## Rain Covers Large Portion Of County

### PROSPECT FOR CROP IS BETTER

Sufficient Moisture Over Half Of County Practically Insures Crop This Year

A most welcome rain covered a large portion of Lynn county Monday afternoon. In some places the precipitation was all that could have been desired but in more than half the county it was very light.

A strip of territory several miles wide and extending from the west boundary of the county to the east line was thoroughly soaked. The rain gradually grew lighter both north and south of this strip, and practically no rain fell in some localities. Most of the county, however, received as much as a quarter of an inch and possibly half the county got as much as a half inch.

In Tahoka the Government rain gage kept by the editor registered 1.45 inches. Reports coming in from farmers living west of town indicate that the rainfall was much heavier out there. Several have estimated the precipitation to have been as high as three inches, while H. B. Armstrong reports a terrific three hours down-pour out at his place five miles west and two miles north of Tahoka. About 200 of his chickens were drowned and a calf was found dead, having either been drowned or killed by lightning. He says that the hail there was also heavy. Other farmers northwest of Tahoka report as much as two inches. Directly east and northeast of Tahoka the rain was fine, about an inch to 1 1/4 inches being reported.

New Home reported a half inch, O'Donnell a half, Wilson a light shower, Midway from a quarter to a half. The rain was light at Three Lakes, Wells, and Newmore. Most of the Dixie community south of the school building received a fine rain, while most of the territory north of it got only a light shower.

Over a vast territory this rain was of great benefit to cotton and feed. In many communities, however, the precipitation was not sufficient to be of much benefit. Crops are in fair condition, though, even in those localities where the rain was light, and the prospects for an average or more than an average yield per acre are very good.

### Wet-Dry Battle Gains Momentum

Both the wets and dries held conventions in Austin Tuesday to select a ticket to appear on the ballot August 28 as candidates for the wet-dry constitutional convention to be held later to determine whether or not Texas shall vote to repeal the Eighteenth Amendment.

B. Y. Cummings was temporary chairman of the wets and Senator Morris Sheppard was temporary chairman of the dries.

After a bitter fight between the Ferguson and anti-Ferguson forces in the wet convention, C. C. McDonald, Wichita Falls, a strong Ferguson supporter, was elected permanent chairman. Joseph Weldon Bailey Jr. was the leader of the anti-Ferguson faction. The Ferguson forces practically controlled the convention.

The convention of the dries was harmonious. Former attorney-general W. A. Keeling, who assisted attorney-general Looney in the successful prosecution of the brewers in 1917, was selected as permanent chairman of the dries.

Each convention selected a list of 31 names as delegates and 31 as alternates. The winning ticket in the August election will determine whether the constitutional convention is to be wet or dry.

The News has received a card from C. A. Thomas written at 2:00 P. M. Monday stating that he and party had just arrived at the Chicago World's Fair and that they had had a wonderful trip.

### Workers Conference In Wilson Today

The Workers' Conference of the Brownfield Baptist Association is being held in Wilson today, the time being moved up from Tuesday of next week, which would have been the regular time, for the reason that Tuesday falls on July 4 and other meetings and amusements would interfere on that day.

Quite a number of Tahoka Baptists are attending. Mr. Key was to open the meeting and Rev. Lawrence Hays has a place on the program.

### LOCATES CAR IN FT. WORTH

Roy Leslie's Automobile, Stolen Last March, Is Found By Fort Worth Officers

Roy Leslie is again in possession of his Chevrolet coupe, which was stolen from the Snowden storage room on the night of March 23.

The car was recovered in Fort Worth about two weeks ago when a lady discovered her stolen car number on this car as it was being driven along the street. She notified officers and they took charge of the car. Nobody put in any claim for it until the Gulf Insurance Company of Dallas established its identity and ownership. Mr. J. E. Daniels of Dallas, agent for the insurance company, delivered the car to Mr. Leslie here in Tahoka Wednesday.

The car had been driven more than 5,000 miles since it was stolen.

### Tahoka Defeats Abernathy 3 to 2

The Tahoka baseball team won another victory Sunday when it defeated Abernathy by a score of 3 to 2. The game was played at Abernathy and was one of the best of the season.

