## J. B. PACE HELPS SELECT BOOKS

Local Superintendent Is Member Of State Text Book Selection Commission

Supt. J. B. Pace returned Sunday from Austin where he had been engaged for the past two weeks as a member of the State Text Book Commission. The commission is composed of five members who are actively engaged in the teaching profession in the Texas public schools and are named as follows: Supt. J. R. Ryan, McKinney; Supt. J. J. Hendricks, Kerns; Miss Mamie Schaper, principal of Waco Elementary School, Miss Mary Frances Huppertz, principal San Antonio Junior High School, and Supt. J. B. Pace, Tahoka.

The commission is appointed by the State Board of Education and acts as a sub-committee to the State Board in that it examines carefully all books that are offered for adoption on the basis of their merit and teachable values. It recommends a list of three books in the basal subjects, and a list of five books in the high school subjects that are on the multiple list to the State Board of Education which selects the text books best suited to the needs of the greatest number of children in our state and makes the final adoption.

Practically all the states in the United States have some system of uniformity of text books used in the schools of the various states, however, there are only seven states, including Texas, which furnish to the children of the state free text books. This affords many children throughout our state the advantage of a public school education who otherwise would not attend if they had to purchase their own books. This entails the expenditure of a large sum of money by the State Board of Education when viewed as a whole, yet amounts to less than two percent of the revenues collected annually for educational purposes in the state of Texas. The state can furnish school books to the children at a lower cost per pupil than the children could buy them for if they buy in large quantities and get the advantage of the lowest prices. Furthermore, the books are used in our schools for a period of five years, whereas, individuals would have to re-purchase annually as they go through the grades and classes. Several years ago the State Board adopted the five year plan of distribution of textbooks in order to obtain the maximum usefulness of books and to equalize the purchases over a period of years. Hence only one-fifth of the books go out of adoption annually.

There were 226 books submitted by thirty-four publishing companies to the text book commission out of which lists of three and five books

## Jacquess Friend Of Orville Bullington

"When Orville Bullington came to Munday to practice law, about 26 years ago, he rode into town with me on the mail hack," Mr. Jacquess states. Bullington, now a candidate for governor of Texas on the Republican ticket, was a young man then, just out of the University of Texas Law School. Mr. Jacquess says the candidate is a fine man, and thinks he is capable of filling the office which he seeks.

Bullington is scheduled to speak in Tahoka Thursday of next week at 10:30 A. M.

## PRISONERS GO TO HUNTSVILLE

Bill Tidwell, Bass Mullins, and Jack Wright Will Begin Terms In State Penitentiary

Sheriff B. L. Parker and Dees Sanders left Monday morning with three prisoners to be delivered to the penitentiary authorities at Huntsville. They were Bill Tidwell, convicted here last week for the robbery of the First National Bank of O'Donnell last April, Bass Mullins, convicted here a few weeks ago for burglary, and Jack Wright, an escaped convict, who was held here as a suspect in the O'Donnell robbery but was not indicted.

Wright was in a shooting box with officers over at Hobbs a short time after the robbery at O'Donnell but escaped. Later he was arrested at Big Spring and was then brought here for questioning. He had escaped jail at Stephenville after having been convicted there for a felony and it is said that he was wanted at several other places on various charges.

## Lubbock Murder Arouses People

Much excitement has prevailed in Lubbock this week as a result of the ruthless murder committed in that city Saturday night when a robber entered an M-System store, took what cash he could find, and then shot down the manager, Robert Tharp. The bandit had just robbed another M-System store in the city and Tharp had just been notified. He thereupon hid most of the money in the back of the store and had just appeared again at the front when the robber entered. It is presumed that the hi-jacker was piqued because he found so small a quantity of cash. After shooting Tharp down, he fled from the store and escaped. Several arrests have since been made but none of the suspects has been identified as the guilty man. About \$200.00 was taken at the

### Lee's Brother-In-Law Dies In Abilene

Mr. and Mrs. W. M. Lee were called to Abilene Sunday by the serious illness of their brother-in-law, W. I. Fox. Mr. Lee left for his home about one o'clock Tuesday afternoon and later learned that Mr. Fox passed away a few minutes after he had left. Mrs. Lee and Mrs. Fox are sisters.

