Number 4

## Grading Contract On Highway 9 Is Let

### DELEGATION AT RELIEF SESSION

County Promised More Relief Work If Citizens Demand It, Howell Reports

Desiring to get some inside information as to the manner in which a county may procure federal funds for relief work within its boundaries, Belton Howell, E. H. Boulton, H. B. McCord, and B. L. Parker attended a regional meeting held in San Angelo Tuesday, at which such matters were thoroughly discussed.

Among the speakers at the meeting was Lawrence Westbrook, of the Federal Emergency Relief Administration office at Washington; also a representative of the Bureau of Public Roads, Washington.

Mr. Howell, in discussing the meeting with a representative of the News, stated that both of these addresses were very informative. Both laid much stress on the fact that the various county boards have great power and responsibility in administering relief for the citizens of the county.

"The county board is responsible for administering relief for the county," Mr. Westbrook stated, according to Mr. Howell. "If you people of any county are not getting what you need it is the fault of the county set-up."

"If you want highways, it is up to the county to decide the matter and go after highway work."

Mr. Westbrook stated that it had been charged that in order to get relief work an applicant has to take a pauper's oath. "That absolutely is not true. You do not have to take a pauper's oath to get relief. You do have to answer a questionnaire."

The gentleman from the Bureau of Public Roads also threw the full responsibility for relief road work upon the various county committees. "It is up to the local committee to make recommendations to the state highway commission, and as soon as a project is approved by the highway commission, the funds will be forthcoming. The government has plenty of money for highway relief work. Labor must be furnished from the relief rolls, and we have plenty of money for all able-bodied men who are out of employment and who want to work. The responsibility is upon the county committee."

Mr. Howell is of the opinion that much highway building in this county could have been started and completed long ago if local citizens and the local committee had fully understood their responsibility and had gone after the work.

### Bankers, Cleaners In Play-Off Series

The Bankers and Cleaners are in a death struggle for supremacy in the soft ball contest which has been raging here for many weeks but is now rapidly drawing to a close.

The Bankers won the second half of the series and they are now in a run-off contest with the Cleaners. So far each team has won one game and lost one. They are to play three other games, one this afternoon and two next week. Softball fans are watching the outcome with breathless interest.

The standing of the various teams at the end of the second half was as follows:

	Won	Lost	Pct.
Bankers	10	2	.833
Fire Boys	7	5	.583
Cleaners	5	5	.500
Hatchery	4	4	.500
Lumberjacks	4	4	.500
Ginners	3	7	.300
Barbers	3	7	.300

Play-Off Series  
Bankers won first game 7 to 3.  
Cleaners won second game 4 to 3.

C. E. McPherson of Joshua, Johnson county, was here Tuesday and Wednesday visiting his nephew, J. B. McPherson. Mr. McPherson says that part of Texas has the poorest crop since 1909.

### 80 Bales Of Cotton Ginned In Tahoka

Just eighty bales of cotton had been ginned in Tahoka this season when the News gathered statistics early this morning.

Gin men and others are estimating the crop this year at 7,000 to 10,000 bales in the county, some estimates going a little higher. It is obvious that the county will produce the smallest crop since 1917, acreage considered.

Last year the county produced 66,478 bales and the year before approximately 60,000 bales.

The price this week has ranged around 12 cents per pound on the local market. Seed are selling for \$34.00 per ton.

### W. H. IZARD OF NEW HOME DIES

Buried In Lubbock Cemetery Monday Afternoon; Old-Timer In Lynn County

The ranks of the pioneers of Lynn county are thinning out one by one. Rev. W. H. Izard of New Home, who had been a resident of this county for a quarter of a century, died in a Lubbock sanitarium about 4 o'clock Sunday afternoon. Death came as a result of Bright's disease and heart trouble.

Funeral services were conducted in the Baptist Church at New Home at 2 o'clock Monday afternoon and burial was in the Lubbock cemetery at 4 p. m. Funeral services were conducted by Rev. Izard's pastor, Rev. B. G. Richburg, assisted by former pastors, Rev. J. M. Rankin and Rev. W. K. Horn. A great concourse of relatives and friends attended the services. Among them were the following residents of Tahoka: Truett Smith, Mr. and Mrs. Cliff Thomas and Mrs. Thomas.

(Contin'd on last page)

### Football Game Prices Are Cut

Season tickets covering all six football games to be played on the local gridiron will be placed on sale early next week, according to announcement made by J. T. Carter, principal of the Tahoka high school.

Prices this year are very reasonable, season tickets for adults costing only one dollar, and those for children sixty cents. Where a ticket for only one game is purchased, admission will be 15 and 25 cents. Thus, a saving of one-third may be had by purchasing season tickets.

Every person in Tahoka and surrounding territory is invited out to see these games. The first clash of the season will occur on September 21, when the Bulldogs meet Crosbyton on the local gridiron.

### Cobbs Called To Claude By Death

Mr. and Mrs. J. H. Cobb and son O. L. Cobb left Monday for Claude to attend the funeral services of A. L. Cobb, who died Sunday morning and was buried Tuesday afternoon. Deceased was a brother of J. H. Cobb and was a pioneer of Claude. He was a ranchman and had lived in that section of the country for forty-two years.

Mr. and Mrs. Ivan C. Davis left Saturday for points in New Mexico, expecting to be away about two weeks. It is possible that they may move from Tahoka in the near future but their many friends are hoping that they will remain here. Mr. Davis has been the efficient director of the local American Legion band since its organization a few months ago and as such he has built up a band that has become a distinct asset to the town. Many people here would deeply regret Mr. and Mrs. Davis' removal.

### NEW BAPTIST PASTOR HERE

Rev. Geo. A. Dale Moves To City From Oklahoma, Will Fill Pulpit Sunday.

Rev. and Mrs. George A. Dale and son George Jr. arrived Wednesday morning from Madill, Oklahoma, and are now happily situated in the Baptist parsonage.

Rev. Dale is the new pastor of the Baptist Church here. He has been pastor at Madill the past six years and prior to that time was a pastor and missionary in Rockwall and Hunt counties. He visited Tahoka and filled the Baptist pulpit here a few weeks ago, soon after which time he was called to the pastorate.

He conducted his first service as pastor here on Wednesday evening, the regular prayer meeting service. He will preach next Sunday at both the morning and evening hours, and large congregations are expected at these services.

Recently the members of the Church installed about two hundred opera chairs in the main auditorium of their building, which renders their work and worship much more satisfactory in every way.

Preparatory to the coming of the new pastor and his family, quite a bit of repairs and improvements have also been made on the pastor's home and premises which adds much to the attractiveness and comfort of the home. Also, on the eve of their coming, the members filled the shelves and pantries of the parsonage with many cans and jars of fruit and with groceries of various kinds, and they have given the pastor and his family a hearty welcome.

### P. T. A. Will Meet Next Wednesday

Opening program of the Parent-Teachers organization will be held next Wednesday, Sept. 19, at the High School building at 3:30 p. m. Mrs. Layne Moreland is the new president of the club, succeeding Mrs. Irvin Stewart. Mrs. Carl Griffing is treasurer. The club will elect a secretary.

All patrons interested in the welfare of the Tahoka public schools are urged to attend this and subsequent meetings of the organization.

Gordon Suits plans to leave this week end for Abilene, where he is to attend Simmons University. It will be remembered that young Suits last spring carried off first honors in a voice contest at Simmons and was awarded a music scholarship in that school.

Miss Alize Weathers went to Plainview Sunday where she entered Wayland College on Monday.

