**"REMEMBER THE ALAMO!"**

Place the name of the senator  
from Wise county, Mr. Grady Wood-  
ruff, on your list of future "political  
possibilities." The note may come in  
handy if and when the ambitious  
gentleman from Decatur comes out  
here panhandling for votes as a can-  
didate for a state-wide office.

In the last 60 minutes of the sen-  
ate session Mr. Woodruff offered a  
resolution that graduate work be  
eliminated at Texas Tech.

Although properly squelched by a  
landslide of votes from his col-  
leagues, Mr. Woodruff should be re-  
membered out here.

We might want to do a favor for  
him sometime—Lubbock Journal.

Woodruff is one of the senators  
who sponsored the bill which had  
for its purpose the crippling of all  
state schools except the University  
of Texas and the A. & M. College.  
They sought to make giants of these  
two schools, especially the Univer-  
sity, and to make pigmies of the  
other state colleges.

They tried to fix it so that boys  
and girls living on the plains, in the  
north Panhandle, in the trans-Pecos  
country, and in every other part of  
the state would be compelled to go  
to Austin or College Station to get  
a degree from a state college.

Under their scheme, young men  
and young women residing in Tahoka,  
Lubbock, Plainview, Canyon  
Amarillo, Pampa, Spearman, Dal-  
hart, and all the intervening terri-  
tory, desiring to prepare themselves  
for teachers, would be compelled to  
go to Austin to do so—or enter some  
denominational college of the first  
class. Would that be fair to the boys  
and girls of this far-flung section of  
the state? Boys and girls who for  
any other reason might desire a col-  
lege education would likewise be  
compelled to go to Austin or College  
Station.

True, they did propose to leave the  
C. I. A. at Denton intact, but if  
they had succeeded or should yet  
succeed in their plans it would be  
only a matter of time until the C.  
I. A. too would fall under the blows  
of their iconoclastic axe.

Remember Grady Woodruff, folks,  
and Harry N. Graves. Remember the  
Alamo!

It is to be hoped that the vast sum  
of \$3,300,000,000 to be provided  
by the Federal Government for a na-  
tion-wide public works program will  
be wisely and economically spent.  
If so spent, it would not only con-  
tribute much to the return of pros-  
perity but it would mark a long step  
forward in the march of progress in  
this country. We consider it one of  
the most magnificent enterprises  
ever undertaken by any government  
in all the ages of mankind. Every  
precaution should be taken by those  
in authority to sacredly guard the  
expenditure of this vast sum.

**PALO DURO CANYON PARK**

Revived about a month ago by the  
announcement of the President's plan  
for the employment of 250,000 young  
men in reforestation and public park  
improvement work, swift work on  
the part of Hon. D. E. Colp, chair-  
man of the State Park Board,  
brought to reality the 30-year dream  
of making a State park in magnifi-  
cent Palo Duro Canyon.

Little did Col. Chas. Goodnight  
dream, when he took his wagon  
apart in November, 1876, and car-  
ried it and its load down the steep  
and rock-strewn walls of the canyon  
to the site of his ranch headquarters,  
that only a few years after his death  
an automobile highway through the  
depths of the canyon would make its  
awe-inspiring beauty visible to any  
who wish to view it.

Flood-waters which have hereto-  
fore roared through the canyon un-  
impeded will be caught behind a  
series of dams, already located by  
the board of water engineers, to  
make lakes for fishing and bathing.  
A thousand men will work for six  
months at these and other projects  
in the canyon that will make a public  
playground.

There will be a few, of course,  
who will scoff at the expenditure of  
government funds for "such foolish-  
ness" as the development of this  
great park. But it should not be for-  
gotten that, in the midst of this de-  
pression (we are wondering if we  
should not have written "THAT de-  
pression"), registrations in the na-  
tional and state parks of the nation  
exceeded in 1931 and 1932 those of  
any previous years. And wherever  
people go for even a modest vaca-  
tion, in the aggregate they leave a  
great deal of money behind them.

Panhandle people have always  
been too remote from playground  
areas. The development of the new  
parks and scenic drives will mean  
much to their recreational life. Palo  
Duro State Park, in due time, will  
attract tourists who will be able to  
find fishing, swimming, boating,  
mountain climbing, horseback riding  
trails and other vacation amuse-  
ments that they now must go two  
or three hundred miles further to  
find. Texans will soon have just  
cause for boasting about the State  
park—Clarendon News.

The News believes in the practice  
of economy in administering the af-  
fairs of the national, state, and local  
governments. Many useless bureaus  
and commissions should be abol-  
ished. Many positions should be dis-  
continued. The trouble with almost  
every movement made in this direc-  
tion is that it seeks to destroy too  
much of good along with the evil.  
The final outcome is that the whole  
movement is crushed. That was the  
trouble with the report of the so-  
called "Efficiency and Economy"  
committee that stirred up such a  
hornet's nest in this state. Many of  
the recommendations of this com-  
mittee should be adopted, but to  
adopt it in whole would be destruc-  
tive and unfair in the extreme. Wise  
men should work out a fair and  
just measure before the legislature  
convenes again, and in that event we  
believe that it would have smooth  
sailing in the legislature and among  
the people. The people are strictly in  
favor of economy and fairness.

