royal, Custom Royal and station wagon series.

Plymouth

Substantial styling advances in keeping with the trend-setting characteristics of the immensely popular current model Plymouth cars, plus a broad new lineup of six engine options and other important new engineering features will be seen when the Plymouth for 1958 is introduced November 1, at Arnold Morris Auto Co.

"The new Plymouth is improved in appearance, performance, comfort and safety, yet retains many of the outstanding styling, handling and riding features that were so enthusiastically accepted by American car-buyers this year", says Arnold Morris.

"While the 1957 model year has been one of the finest in our history, we intend to move even farther ahead with introduction of finer, more advanced line of new Plymouth cars in November."

Styling features of the new Plymouth includes a bright new "Silver Dart" side moulding treatment, sweeping upward at the rear on Belvedere and Sport Suburban models to the tip of Plymouth's familiar high-flung directional stabilizer fins, with optional dart inserts of silvery anodized aluminum or compatible colors. Another distinctive new side trim is available also with Savoy and Plaza models.

Ford

The 1958 Ford car line featuring major styling changes, the most efficient engines in the car's history, a new automatic transmission and new optional air suspension, will go on display at Muleshoe Motor Co., November 7, Jack Morris, of Muleshoe Motor Company announced today.

"At a cost of \$185,000,000 we have developed a new Ford that incorporates some of the most extensive changes ever made in the car", Mr. Morris said.

Historically, auto companies have made basic changes in their cars every three years, he pointed out.

"But in its 1958 models, Ford has actually created fundamental design and engineering changes just one year after its completely new 1957 model", he said.

Demonstrating this change are twenty-one models on two separate wheelbases; the Fairlane and Fairlane 500, with an overall length of 207 inches, and the Custom, Custom 300 and the station wagon, measuring 202 inches.

The external appearance of

the new car features Ford's sculptured-in-metal treatment in which styling lines are molded into the sheet metal itself.

The new distinctive styling is emphasized in a front view of the massive wrap-around one-piece bumper with anodized aluminum "jet intake" grille, dual headlights, and Power Flow hood. New sheet metal treatment incorporates redesigned front fenders, new roof with seven front-to-rear flutes or grooves, and trunk lid and rear quarter panel innovations. From the rear, the 1958 Ford is distinctive with a "V" sculptured trunk lid flaring into twin safety oval taillights.

Oldsmobile

Exciting styling changes that enhance the appearance from every angle mark a completely new Oldsmobile for 1958. In addition, the General Motors division is introducing a true air suspension system, newly efficient and economical Rocket engine and an improved Jetaway Hydra-Matic Drive.

The 1958 Oldsmobile will be on display, beginning November 8, at Johnson & Nix in Muleshoe.

Oldsmobile's new "mobile look" is very evident in the entirely redesigned body, new rear quarter panels, a new front end with recess-type grille and four-beam headlights, one-piece rear window with greater glass area and new rear deck and roof. The decorative trim on the side panels accentuates the length, flowing lines and low silhouette of the new Oldsmobile.

"The 1958 Oldsmobile has been completely and tastefully redesigned with distinctive and exciting styling. In fact, practically everything you can see is new," said Jack F. Wolfgram, Oldsmobile general manager and vice-president of General Motors. "We believe our new car is a fitting culmination of six decades of progressive product leadership, and is a fitting car to start Oldsmobile's next 60 years of progress."

Oldsmobile for 1958 offers three different Rocket engines in its three series of cars.

Mercury

With a big new "super Mercury" series called the Park Lane, and major styling and engineering changes in its full line of cars, Mercury for 1958 will blanket the whole medium price

market with a total of 20 models. The 1958 line will be on display November 12 at Muleshoe Motor Co.

The new Park Lane, with three models, is the biggest and most luxurious Mercury ever built. It has a wheelbase of 125 inches and it is 220.2 inches long—nine inches longer than the 1957 Mercury.

"By extending our car line into the upper-medium price bracket, Mercury for 1958 offers a big car with matching power and performance throughout the entire range of the medium price field", said James J. Nance, general manager of Lincoln and Mercury Division and vice-president of Ford Motor Company.

Matchless performance throughout the entire driving range is provided in a series of four new Mercury, Marauder overhead valve V-8 engines with horsepower ranging from 312 to 400. These new engines feature such unique engineering concepts as water-jacketed intake manifold and combustion chambers in the engine block rather than in the cylinder head.

Full air cushion suspension, which improves the ride considerably by greatly reducing pitch and other road and driving disturbances, is optional. This suspension uses air is a springing medium instead of steel, and it

maintains the height of the car at a constant level regardless of number of passengers.

Pontiac

Sixteen all-new models in four series—headed by a "dream car" series of two family sports-type cars—are presented by Pontiac in 1958, General Motors' Golden Jubilee year.

A new body, new chassis, new "Tempest 395" V-8 engine, new optional equipment and a new Bonneville series of family size "dream cars" mark what the division calls "the boldest advance in 50 years."

"These bold new cars are both a tribute to GM's Golden Jubilee and our own 50th Anniversary", S. E. Knudsen, GM vice-president and general manager of Pontiac Motor Division, said in announcing the new cars.

"Fifty years ago America's pioneer motorists welcomed the new Oakland, predecessor car to Pontiac. But outside of having wheels, engine and a body of sorts, the 1908 Oakland bore no resemblance to the sleek 1958 Pontiacs we will present in our dealers' showrooms November 9. These cars are lower, wider and combine high performance and comfort with high style and luxurious interiors", Knudsen said.

In addition to the top-of-the-line Bonneville convertible in the sport coupe, Pontiac offers other new innovations for '58. Among them are a convertible in the lowest priced Chieftrain line, air ride suspension as an option on all models, along with improved fuel injection, introduced by Pontiac last year.

The new "Tempest 335" V-8 engine is bigger than ever, with displacement increased from 347 to 370 cubic inches, and designed to deliver power where most needed—in the traffic range.

IN LOBO BAND

Glen Travis Branaman, son of Mr. and Mrs. Glen Branaman of Rt. 2, Muleshoe, is playing trombone with the Sul Ross College band at Alpine. A freshman music major, Glen has been pledged to Kappa Kappa Psi, national honorary band fraternity.

The band, under the direction of Joe Bellamah, has been selected to play during the Battle of Flowers band festival program in San Antonio during Fiesta Week.

ENDS JUMP SCHOOL

Army Pvt. Windell L. Pike, son of Mr. and Mrs. C. S. Pike, Rt. 2, Muleshoe, recently was graduated from the 82nd Airborne Division Jump School at Fort Bragg, N. C.

Pike received his parachute wings after having completed course, which included five training jumps.

Pike, a rifleman in Company D of the division's 504th Infantry, entered the Army in February 1957 and completed basic training at Fort Carson, Colo.

The 20-year-old soldier is a 1955 graduate of Farwell high school.

Birthday Party

Doylene Davis, daughter of Mr. and Mrs. T. D. Davis, was honored Monday afternoon at her home with a party on her 9th birthday.

SLUMBER PARTY

Linda Millen, Elizabeth Morrow, Bonnie Wood, Jaqueta Nowell, and Jerri Kemp all spent Wednesday night with Neil Moore to help Jerri celebrate her birthday.

JOHNSON RITES HELD

Mrs. J. M. Moore attended the funeral of her brother-in-law, R. E. Johnson, of Gainesville, which was held in the Era Methodist Church last Thursday at 2 p.m.

FROM SNYDER

Mr. and Mrs. Robert Waggoner and Kim from Snyder, visited his parents, Mr. and Mrs. Clyde Waggoner and other relatives and friends.

