Number 8

## SATURDAY BIG BUSINESS DAY

Merchants Report Best Business In Two Or Three Years; Big Crowd On Streets

Tahoka merchants are a unit in declaring that business conditions are good again. They say that last Saturday was the best business day Tahoka has had in two or three years. All the dry goods merchants were compelled to use a large number of additional sales people. One merchant says that he used sixteen clerks last Saturday and did not have a single one too many. Business has been much better than usual on the other days of the week also for the past two weeks.

This revival of business is due, of course, to the harvesting and marketing of the cotton crop, supplemented by the large sums of money placed in circulation by the receipt of many plow-up checks. Not only do local farmers have considerable cotton money to spend, but there are also many cotton pickers here from other parts of the state, and cotton pickers are nearly always good customers of the local merchants.

It looks as if that prosperity corner has at last been turned, and business men are much elated at this happy turn of affairs. While none too much of this prosperity has found its way into the News office yet, we are confident that better times are in fact here for all of us. Any way we are glad for the other business people of Tahoka and for the farmers of Lynn and other south plains counties.

## Cancer Affliction Is On Increase

Austin, Oct. 11.—The increasing number of persons in Texas dying from cancer, justifies a warning at this time against cancer quacks and so-called cancer cures. While newspapers, as a rule, do not carry advertising of this type, there are many other ways by which misinformation can reach the public. Undoubtedly there are many persons who, being thus deluged from seeking proper advice, unnecessarily become cancer victims, while others are not having cancer, are fleeced out of much money for a cure," stated Dr. John W. Brown, State Health Officer.

There are but two ways of treating cancer. First, by surgery; and second, by the use of radium or X-ray. Treatment must be started early and in the hands of a competent surgeon. Surgery is relied upon to remove cancerous tumors and is used in nearly two-thirds of the cases. X-ray or radium is used to advantage in one-third of the cases. Frequently the two methods are combined. Self-medication, serums, colored lights, pastes, salves and diets are valueless.

The great bulwark against cancer is early diagnosis. Every case is an emergency and it is unfortunate that the majority of those with cancer do not seek medical advice until beyond a permanent cure. No hope should be placed in fake cancer prophets and their treatments. Rather, the annual physical examination and an immediate reporting to your physician of any symptoms which may be suspected to be the beginning of cancer, should be relied upon. These symptoms are: Any unusual bleeding from any body opening, any lump in the breast or any other part of the body, any persistent sore, particularly on the face or mouth, and chronic indigestion. These conditions may not be cancer, but sometimes they are forerunners of the more common types of this disease. Where cancer is suspected do not delay, but consult your physician at once.

Little Ronny Mac made his advent into the Jesse Gurley home early Saturday morning and seems greatly pleased with Lynn county thus far. The mother is recovering nicely and is happy. Jess is still acting a little queer but will probably be all right again within a few days.

## Acrobatic Auto Is Some Flip-Turner

After purchasing a brand new Ford car in Lubbock Wednesday, W. B. Cheatham of the Joe Stokes community started for Tahoka. About three miles north of this city it is said that he got into a race with a Chrysler. Possibly he was making in the neighborhood of eighty miles per as he approached the second turn in the highway two miles north of town. At any rate he was unable to successfully negotiate the turn, and suddenly he found himself and car turning summersaults like a circus acrobat. Over and over it went three times, he says, and sometimes he was lying down and sometimes standing up. When the acrobatic machine got ready to stop it stopped on its feet, rearing to go again.

We did not learn the exact extent of the damage to the car but it was comparatively light. Mr. Cheatham and a young man companion were both slightly bruised up and terribly shocked but were otherwise unhurt.

The speedometer on the car showed that all together it had run only forty miles.

## Texas Tech Rodeo Offers Barbecue

Lubbock, Oct. 12.—A free barbecue will be served to guests at the annual rodeo given by Aggie students of Texas Technological College, Friday. This schoolboy rodeo is put on annually for the benefit of the livestock judging team which will participate in national and international judging events at Kansas City and Chicago this winter. The Tech team has made a creditable record in these shows for the past several years.

## Tahoka Loses To Levelland 14 to 0

In spite of the fact that they outplayed their opponents, Dame Luck was against the Tahoka Bulldogs and they lost to Levelland in that city last Friday 14 to 0, Coach Hunter declares. The boys turned in the best game of the season so far, showing better offensive work than in the previous games with Levelland and Post.

But Levelland got the breaks of the game, and Hunter has no alibi to offer. Levelland made her first touchdown after an intercepted pass had carried the ball within striking distance of the goal. The second touchdown was made as the result of a blocked punt. Levelland scored extra points first time with a place kick and the other on a pass. Tahoka made more first downs than Levelland, excelled in running plays and had her passes working beautifully.

The boys are in good shape for the game here Friday with O'Donnell at 4 p. m.

The line-up for Tahoka last Friday was: Dyer, left end; Milliken, left tackle; Roy Jolly, left guard; Bulman, center; Thomas, right guard; Speight, captain for this game, right tackle; Gill, right end; Vernon Jolly, quarterback; Strasser and Minor, halfbacks; and Allison, fullback.

A. W. White of Los Angeles, California, arrived Wednesday and will probably remain several weeks looking after his farming interests here. Mr. White has been a reader of the News several years and dropped in to see the force soon after arriving.

Mrs. N. J. Barton, who lives in another part of the state, is here visiting in the home of R. F. Barton of the Dixie community. She has spent the past few months in Mason and Concho counties and she says crops surely do look good to her up here on the plains.

Rev. H. C. Smith was called to Happy last Friday to conduct the funeral service of P. J. Neff, a pioneer citizen and prominent Methodist of that section, who died Wednesday night. Bro. Smith also visited his son, J. D., who is in college at Canyon.

## RECEIVE MORE COTTON MONEY

232 Farmers Paid \$98,160, Average Of \$423 to Man, By Govt. Last Saturday

The largest number of plow-up checks yet received in any one day came in last Saturday. The checks were also the largest in amount of any yet received. There were 232 of them bringing to the farmers of Lynn county the magnificent sum of \$98,160. The general average of these checks therefore was a little more than \$423.00.

This brings the total receipts by Lynn county farmers up to \$299,276 as represented by 943 checks. About \$250,000 are to come in yet, according to the contracts originally signed up.

Leave your job printing dollars at home. Phone 35.

## Singing Here On Fifth Sunday

J. S. Wells says that he has been requested to announce that there will be an Old Sacred Harp Singing here again on the fifth Sunday in this month. R. T. Bohannon is president of the convention and says that they will probably decide to have all their meetings here, since Tahoka is centrally located.

The singing will be an all-day affair and will be held in the district court room. If you love this sweet, strange type of sacred music you should not fail to be present the fifth Sunday in this month.

## May Turn Old Fort Into Dude Ranch

A once proud army post, Fort D. A. Russell at Marfa, Tex., may be turned into a "dude" ranch, tourist camp or health resort.

The government has advertised for bids on leasing the reservation where the First Cavalry, now mechanized and removed to Kentucky, was wont to gallop over a 434 acre tract. The post comprised 134 buildings, 79 of concrete, and is reported to have cost about \$1,000,000.

Water, sewage, electric and telephone systems on the reservation are complete in every detail, and there are extensive living quarters with hospital buildings in connection.

