Number 52

Election On Local Option Is Refused

COURT VOTES PETITION DOWN

Did Not Have Sufficient Number Of Signers For Election On August 26th

At a meeting of the commissioners court Monday, a petition asking for an election on August 26 to determine whether or not 3.2 per cent beer may be sold in Lynn county in the event its sale is authorized in the state was considered by the court but no election was ordered.

By a vote of two to one the election was refused on the grounds that not a sufficient number of legal voters had signed the petition. The petitioners were not represented before the body but Judge C. H. Cain appeared in opposition to the calling of an election.

If the sale of beer is authorized in the state at the special election on August 26, its sale in Lynn county will still be illegal until an election is held in Lynn county resulting in favor of beer.

Under the law enacted by the legislature last spring, which goes into effect only in the event that the sale of beer is authorized by the voters on August 26, a person desiring to sell beer in any county in which it may then be legally sold must first procure a license from the state. Retail dealers selling beer to be drunk on the premises must pay an annual license fee of \$100.00, those selling it in unbroken casks or packages not to be drunk on the premises must pay an annual license fee of \$50.00.

Evelyn Hatchett In Meeting Here

Miss Evelyn Hatchett and her co-worker, Miss Ruth Parks, both of Los Angeles, California, have been holding night services at the Presbyterian Church here this week. The last service of the series will be held tonight and Miss Hatchett will preach.

Those who have been attending these services speak in highest praise of these young ladies and their work. Miss Hatchett was reared in Tahoka and resided here until a few years ago, when she removed with her mother to Los Angeles. She is a cultured, refined, and deeply religious young woman, and it will be highly worth while to hear her tonight.

Floy Anglin Married To Charles Nelms

Charles Nelms and Miss Floy Anglin were married in Roswell, New Mexico, Wednesday. They will visit several points of interest in that state before returning to Tahoka and are expected back near the end of the week.

The groom is an industrious young farmer and cotton buyer here and has been practically reared in Tahoka, being the son of Mrs. J. H. Nelms.

The bride is the daughter of Mr. and Mrs. W. S. Anglin and has likewise been reared in Tahoka. She is a graduate of the Tahoka High School and of the Texas Tech, and for the past two years she has been teaching Home Economics in the high school here. She attended the summer term of the Colorado State Agricultural College at Fort Collins recently and returned to Tahoka just a little more than two weeks ago. She has been re-elected to her position in the Tahoka High School for the ensuing year.

The News joins many friends in extending best wishes to these fine young people.

Church Of Christ Revival At Dixie

The Dixie Church of Christ announces its series of meetings to begin Sunday, August 20. Bro. R. P. Drennon, pastor of the Tahoka Church of Christ, will conduct the services.

Everyone is cordially invited.

Merchants Decide Business Hours

The local organization of N. R. A. grocers, dry goods merchants, and hardware dealers met Tuesday afternoon and decided to continue to open and close at the hours originally fixed.

They expect to have definite and detailed information before meeting again next Tuesday as to their exact duties and privileges under the N. R. A. code for these lines of business. This information will be given out and discussed at that time, and every N. R. A. business man will be expected to abide strictly by the regulations, officers of the organization say.

The next meeting will be at 2 o'clock next Tuesday afternoon.

W. W. Price Out For Dist. Judge

The News editor has received a communication from Judge W. W. Price of Brownfield stating that he expects to be a candidate for district judge of the 106th judicial district next year and that he will make formal announcement about Jan. 1.

"It has been my ambition the past two or three years," Judge Price says in part, "to be elected district judge of our district. It is my present plan to present you my announcement on January 1st."

"My parents reached Terry county December 25, 1900. I worked as a ranch hand for several years, but could never say I liked it. I longed for a different life. I entered Baylor University in the year 1909, was there five years, worked my way. I have lived an honorable life, have been favored by my own people, have had the experience of four years as county judge, and a like number of years as county attorney, was never defeated. I feel that I am especially tempered for the position I aspire to."

Draper Buys Sheep For Midway Farm

I. M. Draper is going into the sheep business on a small scale. Monday he purchased nine Rambouillet ewes, three of them being mere lambs, from Texas Technological College, and they are beauties. He expects to raise some lambs and gradually increase his herd, if he has good luck with his new venture. He figures that it will cost him very little to raise a few sheep and that they will be a paying proposition.

Mr. Draper is not a novice in the sheep business, for he kept a flock of sheep years ago in Williamson county before removing to the plains.

Many Will Attend Rodeo At Gail

Jim Weatherford, Porter Tradway, deputy sheriff John Johnson, and possibly other Lynn county citizens who formerly resided in Borden county are planning to attend a big rodeo to be held eight miles east of Gail Saturday.

For a long time Gail was one of the most important frontier towns in West Texas and has a colorful history. Borden county being composed mostly of ranches, much of the color of the old West is still in evidence there, and a big rodeo always attracts a large crowd.

Primitive Baptists Meet At Brownfield

The Primitive Baptists of West Texas will hold their annual association at Brownfield next week, beginning Thursday night and extending over Sunday.

A number of local members of this church expect to attend.

Mr. and Mrs. D. I. Gill returned Monday from a few days visit with relatives at Tingle, New Mexico.

RAINS AID TO COUNTY CROPS

Showers Cover Much Of The County; Big Cotton Crop Is Now In Prospect

Rain amounting to .80 of an inch fell in Tahoka late Friday afternoon. As usual this year, however, it seemed to be heavier here in town than in most other localities. It gradually grew lighter in all directions from town but was sufficient to be of material benefit to crops over a considerable territory.