STRENGTH FOR THESE DAYS

The Bible

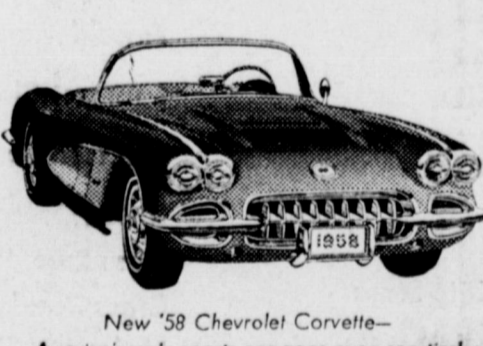

For what is a man profited if he shall gain the whole world, and lose his own soul? —St. Matthew 16, 26.)

So often, these days, so many of us sacrifice so much to make "big" money—to "hit the jackpot" of fame or fortune—and we ignore the inner longing that is our soul. Somehow we think that this can wait until we have made ourselves secure in success. But, who knows the day or hour of his death?

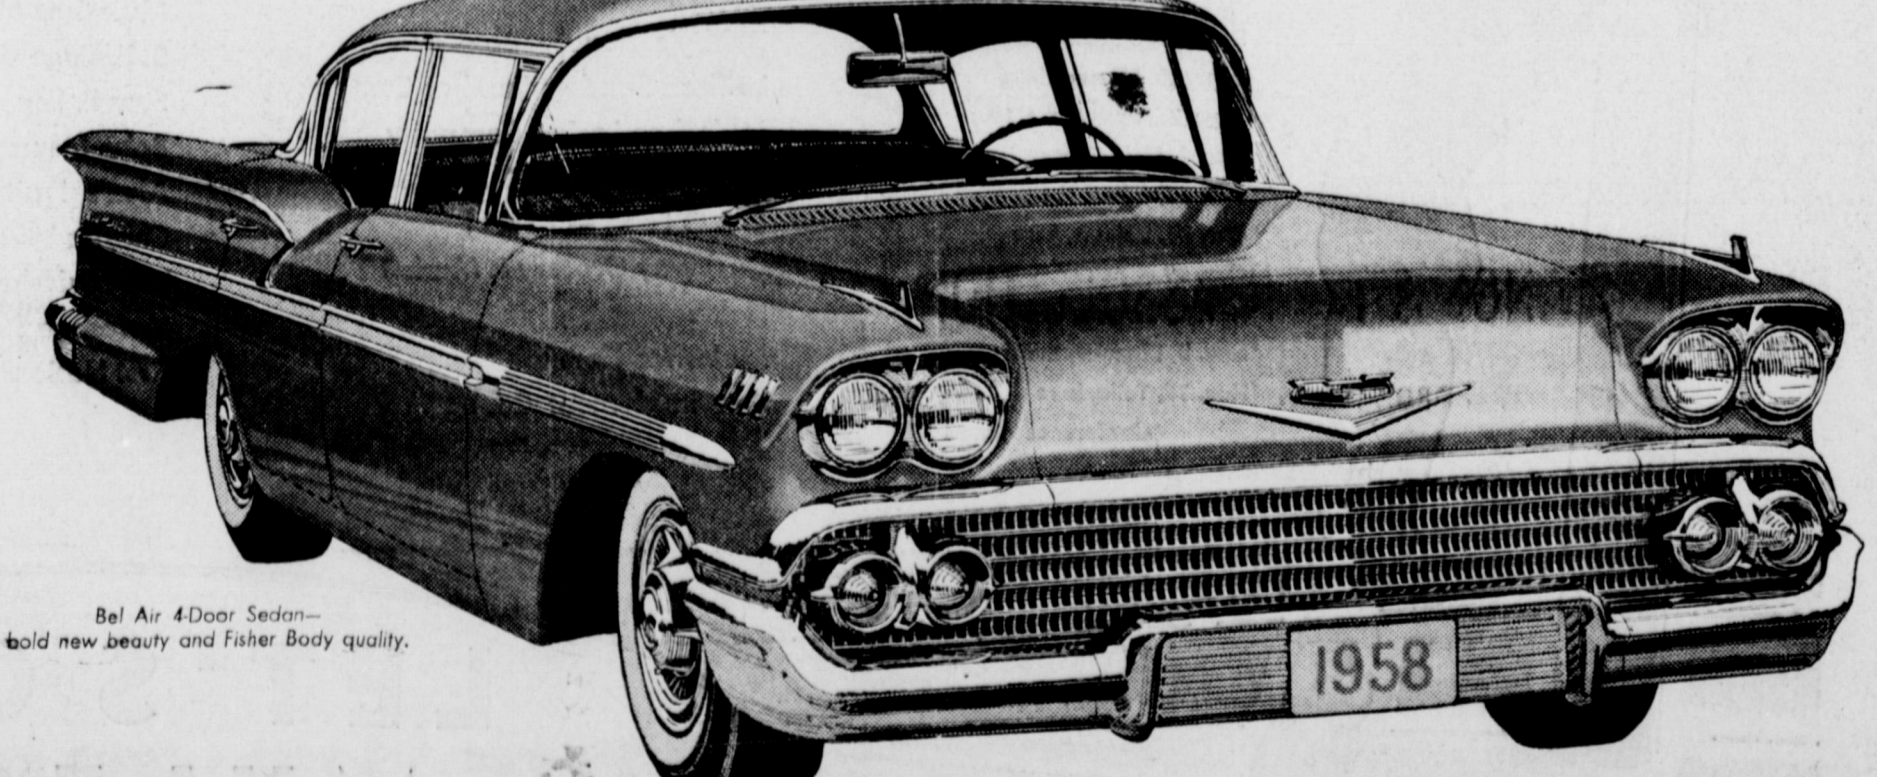

ALMOST TOO NEW TO BE TRUE!

'58 CHEVROLET! *The biggest, boldest move any car ever made!*

New '58 Chevrolet Corvette—America's only sports car goes even sportier!

Bel Air 4-Door Sedan—bold new beauty and Fisher Body quality.

DIGNIFIED DENIMS

Striped, overall denim goes dignified in a wrap-around skirt. Red or yellow skirt lining matches toggle-buttoned shirt. Shoe tops also are denim.

EASY-CARE COTTON

Spots and stains can be removed easily with a damp cloth from this corduroy play suit. The suit, treated with Zelan durable water repellent, will stay clean longer and wash easier.

AT-HOME FASHION

This charming lounging robe is an easy-to-care-for fashion of Everglaze cotton in an abstract print. Button-down front and push-up sleeves add to comfort of the robe.

present priority schedule for water users. Presently it goes like this: 1. Municipal and domestic use; 2. Industry users; 3. Agriculture, and 4. Recreation. Farm Bureau is asking that agriculture be placed above, or at least equal with industry, and the governor and his committee are giving consideration to the recommendation. The bill under consideration is HB 6, by Representative Woolsey. Hearings are also being held on SB 1, companion bill to HB 6.

The young lady who greets you in the office now is Mrs. Cecil Osborne, known as Joyce Osborne, in the office. She will soon join the ranks of Notary Publics in Friona, and be able to completely service your gas exemption papers, or any other Notary services you may request. You are invited to come in and become acquainted with her, and consult with her regarding any of the Farm Bureau services you may be interested in.

It is apparent that we still get fellows elected to Washington posts who are unable to understand why so many people still do not want to grab at every offer of "Federal Aid" to schools, and other impractical things. We believe they should attend some of the larger farm meetings and wise up.

CONSIDER THIS: If thou faint in the day of adversity, thy strength is small. — Prov. 24:10.

November 2 is 4-H Achievement Day

Texas' 117,257 4-H Club members will join with the more

than 2,000,000 members in the nation to observe National 4-H Achievement Day on November 2. The Texans belong to 4,222 local 4-H clubs and 10,093 volunteer adult leaders assist them with their demonstration activities. Too, more than 3,200 4-H members are serving their clubs as junior leaders.