### Tahoka Schedules Six Football Games At Home And Three On Other Fields

Class B football coaches and superintendents of district No. 3 met in Lubbock Saturday. Schools in this district that were represented at this meeting were Brownfield, Crosbyton, Lamesa, Levelland, Littlefield, O'Donnell, Olton, Post, Ralls, Slaton, Spring Lake, Seagraves, Seminole, and Tahoka.

The district was divided into two halves, North and South, with the line running north and south through Lubbock. The members in each half will play a Round Robin schedule in order to determine the winner of each half, and the winner of each half will meet Thanksgiving Day to decide the winner of the district. After the winner of the district has been decided the University Interscholastic League will match the district winners together for Bi-District winners and for Regional Championships.

The Schools in the North half of District No. 3 are: Crosbyton, Levelland, Littlefield, Ralls, Olton, and Spring Lake. The schools of the South are: Brownfield, Lamesa, O'Donnell, Post, Slaton, and Tahoka. The schools in each half cannot complete a schedule in their respective halves by playing all the other schools, hence it was decided that schools in one half might play schools of the other half and the results of said games not counting against their percentage in their respective divisions.

REV. GEORGE A. DALE  
New Pastor of the Baptist Church

### Lehmans Observe Jewish Holidays

The Levine Bros. Store, of which Al Lehman is the local manager, was closed Monday and Tuesday. Mr. and Mrs. Lehman and children were in Lubbock attending religious services that are always held by members of the Jewish race on these sacred days, which usher in their new year.

These services were held in the Lubbock Hotel, since the Jews have no regular place of worship in Lubbock. Many people were in attendance, from many points in this part of the state. The services were held, as usual, in the Hebrew language, and are said to have been very beautiful and impressive.

Wednesday, September 19, will be Yom Kippur, the Day of Atonement, another very sacred day to the Jews, and the Levine Bros. store here will again be closed for the day.

### Lubbock Boosters Here Last Friday

The Lubbock South Plains Fair boosters were here last Friday morning on schedule time and gave a brief band concert on the court house lawn and another at Central Ward school.

Very few Tahoka people took the trouble to come out and greet the visitors but we are guessing that they will be at the Fair in great numbers.

### IMPROVING TATE STORE

The interior of the B. R. Tate grocery store is being remodeled and rearranged this week and some new fixtures being installed. These changes are being made in order that Mr. Tate may enlarge his stock of groceries and give the public better service.

Mr. and Mrs. B. R. Tate and Miss Lou Wooley left for the market at Dallas Monday to purchase stocks of fall and winter goods.

## Local Labor Will Be Used On Work

### Wiley Conducts Concert Tonight

Another band concert will be held on the court house lawn tonight, according to announcement made by members of the Tahoka Band.

Since the erstwhile director, Ivan Davis, has moved away, Dewey O. Wiley of the Texas Tech Band, former director of the Simmons Cowboy Band, will be here to direct the program, it is said.

The people of Tahoka and surrounding country are invited to come out and enjoy the concert.

### EXPECT START OF WORK SOON

Nordyke Says Ely Promises Topping For No. 9 North Of Town In A Few Months

Contract for the grading and drainage structures on highway No. 9 from the south part of Tahoka to the Lynn-Dawson county line at O'Donnell was let in Austin Monday to Hannah & Hall Construction Co., Houston. The project calls for 15.7 miles of grade.

The contract includes the O'Donnell loop, Commissioner L. M. Nordyke states. Unable to get the highway department to agree to route the new highway through that city on account of having to cross the railroad twice, the Lynn county commissioners finally agreed to give right-of-way just west of O'Donnell provided the commission would pave a loop through the town. This loop will cover practically the same route as the present highway, going through Main street, thence west from the business section to again join the new right-of-way.

Commissioners Nordyke and Waldo McLaurin returned Tuesday from the meeting of the Highway Commission in Austin Monday. Judge W. E. Smith was also present at the letting of the contract, but went from Austin to Galveston, where he and his wife have been attending the State Democratic convention.

"Word has been spread over the county," Mr. Nordyke said, "that imported labor would be used on this project. This is not so. W. R. Ely, of the Highway Commission, assured us that home labor would be used. He also said work would be expected to start within 10 or 15 days. Mr. McLaurin and I are now having the fences set back. Work will start on the Tahoka end of the road."

Mr. Ely also promised us that topping would be put on the road north of Tahoka to the Lubbock county line within the next few months."

The commissioners court has been working on the No. 9 project for several months. If the Lynn county gap is closed, as the Highway Commission plans, this will practically complete No. 9 through Texas, for projects are now under way to pave McCullough, Concho, and Dawson counties to the south of us, and Swisher county, the only remaining unpaved county to the north of Lynn.

Mr. Nordyke hinted that the commissioners court would now seek the grading and subsequent paving of No. 84. "I believe we can get this highway paved," Mr. Nordyke stated.

### O'Donnell Girls Wed Lamesa Men

Uncle Ben failed to report to us last week a couple of weddings at which he officiated on the preceding Sunday, September 2.

Two O'Donnell girls became the brides of two Lamesa young men. The contracting parties were Thomas Beryl Hooten and Miss Glennie Juanita Frazier, R. G. Cole and Miss Erma Labina Fairley.

The two couples procured their marriage licenses early Sunday and the rites were performed in Uncle Ben's office.

On last Thursday, Elder R. P. Drennon officiated at the wedding of T. B. Shipman and Miss Ruby Nichols. We understand that this couple resides here.

### REPAIRING WARD SCHOOL

Some repairs are being made to the roof and the windows of the Central Ward school building this week.

### NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The News will be gladly corrected when called to our attention.

Maybe we people out here on the south plains have been overlooking a bet. These old "tumble weeds" or Russian thistles grow here most luxuriantly, and we have always regarded them as nothing but a pest. But according to our neighbors just to the north, these tumble weeds make excellent hay. "Many farmers are cutting the Russian thistle and either stacking or baling it for winter hay," says the Canyon News. "It is reported that a little salt scattered in the thistle will help preserve it, and cattle will relish it much more during the winter months." Say, Brother, we'll bet we could raise twenty tons of that stuff to the acre here on the south plains. If our merchants quit advertising entirely we may decide to go into the tumble weed business.

It is high time for Texas to be divided into new senatorial districts. West Texas is not getting her share of representation in the senate of Texas. The difficulty of

redistricting lies in the fact that any new redistricting bill would legislate a few senators out of jobs. Naturally they and their friends oppose any redistricting bill. In order to obviate this difficulty to some extent, it might be wise for any new redistricting bill to contain a provision to the effect that it shall not go into effect until the terms of office of all present senators expire. That would not eliminate the objections entirely but it might help some. At any rate, West Texas should insist that the state be redistricted.

A lot of folks are poking fun at the tree-planting program of the Roosevelt administration whereby it is proposed to plant out trees over a territory in the Middle West one hundred miles wide and twelve hundred miles long. It may be folly but we believe it to be another "noble experiment." Along with the tree-planting program, however, a water-conservation and irrigation program should be instituted. We need to conserve and use all the water that falls in this semi-arid territory. And we need more trees.

The next legislature should do something to purify elections along the border. The manner in which Mexicans have been voted in blocks by bosses election after election for the past half century in that part of the state is a disgrace to Texas. We can't understand why something was not done about it a long time ago. Not an election is held in some of those border counties but that the election laws are flagrantly violated. These methods would be a disgrace to Tammany Hall.

As if to compensate partially for damage wrought by drouth, the mesquite trees this year have produced an unusually abundant crop of beans, and the cows have lived and waxed fat on them in many pastures. Some day we may come to prize the mesquite more highly than has been our custom.

