## County Is Drenched By Excellent Rains

### CROP PLANTING MADE POSSIBLE

1.84 Inches Received In Tahoka; All Of County Received Moisture To Plant On

Drenching rains fell throughout Lynn county Wednesday afternoon and night, and the entire South Plains seems to have been covered. In the major portion of the county this was the first rainfall sufficient to justify planting this Spring, though the entire northeast quarter of the county received heavy rainfall a week ago.

Showers began falling here early Wednesday morning, but the real show did not begin until after noon. The rain came in several installments, each seemingly a little heavier than the preceding one. By six o'clock in the afternoon the precipitation amounted to 1.54 inches and a light shower during the night increased this to 1.84.

O'Donnell and Wilson each received heavy rains, the precipitation at Wilson being heavier than it was here while at O'Donnell it was a little lighter. Draw in the southeastern corner of the county reported a rainfall of about 1.75 inches, while New Home in the northwest section reported about an inch. Grassland near the east line reported 1.50 inches while the estimated fall at West Point near the west line was between two and three inches. About

## Negro Charged With Car Theft

A negro named Arch White residing in the Wells community is being sought by officers for the theft of two automobile casings and a generator belonging to D. J. Balch and a lot of bed clothing and women's apparel belonging to other negroes residing on the Balch farm.

White absconded Monday night, leaving in a car which had not been paid for.

## Sunday Methodist "Red Letter" Day

Last Sunday was a "red letter" day on the Methodist church calendar of recent months. At 11:00 o'clock Rev. Smith delivered a wonderful sermon, the story of the miraculous prison delivery being the setting for the text: "What shall I do to be saved?" The evening's text was a most inspiring one, being the boy Samuel's answer to the voice of God: "Speak, Lord, for Thy servant heareth."

The individual music feature for the two services, respectively, were a voice number "His Eye Is On The Sparrow," beautifully sung by Mrs. Harold Edwards and a piano solo, Adams' "Holy City" played by Mrs. Lola Donaldson Thomas. Both were much enjoyed. In addition to these, a splendid choir entirely filled the newly enlarged loft at both hours and furnished some fine music. Several orchestral pieces also, were added and will possibly be a regular feature of the musical program. At night, a chorus of about forty juniors led by Mrs. Frank Hill, contributed several numbers. Also, a tiny soloist, Winston Redwine—and these, too, will be heard again.

Adult Supt. J. B. Pace, Jr., gave a splendid talk on "God's Beauties in Nature" in the church school worship period following the prelude "Fantasie Impromptu" Op. 66, by Chopin.

Let everyone try to raise the attendance mark again Sunday. Keep it climbing toward a really worthwhile and not-at-all impossible goal. Please come on time—9:45 A. M.—Reporter.

### ANNOUNCES RECITAL

Mrs. J. K. Applewhite will present her piano pupils in recital at the high school auditorium Friday night, May 26, at 8:30 o'clock. Everyone most cordially invited.

## Resists Arrest. Knocked In Head

Three stitches were required to close a wound on the scalp of Ernest Kinslow sustained Friday at the hands of H. H. Hackler, a deputy sheriff, at a school entertainment at Midway.

Kinslow is said to have been misbehaving inside the building, when the officer called him out and requested that he either cease his misbehavior or remain outside the building. Kinslow started back into the house when the officer caught him and he resisted. In the melee that followed the officer struck him on the head with a pistol, inflicting the wound as above described.

He was brought to Tahoka for surgical treatment.

## KNAPP HEARD BY 29 SENIORS

Final Exercises Of 1932-33 Session Of Schools. Held Friday; Award Diplomas

As forecast in these columns last week, twenty-nine graduates received their diplomas from the Tahoka High School last Friday night, the list of graduates being certified by Principal M. J. Weaver and the diplomas being presented by J. K. Applewhite, president of the school board.

Kirk Pitts was the saluator and Miss Marietta Montgomery the valedictorian of the class. Misses Robbin Milliken and Claudia Draper, members of the class, favored the audience with a duet with Mrs. J. K. Applewhite as piano accompanist. The class song, beautifully rendered, was the last number on the program.

The address to the class was delivered by Dr. Bradford Knapp, president of Texas Technological College. Dr. Knapp spoke for about forty-five minutes, his address being one of the best ever heard here on a similar occasion. It was filled with wisdom and every-day common sense and was greatly enjoyed not only by the members of the class but by the entire audience.

