PIONEER LADY PASSES AWAY

Mrs. Elizabeth Adair, 85, Friend Of
Houston, 25 years in Tahoka,
Buried Wednesday

Another Texas pioneer and long-time resident of Tahoka was laid to rest here Wednesday afternoon. Mrs. Elizabeth Kennedy Adair quietly passed away at the family home here at 3:33 o'clock Tuesday afternoon, just eleven days after her daughter, Mrs. H. C. Crie, had died in the same residence. Mrs. Adair had been confined to her bed the past few weeks.

Born on April 7, 1848, near Vicksburg, Mississippi, Elizabeth Kennedy while yet a small child moved with her parents to Louisiana, and in 1859 they migrated from Louisiana to Old Washington on the Brazos in Texas, the trip being made in an ox wagon. Here the girl grew to womanhood and it was here that she lived through the dark period of the Civil War. As a mere girl she spun wool and cotton and made clothes for Confederate soldiers. It was here, too, that she met such eminent characters as Sam Houston and Rufus C. Burleson. She first saw Houston when he was making his last campaign for governor in 1859. He made the fight as an opponent of Secession and when Texas seceded from the Union during his administration he resigned.

On October 20, 1867, while still residing at Old Washington, she was married to Richard H. Adair, a young Methodist preacher, who had come out from Louisiana to Washington to claim the young woman as his wife. The two had known each other in childhood. Young Adair was a member of the Louisiana Conference, and soon after their marriage the couple returned to Louisiana, where they remained several years. In 1876 they again came to Texas, settling this time at Fairfield in Freestone county. He served as pastor, mostly as a circuit rider, in that portion of the state from that time till his death in 1893, and Mrs. Adair was his faithful and devoted companion and helper. For a year or two both taught in the Covington College, a Methodist institution situated at Covington in Hill county. For

Women's Clubs In New Quarters

The Phebe K. Warner Club met Friday for the first time in their new club room, which has been fitted up in the city hall.

This is a large and commodious room and has been elegantly fitted up and furnished. The walls were recently calcimined, the floors stained, waxed, and varnished, the wood-work varnished, and elegant new curtains hung. This work was done under the direction of Mrs. E. E. Callaway, president, and a committee consisting of Meses. G. M. Stewart, W. D. Nevels, and J. H. Powell.

The fire boys granted the club the privilege of using this room and it was the generosity of the Higginbotham-Bartlett Company, the Cleo Smith Lumber Company, and Woodridge Bros. that made it possible for the ladies to make these improvements. Dr. Callaway generously donated thirty chairs and the Phebe K. Warner Junior Club and Les Savantes Club gave a stove. The ladies have removed their library from the court house to this new club room, and they are delighted with their new quarters.

At the meeting last Friday, Meses. W. B. Slaton and E. W. Fenton Jr. were the gracious hostesses and following the program they most pleasantly surprised the club members by serving refreshments, which were declared to be exceedingly delicious. The next meeting of the club will be held in this new club room on Thursday, March 23.

The following program was rendered at the meeting last Friday.
Song, "Texas, My Texas,"—Club.
Roll call—Famous women of Texas Development of Education in Texas—Mrs. Hans Tunnell.
Service of Newspapers of Texas to Cause of Literature—Mrs. L. E. Weathers.
Beauty Spots and Monuments of Texas—Mrs. R. W. Fenton Sr.
Bruce Barton's "Tribute To Texas"—Mrs. L. E. Turrentine.

MRS. CROTZER BURIED HERE

Died in Wichita Falls After Long
Illness; Funeral Held On
Tuesday Afternoon

Mrs. Lura Crotzer died Sunday afternoon in the State Hospital in Wichita Falls and the remains were brought back to Tahoka and were buried here Tuesday afternoon.

Funeral services were conducted at the Methodist Church at 3 P. M. Tuesday by Rev. H. C. Smith, the pastor.

Mrs. Crotzer had been in bad health for several years. A few weeks ago she was taken to the Wichita Falls institution for treatment. She failed to respond to the treatment, however, her condition gradually growing worse.

Mrs. Crotzer, whose maiden name was Wortham, was born in middle Tennessee on July 1, 1869. In young womanhood she moved with her parents' family to Arkansas, where she married and continued to reside until 1923, when she removed to Lynn county, Texas. She has resided most of the time since coming to this county with her nephew, J. R. Strain of the Midway community. Part of the time her residence has been here in Tahoka.

