SENIOR PLAY TUESDAY EVE

"I Will! I Won't!" Title Of Show To Be Given By School Students Tuesday

"I Will! I Won't!" is the title of the Senior Class play which will be presented in the High School auditorium Tuesday night of next week.

"I Will! I Won't" is a farce comedy in three acts. Anthony King (Gordon Suits) calls himself a "chocolate-fudge doctor" because his work as medical attendant to a group of healthy college girls seems idiotic as contrasted with his ambition to establish a hospital for crippled children. But Anthony finds his job more interesting when he stumbles on a mystery. He is called to attend Lucille Owen (Eunice Mullens), and he recognizes that the injured girl is not Lucille but a stranger impersonating her. He learns that she is Lucille's cousin, Joan Stevens (Eunice Mullens), who has consented to the masquerade to earn money for art lessons, and that Lucille is off attending a forbidden party.

Caught by Joan's pluck and charm, Anthony assists in the impersonation, thereby jeopardizing both his beloved dream of a hospital and his immediate livelihood. For, hoping to win Anthony, one of the co-eds has persuaded her father to help finance the hospital, and she has no intention of feathering a nest for Joan.

It's a play full of tense interest and smart comedy. The parts are all slick ones: There's the dual role of Lucille and Joan—played by one girl, who thus gets a wonderful opportunity to show how she can portray contrasting types; Georgette, (Faye Massengale) the colored maid, is one of the most inviting comedy roles; there are two smart co-eds (Jewel Pitts), and "temperamental Gladys Howard (Margaret Strain); the majestic grandame, Mrs. Stevens (Maxine Jones); the dignified dean of women (Mary Jane Weathers); an impressive lawyer (Sylvester Reese); a genial man-about-town (James Applewhite); a lah-de-dah man-about-college (A. G. Cook) and there's Arthur.

There will be plenty of entertainment between acts.

The public is urged to attend the show. A small admission fee will be charged.

Pampa-San Angelo Game At Lubbock

Lubbock, Dec. 14 — A capacity crowd or better of West-Texas football fans are expected to fill and perhaps overflow the 8,000 seating capacity Texas Tech stadium here next Saturday, Dec. 16, when the San Angelo Bobcats and the Pampa Harvesters battle for the West Texas high school football championship and for the right to continue in the Texas Interscholastic football race.

The game will be called promptly at 2 p. m.

The winner will have only two more games to win to be declared state champions.

Due to central location, Lubbock was selected as the site for the contest and fans in several nearby cities and towns have already started sending in reservations for a good seat.

A big block of choice seats in the center of the big stadium from the forty to the forty yard lines were retained for sale to West Texas fans. A thousand tickets were sent to Pampa and to San Angelo, these being on each side of this central block. Any fan that gets a seat will have a good view of the game.

Reservations may be made with the J. & J sporting goods store, Lubbock. Tickets are 75c general admission with bleacher seat; \$1.00 grand stand seat; \$1.25 box seat.

It will be both Pampa's and San Angelo's first taste of championship play and both teams will be keyed to a high pitch in an effort to go into the semi-finals.

Mr. and Mrs. M. O. Bridges arrived Wednesday from Iran to spend the remainder of the week with Mr. and Mrs. Coleman Wells and other relatives.

Mistrial In John Johnson's Case

The jury in the case against John Johnson, tried for murder in the district court in Lamesa last week, was unable to agree and was discharged Saturday without having reached a verdict. The jury was divided 8 to 4, but there are conflicting reports as to whether the majority was in favor of conviction or acquittal.

Johnson, who is a deputy sheriff of this county residing at O'Donnell, was charged with killing Bunk Best on the highway between O'Donnell and Lamesa one day last Spring. Johnson claimed self defense.

ALL FARMERS PAY UP LOANS

Murray Says Production Loan Payments Have Reached Almost 100 Percent Here

Lynn county farmers have paid off their crop production loans almost 100 per cent, according to P. F. Murray, the government representative for this district. More than \$100,000 has been paid this fall on the 1931, 1932, and 1933 loans, and all have been paid except a few in the drouth and hail districts.

Mr. Murray suggests that anyone in the county desiring to yet make a payment should do so through his bank.

Mr. Murray also says that any one who may be interested in loans during 1934 should write to his congressman or senator at Washington.

The fact that these crop production loans have been almost completely wiped out this fall is evidence of the fact that prosperity has again returned to the farmers of Lynn county. Another good year would bring boom times back to our section.

New Pastor For Nazarene Church

Rev. W. I. Poteet of Rotan arrived last Thursday to assume the pastorate of the Church of the Nazarene here. He is succeeding the Rev. W. P. Grogan, whose term ended last week.

Although a young man, the Rev. Poteet has not only taken his Bachelor of Theology degree from Bethany-Peniel College, Bethany Okla., but is an ordained elder in his church, receiving his elder's orders at the district assembly of the Nazarene at Cisco Sunday, Dec. 3rd.

The new pastor preached at 8:15 the morning and evening services of last Sunday at the local church.

Must Add Penalty To Taxes Soon

"Penalties will double on all delinquent taxes not paid by December 31 as per Senate bill No. 261, passed in regular session May 25, 1933," county tax collector A. M. Cade states.

"I have received the 1934 supply of highway license plates, and same may be obtained at any time. To register cars bring your 1933 license receipt. If you have traded for a used car, bring the last license receipt together with transfer. To register truck, bring your last registration receipt and weight receipt of truck empty. To comply with the above will enable us to give you better service."

Will Open Negro School Next Week

The school for negro children will open immediately after the holidays, as has been the custom, the News is informed. Ella Mae Woods of Temple, who is the teacher, is already here. The school will be conducted over "on the hill" in the negro settlement at the northeast limits of the town sector.

There are twenty or more colored school children in Tahoka. They are usually employed in the cotton fields during the fall and hence their school does not open until the cotton picking season is past.

AERIAL SHOW HERE SUNDAY

Well-Known Aviators Will Present Exhibition of Flying Stunts, Parachute Jump

Jess Bristow Aerial Shows will put on a thrilling exhibition of stunt flying and parachute jumping next Saturday and Sunday at the airport, where they will show the air-minded Tahoka people just how pretty their city really looks from the air.

With the show is Arlie Davenport, daredevil who has made all Texas gasp with his skillful parachute jumps.

Barney Barnard, who flies the little Travelair stunt plane, has been the star of national air meets all the country over for the past seven years. "I never try to show the safety of an airplane in any position," he explained to a representative of the News. "I never try any foolhardy tricks just for exhibition purposes."

