## Seniors Will Here Dr. Knapp Of Tech

### SCHOOL ENDS FRIDAY NIGHT

Twenty-Nine Seniors Will Be Given Diplomas At Exercises Closing School

The final event of the 1932-33 session of the Tahoka public schools will occur next Friday night when the graduating exercises of the Senior Class are given, beginning promptly at 8:30 o'clock.

The address to the class will be delivered by Dr. Bradford Knapp, the new President of the Texas Technological College. Dr. Knapp is reputed to be a great thinker and a happy speaker, and since this will be the first opportunity of most of our people to hear him, his appearance on this occasion is expected to attract an unusually large audience.

There are twenty-nine members of the graduating class this year, twelve boys and seventeen girls, not quite as large as some recent classes but larger than most of those that have gone before. The graduates will be certified by Principal M. J. Weaver and the diplomas will be presented by J. K. Applewhite, president of the school board.

Kirk Pitts has been selected to give the Salutatory address, while Miss Marietta Montgomery will be the Valedictorian.

A duet by Misses Robbie Milliken and Claudia Draper, music by Miss Alice Weathers, and a song by the entire class are other numbers on the program.

### Seniors Present Class Day Program

The Senior Class Day program given in the high school auditorium Wednesday night was rather novel and unique.

The program opened with all the boys lounging in a frat club room, which was much disarranged and littered up. Finally one of the boys announced that he had invited the girls to be their guests that afternoon and the time for their arrival was almost at hand. Almost before the boys could hurriedly clean up the room the girls arrived, whereupon it was decided to render the class program.

James Applewhite delivered the welcome address, which was most cleverly done. Corbin Douthitt sang; Clinton Walker as historian gave a history of the class; Kirk Pitts, lawyer, read the class will; George Claud Wells rendered a saxophone number; and Billy Clinton acted as the class "grind", assiduously preparing for examinations. Charles Townes, as president of the class, presided.

Elnora Dulaney, as prophet, told the future of the members of the class; Claudia Draper, as Class Grumbler, read a neat little poem in which she registered her complaints; Robbie Milliken favored the auditors with a vocal solo; and Elizabeth Link, Class Donor, presented the school with a couple of chairs. The gift was accepted by Elwayne Redwine, vice-president of the Junior Class.

### Mrs. W. T. Barton Dies At Carlsbad

R. F. Barton, his mother Mrs. N. J. Barton, and his sister Mrs. R. E. Barnett, all residing near Tahoka, and another sister, Mrs. Ola Yandell of Henrietta, Oklahoma, who was visiting here, returned last Thursday night from Hobbs, New Mexico, to which place they had been called by the death of Mr. Barton's brother's wife, Mrs. W. T. Barton.

Mrs. Barton, 24, died in a sanitarium in Carlsbad following an operation for appendicitis on the preceding Sunday. Remains were brought back to her home at Hobbs for burial. The parents and two brothers of the deceased woman, who live in Nebraska, made the journey all the way from that state to attend the funeral, Mr. Barton says.

### SENIORS HEAR CLASS SERMON

Large Crowd Attended Program At High School Auditorium Sunday Morning

It was a great event in the lives of the twenty-nine members of the Senior Class of the Tahoka High School when, on last Sunday morning, in cap and gown, they marched slowly down the aisle of the high school auditorium to the seats of honor reserved for them, this being the beginning of the end of their respective careers as high school students.

The Baccalaureate discourse was delivered by Rev. Lawrence Hays, pastor of the First Baptist Church here. It was a most impressive message and was heard by the members of the class with marked attention. No doubt each of the members gathered inspiration and courage for the battles of life that they must fight after high school days are ended.

The entire program on this occasion, with J. B. Pace Jr. presiding, was impressive and beautiful. Appropriate numbers were rendered by the great choir, directed by R. E. Key, and accompanied by Mrs. J. K. Applewhite at the piano. Rev. H. C. Smith, pastor of the Methodist Church, pronounced the invocation and the scripture lesson was read by Judge W. E. Smith. There was a song by the Seventh Grade Choral Club and a vocal solo by Miss Robbie Milliken, a member of the Senior Class.

The solemn recessional, and the benediction by County Superintendent H. P. Caviness—and the first event of Commencement week had come to a close.