The body was taken to Rochester, the former home of Mr. and Mrs. Fox, and interment was there Wednesday.

Mr. and Mrs. Raymond Hatch and son, Raymond Byron, were here Sunday, visiting Mrs. Hatch's parents, Mr. and Mrs. D. B. English.

## Colored Baptists Will Meet Here

Possibly a hundred or more visiting Negro Baptists from West Texas points will be here the latter half of next week in a denominational meeting with the Pleasant Grove Baptist Church (colored). Speakers from Lamesa, Big Spring, Midland, San Angelo, Abilene, Albany, Breckenridge, and other places are on the program. The meet begins Thursday and will continue until Sunday night.

Rev. L. L. Hays, pastor of the First Baptist Church here, has been invited to deliver the welcome address on Friday night and will do so. White folks of all denominations who are interested in religious work are invited to any or all of these meetings, according to George Bivins. On Sunday afternoon, Oct. 23, at 2:30 o'clock, a singing convention will be held by the Negroes at the church in the northeast portion of town.

Rafe C. Richardson, chief engineer of the Texas Utilities, left Wednesday afternoon for Scott & White Sanitarium, Temple. He has been in ill health for many months, and has been confined to his bed since Saturday.

## Nelson Speaks At Baptist Church

In the absence of the pastor, Hon. G. H. Nelson spoke at the Baptist Church Sunday night to an appreciative congregation. Mr. Nelson took Courage and Faith as his subject and brought a most thoughtful and thought-provoking message.

Rev. Lawrence Hayes, the pastor, filled the pulpit at Wilson Sunday night, speaking in the interest of the Every-Member Canvass for denominational causes.

The pastor spoke in his own pulpit Sunday morning.

## Rev. Smith Will Preach Sunday

Rev. H. C. Smith announces that he will be back in his pulpit next Sunday morning, and a large congregation will doubtless be present to greet and to hear him. He was not able to fill his pulpit last Sunday on account of sickness.

Brother Smith became sick of bronchitis the first of last week and was confined to his bed until this morning, when he was able to get out again.

## Snowdens Opening New Store Saturday

Mr. and Mrs. H. M. Snowden are opening a new grocery store in Tahoka, next Saturday being their opening day.

The east end of the building formerly occupied by the Snowdens Chevrolet Company has been fitted up with shelving and other equipment and the new store will be an attractive one.

They invite you to visit them and respectfully ask for a share of your business.

Cotton has been coming into the gins rapidly the past week, especially during the first three days of this week. A mild norther accompanied by a light rain Wednesday night followed by drizzly weather today has temporarily put a stop to picking, however. Up to an early hour Thursday morning a total of 1408 bales had been ginned here, counting round bales as half bales.

Many Mexicans and other pickers have come into the country the past week and last Saturday put on the appearance of the good times of the past again. Many other pickers will be needed, however, as soon as the weather clears up. Much of the late cotton is not opening yet but the old cotton has been popping open fast and there are thousands of bales open in the fields now.

## Williams Makes \$600 On Poultry

Regardless of conditions, the Williams making money on poultry.

With all poultry products selling at abnormally low prices during the past few months, many people have expressed their inability to make a profit and their predictions for the future have been equally as gloomy.

Consequently, it is really refreshing to meet and talk with such folks as Mr. and Mrs. Thomas J. Williams of Draw.

In conversation with the home demonstration agent, Miss El Fleeta Harrison, Mr. Williams said, "We have been poultry demonstrators for three years. During that time we have seen prices go up and down many times. However, we have had faith. Regardless of conditions, we've always been able to make our chickens pay us a mighty good living. The chickens have brought us better than \$600.00 cash this year. You know it takes a mighty good crop of cotton to amount to that."

Mr. Williams has worked this year with an average of 269 laying hens. His income from this 269 Barred Rock flock has been from eggs, culls, young roosters, and baby chickens. Mr. Williams found that it paid him 50 cents per dozen more to set the eggs and sell the baby chicks.

