MISTAKEN AGAIN

Our friends, Editor Hill, takes a
great interest in us, and has it in
his heart to reform us. He gives us
fatherly advice how to conduct our-
selves and the Herald. He would
model us after the Editor, and the
Herald after the product of his
brain, the Lynn County News. He
would that we look through his
spectacles. But we suspect that his
"specks" are too "nearsighted" for
us. Again, Bro. Hill, there is no use
for you to think that we are going
to get mad at you. We're tickled
that you are taking a fatherly in-
terest in us. Now as to the preach-
ers: We don't believe there is a
weekly newspaper editor on the
Plains that has more friends among
the preaching fraternity than we.
We don't believe there is many edi-
tors that has more of them in his
home, or feeds more of them than
we. If there is any that spends more
toward their salaries, he just has to
make more money than we do. We
like them, and love to have them
call on us. But that is no reason
that we should agree on everything

they do. Although they claim to be
the Lord's ambassadors, they can
and do do things that are wrong,
unjust, and at times criminal. They
are not infallible, even if the Pope
does say so. On an average they are
mighty good citizens, and with the
exception of country editors, they
are the best, perhaps. But whom
the Lord loveth, he chasteneth, and
that's the reason we dig the preach-
ers occasionally. When one hits the
right trail, we are glad to tell the
readers of the Herald but when they
blunder by preaching force and
not love and persuasion in their
pulpits, we are ready to tell them
so. And while we are talking about
temperance, we are ready to side
you, Bro. Hill, on a real campaign
for true temperance. Write a real
good article, and we'll copy and
send it on to our readers with our
blessings.—Terry County Herald.

The venerable editor of the Terry
County Herald is in error again. We
have given him no advice. We
would not undertake to advise him
how to conduct himself or how to
run his newspaper any sooner than
we would undertake to dictate to
Mussolini, or the British Navy, or
that more or less distinguished per-
sonage whom Bill Kellis calls Jim-
ferguson.

When he said that most ministers
of the gospel were so blinded by
their prejudices concerning prohibi-
tion that they had left off preach-
ing temperance and had for the past
several years used their pulpits to
preach prohibition, we did venture
to suggest that he turn his eyes
upon himself for a moment and see
if he himself were free from preju-
dice concerning prohibition. It was
our idea that the physician should
first heal himself, that the pot
should not be calling the kettle
black, that the fellow who lives in
a glass house should not be hurling
stones through the windows of his
neighbors, that a man should re-
move the splinters and saw-logs
from his own eye before he under-
takes to pick splinters out of his
neighbor's eye.

But now we see the matter in a
new light. Jack and the preachers
whom he was criticizing are bosom
friends, and he was merely spank-
ing them on the grounds that
"whom the Lord loveth he chasten-
eth." He doesn't need our advice but
he doesn't mind giving advice to
the preachers, and when they blunder
by preaching force (prohibition, we
infer) and not love and persuasion
in their pulpits, we're ready to
tell them so," he says.

This is not advice, Jack, but if
you have appointed yourself the
task of telling the preachers what
they ought to preach and ought not
to preach in their pulpits concern-
ing prohibition or any other issue,
we have an idea that you have un-
dertaken a life-time job. When you
get the preachers properly corralled,
please let us know.

As for our writing editorials for
your paper to copy, we demur. That

would probably be about as big a
job as undertaking to do back-seat
driving for the preachers. Our
"specks" are too "nearsighted." But
why not write a few real hot-shot
temperance editorials yourself? We
should enjoy reading one, of your
own manufacture, in your most ex-
cellent paper. The only kind of
"temperance" editorial we have seen
in your paper thus far is an anti-
prohibition editorial.

