## Most Of Faculty Is Retained For Year

### NEW TEACHERS NOT ELECTED

Board Says Only One In Family Can Hold Position As Teacher Here Next Year

At a meeting of the school board Saturday night, most of the members of the faculty of the Tahoka public schools were re-elected. A rule was adopted, however, forbidding a husband and wife both being employed to teach in the schools here in town. This rule does not apply to South Ward, since only two teachers are needed there and it is often found to be advantageous to have a man and his wife as the teachers.

The matter of salaries was left open at the meeting Saturday night, the board preferring to wait to find out what the state appropriation will likely be before fixing the salaries.

Superintendent J. B. Pace had been re-elected at a previous meeting and had accepted. Those elected Saturday night included the following:

M. J. Weaver, principal and teacher of Mathematics; Mrs. Lenora M. Tunnell, History; Arthur P. Henter, coach and Science; Miss Floy Anglin, Home Economics; Mrs. Clay Bennett, seventh grade.

#### Central Ward

X. R. Banks, Principal and teacher of sixth grade; Miss Ruth Childs, fifth grade; Mrs. James Clinton, fourth grade; Mrs. Verner Smith; third grade; Mrs. W. O. Henderson, second grade; Mrs. A. B. Swan, first grade.

Teacher of Spanish and English in the high school, primary teacher at Central Ward, and teachers at South Ward are yet to be elected.

## Aid Offered For Rat Extermination

J. M. Hill Jr. of Lubbock was here Monday conferring with County Judge W. E. Smith respecting the killing of rats in this county.

Mr. Hill left with the county several pounds of rat poison and stated that he would be here from Monday till Wednesday of next week to assist any community in the county that may ask for his services in killing the rats. He is not willing, however, to devote his time to individual cases. Judge Smith says that one community in the county has already indicated that it is ready to act.

This poison will cost the farmer at the rate of 2 ounces for 25 cents. Two ounces will mix up about two pounds of poison. This poison is fatal to rats and mice only and is not dangerous to domestic animals.

Mr. Hill recommends that the poison be mixed with jack rabbit meat, hamburger meat, or other fresh ground-up meat, sardines, or cheese. Jack rabbit meat is said to be preferable to other kinds.

Communities desiring the assistance of Mr. Hill on Monday, Tuesday or Wednesday of next week should communicate with Judge Smith between now and that time.

## Several Go To State Contests

County Superintendent H. P. Caviness left Wednesday by train for Austin to attend the State Inter-scholastic League contests to be held there the latter half of this week.

Others from Lynn county leaving by automobile Wednesday to attend these contests were: Jyles Shaw, senior declaimer, Mr. and Mrs. Shaw, and Supt. A. L. Faubion, all of Wilson; Clarita Harter, contender in the 3-R contest, and Mr. and Mrs. Paul Lawson, all of Magnolia. Clarita Harter is a pupil in the Magnolia school while Mrs. Lawson is the principal.

Dayton Short of Tahoka, who won first place in discus throwing in the district meet at Lubbock recently, was not able to attend the Austin meet.

### COUNTY LINE CASE SETTLED

Motion From Garza County For A Rer hearing Is Refused By Supreme Court

The supreme court of Texas recently over-ruled the motion filed by Garza county for a new hearing in the county boundary suit recently decided by that body.

Lynn county won practically everything she was contending for in this suit. The over-ruling of the motion for a new hearing means that the matter is finally settled. Many counties in this section of the state were involved in this suit. Garza and Lynn counties were the original parties to the suit and are probably more vitally concerned than any other counties.

The last and final step to be taken is the setting up of markers on the boundary lines on all highways and at other places showing the location of these boundaries. Judge Smith contemplates that this will be done some time soon.

## New Record Set On Crop Loans

The time for approving applications for crop production loans closed last Saturday night.

A. L. Lockwood, chairman of the local county board, announces that 498 loans were approved for this county and that these averaged \$130.09 each. This would aggregate \$64,803.72.

This is a slight increase over the number and the total amount of the loans made in Lynn county last year, according to Mr. Lockwood. There were 385 loans last year and the loans averaged approximately \$125.00 each, which would be a total of approximately \$48,125.00.

County Clerk H. C. Story reports that checks have been coming in very slowly this week. There are between 75 and 100 checks yet to be received he states.

## Ready For Relief Work Applications

B. P. Maddox, chairman of the Lynn County Relief Committee announced today that applications for enrollment in Emergency Conservation Work in forestry and other outdoor projects would be received at Relief Headquarters located at Tahoka beginning at once.

Judge Maddox said that for the time being applications would be held in the local office and that approved applicants would be advised later as to where to report for physical examination.

### Local Negroes Ask For Work

Saturday morning several negroes appeared at the office of Judge B. P. Maddox and of county judge W. E. Smith and asked that they be given work. They were furnished application blanks by Judge Maddox to be filled out, according to Elijah Smith, one of their number, and Judge Smith promised that he would do the best he could for them.

These negroes are to be commended for wanting to work and it is to be hoped that something may open up to them some time soon. It is not the industrious negro that gives trouble in this country but the idler.

### MRS. MARCUS EDWARDS WILL GIVE PROGRAM

The music pupils of Mrs. Marcus Edwards and the dancing pupils of Mrs. Stephens of Lubbock will give a joint program in the high school auditorium here on Friday night, May 12. The public is cordially invited to attend this entertainment.

### ATTENDING SCHOOL

Clude Donaldson left Saturday for Houston, where he is attending a two weeks cotton classing school.

