**WHY ANTARCTIC?**  
Why is Admiral Richard E. Byrd spending thousands of dollars and risking lives to explore the antarctic again? He gives his own answer to that question in a farewell message written for the Rotarian Magazine just before leaving the United States.

"If you admit that science has a direct bearing on human welfare," says the famous explorer, "if you can see how increasing the world's knowledge of radio-activity, of weather influences, of geology, of a dozen kindred lines of scientific knowledge must presently be felt in better living conditions for the hundreds of millions who live upon this earth, then you can be convinced that it is not all futile."

ed that it is not all futile. "Given an opportunity to sit down and talk it over, I can guarantee that you will agree with us in seeing a probable gain for humanity from our expedition, far in excess of its cost in dollars and its risk in human lives."

"Our second expedition," he continues, "is to substantiate what I believe to be true on my previous flights, and to map out these areas. On the first expedition I claimed certain territory in the name of the United States, and it is also the purpose of the second expedition to substantiate these claims."

"A great deal of investigation is crying to be done in these areas in the fields of geology, geography, meteorology, biology, glaciology, oceanography, radio-activity, magnetism, star dust, cosmic rays, and so forth. It is of great scientific interest to study at first hand a portion of the world that is still in the clutches of an ice age in its full flood tide."

"The ice age has receded from the top of the world. It is believed that the South Pole, area, composed of high land as it is and covered for the most part with thick ice, governs to a great extent weather and wind conditions over a large part of the globe. To what extent weather is affected and long-range predictions of weather can be made, can be determined only by a lengthy study of wind and barometric conditions in this area. The scientific results of the last antarctic expedition are being recorded under different scientific headings in six volumes, and it is also for the completion of this work that the second expedition is deemed necessary."

A newspaper man over in Oklahoma asks his merchants a few pertinent questions that might make some of us stop and think. With over a thousand families in Colorado county reading the Citizen, we believe the same questions might be called to the attention of some of our merchants. Here they are: "If a member of your family died, would you send out the obituary in a circular letter? If your wife entertained, would you run a slide at the local movie? If you were to enlarge your store, would you tell folks in a hotel register? If you were to have a wedding at your house, would you tack the news on a telephone pole? Then why the dickens don't you put your advertising in the newspaper too?"—Columbus Citizen.

**RULES GIVEN FOR TINY TOT STORY TELLING**

The Tiny Tot Story Telling Contest has not been a contest of the University Interscholastic League, but has been sponsored by the Interscholastic League of Lynn county, which contest has been held the same time as the County Meet. This contest is a very worth while one, and offers excellent training to both boys and girls of tiny tot age. Preparation for the contest can be easily made in all classes of schools, and each contestant has the same opportunity as every other contestant entered.

The rules governing the contest this year are as follows:

1. Each member-school having eligible contestants may enter in the county meet two contestants in the Tiny Tot Story Telling: one boy and one girl.

2. There shall be two divisions in Tiny Tot Story Telling: (1) boys; (2) girls.

3. Each contestant must have reached his or her sixth birthday, and must not have passed his or her tenth birthday by Sept. 1, 1933.

4. Entries in this contest are restricted to pupils in the first or second grades only.

5. The contest of the story must come under the general classification of "Children's Stories," and must lie in the general field of interest for children of Tiny Tot age. Dialects such as negro and others may be used intermittently throughout the selection or story if desired. The speaker shall not use any extra assistance in the interpretation of the story, such, for example, as the carrying of a flag or other emblem.

6. This is a contest in story telling and speakers shall be judged upon their ability to tell stories effectively. Among the elements to be considered will be naturalness, a direct, clear and sympathetic expression of the thought and emotion of the story and shall count relatively more than gesticulation or any showy manner of delivery.

7. No story told shall exceed (4) four minutes in length.

8. All contestants must be eligible under the rules and regulations as set up by the Interscholastic League in Article VIII of the Constitution.

9. All entries in this contest must be sent to Director Mrs. L. H. Taylor, Post, Route 2, by Tuesday, March 6.

Do not forget Sunday School Sunday morning at 10:30, and singing at 2:30 Sunday afternoon. Come and bring some one with you.—Reporter

The making of iodine from oil well brines is an industrial potentiality of real value to Texas. Iodine has been supplied to the world largely from the Chilean nitrate deposits with sea weed furnishing some small part of the supply. Methods have been perfected for extracting the chemical from the oil well brines economically and satisfactorily, and the suggestion is passed on to Texas oil companies for what it is worth.