Approximately five million un-
employed men have found jobs and
gone back to work during the past
few months, according to a survey
made by the American Federation
of Labor recently. One million of
these newly employed owe their
jobs to the Public Works program
and four million of them to the
NRA codes, according to this report.
If this estimate is correct, these
Acts are doing their part to bring
about National recovery. But the
greatest boon to the people of the
South, we feel, has been the cotton-
acreage reduction campaign. It has
brought many millions of dollars to
the South for cotton destroyed and
at the same time has boosted the
market for the cotton that was al-
lowed to mature. This fresh inflow
of money has infused new life into
all lines of business. The farmer
has been enabled to pay most of his
debts and has been given a consid-
erable bit of spending money be-
sides. President Roosevelt has shown
that he has such a grasp of the
needs of the people and so much
resourcefulness and energy in de-
vising and applying remedies as to
surprise and astound his warmest
friends and supporters.

Now that national prohibition has
been junked, it is up to the Ameri-
can people to adopt some other
method of dealing with the liquor
traffic. After a hundred years of
effort to regulate the traffic, the
dry do not believe that efforts at
regulation will prove to be any
more satisfactory in the future than
they have been in the past. The
liquor traffic is based and grounded
on purely selfish motives—the de-
sire for gain at the expense of its
patrons. The moral and mental and
physical degeneracy of its victims
does not in the least deter it. It is
grossly selfish, unpatriotic, and
careless of the welfare of the pub-
lic; hence, we could not expect it
to be law-abiding. Nevertheless we
venture to predict that whatever
sustained and continued efforts are
made to compel it to obey the laws
will be made by the drys rather
than the wets. Many of the wets did
not cooperate with the drys in seek-
ing to make the "noble experiment"
a success, but the wets will never
find any remission or obstruction
tactics on the part of the drys in
efforts to regulate this traffic under
the "new deal."

Farmers up in Iowa and some
neighboring states are resorting to
what they call a "farmers' strike" in
an effort to compel the Government
to adopt their ideas as to the legis-
lative measures that are necessary
to bring prosperity back to the
farmer. They are picketing high-
ways and in some cases are using
violence to prevent the marketing
of farm products. We sympathize
with them in their distress but we
have no sympathy for their methods
of seeking redress. President Roose-
velt is doing all in his power for
the relief of the farmer and has
succeeded in a large degree. The
plans proposed by the Northwestern
farmers are radical and visionary
and would doubtless be a signal
failure if adopted by the Govern-
ment. Those striking farmers are
unfortunate in the character of the
leadership that is responsible for
their ridiculous and criminal con-
duct.

Assuming that Attorney-General
James V. Allred will be a candidate
for governor next year, Senator
Walter Woodward of Coleman has
announced that he will be a candi-
date for attorney-general. Wood-
ward has been a leader in the Sen-
ate the past few years and is re-
puted to be a very able lawyer. He
has always stood for honesty in gov-
ernment and has usually been right
on moral and economic issues. He
will probably receive the support of
a vast majority of the people of West
Texas.

In spite of the boasts we make
about our educational attainments,
we are still a superstitious people.
A lot of us still plant our beans
and potatoes in the moon; we are afraid
of the black cat crossing our path-
way; we think that 13 is an un-
lucky number; we will not begin a
new task on Friday; and when we
move we leave the broom behind.
We cling foolishly to all kinds of
absurd and ridiculous weather signs.
It's funny but it's true—we are a
superstitious lot.

Support Of Red Cross Is Urged

Mayor C. H. Cain, one of the first residents of Tahoka to enroll this year as a member of the American Red Cross, today issued a proclamation, in which he appealed to the local citizenship to support the national organization in the annual Roll Call which opens November 11.

"As Mayor of the city of Tahoka I deem it my duty and privilege to call public attention to the annual membership campaign of the American Red Cross which is to be conducted here between Armistice Day and Thanksgiving, November 11-30.

"The Red Cross, universally recognized as 'the greatest mother,' is solely dependent upon individual backing. Lacking this support the organization would be unable to

carry on its noble work during disasters, among War Veterans, in the health field, first aid, life saving, and its numerous other tasks.

"Every local citizen can answer the Roll Call appeal—a community's challenge—in full confidence that every dollar contributed to this cause will be multiplied in usefulness."

