SEEKING RELIEF FOR DRY AREAS

Committee Makes Report On Work In Interest of Farmers Who Did Not Get Cotton Up

Senator A. P. Duggan of Littlefield, C. T. Watson of Big Spring, and A. B. Davis of Lubbock, who were delegated several weeks ago to go to Washington to seek relief under the cotton-acreage-reduction law for farmers in certain South Plains counties who had been unable to get their cotton up on account of drought, have made a report of their activities.

They report that they were advised by the authorities at Washington that the Government was simply buying from the farmers a portion of their cotton crops and that the farmer therefore who had no crop had nothing to sell. They then procured an extension of the time for farmers to sign reduction contracts, but before the time had expired they were advised that the Government's supply of cotton and funds for this purpose had been exhausted by contracts already sent in. So, nothing can be done for the unfortunate farmer who has not been able to get his cotton up.

The committee then turned to the matter of urging as much highway building as possible in this section so as to provide employment for many of these unfortunate farmers. "Both Mr. McDonald and Mr. Swain" the report continues, "assured the committee that everything possible would be done by the Federal Government to hasten the letting of road contracts in the distressed areas. The county judge and commissioners court in counties where relief work is needed can no doubt facilitate matters by cooperating with the State Highway Commission in having road projects under way at an early date."

There are very few farmers in Lynn county who were unable to get their cotton up. But in Dawson and Terry counties, the drought prevailed so late that hundreds of farmers do not have a stalk of cotton growing. It is to be hoped that there may be much highway building in this section during the next year so as to afford some relief to many who have thus suffered.

Baptists Foster Bible School

Miss Doris Harper, Baptist state worker from Florida who is spending some time here on vacation this summer, together with ten other workers, compose the faculty of a daily vacation Bible school to be conducted here next week.

School begins Monday, July 31, at 9:00 o'clock and runs one week. Two hours will be spent each day, from 9 until 11 each morning. Friday evening at 8:30, Aug. 4, at the church there will be a closing program. Notebook work, hand-work, and other features will be on display. The program will reveal the type of work done thru the week. The women of the W. M. S. will serve refreshments.

The school this time is being planned for Juniors only. All children in the community from ages 9 thru 12 are invited to attend. Another year we hope to include the Intermediate and primary departments.

The work consists of music, memory work, hand-work, drama, Bible-story, character-building-story, recreation, worship, expressional activity, etc.

Workers are Miss Harper and Meses. Borison, Nelson, Harrison, Howell, Suits, Applewhite, Davis; Misses Mary Preston, Robbie Milliken, Helen Applewhite, and Viola Ellis, and Mr. A. E. Houston.

Legion Hoes Crop, Has Picnic Supper

About twenty-five American Legion boys went out to the cotton patch Tuesday and hoed out about fifty acres of cotton which the boys are cultivating a few miles southeast of town. They are plowing up the other fifty acres which they had been cultivating.

At the end of the day's work the men were joined by their families and a picnic supper was spread.

Report Progress On Highway 9

The Texas Highway Commission Tuesday announced construction projects planned from the Federal Recovery funds for nine counties, contracts to be advertised for letting about August 7. It is estimated that the work will cost about \$625,000.

Among the projects is included 17 miles of grading and drainage structures on highway No. 9 in Dawson county from Lamesa to the Lynn county line.

County Judge W. E. Smith advises that practically all of the right-of-way for highway No. 9 has been procured through Lynn county.

Kid Singers Will Meet At Central

The South Plains Kid Singing convention will meet at Central Baptist Church Sunday afternoon at 2:30 o'clock.

The last convention was held at New Lynn in April and was one of the largest in attendance ever held since the Kids were organized. Among the special singers were the "Baby Quartet" of Anton, composed of four girls, the Baker Trio of Close City, and many others.

Since our last meeting an addition has been added to Kid singing interest, this being a convention organized near Anton the second Sunday in June by Mr. E. D. Ellis, a former member of this convention. It will be known as the Second Chapter of the South Plains Kids Singing Convention. In order to present more complete and interesting programs, these singers are expected to be present at the convention Sunday.

A cordial invitation is extended to the public to attend. All classes are urged to bring their books, new or old. Singing will start promptly at 2:30 o'clock.

Horace G. Krebs, President.
Faye Jones, Secretary-Treasurer.

Directors Farmers' Co-Op Co. Gin Meet

The board of directors of the Farmers' Cooperative Gin Society No. 1 met Saturday in a business session. They announce that the installation of the round bale press has been completed. C. C. Donaldson was appointed manager and J. A. South gin superintendent. A picnic for the membership and friends is being planned for about the middle of August.

Directors of the gin are: M. E. McCord, president; E. J. Cooper, secretary; A. F. Pitts, B. J. Emanuel and G. L. Cobb.

Meeting At Bethel Church Is Closed

Rev. D. D. Johnson, the pastor, reports that a most successful meeting of one week came to a close at Bethel Sunday night. There were eleven additions to the church, five of whom were by baptism.

Rev. L. S. Jenkins, the O'Donnell pastor, did the preaching while Rev. A. W. Shewmake conducted the song services.

It was intended to hold a two weeks meeting but conditions were such that it was decided to close and hold another week's meeting beginning the first Sunday in September.

Set Civil Suits For County Court Trial

County court opened here Monday morning. The appearance docket was called Tuesday morning and a number of civil suits have been set for trial.

The criminal docket will be taken up next week. A jury for the week has been summoned.

Ben L. McGee of Fort Worth was here last week end visiting his nephew, J. B. McPherson, and also doing a bit of prospecting. We understand that he is somewhat interested in this cheap South Plains land.

Verner Smith was called to Midlothian, Ellis county, Saturday night by the death of a brother, Walter Smith, which occurred Saturday. He was accompanied by his sister, Mrs. Taylor White of Odessa.

PLAN REVIVAL NEXT MONTH

Rev. Phillip McGahey, Snyder, Will Do Preaching At Baptist Revival Meeting

Announcement has been made that a revival meeting will be held in the Baptist Church here beginning on Sunday morning, August 20, and running till Sunday, September 3.

Rev. Phillip McGahey, pastor of the First Baptist Church at Snyder, has been engaged to do the preaching, while R. E. Key of the local church will direct the music.

Rev. Mr. McGahey has been pastor at Snyder about four years and is said to have done wonderful work there. During this time he has been in demand as a revivalist and has held a number of very successful revival meetings with various churches. He is a young man, a persuasive speaker, and is possessed of great spiritual power. He is quite well known to many Tahoka people. For he began his ministerial work after leaving college at Wilson in this county.

The local church is looking forward to this season of revival with great hopes for a successful campaign and are making preparations to that end.

