PHEBE K. WARNER CLUB HAS ANNUAL BANQUET

A banquet for the husbands of the members of the Phoebe K. Warner Club was the opening feature of Tahoka's foremost literary club on last Friday evening, Sept. 8. A delicious dinner course was followed by a varied program during which the members and guests witnessed the installation of officers for the coming two years.

After the invocation by Rev. H. C. Smith, a speech of welcome was addressed to those present by Mrs. E. E. Callaway, toastmistress.

Mrs. W. E. Suddarth entertained with a piano solo, "La Sorella," a group of Spanish airs arranged by Clerc. This number, beautifully interpreted, was indeed appreciated by all listeners. The ideals and stand-

ards of the club for the ensuing seasons in the next two years were set forth in an address by Mrs. W. P. Avaritt of Lamesa, District President of the Texas Federation of Women's Clubs of the Seventh district.

Miss Lucille Slaton sang "Without a Song," a modern negro spiritual by Youmans, and "The Last Rose of Summer," by Moore.

Installation of the following officers took place: Mrs. R. W. Fenton Jr., president; Mrs. L. C. Haney, vice president; Mrs. L. E. Weathers, secretary-treasurer. Mrs. Buford Swan, corresponding secretary. Each officer responded with a short talk on her relative position. Mrs. R. W. Fenton Jr. made an excellent, brief and to the point address, inspiring to the members and encouraging to the citizens of Tahoka.

After the union singing of "Texas, Our Texas," the club song, a well spent evening ended.

P. T. A. Announces Year's First Program

The Parent-Teachers Association have arranged an interesting program for their regular meeting which is to be held in the high school auditorium on Wednesday, September 20, at 3:30 P. M.

New officers for the year will be installed at this meeting also.

The general theme for all the programs of the year is: Developing character in the child. The specific theme for the meeting next Wednesday will be: Living together in the family.

All patrons of the school are invited to attend this meeting, and it is hoped that membership in the association may be greatly increased during the year.

The program for Wednesday follows:

Music—Group singing.

Installation of officers.

P. T. A. song.

Reading of national president's message.

Talk: How a child's attitude and work at school reflect a happy or unhappy relationship in the home—Mrs. L. F. Craft.

Talk: Physical conditions of the home necessary to promote happy family relationships—Mrs. Tom Leonard.

Duet, Mothers Song: Mmes. H. P. Caveness and R. C. Wells.

W. W. (Grandpa) Simpson, who has been so ill in a Lubbock sanitarium, was brought back home several days ago and is doing as well as could be expected.

Methodists Hear Two Fine Sermons

The Methodist congregation listened to an inspired speaker last Sunday as they heard their pastor deliver two as fine sermons as the local church has enjoyed in many months. Three lessons: stewardship, consistent loyalty to the church, and the sufficiency of Christ for all needs—vied for first place in the impressiveness of their teaching. The story of the feeding of the five thousand was the basis of the content.

In the evening a message titled "The Ideal Life"—the life in Christ—was beautifully presented. Mrs. Harold Edwards sang "Is My Name Written There?" as the morning feature in music and the young people furnished a duet: "Love Led Him to Calvary" by Misses Mildred Davis and Mildred Ash for the evening service.

The church school worship program began with "Reverie" by Perry, following which Miss Lucille Slaton sang "In the Time of Roses," and Supt. J. B. Pace gave a splendid talk on "God's Mercy and Justice."

Attendance jumped to a new figure which, however, we want to surpass next Sunday. Be on time!—Reporter.

Locals

W. O. Thomas had a letter this week from Rev. E. V. May at Mercedes, formerly pastor of the Baptist Church at Brownfield, in which he states that newspaper reports of the hurricane in the Valley were not greatly exaggerated and that property loss was enormous. There is no fruit left on Mr. Thomas' fruit and truck farm there, he says, though the trees are left in fairly good condition.

Mrs. F. C. Shropshire of Rome, Georgia, has been here the past ten days visiting her niece, Mrs. G. H. Nelson, leaving Wednesday to visit other relatives at Littlefield and Levelland. Mrs. Shropshire has visited Texas before but this was her first visit to the plains. We were unable to give her a sandstorm demonstration while here, to her great disappointment.

J. M. Johnson returned Friday night from an extended trip through the north and east with a brother. They made the trip by automobile and covered 6,000 miles in three weeks, visiting St. Louis, Chicago and the Century of Progress Exposition, Indianapolis, Detroit, Buffalo, Niagara Falls, and Canada. He says it was some trip.

Rev. H. D. Heath of Tokio, Yoakum county, was here Wednesday visiting his son, L. C. Heath, and looking after business matters. Brother Heath has been in the drought-stricken belt this year and is making very little cotton but his farms usually produce as fine cotton as can be found on the south plains.

Miss Viola Ellis returned Monday from a three weeks visit with her parents, Mr. and Mrs. Sam Ellis, at Christoval. Miss Ellis reports that it has been very dry all the year down at Christoval, and still is so. Practically no rain south of San Angelo, she says.