**Get Up Nights?**

Make This 25c Test

Use this easy bladder physic to  
drive out impurities and excess acids  
which cause irritations that result in  
leg pains, backache, burning and get-  
ting up nights. BU-KETS, the blad-  
der physic, containing buchu, juniper  
oil, etc., works on the bladder pleas-  
antly and effectively, similar to cas-  
tor oil on the bowels. Get a 25c box  
(5-grain size) from your druggist. Af-  
ter four days, if not relieved of get-  
ting up nights go back and get your  
money. You are bound to feel better  
after this cleansing and you get your  
regular sleep. Sold by Thomas Bros.  
Drug Co. B-34.

Texas is to have a number of  
state parks to be improved by Fed-  
eral funds. The most ambitious of  
these will probably be the one in the  
Davis Mountains and the one in  
Palo Duro Canyon in Randall and  
Armstrong counties. These are real  
beauty spots which are destined to  
become the playgrounds for unnum-  
bered thousands not many years  
hence. All West Texas will soon be  
proud of these two great parks.

**Locals**

Prof. and Mrs. Alex Taylor, teach-  
ers at South Ward, had as their  
guests last week Prof. Taylor's  
mother, Mrs. A. Taylor of Childress,  
his brothers, R. L. Taylor of Nor-  
wood, Pennsylvania, and Charles  
Taylor of the West Texas State  
Teachers College at Canyon, and his  
sister, Miss Lillian Taylor of Dallas.  
All these and others met later in the  
week at the mother's home in Child-  
ress in a family reunion. Prof. and  
Mrs. Alex Taylor returned to Tahoka  
the first of the week.

Prof. and Mrs. A. B. Griffith ar-  
rived Tuesday from Alpine, where  
Mr. Griffith has been attending the  
Sul Ross College. Mr. Griffith has  
been elected principal at Midway  
next year and he and Mrs. Griffith  
will spend most of the summer  
there. Mrs. Griffith is a music teach-  
er. Glad to have these fine people  
with us. Mr. Griffith will probably  
contribute some articles to the News  
for publication occasionally.

Mrs. L. F. Craft and her sister,  
Miss Ruth Evans, arrived Monday to  
spend a few days with friends. Mrs.  
Craft is now residing in New Braun-  
fels and is much improved in health.  
Miss Evans teaches in a Lutheran  
college in Seguin.

Prof. Alex Taylor, principal of  
the South Ward school, received his  
B. A. degree at the Texas Techno-  
logical College on Monday of last  
week. He has been re-elected as  
principal at South Ward.

G. E. Hogan and son George spent  
a few days this week down at Co-  
manche visiting Mr. Hogan's aged  
mother.

District Attorney G. H. Nelson is  
in court at Plains this week.

**LOW PRICE CARS VS. CHEAP CARS**

We do not build a low-price car: the cost to us of building our car  
is pretty high.

But we do sell a high quality car at a low price.

Almost every new Ford V-8 car we have built so far this year, has cost  
more to manufacture than its selling price was. As you buy them at only \$490  
to \$610, we have to depend on increasing volume to make up the difference.

The reason for this is simple:—a manufacturer who gives good value  
must expect to lose money on the first cars he sells because he cannot  
charge all his costs to the people who are first to buy.

But with the purchaser it is different—he cannot afford to lose  
anything on a car. It must give him full value from the first, and keep  
on giving him full value for years.

Two things make possible our combination of low prices and high cost  
quality:

1. Volume Production.
2. Taking only one profit.

First, we set our price at what would be fair to the public on the basis  
of economies we enjoy in volume production. Then, in order to justify and  
maintain our low price we must get volume sales.

Thus it comes that a car which is really high-cost to make, is also  
low-cost to buy.