RALLS NEGROES WIN

The colored baseball team met a defeat at Ralls last Sunday. The score was 15 to 14. Early Lee Lawson, the captain, was not a bit discouraged, however. "The white boys got beat, too," he said, and seemed to get quite a bit of consolation out of it.

Cotton Permits Being Mailed

Joe Williams, emergency county agent, who is directing the cotton acreage reduction program in this county, received the applications and permits early this week and states that he will be ready to begin distributing them about Saturday.

Acting upon his verbal authority and instructions, many farmers have been this week plowing up their acreage according to contract.

PLOWING UP THE COTTON

(Editorial)
A new thing has happened under the sun—a strange thing. We went out among the farms this week and saw the farmers plowing up their cotton. On almost every farm, a man with team and plow is going through the fields like a destroying angel plowing up that which he had planted scarcely two months ago. The stunted little plants in the dry sections and the fine, thrifty plants in the areas where the rain fall has been abundant are falling alike before the deadly plowshare. Fields that were green and beautiful with growing crops yesterday are bleak and barren today.

And all this is being done at the behest of the Government. Yes, the Government is paying the farmers to do it.

Nothing like this has ever happened before in the history of man. Oftentimes the crops of a people have been destroyed by the vandal hands of invading enemy. Oftentimes they have been destroyed by storm or drought or some devastating insect. But never before has the world beheld a people deliberately destroying their own crops.

Some of the crops that are being destroyed are not very promising, and the owners of these feel that they are being given a distinct bargain. But many of the crops are as fine and promising as ever grew on these rich plains soils, and it is with a sickening thud that the owners of these fields begin their work of devastation.

Yet, strange and unique as this procedure is, contrary to common sense and to the emotions of the heart as it may seem to be, yet a calm reflection of existing conditions teaches us that, for the people of the South and of the nation, it is the wisest and best thing to be done.

A curtailment of one-fourth of the yield is calculated to double the price of the product. Farmers who are destroying a portion of their crops will probably receive for the remaining portion greater returns in dollars and cents than they would have received for the entire crop had none of it been destroyed. In addition to these returns, they will have the vast sums of money that the Government is paying them to destroy a large per cent of their acreage. Those who accepted the option plan will also reap handsome profits, no doubt, from the cotton bought from the Government. The burden of these expenditures will be distributed among 125 million people. But the cotton farmers will again have become fairly prosperous. The prosperity of the Southern farmer is the basis of all prosperity in the South. With money in his pockets, he will begin paying up his debts and buying the needful things which for so long he has denied himself and his family. When he begins buying liberally, business will pick up. There will be a demand for more manufactured goods, a demand for more raw material, a demand for more factory hands, a demand for more laborers in the transportation of the raw materials and the manufactured products, a demand for more clerks in the stores—a general revival of business and industrial activity.

So, this work of destruction and devastation would appear to be in fact a work of construction and recovery. We truly hope that it proves to be so.

But, we hope that never again will it be necessary for farmers to go into their fields and destroy that which is necessary to clothe the world—never, at least, as long as there are millions of ragged children and countless numbers of despairing fathers and mothers throughout the nations of the earth.

MANY CITIZENS CANNOT VOTE

Only 1142 Citizens Have Paid Poll Taxes And Can Vote In Election Aug 26

Although the fate of four amendments to our state constitution and of the Eighteenth Amendment to the Federal constitution is to be determined so far as Texas is concerned on August 26, less than half of the men and women of Lynn county will be qualified to vote on that day.

Only 1142 poll tax receipts have been issued in Lynn county this year. Last year there were more than 2400 poll tax receipts issued and in previous election years there were more than 3,000.

As usual the North Tahoka box leads, while O'Donnell stands second in the list. Wilson is third, New Home fourth, and South Tahoka fifth. North Tahoka has nearly twice as many qualified voters this year as South Tahoka has.

Poll tax receipts issued by boxes, according to the tax collector, are as follows:

North Tahoka	206
O'Donnell	194
Wilson	156
New Home	141
South Tahoka	109
Morgan	70
Grassland	67
Draw	51
Dixie	46
Gordon	45
Magnolia	29
Newmoore	14
West Point	14
Three Lakes	3
Total	1142

Prohi Speech Here Saturday

A crowd of possibly two hundred men and women listened to an address delivered by Rev. J. M. Hale, pastor of the First Baptist Church of Brownfield, on the court house lawn here Saturday afternoon opposing the repeal of the Eighteenth Amendment and legalizing the sale of beer.

The good pastor made a forceful argument, which was listened to most intently by his audience.

Women Attend A. & M. Course

Miss El Fleda Harrison, home demonstration agent, Meses. G. M. Reid and Claude Wells of Tahoka, Mrs. Sam Holland of Edith, and Mrs. Mel Cade of Morgan left Saturday night for College Station to attend the Short Course being given there this week.

Some and possibly all of the Lynn county delegation will visit Galveston also before returning home.

Airplane Wrecked Near Grassland

Dick Brownfield of the city of Brownfield had a narrow escape from death or serious bodily injury Monday afternoon when he negligently permitted his plane to fly too low near Grassland and landed unexpectedly in a field. When the plane struck the earth it catapulted over damaging one of the wings and tearing off a wheel. Brownfield himself received only a few minor bruises and lacerations on the face and arms, which were treated by a Tahoka physician.

The scene of the accident was the field of Cleo King about four miles southwest of Grassland. Mr. Brownfield stated that he was piloting his plane beneath a low-hanging rain cloud and was watching the cloud, taking no note of his distance above the earth until it was too late to avoid a collision with terra firma.

Grassland Woman Has Fine Garden

A record crop of English peas was raised this year by Mrs. J. W. Warrick of the Grassland community. She reports that from eight rows of peas, planted across her garden late in March, she has furnished the tables of three families, canned 98 pints, and has 27 pounds dried for seed. From the time the English peas were planted until they had quit bearing, the plant received only one rain; however, they were irrigated some.

Mrs. Warrick has a fine garden and raises most all the vegetables for canning that the family can use. Besides eating all they and several neighbors could eat, she has put away four and a half bushels of Irish potatoes for future reference.

Mrs. Kellis Dies In Wichita Falls

Mrs. T. J. Kellis died in a State Hospital in Wichita Falls last Friday and was buried in that city. Mrs. Kellis resided at O'Donnell for a number of years and had many friends there her husband having been the proprietor and editor of the O'Donnell Index.

Mrs. Kellis suffered a nervous breakdown about six years ago and was placed in the state hospital with the hope that her condition might improve. All efforts to restore her health were in vain, however, relief being found only in death.

L. M. Nurdyke Is Reported Improved

News received from the bedside of County Commissioner L. M. Nurdyke Wednesday was to the effect that he is steadily improving. He will possibly be brought home from the Lubbock Sanitarium this week, but is not expected to be sufficiently recovered to get out of bed for several days at least, Mrs. Nurdyke says.