### Brownfield Man Accepts Sentence

J. A. Bonds of Brownfield, who was recently convicted and sentenced to twenty years in the penitentiary in the district court at Lamesa for the murder of one White at Brownfield about two years ago, has accepted his sentence, according to district attorney G. H. Nelson.

The trouble that resulted in the killing had a political background, it is said. Since Bonds and his attorney have decided not to appeal the case, it is the surmise of district attorney G. H. Nelson that Bonds will soon make application for a pardon or a parole.

### Shook And Crie Buy New Mexico Land

Charles Shook and H. C. Crie returned Monday from a business trip to Albuquerque, New Mexico.

While there they purchased a tract of 16 acres of irrigated land lying along the bank of the Rio Grande River. They expect to move upon the land within a few days. They will proceed immediately to improve it, including the erection of a nice home.

The land, they say, is exceedingly rich and will produce a great variety of products in abundance. They expect to make alfalfa their principal crop, however. They plan to plant a small orchard, which, within a few years, will yield enormous crops of apples.

Mr. Shook says that the little tract which they purchased adjoins part of the land recently purchased by Mrs. Ruth Hanna McCormick, late political leader in Illinois, who has removed to New Mexico and is buying up much land and other property in that state.

## Rains Spotted, But Drouth Is Ended; .96 Inch Falls Here

### BLANCO THEFT SOLVED HERE

Johnson City Sheriff Claims Goods Recovered From Lackley And Clifton

The sheriff at Johnson City, Blanco county, was here Sunday and took back with him quite a quantity of clothing and other merchandise, one rifle and three .23 calibre targets which Sheriff B. L. Parker and other officers recovered from the car of two men, Lackley and Clifton by name, shortly after one of the men had been killed here by Sheriff Parker while resisting arrest a few months ago.

The merchandise delivered to the Johnson City sheriff had been stolen from a mercantile establishment in that city a short time prior to the tragedy here. The two men drove into Tahoka with a trailer load of chickens, it will be remembered, and undertook to dispose of them at a local produce house. Mr. Parker and City Marshal Milt Finch appeared on the scene and after interrogating the two men decided to detain them. One of the men went after his gun and was shot to death by the sheriff. Several guns and quite a quantity of stolen goods were taken from their car. It soon developed that the two men were wanted in several different counties for burglary and theft. Clifton was booked for trial at Muleshoe this week on a burglary charge pending there, the case having been set for Monday.

### Planning Rabbit Drive Near Here

There will be a big rabbit drive at Tahoka Lake next Tuesday, May 23, according to M. L. James and G. H. Spears, who reside in that vicinity.

It is the plan to meet at 10 o'clock a. m. at Tahoka Lake and drive west. There are said to be many rabbits in that vicinity and many men are expected to participate in the drive.

Those going out from Tahoka should go up the Lubbock highway six miles and then turn east two miles in order to avoid sandy roads. The Wilson road paralleling the railway is said to be impassible in places on account of recent grading.

### Mothers Program At Baptist Church

A large congregation enjoyed the Mothers Day program given at the Baptist Church last Sunday evening.

A musical program with "Mother" as the central theme was rendered. Features of this program were a solo by Mrs. B. M. Hays and a quartet by Mes. Wells, Nelson, Durham, and Caviness.

The pastor's sermon was a discussion of the problems and the opportunities of the modern mother.

### RECEIVES MEDAL

Pearlie D. Rogers, who won first place in declamation in the ward school division at the district inter-scholastic league meet held in Lubbock a few weeks ago, just recently received her gold medal in token of her success. Pearlie D. is one of the finest pupils in the Tahoka schools and her family and friends are proud of the honors she has won.

### Church Of Christ Revival Closes

Our Spring meeting came to a close Tuesday night with fine interest. The results were very gratifying. There were thirty confessions of faults and reconsecrations, five baptisms, and eight to take membership. Wife and I were made very happy because our only son obeyed the gospel.

Services will be held next Lord's Day as usual, preaching morning and evening. Come with us and we will do thee good.—R. P. Drennon.

