Number 2

## Tahoka Schools Will Open Monday

### H. M. Larkin Appointed Temporary Postmaster

#### TAKES OFFICE FRIDAY MORN

Pioneer Citizen, Democratic Leader, Will Fill Out Unexpired Parkhurst Term

H. M. Larkin has been appointed acting postmaster here, supplanting D. A. Parkhurst, whose regular term would not have expired until next April. He received his commission from Washington, D. C., on Monday of this week. At the same time, instructions came to Postmaster D. A. Parkhurst to turn the office over to Mr. Larkin.

In the absence of Mr. Parkhurst, who is on a visit to Detroit and Chicago, Mrs. Parkhurst immediately called Mr. Larkin and offered to surrender the office to him. Mr. Larkin chose to wait until September 1, however, to assume his duties, and he therefore expects to take charge Friday. Mr. Parkhurst is expected back Thursday and will be here Friday to check out and surrender the office to his successor.

All the clerks in the post office are under civil service rules and will retain their respective positions. Even Mrs. Parkhurst will remain in the office if she desires to do so, Mr. Larkin says.

This appointment is for the unexpired term only. Some time between now and next April an examination for the postmastership will be conducted, and the permanent postmaster will be appointed from the three persons making the best grade on examination, we understand. It is not known at this time whether there will be any applicants other than Mr. Larkin or not.

There were a number of applications for the position. Tahoka seems to have a wealth of excellent material for the postmastership, and would have had a good postmaster had any one of a number of the applicants been appointed. Mr. Larkin is himself well qualified in every way and will doubtless make a highly efficient and satisfactory postmaster. He has been a resident of Tahoka for almost thirty years and has been engaged in the mercantile business here most of the time. He is receiving the congratulations of many friends upon his appointment.

On the 28th day of this month, Mr. Parkhurst had been postmaster here for eleven years and four months, having gone into office on April 28, 1922. That he has made an enviable record is generally conceded. Ever faithful and attentive to his duties, his services have been highly satisfactory to the public. In relinquishing his duties as postmaster, he carries with him the best wishes of a host of friends.

#### BUILDING NEW GOLF COURSE

Club Reorganized And 9-Hole Course Will Be In Northeast Part Of Town Section

Through the efforts of Borden Davis, the Tahoka Golf Club has been reorganized, and a new course will be started this week. At the reorganization meeting, held last week, Truett Smith was elected president of the club and Borden Davis, secretary-treasurer.

George Sampson, Post, perhaps the leading golf course engineer of West Texas, has been engaged to lay out the new course, and is expected to be here today to begin work. Local labor will be used in the construction. Among courses laid out by Sampson are Lubbock Country Club, Amarillo, Post, Snyder, and Big Spring.

The new course will be located in the northeast part of town, with the first fairway beginning east of the R. H. Turner home, and the course extending to the railroad and back

(Continued on last page)

#### RAINS COVER LYNN COUNTY

3.75 Inches Received In Tahoka This Month; Possibility Of Worm Damage Seen

The showery weather which set in about the middle of the month has continued to the end of the month. The total rainfall in Tahoka since our report last week has amounted to 1.04 inches, bringing the total for the month up to 3.75.

The amount of rainfall has varied greatly in different localities, however. In the northern part of the county, covering the New Home, Lakeview, and other communities a heavy rain fell Saturday afternoon. New Home residents report a two inch rain there while some residents of Lakeview declare that as much as seven or eight inches fell in that locality, and that lakes are fuller with water than they have been in years.

The entire county has received sufficient rainfall to insure excellent crops of cotton and feed, unless worms damage them or some other calamity befall them. The continued showery weather, however will delay the opening of the cotton.

#### New Cobb Store Opens Saturday

The announcement of the opening of the Cobb Department Store in the old Brasshear building Saturday of this week will be found in this issue of the News.

The Cobb brothers have been operating and will continue to operate a similar store in Brownfield, but they decided to enlarge the scope of their activities and upon investigation readily reached the conclusion that Tahoka, in the heart of one of the finest agricultural counties on the South Plains, afforded a fruitful field for such a business as theirs. This new establishment will doubtless draw new trade to Tahoka and should prove to be a valuable asset to the business interests of the town.

As stated last week, Mr. Joe Cobb will be in charge of the store here, and Mrs. Edna Jackson and Mrs. Hall Robinson have been employed as salesladies.

#### Dawson, Lubbock Contracts Are Let

Lubbock county shared in emergency contracts let Tuesday by the state highway commission.

Cocke and Brady of Marshall received contract for 6.3 miles of caliche base and triple bituminous surface from Idalou to the Crosby county line on highway No. 24, the Associated Press reported. Contract price was \$57,603.

Contract for 17 miles of grading and drainage structures from Lamesa to the Lynn county line on highway No. 9 was let to C. M. Hudleston of Crosbyton for \$13,694—Lubbock Avalanche.

#### Hicks New Manager Higginbotham Yard

Mr. and Mrs. Alvin Hicks have moved back to Tahoka, Mr. Hicks having accepted the position of local manager for the Higginbotham-Bartlett Lumber Company.

Both Mr. and Mrs. Hicks were residents of Tahoka for a number of years, both before and after their marriage. Mr. Hicks was manager of the Cicero Smit Lumber Company here, which position he resigned four or five years ago and removed to Midland, where he held a similar position with a lumber company.

Their many friends are much gratified that they have returned to Tahoka to make this their home.

### Texas Votes Wet; Plains Is Still Dry

#### 400 Gin Members Attend Picnic

The members of the Farmers Cooperative Gin Society No. 1 and their families enjoyed a picnic on the gin property here Friday afternoon.

The repast consisted of barbecued meat, pickles, onions, pies, cakes, etc., and the feast was served by Mrs. A. Cooper Emanuel, McCord, Donaldson, Pitts, and Cobb.

A program of music on stringed instruments was furnished by Mr. Allen and son and Mr. Morris. An address was made by John Heck of Wilson, and short talks were also made by Jack Edwards and Judge G. E. Lockhart. A reading was given by Miss Pearl D. Rogers.

About four hundred persons were present to enjoy the feast, the music, and the festivities, according to Claude Donaldson, and all pronounced it a most enjoyable occasion.

#### Program Opens Lakeview School

John Thomas attended the opening exercises of the public school at Lakeview Monday morning and reports that many pupils were present to enroll. Most of the trustees and many of the patrons of the school were also present and a number of interesting talks were made. The school spirit seemed to be very fine, he said.