Jack Jobe, who gives his residence as Brownfield and who has a wife and three children, is being held in jail here pending investigation of the theft of a stolen car found in his possession.

## Stolen Auto Is Recovered Here

Jobe was arrested by Sheriff B. L. Parker here last Saturday for driving a car with but-one number plate attached and a little investigation revealed that the car had been stolen. It was later identified by a Lockney man as his property, which was stolen in Lubbock about September 23. The owner recovered his car and Jobe is still in jail.

The 18th District Convention of the American Legion held its convention at Plainview Saturday and Sunday, Oct. 15 and 16th, with 842 registrations. This figure, officials say, set a State record for attendance at district Legion convention.

Dr. Knapp of Texac Tech College was the principal speaker at the opening meeting Sunday afternoon, declaring that the American Legion is today one of the greatest potential forces in America, and that it is the sacred responsibility of the organization to guard well the ideals that called it into being. Dr. Knapp addressed an audience of 1500 to 2000 Legionnaires, Auxiliary members and Plainview citizens in the city auditorium. "I only know one reason why I am here today speaking to a Legion convention," Dr. Knapp said forcefully, "and that one reason is that back in 1917 and 1918, when I saw the American boys and young men who are now veterans of the

A trial in Justice court here Monday morning in which one woman was charged with having used abusive language to and concerning another resulted in a verdict of acquittal by a jury.

The two women resided in the vicinity of Wilson. The complaining witness had herself entered a plea of guilty and paid a fine for using abusive language toward the woman being prosecuted Monday.

T. J. Smith represented the defendant.

## STATE BALLOT LARGEST EVER

The choir of the Pleasant Grove Baptist Church (colored) will sing at Bethel Baptist Church situated midway between Midway and Joe Bailey on next Sunday afternoon, beginning at 3 o'clock. Everyone cordially invited.

This choir has been doing some practicing recently and will doubtless render a most interesting program.

## Series Of Accidents Befall Number Of Lynn County Citizens Recently

The member of the News force who hammers out on the typewriter the copy for this great weekly was the victim of an accident last Friday which almost rendered him "hors de combat" for a few days. Mounting a chair like a kid, which he is not, to clean a window, the chair refused to stay put and tilted over, causing the writer to fall violently upon the concrete pavement. The fall didn't hurt in the least but coming in such sudden and unexpected contact with the pavement did. It was a terrible jolt, folks. The most serious consequences was a badly sprained wrist, and since that time we have been wearing the left arm in a sling, and we have found out how thoroughly helpless a one-armed man must be.

On Saturday, however, we discovered that we had plenty of fellow sufferers going out on to the streets Saturday afternoon, we met up with T. L. Fortenberry of New Home, who was carrying his right arm in a sling. He informed us that he had gotten his arm broken a few days before while undertaking to load a calf into a truck. The unruly little bovine had suddenly lurched against his arm in such a way as to break it, and a trip to a doctor's office had become necessary.

About that time along came J. S. Wells with his right arm likewise bandaged up and resting in a sling. A recalcitrant auto had kicked back

## W. J. CROUCH DIED TUESDAY

Was Well Known Pioneer Of West Texas; Came To Tahoka 20 Years Ago

After an illness of ten days, death came early Tuesday afternoon to W. J. Crouch, a well-known and honored citizen of Lynn county residing four miles west of Tahoka. Funeral services were conducted from the First Baptist Church here at 3:30 Wednesday afternoon by the pastor, Rev. L. L. Hays and by the Masonic fraternity, of which deceased was a member.

Mr. Crouch suffered a stroke of apoplexy early Sunday morning, October 9, causing partial paralysis of his body and limbs, and there was never much hope for his recovery.

Mr. Crouch was a native of Missouri, having been born on January 8, 1856, and was nearly 77 years of age. He removed with his parents to Mineral Wells, Texas, when only eight years of age, but the family soon afterwards removed to Arkansas, where they resided until the youth was about 18 years of age, when they came back to Texas. After residing for a time in South Texas and then near Waco in McLennan county, the young man went to Fort Worth and established a grocery store, one of the first stores to open in that future city. After a year's experience in the grocery business, Mr. Crouch went back to Waco and was married near that village on September 19, 1878, to Miss Sidney Speegle. To this union two children were born, one of whom died in infancy. The other, Hattie, grew to womanhood and became the wife of Joe L. Brown and now resides at San Saba.