### More Trouble At Dance Hall

Hostilities broke out again at the dance hall here last Thursday night, when a Tahoka boy and a Brownfield boy engaged in a fist fight just outside the building. It is understood that the trouble had its origin inside. These two paid a fine in the city court for fighting.

Another young man from Brownfield had some part in the fracas also. When Sheriff B. L. Parker undertook to quell him he made an attack on the sheriff but Parker was too quick for him. He landed on the young fellow's cranium with his pistol. Then Milt Finch, city marshal, assisted the sheriff in taking the belligerent youth to jail. Upon reaching the jail the prisoner made an assault on Finch and Finch used his fist to repel the attack, since which time he has had a badly swollen hand. This fellow was locked up and on Saturday paid a fine for drunkenness.

### Fishermen Bring In The Evidence

A party of fishermen consisting of county commissioner L. M. Nordyke and W. L. Tunnell of Midway, Jim Kennedy of New Lynn, and Wes Greer of Grassland returned Tuesday afternoon from a fishing trip down on the Pecos, near its mouth, and they brought back the evidence that they know how it is done. They landed in Tahoka with 65 pounds of fish, the two largest weighing sixteen pounds each. They say that their entire catch weighed more than 100 pounds.

Mr. Nordyke says that Mr. Tunnell, although 68 years of age, disported himself like a kid climbing a bluff 300 feet high with his full quota of fish without even stopping to catch his breath.

The party visited Del Rio and also crossed over into old Mexico. Mr. Tunnell says this is the first time he was ever out of the United States.

### Make Improvements At Local Cemetery

A new tower, three feet higher than the old one, has been built for the water tank in the cemetery this week, since the old tower had almost rotted down and the tank was about to fall.

It is necessary to keep a sexton employed at the cemetery to take proper care of it and this entails some expense. If any who are indebted to the Cemetery Association for a lot or for dues can pay the same or any part thereof at this time, it will be much appreciated, the officials say. Don Bradley is the secretary and treasurer.

### Maurice Small Buys O. A. Luallin Station

Maurice Small has purchased from Ovid Luallin the Conoco Filling Station and took charge the first of the week.

Mr. Luallin will do mechanical work. After he and his family take a brief visit in New Mexico a little later, a mechanic's shop will be erected in the rear of the filling station. He is already doing mechanical work, however.

### SOME DAMAGE DONE BY HAIL

First Moisture Since February Snow Boon To Crop Prospects; Ready For Planting

The first rain for several weeks fell over Lynn county Wednesday afternoon and night, the precipitation ranging from very light showers in many localities to almost an inch in and around Tahoka.

The rain in Tahoka was accompanied by heavy hail, which stripped trees, rose bushes, and shrubbery of much of their foliage, ruined a few automobile tops, and did slight damage to roofs. Light showers fell in the afternoon, registering .34 of an inch in Tahoka, but the heavy rainfall and hail came about sunset and for thirty minutes thereafter. It is possible that the total precipitation here was a little heavier than that indicated by the rain gauge, since it is doubtful if the hail could be accurately measured. The total precipitation here measured .96 of an inch.

Good rains are reported from Midway, Draw, Edith and Dixie communities, but it was very light at Redwine, Grassland, New Home, and many other localities. Wilson and O'Donnell each reported a fairly good rain. At Post in Garza county, a very heavy rain is reported, but it was light over much of the territory between Tahoka and post. In fact, the rainfall throughout this entire section of the state seems to have been very "spotted," heavy in a few localities but light over most of the territory.

Farmers in much of the territory surrounding Tahoka and in some other localities in the county may now begin planting, but unless more rain falls today it is not thought that the moisture is sufficient to justify planting in the major portion of the county.

This is the first precipitation of any consequence since February. Snows and showers during that month brought about .88 of an inch of moisture. In January the fall was .04, March none, and April .05. The total precipitation this year up to Wednesday, therefore, amounted to only .97 of an inch.

### More Pardons Given Criminals

The following clemency proclamations have been issued by Governor Miriam A. Ferguson since we published the list last week.

May 11: Conditional pardons were given A. V. Breeland of Ellis county, convicted in May, 1932, for assault to murder and sentenced to five years in the penitentiary; and to Claude Spicer, convicted in McLennan County of burglary and murder in March, 1932, and sentenced to seven years in the penitentiary.

