County Valuations Are Cut 16 Percent

REDUCTION IS OVER MILLION

Cade Announces Approximate Rate Of Cuts Made On All Property Classes

Taxable property valuations in Lynn county show a decrease of more than a million dollars from the valuations given in 1931, according to statistics given the News by tax collector A. M. Cade.

The total taxable property valuations in Lynn county this year are \$5,404,665 against a total of \$6,429,883 last year, a decrease of \$1,025,218, or nearly 16 per cent.

Valuations of the various classes of property for the two years are given below:

	1931	1932
Lands	\$3,663,808	\$3,233,279
City real estate	964,997	793,165
Per. property	1,270,347	906,831
Railroad prop.	438,231	404,390
All other	92,500	67,000
Total	\$6,429,883	\$5,404,665

These figures show that the decrease in land valuations was nearly 12 per cent; city real estate, nearly 18 per cent; railroad property, nearly 8 per cent; personal property, more than 28 per cent; and all other property, more than 27 per cent.

The average valuation of the lands of the county is approximately \$6.00 per acre.

The state tax rate has been reduced from the 1931 rate, being 69 cents on the 100.00 valuation this year against 74 cents last year. The county rate is the same as last year, 80 cents.

New Baptist Pastor Writes On Work

We have been here a month and the gracious hospitalities, the fine spirit and the cordial welcome makes us feel that we are among friends of long standing. It is a peculiar joy to be in West Texas again and especially to be harnessed up with so fine a group of citizens and church people. We are here because of some basic convictions. The primary work of any pastor lies in the realm of the moral and spiritual. However the idea of an old Irishman is not to be too generally accepted. His idea of the order of creation was, first, men; second, women; and, third, preachers. A pastor, in addition to being a moral and spiritual teacher, is to make a contribution to the educational, the civic, the social and the economic life of the community in which he serves. This we hope to do. First of all, a preacher is a man. At least he ought to be. He is a citizen and without he makes his contribution there, he will soon be wondering why his citizenship has evaporated. I am glad the day is come—for I believe it has come in the great West—when a preacher is taken off the high pedestal of a super-man and brought down to the needs and feelings of the average man; down where he can live and think and serve with the great masses. No man, who is a man, wants to wear a halo of superior distinction.

We are here to serve, to help, to encourage, to lead, to do a bit in helping make this territory a better place for life and home. With the cooperation and help and encouragement from you as church and people it will be pleasant to serve and easy to give our best. If you need the Baptist pastor, let him know. If there are sick ones he ought to visit call him and give him the information. If there are new people moved into the community, you will render a valuable service by passing on to him this information.

A welcome awaits you at the Baptist Church. If you have no church home and do not attend Sunday School, we especially welcome you. You will find a congenial atmosphere, a growing fellowship and a love for every member of the family. Find it next Sunday.

"Come this way and we shall do thee good." Welcome, thrice welcome. Lawrence Hays, Pastor.

Beans Cash Crop To Local Farmer

Augustus Graves is proving the virtue of beans as a money crop. Late last spring he planted an acre of Pintos on a sandy land farm three or four miles up the Santa Fe railway toward Wilson and recently he harvested his crop. He weighed out 1700 pounds of beans as beautiful as the eye of man ever beheld and sold them to a local grocery store at 3 1/2 cents per pound. The crop from one acre therefore brought him nearly \$60.00.

When our credit plays out entirely and we get a little hungrier we may go into the bean business.

BULLINGTON IS TO SPEAK HERE

Republican Candidate Will Be In Tahoka At 10:30 Thursday Of Next Week

Orville Bullington, Wichita Falls, Republican candidate for governor of Texas, is to make two speeches in Lynn county. He will speak here and at O'Donnell on Thursday, October 27, according to announcement made from state Republican headquarters. His appointment for O'Donnell is at 9:30 A. M. and Tahoka at 10:30 A. M. He is also scheduled to speak at Brownfield, Levelland, and Littlefield on this day, closing the day's work with an address at Lubbock that night.

The son of a Presbyterian minister, Bullington is said to be a most excellent Christian gentleman himself. He is making the fight for the governorship not strictly as a Republican but as a patriotic citizen of his state, and he is appealing especially to Democrats for their support in the November election. Many people will doubtless wish to hear him when he appears here two weeks from today whether they expect to support him or not.

Crouch Suffers Apoplexy Stroke

W. J. Crouch suffered a stroke of apoplexy at his home four miles west of town at an early hour Sunday morning, causing partial paralysis of his body and limbs. He has been lying in a stupor most of the time since the attack and seems to be conscious only at intervals. His condition is considered most precarious.

Mr. Crouch is now 76 years of age and only two or three weeks ago he and his life companion celebrated their golden wedding anniversary. Most of the children are spending much of the time at his home, ministering to his wants. Mrs. J. L. Brown of San Saba, accompanied by her husband and their son, Elvie, came up Monday.

Strange Fowl Is Killed On T-Bar

Dave Childers killed a strange species of wild fowl the other day, and thinking that an editor must know nearly everything he brought it around to the News office for us to classify it. The ornithologist of this establishment, however, was not quite sure whether the specimen belonged to the hawk family or the owl family. It strikingly resembled both.

In color, it was a kind of tawny or reddish brown and was unusually beautiful for a member of either of these varieties of the fowls of the air. At any rate it was no ordinary bird.

Mrs. Bill Holland and Miss Opal Baysinger visited the latter's mother, Mrs. G. W. Baysinger, at Southland the first of the week.

Mrs. O. B. West has accepted a position as saleslady at Wilonsky's store.

PLAN CHEESE SCHOOL SOON

Kenneth Renner Of Tech Will Show Women Proper Methods Of Making Cheese

Mr. Kenneth M. Renner, head of the department of dairy manufactures in Texas Technological College, will be here on Saturday, October 22, to conduct a training demonstration in cheese-making, according to announcement made by Miss El Fleda Harrison. Both American and cottage cheese are included. The demonstration will be given in the foods laboratory of the Tahoka High School.

Only 4-H pantry demonstrators of 1931 and 1932 and prospective demonstrators for 1933 will be allowed to attend, Miss Harrison says. In communities in which there are no organized home demonstration clubs, two women from each community who are interested in cheese-making are invited to attend.