J. S. Weatherford returned Tuesday from a visit of several weeks with relatives at Higgins in the North Panhandle. Mr. Weatherford reports that the North Panhandle and Oklahoma are suffering from one of the worst droughts in the history of that section. Wheat over most of the territory is almost a complete failure.

WOULD PERMIT LIQUOR SALES

Petition Placed Before Commission Asks For Election Here On August 26th

Petitions bearing more than three hundred names have been filed with the county clerk asking the commissioners court to call an election to be held on August 26 to determine whether or not beverages containing alcohol not exceeding 3.2 per cent may be sold in Lynn county in the event the beer amendment to the constitution is adopted.

Fred Mathews of Grassland and Bill Anderson of Tahoka sponsored and circulated the petitions. There has been no meeting of the commissioners court as yet to pass on the matter but the court will probably meet and order the election at an early date.

On the same date, the voters of Texas will pass upon an amendment to the state constitution legalizing the sale of beverages containing less than 3.2 per cent of alcohol. It has been held, however, that even if this proposed amendment should be adopted, counties which were dry under the old local option laws of the state will remain dry and the sale of 3.2 per cent beer would still be prohibited in such counties unless and until the sale of such beverages is authorized by a vote of the people of such counties. The petitions which have been filed with the county clerk are asking for such an election. Of course, if the people of the state should refuse to adopt the 3.2 per cent amendment, the sale of such beverages in this county would still be prohibited regardless of the result of the election in this county.

If the constitutional amendment should be adopted and the sale of 3.2 per cent beer should be authorized by a vote of the people in this county, then the laws enacted by the legislature which recently adjourned regulating the sale would go into effect, and practically every grocery store, drug store, cafe, restaurant, hotel, social club, and other dealers could take out licenses to handle the beverage. Beer saloons would probably open in Tahoka and in many other parts of Lynn county.

Several Schools Will Open Soon

Several schools in Lynn county will open soon, according to County Superintendent H. P. Caviness.

The New Lynn school will start next Monday, while the Petty school will open the following Monday, August 7. Others are planning to open soon but the exact date has not yet been determined.

These schools will probably run until cotton picking time, or until about October 1, when they will suspend for several weeks to enable the children to assist in gathering the crops. Then they will probably resume work immediately after the Christmas holidays and continue in session until late in the spring.

Mrs. Knight Wins World Fair Trip

The contest staged by some of the merchants of Tahoka in which a trip to the World's Fair was the major prize came to a close Saturday night.

Mrs. Summer Knight won first place with Mrs. Fred Bucy as a close second. The vote was as follows: Mrs. Knight, 732,455; Mrs. Bucy, 676,938.

The second prize won by Mrs. Bucy was \$25.00 in money.

Mrs. Knight is planning to take her trip to Chicago some time next month.

HELD FOR BAD CHECK
An O'Donnell man was brought to Tahoka by deputy sheriff John Johnson Monday and was placed in jail on a charge of having given a "cold check."

WE'RE AGIN' IT!
One of the constitutional amend-
ments to be voted upon on August
26 proposes a state bond issue of 20
million dollars to provide funds for
unemployment relief.

A campaign has been started at
Austin to put the proposition over.
We're against it.

It was possibly a wise measure
for the Federal Government to un-
dertake the expenditure of vast sums
of money in providing employment
for the unemployed, though it is a
well-known fact that much of this
fund has been literally wasted. It
has amounted in many instances to
a mere dole. To say that an honest
day's work has been given for a
day's wages provided by this fund is
but to laugh. Yet the beneficiaries
have been relieved in many instances
of dire need and the funds have gone
back into the arteries of trade. So,
much good has undoubtedly resulted.

But we are opposed to our state,
at this time, entering upon a like
policy. There is too much opportunity
and temptation to graft. Besides,
most of our unemployed may soon
find employment at gathering the
crops or at other occupations. There
is every reason to believe that the
price of cotton will be much higher
this fall than it has been the past
two or three years. With money in
the pockets of the farmers, business
will revive and employment will be
open for the unemployed. We are not
in favor of saddling another 20 mil-
lion dollars of debt on the backs of
the tax payers of Texas at a time
when they are already unable to pay
their taxes and when there are many
millions of delinquent taxes in
Texas.

As one of the "great common peo-
ple" of Texas that some of our poli-
ticians love so ardently, we are un-
willing to provide a big sumptuous
cobbler merely in order that some of
the voracious gentlemen at Austin
may "get a finger in the pie."

Since the repeal of the Eighteenth
Amendment seems to be a foregone
conclusion, not much effort is being
made anywhere to enforce our pro-
hibition laws. While comparatively
little liquor is being sold in Tahoka,
we believe, yet reputable citizens do
not scruple to pull off a beer party
occasionally and officers make no ef-
fort to interfere. It is all wrong,
folks.

The trouble with our court system
seems to be that it is greater up to
run in the low to serve a civilization
that is running in the high.

OUR RIGHT TO POISON OURSELVES

The primary meaning of the word
intoxicate is to poison. The words
intoxicate, intoxication, intoxicant,
etc., are all derived from the Latin
words intoxicare, to poison, and
toxicum, a poison in which arrows
are dipped. The corresponding Greek
word was toxikon, a poison for smear-
ing arrows with.

Alcohol, the intoxicating principle
in whiskey, wine, and beer is a poi-
son. It can be safely used as a medi-
cine only under the prescription and
direction of a physician. An intoxica-
ted or drunk man is a poisoned man.

Furthermore, an intoxicated man
is temporarily insane, not in the
strictly legal sense so as to excuse
him from culpability in the commis-
sion of crime, but in truth and in
fact he is temporarily insane. The
alcohol in the system has so interfered
with the normal functioning of
the brain that the intoxicated man
can not think clearly and normally.
For the time being he is crazy.

These are indisputable facts; and
yet men will insist on drinking these
concoctions that poison the body and
craze the mind. They will even stage
a great national campaign to permit
the sale of such concoctions to the
public generally and will elect sena-
tors and presidents on that issue.
What fools we mortals be!