On Tuesday night of this week rain again visited the county, which was more general in extent, though some portions of the county still were not visited. The heaviest rainfall reported to us was in the T-Bar community, where residents claimed as much as two inches fell. In Tahoka the precipitation amounted to .49 of an inch. Very little rain fell at O'Donnell, Draw, and Grassland. About a quarter of an inch was reported at Three Lakes, Edith, and Magnolia. Wilson received a good rain, and New Home and Dixie reported from a half to three-quarters of an inch. A nice shower also fell at West Point. Petty had a good rain.

Excepting a few dry localities, crops throughout the county are generally good. In possibly two-thirds of the county cotton promises to make from a third to two-thirds of a bale per acre. Farmers generally report the plant as fruiting heavily. As an example, J. B. Love of New Home reports that he counted 73 bolls and squares on a single stalk in his field recently. Many others say that the fruitage is unusually heavy. It is too early to hazard a guess as to the probable yield, but it would not be surprising if the county gives 45,000 or 50,000 bales in spite of the large acreage plowed up. Forty thousand bales would probably be a more nearly correct estimate.

Crie, Shooks Go To New Mexico

H. C. Crie and Charles Shook and family left this morning to make their home at Sandoval, 12 miles north of Albuquerque.

Several months ago Messrs. Crie and Shook purchased a small irrigated farm lying along the Rio Grande River. They built a garage and made other improvements preparatory to removing to the place. They expect to build a residence a little later but will occupy the garage until the residence can be constructed.

Irrigated farms in that locality are said to be very productive and valuable, and many friends here are hoping a full measure of prosperity to these long-time residents of Tahoka who have yielded to the lure of the sage-brush and the mountains.

Larkin, Maddox Loan Officers

Judge B. P. Maddox has been appointed local attorney and H. M. Larkin appraiser for the Home Owners Loan Corporation recently organized under an act of Congress to afford a cheap rate of interest on long time to owners of homes who have procured a loan on the same and who are having difficulty in meeting payments.

Judge Maddox said Wednesday that about fifteen verbal applications had been made already. Formal applications have just been received and the local officers are ready to function.

Drennon Conducting South Ward Meeting

Elder R. P. Drennon of the Church of Christ is conducting a meeting this week at South Ward and reports both the attendance and interest as good. The meeting began last Friday night and will close Saturday night.

OPENING RECREATION CENTER

Jake Leedy has leased the basement of the Thomas building just east of the post office and has opened a recreation room, equipped with pool tables and other recreational equipment.

BAPTISTS WILL HOLD REVIVAL

Services Start Sunday With Snyder Man Doing Preaching; Key Is Song Leader

All things are ready for the revival to begin at the Baptist Church here next Sunday morning, according to Rev. Lawrence Hays, the pastor, though he is in a meeting in O'Donnell this week. He probably will be here Sunday morning, however, in his own pulpit. R. E. Key, who is leading the singing in the O'Donnell meeting, will also be here to take charge of the music Sunday morning.

Rev. Philip McGahey of Snyder will do the preaching in this religious campaign. Rev. Mr. McGahey is well known to many Tahoka people, since he was pastor at Wilson two or three years and filled the pulpit here a number of times. He is an able and consecrated man and preaches with much persuasive power.

Members of all the local churches are invited to attend and assist in the meeting and those who are not members of any church are urged to come.

Services will be held at 10 a. m. and 8 p. m. each day.

A washed air cooling system has been installed and the church auditorium will be comfortably cool.

Services At Primitive Baptist Wednesday

Elder Sammy Redford of South Texas will preach at the Primitive Baptist Church here next Wednesday night, according to announcement made by J. S. Wells.

Elder Redford will be remembered as the preacher who delivered the sermon on Sunday morning at the Primitive Baptist association held here last summer.

The public is cordially invited.

Deaf Mutes Hold Picnic At Post

Deaf mutes from various sections of West Texas, numbering fifty or more, gathered at Two Draw Lake near Post last Sunday for a picnic and outing.

It was a quiet affair. There was much motion but little noise. The mutes seemed to have a great time, but whether they were discussing problems of state or were merely gossiping deponent sayeth not. There might have been a bit of love-making. Who knows? At any rate, there were apparently a number of eligibles there. In fact, all sizes and ages were represented—and all sorts of features, the beautiful and the otherwise—many of the otherwise—the grave and the gay. But it was obviously a happy gathering.

Gin Stockholders Planning Picnic

The officers and directors of the Farmers Cooperative Gin Society No. 1 have planned a picnic for all the members and their families to be held on the Gin property in Tahoka next Thursday at 4 o'clock, according to Claude Donaldson, local manager.

There will be a program of music and other entertainment, and a general good time is expected.

JESSE JAMES' RIFLE IN MUSEUM AT CANYON

A rifle, once used in the home of Jesse James, has been given the Panhandle-Plains Historical Society by Newt Rough of Canyon. The rifle, made in 1834, was given to Rough by Jesse James' mother in 1897, when she was living at Carney, Mo.

Gen. John J. Pershing is said to have been a country school teacher at the time and roomed in the home of Mr. Rough. The rifle was borrowed from Mrs. James in order that Pershing, already versed in military tactics, might give manual instructions to Mr. Rough.