"It is my desire to have at least one woman in each community in the county, whether a club member or non-club member, to get this training so that she may pass the training on to other homes in her community", Miss Harrison stated. "Those women from unorganized communities who expect to attend this demonstration will please notify me at the earliest possible date," Miss Harrison requests. "We are very fortunate in having Mr. Renner with us to give this demonstration."

Extension Work Offered By Tech

Dr. J. F. McDonald of Texas Tech College met a group of teachers of the county at the Tahoka High School here Tuesday evening to discuss the organization of an Extension Course. The course decided upon by those present is a study of the short story.

For the convenience of students, two courses, numbers 530 and 223, are given together. While both courses are a study of the short story, number 530 is an advanced course, open to study of Junior, Senior, or Graduate standing. Number 223 is open to students of Sophomore standing. The course is recommended to club members or others interested in improving themselves in this particular field. Any one may take the course, regardless of college standing, if no college credit is desired. A teacher from Tech will meet the class here for eleven class periods of two hours each. Much outside reading will be assigned. The tuition is \$10.00. We do not have enough members to guarantee the class, but I am hoping that enough will enroll soon to get the class going. Please see me as soon as possible and enroll. H. P. CAVENESS.

Hugh Walker Given 99-Year Sentence

Hugh Walker of Lubbock was given a sentence of 99 years in the penitentiary by a jury in the nineteenth district court in that city Wednesday for the alleged slaying of Frank V. "Leather Hat" Brown at Woodrow last May 30.

Walker was indicted together with Jess Covington and B. L. Richardson for the murder. Covington was recently tried and convicted and sentenced to 8 years in the pen. Richardson pleaded guilty and was given 20 years.

Walker has given notice of appeal. On the trial he sought to prove an alibi and accused the state's chief witness, G. A. Ross, of being the third man implicated in the murder. The state claimed that Walker was the man who instigated and engineered the murder and was the chief offender, and District Attorney Bradley asked for the death penalty.

Jury Cannot Agree In Euell Harris Case

Euell Harris was tried in the justice court Tuesday morning on a charge of theft, it being alleged that he stole a tire belonging to Claude Ragan. The youth made his own defense before the jury, which was unable to agree upon a verdict. The jury was accordingly discharged and the case is to be tried again.

COTTON CROP OPENS SLOWLY

515 Bales Ginned In Tahoka To Date Crop Is Late But Will Be A Large One

Up to an early hour Thursday morning, only 515 bales of the 1932 crop had been ginned at the five gins in Tahoka. Only 352 bales had been weighed up at the yard. Local cotton prices range from 5.50 to 5.75 cents per pound. Seed are selling at \$7.00 per ton.

Cotton picking season is opening up much later this year than usual, due to excessive rainfall during September. Up to October 14 last year 2550 bales had been ginned in Tahoka, and the price ranged around five cents per pound.

Farmers and gin men are complaining that cotton is opening very slowly. Even the oldest cotton is not opening rapidly. "There is going to be no rush in the cotton business till we have a good freeze", one gin man stated. Some dry winds are needed to dry out the bolls a-bit and a good frost would cause the plant to shed the heavy foliage and give the sun a better chance to dry out and crack open the sappy bolls. A frost, however, would damage much of the late cotton and materially curtail the yield.

The prospects are now that picking will continue until late in the winter.

"Buttermilk" Jim Is Tahoka Visitor

"Buttermilk" Jim Lowrey of Honey Grove, one of the well-known and best beloved newspaper men of Texas, was a visitor in the News office Tuesday.

For fifty years Mr. Lowrey has been engaged in the newspaper business. For almost forty years he was the owner and editor of The Honey Grove Signal. A few years ago the Signal and the Citizen of that town consolidated and recently Mr. Lowrey sold his entire interest in the paper. For the past two or three years Mr. Lowrey has been associated with others in issuing a monthly magazine section which is used by many of the weekly newspapers of this and other states. Our readers will remember that we used it for a long time and they will doubtless remember Jim Lowrey as one of the contributors to the magazine.

Mr. Lowrey is one of the most interesting writers in Texas. He earned the sobriquet, "Buttermilk", from the fact that many years ago he eloquently and ably espoused the cause of buttermilk as a beverage in preference to stronger drinks. For many years also he has been a leading member of the Texas Press Association and has contributed much to the success of its meetings.

Draper Is Working Way Thru College

Canyon, Oct. 12—Robert Draper of Tahoka was fortunate this year in securing a position on the West Texas State Teachers College farm at Canyon which will enable him to make a portion of his school expenses and at the same time gain valuable first hand knowledge of scientific farm management.

Mr. Draper will serve as general helper around the farm and will be in a position to get much valuable information along agricultural lines. The farm, which is primarily a dairy farm, is maintained as a laboratory for the department of agriculture and employs student labor to carry on the necessary work.

Twenty-seven boys, selected from eighty-eight applicants, are employed on the farm this year.

Auxiliary Postpones Officer Installation

The installation of officers of the American Legion Auxiliary was unavoidably postponed last week to Friday, October 14. Every Auxiliary member and those eligible for membership are requested to be there.

The installation ceremony and a short program will be conducted by the Lubbock Auxiliary.

Come 'out. Be with us.—Reporter.

Tidwell Is Given 20 Years For Robbery

Pete Vail Given Two Years In Pen

A jury in the district court last Thursday afternoon returned a verdict of guilty against Pete Vail, who was charged by indictment with having stolen some casings from the Barleson Grain Company a few weeks ago. His punishment was fixed at two years in the penitentiary. The casings were located on the place of Bob Norfolk in Hale county by Sheriff B. L. Parker a few days after they were stolen, six in number. They were identified by Mr. Barleson and restored to the owner. Vail is also under indictment for the theft of W. O. Henderson's car a few weeks ago.

TAHOKA LOSES TO POST 6 TO 0

O'Donnell Will Play On Tahoka's Field Friday Afternoon At 3:30 O'Clock

After taking a 6 to 0 defeat at the hands of Post on the local field last Friday afternoon, Coach Arthur Hunter's Tahoka high school football team will play O'Donnell here this Friday. The game will be called at 3:30 o'clock.

The local boys put up a good fight Friday against the heavier and more experienced Post Antelopes, and the game was a thrilling one. For Tahoka, there was no outstanding star, but Hoyt Willingham at center, L. V. Alexander at half, George Claude Wells at end, and Dorsey Allison at quarter all showed up well.

This week's game promises to be a good one. Though O'Donnell has not yet played a game this season, she is said to have some good men out for the team.