Mrs. Crotzer leaves surviving her

Sub-Irrigation Is Demonstrated

J. F. Rosborough, extension horticulturist of the Texas A. & M. College, was here Tuesday and gave a demonstration in making and laying tile for the sub-irrigation of gardens and lawns at the home of Mrs. R. W. Fenton just east of town. In spite of the sandstorm that was blowing, quite a number of people witnessed the demonstration, and in the afternoon they assembled in the district court room to hear a lecture by Mr. Rosborough on the raising of various garden vegetables suitable to this soil and climate.

His audience consisted of a few farmers and quite a number of housewives, who showed much interest in the matters discussed. Most of them had their note books and took notes on the things that interested them most.

Miss El Fleda Harrison, home demonstration agent, presided at the meeting and Mr. Rosborough says that she directed the laying of the tile out at the Fenton home. She will give a detailed report of the affair next week.

Fire Does Slight Damage To Home

The home of Summer Knight was slightly damaged by a smoldering fire under the floor early Monday night. After cutting a hole in the living room floor, the fire was soon extinguished.

The fire is thought to have started in the afternoon. Mrs. Knight had been burning grass on the lawn and flames or sparks evidently got under the house through a small hole in the stucco at the foundation.

Wilson Citizen Died Thursday

Ed Behrends, residing on one of the Lumsden farms north of Wilson, died at his home last Thursday and the remains were interred at Wilson Sunday morning, Rev. Scaer of the Lutheran Church officiating.

Mr. Behrends died after a very brief illness, reputed to have been acute indigestion.

His family have the sympathy of many friends.

Baptist Revival Begins March 26

Announcement has been made that a revival meeting is to begin at the Baptist Church on Sunday, March 26. It is expected to continue two weeks.

The pastor will do the preaching and Mr. Key will direct the music. Members of other denominations are invited to cooperate and everybody urged to attend.

New Confidence Is Felt In Return Of Prosperity As Banks Are Re-Opened

Most of the banks in Texas and throughout the nation opened Wednesday morning, after having been closed about ten days under direction of the President of the United States and the governors of the various states.

Most of the Texas banks closed a few days prior to the order issued by the President under direction of the governor of Texas. The First National Bank of Tahoka did not close however until the President issued his order closing all banks. It opened for business as usual Wednesday morning of this week, along with most of the other banks of the nation.

The First National here is in perfectly sound condition and has been all the time. There has never been any question as to its soundness. It

was the condition of a few of the large banks of the nation and the questionable operations of some of their officials that brought on the emergency which made it necessary or advisable for the President to close all the banks. Conservators have been placed in charge of these few shaky banks and they will not be opened again until their affairs are gotten in the very best of condition, it is announced.

There is a strong sentiment among business men and the people generally that the crisis has been passed, that fear has been banished, and that better business conditions are already returning. Pessimism has been banished and optimism seems to reign everywhere. The prompt and vigorous action of the new President has inspired confidence.

Chickens Should Be Kept Panned

The News has been requested to call attention to the fact that there is an ordinance requiring the owners of chickens in Tahoka to keep them penned up.

Chickens which are allowed to run at large seem to take a delight in scratching up the flower beds and the gardens of the neighbors. Depredating chickens are the cause of almost as much strife and bloodshed as bull dogs or bad whiskey.

In order therefore to preserve the peace and harmony of our citizenship those who have chickens should take steps immediately to impound them upon their own premises.

Special Music At Methodist Church

The local Methodist congregation last Sunday listened with profit to another of the Reverend Smith's "continued" sermons; at least, they were linked in the thought of the acceptance of personal responsibilities by the one word "Thou". The morning's text was: "Be thou faithful unto death and I will give thee a crown of life." At night "Thou art the man" was forcefully used. Robert Reid conducted the morning worship period and Mesdames Smith and S. E. Reid sang a duet as the musical feature. At the evening service, Misses Maxine Jones and Eunice Mullins sang the special number.

The church school hour opened with Chopin's "Reverie" from Improvisi, Op. 29, and was followed by a solo "Break Thou the Bread of Life" by Miss Robbie Milliken. Mr. Pace gave another of his splendid talks; as did also Supt. G. M. Reid at the close of the church school period. Those of our S. S. attendants who come in tardily miss an enjoyable part of the day's services. Let us be in place at 9:45 next Sunday.