A 20-acre site for an oil refinery at Plainview has been purchased and incorporation papers drawn up for organization of the company to operate it.

**Build Up Health and Pains Go Away**

WOMEN who suffer from weakness often have many aches and pains which a stronger state of health would prevent.

Women in this condition should take Cardui, a purely vegetable tonic that has been in use for over 50 years. Take Cardui to improve the general tone of the system in cases of run-down health and "tired nerves." Women have found, in such cases, that Cardui helps them to overcome pains and make the monthly periods easier.

CARDUI is safe and wholesome for women of all ages. Try it! Sold at the drug store.

The Draw school will be the center of basketball interest Saturday, February 10. County play-off in boys and girls basketball will be held on the court of the Draw school beginning at 9 o'clock a. m. The Humdingers (girls' basketball team) has qualified for the tournament by virtue of their victories over the other teams in the quadrant. The boys expect to enter the playoff; however that will be possible only by defeating New Lynn in

a game to be played before Saturday.

If you like to watch fast and furious sport, be in Draw Saturday.

Monday afternoon a debating club was organized. The members expect to get part of their training for speech activities through this club. Draw will be well represented at the county meet this year.

**Officials Praise Palo Duro Park**

Canyon, January 24—Points of interest will be given suitable names of historical and romantic significance when the plans of the State Park Board chairman, D. E. Colp of San Antonio, are carried out.

Colp was in Canyon recently, accompanied by G. E. Naason representing the National Park Service, and both were in conference with the committee charged with the responsibility of selecting suitable names for points of interest within in the park.

Mrs. J. A. Hill of Canyon heads this committee, and working with her will be Miss Margaret Seewalk of Amarillo, Dr. Kenneth Chapman of Santa Fe, J. Everts Haley of Austin, Floyd Studer and T. E. Johnson of Amarillo, and C. W. Warwick of Canyon.

An associate committee is composed of L. F. Sheffy, Mr. and Mrs. Travis Shaw, Mrs. T. V. Reeves, Burl Elliston, and Col. Edward R. Coppock, all of Canyon.

Guy Carlander, of Amarillo, is associated with the committee as map maker, and has in the course of preparation a comprehensive map of that section of the Palo Duro Canyon which is embraced in the park.

Mr. Naason, speaking for the National Park Service, said today, "It is not our job to improve or build the park. It's already here. It is our job to make it accessible to the people and to help them see and understand its beauty."

State Park Board Chairman Colp said, "The Palo Duro is the only inverted mountain in the world. The people of Texas have a wonderful possession here," and Col Coppock who has only recently come to the Palo Duro C. C. C. Camp as its commanding officer declared that the drive from rim to rim across the Palo Duro was the most attractive ten miles that he had seen in all his travels.

Members of the committee were agreed that names of beauty and significance should be given to objects in the Park. These names will be chosen from Spanish, Indian, and English names and so far as possible each one will have a real historical significance and will add to the romantic interest in the park.

**Attendance Record At Canyon Is High**

Canyon, Feb. 1.—Between 75 and 100 new students had enrolled by noon today, the second day of registration for the Spring Semester at the West Texas State Teachers College. It is expected that many more new students will enroll during the next few days, swelling the enrollment figures for the current school year to a new record for the College.

Much of this increase in enrollment is attributed to the fact that the College is now operating on the split-semester or nine-weeks term plan which enables students to pay their fees in easy installments at the beginning of each nine-weeks term instead of in lump sums each semester.

The second nine weeks term of the Spring Semester will open on April 2, at which time it is expected that many more new students will take advantage of the new plan.

**RATTLESNAKE HUNT NEWEST THRILL IN 'OUTDOOR SPORTS'**

Moran, Tex.—Rattlesnake hunting is the newest, most exciting and dangerous sport to become popular in West Texas.

There is no lack of game, for rattlers are native to this portion of the Southwest and may be found almost anywhere. A special technique, however, is required to trap them during their winter-hibernation in rocky crags and hillsides.

Where years past saw groups of 100 or more hunting the reptiles on Christmas-day, the day set aside by custom for such adventures, now every warm Sunday afternoon finds numerous parties in the field.

