Draw 4-H Club Girls Study Colors and Clothing
 Suitable colors for clothing and different types of clothing was the subject discussed by Miss Robb, County Home Demonstration Agent, Wednesday, March 21, in a meeting with the Draw 4-H club girls. Many of the club members have finished their pillow cases, shoe racks, and sheets, and others are working on these. We had several new members at our last meeting. Those members present were Misses Edna Waters, Opal Cox, Omega Murphey, Edna and Eva Nichols, Doris Coursey, Beatrice Sherrill, Doris and Lela Mae Blankenship, Mae Crawford, Geneva Cargile, Helen Williams, Lucille Jackson, Lois Waller and Quinnie Bratcher.

Should Choose Right Colors In Dress Goods.

In this age when color runs riot, it is most important that we choose the right colors in dress. Some colors give you the feeling and appearance of well-being, while others make you appear dowdy. Color can make you seem older or younger—stouter or more slender.

The 4-H clubs have enjoyed their study on colors, learning the secret of color harmony. Now colors are made, why some colors are more becoming than others, how to have color variety in clothes and yet achieve perfect harmony, how to choose the correct tint or shade of the wearer's favorite color to harmonize with her hair, eyes and skin.

Tile Laying Demonstration To Be Given at Farm Home
 A demonstration on laying tile will be given at the home of Mrs. R. W. Fenton, Sr. on April 11 at 2:30 o'clock. All club members will meet at the Legion Hall and then go from there to the place of demonstration. A way will be provided for all.—Reporter.

Miss Robb Meets With H. D. Club At Mrs. T. I. Tippit's

In laying tile for sub-irrigation, joints must fit closely and ditch be level, said Miss Robb to the ladies of the Home Demonstration Club at Mrs. T. I. Tippit's April 4.

Tile used for garden sub-irrigation keeps the ground from baking and packing and does not require as much water as surface irrigation.

Mrs. Owens and Miss Robb both gave some important points on making and curing tile.
 Club members present were: Mrs. Sam Holland, Garland Pennington, J. T. Owens, H. O. Hargett, V. A. Botkin, T. I. Tippit and McKendie. Visitors were Mrs. Kahl, Mrs. Bell and Miss Dargett.
 Next meeting will be April 18th, with Mrs. V. A. Botkin.

Daughter Is More Interested In Home.

"My daughter is more interested in home life since she has entered the 4-H club bed room contest," states Mrs. C. R. Cargile of the Draw community.

"Maurine has been so interested in the changes she is making in her own room. The floor has been stained and looks so nice that I am going to fix another bed room floor that same way, as it cost only 65c for the whole floor.

"A clothes closet is being built this week in Maurine's bed room as to her own plans, with the help of the home demonstration agent. This will be a pleasure she will have that has been an outcome of her club work.

PRESBYTERIAN SERVICES SECOND SUNDAY IN APRIL

Attention is again called to our regular services on the second Sunday of each month. After the fine snow and season, everything all about us is evidencing a pick-up. It is wonderful what rain, new cars and the open church does for Good Texas. They carry a spell of good cheer and hope for the open highway of our generation. Be at 8. S. and the Bible class next Sunday morning. An hour with the Bible is both educational and inspirational. Try going to 8. S. and church next Sunday. It will surely help you. Morning theme "The Rock that is Higher Than I." Recovering the sense of the supernatural, in life. Special music and fine gospel hymns. Subject Sunday night: "What is Best For Us." What most people would like to know then go and do what is best for you. Solomon writes, "There is a way that seemeth right unto a man, but the end thereof is death." When we only have preaching services once a month, do not miss a service. Your presence helps the minister as well as others. More than this, God is honored when we

rightly worship him. We have something to say next Sunday about the fine work of the Tahoka Church, and the Women's Auxiliary all this year, and our appreciation of faithful co-operation of our people and friends in the Tahoka work, which year's work closes next Sunday. If no one has told you, you will always find at the Presbyterian church a Bible message and a Christ

honoring gospel. Be in all our services next Sunday. You are invited.—W. K. Johnston, Minister

Conoco Travel Bus Visits City

"More tourists will visit Tahoka during 1934, and more money will be spent in local business establishments by visiting motorists than during either of the past two years."