Money is only a standard, a yard-
stick, with which to measure values.
Prosperity in any country does not
depend on the volume of money in
circulation but does depend upon its
stability. In other words, the yard-
stick should not be subject to great
variations in length—it should not be
a foot long today and three feet long
tomorrow and vice versa. The volume
of money should keep pace with the
volume of commodities to be moved.
When the yardstick lengthens prices
fall, and when it contracts prices
rise. A yardstick that is subject to
great and sudden fluctuations is dis-
turbating to credit and to the business
of the world. When a debt is con-
tracted, the debtor and the creditor
should each have reasonable assur-
ance that when it matures, the dollar
will have about the same purchasing
power as it had when the debt was
contracted. How to prevent wild
fluctuations in the value of the dol-
lar—the length of the yardstick—is
the task of the statesmen. There are
some newspaper men that know all
about the money problem. They can
tell you to a gnat's heel just what
the President and the Congress and
the Secretary of the Treasury ought
to do or ought to have done in any
emergency. The fellow that does not
agree with their wild notions is
either a fool or a traitor. It's a pity
that the country doesn't select one of
these newspaper editors as dictator.

The appointment of E. C. Brand
of Sweetwater as state banking
commissioner should meet with gen-
eral approval. Brand is a shrewd,
keen fellow and knows the banking
business like a book. We regard this
as one of the best appointments
either of the Fergusons ever made.

A TEXAS DROUGHT

Dr. B. H. Carroll's description of
a Texas drought surely does give a
true picture of the terrors of a
drought. It seemed we were in for a
real one this year—but recent show-
ers gives us hope that the worst is
over.

"I have witnessed a drought in Tex-
as. The earth was iron and the
heavens brass. Dust crowded the
thoroughfares and choked the trav-
elers. Water courses ran dry, grass
scorched and crackled, corn leaves
twisted and wilted, stock died around
the last water holes, the ground
cracked in fissures, and the song of
birds died out in parched throats.
Men despaird. The whole earth pray-
ed: 'Rain, rain rain! O heaven, send
rain!' Suddenly a cloud rises above
the horizon and floats into vision like
an angel of hope. It spreads a cool
shade over the burning and glowing
earth. Expectation gives life to de-
sire. The lowing herds look up. The
shriveled flowers open their tiny
cups. The corn leaves unbust and
rustle with gladness. And just when
all trusting, suffering life opens her
confiding heart to the promise of re-
lief, the cloud, the cheating cloud,
like a heartless coquette, gathers her
drapery about her and floats scorn-
fully away, leaving the angry sun
free to dart his fires of death into
the open heart of all suffering life."

R. E. Key and Miss O'Berger For-
rester returned Sunday from Corpus
Christi, where they attended a state
meeting of insurance agents. Mr. Key
says that he did some fishing in the
bay and caught quite a bunch of fish.

Mrs. Fred Fleener and two child-
ren are here from Kilgore visiting
her parents, Mr. and Mrs. J. B.

WILSON COUPLE CELEBRATES FIFTIETH ANNIVERSARY

Mr. and Mrs. W. E. Bain celebra-
ted their fiftieth wedding anniversary
Sunday in their home in Wilson.
People from several South Plains
points gathered for the celebration.

The Bains have eight sons and
daughters, all of whom were at the
reunion. They have 20 grandchildren
and seven great-grandchildren. Rep-
resentatives of the four generations
were at the gathering.

A dinner was served at noon. The
Rev. McGraw, pastor of Wilson Bap-
tist church, attended with the fam-
ily. In the afternoon the Rev. Her-
schel Thurston, pastor of the Wilson
Methodist church, made a talk.

Members of the family who were
present were: Mr. and Mrs. O. E.
Bain and daughter, Slaton; Mr. and
Mrs. R. L. Bain and daughters, Lo-
renzo; Mr. and Mrs. G. O. Henerson
and family Wilson; Mrs. Luther
Stevens, Lamesa; Mr. and Mrs. L. G.
Bain and daughter, Wilson; Mr. and
Mrs. L. H. Bain and family, Lynn;
Mr. and Mrs. G. G. Jones, Wilson;
Mr. and Mrs. C. R. Bain and daugh-
ter, Slaton; Mr. and Mrs. Earl Bain
and family, and Mrs. and Mrs. O. E.
Bain, Jr., and son, Lubbock.

METHODIST S. S. CLASSES HAVE PICNIC SUPPER

Members of the Everyman's Sun-
day School class, of which J. D. Don-
aldson is president and "Happy"
Smith teacher, and the young married
women's class, taught by Judge C.
H. Cain, both of the Methodist
church, enjoyed a picnic supper at
the Will Montgomery farm two miles
northwest of town Monday evening.
Seventy-two people were present.

Preceded by a handball game as
an appetizer, a fried chicken dinner
was spread picnic style. Ice cream
and cake was served, and for once
a picnic has been held where fried
chicken, cake, and ice cream was left
over.

A song contest between the men
and the women proved a very enter-
taining feature.

BAPTIST RAINBOW GIRLS CLASS HAS REORGANIZED

FDR'S POSTMASTER PLAN DISAPPOINTS JOB-HUNTERS

Washington, July 13—Pres. Roose-
velt's move to place all postmasters
under civil service fell with a thud
today on Democrats in Congress who
realized suddenly that about 15,000
jobs thus would be taken out of the
political patronage category.

Senator McKellar of Tennessee,
chairman of the postoffice committee,
and ranking Democrat on the civil
service committee, predicted Con-
gress would reject a bill such as the
President recommended to require
all first, second and third class post-
masters to be under civil service.

These appointments are now and
have been by appointment by the
President on recommendation of sen-
ators and representatives. Only 4th
class postmasters are at present re-

quired to stand civil service exami-
nations.
Pending submission of the bill at
the next session, the President order-
ed all future applicants for postmas-
terships now filled by political ap-
pointment to take examination, un-
less they are already qualified under
civil service or regularly commission-
ed postmasters.

R. E. Key left Tuesday morning

song services in a revival meeting
during the remainder of this week

How Cardui Helps Women

"Mal-nutrition" means that your
body is not getting enough to keep
it up, so that what it has to do is
not done well. You may not be eat-
ing enough to keep up the work of
the body, or there may be something
wrong that keeps you from getting
full value from the food you eat.

Because of mal-nutrition, some
women have aches and pains every
month. Such pains should not be
neglected.
Take Cardui to give you a better
appetite, to give you more strength
from the food you eat—to build up
and increase your feeling of well-
being. Aches and pains go away as
you build up with the help of Cardui.