The closing exercises for the gram-

## Preacher Skins All Other Prophets

According to information that has been pouring into the News office since the publication of our issue last week, Rev. H. C. Smith of the Methodist Church is undoubtedly the best weather prophet in Tahoka.

Early Wednesday morning and several times through the day, he prophesied that it would rain in Tahoka between four and five o'clock that afternoon, we are told. There were no conditions nor reservations attached to the prophecy or to the hour that the rain would come. And the first rain came between four and five o'clock, just as he had predicted.

But, if anybody should possess the gift of prophecy we guess that a preacher ought to.

## Lakeview School Closes Year's Work

County Superintendent H. P. Caviness, tax assessor A. I. Thomas, and Judge W. E. Smith and family attended the festivities at Lakeview Friday, the occasion being the closing of school. There was dinner on the ground and several baseball games during the day. All report a most excellent time.

Superintendent Caviness was to have addressed the school Wednesday night but was prevented by the rain and hall which visited Tahoka. Dean Gordon of Tech addressed the graduating class on Thursday night, when the diplomas were awarded.

Lakeview has had four teachers during the past year, J. W. Adams being the superintendent.

## R. N. HENDRIX PASSES AWAY

Aged Magnolia Citizen Died Early Wednesday; Buried At Southland Today

R. N. Hendrix, 80, died about 1 o'clock Wednesday morning at the residence of his son-in-law and daughter, Mr. and Mrs. J. E. Morgan, in the Magnolia community. The immediate cause of death was heart trouble, from which deceased had been suffering for some time. He had been under the care of a physician the past two weeks and death was not unexpected.

The remains were to be buried in the cemetery at Southland this afternoon. Funeral services were to be conducted by Elder D. W. Reed of Magnolia either at the Morgan home or at the cemetery.

Mr. Hendrix was a native Texan. He was born over in East Texas December 27, 1852. He lived for many years in Hill county, and from there he moved with his family to Munday in 1902 and continued to reside there and at Rule until 1915, when he removed to Lynn county. He had been a resident of this county therefore more than 17 years.

Mr. Hendrix leaves surviving him his aged companion and six children, as follows: T. A. Hendrix of Big Spring, Mrs. J. E. Morgan of Magnolia, Elijah Hendrix of Childress, Mrs. Jim Price of Childress, Mrs. Nard McGregor of Malakoff, and E. J. Hendrix of Big Spring, all of whom were present at the funeral.

Mr. Hendrix had been a member of the Baptist Church for many years; He was a man of positive convictions and outspoken in the expression of his opinions. He was a good citizen and had many friends, who regret his demise and sympathize with the bereaved family.

## Teacher Charged Of Pistol Carrying

A complaint and information were filed in the county court here Tuesday by County Attorney Trust Smith charging O. P. Ellis with unlawfully carrying a pistol.

Ellis has been principal of the school at Gordon the past year. He is said to have displayed a pistol in a threatening manner at a baseball game near the Gordon school building Monday afternoon and to have threatened violence against some of the school patrons. The trouble is said to have arisen over the personnel of the faculty for the ensuing year, Ellis' wife having been one of the teachers the past year and having been re-elected.

The case will probably be tried at an early date in the county court.

## Church of Christ Adds Six Members

Last Lord's Day was another banner day with us. Six were added to the congregation.

We are hoping and praying that many more souls may be saved before the revival spirit dies out.

I will preach in Terry county next Sunday morning and here at night.

Come to the church where you are a stranger but once.—D. P. Drennon.

## Tate And King Work 86 Horses And 12 Planters In Farming 3,000 Acres

Bob Tate and Ben King are farming on a big scale again this year—bigger than ever. They own and have under lease almost 3,000 acres of land which they will plant in cotton and feed, mostly cotton.

On one of their farms, two miles west of town, they had seven double-row planters running Tuesday, planting cotton, when the News man ran out to view the operations. Seven double-row planters, each drawn by six big horses and mules, all in one field, made a busy scene. One man was kept busy filling the planters with seed. That was his job, and the seven men running the planters never left their seats. Each of these planters would plant almost twenty acres per day, Messrs. Tate and King estimated.

Altogether these gentlemen have twelve planting outfits with a total of 86 head of horses and mules. Five

## DEATH COMES TO MRS LEMOND

Prominent Draw Woman Died At Home Friday After Illness Of Long Duration

Mrs. J. N. LeMond, prominent citizen and for many years an active leader in the Draw community, died at her home last Friday. The remains were laid to rest in the Draw cemetery, Rev. J. N. Hester, Draw Methodist pastor, assisted by Rev. H. C. Smith of Tahoka, officiating.