The faculty consists of Supt. Adams, Mrs. Adams, Miss Hancock, and Miss West.

#### County School Board In Meeting

The county school board met in the county superintendent's office Monday afternoon and attended to routine matters. Among the items receiving attention was the approval of the arrangement recently made by the Wilson Independent School District for the transportation of pupils to and from school.

The board at this time consists of Chester Connolly, trustee at large and president of the board; B. M. Baker, Morgan, trustee for district No. 1; E. W. Holloway, Redwine, trustee for district No. 2; J. M. Payne, O'Donnell, trustee for district No. 3; and S. L. Williams, Lakeview, trustee for district No. 4.

#### SCHOOLS OPEN

County Superintendent H. P. Caveens states that the public schools opened at New Home, Lakeview, Morgan, and Joe Bailey on Monday of this week. The Wilson and Draw schools had previously opened.

J. M. Johnson is seeing the Chicago World's Fair this week and will visit Detroit and Niagara Falls and Canada before returning home.

#### VOTING LIGHT MOST PLACES

Only One Lynn County Precinct For Repeat, Two Vote In Favor Of Beer's Return

Texas went for beer and repeal of the eighteenth amendment by majorities amounting to considerably more than 100,000 in the election held Saturday, according to the latest published returns.

The vote for beer, as announced in the daily papers Monday, was 274,440 to 152,840 against; for repeal 273,580, against 162,078. This accounts for only about 435,000 votes, and probably 75,000 of 100,000 votes were still out when these figures were compiled. It is not believed that the missing figures will materially change the result, however, unless it be to increase the wet lead.

(Cont'd. on last page)

#### Morgan School Opened Monday

Morgan school opened Monday. Rev. James Rayburn of Slaton addressed the student body and parents. Following the address J. H. Townsend, supt. of the school, spoke briefly on the new school laws.

Miss Pearl Forrester of Wilson will have the fourth and fifth grades in the school this year. Miss Forrester comes to us highly recommended not only as a school teacher but also as a Sunday School and church worker.

#### New Market Will Open Saturday

J. H. Cornelius, formerly of Lamesa, announces that he will open a new market Saturday at the former Park's Market place next door to the News office.

Mr. Cornelius has been in the market business in Lamesa the past thirteen years and is thoroughly conversant with every phase of the market business.

#### Brownfield Gets Baptist Association

Announcement is made that the place of the meeting of the Brownfield Baptist association has been changed from Meadow to Brownfield. It will meet on Monday night, September 11, and will run through Tuesday and Wednesday, according to John Heck of Wilson, the treasurer.

Mr. Heck says that a great program has been arranged and all Baptists are urged to be present.

BUTTER WRAPPERS, good grade vegetable parchment, 30c per 100 at The News, Phone 35.

#### CANNING UNIT NOW ASSURED

Merchants Contribute To Fund For Expenses; Will Use Legion Home Kitchen

The committee recently appointed to raise funds with which to pay for equipment fuel, lights, and water for a county canning unit to be established here announces that it has met with splendid success in raising the funds. Seventy business establishments and officials in Tahoka have contributed one dollar each for this purpose, according to E. H. Boddlioun and Al Leiman, who had the matter in charge.

The American Legion Hall has been procured as a location for the canning unit and six cookers and six sealers furnished by the R. F. C. have already been placed in the building. The R. F. C. has also furnished 27,500 cans, and the unit is now ready to begin functioning. Any person on the R. F. C. or Red Cross rolls will be furnished cans and may receive the benefits of this service upon the terms prescribed. It is hoped and believed that the scope of the

(Cont'd. on last page)

#### Baptist Revival To Close Sunday

Deeply earnest and appealing sermons and great choir and congregational singing feature the revival services held at the Baptist Church here.

Rev. Philip McGahey, pastor at Snyder, is doing the preaching and R. E. Key of the local church is leading the song services, while the pastor, Rev. Lawrence Hays, is working in the church and on the streets to enlist interest in the services. Prayer services are being held by several groups each evening just preceding the regular preaching services.

Thus far there have been only a few additions to the church but considerable interest is being manifested by many.

The services will continue through Sunday, coming to a close Sunday night.

#### School Opening Program Monday

The following is the program to be rendered Monday morning, September 4, at 9 o'clock, in the High School auditorium, opening the 1933-'34 session of the Tahoka public schools:

Invocation—Rev. H. C. Smith.  
Song—"America."  
Piano solo—Mrs. J. K. Applewhite.  
Talk, "Character Education"—Rev. Lawrence Hays.  
Music—Pupils of Mrs. J. Samuel Rider.  
Reading—Miss O'Berger Forrester.  
Parent-Teachers Association—Mrs. Irvin Stewart.  
Announcements—J. B. Pace Jr.  
Benediction—E. I. Hill.

#### Several Attend Legion Convention

Mr. and Mrs. Jim Dye and Mr. and Mrs. J. B. Oliver returned Tuesday night from the state convention of the American Legion which had been in session at Wichita Falls since Saturday.

They report that it was the most largely attended convention in the history of the organization. Many notables in the national organization were present and addressed the body. Van Perkins of Cameron was elected state commander for the ensuing year.

Pay up your subscription now!

#### PLAN PROGRAM FOR OPENING

All Children Will Meet At High School; Expect Enrollment To Be Large

(By Supt. J. B. Pace Jr.)  
The Tahoka public schools will commence Monday of next week. An opening program will be given at the High School auditorium at 9 A. M., to which everyone is cordially invited to attend.

The children of the Central Ward and High School will meet at the High School for the opening exercises. The program will not be more than an hour in length and it is hoped that a large number of patrons and friends of education will avail themselves of the opportunity of hearing a worth-while program, as well as lend their influence to the cause of training boys and girls for useful places in society.

The individual who best meets his own every day problems of life, best serves society. Today education is becoming more and more a guided growth that concerns the whole life. The schools are trying to adapt themselves to the pupils by increased use of devices that will guide and stimulate the learning process. More stress is placed upon the use of things learned and less upon quantity of work done. The training of pupils is being made more practical and less theoretical; intensive rather than too extensive. A better balance of training is being had by not emphasizing the scientific and factual subjects to the neglect of moral, social, and political training. This breadth and coordination of all the child's training will afford opportunity for him to reach the highest degree of success his talents will permit and at the same time fit him for useful service in his community.

Immediately after the program the children of the first six grades will go to the Central Ward auditorium, there be classified and begin the regular school work. The children of the seventh grade and of the four high school classes will remain at the high school building and begin registering for work. The children and patrons of South Ward will meet at the South Ward building at nine o'clock for a short program after which they will begin the work for the year.