The Cash Store

Man Charged With Stealing At Store

Frank Mason of Weatherford, a truck driver, was arrested Wednesday afternoon on a charge of theft of \$30.00 in money from the Help-Yourself Grocery conducted by Davis Bros. here, and made bond in the sum of \$200.00 to appear in the county court Friday, August 4, for trial. Mason had just sold some potatoes and other produce to H. D. Davis of the Help-Yourself firm. Mr. Davis had just taken some money out of the cash drawer with which to pay Mason, including six five-dollar bills which his son Joe had placed in the cash drawer after having taken it to the bank too late to deposit it, and he had laid the money on the counter near the cash drawer. At that instant Davis' mother, whom he had not seen for some time, entered the store, and while he was conversing with her Mason picked up all the money on the counter and walked out with it. Mr. Davis was not cognizant of the amount of money he had left on the counter but asked Mason when he was leaving if he had given him all that money. Mason replied in the affirmative and Davis let the matter pass, supposing that he had given Mason the correct amount of money, which should have been about six dollars. A half hour later Joe Davis came in and looking in the cash drawer missed the thirty dollars which he had placed therein and immediately made inquiry about it. This started an investigation and soon the sheriff, B. L. Parker, was notified. He immediately phoned officers in adjacent counties and in a few minutes the sheriff at Brownfield phoned that he had Mason under arrest. The Davis brothers accompanied Mr. Parker to Brownfield and recovered their money. Mason claimed that his taking the thirty dollars was a mere mistake.

Forger Caught At Christoval

Junior Diffey, indicted in this county more than a year ago for the alleged forgery of two checks which he is said to have passed to the M-System store, was arrested at Christoval early this week and Sheriff B. L. Parker brought him to Tahoka and landed him behind the bars here Tuesday. Diffey was traveling for the National Cash Register Company at the time he passed the checks. Sheriff Parker had been unable to locate him since until Tuesday.

Wilson Pastor Heard At Methodist Church

Local Methodists greatly enjoyed last Sunday morning the visit of the neighboring pastor, Rev. H. L. Thurston of Wilson, who brought a beautiful message from the story of Peter's walking on the water. His emphasis was on the text "I can do all things through Christ who strengtheneth me." Mrs. Marvin Munn sang most effectively "Face to Face I Shall See Jesus." The evening service was conducted by the College Young People's class, Miss Eloise Clark, president. Four splendid talks based on chapters from Bruce Barton's book "The Man Nobody Knows" were given as follows: "Christ, the Social Man," J. D. Donaldson, Jr.; "His Advertising," Miss Hazel Anglin; "The Outdoor Man," Lester Prater; and "The Master," Miss Gladys Douthit. Miss Ernestine Story contributed a beautiful piano solo. Miss Mattye Pearl Jones read the scripture lesson and Corbin Douthit led the singing. The evening prelude was "Romance," Opus 44, No. 1 by Rubenstein, played by Mrs. Rubie D. Suddarth, teacher of the class. Sunday morning the church school prelude was from Chopin Nocturne, Opus 37, No. 1, following which the superintendent, G. M. Reid conducted the devotional service. Shall we not raise the attendance record again next Sunday? There were some new faces present, but let us keep our eyes on that goal line! Be on time! Rev. H. C. Smith reports a good meeting in progress at the Methodist Church at Wilson. Mrs. Smith is assisting with the juniors and several local folk have been visiting the services. On Thursday night two car loads from the local young people's department attended and furnished special music.—Reporter.

New Cooling System At Baptist Church

The pastor will preach Sunday morning on "A Prayer for a Revival." The women's quartet will sing at the morning hour. Sunday school meets at 9:45. All the men of the community who do not attend Sunday school elsewhere are invited to meet with the Down Town Bible Class at the English Theatre. All other departments meet at the church. Sunday evening a 8:30 the pastor will preach on "Confessing Our Sins." Preceding the sermon a male quartet will sing. The new cooling system ought to be ready by Sunday. The basement of the Baptist Church will be the coolest place in town. Let all our people along with visiting friends attend in large numbers, both the morning and evening hours. "Come this way and we shall do thee good."—Lawrence Hays, Pastor. Oscar Roberts came in Friday from his summer camp at Weed, New Mexico. His family are still there.

METHODIST CHOR WILL PRESENT PROGRAM SUNDAY

The following program will be rendered at the evening hour at the Methodist Church Sunday night. Everyone is cordially invited to attend.

Piano solo—Charlene Bucy.
Reading—Patricia Hill.
Vocal solo—Mrs. Harold Edwards.
Special—Choir.
Piano solo—Miss Elizabeth Wyatt.
Male quartet—Messrs. Bucy, Cassell, Price, and Dr. Townes.
Saxophone and Cornet Duet—Maurice Small and Kenneth Reid.
Songs will be sung by the choir and congregation.

ERROR CORRECTED

In our accounts of the Men's Luncheon held recently in the Baptist church, we stated that it was served by the Lucille Reagan Circle of the W. M. S. It was in fact served by members of all the circles and by other women of the church who are not members of any of the circles. Lucille Reagan Circle does not desire exclusive credit for the luncheon and we gladly make the correction.

T. J. WILLIAMS HAS PRECOCIOUS PULLET

Thomas J. Williams of Draw, one of the most successful poultry raisers in Lynn county, brought to the editor Saturday a dozen eggs which had been laid by a Barred Rock pullet that began laying when she was just four months and four days o'd, Mr. Williams says. Mr. and Mrs. Williams raise hundreds of chickens and sell several hundred dollars worth of eggs each year. They are making a distinct success because they are intensely interested in the business and give most careful attention to details.

Old Cowboy Admits Modern Round-Up Has More Style Than Those Of Past

Floydada, July 26—There is a "little more style" in the modern round-up of a big cattle outfit, says J. D. Starks, Floydada's 75-year-old postmaster and former cowboy.

Starks is the only cowboy still living who participated in the first roundup on the famous Matador ranch in Motley county in 1880. Ten men worked the herd, he said.

The veteran cowpuncher recently watched the round-up and branding of 350 calves at the Matador ranch, the first time in forty-five years he had visited the ranch during the branding season.

"They keep the different classes of cattle in separate pastures," Starks said, "and the work isn't so hard. Back in our day the cattle all ran together and it was a job to cut the herd."

"They also had a big tarp that covered the end of the camp wagon and extended out to make a shade for the cook. It was large enough that the cowboys could squat around in the shade to eat. We didn't have any shade when I was punching cattle, but sat out in the hot sun to eat our meals."

"Yes, I guess there's a bit more style these days," he said.

Starks first began work as a cowboy in Jack county in 1877. He worked for the Matador ranch for nine years, beginning in the fall of 1879.

NEW POSTOFFICE FOR EASTERN GAINES COUNTY

Eastern Gaines county, midway between Seagraves and Lamesa, has the newest postoffice in that county. It is to be known as Spot, and was authorized recently by the postoffice department. Lonnie Mingus was named postmaster.

Spot is at Cedar Lake, and there are 41 families to be served by the new office. Charles H. Doak, well known rancher, gave the location for the office.

Mail will come from Loop, the nearest office, about 10 miles from Seagraves. Loop is served by a star route from Seagraves and Lamesa.

Little Bobby Johnson of Amarillo is here visiting his grandmother, Mrs. Ollie Johnson.