Unaffected by Dynamite

Snakes basking in the "sunshine on the rocks give the hunters clues as to location of the quarry's dens. Then if the runaway to the den is too narrow to permit pulling the reptile out, dynamite is used to blast a larger opening. Long steel hooks are employed to fish rattlers from their hiding places. They seem unaffected by the explosion, and sometimes as many as 50 are pulled from one hole.

Although the snakes are only semi-active while in hibernation, they strike as quickly and with as deadly effect as in the warm months.

Thrill for Visitors

Bill Hubert, pioneer resident of this section, is credited with starting the rattlesnake hunting fad. Despite the large number killed, the pests still abound.

To add to the sport, natives frequently take visitors along. The usual reaction of the "tenderfoot" to the sight of a five-foot diamond-back being hauled fighting and striking from the rocks is "Give me room!"

**Piano Tournament Is National Affair**

New York, Feb. 15—Plans for the first annual national piano-playing tournament sponsored by the National Music Guild of New York and open to all grade school, high school, and college students through out the nation, have been announced by Irl Allison of Abilene, Texas, tournament director.

Allison, dean of music in Simmons University at Abilene, originator of the tournament plan of national competition in piano, will act as general director. Edwin L. Gunther, New York, is guild secretary.

The tournament will be held in 75 cities in 48 states and the District of Columbia during National Music Week in May, 1934.

It will introduce a new type of competition for piano students, who will not compete against one another but against a standard. They will be "playing against par." Perfect playing and extensive repertoire will be the objectives.

National competition is an out-growth of the All-Southwestern tournament founded by Allison, now in its sixth season. Starting in Abilene in 1929 with one unit, last year it had grown to eleven units of 212 students in four states.

Texas units are: Dallas, Abilene, Waco, San Antonio, Beaumont, Tyler, Austin, Fort Worth, Houston, Plainview, El Paso, and Wichita Falls.

**YOUNG DEMOCRATS PLAN TO REVISE CONSTITUTION**

Lubbock, Feb. 14.—Young Democrats of West Texas, who attracted statewide attention by the fight waged over adoption of resolutions in their convention at Lubbock, have been pleased with the editorial comment which has followed.

The heartiest "pat on the back" came from the Dallas News whose lead editorial on February 6 was "Rah For Young Democrats." The News noted that the resolution proposing a "complete revision of the state constitution" passed with little opposition but that the trouble flared when "detailed suggestions for this revision" came up for consideration and observed that such details should best be left to the constitutional convention when called. The News said that Young Democrats would perform a patriotic duty to their state if they would concentrate upon getting the convention called "to be composed of one delegate from each senatorial district" and secure its adoption in time for it to go into effect in 1936 as a fitting celebration of the 100th anniversary of Texas independence.

Hugh Anderson, Lubbock attorney, president of the West Texas Young Democrats, has declared that the organization "is now pointing toward the state convention to be held at Dallas in May and West Texas will present a united front at that convention."

**OWED TO THE "FLU"**

When your back is broke and your eyes are blurred,  
And your shinsbones knock and your tongue is furred,  
And your tonsils squeak and your hair gets dry,  
And you're doggone sure that you're going to die,  
But you're skeered you won't and afraid you will—  
Just drag to bed and have your chill,  
And pray the Lord to see you through,  
For you've got the flu, boy,  
You've got the flu.

When your toes curl up and your tummy goes flat,  
And you're twice as mean as a Thomas cat,  
And life seems a long and dismal curse,  
And your food all tastes like a hard-boiled hearse,  
When your bones all ache and your head's a-buzz,  
And nothing is as it ever was—  
Here are my sad regrets to you—  
You've got the flu, boy,  
You've got the flu.

What is it like, this blamed old flu? Ask me, brother, for I've been through,  
It is misery, crossed with despair; It pulls your teeth and curls your hair;  
It thins your blood and dries your bones,  
And fills your craw with moans and groans,  
And sometimes, maybe, you'll get well,  
Some call it "flu"—I call it "h—"

Rev. Wheeler, pastor of the Methodist Church, filled his regular appointment Sunday. He preaches every second and fourth Sunday here. The public is invited to attend these services and also Sunday School each Sunday.