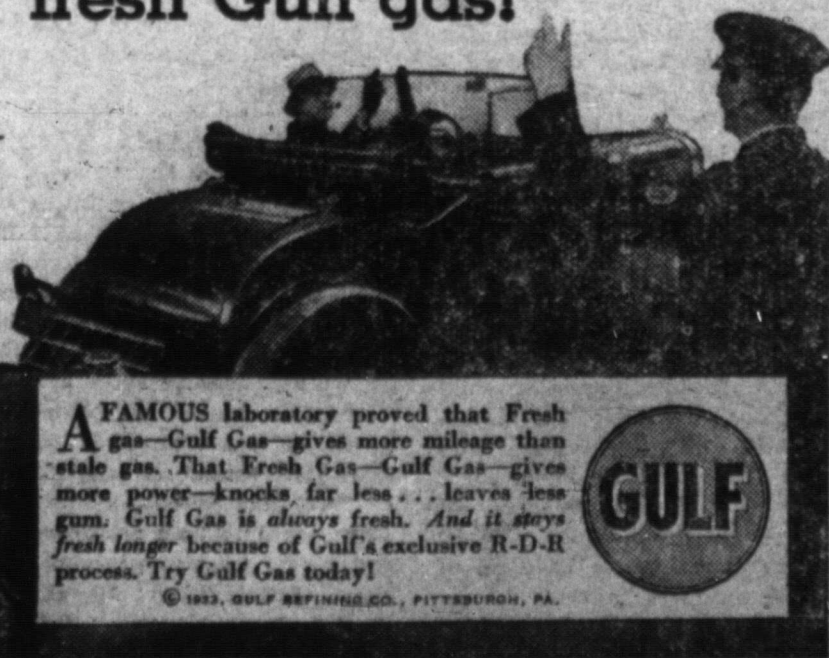

There is a difference between a cheap car and a low-priced high  
quality car.

Ford prices are always fixed at a point which makes it profitable for a  
customer to buy.

Good and lasting business must produce profit to the buyer as well as  
to the seller. And of the two, the buyer's profit must be, comparatively,  
the larger one.

It pays us to sell the Ford V-8 because it pays you to buy it.

## Methodists Hear Judge 'Hap' Smith

The local Methodists do not seem to be able to get away from the Smith "tribe"; the Rev. H. C. is fortunate in having some fellowmen who can successfully "pinch-hit" for him. Last Sunday morning Judge W. E. (Happy) delivered a most interesting discourse on "Solomon's Temple" and the opportunities for builders of today. The choir rendered a special musical number.

The church school prelude was Brahms' "Cradle Song," followed by a duet by the little Misses Donna and Mona Thomas.

Dr. Johnston, with his Presbyterian congregation, graciously shared the worship service at night. Dr. Johnston filling the Methodist pulpit most acceptably.

Vacations are affecting the church school attendance. Let all who are in town be most loyal and "carry on" every Sunday. Be on time at 9:45 A. M.—Reporter.

## Women's Quartet Sings At Clarendon

Mrs. Caveness, Wells, Durham, and Miller, constituting a quartet that sings regularly at the Baptist Church, is rapidly acquiring more than local fame.

Last week they had an urgent call to visit Clarendon, where a revival meeting was in progress, to assist in the services. Accordingly they spent Friday there and were in two or three services, to the great delight of the congregation, according to reports reaching Tahoka. Rev. B. L. Shepherd, formerly of Tahoka, is pastor there, and R. E. Key of this city has been leading the song services during the revival.

During the preceding week this quartet attended the workers conference of the Brownfield Baptist association held in Ropesville and responded to repeated calls for numbers, and they were unanimously adopted by election as the official quartet for the association.

## Announce Baptist Sunday Services

The pastor will preach Sunday morning on "The Resurrection," since so many of our people have suffered the loss of their loved ones in recent months, this ought to be a very blessed and profitable hour for church family and for visitors and friends as well. All of us need information and comfort that is Bible doctrine gives.

Sunday evening the subject will be "The Empty Cross." The evening worship hour is 8:30.

Sunday school meets at 9:45. Baptist Training Service meets at 7:45. R. E. Key will be at his place Sunday, in an absence of two weeks. Let men, women and children stay at their church and all of its services during the Summer months. Nothing has more weight than faithfulness on the part of God's people. "Come this way and we shall do as good."—Lawrence Hays, pastor.

## NEW RELIEF WORKS WONDERS FOR STOMACH SUFFERERS

Bisma-Rex is a new antacid treatment that is bringing welcome relief to people who have "suffered for years from the agonies of acid stomach. It acts four ways to give this relief. Neutralizes excess acid; relieves the stomach gas; soothes the irritated membranes; and aids digestion of foods most likely to ferment. It is sold only at Rexall Drug stores. Go to Thomas Bros. Drug Store today and ask for Bisma-Rex. Big package for 50c.

## A-M Short Course Plans Completed

College Station, June 14—Low transportation costs to the twenty-fourth Texas A. & M. College short course, to be held the week of July 24, and meals and lodging at low rates while in attendance are assured in recent announcements by railroads and college authorities. On the Missouri Pacific and Southern Pacific lines the rate will be one cent a mile each way, and in all others two-thirds of one-way rate for a round trip ticket. Room rent for one week in college dormitories will be \$1.25 a person with a five-day meal ticket for \$4.

The emphasis this year on practical demonstrations in farm and home manufacture and in up-to-date methods in farming, home making and live stock raising promises to make this short course the most valuable ever held at the college. Extension Service officials predict. Visitors will participate in the demonstrations and learn how to do things by actual experience. Mornings will be devoted to lectures and discussions of practical farm and home subjects and afternoons to putting ideas into operation.

A visitor may get a week's course in tanning hides and making leather products, or in making a dozen varieties of dairy products on a home scale, or in making cane and sorghum syrup, or in curing meat, to mention a few phases. When the quality of eggs is discussed, visitors will be invited to candle eggs and learn for themselves what quality means; when worms in hogs are discussed, farmers will conduct demonstrations to see what worming means and what worms look like; when cotton is studied it will be in the field and at the grader's table and in the gin.