All teachers of this school system will meet at the High School building at nine o'clock Saturday morning Sept. 2, for the purpose of organizing and planning the work for the year. We have a most excellent faculty and are conscientiously striving to improve our work from year to year. May we have your support and cooperation in trying to make this the best school year ever.

#### J. S. EDWARDS DIED FRIDAY

Had Been Mail Carrier Here For Many Years; Was Buried Saturday Afternoon

Funeral services for J. S. Edwards, 72, were conducted from the Methodist Church here Saturday afternoon, following his death in the West Texas Hospital in Lubbock on the preceding day. Rev. H. C. Smith, pastor of the church, conducted the funeral services and interment was in the City Cemetery.

Death came to Mr. Edwards following an illness of about three weeks, the malady being an intestinal ailment. Mr. Edwards had been a resident of Tahoka since 1920 and had been mail carrier between the depot and the post office for the past twelve years. He was born in Iuka, Mississippi, August 4, 1861, the year the Ci-

gladly corrected when called

**AS OTHERS SEE US**

It is a long cry from the democracy  
of Thomas Jefferson to that of Franklin  
D. Roosevelt. Jefferson's dictum was  
that that country is best governed that  
is least governed. Roosevelt is making  
the United States the "most-governed"  
country in the world. And it is interesting  
to note what other peoples think of  
the "new deal".

A writer in the London Times of  
August 13 is quoted as follows: "Not since  
the Caesars has one possessed such  
enormous powers as President Roosevelt  
today. The United States is a federation  
of states, but there are differences of  
character as great as exist in Europe,  
but for the purpose of the great  
experiment which President Roosevelt  
has begun they are all treated as one  
and subjected to the all-powerful  
central Government at Washington. And  
this central Government has almost  
unlimited powers of regimentation. It can  
fix the price of nearly everything that  
people eat and wear; it can control  
the hours for which people may work  
and the wages that they are to draw;  
it can prescribe how much an industry  
shall produce and how production  
shall be distributed; it can even refuse  
to those who do not satisfy its  
conditions the right to engage in  
business; it can fix the internal value  
of the dollar; and it can interfere

in all manner of private contracts. Neither  
Mussolini nor Hitler has anything like  
these powers, but they have been given  
freely to the President."

Who could have believed a quarter  
of a century ago that the Democratic  
party would not only submit to the  
centralization of so great power in  
Washington but would actually lead  
in such a program of centralization?  
We have the amazing spectacle of the  
party that has always made the doctrine  
of "states rights" and local self  
government its shibboleth and fetish  
now throwing this doctrine to the winds,  
and voluntarily making the head of our  
federal government a virtual dictator.

**BELIEVE IN THE PEOPLE**

Yes, the Eighteenth Amendment  
will probably be repealed, beer will  
come back after the 26th of this  
month, and our own state prohibition  
law may be set aside entirely a little  
later, but we still don't believe our  
country is going to the devil. We have  
faith enough in our people to believe  
that after having given legalized liquor  
another chance they will either vote it  
out again after a few years or so rigidly  
regulate its sale as to greatly ameliorate  
its evils. We are not going to permit  
the liquor traffic to destroy us.—  
Lynn County News.

That is a good viewpoint to take.  
When any man makes the bald statement  
that America is hell-bent for destruction  
he utters an indictment against himself  
as well as against his 120 million  
countrymen. America has survived nearly  
everything that may happen to a country  
during its eventful history. And in all  
these years no country on earth has made  
so much progress nor has the people of  
any nation so nearly uniformly enjoyed  
liberty and prosperity. Especially in  
recent years our country, with the whole  
world, has suffered in the tremendous  
economic upheaval, but we will emerge  
from the gray eight side up as we have  
always done. The calamity howler never  
had a place in America's progress and  
particularly is this true now. The very  
success of our present economic venture,  
our efforts to drag ourselves out of our  
difficulties, is dependent upon confidence  
and faith and optimism. Any man who  
stands radically on the sidelines, and  
forecasts a dire ending for all his  
neighbors of the nation certainly is of  
little assistance to either the nation's  
cause or his own, if he has one.—  
Nolan County News.

**Build Up Health  
and Pains Go Away**

WOMEN who suffer from weakness  
often have many aches and pains which  
a stronger state of health would prevent.

Women in this condition should take  
Cardul, a purely vegetable tonic that  
has been in use for over 50 years. Takes  
Cardul to improve the general tone of  
the system in cases of run-down health  
and "tired nerves." Women have found,  
in such cases, that Cardul helps them to  
overcome pains and make the monthly  
periods easier.

CARDUL is safe and wholesome for  
women of all ages. Try it!  
Sold at the drug store.

**HAY FEVER**

From  
**FACE POWDER**

If you have Hay Fever it may be caused  
by the Face Powder that you are using. If  
you do not have Hay Fever—you may get it  
by using the wrong kind of face powder. Many  
powders contain Orris Root, a drug which  
often causes and aggravates Hay Fever. To  
be safe, demand Charme Scientific Face Powder;  
it is free from Orris Root and all other  
poisonous and harmful materials.

Charme is Made in West Texas  
For West Texas Women!

**Thomas Bros. Drug Tahoka Drug**  
**Jane's Beauty Shoppe**

In every race that Mrs. Miriam A.  
Ferguson has made for governor, she  
has posed as a dry. Jim has frequently  
told us that while he was wet his wife  
was a prohibitionist. Yet, the daily press  
Monday morning carried the information  
that Mrs. Ferguson had issued a statement  
hailing the repeal victory as a sign that  
Texas was "at last returning to sanity  
and will be rid of political hypocrisy  
that has been a painful incident to  
prohibition." She certainly must have  
been a rabid dry.

While authorizing the brewers and  
beer sellers at the election Saturday to  
exploit Texas and take millions of  
dollars from the pockets of the people,  
the voters at the same time authorized  
the state to borrow 20 million dollars  
with which to feed the hungry and  
clothe the naked. It's a funny old world.

**South Ward**

The revival which is being conducted  
by Bro. Dykes and Bro. Smith of Tahoka  
is rapidly increasing. Every one is  
urged to attend.

A group of young people visited  
Mr. and Mrs. Decker and daughter  
Mildred of the Midway community  
Sunday. Mr. and Mrs. Decker's daughter,  
Effie, was over in New Mexico with  
her new husband, Mr. Hugh Bennett. We  
wish them many happy years of married  
life.