Mrs. LeMond was reared at Georgetown, Texas, and was thrice married to J. N. LeMond July 13, 1882. In July of 1932, Mr. and Mrs. LeMond celebrated their golden wedding anniversary.

She is survived by her husband, seven children, two brothers, and two sisters. The surviving children are: Mrs. A. Z. Sewell, Draw; Jas. N. LeMond, Gladewater; Guy LeMond, Snyder; Grady LeMond, Draw; Tom LeMond, Tahoka; Claud LeMond, Dallas; and Roy LeMond, Draw.

Mrs. LeMond came to Lynn county with her husband in 1906. For the past year she has been in ill health. Prior to this she was most active in the upbuilding of the Draw community.

Her friends were numbered by the people she knew and the entire host are united in their grief for this good neighbor.

Mrs. LeMond was converted and joined the Methodist church in early life. She was a charter member of the Draw church and was one of the faithful few who helped organize and build up this church. Her life was made so beautiful by her work with our Master, and her Christian influence with her friends was nothing less than a miracle.—Contributed.

## New Ordinance On Dance Halls

Counsel for Hall Robinson this week filed with Judge Gordon B. McGuire of Lamesa an application for an injunction to restrain the officers and city officials of Tahoka from enforcing the ordinance passed last week prohibiting the operation of a dance hall within the corporate limits of the town. The application was set for hearing Friday.

Anticipating an unfavorable decision, the council met in called session Tuesday afternoon and passed a new ordinance, which is published elsewhere in this paper. This ordinance undertakes to declare all dance halls situated within the fire limits of the city as a fire hazard and as unlawful. Whether any action will be taken to resist the enforcement of this ordinance by Mr. Robinson is not at this time known.

## Dr. Johnston Will Be Here Sunday

Dr. W. K. Johnston, pastor of the local Presbyterian Church, will fill the pulpit here Sunday morning and night, May 28th, and again on the second Sunday in June, the News is asked to announce by J. L. Heare.

Next Sunday is not the regular preaching day here, but due to a revival in progress in another one of Bro. Johnston's churches, he will be able to come to Tahoka.

## Deputy Sheriff Kills Two Men In Fight

### Tahoka Leads Baseball Loop

Tahoka's ball team won its fourth straight victory last Sunday afternoon when it defeated Slaton on the local diamond by a score of 11 to 5. Tahoka has not lost a game this season and still leads in the South Plains League.

On the preceding Sunday Tahoka won over Amherst in that city, the score being 5 to 3. Tahoka will play the Enochs team at Enochs next Sunday. Enochs is an inland town situated in Bailey county near the south line, 17 miles north of Morton. The two following Sundays it will play Levelland and Morton.

Tahoka is the only team in the league that has not lost a game and whose per cent is yet 1,000.

## TABERNACLE IS BEING RAZED

City Landmark, Declared A Hazard, Is Being Removed From Park This Week

The old City Tabernacle that has adorned (?) the City Park for many years was this week torn down and the lumber removed to be used elsewhere, under orders of the city council. Much of the lumber will be used in recovering the City's water storage tanks.

It was decided to remove this old landmark because apparently there was danger of its being blown down during some high wind with possible damage to other city property or injury to some person.

This tabernacle was built as a private enterprise. Messrs. Knight & Brashear, who were engaged in the mercantile business here, constructed it in 1916 or 1917 as a shed for a wagon yard to accommodate those who might come to Tahoka to market and to purchase supplies. Later they sold it and finally it became the property of Don Hatchett. In 1922, according to Dr. J. S. Singleton, who was mayor at that time, it was purchased by the City. A few months later the remainder of the entire block was purchased and the whole tract converted into a

## Dark Skins Win Over Brownfield

Early Lee Lawson, captain of Tahoka's negro ball team, came into the News office early Monday morning all pepped up. His team had won another game. They defeated Brownfield on the Brownfield diamond Sunday afternoon to the tune of 9 to 8. The Tahoka team has won two games and lost two, thus far this season, so it's a fifty-fifty proposition.

"We're not a-goin' to lose another game dis whole summer," Early declared, as a broad smile played over his face and displayed two long rows of white shining teeth. "No, suh, we's a-goin' to win everything from here on out."