## J. MURPHY, 79, DIED SUNDAY

Succumbs To Long Illness; Had Been A Resident Of Tahoka For Twelve Years

Terminating a long and painful illness, death came to Jesse Murphy, well known citizen of Tahoka, at 10:30 o'clock last Sunday morning and the remains were interred in the Tahoka cemetery Sunday afternoon. The funeral services were conducted by Rev. H. C. Smith, pastor of the Methodist Church here.

Death resulted from cancer. This malignant growth appeared on the face several years ago and gradually grew worse until the patient was finally compelled to take to his bed two months ago. The afflicted man suffered almost constant and intense pain, which could be relieved only by death.

Mr. Murphy at the time of his death was more than 79 years of age having been born on February 27, 1854. He removed to Texas while yet a boy and was married to Miss Martha Roark in Trinity county about fifty years ago. He removed to Jones county in 1900 and removed from there to Tahoka about twelve years ago. Since that time he has been engaged in operating a second-hand store here.

Besides his wife he left surviving him the following children: L. D. Murphy of Waco, Mrs. Banner Miles of Artesia, N. M. Robert Murphy of Lake Arthur, N. M., Mrs. Della Duncan of Carlisbad, N. M., and Mrs. Warren Bailey of Lake Arthur, N. M., all of whom were present at the funeral. Some of these children had been here during the last few weeks caring for their father. Mrs. Murphy left with them Monday, to make her home with them.

Mrs. Murphy herself has been quite ill the past few weeks but had grown better. Many friends here sympathize sincerely with her and other members of the family in this bereavement.

## Closes Successful New Lynn Revival

Rev. Hamilton Wright of Southland was a brief caller at the News office Thursday morning and stated that he had just closed a most successful revival at the Methodist Church at New Lynn Wednesday night. There were about 45 conversions and a great spiritual revival, he declared. "This was probably the greatest revival New Lynn ever had," he added.

Rev. Mr. Wright is pastor at Southland and New Lynn. He was formerly pastor at Draw and Grassland in this county.

### ATTEND MURDER TRIAL

Sheriff B. L. Parker and Shorty Brown left Tuesday afternoon for San Saba, where Mr. Brown was an attached witness in a murder case. A son is being tried for the murder of his father, the homicide having been committed about two years ago.

Curtis Driver has rented a portion of the old Greathouse building at the intersection of the two highways in Tahoka and has opened a cafe therein.

## Now Is The Time To Renovate Lawn; U. S. Department Makes Suggestions

For home owners who plan to renovate their lawns this year instead of making a new lawn, the United States Department of Agriculture says the four main considerations are fertilizing, top dressing, mowing, and watering. If a lawn is reasonably clear of weeds and has at least half an inch of fairly evenly distributed grass, renovation is worthwhile.

For fertilizer, the Department recommends sheep or poultry manure, complete fertilizer known as "complete" fertilizer that is high in nitrogen such as 6-8-4, or plain nitrate of soda or sulphate of ammonia. Complete fertilizer is recommended particularly if phosphate and potash have not been applied in the past year. Lawns require much nitrogen during the growing season and can be rushed then, but it is not advisable to do much fertilizing in hot summer months. Fertilizer is best applied by mixing it with pulverized soil and scattering it broadcast over

## BICKLEY HOLDS REVIVAL HERE

Presiding Elder Is Doing Preaching In Services At The Local Methodist Church

Dr. C. A. Bickley of Lubbock, presiding elder of the the Lubbock district, filled the pulpit at both services of the local Methodist church Sunday and brought two fine messages to good crowds. In the morning his sermon was built around the theme "Is it well with thee?" and at the evening hour "Occupy till I come" was the text chosen following the familiar parable of the talents. Both services augur well for the series of meetings which will continue throughout the week at ten each morning—just one hour—and at 8:15 each evening. Dr. Bickley announced some fine subjects from which he will preach, and the entire community is invited cordially to share in these services.

Mrs. Bickley is directing the young people's work at 7:45 each evening and there is a welcome for all who can attend. Invite your church and your family to come with you, young folks, every night.

The church school hour was well attended and some very fine individual programs were rendered. The Everyman's class was taught most interestingly by the Rev. A. B. English of Riscoe, a welcome visitor. C. O. Carmack, newly installed Superintendent of young people, gave to his group a most excellent lesson on "The Cultivation of Habits." J. B. Face Jr. spoke in the adult worship hour on "Preparation for the Abundant Life," giving credit to the church school, particularly Scarritt College Christian Workers.

The morning psalm was a left-hand study by Mrs. Crosby Adams, and Mrs. Frank Hill brought the message in song with the lovely old hymn, "In the Garden."

Friday night will be "High School" night. The subject of the sermon will be "Taking Sides." Every student in the public school is urged to be present.

Let us have two hundred and fifty in church school Sunday morning right on time, 9:45.—Reporter.

## New Lynn Youth Undergoes Operation

Luther Baker, son of Mr. and Mrs. G. R. Baker of New Lynn, underwent an operation for appendicitis in the Mercy Hospital at Slaton Wednesday night. He was taken to the hospital in a quite serious condition, but the News has received no word as to his condition following the operation.

## Home Ec. Students To Mineral Wells

Miss Floy Anglin, Home Economics teacher in the Tahoka high school and four of her pupils, Mary Davis, Gynelle Tate, Margaret Strain, and Dema Anglin, left Thursday morning for Mineral Wells to attend the annual meeting of home economics teachers and representative pupils from the various schools, which will be in session there Friday and Saturday.

## Man Arrested On Kidnapping Charge

### C. JANAK WINS STATE EVENT

Awarded State Championship As Soloist; Gets Scholarship To Chicago School

The State and National Federations of Music Clubs annually sponsor for young musicians contests in which the most gifted may win coveted honors and material awards. During the Music Convention at San Antonio last week, the contest conducted by the State Federation was held, at which time survivors of eliminations from all the districts in the state were heard in final competition. Highest honors in the voice division were awarded to the representative of the Seventh District, Clifton Janak, a Tahoka boy who has had but little more than a year's study, at present in the Amarillo College of Music, but whose vocal abilities are well known to his local friends.