## Largest Italian Family See Fair

It took a wash-tub of spaghetti to feed Mr. and Mrs. Mike Latorra and their nineteen children, who, after a nation-wide search, were selected as the largest and healthiest Italian family in the United States and were given a trip to the Fair by the Italian Village. The Fair closes forever October 31.

### DO NEWSPAPERS GO TO HEAVEN?

In the newspaper office are desks, chairs, typewriters, type, typesetting machines and presses. All mechanical items necessary to publication are in good working order. About the place are morgue files, mats, reference works, papers, magazines and books of various kinds. Everything needed for printing a newspaper is in its place.

This office is not different from the other 1,900 other daily newspaper offices, the several thousand weekly plants and the several hundred magazine and periodical plants in the nation. They are all alike in the standardized and mechanical manner that characterizes much of our civilization. A group of workers from the Texan could move into The News office, The Globe Shop or the Leader plant tomorrow and put the paper out on time.

This background is given to emphasize the humanness, heart and soul of newspapers. Many are alike in features and general news but in local news and in editorial opinion, aggressiveness and feeling they are human. Being human they are different. Down to a certain point papers are alike but when the point where the newspaper becomes the lengthened shadow of the man or group behind it is reached, the vast difference becomes noticeable in the heart and soul of the newspaper. This is because it is a human institution.

Being a human institution the newspaper, if it is worth the paper it is printed on, has warmth and feeling, coldness and indifference, and it has humanness, the joys and sorrows of life, the heat of the noonday sun and the calm peace of the evening. It is at times a beautiful character. It may become sullen or even antagonistic. Sometimes it is hard and again it may be soft putty. You see it is a human institution.

The newspaper reflects the person who gives life and color and feeling to it. It is a cross-section of the community where it plays an important role. It is like the grain in the wood of the tree because the human beings responsible for it are influenced by those with whom they move and have their being. It tells the story of life and death. It is the household historian of the community. Old copies of newspapers are valued because they give an accurate picture of the human heart-beat of the community ten, fifteen, twenty-five or fifty years ago. The newspaper is a mirror, showing out of the glass what is put into it.

Treasure your newspaper. Study it for a lesson in human nature. It gives an accurate picture of the colorful, changing and complex life of the community. It has a great influence on your life. It plays a big part in the order of your days. The newspaper's powerful and generally fair, kindly and wholesome influence is at work all the time. All newspaper people worthy of the name, realizing the newspaper is a great human institution, put their bodies, hearts and souls into the making.

Newspapers might go to heaven because they are so human.—Dalhart Texan.

Mrs. L. T. Robertson of Dallas returned to her home Tuesday after a two weeks visit here with her parents, Mr. and Mrs. J. H. Cobb, and other members of the family.

Mrs. H. J. Badgwell has returned to her home in Clemons, Oklahoma, after visiting here with Mrs. J. S. Wells and other relatives.

### Edith

School opened Monday with a good attendance. We are glad to have our new principal move in. Every one should cooperate with the teachers and pupils so as to make a successful school term.

More attended Sunday School than usual Sunday. We ask them to come back every Sunday.

A group of young people enjoyed a party given at the home of Mr. and Mrs. Stephens Monday night. Miss Marie Owens spent Saturday night with Miss Mary Ellen Inman of South Ward.

Mr. and Mrs. Oscar Sanders spent Sunday with Mr. and Mrs. (Uncle) Johnnie Campbell of South Ward.

Dorothy Payne spent Friday night with her sister, Mrs. Martin of Draw.

Mr. and Mrs. Jim Taylor spent Sunday with Mr. and Mrs. Bell.

The following enjoyed a trip to Mexico: Mr. A. A. Anderson, Mr. Culler, Mr. Carl Sanders, Mr. Joe Anderson, and Mr. Oscar Sanders. They went Friday and came back Saturday night.

Mr. and Mrs. E. D. Payne visited Mr. and Mrs. Anderson Sunday. Geneva Payne, Effie Anderson, and Wanda Dyer spent Sunday with Jeffie Lynn and Wanda Gene Stephens.

Mr. and Mrs. Art Nixon are the proud parents of a baby girl born Sunday night.

Mrs. Lollie Murrah of Dixie is spending the week with Mr. and Mrs. Barnett and family.

Mrs. Banks was called to Amarillo on account of the serious illness of her father.

Every one remember Singing Sunday evening and come!—Reporter.

### CARD OF THANKS

We wish to express the deep gratitude of our hearts to the many neighbors and friends who were so kind to us in the dark hours through which we passed in the death of our husband and father, W. H. Izard. We especially wish to thank the New Home Baptist Church, Bro. Richburg, Bro. Horn, and Bro. Rankin for the comforting words spoken.

Mrs. W. H. Izard, New Home; Mr. and Mrs. W. A. Izard and family of Lubbock, Mr. and Mrs. J. H. Izard and family of New Home, Mr. and Mrs. C. D. Izard and family of Las Vegas, New Mexico and Mr. and Mrs. S. O. Izard and family of Las Vegas, New Mexico.

Hall Robinson recently made a trip up into the Plainview country and he says that he saw some very fine cotton out east of Plainview. They are operating their irrigation pumps this year.

### "Now I'm the Picture of Health," Says Lady After Taking CARDUI

Here is how Cardui helped an Alabama lady. . . . "I suffered from pains in my back and sides," writes Mrs. A. G. Gray, of Guntersville, Ala. "I was so thin and weak, I read of Cardui and decided to take it. I noticed at once it was helping me. I kept taking Cardui until I had finished five bottles. I gained. My health was much better. Now I am the picture of health. My color is good and my weight increased." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

### "THE GIRL FROM MISSOURI" YEAR'S MOST AMUSING COMEDY ROMANCE

Jean Harlow, Lionel Barrymore, Franchot Tone And Lewis Stone Score.

After a seven month absence from the screen, platinum-blonde Jean Harlow returns in a rollicking picture that takes complete advantage of her unusual talents as a top-notch comedienne.

Her new picture is the Metro-Goldwyn-Mayer production, "The Girl From Missouri," which opens Sunday at the English Theatre. The picture was written especially for Miss Harlow by Anita Loos and John Emerson.

**An Ambitious Showgirl**  
As Eddie Chapman, the ambitious showgirl who became a social climber, Miss Harlow gives one of time most entertaining performances of her career.

Her big ambition is to marry a millionaire for she is determined to have financial security along with the wedding ring.

She becomes engaged to one middle-aged bachelor, but he commits suicide a few minutes after acknowledging the engagement. She next centers her attention upon Lionel Barrymore, a financial and political power in national affairs, and inadvertently falls in love with Barrymore's son, played by Franchot Tone.

Miss Harlow finally "gets her man," but only after a series of hilarious situations, one of which lands her behind jail bars, the victim of a frame-up.

Barrymore plays the character of T. R. Paige, the capitalist, whose political appointment is almost ruined by one of Eddie's pranks.

Tone appears as Barrymore's son, Tom, and wins new screen honors as one of the most persistent lovers seen upon the screen in many months.

Lewis Stone, recognized as one of filmdom's finest actors, does well with the brief role that is given him as Cousins, bachelor financier who offers to marry Eddie.

**Fatsy Kelly, Her Pal**  
Fatsy Kelly, the "hard-boiled" showgirl—who was last seen as Marion Davies' pal in "Going Hollywood"—has a similar role as Harlow's girl friend and companion in the new picture.