C. H. CAIN, Mayor of City of Tahoka.

Texan Wins Farm At Chicago Fair

CHICAGO, Ill., Nov. 5.—Leslie C. McDonald, 65, farmer and implement dealer from Floydada, Texas, was the 22,000,000th visitor to the World's Fair Sunday and thereby annexed himself another farm.

In addition to having special honors heaped upon him as a guest of the exposition, McDonald received as a prize a forty-acre farm in Michigan awarded by the Menominee (Mich.) Abstract and Land Company. The farm is situated in the upper Michigan Peninsula.

Immediately Mrs. McDonald began making plans to use the new farm as a summer home.

"You know," she said, "it gets hot in Texas in the summer. The farm would make an ideal summer home. Besides, I have a sister living in Michigan and we could get together on the farm for summer vacations."

McDonald is the father of Clement McDonald, editor of the Quitaque Post at Quitaque, Texas.

Mr. and Mrs. B. R. Tate, Miss Lou Woosley, and Mr. F. E. Calvary left early Wednesday morning for Dallas, where Mr. Tate, assisted by Miss Woosley, will make purchases for his stores here. Mr. Calvary will visit relatives.

Methodists Close Conference Year

The last Sunday of the current conference year for the local Methodists was not an unusual one so far as preaching was concerned. The pastor brought, as usual, two splendid sermons,—the morning subject being "Characteristics and Attributes of God" and at night the spiritual topic of "Prayer."

There were good congregations, considering the weather, for the church services but the church school hour suffered. The young people's meetings had their usual good attendance at night and completed payment on their pledge toward conference collections.

There was a called meeting of the Board of Stewards on Sunday afternoon to close up the year's official business.

The Rev. Smith will be in attendance at the annual conference in Clarendon, beginning Thursday morning. J. N. Thomas, district lay leader will also represent the local church.

It is sincerely hoped and confidently expected that Brother Smith and his fine family will be returned to Tahoka for the coming year.

Let us come out and have a big church school next Sunday,—right on time—9:45!—Reporter

Mrs. Applewhite Is Teachers' Official

Plainview, Nov. 4.—South Plains Music Teachers Association, meeting here today, elected Miss Carrie T. Bier of Plainview as president and voted to meet next year in Tahoka. Other officers named were:

Vice presidents, Mrs. J. K. Applewhite of Tahoka, Mrs. L. D. Granbery of Spur, and Mrs. Hettie Hufstetter of Lockney; secretary, Mrs. A. Mabry of Plainview; and treasurer, Miss Mildred Savoie of Plainview. About 40 teachers attended.

Several Lubbock music students won places in the Dealey contest. They are eligible to attend the state meeting at Galveston. In the voice contest, the Lubbock winners were Gordon Gaines, Verlena Stringer and Mila Eggleston, with Sally Bean as an alternate. Other winners were in violin, Woodrow Montgomery, piano Virginia McGee, Katherine Kirby of Ralls, and Idella Bacon alternate.

MRS. MORELAND HOSTESS TO TAHOKA MUSIC CLUB

Mrs. Lane Moreland was a gracious hostess Thursday evening in her home to the Tahoka Music Club.

The study of "Sousa" was taken up and a most interesting program was given as follows: A vocal solo, "Stars and Stripes Forever" was sung by A. J. Thompson. "What a band means to a community," was the subject of a paper written by Mrs. Frank Hill.

A piano duet, "Columbia's Pride" was rendered by Mesdames H. C. Story and K. R. Durham.

"King of Instruments" was the subject of a paper written by Mrs. E. E. Callaway. Mrs. Jim Burleson rendered a piano solo.

The hostess served a lovely refreshment plate to the guests.

New Home

The Slide Singing Class entertained our singing class Sunday night at the church with some real good singing.

School opened Monday morning for work with a fair attendance. There were several new pupils.

Mr. and Mrs. Cecil Bradshaw are happy parents over the arrival of a 7 pound son at their home. He was named Cecil Dwain.