Singing was well attended Sunday  
evening. There were several visitors.  
Come back again next second Sunday.

Midway didn't get to put their  
play on Saturday night. One of the  
players was sick. We haven't heard  
when they will put it on here.

School will start Monday morning.  
We are looking forward to a fine  
school this year.

There is some work being done on  
the school house this week, which is  
improving it's looks a great deal.

Every one remember the revival  
and come. You will get a great blessing,  
we're sure.—Reporter

**Draw**

Sunday school was well attended  
at the Draw Methodist Church Sunday,  
August 27.

The Methodist revival will begin  
Wednesday night, August 30. The  
presiding elder of this district, Rev.  
C. A. Bickley, will hold the meeting  
until Monday, when Rev. Morton  
will take it and finish. Everyone is  
urged to attend.

The young people of the Draw  
Methodist Epworth League met Sunday  
afternoon at 4 o'clock. The subject  
was "A New Church." Everyone  
who was on the program rendered  
their parts well and the meeting  
was enjoyed by all.

Rev. Morton of Abilene made a  
very interesting talk on prohibition  
at Draw last Friday afternoon.

The basketball teams are still  
enthusiastic. We had the second battle  
with New Lynn Friday night, Aug.  
25. We were defeated again, but are  
not discouraged, for we have the  
season before us. The score was 23  
and 21. After the game between the  
school boys, the New Lynn outsiders  
and the Draw outsiders played a  
game. The score was 16 and 24 in  
favor of New Lynn.

The girls basketball team will  
play the girls of New Lynn Wednesday  
afternoon at 4 o'clock in Draw.

Mr. and Mrs. Albert Williams with  
their children have been visiting Mr.  
Williams' father and mother who  
live in Stephenville. They returned  
from their visit Tuesday.

Miss Myrna Hester was honored  
with a birthday dinner Sunday, Aug.  
27. Several friends helped her  
celebrate her fourteenth birthday.

The people of this precinct voted  
dry. The votes were 51 to 7.

A few people of Draw community  
attended the Methodist meeting at  
Grassland Sunday night.

Miss Evelyn McKibben of Graham  
has been visiting Mr. and Mrs. J. C.  
Veach and children the past three  
weeks.

Several Draw residents attended  
the singing at Bethel Sunday night.

**Black-Draught  
Clears Up Sluggish,  
Dull Feeling**

"I have used Theford's Black-Draught  
for constipation for a long time, and  
find it gives relief for this trouble,"  
writes Mrs. Frank Champion, of Wynne,  
Ark. "I think it is good for spells  
caused from gas on the stomach. If  
I get up in the morning feeling  
dull and sluggish, a dose of Black-  
Draught taken three times a day  
will cause the feeling to pass away,  
and in a day or two I feel like a  
new person. After many years of  
use we would not exchange Black-  
Draught for any medicine."  
P. S.—If you have constipation, give  
them the new, pleasant-tasting  
SYRUP of Theford's Black-Draught.

**New Home**

The Baptist revival closed Sunday  
night. Rev. Thigpen of Sterling City  
did the preaching. We had several  
additions to the church and one  
conversion.

Our high school opening exercises  
were attended by a large majority of  
the patrons. Bro. Richburg, Baptist  
pastor here, opened the program by  
scripture reading and prayer. Mrs.  
Marcus Edwards of Tahoka, who is  
organizing a class in piano, gave  
two beautiful musical selections. Mr.  
Joe Poindexter represented the board  
of trustees by giving a very encouraging  
talk. Supt. Vaughn introduced the  
teachers and made the announcements.  
The program was climaxed by a  
fitting address by Supt. Pace of  
the Tahoka public schools. We are  
looking forward to a very successful  
school this year.

Mr. and Mrs. Virgie Jones and  
Betty Lou and Mr. W. M. Wood  
returned Saturday from a trip to El  
Paso and New Mexico points.

Mr. and Mrs. N. B. Busby are the  
proud parents of a baby girl who  
arrived August 24 to brighten their  
home. The girl weighed 10 pounds.

**PONDEROUS (?) PONDERINGS**

By Paul Ponder

Some sermons we hear might be  
labeled "Dry Goods and Notions."

From the conduct of some church  
members, may be their Doctors of  
Divinity ought to try surgery on  
them.

Saturday's election revealed the  
fact that a majority of West Texas  
voters seem to want "near beer," but  
don't want beer near.

One may be an artist, but he can't  
"draw" a salary just by saying he's  
one. A picture must be finished, then  
sold before his future is assured.

"Our jaws are growing smaller,"  
says a magazine headline. If true,  
it forever explodes the old theory

that exercise promotes growth and  
development.

Folks go scantily clad by day, go  
to bed hungry, and without the prospect  
of breakfast; all because the  
country's got too much cotton, wheat  
and hogs. It would be funny, were it  
not so serious.

Ed Cook returned Tuesday from  
Fort Worth, to which city he had  
taken a load of hogs to sell to Uncle  
Sam. He says that he saw all kinds  
of hogs there for sale, some good  
and some very sorry.

Burton Hackney who has been  
attending Texas Tech, spent the week  
end here visiting Judge and Mrs. G.  
H. Nelson and family. He will enter  
the Tech again at the beginning of  
the fall term.

E. A. Parks made a business trip  
to Fort Worth last week.

**CARD OF THANKS**

We wish to thank friends and ac-  
quaintances for the many kindnesses  
extended us during the fatal illness  
of our father and husband, J. B.

offerings at the funeral.  
Mr. and Mrs. Joe J. Smith, H. T.  
Edwards and family, Mrs. J. S.  
Edwards.

# Cobb Department Store

Across Street from English Theatre

## SOCIETY

Club and Church News

### Dude McCoy And Wade Holland Wed

A beautiful home wedding was consummated here at 2 o'clock Wednesday afternoon when Miss Frances Dude McCoy became the bride of Wade A. Holland, the ceremony being performed at the residence of the bride's parents, Dr. and Mrs. J. H. McCoy. The ring ceremony was read and Rev. H. C. Smith, pastor of the Methodist Church, officiated. Miss Beverly Wells was the only attendant. Only immediate members of the family were present: Dr. and Mrs. McCoy, Mr. and Mrs. W. J. Gallagher, Mr. and Mrs. J. S. Wells, and Miss Beverly Wells of Lamesa.