Jess Bristow is Texas' favorite aviator. The plane he is flying is a counterpart of the one in which Lindbergh made his famous flight across the ocean and cost the staggering sum of \$15,000 to build, it is said. "So you see it's good," he grins.

Miss Barbara Poole, who does stunt flying for the troupe, explains how she learned to do her famous loop. "I started to climb my airplane, changed my mind, pulled over on the airplane's back, changed my mind again and decided to return to normal flying position—and there you are. That's one time a woman's changing her mind got her some place."

Gagnat Second In Lamp Sales

Mrs. D. W. Gagnat says that she and Mr. Gagnat got the surprise of their lives the other day when they received a letter from the Aladdin Lamp company advising them that the Gagnat Hardware store had made the second highest record of any store in the United States in the sale of Aladdin lamps during the present year.

Mrs. Gagnat said that they had made a great many sales of these lamps but she had no idea that they were so near the top, since these lamps are sold in nearly every town in America.

80 Men Employed On Highway 9

The construction of grading and drainage structures on highway No. 9 from Tahoka to the Lubbock county line is progressing rapidly. If the weather continues favorable these structures will be completed within a few weeks.

About 40 men are at work on each shift, according to Sid Cathey. One shift works six days and is then laid off for six days, during which time the other shift is employed. This plan was adopted by the Government in order to afford some work to more workers.

Baptists Planning Christmas Tree

Announcement is made that there will be a Christmas tree at the Baptist Church on Saturday night, December 23.

All necessary committees have been appointed. The purchasing committee is arranging for bags of fruit, candy, and nuts to be given to all children present, whether or not they attend the Sunday School. The tree committee announces that it will have everything in readiness for the decoration committee by Saturday morning, December 23. A program will precede the distribution of the gifts, and the program committee is at work preparing the program.

Everybody is invited to this Christmas entertainment and especially all little boys and girls who do not attend Sunday School. Old Santa Claus will be there right on time.

It's time to do your Christmas shopping.

COUNTY SETS COTTON MARK

60,864 Bales Had Been Ginned Prior To Dec. 1, County May Pass 65,000 Mark

Lynn county has already gone over the top this year in the production of cotton.

E. W. Holloway, government cotton statistician for Lynn county, has furnished us the following report from Washington under date of December 8.

"The tabulation of the card reports shows telegraphic summary to be correct. There were 60,864 bales of cotton, counting round as half bales, ginned in Lynn county, from the crop of 1933 prior to December 1, 1933, as compared with 43,379 bales ginned to December 1, 1932."

Several thousand bales have been ginned since December 1, and the prospects are now that Lynn county's crop will exceed 63,000 bales. Our former estimates of the crop in this county have all been too low. This breaks all records for Lynn county.

Cemetery Assn. Elects Officers

At a meeting of the Tahoka Cemetery Association held last Friday afternoon, the old officers and most of the board of directors declined to serve longer, and directors for the ensuing year were elected.

The new board of directors consists of J. K. Applewhite, Mrs. Gladys M. Stokes, Mrs. R. C. Forrester, Mrs. George Small, and Coleman Wells. Mrs. Small was elected chairman of the board.

Don Bradley who has been serving as secretary the past six years, declined to serve longer. He has served faithfully and without remuneration. The new board of directors has not yet chosen a secretary to succeed him.

The cemetery association is in better financial condition now than it has been for several years. The sexton, Uncle Will Brown, has been paid in full, all other debts are paid, and there is money in the treasury.

Lubbock Man In Legislative Race

Jimmie Kennedy, Lubbock department store clerk and former president of the American Business club of that city, is to be a candidate for the Texas legislature from this district. The Lubbock Journal said it had been authoritatively informed Monday. Kennedy would not confirm or deny the report.

He is the first candidate to be mentioned for the post now held by Hon. John N. Thomas of this city. Kennedy is a graduate of Lubbock High School and Cumberland Law School.

Local Attorneys Attend Bar Meeting

District Attorney G. H. Nelson and County Attorney Truett Smith attended a bar meeting of the lawyers of the Seventh Supreme Judicial District, which embraces practically all the counties of the Panhandle-Plains section of Texas, held at Plainview last Friday night.

Truett says that about 130 lawyers were in attendance. It was chiefly just a get-together, get-acquainted affair, and Truett says they had a good time. There was a lot of feasting and a lot of speech-making, both of which were good.

Music Students In Recital Tonight

Music pupils of Mrs. J. K. Applewhite and Mrs. Rider will be presented in recital at the High School auditorium tonight, December 14, at 7:30 o'clock.

Friends of students and teachers are cordially invited.

Chester Connolly has gone to Corpus Christi to bring his wife and little daughter back to Tahoka. They have been there several weeks with Mrs. Connolly's parents, Mr. and Mrs. F. M. Sherrod.

Work On Lateral Roads Is Granted

Applewhite Says Business Excellent

That there has been a marvelous revival of business in Tahoka this Fall must be evident to all, but possibly some do not realize the extent of it. As just one example, Jack Applewhite of the firm of Harriss & Applewhite confided to the News man a few days ago that their volume of business during the months of October and November of this year almost equalled their volume of business for the entire year of 1932. Some "come-back."

TAHOKA GINS 16,647 BALES

Cotton Still Coming In, Though Slowly, Boosis Record For City's Ginnings

The gins of Tahoka have at last found a breathing spell. They have ginned only 509 bales since our report last week. Up to ten o'clock this morning the five gins here had turned out 16,647 bales this season, counting round bales as half bales. There will possibly be 500 bales more to gin.

We do not know the highest number of bales ginned in Tahoka in a single season prior to this year, but our recollection is that it never before surpassed 13,000. At any rate, the number of bales ginned this season breaks all previous records.

Boy Hurt When Struck By Auto

Little Ray Womack, 7, son of Mr. and Mrs. Frank Womack, residing at Carlos Courts tourist park, was run over by a car and severely though not seriously wounded while playing in the street in front of the Court on last Thursday afternoon. A bad wound on the forehead which required five stitches to close and several severe bruises and abrasions on the face, legs, and other parts of the body, were suffered by the little fellow.

The accident occurred when Ray was running after a ball and suddenly turned and started back across the street. The driver of the car, Raymond Griffin, was unable to avoid striking the little fellow. He was caught between the bumper and the car and dragged some little distance. Prompt medical aid was rendered by Dr. Turrentine but the little fellow was apparently unconscious for several hours following the injury.

Old-Time Citizen Returns For Visit

Joe Allison of Matador was here the first of the week visiting and incidentally looking out a location.