Such was the prediction made here by Chas. S. Ritchie, commander of a roomy red, green and white Conoco Travel Bureau bus which rolled into town last week, stopping long enough to allow its personnel to inspect local points of interest and check over the tourist assistance now being rendered by the Conoco service stations here.

Ritchie told the Lynn County News that one reason why an increase in vacation travel to this area seems probable is the fact that 1933 statistics compiled by the Conoco Travel Bureau indicate a decidedly encouraging trend.

TAKE A JOY RIDE THROUGH HEAVEN

Behold now a new style of spectacular musical motion pictures launched in Hollywood. Bristling with novelties, glamor and lavishes, studded with brilliant all-star performers, set in a new exotic locale, and enlivened by 200 dancing girls picked from a roster of 10,000 candidates. "Flying Down to Rio" hits a new high peak in entertainment with a basic innovation of an extravaganza enacted in midair on high powered biplanes. See it at the English Theatre Sunday, Monday and Tuesday.

This elaborate show demonstrates just what can be done when a brilliant idea is carried through from inception to production.

"Flying Down to Rio," comes as the first aerial musical show ever staged, and over the harbor in full view of thousands of spectators. The girls do their stuff on the planes while the music is broadcast by Raymond's orchestra, also in the air. Their stunt amounts to aerial aquaplaning. They stand on the wings of the planes and hang on with ropes while the pilots make power dives.

Peppery Ginger Rogers tops all her film roles for thrill, comedy and romance in RKO-Radio Pictures' musical extravaganza, "Flying Down to Rio," when she straddles the fuselage of an airplane and gallops through the skies over beautiful Rio De Janeiro.

Her performance is part of the spectacular film's climax when some 200 beautiful girls soar aloft to stage the world's finest musical show dancing and singing on the wings of planes, tripping the light fantastic on thin air as they tumble earthward in parachutes. Ginger acts as the master of ceremonies, announcing the numbers over a loud-speaker system.

Hit numbers include two new tangos especially, the "Carioca" and "Orchids in the Moonlight." A Brazilian orchestra playing on such exotic native instruments as the marimbola, chocalho, cavaquinho, pandeiro and violao, is also an interesting feature of the production. The sensational Brazilia dance, the Carioca, is performed by ensembles and the stars.

RED & WHITE STORES CELEBRATE 13TH BIRTHDAY

Founded in 1921 by S. M. Flickinger. From a humble beginning, the Red & White stores have leaped into international fame. There is hardly a hamlet or city in the United States or Canada which has not heard the Red & White name. Growth of the Red & White stores has been phenomenal.

History of Red & White. The Red & White stores plan of operation was conceived by Mr. S. M. Flickinger, of Buffalo, New York, in 1921. It was to meet the demand for a wholesale-retail co-operative organization. It spread into several cities and in the course of a few years the Red & White co-operative plan of home-owned, home-operated stores spread throughout the United States and the Dominion of Canada.

Each Red & White store is owned and operated by the store owner, who has affiliated himself with a number of similar independent stores in his city and are serviced by a local wholesale grocer H. O. Wooten Gro. Co. There are over one hundred similar wholesale grocers in other parts of the United States and Canada who also offer this unique service to their own individual groups. These organizations are affiliated with a national organization who comprise the Red & White Corporation.

S. M. FLICKINGER

Every Red & White store will be decorated for the occasion with banners and signs and there will be an air of friendly hospitality expressed in every store. You are cordially invited to visit your nearest Red & White store during this gala event.

