FOUR ESCAPE IN JAIL BREAK

Desperate Characters Slug Deputy Sheriff; Seize Car and Make Get-Away

Officers of Lubbock and many other counties in this section of the state have been scouring West Texas and Eastern New Mexico since Sunday, in search of four desperate characters who escaped from the Lubbock county jail at about eight o'clock Sunday morning. The four men who fought their way to freedom are: Ed (Perchmouth) Stanton, under death sentence for the murder several months ago of Sheriff John Mosley of Swisher county at Tulla; William E. (Bill) Doupe, under ten year sentence for robbery, a confederate of Paul M. T. chell, who held up and shot to death Robert Sharp in a grocery store in Lubbock more than a year ago; Andrew H. Nelson, under sentence for burglary in Lubbock, Terry, Dickens, Motley, Floyd, and Stephens counties and under federal indictment for the burglary of the Meadow post office; and J. B. Stephens, under sentence for burglary in Dickens, Motley and Floyd counties.

The prisoners effected their escape by slugging the deputy sheriff when he came Sunday morning to serve the inmates with breakfast.

Confined in a single cell, they had succeeded in some unknown manner in prying an iron strip from the doorway with which they pried open the door to the run-round and then that to the foyer. Hiding in a space two feet wide by four feet long, where they waited until the deputy sheriff, Bedford Carpenter, appeared. They assaulted Carpenter, took his gun away from him, seized Walter S. Posey, vice-president of the First National Bank at Lubbock, and Walter Elkins, acting justice of the peace, who happened to be near the entrance of the jail, went into the jailer's apartment, tore the phone from the wall, opened the gun-case and took possession of one sub-machine gun, two 30-30 rifles, one sawed-off shotgun, a 22-calibre pistol, rushed outside to Elkin's car, which was standing nearby, forced Posey and Elkins into it and made their escape.

E. H. Boullion Tells Big "Peach" Story

E. H. Boullion did not have any big fish stories to spin upon his return from a recent trip to Arkansas but he brought back a peach of a story nevertheless. It is about the biggest peach orchard in the world.

E. H. says that he doesn't know just how large this peach orchard is but it covers a heck of a lot of territory. One town is at one end of it, he says, and another town at the other end. In fact, the orchard itself is laid off into blocks, with streets and cross streets just as any well planned city. There are residence houses at intervals throughout the orchard, in which those who cultivate it and harvest the fruit reside, and a railroad runs through the orchard.

How much fruit will this orchard produce? Well, Mr. Boullion says that they expect to market 25,000 car loads this year. We can't figure out exactly how many peaches that is but it is several.

This orchard is located about 40 miles from Arkadelphia and is owned and operated by a corporation or stock company, Mr. Boullion says.

Miss Chloe Huffaker, daughter of Mr. and Mrs. W. C. Huffaker, left recently to make a tour of the eastern part of this country with an omnibus college. Mr. Huffaker says that the party started from Wichita, Kansas, went to New Orleans, thence to Pensacola, Florida, and thence will go northward through the Middle Atlantic and New England states and into Canada. There are about 600 persons in the college. He ordered the Lynn County News sent to her at various points of the route, on going to Quebec, Canada. Miss Huffaker is a teacher.

R. W. (Buster) Fenton, Jr., is confined to his bed with the mumps this week.

F. L. Prater Has Cotton Blooming

It is a rare thing to see cotton blooms in Lynn county in June. But F. L. Prater brought one to the News office Tuesday afternoon that he plucked from his field and says he has lots more like it. He has thirty acres of cotton, he says, that is blooming. This cotton was planted early in April.

However, Mr. Prater says that unless a rain comes soon, he will not likely be compelled to hoard any cotton this fall or to pay a government tax for selling it. Mr. Prater lives on the old Bray farm five and a half miles east of Tahoka. If you don't believe this story, go out and take a look at his cotton patch.

O'Donnell Woman Is Buried Friday

Mrs. Catherine E. McMillan, 85, widow of the late J. T. McMillan, died at her residence six miles northwest of O'Donnell on Thursday afternoon, June 21.

Funeral services were conducted at the Methodist church in O'Donnell Friday afternoon, Rev. Cole, pastor of the Baptist church officiating. Burial was in the O'Donnell cemetery under the direction of Harris & Applewhite of Tahoka, Undertakers.

The aged lady left surviving her five sons, four of whom reside in Lynn county. She had been a resident of the O'Donnell section for quite a number of years and the family are well known throughout Lynn county.

Wall Home Totally Destroyed By Fire

The residence of Mr. and Mrs. J. N. Wall, living two miles east of Central near the Lynn-Garza county line, was completely destroyed by fire late Thursday afternoon. Not only was the house destroyed but all of the furniture, most of the wearing apparel of the family, and \$160.00 in money.

The fire started from a Sears-Roebuck oil stove, and the flames spread so rapidly that although the entire family was there, they were unable to save anything.

It was a five-room house and the owner carried no insurance.

Business men of Tahoka Monday contributed to a fund to help relieve the distress of the unfortunate family.

Play To Be Given At Dixie Friday

"My Dixie Rose" will be presented at the Dixie schoolhouse Friday night, July 6. It is a three-act comedy-drama, and it will be well worth your time to see it.

The cast of characters includes Mr. and Mrs. Fred Harris, Pete Smith, Earlene Tunnell, Otha Tidwell, Joy Jones, and Claude Carter. There will be lots of violin and guitar music and songs between acts.

The curtain will go up promptly at 8:45. Proceeds will go for lights for school and church. Admission: 5 and 10 cents.

Mr. and Mrs. J. T. Wade and Mrs. Wade's mother, Mrs. M. A. Johnson, returned Thursday from a seven weeks' visit with Mr. and Mrs. Wade's son, Harold, in Sacramento, Calif. Mrs. Wade reports that they visited many scenic places in California and greatly enjoyed the trip.

One of the remarkable things about this trip is that Mrs. Johnson, one of those who made the trip, is 92 years of age, and she came back feeling as strong and as spry as when she left.

Mr. and Mrs. Chester Connolly and little daughter and Miss Floyce Sherrod are spending a few days at Glenrose, where Chester is enjoying the baths.

Mrs. Andrew Cooper and little son left Tuesday to spend three or four weeks visiting relatives near Bowie.

AGED PIONEER PASSES AWAY

Was Preceded In Death By His Wife Who Died In September Of Last Year

Another Lynn county pioneer, in the person of R. D. Morris, passed away last Friday in a sanitarium in Lubbock. Mr. Morris, 78 years of age, had been seriously ill only a few days.

Funeral services were conducted here at 3:00 P. M. Saturday by Rev. H. C. Smith, pastor of the Methodist church, and burial was under direction of Harris and Applewhite, funeral directors.

Mr. Morris was preceded in death by his wife, who died here September 20, last year. He left no children surviving.