## P. T. A. Will Meet Next Wednesday

Members of the Parent-Teachers Association say that the programs and the attendance upon its meetings this year have been unusually good.

They will meet again next Wednesday afternoon at 3:30 o'clock in the high school building and expect to have an excellent program. All parents are urged to attend.

## Advertising Necessary To Win Over Depression, NRA Chief Declares

Washington, Oct. 4.—A declaration that the "flat wallet era" is ended was made by Hugh S. Johnson, NRA director, in a letter made public today urging leading manufacturers and advertisers to participate actively in the "now is the time to buy" campaign starting next week.

Presenting statistics to show mounting employment and payrolls, the administrator added that "we believe the opportune moment is at hand for American industry to bend every effort toward increased sales."

**Policies Declared**  
The NRA consumers advisory board headed by Mrs. Mary Harrison Rumsey declared its policies in a statement announcing plans to obtain government action to measure quality standard of goods and analyze cost of living and earning power levels for a definite guide against profiteering.

Johnson's letter to manufacturers said in part:  
"American industry must help the public to find the goods it needs. The modern method is advertising.

## 3,324 BALES ARE GINNED HERE

1827 Bales Ginned Past Week In Spite Of Showers; Rain Today Halts Work

In spite of a little delay caused by a shower of rain that fell Tuesday afternoon, the five gins in Tahoka have turned out 1827 bales since our report last week. A total of 3,224 bales have been ginned this season, according to reports given to the News at ten o'clock this morning. Picking has been stopped again, however by a slow rain that began falling between nine and ten o'clock this morning.

Prices have remained about the same as last week, ranging between nine and ten cents.

Hundreds of pickers have come into the county the past few days, and the crop is being gathered rapidly when the weather permits.

## Tahoka To Play O'Donnell Friday

The next game for the Tahoka Bulldogs will be played on the home gridiron Friday afternoon at 4 o'clock with O'Donnell. The Tahoka team is in good condition and are not taking O'Donnell lightly by any means. The boys from O'Donnell are playing some good ball this year, having won as many games as they have lost.

The price for admission Friday will be 25c for adults and 10c for children. Let's turn out and give the boys a boost.

## Dallas Minister Killed Near Ralls

Rev. C. S. Fields, 70, a Methodist minister whose home was in Dallas, died in a sanitarium in Lubbock Monday night as a result of injuries received when his car turned over a few hours before on the highway five miles west of Ralls.

A passing motorist discovered the wrecked car and stopped to investigate. He found the aged minister lying about thirty feet from the car in a semi-conscious condition. With the aid of others who arrived at the scene, the wounded man was placed in a car and taken to the sanitarium, arriving at about 8:30. It was found that he had received a compound fracture of the right leg just above the ankle, abdominal injuries, and a head wound. He died about two hours after reaching the sanitarium.

Ed Cook who lives out at Wells, says that his wife has been at Christoval taking treatment for rheumatism the past two weeks and is much improved. She is expected to return home within the next few days.

Olin E. Hinkle, editor of the Pampa News, was a brief visitor at The News office Saturday.

## Parkhurst Is Given Five-Year Sentence

### Money In Sheep Nevels Discovers

Bill Nevels says he used to feel a little sheepish every time sheep were mentioned, but he is feeling fine now, thank you.

His flock of sheep out on the ranch west of town has grown to about a thousand in number and many lambs are making their arrival now. Wool has been a good price this year and Bill's sheep have brought him a lot of money. In fact, a sheep man can hold a high head and feel like an aristocrat this year.

Mr. Nevels has carefully selected his stock and has one of the finest little flocks to be found anywhere. He says sheep require much careful attention but as a rule they are worth it. He expects to have a big wool clip next spring.

There should be more sheep in Lynn county than we have.

### Forestry Work Again Available

The office of the Lynn County Board of Welfare and Employment will be ready in a few days to take applications for forestry work. If you are eligible, call at the office at once and leave your name and post office address. Do this without delay.—B. P. Maddox, Administrator, Lynn County Board of Welfare and Employment.

### Holland Expects Bale And A Half

Sam Holland read our little story last week about that good cotton of Benson's and Irving Stewart's. On Friday he dropped in to ask us to remind the boys that if this was the best they could do they ought not to say a word. A bale and a quarter per acre is not in it with some cotton Sam has. He says he will gather a bale and a half per acre from a patch he has out on the Windham, or Garrard, farm southeast of town. Another fellow chimed in and said Sam was telling the truth. He had seen Sam's cotton and knew whereof he spoke.

Now if there is anybody in Lynn county that is going to gather two bales of cotton per acre, we hope they will not be bashful in reporting it to the News. Come on with the evidence, boys.

### Dunagan Injures Foot On Oil Can

A. L. Dunagan has been on crutches the past several days as the result of a peculiar and most painful accident that befell him on Wednesday morning last week.

Arising before daybreak, he started across the room, when he stepped on the stem or spout of a little machine oil can, which penetrated his foot, sticking entirely through the member. After removing the can stem, he came to a physician here and had the wound treated. An anti-tetanus serum was administered and it is hoped that no serious consequences will ensue but the wound is still very sore and painful.

### SECOND LAMESA ROAD CONTRACT SET OCT. 16TH

Advertisement for bids on grading and drainage work on Highway No. 9 south from Lamesa to the Martin county line, is made this week by the State Highway Department.

The contract will be awarded on October 16, if is announced. Work is going forward on the grading and drainage work on No. 9 north from Lamesa to the Lynn county line, and work is expected to start on the south end soon after the contract is awarded—Lamesa Reporter.

Read the advertisements!

### THREE OTHERS GIVEN TERMS

Parkhurst Will Appeal; Davis And Romines Plead Guilty To Theft Of Car

A jury in the district court early Wednesday afternoon brought in a verdict of guilty in the case of the State of Texas vs. D. A. Parkhurst, charged with a statutory offense involving improper relations with a 14 year old girl, and they assessed his punishment at 5 years in the penitentiary. His attorneys will file a motion for a new trial.

This case went to trial Monday morning, a special venire of 108 men having been summoned from which to select a jury. District Attorney G. I. Nelson and County Attorney Truett Smith represented the State while G. E. Lockhart and Franklin D. Brown of Lubbock represented the defendant.

This case was tried once before—at the last term of court—resulting in a mistrial. The jury on that trial stood four for conviction and eight for acquittal.

Three other cases were disposed of in the district court Wednesday afternoon. Calvin Davis of Fort Worth and J. R. Romines of O'Donnell each pleaded guilty before the court without the intervention of a jury to the offense of car theft, and each drew a sentence of eight years in the penitentiary. This car was stolen in Fort Worth last spring and was brought to this county, thus fixing venue here. After these young men were arrested and placed in jail here, they succeeded in breaking out of jail once but were afterwards recaptured.

Henry Furlough, negro, also entered a plea of guilty before a jury to a charge of driving a car while intoxicated. The jury assessed his punishment at 66 days in jail. Furlough is the negro who got on a tear a few weeks ago and drove Ben King's car down town at a break-neck speed, running into and demolishing the gasoline pump of the Conolly Chevrolet Company.

### Merchants Too Busy To Advertise

Our readers will note that our advertising is exceedingly scant this week for this season of the year. One explanation is that many of our merchants were simply too busy Wednesday to prepare their copy. The shower Tuesday afternoon stopped cotton picking and people took advantage of the interruption to do a little shopping.