Tahoka has played nine games, winning eight of them. Her percentage therefore now stands at .888. Amherst will play Tahoka here next Sunday. Amherst has one of the best teams in the league. If Tahoka wins her percentage will be 900 at the close of the first half. If she loses her percentage will be 800.

"Our team is composed exclusively of home boys," Skip Taylor said Wednesday, "and has been most of the time." Skip thinks that it may be more difficult for Tahoka to make so high a score during the second half, since some of the teams in the league are gradually picking up the best players they can find and adding them to their teams.

Tahoka will open the second half with a game at Slaton on July 4.

### Walter Florence Is Found Guilty

Walter Florence of Draw, former county commissioner of this county, was tried in the justice court here Tuesday and Wednesday on three charges of "cold checking." A jury in each case found him guilty, and he was assessed a fine of \$1.00, \$5.00, and \$1.00, and costs in these cases respectively.

H. C. Heath represented the defendant and an appeal to the county court has been taken in each case.

### Grassland Church Of Christ Revival

The Church of Christ will begin a revival meeting at Grassland on Saturday night to continue over two Sundays, according to announcement made by one of the members, E. S. Brown.

Elder Wright Randolph of Floydada will do the preaching. Everybody is cordially invited to attend.

The Lynn County News and The Semi-Weekly Farm News one year for only \$2.00.

### Selmer Dick, Escaped Prisoner, Is Believed To Be Captured At Kilgore

#### Connolly Gets First Load Of Chevrolets

The Connolly Chevrolet Company on Monday received their first shipment of new Chevrolet cars. These new cars are beauties, and Mr. Connolly reports that he has already sold two of them.

These cars were to have arrived Saturday but failed to reach Tahoka until Monday.

ATTENDING FAIR

Dr. and Mrs. E. E. Callaway, Mr. and Mrs. C. A. Thomas and son Skiles of this city and Miss Ernestine Lockhart of Lubbock left Sunday to see the World's Fair at Chicago. They are expected back home next Sunday afternoon.

### Explains Postage Rate Reduction

"Many people seem to misunderstand the postage rate reduction that goes into effect July 1," Postmaster D. A. Parkhurst states. "The new two cent rates applies only to letters mailed for local delivery. In other words, a person served by the local post office may send a letter to some other person served by this same office for two cents, but all letters that go from here to other post offices must use a 3-cent stamp. The local office service includes Tahoka and its five rural routes, and the sub-stations of Draw and New Home."

### Tom Chloe Injures Foot In Falling

While removing some flour from a stack of sacks in the rear end of Boullion's Store up to the front on last Friday, Tom Chloe was the victim of an accident that fractured the arch bone of one of his feet and put him on crutches for several weeks.

Tom was on a ladder pulling the sacks from the top of the tier and handing them down to Lewis Chandler, when the tier careened and toppled over. To escape falling and being caught under the flour Tom leaped from the ladder to the floor. The impact caused the injury. An x-ray examination in the West Texas Hospital a few hours later revealed a fracture of the bone and Tom was instructed not to attempt to use the foot for at least five weeks.

Lewis Chandler barely escaped being caught by the falling flour, and had he failed to get out of the way he would doubtless have been seriously hurt.

Sheriff B. L. Parker and City Marshal Mill Finch went to Graham Wednesday in response to a telephone call from officers there advising that three criminals had been arrested there, one one of whom was believed to be Selmer Dick, who broke jail here a few weeks ago. Mr. Parker returned Wednesday night without the prisoner, stating that the man in custody was a brother of Selmer Dick.

After arriving at home, however, he had a call from Kilgore over in the oil fields of East Texas, advising that they had Dick under arrest there. Mr. Parker accordingly left for Kilgore this morning to bring the prisoner back. "I am sure they have the right man this time," Mr. Parker stated, "for they know Dick down there." He is expected back Friday night.

### Child Pokes Stick At Rattler, Unhurt

The Bible says something about the time coming when a child shall play on the hole of an asp and shall put his hand on the adder's den, but it does not say anything about him poking a rattlesnake with a sharp stick.