The first of this year he went to Colorado, Texas, to live with relatives, but came back to Tahoka about six weeks ago and had been staying in one of the apartments at Max' Tourist Park. Prior to his wife's death he had resided for many years at his little home just on the outskirts of Tahoka. He was a pioneer of West Texas, having spent many years at Colorado before coming to Tahoka.

Quiet and unassuming, he had many friends here who regret his departure.

Cleaners Lead In Softball Games

Large crowds are attending the softball games played by the various local clubs on their diamond in the east part of town each week day evening, and the enthusiasm which was felt at first is still at its height.

This afternoon the Fire Boys are scheduled to meet the Hatchers. At present, the Cleaners are in the lead, with the Lumbermen running them a close second.

We failed to publish the results for last week, so we are including them in this week's report.

Walters-Short Wed In Socorro June 12

Announcement was made in Tahoka today of the marriage of Miss Nina Walters of Brownfield and Mr. Oran Short of Tahoka on June 12 in Socorro, New Mexico.

Mrs. Short is a sister to Mrs. Belton Howell, and was employed in the offices of the Texaco Co. here for several years. She is well known in Tahoka.

Mr. Short was reared in Tahoka and is a graduate of Tahoka High School. The young couple will make their home here.

Mrs. J. D. Waldrip and son, Derrel, of Meadow visited in the home of her parents, Mr. and Mrs. R. F. Barton who reside west of Tahoka, last week.

D. H. Goodnooth returned home Saturday from Albuquerque, N. M., after a ten days stay there for medical treatment. He came back feeling much better.

Mr. and Mrs. V. F. Jones and children left Saturday morning for a two week's visit with relatives at Coleman and Eden.

ALLRED WRITES NEWS EDITOR

Pledges Support To Texas Technological College and W. T. S. T. C.

James V. Allred, if elected governor, will give the same support to the Texas Technological and the West Texas State Teachers College that he would give to any other state educational institutions, according to a letter received from him by the editor of the News a few days ago.

In view of certain criticisms that had been made of Mr. Allred for his alleged failure to give any assurance of his friendliness toward and support of these two West Texas institutions, and desiring to know exactly Mr. Allred's attitude toward these two schools, the editor of this paper recently addressed him a letter containing the following paragraphs:

"In view of the fact that an effort was recently made to greatly cripple these institutions, (The Texas Tech and the West Texas State Teachers College), and in view of the fact that some other candidates for governor have proclaimed their opposition to any plan that would reduce their rank or in

Dexter Dunagan Hurt In Explosion

Dexter (Dick) Dunagan was the victim of a serious accident early Monday afternoon when the fumes of gasoline ignited in the Frasier Repair Shop where he was working, and severely burned his feet, legs, one arm and other parts of his body.

Young Mr. Dunagan was engaged in cleaning out the motor of a car and the atmosphere in the building evidently was saturated with gasoline fumes, when his father, A. L. Dunagan, lighted a match to light his pipe, and the explosion resulted. Dick's clothing, which were saturated with grease and gasoline, instantly caught fire and he was severely burned before his father and brother could tear them from him.

A local physician was called and dressed the wounds, and it was reported Tuesday that the patient was doing well and would soon recover.

More CCC Workers To Be Called Soon

More Lynn county men will be called into the CCC service at an early date, according to notice received by Judge B. P. Maddox the first of this week. This is generally designated as forest conservation work.

Only those on the relief rolls or approaching relief are eligible for employment in this service, Judge Maddox says.

ICE CREAM SUPPER AT MORGAN FRIDAY NIGHT

Citizens of the Morgan community are having a social "get-together" meeting at that place on Friday night, June 29, according to an announcement received by the News Tuesday. Ice cream, cake, sandwiches and cold drinks will be served. Proceeds are to be used to help pay for lighting the school building. A hearty invitation is extended to all, especially the candidates. "Just come be with us and talk election," a sentence of the announcement read.

TABOKA BAND TO PLAY AT HOBBS JULY 2 AND 4

The Tahoka Band has been engaged to play at Hobbs, New Mexico, at the big celebration there on July 3 and 4.

About twenty members are planning to go.

Frank Keltner returned to Las Vegas, New Mexico, last Friday after a visit of several days here with his parents, Mr. and Mrs. C. B. Keltner. He was accompanied to Las Vegas by his brother, Russell, for a week's visit. He will attend the Water Carnival while there.

Lynn County Is In Drouth Area

Judge B. P. Maddox received a telegram Saturday morning to the effect that Lynn county has been designated for secondary drouth relief benefits.

Many South Plains counties, including Dawson, Borden, Howard, Martin, Midland, Gaines, Andrews and others, were placed in the drouth district about two weeks ago.

The effect of designating a county as a drouth relief county is that more federal funds will be expended for various purposes, particularly for road building, in such counties. It is believed that this means that construction on Highway No. 9 will be resumed at an early date.

Wilson Citizen Dies In Lubbock

C. G. Farmer, 66, a farmer of Wilson, died Sunday afternoon in the hospital in Lubbock, following a week's illness.

Death resulted from blood poisoning of a wound. While taking a yoke off a mule on Sunday morning one week before his death, the mule lunged forward, causing a spike of the yoke to penetrate Mr. Farmer's hand causing a very ugly and painful wound. He was also thrown violently upon the ground and the wrist of his other arm was broken. The wound in the hand became infected and in spite of all physicians could do resulted in his death.

The funeral services were conducted at 10:00 o'clock Monday morning at the Rix-Bynum funeral chapel, Elder Willie Garnett of the Tahoka Church of Christ officiating, after which the body was interred in the Lubbock cemetery.

Mr. Farmer had been a resident of Wilson three years and had resided in Lubbock county a number of years prior to his removal to Wilson. He was born on October 3, 1874, in Bell county, and was married to Ida Mae Ray, a sister of John Ray of the Magnolia community, in 1896. Of this union nine children were born, six boys and three girls.

Mr. Farmer left surviving him the following six sons and two daughters, one daughter having died while a child: I. M. Farmer of Electra, C. D. Farmer of Archer City, Ray Farmer of Tahoka, W. L. L. H. and Phil Farmer of Wilson, Mrs. Sam Bunagel of Hamilton, and Mrs. J. R. Smith of Amarillo.

He united with the Church of Christ in 1897 and had been a faithful member ever since. He was an honored citizen of his community and the surviving wife and children have the deepest sympathy of many friends.

Smith Infant Dies At South Ward

Little Florence E. Smith, one month and two days old, the infant of Mr. and Mrs. O. C. Smith, of the South Ward community, died at the family residence Friday.

Funeral services were conducted at the cemetery here Saturday afternoon by Rev. H. C. Smith, pastor of the Methodist church, Harris & Applewhite, funeral directors had charge of the burial arrangements.

The bereaved parents have the sympathy of a vast number of friends.

