Tahoka, Lynn County, Texas, Thursday, February 16, 1933.

Number 26

COURT OPENED HERE MONDAY

Grand Jury Is In Session; Murder Case And Parkhurst Case Set For Trial

Judge Gordon B. McGuire opened the February term of the district court here Monday and impaneled a grand jury, which has been busy ever since.

Judge McGuire told the body in his charge that he understood that there was very little crime in the county to investigate, about the only character of offenses being bootlegging, theft, swindling, and similar crimes.

On Tuesday afternoon the grand jury returned into court seven felony indictments.

Two old cases have been set for trial. The Ola May Redman case, murder, which was tried at the last term of court, resulting in a "hung jury," has been set for trial on Thursday, February 23, and the Parkhurst case, which was continued from the last term, has been set for trial on Monday, February 27. Special venire has been ordered in each of these cases.

No contested cases have been tried this week.

The grand jury consists of the following: J. D. Hord of Southland, foreman; B. J. Emanuel, Magnolia; J. N. Schooler, Joe Baley; W. H. Wynn, Gordon; S. A. Cummings, Wilson; Jackson West, Dixie; Elmer Rice, New Home; Shelby Baucum; O'Donnell Lit Moore, New Home; John Fulford, West Point; E. A. Thomas, Grassland; and E. J. Cooper, Tahoka.

Bailiffs serving the grand jury are W. S. Swan, Milt Finch, and John Johnson.

Miss Evelyn Ray Weds Garlynn Man

Miss Evelyn Ray, daughter of Mr. and Mrs. J. B. Ray of Magnolia, and Mr. Tom Mason, son of Mr. and Mrs. L. R. Mason of Garlynn were married last Thursday afternoon by the Elder D. W. Reed at Garlynn.

Mrs. Mason is known here as a former student of Tahoka high school. Mr. Mason is a farmer and the couple are now at home in the Gordon community.

The News joins their friends in wishing them a happy and prosperous life together.

League Meet Is Set March 24-25

The University Interscholastic League Meet for Lynn County will be held this year at Tahoka March 24 and 25. The object of this league is to foster among the schools of Texas inter-school competitions as an aid in the preparation for citizenship; to assist in organizing, standardizing, and controlling athletics in the schools of the State; and to promote county, district, and state interscholastic contests in debate, declamation, spelling, essay writing, arithmetic, extemporaneous speech, music memory, and athletic activities.

Emphasis is placed on county meets, since it is there that the schools as a whole receive the most benefits from the League activities. Furthermore, it is felt that it aims primarily at the growth and development of children. For it provides freedom from unnatural and unnecessary restraint. More than that, it is pledged to teach children to use their freedom effectively, with due regard for the normal checks and restrictions which life itself imposes. Other benefits that are to be derived from League participation are: It affords an opportunity for the children of the county to make social contacts, furnishes training in leadership, helps to form correct attitudes and habits of cooperation, aids in the development of the intellect, supplies a motive for loyalty, and last, but not least, enriches the school experience of the children by giving real joy and satisfaction in personal accomplishments.

It is gratifying to note that Lynn County has twenty schools enrolled as members of the Interscholastic League and are certain that every school will be benefitted by participation. Every member school should have, if at all possible, entrants in every contest to which they are en-

(Continued on last page)

Slot Machines In County Must Go

I hereby give notice that all persons in Lynn county who may be operating slot machines in their places of business will be prosecuted unless these machines are removed immediately. I have been advised that their operation is in violation of law and I will not permit them to be operated longer, but I felt that it is but fair to give this warning.

B. L. PARKER, Sheriff.

Rural Carriers Exchange Routes

Jesse Eubanks and family left Wednesday for his new home at Lueders, where he has been transferred by the Post Office Department, and will carry the mail on one of the routes out of that town.

G. W. Dodson and family of Lueders arrived today. Mr. Dodson succeeds Mr. Eubanks as carrier on Route 2 out of Tahoka. Many friends here regret that the Eubanks family decided to leave us. A warm welcome, however, will be extended the new family.

Mrs. W. H. Mears Is Buried Here

The remains of Mrs. W. H. Mears of Levelland were interred in the cemetery here Monday afternoon following a funeral service conducted in the Baptist Church by Rev. J. P. Aslin of Patricia, Dawson county, assisted by Rev. Mr. Cundiff of Lamesa.

Mrs. Mears died at her home near Levelland Sunday. The family had lived in that county for only a few years and formerly resided near O'Donnell in this county. Deceased was born in August, 1860, and was married in 1880. She leaves surviving her the husband and eight of the thirteen children, twenty-five grand-children and three great-grandchildren.

She became a member of the Baptist Church in early life and had lived a devoted Christian ever since.

The funeral was attended by many of the relatives and a few friends from other localities as well as a number of residents of Tahoka.

Predicts Frost On Sixth Day Of April

It thundered last year in February and our good friend John Ray out at Magnolia came in and told us that it would frost on a corresponding date in April. We published his prophecy and sure-enough along about that time in April old Jack Frost showed up.

So John was in again Tuesday. He says that since it thundered to beat the band on February 6, we will have a whopping frost on April 6. If any of our readers have garden stuff or flowers up along about that time, better prepare to protect them. John knows his okra.

Laundry Closes Doors This Week

The Tahoka Laundry and Tailor Shop voluntarily closed the first of this week for the reason that patronage was not sufficient to justify their further operation.

These plants were leased from L. F. Craft, the owner, by Sumner Clayton a few weeks ago, when Mr. Craft decided to leave Tahoka temporarily on account of Mrs. Craft's health.

O'Donnell Baptists Announce Revival

Rev. L. S. Jenkins, pastor of the Baptist Church at O'Donnell, announces that a two-weeks revival meeting will begin in his church next Sunday, February 17.

Rev. H. R. Whitley of Haskell will do the preaching and Joe Trussell of Brownwood will be director of music. Rev. Mr. Whitley is pastor at Haskell and is said to be a strong preacher. Mr. Trussell is reputed to be one of the best song leaders in the state.

Tahoka people are cordially invited to attend these services as much as possible.

Pantry Demonstrators Testify As To Value Of Home Canning Projects

Rags Make Good Rugs, Women Say

"With the dye pot and the rags you have been saving this long time you can easily make one of the beautiful, durable, and practical hooked rugs for any part of the home," says Mrs. A. M. Daniels, home industry demonstrator of T-Bar Club. "Turning rags into rugs is rather fascinating. When I have started hooking a rug I can hardly stop long enough to help with the house work," says Christine Owens, home industry demonstrator of Edith Club.

It takes artistic ability to make an artistic rug and these qualities are being developed by Mrs. Daniels and Miss Owens. Both ladies standardized their rugs and sold one each in the Christmas market, receiving \$1.00 per square foot for them. Both have orders for other rugs and are working now for future sales.

Paper Celebrates 63rd Anniversary

The News this week received a copy of a special issue of the Stephenville Empire-Tribune, celebrating its sixty-third anniversary. The Empire was established on February 10, 1870. The Tribune was established at a later date, and a little more than two years ago the two papers were consolidated.