His first wife dying, Mr. Crouch was married the second time on Sept. 24, 1882, in McLennan county, to Miss Maggie J. Barnett, leaving immediately in San Saba county, where he engaged in farming. Ten children were born of this marriage, the aged wife and nine of the children still surviving. The children are: Mrs. J. L. Nevill, Mrs. H. A. Riddle, Mrs. Bettie McDaniel, Mrs. O. A. Luallin, Mrs. Clay Hughes, Mrs. Jack Wells, and Herman, Curtis, and Clarence Crouch. He leaves surviving also 22 grandchildren and two great grandchildren.

Mr. Crouch and family lived in San Saba county for many years, all of the children being born there. During this time, Mr. Crouch became prominent in political, civic, and religious life of that section. He served two terms as county commissioner of San Saba county and later for two years was editor of the Richland Springs Eye Witness. He and family first moved to Lynn county in 1908.

There is one circumstance connected with the recent election contest that deserves comment, for it seems to have escaped the attention of everybody. When attorneys for Governor Sterling filed suit in a court whose presiding judge is an uncle of Dan Moody and who was appointed to the judgeship by Gov. Sterling, and later when this same Judge Robertson granted that midnight injunction people were inclined to look with suspicion on the proceedings and to insinuate that the whole matter was a frame-up. Lawyers generally did not take that view of it, however, for most of them have unshaken confidence in the integrity of our courts. It is worthy of comment, therefore, that after attorneys for both sides had been heard by the court on the issues raised in their pleadings and after the court had thoroughly considered the matter, he rendered his decision in favor of the Fergusons, holding that he had no jurisdiction over this election contest. It seemed to us that he was wrong in this matter, though we are not capable of deciding this point; but if he was wrong, the error was committed in favor of the Fergusons, with whom he doubtless had no personal sympathy, rather than Sterling, who was his personal and political friend. This is an evidence of the scrupulous integrity of our courts that should not be allowed to escape the attention of those who are in the habit of criticizing and looking with suspicion upon them. Our courts are often slow and tardy in meting out justice, necessarily so in many instances, but as a rule our judiciary are scrupulously honest. At least it is so in Texas.

All indications point to the election of Franklin D. Roosevelt as President of the United States at the election to be held November 8. If so, it will be fortunate for him and the Democratic party, for the country is

likely to gradually grow out of the depression within the next year or two. He will therefore get credit for bringing prosperity back just as Hoover is being blamed for the depression. As it turned out, it was fortunate for Al Smith and the Democrats four years ago that he was defeated, for the Depression probably would have hit just as hard with Smith in the White House as it has done with Hoover there. Legislation can help or it can hurt, but it is rarely the major factor in bringing either prosperity or panic. It is to be hoped that Roosevelt, if elected, will prove to be a wise, resourceful, and courageous leader. As for Hoover, he is making a strong defense of his administration, and even though he may be defeated and repudiated in the November election, history will write him down as a great and good man.

A lot of people in Randall county were sure sore when they read last week that Jim Ferguson—charged that 679 illegal votes were cast in this county. You can imagine how people felt in those counties which Governor Sterling charged with casting illegal votes. No one denies that in every election there are illegal votes. But to charge wholesale illegal voting, such as Governor Sterling first charged in which he named every county carried by Mrs. Ferguson, and in rebuttal by the Fergusons of charging illegal voting in each and every county carried by Sterling, is foolish to the extreme, and mere child's play. The sensible voters have become disgusted with election contests and the foolish charges which are brought forth in these contests.—Canyon News.

**A GILT-EDGE DOCTRINE**  
Democrats and Republicans alike should ponder these words spoken by Franklin D. Roosevelt: "After all, there comes a time when country transcends party. In these difficult days, the solution of our problems depends upon trying to look upon them from a general point of view and not from a party point of view." This is particularly true since both parties have become impotent tools for the welfare of the people. Parties are not the masters of men, they are servants—and poor servants at that.—Clarendon News.