On the same date general paroles were issued to Avie Mae Henderson, Pecos county, convicted of murder in January, 1931, and sentenced to 20 years in the penitentiary; and to Wesley Dodd, Red River and Bowie counties, convicted of burglary and felony theft in October, 1931, and given seven years in the penitentiary.

May 16: A full pardon was granted to Bill Pinkerton, convicted in Erath county in June, 1922, of murder and sentenced to 25 years in the penitentiary.

On the same date conditional pardons were granted to Jack Clayton, Hunt county, convicted in November, 1928, of robbery with firearms and sentenced to 99 years in the penitentiary; and to Kenneth Lonsinger, Knox county, convicted of burglary in June, 1932, and given two years in the penitentiary.

## Methodist Pastor Talks On 'Mothers'

A beautiful sermon on "Mothers" was heard at the Methodist church Sunday night. Rev. Smith was at his best in his treatment of that theme, paying the tribute so well deserved to mothers of both yesterday and today and yet bringing a very modern and practical lesson to the mothers of today and of the future.

A special feature of the program was a Mothers' Day poem given by Elbert Boullion Jr. Frank Sargent's solo, Burleigh's "Little Mother of Mine," sung with unusual interpretative ability, was much enjoyed.

The feature of the church school period was a mixed quartet "Songs Our Mothers Sang," sung by Mmes. Bucy and Carmack and Messrs. Bucy and Weaver. The morning session was adjourned for the High School baccalaureate sermon.

A splendid talk on "Evangelism" was the "high-light" of the mid-week program. It was given by Brother Smith, and a solo by Mrs. Layne Moreland was the musical offering.

The pulpit and choir loft have been enlarged and remodeled to much advantage in accommodating the recently augmented choir. Come out Sunday and inspect the change.

How about two hundred and fifty in church school Sunday morning? Will you be one? and bring one?—Reporter.

## Music Recital Is Enjoyed By Many

Both the music pupils and the dancing pupils acquitted themselves exceedingly well.

Mrs. W. S. Taylor and Mrs. K. R. Durham sang a duet and Olga Fayo Taylor gave a reading. It was then disclosed that the caller at the door had left not only the gifts for Mrs. Banks but also loads of pink and blue things for Mrs. Willoughby.

Punch was served from the dining table which was decorated with a lace cloth and sweet peas. About twenty guests enjoyed the occasion.

## Weather Prophets Go Into Hiding

(Written Before Rain)

There are mighty few weather prophets in Tahoka this week. At least they refuse to talk while the News man is hanging around.

B. R. Tate, however, is game. He unhesitatingly told our weather reporter Tuesday that he had a good rain scheduled for May 24 or 25, which will be Wednesday or Thursday of next week.

Furthermore, it was currently reported on the streets that Sam Reid had been making some forecasts. He also opined that it would rain next week.

Everybody Wednesday morning declared that the big dew in evidence that morning was a good omen but nobody was willing to be quoted.

Another thing. The News weather man saw a terrapin out crawling around Tuesday morning. They claim that a terrapin is never fooled by the weather. When he is seized by the wander-lust and takes to the open highways, they say that is a sure sign of rain. It might have been just the coming big dew Wednesday morning, however, that put this terrapin to wandering.

But as for us, we believe that terrapins are better weather prophets than most men, especially Tahoka men.

Miss Lou Woosley is undoubtedly the best weather prophet in town. She predicted without equivocation or reservation Wednesday morning that it would rain before night and immediately after noon she repeated the prediction. And it rained.

## Anyone May Have A Pretty Yard

"A small amount of money and a heap of energy will give any home a pretty yard," declared Mr. J. T. Owens, yard improvement demonstrator of Edith community. Following a planting plan drawn by the home demonstration agent, Miss El Fleda Harrison, Mr. Owens has planted a lawn, laid flagstone walks, and planted permanent shrubs around the foundation of the house. A tamarix hedge is planted to screen undesirable views. Mr. Owens has transplanted successfully many native shrubs from the breaks and has started a screen planting of the native cedar. He has also started a windbreak Chinese elm trees. Later evergreens are to be planted in the windbreak.

This was one of the seven yards scored in the scoring of the first year's accomplishments of the yard improvement demonstrators and placed second.