The programs are being arranged so that those who attend may get a full week of instruction in one subject, or a little instruction in many subjects.

The programs will be along these general lines: livestock and livestock products; dairying and dairy products; poultry raising and poultry products; farm crops and their products; fruit and truck crops and their manufactured products; sheep and goat raising and wool and mohair products; hog production and meat products; practical farm engineering; farm forestry; and home making, including work with foods, clothing, home arrangement and decoration, and child rearing.

Four-H club boys and girls will hold joint sessions every morning followed by systematic course of instruction and tours. They will be divided into companies and their study and play carefully supervised throughout the week.

## FOUR "FOLLIES STARS IN NEW MARION DAVIES SHOW

"Blondie of the Follies," the latest Metro-Goldwyn-Mayer release at the English Theatre Sunday, Monday, and Tuesday is another example of what this producing firm can do in the way of combining excellent story with superb acting.

Marion Davies and Robert Montgomery prove their competence to head a cast which includes such players as Billie Dove, Jimmy Durante, James Gleason, Zasu Pitts, Sidney Toler and Douglass Dumbrille.

The picture tells the story of the adventures of a pair of working girls who graduate to popularity and luxury in the Broadway show world. It is the story of their departure from the poverty of their tenement environment, their sojourn in luxury, and their return home. But in the telling of that story Frances Marion, who composed it, and Anita Loos, who wrote the dialogue, have imparted strong drama and moments of high humor. The picture abounds in fine entertainment.

## Clifton Janak Will Go To Chicago

Amarillo, June 14—Clifton Janak, popular local vocalist, who won the state contest in solo singing last month in San Antonio, will give a recital at the Amarillo College of Music next Friday night, June 16.

The program is being staged by the College of Music and Mr. Janak's friends as a benefit recital for him, to take care of his incidental expenses, making it possible for him to take advantage of the scholarship which he merited as contest winner. Mr. Janak possesses a baritone voice of unusual timbre, capable of the soft shadings common only to singers of the artist type and at the same time his voice is wide in range and powerful in volume when occasion demands.

He came to Amarillo from Tahoka, where he graduated from high school, and has been taking regular course in the Amarillo College of Music for the past two winter seasons, studying voice culture with Emil F. Myers and theoretical music as well as piano in the regular classes of the local college.

All those who desire tickets for the concert are asked to make application at the Amarillo College of Music. Admission is 25 cents.

## Dates For Negro Celebration Changed

On account of the fact that a big celebration has been planned for June 19 at Lamesa by the negroes there, George Elvins requests that we announce that the big celebration previously announced here for that date has been postponed to July 3-4.

These dates fall on Monday and Tuesday and ball games have been planned for each day. Members of the colored race are expected to be here from Lubbock, Slaton, O'Donnell, Lamesa, Brownfield, and many other south plains points. There will be public speaking, games, and various kinds of amusements.

Since the white people of Tahoka are not planning for any gathering here on July 4, it is hoped that they will assist the colored population in making their program a success.

## Dry Meeting At Lubbock Tuesday

Announcements have been made that a regional conference of Dry leaders for the northern section of this Senatorial district will be held at Lubbock Tuesday, June 20th.

The program will open with a devotional and song service at the Methodist Church at 9:30 A. M. and close with a mass meeting at the Baptist church at night, when Dr. J. W. Hunt of Abilene will be the chief speaker.

The afternoon programs will be under the direction of the district and county chairmen for that section of the district. All pastors, members of all local dry organizations, members of the W. C. T. U., all Sunday School superintendents, presidents of women's church organizations and of P. T. A.'s, and all interested in the defeat of the beer bill or of repeal of the 18th Amendment are invited to attend these conferences.

R. E. Key returned Tuesday from Clarendon, where he had spent two weeks leading the song services in a revival meeting held in the Baptist Church there by Rev. B. N. Shepherd, the pastor. Mr. Key reports that there were about twenty-five additions to the church as a result of the meeting.

## Get Real Relief From Monthly Pains

SEVERE monthly suffering is a sign of warning. If you are having aches and pains every month, heed the WARNING. See what is wrong.

Treat the CAUSE of the trouble. When womanly aches and pains are due to a weak, run-down condition, take CARDUL. It has been used by women for over 50 years. It is a purely vegetable medicine and it cannot harm you. Thousands of women have said that when they had built up their strength with the help of Cardul, real relief was obtained and their general health and feeling of well-being improved.

If you suffer this way, try Cardul, which you can get at the drug store.

Coleman Wells reports that his little grandson "Mo" Bridges Jr. underwent an operation in Texarkana sanitarium on Wednesday of last week for rupture. The little fellow was taken to the home of his Grandmother Bridges in Texarkana a few days later and is doing fine. Mr. and Mrs. Bridges will return with him to their home at Iraan within a few days. Many friends here will be glad to learn that the operation was entirely successful and that no further annoyance from this trouble is expected.