Mr. Allison is the foster father of Mrs. O. A. Mayberry of this city and is a cousin of Ed Henderson of Los Angeles, who formerly resided here and is well known throughout this section. Mr. Allison was himself a resident of this county back in 1903 and 1910 and knows all the old-timers here. He says that he helped clear the right-of-way for the Santa Fe railroad when the road was building through Lynn county, working under Charley Brown.

"There was only one brick building in Tahoka when I lived in this county," Mr. Allison said. "It does not seem like the same town."

Miss Forrester Will Present Students

Miss O'Berger Forrester, teachers of expression, announces that she will present her pupils in recital at the High School auditorium Thursday night, Dec. 21, at 7:30 o'clock.

Her program will be interspersed with numbers from the music department.

The public is invited to attend the recital.

PLAN FEDERAL AID PROJECTS

Will Improve Lateral Roads, School Grounds, Make Survey Of Sanitary Conditions

Judge B. P. Maddox received advice Tuesday from Lawrence Westbrook of Austin that several Lynn county projects for which application had been made had been granted.

First of these is the proposition to improve some of the lateral roads of the county. On account of the limited supply of men allowed to this county, however, this work will not begin for some time yet, according to Judge W. E. Smith, and will not be extensive when it is undertaken. Application was made for grading and surfacing the following roads: O'Donnell to Wells; Draw to Highway No. 84, seven miles east of Tahoka; Wilson to highway No. 9; and New Home to Highway No. 9. Judge Smith is of the opinion, however, that due to the small sum allotted, not much can be done on these roads except to improve them in the lakebeds and other bad places.

Another project approved is the proposed destruction of prairie dogs and other rodents throughout the county.

Still another project is a health survey of the county. Dr. L. E. Turrentine has been appointed as supervisor of this project and Miss Ola Belle Singleton is assistant supervisor. It is thought that not more than five or six persons will be employed at the beginning but Judge Maddox estimates that about twenty persons will eventually be employed in this work. A complete health survey of the county is to be made. Every family is to be visited and a lot of information is to be gathered about each family together with the residence and premises. The purpose is to gather information as to the existence of communicable diseases and to take steps to prevent the same and to improve the sanitary conditions surrounding the homes of the county generally. Where sewer connections are not possible, the importance of installing pit toilets will be pointed out and provision made for their construction. The water supply will also be inspected and steps taken to make and keep the water free from contamination. The prevention of such diseases as typhoid fever, diphtheria, pellagra, tuberculosis, and other maladies is one of the objects of the survey.

Another project allowed is the improvement of the public school grounds in Tahoka. Additional filling and sidewalks will be built at the high school and some repairs on Central Ward are contemplated. Claude Wells will be in charge of construction.

Fire Not Caused By Natural Gas

Last week in commenting on the origin of the fire that destroyed the Sinclair Service Station we stated that many were advancing the theory that the fire must have resulted from the explosion of natural gas.

Roy Leslie of the West Texas Gas Company informs us however, that the gas meter did not register the consumption of any gas at this station and that therefore this theory was evidently incorrect.

Of course, even if this had been the cause of the fire no blame would have attached to the gas company. Fires resulting from natural gas are nearly always due to inferior or faulty connections, for which the Company is in no way responsible. The Company, on the other hand has repeatedly given warning against the use of rubber connections and has as often recommended the use of connections that are perfectly safe.

Judge C. H. Cain has been in Cisco this week on professional business.

12 YEARS IN TAHOKA

O'Donnell People Honor Rev. Jenkins

A farewell entertainment honoring Rev. and Mrs. L. S. Jenkins was given by members of the O'Donnell Baptist Church in their church auditorium on Monday night of this week. Rev. and Mrs. Jenkins were preparing to leave for Muleshoe, where Brother Jenkins has accepted the call as pastor of the Baptist Church, and the party came as a complete surprise to him. He has served as pastor of the O'Donnell Church for several years and has made many warm friends not only at O'Donnell but throughout this

entire association. Rev. and Mrs. Lawrence Hays and R. E. Key of Tahoka were out of town guests at the entertainment and both Brother Hays and Mr. Key made talks commending the work and the character of the departing pastor. The remainder of the program consisted of games and stunts, which were much enjoyed. "The splendid spirit, the expressions of love and respect, and the splendid way in which the entire program was carried out, speaks the good will of the church and community for the good pastor and his family," said Mr. Key in reporting the affair to the News. "The marked compliment to the pastor and his family was the attendance of so many young people. Evidently few pastors have better cooperation of the young people of his church than does Rev. Luther Jenkins. The entire Brownfield association will miss this good man and his family, and will wish for them the greatest success in their new location." Brother Jenkins and family leave for Muleshoe today.

League Contests For All Students

Playground ball for boys and girls, tennis in four divisions, volley ball, junior track and field events, and the regular track and field meet for class B and Class A high schools as well as the rural Pentathlon, are all to be included in the athletic program for the Interscholastic League meet next spring, according to S. F. Johnson, recently elected Director of athletics for the League in this county.

"Here is a plan," he said "which offers physical development as well as wholesome recreation for every boy and girl in the public schools. The matter of winning should be stressed but not stressed too much. If you don't win this year, you are getting good training for winning next year or the next. Make a beginning by getting in the game, and then see what happens."

"The new issue of the Constitution and Rules is being distributed from the State Office of the League, and the schools expecting to participate should get a copy at once. All of the contests are described therein and rules given in great detail. Also, the eligibility rules, some of which have been changed, should be studied carefully."

"There is nothing which makes school more attractive to children than participation in healthful sports and games. We need not only one hundred percent membership in the League, but one hundred percent participation."

TEXAS PLAYS OWN SELF IN GAY WINCHELL FILM

What do you know about Texas? We don't mean that huge state down there in the southwest, but the Guinan that came from Waco, Texas, where she was once known as Mary Louise Cecilia Guinan.

The Guinan family had a ranch and Texas, nicknamed by an uncle, learned bronco busting at a tender age and at eighteen was a stunt rider with Miller Bros. 101 Ranch Circus.

She yearned for a musical career and won the Marshall Field Scholarship with the Chicago Conservatory of Music. Her first theatrical engagement was in the chorus—"so far back in the chorus they had to take a brick out of the wall to find me," she says.

She had become prominent in the musical comedy world when she went into the movies and made 223 short reel films in which she was known as the "two-gun girl." She was the first woman to make wild west films and do stunts without a double.

The great period of the Texas Guinan's life as we know it today is in night clubs. She was the first woman in New York City to glorify a garage and make it a night club, and the first to bring a floor show into the cabaret of New York night life.

From a small beginning, that was entirely an accident, she grew to the command of fifteen night clubs. She says she knows she has had the greatest number of night clubs of any one person in the world because she has the padlocks to prove it.