The bride wore a navy blue and white crepe suit completed with many accessories. The bride is the daughter of Dr. and Mrs. J. H. McCoy and the granddaughter of Mr. and Mrs. J. S. Wells, pioneer residents of Tahoka. She has spent much of her life here and is a graduate of the Tahoka high school.

The groom's parents reside near Southland but he has been a resident of this city several months, being a brother of Bill Holland.

Both bride and groom are popular and have many friends here who are showering them with good wishes. Mr. and Mrs. Holland will be at home in Southland after Sept. 4.

G. G. Aycock and family of Tulsa are here visiting Mr. and Mrs. J. B. McPherson. Mr. Aycock is a brother of Mrs. McPherson.

### Methodist Pastor Welcomed Home

Local Methodists were glad to welcome their pastor home for Sunday's two splendid services. At the morning hour the "Love Chapter" furnished the setting for the text: "When I was a child \* \* \* but, now that I am become a man \* \* \*". Maurice Small played a saxophone solo "Face to Face" for the special feature.

At night the familiar story of "The Prodigal Son" provided a most interesting service, and appropriately, the hymn "God is Calling the Prodigal" was sung by a mixed quartet, Misses Sybil Prater and Eva Douthit, and Messrs. Lester Prater and Corbin Douthit.

Mr. and Mrs. Tillman Carter met with the young people's group in the evening, and it is probable that they will be elected to permanent counselorship. A group from this department plan to attend a Union meeting at Lamesa, on next Friday night.

Let us bring the church school attendance up about fifty next Sunday, and all on time!—Reporter.

### Women Postpone Club Encampment

The Lynn county H. D. Club women's encampment, which was to have been held at Two Draw Lake Wednesday and Thursday of this week, was postponed on account of the showery weather that prevailed. The date of the encampment will be announced a little later.

### Miss Lois Goodrich Is Making Success

According to information received here this week by friends, Miss Lois Goodrich has been made assistant director of the Life Girl's Camp at Georgetown, Connecticut, with which she has been associated as counselor the past three years.

In this capacity, Miss Goodrich will have complete charge of the schedules and program making for the camp, which takes care of three or four hundred of the city girls of New York each summer.

Miss Goodrich is an instructor in the English Department of the Canyon High School.—Canyon News

Miss Goodrich was reared in Tahoka and is a graduate of the Tahoka High School. She had to struggle through almost insuperable difficulties to procure a college education, and she has exhibited a spirit of heroism and determination that is truly sublime.

The people of Tahoka have reason to be proud of the record being made by this fine young woman.

### Sherrods Observe 50th Anniversary

On Tuesday of this week Mr. and Mrs. F. M. Sherrod celebrated their golden wedding anniversary and were the recipients of many handsome and valuable gifts. There were many callers during the day to congratulate them upon the happy event, and a great feast was enjoyed at the noon hour.

A detailed report of the affair will appear in this paper next week.

### Baptist S. S. Class Will Elect Officers

New officers for the Down-Town Bible Class which meets in the English Theatre will be elected next Sunday morning, according to J. E. Thompson, president.

For this and other reasons, it is desired that every member of the class be present. Mr. Hogan, as teacher, will have a great message, following the business session.

### METHODIST MISSIONARY CIRCLE HOLDS MEETING

The members of the Bickley Circle met in the home of Mrs. N. M. Wyatt, Monday afternoon for a social hour.

Mrs. Wyatt and Mrs. H. C. Smith were joint hostesses.

A musical reading was given by little Nurma Dean Gaignat. Members present were: Mesdames

### DON'T SUFFER FROM SOUR STOMACH, INDIGESTION

Indigestion, acidity, heartburn and sour stomach often lead to serious stomach trouble. Dr. Emil's Adia Tablets counteract these conditions. Give quick relief. Thomas Bros. Drug Co.

N. M. Wyatt, H. C. Smith, Lam Harey, C. O. Cormack, N. O. Parker, G. M. Reid, Frank Larkin, J. B. Pace, J. H. Powell and M. O. Canaday.

The circle will meet with the adult W. M. Society next Monday, September 4 at the church for a study on the World Outlook.

A bake sale will be given by this circle each Saturday at Boulboun's.

Mr. and Mrs. Earl F. Wilson of Lockney visited in the home of Mrs. Wilson's parents, Mr. and Mrs. R. C. Wood.

### Baptist Revival At Central Church

Announcement has been made that a revival meeting will begin at Central Baptist Church eleven miles east of Tahoka on Friday night of this week to continue about two weeks.

Rev. Loper of Waco will do the preaching. The people of the community and of neighboring communities are invited to attend.

Mark Marshall of the state railway commission is here today as the guest of J. H. Edwards. Mr. Edwards says that Mr. Marshall is his boss.

### CONSTIPATED 30 YEARS AIDED BY OLD REMEDY

"For thirty years I had constipation. Scurrying food from stomach choked me. Since taking Adlerika I am a new person. Constipation is a thing of the past." Thomas Bros. Drug Co.

## Greathouse Is Victim Of Shock

F. O. Greathouse was the victim of a near-fatal accident late Friday afternoon when he came in contact with a live electric wire.

Mr. Greathouse, who lives near Central Ward school building, went out to bring in his cow, which he had staked. The chain with which she was staked was lying across a live wire which was down. When he took hold of the chain, the current of electricity with which it was charged shot through his body, knocked him down, and rendered him unable to disengage his hold. John Miner and other neighbors heard his groans and went to his rescue. They finally succeeded in chopping the wire in two with a grubbing hoe, thereby releasing the suffering man. He was taken to his home and a physician called. His injuries were found to be very severe and for a day or two he suffered intensely. The current entered his hand and made its exit through one of the feet, according to Dr. J. H. McCoy. The fingers of the hand that grasped the wire were burnt to the bone, and there were other burns about the hip in the path of the current and at the bottom of the foot where it passed out of the body. The patient was semi-conscious when found and remained in that condition for several hours.

The wire carried a 2200 voltage of electricity, but on account of its being down in the mud or for other reasons it is not believed that the full force of the current passed through his body.

The cow wearing the chain was likewise severely injured. Unknown to Mr. Greathouse, the current of electricity was passing through the cow's body when he approached. Witnesses say that she was herself down in a kind of sitting posture when they arrived. Dr. McCoy says that following her release it was found that the milk in her udder had "clabbered," and that it could be forced out through her udder in long, stiff strings of clabber. The doctor was unable to say whether the cream had been converted into butter or not.