New Pastor At Church of Christ

Elder R. P. Drennon has removed from Brownfield to Tahoka, having accepted the work as pastor of the Church of Christ here.

Elder Drennon conducted a revival for the church here in August, during which time he greatly endeared himself to the membership. He is said to be an able expounder of the Word.

Bro. Drennon will devote half his time to the ministry at this place, beginning Sunday morning at 11:00 o'clock. The remainder of his time will probably be spent in local missionary work in rural districts.

The people of Tahoka will welcome this good man into their midst.

Employment Man Locates At Lamesa

Lamesa, Oct. 13—Mr. H. J. Hahn, special agent for the U. S. Employment Service, is located in Lamesa with the local chamber of commerce and will serve the Lamesa territory, Gaines, Terry, Martin, and Lynn counties, with labor needs for cotton picking and feed harvesting. Lamesa being strategically located at the foot of the South Plains, on Federal Highway No. 385, and state highway No. 9, it is practical, so the Department believes, to serve these counties from this point. Farmers in this area may receive help by making direct application to Mr. Hahn through the Lamesa chamber of commerce.

RELIC OF SAN JACINTO IS GIVEN PLAINS MUSEUM

Canyon, Oct. 10—The latest acquisition of the Panhandle-Plains Historical Society Museum here is the loan of a piece of plaited rope purported to have been salvaged from the San Jacinto battlefield the day following that famous encounter.

The loan is made by R. C. Somerville, a graduate of Texas University, now teaching near Detroit, who came into possession of the trophy through a near friend.

PLEADS GUILTY TO BANK JOB

All Three O'Donnell Robbers Now Face Long Prison Terms For Outlawry

Entering a plea of guilty to the charge of robbing the First National Bank of O'Donnell on April 14, Bill Tidwell on Wednesday of this week was given a sentence of 20 years in the penitentiary by a jury in the district court here.

Tidwell took his medicine philosophically. While waiting for the jury to decide on the length of his term, he called Mack Noble to him and chatted freely with him and officers of the court. Mr. Noble was the man in charge of the bank when it was robbed and was the star witness against Tidwell on the trial.

Noble had been previously employed at the bank but was not so employed at the time of the robbery. He was merely keeping the bank as a matter of accommodation during the noon hour while the cashier, J. L. Shoemaker, was gone to lunch. He was standing at the teller's window when a man entered the door and approached him remarking that he had some papers to be fixed up.

Then, just at the opportune moment, the intruder drew a big German Luger pistol and commanded Noble to step back and throw up his hands. In the meantime a second robber had entered the building and he went around in the cage and helped himself to the money drawers. He sacked up about \$1200.00 and then he marched Mack and two customers who had come into the vault and tried to close the vault door. The door refused to close entirely, however, and the two men hurried from the bank, hopped into a waiting car, and sped away northward. The occupants of the fleeing car sowed roofing nails on the highway behind them so as to puncture the tires of possible pursuers.

Mr. Noble and the two customers came out of the vault and Mr. Noble reached the sidewalk in time to see the robbers' car speeding away. Seeing no one on the street he went to the Bank telephone and gave the alarm, calling officers both at O'Donnell and Tahoka.

Dr. Johnston Is Methodist Speaker

Dr. W. K. Johnston, pastor of the local Presbyterian church, generously responded to an "S. O. S." sent out by Rev. H. C. Smith last Sunday, and with a number of his congregation were welcome visitors in the Methodist church last Sunday evening. On account of his physical disability, Rev. Smith was unable to speak, and so called upon his brother pastor to fill his place, which Dr. Johnston did, preaching a splendid sermon with Gideon as the hero of his chosen text.

At the morning hour, Rev. Smith brought a forceful message on "The Race of Life", enlarging the text, "Let us then * * * run with patience the race that is set before us." Mrs. Layne Moreland sang the beautiful special "I Come to Thee" by Carroloma. "Happy" Smith was in charge of the preliminary service.

At the church school hour, the prelude, "The Rosary" by Nevin, was followed by an enjoyable violin number played by Miss Mary Jane Weathers. The attendance was unusually good, but let's better it next Sunday!—Reporter.

Miss Perkins Weds Aspermont Man

Miss Beatrice Perkins, daughter of Mr. and Mrs. L. H. Perkins residing a mile northwest of town, was married Saturday night to G. M. McCasland of Aspermont. The ceremony was performed by Rev. H. C. Smith, pastor of the Methodist Church, at his residence here.

The young couple will make their home at Aspermont. The bride has many friends here who are wishing her the best that life can bring.

**THE POLITICAL MUDDLE IN
THIS STATE**

So, the name of Miriam A. Ferguson
goes on the ballot as the Democratic
nominee for governor.

The Supreme Court so decided
Saturday.

But it so decided without deciding
any legal question presented. It in
no way passed on the question as to
whether fraudulent votes were cast in
the recent primary or not. It merely
held that the district court in which
Governor Sterling's suit was filed
contesting the election did not have
time to try the case and enter a
judgment before the November
election. It therefore ordered all
proceedings stopped and Mrs. Ferguson's
name placed on the ballot in accordance
with the action taken at the state
Democratic convention held in
Lubbock a few weeks ago.

In other words, according to the
decision of the supreme court, there is
no adequate method provided by
law whereby a candidate for governor
in the Democratic primaries may
contest the result of the election.

The people of Texas will never
know, therefore, whether the allegations
and charges made by Governor Sterling
and his attorneys are true or not.
The face of the returns showed that
out of nearly a million votes, Mrs.
Ferguson had won by about 4,000
majority. Sterling and his attorneys
claimed that they had the evidence
that thousands of illegal votes were
cast for Mrs. Ferguson in the run-off
primary. Sterling filed suit and sought
an opportunity to prove his charges.
The decision of the supreme court,
however, denies him the opportunity to
make the proof.

In this state of affairs, most of the
Ferguson supporters will contend,
naturally, that she has fairly won the
nomination and is entitled to the support
of all Democrats. Thousands and
thousands of other good Democrats,
however, will believe that there was
truth in Sterling's charges and that
Mrs. Ferguson owes her nomination to
illegal and fraudulent votes. So believing,
many of them will feel themselves to be
under no obligation whatever to support
the nominee, for fraud vitiates all
things.