Burnett Smith, who graduated in the Tahoka high school a few years ago and who has been attending the Tech the past year, was a visitor in the News office Tuesday and informed us that he has been employed as principal at Petty next year. Mr. Smith was reared in the Petty community.

## 4-H Bedroom Contest Winner Tells How She Remodeled Her Room

BY CHRISTINE OWENS

When I signed up as Bedroom Demonstrator the first thing I did was to check my room to see what had to be done. It seemed as though everything had to be done since the walls were unpapered and nothing for furniture but a bed, dresser, and an old chair. With this I began. I first drew a floor plan just as the room was. Then I drew a floor plan like I wanted it to be when finished. Of course before I did this I planned what furniture I would have to make or buy. I planned to rework my bed, dresser, and chair, and to add a bedside table, writing and study center, and add another chair. The paper was then selected. My bedroom is a northwest one and I chose paper of a dusty pink background. My woodworks were finished in the natural so all I had to do was clean woodwork and floor. I had a linoleum rug on my floor which I am trying to get rid of. I made a hooked rug to go beside my bed and when I get rid of the linoleum rug I shall make a hooked rug to go in front of my dresser and my floor will be complete. Had I done bedroom work before I bought the linoleum rug I could have saved about six dollars by not buying it, but I thought it was the very thing until the home agent asked me why I did not use two hooked rugs on the finished natural floor. Then I saw the difference in the beauty of the two.

With my walls, woodwork, and floor all fixed, I turned to refinishing my furniture and making new furniture. The first thing I did was to remove the old dark paint from my dresser. The lye paste formula for removing varnish as given by extension service was used. The mirror was removed from the chest of drawers so that it could be swung from the ceiling above the chest of drawers and from the frame work of the mirror papa made me a bedside table. With this done I began painting. I gave the dresser, bed and bedside table two coats of white flat paint, and when this had dried I gave all two coats each of ivory enamel. The two old cane bottom chairs were painted likewise in an apple green and cushions made for them out of scraps of material on hand.

Papa built me a study table and some book shelves to hang above it and this was painted in apple green like chairs. I made a waste basket from heavy pasteboard, lacing the sides together with a cord made by twisting a very stout string and then painted the basket green. An old kitchen stool is used for a flower stand and is green.

My next attention was turned to my bed. I made protectors for my quilts, gillows, mattress and my springs. Then I made me a bed spread which is dusty pink in color, practically like the walls. My curtains were next. I used the curtains I had been using but hung them differently after I had laundered them.

After I had arranged all the com-

pleted articles, I considered my room far from being complete until I had arranged my clothes closet according to extension plans. My sister uses my closet with me so I arranged two rods for hanging dresses, shelves for hats, racks for shoes, and shelves for folded underwear, and shelves for my bed cover and linens. I also made hatstands for our hats. The closet and shelves were painted white inside. With this arranged the next thing to do was to arrange my dresser drawers. This I did. The drawers were partitioned into compartments for cosmetics, handkerchiefs, jewelry, and hose. With this done all my storage space was convenient and orderly.

The next thing was to add the little accessories to make a bedroom livable. I used an old discarded spoon holder for a flower vase. For a hair receiver I painted a little jar ivory. A top to a tin box was painted ivory and is used for a match tray on my bedside table.

Concluding the story of my room I can say my room is livable, conveniently arranged, restful, and easy to keep clean and orderly. I have spent four dollars sixty-four cents actual cash. The bedspread was given me and is valued at three dollars. The paint used was left over from furniture fixed when the house was built and is valued at one dollar.

An itemized account of what was bought and that given me and old materials used is a total of eight dollars sixty-four cents: Wall paper and molding, \$2.43; hooked rug, \$1.00; protectors for bed, 98c; blotter for table, 5c; chain to swing mirror by, 18c; bedspread, \$3.00; paint, \$1.00; total, \$8.64.

## Locals

Barney Wilhelm of Mercedes in the lower Rio Grande valley arrived Sunday to spend the week visiting Lewis Chandler. Mr. Wilhelm was born in Dallas but has resided in the Valley the past seventeen years and this is his first trip to the plains. He got some kick out of that "sandstorm" we had Monday afternoon. Mr. Wilhelm says they will begin picking cotton in his county, Hidalgo, within about two weeks and the yield promises to be about a bale per acre.

Layne Moreland swore off once not long ago but not for keeps. He

has gone fishing again. This time he took with him Borden Davis, Skinner Connolly, Bud Clinton, and F. M. Sherrod. They left here Saturday for the Concho in the vicinity of Paint Rock and said they would be back in about a week. Some of the other boys may bring back some big fish stories but what Layne tells you this time will be the exact truth, we'll bet.

Mr. and Mrs. Goddard Edwards arrived from Austin Monday to spend a couple of weeks with his parents, Mr. and Mrs. J. H. Edwards. Goddard is employed in the state treasurer's office and just recently returned from an extended visit in Chicago, where he went on official business for the Department.