Nevertheless, that is what happened at the home of Mr. and Mrs. Harold Edwards last Friday afternoon. Mrs. Edwards and a neighbor lady sitting on the front porch were attracted by some sort of a commotion in the yard and upon looking around they saw J. H. Junior, 2, poking a sharp stick at a rattlesnake, which was striking every time his young tormentor would punch. Mrs. Edwards and the neighbor lady snatched her young son out of reach of the reptile and then got a ho and made war on the intruder. He was cut in two just above the rattles and the main division wriggled off under the house. He was found dead under the floor the next day. The tail which she cut off with the hoe bore seven rattles.

Many years hence J. H. Jr. will probably take his grandchildren on his knee and tell them of the fun he had tormenting that rattlesnake.

B. R. Tate and family returned Sunday from Comanche, where they had been called by the death of a cousin and where they visited other relatives. Mr. Tate says that excepting small spots here and there, the cotton crop was very unpromising and that the corn, which had promised a big yield, was burning up for lack of rain.

## Pledge 40 Percent Cotton Acreage Cut

### Floyd, Polo Winner, Visits Home-Folks

Aubry Floyd of Wichita Falls arrived Monday to spend a few days with his parents, Mr. and Mrs. R. B. Floyd. His wife has been visiting here a couple of weeks.

Mr. Floyd is a member of the Wichita Falls polo team, and in the contest with Oklahoma City which we mentioned in these columns last week, Wichita Falls won two games out of three. In a contest with the Army team of Fort Sill, the Wichita Falls team won four straight games.

### JANAK PLEASES MANY HEARERS

Young Local Musician On Road To Fame Appears In Concert At Methodist Church

It was an appreciative crowd of friends and admirers that greeted Clifton Janak in the Methodist auditorium last Thursday evening when he gave a musical program, assisted by Miss Lucille Slaton of this city and Miss Mildred Rylander of Lubbock.

Possessing a rich baritone voice, Clifton sang a great number of selections in a manner that thrilled his hearers. Miss Slaton and Miss Rylander, sopranos, each added much to the program, for each of them has a most charming and surpassingly beautiful voice.

The program was sponsored by Tahoka Music Club, the purpose be-

(Cont'd. on last page)

### Smith Is Asking Aid To Farmers

Judge W. E. Smith was called to Lamesa Tuesday to confer with representatives from nine other South Plains counties with respect to the plight of farmers whose cotton has not yet come up and also with respect to the refinancing of farm mortgages under the new measure recently enacted by Congress. It is apparent that no re-financing of South Plains lands can be made, it is stated, unless the Government liberalizes its terms.

It was decided to take the matter up direct with the proper authorities at Washington for adjustment, and Senator A. P. Duggan of Littlefield, A. B. Davis of Lubbock, and C. T. Watson of Big Spring were sent as a committee to Washington to present the facts and to endeavor to secure a fair and just solution of the difficulties involved.

### Singing Here On Second Sunday

On the second Sunday in July, beginning at 2 P. M., a musical program will be given in the Methodist Church here, according to announcement made by R. B. McCord.

The program will be given chiefly by the Lubbock Quartet composed of Messrs. Echols, Burleson, Tidwell, and Meeks. All who enjoy the best type of music usually heard at our singing conventions will find a treat in this program. Everybody cordially invited.

### Announce Church Of Christ Services

I will fill the pulpit here next Lord's Day. The morning lesson will be from the 12th chapter of the Roman letter. In the evening we will study the mission of John the Baptist, Jesus, the Holy Spirit, and that of the Apostles.

Our morning audiences have increased 25 per cent since the first of May; we hope to see it continue until every seat is filled.

Come with us and we will do thee good only, and only good.

### FARMERS WILL PLOW UP PART

67,622 Acres Of Cotton Pledged To Go Under Plow Out Of Total Of 162,424 Acres

If the Roosevelt cotton-acreage reduction plan were as popular everywhere as it seems to be in Lynn county, there would be no doubt whatever as to its success. The machinery to put it into effect has been set up and has functioned with lightning-like rapidity in this county. Joe Williams, representing the Government, sent out word to the various communities in the county Sunday that a meeting would be held in the court house here Monday morning to explain the plan. Accordingly farmers poured in from everywhere Monday morning and filled the district court room to overflowing. Standing room was at a premium while Mr. Williams and Mr. Murray, representative of the farm bureau, explained the plan and answered numerous questions that were fired at them by their auditors.