Governor Sterling himself has indicated
this to be his attitude and announced
that he will not support

Mrs. Ferguson in the November election.
In an interview given out Sunday,
he is quoted as using the following
language: "I shall not be intimidated
by any cry of 'bolter' or reference to
party pledges. First, it is universally
recognized that fraud vitiates all
contracts and I have charged and am
prepared to prove that fraud existed in
the primaries this summer and changed
what would otherwise have been the
result. * * * Fraud in procuring of the
nomination has relieved me and all
other Democrats of any obligation to
support the one declared to be the
nominee of the party."

Since Sterling has been denied the
opportunity to present the evidence in
court and since he has announced that
he will not support Mrs. Ferguson in
the general election, it is presumed
that he will now carry his fight to the
people—that he will present the
evidence to the people so that they
may be able to decide for themselves
whether or not Mrs. Ferguson is the
legal nominee. If his evidence is
convincing, many thousands of
Democrats in Texas will vote for the
Republican candidate, Orville Bullington;
some possibly will vote for the
Independent candidate, Armstrong,
and still others will scratch Mrs.
Ferguson's name without voting for
either of her opponents. Developments
will probably come rapidly, and Texas
may not yet see another heated,
though brief, campaign for the
governorship this year.

**WHAT ARE PLATFORMS FOR,
ANYHOW?**

Recently Rev. Christian F. Reiser,
pastor of a Methodist Church in New
York City, according to press reports,
propounded to Franklin D. Roosevelt,
Democratic candidate for the
Presidency, the following question:
"Do you understand that all
Democrats, Senators and Congressmen,
are bound by the platform to vote for
'repeal' and the return of beer and
wine, whatever their personal convictions
or those of their constituents?"

To this inquiry, Governor Roosevelt,
by letter dated September 12, made
the following answer: "Democratic
Senators and Congressmen are duty
bound to vote in accordance with the
views of their constituents regardless
of their personal opinions."

Then, we rise to ask, what does
the party platform plank amount to?
If it doesn't bind either Senators
or Congressmen, the only officials it
can bind are the President and the
Vice President. If each Senator and
each Congressman are to be guided
not by the declarations of their party
platform but by the views of their
constituents, what sense was there
in putting either a wet plank or a dry
plank in the platform? For, according
to Roosevelt, Democrats coming from
districts that are dry in sentiment
should vote dry in Congress and those
coming from districts that are wet in
sentiment should vote wet in Congress.
So far as its binding force or practical
effect are concerned, this wet plank
in the Democratic platform is therefore
pure bunk, according to Roosevelt.
Then why did he have it inserted, or
why did the Democrats insert it. It

looks like just a big game of politics,
pure and simple.

A Sweetwater man, who has been
collecting curios and such like for
years, now has seven thousand three
hundred and twenty-one rattles in
his possession. We do not know how
much money there is in it to him
but he is evidently in a rattling
good business.

It is said that counterfeit \$100.00
bills are being passed on the south
plains and the people are being
warned against being "gypped". No
danger here, brother; we're immune.

We have often heard people say
that they could not live on wind and
water. This newspaper has been
demonstrating the past few months
that it can be done.

Wilson

Wilson is settling right down to
business now and not many items
have reached us for this week's
report. Fine weather prevails and
cotton is coming in fast.

Mrs. Grant Bell, nee Crumbley,
whose marriage was reported last
week, was honored with a shower in
the home of Mr. and Mrs. Doc Cook
Monday evening. Many nice and
valuable presents were presented by a
large number of friends and well-
wishers of the newly-wed couple and
a very pleasant evening was enjoyed
by all. The entertainment was
arranged by the local Y. W. A., of
which Mrs. Bell was a loyal member.

Mr. and Mrs. A. L. Faubion are
having more substantial improvements
added to their home this week.
They already have one of the most
beautiful in our city and are continually
adding more to its beauty and
convenience. The old barn is being
torn down and converted into a more
modern and convenient one.

School dismissed for an indefinite
time on Wednesday of last week and
the out of town teachers have all
gone to their respective homes.

Mr. and Mrs. W. C. Cook and
daughter Miss Curtis left Tuesday
for Belton for a few days visit.

Mrs. Fannie Dawson has been
suffering a great deal recently with
bronchitis.

All recent cases of diphtheria are
reported as well or improving nicely
and no new cases have been reported.
Last Sunday was B. T. S. promotion
day and a program of worthy
mention was enjoyed by a splendid
audience.

R. B. McAlister of Waco was a
guest in the Clyde Shaw home
Monday night. Mr. McAlister is a
brother of Mrs. L. H. Taylor, who
with her husband is making her home
with the Shaws for the present.

Miss Elizabeth Tadlock left
Sunday for Sweetwater for a visit
with her aunt, Mrs. Hankins. She
will also spend a part of her time
in the study of music.

Rev. H. L. Thurston preached
Monday, Tuesday and Wednesday
evenings in the Grassland church in
a meeting now in progress there.

Mrs. J. T. Williams left Thursday
for South Texas to be with her
brother who is very ill and not
expected to live. The end is expected
any time.

Mrs. W. E. Galloway left Sunday
for Fort Worth to be at the bedside
of her father who is seriously ill.

Mr. and Mrs. Faubion were
visitors in Tahoka Friday, Mr. Faubion
taking in the ball game, Mrs. Faubion
visiting friends.

A number of our citizens were in
Tahoka Wednesday for court duty.

Mrs. A. N. Hughes of Tahoka was
a Wilson visitor Tuesday.

New Home

We are enjoying the beautiful
sunshiny weather. Our people are
very busy working in their cotton
and maize fields.

Bro. Richburg preached Sunday
and Sunday night.

The Calvary B. T. S. of Lubbock
rendered a program at the church
Sunday afternoon.

Mr. Joe Poindexter made a
business trip to Winters the first of
last week.

Mr. Jay Moore is now operating
the service station at the Farmers'
Co-op Gin.

Mr. Kenneth McKennon, who is
teaching at Petit, Lamb county, is
now visiting his sister, Mrs. Loyd
McCormick, during the dismissal of
his school.

Our school dismissed Friday of
last week for a period of four weeks
in order that the students may help
their parents harvest their crops.

New Home basketball boys met
the Meadow team at Meadow last
Friday night in a very interesting
game of ball. The score was 9 to
12 in New Home's favor. The New
Home girls lost their game to Meadow.

Mr. and Mrs. E. E. Hancock of
Anton, accompanied by Miss Olive
Steger of Lubbock, visited relatives
here Sunday.