Use of pure white gasoline injected by syringe into the crops of turkeys afflicted with worms is reported successful in a number of South Texas counties this year. The county agent in Colorado county uses one teaspoon of gasoline. Marcus Schindler of Eagle Lake tried the method on 168 pullets and got results without losing a bird. Another man tried it the wrong way by using a teaspoon without aid of tube, syringe or long-necked funnel, and the dose went into the windpipe. His turkey was dead in 2 minutes.

MANUSCRIPT COVERS—\$1.50 per box of 100, two covers for 5c.—The News.

## Hello!

This week I am dedicating a space to about five hundred school children. I was just thinking, I'll bet some of them do a lot of primping—you know, nice clean clothes. And say, did you know that would make even the hard-boiled professor smile?

You see or call old Craft. He will fix 'em up.

Yours truly,  
*Ben J. Craft*

## Tom Garrards Move To Tahoka

Hon. and Mrs. Tom Garrard have recently moved from Lubbock to Tahoka, and Mr. Garrard has established a law office here. Mrs. Garrard, who was the former Mrs. Windham, resided in Tahoka many years, removing to Lubbock a couple of years ago. Their removal back to Tahoka was due to the fact that they own extensive farming lands near Tahoka, to which they are devoting much of their time.

Judge Garrard served several years as district attorney of the Midland district and was afterwards connected for two or three years with the office of attorney general at Austin. Following his resignation of this position he removed to Lubbock and established a law office there in partnership with Judge G. E. Lockhart. Franklin D. Brown later joined the firm and a year ago Mr. Garrard withdrew from the firm. He has been engaged as counsel in many important civil and criminal cases in West Texas during the past fifteen years.

The removal of this fine family to Tahoka will be welcomed by our citizenship.

Harrison county farmers who grew tomatoes this year as a new enterprise organized by vocational agriculture teacher and county agent through a county truck growers association are well pleased with the venture and plan to continue next year. Average cost of production is reported at \$20 per acre and the price received for greenwraps from one to three cents per pound.

Pecans may be canned at home by use of a pressure cooker, Mrs. Lura Hollingsworth, home demonstration agent in Runnels county, demonstrated for the pecan growers' association meeting in Ballinger last spring. The method may be obtained from local county home demonstration agents.

The money spent for terraces two years ago is now giving the greatest return of any investment made on the farm, Victor Schmidt of New Ulm, Austin county tells the county agent. He plans to terrace the rest of his farm this winter.

The first car of cooperatively sold hogs by the Travis County Hog Shipping Association since last October went out recently. The association has created a better price in Austin for hogs than either Houston or Fort Worth, it is said.

A well organized pantry cut the weekly grocery bill from \$5.00 to \$1.75 for Mrs. W. L. Whaley, Jones county home demonstration club woman. She says sales of canned products paid the entire cost of her pantry.

In spite of 6-cent cotton, no agricultural region in America had a cash crop in 1932 to compare with it.

The dominant type of West Texas farm is the family farm, growing more diversified all the time.

The only government helium plant in the United States is in West Texas.

LEGAL BLANKS—Crop and chattel mortgages and car and cattle bill of sale forms in stock at prices cheaper than you can buy them from any stationer.—Lynn County News. Read the advertisement!

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members urged to attend. Visitors welcome.  
C. O. CARMACK, W. M.  
CHAS. V. NELMS, Sec.

Mrs. Will Montgomery returned Tuesday from Gorman, where she and a sister, Mrs. Fred Higbee, of Lubbock, along with many others, attended a reunion of former students and faculty members of the old Hankins College. Five hundred people were present for the reunion, one woman coming 3,000 miles to see her former classmates. Hankins College was established twenty-five years ago by J. F. and J. H. Hankins, now residents of Lubbock, but the institution was closed about seventeen years ago.

Mr. and Mrs. D. V. Smith have as their guests, Mr. and Mrs. M. E. Wilson and daughter of Cleburne and Mrs. Wilson's niece from Plainview.

Five million pounds of pecans are produced annually in West Texas, equalling about 92 per cent of the Texas crop—and Texas is now the leading pecan producing state.

The world's largest natural gas field, in the West Texas Panhandle, supplies Denver, St. Louis, Indianapolis, Chicago.

West Texas produces one-twentieth of the nation's wheat crop—50,000,000 bushels annually (average for the past several years). Top crop, 61,000,000 bushels.

Texas produces more than half of the United States crop of grain sorghums which tests have proved to be practically the equal in feed value.

One-fourth of the nation's grain sorghum crop is harvested in West Texas, as a result of which its cattle feeders have been emancipated from corn.

Many predict that West Texas and Oklahoma are the great cotton regions of the future.

# LABOR DAY SEPT 4TH

Don't postpone getting the tires you need now. Enjoy your last summer holiday on a new set of Goodyear. Prices are still lower than they were last fall. Play safe. Before you start out, drive in and let us look over your tires.

## BUY THIS TIRE

Prices are marching up. But if you act in time you can still buy Goodyears at prices shown here—and most of them are lower than they were last fall. Look at this new 1933 Goodyear Pathfinder. With FULL CENTER TRACTION, 20% thicker non-skid tread, and stouter Super-twist Cord body, it turns in more miles, more blowout protection, more safety, than you could get from any tire costing four times as much a few years ago. Now is certainly the time to replace worn, dangerous tires with Pathfinders all around. No one can guarantee how long today's still low prices can last. We have your size. Be sure to get Goodyear quality tubes, too.

**Wilson School Plans To Operate Busses**

For the first time in the history of Lynn county, a school district has begun the operation of trucks in the transportation of children to school. The Wilson Independent School District is now operating five trucks, according to county superintendent H. P. Caviness.

School opened there on Monday of last week with a faculty of twelve members, including the superintendent, A. L. Faubion. The decision to operate trucks made it necessary for the school board to employ one additional teacher, but the finances of the district have been so worked out as to enable the board to do this and to actually reduce the taxable valuations of the district at the same time. This is made possible in part by the fact that the district receives from the state one dollar per month per child for each child transported to and from school.

There are about 425 scholastics in the district, Mr. Caviness says. Quite a number of others have been transferred into the district and still others living in adjoining districts have made special arrangements by which they may attend and be transported to the Wilson school.

The board of trustees decided to furnish transportation to all children living outside of the town section. One of the five busses will go to Joe Stokes each day for high school pupils living in that district. Scholastics living in the Wilson district who desire to attend a small parochial school in Wilson will also be transported. Approximately 350 children are to be afforded transportation, Mr. Caviness says.