W. S. Anglin and family left for Fort Collins, Colorado, where Miss Floy will enter the Colorado State A. & M. College for the summer session. Fort Collins is situated about sixty miles north of Denver, we understand. The remainder of the family expected to visit other points of interest in Colorado and to return to Tahoka some time next week.

Mr. and Mrs. K. C. Holmes and children left here Wednesday for Oklahoma City, where the children will remain while the parents visit the World's Fair at Chicago. They expect to be gone two or three weeks.

Chester Connolly and Summer Knight were business visitors in Sweetwater Wednesday.

# NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS.

Be It Resolved By The Legislature Of The State Of Texas: Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessarily lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any County having a population of sixty-two thousand (62,000) or more according to the last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It further is provided that the Legislature, by a favorable vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favorable vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favorable majority of the votes cast within and a favorable majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) A Charter hereunder may provide: the continuance of a County Commissioners' Court as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body other than the Commissioners' Court, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"(4) A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court, designated in this Constitution, and the duties of the Justices thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorneys and County Attorneys may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"(5) Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established by any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitution or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive, prescribe the time, qualifications and conditions for tenure in any such office; save that no such Charter other than as hereinbefore authorized shall provide to regulate the status, service, duties or compensation of

judges, Justices of the Peace, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county.

"(6) In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affecting the city shall cease to control, and the county Charter provisions shall control.

"(7) When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities and towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of the Constitution of this State; and the provisions hereof shall be subject to the provisions of the Constitution of this State, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"(8) Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"(9) In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(10) Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the funding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue, therefor, its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(11) Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified services, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters to any judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards therefor be not lower than those fixed by the General Laws of the State.

"(12) A Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of function may be effected until the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create, fund, indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, such yielding governmental agency, to be approved at an election as hereinafter provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts

shall not be valid for more than two (2) years.

"(13) In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affecting the city shall cease to control, and the county Charter provisions shall control.

"(14) When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities and towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of the Constitution of this State; and the provisions hereof shall be subject to the provisions of the Constitution of this State, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"(15) Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporation under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, on such areas, shall be subject to additional control within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(16) No provision of this Constitution inconsistent with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the amendment, revocation, and amendment thereof, subject only to the requirements that there must be a favorable majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years.

"(17) The provisions hereof shall be subject to the provisions of the Constitution of this State, and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, on such areas, shall be subject to additional control within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(18) No provision of this Constitution inconsistent with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the amendment, revocation, and amendment thereof, subject only to the requirements that there must be a favorable majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years.

"(19) The provisions hereof shall be subject to the provisions of the Constitution of this State, and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, on such areas, shall be subject to additional control within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(20) Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above clauses and place his ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

W. W. HEATH, Secretary of State. (A Correct Copy) 40-41c

## NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS.

Be It Resolved By The Legislature Of The State Of Texas: Section 1. That Section 1-a of Article VIII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article VIII, Section 1-a. Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes; provided that this exemption shall not be applicable to that portion of the State ad valorem taxes levied for State purposes remitted within those counties or other political subdivisions now receiving any remission of State taxes, until the expiration of such period of remission, unless before expiration of such period the board or governing body of any one or more of such counties or political subdivisions shall have certified to the State Comptroller that the need for such remission of taxes has ceased to exist in such county or political subdivision; then this Section shall become applicable to each county or political subdivision as and when it shall become within the provisions hereof."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas, exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas, exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and Amendments thereto.

## NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS.

Be It Resolved By The Legislature Of The State Of Texas: Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto another Section, Section 51a, which shall read as follows:

"Section 51a. The Legislature shall have power to authorize by law the issuance and sale of the bonds of the State of Texas, not to exceed the sum of Twenty Million (\$20,000,000.00) Dollars, bearing interest at a rate not to exceed four and one-half (4 1/2 per cent) per annum; and payable serially or otherwise not more than ten (10) years from their date, and said bonds shall be sold for not less than par and accrued interest and no form of commission shall be allowed in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, but to be distributed over the State and upon such terms and conditions as may be provided by law and the Legislature shall make such appropriations as are necessary to pay the interest and principal of such bonds as the same become due. The power hereby granted to the Legislature to issue bonds hereunder is expressly limited to the amount stated and to two years from and after the adoption of this grant of power by the people. Provided that the Legislature, shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof from some source other than a tax on real property and the indebtedness as evidenced by such bonds shall never become a charge against or lien upon any property, real or personal, within this State.