It now seems a practical certainty that Mrs. Ferguson will be the next governor of Texas. While we feel that her nomination by the Democrats was a great mistake, yet, if she is elected in November, we sincerely hope that the Fergusons will this time give Texas an administration that will be above reproach. We truly hope that no scandal will arise in connection with any official act of the governor or any private act of her husband, and that they will take advantage of this last opportunity to redeem the Ferguson name in so far as it is possible to do so.

The more we learn about some of the political leaders of the present day, the more we long for another Woodrow Wilson or another Theodore Roosevelt to lead us in this time of trouble. Of all the men who have been elected to places of political power and leadership in this country, none has arisen greater than Woodrow Wilson, in our humble opinion. A man of the loftiest ideals and towering intellect, most of the leaders of the present day are mere pygmies in comparison. How we

wish the Democratic party had another Wilson!

The Rogers News (Bell county), after quoting a recent editorial of ours with respect to Congressional redistricting, comments as follows:

It is little short of a shame the way the Legislature is doing West Texas. The people of that section are, clearly entitled to two more members of Congress, but in spite of their constitutional obligation, the Legislature, evidently for political reasons, has failed to do its duty by passing a decennial redistricting bill, as required by law.

## Dawson Will Get Highway 9 Paving

Notice of agreement by the Dawson county commissioner's court to obtain right-of-way across the county for construction and paving of Highway No. 9 was received by Guy R. Johnston, resident district engineer here this week. The agreement covers the entire distance from the Lynn county line to the Martin county line and is for a 100-foot right-of-way.

A field party is expected to start a survey between Lamesa and the Martin county line within a few days, Mr. Johnston announced. A tentative location has the approval of the federal bureau of public roads and the survey should be finished in a short time.

Location of the proposed highway between Lamesa and O'Donnell already has been made. Field notes have been assembled and the district is to proceed with plans for this section.

Plans for Martin and Howard counties are to be handled by another district.

Nothing has been heard from the Lynn county commissioner's court relative to right-of-way in that county.—Lubbock Journal.

This leaves Lynn and Howard counties the only two counties between Corpus Christi and Dalhart that do not already have this highway paved or a contract with the State and Federal authorities for pavement in the near future. When these gaps are filled, this will be the longest stretch of paving in the state, it is said, with the exception of the Broadway of America.

**LIFE SPAN OF ANIMALS AND INSECTS IS TOLD**

How long do animals live? That question can only be answered approximately because scientists have not been able to agree and many varying observations have been made.

The average number of years for a man is 33, yet many men live the three score years and ten which the Bible allots to man. In modern times men have been known to live to be 120, but no man has attained the age of Methuselah, who, the Bible tells us, lived to be 960 years

old. When he was 500 years old, so runs the old story, an angel told Methuselah that he should build a home. He asked how much longer he had to live and when the angel replied not more than about 500 years more Methuselah decided it wasn't worth while.

The following table has been largely verified by scientists as the average for these animals:

- Day-fly, 24 hours.
- May-bug, 6 weeks.
- May-bug (larvae), 3 years.
- Butterfly, 2 months.
- Ant, 1 year.
- Grasshopper, 1 year.
- Bee, 1 year.
- Hare, 6 to 10 years.
- Rabbit, 8 years.
- Sheep, 8 to 10 years.
- Dog, 10 to 12 years.
- Viper, 10 years.
- Nightingale, 12 years.
- Wolf, 12 to 15 years.
- Cat, 12 to 15 years.
- Frog, 15 years.
- Bison, 15 years.
- Canary, 15 to 20 years.
- Toad, 20 years.
- Goldfish, 18 years.
- Ox, 25 years.
- Horse, 25 to 30 years.
- Eagle, 30 years.
- Stag, 35 to 40 years.
- Swan, 35 to 40 years.
- Camel, 35 to 40 years.
- Orang-outang, 40 years.
- Salamander, 40 years.
- Heron, 50 years.
- Lion, 50 years.
- Bear, 50 years.
- Raven, 80 years.
- Carp, 100 years.
- Elephant, 100 years.
- Parrot, 100 years.
- Turtle, 100 years.