W. S. Anglin, Buell Draper, and George Ingram were in Lubbock Monday and Tuesday taking examinations for Masonic Grand Lodge certificates.

Break Ground For Silica Plant Here

Will Preach Here

REV. PHILIP MCGAHEY Of Snyder, who will do the preaching at the Baptist revival opening here Sunday.

Marriage Law In Effect Soon

County Clerk H. C. Story announces that on and after August 31 he can issue marriage licenses upon application. The provision of the law requiring the filing of application three days before the license is issued was repealed recently by the legislature and the new law takes effect on August 31.

The effect of the present law has been to drive most of the young people desiring to wed over into New Mexico to procure the marriage license. This will not be necessary hereafter unless the gentleman in the case merely wants to avoid the procurement of a certificate of health. It is believed that most couples will procure their marriage licenses here at home hereafter.

Elizabeth Crie And Francis Gill Wed

Accompanied by Charles Shook, Francis Gill and Miss Elizabeth Crie went to Lovington, New Mexico, Sunday night and were married early Monday morning.

Mr. Gill is the son of Mr. and Mrs. D. I. Gill and has been a resident of Tahoka the past three or four years. He is a young man of fine character. He was a member of the graduating class of the Tahoka High School last year, receiving his diploma at the close of the term. He is now employed at Boullion's Grocery Store.

The bride is the grand-daughter of H. C. Crie and the late Mrs. H. C. Crie and was reared by them. She was a member of the Junior class in the high school last year and always made an excellent record in school. The Cries were former owners and publishers of the News.

The young couple are receiving the congratulations of many friends.

Denver Scientist Is Tahoka Visitor

B. F. Howarter of Denver, Colorado, in charge of the Museum of Natural History there, stopped at the News office Tuesday afternoon to inspect the collection of fossils and other pre-historic remains, Indian pottery, arrow heads, etc. which Frank Hill has on display.

Mr. Howarter was on his way to Lamesa to inspect some pre-historic remains there and upon arriving in Tahoka heard of the little collection here, and so dropped in to see it. He seemed much interested in the specimens.

Smith Is In Revival On North Plains

Rev. H. C. Smith left Monday morning for Briscoe, Wheeler county, where Rev. C. F. Carmack is pastor of the Methodist Church, to conduct a two weeks' revival meeting.

Mrs. Smith and the children are visiting her father at Matador in the meantime.

PLAN TO REFINER VOLCANIC ASH

Castle And Dallas Men Are Erecting Plant; Culminates Efforts Of Many Years

Workmen began setting stakes Wednesday morning for the construction of a silica refinery at the silica pits on the V. S. Castle farm six miles south of Tahoka.

It probably will require thirty days or more to complete the structure, Mr. Castle says. The operation of the machinery will probably require the services of possibly ten or twelve men.

The refined article will be worth many times as much as the raw material, and it has many uses. It is the principal ingredient of cleansing compounds, and is used in the manufacture of soap, tooth paste, cosmetics, paints, and other commercial products. It is also used in building material and in highway construction. There will be a ready market for the silica after being refined, and the mining and refining of the vast quantities of silica in the Castle Lake will create quite an important new industry for Tahoka.

The Texas Production Company will be the name of the corporation that will build and operate this plant. We understand that no local capital is invested.

These silica beds were discovered by J. B. Nance six or seven years ago, and for two or three years he worked earnestly to get capital interested in the development of the mineral. In fact, he has never ceased to be interested in the matter though the land passed out of his possession three or four years ago. These beds are said to be the richest of the kind that have been discovered anywhere in the Southwest. For the past several months, Mr. Castle and others have been mining and manufacturing the raw material but on account of long hauls and high freight rates this has not proved to be a very profitable business. For the refined product, however, the freight and other transportation charges will be negligible, and for this reason Mr. Castle sought to interest capital in the building of a refinery here—and he has succeeded.

The deposit, known locally as silica, is volcanic ash, and likely settled over this country following the eruption of some now extinct New Mexico volcano in ages past.

Cotton Money Is Expected Soon

The various local cotton reduction committees have been busy this week and final reports are going in to Washington. These reports will doubtless be approved promptly and Lynn county farmers should soon be receiving checks.

All the local committees met in the district court room Monday afternoon to take counsel among themselves and to receive instructions from emergency county agent Joe Williams with respect to their duties. Various problems that might arise were discussed and decisions reached. Everybody evinced a spirit of fairness and a desire to do the fair square thing, both for the individual farmer and for the Government.

O'Donnell Pastor Fills Local Pulpit

In the absence of the pastor, Rev. Lawrence Hays, who is conducting revival services in O'Donnell, Rev. L. S. Jenkins, Baptist pastor at that place, filled the pulpit of the Baptist Church here last Sunday at both the morning and the evening hours.

ROBERT BURNS OPENS CUSTOM-TAILOR SHOP

Robert Burns recently opened a custom tailoring establishment next door to Bovell's Bakery, and is now showing one of the largest lines of samples ever displayed here.

Mr. Burns has had many years of experience as a custom tailor.

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The News, will be gladly corrected when called

When a Big Spring lady retired a few nights ago, she felt something wiggling under her back. She thought it was a mouse, but strange to say she did not scream. She deliberately reached for the little intruder but her hand gripped a rattlesnake. She hurled him out on to the floor and then got up and started into another room to get a light. The snake had crawled into her pathway and in the darkness of the room she stepped on the reptile, but so close to his head that he could not bite. She finally got a light and a weapon and killed the unwelcome guest. That woman certainly had a thrilling experience but she exercised remarkable poise and presence of mind. We'll bet she knows how to take care of herself in any emergency. Women like her have made America great.