Others in the cast who deserve honorable mention are Alan Mowbray, Clara Bladick, Hale Hamilton, Henry Kolker and Nat Pendleton. Jack Conway who climbed another step higher as an ace director through his deft handling of "Viva Villa!", has turned out another fine picture in "The Girl from Missouri."

Mr. and Mrs. J. W. (Shorty) Brown have returned to Tahoka, and Mr. Brown has resumed his work as a mechanic at the Snowden workshop. They have been in Greenville since leaving Tahoka a few weeks ago.

**STATED MEETINGS of Tahoka Lodge No. 1041**  
the first Tuesday night in each month at 7:30. Members urged to attend. Visitors welcome.

### THE GROWL

Edited By Sylvester Reese

(Ed. Note: In this issue of the News a column of school news entitled "The Growl" is being launched. The purpose of this column is to serve the greatest good of the greatest number of students and to tell the general public on the idea that the school is the hope of America, and expects therefore the active support of all citizens. This column is not to be the ward of any one department of the Tahoka High school but is intended to be an asset to all the departments and the school as a whole. However, the success of this column depends to a large extent upon the close cooperation of the various departments and the teachers with the staff. Knowing that this column may become either a useful ally of the school authorities or a miserable failure, the editorial staff of this column craves the cooperation of the various departments and the faculty of the school.)

### School Enrollment Shows An Increase

Total enrollment in the Tahoka public schools on the opening day showed a net gain of fifty over

Tahoka, Texas

last year's enrollment, according to Superintendent J. B. Pace Jr. The greatest increase was made at Central Ward, where 51 more pupils enrolled this year than last. The other increases were slight. The High School showing only eight more pupils enrolled, and the seventh grade five more than at the same time last year.

South Ward, however, shows fourteen fewer enrolled the first day this year as compared with last. Enrollment by grades is as follows: First grade 15, second 44, third 34, fourth 49, fifth 59, sixth 27. The seventh grade at the High School had 47 enrolled, and the High School 153. South Ward had a total of 53. Total enrollment for the three schools was 560.

### New Teachers Are Added To Faculty

The News stated last week that Miss Ethelene Murrell would this year teach the seventh grade here. Miss Murrell was elected to this position but had resigned a few days before the opening of school. Thursday before school started on Monday, Mrs. S. H. Assiter was elected to fill this place.

Mrs. Assiter is a graduate of Texas Technological College and has had eight years teaching experience in the schools of Texas. She taught in the Abernathy school the past three years.

Increased enrollment last week made it necessary to add another teacher to the Central Ward faculty. Accordingly, Miss Anna Ray Bishop, graduate of C. I. A. and a specialist in speech arts and in primary work, was given a place as second and third grade teacher. Miss Mabel Maggard from Hale Center, graduate of Texas Technological College, has been given the elementary work at the South Ward school. She has had one year of teaching experience at Hale Center.

**Senior Class Organizes**  
In its initial meeting held Wednesday afternoon the Senior Class organized and elected officers for the ensuing year. Since an average of 80% on all subjects for the previous year was necessary to qualify a student to hold office, only the higher ranking students were elected to fill positions.

Garland Edwards was elected President by a large vote and Robert Drennon was chosen vice-president. Carmen Crawford is to serve as secretary for the class and Cora Lee Deaver will act as treasurer. Edith Macha is to have charge of publicity.

Mrs. Lenora M. Tunnell is again Senior sponsor.

### Vocational Agriculture Briefs

Sixty boys of Tahoka High school have registered for Vocational Agriculture. This work is divided into three classes, there being two first year classes with an enrollment of 43 boys and a second year class with 17 boys enrolled. Mr. Strickland states that this is one of the largest vocational agriculture departments in this part of the state and is well pleased with the interest shown in the work.

Students taking first year work will study improving plants, restoring and maintaining soil fertility, improving livestock, producing a living at home, and selection of land for crops.

Second year class will this year study insects of crops, diseases of crops, diseases and parasites of livestock, feeding livestock and poultry and managing a farm. All of the classes will do some form of shop work and every boy is required to have a project at home so that he may put into practice some of the things learned in the classroom.

This department will enter judging teams in various contests over the state. An educational booth will be placed at the South Plains Fair at Lubbock by the F. P. A. Chapter, an organization of all boys taking Vocational Agriculture.

The following boys are taking Vocational Agriculture:

Vocational Agriculture 111: Arvel Alkin, Ted Boydston, Coy Cathcart, Keyth Connolly, Truett Cooper, Paul Casbeer, Clifton Rudaly, Reginald Frazier, Charles Heathman, Grady Herrin, Wade Howell, Billy Hill, Herbert Hoover, Wyman Johnson, Alex Nevil, Homer Parker, G. C. Price, F. E. Redwine, Preston Strasner, Vernon Smith, Hiram Snowden, Neil Walker, Geo. Wright, J. C. Womack.

V. A. 211: R. B. Anderson, Noel Walden, Alphon, Joy Edwin Brown, Smiles Barber, Luther Carpenter, Wilson Edwards, Wells Edwards, Cecil Hammonds, Johnny Janak, Robert Maddox, Champ Perkins, Weldon Richardson, Clint Rowe, Arden Sanders, Harold Snowden, James Thompson, R. C. Wells, Jim Woods, Nathan Woolsey.

V. A. 421: Dorsey Allison, Bryce Bartlett, Glenn Boydston, Leo Brooks, Eby Dyer, Garland Edwards, Harris Frazier, Ernest Gill, Kelly Hill, Dale Jones, Walthal Littlepage, A. R. Milliken, Mark Shannon, O. J. Sproles, Wayne Taylor.

### Vocational Students Meet

Thirty-five boys met at the High School auditorium on Monday night for a bimonthly meeting of the Future Farmers of America organization. The principal purpose of the meeting was to attend to some urgent business that had to come before the chapter.

President Preston Strasner presided. Two new officers were elected due to the old ones not taking agriculture. They were Dorsey Allison, Secretary and Harris Frazier, Reporter. The chapter decided to make the next meeting an outdoor affair at Tahoka Lake on September 26.

Mr. Strickland gave a short talk on parliamentary law, speaking principally on motions. The chapter voted to have him talk a few minutes each time on some form of parliamentary law.

### Wrinkles Being Ironed Out

Grunts—groans—more grunts and groans, though not as numerous as those heard last week, are still being heard on the high school practice field as Coach Prentiss Walker puts his charges through the calisthenics outlined by him. Coach Walker is this week ironing the wrinkles out of sore backs and working the stiffness out of

sore muscles so that his huskies will be fit for the opening game with Crosbyton on Friday, September 21.

All of the thirty boys who are coming out are working hard and looking good. Husky-looking lads and some who are not so husky-looking are receiving plenty of splendid training and prospects are much better than they have been in several years.

It is too early for the coach to say which boys will be in the line-up for the opening fray but it is a cinch that those boys who train hardest and get in best condition will be called for first.

Walker is indeed building a team and it is every school patron's duty to support and boost for the Bulldogs. Come out to the opening game Friday week and give the Bulldogs a chance to demonstrate.

### Courses Resumed

Realizing the need for more practical courses in its curriculum, the Tahoka High school is this year offering some commercial and agricultural work.

Fourteen students have signed up for typing, three of whom are taking the course as post graduate work. Because of the limited number of typewriters it was found

necessary to divide the students into two groups. Mrs. Lucille Bludworth is teaching the course. She has had much experience along this line, having taught several years in the National Business College of Fort Worth.

Vocational Agriculture was also re-established in the school and is being taught by J. D. Strickland who is a '34 graduate of Texas Tech.