The farmers were told that at the close of the meeting they would be given an opportunity to indicate their willingness to accept the proposal made by the Government, indicating the number of acres they were willing to plow up. At the close of the meeting, the task of taking names and data accordingly began, and possibly ninety per cent of the 400 farmers present were signed up. It had been announced that meetings would be held in every rural school house in the county Tuesday night to continue this work. These meetings were held and all were largely attended. As a result of the campaign by Wednesday night, out of a total acreage of 162,424, farmers had agreed to plow up 67,622, or nearly 42 per cent of their entire acreage.

Of course, these figures are merely tentative, for there are many contingencies that may tend to reduce the amount of acreage to be cut when the time comes to sign final contract. For instance, landlords and tenants must first agree on a division of the

(Continued on last page)

### Nazarene Meeting Opens Next Week

By Rev. W. P. Grogan, Pastor, Church of the Nazarene

The summer revival at the Tahoka Church of the Nazarene begins Friday, July 7, and continues, through July 23. We are fortunate in securing the Rev. Will H. Lynn, an outstanding inter-denominational evangelist of Big Spring, to serve as evangelist in this campaign.

Rev. Lynn comes to us with unsolicited letters from pastors and official boards of denominations other than his own, with whom he has labored as evangelist, recommending him as being a Christian gentleman of co-operative spirit and a preacher of unusual power.

He also holds letters from his own church officials representing him as being well versed in the science of theology, with a profound knowledge of the scriptures, and is accepted as a safe and sane Bible expositor. These qualities he combines with a high degree of evangelistic fervor. He combines intellectuality with simplicity and religious zeal with sanity, a combination rarely seen in any preacher.

We unhesitatingly and gladly present him to the citizenship of Tahoka and surrounding country, inviting the people of all denominations to attend and co-operate with us in order to receive the best spiritual benefit from the revival. We are especially anxious that you hear his special sermons on the book of Revelations, which will be both inspirational and evangelistic.

The singing will be conducted by Spurgeon Lynn, a son of the evangelist.

All preachers and especially pastors have a special invitation and welcome.

Services will begin promptly at 8:15 p. m.

# “Well! Bill Perkins!”

∴ ∴

HAVE you ever walked along a street in a strange city . . . strange faces passing you . . . Then, a face you knew . . . recognized immediately? “Bill Perkins!” you exclaimed, ‘Gee, I’m glad to see you!’

HAVE you ever shopped in a strange city . . . a score of local products stared you in the face, all good, perhaps all reliable. Then you saw a familiar advertised brand of what you wanted. “Good! I’ll take that,” you said. Right then you subconsciously were glad for advertising. You felt an immediate warmth, closeness, confidence—the reliability of old friendships.

ADVERTISING is one of the greatest public benefits ever invented by business. It enforces quality, full value, honest statement of fact. For, when a manufacturer advertises his product, calling attention to it risks his very business existence—if it is less than he states.

THIS PAPER is constantly presenting advertised products for your attention. Many of them are old friends. But, many of them perhaps greet you for the first time. Read the advertisements, get acquainted with new friends you’ll be glad to know now, and later.

### 4-H Girl Tells How Bedroom Improved

(By Mollie Cato, Morgan 4-H Club)

When I decided to be a bedroom demonstrator, I little dreamed of having as pretty a room as I now have.

My room is on the southeast corner. The walls were smoked and dirty, and the floors had been oiled about three years ago.

The furniture I had in my room was an old bed with nearly all the paint off, and an old dresser with a cracked mirror, an old book case and an old faded crocheting rug.

Then I began my work. I papered my room first, as I thought that

would be the biggest job. I took the cracked mirror off the dresser. Then I got another mirror and painted it ivory to hang over the dresser. Next I fixed my bed by painting it ivory.

The next question was a bedside table, so I got an old stand table and painted it ivory. Then I wanted some shelves to put above the table. These were easily made from an old apple box. The shelves were painted lettuce green.

Now, as all people get tired and like to sit down once in a while, I had to locate two chairs. I found some at a second hand furniture store. I bought a little rocking chair for my little sister who shares my room with me. Then I got me an occasion chair. My chair looked pretty bad, but after painting looked like new. I made yellow cushions for both chairs.