SPRING POETRY

By Paul Ponder

To write a poem, I've not tried before
In forty seven weeks or may be more;
But gentle Spring is here—the happy time—
When thoughts are wont to take the course of rhyme.

And as anon my mental strings I pull,
Behold, my cranium is brimming full
Of muses, leashed and cramped within so long,
And eager to break forth in streams of song

Though I cannot Cooke's humor manifest,
Nor match the tasty wit of Edger Guest,
And too, the works of other moderns may
Surpass by far my efforts in a way

Yet when well poised upon Iambic feet,
As I, you'll find not many quite as fleet;
For I assemble rhymes at rapid rate,
And manufacture poems "while you wait."

Some sterner rules I frequently o'er-ride—
To draw acute description is my pride—
The poignant features which my eyes discern
Are always treated with most deep concern.

On vermin often-times I base my rhyme,
Which now reminds me of a certain time
When once in meter I described a skunk
So plain, some critics said, my "poem stunk!"

Carmon Morgan, 16, son of J. E. Morgan of the Magnolia community was rushed to the Lubbock Sanitarium Monday afternoon for an operation for appendicitis. The operation was successfully performed and the latest word from the hospital was to the effect that the patient was recovering nicely.

TO OUR REPEAL FRIENDS

Unexpectedly, I was appointed to act as chairman for the forces in Lynn county who favor repeal of the 18th Amendment and the legalization of light wines and beer. I want to say that I am glad of the opportunity to offer any assistance that I can in bringing about this result and to put Lynn county in the repeal column.

This is not one man's fight. It is the people's fight and we should all get together and organize a county campaign committee that will include every voting precinct. We would be glad to correspond with any one from any of the different voting boxes of the county and supply them with literature which will be furnished by the State Headquarters.

We know that many of our good citizens cannot vote this year, not having a poll tax receipt, but you can help and your assistance will be appreciated by all who are interested in this campaign. We have a supply of enrollment sheets and we want as many as can to come in and enroll as members of our organization or that will help to get the job done. We must not slow up or look back until every promise made in the Democratic Platform is fulfilled. The repeal of the 18th Amendment is one of these promises, and Mr. Roosevelt, the best president we have ever had, is whole-heartedly supporting this cause. We supported his platform in 1932 and we believe we should support him now to put the measures he advocates into action and not retard in any way his efforts to bring back better times.

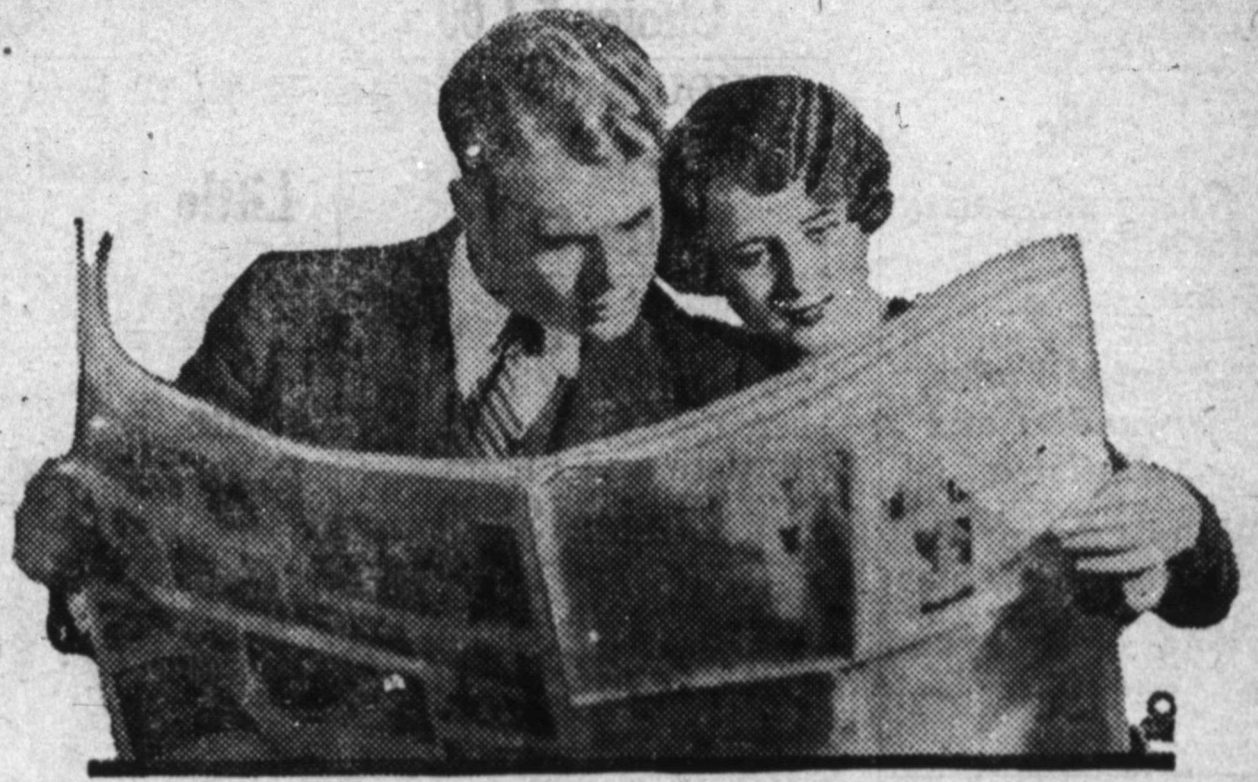

Mr. E. H. Robertson, of Lubbock, is our delegate from the 30th Senatorial District and his name will appear on the official ballot to be voted on August 26th. He has promised us some good speakers later in the campaign and in the meantime let us get together and help Roosevelt carry out his promises.

Home Living Policy Should Not Let Up

By MISS EL FLEDA HARRISON
(Home Demonstration Agent)

Don't Stop Living At Home
There should be no let-up in living at home activities now that quick cotton money is in sight.

All that may be gained by cash cotton rentals this summer may be lost this fall and winter unless all the feed and food that can possibly be raised to advantage on the farm is put into storerooms and pantries. Lynn county farm families saved themselves the last three years by making their farms almost self-sustaining as far as feed and food are concerned.

There is no reason now to give up plans for a fall garden, or to stop feeding the hogs and bees for winter killing, or to sell off most of the poultry flock, or to store away

the steam pressure cooker and sealer. If they hang on to their depression life saver, "living at home," the farmers have a good chance at a permanently better future.