By agreement entered into between the school board and the drivers of the trucks, the drivers furnish the chassis and pay the operating expenses while the school board furnishes the bodies of the trucks and pays the drivers a stipulated salary. Local carpenters were employed to make the bodies for the school board.

The decision of the school board to operate trucks has had the effect of drawing quite a large number of children from neighboring districts, Mr. Caviness says, and even more children would have been attracted to the Wilson school had the plan been adopted a little earlier in the year.

The plan is largely the work of Superintendent A. L. Faubion, who has devoted much of his time to working out the details and cultivating public sentiment in its favor. Mr. Faubion has been superintendent at Wilson for a number of years.

Mrs. Jodie Nevill, who has been in the Lubbock Sanitarium for treatment for the past several weeks, had so improved that she was able to be brought home last Thursday, and she continues to improve.

Little Stewart Dobbins of Roscoe is here visiting his aunt, Mrs. G. M. Stewart.

**Got Over Weak, Painful Condition By Taking Cardui**

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Barranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor. My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all." For over 50 years, Cardui has been helping women just as this Texas lady describes above. Cardui is sold at all drug stores.

**"HER FIRST MATE" IS COMING TO ENGLISH**

Good news for English theatre goers!

Slim Summerville and ZaSu Pitts, the screen's funniest comedy team, return to the English theatre on Sunday in the starring roles of "Her First Mate," most hilarious of Universal pictures. As husband and wife, they are the centre of a side-splitting tale which is filled with laughable incidents, and complications which will keep you in continual roar of laughter. Slim cackles with merriment when he sees the dejected little ferry boat blow up at the dock of their little home town on Long Island Sound—but he doesn't know that the agitated ZaSu has bought it with their life savings as a present for him! The plot is taken from a Broadway play in which Frank Craven and Una Merkel were featured.

Supporting Summerville and Miss Pitts are Una Merkel, Berton Churchill, Warren Hynes, Henry Armetta, George Marion and many other screen favorites, all of whom add to the hilarious fun of the picture.

Don't miss "Her First Mate." It is as fresh as the tang of the sea—and a lot funnier.

**Locals**

Elder R. P. Drennon is suffering intensely from blood poisoning of the forefinger on the right hand. The member became infected Tuesday of last week but the good man did not think there was anything serious about it until Saturday, when he consulted a physician. The infection resulted from a little scratch which had been previously inflicted. It stubbornly refuses to yield to treatment and does not seem to be improving.

Willis Willets is said to be in a most precarious condition in a sanitarium in Lubbock, following an operation which he underwent Tuesday morning. The appendix is said to have been ruptured several days before the patient was taken to the hospital and the chances for his recovery are said to be very meager. Mr. Willets is not well known here, but he is the husband of the former Winnie Freeman, who was reared here.

B. R. Tate left Tuesday night with Mrs. Tate for the Scott & White Sanitarium in Temple, where Mrs. Tate is to undergo a physical examination and possibly take treatment. They were accompanied to Temple by Ben King.

Mrs. T. M. Dobbins of Roscoe and Mrs. N. L. Hall of Sweetwater were the guests last week of Mrs. G. M. Stewart. Mrs. Dobbins is Mrs. Stewart's mother and Mrs. Hall is her aunt.

Osborn Brown of Richland Springs in San Saba county, was here Sunday night and Monday visiting among the Crouch family and connections. He is a grandson of the late W. J. Crouch.

District Attorney G. H. Nelson went to Brownfield Monday morning to look after his official duties, since the fall term of the district court opened there on that day.

Mr. and Mrs. A. J. Mullins and daughter, Miss Eunice, spent last week on a pleasure trip to Trinidad, Colorado. A. J. says that they had a great time.

Miss Juanka Codd of Memphis, Texas, is visiting Mr. and Mrs. J. C. Christopher.

Mr. and Mrs. Bert Fowlkes have recently moved to Tahoka from Abernathy.

**REPORT TERRIFIC RAIN**  
S. L. Williams of Lakeview was here Monday and reported a terrific rainfall in his community late Saturday afternoon. He says that eight or ten inches of rain fell and that all the lakes are full. Considerable hail, also fell in places, but he does not think that damage to crops was heavy. Crops on the whole are very promising, he says, although until recently his section of the county has been exceedingly dry.

**THE "DEVIL'S" BLUNDER**

By Paul Ponder

The real, sure enough devil is, beyond question, a shrewd character, and manages his business affairs with smartness and sagacity. Still he may make an occasional mistake, as he must have in the long ago when he lost his ancient position of blessedness in another realm. But this story does not concern "his Satanic majesty," but is all about a printer's "devil" who, with good intentions assayed to side-step his regular functions and help an editor out by taking the place of the "make up" man in the latter's absence. It was a costly blunder, in a way, for it caused the editor an extended trip out of the county, and no little explanation and apology after his return. It happened because the "devil" unwittingly "pied" a couple of items—a wedding and an auction sale—into one continuous story. And here is the way it ran:

Mr. Andy K. Blake and Miss Sara J. Puttycomb were disposed of last Tuesday at my barn one mile west of a beautiful cluster of pink and white roses and two north of town, at public auction, including an exquisitely beautiful pink chiffon gown, slippers and three spotted calves and nine Hampshire shoats to match. The bride's maid was attired in a blue tarpaulin and two wagon sheets and several extra white gloved hands holding in one the bouquet, and in the others about two tons of Mebane cottonseed. The ceremony took place on the porch with a background of purple and gold clouds floating above a complete assortment of farm implements, new and old fashioned rocking chairs, holding each other's hands and looking happily on as the pair stood on a bob sled and a wheel barrow, both practically new.

The Rev. Oswald Oberdine tied the nuptial knot for the happy couple using the double ring ceremony, two and a half rolls of barbed wire, in the presence of a large number of relatives and other friends of the two families, among whom were some three milk cows, about fifty chickens and three or two little little flower girls who were sisters of the four dozen geese. Everything went—nothing was redeemed necessary to the splendor of the occasion. The music for the occasion was Mendelssohn's wedding march, which was played most beautifully on a good two row binder and second hand thresher. A sumptuous repast was served after the wedding, and every-

**Renew Your Health By Purification**

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All dealers. (Adv.)

one enjoyed that part of the affair hugely, especially the bundle stuff, maize, kaffir, etc.

The bridal couple left immediately after the ceremony on one J. I. Case gang plow on terms to suit buyer, upon an extended trip to points in and around the hay ricks just north of the house, five all told. They will be at home to their friends, they said, with one dry cow, a couple of chicken coops, four months after date of sale to responsible parties, also an iron mortar box and three or four shovels of rice and some old shoes were thrown at them as pots and pans and other kitchen utensils all began to repair to their several homes.