This anniversary edition is one of the best we have ever seen, from a typographical, editorial, and every other standpoint. It contains 32 pages, neatly printed, artistically made up, with its advertisements most attractively displayed. It is filled with historical and current information respecting the city of Stephenville, her citizens, institutions, and business enterprises.

The publishers are to be congratulated upon this marvelous achievement in the newspaper field.

Methodists Hear Dr. C. A. Bickley

Dr. C. A. Bickley of Lubbock, Methodist presiding elder, visited the local church Sunday evening and brought a heart-searching message gleaned from the parable of the good Samaritan. He titled his sermon "The Highway of Life," and the lesson thought was "Are we today the robber, the priest, the Levite, or the good Samaritan on life's road?" Everyone enjoys Dr. Bickley's visits.

At the morning hour the pastor was at his best in the treatment of an inspirational text from Matt. 26—"and Jesus went on a little further"—stressing the human need for drawing away from the world and nearer to God for prayer. Judge Smith led the worship period.

For the church school, Mr. Pace gave a splendid talk on "Understanding our Fellow-Man." Little Thelma Ruth Strain sang very sweetly following Schumann's "Song of the Seraphs"—as prelude.

The church night study was omitted on account of the extreme cold but everyone is urged to attend and profit from these fine classes.

Be on time for church school next Sunday.—Reporter.

CHAMBERS TO LOS ANGELES

Thomas Bros. report that the first bus ticket from Tahoka to Los Angeles, California, ever sold here was sold Wednesday morning, when Bob Chambers took passage for that city. Mr. Chambers expects to visit there several weeks.

Farmers' Organizing On Plains For Protection Against Loan Companies

Farmers in Panhandle and Plains counties north of here are organizing what are termed "Farmers and Home Owners Protective Leagues" for the expressed purpose of protecting their homes and their rights under the Constitution of the United States. Specifically, the purpose is to prevent the foreclosure of mortgages upon lands and homes held by the loan companies. Organizations have been formed in Hale and Floyd counties on the South Plains and in a number of counties in the Panhandle.

These organizations are affiliated

with the Farmers Protective League of America, a national organization. The organizers propose to form local organizations in many other counties and then to form a state organization. The low price of wheat, cotton, and farm produce generally the past few years have rendered it absolutely impossible for farmers to pay installments coming due on their loans or even to pay the interest in many instances. Many of them will lose their homes unless the loan companies can be induced to carry them over until better times arrive.

That a family of five can produce its yearly food with the expenditure of less than \$100 cash has been proved by the 4-H pantry demonstrators of Lynn county. The average cost of their pantries are \$15.08. The average value is \$241.80.

A few of the 4-H pantry demonstrators' histories tell how this was done.

"I have placed in my pantry 478 containers of food worth \$157.30 at a cost of approximately \$13.00. Canning is no longer a chore. When I think of the dollars I have saved by doing this work, I appreciate with a heart of pride the hot days spent in the kitchen to economize," states Mrs. Henry Heck, 4-H pantry demonstrator of New Home club.

"I would not take \$500.00 for my pantry and do without it," says Mrs. E. B. Terry, 4-H pantry demonstrator of New Lynn club. "By canning on halves and trading home produce for what I needed I have put up 1,986 containers of food at a cost of \$14.25."

"I have been out 58 cents for groceries the last 4 months and by canning beef for a neighbor their grocery bill was reduced \$15 last month. I have filled my meat budget by canning for non-club members on the halves. Thanks to the 4-H pantry. Being a demonstrator in 4-H pantry made, such possible," declares Mrs. John Stokes of Tahoka club.

Mrs. P. A. Cato of Morgan club says: "During the three years I have been 4-H pantry demonstrator for Morgan club we have not had a doctor in the house, and I feel the balanced diet kept him away. I value my pantry this year at \$320 and it cost me \$8.00. The \$8.00 was secured by selling home produce."

To make out a food budget for the family and fill it with an abundant variety of choice quality foods obtained with the least effort and the least cash is the object of the 4-H pantry demonstrators.

Parkhurst Trailer Stolen, Recovered

D. A. Parkhurst has a four-wheel trailer which he has been keeping parked near his garage. On Monday night thieves purloined the vehicle and absconded.

Tuesday morning Mr. Parkhurst missed the trailer, notified officers, and then got busy hunting it himself. That night he found it on a country road about four miles north of Tahoka and a half a mile east of the highway. The tires and rims had been stripped from it but otherwise it was not damaged.

No arrests have been made in connection with the affair.

GOOD ROADS MAN HERE

J. C. Watson, district manager of the Texas Good Roads Association, an organization recently perfected to combat the diversion of any part of the gasoline tax to other purposes than the building and maintenance of our highways, was a brief visitor in Tahoka Wednesday afternoon. He had just been in a meeting at Brownfield and was on his way to Post and Snyder. His business is to perfect local organizations. He expects to be in Tahoka at a later date for this purpose.

Miss Betty Suddarth is confined to her room from a sprain of the ankle sustained Monday night when she fell.

Mr. and Mrs. Otho Thomas left Wednesday morning on a pleasure trip to the lower Rio Grande Valley.

Frozen Canned Goods Not Hurt

The freezing of canned foods does not render them unwholesome and usually does not detract from their appearance. With some canned foods of creamy consistency, freezing may cause a curdling or separation of the water of the food. The normal appearance of such products is usually restored by heating.

Miss El Fleda Harrison, County Home Demonstration Agent.

Large Crowd At Singers' Meeting

A very large crowd, estimated at 2,000 or more, attended the Lynn County Singing Convention at Central Church last Sunday.

The Stamps Quartet and other good singers from Lubbock, Dallas, and other places were there and a great program was rendered.

It was decided to hold the next convention in the Central Ward School building in Tahoka the second Sunday in August.

Blizzard Of Last Week Worst Ever

The blizzard that visited this section last week died hard. It made a terrific effort Thursday night to stage a come-back and almost succeeded. While the thermometer Thursday morning registered a temperature of 9 above and rose to 25 during the day and everybody felt that the spell was over, a fresh breeze from the north Thursday night drove the mercury down again and it registered 4 above on Friday morning. A temperature of 14 above was registered Saturday morning. It was Sunday before anything like normal February weather returned, and it is believed that last week was one of the coldest on the whole ever experienced throughout this section.

Respecting former cold spells, Chris Adair writes the News as follows: "If you ask old-timers like Jack Ailey, Charlie Slover, and F. M. Sherrod they can perhaps recall the long, bitter, cold, snowy weather that prevailed in December, 1898."

Hays, Key Attend Plainview Meeting

Rev. Lawrence Hays, pastor of the Baptist Church, and R. E. Key, Sunday School Superintendent, left Tuesday morning to attend the Pastors' and Laymen's Conference to be in session at Plainview Tuesday, Wednesday, and Thursday of this week.

Mr. Key is president of the Conference and Brother Hays has a place on the program.

The pastor asked us to state that he will be back for the Sunday service and hopes that great congregations will attend all the services of the church on that day.

Church Of Christ Attendance Good

The services last Lord's Day were well attended, despite the fact Bro. Drennon was not with us to preach.