Commissioners In Session On Monday

The commissioners court was in session Monday attending to routine matters. The court is now composed of W. E. Smith, judge, and R. E. Finley of Wilson, Waldo McLaurin of O'Donnell, Jim Izard of New Home, and Levi M. Nordyke of Midway.

LEAVE IT TO ADVERTISING

Advertising does pay. The Wheeler News-Review prints the following letter:
"Saturday I lost a gold watch. Immediately I inserted a want ad in your paper and went home and waited. Yesterday I found the watch in the pocket of another suit. God bless your paper."

CONDUCTING REVIVAL

Rev. Lawrence Hays is in Brownfield this week doing the preaching in a revival meeting being held at the First Baptist Church of that city.

Mrs. N. M. Bray is here from Longview this week visiting her many friends. Mrs. Bray says that Mr. Bray recently bought a mercantile business in Longview and is well pleased with the business done so far. The Brays lived in Tahoka many years, and Mrs. Bray says she is having the time of her life this week.

Moratorium On Money Judgments

Owing to the moratorium on money judgments declared by Governor Miriam A. Ferguson, Judge Gordon B. McGuire directed the district clerk to notify jurors who were to appear in the district court Wednesday not to appear. Judge McGuire was here Wednesday disposing of some court matters, but on account of this moratorium it is not now contemplated that there will be any trials of civil suits during the special term which he had ordered.

Judge McGuire is now holding a regular term of the court in Post, but litigation is light there and does not require much of his time. District Attorney G. H. Nelson has also been in Post this week working with the grand jury.

Expert Cleaner At City Tailor Shop

Robert Burns of Lubbock has accepted a position with the City Tailor Shop recently opened here by J. M. Bludworth.

Mr. Burns is an expert in his line. He took the course in the Dry Cleaning School of Los Angeles and was connected with The Globe Cleaners of Los Angeles for two years. This company operates fourteen shops and is one of the largest on the Coast. Mr. Burns has been with the Lubbock Tailoring Company the past three years. He knows the handling of ladies' apparel as well as men's clothing, and he invites the people of Tahoka to put him to the test. The City Tailor Shop is successor to the Craft shop.

Fire Burns Home On Nordyke Place

Fire completely destroyed a tenant house on the Levi Nordyke place in the Midway community Monday morning. The house was occupied by Will Rogers and family.

The fire resulted from the explosion of an oil stove while Mrs. Rogers was in another room and Mr. Rogers was out about the barn. The Rogers family lost all their furnishings and personal effects. The people of Tahoka made contributions Tuesday to relieve their needs.

MRS. ELLIOTT BETTER

Mrs. B. T. Elliott, who was injured by an automobile here last week, was not as seriously hurt as was at first feared. Only one shoulder was dislocated, instead of two as we stated last week, and upon having the shoulder adjusted the patient was able to return from the sanitarium to her home east of Tahoka and has since suffered very little discomfort. Mr. Johnson, who was driving the car that struck her, says that he stopped the car just in time to avoid running over her. It was one of those seemingly unavoidable accidents that the driver could not prevent.

Miss Lola Belle Johnson, who is teaching in Dawson county, was here Friday night and Saturday visiting her parents, Rev. and Mrs. D. D. Johnson.

Miss Viola Ellis left Tuesday morning to spend a week with her parents, Mr. and Mrs. Sam Ellis, at Christoval.

THREE GUILTY PLEAS ENTERED

Two Negroes Given Two Years Each;
E. C. Townsend, Lubbock
Draws Pen Term

There were three pleas of guilty in the district court last week after we had gone to press.

Two negroes, charged with turkey theft, each waived a jury and entered their pleas of guilty before the court and were given two years each in the penitentiary. These were Henry Harris and Ernest Wright, who stole some turkeys from their roost on January 4 from Anton Aherns living near Wilson.

There were two cases of theft against E. C. Townsend. In one case he was charged with stealing some harness from John Evans living north of Tahoka and in the other case with the theft of harness from T. I. Hammonds living east of town. In one case he entered a plea of guilty before a jury, who assessed his punishment at three years in the penitentiary. In the other case he pleaded guilty to the court, who likewise gave him three years. Townsend resided in Lubbock, we understand.