Mrs. Maurice Small and her two little sons, George Maurice and Jimmy Dumas, of Matador are here this week visiting Mrs. Small's parents, Mr. and Mrs. D. B. English. Mr. and Mrs. English also have as their guests this week another daughter, Mrs. C. M. Traylor and her little daughter, Virginia Lee, of Lubbock.

W. T. Jones, Jr., of this city and his father-in-law, J. T. Bellamy of Littlefield, left last Friday for Detroit, where they expected to purchase a couple of new cars, after which they were to attend a Century of Progress at Chicago. They are expected home about the middle of next week. In the meantime, Mrs. Jones and children are visiting relatives in Littlefield.

LYNN COUNTY MAY GET PARK

Fees' Ability Exists For Lynn County To Secure State Park To Be Developed By CCC

J. E. Dye, post commander of the Marion G. Bradley Post of the American Legion, has received a communication from R. O. Whiteaker, chief engineer of the Texas State Parks Board, suggesting that efforts be made to procure a state park in Lynn County to be developed with federal funds under the National CCC program.

Mr. Dye is taking the matter up with some of our business men, and he is hopeful that a plan may be worked out whereby funds may be provided for the purchase of a suitable site for a park. It is certainly a worthy and laudable undertaking, and Mr. Dye should receive the most hearty cooperation and support of our business men in this matter.

The letter, which speaks for itself, is as follows:
Dear Commander:

It appears that our present National CCC program will be expanded to embrace an additional 375 camps as a relief measure in the drouth stricken areas of the United States. Undoubtedly a number of these additional companies and appropriate funds will be allotted the Texas State Parks Board for development of State Parks in those sections of Texas eligible under the provisions of this particular legislation.

Heretofore the National Park Service has fixed a minimum of 500 acres for State Parks to be developed with ECW funds and we have been limited therefore to larger areas. While the details are not available for this proposed expansion we are inclined to believe that Parks having one hundred acres or more will be considered eligible in the drouth areas. Since this program will be effective about July 1 some fast work is indicated for those communities that are to profit therefrom.

Prophets Disagree On Weather Signs

Marshall Stewart says "Tall old man McGonagill that his terrapins are bum weather prophets." They evidently didn't know their stuff when they took to the highways early last week.

But Marshall says that when the snakes and tarantulas begin to crawl around, you may know that a shower is not far off in the future.

The News man is of the opinion that the toad frog knows more about the weather than any of these crawling specimens of animal life. The toad frog stays in his hole and keeps his mouth shut until a real rain actually comes and fills the lakes and then he shouts it to all the world.

Pierce And Brother Meet After 35 Years

C. D. Pierce of Childress is here this week visiting his brother, J. A. Pierce, who lives several miles north of Tahoka, and his niece, Mrs. Dee Rogers, who lives in Tahoka.

This is the first time the two brothers have met in at least 35 years, and the first time Mr. Pierce has seen his niece, Mrs. Dee Rogers, since she was a small child.

Both the visitor and his brother, J. A. Pierce, were born near Columbus, in South Texas, and have each been residents of the state their entire lives. Mr. C. D. Pierce is now 75 years of age, and can remember many stirring events far back in Texas history.

Professor B. A. Myers, who was principal of the school at Grassland a number of years, is now educational director at Palo Duro Park, company 1821, near Canyon. He writes that a quite a number of former Lynn county people are now stationed there and wants the News sent to his address. The park will be formally opened to the people on July 4, and already many people from far and near are visiting this scenic wonder.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The News will be gladly corrected when called to our attention.

Tom Connally stayed at his post of duty in Washington till Congress adjourned, but he is now back in Texas to make a brief campaign for re-election to the U. S. Senate. His opponent, Joe Bailey Jr., has been in Texas for several weeks trying to persuade the people of Texas to oust Connally and elevate him to this position. So far, he does not seem to have made much impression upon the people of Texas. Connally served several years in the house and is just now rounding out his first term in the Senate. He was an influential and valuable member of the House and is recognized as one of the ablest and most useful members of the Senate. It would be the height of folly to turn down a man of Connally's ability and prestige in favor of a mediocre gentleman of the Bailey type. We are persuaded that Texas will never do it.

There are several pretty good men in the race for governor this year, but in our opinion none of the others measures up to the stature of Jimmie Allred. Armed in a righteous cause, he has the spirit and zeal of a crusader. Perilous and critical times like these demand the services of such a man. It was Patrick Henry, we believe, who said that "Eternal Vigilance is the price of liberty." It certainly requires eternal vigilance to keep corporate wealth and power from corrupting legislators and dominating this government. We believe that Jimmie has the will and the courage to call a halt to these rapacious interests that would rob and pillage the people. He knows how to stay right in there and fight. We like his kind.

ANOTHER DRY AMENDMENT OFFERED

Just before the close of Congress Senator Morris Sheppard offered a new dry amendment to the constitution to supplant the 21st amendment recently adopted repealing the eighteenth.

Like the eighteenth amendment, of which Senator Sheppard was the reputed father, the proposed new amendment is terse but clear and far-reaching in its purpose. Here is the text of it.

"Congress shall have power to enact uniform laws restricting or prohibiting the traffic in alcoholic beverages in the United States and in all the territory subject to its jurisdiction."

Thus it will be noted that the new Sheppard amendment would give Congress the power either to restrict or to entirely prohibit the traffic in alcoholic beverages, as that body might see fit. It is much more flexible than the eighteenth amendment and would give Congress much more discretion in dealing with the liquor problem.

The introduction of such a resolution may have been premature, but we are persuaded that in the course of time some such amendment will be submitted to the people and adopted. The present method—or lack of method—of dealing with the liquor problem is already proving to be disappointing and unsatisfactory to those who favored repeal in the belief that it would bring about better conditions.

In the first place, those leading in the repeal movement asserted and promised that there should be no return of the saloon. But the saloon, or something very similar to the saloon, has already returned in many of the states.

In the second place, those leading in the repeal movement further promised that those states which might choose to remain dry would be protected by the Federal government against the in-flow of illegal liquor from wet states. This promise has not been kept. Apparently no effort has been made to keep it. On the contrary, the federal government has gone right along issuing liquor licenses in dry states as well as wet states, thus encouraging rather than discouraging violation of state laws.

In the third place bootlegging has continued to thrive in wet territory, with an increase in drunkenness and crime throughout the country. Many people are already beginning to wonder if a mistake was not made in repealing outright the eighteenth amendment. They are coming to see that the liquor traffic knows no such thing as state lines and that the federal government should have authority at least to restrict and control the traffic. The new amendment proposed by Senator Sheppard would give Congress that power. Some time the Sheppard amendment will be a part of the fundamental law of the land.