Mrs. J. F. McManus and son, John Telford and family, and her sister, Mrs. Paul Ray, visited Mrs. McManus' and Mrs. Ray's father at Dublin last week. They say they are proud of Lynn county's crops after viewing the crops in that section.

Mr. and Mrs. W. D. Haney, Mr. and Mrs. R. L. Haney, and Fred Haney, all of Roscoe, were visitors in the L. C. Haney home here Sunday. Mr. and Mrs. W. D. Haney are L. C.'s parents, and R. L. and Fred are his brothers.

W. M. (Bill) Thompson has accepted a position as salesman for the Fry Motor Company, which handles Ford cars. Bill reports a number of sales since he began work Friday.

B. R. Tate writes back home from Temple that Mrs. Tate underwent an operation in the Scott & White Sanitarium there on Wednesday of last week and is improving steadily. Mr. Tate and Gabelle expect to come home the latter part of this week.

L. F. Frazier is spending the week visiting his mother at Comanche and his sister at Hillsboro. He was accompanied by his nephew, Lawrence Janes of Lubbock, who was formerly employed by Mr. Frazier here.

Doris Jean, daughter of Mr. and Mrs. A. M. Cade, had her tonsils removed Saturday of last week in a Lubbock sanitarium.

Much Water Falls When It Rains

Not so long ago a traveling man came to Crosbyton and stopped at the Johnston Hotel. It was during the big five inch rain some time back. Mr. Johnston stated that he gave out this interview:

"Crosby county has just had five inches of rain. Assuming that it rained that much all over the county which I confidently believe it did on an average, here are some figures which are not correct in every detail but approximately correct.

"One inch of rain to the acre equals 105 tons. I figured this out several years ago and believe it to very nearly correct. Now 105 times 600 times 900 times five equals 32,000,000 tons of water. To put it another way if this water was stocked into a lake it would be one mile square and 375 feet deep. If it should run out at one cubic foot per second it would take nearly 800 years to empty. Crosby county is a small spot of Texas five hundred miles from the sea. Assuming that this water came from the coast line it would take 94,500 trains of 80 cars of 40 tons capacity to transport it.

"Now figure it out for yourself if you choose and also figure out what a 20 inch yearly average would be for the entire plains country and see the enormous amount of work that nature does for us."—Crosbyton Review.

Trench silos have been dug by 38 Brazoria county farmers this summer as a result of two previous demonstrations and a dairy short course, reports the county agent. One farmer reports his silo cut his feed bill to less than half what it formerly was and milk production increased also.

Miss Mareta Hickerson, who has been visiting her father, John Hickerson, returned Saturday to Natchitoches, Louisiana, to resume her work as one of the teachers in the Louisiana Normal College at that place.

Willis Willet, who has been so seriously ill in a Lubbock sanitarium following a belated operation for appendicitis, was able to be brought back to Tahoka Tuesday. He now seems to be entirely out of danger.

Vowell Arrested After Pen Break

Kilgore, Sept. 12—S. D. Vowell, convicted robber who escaped September 6 while being transferred to the state penitentiary, was recaptured today at Overton by officers under the direction of Bob Goss, Kilgore police chief. Goss received a tip that the fugitive was to meet his sweetheart secretly and set a trap for him. Vowell has been sentenced to ten years imprisonment for an armed robbery in Gregg county.

Vowell, who also is under penitentiary sentence from Taylor county, for burglary, was one of seven prisoners who broke jail at Tahoka some months ago. He was recaptured in East Texas. He was awaiting trial in Tahoka on robbery charges.

RESOLUTIONS OF RESPECT

Whereas, God in his divine wisdom has called to His reward our friend and brother, J. S. Edwards, and, Whereas Bro. Edwards has been for fifteen years a faithful and beloved member of the Men's Bible Class of the Methodist Church, therefore,

Be it resolved: First, that we, the members of his class, express our deepest regret for the departure of our brother, knowing as we do that he will be missed by his class. Second, that we express to his family our sincerest sympathy in their hour of sorrow. Third, that because of our love and respect for our brother, we have these resolutions published.

This Letter Will Bring Joy To Fat Folk and Neuritis Sufferers

"Dear Sirs: I was so crippled with neuritis all down left side of my head and arm and both knees so swollen that I could hardly get up and down. At times my feet pained so badly I thought my toes would break off. I tried everything. The doctor told me I would be no better while I lived here but I stopped in a drug store in Brooklyn, N. Y., one day last November and the man in charge told me to take Kruschen for three weeks steady and I would get relief which I did. Never felt better and along with it, have lost weight. I weighed 210 then. Now I weigh 154 and while I'm over 50 yrs. old I feel 30. I took it for one thing—got two—so I now have 6 others here taking it." Mrs. A. V. Carr, Ft. Tilden, N. Y.