Town Man Makes Poultry Pay Profit

D. A. Parkhurst has given us a report of his chicken business during the months of January and February. He kept detailed itemized accounts of the expenditures and the returns and he hopes that his experiences may be helpful to some one else.

Mr. Parkhurst has 180 White Leghorn hens and during January and February they produced 7198 eggs, an average of 122 eggs per day. Gross receipts were \$67.87.

The hens were kept constantly in his chicken house and were not allowed to leave it during the entire two months. Consequently the cold weather did not affect their laying. In fact on one of the coldest days of the February blizzard they made one of their best laying records.

The diet of these fowls consists of threshed maize, laying mash, grit, and oyster shells.

Colony Of Negroes Is Being Planned

Seventeen Tahoka negroes attended a banquet of the Western Colonization Association, of which Chas. Deo is president, at Lubbock Friday night. A singing contest was held at the meeting between the Lubbock Royal and the Tahoka Southern quartets.

The association is said to have 200 members, and it is their plan to form a colony of members of their race on some land in New Mexico, possibly near Albuquerque, as soon as a deal is completed on which these negroes are working.

Men's Bible Class Will Entertain

The Men's Bible Class which meets in the English Theatre each Sunday morning will entertain the women's classes of the Baptist Church in the Church auditorium next Tuesday night, beginning at 8 o'clock.

There will be a musical program and an out-of-town speaker. Refreshments will be served. Members of either class and prospective members are invited to attend. A good time is promised.

Belth Howell, who has been so seriously ill the past few weeks, was brought home from the hospital again Monday and is said to be gradually improving. It is hoped that he will be out again in a few days.

Must Register Cars By April 1

A. M. Cade, tax collector, asks that we remind the people that the license fees on their cars must be paid before April 1. On and after that date it will be unlawful to operate cars on the streets and highways without new license plates and the penalty will be added.

COUNTY LINE SUIT SETTLED

Lynn County Wins Final Decision
In Boundary Suit Filed By
Garza In 1930

Abilene, March 16—The Texas supreme court Wednesday closed another chapter in the long and involved litigation growing out of a disputed boundary line between Garza and Lynn counties, upholding a decision handed down nearly three years ago by Judge W. R. Chapman of 104th district court here.

The court's disposal announced in Austin press dispatches, said the higher court reversed a court of civil appeals decision which had reversed the trial (Chapman's) court.

The controversy had been before the state courts since April, 1930, when Garza filed suit to establish its west boundary, claiming it is about a half-mile in what has been defined as Lynn county. Lynn answered that if the line should be a half-mile farther west then its west line should be moved correspondingly so the county would remain 30 miles in width; and that its north line should be farther north. This action brought Terry, Hockley, Lubbock and Crosby counties into the case as party-defendants.

The litigation was admittedly involved, and trial of the case necessitated running lines as far eastward as the southeast corner of Young county. The civil appeals court which reversed Judge Chapman's opinion held the district court had erred in the fixing of a common corner of Lynn and Garza counties. Its action in remanding the case for re-trial, however, was reversed in yesterday's decision of the supreme court.

The original trial court decision of Judge Chapman, a lengthy opinion, held in effect for Lynn county, basing boundaries on lines which long had been recognized.

Garrards Improve Farm Near Here

The editor accepted a seat in the car of Mr. and Mrs. Tom Garrard Monday and was driven out to their farm three miles southeast of town, where we took a look at some of their fine hogs. Among others we saw that fine boar that we mentioned in these columns a couple of weeks ago, a thorough-bred Hampshire pig, now about six months old. Personally we don't know much about the fine points of a hog but Tom pointed out to us the features of this particular animal that marked him as of superior quality.

But this porcine aristocrat was not the only one on the range. There were a number of fine sows, young gilts, boars, and pigs. They were grazing on a wheat field and were not being fed heavily but were in prime condition. There was one in particular that Mrs. Garrard received as a Christmas present of which she is very proud.

Also there were a number of calves in the pen and Mrs. Garrard told us that they expect to raise about a thousand chickens this year. "We are going to see how much we can make outside of purely farming operations," she told us. This is known as the Windham farm and the home place is now occupied by Mr. Allen.