But our merchants are going to advertise. They invariably find that judicious advertising pays. One of them who had been advertising a certain article of merchandise as a premium told us this week that his supply ran so short after two insertions that he was compelled to take his ad out.

Watch our columns next week and take advantage of the bargains that are offered from time to time in this newspaper.

### Fry Staged Auto Parade Saturday

The Fry Auto Company put on a unique parade through the streets of Tahoka last Saturday afternoon. The parade was led by their Demonstration V-8 Ford car, with banners flying. Following this was an old 1909-model Ford flying the Stars and Stripes. Then followed in order a 1927 model T Ford, a 1930 model A, a 1932 model B, and several new 1933 model 40 cars.

The old Ford of 1909 vintage, which belongs to a citizen of Lubbock, is here all this week on exhibition in front of the Ford office. It is a little dilapidated but still in good running order. While it lacks the grace and beauty of the later models, it was a very useful and serviceable piece of machinery in its day and generation. Drop around and take a look at it.

**NOTICE TO THE PUBLIC**

Any erroneous reflection upon the  
reputation or standing of any indi-  
vidual, firm or corporation, that  
may appear in the columns of The  
News will be gladly corrected when  
called to our attention.

**WILL COURT REFORM EVER  
COME?**

Everybody feels that there is  
something wrong with our state  
courts. Over and over again this  
feeling of dissatisfaction has been  
voiced in the press, in the pulpit,  
on the streets, everywhere that the  
matter is mentioned. Farmers and  
business men who are brought into  
court to serve on juries or to give  
their testimony as witnesses often  
become disgusted with the exasper-  
ating delays and the general slug-  
gishness with which the courts  
function. It all seems so unbusi-  
ness-like and wasteful. People com-  
plain too that the saturnalia of  
crime which has been sweeping the  
country is due largely to the ineffi-  
ciency of the courts.

That much of this criticism is  
well founded cannot be denied. Yet  
the judges and the prosecuting at-

torneys are not to be blamed. The  
fault is not theirs. The judge is  
bound down by restrictions and  
limitations that render him virtu-  
ally helpless. Senseless legal im-  
pediments are thrown in the way of  
the prosecuting attorney. The  
courts are shackled.

In contrast with the slowness and  
inefficiency of the state courts are  
the swiftness and efficiency with  
which the federal courts function.  
In the federal courts, the judge is  
not shorn of his power. He can ex-  
ercise real authority in directing  
the trial without committing reversi-  
ble error. He may comment on the  
weight of evidence in the presence  
of the jury. The jury only finds a  
defendant guilty; the judge assesses  
the punishment. In numerous  
ways he can exercise power that is  
denied a judge in a state court. Yet,  
the rights of innocent persons are  
doubtless protected just as well in  
the federal courts as in the state  
courts. Innocent people are not  
punished in these courts any more  
often perhaps than they are pun-  
ished in the state courts. Innocent  
people are rarely ever punished in  
any court.

Then why not adopt a system of  
procedure in the state courts simi-  
lar to that in vogue in the federal  
courts? Why not give our own dis-  
trict judges real power, unshackled  
the district attorney, cut out a lot  
of the red tape, and make our state  
courts able to function with the  
same swiftness and efficiency as the  
federal courts? It would save a  
lot of expense. It would make pun-  
ishment of the criminal more speed-  
y and certain. It would save a lot  
of time on the part of witnesses,  
and jurors. It would be better in a  
dozen ways.

Why doesn't our legislature act?  
Will we ever have real court re-  
form?

Post, Lamesa, and others of our  
neighboring towns each still has a  
chamber of commerce that is func-  
tioning. Recently the business men  
of Post and Lamesa, acting through  
these chambers of commerce, have  
been invading Lynn county and put-  
ting on programs for the enter-  
tainment of the people of the var-  
ious communities visited for the  
purpose of drawing trade to their  
respective towns. Post put on such  
a program at Grassland last Friday  
night. This is perfectly legitimate  
and proper. Not having any cham-  
ber of commerce, Tahoka business  
men should nevertheless make a  
fight for the business of these com-  
munities. We believe that they can  
do so most effectively by using the  
columns of this newspaper.

Now that President Roosevelt and  
Vice-President John N. Garner each  
has a suit made of Texas wool and  
cotton in the textile department of  
the Texas Technological College, we  
presume that they are both prepared  
to keep warm and to keep look-  
ing spick-and-span throughout the  
winter. With this little lift on the  
part of the Tech, maybe both  
Franklin and John will be able to  
keep the wolf from the door an-  
other year.

**Black-Draught  
Clears Up Sluggish,  
Dull Feeling**

"I have used Theford's Black-  
Draught for constipation for a  
long time, and find it gives relief  
for this trouble," writes Mrs.  
Frank Champion, of Wynne, Ark.  
"I think it is good for spells  
caused from gas on the stomach.  
If I get up in the morning feeling  
dull and sluggish, a dose of Black-  
Draught taken three times a day  
will cause the feeling to pass away,  
and in a day or two I feel like a  
new person. After many years of  
use we would not exchange Black-  
Draught for any medicine."  
P. S.—If you have CHLASS, give  
them the new, pleasant-tasting  
SYRUP of Theford's Black-Draught.

On our recent visit to Corpus  
Christi and other points in central  
and south Texas, we found more  
than 50 per cent of the crops in the  
extreme southern portion had been  
gathered. Worms and boll weevil  
had damaged much of the cotton  
and the yield was light as it was in  
the central portion of the state.  
The best crops we saw on the trip  
were on the South Plains. The feed  
crops in Dawson, Lynn, Lubbock,  
and Hale counties were immense,  
and if prices are reasonably good  
the farmers in these counties will  
realize a neat sum from their feed  
alone, as the demand in other sec-  
tions of the state will be great this  
winter. The cotton in some sections  
of these counties will yield a bale or  
more to the acre. Picking had just  
begun and the farmers are anxiously  
awaiting the market prices on  
their products. Wheat on the North  
Plains is looking good and feed, if  
we have a late frost will make an  
abundant yield. After coming up  
from the barren rocky region to the  
south of the plains, we were liter-  
ally entranced with the beauty of the  
broad acres of growing crops in the  
plains section and we were more  
thoroughly convinced than ever be-  
fore that the Panhandle is the gar-  
den spot of Texas. We visited no  
section that will compare with it—  
Bob Haynes in Miami Chief.

The members of the Tahoka Fire  
Department are this week rendering  
the people of Tahoka a real service  
in an effort to procure their co-  
operation in the prevention of fire.  
They have prepared and are asking  
the property owners and household-  
ers to sign a questionnaire giving true  
and correct information as to any  
and all fire hazards that may exist  
in or about their residences. If you  
are presented with one of these  
questionnaires do not throw it away  
and permit it to be misplaced or  
lost. Make true answers to the  
questions, sign your name, and then  
hold the questionnaire until it is called  
for. The fire boys want this in-  
formation. It will help them to help  
you to minimize the fire hazards in  
Tahoka and to reduce insurance  
rates in the town. The boys are to  
be commended for this unselfish  
and patriotic service and they  
should have the hearty cooperation  
of every citizen.