Mr. and Mrs. Frank Edwards attended the funeral of Miss Ida Small at Tahoka Tuesday afternoon.

Take a Pinch of BLACK-DRAUGHT For Distress After Meals

He had suffered distress after meals, but by taking Theodor's Black-Draught he was relieved of this trouble, writes Mr. Jess Higgins, of Dawsonville, Ga.

"I had sour stomach and gas," Mr. Higgins explains, "and often I would have bilious spells. I read about Theodor's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

Now you can get Black-Draught in the form of a STRUP, for CHILDREN.

Mrs. Ed Milliken Grows Many Flowers

Mrs. Ed Milliken, who lives in the Morgan community, is this year demonstrating the fact that the ordinary farm home in Lynn county can be made a place of beauty. She reports that she now has blooming in her yard a great variety of beautiful flowers. Her assortment includes roses, lilacs, cosmos, cannas, chrysanthemums, marigolds, crepe Myrtles, Texas daisies, bouncing betties, flowering willows, and oleanders.

Of course the successful growing of flowers requires a little time and work but they amply repay for the trouble of raising them. Hundreds of rural homes in Lynn county now surrounded by barren premises should be surrounded with flowers. The county home demonstration agent or any nursery or flower and garden seed house will gladly give valuable information as to the culture of flowers.

ABERNATHY CHEESE PLANT PAYS FARMERS \$60,000.00

According to figures released Wednesday by Rudolph Struve, manager of Struve Cheese factory, that institution has paid out \$60,000 in the last 12 months to farmers for milk. "We have paid an average of a little over \$1,000 a week from Nov. 1, 1933," Struve said.

The local industry is owned and operated by F. W. and B. F. Struve, who also operate Struve Mercantile company here. For almost a year

Lynn County Has Eleven At Canyon

Canyon, Nov. 8.—Lynn county has had eleven students enrolled in the West Texas State Teachers College during the first split semester of this year. It is expected that there will be many additions to this number when the second split semester begins on November 20.

This college is the only one in Texas which has arranged so that students can pay their fees in four parts of \$16.50 each, and can take nine weeks' work and have it complete and receive credit thereon. This "New Deal" has enabled hundreds of college students to study this year who could not attend school under the plans in vogue heretofore.

Many students at Canyon are living on as little as \$15.00 per month, according to college administrators, and yet are not endangering health.
 Sixty-nine Texas counties and three other states are represented in the enrollment, which is larger than at this time last year.

BULLETS CARRIED 76 YEARS CAUSE OF VETERAN'S DEATH

LAMESA, Texas, Nov. 6.—For seventy years E. J. Bartlett, 86, carried bullets received during the Civil War, then succumbed to the effects of poison thrown off by the lead in his body.
 Bartlett received his wounds in 1863 at the age of 16. He lived to rear a family of sixteen children, twelve of whom survive.

E. M. Nordyke, brother of county commissioner L. M. Nordyke of the Midway community, was taken to a sanitarium in Lubbock Monday night in a most precarious condition, suffering from diabetes. His condition was apparently so grave that the physicians as well as relatives entertained but slight hope for his recovery. His case seemed to yield readily to treatment, however, and he seemed very much better Tuesday.

Wm. Zappe of Shiner was here Wednesday and stated that he expected to be in the county two weeks or longer. Mr. Zappe was formerly engaged in the real estate business here and at Wilson and sold out much of the T-Bar lands near this place. He is now located at Shiner but still has property interests in Lynn county, and he has never ceased to like the plains. Tahoka would welcome Mr. Zappe back any time.

Jim Woods, 17, son of Mr. and Mrs. S. H. Woods living a few miles northeast of Tahoka underwent an operation for appendicitis in a Lubbock hospital Wednesday of last week and is recovering nicely. It is expected that he may be brought home Friday.