Services next Sunday as follows: Bible study at 10 A. M.; preaching 11 A. M. and 7:30 P. M.; Young Peoples' meeting at 7 o'clock. Our mid-week service is very helpful. We have just finished the Book of Acts and will begin the study of Genesis next Wednesday night.—Reporter.

Red Cross Donations Are Still Coming In

The following items were donated to the Red Cross last week: Mrs. Jno. B. Stokes, food, 65c; J. A. King, food, 50c; W. C. Florence, food, \$1.80. Many thanks.

We need lard, bacon, and syrup, if you have any to donate—Lynn County Chapter Red Cross, B. P. Maddox, Chairman.

Charles Gaignat was thrown from a horse Monday when the animal jumped a ditch and he received serious injuries to the head and neck. He has been confined to his bed since.

MANY PEOPLE IN HOSPITALS

Some Are In Critical Condition, As Series Of Physical Ailments Strikes Community

Tahoka and vicinity has been swept with a wave of serious physical ailments the past ten days and quite a number of patients have been taken to the hospitals in Lubbock for treatment or operations.

Mrs. H. M. Larkin, who was taken to a hospital Saturday seriously ill of pneumonia, is said to have successfully passed the crisis and now seems fairly on the way to recovery.

Mrs. H. A. Patterson underwent an operation for appendicitis in one of the Lubbock sanitariums Sunday. She was in a most critical condition when taken to the hospital and her condition has remained very grave ever since, we understand.

R. C. Forrester was also taken to the hospital in a most critical condition on Thursday of last week for an operation for appendicitis, and his condition remains very precarious, it is said. Friends are still hoping for his recovery.

Mrs. A. R. McGonagill was again taken to the sanitarium Sunday and has since been in a most serious condition though she was reported late Wednesday afternoon as being much improved.

Belton Howell, who had been suffering from the "flu" for several days was taken to the sanitarium on Saturday for treatment for a sinus trouble that had developed. For a time he seemed to be in a rather serious condition but a now improving nicely.

Mrs. H. C. Story, who underwent an operation for appendicitis in a Lubbock hospital nearly two weeks ago, has also been in a serious condition but is now improving nicely.

Mrs. Harley Henderson, who underwent a serious operation in Lubbock, will also be released from the sanitarium in a few days, it is said.

Mrs. H. C. Crie, who has been seriously ill a long time at her home here, does not show much change in condition. It is hoped that she may yet recover.

Mrs. R. B. McCord, who formerly resided here but who now resides near Grassland, has been quite ill the past ten days with a stomach affection, but is now said to be improving.

A. O. P. Nicholson, 88, who has been confined to his room the past several months, had quite a severe attack the first of the week but is now feeling better.

Information Given Office Applicants

In order that all those who may wish to seek appointment as postmaster at Tahoka may have accurate information about how to go about the matter, Postmaster D. A. Parkhurst is making public the following letter recently received by him from Congressman Marvin Jones.

Mr. Parkhurst's term of office will not expire until April 28, 1934. Tahoka is classified as a second-class post office, and the appointment is under civil service rules. The letter follows:

"It now appears that no definite information concerning the manner in which Postmasters are to be appointed during the Administration of President Roosevelt will be available until after March 4th next. I am, therefore, sending you the enclosed pamphlet which explains the manner in which Postmasters are now appointed, which is self-explanatory. Democratic leaders who are close to Mr. Roosevelt say he will in all probability follow the same procedure. You will note applicants for appointment as Postmaster to first, second and third class post offices are required to take a civil service examination, and when all papers are graded, the names of the three persons making the highest grades will be certified by the civil service commission to the Post Office Department as eligibles, and from this list of eligibles will be selected the one to be appointed Postmaster at the office for which the examination was held. No Congressman is consulted about these appointments until the eligible list of three is certified.

"Prior to the date when the term of the present Postmaster is to ex-

David S. Barry, veteran sergeant-at-arms of the United States Senate, wrote a magazine article in which he declared in substance that most senators were honest and could not be bribed but that there were a few who could be reached and that these were well known. This roused the ire of Senators and Barry lost his job. By a vote of 53 to 17 the Senate fired him. We believe that the Senate would have struck a more responsive chord throughout the country if, instead of firing Barry, it had invited a court investigation and offered its services in bringing to light any corrupt conduct that any Senator may have been guilty of. Nearly all the members of the Senate are doubtless beyond the reach of improper pecuniary influence. Most of them are, no doubt, scrupulously honest. We are perfectly confident that both the Senators from Texas and most of the others are absolutely above reproach or suspicion. But there has come to be a wide-spread and deep-seated suspicion of public officials generally. In most cases this is absolutely unfounded, in so far as it relates to members of our legislative bodies and the judges of our courts. Too many wild and irresponsible charges are made reflecting on their integrity. Yet, in the light of recent history, it would be too much to expect the country generally to believe that there are no men in the United States Senate who are dishonest. Of the twelve apostles, one was a traitor. There are doubtless some men in the Senate who may be reached, indirectly if not directly, by pecuniary considerations when legislation affecting the great "interests" is at stake. Barry probably told the exact truth; but when his hand was called he was not able to place his finger on the evidence, and they fired

him. He should have procured the evidence before going into print.

We understand the President-elect Franklin D. Roosevelt is strongly in favor of the completion and operation by the government of the great Muscle Shoals power project on the Tennessee River in Northern Alabama, and that he in fact favors the development and utilization, by the Government for the benefit of the people, of all the marvelous power afforded by this stream at other points along its course. The construction of the Muscle Shoals plant was undertaken by the Government during the Wilson administration. After the close of the great War, private interests so effectively opposed its completion and operation by the Government as to defeat all efforts looking to that end. In fact, all of the Presidents since Wilson have been hostile to the project as a Government enterprise. Now Roosevelt has expressed his enthusiastic support of the proposal. We believe that a Democratic congress will support him in his program to develop and utilize this power in the interest of the people. Indeed we believe that the time is rapidly approaching when the Government will take over and operate all the major power and light plants in this country together with many other public utilities. This may smack of socialism, but we believe that the insull scandal and this unprecedented and inexplicable depression have created a frame of mind in this country favorable to further experimentation in government ownership and operation of public utilities. We believe that the Government can operate these utilities efficiently, just as it operates the great postal system and just as the State operates the public school system. Even a little waste is to be preferred to continual exploitation.

A sales tax on luxuries would be all right, folks. We are in favor of it. But we are not in favor of a sales tax on necessities until the big "interests" have first been made to dig up their just share of the taxes. Take sulphur, for instance. We are hearing nothing about a sulphur tax these days. Yet the rich sulphur mines in South Texas are producing eighty per cent of the world's sulphur supply, and the sulphur companies are getting off with a mere nominal tax. But, if they were taxed, they would pass the tax on to the consumer, we are told. Possibly so, but ninety-nine hundredths of the consumers in this case live outside of Texas. Our legislators should be going after the higher-ups in this tax business instead of the poor devil who owns nothing but a wife and thirteen kids to feed and clothe.