## Simmons Quartet Coming Sunday

The pastor will preach Sunday morning on "Overshadowing Clouds." Sunday evening the subject will be "The Carnal Mind or Enmity Against God."

Sunday School meets at 9:45. B. T. S. meets at 7:45 P. M.

The male quartet from Simmons University, Abilene, will present a program at the church in connection with the B. T. S. zone meeting Sunday afternoon at 3 o'clock. The quartet is noted in West Texas for its splendid programs and our people will want to give the boys a good hearing. Every one is invited to attend the meeting and hear the program.

Mrs. Aubrey Thomas and little daughter of Lamesa are here visiting her parents, Mrs. and Mrs. J. D. Donaldson, for a few weeks.

## BESTS ATTACK OFFICER, SHOT

Deputy John Johnson Shot Brothers During Fight Near Lamesa Wednesday

Berry O. (Bunk) Best, 30, and his brother, Grady Best, 33, both fatally wounded on the his brother, Grady Best, 33, were of Lamesa early Wednesday afternoon, and John Johnson of O'Donnell, deputy sheriff of Lynn county, surrendered to Sheriff Gus White in the court house in Lamesa a short time thereafter. He was placed in jail and a murder charge filed against him.

The Best brothers were taken hurriedly to the Dunn Hospital in Lamesa immediately following the shooting. Bunk Best died a few minutes after reaching the hospital. Grady Best died in the hospital several hours later.

Sheriff B. L. Parker of Tahoka was in O'Donnell at the time of the shooting he called District Attorney G. H. Nelson and hurried to Lamesa. Nelson also rushed to Lamesa to investigate the tragedy.

The Best brothers resided about two and half miles south of O'Donnell.

## Burglar Caught By Deputy Sheriff

A young man giving his name as Jim Brooks is in jail here with a bullet wound in the calf of his leg, charged with the burglary of a store and the Phillips gasoline warehouse in O'Donnell Sunday night and with the theft of a car in Shawnee, Oklahoma, a few days ago.

Deputy Sheriff John Johnson detected Brooks and a companion in the act of burglarizing the store. He succeeded in capturing Brooks but his companion escaped. Johnson told Brooks to the steering wheel of his car and then went to search for the man who had run away. Failing to find the fugitive he returned to his car only to find that Brooks had torn the steering wheel off and also escaped. He then called sheriff B. L. Parker, who went down to assist his deputy in the search for the two men.

In the late hours of the night Parker and Johnson heard a man whistling at the Gulf Filling Station as if trying to signal a companion. It was there that they captured Brooks and later brought him to jail. He had been wounded by one of the officers while trying to escape.

On the same night the car of Lee Baldridge, local manager of the Higginbotham-Bartlett Lumber Company, was stolen, and it is believed that Brooks' companion is the man who took the car and made his escape in it.

Brooks and companion were in possession of a car that had been stolen recently from a Catholic priest in Shawnee, Oklahoma, and the two men are wanted in that state for the theft.

## Rats Are Killed On Several Farms

Several communities of Lynn county availed themselves of the services of J. M. Hill, rat-killing expert, who a couple of weeks ago offered to assist any community desiring his help in directing a rat-killing campaign.

The county furnishes the poison at small cost to farmers and landowners who are bothered with rats. There are doubtless many farmers in the county who could get profit by entering this rat-killing campaign. We heard of one farmer residing near O'Donnell who has a sow that recently brought a litter of pigs and the rats killed them. At least that is the report that was given to the News.

**WHO WILL BE THE NEXT  
GOVERNOR?**

The politically wise ones are now predicting that the Fergusons will not seek the governorship next year. Recent events give much credence to this suggestion. The Fergusons have failed to put over any of their major objectives since going to Austin this time. They have been check-mated and defeated on every proposition—the sales tax, a five-member highway commission to be appointed by them and at the end of two years elected by the people, the creation of a separate oil and gas commission, these powers to be taken from the present railway commission—all these and other Ferguson proposals have been mercilessly squelched in the legislature. Whether they expect to run for some other office or quit the drive entirely is a matter of conjecture. At any rate, the indications are that they will not run for governor and it is believed that they will lend their support to Coke Stevenson, Speaker of the House of Representatives.

A boom for Stevenson was launched in the House last week. It seems that he has made a very astute and popular Speaker. His friends say that he knows how to get things done without arousing personal animosities; that he has the happy faculty of winning and retaining the friendship even of those who oppose him. Stevenson is a West Texan, his home being at Junction. He is a lawyer and a ranchman and when at home divides his time between the court room and the saddle.