The papers are telling of another woman hero up in the state of Oregon. Hearing a noise in her hen house the other night, she went to investigate. She espied a skunk, better known in Texas as a pole cat, engaged in making a meal of some nice hen eggs. With not the least bit of hesitation or trepidation, she seized the little animal by the tail and rapped his head against a tree trunk by surprise as well as by the tail, the little "varmint" either forgot or didn't have time to use his usual means of defense. We wouldn't

advise other women to follow "Grandma" Bixby's example, however, in dealing with pole cats.

The cotton acreage reduction program has been handled well in Lynn county, if we are able to judge correctly. The Government has relied upon the farmers to handle the matter for themselves, acting through committees. These committees have apparently sought to do just the right thing, and most of the individual farmers have cooperated nicely. Sometimes a man has been found who was not willing to "tote fair," but these have been the exception and not the rule. The successful execution of this program has again demonstrated the fact that the people are amply able to govern themselves, especially in those matters with which they are familiar. This is a great Democracy.

Things got so hot for President Machado of Cuba that he left the island precipitately Sunday morning in an air plane, after a number of his supporters had been shot. When they got tired of a President down in Mexico or Cuba and other Spanish speaking countries, they shoot him if they can catch him. We'd just as soon be an editor and starve to death as to be President of Cuba.

SHIP BUILDING PLANT WILL BE LOCATED AT HOUSTON

Houston was assured recently of a \$2,500,000 dry dock and ship repair plant when word was received from Washington that the Reconstruction Finance Corporation had granted the Todd Ship-Building Corporation a loan of \$1,100,000.

The huge plant will consist of three piers and three floating docks, along with other equipment necessary to operate a plant of that magnitude. It was estimated that 350 men will be employed thirty hours a week for eighteen months on the project. Around \$600,000 will be spent for material for the job.

Miss Vera Cook of the Edith community is spending this week with Miss Pearl Curry at New Home.

WHAT OTHERS THINK

An article in the Sunday Avalanche-Journal states that ravens are destroying crops in Terry county. This is the first we have heard of the matter, and personally, we have not seen one of the critters since about the first of the year down in Howard county. But they exist and have existed for several years in the larger growth of mesquite timber just over the line in Lynn county, and if ravens are bothering at all, that is where they are located—Terry County Herald.

Lynn county pleads guilty. Her rich sandy soils along the western border grows majestic trees as well as corn and maize and melons and cotton. The ravens know their onions. They can find lots of provender in Lynn county and rest in the shade of trees between meals. Possessed of wings and a roving disposition, of course they sally forth over into the neighboring county of Terry occasionally, and it was doubtless while they were out on one of these exploring expeditions that the Avalanche-Journal reporter visualized them. The ravens have the reputation of being marauders, but they are not altogether bad. It was the ravens that fed old Elijah and kept him from starving to death. If these cotton destruction programs and NRA programs and a lot of other FDR programs don't go over big and quick, it may be that a lot of us will be calling upon the ravens or sumpin' to feed us. Glad to have the ravens with us, Jack.

Don't be a hypocrite. There is no sin so universally despised as hypocrisy. Even hypocrites hate it. It is the one thing about which they are sincere. They really hate hypocrisy—in other people. They talk so much about it and condemn it so severely that one hesitates to mention it lest he should be classed with them. It is notorious that men of the world who are always talking of "the hypocrites in the church" are themselves "Whited sepulchres." They are whitewashed rather than washed white. Why does all the world despise a hypocrite? Because when he might be a man he is content to be a make-believe. BE A MAN! This is the very core of the Gospel. You are not brutes, but men, with the possibility of immortality. And we accept this Gospel with all our hearts and yet there is no sin into which we more often fall than the sin of make-believe. Why is this sin so common? Because it is so much easier to PRETEND than it is to BE.—State Line Tribune.

Those people who continually harp that the youth has no chance to go up these days should read about the little immigrant girl, Jakobia Balt, who came over from Holland seven years ago, and although she couldn't speak a word of English, has finished high school, has two university degrees, and has taught school two years. She graduated from El Paso high school, and took her degrees at the University of Texas. She spoke Dutch, German, and French when she came to America, and has mastered English and Spanish since she came over. She taught school part time in order to continue her studies. Yes, there is still room at the top of the ladder.—Terry County Herald.

MONUMENT WILL MARK OLD MACKENZIE TRAIL

Erection of a monument to mark the trail where General Mackenzie entered Blanco canyon, south of Floydada, during his expedition against the Indians is the objective of a movement recently begun at Floydada.

In the last general drive against the Indians in 1873, General Mackenzie was sent to route marauding bands from the territory adjacent to the fresh waters of the Brazos. He trailed the Indians northwestward into Floyd county, thence south again and back through Hale county to the famous Mackenzie battleground in the Tule canyon, Swisher county, where a decisive battle was fought and the Indians routed.

General Mackenzie's expedition included eight companies of cavalry, five companies of infantry and 30 Indian scouts. His base of supplies was old Fort Griffin.

CARD OF THANKS

We take this method of thanking our friends and neighbors for their kindness shown us at the death of our father and grandfather, S. B. Hays. May God's richest blessings rest upon all is our wish.