One of the most interesting operations we noted was the setting out of trees. About 150 trees had been set out this year already and they were preparing to set out many more. Chinese elms are being used and they have been set out in double column on the west side of the house and on the north side to afford a windbreak. A row of trees was being set out leading from the house along the drive way to the public road and there were other rows of trees about the premises. They had also set out a large number of cherry plums and another good variety of plums which they expect to produce much fruit within a few years.

We left Judge and Mrs. Garrard busy with their trees, while the Judge's son, T. T., drove us back to town, where we can only sit at a typewriter day after day hammering out dope about other people's hogs and cows and chickens and wishing that we too had a farm.

A bill was introduced in Congress immediately after it convened last week to give President Roosevelt sweeping power in reorganizing the government and effecting economy in administration. The legislation was asked for by Roosevelt himself. It is claimed that he will be able to save \$500,000,000 in government expenditures if the bill passes. A large part of this saving comes from cuts in payments to the World War veterans. The strongest opposition to the measure has come from the veterans and from labor organizations. The opposition comes through both the Democratic and Republican parties. In the House Saturday the bill was approved by a vote of 266 to 138. Voting for the bill were 197 Democrats and 69 Republicans; against it, 92 Democrats and 41 Republicans. A preliminary test in the Senate showed 40 Democrats and 20 Republicans for it; 11 Democrats and 9 Republicans against it. Senator Sheppard voted for the bill and Connally against it. In the House, six Texas Congressmen voted for the bill and four against it. The four opposing were: Patman of Texas, Johnson of Corsicana, McFarlane, the new congressman from the Wichita Falls district, and Joe Eagle, the new congressman from Houston.

Some of the trees are budding out. Which reminds us that old Winter has just about played out. Let Tahoka people begin now to plan and prepare their flower beds and let's make Tahoka a beautiful town this summer.

During the campaign Hoover told us that it could have been worse. And it could. It is. But if the darkest hour of the night is just before the dawn, surely it will not be long now till daybreak.

May be it would be a good idea for Tahoka parents, preachers, Sunday school teachers, stewards, and deacons to accept Hall Robinson's invitation and turn out en masse at the dance hall every time a dance is held during the next few weeks and get first hand information as to what is going on there

We are not strong for fire, but we wish fire would burn off a lot of these vacant lots here in town.

DIZZINESS
relieved by Black-Draught

"I decided to take Theford's Black-Draught, as I had been having bilious spells," writes Mr. Charles E. Stevens, of Columbus, Ind. "When I got bilious, I feel sleepy and tired and do not feel like doing my work. It is hard to tell how I feel, but I do not feel good. I get awfully dizzy. I know then that I had better take something. After I found how good Black-Draught is, that is what I have used. I guess it rids me of the bile, for I feel better—don't feel like I am dropping off to sleep every time I sit down. That, to me, is a very bad feeling."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

Facts and figures relating to Tech College, gathered from the records of that institution, show the report of the so-called Efficiency Committee, which is seeking to destroy a number of our educational institutions, to be a mass of false and inaccurate statements. We wish that we had time and space to set out many of these errors in this paper, but we can not. One will suffice to show the inefficiency with which this committee did its work. It recommended among many other things that "The wood floors of the * * * Agricultural building should be cleaned and a hard floor preservative applied." As a matter of fact, every floor in the Agricultural building is cement. Of course this is a minor matter but it shows that the committee didn't know what it was talking about. The truth is that not a member of the committee visited the Tech in making its investigations. It sent a hired hand, and that hired hand was a former teacher of Education at Elmira College, a girls' school situated in the state of New York. The committee's investigation of the West Texas State Teachers College at Canyon was made in the same way, we understand. We think things have come to a pretty pass when the people of Texas have got to hire a professor from a small New York female college to come to Texas to tell us how to run our state colleges. That Efficiency committee was mis-named. It is the Inefficiency committee.

Some of the trees are budding out. Which reminds us that old Winter has just about played out. Let Tahoka people begin now to plan and prepare their flower beds and let's make Tahoka a beautiful town this summer.

Hall Robinson Answers News Editorial

In reply to public notice of fight in dance hall, this is true. However, I am going to ask the editor to make a correction. The law did not separate them as stated. I separated them. Two of our Tahoka boys were in this fight.