Red & White was conceived and developed for the benefit of the retail store and is operated not for profit. It is not a stock-selling scheme—it is purely a friendly organization whose existence is made possible by the splendid cooperation, confidence and integrity of its members, whose names comprise the "social register" of the wholesale and retail food industry. Some of the finest names in the distribution of food can be found listed among the Red & White members. One of the unique principles on which the Red & White stores operate is the application of the Golden Rule, "Do unto others as you would have them do unto you." This plan of operation has proved to be highly successful and brings a fraternal atmosphere into the daily grind of business.

Red & White Brands Controlled by Red & White Stores. The Red & White organization owns and controls the superior quality Red & White foods, whose name has come to mean a great deal to the housewives of America. It stands for the highest quality obtainable and enjoys the unique distinction of having a longer list of approved items by Good Housekeeping Magazine Institute than any other food manufactured in America.

Plan Anniversary Sale

To commemorate the thirteenth year of progress of this organization, the Red & White stores are planning an International Anniversary Sale to be conducted in hundreds of newspapers throughout the United States and Canada, carrying the message to the housewives of America through their own store newspapers, "News Flashes," together with a unique presentation of many Red & White foods through lithographed window display cards and other media.

Every Red & White store will be decorated for the occasion with banners and signs and there will be an air of friendly hospitality expressed in every store. You are cordially invited to visit your nearest Red & White store during this gala event.

EASTER SERVICES HELD AT METHODIST CHURCH

"Why seek ye the living among the dead?" was the theme of Rev. Smith's beautiful Easter message at the Methodist church Sunday morning. The musical feature was a lovely sacred setting of Nevin's "Rosary" entitled "The Holy Hour," sung by Frank Sargent. The Kingdom Extension free-will offerings was very generous—something over sixty dollars.

At the evening hour the choir had the service which consisted of an inspiring anthem: "As It Began to Dawn," with Mrs. Layne Moreland as soloist, a violin offertory "Traumerel" played by Miss Mary Jane Weathers, and the sacred cantata "From Death Unto Life" sung by the choir of thirty voices. Besides the various ensemble arrangements throughout the cantata, the soloists should have especial mention. In the order of their appearance they were: V. S. Cassel, Mrs. Frank Hill, Edgar Hammonds, Eva Douthit, Judge Tom Garrard, Dr. C. B. Townes, Mrs. Layne Moreland, and Brown Bishop.

In consideration of the great amount of sickness in the church and community, the music committee is to be congratulated on the degree of success attained by their untiring efforts. The chairman of the committee is Mrs. Frank Hill, ably assisted by Mesdames More-

land, Slaton, W. E. Smith, and H. Wells, and it is their purpose to arrange good and worshipful music for every program of the church. They will appreciate your interest and help and be glad to receive suggestions.

Let us bring our church school attendance back toward a new level these spring days when everything is taking on fresh, new life.—Reporter.

This Seal Is Your Assurance Of

ECONOMY

In Use Of Gas

In the above photograph, a laboratory chemist is checking the radiant efficiency of a radiant type heater by means of a thermopile heat recording instrument. This is only one of a large number of tests which a radiant heater must pass in order to receive the BLUE STAR Approval Seal, and is your ONLY certain assurance of satisfactory construction and performance.

When you go into a hardware or furniture store to look at new radiant or other type room heaters, what qualities do you look for in the heaters shown to you? Isn't it a fact that size, type, appearance and price are about the only points you are readily able to judge?

Yet there are certain fundamental qualities ANY room heater you purchase should have, regardless of size, type and appearance. The particular construction of the burners, air mixers, air shutters, coaks, ignition, manifolds, gas connections, flue outlet and other parts make the utmost difference in the performance and safety of the heater—yet, when correct, do not add appreciably to manufacturing or selling cost.

But you are not able to judge these points and determine whether the heater that appeals to you is so constructed that it has a minimum fire hazard, gives off no carbon monoxide, is economical with gas, is sufficiently durable and long-lived, and will provide the heating qualities desired. In fact, it has taken a special committee of the American Gas Association since 1924 to formulate a satisfactory yet reasonable set of approval requirements for gas room heaters.