During the past 50 years, about 18 million young people in the nation have been 4-H members. Former members are numbered among the nation's outstanding leaders in every field of business, industry, the professions, agriculture and homemaking. The 4-H organization, directed by the Agricultural Extension Service of the states and territories in cooperation with the U. S. Department of Agriculture, is now worldwide in its influence. Since World War II, 4-H or similar organizations have been established in many foreign lands. The International Farm Youth Exchange commenced in 1948 has played a major role in this spread.

Parents and friends of 4-H members play an important role in making 4-H Club work successful. While the 4-H team may

draw national or even international recognition on Achievement day, the outstanding events will be those held in the local clubs and counties. Here the "home folks" will have an opportunity to see for themselves what their boys and girls are doing in 4-H Club work. Local announcements will be made regarding plans but it is a safe bet that invitations to the general public to attend or participate will be included.

In Texas, thousands of 4-H boys and girls have been exhibiting the products from their demonstrations at fairs and stock shows. The list of delegates from Texas to the National 4-H Club Congress which meets in Chicago from December 15 has been released and these state winners will be telling others how it feels to be a delegate to this great national meeting.

Achievement Day is the one day which is set aside each year for the purpose of recognizing outstanding achievement. Give youth in your country the recognition they deserve by participating in the local observance.

Indicator Tests Of Hybrid Grains Made Monday

A yield check of hybrid grain sorghum varieties planted on irrigated land was made by hand heading small amounts on the Raymond Gaede farm Monday afternoon by County Agent J. K. Adams.

Adams said a more conclusive test will be made later by weighing the yield from entire rows and pointed out that the check

made Monday was only an indicator test made by hand heading small amounts from rows planted side by side.

Leading yielder was Texas 660 with 5,670 pounds; next was Texas 650 with 4,961 lbs. D-50A followed with 4,571, then E-56A with 4,012. F-62A was next with 3,827 lbs., and finally, C-44A with 3,721 lbs.

You're face to face with the B-58 BUICK

It looks and feels like flight on wheels

IT RUNS on gasoline and rolls on wheels. But beyond that, all similarity between this 1958 Buick and any other car you've ever known comes to a decisive end.

This B-58 Buick is literally born of aviation principles — starting with a greater use of aluminum than ever before, and going on from there.

With this stunning automobile you're in the forefront of styling's freshest advance.

With it you boss the B-12000 engine — command through a transmission that's the big talk of the automotive world — feel a

modern miracle in buoyancy of ride, plus the never-before wonders of Buick Air-Poise Suspension.*

With it you can drive with more magnificent advances in automobile design and engineering than history shows in any single year.

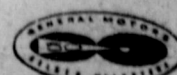

This B-58 Buick is ready now in look and line and lift and life to thrill you to a tingle. Go see — now on display at your Buick dealer's.

*Air-Poise Suspension optional at extra cost on all Series. Flight Pitch Dynaflo standard on LIMITED and ROADMASTER 75, optional at extra cost on other Series. Aluminum Brakes standard on all Series except SPECIAL.

NEVER SO MUCH SO NEW

- * FRESH BOLD STYLING with the Dynastar Grille.
- * THE MIRACLE RIDE plus Buick Air-Poise Suspension.*
- * FLIGHT PITCH DYNAFLO* with the instant flexibility of a million switches of pitch.
- * B-12000 ENGINE with 12,000 pounds of thrust behind every piston's power stroke.
- * AIR-COOLED ALUMINUM BRAKES* with smoother, surer control and longer life.
- * "VELVET WALL" Sound Silencing.
- * All built to exacting quality standards

When better automobiles are built Buick will build them

Parmer County Farm Bureau News

Gilbert Kaltwasser, our president, has been invited to sit on the Texas Farm Bureau resolutions committee this year. This is the committee that reads resolutions from various counties in Texas, groups them according to subjects, and prepares them in composition for the discussion and vote of delegates at the convention in November. The convention date is November 17 through 20. Six voting delegates from Parmer county will attend. Other members are welcome to attend to see Farm Bureau in action on the state level.

We would like to suggest that you farmers study House Joint Resolution 3, regarding the proposed State water development program. Your County Farm Bureau in annual session recommended that you vote for passage of this program, the best, we think, that could be presented.

In the special legislative session, Texas Farm Bureau is requesting an amendment to the

Bula News Report

by Mrs. John Blackman (Omitted Last Wee)
Mrs. George Bahlman lead the program Wednesday afternoon for the WSCS meeting of the Methodist Church in the church auditorium.
Four chapters from the study, "In Every Place A Voice", were studied and discussed.
In this study it was brought out what the mothers should do to help work of the church and in rearing our children in the homes. The Christian home is the foundation of our country. When it is taken away the heart of the country is uprooted.
Ladies present were Mrs. George Bahlman, Dub Kyle, D. T. Johnson, B. L. Blackman, Paul Young, and one visitor, Mrs. U. T. Dever.

New Daughter
Mr. and Mrs. Lew Clark of Portales, N. M., are the parents of a baby daughter, born October 14 in a Portales hospital. She has been named Laura Rena and weighed 8 lbs., 14 oz. Brother Clark is a Bible student at Eastern New Mexico University and preaches at the Bula Church of Christ.

Former Resident
Funeral Wednesday
W. E. Carter passed away at his home near Lovington, N. M. Monday morning and funeral services were held at the Bula Methodist Church Wednesday afternoon at 3 o'clock, with the Rev. J. E. Peters from Shawlowater officiating.
Mr. Carter moved to the Bula

community in 1926. He owned and operated his farm here until his retirement in 1951.
He was 87 years of age at the time of his passing.
Mr. Carter is survived by his wife and three sons, Tommie and Clarence Carter of Lovington, N. M., and Ernest of Calif., and Mrs. Jess Richardson of Floydada, and seven grandchildren.
Mrs. Mildred Miller drove to Hereford Saturday to attend the vocational homemaking in-service training for Area 1. This was an all day meeting. Problems and methods of home making were discussed.
Miss Gladys Setliff and Mrs. Lloyd Slaton of Eldorado, Okla., spent Saturday and Sunday in the home of Mrs. B. S. Setliff and Chester.

Return From Colorado
Mr. and Mrs. W. E. Layton returned Thursday from a weeks stay at Pagosa Springs, Colo. While there they took baths, went deer hunting, and also had time to do some fishing.
Mr. and Mrs. Layton were accompanied by Mr. Layton's brother and wife, Mr. and Mrs. Frank Layton of Monahans, Mrs. Ernest Ellison and sons, Zan and Randall, Crosbyton, and Mr. and Mrs. J. E. Layton of Enoch.
Mr. and Mrs. J. H. Featherston and baby of Holland, Texas, spent Thursday night and Friday in the Luke Walden home.
Mr. and Mrs. J. E. Autry and son, Gene, drove to Iowa Park Tuesday to attend the funeral for Mrs. A. P. Campbell.

Mrs. Florence Hancock and Mrs. Jack Moore of Plainview, visited Sunday afternoon in the Jimmy Drake home.
Mr. and Mrs. John Blackman and Mrs. B. L. Blackman were in Lubbock Saturday and visited in the W. W. Harkness and Billy Wolfe homes.
PARENTS VISIT HERE
Visiting last week in the Houston Black home were Mrs. Black's parents from Temple, Mr. and Mrs. J. J. Wells.
Guests Sunday in the Sam Cleveger home were Mr. and Mrs. Raymond Cleveger and children, Christine and Joe from Morton, and Mr. and Mrs. Charlie Cleveger.
Mrs. Bonnie Stubbs of Daingerfield, Texas, left Wednesday for her home after a three weeks stay in the home of her daughter and family, Rev. and Mrs. Travis Ham.