**EXCAVATIONS ON NORTH PLAINS
REVEAL RACE OF 600 YEARS AGO**

An unidentified race, whose
advent and departure are unknown,
reached a high state of civilization
in the Texas Panhandle 600 years
ago.

The date is fixed by W. C. Holden,
professor of history at Texas
Technological College, Lubbock, who
with a party of students, has excavated
two of the many ruins in the
Panhandle. It was announced after
Holden had removed some of the
pottery of anthropology at Santa Fe,
N. M., for close study.

"These people lived in large and
substantial common houses, built
of stone, maintained a settled order
of municipal life, and made various
experiments in agriculture," Holden
said.

More than 100 ruins of homes
ranging in size from one room to
300 rooms, have been located and
mapped by Floyd V. Studer, Amarillo,
business man and director of
archaeology and paleontology of the
Panhandle-Plains historical society
museum at Canyon. Most of them
are found in the Panhandle.

Holden's work was done through
the courtesy and under the auspices
of the museum.

One of the ruins excavated by
Holden contained 29 rooms and the
other 33. The first measured 163
feet long and 50 feet wide. He
found three types of masonry, slab-
stone, horizontal and the combination
of the two. The walls of horizontal
masonry are of smooth and
evenly placed stones, reflecting a
high-grade of workmanship.

"Their arrowheads, knives and
hide scrapers made from flint, and
their many bone artifacts were far
superior to those of the later plains
Indians," Holden said. "Plain
methods were used in their pottery
construction. Every piece shows
fabric impressions. It was tempered
with quartz and mica, and was
harder than Pueblo pottery."

"They smoked pipes of soapstone
and pottery construction. Their
many ornaments included inlaid
turquoise objects from the mines
of south of Santa Fe, N. M., and
shell beads from the Pacific coast.
They also used local material for
ornaments, including bones and
polished pebbles.

"Buffalo meat was the chief
source of food, but they also ate
deer, antelope, bear, turkey and
small wild game. They grew corn
on small sub-irrigated tracts along
the streams."

It was the identification of
intrusive pottery belonging to the
period of about 1350 which enabled
Holden to establish the date. He
believes these people inhabited the
Panhandle. They probably had been
here hundreds of years prior.

That Sparkle With Glorious Health

Here's the recipe that banishes fat
and brings into blossom all the
natural attractiveness that every
woman possesses.

Every morning take one half
teaspoonful of Kruschen Salts in a glass
of hot water before breakfast—cut
down on pastry and fatty meats—go
light on potatoes, butter, cream and
sugar—in 4 weeks get on the scales
and note how many pounds of fat
have vanished.

Get a bottle of Kruschen Salts—the
cost is trifling and it lasts 4 weeks.
If even this first bottle doesn't
convince you this is the easiest, safest
and surest way to lose fat—if you
don't feel a superb improvement in
health—so gloriously energetic—vig-
orously alive—your money gladly
refunded.

But be sure for your health's sake
that you ask for and get Kruschen
Salts. Get them at any drug store
in the world.

W. O. W. MEMORIAL HOSPITAL SERVES LUNCHEON WITH PRODUCTS RAISED ON ITS OWN TEXAS FARM

Judge E. D. Henry Complimented by President Fraser for Fine Work.

The nationally known Woodmen of the World War Memorial Hospital at San Antonio has one of the finest farms in the state and is doing much to bring about a greater interest in farming and dairying, according to President W. A. Fraser.

Judge E. D. Henry, prominent San Antonio citizen, is agricultural director of the hospital farm. Judge Henry is also a member of the agricultural committee of the Chamber of Commerce.

Each month the agricultural committee discusses some phase of farming, and recently dairying was stressed. Those interested in dairying in Southwest Texas were invited to a meeting and luncheon at the W. O. W. Hospital. They visited the hospital and farm and the new, beautiful William Alexander Fraser chapel and bird sanctuary.

The luncheon consisted of stewed and fried rabbit, roast beef, tomatoes, potatoes, sweet peppers, beans, cottage cheese, bread, ice cream and milk, all products from the farm.

In a letter to Judge Henry, President Fraser complimented him highly and called attention to the fact that Woodmen of the World Life Insurance Association was pleased to demonstrate to the dairy interest of Texas what it is

Judge E. D. Henry

doing to promote its industry. He also paid tribute to the fine work of Dr. J. F. Koerth, medical director of the hospital, for the splendid results achieved in the treatment of tubercular patients.

Woodmen of the World has a fine record throughout the country. In its statement of June 1, 1932, it declares its assets to be \$107,516,196.65, an increase of more than five million dollars over the previous year. Woodmen of the World wrote more than \$41,000,000 insurance in 1931 and paid benefits during that year of more than \$10,000,000.

Legion Meeting At Plainview This Week

Plainview, Oct. 12—When the 18th District Texas Department American Legion convenes in Plainview October 15 and 16, Carl E. Nesbitt, Mincola, Commander of Texas Department, Everett Grantham, Clovis, New Mexico, commander of the New Mexico Department, and Hugh Askew, Oklahoma City, Commander of the Oklahoma Department, will be present and appear on the program.

Pampa is bringing their Legion Band, and Tulsa will have their Legion orchestra. A special train is being arranged by Shamrock, Well-

ington, Quanah and Childress. The program is complete and is filled with good things that will interest every visitor. Pampa and Amarillo valetures will stage "40 and 8" week at 3:30 P. M. Saturday. A Dutch Lunch will be served, followed by a dance Saturday night.

Every Post Commander of the district is being urged to organize a group from his membership for the convention.

Dr. Bradford Knapp, president of the Texas Technological College at Lubbock, is the headline speaker for Sunday. Every Legionaire of the district should hear this address, as it will deal with some economic questions of public interest.

Yes sir, we have lots of Customers, but we want more. We want your Business. Come to see us. Meet your friends here.

Good Light At Low Cost

Whether or not you get all the light you pay for depends upon the quality of lamps you use.

A lamp merely transforms electric current into light. Only a lamp that is correctly designed and accurately made will give you good light at lowest cost.

Let us repeat—whether or not you get all the light you pay for depends upon the quality of the lamps you use.

You can identify a good lamp just as you do any other piece of excellent merchandise, by the name or trademark of a reliable make.

When you buy a lamp with the mark GE on the bulb and the name Edison on the carton, you are sure of getting all the light you pay for.

With October ushering in longer nights, now is the time to make every socket bright in your home with Edison Mazda Lamps.