Both typing and Vocational Agriculture were offered for a number of years but economic conditions made it imperative that they be dropped from the curriculum. It is to be hoped that as conditions improve more work of this type can be offered by the school.

Tahoka High school now offers 27 units of affiliated work.

### Pep Squad To Be Organized

A total of about fifty or sixty girls were present Monday afternoon at a meeting of all girls interested in organizing a pep squad. Mrs. Lucille Bludworth was selected as sponsor but no formal organization was effected. The girls plan to elect leaders and officers at their next meeting to be held the latter part of the week.

Plans are being made whereby the Pep Squad can be present at all football games to root for the Bulldogs.

The practice of lending money to home owners for repairs and improvements (the purpose of the new Federal Housing Administration) was first started in 1934.

## Lake Near O'Donnell, Rich in Salt Deposits, May Be Developed Soon

By J. Sam Lewis.  
Lubbock Avalanche

A lake containing crystallized potash, Epsom salt, common salt and Glauber salt, is located on the C. H. Doak farm about nine or ten miles west of O'Donnell—the only lake on the entire South Plains that contains as many chemicals in paying quantities. This is the claim of Mr. Doak, a pioneer of this section, who hopes to get Federal government backing in the development of the lake commercially.

The lake itself is in a small depression and contains about 11 acres. The lake is never dry, although the surface crystallizes until it can bear the weight of a man.

### Lake of Solid Crystals

"It is a lake of solid crystals," Mr. Doak said. "The top is seven feet thick. Then there is about two feet of clay and from there on down, I don't know how far, it is solid crystals."

"Some years ago I sank a well down in the west side of the lake. It is 182 feet deep and the log shows crystals all the way down. I do not know how far down the lake goes. I made 36 tests around the lake, sinking 36 wells. They all showed the same chemical content."

### Water Kills Cattle

"Cattle will not drink the water on the lake very much. When they do, it just kills them—too much potash. Water from this lake has killed many hundreds of head of cattle during the years."

"No dust ever forms on the lake; no matter how much sand blows. There is always some water just below the crust and no matter how dry you find this brackish water."

"The lake is fed by springs; there is one on the west side near the edge. All you have to do is to dig down a few inches and you get water."

Back in 1915 Mr. Doak negotiated with a chemical manufacturing concern in Philadelphia for development. Tests were made and a chemical analysis showed: sodium chloride, or salt, 8 percent; sodium sulphate, or Glauber salts, 22 percent; magnesium sulphate, or Epsom salts, 18 percent; and potassium oxide, or potash, 40 percent. The remainder is dirt and other chemicals.

### Brings Higher Price

At that time, Mr. Doak said, Glauber salts, used then in the manufacture of glass, was bringing about \$5 to \$7 a ton. Now the salt has more commercial needs and is bringing \$18 to \$25 a ton. It is used in the making of paper boxcarbons, among other uses.

The lake is located in section 6, block C-41, in Lynn county. It was formerly on the old Frost ranch, and the lake is known locally as the Frost lake. Mr. Doak purchased the section from Nobe Frost, a pioneer rancher who operated the Frost ranch for many years. He bought the ranch in 1900.

Ducks do not stay on the lake, according to Clyde Frost, son of the man for whom the lake was named.

### Does Not Freeze

The surface does not freeze over in the coldest weather. In dry seasons the water on top of the crust dries up and disappears, but there is always water under the hard crust. Water will appear on the crust, almost over night.

Many people visit the lake during the year. It is located about a quarter of a mile south of the road and there is a bank, ten to fifteen feet high, around the rim. The bank is of sand and Mr. Doak says he believes as the lake solidified, it pushed the sand up around the edge.

Mrs. T. C. Boucher and children of Abilene spent the week end here with the J. K. Woodley family.

## NO LOSS OF COTTON MARKETS SEEN IN AAA PLAN

College Station—The South is not about to lose its cotton markets to foreign countries because of the Bankhead Act and the cotton adjustment program, according to reliable facts gathered by the United States Department of Agriculture. Material furnished by the Agricultural Adjustment Administration clearly shows that foreign countries have increased production to the limit for years. A careful study of each of America's cotton growing competitors indicates that the possibility of further increases are very unlikely in the near future.

If American prices were to go to very high levels and remain there for 15 or 20 years foreign cotton production would increase, it is believed. As matters now stand, America has a large available surplus of cotton to more than satisfy all foreign markets. American cotton exports for the two years 1931-32 and 1932-33 exceeded all exports for the last 13 years except for one year. The exports for the cotton year recently ended are expected to be nearly as high as those of the years just preceding.

It has been said that every time we reduce acreage foreign countries increase their cotton acreage. Figures do not bear this out. The whole cotton world seems to move more or less together in increasing and decreasing acreage. It is said that last year we plowed up 10 million acres of cotton and foreign countries promptly increased their cotton 4 million acres. The foreign increase was planted before the American plow-up. Cotton planting dates are about the same all over the world. America increased plantings 4 million acres in 1933 and so did the rest of the world.

Foreign cotton production steadily increased from 1890 to 1933. Some people are alarmed about this because they think this increase will continue indefinitely. As a matter of fact, foreign countries have nearly reached their limit of profitable cotton competition. It will take very high prices over a long period of years to bring forth much more competition. The Agricultural Adjustment cotton program merely aims at preventing towering surpluses that bring poverty to the South. It plans always to have plenty of cotton to sell at home and abroad. A reasonable American price is too low to encourage unlimited foreign production.

It should always be kept in mind that the Agricultural Adjustment Administration cotton program does not aim at permanent reduction. It does propose to help farmers to cooperate to adjust the supply of cotton to effective demand. For the first time in history the Southern farmer and business man has the opportunity to work out a long-time plan that will avoid most of the tail spins in cotton price which have periodically depressed the South for 50 years. The plan has not yet surrendered to foreign markets and is not likely to do so. In succeeding articles facts about cotton growing conditions in India, Egypt, Russia, China and Brazil will be presented. The first four countries furnish nearly 85% of our foreign competition, and Brazil is the one country which might give real competition in the future. When these are studied there will be less alarm about the foreign situation.

Judge G. C. Grider was a visitor in Hobbs Sunday and Monday. He reports that Hobbs seems to be on the upgrade. Everybody seems busy, however there are very few new jobs opening up.

## Lily Pad Raft at World's Fair

Nature provided this raft, a water platter known as the Amazon lily in the Horticulture gardens of the World's Fair in Chicago. It provides more than ample support for six-year-old Jane Haslip. Even these beautiful gardens will be torn up when the Fair closes forever Oct. 31.

## REPORTS FROM THE COUNTY CLUBS

Miss Sylvia Robb, H. D. Agent

### Tahoka H. D. Club Met

Wednesday, September 12  
The Tahoka H. D. Club met Wednesday, September 12 at 2:30 o'clock in the home of Mrs. James Connolly with 14 present.

Since it was the first meeting of the month, Miss Sylvia Robb met with us and talked about getting an exhibit for the Panhandle South Plains Fair at Lubbock. Mrs. Harold Edwards and Mrs. Finch gave a very interesting report from A. & M. We were very glad to have Mrs. Nowlin visit us. Refreshments were served to the following: Miss Sylvia Robb, Mesdames Harold Edwards, Claud Wells, Roy Poir, G. M. Reid, M. C. Finch, J. H. Edwards, George Small, R. L. Richardson, V. F. Jones, M. O. Canaday, L. O. Mitchell, James Connolly and W. S. Anglin.

We were very proud to have two new members, Mrs. J. D. Strickland and Mrs. Kary Mathis. We meet next time with Mrs. J. H. Edwards Sept. 26.—Reporter.