Texas Guinan is playing the role of herself in Walter Winchell's story of New York's night life, "Broadway Thru a Keyhole," a 20th Century Picture presented by Joseph M. Schenck and Darryl Zanuck and released by United States Artists, showing Sunday, Monday, and Tuesday at the English Theatre.

Constance Cummings, Russ Columbo and Paul Kelly play the romantic leads.

Santa Claus Letters

My Dear Santa Claus:

I want a pretty doll with blonde curly hair and sleepy eyes, also finger nail polish, and I want some jacks and a ball.

Don't forget my little brothers, Bryan and Doyle. They both want a great big truck apiece with lights that flash on and off. Also, fire works, fruits, nuts and candies.

We all have been very good; have kept our toys nice. The boys want a knife. Thanks a lot. We all send our love.

BAPTISTS HAD EXCELLENT DAY LAST SUNDAY

We had last Sunday the best day, in some respects at least, we have had in some time. It was the day set apart for our Lottie Moon Christmas offering, which has been sponsored by our women for a number of years. The people brought more than \$100 and laid on the table as their Christmas gift to Foreign Missions. The evening hour was marked by an unusual atmosphere of singing some of the old gospel songs and hymns. It will be many moons before the choir and congregation surpass what they did last Sunday evening. It was par-excellent. But we can come close to that in every service if the choir will find its place and lead the congregation as the director leads us all.

The pastor will preach Sunday morning on "A Thorn in the Flesh" or "The Sufficiency of the Grace of God."

Sunday evening the subject will be "The Tragedy of a Lost Book." Sunday school begins at 9:45, B. T. S. at 8:30. The evening worship hour is 7:30. Let all our people attend the services and contribute their interest and most earnest prayers. Bring visiting friends; they will find a wholesome atmosphere and a contagious spirit of worship and power.

Welcome, thrice welcome!
LAWRENCE HAYS, Pastor.

METHODIST STEWARDS HOSTS TO PRESIDING ELDER

The answer to the question "What manner of man is this?" was the basis for the pastor's sermon at the Methodist church Sunday morning. There was no special music for the church service, but Mrs. Marvin Munn sang a solo at the church school worship period.

In the evening the familiar miracle, read from Mark's gospel, "Thy sins be forgiven thee—take up thy bed and walk," was the subject of the lesson, and was well taught.

The parsonage was the scene of a most enjoyable occasion Monday evening, when the pastor and his wife extended their generous hospitality to members of the board of stewards and their wives, serving a "sure 'nuf" turkey dinner with all the "trimmin's". The district presiding elder, Dr. W. M. Pearce and Mrs. Pearce, of Lubbock, and district lay leader, Mr. J. N. Thomas, and Mrs. Thomas were also guests, making a total of twenty-six.

After dinner, Mrs. W. E. Suddarth informally rendered several musical numbers, following which the stewards retired for a regular business session, while their "better halves," also in private session, decided to follow Mrs. Smith's precedent in turn, and entertain the group present through the coming pastoral months. Mrs. W. S. Anglin will be hostess to the January meeting.

Mr. and Mrs. J. R. Strain were unable to be present, and Mrs. A. L. Lockwood was absent on account of illness.

The Parent-Teachers Club made \$25.98 clear money on the show which it sponsored here last week, according to Mrs. Irving Stewart, the president of the club.

WILSON F. T. A. HAS LARGE MEMBERSHIP

The Parent-Teachers Association met in the Wilson high school auditorium December 6 at 3:30 p. m. A program was rendered by the piano and expression pupils of Mrs. Richardson. The visitors, faculty, and school children enjoyed these numbers.

This meeting brought to a close a contest of the past few weeks. The members were divided into two groups. The white side won. The winning side has 80 new members on their list, and the losing side 52 members. The blue side will entertain the winners in the near future.

Use This Laxative made from plants

THEDFORD'S BLACK-DRAUGHT is made from plants that come up from seeds and grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act—just as Nature put the materials that sustain your body into the vegetable foods you eat.

In Black-Draught you have a natural laxative, free from synthetic drugs. Its proper use does not make you have to depend on cathartic chemical drugs to get the bowels to act daily.

Find out by trying Black-Draught what a good medicine it is for constipation troubles. In 25¢ pkgs. (dry). P.S.—For Children, get the new, pleasant tasting SYRUP of Thedford's Black-Draught. 25¢ & 50¢ bottles.

ALL-SEW CLUB MEETS WITH MRS. SMITH AT PARSONAGE

The All-Sew club met with Mrs. H. C. Smith in the new parsonage on Dec. 7th.

After sewing and chatting for two hours, we were served sandwiches, coffee and cookies.

Plans have been made for a Christmas tree at the home of Mrs. J. A. South December 21.

ASSEMBLY OF GOD REVIVAL IS IN PROGRESS HERE

The Assembly of God revival is now in progress at the Primitive Baptist Church. Services are being held each evening at 7:30 o'clock and Sunday morning at 11 o'clock. Everyone is invited to attend.

Wendell R. Bedichek, editor of the Big Spring Herald, and Bill Parker, salesman for the Olmsted-Kirk Paper Company of Dallas, were pleasant callers at the News office Wednesday afternoon. Mr. Bedichek is making a real newspaper of the Herald. He has been with this publication about five years.

Dr. E. E. Callaway W. O. Thomas, and Grover Stewart returned Sunday from a several days hunting trip down near Fredricksburg. Dr. Callaway killed two deer and Mr. Thomas and Mr. Stewart one each. They report that deer are rather plentiful in that section of the state.

It's time to do your Christmas shopping.

WHAT IS A PARTY?

Dale Miller, who conducts a page
under the title "Judge for Yourself"
in The Texas Weekly, discussed last
week the matter of party regularity.
He expressed our own view so per-
fectly that we quote a part of his
editorial. This discussion was pro-
voked by some heated debates that
occurred on the floor of the con-
vention when an organization was
perfected at Corpus Christi the pre-
ceding Saturday which calls itself
the South Texas District of the
Young Democrats of Texas. Many
conflicting views had already been
expressed but the storm broke when
a committee brought in a resolution
proposing that Dan Moody and
Ross Sterling should be read out of
the Democratic party. The resolu-
tion was defeated by a small mar-
gin. Miller discusses this proposal,
in part, as follows:

"A resolution to read out of the
Democratic Party two former Gov-
ernors of the State of Texas is pat-
ently absurd, so absurd in fact

that it is difficult to discuss it with
appropriate editorial restraint. It
is not necessary to exhume the bit-
terness of the 1932 campaign to se-
lect this as a hypothetical case, but
it is presumed that Mr. Sterling's
deviation from party fealty last
year occasioned the resolution, and
I am frank to confess that this
"party loyalty" is the most ambigu-
ous and confusing term in the en-
tire language of politics. Mr. Ster-
ling bolted last year—he is con-
demned; Mr. Ferguson bolted re-
peatedly in the past—he is now pro-
tected by the party he bolted from
those who bolted him. Democratic
leaders in the 1932 State campaign
praised party regularity, denouncing
bolters; Democratic leaders in the
national campaign denounced party
regularity, praising bolters. Who are
the sheep and who the goats? When
is a bolter a hero and when a
traitor?