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State on the Twenty-sixth day of August, A. D. 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words: "For the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds. Those voters opposing said amendment shall write or have printed on their ballots, the words: "Against the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

## NOTICE OF THE PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS.

Be It Resolved By The Legislature Of The State Of Texas: Section 1. That Subsection (a), of Section 20, of Article XVII, of the Constitution of Texas, be amended so as to hereafter read as follows:

"(a): The manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever except vinous or malt liquors of not more than three and two-tenths per cent (3.2 per cent) alcoholic content by weight, (except for medicinal, mechanical, scientific or sacramental purposes) are each and all hereby prohibited. The Legislature shall enact laws to enforce this Section, and may from time to time prescribe regulations and limitations relative to the manufacture, sale, barter, exchange or possession for sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2 per cent) alcoholic content by weight; provided the Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct, town or city may, by a majority vote of those voting, determine from time to time whether the sale for beverage purpose of vinous or malt liquors containing not more than three and two-tenths per cent (3.2 per cent) alcohol by weight shall be prohibited within the prescribed limits; and provided further that in all counties in the State of Texas and in all political subdivisions thereof, wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article 16, of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county or in any such political subdivision thereof, any spirituous, vinous or malt liquors or medicated bitters, capable of producing intoxication or any other intoxicant whatsoever, unless and until a majority of the qualified voters in said county or political subdivision thereof voting in an election held for such purpose shall determine it to be lawful to manufacture, sell, barter and exchange in said county or political subdivision thereof vinous or malt liquors containing not more than three and two-tenths per cent (3.2 per cent) alcoholic content by weight, and the provision of this subsection shall be self-enacting."

## How She Lost 18 Pounds Of Fat

FOR LESS THAN \$1.00

"Will say in regards to Kruschen: I took it to reduce. I lost 18 pounds after using one bottle and feel fine. Just bought one more bottle today and expect to lose 18 more pounds. I now weigh 148 and feel fine." Mrs. Harry Robinson, Akron, Ohio (Jan. 6, 1933).

Once a day take Kruschen Salts— one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes. A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but demand and get Kruschen and if one bottle doesn't joyfully please you—money back. W4

## How Black-Draught Holds its Popularity

A LAXATIVE made from highly approved, medicinal plants—yet about the least expensive laxative you can find: Thadford's Black-Draught.

There's no expensive container for you to buy when you ask your dealer for Black-Draught. And its light weight has saved freight bills in your favor. Black-Draught is right with you in economy. It brings prompt, refreshing relief to sufferers from constipation troubles. Don't put up with sick headaches, sluggishness, gas, dizziness, bad taste in the mouth, biliousness, coated tongue, bad breath, distress after meals, when due to constipation, but take Thadford's Black-Draught.

**MEETING ON PUBLIC WORKS HELD AT LAMESA YESTERDAY**

(Continued from first page)

On this basis more men would receive employment in Texas than are now on R. F. C. rolls in this State. Under terms of the bill, virtually every type of public works is eligible.

On acceptable projects the Federal government will make an outright grant or gift of 30 per cent of the construction cost, and will loan the balance of 70 per cent at a low rate of interest. Among suggested eligible projects are the following:

1. Building construction: Administration, city hall, county court houses; hospitals, city and county; auditoriums; schools; stadia; prisons; markets; libraries; factories; docks; warehouse; terminals for air, road, rail, water; police stations and fire stations.

2. Health and sanitation: Water storage; water filtration; water softening; water lines; sewerage disposal; sewerage systems; civic centers; water front beautification; pollution of streams; slum eradication; parking spaces; abattoir.

3. Marginal lands: Drain swamps and much lands; irrigate arid areas, clear scrub timber lands, reforestation, game preserves, artificial lakes, fish hatcheries, resorts, camp sites, golf courses, amusement parks, athletic parks.

4. Natural resource: Flood control, drouth control, hydroelectric development.

5. Rivers and harbors: Breakwaters, harbors, channels.

6. Roads and pavements.

7. Highway structure.

Title 11 of the National Industrial Recovery Act takes the place of the self-liquidating loan provisions of the old R. F. C. Act, which specifically prohibits loan, the retirement of which involves the securing of revenue from taxation. This tax feature of the R. F. C. Act served to eliminate practically every type of public works from consideration.

While no definite policy concerning administration of the new public works program has been made, it is known on good authority that it will be an unusually liberal one.

**WILL PAVE NO. NINE IF RIGHT-OF-WAY SECURED**

(Cont'd. from first page)

on this highway. These are Sherman, Moore, Swisher, Lynn, Dawson, Howard, Concho and McCulloch, and also short stretches in Martin and Glascock. "Our county has made less preparation for highway paving than any other county on the route," Judge Smith said this morning. "But we are going to get busy. We can not afford for our county to hold up the whole works. We are going to finish procuring right-of-way at once. Where we can not procure right-of-way in any other manner we are going to start condemnation proceedings. It is highly important that land owners execute their deeds at once, so that there may be no further hitch in the building of the highway."

This highway will be built and paved through Lynn county without any cost to the citizenship. The funds will be furnished by the state and federal governments, since this is a federal as well as state highway. If Lynn county acts promptly in getting the right-of-way, a part of the vast public works fund recently provided by the Federal Government may be procured for the building of this highway through Lynn county. If Lynn county delays, it may lose its pre-rati portion of this fund.

**Several Going On World Fair Trip**

A number of Tahoka people are planning to attend the Century of Progress Fair now being held in Chicago, going on an excursion train to be run within the next two weeks.