Kept Taking Cardui Until She Got Rid of the Severe Pains

When Mrs. Ida Hego, of Edinburg, Ind., was in a painful, run-down condition, she took Cardui, with the results she describes below: "I had just been what one might say dragging around, feeling miserable and all out of sorts. I remembered how Cardui helped my aunt. I sent for six bottles of Cardui and when I had taken them, I was much better and stronger. I did not suffer so much pain. I continued taking Cardui until I had taken nine bottles. I do not have the severe pains." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Your UNITED STATES SENATOR

TOM CONNALLY

Candidate for a Second Term in Democratic Primaries July 28, 1934

A few highlights in his record of service to the people of Texas

Tom Connally was born in McLennan County, Texas, on August 19, 1877. He attended the public schools at Eddy, Texas, and then went to Baylor University. He received his degree from Baylor in 1896 and two years later was graduated in law at the University of Texas. He was admitted to the bar in 1898 and commenced the practice of law in Waco, but soon moved to Marlin where he still makes his home.

He served as sergeant major in the Second Regiment, Texas Volunteer Infantry, during the Spanish American War. From 1901 to 1904 he was a member of the Texas legislature. From 1906 to 1910 the future Senator was prosecuting attorney of Falls County. In 1916, he was elected to Congress as Representative from the eleventh Texas district. Shortly after he took his seat on the following March 4th, America entered the World War. In 1918 he left the House of Representatives to join the army, but did not serve overseas. He served as captain and adjutant of the twenty-second infantry brigade, eleventh division.

After the Armistice he returned to his seat in the House and was re-elected every two years until 1928 when he was elected to the United States Senate.

Senator Connally is a member of the powerful Finance Committee and Foreign Relations Committee of the Senate, and of the Committee on Privileges and Elections.

He is chairman of the Committee on Public Buildings and Grounds.

In every National Campaign since he has been in Congress, the Democratic National Committee has sent him into doubtful states to speak in behalf of the party's ticket. He is regarded as one of the best debaters and speakers in the Senate. He made the nominating speech for John N. Garner at the Democratic Convention in Chicago, 1932, had an active part in nominating Roosevelt and Garner, and afterwards stamped six states for the Roosevelt-Garner ticket. Four times within the past twelve months, Senator Connally has spoken over nationwide broadcasting hook-ups, explaining the policies of the Roosevelt Administration and analyzing their results.

Some of the LEGISLATIVE ACCOMPLISHMENTS

SENATOR TOM CONNALLY

In his first term in the United States Senate

First Senator to advocate reduction of the gold content of the dollar. Senator Connally urged the Senate to take this action on January 24, 1933, and in a series of speeches thereafter explained the plan and analyzed its benefits. On April 18, 1933, he introduced the bill providing for devaluation of the dollar. Plan adopted by Congress in act approved January 30, 1934, and immediately put in operation by President Roosevelt. The reduction of the gold content of the dollar is the basis of the new monetary policy and a keystone in the entire structure of the Roosevelt Recovery program.

Advocate of guaranteeing principal and interest of Home Owners' Loan Corporation Bonds. Approved by Congress after recommendation by President Roosevelt in March, 1934.

Vigorous and successful opponent of all attempts to wreck Texas' community property laws by Federal tax bills proposing joint income tax returns.

Led successful fight for import tax on oil in 1932 Revenue Bill. Designed to stem the flow of foreign oil and protect American producers and land owners.

Author of amendment adopted by the Finance Committee and incorporated in the 1934 Revenue Act placing an excise tax upon foreign animal and vegetable oils and fats. Helped all producers of cotton-seed oils and fats.

Co-author of the Jones-Connally Cattle Relief Act, placing cattle as a basic commodity under the provisions of the Agricultural Adjustment Act and allotting \$250,000,000 in benefits to the producers.

Author, in the Senate, of the American Legion bill permitting coinage of memorial half dollars for Texas Centennial.

Author of the "hot-oil" amendment, designed to help the states enforce their conservation laws and protect the land owners and law-abiding oil producers.

Author of complete schedule of income tax rates in the Revenue Act of 1932. These rates sought to equalize the tax burden, and increased the rate of tax upon the biggest incomes.

Author of amendment to Tariff Act of 1930, increasing duty upon cattle to protect livestock raisers against competition of cheaply-produced foreign cattle. (2-18-30, Record 4627.)

Author of amendment adopted by Senate Finance Committee in the public works law apportioning Federal aid road funds, in part, upon a mileage basis. Resulted in Texas' getting \$1,500,000 additional road aid.

Proposed at Haskell, Texas, drought conference in 1929, crop production loans and continued activity in behalf of this kind of relief at the next session of Congress. Adopted by Congress in 1930.

Author of amendment adopted by Senate, January 12, 1932, directing Loan Bank directors to consider pleas for extensions on the merits of each application and not upon general conditions only.

Author of amendment to Independent Offices Appropriation Bill in 1933 limiting reductions in compensation and pensions to World War veterans (service-connected cases) and to Spanish American War veterans and widows to 25%. This amendment, which was adopted when Vice-President Garner broke the tie and voted for it, proved the basis for the compromise agreement which was later reached between the House and Senate, liberalizing compensation to disabled veterans.

Senator Connally voted for: Farm relief Act, including farm mortgage relief plan and inflation amendment; Repeal Resolution, submitting repeal of Eighteenth Amendment to a vote of the people; Home Loan Bank Act; Gold Dollar Devaluation; Guaranty of Bank Deposits; to sustain President Roosevelt's veto of Independent Offices Appropriation Bill; Act Granting Direct Relief; Muscle Shoals Act; Cattle Relief Act; and other measures. Aggressive and militant supporter of the Roosevelt Democratic Administration.

M. Thompson, Administrator of the Estate of W. F. Vaughan, Deceased, who resides in Lynn County, Texas, hereinafter known as defendant, and for cause of action, plaintiff would show to the court:

I. All of the above named Plaintiffs and Defendants are adults, except the ones therein designated as minors. II. That the administration of the Estate of W. F. Vaughan, Deceased is now pending in this court and that W. M. Thompson has been appointed Administrator of said Estate, and is now serving in that capacity and that said W. M. Thompson has filed his final sworn account showing the condition of said Estate, and that there are no outstanding debts against said Estate and there is a residue of the Estate aforesaid on hand subject to partition and distribution. III. The Plaintiffs and the Defendants are the joint owners in fee simple of the following described land and premises situated in the County of Lynn, and the State of Texas and being described as follows: All of Survey No. 530, Block 1, Surveyed by virtue of Certificate No. 2-218, issued to the O. C. & S. F. Ry. Company and containing 64 acres of land, situated in Lynn County, Texas; also all of Survey No. 1, in Block Q, Surveyed by virtue of Certificate No. 455, issued to H. E. & W. T. Ry. Company and containing 640 acres of land, situated in Lynn County, Texas. IV. The Plaintiff would respectively show to the court that on and prior to the 22nd day of October, 1929, the above described land and premises was the property of one, W. F. Vaughan, now deceased, who was the sole owner thereof. That the said W. F. Vaughan died on or about the 22nd day of October, 1929, intestate. That at the time of his death, the said W. F. Vaughan was a single man, never having been married, and has no children or heirs of his body surviving him, but that at the time of his death all of his property, real, and personal, including the land hereinabove described, descended and vested in his brothers and sisters and their heirs. V. That the said W. F. Vaughan, deceased, had ten full brothers and sisters, to-wit: T. J. Vaughan, a brother; Mary Ellen Hammonds, a sister, both of whom were living at the time of the death of the said W. F. Vaughan, deceased, and the following full brothers and sisters were dead at the time of the death of the said W. F. Vaughan, deceased or have since died, to-wit: J. M. Vaughan, a brother; Elizabeth Vaughan Mayes, a sister; Sarah Jane Johnson, a sister; George Vaughan, a brother; Tillie Colville, a sister; John Vaughan, a brother; A. A. Vaughan, a brother; and Martha Ann Vaughan, a sister. That the above named were all of the brothers and sisters of the said W. F. Vaughan, deceased. That each of the above named brothers and sisters of the said W. F. Vaughan, deceased, had children, other than J. W. Vaughan, A. A. Vaughan and Martha Ann Vaughan all of the three last named having never been married and having died prior to the death of the said W. F. Vaughan, deceased, leaving no heirs of their bodies. VI. That the Plaintiff, T. J. Vaughan, is the owner of one equal undivided one-seventh of said estate, that the Plaintiff, Mary Ellen Hammonds, is the owner of one equal undivided one-seventh of said estate; that the

other Plaintiffs and the Defendants are the owners of the interest hereinafter set out in said estate. That the said J. W. Vaughan, deceased, brother of W. F. Vaughan, deceased, had the following heirs, to-wit: George Vaughan, Thomas Vaughan, Robert L. Vaughan, John Vaughan, Sophie Ellen Vaughan, Mollie Vaughan, Ross Lee Vaughan, Orr, W. A. (Dick) Vaughan, Walter F. Vaughan and J. M. Vaughan; deceased, leaving surviving his widow, Mrs. J. M. Vaughan; that all of the above heirs of the said J. W. Vaughan, deceased, are all adults and are each believed to be on an undivided one-sixty-third part of said Estate, subject to the possible life estate of the widow of J. M. Vaughan, deceased, in the one-seventieth (1-70) part thereof in the above described land and premises, same being the one-seventh undivided interest of their father, the said J. W. Vaughan, deceased. That the said Elizabeth Vaughan Mayes, deceased, sister of the said W. F. Vaughan, deceased, has the following heirs, to-wit: Mary Wilmoth, R. O. Mayes, Harry Mayes, the same being all of the children of the said Elizabeth Vaughan Mayes, deceased, who are now living, and Doyle Sanders, Mary Elizabeth Sanders and B. E. Sanders, the last three named being the children of Mrs. Sanders, deceased, daughter of Elizabeth Vaughan Mayes, deceased; and Virginia Rhea Ruffin, a minor, daughter of John Mayes, deceased, who was a son of Elizabeth Vaughan Mayes, deceased. That each of the children above named of the said Elizabeth Vaughan Mayes, deceased, are entitled to an undivided one-thirtieth of the above described land and premises. That the said Sarah Jane Johnson, deceased, sister of W. F. Vaughan, deceased, has the following heirs, to-wit: George W. Johnson, Frank Johnson, James M. Johnson, Norma Lee Johnson, Sarah Ellen Johnson Parks and Wade H. Johnson, each of whom are entitled to an undivided one-fourth second of the above described land and premises. That the said George W. Vaughan, deceased, brother of the said W. F. Vaughan, deceased, has the following heirs, to-wit: James A. Vaughan, William F. Vaughan, Dollie Vaughan Sampsel and Leona M. Coe, deceased, all of whom were the children of the said George W. Vaughan, deceased. That the said Leona M. Coe, deceased, had the following heirs, to-wit: Josephine M. Coe, John M. Coe, and Florence Hayden; that the above named children of the said George W. Vaughan, deceased, are entitled each to an undivided one-twenty-eighth of the above described land and premises, and that the children above named of the said Leona M. Coe, deceased, are each entitled to an undivided one-eighth-fourth interest in the above described land and premises. That the said Martha Vaughan Colville, deceased, sister of W. F. Vaughan, deceased, has the following heirs, to-wit: S. F. Colville, Sarah Clementine Anderson, Della Colville McClure, Callie Colville Jordan, Pryor D. Colville, James A. Colville, Bettie Colville Perry, Alex Colville, Martha Ann Colville, Joseph A. Colville, deceased, and Mary Ellen Smoot, deceased, be-

ing all of the children of the said Matilda Vaughan Colville, deceased; that each of the above named surviving children of the said Matilda Vaughan Colville, deceased, are entitled, each, to an undivided one-seventy-seventh interest in the above described land and premises; that the said Joseph A. Colville, deceased, son of the said Matilda Vaughan Colville, deceased, left surviving him the following heirs, to-wit: James W. Colville, O. A. Colville, Donie Jobe, R. N. Colville, Esther Colville Hicks, Bee Colville Taylor, Maggie Colville Bowling, R. A. Colville, each of whom are entitled, collectively, to an undivided one-seventy-seventh of the above described land and premises; that the said Mary Ellen Smoot, daughter of the said Matilda Vaughan Colville, deceased, left the following heirs, to-wit: her husband, A. R. Smoot, Lon A. Smoot, Tillie Smoot, Elmer Smoot, Loyd Smoot, Bessie Smoot Cawfield, Nora S. Hubbard, deceased, whose surviving husband is Charles B. Hubbard; that the said Nora S. Hubbard, left surviving her as her heirs, other than her husband, the following children, to-wit: Ines Hubbard Ivey, Lorena Hubbard Goodson, and Chester Hubbard; that the children of the said Mary Ellen Smoot, deceased, are entitled collectively, to an undivided one-seventy-seventh of the above described land and premises; that the children above named of the said Nora S. Hubbard, deceased, are entitled, collectively, to one-sixth of the one-seventy-seventh of the above described land and premises; that the said A. R. Smoot, husband of the said Mary Ellen Smoot, deceased, is entitled to a life estate in the property of his wife, or until remarriage, with remainder to the children of the said Mary Ellen Smoot, deceased, share and share alike. VII. That the Plaintiffs and Defendants, hereinabove referred to, are the sole owners of said land and premises in so far as is known to this Plaintiff, and the estimated value thereof is \$35,200.00. VIII. Plaintiffs would further show to the court that there are about sixty heirs to this property, and that by reason of the fact that the shares of many of the owners herein are so small that it is impossible for the said tract and tracts of land hereinbefore described to be partitioned and divided in kind so as to give to each heir the portion of said tract belonging to him without dividing the tract into such small parts as to practically destroy its value. That by reason of said fact, a necessity exists that the said property be sold and the proceeds thereof divided among the said heirs in proportion to their respective interests. IX. Plaintiff says further that diligent effort has been made to ascertain the names and addresses of the unknown heirs, if any, not named herein, and that neither their names nor their addresses can be ascertained. Wherefore, Plaintiffs pray judgment of the Court that the Defendants be cited to appear and answer herein, and that they have judgment for the partition of the land and premises and all other property of said Estate and division; that Commissioners be appointed and a writ of partition issue and for possession for that Court may be ascertained and decreed to be the property of Plaintiffs and each of them; and in the event that it is found and deter-