There is still quite a bit of sickness in our community: Mrs. Smith Lawson is sick with the measles, but is getting along fine.

Little Jimmie Dale Chapman, son of Mr. and Mrs. Rudolf Chapman, is quite sick.

Grandma Aten is still on the sick list, but we think she is improved some.

Miss Laura Edwards and Mr. Houston Hoover of Graham were united in matrimony Sunday at Draw. We wish them a happy and successful life.

Miss Bethel Greer spent the week end with her parents, Mr. and Mrs. C. M. Greer.

Miss Erlene Norman, who has been visiting relatives at Dallas, returned home Sunday.

Mr. and Mrs. Ray Norman spent Sunday with her parents Mr. and Mrs. C. C. Jones.

Mrs. E. S. Evans of Tahoka visited her sister, Mrs. M. C. Thomas, Wednesday.

Rev. Farmer will preach Sunday morning and Sunday night at the Nazarene Church. Everyone is invited to come. Rev. Farmer preaches on the first and third Sundays. We also have Sunday school each Sunday. You are invited to come.—Reporter.

**NORTHCUTT PLANTS TREES TO RECLAIM WASTE LAND**

Six hundred pecan trees have been planted on a farm one mile west of Kress by N. R. Northcutt, former Plainview merchant, who is now a resident of San Angelo. One hundred of these are seven-year-old grafted paper shells, which Mr. Northcutt bought at Clyde, Texas. Many of the holes in which they were planted were dynamited to loosen up the soil. Five hundred are young trees which he has planted for nursery stock.

The trees have been put out near and in the bed of a lake, the owner trying thereby to improve waste land.

Water has been piped from a windmill to the trees and arrangements made with the neighbors to keep the trees watered.

The pecans are planted on land owned by Northcutt and farmed by Fred Sjogren.—Plainview Herald.

**300-YEAR-OLD SILVER MINE OPENED AGAIN**

Midland, Feb. 1.—Silver mining on a large scale has been started on the Shafter mine said to have been worked by Indians and Spaniards 300 years ago. Owners of the mine will put 350 men to work, as soon as operations are in full blast.

The mine will also operate the old smelter in connection with the operations. It is expected that the ghost town of Shafter will soon have a population of about 1,200 people. The mine is in Presidio county, about 20 miles north of the Rio Grande. Rise in silver prices determined owners to begin operating the diggings.

At intervals for the past 300 years, the mine has been worked sometimes with power machinery and sometimes with picks by struggling prospectors who dug out as much ore as a burro could carry and transported that way to smelters at El Paso.

"My Gas Refrigerator Changed Our Argument"

Paul Baker, the attorney, who anticipate every argument he makes in court, but when talking to friends he's human like the rest of us and apt to base his opinions on what someone said. That's why he and his wife Edna, classed themselves with those who felt they were paying too much for gas. The Bakers have used gas for cooking and water heating so long that they lost all idea of its value as compared to substitute fuels.

Several months ago Paul gave Edna a new gas refrigerator for her birthday. They were surprised to find that its operation required no more than 1000 cubic feet of gas a month, for which they paid 67 1/2 cents. Since 1000 cubic feet of gas will give three dollars' worth of service, they value it at that amount for this purpose. No longer do the Bakers complain about the price of gas. Instead, they praise gas service as their greatest bargain.

By turning to gas refrigeration you can prove to yourself that gas is worth three dollars for this purpose. By comparing the value of gas with substitute fuels for a few years you will find it to be worth \$2.50 per 1000 cubic feet for cooking and \$1.25 for water heating. These amounts are much better than the price of gas in this community.

### South Ward

We received the news Sunday morning of the wedding of Miss Beatrice Hammonds of Edith and Sherman Inman of this place. Mrs. Inman is the daughter of Mr. and Mrs. T. I. Hammonds and Mr. Inman is the son of Mr. and Mrs. W. P. Inman. They were united in marriage Saturday night by Bro. L. L. Hays, Baptist pastor at Tahoka. They have the many wishes of happiness and prosperity of their friends. They left Monday for Snyder, where they are visiting the groom's brother, Jack Inman, and family.

Miss Norene Mason is very sick from the pains of a sore finger. The report from Dr. Turrentine Saturday was bloodpoison. We truly hope that she will soon be well again.