RELIGIONS FILM THAT AWED THE WORLD IS COMING HERE

To be recognized as one of the faithful in the era of Christian oppression in ancient Rome, one made "the sign of the cross." But to make the sign of the cross might mean death.

The mad emperor Nero, sixth and last of the Caesars, had decreed that all Christians—or even those suspected of "the fatal sin" of Christianity—were to be executed "in various interesting and diverting ways," chiefly by being fed to the lions in the blood-drenched arena of the Circus Maximus.

That is the theme of Cecil B. DeMille's new spectacle-drama, "The Sign of the Cross," showing Tuesday, Wednesday, and Thursday at the English Theatre. It affords the "master of spectacle" an opportunity to reach a new high peak in lavish entertainment. In the old and less restrained days, the picture would have been enthusiastically hailed as an "epic." But it has been built in epic proportions of epic materials, and DeMille is satisfied it need not relinquish a superlative adjective even to the immortal "Ten Commandments."

In the cast of this picture appear Fredric March, Elissa Landi, Claudette Colbert and Charles Laughton. The latter pair, Claudette as the Empress Poppaea in her breath-taking milk bath and Laughton as the barbaric Nero, all but "steal the picture," according to advance reports from Hollywood.

Locals

Mr. and Mrs. Winfred Grimes of Temple visited in Tahoka a short time Monday afternoon and spent the night with Mr. and Mrs. Oscar Sanders east of town. Mrs. Grimes was formerly Miss Ethel Campbell and is a sister of Mrs. Sanders. They were returning from a visit with Mrs. Grimes' parents, Mr. and Mrs. C. J. Campbell, at Morton. They were accompanied to Tahoka by Mrs. Grimes' sister, Miss Edith Campbell.

D. A. Parkhurst left Saturday for Detroit to visit a couple of sisters residing there and another sister who resides in New York but who expected to meet him in Detroit. After concluding his visit in Detroit, Mr. Parkhurst will come back by Chicago and visit the Century of Progress Exposition. He expects to be away possibly three weeks.

Mrs. Coleman Wells and little daughter Mary Bland and Mr. and Mrs. Harley Wells left early Tuesday morning to visit Mr. and Mrs. M. O. Bridges in Iraan. They are expected back home before the end of the week.

Mr. and Mrs. G. H. Nelson and two children left Sunday to visit relatives at Floydada. They also expected to run up to Canyon and take a peep at the Palo Duro canyon, which is being improved as a national park.

W. M. Harris, who conveyed a corpse to Mineola last week, was accompanied home by his father, W. A. Harris, who lives at Marietta in Cass county. Mr. Harris will probably remain here indefinitely.

Mr. and Mrs. Douglas Henderson and children, Genalee and Smitty, visited Mr. and Mrs. Howard Henderson last week. The children remained here for a more extended visit.

Mrs. Raymond Hatch and little son Raymond Bryson of Lamesa are here this week visiting Mrs. Hatch's parents, Mr. and Mrs. D. B. English.

Miss Agnes Sparkman of the Gordon community is spending the week here with her aunt, Mrs. R. A. Hoover.

Side Quit Hurting, Got Stronger, Well; CARDUI Helped Her

WOMEN! Get rid of the handicaps of a weak, debilitated condition with the assistance of Cardui. Mrs. R. L. West, of Huntsville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition—this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well."

Cardui is sold at drug stores here.

R. A. Hoover, local manager of the Jones Dry Goods Co., is in Dallas this week making purchases of fall and winter goods. He went in company with other managers of the Jones string of stores.

Mrs. J. R. McIntyre and Mrs. Wylie Fortenberry and children returned Monday from Amarillo where they had spent the past week visiting relatives.

Take a Pinch of BLACK-DRAUGHT For Distress After Meals

He had suffered distress after meals, but by taking Thedford's Black-Draught he was relieved of this trouble, writes Mr. Jess Higgins, of Dawsonville, Ga.

"I had sour stomach and gas," Mr. Higgins explains, "and often I would have bilious spells. I read about Thedford's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

Now you can get Black-Draught in the form of a SYRUP, for children.

Methodists Report Excellent Sermons

It is regrettable that the Sunday morning sermon by the Rev. H. C. Smith at the Methodist church was not advertised as "the biggest fish story of the season" that an even larger audience might have heard him and received new courage and inspiration. The theme was from the fifth chapter of Luke, which narrates the experience of the fishermen who, at the Master's bidding, made a record catch after a night's vain fishing. The lesson in point was: Under divine supervision success will crown perseverance even where one has failed repeatedly. The musical feature was a solo arrangement of "Jesus, Lover of My Soul" sung by Miss Lucille Slaton.

At night Miss Eva Douthett sang "Jesus Has Loved Me," and a large group of Juniors also sang under the direction of Mrs. Lola Thomas. The Old Testament story of Moses' departure from Israel furnished the night's text: "Not an hoof shall be left behind," and it presented an unforgettable lesson.

The church school worship hour began with the prelude "Angelic Dream" by Rubinstein followed by a violin solo "Bereave Slave" by Neruda, played by Miss Mary Jane Weathers.

The Rev. J. W. Watson, of Lubbock will fill the local pulpit next Sunday morning, and possibly at the evening hour, also. It is urged that everyone come and enjoy the splendid messages that Brother Watson always brings.

Let each be in his place at 9:45 A. M. bringing the attendance up to normal—or better—after vacationing time for so many. How much we could accomplish if the devil took an annual vacation! —Reporter.