**Black-Draught
Clears Up Sluggish,
Dull Feeling**

"I have used Theford's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Champion, of Wynne, Ark. "I think it is good for spells caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."
P. S.—If you have children, give them the new, pleasant-tasting SYRUP of Theford's Black-Draught.

As we understood it during the campaign, brethren, they favored a reduction of your taxes. Now in addition to the millions being paid already, they are proposing a forty-five million dollar sales tax—a tax on bread and meat, shoes and shirts, gingham and domestic, farming implements and furniture, everything that the ordinary family eats and wears and uses in the home and on the farm. Pretty tough, isn't it?

Enmet Fleming, who has been employed at the Santa Fe depot most of the time for many years, reports that he is to check out Saturday for a few months. He will have employment at Slaton.

Readers**

**HOWELL WRITES FROM
FLORIDA**

The News has received a communication from S. H. Howell, Wauchula, Florida, a little too lengthy to publish in full, but we give the following interesting excerpt.

"I have thought a long time I would write a few lines to the paper, as I have been requested by some of my friends to tell what I think of this country. I won't do like some people I have seen in Texas—run the country down and still stay in it. I will wait till I get back home to tell the people what it really is, but I will have to brag on it a little bit. There is more hard work and less pay than any place I ever saw. Yet it has the most wonderful climate I have ever seen. The winters are so warm and pleasant I don't have to put on a coat. Lots of the people go bare-footed working in the field, though as to some of them it is not from choice. But that is fine, where a fellow has not got any coat or shoes, to be able to go without them and enjoy it.

"We have the finest roads to drive on—just think of it—we have fine paving anywhere you want to go and it only costs eight cents per gallon tax on gasoline to pay the interest on the bonds and the upkeep on the roads. The climate and good roads is all there is to it.

"We had a good rain yesterday—the first real like-Texas rain since I have been here—and a nice breeze from the north today. If a fellow had the coat and the shoes to put on they would not feel very uncomfortable. We had a little rain the fifteenth of October, enough to put out strawberry plants. The strawberry business is like the cotton business in Texas, a slow go. Four and a half and five cents a pint is a slow get-rich proposition.

"My wife thinks this is the finest place in the world. Her health is good. She is as spry as a fourteen-year old girl. She goes to the field and does as much hoeing and picking berries as I can. Although I am in my seventy-fifth year, I defy any young duck to try going around me.

"We have been planning on going home in April, but my wife says let's wait till the sandstorms are over. I wish you would let me know when they are over. I lived in Texas a long time and never was surprised to see one at any time."

Mr. Howell paints a rather dark picture as to the liquor business in Florida. "There are two places on either side of me," he writes, "just one block away that are as open as any saloon I ever saw anywhere, and there are no less than twenty-five in the town that sells it. In fact, I don't know how many there are. I made the remark to a man here one day, 'I wonder if every place here sells whiskey,' and he said 'No, or at least I don't think they do,' and pointed to the church house and said 'I don't think they sell it there.' But I found another place where the fellow said he couldn't sell it, for he drank it all himself."

Mr. Howell declares that in Florida anybody who has the price, regardless of age or sex, can get whiskey. He says he has seen the sheriff buy it and he says that he knows of one instance in which the county judge refused to take a liquor complaint unless the complainant would first put up bond for costs. He says he has a friend who sells whiskey and gasoline. One day he sold twenty-six gallons of whiskey and five gallons of gasoline. Mr. Howell thinks the open saloon would be much better.

He writes a lot more along this line but we are afraid to publish it, for fear a bunch of our people here in Lynn county would immediately "light out for Florida."

ABOUT PROHIBITION

There has been considerable Dry articles in the News recently. One pet theory pointed out is that Canada, since abolishing prohibition and adopting government dispensaries, has caused an increase in drunkenness and use of intoxicants. The truth is, they keep official records on their booze consumption and enforce their laws. Canadian courts hang their criminals, while U. S. courts hang their jury.

We have had lawyer controlled, dry legislatures since 1917. The Drys parade around over the state making beautiful speeches. Still they keep their mouth shut or give us evasive answers when we ask them why they don't make effort to give us a swift, sure criminal procedure.

Most any Dry lawyer will accept a fee from a bootlegger, then make a beautiful Dry talk. When you pin them down to put their effort on

taking our technicalities out of our courts, they want to change the subject or feed us on evasive answers.

We have 89 lawyers in our present legislature and had 85 in our preceding one, so we have plenty to reform our judiciary.

Here are a few flaws of our criminal procedure, according to Judge Stokes. Texas is the only state where a jury assesses a suspended sentence. A suspended sentence is generally what a bootlegger receives from a Lynn county jury. That is all the defense counsel asks for. State's attorneys and counsel for defense have the legal right to put a prospective juror in the witness stand and ask every fool question they wish to in order to disqualify a juror. The trial judge should be permitted to pass on a case, if they are a member of the legislature and the legislature is in session or if they are on any investigating committee. The trial judge is required to read the law to a jury exactly as written in the statute. Of course, a layman can't understand the meaning. These are only a few flaws of our courts. How do these Drys expect us to continue supporting prohibition when they make technicalities for the benefit of lawyers instead of laws for the benefit of society?

Texas voters voted two to one in favor of resubmission of the Eighteenth Amendment at the last July primary. The Literary Digest poll on prohibition showed the U. S. voted 73.51 percent in favor of repealing the Eighteenth Amendment. The writer voted Dry in our primaries at this poll.

A recent poll of our newly elected Congress reveals we have 61 Wet U. S. Senators, 30 Drys and 5 undecleared. The House poll shows we have 328 Wets, 26 Drys, and 65 undecleared. A majority of the states elected Wet governors and legislatures.

Before adoption of the Eighteenth Amendment, twelve states were bone dry. Four of these have repealed their liquor enforcement acts and two more have crippled them. All of the states except Maryland adopted state enforcement acts. Before the first of the year thirteen had outright repealed these acts and several had crippled their acts. Prospects are a majority will repeal their prohibition laws.

We will probably have a chance to vote on a national referendum for to substitute the bootlegger, extract, concentrated lye, etc., for government control or sale of booze in a sealed packet and beer to be sold in bona fide restaurants, with no drinking of spirituous liquor on premises. Respectfully, Fred Matthews.

**LYNN COUNTY THIRTY
YEARS OLD**

There's a canvas-back book over in the Clerk's office that's older than most anything else in town, and it sure makes interesting reading. The book referred to is Volume One, Commissioners' Court Minutes. Much of it is in the most beautiful Spencerian penmanship but the first few pages are a typewritten insert reciting how the Lubbock County Commissioners' Court finally decided to let Lynn County vote on organization and become one of the numerous family of Texas counties.

Therefore, Friday, April 7th, is Lynn County's thirtieth birthday, after which the county can be regarded as being in the prime of life. Since this is an important anniversary which will never come but once, why not plan some sort of simple celebration so as to get as many oldtimers as possible to get together and discuss bygone days? It might require a barrel of coffee and the killing of a small steer and a couple of shots but wouldn't it be worth that much? Chris L. Adair.