Prepared to Save Lives

One of the most valuable services given to the American public by the Red Cross is through its Life Saving and First Aid courses. Virtually all of the life guards at beaches and pools in the nation are Red Cross life savers. Nearly every industry in America supports the First Aid work of the Red Cross because it annually saves lives of thousands of injured persons. These courses are taught by Red Cross experts in both lines. Last year 96,354 certificates were issued to persons completing the First Aid course and 78,795 certificates for completing Life Saving instruction.

War Veterans' Problems

Not since the period of the World War has the Red Cross faced a greater problem in handling the claims of World War and other veterans. Due to the changes in the regulations covering veterans' claims, chapters all over the nation have been crowded with veteran applicants for relief and for service in preparing appeals. During last year Red Cross home service workers in 3,268 chapters dealt with the problems of 411,134 ex-service men or their families. The chapters also aided 7,346 men still in the regular army, navy and marine corps.

An Army of Children

The membership in the Junior Red Cross last year was 6,629,865 boys and girls in schools, private, public and parochial. They enjoyed volunteer work in hospitals and for orphans, the aged and crippled, and also aided their schoolfellows by providing attention for their eyes, purchasing their glasses, and giving many other types of service to them. The Juniors aid their school work by carrying on correspondence and the exchange of portfolios with school children in other nations.

Mrs. E. E. Grimes and Mr. and Mrs. Winfred Grimes of Temple were visitors in the editor's home last Thursday night. They had been to Morton attending the funeral of C. J. Campbell, who had died the preceding Tuesday. Mrs. Winfred Grimes was practically reared here and is better known in Tahoka as Miss Ethel Campbell.

Side Quit Hurting, Got Stronger, Well; CARDUI Helped Her

WOMEN! Get rid of the handicaps of a weak, debilitated condition with the assistance of Cardui.
 Mrs. R. L. West, of Huntsville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition—this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well."
 Cardui is sold at drug stores here.

Wheat Farmers Sign Up Contracts

College Station—More than 80% of the total Texas wheat acreage has been signed up by Texas farmers in applications for Government domestic allotment contracts in the sign-up campaign conducted with the aid of county agents, according to the latest tabulation of results at Extension Service headquarters at Texas A. and M. College.

More than half of all Texas wheat farmers, or 12,900 men, have signed applications representing a total average three-year production of 35,510,273 bushels and 3,557,681 acres, the report shows. Reports are complete from 60 out of nearly 100 counties participating in the campaign. Total Texas production averages more than 40 million bushels annually from something more than four million acres.

Rev. and Mrs. Lawrence Hays and children left Monday to attend the Baptist General Convention of Texas, which is in session in Fort Worth this week. After the convention closes they will visit Brother Hays' mother at Goldthwaite and Mrs. Hays' parents at Lampasas and will return to Tahoka some time next week.

GOVERNMENT ENTOMOLOGIST LOOKS FOR PINK BOLL WORM

A crew of Government employees have been here since the middle of last week, examining waste at the various gins of the town for pink boll worms. They are equipped with several peculiar looking pieces of machinery, one machine reminding one of an enlarged popcorn popper.

As this is being written (Tuesday) we understand that so far local gins report a clean slate for Lynn county cotton. Worms were found at Lou, Loop, and other places in eastern Gaines, and we understand, Terry county.—O'Donnell Index.

HE WAS SOME NEWSPAPER MAN

The Dallas News recently in clipping from their files then known as the Dallas Herald of 56 years ago, has the following item regarding a Texas newspaperman which is of unusual interest:

"A man who edited a Texas newspaper for two years is now traveling with P. T. Branum's show. He carries twenty-seven bullets in his body, has 116 Bowie knife scars, has one eye gouged out, one ear bitten off, his nose twisted around his left cheek, all of his teeth knocked out and his skull trepanned."

Four-fifths of the states surpass Texas in proportionate development of their state highways.