To know whether or not the new room heaters you purchase meet these carefully drawn approved requirements, all you need to do is to look for the American Gas Association's Blue STAR Seal of Approval. It will be found on ALL heaters or gas appliances which have met the laboratory tests, and on NONE which have not. If you cannot locate this BLUE SEAL on the side or back of the appliance, BEWARE! You do not want to own such a heater at any price—there are plenty of approved heaters on the market in a wide selection and at popular prices which possess the BLUE SEAL.

When shopping for a new gas appliance, ask the dealer to show you only those appliances which have this approval seal—as this is more important than all other considerations combined.

The play, sponsored by Miss Bernice Dean, is entitled "The Blue Tea-pot."

We will have our annual exhibit of school work on the last Friday of April. Teachers and students are saving specimens of good work and plan to have the best exhibit yet.

An illustrated lecture with six stereopticon slide views on "Scenic Wonders of Our West" was given in the school auditorium Friday night at 8 o'clock. Bernice Smith, principal of the Petty school gave a talking doll act which was well received. Two musical numbers were given by Mr. Williams and daughter Petty.

Begin Taking Cardul Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardul," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well."

"After I was married, I was in bed health. I began taking Cardul again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 80 pounds when I began taking Cardul. I improved rapidly. Before long I weighed 125 pounds. I felt fine. I was able to do a good day's work."

Cardul is sold by druggists here.

Jno. Thomas Boosts Texas Centennial

"The Texas Centennial to be held in 1936 will do more to advertise Texas than any other one thing that has ever happened," said Representative John Thomas to the editor Monday. "Besides, it is estimated that it will bring \$10,000,000 of tourist money to Texas. In addition to all this it will be highly valuable from an educational standpoint," he declared.

Mr. Thomas further stated that there is a false impression among the people of Texas as to what it will cost them. "It will not cost Texas a cent," he averred. "The legislature appropriated \$100,000 to the Centennial organization as a loan, and this is to be repaid to the state out of the proceeds of the exposition."

Mr. Thomas says that the place where the Centennial will be held has not yet been officially determined but that it is generally conceded that it will be held in San Antonio.

How Cardul Helps Women

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat.

Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected.

Take Cardul to give you a better appetite, to give you more strength from the food you eat—to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardul.

THE FARMERS' FRIEND

IS BACK IN THE GAME WITH A REAL BARGAIN—
\$12.50 PER ACRE FOR FARMLAND

The Campbell Ranch

In the west part of Cochran County will be cut in tracts of 80 to 177.1 acres, part cash, balance to run at 5% interest. This is fine red catclaw land. Some of it is hard enough for wheat land. This is leased for oil for enough to pay the taxes or interest on the balance left.

It has the best geology of any spot in Cochran County. We reserve 1-16 Royalty, but give the lease money to the buyer, payable in the fall. This is a shallow water spot and is around 80 to 100 feet to water. Good wells on this land show for themselves.

This land planted in cotton will pay balance on the debt in an average year. Located 15 miles Northwest from Morton, the county seat. Nine miles south to Railroad, State Highway No. 24 runs through this land; they are paving at Morton now.

The only low-priced car with fully-enclosed Knee-Action Wheels and what a difference that makes in performance and dependability

Simple as a Shock Absorber!
Chevrolet's "fully-enclosed" Knee-Action is, in reality, a gigantic shock absorber, built solidly on to Chevrolet's big, heavy frame, with the front wheel solidly anchored to the "shock absorber" arm. The result: When the front wheel comes in contact with a bump or hole, it rises or falls to absorb the shock.