This honor carries with it a six weeks scholarship in voice at the Sherwood Music School in Chicago. Clifton is to be congratulated upon his success. Entered as a member of the Tahoka Music Club, his home town may come in for a measure of publicity in state musical circles and publications.

## O'Donnell Store Is Burglarized

Burglars broke into the Economy Store at O'Donnell last Friday night and stole quite a quantity of goods, valued at several hundred dollars.

Entry was effected by knocking out a panel of the rear door. The store is operated by one Mr. Chalklight, an Assyrian.

A list of goods missing, according to information furnished by Sheriff B. L. Parker, included 45 silk dresses, 5 ladies' coats, 12 men's suits, 8 boys' suits, 50 pairs of men's dress pants, 3 steamer trunks, 15 pair of shoes, seven dozen dress shirts, and 12 hats.

Upon being notified of the burglary Mr. Parker immediately notified peace officers of all neighboring counties and has been making every reasonable effort to apprehend the culprits.

## Tahoka Wins First Game In League

Tahoka defeated Lubbock at Lubbock Sunday afternoon in the opener of the South Plains League schedule. Sunday Abernathy comes to Tahoka for a game at 3 p. m. on the local diamond. Admission will be 25c for men and boys over 12, and all ladies will be admitted free, Fred Barker states.

Tahoka, as usual, has a strong team and is expected to make a creditable account of itself in the league.

## Rochelle Not Guilty Of Theft Charge

Earl Rochelle of O'Donnell, who formerly operated a cafe here, was tried in the county court Monday on a complaint and information charging the theft of an electric fan from a business man of O'Donnell. Upon hearing the evidence a jury promptly brought in a verdict of not guilty. The evidence adduced on the trial tended to show that another and different person had stolen the fan and had merely left it in Rochelle's place of business, and that he was not implicated in any way in the theft.

### OPEN ICE STATION

W. T. Jones Jr., proprietor of the Tahoka Produce, opened his down town ice station for the summer on last Saturday. He sells ice at the same rate as it is sold at the plant.

### MAN IS TAKEN IN OKLAHOMA

S. D. Dick, Found In Possession Of Covey's Car Is Behind Bars Of Local Jail

S. D. Dick has been in jail here since Monday night charged with the offense of kidnapping and robbery. He is alleged to be one of the two men who nearly four weeks ago held up and abducted J. F. Covey, Santa Fe agent at Wilson, taking him in his own car from Wilson to a ranch seventeen miles south of Akerley, where he was left bound and blind-folded, the hi-jackers escaping with his car and a few dollars in money.

Since that time Sheriff B. L. Parker has been relentless in his search for the offenders, and his efforts were rewarded Saturday night when Dick was arrested by officers at Hugo, Oklahoma. Mr. Parker was promptly notified and went over immediately for the prisoner. He brought Dick to Tahoka Monday and placed him in jail. The other man charged has not been apprehended.

When Dick was arrested he was accompanied by a woman whom he claimed to be his wife. He told Parker that he had been married ten times and that the woman with him was the tenth edition.

When arrested Dick was driving the car belonging to Mr. Covey, but had been damaged to such extent that Mr. Parker did not undertake to bring it back to Tahoka.

Dick does not admit his guilt, claiming to have purchased the car from another person.

## No More Relief Until Bonds Pass

Judge B. P. Maddox, county chairman for Lynn county for the distribution of Federal Relief Funds, has received from Hon. Lawrence Westbrook, director of the Texas Relief Commission, a communication dated April 29, advising that no more relief funds are available at this time.

We quote from this communication as follows: "You are advised that May-June allotment of Federal funds for relief of destitution have not been considered by the R. F. C., and they will not be considered until the Texas Legislature adopts a resolution to allow the people to vote next August 26 on the question of authorizing the Legislature to issue bonds for relief purposes."

Judge Maddox interprets this communication to mean that until the legislature acts favorably on this resolution no further funds will be available. As soon as it submits this resolution to a vote of the people, the May-June allotment will probably become available at once.

If the people should vote against the issuance of relief bonds at an election to be held on August 26, then no further Federal funds would be available to Texas for this purpose. If the vote of the people should be favorable, then further Federal funds will become available. In other words, the Federal Government is not willing to allot any further relief funds to Texas unless the State of Texas is willing to match these funds at the ratio of two to one.

## Church Of Christ Plans Revival

The interest has become so good that the Elders of the Church of Christ have decided to hold a meeting, beginning May 7, to continue a week or ten days.

Rev. R. P. Drennon, the local minister, will do the preaching. Services will be held daily at 10 a. m. and 8:15 p. m. The public is cordially invited.—Reporter.

### NEW ICE HOUSE

A new ice vault has been built on the vacant lot on the west side of the square and Herman Anglin has opened a new ice business in Tahoka.

**WEST TEXAS IS BEING  
FLIM-FLAMMED**

We are publishing this week a let-  
ter from our representative in the  
legislature, John N. Thomas, in  
which he states that soon after ar-  
riving in Austin in January he be-  
came convinced that there is not a  
ghost of a chance to procure the pas-  
sage of a representative redistricting  
bill on the basis of population.

This statement is doubtless the  
exact truth; but we believe that the  
reason set forth in opposition to  
such a redistricting measure is not  
the real reason at all. East Texas  
representatives have no real fear  
that the number of representatives  
from the cities would be increased to  
such an extent as to make it possible  
for them to dominate the legislature.  
The real reason is that a redistricting  
bill on the just basis of popula-  
tion would eliminate a lot of East  
Texas districts and result in a lot of  
those East Texas boys being com-  
pelled to stay at home next year.