I can not see where it is such a crime to fight in a dance hall. They fight in the court room as well as on the public streets. I want to further state that some of the Tahoka boys and girls have given me more trouble than all the boozers and bootleggers mentioned in the paper.

This dance hall has been running four months with one fight in same. If some of the parents that oppose the dance hall will come and investigate they will find that I will not permit them as well as their boys and girls to do some things that they do and permit to be done in their homes. Just put in a few nights following the footsteps of your boys and girls and you will soon learn that this dance hall isn't such a bad place.

If you will notice our city marshal is carrying one of his hands in a bandage. This was done Saturday night while looking after one of our home boys out on the public streets of Tahoka in a car drunk. I wonder if we shouldn't forbid the boys and girls from riding in a car on the public streets of Tahoka.

The doors of this dance hall are open at all times for every mother and father to see how same is conducted.

"KING OF THE JUNGLE" WILL BE SHOWN HERE

Buster Crabbe, world-champion swimmer, chosen as "The Lion Man" from among scores of well-known athletes tested for the role, makes his screen debut in "King of the Jungle," wild animal thrill-romance, which comes to the English Theatre Friday and Saturday. Dark-eyed Frances Dee plays opposite him in the principal feminine role.

Crabbe, member of the U. S. Olympic swimming teams in 1928 and 1932, holder of five world records and 35 national championships in aquatic events is 23 years old and a graduate of the University of Southern California. He weighs 188 pounds and is six feet, one inch tall.

The search for an athlete to play the role covered the entire country.

"King of the Jungle" centers around the Lion Man, a youth raised in the jungle among lions, and ultimately captured and brought to the United States to use his understanding of leonine temperament as headliner in a circus. His romance with Miss Dee, a school teacher who understands him, runs throughout the picture. The film reaches its climax in a circus fire, when the wild animals break loose from their cages and pour into the streets of a large city, spreading carnage and ruin.

Having completed its work for the term, the grand jury adjourned Wednesday. It presented no new indictments and turned into court the following report:

To the Honorable Judge of Said Court:

We, your Grand Jury, in open court, all members hereof being present, and through our foreman most respectfully make the following report of our work as Grand Jurors.

We have spent during this term of Court over one week of deliberation with the assistance of our District and County Attorneys in the investigation of the various crimes that have been brought to our attention. During our investigations we have investigated many phases of crimes that are upon our statute books. Most prevalent, however, the crimes of burglary, violation of the liquor laws, theft and swindling in their various phases.

It is our opinion and we find from a careful investigation that the Burglar, the Thief, the Swindler, and the Bootlegger are still at work in our County, but we are glad to report that their activities have decreased from what it has been heretofore. However, this Grand Jury has returned fifteen bills of felony indictment.

Another one of the most dangerous criminals that we have had cause to investigate is the criminal who drives a car while intoxicated. We can not express too much condemnation of that person who becomes intoxicated and gets on the public highways of this State and endangers not only his own life, but subjects anyone that he might meet with great danger. We implore the officers and good citizens of this County to help apprehend such Criminals.

However, in some cases we are sorry to report that the criminal combined with the criminally inclined have succeeded in evading the law thus far. We also find that the man or woman who actually gets out and commits these crimes, who are of course a disgrace to Society and a menace to our County, in many instances are aided by those who pretend to be good citizens; yet they are constantly in the background aiding and assisting the criminals in every way possible to escape the punishment of the law. We believe such persons are dangerous and a menace to our society and our County and are using their efforts to hinder the enforcement of law. We find this type of person has no regard for his oath, by trying to shield the criminal. We are glad to state, however, that we find this type of person in the minority. But where he is found, we wish to state that we believe that he is very dangerous. Any person that will resort to perjury, the one who swears an untruth to shield any criminal, is a menace to society and a disgrace to our County and we deem him a very bad citizen. Any person who takes a solemn and sacred oath that he will tell the truth and disregards that oath and falsifies upon the witness stand, becomes a criminal, and occupies the same status of the criminal that he seeks to shield.

We find some petty crimes have been committed in this County and the County Officers are handling this

matter in a satisfactory manner, but we are sorry that much of this is being done by the youth of this County, and we issue this warning to them: That if such petty crimes are not stopped, it will only lead them later to felony indictments, to trials, to jails, and to penitentiaries.

We also believe that the slot machines, pool tables, and gambling devices that are being operated in the various places of the County should be stopped and we here call attention of our law enforcement officers to look after the same.