Charley Henderson, son of H. J. Henderson of Redwine, was brought back from the West Texas Hospital at Lubbock last week, following an operation for appendicitis.

Mrs. Charles Shook of Gallup, New Mexico, is here attending her mother, Mrs. H. C. Crie, who is still very ill.

**How Cardul
Helps Women**

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat. Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected.

Take Cardul to give you a better appetite, to give you more strength from the food you eat—to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardul.

New Home

We regret very much to hear of the death of Miss Mollie Holly which occurred at Petersburg Saturday night. She has made her home here in our community with her brother Ben Holly and his family for the past two or three years and leaves a host of friends. Mr. and Mrs. Holly and children attended the funeral Monday.

Mr. and Mrs. Acie Bailey, accompanied by W. P. Robertson, made a trip to Abilene and Tuscola through the week end.

Mrs. C. C. McCormick and daughters Ethel and Ganell were business visitors here Monday.

Mr. and Mrs. Jack Link returned to their home in Anthony, N. Mex., Sunday after visiting here several days.

Miss Lois Weakley visited in Lubbock through the week end.

Mr. and Mrs. Henry Heck entertained a group of their friends last Thursday night in honor of Mr. and Mrs. Jack Link, who were visiting here. Refreshments were served to Messrs and Mesdames Frank Edwards, Virgle Jones, Marvin Hanback, J. T. Balch, Jack Link, the host and hostess.

Due to bad weather and illness we have had a decrease in attendance at school the past week.

Mid-term examinations will be given.

**Lubbock Laundry
Company**

We are now delivering laundry in Tahoka twice a week. Leave orders at Club Barber Shop and we will call for your laundry on Mondays and Thursdays of each week.

ARTHUR SYFRETT, AGENT

en Thursday and Friday of this week. Pupils are busy reviewing and completing their note books for the first semester.

Helen House has returned to New Home to finish this year's work. Her parents have moved to Dixie.

J. H. Edwards, who has been confined to his bed most of the time for the past several weeks, is showing little improvement. He is suffering from blood clots forming in the veins of the legs, as we understand it, which makes it almost impossible for him to walk.

Mrs. G. E. Lockhart was here visiting friends Tuesday.

May Get Contract For Floor Sweep

The Silica Pumice Sweeping Compound Company of Wilson may be awarded the state contract for the eleemosynary institutions and all departments of the State of Texas. Officials of the Company see nothing in the way to prevent them from being awarded this contract.

Clyde Smith has just returned from El Paso, where a contract was made for several thousand compound cans, a part of which have already been received and are on the ground.

The Company is now filling many orders, in which they are far behind on account of shortage of containers in which to pack the product. Should the Company be awarded this State contract, it would be a wonderful boost for Lynn County and the pumice mine six miles south of Tahoka as well.

Mr. Smith is an experienced floor sweep man, and Chris Schnell, his partner, is a prominent citizen of Wilson.

GUNMAN ATTEMPTS TO ASSASSINATE ROOSEVELT

A gunman apparently attempted to assassinate President-elect Franklin D. Roosevelt in Miami, Florida, at an early hour Wednesday night, when he fired five shots in rapid succession into the party that attended the President-elect. Roosevelt was unhurt but Mayor Anton Cermak of Chicago was probably fatally wounded and four other persons received serious wounds.

One of the bullets struck Cermack in the chest and lodged in the back. William Sinnott, secret service man, was struck in the head; Russell Calwell, 22, Miami, struck in the head; Mrs. Joe Gill, Miami, formerly of Dallas, shot in the abdomen; and Miss Margaret Krus, Newark, shot through the hand.

The assassin gave his name as Joe Zingara, an Italian, of New York. He was caught, disarmed, and lodged in jail.

Mrs. Lawrence Hays and babies are visiting her brother at Ropes this week.

STRAYED OR STOLEN—One black mare mule with N on left hip, 8 years old; one bay mare mule, slightly flopped ears. Notify Hollis Roberts, 10 mi. W. of Tahoka and receive reward. Itc.

WEEK'S PROGRAM ENGLISH

THEATRE

FRIDAY AND SATURDAY
Feb. 17-18

'Madison Square Garden'

With Jack Oakie, Thomas Meighan, Marion Nixon, Zasu Pitts, William Collier sr., William Boyd, Lew Cody, Jack Johnson, Tom Sharkey

Where the girl of the streets sits beside the queen of society. Where the beggar is as good as the banker. Love! Drama! Action!

SUNDAY, MONDAY, and TUESDAY, Feb. 19-20-21

Clara Bow

Call Her Savage

With Monroe Owsley, Thelma Todd, Gilbert Roland, and Estelle Taylor

A new Clara Bow, a new personality never before revealed. Clara Bow is back displaying new genius as a dramatic actress—vivid, fascinating—a woman of a thousand moods. More beautiful than ever before.

WEDNESDAY - THURSDAY
Feb. 22-23

'They Just Had To Get Married'

With Slim Summerville, Zasu Pitts, Roland Young, Fifi Dorsay. He was a butler, she a maid. They inherited millions and got millionaire ideas. You'll die laughing when you see the spiciest, speediest, snappiest feature comedy that ever came along.

CANYON COLLEGE IS TWENTY-FOUR YEARS OLD

Canyon, Feb. 16—Twenty-four years ago tomorrow the West Texas State Teachers College was born in the legislature of Texas. It was not located in Canyon at that time, but awarded to this city after dozens of West Texas towns had made bids for it, on September 3, 1909. Canyon's cash bid was \$100,000, and a forty-acre campus was thrown in for good measure.

The custom of giving gifts to the college has continued through the years, over \$65,000.00 having been added by citizens of the Panhandle and Canyon.

This college first had a birthday party when it was two years old, February, 1911. Four walnut trees were planted on the campus at that time, the one planted by the faculty failing to survive the rigors of winter and the winds of summer. The three planted by classes are now the most beautiful trees on the campus, which has several hundred.

Since its founding more than 16,000 different persons have been enrolled in the college.

Four members of the first faculty are still on the campus. They are Dr. J. A. Hill, president, L. G. Allen, Dean Emeritus, Miss Mary E. Hudspeath, and Miss Jennie C. Ritchie.

At the present time the college has the largest enrollment of students of college rank that it has had in its entire existence.

Chas. Butler Writes Of Early Ranchers

Some more light is thrown on the early ranch history of Lynn county by Mr. Charles Butler, Muscatine, Iowa, formerly of this county, in a letter recently received by Mr. Jack Alley, Mr. Alley, it will be remembered, last year told of his fifty-four years of experiences on the Plains in an interview with Frank Hill, the account of which appeared in the News and in the Lubbock Journal. Mr. Butler's letter, which follows, will be of interest to many old-timers:

Dear Jack: Have just finished reading your reminiscences published in one of the Lubbock papers and sent to me by my brother, Emory, as clippings—ten in all—but he stated that there were two or three that were missing. I wish to state that I have enjoyed these articles relating to your early experience in West Texas very much indeed.