It also seems certain that Jimmie Allred, attorney general, will be a candidate for governor. Allred is serving his second term as attorney general. He has shown courage and ability in the performance of his duties and has hosts of admirers throughout the state. He too possesses a pleasing personality and is a wonderful campaigner. Jimmie All-

red will be a formidable candidate in any man's race.

Tom Hunter announced immediately following the election last year that he would be a candidate again in 1934, and he has been running ever since. Hunter made a remarkable race last year, surprising many even of his best friends. Whether he will be crowded out next year by his fellow-townsmen, Jimmie Allred, remains yet to be seen.

There has been some talk of both Clint Small of Amarillo and Walter Woodward of Coleman, but it is the general opinion that both of them have been shelved by the other West Texas aspirants.

But not all the candidates will be from West Texas. It is generally conceded that Edgar E. Witt of Waco will be a candidate, and some say that the Fergusons will not be at all hostile to him. There may be a candidate from Dallas, one from Houston, and one from East Texas. Who knows?

In any event we will have plenty of occasion to use our poll tax receipts next year.

Now that we have a new congressional district on the South Plains, we must soon bid Marvin Jones farewell as our Representative in Congress. That is the fly in the ointment. We are loath to part with him. He has been an able, patriotic, and faithful Representative. By study and devotion to duty, he has become one of the most useful members of that body. As chairman of the House Agriculture committee, he exercises such power and influence in Congress as is enjoyed by few of his fellow congressmen. He possesses such knowledge of agriculture and its needs, has such a fund of common sense, and almost invariably exercises such sound judgment that he has won the profound respect and admiration of all his peers. We appreciate Marvin Jones and regret to lose him as our Congressman. Nevertheless, we were entitled to an additional district and are glad that we now have it. May we select a strong man to go to Washington.

For generations we Democrats have been talking loud and long against the centralization of power in Washington. Oodles of Democratic oratory have been unleashed against one-man rule. Then at the last election we elected our man to the Presidency and proceeded immediately, at his request, to give him far more power than was ever given any other President in time of peace. We have almost made him a dictator. But it is all right. He is delivering the goods, and we are not complaining. We are just calling attention to the fact that the old doctrine of "states rights" is just about dead. We scarcely ever invoke it except in behalf of the liquor traffic or some such evil. Isn't that the truth, folks?

Friendly critics protest our putting into the Ford V-8 what they call "twenty-year steel." They say such quality is not necessary; the public does not expect it; and that the public does not know the difference anyway.

**But I know the difference.**

I know that the car a man sees is not the car he drives—he drives the car which the engineer sees. The car which is seen, comprises beauty of design, color and attractive accessories,—all desirable, of course. The best evidence that we think so is that they are all found on the Ford V-8.

But these are not the car. The car proper, which is the basis of all the rest, is the type of engine and its reliability; the structure of chassis and body, ruggedly durable; the long thought and experiment given to safety factors; the steady development of comfort, convenience and economy. These make the car.

A car can be built that will last two or three years. But we have never built one. We want the basic material of our car to be as dependable the day it is discarded as the day it is bought. Ford cars built 15 years ago are still on the road. It costs more to build a durable car—but two items we do not skimp are cost and conscience. A great many things could "get by"—the public would never know the difference. But we would know.

The new Ford V-8 is a car that I endorse without any hesitancy. I know what is in it. I trust our whole thirty years' reputation with it. It is even better than our previous V-8. It is larger, more rugged and mechanically a better job all round.

I readily say this in an advertisement because I know the car will back it up.

## Johnson Is Held For Best Murder

(Continued from first page)

nell. One of their neighbors, Dalton Barnhart, living about two miles further east, came to O'Donnell Wednesday and asked deputy sheriff John Johnson to take him to Lamesa, proposing to pay the gasoline bill. It is understood that it was his intention to file a complaint against one of the Bests, claiming that Best had in his possession a yearling which belonged to him. Johnson consented to go and the two men left O'Donnell in Johnson's car. On the highway two miles north of Lamesa they met Grady and Bunk Best, Hazel Hancock, their nephew, and Lee Davis in a car coming north. The two cars stopped and the trouble followed.