mined by the Court that the said property is incapable of partition, that the Court so decree and adjudge and appoint a receiver with the authority to sell the said land and premises for the best price attainable, for cash or on credit in accordance with law, reporting such sale to the Court, and that the money derived therefrom be placed in the registry of the Court and be paid to the Plaintiffs and the Defendants in accordance with the interest which each of them have in said tracts of land; that the Administrator named herein be cited to appear at said term of said court and show cause why a partition and distribution of the residue of such estate should not be made; that the cost of court incurred in partitioning to the Defendants their shares of said land or the proceeds therefrom be charged against such amount as may be due said Defendants from such sale; for such other and further relief, special and general, in law and in equity, to which the plaintiff may show themselves justly entitled. Therefore you are hereby commanded to summon the persons hereinabove named and all persons interested in said estate, to be and appear at the place and time aforesaid, then and there to show cause why such partition and distribution should not be made. Herein fail not, but have you then and there before said court on the said first day of the next term hereof this writ, with your return thereon, showing how you have executed same. Given under my hand and seal of said court, at my office in the City of Taboka, this the 20th day of June, 1934. H. C. Story, Clerk, County Court, Lynn County, Texas. 44-41c.

GEORGE ARLISS HAS KEEN EYE FOR DETAIL George Arliss, who has given the screen many unusual things in the way of characterization, enjoys a new experience in his latest picture, "The House of Rothschild," his first 20th Century starring vehicle which is the current feature attraction at the English Theatre showing Sunday, Monday and Tuesday. For seldom do the vagaries of the drama permit an actor to play father to himself as Arliss does in this Joseph M. Schenck Darryl F. Zanuck presentation. Talking for its plot the rise to world power of the Rothschild family during the Napoleonic era and stressing the loyalty and love between its members, this picture has been pronounced the biggest production in the respective careers of 20th Century pictures and George Arliss, who plays both old Mayer Rothschild, the father, and Nathan Rothschild, the one of the five sons who did most to win the family world renown. There are more than seventy speaking parts in the film, the cast of which includes such screen luminaries as Boris Karloff, Loretta Young, Robert Young, Helen Westley, C. Aubrey Smith and others. Nunnally Johnson wrote the screenplay which is based on a play by George Hembert Westley.

Mrs. J. E. Thompson and children, James and Coza Lee Thompson returned Monday from Texarkana, where their husband and father, J. E. Thompson, died recently, as recorded in this paper last week. Mrs. Thompson and the children will continue to reside here and to operate the Consumers Fuel Co.

CHURCH OF CHRIST NOTES

The good work still goes on. Attendance and interest is as warm as the weather. We are working in peace and harmony which accounts for our success.

We are sorry to see our fellow preacher, Hayes, leave. Think he is making a mistake but may be sees it differently.

As we hear so much from the political speakers on their platforms, I have decided to preach on "The Christians Platform" next Lord's Day morning.

Do you go to church? If not, why not? You will find a welcome at the friendly church.—R. P. Drennon.

CHEVROLET SALES INCREASE AS RESULT OF REDUCTION

The prediction made by W. E. Holler, general sales manager of the Chevrolet Motor Company, that sales would surge upward as a result of the substantial price reductions as high as \$50.00 on some models, announced June 2, is borne out by the release of Chevrolet's sales report for the first 10 days of June. A total of 25,935 units were sold by dealers during this period, said Mr. Holler, which betters the brisk selling period of the first 10 days of May when 21,688 units were sold, an increase of more than 4,000 units over the May period. This also exceeds the sales of the corresponding period last year.

The 10-day June figure reveals an upward trend in Chevrolet sales and reflects Chevrolet's success in reaching high-production volume to meet the public demand for the 1934 line. June sales will surpass the May total, an unusual accomplishment for the industry, Mr. Holler said.

Chevrolet sales for the year including the June 10 report reached the total 316,181 units, a healthy margin over the same period in 1933, when sales totaled 247,121 units.

HEALTH OFFICIAL URGES CAUTION IN CELEBRATIONS

Austin June 27.—Taking note of the approach of the great patriotic National holiday, July 4, which this country has celebrated for one hundred and thirty-eight years, Dr. John W. Brown, State Health officer, calls attention of the people of Texas to some of the dangers of careless celebrating. Each year on the 5th of July one reads of the appalling number of accidents which occurred over the Fourth.

It is not alone the wounds received from explosives that increase our death tolls. Injuries from automobile accidents, splinters, nails, and other penetrating wounds in which dirt may be carried into the skin heighten the hazard of tetanus or lockjaw. Such wounds should be promptly treated by a physician.

If the days pleasure includes a swim, caution should be used and no attempt made to do more than your strength will permit. If a drowning takes place, artificial respiration should be started at once and continued until a doctor arrives.

Automobile accidents have usually one of three causes—exceeding the speed limit, driving on the wrong side or failing to grant the right of way. It can be seen that the chief factor in auto accidents is the judgment of the "machine" within the machine. Caution should guide the holiday activities so that the day may be remembered with joy instead of sorrow.

Miss Nola B. Tankersly left this morning for Brownwood and Mineral Wells where she will visit friends.

REPORTS FROM THE COUNTY CLUBS

Miss Sylvia Robb, H. D. Agent

New Home H. D. Club Met With Mrs. J. H. Kuykendall On Friday June 21, the New Home H. D. Club met in the home of Mrs. J. H. Kuykendall. The Club disposed of all business and reports of committees.

As a result of Expansion Committee eight new members were enrolled and five visitors were present.

Mrs. Charles Lee was elected as alternate to A. and M. Short course. Many of the members plan to attend the encampment at Lubbock on July 11 and 12.

The social hour was spent playing games.

Since yeast breads were to be scored at this time fresh buns, cinnamon rolls, butter, jelly and ice tea were served to the following members Mrs. S. L. Smith, J. H. Kuykendall, T. L. Fortenberry, L. N. Hancock, A. S. Limley, G. N. McWhorter, J. B. Anderson, Charles Lee, J. T. Balch, W. P. Robinson, Joe Pondexter, Loyd McCormick, R. H. Bates. New members: Mrs. Jack Waldrip, Henry Hilton, H. A. Parris, F. E. House, W. I. Lemon, Lela Brown, S. H. Grider, Ben Holly and visitors: Mesdames Voyd Smith, Loyd Johnson, Julia Izard, Clovis L. Vaughan and Patricia Robinson.