Mr. and Mrs. J. W. Nelson and little daughter Peggy Jacquelin of Meadow visited Mrs. Nelson's parents, Mr. and Mrs. W. P. Inman, and family Sunday.

Whereas, by virtue of an Order of Sale issued out of the 99th District Court of Lubbock county, Texas, on a judgment rendered in said court on the 12th day of January, 1934, in favor of The Peoples Building and Loan Association of El Paso, Texas, and against A. C. Lambert for the sum of \$98.89, and costs of court and for foreclosure of a deed of trust lien on the following described property and a tax lien on the following described property against A. C. Lambert, Lida C. Lambert, Jim Wetzell, W. C. Yell, G. W. Cranford in cause No. 5738, on the docket of said court and to me as Sheriff directed and delivered, I did on the 13th day of February, 1934, at 10 a. m. o'clock levy on said property which is situated in Lynn County, Texas, and belonging to said defendants, to-wit: All of Lots 3, 4, and 5, Block 2, Dawson Heights Addition to the town of O'Donnell, Lynn County, Texas on the 3rd day of April, 1934, being the first Tuesday in said month, between the hours of 10:00 a. m. and 4:00 p. m. on said day at the court house door of Lynn County, Texas. I will offer for sale at public auction for cash to the highest bidder, all the right, title, and interest of said defendants A. C. Lambert, Lida C. Lambert, Jim Wetzell, W. C. Yell, Mrs. W. C. Yell and G. W. Cranford in and to said property.

Witness my hand this 13th day of February, 1934.

B. L. PARKER, Sheriff of Lynn County, Texas. 26-30c.

NOTICE TO CREDITORS OF THE ESTATE OF J. S. EDWARDS DECEASED  
Notice is hereby given that original letters testamentary and of administration, upon the estate of J. S. Edwards, were granted to me the undersigned on the 27th day of November, 1933, by the County Court of Lynn County, Texas. All persons having claims against said estate are hereby required to present the same to me within the time required by law. **Black-Draught**  
Clears Up Sluggish,  
Dull Feeling  
"I have used Theford's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Champion, of Wynne, Ark. "I think it is good for spells caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."  
P. E.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Theford's Black-Draught.

### SHERIFF'S SALE

The State of Texas,  
County of Lynn.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Lynn County, on the 30th day of December, 1933, by W. S. Taylor, Clerk of said Court, for sum of One Thousand, Eight Hundred Fourteen Dollars and Five Cents (\$1,814.05) and costs of suit, under a judgment, in favor of Temple Trust Co., in a certain cause in said Court, No. 958, and styled Temple Trust Co. vs. Alvin O. White, placed in my hands for service, I, B. L. Parker, as Sheriff of Lynn County, Texas, did, on the 30th day of December, 1933, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit: The undivided one-half interest of Alvin O. White in and to 440 acres out of section one (1), block D-23, Lynn County, Texas, and being all of said section except 200 acres claimed by Alvin O. White as a homestead, as such lien existed on the 23rd day of January, 1932, and at all times since such date, for the satisfaction of a balance of \$1814.05 with ten percent interest from Dec. the 7th, 1933, of the judgment recovered by the Temple Trust Co. on the 14th day of Jan., 1932, in the 99th Judicial District, Lubbock County, Texas, against the defendant Alvin O. White and Lily White, and also for the satisfaction of the cost of this suit.

Individually and as community administrator of the estate of his deceased wife, Ester White, Lily White, present wife of Alvin O. White, William Frank White, Howard Miller White, Anita June White, Mrs. Beatrice Young, a widow, individually and independent executrix of the estate of her deceased husband F. D. Young, Clifford D. Young, Jess Joplin and wife, Mrs. Jess Joplin, John Standefar and wife, Mrs. Jess Standefar, and levied upon as the property of Alvin O. White and that on the first Tuesday in March, 1934, the same being the 6th day of said month, at the Court House door, of Lynn County, in the town of Tahoka, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale, I will sell and said Order of Sale, I will sell and above described Real Estate at public vendue, for cash, to the highest bidder, as the property of Alvin O. White.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn County.

Witness my hand, this 7th day of Feb., 1934. B. L. PARKER, Sheriff, Lynn County, Texas. 25-30c.

And Got Rid of  
Pain In Her Side  
"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had bad, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."  
Cardui is sold at drug stores here.