This 3.2 beer does not seem to be  
going over with such a bang. Of  
course there was a wild rush for  
the wet spots as soon as the sale  
of this much heralded beverage was  
authorized by law. Quite a few peo-  
ple from dry counties are still visit-  
ing these wet spots occasionally.  
Many families in dry counties have  
had seemingly large quantities of it  
delivered to their homes. But the  
novelty is wearing off. The taste of  
beer is not palatable to the novice.  
It doesn't have enough kick in it  
for the habitual drinker. So, the  
slump has set in. We imagine that  
a lot of the folks who paid beer  
license will soon wish they hadn't.  
As a matter of fact, there are a  
score of drinks sold at any cold  
drink stand or drug store that is  
more palatable and more healthful  
than 3.2. Most of the real sensible  
folks will stay with the cold drinks  
and pass up the beer.

A farmer asked us the other day  
why the grocery men of Tahoka  
had quit advertising prices. We were  
unable to tell him. He thought it  
was a great mistake on their part.  
Naturally he felt that it was be-  
cause they had no attractive prices  
to advertise. There may be a lot of  
folks who are thinking along the  
same line; we do not know.

**YOU ARE WHAT YOUR  
THOUGHTS ARE**

Whatever is happening to you or  
to me right this minute is absolutely  
the result of what we have put into  
our thought and our minds for  
years. You are today where your  
thoughts have brought you. You  
will be tomorrow where they bring  
you. What you think will be ex-  
pressed in your life and the con-  
ditions surrounding it—Mary Pick-  
ford.

**Thousands of Women  
Have Taken Cardul  
on Their Mothers' Advice**

It is an impressive fact that many  
women have said they learned of  
the value of Cardul from their  
mothers.  
What stronger evidence of her con-  
fidence in a medicine could a mother  
have than that she advises her daugh-  
ter to take it?  
Cardul is given the credit for re-  
lieving so many cases of womanly  
suffering that it is widely and favor-  
ably known. Druggists, everywhere,  
sell it.  
If you are weak, run-down, suffer-  
ing monthly, take Cardul. Take it  
for a reasonable length of time and  
try it thoroughly. As your health  
improves, you will share the enthu-  
siasm of thousands of women who have  
written to say: "Cardul helped me."

**WHAT OTHERS  
THINK**

**MERRY CHRISTMAS**

(An editorial which appeared in  
the Ladonia News, weekly paper,  
and which won first prize in the  
1932 Editorial Contest on the  
Christmas Seal, conducted by the  
Texas Tuberculosis Association.)  
Thanksgiving time is here again,  
and just around the corner is  
Christmas, with its jolly St. Nicks,  
its jangle of bells, its gay gilt and  
and green and red Christmas trees,  
and the bright faces of happy child-  
ren.

The fact is emphasized by the ap-  
pearance at this season of the 1932  
Christmas Seal, which is, with this  
issue, celebrating its silver anniver-  
sary of service to humanity.  
Speaking of Christmas seals re-  
minds me: Last year at about this  
time I visited the frugal home of  
the Smiths, quaintly tucked away in  
a niche of East Texas pine trees.  
Instead of joyous gladness appro-  
priate to the approach of the hap-  
py time I found drab dreariness  
and sorrow, just about the saddest  
little home I had ever seen.

Mary, the smallest and dearest of  
the Smiths, instead of making  
childhood's quick recovery from an  
attack of flu, lay listless and inert  
all the day. The kindly old village  
doctor had said tuberculosis, and  
dull with dread, knowing no hope,  
no cure, the family settled down to  
await the inevitable.  
Merry Christmas? Not with a  
prospect like that.

But this is where the seals come  
in. A visiting nurse, provided by the  
Tuberculosis Association, heard of  
the trouble at the Smith home. And,  
all in a jiffy, small Mary was hus-  
tled off to a wonderful, health-giv-  
ing, life-saving sanatorium, where,  
with the right food, rest and medi-  
cine, the roses were coaxed back in-  
to her face.

Merry Christmas? You should  
just see the Smith home now!

In three weeks Mary will be back  
again.  
The little place is astir with fes-  
tive joy. The biggest gobbler is fat-  
tening, the prettiest tree has been  
chosen, and the brightest holly ber-  
ries are being sought out of their  
hiding for the celebration.

And Christmas seals?  
That is the secret of it all. The  
sale of these gaily colored bits of  
paper, with their merry design and  
their identifying double-barred  
cross, at a penny each, has provided  
treatment for many little Mary  
Smiths.

These accumulated pennies have  
furnished nurses, clinics, open air  
schools and numerous preventoria,  
for staying the onslaught of the  
dread tuberculosis. Furthermore,  
their sale has enabled the Tuber-

culosis Association to prosecute a  
vigorous educational campaign,  
through the schools, clubs and  
press, to teach the doctrine of pre-  
vention, and to bear the glad tid-  
ings to the afflicted in the land,  
that tuberculosis may be cured in  
the early stages.

Merry Christmas! Say it to any  
and all, during the glad time of  
"peace on earth, good will to men,"  
but from now till Christmas day,  
say it to this generation and those  
to come, with these little seals on  
each letter or card, that those who  
sit in the darkness of despair and  
dread, may receive the light of joy  
and radiant good health.

And so, on this your twenty-fifth  
birthday, God-Speed, little stamp.  
You well deserve the world-wide  
respect and love you have won. May  
your days be many, and your suc-  
cess great! Speed the day when,  
with your help, the scourge of man-  
kind shall vanish from the earth,  
then, truly, will it be—"Merry  
Christmas."

Large quantities of citrus fruit,  
blown off the trees in the recent  
hurricane, will be salvaged and  
made into juice, marmalade, citrus  
oil and other by-products. Employ-  
ment is being given to more than  
300 men in the juice extracting fac-  
tories. One plant, working day and  
night shifts as long as there is  
suitable fruit available, will pro-  
duce from 3,000 to 5,000 barrels of  
grape fruit juice this season, and  
a market for a substantial part of  
the product has been found in  
Europe.

Nineteen new factories represent-  
ing an investment of more than \$1,-  
000,000 have been established at San  
Antonio since Jan. 1, according to  
the industrial department of the  
Chamber of Commerce. When fully  
operating the nineteen will employ  
between 600 and 1,000 workers.

A cheese factory with capacity to  
handle 16,000 pounds of milk and  
to produce 1,500 pounds of cheese  
daily has been started at Levelland.

**PEOPLE and LIGHTING**

Why is it that good lighting draws  
people as tho by magic? It may be that  
people do not like darkness... that light  
has some definite but unexplainable  
charm. But is it true.

Aggressive merchants have known  
this fact for years and have brightened  
up their show windows. They know it  
draws people to their store front—and  
they know it pays.

They have provided good lighting in  
their store interiors as well. It draws cus-  
tomers into the store.

With prosperity again on the way,  
merchants should realize the benefits to  
be had from proper lighting.

# Dick, Vowell Given Long Pen Terms

S. D. Dick and S. D. Vowell were tried in the district court this morning on a joint indictment charging them with the robbery of J. T. Covey, Santa Fe depot agent at Wilson, one day last spring, and the jury found each of them guilty, assessing Vowell's punishment at 50 years and Dick's at 55 years in

the penitentiary. When the case was called for trial and the indictment read, Vowell entered a plea of guilty, but Dick pleaded not guilty and conducted his own defense. He interrogated the jurors as to their qualifications and the witnesses who testified like a veteran lawyer at the bar. Objecting to testimony now and then and taking his bills of exception when overruled by the court, he gave notice to the court, immediately after the verdict of the jury was read, that he would file a motion for a new trial. He seemed as familiar with court procedure and as much at ease in court as if he had had years of experience.