The club adjourned to meet July 20 with Mrs. Van Bates. We are expecting a good attendance at that time as it will be "guest day."

The Morgan Club will visit us at that meeting.

We hope the Morgan Club will be well represented. Come one! Come all!

O'Donnell H. D. Women Improve Bedrooms

"It is not what we have that counts as much as what we do with what we have," remarked Mrs. W. A. Tredway, bedroom demonstrator for the O'Donnell H. D. Club to her cooperators as they observed her bedroom at the last club meeting.

The cooperators for the bedroom work have added the following to their bedrooms: 28 slats, 21-3 yd. sheets, 8 pair pillow slips, 5 mattresses, 3 spring covers, 4 quilt protectors, 1 storage space, and two pillows. It is Mrs. Tredway's goal to have each of her cooperators to enjoy a standard bed in their homes.

Wells H. D. Club Met With Mrs. W. F. Gooding

The Wells H. D. Club met with Mrs. W. F. Gooding June 21 with seventeen members present.

Serving of yeast bread was the discussion of 5th meeting. The Guest Day program was also discussed as well as plans for the encampment for July 11-12, which is to be held in Lubbock this year.

Tile Proves Much Help In Owens Garden

Tile speaks for itself in Mr. and Mrs. J. T. Owens' garden, where three rows of tomatoes were planted at the time but only one was put on tile. The plants on tile are six times as large as the others and show to be the best part of the garden. More tile will soon be going in this garden.

Eight Members Present At T-Bar Club Meeting (Delayed)

The T-Bar H. D. Club met last Thursday, June 14th for their regular meeting with eight members present and three new members.

The Club voted to send Mrs. Marvin Adams to the short course at A & M as a delegate from the T-Bar club.

The club adjourned to meet June 28th with Mrs. Cheatham.

MORE COUNTIES DOING H. D. WORK THAN EVER BEFORE

"There are more counties in Texas doing Home Demonstration work now than ever before, there being 142 County Home Demonstration Agents at the present. Scurry and Dawson Counties have just re-instated the Home Demonstration work at the request of the farm women, while Yoakum county, has put it on for the first time," said Miss Murray to a representative of the News while visiting Miss Robb, Lynn county Home Demonstration Agent, recently. The Texas Live-at-Home Program, more especially the meat canning work, has brought inquiries to the Extension Service from all over the Nation, according to Miss Murray.

Baseball Dope

(Delayed)
(By Paul Ponder)

Dear Folks: Reporting for the Ball Team, I'm glad to say that our boys are getting back into their old time form. Last Sunday they brought back from Post their first shut-out victory of the season—a game in which they handed the Post team a trouncing to the tune of 12 to 0, and that before a generous turnout of anxious fans. Too one-sided, you say, to be interesting? Yes, somewhat, but in 5 of the innings Tahoka didn't score, and that meant excellent work on the part of Post. The latter is a good team, and with their long drivers they threatened often to make the match more even, but almost errorless fielding nipped their chances. They had a fairly good pitcher, but we nicked him for 15 hits and his having hit two or three batters and issued other walks, and our hits being bunched, 9 of our runs came in two innings. Everyone got one hit or more, and 3 or 4 were for extra bases including a homer on a parked ball by A. P. who also hurled the entire game, yielding but 3 scattered hits. Pete's circuit clout, with 5 other runs, coming in the first frame, seemed to put extra enthusiasm into his mates, and also to cast a shadow over the prospects of the home team. To Wimpy, key-stone sacker, goes the honor of fielding a 100 % and "Coon", as first baseman wasn't found short on a single chance.

L. F. Frazier and family are spending the week down on the Llano fishing.

ORDER DECLARING RESULT OF ELECTION

The State Of Texas, County of Lynn.

On this 26th day of June A. D. 1934 the Commissioners' Court of said County being called and convened in special session for the purpose of canvassing the votes and certifying the results of an election, heretofore held on the 2nd day of June A. D. 1934, to determine whether or not the sale of beer containing not more than three and two-tenths per centum (3.2%) of alcohol by weight should be permitted in Election Precinct No. 2 of Lynn county hereinafter called "Election District"; and a quorum being present, this court proceeded to canvass the votes and certify the results of said election; and it appearing to this court that said election was in all things held in conformity with law, and in accordance with an order,

heretofore and on the 14th day of May A. D. 1934, made by this court ordering said election; and it further appearing and being satisfactorily shown to the court that copies of said order were posted by the County Clerk of said county in the manner and form and for the length of time required by law, this court does hereby make and enter its order declaring the result of said election and finds upon canvassing the votes thereof, the voters at said election voted and cast their votes as follows, to-wit: 121 to permit and "For the sale of beer containing not more than three and two-tenths per centum (3.2%) of alcohol by weight." 159 to prohibit and "Against" the sale of beer containing not more than three and two-tenths per centum (3.2%) of alcohol by weight." and as a consequence the court declares that said election has resulted in the sale of beer

containing not more than three and two-tenths per centum (3.2%) alcohol by weight, upon this order's becoming effective as provided for by law, shall be prohibited in said election district. It is therefore declared, ordered, and decreed by this court that said election has carried and a majority of the voters, who cast their ballots and voted therein voted "against the sale of beer containing not more than three and two-tenths per centum (3.2%) of alcohol by weight," and upon this order's becoming effective as provided for by law, the sale of beer containing not more than three and two-tenths per centum (3.2%) of alcohol by weight shall be prohibited in said election district and it is further ordered that this decree be entered of record as the law requires and notice of this order be published in The Lynn County News, a newspaper of general cir-

ulation, for four consecutive weeks as required by law. Witness our hands and seal of this court, this the 6th day of June A. D. 1934.

Startling price reductions, just announced, place Chevrolet further ahead in its field than ever - in price, quality and value

CHEVROLET In the face of the biggest demand in years, right when the trend toward Chevrolet is at its peak, Chevrolet reduces prices! No wonder America was startled when this news flashed across the country just a few days ago. And now that the public has had a chance to figure out what this price reduction means in terms of greater value, the news becomes even more important than before. Because it means that Chevrolet now offers you a big, substantial, quality car with the famous valve-in-head engine for as little as \$465, f. o. b. Flint, Mich.—making it by far the lowest-priced Six in the world. It means that you can get enclosed Kneec-Action, Blue-Flame performance, cable-controlled brakes, and all the other big advancements of the day, for as much as \$35.00 less than before—and Chevrolet's former prices were already among the lowest of the low. It means, in short, that Chevrolet now presents America with the finest buy the low-price field has ever seen.