Mrs. R. A. Vestal spent Friday night with her daughter, Mr. and Mrs. Dexter Nebbutt of Morton.
Visiting at Colorado City the first of the week were Mr. and Mrs. C. L. Cannon. They also enjoyed doing some fishing.
W. R. Adams and C. T. Jaynes attended to business in Bonham over the weekend. Mrs. Adams spent the weekend in the home of her brother and family, Mr. and Mrs. Raymond Jaynes of Lubbock.
BREAKS SHOULDER
Don McCord was unfortunate Monday while in a football practice and received a broken shoulder.
Miss Vera Womack, accompanied by friends from Sherman, enjoyed a trip to the Carlsbad Caverns Saturday.
Billy Black son of Mr. and Mrs. Houston Black was unable to attend school last week and was confined in the bed most of the time with the flu.

ny Emmerson visited relatives at El Paso last week.
Mrs. Frank Knox is confined to bed at her home after being released from the Cochran County Hospital last week.
Tucker Services
Funeral services for S. T. Tucker were held at the Maple Baptist Church, Saturday, October 19 at 2 p.m. Rev. A. R. Coleman of Morton officiated. Interment was in Morton Memorial Cemetery.
Mr. Tucker, a resident of the community for the past 28 years, died at his home southeast of Maple about 6:30 October 16. He was 91.
Survivors are his wife, Emma; three daughters, Mrs. C. W. Border, Sherman; Mrs. C. M. Clark, Perkins, Okla.; and Mrs. F. J. Kelley, Maple; eight sons, W. A. Rochester; M. G. Norman, Okla.; Ira, Hammond, Ind.; H. D. Sherman; H. E. Carlsbad, N. M.; Lt. Guy L. stationed with the U. S. Army in France; B. H. Morton, and D. L. of Maple; 37 grandchildren and 41 great grandchildren.

Class Favorites Elected
Elections were held at Three Way high school last week for class favorites, Mr. and Miss T. H. S., Calendar Girl, Most Beautiful, Most Handsome.
Candidates from the freshman class were Nonnie Adams, most beautiful; Johnny Sandlin, most handsome; Mary Hobgood, Miss T. H. S., Kenny Sims, Mr. T. H. S., Gayle McCalvey, Calendar Girl; Nonnie Taylor and Jimmie Wall, class favorites.
Sophomore candidates were: Annalie Hightower, most beautiful; Bailey Griffith, most handsome; Joan Burris, Miss T. H. S.; Bobby Dupler, Mr. T. H. S.; Patsy Sowder, calendar girl; Annonia Hightower and Butch Tucker, class favorites.
Junior candidates were: Nan Johnson, most beautiful; Doyle Fowler, most handsome; Paula Kindle, Miss T. H. S.; Mike Polard, Mr. T. H. S.; Betty Hutton, calendar girl; Virginia Klutts and Hansford Tunnell, class favorites.
Senior candidates were: Joann Hodge, most beautiful; Jack Reeves, most handsome; Janice Latimer, Miss T. H. S.; Kenny Donald, Mr. T. H. S.; Bonnie Bateas, calendar girl; Joanne Hodge and Glenn Lowe, class favorites.
Elected by popular vote of the

students were Joann Hodge, most beautiful; Jack Reeves, most handsome; Paula Kindle, Miss T. H. S.; Kenny Donald, Mr. T. H. S.; Betty Hutton, calendar girl.
Mr. and Mrs. W. C. McCalvey and Gayle visited relatives in Anton Sunday.
Mr. and Mrs. Frank Griffith and Mrs. Florence Bailey visited at Pettit Sunday.
Shirley Bateas was on the sick list Sunday.
Visiting in the Louie Jordan home over the weekend were Mr. and Mrs. Gaylon Weaver of Slaton and Mr. and Mrs. Laddie Pierce and Karen of Lubbock.
Mr. and Mrs. T. F. Davis of Anson, visited their son and family the T. D. Davis'.
Mrs. Tommy Galt was in the hospital at Muleshoe three days last week due to a kidney ailment. She is reported to be feeling better this week.

Mrs. Thurl Lemons and Mr. and Mrs. Mike Flanniken attended the Morton homecoming celebration Friday.
Mr. and Mrs. J. G. Arn and Mr. and Mrs. Ruel Kirby attended the fair at Dallas last week.
Mrs. Cecil Cole and Mrs. Dolly Arn were shopping in Lubbock Thursday.
Mr. and Mrs. Cecil Cole spent the weekend at Lubbock attending Texas Tech homecoming events and visiting their daughters, Kay and Mrs. Mickey Sowder.

Maple News
by Mrs. Oran Reeves (Omitted Last Wee)
Guests in the Vurles Wall home Sunday were his parents, Mr. and Mrs. M. O. Wall and Billy of Portales, N. M.
Several in the community have been sick the past week. Some of them were Mrs. Cecil Mann and Terry and Jim Simpson.
The ladies of the Maple Church of Christ met with Mrs. Bill Eubanks for an all day meeting

Tuesday. Those present were Mmes. Vurles Wall, Ted Simpson, Cecil Mann, and C. L. Taylor and the hostess.
Game Called Off
The Three Way and Bula junior high football game was called off Thursday night on account of the rain.
Our deepest sympathy is extended to the family of Mr. Tucker, who passed away last week.
Mr. and Mrs. Turman Kelley and children of Amarillo spent the weekend in the home of their parents, Mr. and Mrs. Fred Kelley and Mr. and Mrs. John Tyson. They attended the funeral of his grandfather, Mr. Tucker.
We are still having rainy and

muddy weather. Most of last week was too wet for boll pulling or maize cutting, and it has started out the same way this week.
Mr. and Mrs. Vurles and sons visited his sister in Clovis, N. M., Tuesday night.
Y. L. NEWS
(Omitted Last Wee)
The Y. L. Methodist Youth Fellowship (M. Y. F.) is having a Unicef trick or treat for Halloween. They will be going around the Y. L. community asking for money or clothing for Unicef (United Nations International Children's Educational Fund.)
PLEDGES FRATERNITY
Don Richard Blanton of Enoch, recently pledged Phi Kappa Psi fraternity at Texas Tech.

FROM NEBRASKA
Mr. and Mrs. Bob Herrington, of Omaha, Neb., former Muleshoe residents, visited here this week with old friends. They had been to Lubbock to visit a son, Dean, a student in Texas Tech, and his wife, Herrington was manager of the first alfalfa dehydrating plant installed here, and is now in the Omaha office of National Alfalfa Milling Co.

CHANGE TO SHAMROCK 10 W-30 MOTOR OIL NOW AND PROTECT THE LIFE OF YOUR CAR'S ENGINE AND BATTERY

The development of Shamrock 10W-30 Motor Oil is based on the fact that the typical passenger car engine operates most of its useful life in the temperature zone between the cold start and normal operating temperatures.
All oils thicken as temperature decreases. The difference between Shamrock 10W-30 and conventional oil is that it thickens less at low temperature.
The effect on your car's performance is important.
When you change to Shamrock 10W-30, the improvements you'll notice immediately are: (1) that even on the coldest mornings the engine will turn over quickly and easily, and (2) a marked increase in gasoline mileage.
These advantages are the most obvious, but not necessarily the most important. Frictional wear in the engine takes place at a very high rate during the first few strokes when starting an engine with little or no lubricant on the cylinder walls. 10W-30 reduces this wear, flowing quickly... replenishing the oil film. At high temperatures a thicker lubricant does a better job of keeping metal surfaces apart. Accordingly, 10W-30 being thick at high temperatures gives your engine full protection at this end of the temperature range, too.
With Shamrock 10W-30 in the crankcase you will: (1) extend the life of your car's engine, (2) extend the life of your battery, (3) increase gasoline mileage and (4) reduce the octane requirement. We don't claim miracles for it, but you probably will.

Announcing the car that's

AHEAD FOR KEEPS!