"The key to the situation, of
course, lies in just what is the pro-
per conception of a political party.
Is the Democratic Party (or, in this
instance, the Young Democratic
Party) an arrogant, rigidly control-
led political organization formed for
the purpose of controlling votes and
dispensing patronage, demanding
favors of candidates in return for
support, or is it a broad, socially
conceived and operated movement
expounding intelligent theories of
government for the edification and
guidance of the American people?
The Young Democrats weren't quite
able to decide.

"This suggests an amusing inci-
dent. Myself a Young Democrat, I
attended the South Texas conven-
tion and became involved in a
friendly debate with one of the or-
ganizers, a practical politician. We
argued the conflicting conceptions
of the party, and finally he said:
'Now you and I represent two dis-
tinct types. I am the materialist,
the designer of a practical organiza-
tion. You are the idealist, the de-
fender of principles. Both types are
necessary to the party.'

"Perhaps so. Perhaps the types
are distinct and irreconcilable. But
it occurs to me that the organiza-
tion of which he is so proud will be
only as strong as the principles to
which it immutably adheres. It has
always seemed undesirable that the
Democratic Party must often com-
pel support from its ranks, whipping
the unwilling into line. I have al-
ways felt that the principles of
Democracy, if properly emphasized,
would enlist more support through
merit than its politicians could com-
mand through coercion."

Edgar E. Witt of Waco has for-
mally entered the race for governor.
Witt has had much experience in
the Senate and as lieutenant gov-
ernor. We have many personal rea-
sons for wishing to see Witt elected.
We hope that as the campaign pro-
gresses he may show an attitude
toward the liquor traffic that the
best citizenship of Texas can ap-
prove and an attitude toward West
Texas and her institutions that
West Texans can approve. It is im-
portant to West Texans that the
next governor and the next legisla-
ture shall be friendly to this great
section of the state. We want no
special favors out here but we do
want a fair, square deal. We be-
lieve Witt to be a man of sterling
integrity and without prejudice
against this section. Still, with Jim-
mie Allred and Tom Hunter and C.
C. McDonald and Clint Small all in
the race, we can't see much chance
for Witt to run strong west of Fort
Worth.

**THE REMEDY FOR MOB VIO-
LENCE IS COURT REFORM**

We do not favor mob violence in
any case.

The mob is dangerous. It nearly
always goes to extremes. Its mem-
bers often give vent to their most
savage impulses and themselves be-
come guilty of most outrageous and
horrible conduct. At Kountz recent-
ly a mob dragged the dead body of
a negro through the streets for half
an hour then cut out the heart and
otherwise mutilated the body. Their
savagery was no punishment to the
negro for he was dead before the
mob gained possession of the body.
Mobs recently wreaked their ven-
geance also on criminals in Cali-
fornia, Maryland, and Missouri. No
sympathy need be wasted on the
victims, for they doubtless deserved
the punishment they suffered. Yet,
the mob spirit is wrong. The mob
itself defies the law. The work of
the mob has been described as col-
lective murder. No official should
condone the work of the mob. The
public should not do so.

But as long as our courts fail to
function promptly and effectively
in dealing with the criminal, just
so long will the mob spirit lie dor-
mant, ready to flame up and to
burst forth in uncontrollable fury
the first time some outrageous
crime is committed.

The machinery of our courts
needs to be overhauled. The pro-
cesses of our courts needs to be
speeded up. A lot of archaic laws
pertaining to the trial of criminal
cases need to be repealed or amend-
ed. The rights of every person ac-
cused of crime should be adequat-
ly safeguarded by our laws but the
State should not be so bound down
and hampered in the administra-
tion of justice as to make it well-
nigh impossible for speedy punish-
ment to be inflicted on the crim-
inal. Just a few vital changes in court
procedure would greatly increase
the efficiency of the courts and the
speed with which they might deal
out justice and thus remove one of
the inducements to mob violence.

The people of Texas have done
many foolish things in electing men
to public office. Sometimes they
have just as foolishly defeated good
men. However, we can not believe
that they will next year turn Tom
Connally out of the Senate at the
end of his first term and elevate to
his position young Joe Bailey. Con-
nally has both solid ability and ex-
perience, and he has made a good
record during the five years he has
been in the Senate. Prior to that
he had made a brilliant record in
the House, having served the Waco
district for many years. Joe Bailey
was elected last year as congress-
man-at-large, chiefly upon the rep-
utation of his father. Granting that
he has some ability, he would not
be able to distinguish himself as
did his able and eloquent father
even if he were allowed to serve in
the Senate for the remainder of his
natural life. He has little of his
father's commanding personality,
towering intellect or burning elo-
quence. He would be just another
Senator. Neither is he in Tom Con-
nally's class, either in ability or in
personality. Our prediction is that
Connally will be returned to the
Senate by an overwhelming ma-
jority.

Franklin D. Roosevelt has written
himself down as the World's great-
est optimist. After sounding the
death knell of the Eighteenth A-
mendment, with millions of gallons
of hard liquor being imported into
the country to supply the demand,
with seething masses crowding the
saloons and hotels and cafes and
other drinking places in all the big
wet cities, with waiters and bar-
tenders busy as bees trying to wait
on their liquor customers, Roose-
velt calmly writes: "I trust in the
good sense of the American people
that they will not bring on them-
selves the curse of excessive use of
intoxicating liquors, to the detri-
ment of health, morals, and social
integrity." Drinking Americans have
never yet shown good sense in the
use of intoxicating liquors. It seems
foolish to open up all the flood

gates of liquor and then advise the
people not to drink.

There is a new organization in
this country which calls itself the
"National Association for the Ad-
vancement of the Fine Art of
Drinking." Officials of this organi-
zation wrote to Mrs. Franklin D.
Roosevelt asking for a recipe for a
punch to be entered in competition
with 300 others from celebrities.
Mrs. Roosevelt wrote back that she
was personally a dry and did not
drink any cocktail or punch that
contained alcohol. That was a de-
served rebuke to this liquor organi-
zation and a fine example to set
the young women of America. We
need more women of this type in
the socially prominent of this na-
tion. May her, tribe increase.