### New Lynn H. D. Club

Met With Mrs. Flemings  
The New Lynn Home Demonstration club met September 4 in the home of Mrs. P. K. Flemings. Each member took a covered dish and spent the day quilting.

Those present were as follows: Mrs. Pete Wetzel, Mrs. H. Higginbotham, H. A. Winkler, Raymond Stone, Mary Cowart, J. W. Chesner, Tressie Kenley, Velma Flemings, R. W. Barton, P. S. Barton, A. B. Short, Talbert, A. B. Terry, J. A. Jaynes, Richard, L. M. Reed, J. M. Spears, T. A. Stone, and P. K. Flemings. Visitors were Mrs. O. R. Cook, Elliott, D. Flemings, Edd Stone, and Mrs. G. R. Baker.

A very enjoyable day was reported by all present.

### New Lynn Club Girls

Met Tuesday Morning

The New Lynn Girls Club met Tuesday morning, September 4. We had a good meeting and are glad to take club work again.

Miss Sylvia Robb was with us. There were eleven members present. They were Arlie Edwards, Faye Bishop, Eloise Meeks, Modene Tolbert, Allene Bartley, Lillian Jaynes, Naydeen Nelson, Sue Young, Juanita Jones, Margaret Barton, and Hallie Higginbotham.

### Gordon H. D. Women

Entertain Husbands

The Gordon Home Demonstration Club entertained their husbands on Tuesday night, August 21, in the home of Mr. and Mrs. Beauford Jones. After an enjoyable two hours of games and jokes a lunch was served on the lawn.

The party consisted of about seventy five members, their husbands and guests.

### Gordon Home Demonstration Club Meets

The Gordon Home Demonstration Club met with Mrs. F. W. Hall Tuesday, September 4, 1934. Mrs. Stewart and Miss Billingsley gave reports on their trips to A. & M.

We had about fifteen members present and enrolled seven new members.

Mr. and Mrs. Maurice Small have been here this week visiting their parents, Mr. and Mrs. Geo. W. Small and Mr. and Mrs. D. B. Engle. Mr. and Mrs. Small, who have been residing in Matador the past few months, are moving to Sudan. Mr. Small is in the employ of Higginbotham-Bartlett Lumber Co.

## Meet Capt. Mary

"America's Sweetheart" is Capt. Mary now. She was made an honorary captain of the World's Fair guides when she visited the exposition in Chicago. The Fair will close its gates forever midnight Oct. 31.

## Park Designation Prospects Good

L. M. Nordyke, county commissioner, who, in company with County Judge W. E. Smith and Commissioner Waldo McLaurin, were in Austin Monday, says prospects are good for the location of a state park in Lynn county. The state park board, he says, has requested that a sample of water from the proposed site northeast of town be sent them for analysis, he says. He was also informed that a member of the Park board would be in Tahoka soon to inspect sites.

Should a park be designated in Lynn county, a CCC camp would be located on the site to improve and beautify the property.

One of the sites being considered is located at Tahoka Lake and will include the south springs.

Marion G. Bradley Post of the American Legion, together with the commissioners court, has been seeking a park designation for several months.

## FRUIT TREES SHOULD BE WATERED DURING WINTER

County Treasurer S. L. Jinkins, who this year raised peaches which compare favorably with the best Georgia and California products, states that fruit trees should be watered in this section in the winter, preferably in December and January, and later if the seasons are not just right.

Mr. Jinkins lived for many years in Amarillo and never failed to raise fine fruit by observing this rule. The winter is the time when the roots are growing and the tree is storing the necessary elements to mature the fruit, says he. By keeping the trees irrigated the budding and flowering season is also delayed until the danger of a freeze is past, is another theory of his which has proven itself many times.

He brought two peaches to the Herald office that for beauty, size and flavor could not have been excelled in any country and we are inclined to believe that he has solved the problem of making a success of fruit on the Plains. He also states that pines and other evergreen trees do better by winter irrigation.—Hockley County Herald.

Buttermilk has practically the same food value as skim milk.

Pay up your subscription now!

## SOCIETY

Club and Church News

### EUEZELIAN CLASS ENTERTAINS FACULTY AT GATHERING

Life from the kindergarten up through the University of "Hard Knocks" dramatized by teachers of the Tahoka Public Schools with the assistance of Mr. H. P. Caveness and his Euzelian Class of the First Baptist Church was one of the chief features of the regular monthly social held on the lawn of Mr. and Mrs. W. M. Harris on Tuesday night.

This social, a courtesy to the school faculty and the husbands of the members of the Euzelian Class, was planned by Mrs. R. C. Forrester, ably assisted by the following committees: Entertainment, Mesdames H. P. Caveness, Gladys M. Stokes and Tom Lemond; Refreshment, Mesdames A. A. Suits, and Roy Leslie; Serving Committee, Mr. W. M. Harris and Mesdames W. M. Harris, Jim Dye, Russell Vernon, Roy Leslie and A. A. Suits. Mr. H. P. Caveness, teacher, Mrs. E. I. Hill, Class President, Mrs. W. M. Harris, first vice-president and hostess, served as Reception committee.

The class welcome was voiced by Mrs. E. I. Hill while J. T. Carter, principal of the High School, expressed the appreciation of the faculty at the close of the meeting. Refreshments of hot coffee and sandwiches were passed to a group of sixty.

### METHODIST CHURCH HAD PROGRAM WEDNESDAY EVE

A program and entertainment given at the Methodist church on Wednesday night was attended by about 100 members of the Sunday School and church.

Talks were made by J. D. Donaldson Jr., Mrs. H. C. Story, Skiles Thomas, and Mary Jane Weathers. Kary Mathis, principal at Central Ward, sang a solo.

Refreshments of sandwiches, cookies, and punch were served.

Claude Donaldson, superintendent of the Sunday School had general charge of the program; J. D. Strickland, Homer Harrison, and Mrs. V. F. Jones composed the recreation committee; and Mrs. Sam Price was in charge of refreshments.

### MRS. A. A. THOMAS HONORED AT BIRTHDAY DINNER

Mrs. A. A. Thomas was honored with a birthday dinner in the home of her son, A. I. Thomas, and wife, on Wednesday, September 12 with her sons, C. A. Thomas and W. O. Thomas and families, and daughter, Mrs. R. H. Collier of Post present. Mr. and Mrs. J. A. South and Mrs. S. J. Harris, friends of the honoree, were also present.

Mrs. Thomas has one daughter, Mrs. A. A. Walker of Canyon, and one son, Dr. A. L. Thomas of Ennis, who were unable to attend the dinner.

Reports from Draughon's Business College, Lubbock, are to the effect that J. W. Fortenberry is making a creditable showing and a good student.

America has diplomatic representatives in over 50 foreign countries.

## DEALEY PRIZE CONTESTS TO BE HELD IN OCTOBER

Elimination contests are to be held at Lubbock in October to determine the music students who shall represent the Nineteenth District in the Dealey Prize Contest finals to be conducted when the Texas Music Teachers' Association meets in annual session November 30-December 1 in Lubbock, according to Miss Carrie Bier of Plainview who is in charge of elimination contests in the district.

Miss Bier will be assisted by Guy Woods of the Wayland College Music Department. Miss Bier states that she will soon have definite information as to the date in October when the preliminary contest will be held in Lubbock to determine the two winners to represent each classification in behalf of the South Plains Music Teachers' Association.

In order to make the competition available to every eligible young musician the state has been divided into twenty-one districts, corresponding to the newly reapportioned congressional districts.