Two different versions of the trouble have been given. One version is that the Best brothers got out of their car and after some heated words they assaulted Barnhart. Then they approached Johnson and were about to undertake to drag him out of the car when Johnson fired, two shots being discharged.

Hancock, 22, nephew of the Bests, is quoted as saying that when the cars stopped the Bests got out of their car to talk to Barnhart and Johnson, that the Bests and Barnhart seemed to be arguing, possibly over the calf that Barnhart had lost, that he, Hancock, got out of the car and put his hands on Berry (Bunk) Best, asking him to stop the argument; that Johnson drew his gun and the Bests said "Don't shoot" that Bunk Best had his hands across his chest and that Grady had his hands in the air when Johnson fired two shots; that Johnson then told him to "take those boys to town," and that he, Hancock, carried them to the hospital.

Johnson was reared at Gail in Borden county but removed to O'Donnell several years ago. He has been serving as deputy sheriff a little more than two years under sheriff B. L. Parker.

## GRADY BEST NOT DEAD YET; BOND IS SET

(Later)

In telephone conversation between John Bulman, deputy sheriff here, and Jap Randalls, deputy sheriff at Lamesa, shortly after 5 o'clock this (Thursday) afternoon, Randalls told Bulman that Grady Best was still alive at that time. Information given over the telephone to Sheriff B. L. Parker on Wednesday night to the effect that Grady had died in the sanitarium in Lamesa was error, hence the erroneous statement to that effect on the first page of this paper.

Randalls also informed Bulman that the examining trial in the court of A. B. Cooper, justice of the peace at Lamesa, had been held Thursday afternoon and that Johnson's bond had been set in one case charging the murder of Berry O. (Bunk) Best, at \$7,500; that a complaint of assault to murder Grady Best had been filed against Johnson and that his bond in this case had been set at \$2,000.

nell several years ago. He has been serving as deputy sheriff a little more than two years under sheriff B. L. Parker.

The Bests have resided in the O'Donnell territory for many years and are well known to a number of Tahoka citizens. Bunk left a wife and four children surviving him, while Grady has a wife and three children. Funeral services were expected to be held at the Hancock cemetery at 3:30 o'clock this afternoon.

## 29-FOOT AUTO CYLINDER SHOWN AT CHICAGO FAIR

One of the world's largest automobile cylinders is displayed at the Century of Progress in Chicago, Illinois. Measuring 29 feet in height, this huge moving exhibit represents one of the many features of the Gulf Refining Company's display. In the cylinder a large piston operates, showing, with the aid of lights, intake and exhaust and emphasizing the fact that "fresh gas packs power."

Made of aluminum alloy, the Gulf cylinder is an exact copy of the modern cylinder. At the base of this display three shelves rotate. The shelves hold interesting miniature models of an airplane, a racing car, and a motor boat.

## PLAN STUDY COURSE AT BAPTIST CHURCH

The Training Service of the Baptist Church will engage in a study course beginning next Monday night and closing the following Friday night. Four courses will be taught, one each for the adult, senior, intermediate, and Junior Unions, respectively. The intermission period each evening will be varied and of an inspirational nature. The pastor of the O'Donnell church will speak at one of these periods and the new pastor of the Wilson church at another. The climax of this series of meetings will be reached in an enthusiastic program Friday evening.

While all of the present membership of the Training Service is expected to take part in this study course, yet the attendance is not limited to them but many others who are not regular attendants in any of the unions are invited and urged to participate. The courses of study offered will be exceedingly interesting and profitable to anyone who loves the Lord and His cause. Let's make a special effort to honor our Lord next week by putting our best into these meetings.—General Director.

## Tire prices may never be so Low again!

GOODYEAR certainly makes it worth while for you to put money in tires now. Your dollars never bought tires to equal the quality, the safety, the mileage which Goodyear is today building in every tire wearing the Goodyear name—

And because Goodyear now concentrates on two main lines of tires—a real saving in costs is passed on to you.

Look at the present prices of the world's most popular tire, the Goodyear All-Weather—and the prices of the thrifty Goodyear Pathfinder—and you'll certainly agree, it's smart to buy Goodyears NOW—while prices are still down close to bottom, and your money buys more than it may ever buy again.

In addition to a bunch of fine cows and a bunch of fine hogs, Judge and Mrs. Tom Garrard have a flock of forty head of sheep on their farm southeast of town. The Judge says that he had the flock sheared the other day and they netted 13½ pounds of wool each. The Garrards set out more than 500 trees on the place this spring and the Judge says he doesn't believe they will lose over five or six out of the entire number. They are undertaking to make this a model farm in every particular.