AL SMITH A POOR LOSER

If Al Smith had accepted his de-
feat at the hands of Roosevelt more
graciously, he would have retained
his high place in the mind of A-
merica. Again, if he had kept the
anti-Roosevelt remarks out of the
current issue of his magazine, he
would have remained in the half-
grace of this paper. But his attack
against the administration's mon-
etary and civil works programs are
so clearly prompted by jealousy and
a love for Wall Street that it is dif-
ficult to believe that anybody except
Wall Street will harken to his words.

South Ward

Folks, come on, let's make South Ward boom. There are several new people who have moved to our community. We want them to feel like one of us. They have a hearty welcome from all.

Sunday School begins at 10 a. m. church at 11. On second and fourth Sunday evenings, singing begins at 3:30 o'clock. Everybody come out and help us in our church and social work.

Miss Nora Belle Inman and Mr. Luther Wood were united in marriage by Bro. L. S. Jenkins at O'Donnell last Wednesday night, Dec. 6th. They were accompanied by O'Donnell by Mrs. Woods' sister, Miss Mary Ellen Inman and Mr. L. T. Redding. We have not learned yet where they will make their home. They have the many wishes of happiness from friends here and elsewhere.

We failed to get the news last week about the marriage of Miss

Thelma McGinnis and Mr. Alvis Atteberry. We wish this young couple all the happiness and success life holds for them.

Mrs. Lonnie Fleming and daughter, Delsie, and Mrs. Mary Pringle of Mena, Ark., left last Friday. They have been here pulling bolls for Mrs. Fleming's brother, Mr. W. P. Inman. They were accompanied as far as Post by Mr. and Mrs. Inman.

Mr. Sammie Harper, who has been working for Mr. W. A. Hardt this fall left for his home in Caldwell last week.

Messrs. George Cross, L. T. Redding, Luther Wood, and Sherman Inman went to Levelland and Littlefield Monday on business.

Mr. J. M. Wood left last week for O'Donnell, where he is working. Miss Norene Mason spent Saturday and Sunday with her aunt and uncle at West Point.

Several of the young folks went to singing at Edith Sunday night.

The pie supper brought \$21.50 Friday night. Mr. Eaton got the cake for the prettiest boy. Mary Ellen Inman got the cake for the prettiest girl and Mr. Pennington got the soap for the ugliest boy. We want to thank each and every one for coming out and helping. We also want to thank Bovell's bakery for furnishing the cakes. The proceeds will go for school equipment. Remember Sunday School and church next Sunday morning.

CARD OF THANKS

I sincerely desire to thank each and every one of my friends that so nobly helped me in every way during my sickness and made it possible for me to have the treatment I so much needed. May God's richest blessings rest on you all is my prayer.—Miss Lollie Murrah.

Rev. W. K. Johnston was here Sunday filling his appointments at the Presbyterian Church, and as is his custom he dropped around to the News office Monday morning to greet the newspaper folks. Brother Johnston is always in a happy mood and radiates good cheer wherever he goes. He wished the editor and all the folks a good Christmas season and left with a smile on his face. Johnston is one of God's elect. He is a Presbyterian.

An old chicken house was re-built into a modern A. & M. roof type house at a cost of \$5 last spring by Howard Sport of Bagwell's community in Red River county with the help of the county agent, Mr. Sport, after de-lousing the flock of 140 hens and feeding them well from self-feeders, reports clearing \$83 above feed cost from eggs, in addition to having all the family could eat.

Ralph Shuffler, publisher of the Odessa News-Times, has been under treatment in a hospital in Big Spring for an acute stomach malady, but has recovered sufficiently to return to his home.

J. K. Callaway and Lee Short made a business trip to Anson Monday. Mr. Callaway sold property which he owned there.

NEW FORD V-8 for 1934

THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpassing even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetion and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

OUTSTANDING IMPROVEMENTS IN THE NEW FORD V-8

BETTER PERFORMANCE. Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New water-line thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

NEW VENTILATION SYSTEM permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot. Through this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

DISTINCTIVE NEW APPEARANCE enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvres, new hub caps. Interiors are attractive, with new tufted upholstery, new mouldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

FENDERS IN COLOR. On De Luxe cars fenders are in color to harmonize with body colors—wheel covers optional. New enamel finish on all bodies and fenders has greater wearing quality and more enduring luster.

GREATER RIDING COMFORT results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type, individual bucket seats provide increased comfort for front-seat passengers in the Tudor Sedan. Adding to comfort is the new driving ease of the 12-to-1 steering gear ratio.

PRICES REMAIN LOW—Tudor Sedan, \$535. Coupe, \$515. Fordor Sedan, \$585. De Luxe Tudor, \$575. De Luxe Fordor, \$625. De Luxe Coupe (5 windows), \$555. De Luxe Coupe (3 windows), \$525. De Luxe Roadster, \$525. De Luxe Phaeton, \$550. Cabriolet, \$590. Victoria, \$610. (All prices f. o. b. Detroit.)

Average Texas Cotton Farmer Gets \$727 For His Cotton Crop During 1933

COLLEGE STATION, December 6.—John Doe, cotton farmer, got or will get about \$727 for his cotton crop this year. Had there been no plow-up campaign he would probably have sold for 5 cents per pound and received about \$424 for his crop. John Doe, average cotton farmer, was helped to an extra \$303 of the plow-up campaign.

This is the way George E. Adams who is actively in charge of the new cotton campaign at Extension Service headquarters at Texas A and M College expresses the facts on the cotton situation recently issued by C. A. Cobb, chief of the Cotton Section, Agricultural Adjustment Administration.

"Had there been no summer campaign," says Mr. Cobb, "the crop would have been larger by 4,400,000 bales. We would have had about 17,500,000 bales to add to an already heavy cotton surplus. Cotton price recovery would have been impossible. As it is the price has almost doubled what it would have been."

Total income from the expected 17½-million bale crop at 5 cents per pound would have been \$437,500,000. The reduced crop, estimated at 13,100,000 bales after the plow-up would bring a crop income of \$589,000 with cotton at 9 cents. Add to this the \$112,000,000 of adjustment payments which growers received for cooperating in the emergency program, and the \$48,000,000 of estimated profits on cotton options

A Laxative that costs only 1¢ or less a dose

NEXT TIME you need medicine to act on the bowels, try Thedford's Black-Draught. It brings quick relief and is priced within reach of all. Black-Draught is one of the least expensive laxatives that you can find. A 25-cent package contains 25 or more doses. Black-Draught is made of approved laxative plants, firmly ground so you take the medicine into your system just as naturally as you get nourishment from the food you eat.