Counties in District 19, are Bailey, Lamb, Floyd, Hale, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Haskell, Gaines, Dawson, Borden, Scurry, Andrews, Martin, Howard, and Mitchell.

The contest numbers are as follows:

Piano—"In the Night" (Schumann) and one other number of the grade difficulty of a Chopin or the grade of difficulty of a Chopin of Liszt Etude or a movement from a standard sonata.

Violin—"Zigeunerweisen" (Sarasate) and a number of the contestant's choice.

Voice—female—"O De Mio Voce Ardor" (Gluck). Published by G. Schirmer. Also one number of the contestant's choice.

Voice—Male—"Where'er You Walk" from "Semele" (Handel). Published by G. Schirmer. Also one number of the contestant's choice.

J. B. Oliver went down to Mineral Wells and returned Monday with his wife, who has been taking treatments there for the past three weeks. He says she is much improved. J. B. estimates the cotton crop between here and Fort Worth is approximately three-fourths gathered, and feed crops are very light. Recent rains have been very spotted along the route.

Mr. and Mrs. E. V. Abernathy of Tyler were here Friday making a cursory survey of the oil prospects here, and according to J. B. Nance Mr. Abernathy became very enthusiastic over the outlook. Mr. Abernathy is president of the Abernathy Oil Company of Tyler and has large oil interests in East Texas.

A. R. McGonagill reports a most auspicious opening of the Edith school Monday morning. He says that many of the patrons were present, some splendid talks were made, and a fine school spirit was manifested. Mr. Paulson is the principal and Misses Smith and Hood are the other teachers.

Mrs. Jim Dye visited relatives last week at Weatherford and Post, returning home Saturday afternoon.

R. E. Key of Lubbock was a guest in the home of Prof. and Mrs. H. P. Caveness Wednesday.

## Notice To Farmers!

This is to advise that the gins in Tahoka have cut the price of ginning to 25 cents per 100 pounds.

Conditions this year have made this action necessary.

## Tahoka Gins

THE LYNN COUNTY NEWS

## South Ward

There was a large crowd at Sunday School and church Sunday morning. Brother Dykes preached after 8. 8.

We had a large crowd at Singing Sunday afternoon.

The following visited in the home of Mr. and Mrs. George Boen and family Sunday: Mrs. Boen's sister, Mrs. C. C. Freeman and family, Mr. and Mrs. Gene Warren and family, Mr. and Mrs. Woodie Newton and family of Seagraves, Mr. and Mrs. Herbert Beavers and family of Tokio, and a number of others, also Mr. and Mrs. Roland and children. Clifford and Gilbert Gandy are at Meadow working.

Charlie Mason is visiting L. T. Redding of Brownfield.

Mr. and Mrs. Guthery Thompson of New Home visited Mr. and Mrs. Marvin Walker Sunday.

Mr. and Mrs. Oscar Sanders and family of Edith visited Mr. and Mrs. John Campbell and daughter Avis Sunday.

Mr. G. Boen and Gene Roland went to Brownfield Saturday after Mr. Boen's horses.

Miss Marie Owens of the Edith community spent Saturday night and Sunday with Miss Mary Ellen Inman.

Johnnie and Mary Ellen Inman went to a "42" party at Dwayne Taylor's of Edith Saturday night.

Miss Mable Magard of Hale Center has been elected primary teacher for this year.

### Notice to Young Folks!

There will be a Sunday School party at South Ward Friday night, September 14, in honor of our school teachers, Mr. Bostik and Miss Magard, and the young folks who are interested in Sunday School and church work.

For refreshments, cake and iced lemonade will be served.

The older folks have an invitation also. We are to meet between 6 and 8:30 p. m. Come!—Reporter.

### READING FUN IN STORE FOR BOYS

Here's important news for the boys of America. The American Boy-Youth's Companion, the nation's quality magazine for boys, has been reduced from \$2.00 a year to \$1.00. The three-year rate, formerly \$3.50, has been reduced to \$2.00.

"For a long time we have been seeking a way to reduce the cost of The American Boy to readers," states Griffith Ogden Ellis, editor. "Recently we have effected savings that make the cut possible, and we think boys will agree that the new price is big news on the reading front. We hope boys will help us to spread the good news by telling their friends."

Along with the cut in cost, the magazine's publishers are planning a magazine that will continue to set the pace in fiction, articles, and departments. The favorite characters of millions of boys will parade through The American Boy in new stories. Douglas Renfrew of the Royal Canadian Mounted, Hide-rack, the red-and-gold collie, Bone-head Jim Tierney, the detective, will give the reader many exciting hours in the months to come.

William Heyliger, whose true-to-life, gripping vocational stories have won him wide acclaim from parents and librarians, as well as the hearty approval of boys, is working on new stories. Staff writers are interviewing famous coaches and athletes and world-renowned explorers, to bring boys the color and fun of sports and travel.

In short, The American Boy, under its new price, will continue to give boys a magazine that measures up to the best standards set by adult magazines. Send your subscription to The American Boy, 7430 Second Blvd., Detroit, Michigan. Enclose your name and address and the proper amount of money, and The American Boy will soon be headed your way, loaded with reading thrills.

W. F. Fry Jr. was in Hobbs, New Mexico, on business Sunday and Monday.

### Constipation Symptoms Soon Go Away After Use of Black-Draught

Mrs. S. G. Ramey, of Henryetta, Okla., writes that she has taken Theodor's Black-Draught about twenty-five years, when needed, and has "found it very good." "When I have a sour stomach and my mouth tastes bitter, and I feel bilious, sluggish and tired, I will very soon have a severe headache if I don't take something. I have learned to keep off these spells by taking Theodor's Black-Draught. Very soon I am feeling fine. I feel that Black-Draught can't be beaten as a family medicine." ... Get a package of Black-Draught today. Sold in 25¢ packages.

## New Lynn

The Methodist meeting started Friday night. It will continue until Sunday night.

Everyone most is pulling bells this week.

Miss Artie Edwards spent Sunday in the home of Misses Made and Irene Claborn.

Miss Margie Higginbotham took dinner with Miss Winnie Bain Sunday.

Several of the young people of New Lynn went to singing at Hackberry Sunday afternoon. They report a large crowd and a real singing.

Miss Ma Edwards spent Sunday and Sunday night with Miss Hallie Higginbotham.

Miss Faye Bishop spent Sunday with Miss Virginia Parker.

Imogene Newman visited Allene Bartley Sunday.

Mr. and Mrs. Roy Curry and Mr. T. J. Bishop went to New Home Saturday night visiting with Mr. and Mrs. J. J. Bishop.

Little Arie Bishop, who has had an operation for appendicitis, was brought home last Monday. He is

doing nicely. Everyone is invited to attend the revival. Don't forget fourth Sunday is our singing day. Everybody come and bring someone with you.

### ANALYSIS SHOWS YOUTH IS NOT 'SPEED-CRAZY'

Detroit, Sept. 12.—"The youth of America could hardly be called 'speed-crazy' ", according to H. C. Weaver, Director, Customer Research Staff, General Motors Corporation.

"This assertion is based on an analysis of owner reactions, gathered during the past year through the mailing of over 2,000,000 questionnaires to car owners in all sections of the country. A breakdown of the data on an age basis makes it possible to compare the tastes and desires of youth with those of adults."

"Our analysis shows that the younger generation wants a top cruising speed only three and seven tenths miles per hour greater than that voted for by adults. It is interesting to note that the general subject of safety was stressed more frequently by youth than by the

grown-ups, although the point was frequently made by both groups that an extra margin of speed and pick-up is essential to safety in coping with modern traffic conditions."