Here is newness... unchallenged by any other car in the low-price field. Simple comparison proves that no car measures up to the one car that began with a three-year lead: the triumphant new Plymouth. The dramatic debut of this greatest of low-price cars takes place at your Plymouth dealer's today. One look, one ride will convince you... this is your car... the car that's ahead for keeps!

Fire Danger In Farm And Home On Increase As Cold Weather Comes

The cool the nation's farmers last year an estimated \$145 million. During the past 14 years almost a billion and a half dollars worth of farm property has gone up in flames, according to statistics in the USDA's agricultural Research Service.

"Don't let a fire happen on your farm or in your home," is the word of caution from the Texas Farm and Ranch Safety Council. "As the weather becomes colder and heating equipment is put back into active service, the chances for fires increase a big jump," says the Council. They add that the USDA surveys show that farm fires are due to 7 principal causes and most are preventable. The chief causes are faulty wiring and heaters, combustible fuels, spontaneous combustion, matches and smoking, defective electrical wiring, gasoline and kerosene, and lighting.

"All heating equipment should be checked carefully and adjusted by a qualified person," says the Councilman. A check of all lines and connections should be made for leaks, and flues and chimneys should be thoroughly

Halloween Party For FFA Boys October 28

By Mrs. John Buckman

The Bull school lunch room was the scene of a Halloween party Monday night, October 28, sponsored by the FFA boys and given for the FFA boys and school faculty.

Judy Young, as chairman of the decoration committee, the room was very attractively decorated with Halloween colors and decorations. Girls and boys decorated with streamers hung from the ceiling with colored lights and inflated balloons dangling. Walls were decorated as greenways with tombstones.

Miss Leland Church had charge of the refreshments committee and cup cakes, decorated

FFA Bulletin

Members of the Bull FFA chapter held their regular meeting Monday night in the home of the "greenhouse". They are Larry Pollock, Danny Hill, Tony Diaz, David Williams, and Lee Pearson.

The refreshments were served by Bobby Carlisle's group. The refreshments consisted of sandwiches and cakes.

Mr. and Mrs. J. D. Bayless spent Sunday in the home of their daughter, Mr. and Mrs. J. D. Dink at Minot.

Guests Sunday afternoon in the Paul Carlisle home were Mr. and Mrs. Frank McCain and Mr. and Mrs. Jimmy McCain, all of Littlefield.

Visiting Sunday afternoon in

Origin and Causes Of Gin Fires Under Study At Texas A-M

The cause of a loss of \$26,074.78 in 1946 Texas cotton gins under study in 1956. Purpose of the study was to determine the origin and causes of gin fires and the resulting losses.

The study covers 100 gins. In 1956, 100 gins were studied. Of these, 67 percent, 67 gins, had no gin fires. Of the 33 percent, 33 gins, that had gin fires, 18 percent, 11 gins, had spontaneous combustion causes, such as chaff up, sparks, and rocks, in their gins.

Most of the fires originated in the overhead conveyors, 487 percent, and gin stands, 427 percent. Other origins in descending order of importance were air conditioning, compressors, electrical boxes and wiring on trails in the yard.

The number of fires reported is low on the average. Sixty of the 100 gins reported no fires. Only 288 fires were reported by the 100 gins studied. Of the 288, 707.8 loss, 38 percent was loss of cotton, 26 percent for building, 13 percent for machinery, and 9 percent for loss of labor.

The average loss per fire was \$94.42. Some 215 fires resulted in losses of less than \$100 and 175 in damages of \$50 or less.

One of the most significant observations about the causes of fires is the human element, indicating that many of them could be prevented. Matches, nails, rocks and smoking causes nearly 60 percent of the total number of fires. Some were caused by the cotton from mechanical pickers, but most of the matches and rocks get into the cotton from the carelessness of cotton pickers.

Contrary to expectations, gins without fire-prevention devices had about as good a record for fires and fire losses as did those with the devices.

A more detailed statistical report and summary of the study is contained in Progress Report 1957, "Origin and Causes of Gin Fires and Fire Losses," at

Wildfowl Hunting Season Dates Set

Hunting rules have been announced for this area by Al Gilchrist, county clerk.

Quail season is December 1 through January 15, with shooting permissible from one half hour before sunrise until one half hour after sunset. Shotgun cartridges larger than 12 gauge may be used, provided they are permanently plugged to three shell length.

Grouse: November 1 through December 31, with shooting from one half hour before sunrise to sunset.

Ducks and Geese: November 1 through January 15, with same hours as for quail.

No season on black bellied tree ducks.

QUESTS IN MOORE HOME

Daniel and Evelyn Moore, Dick Moore and Don Moore, all of Lubbock, were visitors in the home of Dan's parents, Mr. and Mrs. J. M. Moore, and Ned Saturday. After supper they all attended the homecoming game between the Miners and Dalhart.

TO HALLIBURY

Mrs. N. J. Hallibury is back home after a visit in Hallibury with the family of her sister, Mrs. Jeanie Newman. Mrs. Hallibury reports it rained all the way down there and all the way back.

47 CLUB MEETS

The 47th Club of Muleshoe met October 29 in West District elementary school building with Mrs. Harriet Brummett in charge.

The demonstration was on the care of shoes.

10th Texas Gins, 1957

The author is Robert L. Hunt, professor, Department of Agricultural Economics and Sociology, Texas A & M College. It is available from the Agricultural Information Office, College Station, Tex. 77843, and 1957 issues of

But the high school girls lost 4-46. The girls fought hard but many mistakes were made. They saw that they needed a lot of improvement.

Mrs. Beatrice Miller and daughter, Julia, spent the weekend with home folks at Bedford, Texas.

Barbara Nell Bogard, sophomore student at SPSU, spent the weekend with her parents, the Tom Bogard, Mrs. Bogard and daughter, Carol, and Linda. She drove her back to school Sunday afternoon.

FFA Bulletin

Monday night the Bull FFA chapter held its regular meeting. It was also the initiation for the "greenhouse". They are Larry Pollock, Danny Hill, Tony Diaz, David Williams, and Lee Pearson.

The refreshments were served by Bobby Carlisle's group. The refreshments consisted of sandwiches and cakes.

Mr. and Mrs. J. D. Bayless spent Sunday in the home of their daughter, Mr. and Mrs. J. D. Dink at Minot.

Guests Sunday afternoon in the Paul Carlisle home were Mr. and Mrs. Frank McCain and Mr. and Mrs. Jimmy McCain, all of Littlefield.

Visiting Sunday afternoon in

At this meeting officers were elected by vote, with all last year's officers being kept. President is Dean Clawson; vice-president is Lloyd Pollard; secretary is George Bullman; treasurer is D. J. Cox. Dan Kite and George Bullman being appointed to serve on the entertainment committee.

A financial report of last year's expenditures were made by Mr. Cox, with donations and fees being paid of \$559.23 and expenses of \$558.08. The expenses were for hospital bills for both basketball girls and boys and football boys. For films of pictures made at ball games, and at the beginning of this year's season the sum of \$28.35 has been paid in for fees.

Since no money is appropriated for athletic expenses, the community has to support this by donations and fees. So all parents and citizens of the community are urged to come out and join the Booster Club.

A fellowship supper was planned for Saturday, November 2 at 8 p.m., to be held in the Bull school lunch room.

Children barbecue with all the trimming will be served at 3:25 and 7:25 p.m. There will be entertainment throughout the evening. A firm of the homecoming game will be shown.