He did not himself take the witness stand, but his co-defendant, Vowell, took the stand, admitted his own guilt, and testified that Dick

was not the man who acted with him in the kidnapping and robbery of Covey. Mr. Covey, however, recognized Dick by his voice, and Vowell's brother-in-law, who resides near Big Spring, testified that Vowell and Dick came to his house about 10 o'clock a. m. on the day of the robbery and that Dick told him what had occurred. He was positive in his identification of Dick.

Covey, it will be remembered, was kidnapped early one morning while going to his work, by two men who abandoned their own car and commandeered Covey's car after binding and blinding him. They carried him from Wilson to a point in a pasture in Howard county, where they robbed him of his money, threw him out of the car, and departed. They were arrested some time later and brought to Tahoka, where they were lodged in jail. Still later they figured in a sensational jail break here but were again captured.

### PHEBE K. WARNER CLUB MEETS IN BUSINESS SESSION

The Phebe K. Warner Club met in first regular business session September 22 at the club room with Mrs. L. E. Weathers hostess.

Mrs. R. W. Fenton Jr., president, made a brief talk urging regular attendance and co-operation of the members. Many new objectives were added to the club program of work. The program consisted of roll call with quotations on education.

and "Recent Educational Problems" by Mrs. L. C. Haney.

### JUNIOR STUDY CLUB MET AT CLUB ROOM TUESDAY

Les Savantes, the junior study club, met in the club room Tuesday night.

Miss Barbara Maddox was elected vice-president, and Miss Lillamale Reid was elected parliamentarian.

Plans for the year's work were made and it was decided that meetings are to be held the second and fourth Tuesdays of each month at 7:30 o'clock. Interesting programs will be given and roll call will be answered with a current event.

## New Home

Our church attendance, we hope, will not drag, now that cool weather is coming. Rev. Richburg preached two interesting sermons Sunday.

Our school has dismissed for a period of three weeks in order that the children may pick cotton.

The new stucco building owned by J. T. Balch that has just been completed will be in use as a Barber shop. J. B. Miller, who has been the city barber for several years, has already moved into the building.

Mr. and Mrs. Tony Balch are now operating a cafe in the Martin building.

Mr. and Mrs. D. R. Magee and little daughter visited friends at Crowell through the week end.

Udania, the three years old daughter of Mr. and Mrs. Loyd McCormick, received injuries Monday that could have proven very serious when she fell out of her chair and stuck a fork in her cheek. The fork entered just below her eye and came out at the corner of the eye. She was rushed to the Lubbock Sanitarium, where she received treatment. She was brought home in an improved condition.

Misses Fern Aycock and Juanelle Windham of Tahoka visited Mrs. Frank Edwards Monday afternoon.

Mr. and Mrs. P. W. Goad were Levelland visitors Sunday.

The H. D. club met with Mrs. P. W. Goad Thursday afternoon with thirteen women present. Miss Harrison, our agent, was present and gave a very interesting and profitable demonstration on making peanut butter.

"The way to run this country," spouted young Mr. Knowit, "is to put thoroughly wise, capable, alert honest men in control of affairs."  
"Yes," answered Miss Keen, "but what can we do—there is only one of you."

## Many On Program At Methodist Church

"Christ's Mission in the World" was the subject of the Methodist pastor's sermon Sunday morning, built from the text: "I came that ye might have life . . . more abundantly." There was a searching question, "Are we living the abundant life?" that was most effectively asked. Miss Marjory Wells played a beautiful transcription of "In the Sweet By-and-By" as the musical feature; and W. E. Suddarth, chairman of the local Board of Religious Education, announced some new plans of work that are developing. Supt. G. M. Reid talked on "Helping Others in our Daily Life" in the adult worship service.

For the evening hour the Rev. Smith preached a special sermon to the young people, his theme being the life of the Old Testament hero, Joseph. It was an impressive presentation heard by an unusually large number of young people. The musical offering was a bass solo sung by Prof. M. J. Weaver, which was much enjoyed.

A record crowd comprised the Young People's Division, both morning and evening. Miss Ney Camille Penton led the morning lesson and J. D. Donaldson Jr. gave an "honorable mention" introductory talk at the night service. Miss Maxine Jones sang "Just for Today." There will be something different and interesting next Sunday at both sessions. Come right on time!

It is nearing the Conference time. Let us redouble our efforts and increase our loyalty, that our year's work may be completed with credit, and that all of our obligations, material and otherwise, shall reach 100% and go "over the top." May we count on you?—Reporter.

Take advantage of The Lynn County News bargain rate and pay up your subscription—new, renewal, or delinquent—at the rate of only \$1.00 per year.

Advertising doesn't cost. It pays.

## Miss Woosley Weds Brownfield Banker

The marriage rites of Miss Elsie Woosley of this city and Mr. Spence Kendrick of Brownfield were solemnized in Clovis, New Mexico, last Saturday night. The couple were accompanied to Clovis by C. C. Prim of Brownfield and Misses Fern Aycox and Juanelle Windham of Tahoka.

Mrs. Kendrick is the daughter of J. K. Woosley of this city. She is an accomplished young woman and is very popular among the young people. The groom is a bank employee in Brownfield and is said to be a young man of sterling worth.

The young couple will make their home in Brownfield. They have the best wishes of many friends here and at Brownfield.

## Wilson Pastor Will Preach Here Sunday

Rev. W. E. McGraw, pastor of the Baptist Church at Wilson, will preach at the local Baptist Church Sunday morning and evening.

Bro. McGraw is a new pastor in this section, having recently come to Wilson from the First Church at Lometa.

Let the people give him a good hearing at both hours. It will encourage and greatly help him and show a good spirit on the part of the local church family.

A special plea is made that the people be in Sunday School and B. T. S. on time—9:45 a. m. and 7:00 p. m. Evening worship is 8:00 o'clock. Visiting friends and strangers will find a wholesome atmosphere and a warm welcome.

## SING-SONG IS SPONSORED BY TAHOKA MUSIC CLUB

Forty people attended the sing-song that was sponsored by the Tahoka Music Club Sunday afternoon at the Baptist Church, the first of a series of such meetings planned. The singing was very inspiring for the coming months. There will be a singing every second Sunday in each month. The second Sunday in November the meeting will be held at the Methodist Church.

At the singing last Sunday, leading was done by Mrs. Nelson and Messrs. Bucy and Key. Mrs. Rubie D. Suddarth was pianist.

## MRS. LESLIE ENTERTAINS ALL-SEW CLUB

The All-sew club met with Mrs. Roy H. Leslie on Thursday October 5. One hour was spent in sewing and chatting after which a lovely refreshment was served to the following members: Mesdames C. E. Woodworth, C. A. Thomas, C. B. Keltner, A. L. Lockwood, F. E. Redwine, H. C. Story, J. A. South, A. I. Thomas, D. B. English. The club adjourned to meet with Mrs. F. E. Redwine on October 19. New officers for the new year will be elected at this meeting.