We have investigated the Court House and Jail and find them to be kept in a sanitary and good condition. The prisoners are well cared for and receive good treatment.

We further find and believe that our County officers are doing their duty to the full letter of the law. We respectfully commend them for their efforts to uphold the laws of this state. We wish to thank our Sheriff, our County Attorney, our Bailiffs, our District Judge, and our District Attorney and all others in any way connected with our work, for their untiring help and assistance shown us while in our deliberation.

We also want to thank the Citizenship of this County, who have assisted us in giving their testimony and by various other ways and believe that if we shall all stand squarely behind our officers in their efforts to enforce the law against the criminal and the criminally inclined that we will eventually clean our county and state of the law breakers thereby making it possible for a better place to raise our boys and girls.

We feel now that our work is complete until the next Grand Jury can take up our work. Having finally finished our work as Grand Jurors for the term, we most respectfully ask that we be discharged for the term.

We ask that a copy of this report be handed to the local paper and to the paper at O'Donnell for publication.

J. D. Hood, Foreman of the Grand Jury.

New Home

The B. T. S. folk enjoyed a social at the home of Mr. and Mrs. Loyd McCormick Friday night. Refreshments were served to about 25 young people.

Mr. Bob Swift of Abilene visited in the J. T. Balch home the first of the week.

Helped By Cardui

Here's the true story of how Cardui helped Mrs. H. E. Dunaway, of McComb, Miss., as written by herself:

"I was sick and rather discouraged. I was so weak and thin, I was not able to do my work as it should be done. This made me fret a good deal, and did not help my condition.

"I had pains across my back and lower part of my body. My nights were spent in rolling from one side of the bed to the other, hoping I would soon go to sleep. Then when morning would come, I would be just as tired as when I went to bed. A neighbor, seeing how badly I felt, told me to try Cardui. After I had taken one bottle, I was much better. I kept on taking Cardui, and I was stronger and slept much better at night."

AGED PIONEER WOMAN DIED HERE TUESDAY

(Cont'd. from first page)

a time also her husband was a station pastor in Hillsboro. His work was principally in Freestone, Hill and Johnson counties.

As teacher before and after her marriage and as the wife of a Methodist pastor, Mrs. Adair had the rare privilege of influencing and helping many boys and girls who have since become prominent in the Church and in other walks of life. Converted in early childhood, she had been a most faithful and devout Christian character. A constant student of the Bible, she knew the old Book as few people do in this day and generation. It is said that she had read the entire Book through more than fifty times.

Nine children were born of her marriage, four of whom still survive. These are Chris Adair of this city, L. P. Adair of Breckenridge, Mrs. C. J. Menefee of Phoenix, Arizona, and Mrs. T. J. Coopwood of Brackettsville, Texas. L. P. was here and visited his mother upon the death of his sister, Mrs. H. C. Crie, two weeks ago, but none of them were able to be here at Mrs. Adair's funeral except Chris.

Funeral services were conducted from the Methodist Church here at 2 o'clock Wednesday afternoon, Rev. H. C. Smith officiating, assisted by Elder R. P. Drennon of the Church of Christ. The active pall bearers were G. W. Knox, J. H. Wyatt, John Donaldson, W. M. Lee, D. C. Davis, S. N. McDaniel, W. S. Anglin. Many local citizens were named honorary pall bearers together with several of the former pastors of deceased, including Rev. J. H. Shepherd of Tuscola, Rev. R. T. Breedlove of Rotan, Rev. Jno. E. Eldridge of Perryton, and Rev. J. T. Howell of Meadow.

Mrs. Adair had made her home for many years with her daughter, Mrs. H. C. Crie, whose death was chronicled in these columns last week, and she had been a resident of Tahoka for more than a quarter of a century. She had helped and befriended many here during this period of time and her fine Christian character was well known, especially among the pioneers of this section. Truly a princess has fallen in Israel.

MRS. LURA CROTZER DIES IN WICHITA FALLS

(Cont'd. from first page)

a brother, Mace Wortham, who resides in Arkansas, and a sister, whose name we failed to learn, who resides in Louisiana. Other surviving relatives are J. R. Strain of this county and L. A., J. L., and E. T. Strain, all nephews, of Mitchell county, and a niece, Mrs. Lura Uzile, also of Mitchell county. The niece and all the nephews were here attending the funeral.