MISSIONARY SOCIETY HAS MEETING AT THE CHURCH

The Bickley Circle met Monday afternoon at regular meeting place, the M. E. Church. A brief study in outline of the Book of Acts was enjoyed by all. Several new members were enrolled. The visitors, Miss Hatchett and Miss Parks sang a duet which was enjoyed by all.

The Circle has employed a capable lady to care for the children in the nursery during each meeting. All mothers are invited to come and bring their children.

The Bickley Circle is giving a Bake Sale at Boullions Sat. Aug. 19th.

Anglins Attend Family Reunion

Mr. and Mrs. W. S. Anglin attended a family reunion of the Weaver family at Two Draw Lake near Post last Sunday afternoon, the occasion being the celebration of the 79th anniversary of the birthday of Mrs. Nan Weaver, an aunt of Mr. Anglin's.

Mr. Anglin says that ninety-nine relatives were in attendance. Included among the number were eleven children and their families. She has three other living children who were not able to attend. Probably there are very few mothers in Texas with fourteen living children, and scarcely any at all with so many children all married and having families of their own. Mrs. Weaver is the grandmother of A. C. Weaver, who formerly resided in Tahoka, working first in the post office and then in a filling station, but he was not able to be present at the reunion.

GEORGIA PEOPLE VISIT WITH LOCAL KIN FOLKS

Scott Etheridge, two daughters, and a grand-daughter, all of Jefferson, Georgia, left Monday after a few days visit here with Messrs. A. I. C. A., and W. O. Thomas, and families, Mr. Etheridge being a cousin of the Thomas brothers. While here they visited the T-Bar ranch and saw Uncle Cass Edwards, Dave Childers, and possibly a few others dressed in real cowboy garb, with their big six-guns and all. The visitors seemed to get a lot of kick out of the experience.

They had visited other relatives at Tyler, Ennis, and Canyon, and expected to return home via Del Rio, San Antonio, Houston, and New Orleans.

CLEMENTS FAMILY HAVE REUNION

Mr. and Mrs. J. W. Clements of the New Home community were delighted to have all of their children and grand-children home Sunday, August 13, for a family day.

There are three daughters and one son. The children are: Mr. and Mrs. A. E. Dahl of Carrizo Springs, Mr. and Mrs. Wilburn Clements and sons of New Home, Mr. and Mrs. Carl Cabe of Redwine, and Miss Oleta Clements, who is still at home. Mr. and Mrs. Dahl are returning to their home Saturday.

Mr. and Mrs. Will Faulkner of Whitney are here this week visiting Mr. and Mrs. G. B. Sherrod. Mrs. Sherrod is their niece.

Bryan Hull of Amarillo and his mother, Mrs. O. J. Hull of Lubbock, were visitors in Tahoka last Saturday afternoon.

Mr. and Mrs. Andrew Cooper and the former's father, E. J. Cooper, are visiting relatives at Bowie this week.

Cecil Amick of Booneville, Mo., left for his home last Saturday night after a ten days visit here with Lee King and other relatives.

Chester Connolly was a business visitor in Amarillo Wednesday.

Negroes Lose Game To Brownfield Boys

Tahoka's crack colored baseball team came back from Brownfield Sunday night with their banner trailing in the dust. They got licked to the tune of 16 to 8. It was just an off day for the boys. Early Lee Lawson, the captain, says that he used four pitchers in the box and then didn't get anywhere. Some of the other boys are blaming it all on Early Lee.

The boys are going over to Paducah next week end for two games, one on Saturday afternoon and one Sunday afternoon. If they lose both games they may not come back home at all.

CHRIS ADAIR STILL ON RIVER NEAR LUEDERS

The following clipping from the Albany News will be of interest to some of our readers:

"Chris L. Adair, of Lueders, one of the organizers for the Texas Pioneer League, called on The News one day last week. He reports crop prospects good in Jones county, one new gin building and the quarries working increased forces on outside contracts. Adair is quite a writer for outdoor magazines and some of the larger dailies."

Chris launched a boat of his own construction, equipped as a living room, on the waters of the Clear Fork at the head of Lake Penick a couple of months ago. His wife, who was visiting in Memphis, Tennessee, has since joined him, and they spend much of their time on the waters of the lake.

The winter supply of canned food was put up on the farm of Mr. and Mrs. R. E. Wells in Jefferson county this year without one cent of cash outlay except for seasoning. All the meat was home raised on home feed, vegetables came from the garden, berries from the pastures, and cans and jars left over from last year supplied the containers. Mrs. Wells is 4-H pantry demonstrator for Cheek Home Demonstration Club.

Jack Hannah has gone to Clovis, New Mexico, to accept a position as manager of a Texas Company service station and wants to ask all of his friends to stop by and see him when passing that way.

TO REVIVE CUT FLOWERS

If you hold the ends of faded cut flowers under water while cutting off a part of the stems you will often find that they freshen up a great deal. This treatment applied to fresh flowers will keep them much longer than usual.

Terraces constructed more than 20 years ago are still in service on the farm of F. C. Steves, Karnes county dairy farmer living three miles north of Runge. They are believed by the county agent to be among the oldest terraces in Texas. Laid out and built as an experiment with the help of a man sent by the United States Department of Agriculture, surprisingly few mistakes were made.

The pooling of 31,800 pounds of wool in Swisher county in June brought growers one and one-half to two cents more for their wool and has led to plans for a wool growers' association, the county agent reports.