Mrs. J. P. Hackey of Pickton, Hopkins county, is here for a few weeks visit with her daughter, Mrs. G. H. Nelson.

Rev. J. B. Vinson of Brownfield, Baptist minister, was in the city Monday.

**SICK HEADACHE**

Many cases of SICK HEADACHE are due to constipation. If you have headaches that is due to constipation, take Theodor's BLACK-DRAUGHT for refreshing relief. "I have taken BLACK-DRAUGHT, when needed, for about 15 years," writes Mr. J. W. Cooper, of Longview, Texas. "I first began to use it for sick headache that seemed to come from constipation. "I would suffer about twenty-four hours with these headaches. I found out that BLACK-DRAUGHT would help me, so that is what I took. I am glad to recommend it to others, for this trouble, for it will give relief." Theodor's Black-Draught is a purely vegetable laxative, preferred by thousands of men and women because it is so effective and economical. For CHILDREN, get the new, pleasant-tasting FRUIT of Theodor's Black-Draught, in 25¢ & 50¢ bottles.

#### MERCHANTS CONTRIBUTE COUNTY CANNING UNIT

(Continued from first page)

work will be extended so as to include any person who is willing to do the canning on the basis offered to Red Cross beneficiaries. Judge Maddox has already taken the matter up with the authorities, asking if this may not be done. A total of \$1602.00 of R. F. C. funds have been allowed Lynn county and only \$965.00 of this amount has been used thus far. This leaves about \$636.00 unexpended and it is hoped that permission may be obtained to use it for the purchase of additional cans to be used by the general public regardless of the fact as to whether they have ever been on R. F. C. or Red Cross rolls.

Whatever may be the ruling on the point, families who have been on the Red Cross or R. F. C. rolls are invited to bring in their vegetables and meats and to do their canning under the supervision of the county home demonstration agent. This canning proposal affords them a great opportunity to make provision for the future and it also means much to the business men of the county.

The business establishments in Tahoka who have contributed a dollar each for equipping the county unit here are:

#### TEXAS VOTES IN BEER; PLAINS REMAINS DRY

(Continued from first page)

The victory for the wets was not wholly satisfactory to them, however. There is a fly in their ointment; for while they rolled up big majorities both for beer and repeal, yet at the same time, 135 counties in local option elections, refused to permit the sale of beer within their boundaries. The entire state remains dry as to hard liquors and more than half the state still refuses to permit the sale of even the much touted 3.2 beverage.

There will be only a few wet spots in West Texas. All the plains countries from Howard and Midland counties on the south to Potter county on the north remains in the dry column. They will sell beer in Big Spring and Amarillo but all the intervening territory will be a Sahara. Local option on beer was defeated in Dawson, Lubbock; Terry, Borden, Garza, Hockley, Lamb, Hale, Crosby, and other south plains counties. There was no local option election on beer in Lynn county but the status of the county remains dry.

All these counties likewise gave majorities against the beer amendment and against repeal of the eighteenth amendment. Abilene and Sweetwater likewise remain in dry territory.

The vote in Lynn county was a surprise to many. The wets carried only one box in the county in favor of the beer amendment and only two boxes in favor of repeal of the eighteenth amendment. Magnolia voted for beer by a vote of 10 to 9 but against repeal by a vote of 7 to 12. Newmoore voted wet on both propositions; 7 to 2 for repeal, and 5 to 3 for beer. In Tahoka and some other ever. The two boxes here voted 153 boxes the vote was very close, however repeal and 164 against repeal; 147 for beer and 167 against beer. The majority in the county against repeal was 240 while the majority against beer was 230.

The other three proposed amendments to the state constitution received a favorable vote in the county.

The bond amendment was the least popular. The majority in favor of the bonds was only 110, while the majority for the home rule amendment was 154 and for the homestead exemption amendment 473.

The vote in the county by boxes on the various propositions is given elsewhere in the this issue.

#### TAHOKA GOLF CLUB IS BUILDING NEW COURSE

(Cont'd. from first page)

south and west around the lake north of the gin district. It will be a nine-hole course, with greens of oiled sand.

Forty members have already been enrolled in the reorganized club, and at least twenty more members are wanted, Davis says. With the unusually small entrance fee of \$2.50 and dues only \$1.00 a month, golf will be made possible for many Tahoka citizens.

A gift of \$100.00 has been made the club by the Tahoka Kiwanis Club for construction of the course. The old Tahoka Golf Club course southwest of town was abandoned by the organization several weeks ago.

#### J. S. EDWARDS DIED AT LUBBOCK FRIDAY

(Cont'd. from first page)

War began. He was married to Miss Katie Burt in 1884 and moved to Hill county, Texas, in 1901. From there he removed to Lynn county in 1920.

Mrs. Edwards died here in April, 1923, and Mr. Edwards married Mrs. Sue Clark in 1928, who survives him. Also surviving him are two children by his first wife, Mrs. Joe J. Smith of Lubbock and H.T. Edwards of

#### Littlefield.

An even-tempered, good-natured, hard-working, inoffensive man, strictly attentive to his duties and leading an upright life, Mr. Edwards had many friends here who deeply deplore his demise.

#### Sheriff Parker Finds Lost Boy

The little nine year old boy named E. L. Lantron Jr., of Breckenridge, for whom an advertisement was run in our classified ad column last week, was picked up by Sheriff J. L. Parker; but our story is nearly ruined by the fact that the boy was picked up before this ad appeared.

Mr. Parker had likewise received an inquiry about the boy, giving a description of the lad, and as he was driving along the highway just beyond Lubbock on his way to Plainview on Monday of last week, he discovered the lad on a railway trestle. The boy readily admitted his identity and Mr. Parker took him on to Plainview and turned him over to the custody of the sheriff there.

The boy was making his way from Breckenridge to Borger, where relatives reside, but had missed his way and gotten out west of Midland before discovering his mistake. He then made his way back to Big Spring and was following Highway No. 9 to Borger.

He was very small for his age and had just become afflicted with the wanderlust.

#### School Books and Supplies

#### New Shoes and Clothing

You can buy them for your children, but you can't buy them NEW EYES!

Don't let your children read or study under poor light. A penny or so an evening will pay for all the electricity they can use . . . but no amount of money will buy them new eyes.

Check your lighting system before school starts.