JIMMIE ALLRED PLEDGES TO SUPPORT OUR SCHOOLS

(Cont'd. from first page)

any way cripple these schools, many friends of these institutions living on the Plains feel that you should have given your assurance of friendliness toward these schools (in addresses made in this section). "Many Lynn county boys and girls are students in these two schools. They afford the young people of this section of the state educational opportunities that they would not have otherwise. Therefore the people of this section are bitterly opposed to any so-called 'efficiency and economy' program that would cripple either of these institutions. On the other hand, we feel that they should be given liberal support.

"Now the question: If elected governor, would you support or give encouragement to any measure that would reduce the rank curtail the work or in any way hamper the usefulness of either of these institutions? Would you give them the same enthusiastic support that you would give to the University of Texas, the A. & M. College, or the C. I. A.?"

"We should greatly appreciate it if you would give an answer to these questions with permission to publish same, or would frankly and fully state your position on this matter in a public address."

Under date of June 23, 1934, Mr. Allred addressed a letter to The News editor in which, among other things, he called attention to his opening campaign speech at Bowie, in which he stated that "We must effect some painful economies but not at the expense of our public schools. I believe in a liberal educational policy both in the public schools and in the higher institutions."

Further answering, he said, "I think Texas Tech is one of the greatest and most useful institutions in the state. I feel the same way about the West Texas State Teachers College at Canyon. I think they both have a definite purpose to serve and answering your questions specifically: I would not support or give encouragement to any measure that would reduce the rank, curtail the work, or in any way hamper the usefulness of either of these institutions. I would give them the same enthusiastic support I would any of the other state schools."

"Again thanking you for your letter, with kind personal regards. I am, Sincerely yours,
 James V. Allred"

Texas Lady Tells How Black-Draught Laxative Helps All Her Family

Here's how Black-Draught fills the needs of a family laxative in the home of Mrs. J. S. Stoker, Fort Worth, Texas: "The grown-ups in my family," she writes, "have always taken powdered Theodor's Black-Draught for biliousness, headaches and other ailments (due to constipation) and found it a reliable remedy. I was very pleased when I saw Syrup of Black-Draught advertised. I bought it and gave it to my little daughters, ages 6 and 4. They needed something to cleanse their systems and Syrup of Black-Draught acted well. . . . Your druggist sells this reliable laxative in both forms. "Children like the Syrup."

LYNN COUNTY MAY GET STATE PARK AS PROJECT

(Cont'd. from first page)

The Texas State Parks Board has no funds for the purchase of lands and all park properties must come to the State as a gift from the communities concerned. If accepted by the Parks Board and approved by the National Park Service these lands will be fully developed, all labor, materials equipment, supplies and technical supervision being provided therefor. Average expenditures made in our State Parks through the ECW program have run from \$100,000 to \$300,000 dependent upon their size and importance.

Undoubtedly there is a tract of land in your county that would be admirably suited for development as a state park. Properly handled such lands could be procured either as a donation by the owner or through a campaign for funds with which to purchase same.

No finer community service could be rendered by American Legion Posts than to provide for such a state park in its locality. If your Post is interested in doing this, advise us promptly and we will furnish you all the data immediately when received from Washington. I am happy to be in a position to aid in such matters and be assured that I will do all possible for the joint benefit of the Post concerned and the State of Texas. Sincerely yours,
 R. O. Whiteaker

Black-Draught Good For Biliousness and Bad Taste in Mouth

"I have found Theodor's Black-Draught so good for biliousness, bad taste in the mouth and other disagreeable feelings due to constipation," writes Mrs. Mary Garner, of Burleson, Texas. "My mother used it for a number of years and we do not think there is a better medicine. I was pleased when I saw Syrup of Black-Draught advertised. I sent for it and gave it to my children (as a laxative) for colds and when they felt bad. Soon they felt fine. . . . Theodor's Black-Draught for the grown folks—and Syrup of Black-Draught for the children."

FOUR DESPERATE CHARACTERS BREAK LUBBOCK JAIL

(Cont'd. from first page)

At about 9:00 o'clock Sunday night Posey and Elkins were released nine miles northeast of Big Spring. Later in the week, the remains of the Elkins car which they had burned were found 25 miles south of Albin.

Many reports have been given to officers that the escaped prisoners have been seen at various places, but most of these reports have proved to be untrustworthy. It is believed, however, that most if not all of the escaped prisoners made their way Sunday night or Monday day into the vicinity of Coleman. All efforts to locate them have thus far been unavailing, however.

According to Posey and Elkins, the prisoners went south from College Avenue out of Lubbock to the Lynn county line, then went eastward to a point south of Stanton, again turned south and probably went through the east portion of Lynn county and finally down the caprock at Clayton Ranch north west of Gail, and spent the afternoon driving in the hills in Borden and Howard counties.

B. L. Parker, sheriff of Lynn county was one of the first officers outside of Lubbock to arrive on the scene after the escape became known, and he has been assisting in efforts to locate the escaped prisoners.

ROPEVILLE MAN TO PREACH AT BAPTIST CHURCH SUNDAY

Rev. and Mrs. Lawrence Hays and children left Thursday morning for their new home at Snyder, where Bro. Hays will begin his work Sunday as pastor of the Baptist church.

The pulpit committee announces the regular services will be held at the church here Sunday, Rev. Jess Levertt of Ropesville, who is superintendent of the public schools there as well as a preacher will fill evening hours. It is desired that the full membership be present to hear him. He doesn't come, however, with a view to being considered for the pastorate.

The value of hegari as a silage crop and the trench silo as a storehouse has been demonstrated in Comal county. In a demonstration with the county agent, one man made beef calves weigh 30 pounds more per head on an ensilage-cottonseed meal ration than a neighbor feeding similar calves could do on a bundle hegari-cotton seed meal ration.

Frank P. Hill of The News office, whom we reported last week to be ill of the mumps, is still confined to his bed, and will probably not be able to be back in the office for several weeks. He has been suffering intensely much of the time, but now seems to be improving.

Mason county took time last month to see how home demonstration club members changed surplus milk into cheese. At a cheese achievement exhibit it was found that 4 women in eight months had made 5070 pounds of cottage cheese, 2216 pounds of processed cheese, and 256 pounds of American cheese.

It's Great To Lose Fat and Feel Years Younger

We picked out this letter for fat folks to read to-day—read every word.

"I give you my full permission to print this letter. I used Kruschen Salts for reducing. I lost 30 lbs., since I have been taking it. I praise it to everybody I know that is fat. And I also feel years younger." Miss Edna Hunn, A'giers, La.

A jar of Kruschen Salts lasts 4 weeks and the cost is trifling. Are you taking Salts to reduce or to please your palate?

Just try Kruschen for a month—besides losing fat, you'll gain in physical attractiveness—skin grows clear—eyes sparkle with health. Take half a teaspoonful in a glass of hot water before breakfast every morning—you feel cooler in hot weather—get it at any drugstore in the world.