"Hydraulic Brakes COST MORE"

all engineers know they are BETTER

IN THE LAST TEN YEARS there have been built over one million cars and taxicabs with Hydraulic Brakes. They are the simplest and most effective type of brakes used for automobiles. They are the safest.

It is common knowledge among engineers that mechanical brakes, with all the mechanical units involved, do not lend themselves to permanent adjustment. And it is poor equalization of brakes at the four wheels more than any other one mechanical factor which causes accidents. Plymouth Hydraulic Brakes are self-equalizing, quick and positive.

Hydraulic brakes cost more to put on a car but they save money for the owner in upkeep. They require the least imaginable attention. They give longer life to the brake facings and tires.

Get these modern brakes on the next car you buy. You will prefer them to any other. Plymouth is the ONLY LOW PRICE CAR that is equipped with Hydraulic Brakes.

FIND OUT!

There are many exclusive features which make Plymouth the greatest value in

low priced cars. It's a big story. An advertisement can't give it to you. It's worth investigating personally. Call us for a demonstration.

Cowboy Explorer Tells Experiences In Longhorn Cavern Near Burnet

Reared almost within sight of the mouth of the Longhorn Cavern and having played often as a boy in the opening now marking the main entrance, Neb Livingston, cowboy and World War veteran of Burnet, has lived to see his prediction made seventeen years ago come true.

"Seventeen years ago, after having spent eight days in the cavern trapping, during which we explored at least eight miles of underground tunnels, I predicted that some day the mountain in which this cave is and the cave itself would be a State park," Mr. Livingston said. "That prediction has come true. The cave mountain and the cave itself now is a State park, one of the most interesting and most widely patronized parks in the State."

Mr. Livingston came to Burnet when but 3 years old and grew to manhood on ranches that embraced the cave mountain. He knew about the various openings in the mountain top and sides, but had no idea that they were connected by underground passages of varying meanderings, constituting one of the cave wonders of the Southwest.

Spent Eight Days in Cave
"I really didn't know much about the cave until I spent eight days in its innards," Mr. Livingston said. "That was in 1914. We went into the cave by way of the opening now used as the main entrance just seven days before Christmas in 1914. We came out on the day after Christmas and when we took our bearing after becoming accustomed to the daylight again, we found we were in Llano county on the opposite side of the Colorado river and fully eight miles from where we had entered the cave. We had passed under the

Colorado River and had crossed from Burnet county into Llano county.

"I had worked for five years on a ranch and knew of an opening in Llano county where we came out, but I had no idea that it was connected with the opening on top of the mountain in Burnet county. This opening had been almost filled with loose stones, for some moonshiner had used the cave as a still room for making moonshine whiskey and had rolled stones into the opening to cover up his work."

Livingston during these eight days underground was accompanied only by an Indian trooper, Charley Rollin. They carried food to last during the eight days, but depended on underground water in the cave passages for drinking water.

Three Never Came Back

"Were we scared?" Livingston said in reply to a question. "I'll say I was. Charley claimed he was not scared, but I know better than that. We both were scared the whole time. And were we glad when we saw sunlight again!"

"We went through many large chambers and many very narrow passages. Some were so small that Charley would push me through and then I would pull him through. We wore carbide lights such as miners wear underground. The only way we could tell day from night was by the flight of the bats—millions of them. The bats would fly out of the cave at dusk and would return at dawn. We could tell by the draft of air through the tunnels whether we were going toward a higher or lower opening. The bats leaving the cave always fly toward a higher opening."

"We set steel traps in the cave passages and caught 281 fur-bearing animals, mostly mink, with a few bob cats and a small number of ring-tailed cats. I think we caught the only colony of mink in the cave. That was the reward for our eight days in the cave."

Livingston said three other cave explorers had attempted to explore the passages he and Rollin had entered. Not one of these men was ever heard of after entering the cave. Two skeletons have since been found in these remote passages.

Livingston and his Indian companion were able to find their way out by following the flight of bats. This flight led to the opening in Llano county.

Livingston is employed as watchman at the Longhorn Cavern.

Herman Anglin left Saturday night to visit the Century of Progress Exposition in Chicago. He expected to be gone about ten days or two weeks.

Baseball Dope

By Paul Ponder

Just when further competition in the South Plains League will be resumed is still a matter of conjecture. Possibly it will be August 27, by which time the nearby tournaments will have been completed. What about Tahoka, do you ask? Why the tournament "Bee" got into her bonnet also; and boy, she plays in one of those things like nobody's business!

Once an editor, explaining what is "news," said: "If a dog bites a man, that's not news; but if a man bites a dog, that's news." Likewise for Tahoka to beat is not news; but when she gets beat (it happens so seldom), why that's news. Did she get beaten? When and where? I'll say she did; and it happened Tuesday day and at Wilson, is a four team series started at that place. Joe Stokes was winner by a score of 15 to 11.

The series continues Wed. with Slide vs. Wilson; and on Thurs. the loser of the spasm will be pitted against Tahoka, who, if she loses again, will be eliminated. But—will she lose?

We interrogated the entire team as to why Tahoka lost Tuesday's game; and all nine of them readily gave eight reasons. Then I asked Mgr. "Skipper," and he gave nine reasons — he's probably right.