Let's look at this big bugaboo  
about the power of the cities.

Texas has a population according to  
the 1930 census of 5,824,715. There  
are 150 representatives in the legis-  
lature. That is one representative  
for each 38,831 of the population.  
Dallas county has 325,691 people and  
would be entitled to eight represen-

tatives in the legislature; Harris  
county has 359,328 people and would  
be entitled to nine representatives;  
Bexar county has 292,533 people and  
would be entitled to eight represen-  
tatives; Tarrant county has 197,553  
people and would be entitled to five  
representatives. Thus these four  
counties containing the large cities  
of Dallas, Houston, San Antonio, and  
Fort Worth, would have only 30  
representatives in the legislature  
against 120 from the rest of the  
state. In other words these four  
counties have one-fifth the popula-  
tion of the state and would have one-  
fifth the representation in the legis-  
lature. If these thirty members  
were able to control the entire legis-  
lature in the interest of these cities  
it would not be because of their su-  
perior numbers but because of their  
superior abilities.

Besides, who ever heard of Fort  
Worth and Dallas ever pulling to-  
gether on any proposition? Or Dal-  
las and Houston? Or Houston and  
San Antonio? What common inter-  
ests have these cities as against the  
rest of the state? There may be  
minor matters in which they might  
find it to their advantage to pool  
interests against the rest of the  
state, but we are persuaded that if  
they should attempt such a program  
on a broad or extended scale, the  
rest of the state would whip them  
to a frazzle.

This pretended fear of the power  
of the cities is the sheerest kind of  
camouflage. It is a smoke screen  
which politicians from East Texas  
and other parts of the state have  
thrown out in order to keep them-  
selves entrenched in office and power.  
In the meantime West Texas is being  
made the goat.

After that constitutional amend-  
ment curbing the power of the cities  
shall have been adopted—if it is  
adopted—those East Texas political  
coyotes will still be hungry for power,  
they will still want to hold on to  
their jobs, and our prediction is  
that West Texans will still find it  
difficult to get a fair redistricting  
bill passed. With no intention to  
criticize any one, yet it is our opinion  
that West Texans in the legislature  
should have enough sand in their  
craw to stand up and fight for the  
rights of West Texas. Until they  
begin to do so, we will continue to  
be the mere doormat for those East  
Texans to wipe their feet on.

It looks like Roosevelt were going  
to gradually pull this country out of  
the depression. All he needs is just a  
little more rope and a little more  
time. He does not seem to have made  
a bauble so far—except as to the  
liquor question. Every act of his has  
met with general favor, both from  
the business interests and from the  
masses of the common people. At  
least he has inspired confidence and  
this is half the battle.

President Roosevelt has recently  
given evidence that he intends to  
make tariff adjustments that will be  
satisfactory to European countries  
and to scale down the war debts in  
consonance with reason and justice  
and thus bring about friendlier rela-  
tions with the great commercial na-  
tions of the world. These loans were  
made when cotton was worth 30 or  
40 cents per pound and when wheat  
was worth \$2.00 and \$3.00 per bushel,  
and the loans were made largely in  
commodities. We have contended for  
a long time that it would be unjust  
for us to demand our pound of flesh.  
This demand has been one of the fac-  
tors that hampered our markets and  
hindered the return of prosperity.  
President Roosevelt is using common  
sense.

This April was one of the windiest,  
driest, coolest Aprils we have had in  
many years. The elements seem to  
have been at incessant war, and West  
Texas has pulled off some of the  
most successful sandstorms recently  
in her whole history. But West Tex-  
as never does anything on a small  
scale. Now for bumper crops—or for  
a magnificent drouth.

**Opinions  
Of Our  
Readers**

Lynn County News:

Some days ago I noticed an editor-  
ial in your paper pertaining to re-  
districting our state all the way  
from congressional districts down to  
the representative districts and I  
would like to state my views on this  
question.

When coming to Austin I had in  
mind this one thing, to do my best  
to help redistrict the state in a fair  
way for our section. We have so far  
been able to redistrict the congress-  
sional districts and my opinion is  
that it will be very satisfactory to  
the people of the state. We also had  
a bill introduced to redistrict the sen-  
atorial districts of the state. This  
bill was so poorly arranged, being  
drafted for a selfish motive where  
two or three might create a district  
with expectations of later on making  
the race for the Senate, that it failed  
to meet the approval of either  
House. The one thing that I was  
most directly interested in was to  
redistrict for representative pur-  
poses, realizing that my district, the  
119th, had a large area of our sec-  
tion of the state and also has over  
one hundred thousand people living  
in the district. I began working on  
this, but I soon learned that there  
was not a chance to pass a bill on  
the basis of population at the present  
time, and the last time the state  
was redistricted for representa-  
tive purposes was on population  
basis; and according to the 1930 cen-  
sus, divided by 150 members of the  
legislature, would make approximat-  
ely 37,000; therefore, we would be  
entitled to almost three in the 119th  
district. But when I began to make  
this survey of the House in regard  
to this matter, I found that all of  
the larger counties and smaller  
counties in East Texas and Central  
Texas, were opposed to redistricting  
on a population basis. Their conten-  
tions were that the large counties,  
like Dallas county, Bexar, Harris,  
Tarrant and others, would carry a  
great number of representatives and  
would be unfair to the rest of the  
districts; therefore, on that basis,  
would soon have full control of the  
entire state, which you will readily  
agree that would not be best for the  
people at large.