We shall be glad to furnish you.

New Lynn

We are at last enjoying some beautiful weather. Cotton is opening rapidly and before long the harvest will be well under way. A great percent of the cotton in this community is late, due to the hail and heavy rains during the planting season.

Some farmers lost their entire crop of maize during the rainy weather. But as feed is cheap it will not be difficult to obtain more.

Jack Frost made his first appearance here this fall, the first of last week. But for some unknown reason, it did not damage vegetation to a large extent.

Mr. and Mrs. J. B. McCarty of Roswell, New Mexico, are visiting his brother, Mr. J. H. McCarty, this week.

Mr. Murrell Sales, who has been visiting in South Texas for some time, has returned home.

Mr. C. B. Sharp of Los Angeles, California, is visiting his aunt and uncle, Mr. and Mrs. C. W. Krebs, and family this week.

The Epworth Union League meet was held here Sunday at the Methodist Church. Delegates from O'Donnell, Draw, and Grassland were present to represent their leagues. The league at this place won the loving cup and banner for their good records, of which we are very proud.

Rev. W. L. Thurston of Wilson preached a splendid sermon after the meeting, as it was his regular appointment. All enjoyed the afternoon.

Plemon and Ira Krebs of Tulsa, Oklahoma, are visiting their parents Mr. and Mrs. C. W. Krebs this week.

Mr. Ira Sales is home again after a few weeks' visit to Paris.

Rev. W. G. Boyd of Wilson lectured at the Baptist Church Sunday after Sunday School. All enjoyed his message.—Reporter.

A net profit above feed cost of \$4.32 per head on 680 beef calves fed in 12 feeding demonstrations in McCollough county last year is reported by the county agent.

Feeding Projects In Lynn County

(By J. Sam Lewis, Avalanche)
Many farmers, cattlemen and ranchers are discussing the feeding out of Lynn county's feed crop this year and, according to bankers, there probably will be considerable feeding on a small scale.

The Burleson Grain company, Ed Parks and N. M. and F. A. Wyatt have been among those who have fed in previous years. They are reported planning to feed again, if they can secure calves at a fair rate.

Not many farmers, according to Coleman Wells, will feed more than a few head. This is because most farmers are unable to finance more than a small number. Only a few farmers have more than half a dozen calves that are available and there seems to be no prospects of farmers securing a large amount.

The T-Bar ranch, the largest ranching operation in Lynn county, generally sells its calf crop for November delivery. The ranch is owned by C. O. "Uncle Cass" Edwards, pioneer rancher of Tahoka and Fort Worth. Last year he sold his crop for northern feed markets. He sometimes sells calves to Crosbyton men for feeding. This year's calf crop has been good, with good summer pastures and indications are that the crop will bring a flock of buyers.

Bill Nevels, who ranches west of town, has between 400 and 500 calves for feeding. He has some yearling steers now on feed and unless something unexpected arises, will feed his calves. Mr. Nevels has between 1,000 and 1,200 sheep, mostly ewes. He also plans to feed his spring lamb crop from these sheep.

Walter May, northeast of town, has around 1,200 ewes and 400 calves that he probably will feed.

G. M. Stewart also has some Jersey steer calves he plans to feed.

There are a number of small bunches of hogs in the county that are being fed for market. The local produce men generally feed a number of hogs. W. C. Coleman has on his farm 24 head of hogs he is feeding on rent feed.

COUPLE MARRIED BY UNCLE BEN ROGERS

Mr. W. R. Oldham and Mrs. Fannie Lewis, both residing near O'Donnell, were united in marriage here Wednesday, Uncle Ben Rogers, Justice of the Peace, officiating.

They will continue to make their home in that locality.

Bad Taste in Mouth, Sour Stomach

For quick relief from constipation troubles, such as are mentioned below, get a 25-cent package of Theiford's BLACK-DRAUGHT and begin taking it today.

"I have suffered a great deal from biliousness and constipation," writes Mrs. D. C. Jones, of Waterloo, Ala. "When I get bilious I have a bad taste in my mouth, have sour stomach, my color is bad, and I get dizzy and feel awfully bad. I have headache constantly. When I take Black-Draught it relieves me and I feel like a new person. I don't think there is a better medicine than Black-Draught."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

SPROUT-DAMAGED MILO MAY BE FED ON FARM

College Station—Milo maize heads that have sprouted on the stalk in the field due to rain followed by warm weather will do to feed to live stock, says John H. Jones, agent in animal husbandry at Texas A. and M. College. Many inquiries are being received by him from West Texas as to the feeding value of this field damaged grain. "Such milo is damaged as feed, how much we do not know," he says, "but is safe to say that with the exception of poultry, such heads and the threshed grain therefrom may be freely used on the farm. It will not be so palatable as bright feed and when thoroughly dried and ground will make a dusty feed. If fed to beef cattle it would be well to use with it a relatively large amount of cottonseed meal (about one-eighth of the entire grain and hay ration) to make it more palatable."

CHECKS, PERSONAL ITEMS STOLEN AT NEW HOME

Checks and personal items were reported stolen from New Home, in Lynn county, by M. R. Alderson, who was here yesterday with Sheriff B. L. Parker of Tahoka. The checks were for \$25.59 and \$43.02. A Brunswick portable phonograph, a ladies' purse, a manicure set, a suitcase containing baby clothing and a hat were listed. Checks were on Edwards and Lockhart. —Lubbock Avalanche, Oct. 13.

C. A. Thomas returned Tuesday from Ennis, where he spent several weeks with his mother. Mr. Thomas says that the major portion of the cotton crop in Ellis county is gathered and that the crop this year is only about 60 per cent as large as it was last year.

Wyatt Brothers have "almost completed their new filling station and expect to have it open for business within a few days.

Mrs. W. D. Nevels, who has been quite sick the past week, is reported to be slightly improved.

CHURCH AND CLUB NEWS

WEEKLY PROGRAM FOR THE CHURCH OF CHRIST

Sunday morning, 9:45 to 10:00, song service; 10:00 to 10:45, Bible study; 10:45 to 11:00, communion. Sunday evening, 7:00, young people's meeting. Monday afternoon, 2:30, ladies Bible class. Wednesday evening, 7:30, prayer meeting.

We are glad to note that the attendance at the Church of Christ is increasing. Last Sunday morning 75 assembled in the various class rooms for Bible study. Others came in too late to be counted—there were at least 80 present in all.