My brother G. H. (Harry) and I settled in Lynn County June 1st, 1885 and later in that year finished enclosing a four-section pasture, probably the first complete pasture all in Lynn county ever made in that county, consisting of school sections 2, 4, and 560 and another section of odd number forming the NE section of this enclosure and situated just west of the section on which the old ranch house stood (built in the latter part of 1889) which you moved to Tahoka Lake and mentioned in your reminiscences. The old road from Moor's Draw to Tahoka Lake ran through this pasture entering on the south line about one-half mile west of S. E. corner, and leaving about one-half mile east of the N. W. corner.

These three school sections were awarded to Harry under the two-dollar act during the summer of '85, but he made only the first payment and later let it forfeit to the State. He sold the improvements to R. F. Powell, a surveyor, (Anse Lockwood knew him at Snyder) and in the spring of '87 bought from Powell the improvements on 8 sections lying east of the four-section pasture and extending east to the west line of the Square and Compass pasture, and north to the south line of Oxsheer's Hackberry pasture.

Guff Beal and Powell were the first to enclose the Tahoka Lake and Hackberry pasture and later sold it to Mr. Oxsheer, brother-in-law of Guff Beal.

We lived in Lynn county till the spring of '95, thence to Scurry county for three years, and back to the Plains in Lubbock county in the spring of '98, Harry leaving there in the summer of 1901 and I in the fall of 1907. My mind is very clear on this subject and I think my statements and dates are all very correct.

I hope you will pardon me for presuming to suggest a correction or two and perhaps go a little further back in the history of Lynn county than you have done.

The elopement of Wess Allen and Miss Johnson was from the old Two

Buckle ranch at the falls in Blanco Canyon. Miss Johnson's uncle, Claude Tilford, her mother's brother, was resident manager and the Johnson family were frequent visitors at this place, one of the most beautiful and picturesque in all West Texas. Later Wess and his wife occupied the old Dixie ranch house, which later became the property of the Nevells family. I hauled the first load of lumber for the old Dixie ranch house and unloaded it there about the first day of Sept., 1886, when the Woody Bros. of Snyder were building the fence and drilling the wells.

The IOA fence was built in 1885. Tuck Boaz of Fort Worth, manager, Jim Millwee, cow-boss, J. B. Mobley came to the ranch with Millwee.

I saw Yancy Lee in the summer of '85 when he was ranch manager at the T— ranch at Double Lakes and at this time he and his wife (nee Hannah Gholson) were living there. Within a year or two Yancy quit and Tant (E. W.) Estes succeeded him and later married Miss Robinson of Colorado City. Their first child was born late in the fall of '87 or early in the year of '88.

My brother married Mary Card of Abilene about Jan. 1, 1890 and they lived continuously in Lynn county till about June 1st, 1895.

Mr. and Mrs. E. L. Seeds moved to Lynn county in April, 1885, living in a tent the greater part of the remainder of that year. A brother, Thos. M. Seeds lived with them a year or two and then returned to Philadelphia, his former home. A young man named John M. Handnold from Paulsborough, New Jersey, came out later in the year but later returned to New Jersey.

Another young man, Curtis, J. Rothermel, came from Doylestown, Penn., but later returned to Penn. Both of these young men were former acquaintances of the Seeds family.

I am living on a bluff overlooking the Mississippi, but my mind almost daily reverts back to many names and places you mention in good old West Texas. Please remember me kindly to the many old timers of my acquaintance in and around the city of Tahoka. Yours most cordially, CHAS. BUTLER.

J. Wilonsky Store Closed Wednesday

The Jake Wilonsky store failed to open Wednesday morning, and it is said today that Jake is gone. He had been doing a thriving business apparently and the business people of Tahoka were surprised to learn that his store had failed to open.

It is presumed that either suits will be filed by his creditors or that bankruptcy proceedings will be instituted soon. Mr. and Mrs. Wilonsky came here from Dallas and opened a dry goods business about three years ago.

MORGAN 4-H CLUB MEETS WITH MISS MOLLIE CATO

The Morgan 4-H Club met on February 14, 1933, in the home of Mollie Cato.

The following officers were elected: June Davidson, president; Marjorie Rhodes, secretary; Thelma Blevins, reporter; Mrs. Melvin Cade, sponsor. There were ten members enrolled.

Miss Harrison gave the bed-making demonstration. Our next meeting will be February 28, 1933, in the home of Mollie Cato.—Reporter.

OLD PIONEER MEMORIES

(By Chris L. Adair)
G. W. Knoy was born in Kaufman county, Texas, in 1857 and lived there till 1869, when he moved to Van Zandt county. His father, who was also named George, came from Indiana but served the Confederacy four years and taking the measles, he left the service a ruined man physically. This of course made things hard on young George and the four other children, the oldest, a girl, being only ten in 1865. His mother for four years made all the clothing for a family of eight with cards, spinning wheels, hand looms and needle and thimble. The farm was ruined and the livestock all disappeared in those four war years. No coffee, no sugar, no vegetables, very little meat, meal and shorts for bread, sometimes with milk and often with water, was the main diet of the Knoy family for many years.

The closing years of the war were marked by the murderous home guards, bushwhackers in fact—and for some years later, horse thieves,

robbers, cow thieves, carpetbaggers, vigilance committees, night-riders, and the original Ku Klux Klan helped furnish excitement. There was free range in both Kaufman and Van Zandt for both hogs and cattle for many years until barbed wire and bloodshed put an end to this ideal condition.

At Kaufman, during the Davis regime in 1872, Mr. Knoy recalls that a negro was legally and publicly hanged for horse theft, but he did not attend. He worked in a store and in a feed mill but never drove cattle except work steers. When nine years old he lost his finger while helping his father operate a cane mill. As a farmer he has made fifty crops. Schools in Texas hardly existed compared with what we have today and the longest Mr. Knoy attended school at one time was three months, or less than a year: all told, so he is largely a self-educated man.

On February 13, 1884, at old Round Rock, Mr. Knoy married Miss Ella Wyatt, a seventeen year old Arkansas girl. Mrs. Knoy had lived there four years, having arrived shortly after the world-famous Sam Bass killing and she can relate many interesting features of that episode gleaned from eye-witnesses. Other counties they have lived in are Williamson, Lee McCulloch, Bell, Lynn, beside Randolph county, Arkansas, having lived 16 years in Lynn county. They have ten living children, four boys and six girls, all married; thirty-three grand-children, and ten great-grand-children. One boy, Albert, was a soldier in France but married a French girl, settled in Paris and now works for the Du Pont powder company. Mr. Knoy has been a Methodist 61 years and his wife joined the same church soon after their wedding.

In early life they both mastered the science of doing without and many things which are now counted bare necessities were luxuries then. Game in Texas was plentiful then, several deer and turkeys having fallen to his muzzle-loading rifle which was accurate enough to kill geese and ducks swimming on the water. But with repeating rifles and "six-guns" Mr. Knoy never had sufficient practice to become very proficient.