Mrs. Crotzer had been a member of the Methodist Church since childhood and was a faithful attendant upon the services of the Church. She rarely missed a service here when she was able to attend. Kind-hearted and sympathetic, she was a very useful woman up to the time she became afflicted, and even after affliction came she had a kind word for everyone she met. Here, she "saw through a glass darkly," but up Yonder, she shall see face to face! A good woman has passed on.

THERE IS STILL MONEY IN POULTRY, PROPERLY RAISED

Canyon—The farm poultry flock will still make a little money if you know how to keep up production at the same time you count costs.

Five Randall county flock owners who have kept cost records in co-operation with W. H. Uchurch, county agent, have averaged 145 eggs per hen from a total of 1521 birds the last year. It cost them 80 cents per hen per year for feed, or 6 1/2 cents per dozen.

The poultry success formula is to keep good hens, cull out the boarders, balance rations as much as possible out of home raised feed, have good houses, and keep the birds free from worms and other parasites.

H. C. Crie, who has been sick the past two weeks, is still confined to his bed but is improving.

TAMED TEXAS

Texas used to have a reputation world wide for deviltry, "bad men," Indian raids, Wesley Hardins, and Bill Longleys, long-horned steers, cowboys, and Texas Rangers. Life, what there was of it, was one glad procession of "shooting up the town," home-made law "West of the Pecos," clan feuds, camp meeting revivals, nicked gun butts and private graveyards kept stocked by their dead-shot owners.

But Indians are gone, there are now penitentiaries for bad men, prohibition is the law of the State and fundamentalism in religion has made Texans into Baptists and Methodists. Even the glamour that, once glorified his chief desperadoes and their vigilant foes—the Rangers—is passing away. The cowboy alone remained as the sole survivor of the early days of whiskey, women and guns.

But the romance that once surrounded the cowboy has gone forever. A "special to The News" records that a mad coyote tore off the nightgown from a fleeing cowboy, who finally killed the animal when daylight came. But think of the incident! A cowboy, wearing a nightgown, not even pajamas or a night-shirt, and running away! The lordly cowboy of our dreams never indulged in such effeminate night covering, nor ran from coyotes, even when mad. The old-timer would have caught it by the tail, dashed its head against the post and left the carcass for the buzzards.

Yes, times have changed. Texans are now civilized and bootleg beer, not whiskey. They attend church, play checkers and golf and elect a woman as Governor. Even cowboys wear "nightgowns."—Dallas News.

Miss Berta Hill left today for Houston, where she will visit relatives. She expects to be gone several weeks. She went as far as Cisco with Mrs. Charles Sanders, who is visiting her parents, Mr. and Mrs. Anson Coughran, at Rising Star.

Miss Lola Belle Johnson, who is teaching at Fairview in Dawson county, visited her parents here, Rev. and Mrs. D. D. Johnson, on Friday night and Saturday. She was accompanied by Misses Roma Baker and Faye Allen, who also teach at Fairview.

NOT TOO LATE TO START BEAUTIFICATION OF YARD

College Station—March is not too late to start making a beautiful lawn, according to the records of 1932 home demonstration club women and girls who made this improvement in their farm yards last year. Plowing, manuring, levelling and watering are the necessary steps before transplanting bermuda or other grass roots, say Extension Service authorities at Texas A. & M. College. They point out, however, that drawing a complete landscaping plan should be the first step in any year improvement in order that a harmonious effect may be produced, and nothing done that will later have to be done over. Often it is necessary to remove some of the trees and shrubs and flower beds which sometimes dot a yard because the beauty of a lawn depends on an unbroken expanse of grass.

Yards were beautified by 6,850 women and girls in home demonstration clubs in Texas in 1932, according to reports of county home demonstration agents. Chief among the improvements were lawns, doorstep and foundation plantings, screen and border plantings, and the making of rose gardens. Improvements cost an average of \$1.13 per yard.

WOMEN SELL CHILI

Menard—A chili makers' association is proposed by five Menard county home demonstration club women. Led by Mrs. Ed Young, who has made a success in a small way of selling standadized chili direct to local consumers and to stores, these women are planning the making of chili on a larger scale and seeking larger markets. A local salesman has offered to train them in salesmanship.