Mrs. N. A. Duncan, better known here as Mrs. "Deacon" Jones, now a resident of Cleburne, has been here the past several days looking after business matters and visiting friends. Mrs. Duncan is a subscriber to the News and says that she misses a number occasionally. When one fails to come she feels as if she had lost her best friend. She says that she greatly enjoys reading about Tahoka and her people every week. We'll try to do our part to get the paper to her hereafter.

Rev. H. C. Smith and son J. D. Smith of this city and Rev. H. L. Thurston of Wilson were business visitors to San Angelo Tuesday, returning to Tahoka Wednesday afternoon during the rain. It had been currently reported here on the streets that the two parsons had gone fishing but Brother Smith stoutly denied the charge upon his return.

A. L. Jones, father of W. C. Jones of Tahoka, is seriously ill in the Lubbock Sanitarium, suffering from ulcerated stomach. An operation was performed a few days ago with the hope of restoring him to health but the patient is still in a most serious condition. Mr. Jones was formerly engaged in the coal and grain business here.

Elsewhere in this paper is an item telling of the serious illness of J. B. Richardson of Levelland, father of R. L. Richardson of this city. Reports came to Tahoka Thursday morning that the aged man had died at some hour during the night. The remains are to be shipped to his former home at Sipe Springs for burial.

R. L. Richardson was called to Levelland Sunday by the serious illness of his aged father, J. B. Richardson, now 86 or 87 years of age. He is not expected to recover. Mr. Richardson formerly resided here and has many friends in Tahoka who regret that he is so seriously sick.

Dewey Nicholson returned Saturday night from a trip to Victoria. He started out with a truck load of silica products, which he sold, and on the return trip he brought to Tahoka the household goods of V. L. Cassel, who is moving his family to Tahoka.

H. C. Story left Wednesday morning for Wylie, Collin county, for a few days visit with his mother. His thirteen year old daughter, Ernestine, who is living with her grandmother, expects to accompany him back to Tahoka to spend the summer.

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained: (2) Any county having a population of sixty-two thousand (62,000) or more according to the ten last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, upon the specific limitations hereinafter provided. It further is provided that the Legislature, by a favorable vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposed hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favorable vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favorable majority of the votes cast within and a favorable majority of the votes cast without such collective

cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such effect shall have validity as against the State. No Charter provision may operate to impair the exemption from taxation as established by this Constitution, and the Statutes relating thereto.

"(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which may be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of all duties required in the conduct of the county affairs, subject to the limitations herein provided."

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any County Court. The District Attorney and County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees."

Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitution or by statute, define the duties thereof, make contracts for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save that no such Charter other than as hereinbefore authorized shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the County, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections, or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as the Charter provision adopted hereunder may in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts of the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter, so providing; and there shall be no liability by reason thereof."

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon."

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties."

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue, therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next af-

ter the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits."

"(5). Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and to provide appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for service, provided the standards therefor be not lower than those fixed by the General Laws of the State."

"(6). Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, the consent and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above listed clauses on such ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates."

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

"(7). No provision of this Constitution inconsistent with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favorable majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

### "EMMA," TENDER FAMILY DRAMA COMING TO ENGLISH

In "Emma," which shows at the  
English Theatre Sunday, Monday,  
and Tuesday, Marie Dressler gives  
to the screen another of those bril-  
liant dramatic characterizations which  
first surprised filmgoers when the  
deserted comedy to play Marjorie in  
"Anna Christie," and which in "Min  
and Bill" won her the Academy aw-  
ard for the outstanding perform-  
ance of the year.

Miss Dressler is given a unique  
dramatic situation in "Emma," and  
she handles it with all the skill, the  
sympathy and the adroit combina-  
tion of humor and pathos which au-  
diences have come to expect of this  
distinguished actress. The story places  
her as the housekeeper in the home  
of a millionaire inventor whose  
children have come to look upon  
Emma as a second mother. When,  
however, the millionaire marries her  
and she becomes their mother legal-  
ly, the children take a different  
view of the woman who has worked  
all her life for them.

### CITY ORDINANCE

An Ordinance Defining Dance Halls  
and Declaring the Same to be a  
Fire Hazard; Prohibiting the Op-  
eration of Dance Halls Within the  
Fire Limits of the City of Tahoka,  
Texas, for the Purpose of Safeguar-  
ding Against Calamities of Fire;  
Prohibiting the Use of or Main-  
tenance of Any Place for the  
Purpose of Operating a Dance Hall  
of Tahoka, Texas.