J. O. King, who lives out in the Dixie community, says he has some very fine peanuts again this year. He has a small patch but a big yield.

J. S. Wells was a business visitor in Austin last week.

### Chisos Mountains Of Big Bend Area Are Still Land Of Mystery To Man

Austin, Oct. 11.—A complete study of various forms of vegetation found on the Chisos Mountains is one of the botanical surveys planned for the future by Dr. B. C. Tharp, associate professor of botany at the University of Texas. These mountains are situated far down in the Big Bend region of the upper Rio Grande border of Texas. While he has a considerable general knowledge of the flora of the mountain region, some of which he gained during a brief visit there, it is Dr. Tharp's ambition to make a complete survey of the region, since many species of vegetation are peculiar to that particular locality. Notwithstanding the timberless desert region which spreads out from the foot of the mountains the higher slopes of the imposing range are forested with long leaf pine, pinon,

fir, varieties of oaks, Arizona cypress and other trees, some species of which are strangers to these latitudes.

The Chisos Mountains have been comparatively little explored, except by the members of the United States Geodetic Survey which some years ago measured Mt. Emory and pronounced it to be the highest mountain in Texas. Attesting this fact is the survey monument placed near the top of the peak which gives the altitude at 9,996 feet.

Only a few days ago the report came out of the Big Bend country that smoke was issuing from an extinct volcano on the upper slope of Mt. Emory, and that the people of San Vicente were much aroused over the possibility that the long-slumbering volcano was awakening and that it even might give forth an eruption of lava and ashes.

Besides the forest of a great variety of trees, many kinds of rare shrubs and plants grow in the well watered canyons of the mountains. Pure water springs create running streams which disappear into the earth before the surface level of the mountains is reached. All in all, it is a mysterious and little known region which offers wonderful opportunities for research along botanical and possibly other lines, according to Dr. Tharp.

#### PREHISTORIC RUINS DATED BY "TREE RING" CALENDAR

Tucson, Ariz.—Delving back into the days when William the Conqueror was invading England, 12 archeologists are recreating the birth and death of prehistoric cities in Arizona, New Mexico, Colorado and Texas. They are working under the direction of Dr. A. E. Douglass, discoverer of the tree ring method by which early dwelling may be dated.

The Mesa Verde cliff dwellings in Colorado, which annually lure thousands of tourists, were built about 1100 A. D., Dr. Douglass announced. Beams taken from there correspond to that century on the tree ring chart which dates back 1,000 years and shows how the tree rings on each decade looked.

The Pueblo Bonito and Chaco canon ruins in New Mexico were started soon after 900 A. D., according to Miss Florence Hawley, who has spent months in studying juniper timber used in the construction. An extensive prehistoric city in Southeastern Utah, uncovered a few weeks ago by L. S. Hargrave, was founded earlier than the Mesa Verde cliff houses, although the definite time has not yet been determined.

#### Texas' Diphtheria Cases Preventable

Austin, Sept. 27.—Texas lost over eight hundred of its children last year from one preventable cause. The disease was diphtheria.

Dr. H. N. Barnett, Director, Bureau Child Hygiene, in commenting on this loss, said "Diphtheria could be practically eliminated if parents would take their children to their family physician and have them immunized as soon after they reach six months of age as possible. Parents would not allow their children to walk in front of a moving car, so why will they allow them to run the danger of contracting diphtheria. This immunization should be done as soon as possible as the winter months are the ones in which the most deaths occur and it takes some time for immunity to occur."

Altho production in Southern pine mills for August was slightly below that of July, it was 53 per cent above that of August, 1932. The same was true of Texas textile mills, according to the University Bureau of Business Research, August figures falling below those of July but being 33 per cent ahead of August, 1932, in consumption of cotton.

Recent surveys disclose that salt deposits around Grand Saline, Van Zandt county, total twenty million tons of a potential value of \$400,000,000 and are among the largest known deposits in the world. Morton Salt Co. has one of its largest plants in Grand Saline and has spent many thousands in developing the deposits.

Mr. and Mrs. John F. Cearley of Close City are the happy parents of a seven and one-half pound boy, Ralph Herndon, who was born to them Oct. 3. Both mother and babe are doing nicely. Mrs. Cearley was formerly Bonnie Marie Allphin of this city.

#### SHERIFF'S SALE

State of Texas,  
County of Lynn.

By virtue of an order of sale issued out of the District Court of Lynn county, 106th. Judicial District of Texas, in the cases of J. W. Elliott, et al versus C. C. Slaughter Company, No. 370, and R. L. (Bob) Slaughter, et al versus J. W. Elliott, et al, No. 858, and to me, as sheriff of Lynn county, Texas, directed and delivered, I have levied upon, this the 4 day of October, A. D. 1933, and will, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on the first Tuesday in November, 1933, it being the 7th. day of said month, at the Courthouse door of said Lynn county, Texas, proceed to sell at public auction, to the highest bidder, for cash, all the right, title and interest which (1) J. W. Elliott, W. D. Nevels, A. L. Lockwood, C. W. Slover, and S. D. Singleton, (2) Rubye Leedy and her husband, B. J. Leedy, Ivy Turrentine and her husband, L. E. Turrentine, and Beattie Van Dyke and her husband, J. L. Van Dyke, and Bertha Bryan and her husband, O. B. Bryan, and J. B. Cowan, (3) Cecelia Long, a widow, and Louisa Cawein, a widow, (4) Robert Becker, Mary Becker, and Helen Becker, the latter two being feme soles, (5) Katherine Becker, a widow, (6) Louis Willman, Mathias Willman, Frederick Willman, Sophia T. Payne and her husband, W. Henry Payne, and Anna Bircher and her husband, Wendelin Bircher, and Matilda Clanton and her husband, James A. Clanton, and Josephine Boyer and her husband, Henry F. Boyer, (7) Mrs. Ione Sugg and her husband, Wiley Sugg, and C. Roy Zeeb, and John Zeeb, and Blondina Chelew and her husband, Arthur Chelew, (8) Jacob Zeeb, (9) the unknown heirs of P. Becker, deceased, (10) the unknown heirs of Adam Becker, deceased, (11) the unknown heirs of Maurice E. Becker, (12) the unknown heirs of Mrs. Blondina Willman, deceased, (13) the unknown heirs of Mrs. Lizzie Zeeb, deceased, (14) the unknown heirs of Eva Becker, deceased, (15) the unknown heirs of J. H. Cowan and Mary E. Cowan, both deceased, (16) G. W. Small, Administrator of the estate of P. Becker, deceased, or either of them, had on the 19th. day of March, 1921, or at any time thereafter, of and to the following described real property, to-wit:

Situated in Lynn county, Texas, and being:  
First Tract: All of Survey No. Four (4), Block D-20, Certificate No. 4-418, Abstract No. 646, containing 640 acres of land.  
Second Tract: 440 acres out of Survey No. Fourteen (14), in Block No. Seven (7), Certificate No. Six Hundred Twenty Four (624), E. L. & R. R. Co., being all of said survey save and except 200 acres thereof, described by metes and bounds as follows, to-wit: Beginning at the S. W. corner of said Sur. No. 14 for S. W. corner; thence North on West line of said Survey 1129 vrs. to a point for N. W. cor. of said 200 acres; thence East parallel with the South line of said Sur. 1000 vrs. to a point for N. E. corner of said 200 acres; thence South parallel with West line of said Sur. to the South line of same 1120 vrs. for S. E. corner of said 200 acres; thence West on S. line of said Survey 1000 vrs. to the place of beginning.  
Third Tract: Survey No. Twenty Three (23), Block 7, Certificate No. Five Hundred Twenty Five (525) or No. Six Hundred Twenty Five (625), Abstract No. 401, containing 640 acres of land.  
Fourth Tract: The Northeast one fourth (NE 1/4) of Survey No. Two (2), Block C-42, Abstract No. 1062, containing 160 acres of land.  
The said property is being levied upon as the property of J. W. Elliott, W. D. Nevels, A. L. Lockwood, C. W. Slover, S. D. Singleton, Rubye Leedy and her husband, B. J. Leedy, Ivy Turrentine and her husband, L. E. Turrentine, Beattie Van Dyke and her husband, J. L. Van Dyke, Bertha Bryan and her husband, O. B. Bryan, J. B. Cowan, Cecelia Long, a widow, Louisa Cawein, a widow, Robert Becker, Mary Becker, Helen Becker, the latter two being feme soles, Katherine Becker, a widow, Louis Willman, Mathias Willman, Frederick Willman, Sophia T. Payne, Anna Bircher and her husband, Wendelin Bircher, Matilda T. Payne and her husband, W. Henry Payne, and her husband, James A. Clanton, Josephine Boyer and her husband, Henry F. Boyer, Mrs. Ione Sugg and her husband, Wiley Sugg, C. Roy Zeeb, John Zeeb, Blondina Chelew and her husband, Arthur Chelew, Jacob Zeeb, the unknown heirs of P. Becker, deceased, the unknown heirs of Adam Becker, deceased, the unknown heirs of Maurice E. Becker, deceased, the unknown heirs of Mrs. Blondina Willman, deceased, the unknown heirs of Mrs. Lizzie Zeeb, deceased, the unknown heirs of Eva Becker, deceased, the un-

known heirs of J. H. Cowan and Mary E. Cowan, both deceased, and G. W. Small, Administrator of the Estate of P. Becker, deceased, to satisfy a foreclosure judgment against said land, but without any personal judgment against said defendants, amounting to \$18,647.18, with interest from date of judgment at the rate of ten (10%) per cent. per annum and costs of suit, in favor of R. L. (Bob) Slaughter, C. C. Slaughter, E. Dick Slaughter, Dorothy L. Slaughter, a widow, individually and as Independent Executrix of the Estate of Alex A. Slaughter, deceased, Minnie Slaughter Veal and her husband, George T. Veal, Dela Slaughter Wright and her husband, G. G. Wright, Carrie Slaughter Dean, a widow, Nelle Slaughter DeLoache and her husband, Ira P. DeLoache, Jo Dick Slaughter, Mrs. Allie D. Slaughter, a widow, Eloise Hill and her husband Curtis Hill, and W. B. Handley, Trustee-Receiver of C. C. Slaughter Company.

Given under my hand this the 4th day of October, A. D. 1933.  
B. L. PARKER, Sheriff, Lynn County, Texas. 8-3tc

#### CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 15,697 miles of Grading and Drainage Structures from Tahoka to the Lubbock County line on Highway No. 9, covered by NRR-M 613-C Part I and II, in Lynn County, will be received at the State Highway Department, Austin, Texas, until 9 A. M., Oct. 16th, 1933 and then publicly opened and read. The attention of bidders is directed to the Special Provisions covering subletting or assigning contract, the use of Domestic Materials, the selection of labor, hours and conditions of employment, and hand labor methods.

The minimum wage paid to all skilled labor employed on this contract shall be forty-five (45) cents per hour. The minimum wage paid to all unskilled labor employed on this contract shall be thirty-five (35) cents per hour.

Attention is directed to the Special Provisions, included in the proposal, to insure compliance with requirements of House Bill No. 54 of the 43rd Legislature of the State of Texas.

#### NOTICE OF ADMINISTRATOR'S FINAL ACCOUNT

To the Sheriff or any Constable of Lynn County—Greeting:  
J. K. Applewhite, administrator of the estate of J. L. Cyphers, deceased, having filed in our County Court his final account of the condition of the estate of said J. L. Cyphers, deceased, together with an application to be discharged from said administration, you are hereby commanded that, by publication of this writ for twenty days in a newspaper regularly published in the county of Lynn, you give due notice to all persons interested in the account for final settlement of said estate, to file their objections thereto, if any they have, on or before the October Term, 1933, of said County Court, commencing and to be holden at the Court House

#### SICK HEADACHE

Many cases of SICK HEADACHE are due to constipation. If you have headache that is due to constipation, take Theford's BLACK-DRAUGHT for refreshing relief. "I have taken BLACK-DRAUGHT, when needed, for about 15 years," writes Mr. J. W. Cooper, of Longview, Texas. "I first began to use it for sick headache that seemed to come from constipation. 'I would suffer about twenty-four hours with these headaches. I found out that BLACK-DRAUGHT would help me, so that is what I took. I am glad to recommend it to others, for this trouble, for it will give relief."  
Theford's BLACK-DRAUGHT is a purely vegetable laxative, preferred by thousands of men and women because it is so effective and economical. For CHILDREN, get the new, pleasant-tasting STRUP of Theford's Black-Draught, in 1/2 & 5/8¢ bottles.

of said County, in the City of Tahoka, Texas, on the fourth Monday in October, 1933, the same being the 23rd day of October, 1933, when said account and application will be considered by said court.

Given under my hand and seal of office, at Tahoka, Texas, this the 27th day of September, A. D. 1933.  
H. C. STORY, Clerk of the County Court of Lynn County, Texas.

I hereby certify the foregoing to be a true and correct copy of the original now in my hands.  
B. L. PARKER, Sheriff, Lynn County, Texas. 6-3tc

#### LOMBARD AND RAYMOND HAILED FOR WORK IN SHOW "BRIEF MOMENT"

Each star in his own right—but together even greater than they had ever been individually—that is what Hollywood is saying these days of Carole Lombard and Gene Raymond, star and leading man of "Brief Moment," which opens Sunday for a three day run at the English Theatre.

Almost immediately following the general release of the picture, the glamorous, fair-haired Carole and her platinum-tressed screen partner were being hailed by fans and newspaper critics as an ideal screen team. They work excellently together, each completing the other—the prime requisite of a successful stage or cinema combination. It is this uncanny characteristic of perfectly blending personalities and temperaments that accounts for the popularity of the Gaynors, the Farrells, the Dunns and the Eilers—and now the Lombards and the Raymonds.

In "Brief Moment," which is the screen transcription of S. N. Behrman's successful Broadway stage play, Miss Lombard interprets the character of Abby Fane, a struggling cabaret singer, who meets and marries Rodney Deane, rich and idle son of a socially prominent family.

Miss Lombard, who scored memorably in "No More Orchids," "Virtue," and "The Eagle and the Hawk," has had a long and distinguished career studded with per-

sonal triumphs. Among some of her better known efforts, are "Show Folks," "Big News," "Safety in Numbers," "Ladies' Man," "It Pays to Advertise," and "No Man of Her Own."