On a new survey on a population  
basis would give Harris County  
about nine representatives; Dallas  
county nine; Bexar County nine;  
Tarrant County possibly seven; and  
with the hope of gaining some of  
the other counties they could put  
over anything that they wished, with  
all due respect to the representatives  
from the large cities. Invariably, at  
this time, they have selfish motives,  
always favoring the city. So I found  
that would be an impossibility. Then  
we went to work and I had some  
part in arranging this Constitutional  
Amendment and will have a bill be-  
fore the people of the state in the

## Music Week Will Be Observed Here

Tahoka will have its first observance of National Music Week beginning, as it does annually, on the first Sunday in May, under the auspices of the Tahoka Music Club.

The citizenship of the entire town and community is cordially urged to co-operate in every way and is invited to share every part of the week's program.

The Hon. Secretary of the Treasury, Wm. H. Woodin, in the latest "Estate" magazine calls music "one of the most enjoyable and useful things in life," and concludes a most interesting article with the statement that "music is needed now more than ever before."

It is hoped that the nation-wide observance of Music Week will bring a measure of happiness and new courage to the American people and everyone is asked to throw himself wholeheartedly into the business of "music of some sort" all next week.

A part of the Music Club's plans for the week are as follows: Special music in Sunday school and church services and at mid-week hour (including hymn study); participation in chapel programs at the public schools; music carried to some of those who are continually shut in and transportation to public services for those who are elderly or otherwise unable to attend; and the following three special programs which the general public—everyone—is urged to share.

On Sunday afternoon, May 7, at 4:00 o'clock, there will be a "Hymn Sing" at the M. E. Church. All who can sing or enjoy hearing others come and enjoy that hour of old, familiar music. Again, on Monday night, at 8:15 o'clock, if you will help to make it so, there will be another "community sing" at the Baptist church. Come and request your favorite hymn, any old fashioned tune, or any of the good songs that America sings today, and help to make it an inspiring "get-together."

At the American Legion Hall on Thursday night, May 11, from 8:00 until 10:00, the Music Club will hold "open house." They want to register at least two hundred guests throughout the evening. There will be four short musical programs beginning at 8:15 with but brief intermissions, and punch will be served as the guests come and go, making way for others. Talent from both the Senior and Junior music clubs and the co-operation of other local talent should make this an evening of delightful musical fellowship. Come and bring your friends at whichever hour best suits your convenience.

While not under the direction of the Music Club as are the above observances, the Fine Arts recital at the High School on Friday night will undoubtedly deserve a large place in the week's program of music.

May not the whole community work together to insure the enjoyment of this first and many future Music Week celebrations.

If those who desire transportation to any of these meetings, either the church or the social "services," telephone No. 6 or No. 225, we will try to arrange for your attendance.

The Lynn County News can still be had for \$1.50 per year—52 issues.

### Why Get Up Nights? Make This 25c Test

This easy bladder physic is needed to drive out impurities and excess acids which cause irritation that results in leg pains, backache, burning and getting up nights. BUCKETS, the bladder physic, containing buchu, juniper oil etc. works on the bladder pleasantly and effectively, similar to castor oil on the bowels. Get a 25c box (5 grain size) from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep. Sold by Thomas Bros. Drug Co. B-38

### DRAW 4-H CLUB ACTIVE, REPORTS ON WORK

The Draw 4-H Club girls met on Wednesday, April 19, at the school house. Those present were: Misses Beatrice Sherrill, Lucille Cox, Anna Belle Garnett, Elizabeth Keetche, Etha Mae Sherrill, Myrna Hester, Fay Jackson, Sybil Pirtle, Reva Veach, Ruth Smith, Eunice Olson, Inez Stinnett, Edna Walters, Marie Veach, Neva McDaniel, Opal Cox, our sponsor, Mrs. Helen Gasaway, and Miss El Flada Harrison, our county demonstration agent.

Our president, Miss Edna Walters, appointed Misses Myrna Hester, Fay Jackson, and Elizabeth Keetche as the membership committee with Miss Hester as chairman.

Miss Harrison gave a very interesting demonstration on mitered corners and decorative stitches. Before the meeting was over each girl understood well how to hemstitch. Each girl hemstitched a hem in a small piece of cloth.

To hemstitch, first draw out about four threads from the piece of material. The number depends on the closeness of the weave in the cloth. Then baste your hem in, straight by the threads which you have drawn out. Then taking a small needle with should be threaded with about the same size of the threads in the material. Then pull the thread thru from the under side of the hem onto the outside and take two small over-casting stitches. Then run your needle under four or five threads and then loop back over the threads,

this time catch the hem at the very edge. Keep up this same process and you can easily hemstitch.

To make a mitered corner in the hem get your hem pressed down then cut angling across the corner. Stitch this together on wrong side, turning to the right side you have your neat mitered corner. Miss Harrison said: "Never double a corner over making it four thicknesses through, it is too cumbersome."

Each girl enjoyed this demonstration and we are all anxious to start on our dresser scarfs so we can use the hemstitching.

### How Cardui Helps Women

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat.

Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected.

Take Cardui to give you a better appetite, to give you more strength from the food you eat—to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardui.

## Old Fort Belknap, Once Scene Of Much Activity, Is Now Used As A Pig-Sty

Newcastle, Texas—Fort Belknap, once the gateway to the western frontier, has fallen before the onslaught of hogs and spiders.

In 1851 the fort was built to repel the raids of Indian savages. Now hogs roll on the floor of its arsenal. Spider webs veil its masonry. A cotton patch creeps up to its very door.

Citizens of Newcastle are hopeful of recapturing the fort and of restoring the noted military post. But at present the hogs hold the victory.