There were 23 young people at the church Sunday evening. Splendid attention and interest were displayed. We are looking forward to a bigger and better young people's meetings.

Monday afternoon there were 11 ladies at the Bible class. We had for our lesson a review of the last two months' study of "The Church".

Next Monday afternoon we will begin the study of Church Worship—discussing "Singing" as a method of worship.

MORGAN H. D. CLUB IS MRS. MILLER'S GUEST

Mrs. E. T. Miller was hostess Tuesday afternoon to the Morgan H. D. Club. The following members were present: Mesdames T. E. McGehee, M. L. Cade, P. A. Cato, Fred Davidson and J. N. Townsend. Miss Harrison was present and gave a demonstration of "Shepherds Pie" following which she gave many recipes. The next meeting will be with Mrs. Fred Davidson.

Last fall Morgan trustees piped water in the school building and the H. D. Club put ten long benches in the auditorium. Recently the trustees have had the school building painted inside, other buildings on the grounds painted, and the school grounds fenced. Keep right in step Morgan.

J. D. Carroll and R. W. Washington of Lubbock were here Wednesday. Mr. Carroll was formerly educational director of the First Baptist Church at Lubbock but recently resigned and opened an insurance office in that city.

MRS. R. L. RICHARDSON IS HOSTESS TO LADIES' CLASS

Mrs. R. L. Richardson delightfully entertained the Ladies Bible Class in her home Tuesday afternoon from 2:30 until 5:00. All the rooms of the house were tastefully decorated with beautiful Autumn flowers. The entire afternoon was devoted to games and music.

Potato chips, cakes and coffee were served to the following ladies: Mesdames Knight, Calloway, Stevens, Ray, Eubanks, Wetsel, Curtis and Boyd Driver, Dye, Frazier, Brasfield, Rogers, Bratton, Watson, and Gattis.

MRS. A. I. THOMAS HOSTESS TO ALL-SEW CLUB WOMEN

Mrs. A. I. Thomas entertained members of the All-Sew Club last Thursday.

Refreshments were served to the following: Mesdames C. B. Keltner, A. L. Lockwood, G. H. Nelson, C. A. Thomas, and George Reid, members, and Meses. South and W. M. Lee, guests.

The club will have its next meeting with Mrs. G. W. Small. Officers for the year will be elected.

The News Twenty-Five Years Ago

From Files Of Lynn County News of October 11, 1907

In a front page article written by W. H. Izard, he thanks the people for the premium given him for the first bale of cotton ginned in this county that season. He also praises Lynn county soil and says that it will equal the soil of Bell and Williamson counties in the black land belt. Then he proceeds to give some advice as to the best farming methods in this country.

Another front page story tells of the fine rain that had just visited the county, breaking a long-continued drouth but declaring that there were many excellent crops in spite of it.

A news story from Gail bears the information that Borden county went dry by an overwhelming majority at the election held on September 28, 1907. The vote stood 76 to 13 with two boxes to hear from, but it was figured that they were dry by about the same ratio as the other boxes.

Yoakum county had held an election on September 21 whereby Plains was selected as the county seat by a majority of 28 votes and county officers were elected.

Lubbock and Lamesa had each just recently received their first bale of cotton. In fact Lubbock had received its second bale, "but no ginning has yet been done," it is stated, "as Mr. Taylor was on a trip to Plainview for freight."

The editor, Mrs. H. C. Crie, tells of taking a most interesting automobile trip to Floydada in Judge Bartley's car, "Cassie". Leaving Tahoka at 2 o'clock in the afternoon, the party reached Lubbock at 4:30 without having had any mishap. But about ten miles out of Lubbock they had a blow-out and had to spend the night at a ranch home, the Frank Boles place. Mrs. Crie writes up the trip in great detail, for it was a most interesting experience.

Another news story tells of the opening of Nunnally's Business College in Tahoka. In reciting the benefits to be derived from such an institution, the editor observes that hereafter "all our professional men will have plains raised and instructed stenographers, than whom there are none prettier."

S. N. McDaniel, president of the Tahoka 25,000 Club, we are told, appointed a committee consisting of Messrs. Skinner, Alley, Elliott, McCormick and Chambers to go down to Lamesa to meet a party of railroad promoters who were to hold a meeting at that place Friday.

Some Election Facts

The old guard is still at work asking us to vote straight Democratic, regardless of the welfare of the state.

Orville Bollington is backing up Roosevelt's viewpoint on liberal election laws, principle above party, judicial reform. We have no assurance of reform on these questions from Texas state Democratic sources.

This being a Democratic year presidentially, apparently twenty-two states have by registration and primary voting shown a larger Democratic participation for nominating candidates than the Republicans.

Roosevelt would receive 239 electoral votes if staying-with-ticket-straight methods are followed. If each of these states voted solid for the predominant party for congressional and state officers we would elect forty-four U. S. senators, twenty-two governors, and one hundred and ninety congressmen.

Even in a Democratic year we are forced to steal votes from Republicans, if we elect a Democratic congress and president.

However, unfortunate for democrats, not all governors and senators will be up for reelection.

The writer voted for Al Smith and to be true Democratic in principle is supporting Roosevelt and Bullington.

FRED MATHEWS.

FORD TAKES PRODUCTION LEAD OVER ALL OTHERS

Since June, when volume deliveries of the new Ford V-8 cars began, Ford has led all competitors by a wide margin in sales of passenger cars, commercial vehicles and trucks, according to official figures reported today by Chester Connolly of Connolly Motor Co., local Ford dealers.

Ford took the lead in national motor car sales in June, increased his lead in July, as production of the new Fords mounted, and maintained the lead throughout August.

In June, the first month when volume deliveries of the new Ford cars were available, Ford's share of total passenger car sales in the United States reached 35.9 per cent, as compared with 24.9 per cent for its nearest competitor. Ford commercial cars were 50.5 per cent of all such vehicles sold, as compared with 37.6 per cent for its nearest competitor, while Ford trucks represented 35.7 per cent of all truck sales, as compared with 27.6 per cent for the nearest competitor.

Ford sales in July, as revealed by official registrations, mounted over June figures and Ford's share of the business was increased. Passenger car sales reached 38.4 per cent of the total business as compared with 24.2 for its nearest competitor. Ford commercial cars were 54.4 per cent of all cars sold, giving Ford a greater percentage of the total business than all other manufacturers combined. The Ford share of national truck sales was 34.4 per cent as compared with 27.1 percent for its nearest competitor.