Raymond's screen success has been little short of sensational. In Hollywood less than two years, he appeared in "Personal Maid," "Ladies of the Big House," "Night of June 13th," "Red Dust," and "If I Had a Million."

The Belton yarn mill is resuming operations and will use two shifts of eight hours each with approximately 200 workers engaged and a payroll of \$10,000 a month. Within a few days after opening up the plant added 100 men to its payroll, doubling its output.

#### Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had had, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."  
Cardui is sold at drug stores here.

**Noted Fossil Hunter, Discoverer Of Pre-Historic Plains Race, Visits City**

Floyd V. Studer, Amarillo, one of the outstanding authorities in the Southwest on archaeology and paleontology, was a visitor in Tahoka Wednesday and looked over some of the fossil sites near here, which were of great interest to him.

Mr. Studer is the man who recently revealed the fact that man lived on the North Plains fully seven hundred years ago. He has located thirty or more ruins of Indian villages along the Canadian River in Texas that had been abandoned as home sites possibly centuries before the coming of the Spanish four hundred years ago, villages that were in ruins before many of the ancient New Mexico pueblos were built. Also, he is doing work which built. One of these ruins contains three hundred rooms, he says.

The Amarillo man, though interested in archaeology, is more interested in the restoration of prehistoric animal life. He says the Plains offers one of the richest fields in the nation for this work, and for this reason the eyes of many of the biggest museums in the country are now focused on this area. Many of them have had forces of men at work this summer taking from the ground fossils of prehistoric horses, camel and bison, of the giant mastodon and the mammoth (prehistoric elephants), all of which inhabited this country many thousands of years ago. Along the breaks of the caprock these paleontologists also look for remains of dinosaurs, and other such gigantic reptilian monsters which lived here millions of years ago.

Lake beds in Lynn county are particularly rich in fossil life of what is known geologically as the Cretaceous period. Many fossil invertebrates, shark's teeth, etc., are found in Guthrie and other lakes, where outcroppings of the Cretaceous sea are to be seen.

Right now the big museums are particularly interested in this section, Mr. Studer says, because of discoveries of representatives of the University of Pennsylvania Museum and Philadelphia Academy of Natural Science in Blackwater Draw near Clovis, New Mexico. This summer Dr. Heward has found the bones of man, flint implements, and fire remains lying in the same strata and in immediate proximity to bones of the prehistoric horse, the mastodon, the bison, and the camel, which are supposed to have lived here possibly fifteen thousand years ago, or at least in that geological period.

Most of these fossil sites on the Plains are located by Studer and the excavation is done by men from museums in Chicago, New York, Washington, Philadelphia, and Denver in co-operation with the Panhandle-Plains Historical Society at Canyon. It is likely that expeditions will work this section of the Plains in the coming years.

Floyd Studer is state supervisor for the American Central Insurance Company.

**Drennon Announces Sunday's Services**

Elder R. P. Drennon announces that he will be in his pulpit here again next Sunday morning and evening. The public is cordially invited.

Bro. Drennon filled the Church of Christ pulpit in O'Donnell last Sunday and reports good attendance and interest at both the morning and evening services. He recently held a most successful revival meeting there.

**STATED MEETINGS** of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members urged to attend. Visitors welcome.

**Locals**

Mr. and Mrs. C. C. Williams of Seguin are the guests this week of District Attorney and Mrs. G. H. Nelson. Mr. Williams was secretary of the chamber of commerce here for two years and Mrs. Williams was a teacher in the public schools. They went from here to Seguin about three years ago and he has been serving as secretary of the chamber of commerce there ever since. Mr. Williams says that Seguin has been more prosperous than most towns its size the past few years. With a population of about 5,000, it has successfully maintained four good banks without a single bank failure during all these years of depression.

"Lefty" Squires of Borger, where he is in the employ of the Phillips Petroleum Co., visited home folks here last week. He was a member of the "66" baseball team last summer and batted an average of .427 in seventy games, including the annual Denyer, Colorado, tournament.

Mrs. W. H. Thornhill, who operates the Thornhill store in O'Donnell, was here Wednesday and reported a rushing business in her store last Saturday. She had a force of seven sales people and expect to have ten next Saturday. She thinks advertising pays.

A. M. Willingham, who has been seriously sick for so long, was in town for the first time in four months Wednesday. Mr. Willingham has a most excellent cotton crop—says he believes he will make a bale of cotton per acre.

Mr. and Mrs. M. O. Bridges and little son are here this week from Iraan visiting Mr. and Mrs. Coleman Wells and family. Mo is in the employ of the Humble Oil Company at Iraan.

J. D. Donaldson has accepted a position with the First National Bank for a few weeks during the suspension of school at Draw, where he teaches, for the cotton picking season.

W. W. Simpson was able to be on the street a short time Tuesday for the first time in nearly three months. His many friends are glad to note his restoration to health.

Mrs. W. S. Taylor and little daughter, Olga Payne, returned Thursday night from San Antonio, where they spent about two months visiting Mrs. Taylor's mother.

Free enlargement with each roll of films developed. Stamp pictures 12 for 25c. Waffle Studio, over Wells Hardware. 8-1tc

Mr. and Mrs. Temple Brashear of Tucumcari, New Mexico, were here Sunday visiting Mr. and Mrs. J. A. South and Miss Mary Squires.

Pete Hegi was in Post Sunday on business, but the boys around at the bank are reticent about the kind of business it was.

Tom Kellis of Sterling City, former editor of the O'Donnell Index, was a business visitor in Tahoka last Friday.

Mrs. T. C. Boucher and children of Abilene spent the week end here with Miss Lou Woosley and father, J. K. Woosley.

Attorney C. R. Carpenter of Andrews was here Wednesday representing a client in the district court.

**Redwine Couples In Double Wedding**

Two young couples of the Redwine community were the participants in a double wedding ceremony performed by Rev. Lawrence Hays at the Baptist parsonage here at 9 o'clock Saturday night. The contracting parties were Doyle Henry and Miss Geneva Bland and Kenzie Phillips and Miss Ina Henry. The same ceremony was used for both couples and they were married simultaneously. The minister says that it is the only time he ever said the marriage rites for two couples at one and the same time but that it seemed to work fine.

All of these are excellent young people of their community and will continue to reside here. Two of the parties, Doyle Henry and Miss Ina Henry, are brother and sister. The News joins numerous friends in wishing them many years of happiness.

**LAMESA METHODISTS PAY DEBT ON PIPE ORGAN**

Though faced with the shortest crop in its history, Lamesa is doing everything in its power to whip the depression. The Lamesa Reporter reports.

An example is the fact that the ladies of the Methodist Church last week made the final payment on the \$6,500.00 pipe organ which was bought in June, 1928.

Last Sunday a program celebrating the clearing of the debt was held at the church, special organ numbers being given by Mrs. Aubrey Thomas. A choir of forty voices rendered the Hallelujah chorus by Handel. In the evening Dr. W. R. Waghorne of Texas Technological College rendered a concert, with special numbers by the church's two vester choirs, Junior's and Young People's.

The sum of \$1,500 was raised by the women this year to pay off the debt. The two preceding years a total of \$2,500 was raised.

Nearly 24,000 carloads of fruit and vegetables were shipped out of the lower Rio Grande Valley in the 1932-1933 season.