Refreshing relief from constipation troubles for only a cent or less a dose—that's why thousands of men and women prefer Thedford's Black-Draught.

taken in the campaign, and the total cotton income from the 1933 crop runs to \$749,500,000.

"This increase of \$312,000,000 in actual income from cotton, as compared with that the full crop would have brought without the adjustment campaign, constitutes final indisputable evidence of the success of the emergency program," declares Mr. Cobb.

"Economic recovery made possible by the new cotton income is important," continues Mr. Cobb, "but even more vital is the social significance of the changed situation. Standards of living are being maintained, and institutions which build the citizenship of the future are functioning."

"If the farmers continue their fine cooperation during the new campaign which is being launched, the whole Cotton Belt can well look to the future with optimism and confidence," Mr. Cobb concludes.

CONFER ON PLAN FOR COMPLETING HIGHWAY

James B. Day and J. E. Montgomery of Rotan were visitors in the city Sunday conferring with chamber of commerce officials on the improvement plans for U. S. 380, better known as the Fort Worth Roswell-Los Angeles highway.

Plans are under way, and have a fair measure of chance of being consummated in the near future of getting the highway entirely paved from here to Fort Worth, it was stated.

Because of the great potential tourist travel that may come to this section of the state through the use of this highway by tourists, chamber of commerce officials pointed out that the success of these plans are very vital to Roswell.

It was recently announced that grading and drainage improvements on this highway between Bronco and Brownfield would be started soon.—Roswell Dispatch.

New Home

Rev. Richburg filled his regular appointment here Sunday. He also spoke at the Joe Stokes school Monday morning.

Rev. and Mrs. Smith of Tahoka were dinner guests in the home of Mr. and Mrs. Joe Poindexter Sunday.

Mr. and Mrs. J. H. Kornegay and girls and Grandma Broughton were week end visitors with relatives at Lamesa.

Mr. and Mrs. L. N. Hancock and Mr. and Mrs. Joe Unfred visited with Mrs. Muriel Taylor at Olton Sunday.

Mr. and Mrs. F. H. Hancock and daughter Louise and Mr. and Mrs. Henry Heck and son were Tahoka visitors Sunday.

Mr. and Mrs. B. M. Hays of Witharrel visited here Saturday night.

Mr. Hubb Timms of New Hope, Lubbock county, and Miss Willie Mae Prather of this community were married Saturday. Mrs. Timms is the daughter of Mr. and Mrs. Prather who reside west of New Hope but formerly of New Hope. The young couple will make their home at New Hope.

New Dormitories For Texas Tech

LUBBOCK, Texas, Dec. 6.—Work is expected to start on two large dormitories for Texas Technological College by February 1, following announcement that \$650,000 had been granted by the Public Works administration at Washington for the purpose.

Each building will house 300 students, one being for girls and one for boys. The structures will be three stories high and have basements. They will be built in style and material to conform to general architectural plan of other college buildings. The dormitories will be handsome and commodious and will embody the latest and most approved designs suitable for students' housing.

The exact location of the buildings has not been decided, but they are expected to be placed on either side of the double driveway leading into the campus from Broadway, the girl's on the south side and the boys' on the north side.

In the basement of each structure will be the kitchen, dining room, and storage rooms. In the men's buildings some bed rooms may be placed also in the basement.

Instead of giving her cull hens away this fall in market sales Mrs. Tom Johnson of Eldorado canned 32 pints of chicken products by home demonstration methods. She now has on pantry shelves sandwich meat, roast, soup and giblets.

Begin Taking Cardui Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardui," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well."

"After I was married, I was in bad health. I began taking Cardui again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 80 pounds when I began taking Cardui. I improved rapidly. Before long I weighed 126 pounds. I felt fine. I was able to do a good day's work." Cardui is sold by druggists here.

While corn in Guadalupe county was burning up last summer, Henry Pfannstiel had 5 acres on terraced land that stood the drouth and promised 10 to 15 bushels per acre without any late rain, says the county agent. July rains came and the crop made 28 bushels more per acre than unterraced land.

Leisure time that results in 14 rugs valued at \$102.40 is time well spent thinks Mrs. A. M. Daniels, home demonstrator in the home demonstration clubs of Lynn county. She has a ready sale for all her rugs.

Read What the Shamburger Graduates Say Of The Shamburger System

"I think I have told you your system was ten times easier, now I say it is fifty times easier. I think nobody can appreciate your system as much as a teacher of one of the old systems."—Ex-Teacher, Margaret Watkins.

"I finished Shorthand at Shamburger's in less than seven weeks and started right in doing the work an experienced stenographer had been doing."—Elizabeth Harritt.

"No mistakes so far, and I will do all in my power to induce my acquaintances to take your course. . . . I think it wonderful."—Josephines Du Val, Dallas.

"I had two years of Shorthand in high school. Now that I have just completed a six weeks' course of the Shamburger system in Southern Methodist University Summer School I do not hesitate to say that I consider the latter system much more simplified than the former."—Nolan R. Vance.

"I had two years of Shorthand in high school and changed to the Shamburger system. I find it easy to learn, write and read, and much more practical."—Margot Davidson.

"When I entered your school I had already studied Shorthand. I have found the Shamburger system not only easier by far, but also more practical. I would advise anyone to take your system in preference to any other."—Esther Norris.

"Your system of shorthand has enabled me to hold a secretarial position for the past six years, and at the present I am making my school expenses by means of shorthand and typewriting. I am secretary to the librarian in T. C. U. this year."—Louise Blumberg.

"This is indeed shorthand—Gregg is a language."—Clara A. Bixby.

"Will be very glad indeed if I can be of any assistance in helping prospective pupils realize the superiority of your system over other systems."—Ruby Askew, Dallas.

"After having Shorthand in high school, I decided to change to the Shamburger system, and found it much easier to learn and to remember. In just four weeks study I accepted a stenographic position and I find no trouble at all in reading my notes. I have not made a mistake so far."—Alma Whitley, Dallas.

"I find the Shamburger system easier to write, easier to read, and easier to remember. I have found this course all that it is advertised to be, and many times easier than other systems of shorthand."—Irma Dee Mathews.

"I had another system—several months, then changed to Shamburger's. I find the system all that they claim. I have made good on the position they secured for me after eight week's study."—Maretta Chambers, Garland.

"Shamburger's is not only 'a' system, but it is 'the' system. All the praise one could offer would be altogether inadequate."—Doris Lowden.