Be it ordained by the City Council  
of the City of Tahoka, Texas:

#### Article I

Section 1. Because of the close  
proximity of buildings within the  
fire limits of the city of Tahoka,  
Texas, containing merchandise; be-  
cause of the many gasoline and oil  
storage tanks within such fire limits  
used and maintained for the purpose  
of storing gasoline and oils, all of  
which are highly combustible; be-  
cause of the much smoking done by  
the general public where large  
crowds of people are gathered; and  
because of the large crowds of people  
who usually congregate at the dance  
halls, be it ordained that all dance  
halls, as defined in this ordinance,  
situated within or that may be here-  
after situated within the fire limits  
of the city of Tahoka, Texas, as the  
same is defined by the ordinances of  
said city, are hereby declared to be  
a fire hazard, and as such the same  
are hereby declared to be unlawful.

Section 2. For the purposes of this  
ordinance, any place situated within  
the fire limits of the city of Tahoka,  
Texas, at or in which people engage  
in dancing and where anything of  
value is paid, directly or indirectly,  
for admission to such place, and or  
for the privilege of dancing at such  
place, and for the expense of music  
furnished for such dancing, is  
hereby declared to be a dance hall.

Section 3. Any person who shall  
use, maintain and or operate and or  
be interested in the using, main-  
taining and or operating a dance  
hall, as that term is defined in Sec-  
tion No. 2 of this ordinance, within  
the fire limits of the City of Tahoka,  
Texas, shall be deemed guilty of a  
misdemeanor, and upon conviction  
thereof, shall be fined not less than  
twenty-five dollars nor more than  
one hundred dollars.

Section 4. Any person who, as the  
owner of any property and or as the  
agent of the owner of any property  
situated within the fire limits  
of the City of Tahoka, shall know-  
ingly permit the same to be used as  
a dance hall, as that term is defined  
in section No. 2 of this ordinance,  
shall be deemed guilty of a misde-  
meanor, and upon conviction thereof,  
shall be fined not less than twenty-  
five dollars nor more than one  
hundred dollars.

Section 5. That if any provision  
of this ordinance should be held and  
determined by any court of last re-  
sort to be invalid or unconstitutional,  
the remaining portions of this ordi-  
nance not so held to be invalid or  
unconstitutional shall be and remain  
in full force and effect.

Section 6. All ordinances and parts  
of ordinances in conflict with this  
ordinance are hereby repealed.

Section 7. That this ordinance shall  
take effect immediately from and  
after its final passage, approval and  
legal publication, and it is so ordered.

Finally passed and approved this  
the 23rd day of May, A. D. 1932.

C. H. CAIN, Mayor.

Attest: MRS. J. B. WALKER, City  
Secretary. 2tc

### CORRECTION

Last week in publishing an account  
of the recital given by the expression  
pupils of Miss O'Bea Forrester, we  
stated that some dancing numbers  
were given by the pupils of Mrs.  
Stephens of Lubbock. This was er-  
ror. They were the pupils of Lewis  
Walker of that city.

### OLD CITY TABERNACLE IS BEING TORN DOWN

(Cont'd. from first page)

A platform was built under the  
shed and seats provided by private  
subscription, and from that time till  
now it has been used by the churches  
and by the public generally for pub-  
lic meetings.

Many a revival has been held  
there, and also many a political rally.  
The most noteworthy of the latter  
type, perhaps, was that held during  
the hectic Presidential campaign of  
1928, when Senator Holbrook of Gal-  
veston and other Democrats spoke in  
behalf of Al Smith and Dr. J. Frank  
Norris of Fort Worth spoke for  
Hoover. The county fair was held  
on these grounds one year. There  
have also been held under its roof  
school, highway, and farmers' meet-  
ings, singing conventions, and a show  
or two.

Soon after this property was ac-  
quired by the City, funds were so-  
licited by John Donaldson and others  
with which trees were purchased and  
set out. This was the beginning of  
the beautiful park that now occupies  
this block.

For sentimental reasons, many  
Tahoka citizens feel a sense of re-  
gret that the old tabernacle had to  
be torn down, in spite of its dilapi-  
dated condition and its uncomely  
appearance. But such sacrifices must  
be made in the interest of progress.