The fort was named for General William G. Belknap, who died the same year it was founded. In 1853 all federal forces from Fort Worth were centered there for Indian skirmishes.

During the birth of a nation various flags floated from its mast. General D. E. Twiggs surrendered it and all other military posts to Texas during the Civil War. It was re-occupied

in 1865 when the Texas military department was re-established. In September, 1867, its flag was hauled down for the last time, and the fort abandoned.

Today Fort Belknap is little more than a pile of stones and rotting wood. The roof is nearly gone from the magazine. A hole has been knocked in its wall. The old arsenal is a pig-sty. Only three miles to the east the hole dug by General Robert E. Lee in search of water is filled with rubbish. A tree grows from the bottom.

But Newcastle residents have written Congressman W. D. McDonald and asked if federal assistance can be obtained in restoring what was once the back door of civilization.

## New Home

## How She Lost 18 Pounds Of Fat FOR LESS THAN \$1.00

"Will say in regards to Kruschen: I took it to reduce. I lost 18 pounds after using one bottle and feel fine. Just bought one more bottle today and expect to lose 18 more pounds. I now weigh 148 and feel fine." Mrs. Harry Robinson, Akron, Ohio (Jan. 6, 1933).

Once a day take Kruschen Salts—one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but demand and get Kruschen and if one bottle doesn't joyfully please you—money back. W4

## Locals

Mr. and Mrs. John Stokes returned last Thursday from Bangs in Brown county, where they spent the winter. They were accompanied to Tahoka by Mrs. Stokes' brother, E. H. Allcorn, who remained until Tuesday of this week. Mrs. Stokes says she greatly enjoyed the visits of the News while she was away but Mr. Allcorn says that she missed one copy by reason whereof her spirit was sorely vexed and that for a whole week she refused to be comforted. Truly the News is a very present help in time of trouble to those who are away from home.

Edgar Hays, who was Linotype operator for the Lynn County News a couple of years and was later a printer for the Moody Courier, is now connected with the United States Army Post at Fort Sill, Oklahoma, as a printer in the army printing office, according to the Moody Courier. Mr. Hays has many friends in Tahoka to whom this item of news will be of interest.

Fred Barker attended the district bankers convention which met in regular session at Lamesa last Friday. About all Fred can report concerning the proceedings is the magnificent luncheon that was served by the ladies of Lamesa in the basement of the Methodist Church at the noon hour. Fred is always long on luncheons.

"Uncle Jack" Morgan of Rule is visiting his son, Ed Morgan, of the Magnolia community. Mr. Morgan, who is 81, is well known to many Lynn county people, having visited here a number of times.

W. T. Strasner and little son of Boise City, Oklahoma, spent Tuesday night and Wednesday here visiting the former's sisters, Mrs. G. M. Reid and Mrs. M. O. Canaday.

Prof. and Mrs. Taylor White of Odessa were here Saturday—the guests of Mr. and Mrs. Verner Smith. Mr. White declares he is enjoying most excellent health, following an operation for appendicitis about a month ago which kept him out of the school room just one week.

George Hogan Jr. was able to come to town Monday for the first time in about three weeks, having been confined to his room by a severe attack of rheumatism. He was able to walk to town Wednesday. His many friends are glad to note his improvement.

Mrs. Pledger Coleman is visiting her parents in Ballinger, called there last week by the serious illness of her father, who is suffering from cancer of the stomach or other internal organs.

The condition of Mrs. J. H. Holloway is said to be very grave. Mrs. Holloway has been suffering for some time from cancer.

MAKE PRIZE WINNERS**

Levelland—An example of what good breeding over a period of years will produce was set forth in results obtained by Dick Alexander, 4-H club boy of Levelland in his 1932 calf feeding operations. Grand champion, second in senior class, and third in junior class at the county show, 2 sevenths and an eighth in the senior class, and 5 blue ribbons in a class of 5 bred by one boy at the Lubbock show, were the honors taken by the 7 calves fed by this club boy under the supervision of W. T. Magee, county agent. These calves were fed 190 days, gaining 1.9 pounds per day at a feed cost of 3 cents per pound. They were sold at the Lubbock sale at a profit of \$92.75. Six of the calves were from the purebred herd of Herefords in the southern part of the county owned by Lem McClellan.

**PHEBE K. WARNER CLUB  
MET LAST FRIDAY**

"Irish Dramatists" was the topic for discussion at a meeting of the Phebe K. Warner Club Friday afternoon at the club house.

Those present answered the roll call by giving some fact about Yeats and Synge. "The Land of Heart's Desire" was reviewed by Mrs. L. E. Turrentine, and "Riders of the Sea" was reviewed by Mrs. M. C. Finch. Mrs. H. B. Howell gave a criticism of the plays written by these authors after which a poem, "Highland Mary," by Robert Burns, was read by Mrs. A. B. Swan.

Mrs. Larkin Weathers, the delegate to Hereford for the district convention, gave a very interesting report of the meeting, stressing the fact that this club was the only club in the district sponsoring two junior clubs.

The next meeting will be May 12, when the junior clubs are asked to take part in the celebration of the club's birthday by presenting the library with a new book.

**PHEBE K. WARNER JUNIOR  
CLUB MET WITH MRS. TAYLOR**

The Phebe K. Warner Junior Club was entertained by Mrs. James Taylor on Wednesday, April 27, at the local club room. Beautiful spring flowers gave a festive air to the room.

A very interesting program was as follows: Club creed, Mrs. Clinton; club motto, Mrs. W. S. Taylor; parliamentary rules, Mrs. McCord; Things to Remember, Mrs. Harrison. Following the program, Mrs. Daniel Davis told of her recent trip to Hereford to the Texas Federated Club convention. Everyone enjoyed this because Mrs. Davis gave such an interesting account of the convention.