# Announcement:

Under the Bankers' Code, it becomes necessary for banks to adopt a schedule of Service Charges. This bank has adopted Service Charges according to the schedule that follows: In accordance with this, the following schedule of charges will become effective March 1st, 1934.

### 1. Active Accounts:

- (a) Accounts with average daily balances below and including \$50.00 with 5 checks or less, a minimum charge of 50 cents; each check in addition to the 5 free checks, 3 cents. Balance of \$50.00 and under, with one check per month, not considered active, and are exempt from 50 cents service charge.
  - (b) Accounts with average daily balance above \$50.00, and not over \$100.00, 1 free check for each \$10.00 balance; each check in addition to the free check, 3 cents, with minimum of 50 cents for additional checks. (NOTE: Non-taxable counter receipts are counted as checks.)
- EXEMPTIONS: Accounts of Churches, Lodges, Municipalities, and Charitable Organizations.
- Debits covering amount due will be made on or after the 15th of each month.
2. Large accounts of much activity will be analyzed according to a uniform schedule suggested by the Bankers' Association and unless compensating balances are carried in these accounts, a fair charge will be made for handling them.

### 2. Bill of Lading, etc.:

On each outgoing draft, with or without bill of lading attached, representing sale of produce, cotton and sundry products, a minimum charge of 25 cents per \$100.00 to carry item for eight days, then additional charge to equal exchange, covering time exceeding eight days.

### 3. Non-Depositors:

On all out-of-town items cashed for non-depositors, a minimum rate of 25 cents per \$100.00. Minimum charge for handling any item, 10 cents—except that drafts or checks issued in quantities for small amounts, such as cream checks or drafts, may be handled for a minimum of 3 cents per item for amounts of \$5.00 or less and 5 cents up to \$20.00 and one-fourth of 1 percent above that amount.

### 4. N. S. F. Charges:

A minimum charge of 25 cents for each check drawn against a checking account—and returned because of insufficient funds.

### 5. Overdrafts:

Where one or more checks per day are paid against overdrafts, a minimum charge of 25 cents, plus interest for time O. D. is allowed to remain.

### 6. Collections—to and from Outside Points:

### Much Praise For New Chevrolet

Instantaneous public response in terms of orders for retail delivery greeted Chevrolet's announcement that hereafter their dealers would quote only actual delivered costs instead of the ambiguous "f. o. b." prices on new cars and trucks, reported Chester Connolly of the Connolly Chevrolet Co., local Chevrolet dealer, upon his return from Oklahoma City where he attended a meeting of dealers from this vicinity conducted by Felix Doran, Jr., Assistant General Sales Manager of Chevrolet Motor Company.

The "new deal" in automobile merchandising, Mr. Connolly said, quoting Mr. Doran's address to the dealers, is designed to drive into the open every item entering into the cost of a car to the purchaser. "The immediate result of the new policy," Mr. Doran reported, "was a flood of wires and expressions of appreciation from both dealers and public. Accompanying these expressions, too, were more than 100,000 bona fide orders for the immediate delivery of the new 1934 "knee-action models." "We are now in production on the new cars and our 21 plants throughout the United States are working night and day. Shipments are being rushed to our dealers. Within two weeks we expect to be in a position to make immediate delivery in quantities to retail purchasers."

"My optimism increases as I gather reports from different localities on my present trip," Mr. Doran said to his dealers. "The outlook for Oklahoma City Zone is one of the brightest that has been reported. Conditions in this locality continue to improve each day, and we look to Oklahoma City Zone as one of largest volume areas in the country in 1934."

The new delivered price policy will save millions of dollars to car buyers this year, he stated. For example according to Mr. Connolly, the average list price of Chevrolet is up 14 percent over 1933, but the actual difference will be only 8 percent.

### HECK ANNOUNCES FOR COUNTY COMMISSIONER

(Cont'd. from first page)

county and the business end of county affairs are much alike.

Since living in Lynn county I have tried hard to make a citizen from every standpoint. It has been my purpose always to stand for the highest, not only from a business standpoint, but religiously, morally and otherwise. It would please me to have my record looked into in this county and from any community where I have ever lived.

If I should be elected to the responsible office of commissioner I shall do my best to be fair to the entire county and assist as much as I may in making our county stand on ethical business plans.

