THE WIND AND THE SUN Whether Judge Mullican or George Mahon shall be elected next Saturday, the new 19th district will have an able man as its first representative in that body.

The personal characteristics of the two men, however, are widely different. Judge Mullican's friends are emphasizing his intellectual powers, his "driving force," and his alleged ability to get things done.

All this reminds us of another ancient story, the legendary contest between the Wind and the Sun. The Wind, after having given a terrific exhibition of his strength, paign a much bigger figure, politichallenged the Sun to a contest. quickly remove the coat from the back of a man should be declared pendence, and resourcefulness that the winner.

### Solicits Your Vote for County Superintendent

Due to the shortness of time it is impossible for me to see each voter personally. In this way I wish to solicit your support and influence

For seven years I have been connected with the O'Donnell Public School, the first five years serving as principal of the Ward building. For three years I served as County Superintendent of Dawson County, Lamesa, Texas.

I ask that you consider my qualifications to serve you in this office. Your vote and influence will be greatly appreciated.

ICE

Is the best antidote for heat yet discovered. Without ice, the summer heat

of thrifty cotton. But such a program, in our opinion, proved to be the salvation of the cotton farmer. This year it seems tragic for men, acting under the behest and authority of the Government, to go into the pastures and shoot down our cattle, consigning their flesh to the flames or to the buzzards. But this policy will likewise, in all probability, prove to be the salvation of the small cattle raiser. Not only will the scrub stock be destroyed. but fewer cattle will mean better prices. More money in the pockets of the small stock farmer means more money for the business man and the rest fo us.

likewise a wise and helpful movement, but we do not believe that the Bankhead law has been of any benefit to the farmers or would have been under any circumstances. It was too drastic and unjust in its application, and if a normal crop had been produced this year, this law would have proved to be a calamity to the people of West Texas. Its provisions should not be extended over another year.

Motorists who got the first G-3's put outmonths before the public announcement-say, "You're too modest!" Many of them report 50% to 100% more non-skid mileage. Why, then, do we insist on only 43%? Well, 43% is a definite test-car-proved figure. Very likely it is low for normal use-because the tests which established the 43% average were gruelling : cars speeding up to 50, jamming on brakes, mile after mile, day and night. Very likely most motorists will get more than 43% more non-skid mileage. But we'll string along with 43%-because it's plenty te deliver at no extra cost. CHURCH OF CHRIST NOTES Lubbock.

Another week and no rain. Remember the days of Elijah. We see a great blessing come from it. Read 1 Kings 17th chapter. The cause of drought then was that God's people forgot him. I am of the opinion that is the cause now.

The services last Lord's Day were fine though the crowds were not so large as the Sunday before. At the night service a sister returned to her first love which caused the rest of us to rejoice.

We feel very much gratified at the progress the congregation is making.

We believe that we are growing in grace and in the knowledge of the truth. The brethren at O'Donnell are in a meeting this week. Brother Kercheville is doing the preaching.

# Tax Assessor & Collector

For

Edgar Edwards is the first man born in Lynn county to ask for one of our county offices. He is a young married man, 24 years of age, trying to get a start in life.

He is a hard worker, ambitious to succeed, and has always tried to do the right thing. He has worked on the farm, done hard manual labor, to get money to go to school in winter. While attending Tahoka High School he worked hard after school and on Saturdays. And, he had to work to pay his expenses while attending college, where he gained an education that would qualify a man for such an office as Tax Assessor and Collector.

Edgar Edwards is kind, friendly and courteous to everyone. He is honest and impartial. The depression has been hard on him, as it has been on most of the rest of us. This deserving young man will make us a good official.

Mr. Edward's opponent, the present Tax Collector, is now serving his second term-or fourth year.