Delicious punch and cakes were served to the following: Meses. Daniel Davis, Harley Wells, K. F. Knight, A. M. Daniels, James Clinton, Homer Harrison, H. B. McCord, Olan Killian, A. P. Edwards, Lee E. King, W. S. Taylor, and the hostess, James Taylor.

**Three Lakes**

Lloyd Jeffries spent the week end at home.

Quite a few attended the birthday dinner at the home of T. M. Ellis Sr. Sunday in honor of Mrs. Ellis.

Miss Irene Jordan of O'Donnell spent the week end with her sister, Mrs. J. A. Edwards.

C. J. Edwards of O'Donnell spent the week end with his children, Wright, Carroll, and John Edwards.

Mr. and Mrs. J. N. Jeffries have returned from Oklahoma, where they have been visiting for several days. Wilson Edwards, who returned from the sanitarium last week, is doing nicely.

With 85 hotel size canners and automatic sealers ordered for community canning, Cass county is going in for living at home on a big scale. Neat log houses with board roofs are under construction for housing the equipment. The movement is led by county farm and home agents with the cooperation of business men, vocational teachers, and local civic organizations.

**PRESBYTERIAN SERVICES**

The meeting of the Presbytery and Presbyterial at El Paso was well attended, and all reports from the churches fine. There was a net gain in membership among the churches of 848. Offerings to Missions were \$5,000, and to other benevolent causes, while not as good as last year, was most commendable. All churches and fields are supplied. The work of the Women's Auxiliaries was most gratifying and commendable for these depression times in our church work. With good cheer and hopefulness, El Paso Presbytery, of which the Tahoka Church is a member presses on in its work for another great and good year in evangelism and missions at home and abroad. The dominant note of the meeting was prayer and evangelism. Preaching services second Sunday morning and night by Rev. Johnston. Morning service, "The Super Grace for Church Life." Special music. Subject at night, "The New Church for the New Era." Let us have a fine attendance at both services. I am just from the funeral of my sister's husband at Texarkana this week. And thanks for your help in the good work that has its crowning day for us all. You are invited.

—W. K. Johnston, Pastor.

**MAKE SUGGESTIONS ON  
TILE CASTING AT HOME**

Mrs. Joe Poindexter, yard demonstrator of the New Home club, has found the best method of curing home-made drain tile is to sprinkle tile with water, using a clothes sprinkler, about two hours after tile is made, let it set twelve hours and then lay tile in the surface tank and let cure for two weeks.

H. C. Harter of the Magnolia community, yard demonstrator, has found that when the little pallet boards on which the concrete tile are laid are not available around the house, the ground may be smoothed with a board and the tile removed right on the dirt without the use of any pallet boards. This is done by turning the tile form, after it is filled with concrete, upside down on the ground, using no pallet boards. The turning is done before the pipe core or any part of the form is removed. It is, of course, not possible to move the tile for 12 hours.

Mr. Harter says if a pallet board is used it is necessary that they be thick enough not to warp when wet. This boards will warp and crack the tile. Mr. Harter's tile has cost him two-thirds of a cent per foot. He hauled sand from the breaks to use in making the tile.

**TAHOKA H. D. CLUB  
MEETS AT LEGION HALL**

The Tahoka H. D. Club met Wednesday at the American Legion Home. The subject discussed, "Know Your County," was very interesting. Mrs. G. M. Reid gave a report on the Women's Clubs trip to Austin, and we think this trip is going to be beneficial.

Those present were: Meses. Falkner, Canady, Reid, Fenton, Anglin, Jvells, Richardson, Connolly, Mullins, Cade, Knight, and two new members, Mrs. Shearer and Mrs. Willhoit, and one visitor, Mrs. Toby Kennedy.

Mr. and Mrs. O. P. Rutledge and daughter, Miss Ruth, of Floydada were guests Sunday of Mrs. Ramsey, Sam Ramsey, and Mr. and Mrs. R. P. Weathers. Mrs. Rutledge is a daughter of Mrs. Ramsey.

**Hester Bringing  
County Honors**

E. W. Hester returned Friday from Plainview with his herd of show stock, proudly bringing home a number of awards won by these animals at the Dairy Show last week.

This section is gratified over a record set this year by Buttercup, famous bull owned by Mr. Hester and known to every fancier of dairy stock. For the third consecutive year he has won first place, senior and grand championships, a record never equaled in the Southwest and only once, so far as we can learn, in the United States.

Beauty placed third in the two years and under three class, both in milk production and in type. Bonita in the 18 months and under two years, won second place; Little Leda placed sixth in the 12 months and under 18 months class; Volunteer placed second in the 6 months and under 12 months class; while White Heart placed sixth in the under six months class. Annie Belle brought next to top price in the auction, and the calf herd won fourth place in that division.

Apparently the day when cotton reigned supreme as king of the South Plains is coming to an end, and the cow, the sow, and the hen are pushing him over as they claim a place on his throne. At any rate, interest in dairy stock breeding has increased during the past five years until it has come to be one of the major industries of this section of the country.—O'Donnell Index.

**DUNN-EILERS CLICK IN  
SHOW, "SAILOR'S LUCK"**

James Dunn and Sally Eilers have climbed aboard another hit with their latest co-starring picture for Fox Film, "Sailor's Luck," which shows at English Theatre Sunday, Monday, and Tuesday. It is their fourth effort as a team, and a notable addition to their list of past successes together.

It is the story of a carefree sailor in the U. S. Navy, who, suddenly and greatly to his surprise, finds himself in love with one girl. Raoul Walsh, the director has taken this unusual situation and moulded a piece of entertainment that is carried along on the wings of hilarity.