SHERIFF'S SALE

The State of Texas, County of Lynn.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable 41st District Court of El Paso County, on the 4th day of January, 1933, by C. W. Harper, Clerk of said Court, for the sum of Eighteen Hundred Nineteen and 41-100 Dollars and costs of suit under a Judgment, in favor of The Peoples Building and Loan Association, in a certain cause in said Court, No. 39,303, and styled 'The Peoples Building and Loan Association of El Paso, Texas, vs. Ben L. Cowden et al, placed in my hands for service, I, B. L. PARKER, as Sheriff of Lynn County, Texas, did on the 30th day of Jan., 1933, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit: All of lot eight (8) and the west one-half (1/2) of lot nine (9) in Block three (3) of the Dawson Heights addition to the Original Town of O'Donnell in Lynn County, Texas. It is further ordered by said Judgment that the Installment Stock purchased in connection with said Loan be cancelled. And levied upon as the property of Ben L. Cowden, and that on the first Tuesday in March, 1933, the same being the 7th day of said month, at the Court House door of Lynn County, in the Town of Tahoka, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Ben L. Cowden. And in compliance with law, I give this notice by publication, in the English language, one week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn County.

Witness my hand, this 30th day of January, 1933. B. L. PARKER, Sheriff Lynn County, Texas, By J. H. Bulman, deputy. 24-3tc

South Ward

Don't forget the pie supper and box supper Friday night. Good program and lots of music.

We had a large crowd at Sunday School and church. The people of the community gave Brother Dykes a pounding Sunday morning.

The following took dinner with Mr. and Mrs. W. P. Inman Sunday: Mr. and Mrs. J. M. Chandler and family, Mr. and Mrs. M. M. Shearer and family of Tahoka, Mr. and Mrs. T. B. Cowan Jr. and family of Midway, and Mr. and Mrs. J. W. Nelson and family of Meadow.

Several of the young folks gathered at the home of Mr. and Mrs. E. D. Mason Saturday night.

C. B. Evans spent Saturday and Sunday with Mr. and Mrs. Edd Hamilton and Mr. and Mrs. Burton Edwards.

Mr. and Mrs. Tommy Greenwood visited Mr. and Mrs. Henry Disheroon and family at Edith last Sunday.

Mr. and Mrs. Mrs. C. B. Evans and family visited Mr. and Mrs. H. W. Pennington Sunday.

(Delayed)

There will be a box supper and pie supper at the school building on Friday night of next week, Feb. 17. There will be a program and plenty of music furnished at that time. Everyone invited. Proceeds are for school equipment.

Mr. and Mrs. J. M. Chandler and family of Oregon, Mr. and Mrs. M. Shearer of Tahoka, Mr. and Mrs. J. B. Cowan and family spent Sunday with Mr. and Mrs. W. P. Inman and family. Mr. and Mrs. Chandler have recently moved into the community.

Misses Rena May and Bobby Lou Shearer of Tahoka, Mr. C. B. Evans, L. B. Russell and Travis Inman were dinner guests of Birdie and Hope Hardt Sunday.

Mrs. Mattie Redwine and Mrs. Muriel Redwine spent Sunday with Mr. and Mrs. Frank Decker.

Woodie Switzer and Johnnie Inman spent Sunday with Jack and Luther Wood.

Mr. and Mrs. Cicero Johnson visited Mr. and Mrs. Patterson and family of Redwine Sunday.

Mrs. J. P. Greenwood has a cow that has twin calves. They were born Wednesday.

Redwine

We had Sunday school and church Sunday morning. Bro. Braswell did not get here, but Bro. Kinley took his place. Everyone enjoyed the services. We also had B. Y. P. U. Sunday night. There was a large crowd in attendance. We urge everyone to come to the B. Y. P. U. services.

There have been several new pupils started to school. They are: Zula Mae Wright, Weldon Wright, Bobbie Star Grayson, Roy Smith, and Ray Smith.

We are very proud to have the new families that has moved into our community, Mr. and Mrs. J. A. Wright and family and Mr. and Mrs. H. R. Grayson and family. We welcome them.

The school children are planning to give a Valentine Box Tuesday afternoon.

Several of the Redwine people went to the big singing at Central Sunday. They all reported a nice time and real good singing.

Mr. and Mrs. T. M. Pearce and family visited Mrs. M. L. Henry Sunday.

Redwine will present a play entitled "Love a la Carte" at the Midway school house Saturday night, February 8. Admission free. Everyone come.

BIDS FOR ASSESSING TAXES AT REDWINE WANTED

Notice is hereby given that bids are wanted for assessing taxes for the Redwine Independent School District on a per centage or commission basis. All bids are to be opened at a meeting of the school board at the school building Monday night. The Board reserves the right to reject any and all bids.—J. Y. Thompson, Sec'y. Board.

New Lynn

Many people are rapidly turning the soil for another crop. The soil is in better condition than it has been in many years, it is said. Others are stacking feed.

A report from the school rooms, stated attendance was growing rapidly. However, some few students are still being delayed by farm work. Those delayed are expected to enroll soon. Visit our school. You are welcome at any time.

Rev. James A. Gray of Grassland, pastor of the Nazarene church, filled his regular appointment at the church Sunday morning and evening. Both services were well attended, and all enjoyed his messages. Attend the fourth Sunday service.

Rev. Hamilton Wright of Southland, pastor of the Methodist Church, will fill his regular appointment at the Methodist Church Sunday morning at 11 and the evening service will begin immediately after League. A cordial invitation is extended you to attend.

Miss Margie Higginbotham, who some time ago enrolled in the Crosbyton high school, spent the week end with her parents, Mr. and Mrs. H. Higginbotham and family.

Mrs. Ira B. Krebs and children of Tahoka, who have been visiting with Mr. and Mrs. C. W. Krebs for the last two weeks, returned home Saturday.

Dan Cupid has taken another couple. Miss Zorine Sales and Mr. Hap Winkler were happily united in marriage some two weeks ago here. The bride is the daughter of Mr. and Mrs. S. R. Sales; while the groom is the son of Mr. and Mrs. H. R. Winkler, both of this community. This couple have been prominent figures in the social life of the community for many years, and a host of friends and loved ones wish them much joy, happiness and a successful future as they travel upon life's pathway. They are expected to reside in or near this community.

Mr. Bill Barnett, who has been ill for some time, is able to be up again. Mr. Calaway (Kitty) Bartley returned last week from the Lubbock Sanitarium, where he was released after an appendicitis operation some two weeks ago. We sincerely hope him a speedy recovery.

Mr. and Mrs. M. E. Allen and family, who for several years resided here, have moved to Garlynn, where he has opened a filling station and grocery store combined. We hope Mr.

Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had had, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal." Cardui is sold at drug stores here.

WASHINGTON MEMORIAL PROGRAM
Will be held at the Masonic Hall Tuesday night Feb. 21st at 7:30. All Masons and their families are urged to be present.
W. S. ANGLIN, W. M.

MOST for your MONEY in a good laxative

Theodore's BLACK-DRAUGHT has been highly regarded for a long, long time, but it is better appreciated now than ever before. People are buying everything more carefully today. They count every penny of the cost. In buying Black-Draught, they get the most for their money, in a good, effective, easy-to-take laxative, made of approved medicinal plants, dependable for the relief of ordinary constipation troubles.
25 or more doses of Theodore's Black-Draught in a 25-cent package
For Children, get pleasant-tasting SYRUP of Theodore's Black-Draught.