Your support and influence will be appreciated and I shall reciprocate by giving our county, if elected, the best service in me.

JNO. HECK.

Texas' gross farm income for the eleven months of 1933 to Nov. 30, is estimated at \$355,427,770, according to Victor E. Shoffelmayr, agricultural editor of the Dallas News—a gain of 44 per cent over 1932. Petroleum refining brought to Texas in 1930 (and probably 1933 is as high or higher) a total of nearly \$520,000,000.

### OUR PRESENT POLITICAL SITUATION

The trouble with our Legislature and Congress is that in the past we have put in young lawyers and others hunting a reputation. We have elected too many other lawyers that have filled our statutes full of loopholes until there is not any too much respect for law. We have elected merchants with too much interest in their own commercial affairs and farmers in name only without much practical sympathy with the farmers as a rule.

With our existing circumstances of tenant farmers, with their families to care for, who have been accustomed to farming all of their lives, being forced to move to towns and outside tenant houses, now, if these tenant farmers had mechanical trades, this would be different, but naturally they will be forced to work at unskilled prices and move their families into small unsanitary houses and exist on a low standard of living.

We need to send to Washington and Austin this class of candidates. If a lawyer, one that will agree to such measure as are being submitted to the Governor at this session. These measures provide for the trial judge to pass and examine prospective jurors, to reduce causes of continuance of cases, and if more than one criminal is caught in the same crime, then try all at once.

If a farmer, he will consider the entire class in the industry. If a merchant, then the entire commercial field. If a labor representative, then cover every form of manual labor.

We have too much sticking for their selfish interests. However, this does not mean outright bribery but taking care of themselves indirectly.

Now, we need to send candidates who will improve our legal procedure to provide fear for anyone violating any law, then limit amount of land any individual can cultivate, regardless of ownership.

All forms of government labor should be done on an economical scale and a full days work required. Of course, we would require amendments, but we really have a Supreme court in favor of reform that would place our needs above constitutional fogies.

When electing married men, pick the type that their wives are in sympathy with and will aid them instead of the hairbrained social whirl type which eventually ends in sorrow.

Mrs. Roosevelt is the ideal type. Be sure the candidate is the type that loves his own family only, and we do not need the class continually interested in other women.

We need the hard-boiled or rather firm type that will say in their heart, "I will do all within my power to give every citizen, regardless of race, color of creed, an opportunity to earn a respectable standard class of living regardless of the direct or indirect bearing it will have on my own or circumstances of others." Their time should be on their legislative duties.

A man leaving public life should be able to say: "I have fought a good fight and done all within my power to aid my countryman to live a high, clean, standard life."

Respectfully, FRED MATHEWS.

### Rules Are Given For Flu Prevention

Austin, Feb. 7.—Influenza, while not of such prevalence as last year, is still occurring frequently enough to cause alarm, according to Dr. John W. Brown, state health officer.

In its present form, its symptoms may range from a common cold to high fever, backache, and prostration. However, pneumonia as a complication represents the real hazard. And, as is well known, pneumonia is an exceedingly dangerous foe. The remedy is bed upon the first appearance of a cold, and remaining there until advised by the physician that one can safely get out of it.

Everyone should realize that in its mildest form influenza can easily become a very serious matter. Of course, prevention is better than cure. While influenza seems to be no respecter of persons, the careful observance of a few common rules will materially strengthen one's resistance to an attack. Some of these rules are:

### BLACK-DRAUGHT MADE FROM BEST LAXATIVE PLANTS

Sunshine, Rain and Soil produce the foods you eat at every meal—that rebuild your body as you work, play, live.

Sunshine, Rain and Soil also produce plants that clear up trouble in the digestive system of your body. From the best of such medicinal plants is Black-Draught made. The right plants are selected, finely ground, and packaged for your convenient use,—a natural remedy for sluggish, slow-acting, clogged bowels.

Count on refreshing relief from constipation troubles when you take Theoford's Black-Draught.

For Children, get the new, pleasant tasting SYRUP of Theoford's Black-Draught. In 2 1/2 and 6 1/2 bottles.

Insofar as possible, avoid intimate contact with members of the family who have colds or influenza. Keep the feet dry. Wash the hands thoroughly before meals. Avoid unnecessary fatigue. See that your alimentary system is regular and active.