But Porter Treadway says they didn't play Joe Stokes at all, but that the team was made up of players gathered from Big Spring to Amarillo, with a "battery" gotten out of New Mex. But those are not sufficient reasons, because if our boys want to win, why they don't care where fellows are from (nor where they go to), they all look alike.

Let me give you the "low down" on this matter: The regular league schedule went to pieces because our boys out-classed the other teams; and the organization of tournaments was mere strategy — an effort to assemble an aggregation that could break Tahoka's winning streak. It seemed like a good joke, so the boys humored it. We admit that the pair of "Pears" were real "peaches" for a pitcher and catcher, and the whole team was a formidable enemy; but they can't duplicate Wednesday's performance every time—not even once more. If you think so, just stick around till we get ready to strut our stuff again, and you'll have another think coming.

New Home

Rev. Ben Richburg preached two very interesting sermons Sunday. Our revival meeting will begin Friday night. We hope and are expecting good crowds.

New Home had about an inch of rain Tuesday night.

Mrs. Virgie Ratliff and sons returned last week from a visit with her parents at Anson.

Miss Margueritta Bossey returned one day last week from Pampa, where she has been visiting her father thru the summer months. She resides with her aunt, Mrs. S. L. Smith.

Miss Marile Lowe is at home again after visiting the Century of Progress at Chicago and spending several days in Washington, D. C. She had a very interesting trip.

Eugene Hancock has purchased and moved a residence to our little town. He is to be one of our teachers here this fall. He and his wife expect to move here within a few days.

Mr. and Mrs. Phillips and daughter of Lamasa have moved here this week to make their home. Mr. Phillips is employed as ginman at the Farmers Co-op gin.

Mrs. Eck Gillespie and two sons of Avoca and Mrs. Ed Thorpe of Brownfield visited in the home of Mr. and Mrs. D. R. Magee Monday. Mrs. Magee and Mrs. Gillespie are sisters, and Mrs. Thorpe is their mother.

It seems that prosperity is rapidly coming back, for several of our residents are driving "brand new" cars.

Mrs. J. E. Peek has had as her guest a niece, Mrs. Franklin of Wichita Falls.

Mr. and Mrs. C. L. Vaughn and Margaret are now at home. After visiting with Mr. Vaughn's mother in Oklahoma for two or three weeks.

Mr. and Mrs. Joe Poindexter and family are on a vacation outing at Ruidoso, New Mexico.

Mr. and Mrs. Loyd R. McCormick and family are planning to leave Thursday for a visit with relatives in Oklahoma.

Mrs. Ella Virgin and children of Oklahoma are visiting her sister, Mrs. John Miller this week.

Mr. and Mrs. Milt Finch and children and Miss Auda Mae Aycox returned Monday night from a week's visit with relatives in Dallas and Hubbard City, Hill county.

Draw

The Draw School began Monday August 14th, 1933, with a miscellaneous program which was enjoyed by all. Rev. Hester, the Pastor of the Methodist Church at Draw made a very interesting talk which applied to all the school children. Several parents were present.

After the program school turned out for the remainder of the day. Lessons began Tuesday morning.

The students of Draw High School are very enthusiastic about the prospects for a winning basketball team. Besides the nine boys that are now coming out for the team two more regulars are expected to enter in a few days. The girls team will be above the average this year. Both squads are practicing under the trained eye of their coach Mr. Thorpe and his assistant Mr. McAllister.

A prohibition rally is dated for Sunday August 20th, at the Draw Methodist Church at 3:30 o'clock.

A few gathered in the home of

Mr. A. E. Moyer to a musical Saturday Night. Everyone reported an enjoyable time.

Quite a number of Draw people attended the Lynn County Singing Convention at Tahoka last Sunday. The convention was held in the Methodist Church and was well attended.

Mr. and Mrs. H. O. Gardener and Mrs. H. D. Eskew of Waco are visiting their parents Mr. and Mrs. F. W. Smith of Draw.

Mr. Holloway a well known citizen of the Draw Community passed away Thursday August 16th in a Lubbock Hospital, and was laid to rest in the O'Donnell cemetery Friday morning August 17th at 11:00 o'clock.

Mr. Holloway was 71 years old and a member of the Church of Christ. He is survived by his wife, Mrs. Holloway and many friends and relatives.

Mr. Adams who lived six and one half miles south of Draw died at his home Wednesday, August ninth and was buried Thursday, August tenth in the Tahoka Cemetery. Mr. Adams had been ill for several weeks before his death.

The Draw M. E. Church had their usual Sunday School service Sunday, August 13, with an attendance of 91. The Redwine B. Y. P. U. rendered an excellent program at the Epworth League hour in the Draw Church. Quite a number of Draw residents are attending the Baptist meeting in progress at Redwine.

Rev. Hester plans to begin the Methodist meeting in Draw the first Sunday of Sept. with Rev. E. H. Crandall of Crosbyton conducting the services.

South Ward

There was a large crowd out to Sunday school and preaching Sunday morning. Bro. Drennon of Tahoka did the preaching.

We did not have singing on account of the convention at Tahoka. A crowd of South Ward people attended.

The Redding and Cross children have been on the sick list the past week.

Luther and Jack Wood, Sherman Innman and Alvis Atteberry left Monday morning for South Texas, where they expect to pick cotton.

Everybody remember next Sunday's services. It is Mrs. Thompson's regular day. Our Sunday school is growing. So come and do your part.

W. E. Harris of Marietta, Cass county, arrived last Thursday to spend a couple of weeks here visiting his brother, W. M. Harris.