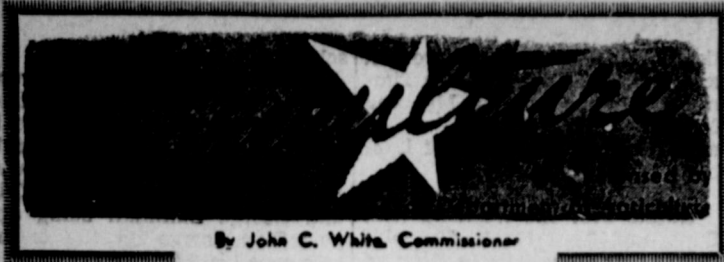

Men present at the meeting were Dan Kite, John Hubbard, Leonard Cleverger, C. L. Cox, Melvin Howard, D. J. Cox, R. L. McCord and Lloyd Pollard.

Mr. and Mrs. E. M. Oliver of Thordate, Texas, were guests in the home of Mr. Oliver's sister, Mr. and Mrs. E. L. Simmons from Friday until Monday. Miss Beverly Simmons of Littlefield also spent the weekend with her grandparents.

Mr. and Mrs. Ray Spence visited Sunday afternoon at Goodland in the home of her uncle and aunt, Mr. and Mrs. Gene Bryan.

Boys Boosters Club Re-elects Officers

Bull Boosters club, formerly called Quarterback Club, had a recent meeting with only eight men present. This group of men not only helps and backs the football boys, but all of the

By John C. White, Commissioner

DAMAGED HIDES MEAN DOLLAR LOSSES

About \$200 million in profits are lost by the livestock hide industry each year which might be saved with just a "little extra care" by both producers and packers.

Animal hide is a sideline of livestock production that is not often thought of as a big profit factor by the average person. Yet, a perfect hide can mean as much as a \$10 "bonus" to the producer.

The hide has quite a few "enemies", however, which might be guarded against. Grubs eat holes in them. Barbed wire, nails and jagged edges of carriers scratch them. Mange leaves a dark spot or unpleasant mottling and prod poles and rough herding tactics create unsightly blotches.

Still another damage factor are huge brand marks which frequently cause up to a quarter of the hide to be discarded. These four pre-tannery dollar-robbars can best be brought in to control by cattlemen them-

selves while the packers can attempt to cut losses from skinner slashers and hide-cellar rot.

The biggest problem for the cattlemen is elimination of cattle grubs which cause \$100 million or 50% of the annual hide damage. Early treatment of mange, plus dehorning will help cut down blemishes and punctures. Feed lots, loading chutes, fences, and truck beds should be checked for sharp objects that will puncture, bruise or scratch.

It is always a good idea, also, to start the livestock to market with clean skins. Caked manure and other lot soil cause unsightly stains which may influence the buyer to cut the cattle price. Proper care of the hide is especially important these days when leather products are losing their markets to synthetics. At the same time, leather goods prices are going sky high because perfect hides are something of a rarity. Just a little more caution and planning can mean that extra "bonus" for the producers.

Farm Bureau Adopts Resolutions For Presentation To State FB Convention

The Bailey County Farm Bureau convention was held in the Bailey County district courtroom with president Bill Millen presiding last week.

As the first matter of business, Jinks Meyers gave a brief resume of the 1957 Texas Farm Bureau Legislative report. Dan Davis who is associated with Plains Cotton Cooperative Association gave an interesting informative talk on the marketing and operation of the Plains Cotton Cooperative Association. The meeting then moved into the business of adopting resolutions for our county Farm Bureau to submit to the State Convention. They are the following:

STATE LEVEL

The monopolistic powers granted the private power companies under the present Texas Electric Cooperative Corporation Act should be amended to give the Electric Cooperatives equal rights under the American system of free competitive enterprise.

We favor the appointment of the commissioner of agriculture by a 21-man board, appointed by the governor, one man repre-

senting each of the 16 different commodities, and five first processors of commodities, with each member deriving at least 5% of his income from Agriculture, and as near as possible to represent different geographical areas of the state.

We favor further expansion of agricultural research.

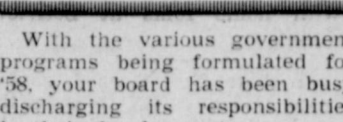

We favor the amendment to be voted in November of 1957, that would authorize the issuance and sale of \$200,000,000 in bonds by the State of Texas to create the Texas water development fund to be used to provide assistance in the conservation, and development of water resources of the State.

We favor the truck load limit being changed to 72,000 pounds, with a per axle limit of 18,000 pounds.

We oppose any attempts to reduce the present farm-to-market road fund. We further recommend that every effort be made to expand the present farm-to-market road system.

We favor a 2% retail sales tax in Texas, with the revenue derived therefrom to be used to support our public schools.

SOIL CONSERVATION DISTRICT NEWS

With the various government programs being formulated for '58, your board has been busy discharging its responsibilities in their development.

Last Thursday night your board met with the County Program Committee for the Great Plains Conservation Program, and helped select 16 cost-sharing practices.

To Review Contracts

The board will also review contracts written with the Great Plains Conservation Program of the USDA.

Last Monday night your board met in regular session and reviewed the annual work load analysis of the local Soil Conservation Service work unit office. Since the local work unit assists the district in accomplishments of its objectives, the board analyzes the work unit load to see that the overall district program is being fully met.

Shortly your board will develop its own annual plan of operation based on technical assistance available as shown in this work load analysis, and from other available governmental assistance such as the FHA, SCS, and Extension Service.

What Others Are Doing

Bill Millen has recently completed land leveling on the south half of his sprinkler irrigation farm. This piece of land is leveled to a uniform grade as laid out by the Soil Conservation

National Level

We favor the extension of the anti-trust laws to cover the operations of organized labor unions.

We favor federal supervision of labor union elections to the extent that may be necessary to assure that they are conducted on Democratic principles.

We oppose the application of minimum wage requirements to cover farm labor.

We reaffirm our policy on transferring or manipulating cotton acreage allotments.

We favor a compulsory retired acreage program incorporated in our farm program with a minimum price support of 75% of parity. Lay out acreage to be adjusted from year to year in ratio of supply to demand.

We favor a lower price with a larger acreage of cotton in our farm program.

Service technicians. Bill will realize many benefits from this leveling, i. e., more uniform distribution of irrigation water, greater irrigation efficiency (application) and more efficient utilization of rainfall with less furrow stream erosion and, of course, increased return per acre inch of water applied (biological use).

Carl Bamert Has Been Selected Bamert To Get Award

by the board as the district's Outstanding Conservation Farmer for 1958. Carl will receive the Lions Club annual award at one of its November meetings. A complete story on Carl's operations will be published in The Journal at that time.

COOPERATORS WITH THE DISTRICT NOW TOTAL 1,024, WHICH SHOWS A CONTINUED SUSTAINED GROWTH OF THE DISTRICT.

Has anyone noticed the new district highway signs south of Enochs on the Cochran county line and east of Muleshoe on Lamb county line? We are proud of them and they are there to tell people that we all are interested in our land and its own people.

Raining Union Meet at Watson Nov. 3

by Mrs. Frank Griffith

Training union zone meeting was held at the Watson Baptist church Sunday, November 3.

Mrs. and Mrs. Benny Emmer were called to Oklahoma week for the funeral of her son.

Mrs. Louie Jordan and Mrs. W. McElvey were shopping in the field Thursday.

Mrs. and Mrs. Jimmie Batteas, Cindy of Portales, spent several days last week visiting at the Frank Griffith home. Mrs. Batteas is the former Brenda Griffith.

On the sick list last week were Mrs. Frank Knox, Robert Hlin, Bonnie Batteas, Mrs. Taylor and Mrs. Don La-

and Mrs. Hardgrove of the Way Baptist Church, plan

to leave Monday, November 4 for Ft. Worth, to attend the Baptist State Convention.

Mrs. Ted Theford is at home after undergoing surgery recently at Roosevelt General Hospital at Portales, N. M.

Mrs. Bob Klutts visited last week with her son and his wife, Mr. and Mrs. Bobby Klutts of Andrews.

On the sick list this week are Jerry Hutton, Bailey Griffith and Gayle McElvey.