A smooth, restful, *gliding ride* . . . a bounceless back seat . . . a new feeling of safety and relaxation in high-speed or rough-road travel. All these pleasures are yours with Knee-Action wheels. And if your car has enclosed Knee-Action, like Chevrolet's, you not only get this *gliding ride at its best*, you also get two other extra advantages. One of these is shock-proof steering. And the other is *dependable* operation. The patent rights on this special kind of Knee-Action are held exclusively by General Motors. That's why no other low-priced car has it. Also, no other has a Fisher body, cable-controlled brakes, or a Blue-Flame engine of unsurpassed economy.

quite distinct and apart from that of the industrial unemployed. Their security must be identified with agriculture. They must be placed in positions of self-support. . . . Relief funds therefore will be expended on behalf of rural families in a manner and to an extent that will enable them to achieve self-support."

Judge Maddox thinks that the new program will place each person seeking help more fully on his own responsibility. The purpose is to require each man to think and to plan for himself. He must figure out what he wants to do and then present his plans before the Government will extend him aid. Judge Maddox thinks.

But the whole program is still in a nebulous condition in so far as county administrators are concerned, and Judge Maddox wishes to make it plain that no person need be coming to him for relief work until further instructions are received from Washington.

YOUTH KILLED WHEN CAR IS WRECKED NEAR T-BAR

(Cont'd. from first page)

the O'Donnell cemetery. Harris & Applegate, funeral directors, of Tahoka, prepared the body for burial and directed the funeral arrangements.

The deceased youth was born in Williamson county on January 23, 1916. He removed with the family to Lynn County about ten years ago and resided in the T-Bar community. He was a popular young fellow and had hosts of friends, who were greatly shocked at his tragic death. He leaves surviving him his parents, Mr. and Mrs. J. C. McCarty, and one sister, Mrs. Carl Alexander, of T-Bar.

Relatives from a distance attending the funeral were Mr. and Mrs. J. L. Curry and Mrs. J. E. Smith of Eden, and W. D. Davidson and son, W. D. Jr., of Lubbock, Mrs. Curry being Mrs. McCarty's sister and Mrs. Smith being her mother.

That the bereaved family have

the profound and general sympathy of the people of this section was attested Monday afternoon by the great throng of friends including many school children, who attended the funeral services and followed the remains to the grave, as well as by the lavish floral offerings.

There is nothing much sadder than the sudden and tragic death of a promising youth, and the News joins the great host of friends in expressions of condolence to the bereaved family.

Mrs. Gladys M. Stokes returned Monday from a trip to Santa Fe, New Mexico. She went in company with Mrs. Clark Mullica and Mrs. Frank Winn of Lubbock and Mrs. Frank Winn of Lubbock as the guest of Mrs. A. B. Cunningham, whose husband is a member of the faculty of the Tech College. They were accompanied by a party of girl students who are attending the Tech and who went to Santa Fe, as is the custom each year, to be initiated into the mysteries of the Koshari Club. Mrs. Stokes says that it was a most interesting trip.

New Home

The Wayland Volunteer Band of Plainview came to our community Saturday and rendered a splendid program Saturday night and two programs Sunday. Our church was strengthened spiritually by their coming.

Mrs. W. I. Lemon spent last week with her daughter and her husband near Plainview. Mr. and Mrs. Waldrip are entertaining a new boy in their home. They are former residents of New Home.

Mr. and Mrs. Dolph Izard and Mrs. Oscar Izard and son visited their parents here through the week end. Mrs. Oscar Izard remained for a weeks visit.

Mr. T. L. Fortenberry and the

little daughter of Mr. and Mrs. W. P. Robinson, who are pneumonia patients in the Lubbock Sanitarium, are said to be improving.

Mr. and Mrs. Joe Unfred and Mr. and Mrs. Henry Heck were visitors in Lamesa Monday.

Mr. and Mrs. J. H. Smith and Wilmer and Esther and Miss Ursula Poindexter spent the Easter holidays visiting in New Mexico.

Mrs. Fannie Dawson of Wilson visited her daughter Mrs. L. J. Hobbs Tuesday night.

We had a good attendance at the entertainment at the school Friday night. The program consisted of slide pictures shown by Supt. Vaughn and several numbers from the Petty school. We appreciated the joint program.