## Pattern Making Aid To Woman

"I've cut the sleeves-out of all of my old dresses and refitted them, using my foundation pattern. Now I can wear them with some comfort," says Mrs. Claude Conway, wardrobe demonstrator of the Tahoka Home Demonstration club.

This, reports Miss El Fleda Harrison, home demonstration agent of Lynn county, is one of the many interesting results of a pattern school held in the county in February by Mrs. Dora R. Barnes, Extension Service Clothing Specialist, during which wardrobe demonstrators of the county were given special instructions on making individually fitted patterns. In turn these demonstrators carried the instructions to their respective clubs, and each reported one or more patterns made during their club meetings.

## "WASHINGTON MERRY-GO-ROUND" IS COMING HERE

"Daring expose," "ruthless," "fearless," "frank," are a few of the words used by preview critics in describing Columbia's forceful political picture, "Washington Merry-Go-Round." English Theatre fans are going to get a chance to form their own opinions when the picture shows here Sunday, Monday, and Tuesday.

The story is a screen original by Maxwell Anderson, directed by James Cruze and featuring Lee Tracy and Constance Cummings, and is said to throw a revealing spotlight on the invisible government that binds and gags our lawmakers in Washington. Alan Dinehart has received no end of praise for his strong portrayal of a difficult 'heavy' character. Walter Connolly, Frank Sheridan, Ernie Woods, Clay Clement and Arthus Vinton are others in the cast.

Dr. Ann West of Wilson reports that she returned early this week from Fort Worth, where she attended the annual convention of the State Medical Association. While there she attended a banquet given by Baylor Alumni and had the privilege of hearing Dr. E. H. Cary, president of the National Medical Association.

The entire program was greatly enjoyed.

Miss Marie Tredway, a nurse in the Lubbock Sanitarium, visited her father, Porter Tredway, and family here Sunday.

The Club's color scheme of pink and white was carried out in the appointments. Throughout the house a profusion of sweetpeas were used. In the dining room, pink and white sweetpeas intermingled with fern centered the table, where a white lace and filet cloth overlaid a pink cloth. ## T-BAR 4-H CLUB GIRLS MET THURSDAY, MAY 11

"Cut is the thing in any model, and two points to be remembered are to retain every line of the original model from which the pattern is cut and to give punctilious attention to the chart and to the grain of the goods," said Miss El Fleda Harrison, home demonstration agent in her demonstration on clothing construction to the 4-H club girls of T-Bar Thursday, May 11.

"A beginner has been known to wonder why a sleeve twists on the arm, why a skirt hangs awry, without realizing that she has disregarded the line of perforations that indicate the straight of the goods on the pattern. Watch the grain of the goods," Miss Harrison emphasized. Seventy per cent of the girls in

our club have completed their quilt protector and pillow protectors. One hundred per cent have dresses ready to make and are anxious to get them finished. Minnie Faye McMillan is bedroom demonstrator, Hattie Boals is wardrobe demonstrator, and Johnnie Edwards is garden demonstrator. Dearborn, Mich.

May 9, 1933.

A great thing has occurred amongst us. We have made a complete turn-around, and at last America's face is toward the future.

Three years---1929 to 1932---we Americans looked backward. All our old financial and political machinery was geared to pull us out of the depression by the same door through which we entered. We thought it simply a case of going back the way we came. It failed. We now realize that the way out is forward---through it.

Thanks for that belongs to President Roosevelt. Inauguration Day he turned the Ship of State around. Having observed the failure of sincere efforts to haul us back the way we came, he designed a new method---new political and financial machinery---to pull us out the way we are going---forward. He is clearing international obstacles out of the way; he does not stand in awe of tariffs. The people begin to feel that he does not take advice from the "interests"; that he has courage and loyalty to work for one supreme interest only---the welfare of the American people. That is a big achievement for two months in office.

And now we all look to what is coming; we grow less and less concerned with what is behind. We are looking for a hand-hold on the haul rope. Every man wants to do what he can, and all he can.

The best thing I can do for the Country is to create industry by building good motor cars. If I knew anything better to do, I would do it. Industry must be my contribution. Motor cars must face ahead to the future, like everything else. They are so much a part of the Nation's daily life that if they lag behind they hold the Country back.