**How One Woman Lost 10 Lbs. In A Week**

Mrs. Betty Luedéke of Dayton writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, SAFELY, and HARMLESSLY—take one half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast go lighter on fatty meats, potatoes, butter, cream and pastries—it is the safe way to lose unsightly fat and one bottle that lasts 4 weeks costs but a trifle. Get it at any drug store in America. If this first bottle fails to convince you this is the safest way to lose fat—money back.

But be sure and get Kruschen Salts—imitations are numerous and you must safeguard your health.

**Fifty and Fit**

A MAN is as old—or as young—as his organs. At fifty, you can be in your prime.

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference in many ways.

This famous doctor's prescription is a delicious syrup made with fresh herbs, active senna, and pure pepsin. It starts its good work with the

first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to your child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can avoid those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation

### The News Twenty-Five Years Ago

From Files Of Lynn County News of Oct. 18, 1907.

A front page story tells of a meeting of the citizens of Tahoka held on the preceding Saturday morning to consider a railroad proposition that had been offered the town. One Mr. Bon Durant, president of the Consolidated Securities Co., of New York, had proposed to build a railway from Stanton to Tahoka for the right of way in the county, 20 acres for depot grounds, 20 acres for stock pens, and \$35,000.00 bonus, giving the citizens ten days to raise the bonus and obligating the company to begin construction at Stanton not later than Nov. 11 and to have the road completed to Tahoka within twelve months. A committee had been appointed to raise the bonus and it was reported that \$30,000.00 had been pledged.

**Locals and Personals**  
The Tahoka gin had 66 bales of cotton to its credit Thursday night. This is pretty good for this fall when everybody is telling about the cotton being short.  
Mr. C. O. Edwards, owner of the T-Bar Ranch, is listed as the largest property owner in Lynn county.  
Wells & Welcher have treated the front of their store to a shining coat of white paint edged with green and are having a new sign painted this week.  
Mrs. Petty was in town Wednesday visiting and shopping. She tells us she has more chickens than she can count and had splendid luck with her incubator.  
Mr. and Mrs. Bob Forrester were in Tahoka Wednesday visiting Mrs. Roberts and Mrs. McReynolds.  
Miss Pearl Swan of Anson, who is teaching in Dawson county, is visiting the family of her uncle, W. S. Swan of this place.  
B. H. Howard of Munday was in town Wednesday. He is a member of the real estate firm of Howard & Howard.  
Mr. Height of Borden county is

building a house in the southeast part of town. He has just put down a well and has lots of water.  
H. C. Jameson bought Block 31 of B. L. Shook last week for \$350.00.  
Mrs. Nevels of the Nevels Ranch has been in Tahoka this week visiting her son, W. D. Nevels.  
Bud Milliken got in a winter supply of leather this week.  
Mr. W. B. Edwards of the T-Bar community was in town Wednesday and subscribed to the bonus now being raised for the railroad.  
Judge Baile of Stamford was in town last week visiting his friend, W. S. Swan.  
J. D. Donaldson's new house will soon be ready to be occupied, most of the outside finishing being complete.  
Sumner Clayton sold his two room house and one lot just west of the school house to S. N. McDaniel last week for \$500.00.

The Baptist Church is having its first coat of paint given it this week. Work on the church is not progressing as fast as we would like on account of the scarcity of lumber.  
Miss Meda Clayton came in from her school at West Point near the west line of the county last Friday to visit the home folks.  
G. W. King and family have moved from the west side of town into their new residence in the east side, where they have a nice location and a good well.  
Mrs. W. D. Nevels visited last week at the Nevels Ranch north of town.  
Mrs. H. E. Baldrige was in town Tuesday and tells us that Mr. Baldrige is feeling some better. A horse stepped on him about a month ago and he has been puny ever since.  
Since the recent rains, Mr. T. C. Leedy has been putting in some time in cultivating the young trees in the Tahoka Nursery.