The reporting of registrations in August is not complete, but on the basis of reports from 34 states, Ford sales again led the field.

Since volume deliveries of the new Fords began in June, Ford has accounted for 40.8 per cent of all new passenger car sales in Texas as compared with 38.4 per cent for its nearest competitor, Mr. Connolly added. Ford sold 5,168 of the total of 12,642 cars of all makes sold in the state in June, July and August.

TIDWELL GIVEN 20 YEARS ON PLEA OF GUILT

(Continued from first page)

Chase was given but the bandits had too much the start and the pursuers soon lost the trail. On the next day, however, Tidwell was arrested over in New Mexico between Bledsoe and Portales by Yoakum county officers, having been overtaken and surprised while he was entering a gate on a lateral road leading from the main public highway into a pasture. He was brought back to Plains and Lynn county officers were notified. Deputy sheriffs John Bulman and John Johnson and Messrs. Noble and Shoemaker hurried over to Plains and Noble immediately identified Tidwell as the man who had robbed him the day before. The German Luger, a sawed-off shot gun, and an army rifle, together with some bedding, cooking utensils, and groceries were found in Tidwell's car. He was brought back to Tahoka and placed in jail and later transferred to the jail in Lubbock.

While still in jail here, Sheriff G. R. Lackey of McAlester, Oklahoma, and his deputy, H. H. Sherrill, came to Tahoka to see the imprisoned man. They immediately recognized him as Bill Tidwell, a noted criminal character in that state. Tidwell, they said, had been convicted in that state and given a thirty-years sentence for murder committed while perpetrating the crime of bank robbery. He had served sixteen years of the time and had been released. After being released he had been implicated in two bank robberies in that state, they claimed, one at Haileyville and one at some other point, and he was wanted in Oklahoma at that time on these charges.

When the grand jury here investigated the O'Donnell bank robbery it indicted two other men with Tidwell. One was Lige Roy Brown and the other was Lee Pebworth. Brown was arrested in Oklahoma some time ago in connection with the Haileyville bank robbery and a few days ago entered a plea of guilty to the charge. He was likewise given 20 years in the penitentiary in that state. Pebworth was recently captured in New Mexico and a few days ago entered a plea of guilty at Portales in that state to the murder of deputy sheriff Harve Bolin of Plainview, Texas, who with other officers was undertaking to arrest Pebworth at a ranch house in New Mexico.

Tidwell is sixty-three years old, Pebworth is sixty, and Brown is fifty-one.

Thus, all the three men who are charged with the O'Donnell bank robbery, have been captured and have long terms in the penitentiary ahead of them. Pebworth, like Tidwell, has a notorious criminal record in this state, Oklahoma, and New Mexico, it is said. Tidwell, who was convicted here Wednesday, is said to have belonged to the notorious Starr gang in Oklahoma many years.

The following men made up the jury assessing the sentence against Tidwell: J. L. Poer, foreman, M. E. Edmonds, H. A. Huff, John Hammit, Willie Brockner, B. H. Clark, A. R. Kindrell, H. A. Maasen, L. J. Barrett, W. J. Benson, A. D. Schoffner, and W. O. Lambeth.

COTTON FARMERS PROFIT BY MORE LIBERALIZED LOANS

The plan as presented by the Cooperatives and approved by the Secretary of Agriculture in collateralizing Seed Loan Cotton on the basis of nine cents means at least \$10.00 a bale more at this time in the collateralization value of 1932 Seed Loan Cotton, according to a statement issued by R. J. Murray, General Manager of the Texas Cotton Cooperative Association. The plan will affect more than 31,000 borrowers or approximately 1,000,000 bales of cotton throughout the South, 400,000 of which are last year's Seed Loan Cotton.

All Producers Benefitted
 The plan, in addition to increasing the value of collateralized Seed Loan Cotton, opens up a possibility of withholding the 1,000,000 bales of Seed Loan Cotton off the present market during the usual heavy marketing season, thereby giving substantial support to the market. All farmers and business generally in Texas should profit from this plan as announced by the Department of Agriculture.

Where last year's loans were fully collateralized at 8c per pound, there will be no requirement to sell cotton and pay last year's loans. This year's loans collateralized at 9c together with last year's Seed Loan Cotton is required to be handled by the Cooperatives or placed in Federal Bonded Warehouses. Borrowers reserve the right to fix the price on collateralized cotton up to March 1, after which time the Secretary of Agriculture reserves the right to sell Seed Loan Cotton at his own discretion. All uncollateralized balances from last year's loans may be collateralized with this year's cotton at 9c.

Fewer Bales Needed
 The 1932 Seed Loan Cotton already placed with the Cooperatives on which the price has not been fixed, will automatically be brought up to the 9c level, which is 2c per pound more than the present market. It will therefore take fewer bales from Seed Loan Borrowers to collateralize their loans and permit them to release the balance of their crop to apply on other indebtedness and local purchases of needed merchandise and equipment. All business, including farming, will benefit by the tremendous sum of money being placed into the channels of trade in local markets.

In Lubbock delivery district of 42 counties, there will be many thousands of bales of Seed Loan Cotton. With the facilities and services of 17 branch offices where Federal licensed classifiers are employed by the Texas Cotton Cooperative Association, farmers of this section will have the full and complete services of the Association which will enable them to comply with the requirement that all Seed Loan Cotton must be classed by Federal licensed classifiers. This service is free to those who ship their cotton through the Association, otherwise 20c per bale is charged for certification. All cotton handled by the Association is not only classed by the branch office manager but is rechecked by a representative of the U. S. Department of Agriculture, thus assuring the farmer that he is getting the exact and true value of his cotton.

This additional successful achievement of the Cooperative is securing such a general and beneficial ruling from the Department of Agriculture, emphasizes again the results made possible through farmer organized effort.

INCREASE IN STUDENTS AT TEXAS TECH COLLEGE

Lubbock, Oct. 5.—President Bradford Knapp of Texas Technological College announces that 1,761 students have registered for the fall term up to September 28. There were 1,652 students enrolled for the fall term on the same date last year. This is an increase of 109 students, or more than six percent more than in 1931. Dr. Knapp announces that, should the registration for the rest of this quarter and for the second and third terms be approximately on the same basis, the institution will have for the year 1932-33 approximately 2,300 students.