"It's the little daily dose that does it" so take a half teaspoonful of Kruschen in a glass of hot water every morning before breakfast. Get Kruschen at any live drugstore in the world—a jar lasts 4 weeks and costs but a trifle.

Baseball Dope

By Paul Ponder

With this little report the baseball season for 1933 is a closed incident. As per last week's notice, the League season closed with Tahoka's trouncing of Ebochs for the championship title by shutting them out in the first game, and copping the second by 6 to 4.

Before disbanding, however, the boys accepted an invitation for a two game series with the Roswell, N. Mex., club. These games were played Sunday and Monday, and were both shut-out victories, played to the tune of 4 to 0 and 6 to 0, respectively; but without the help of Rose, whose business plans precluded his participation therein.

Both sessions were played in the Roswell park, and your reporter did not witness them; neither did he get to see the score board but here is a part of Mgr. Taylor's version of the two bill affair: "First, they have a good team, but we just outplayed them from every angle Sunday Frank pitched a 5-hit game, backed by errorless fielding, and in turn, the smacking of about eight

safe hits, netting us four runs to their failure to cross the plate once. Lark and A. P. returned Sunday night, leaving us with but eight men plus utility man, "Tite" Graham, who played right field Monday. Harley did mound service, and boy, he did it up brown. Some thought that we got their goat Sunday, and that they went in Monday baffaloed to start with; but whether it was that or his particular brand of deceptive curves, he was nicked for but three bingles; so, if "doing his part" means anything, he is entitled to Blue Eagle membership. We collected nine hits of assorted sizes off Roswell's twirler, which were smoothly chiseled into six trips across the plate, to their exacting none. Every player did fine work, but Blue's spectacular fielding at second, and double plays was probably a feature. Gate receipts Sunday were very good but lighter Monday, yet a fair sized and enthusiastic crowd attended both games."

The Roswellites fought us like Cub against Yank.

But we copped the berries while they drew a blank.

Draw

Our boys basketball team played two games last week and were victorious in both of them. A hard battle was fought between our "Longhorns" and Wilson's team Friday afternoon. We won by one point, the score being fourteen and fifteen.

The other game was played between the Draw Longhorns and the New Home team Wednesday, September 6.

We appreciate very much the sportsmanship that has been shown by our competitors.

With the cooperation of the pep squad we are going to win every game we play.

The people of the Draw Methodist Church held Sunday School September 10 with an attendance of one hundred and twenty-six. Church services were held at 11 o'clock.

The Draw Methodist meeting closed Sunday night September 10. Rev. Brother Morton, who held the meeting, left for his home in Abilene September 11.

Gus Sherrill, who has been in California, has returned to his home.

Mr. and Mrs. A. Z. Sewell with their son, John, their daughter and son-in-law, Mr. and Mrs. Lealie Cook, have been traveling in Texas and Louisiana. They will return home this week.

Many of the Draw people attended the dinner and program given by the Redwine people in honor of their pastor Sunday, September 10.

Mr. and Mrs. Delmond Jackson are the proud parents of a seven and half pound baby girl, Dema Joyce, born Monday, September 11.

How Cardul Helps Women

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat. Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected. Take Cardul to give you a better appetite, to give you more strength from the food you eat—to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardul.

"Proud and glad to do our part"

WITH President Roosevelt's acceptance of the NRA Automobile Code, Chevrolet, the world's largest builder of motor cars, officially begins operations in accordance with the administration's recovery program.

Although the official code was signed only a few days ago, it will be of interest to Chevrolet's many friends to learn that the Chevrolet Motor Company started to carry out the spirit of today's recovery program over three years ago!

At that time, we put into operation a "share-the-work" plan, whereby our workmen cooperated in spreading the work to give more men jobs. By means of this plan, as well as by regulating hours of work per week to meet retail demand, and by building up parts stocks in lean seasons, it was possible to carry 33,000 men on our payroll through the depression. For eleven months of each year since 1929, we have kept our employment within 10 percent of this average. We are justly proud of that record. We are also proud to say that Chevrolet workmen did not, at any time during the depression, become a burden on public welfare departments.

On August 1st of this year, Chevrolet announced a blanket wage increase as well as the adoption of a 7 1/2-hour, 5-day week and the employment of 12,000 additional men. This wage increase was the second in the last 4 months, Chevrolet having been among the first to put a blanket wage increase into effect.

We feel that the President's recovery program deserves the whole-hearted support of every citizen and manufacturer in America. It is a bold, swift, courageous plan to start the ball rolling toward economic recovery. Its sincerity is unquestioned. Its objectives are admirable. And the direct, forceful steps the President and his associates are taking to make it a success, should stir the pride and admiration of every American.

We are proud and glad to do our part. And we are deeply grateful to the American people for the patronage that has enabled us to anticipate the present recovery program and to play our part today. After all, the immense number of men employed by Chevrolet is a direct result of the continued preference America has shown for Chevrolet.