Dunn and Miss Eilers give performances that reveal a complete understanding of the fun in the yarn. They are assisted by that practically imitable comic, Sammy Cohen, and a supporting cast that includes Frank Moran, Victor Jory, Esther Muir, Will Stanton, Curley Wright, Jerry Mandy, Lucien Littlefield, Buster Phelps and Frank Atkinson.

Work on 50 hooked rugs and mats has been started by Haskell county home demonstration club women, and there is talk of organizing a rug and mat association to further the marketing of old woollens and sacks through rugs.

### Nelson Cleans Up Dawson Docket

District Attorney G. H. Nelson reports that he and District Judge Gordon B. McGuire almost completely cleaned up the criminal docket at Lamesa last week, only two criminal cases being left on the docket. Twelve cases were disposed of.

Among the cases tried was the murder charge against J. A. Bonds of Brownfield, who was charged with the murder of J. C. White in Brownfield on April 5, 1931. This trial resulted in a conviction, the jury assessing the punishment at confinement in the penitentiary for a period of 20 years. It is believed that the defendant will accept the sentence.

Five burglary cases were tried, all the defendants being found guilty, the punishment being assessed at 2 to 3 1/2 years in the penitentiary, some of the sentences being suspended.

There were also five liquor cases. In one of these there was a "hung jury." In the others the defendants were found guilty and some of the sentences suspended.

One man was tried for the theft of a trailer. The defendant was found guilty and his punishment assessed at 7 1/2 years in the pen.

Next week will conclude the term at Lamesa. Judge McGuire and Mr. Nelson will then go to Seminole for a three weeks term and thence to Plains for a two weeks term. Court will adjourn there on June 17, and activities will not be resumed until the fourth Monday in August.

Mr. Nelson reports that ex-county attorney Herring, one of the men he convicted in January for the robbery of the Seagraves bank, has already been granted a ninety-day furlough by the governor and is enjoying his liberty.

#### CALL FIRE DEPARTMENT

The fire department was called out Wednesday morning to extinguish a small fire on the premises of W. T. Jones. Some small children had set some trash afire and this spread to an old truck bed and to a plank fence. A section of the fence was burned but the loss was only nominal.

### School Program At Petty Friday Night

A special feature of the school program to be given at Petty Friday night terminating this session of school will be the dedication of the new curtains recently installed in the school auditorium.

A set of beautiful curtains and stage scenery has been installed recently and the dedication ceremonies will be in honor of the business men of Tahoka and other places who through their advertising patronage made it possible for the school to install the new equipment.

A splendid program aside from this feature has been prepared and all visitors are promised rich entertainment. A very large crowd is expected to be in attendance.

The faculty the past year has consisted of Eugene Hancock, principal, and Misses Jewell McKiever and Leota Cavness as grade and primary teachers.

Rev. D. D. Johnson received a message Wednesday morning to the effect that Rev. Claude Allen, pastor of the Baptist Church at Westbrook in Mitchell county, died Tuesday. Funeral services were to be held there Wednesday afternoon. Rev. Allen had held pastorates in this section and was well known here. Many friends deeply regret his untimely death, for he was a young man.

### Farm Board Man In Lubbock Soon

Farm people of the South Plains will have an unusual opportunity to get the latest news on the "New Deal" in agriculture Saturday, May 13, at the district courtroom in Lubbock at 2:30 P. M. Farmer (C. S.) Brown, Ex-Cowboy of Arizona, perhaps the most picturesque figure in American agriculture today and coming direct from Washington, will bring to farmers and business men of this section an instructive message of deep concern to those interested in the welfare of agriculture.

Mr. Brown is field representative of the Federal Farm Board and the American Farm Bureau Federation. With the wit and humor of a Will Rogers and the earnestness of a man who knows he is fighting for a just cause, he tells his story in a way that is sure to be understood, and in a way that keeps his hearers smiling all the while. Former Governor Thomas E. Campbell of Arizona said: "Farmer Brown is the most effective dirt farmer speaker I have ever heard on the platform."

With 16 years of active service in farmer organizations, supported by practical experience as ranchman and farmer, Mr. Brown has won distinction as a speaker and thinker. He is now touring Texas speaking

at such points as Temple, San Antonio, Corpus Christi, Victoria, Brownwood, San Angelo, and Lubbock. While in Missouri it was difficult to secure meeting halls large enough to accommodate those who came to hear him. This is an opportunity for farmers of the South Plains and they can rest assured Mr. Brown will be worth hearing.

### Red Cross Receives Donations Of Work

We have received the following donations this week: C. A. Bailey, S. E. Key, J. L. Segroves, Fred Netherton, Roy Lee, Raymond Kilgore, and W. A. Manasco, each donated \$3.20 work on school house sidewalks.

This work was donated to the Red Cross by these men and we know that the work on the paving the sidewalks at the High School and Central Ward school was a good place to put this work, so that is what these men did. Many thanks to them. We need lard, home-made soap, bacon, if you have any to spare and wish to donate it.

B. P. Maddox, chairman Red Cross

A. C. Pool of Mt. Calm, Hill county, was here Tuesday and Wednesday visiting his brother-in-law, R. C. Wood, leaving today for Amarillo to visit a sick brother. Mr. Pool reports that it is dry in portions of Hill county.

R. Bosworth of the Magnolia community was a caller at the News office the first of the week and stated that he and his little son R. L. are planning to leave Monday for a visit with relatives near Birmingham, Alabama. Among others to be visited is a brother who was stricken with paralysis three years ago and whose condition has been growing steadily worse recently. Mr. Bosworth, who migrated from Alabama to Texas, has not visited the old home state in many years.