JANET GAYNOR AND HENRY GARAT PROVE SUPREME IN THE PICTURE "ADORABLE"

Bear it in mind—and never forget it! "Adorable," the new Fox film with Janet Gaynor and Henry Garat in the stellar roles, is certainly the most hauntingly romantic picture ever made. It has a story that fairly breathes happiness in every one of its details. Its music has all the qualities of refreshing accompaniment, with songs that are destined for tenancy on the lips of millions. In its selection of stars and cast, Fox has shown a wise insight into the tastes of the public.

Janet Gaynor has found the perfect complement for her unique abil-

ities in Henry Garat, the European player who makes his American picture debut in "Adorable." Together, as they unfold step after step of the story, they form what is by far the most attractive, most whimsical, most romantic pair of players seen in many a moon. It is a rare motion picture occasion when story and stars fit so beautifully together. Miss Gaynor again reveals her manifold talent for the screen in its three principal departments—acting, singing and dancing. Garat must certainly look to a brilliant career on the American screen. He has all the makings.

Cast in important roles, Herbert Mundin and C. Aubrey Smith contribute their highly individual talents. Here are two players, one a virtual newcomer to the screen and the other a veteran of many years on the stage and in films, who would be assets in anybody's picture. Blanche Frideric, Stuart Holmes, Albert Conti, Ferdinand Schumann-Heink, Esther Muir, Hans von Twardowski, Peter Duray, Barbara Leonard, and Sterling Holloway are excellent in the supporting cast.

The music by Warner Richard Haymann and the songs by Richard A. Whiting and George Marion Jr. are rich in melody and appropriateness. The "Adorable" waltz, "My Heart's Desire" and "My First Love to Last" are songs you'll be singing for some time to come.

Wilhelm Dieterle, director of a great number of American and European screen successes, has added another incontrovertible hit to his belt of cinema trophies.

"Adorable" is a picture that will be remembered for its charm and its wholesomeness. It is certainly a picture to be seen.

Mr. and Mrs. Lee Reynolds of Boise City, Okla., were here last week visiting the G. M. Reid and M. O. Canaday families. Mrs. Reynolds is a sister to Mrs. Reid and Mrs. Canaday.

Get Up Night?

Make this 25c Test
Lax the bladder as you would the bowels. Drive out impurities and excessive acids that cause irritation, burning and frequent desire. Get a 25 cent box of BU-KETS, the bladder laxative, from any drug store. After four days if you are not relieved of getting up nights go back and get your money, BU-KETS, containing buchu leaves, juniper oil, etc., acts pleasantly and effectively on the bladder similar to castor oil on the bowels. If you are bothered with backache, or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Thomas Bros. Drug Co.

Club and Church News

PRESBYTERIAN SERVICES

All services at the Presbyterian Church next Sunday. Sunday school at 10 a. m., on time. Morning and evening preaching services at the usual hour of worship. Morning theme, "The place was shaken where they prayed." Special music and gospel hymns.

Always glad to have our friends and visitors in our services. Only having preaching services one Sunday a month, the Tahoka Presbyterians come as near as any church in town or, the world, lining up 100 percent in every service. Never have to preach at Tahoka about folks going to church. And yet, there is room, always, for more. Glad to have you next Sunday.

Subject Sunday night "The Whole Gospel in a Picture." Oldest movie in the world. Good song service and a cordial fellowship.

Good crowds always lend inspiration and comfort to preachers. In New Testament days they brought people to Jesus. It is a privilege and business still to invite and help people to hear the Gospel and be helped for this world and the world to come. Try to be in our services next Sunday. You are invited.

—W. K. Johnston, Minister.

EDITH H. D. CLUB MEETS WITH MRS. V. A. BOTKINS

The Edith H. D. Club met the first Wednesday with Mrs. V. A. Botkins. Our agent, Miss Harrison, was present and seven club members; also, two visitors, Miss Gladys Douthitt and Mrs. Mary Brown of Gatesville.

Miss Harrison gave a demonstration on canning an English plum pudding, which was appreciated very much. After that, each one went to see Mrs. Botkins' pantry. I wish every one could see that pantry. It surely is a beautiful sight.