Members of the Model 4-H Club assisted Coach Bill Wood in repairing the gym floor last week.

On the sick list last week were Mrs. Frank Knox, Robert Hlin, Bonnie Batteas, Mrs. Taylor and Mrs. Don La-

The annual school carnival and coronation of the school

kings and queens are scheduled for November 22. Each class will have a booth at the carnival.

Grade school candidates for king and queen are: 1st grade, Elaine Phipps and Jackie Dupler; 2nd grade, Joy Eubanks and Jimmy Kyzer; 3rd grade, Lynda ordan and James Knidle; 4th grade, Claude Hobgood and Katherine Mastin; 5th grade, Pam Bwers and ohny Dwart; 6th grade, Kay Lemons and Johnny Tucker; 7th grade, Chiquita Kyzer and George Holly; 8th grade, Kathy Pollard and Frank Siegal.

High school candidates are: freshmen, Connie DeHoyas and Kenny Sims; sophomore, Jane Garvin and Charles Latimer; juniors, Nan Johnson and Leslie Fine; seniors, Bonnie Batteas and George Taylor.

P-TA To Meet
A P-TA meeting will be held Monday, November 18. The third and fourth grade students have been asked to present a program at the meeting.

Homecoming
The Three Way homecoming events began last Saturday with registration at 5 p.m. Supper was served in the school cafeteria from 6 to 8.

The high school football team was host to the Nazerth team. At halftime the pep squad presented the football sweetheart Gayle McElvey.

Following the game, the ex-students met in the gym to visit and elect officers for next year. Each graduation class of Three Way was recognized.

Officers elected were Joe Sower, president and Christine Avery, recording and corresponding secretary.

More than 75 ex-students returned for the homecoming celebration.

The Monument Lake WSC met Monday afternoon in the home of Mrs. Cecil Cole. The program was on "Our Home Mission Centers in Race". Refreshments were served to those attending.

Three Way Baptist WMU met Monday at the church for their regular meeting and program. Following the business meeting, the G. A.'s and Sunbeams organizations met with their sponsors.

A trick or treat outing planned for the children.

PLEASANT VALLEY NEWS Social Club Sets Plans For Halloween Party

MRS. LEROY HICKS

The P. V. Social Club met Thursday night in the home of Mrs. John West with Mrs. Gaynell Pitts as co-hostess.

Roll call was answered by each member giving "A helpful hint on raising flowers."

It was voted to have a "Tacky party" on Halloween night at the Community center for the club members and their families.

A secret ballot was cast for the most outstanding member of the year. The member's name will be revealed at the club's anniversary supper on Nov. 7.

A spelling bee was held at the close of the meeting.

The club was happy to have Mrs. Lester Calhoun as a visitor. Delicious refreshments were served to the guest, Mrs. Calhoun and 15 members.

Recent guests in the Raymond Roubinek home were Mr. and Mrs. Bill Karel of Clarkson, Neb., and Mr. and Mrs. John Owens of Wichita Falls.

Capt. and Mrs. Lester Calhoun from Washington visited a few days last week in the home of his brother, Mr. and Mrs. C. W. Calhoun and family.

Walton Poage from Rankin, was visiting in this area Saturday.

Rev. and Mrs. Roscoe Trostle and Mr. and Mrs. Leroy Hicks were Sunday evening callers in the R. L. Roubinek home.

Visiting over the weekend in the home of Mr. and Mrs. Don Bryant and family were her parents from Lubbock.

Mrs. Lillie Wuerlein and son, Edward, and Lorene Shanks, attended the Parents Day at Wayland College in Plainview last

Monday. They also attended the dedication services for Brotherhood Hall in the afternoon. Mrs. Wuerlein's daughter, Martha, is a student at Wayland.

Attends Funeral
Roy Shoemaker received word Monday that his uncle passed away at Colorado City, Texas. Roy left Monday night for Lubbock and from there he will go on to Colorado City to attend the funeral services.

Convalescing
Oscar Allison was returned to his home Sunday after spending a few days at Ft. Sumner, N. M., convalescing. Oscar was injured in a car accident recently. He will be unable to do farm work for six months.

VISITS MOTHER
Mr. and Mrs. R. E. Willis, teachers in Carlsbad, New Mexico schools, with their daughter Nita, and sons, Ray and Mike, visited here Sunday with his mother, Mrs. Irma Willis, and sister, Mrs. Clyde Holt.

PROGRESS NEWS REPORT

Conference Meet At Enochs Well Attended

by Mrs. M. O. Nigh

Those attending the conference meeting at Enochs from the Progress Baptist Church last Sunday were: Rev. and Mrs. Cone Merritt and Jane, Mrs. Mary Neal Morrow, Mr. and Mrs. Aron Blair and Vickie, Mr. Sam Blackwell, Mrs. Retta Shipp. They reported an interesting day and enjoyed each message.

Progress WMU

Progress WMU ladies met October 28 at the church with nine members present. The scripture was taken from Luke 9-43, and Jeremiah 32-19.

The title of the program was "Lead on O King Eternal". Each chairman brought their reports. Those present were: Mmes. J. R. Walker, Bessie Davis, Florene

EARLY AND LATE AMERICAN

Fashions come and fashions go, in home furnishings as well as in clothing. But Early American styling in furniture remains popular—so popular that many of our modern inventions and conveniences are often housed in this familiar form. This small-scale wing sofa by Simmons embodies the charm of the Early American love seat.

day afternoon visiting his parents, Mr. and Mrs. C. B. Kindred.

Mr. and Mrs. Sam Blackwell and Judy visited in Littlefield this past weekend with his parents, Mr. and Mrs. W. H. Blackwell.

Mr. and Mrs. J. R. Walker, Jr., visited her parents, Mr. and Mrs. I. Donahy in Seagraves over the weekend.

Mr. and Mrs. Williams H. Otte of San Diego, Calif., are visiting in the home of his parents, Mr. and Mrs. J. W. F. Otte over the weekend. William has received his discharge from the Navy. They will also visit Mrs. Otte's parents at Ozona.

Mr. and Mrs. Glenn Eason and children Cherry and Danny of Plainview spent Friday and Saturday with his parents, Mr. and Mrs. E. F. Eason and family.

Mr. and Mrs. E. F. Eason and Bobby and James Sheppard visited in the home of her sister and family, Mr. and Mrs. H. M. Brown of Clovis, N. M., Sunday.

Mr. and Mrs. Wayne Kindred and baby daughter spent Sunday night and Tuesday in the home of her daughter and son-in-law, S/Sgt. and Mrs. R. H. Dalby at Reese Air Force Base at Lubbock.

Mr. and Mrs. D. M. Morrow and family spent Sunday in Plains visiting his brother and family, Mr. and Mrs. C. M. Morrow.

Rev. and Mrs. Cone Merritt and family had dinner Sunday with the Arlis McCray family.

Mr. and Mrs. C. A. Bishop have had their brother and sister, Mr. and Mrs. R. E. Batchelor of New Boston, Texas, visit several days. Also a niece, Mrs. Cleo McCollum, and a nephew, Everett Batchelor.

Terri, small daughter of Mr. and Mrs. A. C. Brvant, was in the Muleshoe Hospital with flu last Friday.

D. A. Ivy has been dismissed from the hospital, and is home improving nicely. He was able to be out at church Sunday night.

Mrs. Hattie Bishop and sons, Kenneth Glynn and Danny were

here visiting Mr. and Mrs. C. A. Bishop, also her sister-in-law, Mrs. M. O. Nigh over the weekend.