### Paroled Robber Is Again In Jail

Sheriff Frank Kuykendall returned Monday from Santo, Texas, having in custody O. M. Herring, who about three months ago was convicted in Terry county district court on a charge in connection with the robbery of the First State Bank of Seagraves.

When arraigned at this trial he first pleaded not guilty, later changed to a plea of guilty, and was given a fourteen day sentence. A few days later he was carried to Hunts-

ville to begin his term. He was there less than ninety days when he was seen at Seagraves again. No one in this section knew of a ninety day parole that had been granted Herring.

We are informed that when District Attorney Nelson learned of Herring's freedom he immediately demanded his arrest on one of three other indictments returned against him at a meeting of the last grand jury.

We are informed that when Herring was arrested he was at the home of his parents in Santo, also that Herring was making preparations to open a law office at Stephen-

ville, presumably under the impression that he was a free man.

In connection with this case, Elmer Slaughter was also given a ten year sentence, and is supposed to be serving his time, however, he may be out so far as citizens in this section know. His mother was here the past week with a petition asking that he be given a pardon. We are told that a few signatures were secured here.—Seminole Sentinel.

Two hundred names of local people have been signed to a petition asking Governor Ferguson to rescind her act of clemency to O. M. Herring. Similar petitions being circulated in Brownfield and Seminole have around a hundred names.

The Governor is also being asked not to grant clemency to Elmer Slaughter or Jodie Edwards, other principals in the robbery case.—Gaines County News (Seagraves).

### New Lynn

The Baptist meeting that has been in progress here for the last week came to a close Sunday morning. Rev. M. E. Robinson of Lamesa, pastor of the church was in charge of the preaching services, while Miss Maurine Jones, permanent choir director, conducted the song services. Many splendid messages were heard and all were blessed by the meeting. The regular summer meeting will be held in August, it was learned.

Rev. Hamilton Wright of Southland, pastor of the Methodist church, will fill his regular appointment here Sunday. Rev. Wright recently held a successful meeting here with many conversions. The public is cordially invited to attend both morning and evening services.

Since our last report, some four or five weeks ago, there has been a number of appendicitis operations, Mr. H. F. Giles, Mrs. Boyde Kelton, both at Lubbock Sanitarium; Mr. Jerrell Chesser, Luther Baker, and Grady Meeks, at the Mercy Hospital at Slaton. All these victims are rapidly recovering.

Rev. W. P. Bussell, who has been in a serious condition due to an attack of acute indigestion a few days ago, is slowly recovering. We sincerely hope him a speedy recovery.

Mr. and Mrs. A. J. Meeks and Mr. Perry Meeks, a son, were visiting in the Seagraves vicinity last week, where they were transacting business.

Mr. Jack Caveness returned last week from East Texas, where he had been visiting for some time.

The 1932-33 school term came to a close here Friday when patrons of the community gathered at the canyons with basket lunches for a big feast at the noon hour in order to express to the school faculty their appreciation of the splendid work of the year.

Friday evening short plays and the graduating exercises were held. Those receiving diplomas were: Lee Roy Baker, Velma Fay Gray, and Virgil Carter. All Events were greatly enjoyed by large crowds.

Mrs. Ira B. Krebs, and children of Tahoka, who have been visiting with Mr. and Mrs. C. W. Krebs, returned home Saturday.

The singing class recently received a shipment of fifty new "Harbor Bells No. 2" song books. The class will resume their regular practice Saturday night, after postponement

for the Spring revivals. All are invited to visit our class.

Rev. Lee Roy Baker, accompanied by Horace G. Krebs, left here Sunday morning for Hackberry, where the Reverend filled his regular appointment at the church. From there they motored to Southland, attending the evening services there.

Welcome to our singing Saturday night!—Reporter.

### How She Lost 29 Pounds In 3 Months

"I am using your Kruschen Salts to reduce and I've used a bottle and a half and dieted some and lost 29 pounds in three months. I feel so much better and intend to keep on taking the Salts as I was almost 50 pounds overweight." Mrs. Thelma Gravely, Roseville, Calif. (January 11, 1933).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning. A jar that lasts 4 weeks costs but a trifle at any drug store in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.
