When this law was passed, the big insurance companies became peeved and withdrew from Texas. Immediately Texas insurance companies were organized and began doing business. Some of these ecompanies have since grown to be powerful financial institutions. They have invested their funds in Texas and are home concerns. The foreign companies have been looking upon them with a jealous eye. At every opportune time they inaugurate a drive to either repeal the Robertson law or to induce the legislature to enact some other law designed to cripple the Texas companies. Such a campaign is being waged in Texas now, and the legislature is being besieged to repeal the Robertson law and to enact certain other laws that would militate against the Texas companies. MORE HEAT **LESS GAS**

There is only one suggestion for the better use of a radiant type Gas Heater, beyond having a good flame, proper connections, keeping burners and heating elements clean and general care in not burning gas needlessly.

This suggestion is to watch the flame so that it does not go OVER THE TOP of the radiant grid which throws out the heat. This wastes heat and gas, besides not giving you all the heat there is in the gas that burned. The flames should be just high enough to heat the grid or other radiating material and no higher.

The principle of this radiant type heater is incandescence, the use of a small amount of gas to produce a great deal of heat, practically all of which is utilized.

Simply turn on enough gas to make the entire

FAIRES MUCH IMPROVED FROM BLOOD' POISONING

W. J. Faires, formerly county commissioner, who resides in the Magnolia community, was in town Monday and says that his physical condition is much improved. Mr. Faires has been in a most serious condition as a result of blood poisoning. Several weeks ago, he says, his foot got to itching and he scratched it violently. It became infected and within a day or two his foot and leg had become badly swollen. The infection spread to his face and head and for a time it looked as if he had reached the end. While his face is still swollen considerably, the affection now seems to be passing.

QUICKER, BETTER RELIEF from use of **Black-Draught**

"I have taken Black-Draught, off and on when needed, for twentyfive years, for it is easy to take," writes Mr. George T. Wharton, of Petersburg, Va. "I take it for constipation and when I have that dull, tired feeling. I take it for colds and other complaints where a good laxative is needed, and I believe it gives me quicker and better relief than any other medicine I know. It certainly has been a help to me."