Control Of "Honey Dew"

Home preparation of nicotine dust for watermelon lice, often called "Honey Dew", and found on cucumber vines frequently, turnip lice, and other soft-bodied sucking insects, a convenient amount for the home garden and the proper proportions will be one ounce of Black-Leaf Forty with 20 ounces of hydrated lime, available at lumber yards. The lime should be spread on a square of butcher's paper about 18 inches on a side. A slit should be cut or a hole made in the cork of an ounce bottle of Black Leaf Forty. The contents of this bottle is then sprinkled as evenly as possible over the lime. Then a knife is used to work the lime back and fourth to secure as even a mixture as is possible by this means. After this, running the mixture four or five times through an ordinary flour sifter will break up all small lumps and pellets and make a mixture that can be easily dusted.

The material should be made up only as required for use. If, perchance, any remains, it should be kept tightly sealed in a fruit jar or friction top can.

The effectiveness of nicotine dust is materially increased if confined about the plants for a period of one minute or more. Especially in windy weather the gas is whipped away before it has served its purpose.

In the control of the watermelon lice, often called "Honey Dew," the treatment of the first heavily infested plants, as they are found, may often make unnecessary or at least delay treatment of the entire field.

Every Home A Miniature Pantry
Since home canning has long ceased to be merely optional and has become an actual necessity in the home, a regular program of canning instructions have been planned for August.

"No matter how long a woman has been canning, even though she has covered most of the ground before, there is still much for her to learn. I find that it doesn't pay to overlook any improvements which have been made in home canning methods," says Mrs. R. W. Fenton, 4-H pantry demonstrator of Tahoka Club. "We know infinitely more now than we did even four years ago about what makes for safe, sure canning."

The general subject of planning one's canning budget will be discussed by the home demonstration agent. At this time making out a canning budget, and general directions for canning, emphasizing the important points and introducing much that is new, will be taken up, followed by a demonstration on canning.

Every rural home a miniature canner, is the ideal which the home demonstration agent is setting up for her club members this year. The reasons given are that home canning affords a greater variety of food otherwise possible, provides a food supply which in many instances would be lacking in these times and finally that improved canning methods make home canning safer, more efficient and cheaper.

CITATION BY PUBLICATION

The State of Texas. To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to summon F. T. Kelley by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be held at the Court House thereof, in Tahoka, Texas, on the 4th Monday in September, A. D. 1933, the same being the 25th day of September, A. D. 1933, then and there to answer a petition filed in said Court on the 26th day of January, A. D. 1933, in a suit, numbered on the docket of said Court as No. 952, wherein Margaret C. Bolton, defendant, M. L. Youngblood, C. Bolton, joined pro-forma by her husband, E. R. Bolton, are Plaintiffs, and M. L. Youngblood, C. L. Tomlinson, F. E. Redwine, Hugh McLaurin, O. W. Sumner, and F. T. Kelley are Defendants, and said petition alleging that on or about the 1st day of April, 1929, defendant M. L. Youngblood executed and delivered to defendant C. L. Tomlinson six promissory Vendor's lien notes, number one for the sum of \$250.00 and the remaining five for the sum of \$200.00 each, bearing date on the day and year aforesaid, due on or before January 1st, 1927, 1928, 1929, 1930, 1931, and 1932, respectively, bearing interest at 8 per cent per annum from date until paid, payable to defendant C. L. Tomlinson, providing for maturity of all notes on failure to pay any note or installment of interest when due, and stipulating for 10 per cent attorneys fees on principal and interest if placed in hands of attorney for collection, whereby M. L. Youngblood became bound for the above sum to C. L. Tomlinson; That on or about the 7th day of January, 1927, C. L. Tomlinson transferred the above described six notes to F. E. Redwine without recourse on him; that on or about the 10th day of April, 1929, F. E. Redwine executed a release to M. L. Youngblood for the first three of the above described notes; that on or about the 8th day of February, 1928, M. L. Youngblood and wife Mamie Youngblood deeded the hereinafter described premises to Hugh McLaurin, the said Hugh McLaurin assuming and agreeing to pay the above described notes, said deed of conveyance shown in Vol. 43, page 340, deed records, Lynn County, Texas, that on or about the 6th day of January, 1931, F. E. Redwine released above note No. 4 and extended time of payment of above note No. 5 to January 1st, 1930, to O. W. Sumner; that on or about the 6th day of January, 1931, F. E. Redwine sold and transferred, without recourse on him, to Hugh McLaurin above described note No. 5; that on or about the 6th day of January, 1931 said Hugh McLaurin assigned and guaranteed payment of above described

note No. 5 to Margaret C. Bolton; that on or about the 11th day of February, 1928, Hugh McLaurin conveyed to F. T. Kelley the hereinafter described premises, said F. T. Kelley assuming and agreeing to pay said above described notes Nos. 3, 4, 5, and 6 and in addition thereto said F. T. Kelley executed and delivered to said Hugh McLaurin his six promissory vendor's lien notes for the sum of \$210.00 each, bearing date of February 11th, 1928, due on or before January 1st, 1933, 1934, 1935, 1936, 1937, and 1938 respectively, payable to Hugh McLaurin, bearing interest at 8 per cent per annum from date until paid, containing the usual stipulation for attorney's fees, whereby said F. T. Kelley, became liable and bound to pay to said Hugh McLaurin the above described notes or the future holders of same; that on or about the 10th day of May, 1929, said Hugh McLaurin executed a release of note No. 6 last above described; that on or about the 10th day of May, 1929, said F. T. Kelley by his deed of conveyance sold and transferred the hereinafter described premises to O. W. Sumner who assumed and agreed to pay notes Nos. 4, 5, and 6 of the first series of notes hereinabove described as well as the last six notes above described, whereby said O. W. Sumner became bound and liable to pay to the holder of said notes the sum of money therein specified; that on or about the 1st day of January, 1931, said Hugh McLaurin sold and assigned to Margaret C. Bolton and guaranteed payment of the first five notes of the last series as executed by F. T. Kelley as above described; that note No. 5 of the first series as above described and the first five of the last series of notes as above described are still unpaid; that in each of said deeds of conveyance as above described a lien was reserved on the hereinafter described premises to secure the payment of said notes; that each of said notes specify that at the election of the holder all of same may be declared due upon failure to pay any one of same or any installment of interest thereon when due; that Margaret C. Bolton is the legal owner and holder of note No. 5 of said first series of notes and of the first five of the notes of said last series of notes, that no interest has been paid on said notes or any of them since January 1, 1931, and the defendants, though often requested, have failed and refused to pay the interest in same or any part thereof, but same remains due and unpaid; that said notes were given for part payment of the purchase money of the following described land and premises, to wit: All that certain lot, tract or parcel of land, lying and being situated in the County of Lynn, State of Texas, and same being all of the S. W. 1/4 of survey No. 21, Bk. No. A-1, Cert. No. 1490, E. L. & R. R. Co. and containing 160 acres of land more or less. Wherefore, plaintiff's pray judgment of the court that the defendant F. T. Kelley be cited to appear and answer herein, that she have her

judgment of foreclosure of her lien on the above described land and premises against the defendant herein, that the same be decreed to be sold according to law and that she be placed in possession thereof according to law, for such other and further relief, special and general, in law and in equity, to which she may show herself justly entitled.