Those who have definitely decided to go are: Mr. and Mrs. J. L. Heare, Dr. and Mrs. E. E. Callaway, and Mr. and Mrs. Cliff Thomas and son Skiles. Others have the matter under advisement.

**SEVEN ESCAPED PRISONERS ARE STILL AT LARGE**

(Continued from first page)

with wire and left him helpless. It was several hours later before officers there learned of the hold-up and the robbers had had time to get far away before the crime became known. The six men drove into Coleman in a car that exactly fit the description of Rafe Richardson's car, which was stolen here on the night that these jail birds made their escape. They drove out of Coleman in the two cars and it is believed by officers that they then scattered as much as possible.

The seven men escaped from the jail here about 10 o'clock Friday night. These seven were locked in their cells but an eighth man was in the run-around on a minor charge, that of fighting—Clyde Eicke of Brownfield. Officials here have filed a complaint against him, charging him with the crime of assisting these prisoners to escape, and he is now being held in jail on this charge, which is a felony.

The lock on the door leading into the cells was broken and the door lifted from its hinges. Having escaped from the cells into the run-around the prisoners pried open the bars across a window on the south side of the jail and made their exit. Eicke, however, remained in the jail and denied that he had assisted in any way in the escape. Their escape was discovered at about 11:30 but it was not known that Mr. Richardson's car had been stolen until he went to his garage Saturday morning.

The prisoners who escaped are Dave and Luke Trammell, Selmer D. Dick, S. D. Vowell, J. R. Romine, Calvin Davis, and Jim Brooks.

Dick and Vowell are charged with the kidnapping and robbery of J. F. Covey, Santa Fe agent at Wilson in this county, about two months ago.

Jim Brooks and Luke and Dave Trammell are the three men who are charged with having burglarized an oil station and stolen a car in O'Donnell a few weeks ago. Brooks was captured at the time but the Trammell brothers made their escape. They were later captured at Fort Worth and had just been brought to Tahoka by sheriff B. L. Parker a few days before the jail break here.

Romine and Davis were arrested here on charge of having stolen a car in Dallas.

All these are young men, ranging in age from 18 to 25 years, according to the descriptions of them given by Mr. Parker.

**Lady Took Cardui And Got Rid of Pain In Her Side**

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had bad, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."

Cardui is sold at drug stores here.

**Cades Return From Trip To Houston**

After one of the most pleasant and interesting vacation trips of his life, A. M. Cade, tax collector, is back at his desk in the office this week.

He and family returned last Thursday night from a visit to San Angelo, San Antonio, Houston, and Galveston. At Houston they attended the annual tax collector's convention. Mr. Cade says that it was a very fine convention and that the entertainment was superb. Ex-Senator Hall, who is now tax collector of Harris county, chartered a boat and took the collectors and their families for a ride down the ship channel to the San Jacinto battlefield, where, in the San Jacinto Inn, he served a banquet to all his guests. Mr. Cade says that he stood under the same old tree under which Sam Houston received Santa Anna after the latter had been captured following the battle of San Jacinto.

The Cade family spent two days in Galveston, part of the time in the surf. They came back by Huntsville and stopped long enough to explore the interior of the penitentiary. None of the family expressed any desire to take up permanent abode there, however. On the way down, they inspected the old Alamo still standing in the city of San Antonio, and saw many other interesting and historic spots in the old city.

The family was gone about two weeks and Mr. Cade declares that it was a wonderful trip, especially for the children.

Mrs. Dick Bates left Friday night to spend a month or six weeks visiting her brother and family, Cleo Edwards, at McLean in the north Panhandle.

**New Home**

Rev. Richburg of Big Spring filled his regular appointment here Sunday.

Mr. and Mrs. S. C. Bailey of Corpus Christi have been visitors in the home of R. H. and Van Bates the past week. Mrs. Bailey is a sister of the Bates brothers.

Mr. Samuel H. Smith of Grants Pass, Oregon, is visiting his brother, R. L. Smith, this week. The Smith brothers had not seen each other in 35 years. L. W. Wilcox of Justine, a nephew of the Smith brothers, is also a guest.

Mr. J. T. Balch made a trip to Fort Worth this week with a load of cattle.

Mr. J. W. Armontraut and Mr. and Mrs. J. H. Lowe made a business trip to Hamilton county Saturday.

Floyd Harrison Heck of Wilson has been visiting his brother Henry Heck and family this week.

Mr. and Mrs. Bill Balch and family are on a vacation trip for a visit with Mrs. Balch's parents in New Mexico.

Mr. and Mrs. Hermon Heck and girls from Levelland visited in the Henry Heck home Tuesday.

Mrs. Virgie Jones and little daughter, Betty Lu, accompanied Mr. Max Woods to Waco for a visit with Mrs. Jones' parents. She plans to be gone six or eight weeks.

**STATE AGENT HERE**

Miss Bess Edwards, assistant state home demonstration agent of College Station, was here Saturday afternoon as the guest of Miss El Fieda Harrison. She was in this district judging the bed rooms of the 4-H girls who had entered the bed room contests.