months in the State Hospital. Young Bishop has been seriously afflicted for the past two years and many friends will be glad to learn that he is apparently well.  
Prof. and Mrs. Taylor White of Odessa spent the week end here visiting Mr. and Mrs. Verner Smith and greeting many old friends. Mr. White was teacher of vocational agriculture in the high school here for five years and is now holding a similar position at Odessa. So far he is well pleased with his work there.  
Miss Ruth Shaffer of this city had the honor of singing over the radio, station KFYO, Lubbock, on Sunday, October 9, and on the following Tuesday night. Her numbers were greatly enjoyed by many Tahoka friends as well as by others.  
Louie Weathers recently purchased Clyne Thomas' tailor shop, taking charge last week. Mr. Thomas thinks that he will probably farm next year over in East Texas, where the 'aters grow big and the 'possums grow fat.  
Mrs. Pearl Trimble, sister of Mrs. Scott Davis, who has been sick so long at the Davis home here, is now much improved.

### Locals

Harold Edwards, after having been out of the hospital a few days, was compelled to return to it on Thursday of last week but is now reported to be much improved. He is suffering from an infection of a wound on one of the hands caused by a splinter. After being released from the hospital early last week, the infection became ominous again and it was feared for a time that amputation of one of the fingers would be necessary. It is believed that that danger is now passed, however.

Ed Cook, successful business man and farmer out at Wells, has a kind heart. Suspecting that the editor might be getting a little lank, he went out into his big turnip patch Monday morning and selected a few choice turnips and brought them in and left them in our sanctum. The tops as well as the "bottoms" were luxuriant, and they are still helping to stave the wolf off from our back door.  
T. J. Bishop, son of Bill Bishop residing south of town, was able to return home here last Friday from Wichita Falls, where he has been taking treatment for several

### Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had had, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."  
Cardui is sold at drug stores here.

Killing mesquite trees by spraying up two feet on the trunks with kerosene oil is resulting in a fifty per cent kill in two weeks, a seventy-five per cent kill in one month, and indications of a complete kill eventually in some pasture work on the 6666 Ranch in King county. The county agent, however, reports that the smaller growth seems to be unaffected by the spray.

### Black-Draught Clears Up Sluggish, Dull Feeling

"I have used Theford's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Champion, of Wynne, Ark. "I think it is good for spells caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."  
P. S.—If you have CHILDREN, give them the new, pleasant-tasting STRUP of Theford's Black-Draught.

### Seven Steps and a Thousand Miles

IT'S a long trip from the cream can on the farm to the butter on the consumer's table. Always it's seven steps. Often it's more than a thousand miles. Seldom can long distances be avoided between the producer and the consumer.

- These are the steps:
1. Financing — Producers are paid cash; company funds must be tied up until the butter is sold and collections made.
  2. Assembly and Grading — This is done in about 100 Swift & Company plants.
  3. Manufacture — There must be complete sanitation, manufacturing skill, modern machinery and efficient methods.
  4. Transportation — A hundred miles or a thousand, the finished product rides the rails to good demand. The freight must be paid by Swift.
  5. Refrigeration — Perishable foodstuffs, like butter and dressed poultry and eggs, must be kept constantly under refrigeration.
  6. Assumption of Risk — Swift & Company does not know what it will receive next week for butter made today; that butter must be sold while still fresh at a price consumers — through their retailers — can and will pay.
  7. Selling — Swift & Company salesmen, selling meats and produce at the same time, cut the costs of selling both.

Most of the Swift produce plants handle poultry and eggs as well as butterfat. With poultry all seven steps must be taken too. Only six are needed with eggs; the hens do all the manufacturing.

The Swift & Company national market was made by digging up demand wherever it exists in the United States, by advertising brands of high quality, Swift's Meats, Swift's Premium Milk Fed Chicken, Golden West Fowl, Swift's Brookfield Butter, Eggs, Cheese and many other products.

To operate a national market means much more than mere buying today and selling tomorrow. It means performance of intricate services in the most economical way. Swift & Company in the past year has cut every expense over which it had control. Its service charges are low and profits are small—over a period of years they have averaged less than half a cent a pound of all products sold.

first store entered. Only a small quantity of money was taken at the store where the murder was committed.