Herein fail not, and have you before said Court, at its aforesaid next

regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said Court, at office in Tahoka, Texas, this 15th day of July, A. D. 1933. W. S. TAYLOR, Clerk, District Court, Lynn County, Texas. 48-4tc.

IN ANSWER TO A LADY'S LETTER

A lady writes to say that she does not understand why an 8-cylinder car does not cost more to run than a car with fewer cylinders. She refers to my statement that our Ford V-8 develops more power on a gallon of gas than any car we have made.

The use of 8-cylinders does not mean the addition of two or four extra fuel consumers. It is not, for example, a 4-cylinder engine multiplied by two. Our 8-cylinder engine takes the fuel supply of an ordinary 4-cylinder engine and divides it eight ways. And why?

By reducing four larger explosions into eight smaller ones, we get engine smoothness and quietness. Eight-cylinders indicate the way the gas is used, not the amount. It is just the difference between going upstairs in four long jumps or in eight ordinary steps.

Two things use up gas—bad engine design and useless car weight. Besides having an engine that gets a high percentage of power out of the fuel, the Ford V-8 has a light, strong body and chassis so that no power is wasted in moving excess weight.

The only extravagance about the new Ford V-8 engine is in the building of it. The extravagance is ours—the economy is yours.

The whole question of car economy needs clearing up. An economical car gives economy all round. Price, operation, upkeep, all play their part. If what you save on gas you lose elsewhere, that is not economy. As to upkeep, our dealers say that in recent years the improved quality of Ford cars has cut down their repair business 50 per cent.

As to price with quality.—judge for yourself.

As to economy, here is the record of a stock car three weeks out of shop in Oklahoma:

On a run of 10,054 miles at the rate of 1,000 miles a day—the Ford V-8 gave 18.8 miles per gallon of gas. Not a drop of water was added to the radiator. The oil was changed once in 1,000 miles.

That should answer a lot of questions.

Dear Fans: Dew 2 Mr. Ponder's absence on account of him a goin' summers, I am sorry actin' as "peench hitter" for him as reporter this week. There aint much differens twixt us though—he tells the truth about half o' the time, whilst I tell half o' the truth nearly all time.

He sed last week that our boys was to play Lubbock the past Sundy. Well, that was the program at that time. But as Lubbock just caint beet Tahoka at all, wy they called the game off, and sent and hired Lamesa to come up hear an do the job

fer 'em. An boy, they done it—an how.

After the game I ast Mgr. Skip did he have a alibi fer his defeat. An he sed, "Yeah—I used him in the rita feald." Now what did he mean by that?

Well, they beet us all rite; but they got the advantage—our boys is all youngsters, whilst sum o' theirs air up aroun' forty yeers old—yeers ov experience, you see. I didnt no none ov Lamesas pleyers; but I reck-in they got a man named "Wimpy" also, 'cause i heered one ov 'em say after the game, "ol' Wimpy was the best help we had." But they got several good men—2 B eggsact, nine ov 'em.

Now, as I don't no the different fine pints ov the baseball game, I'll just give brief menshun ov the mane fax an results: For the locals Karr W. copped battin' oners, gittin' 3 hits out o' 4 times up. Dr. Graham played errorless ball, and socked the pill once fer a triple. The reason I call him Dr. is on account of watchin him roll aroun' the infeed a tinker-in' with the pellet; well, that nackerly maid me think ov a pill roller, then ov coarse, doctor. Frank pitched good ball fer 8 an one therd innins, an was releveed by Rose. The ninth closed with a tie ov 3 an 3; but in the exter fraim Rosie let 'em score 1, and when we come to bat, wy we smacked the apple hard 3 times, but ther was no hole in their back fence—they sacked all the apples, and that spelt "apple sause" fer the Tahoka "Titans".

League work will be resumed Sunday, Slaton playing here.

But there was another non-league game on the lot last Thursday, an a good one 2. We trimmed Lorenza to the tune ov 6 to 5. All I will say ov it is, you mist a reel game if you didnt see it. By the way, let me correct miself: That part about Lubbock hirin' Lamesa to come beet us, is Miss-infermashun; but I caint erace it, 'cause I done wore out the rubber on mi pensel a kerect'in' mi miss-takes in spellin'. The reason they called off the game was, they air a playin' a tournamint—whatever that is—an jist poast poand it tipperarily. Proberly they can play the tournamint sum better than they play ball regerly.

P. S.—Mister Editor, as I never went 2 skule but 3 weeks, an the teacher was sick half o' the time, I never learnt how to use puncturashuns. So I am inclosin sum commys, simercolins, periods & so fourth, an askin' you 2 pleas skatter 'em a roun' in mi ritin when you think they blong.

WILL PAVE HIGHWAY NO. 9 IN HOWARD COUNTY

A preliminary survey for Highway No. Nine northward from Big Spring indicates the following route:

The highway will leave North Gregg Street a short distance south of the Lutheran Church and go in a northwesterly direction, west of the church to the Cap Rock filling station; thence following the present highway to Fairview. From there it will run in a northwesterly direction to the Dawson county line; paralleling the highline of the Texas Electric Service Company. At the Dawson county line the highway will be about 600 feet east of the high line.

Knott will be about five miles from the highway as routed, Ackerly about one-quarter of a mile.

Messrs. Dyer and Sellers, civil engineers have arrived to assist Mr. Savage who is to prepare the field notes for this highway right-of-way.—Big Spring News.

CARD OF THANKS

Dear friends: I wish to thank each of you for your loyal support in the World's Fair contest. Although I did not win the trip, I have been well paid for my time and effort by the many new friends I made, and the \$25 surprise given me by the merchants sponsoring the contest.

Sincerely your friend, Mrs. Fred Bucy.

HIGHWAY 84, TATUM TO ROSWELL, TO BE OILED

Tatum, N. M., July 26.—If present plans are carried out, the state highway that extends from Bronco, Texas, on the east, through Tatum to Roswell, will be oiled in the near future. The highway at present is graveled.

This highway is one of the best graveled roads in this section of the state. There is a great deal of tourist travel from Oklahoma through Lubbock and Brownfield to Tatum and then to Roswell over the road.

It is approximately 100 miles from the Texas line to Roswell. At Tatum also is a cross county highway, north and south, connecting Lovington and Hobbs with Portales and Clovis.

Got Over Weak, Painful Condition By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Barranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor. My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all." For over 50 years, Cardui has been helping women just as this Texas lady describes above. Cardui is sold at all drug stores.