After Club adjourned, a delicious salad with hot tea was served by our hostess.

Our next meeting will be the third Wednesday at Mrs. J. W. Taylor's. Each club member is urged to be present and also urged to bring a report of this year's club work, please.—Reporter.

DRENNONS HONOR SON WITH BIRTHDAY DINNER

Elder and Mrs. R. P. Drennon honored their son Robert Jr. on his fifteenth birthday last Sunday with a dinner, to which several of his friends were invited. The guests were Noel Allphin, Delton Pemberton, Herbert Womack, and John Benson.

Bradley Miller, postmaster at Coolee, made the trip all the way to Tahoka a few days ago just to visit his old friend, J. K. Callaway. "We rubbed elbows together for thirty-five years," Mr. Callaway said in reporting the visit, "and Miller had no other business here except just to visit me." It's worth a lot to have friends like that.

South Ward

How are you folks liking this rainy weather? South Ward folks are hoping it will soon clear up so they can finish gathering their crops.

Mr. Alton Fleming from Pauls Valley, Oklahoma is here visiting his uncle and aunt, Mr. and Mrs. W. P. Inman and family.

There wasn't any Sunday school Sunday morning on account of bad weather but come out next Sunday morning for Sunday school and Bro. Dykes will deliver a message, which will be of benefit to all present.

There wasn't very many at the "Box Supper" Friday night. \$26.80 was taken in. Mrs. Emmett Burden got a box of candy for being the prettiest girl and Bro. Dykes got a bar of soap for being the ugliest boy. We are proud of these two as they have set a good example before the rest of us young folks.

Next Sunday is singing day. Everyone come and bring your song books and some one with you. Singing starts at 3:30 o'clock.—Reporter.

Mrs. Lena Fielder left Monday for her home at Ardmore after a month's visit with Dr. and Mrs. J. H. McCoy. She is Dr. McCoy's sister. Her niece, Mrs. Saleta Helbach, came over from Ardmore Saturday and accompanied Mrs. Fielder home.

Mr. and Mrs. Morris Day, who are teaching at West Point, will spend the week end at Brownwood, where they will attend a home-coming of the former students of Howard Payne College Saturday.

Mrs. DENTON, PIONEER OF LYNN COUNTY, DIES

Texas. For many years they resided in Runnells county and later in Borden county. They removed from Gail in Borden county to Tahoka about twenty-two years ago. Mrs. Denton continued to reside here until the death of her husband in 1930.

Nine children were born of their marriage, only three of whom, however, lived to maturity. These are Frank and Dillard Denton and Mrs. A. M. Sullivan. Frank, who resided here, and Dillard, who resided near Redwine, each died about three years ago. Mrs. Sullivan being the only living child at the time of Mrs. Denton's death. The Sullivan family lived in Tahoka many years, removing to Coahoma a few years ago. Mr. and Mrs. Sullivan and family were here attending the funeral. While only one child is left surviving, there are several living grandchildren.

Mrs. Denton led an exemplary Christian life. Uniting with the Baptist church when seventeen

years of age, she had been a devoted member for more than seventy years. Kind, patient, always thoughtful of others, Mrs. Denton was much beloved by those who knew her. The News joins many friends in extending condolences to the bereaved daughter and other relatives.

tive six-room parsonage has been built and elegantly furnished, and in addition to this a lot of old debts have been paid. Everybody this year has seemed anxious to help. Just recently the people of South Ward donated to the church the sum of \$26.85 raised by means of a box supper which they gave.

During the year there have been 30 professions of faith and 20 additions to the church. The young people's work has been reorganized and a new circle of Women's Missionary Society has been organized.

The choir loft in the church has been enlarged and the choir greatly improved.

Recently the church entertained

the Lubbock district young people's organization, which met here.

The work has prospered and grown spiritually and otherwise, and Brother Smith has the esteem and cooperation of the membership such as is rarely accorded any pastor.