DAY OF PRAYER OBSERVED AT CHURCH

Monday, October 28 was observed as a Day of Prayer by women of the WSCS in the Progress Methodist Church. The group met at 10 a.m. Vergie Shaw brought the devotional; Reta Richards led the songs. Charlotte Gibson accompanied on the piano, and also played quiet music on the organ. Johnnie Westbrook was in charge of the program, and several others took part in the scriptures, prayer and meditation. A fellowship meal was eaten at noon. The group dismissed about 2:15.

Those present included Miss Charlotte Gibson and Mmes. Elneita Gray, Nellie Powell, Wynona Watson, Vergie Shaw, Velma Gwyn, Ruby Actkinson, Fern Davis, Mattie Griffin, Johnnie Westbrook, Ruth Cooper, and

SLEEP ENSEMBLE

Washable cotton knits are practically styled by sleep-ensemble for lounge or sleep wear. Red, lemon, and peacock stripes stand out against an oxford grey background in the colorful top. Trousers are oxford with bright contrasting sash.

Reta Richards, Mrs. Bessie Davis kept the nursery.

Mr. and Mrs. Roy Sooter of Shallowater visited here Sunday with her parents, Mr. and Mrs. Troy Actkinson, and other relatives.

Mr. and Mrs. Ralph Cooper of Lubbock visited his parents, Mr. and Mrs. Arthur Cooper, and family Sunday afternoon.

Mr. and Mrs. James Wedel and daughters made a trip to Littlefield last Sunday.

Several teachers in the Progress Methodist Sunday School are taking the training course at First Methodist Church in Muleshoe. Included are Mmes. Cleburne Gray, Gordon Murrain, O. S. Richards, Byron Gwyn, Albert Davis, and Arthur Cooper. Mr. Charles Kaufman, and Rev. Bill Watson also are attending.

Fifty Varieties Sesame Tested At Halfway

Harvest of the 50 experimental varieties of sesame is under way at the High Plains station of the Texas Research Foundation at Halfway. Ten of these varieties are of the non-shattering type and forty are the semi-shattering. These varieties were cut and put on drying racks, when all but a few of the top leaves had fallen and the pods showed 75% maturity. After 10 to 14 days drying, the plants will be thrashed.

The outstanding plants in each experimental variety or strain are carefully selected for further development. Dr. Earl Collister, chairman of the plant science department of the Texas Research Foundation and Charles Julian, laboratory assistant selected these plants. Some of the experimental varieties showed unusually high yields, with longer pods and more seeds to the pod. Of unusual interest were varieties six feet tall producing large pods, three pods to the leaf axil. These were of both the semi-shattering and non-shattering varieties. Their further development will be watched with interest by sesame growers. Some of the imported varieties being tried out proved

to be of no value and will be discarded. The ten acres of Renner 15 combine type, non-shattering seed production field will be harvested later.

The new experimental strains of sesame being tested at the High Plains Station have been developed at the Texas Research Foundation at Renner. This research program was initiated in 1947 in the program of new crop development for Texas farmers. Several hundred strains of sesame are received on a continuous basis from countries all over the world. In some areas sesame has been grown since about 2000 B. C. These different types are observed very carefully in the test plots.

Maple News

by Mrs. Oran Reaves

Mr. and Mrs. John Burkett of O'Donnell spent the weekend in the home of their daughter and family, Mr. and Mrs. C. L. Taylor.

Mr. and Mrs. Jerry Simpson and baby spent the weekend in the home of their parents, Mr. and Mrs. Carl Pollard and Mr. and Mrs. Jim Simpson. They also attended the homecoming at Three Way Saturday night.

Mr. and Mrs. Ed Farris and Glenda spent Sunday in Lubbock.

Mr. and Mrs. Emmett Cross of Muleshoe visited in the Oran Reaves home Monday afternoon.

Mr. and Mrs. Jim Emmerson were Sunday guests in the home of her parents, Mr. and Mrs. Fred Kelley.

Little Butch Wall had an accident last Wednesday and almost cut one of his fingers off.

The ladies of the Maple Church of Christ met in the home of Mrs. Eubanks Tuesday and finished quilting the quilt they had started. Those present were Mrs. Vurles Wall, Cecil Mann, Foy Lewis, and the hostess. The roads were so muddy that several couldn't get there.

Little Terry Mann is spending a few days in the home of her grandparents, Mr. and Mrs. C. L. Taylor this week.

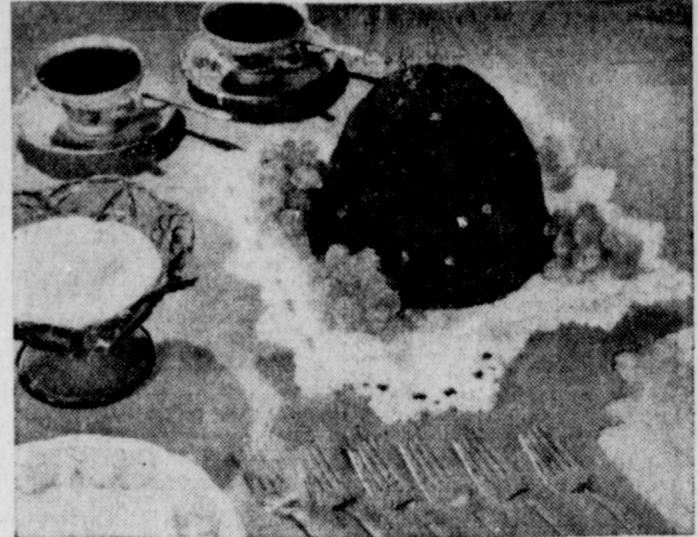

Mr. and Mrs. Albert Smyer and Kathy visited in the James Pruitt home Friday afternoon.

Mr. and Mrs. Jack Cline and

children visited in the Deward Wall home Friday.

Mr. and Mrs. Don Lamar and boys visited in the home of her parents, Mr. and Mrs. J. M. Phillips Sunday.

For best results use The Mule shoe Journal Want-Ads.

Old English Steamed Pudding

Mr. "John Bull" must be given credit for creating the greatest of all puddings—the plum pudding. In the early days, it was made of fresh plums, butter, rice and barley. Whole grains were used to inspire a good harvest the coming year. INGREDIENTS: 2 cups water, 1 1/2 teaspoons salt, 1 cup uncooked white rice, 4 tablespoons cornstarch, 1/4 cup beet or cane sugar, 1 cup water, 1/2 cup real New Orleans molasses, 2 eggs, beaten, 1 teaspoon cinnamon, 1/2 teaspoon ground cloves, 1/2 teaspoon grated lemon rind, 2 tablespoons melted butter or margarine, 1/4 cup coarsely chopped pecans (about 1/4 lb.), 1/3 cup dried currants, 1/2 cup finely cut pitted dates. METHOD: Put the 2 cups water, salt and rice in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat down low. Cover with a lid and simmer over this low heat 14 minutes. Remove the saucepan from the heat but leave the lid on about 20 minutes.

Mix together the cornstarch and sugar. Sprinkle through the warm rice. Stir in the 1 cup water, molasses, eggs, cinnamon, cloves, lemon rind, melted butter or margarine, pecans, currants and dates. Mix well. Thoroughly grease, then sprinkle with flour, a 6 cup pudding mold or heat resistant mixing bowl. Pour in the pudding mixture. Cover tightly with a lid; several layers of aluminum foil or about five layers of waxed paper tied securely around the sides of the mold. Place on a trivet or rack in a deep kettle. Pour in boiling water to half the depth of the mold. Cover the kettle. Steam 2 hours. Keep the water boiling. Add boiling water during the steaming if necessary. Remove from the kettle. Allow to stand several minutes. Unmold and serve hot. If made ahead unmold. Cool. Wrap and refrigerate. To serve, replace in greased mold and steam about 1 hour. Unmold and serve warm with hard sauce, lemon sauce, whipped cream or vanilla ice cream. Garnish the steamed pudding with sugar-frosted grapes. This recipe makes 10 to 12 servings.