A chartered training school for nurses is conducted in connection with the clinic.

Next was something for Elizabeth's play things to be stored in. So daddy went to the lumber yard and got a plate glass box and made her shelves. These were painted green.

I did not have any place for my clothes in my room so daddy gave me my closet.

This fixed everything pretty good but the floors, so I oiled them and made three rugs—a hooked rug, a braided rug, and a crocheting rug.

Other things for the room included hat racks made of old calendars, a shoe rack from scraps picked up here and there, a waste paper basket made from a card board box, then prepared like the room. To add color to the room I got yellow voile window curtains, pink bedspread, green candles and holders for the dresser.

The total cost of fixing my room was \$13.61. The landlord bought the paper, and daddy gave me my closet.

Itemized account of things bought: Curtains, \$1.00; paint, \$1.54; varnish, 90c; paper, \$1.57; closet, \$2.25; cushion material, 25c; bedspread, 90c; bed and dresser rollers, 60c; candles and holders, 35c; dye, 40c; mirror, 50c; nails, 15c; mattress protector, 30c; oil, 25c; lamp burner, 15c; chairs, \$2.50; total, \$13.61.

Our club of ten members has done the following: Papered walls, two; cleaned walls, three; improved floors, two; cleaned woodwork, three; varnished wood work, two; added furniture, 4 rocking chairs, one stand table, three chairs, book shelves; bedroom linens added, four pair of pillow protectors, one mattress pad, six pair pillow cases, two quilt protectors, two bedspreads, two scarfs, one vanity set, nine sheets, and one mattress protector; clothes closets added, two, one of sheet rock and one of veneering. Other improvements include three clothes rods, three added shelves in closets, three added shoe racks, hat six added hat racks, one girl rearranged closet shelves, four added window curtains.

one laundry bag, and one stocking bag.

As a result of improving my bedroom, three other rooms in the house have been papered.

### Cowboy Reunion Will Be One Of Best Ever

Stamford, June 29—With the opening of the Fourth Annual Texas Cowboy Reunion still three days off, visitors already are drifting into Stamford in readiness for the celebration which opens Monday, July 3, to continue through the 4th and 5th. Reunion officials are predicting a total attendance of 40,000 this year, an increase of 10,000 over last year's record crowd.

From a small beginning in 1930, the Texas Cowboy Reunion has grown in three years into a celebration which attracts attention throughout the Southwest and draws interested visitors from the North and East.

Visitors this year will find the Reunion grounds much improved, the seating capacity of the grandstand at the rodeo arena doubled and an improved traffic system, all of which is expected to add to the comfort and convenience of the crowds who attend the celebration.

The assembling of pioneer cowboys and cattlemen to renew acquaintances, swap stories and revive memories of the Old West is one of the big features of the annual Reunion. These oldtimers have their own organization and 543 members registered at the Reunion last year. Men who were actively employed as cowboys on the ranches 35 years ago are entitled to membership. Frank Rhodes of Throckmorton is president of the organization. Badges will be issued to all oldtime cowboys over 55 years of age which will entitle them to free admission to the rodeo and grandstand, a chuck wagon dinner each day during the Reunion, admission to the square dance each night and other courtesies.

The cowboy rodeo, which is the feature attraction of the Reunion, is different from the usual run of rodeos in that cowhands from the ranches, rather than professional rodeo performers, are featured. Improvements on the pens and chutes this year are expected to add more speed to performances. More than \$1,400.00 in prizes will be given.

Contests will be held twice daily, 2:30 and 8 p. m., in bronc busting, calf-roping, steer-riding and wild-cow milking. The 10 cowboys making the best time in the roping events will compete for the championship on the night of July 5. Winners will receive special prizes. In addition to these attractions, a cutting-horse contest will be held on July 6, and a special calf-roping contest for cowboys over 55 years of age on July 3rd and 4th.

A unique feature of the Texas Cowboy Reunion rodeo is the contest for the best cutting-horse which was inaugurated last year. The event is judged on the performance and ability of the horse, the performance and ability of the rider and speed of the work. Eight horses judged best in an elimination contest to be held on the morning of July 4 will compete for the \$150 in cash prizes, which will be awarded in the finals in this event, on the afternoon of July 5.