Allen and family a successful business. We regret their departure.

LEAGUE MEET WILL BE HELD HERE IN MARCH

(Cont'd. from first page)

titled and eligible.
 At the recent meeting of the Executive Committee for Lynn County it was decided upon to have two divisions in the Tiny Tot Story Telling Contest; one for boys and one for girls. Each member school is entitled to an entrant in each division. The age limit is from six to ten years, inclusive.

It was further decided as an economy measure that the giving of medals as awards be discontinued for this year. But, that the Trophy Cups that have not been won three years consecutively will still be offered for competition.

The following is a certified list of member schools as sent out from the State Department at Austin and are classified for competitive purposes as follows.

Class "A" Schools: Tahoka, O'Donnell, Wilson (optional Class A or B).
 Class "B" Schools: Dixie, Draw, New Home, New Lynn, Wells.

Rural Schools: Edith, Grassland, Joe Bailey, Joe Stokes, Lakeview, Magnolia, Midway, Morgan, Petty Pride, Redwine, T-Bar.

Interest has been growing constantly in League activities ever since its origin, and we are looking forward this year to having the best meet ever held in Lynn County.

J. B. Pace, Jr., Director General, University Interscholastic League.

INFORMATION GIVEN TO POSTMASTER APPLICANTS

(Cont'd. from first page)

pire at all first, second and third class post offices, the Post Office Department will call upon the Civil Service Commission to conduct an examination for the purpose of naming his successor. This is of course in compliance with the law. The Civil Service Commission will then give notice by posting full particulars on the bulletin board at that particular post office and in the local newspapers, that applications will be received, which notice will instruct those who desire to take such examination, where to file their applications. When applications are filed and a date set for such examination, the commission will then furnish such further particulars as may be required, such as the date the examination will be held, time, place, etc. No copies of former examination questions are available, and Members of Congress are not permitted under the law to interfere with civil service examinations.

"Salaries of Postmasters at first class post offices are from \$2,200 upward; second class are from \$2,400 to \$3,000; and third class are from \$1,000 to \$2,300.

BLIZZARD HERE LAST WEEK WAS WORST EVER

(Continued from first page)

Self-registering thermometers were not then carried on the saddle-horn, so they may not know for sure just how cold it got.

"But many people now living remember the November storm of 1906, when a number of range men froze to death and cattle and sheep perished literally by train loads.

"Then in January, 1918, about the 10th, was another sub-zero spell that took its heavy toll of life, both human and animal. In December of the same year was a two-foot snow west of Plainview that froze and starved many live stock to death.

"Early in 1913, near Artesia, New Mexico, the metal went down to 18 below, and for the first time in history horse vehicles crossed the Pecos River on ice.

"These sub-zero spells occur in this latitude at long intervals, about one to the winter being the limit and February being about the best possible time one could occur."

CLARA BOW TRIUMPHANT IN RETURN TO SCREEN

Clara Bow, dynamic, flame-haired siren of the screen, erstwhile "It" girl and one-time "Queen of the Flappers," emerged a fully mature emotional actress in "Call Her Savage," first of her Fox starring pictures which opens at the English Theatre Sunday.

With none of the hip-tossing, hair-waving hoydenisms that characterized her earlier pictures, she reveals an entirely new personality in a vivid portrayal that takes her from wild, carefree days on a Texas ranch to the gay spots of New York night life; from hectic hours with a worthless husband to the dire necessity of providing for a sick baby when she is a penniless unknown wandering the streets of New Orleans.

From girlhood to motherhood, from wealth to poverty and back again, Clara convincingly portrays every emotion in this gorgeously-gowned, superbly mounted production that must be hailed the one great triumph of her career.

FIDITIS UNION HOLDS MEETING AT GRASSLAND

The monthly young people's meeting of the Fiditis Union, Lubbock District, met at the Grassland Methodist Church Sunday evening, Feb. 5, with 125 present. Leagues from Grassland, Draw, O'Donnell, Tahoka, and New Lynn were represented.

There was a program on "Kingdom Extension" rendered. After the program, there was a business meeting, Corbin Douthit having charge.

The banner for attendance went to O'Donnell, and the loving cup for best report on secretary's book went to Draw.

The meeting was dismissed by all standing and repeating the League benediction.

THIS HAPPENED IN MISSOURI

A Missouri man recently died owing the editor of the Bingville Bugle for an unpaid subscription of six years' standing.

The editor attended the funeral and he placed a palm leaf fan and a block of ice on the casket as a tribute to the departed.—Exchange.

Rev. W. R. Burnett and Rev. L. S. Jenkins, pastors of the Methodist and Baptist churches respectively at O'Donnell, were Tahoka visitors Tuesday afternoon.

Grassland Teacher Married Saturday

Miss Lucille Carley, one of the teachers in the Grassland school, was married in Lovington, New Mexico, Saturday afternoon to James Udaly of the Grassland community.

The bride is a niece of J. K. Calaway of this city.

The couple will continue to make their home in the Grassland community.

Mr. and Mrs. J. Y. Thompson of Redwine were called to Cotton Center, Hale county, Wednesday afternoon on account of the illness of their daughter, Miss Pauline, who has been serving as book-keeper for the gin there operated by her uncle, W. M. Thompson.

MRS. HANEY HOSTESS TO PHEBE K. WARNER CLUB

The Phebe K. Warner Club met at the home of Mrs. L. C. Haney Feb. 3, with Mrs. W. O. Henderson and Mrs. L. C. Haney as hostesses.

Each member was served a cup of tea as she came in—the extremely cold weather was the unconscious cause for this treat to the guests.

An interesting and instructive program on American Drama was given. Members answered roll call with the name of an American playwright. Mrs. A. B. Swan, in her sweet tone of voice, gave a very graphic review of O'Neill's "The Emperor Jones." Mrs. J. R. Burleson read Mrs. M. C. Finch's paper on the discussion of the play. Mrs. Finch was ill and could not be present. Mrs. W. B. Slaton gave briefly the contents of the last "Club Woman." The program closed with a medley of Southern songs by the Club.

Want Ads--

The cheapest, most effective advertising you can do is in the WANT AD Column. List your wants and see what splendid results you enjoy. Get your list of salable articles and bring them in and let us give you a service that serves.

You have something you don't need, and that somebody else does. Let us help bring Buyer and Seller together.

TRY A WANT AD!

Renew Your Subscription Now!

You need the county paper and we need the money. There are still a number of our subscribers who are in arrears, and we ask that you pay up if possible. We want to keep you on our list. The cost of the paper is little, and you can more than save that \$1.50 by taking advantage of the bargains and service offered by our advertisers.

Then, too, you will want to keep up with the news of your county and your community. We are endeavoring to give you the best news service we possibly can, considering the shortage of advertising—which "makes the mare go."

We also have a number of good combination offers. On the last page of this issue we offer you several little magazines at no additional cost to you. The News and the Semi-Weekly Farm News is only \$1.75 per year. Also, we can get you any magazine published below the publisher's regular subscription price.