Brownfield Editor Defends 84 Project

"The State Highway Department through District Resident Engineer Guy R. Johnson of Lubbock has informed the commissioners court here that if they will furnish a 100 feet right-of-way from Brownfield to the Yoakum county line, that the road will be improved. . . . Yoakum county on the west had the same proposition put up to them, and therefore will connect with us at the county line on 84, giving them an outlet here north and east on 137, which is being improved." So says the Terry County Herald. We have heard of no proposition of this kind being made to the commissioners court of Lynn county. We wonder why? We think No. 84 should be improved through Lynn county as well as Terry and Yoakum counties. What about it, Mr. Johnson?—Tahoka News.

There is nothing at all unreasonable in Editor Hill's request that Mr. Johnson explain matters but the Herald believes that it can give Mr. Hill a few, providing Mr. Johnson doesn't see his article and answer it. In the first place, it isn't because that the highway department thinks No. 84 west of Brownfield is of so much more importance than it is east of Brownfield, but the proposition, as we understand it is put up somewhat under the emergency part of the highway department

ment in order to help counties and communities in Texas care for unfortunate drouth stricken farmers. Indeed the letter received by our commissioner was simply a copy addressed to other drouth stricken counties, like Gaines, Yoakum, Hookley on the south plains, and a few on the north plains.

Your county as a whole, has made a fine crop, we understand, and from reading the News each week, we find according to your articles that prosperity has returned to old Lynn, which is good, but there are hundreds of farmers right here in Terry county in the Harmony, Johnson Pool, Tokio, Needmore and Meadow communities that didn't make a stalk of anything. They didn't even get to plow up any cotton, Mr. Hill, for it never did come up, and the rains which arrived late in August was entirely too late to make even row crops. A little pasture is all they have from dry panted grain. The people living on highway 84 east of Brownfield in Terry county, have made fair crops, some good ones, and this applies equally of course to those who live on it in Lynn county. Few if any of these farmers will need any aid whatever, this winter, and it is the intention of both the state and nation to help those without jobs and the drouth stricken farmers.

Still another reason is that all counties were promised some road improvement, including your own, and it is being done on No. 9 through your county. Yoakum county has but one state highway, No. 84, and to improve it to the line of Terry county and leave a stretch of 18 miles over dirt roads would have been of little help to them outside of getting the work and money for it. But by improving it on to Brownfield, it will give them all weather road north and south over 137, which you know is being improved.

The Herald fully agrees with the News that 84 is an important artery of traffic, and will in time be improved from one end to the other, but just now the drouth stricken sections are being favored. We believe that next to the Bankhead, some day 84 will carry the most traffic west out of Fort Worth and Dallas.—Terry County Herald.

Local Negro Has Excellent Record

George Bivins and wife Mattie Bivins, colored, are leaving today to spend a couple of months at their old home near Brenham. George asks that we tell all his friends that he will be back about February 20 to 24. They have a little property down at Brenham which they go to look after.

Born soon after the close of the Civil War, George is a typical old-time Southern darkey, always very polite and deferential in the presence of Whites. Though unlettered, he tries to make a good citizen. He and his wife have been residents of Tahoka about nine years, and George says he has never had any trouble whatever since he has been here except some slight trouble with members of his own race "trying to teach them the right way."

George reminds us that there was no colored church here when he came. He was largely instrumental in having one organized and has always been zealous for the religious welfare of his people. "We have done the best we could for our church," is the way he expressed it to the News man. George says that when he came here there was no negro burial ground here, and "I give the colored people a place to bury their dead."

"I want to thank all the white people for being so nice to me," was his parting shot, as he bowed himself out the door with his hat under his arm. George and Mattie have their faults, we guess, but if all negroes were of their type there would be no race problem in this country.

Officers Break Confidence Game

Arrest of two men yesterday at Southland was believed to have broken a confidence game, involving counterfeiting, which was being operated on the South Plains.

Prospective victims were said to have been enticed by "big money-making" possibilities of counterfeiting equipment the suspects had. Legitimate currency, necessary in the scheme, was to be furnished by the victims.

Post Man Fleece
Sheriff W. F. Cato of Garza county said a Post resident was fleeced of \$900 less than a month ago by two men believed to be confederates of the pair arrested.

The suspects were held in county jail. Whether prosecution would be in state or federal courts had not been determined, said Sheriff Tom Abel. Both Sheriff Abel and Sheriff Cato said they believed principal object of the scheme was swindling rather than counterfeiting.

Equipment is Found
Pans in which chemicals could be mixed, chemicals, glass plates, paper cut the size of currency, and other equipment were seized when the arrests were made. Sheriff Cato and Abel, and Jack Reaves, a state highway patrolman, set the trap at Southland. A Post farmer and his son, claiming they were interested in the scheme were responsible for the arrests.

The officers in raiding a hotel room at Southland, found what was believed to have been a legitimate \$5 bill, placed between sheets of a good quality paper and tightly clamped between two boards. Imprint of the bill already had

been transferred partially to the paper. The paper smelled of creosote.

The officers found a pint whiskey bottle filled with a reddish liquid, a smaller bottle half-filled with a clear liquid, and several vials of white powder. A damp towel was wrapped around a large number of sheets of paper, as though to moisten the paper for the process.

The suspects were unnamed—Lubbock Avalanche.

O'Donnell Editor Married To Doctor

O'DONNELL, Dec. 11.—(Special) Marriage of Mrs. Pauline Campbell and Dr. Farrell Farrington was quietly solemnized Friday noon at Lamesa, in the presence of a few

friends. Judge Phillip Yonge performed the ceremony.

Mrs. Farrington is the daughter of Mr. and Mrs. W. H. Veasy, and has made her home in O'Donnell for the past eight years. She was a student at Texas Women's College, where she majored in English and journalism. She was for two years editor of the Handout, the college weekly, as well as the founder and editor of The Saxe, quarterly magazine. She was a member of the Press Club, honorary organization; of the S. M. K. Society, serving as president for one term. During her residence in O'Donnell, she has taught in the public schools and has been connected with the O'Donnell Index for six years, being managing editor for the past year.

For the ceremony she wore a brown bangaline ensemble with harmonizing suede accessories. Her flowers were a corsage of ophelia

rosebuds and valley-lilies, with gold satin ribbon.

Dr. Farrington is the son of Dr. R. A. Farrington of Alba. He received his degree in dental surgery from Baylor School of Dentistry in 1928, and has practiced his profession in O'Donnell since that time. He is a member of the Psi Omega fraternity, in which organization he was active during his school career.

The couple will be at home in O'Donnell, where they will continue with their professions.

Mr. and Mrs. Preston King are the proud parents of a ten pound boy who was born last Saturday morning. Mother and babe both doing nicely.

New classes begin each week at Shamburger's, Dallas, Texas. 17tc.