The big parade of the Reunion featuring merchants' floats, individual decorated floats and cars, cowboys, mounted girl sponsors, junior cowboys, chuck-wagons, clowns, and brass bands, will be held on July 4, starting at 12 noon. Prizes will be given for the best entries. Less elaborate parades will be held on the other two days of the Reunion, July 3 and 5.

The old fiddlers' contest will be held on the second day, July 4, starting at 9 a. m. Only fiddlers 50 years of age and older are eligible. Thirty dollars in cash prizes will be awarded and no entry fee will be charged.

Spectators will be admitted free to the City Auditorium, where the contest will be held.

An old-time square dance will be held in the Swenson building each night during the Reunion. Good music will be provided. Dancers and spectators alike will be charged 25 cents per person for admission and there will be no further charges.

### Locals

Upon special invitation, the editor attended and participated in the services of Central Baptist Church Sunday morning. They have a most excellent and active group of church workers out there, one of the finest rural churches in this entire section of the state. But it has no pastor just now. The editor took dinner in the hospitable home of Mr. and Mrs. B. J. Emanuel—and, folks, that dinner table didn't look like the Emanuels had ever heard of a depression. It was great! Such farm homes and such families as the Emanuels are what makes this the greatest country in the world.

Mr. and Mrs. W. A. Yates returned Tuesday from Glenrose, where they attended a family reunion on Saturday and Sunday. Several of Mr. Yates' brothers and sisters with their families gathered there from various parts of Texas and enjoyed a reunion in that beautiful and popular pleasure resort. The Yates family had resided there for many years. Mr. Yates says that it was indeed a pleasurable occasion.

Sam Holland and family recently returned from a visit with relatives at Goldthwaite in Mills county and they brought back with them some fine samples of the fruit that was raised this year in that county. A big juicy peach given to the News editor reminded us of other days, when we used to go out into the orchard and proceed to dig our canines into some of the most luscious specimens, letting juice run down on the chin. Mr. Holland says that plums down there were fine also, and the corn crop promised to be excellent.

Mr. and Mrs. Bart Cowen are the happy parents of a fine young son, born Friday night. The little fellow weighed eight pounds and seems to be enjoying the best of health. They have not yet given him a name.

Mrs. C-Boy Mathis, until recently known as Miss Tommie Milliken, now of Lubbock, spent the week end here with her parents, Mr. and Mrs. G. R. Milliken.

Mrs. Ward M. Akin, formerly Miss Dorys McGonagill, came down from Lubbock and spent the week end with her parents, Mr. and Mrs. A. R. McGonagill.

### A Laxative that costs only 1¢ or less a dose

NEXT TIME you need medicine to act on the bowels, try Thorford's Black-Draught. It brings quick relief and is priced within reach of all. Black-Draught is one of the least expensive laxatives that you can find. A 25-cent package contains 25 or more doses. Black-Draught is made of approved laxative plants, firmly ground so you take the medicine into your system just as naturally as you get nourishment from the food you eat.

Refreshing relief from constipation troubles for only a cent or less a dose—that's why thousands of men and women prefer Thorford's Black-Draught.

**"NO BLOWOUTS on My 4<sup>th</sup> of July Trip! I'm Getting New Goodyears NOW!"**

YOU don't need to be told that a thin, risky tire can take all the joy out of driving—but perhaps you have never figured that it costs you money to ride on old tires, with prices on the way up—if you pay more for new tires later on.

So buy now—enjoy your big July 4th week-end—and save yourself some money.

And while you're buying—get the SAFETY of blowout protection in every ply—get the SAFETY of grip in the center of the tread. Only Goodyear can give you the double safety of Supertwist Cord in every ply—and every ply from bead to bead—combined with the safety of the world-famous All-Weather Tread.

You can buy Goodyears—the world's first-choice tires—for not a cent more than tires which give far less value and protection.

**Prices Have Started UP!**  
Don't wait to buy your tires!

You can see for yourself these prices are still low. Don't miss them by trying to squeeze a few more miles out of old worn-out rubber.