Tharp lived until Monday morning, dying at about 10 a. m. on that day. Funeral services were held in Lubbock Tuesday and thousands of people attended the funeral.

Tharp was a nephew of J. F. Tharp, who has resided near Tahoka the past several years, and is the son of Rev. Ed A. Tharp, pastor of the First Methodist Church of Brownfield. He was an ex-student of McMurry College, Abilene, where he was a star football player.

The people of Lubbock have been stirred by this crime as never before in the history of the city. On Monday afternoon, the members of the Lubbock bar held a meeting and adopted a resolution pledging themselves not to represent any person charged with the commission of theft, burglary, robbery, or murder committed in the execution of any of said crimes, within the next twelve months, unless appointed by the court to do so. On Tuesday night a mass meeting of the citizens of Lubbock was held and a reward of \$500.00 was offered for the arrest and conviction of Tharp's murderer. It is said that the meeting was largely attended and that a grim determination to put a stop to the crime wave that has prevailed in this section was manifest.

but after remaining here only one year they returned to San Saba. They liked the Plains, however, and on December 31, 1912 they landed in Tahoka the second time, and Mr. Crouch has resided on his farm four miles west of town ever since. He has ever taken an active interest in public affairs and has been a most valued and highly esteemed citizen of this county. Just recently he and his good wife celebrated their golden wedding anniversary at the home of Mr. and Mrs. O. A. Luallin here, when their children, grandchildren, and many friends gathered to do them honor and to show their affection and esteem.

Mr. Crouch was a man of noble character, always kind and considerate in his dealings with others. Lovable in disposition, he was genuinely loved by hosts of friends. Yet he was a man of decided convictions on political and religious matters and always took a positive stand on all public issues. He was a facile and happy writer and occasionally contributed articles to this paper for publication, which our readers always enjoyed. He had been a faithful member of the Baptist Church for 55 years and a devoted member

of the Masonic fraternity for more than 40 years, being chaplain of the local lodge at the time of his death. He was greatly devoted to his church, his lodge, his home, and his family, and the affection and esteem in which he was held by his children and grand-children was most touching and beautiful.

Our entire town and community grieves at his departure.

**LOCAL LEGIONAIRES ATTEND CONVENTION**  
(Continued from first page)

American Legion as they prepared for warfare on foreign soil, I made a solemn vow that I would at any time do any thing within my power that they should in the future request of me. The American Legion holds within its hands a balance of power that makes it a tremendous factor in the future of this country."

Following Dr. Knapp, Dr. Roy A. Webb of Pampa, 5th Division Commander, responded in behalf of the 18th district, expressing the appreciation of the Legion and its Auxiliary members for the hospitality of Plainview.

Dalhart was chosen the next convention city of the 18th district gathering after Snyder withdrew in favor of the Dallam county seat. Resolutions were adopted by the convention delegates in the official session which closed the conclave.

Members of the Legion attending from Tahoka were: J. B. Oliver, Roy Leslie and wife, Jas. E. Dye and wife, and A. M. Cade. All reported a splendid time.

**TAHOKA MUSIC CLUB HAS COLUMBUS DAY PROGRAM**

A Columbus Day program was featured at the meeting of Tahoka Music Club last Thursday at the home of Mrs. Rubie D. Suddarth with Misses Jim Burleson and Buford-Swan as joint hostesses.

Members answered roll call with patriotic quotations, after which "America" was sung. Mrs. Hansford Tunnell recounted facts about the early life of Columbus, and Mrs. Suddarth gave a musical reading, "The American Flag". She was accompanied at the piano by Miss Hazel Connolly. Mrs. Swan read Joaquin Miller's "Columbus". The closing number was a song, "Columbia, the Gem of the Ocean", by the entire club.

Referments carried out the patriotic motif by being in red, white and blue.

In the business session, held after the program, it was decided to send Mrs. Suddarth and one other delegate to the convention of Federated Music Clubs of the Seventh District, which convenes in Amarillo October 21st.