"The most outstanding point of difference between the young people and the adult group is that an overwhelming majority of the boys and girls want radios in their cars and it was pointed out over and over again that radio equipment makes for slower, safer driving. As one college chap expressed it, 'Even the fastest kind of fox trot doesn't blend nicely with a speed of over 50 miles an hour—and with waltz time I find myself slowing down to 40 or less.'"

Tom's mother-in-law came to pay the family a short visit and she liked it so well that she stayed a whole year. She talked without let up from morning to night. At first Tom tried to get in a word edgewise but finally gave it up. After she had gone away, little Tommy said to his father: "Dad what was it you started to say last spring?"

## HORSE RACING A FEATURE AT BIG FAIR THIS YEAR

Lubbock, Sept. 12.—Horse racing, one of the most thrilling sports of all times, will be a feature of the Panhandle South Plains Fair here, September 24 to 29, inclusive.

"Many race horse owners have made entries for the six day racing card and we are interested in having other entries in advance of the fair," A. B. Davis, Lubbock, secretary of the Fair Association, has announced.

There will be races for shetland ponies, for kid ponies, and for saddle horses, in addition to the regular quarter mile race horse runs.

There will be no extra charge for the races and thousands will be on hand for the races each afternoon.

In the evening, fireworks and free acts will be provided for entertainment and on Thursday and Friday nights, Sept. 27 and 28, a horse show will be held with the better horses of Lubbock, Sudan, Amarillo, Panhandle and other points, entered for competition. Mason King will judge.

The Jack T. Wortham Shows will

play the midway and among the many educational features of the fair will be the exhibits in the agricultural building, in the three livestock barns, in the poultry building, in the women's building, industrial building and outdoor exhibits.

One ride

is worth  
a  
thousand  
words

**WHAT** you hear and what you read about a car should be considered before you buy—but *one ride* is worth a thousand words. Out on the road you get nothing but facts. The best place to test Chevrolet Knee-Action is a stretch of bumpy road, where you can see for yourself what a big difference Knee-Action makes in riding comfort. Chevrolet welcomes this fair and thorough test because it will acquaint you not only with the Knee-Action ride, but with all the other features that Chevrolet owners like—the smooth, economical, valve-in-head engine that gives you more

speed than you will ever care to use; the positive, cable-controlled brakes that are safe and reliable in any weather; the handsome finish and the roominess of bodies by Fisher, and the added comfort of Fisher Ventilation. For your own satisfaction, go to your nearest Chevrolet dealer and make the Ownership Test by driving a Knee-Action Chevrolet as you would drive your own car. Chevrolet is satisfied to let you and the ride decide which car is the best for you.

## News Items

(By Beatrice Beckham)  
The Joe Bailey school boys and  
girls are improving in their subjects.  
Miss Lucy Cook, a student of the  
eighth grade, has returned from a  
visit in Hill county.  
Miss Irene Beckham, the Joe  
Bailey teacher, Miss Jessie Wil-  
liams, Beatrice, Charley and Joe  
Beckham spent last week end visit-  
ing relatives in Sweetwater.  
Miss Juanita Williams spent Sun-  
day with Mildred Copelin.  
Mr. Joe Brewer and Mr. Silas Russ  
are visiting in O'Neal, Arkansas.  
There are several students absent  
from school on account of pulling  
cotton.

## Church News

There were eighty-five out of  
one hundred and seven members  
present for Sunday School Sunday.  
Brother Allen was absent Sunday  
because of his sister's illness in Ok-  
lahoma. Brother Shumake preach-  
ed in his absence.

The church held conference Sun-  
day and elected new officers.  
Brother Allen was called as pastor  
for another year. Brother Marian  
Lee was elected superintendent.  
Brother Paul McDonald as asso-  
ciate superintendent, Brother Bryan  
as church clerk, Miss Irene  
Beckham, secretary; Mrs. Horace  
Cook as assistant secretary and new  
teachers were elected for each  
class.

There was a large crowd at  
church Sunday night.

## Blue Darter Sports

The Blue Darter boys and girls  
have been playing basketball for  
the last few days.

The Blue Darter Junior girls are  
playing the Draw Junior girls Fri-  
day night, and the Blue Darter  
Boys are playing the Draw Junior  
boys Friday night at Draw.

The Blue Darter boys and girls  
are hoping to win their first game.

Seventeen of the 92 known chem-  
ical elements have not yet been  
found in the free state.

## LOST AND FOUND

LOST—Small flat open-faced Elgin  
watch, old gold; initials L. C. D. on  
back. Finder return to News office.  
5-tfc.

LOST—Somewhere in Tahoka, lad-  
ies' black purse containing some  
money, cosmetics, papers, etc. Find-  
er may keep money as reward, but  
would appreciate return of purse.  
Mrs. Frank Hill. 1t

## Fair Indian Art

This moccasined young brave, part  
of the show in the Colonial Village at  
the World's Fair in Chicago, paints  
pictures on his drum that might easily  
turn some of our moderns green with  
envy. He, too, will seek fresh fields  
when the exposition closes forever  
Oct. 31.

## Central

Officers were elected for B. T. S.  
Sunday. Mr. R. Bosworth was  
elected director, Mr. B. J. Emanuel,  
assistant director and Miss Ath-  
leen Butler Secretary.

Mr. and Mrs. Carl Rains and  
daughter Gymme Ruth of Post, Bro.  
A. W. Sheumake of Brownfield, Mr.  
and Mrs. Bill Garnett visited Mr.  
and Mrs. A. S. Cash Sunday.

Reece, C. B. Keltner, A. H. Koenig-  
er, J. A. Edwards, R. B. McCord,  
Sid Cathey, John Heck, J. D.  
Nobles.

S. L. Forrest, president of the  
Forrest Lumber Company of La-  
meza, was a business visitor in Ta-  
hoka Wednesday. Mr. Forrest re-  
ports that his company has recent-  
ly opened yards at Andrews and  
Seminole. There is much activity in  
the new Andrews county oil field,  
he reports, the Humble Oil Com-  
pany holding a large block of leas-  
es in that county.

American colleges and universi-  
ties now have nearly 10,000 stu-  
dents enrolled from foreign lands.

Program Is Given  
By Baptist Women

In the absence of a pastor, the  
members of the Baptist Church ar-  
ranged and conducted their own  
program of religious service on last  
Sunday.

The program was rendered by  
the women of the church at the  
eleven o'clock hour. Mrs. Heathman  
as chairman introduced Mrs. H. P.  
Caveness, president of the W. M. S.,  
and Mrs. Caveness in turn intro-  
duced the four auxiliaries of the  
organization; the Y. W. A.'s, the  
G. A.'s, the R. A.'s, and the Sun-  
beams, with their respective lead-  
ers. She also presented awards to  
three contestants who represented  
the Tahoka church in a recent as-  
sociation-wide contest: Pearl Dee  
Rogers, Greta Joyce Applewhite,  
and Willella Nelson.

Giving a brief historical sketch of  
the W. M. S. of the local church,  
Mrs. Caveness stated that it was  
organized twenty-seven years ago in  
the home of Mrs. W. C. Cowan but  
was then known as the "Ladies Aid  
Society."

The chairman Mrs. Heathman  
recognized and presented Mrs. E.  
N. Weathers and Mrs. "Mother"  
Stroud as two of the oldest, most  
faithful, and best beloved mem-  
bers of the organization, and they  
were presented with flowers by  
some of the little girls of the  
church.

A reading was given by Miss An-  
na Ray Bishop, and a surpassingly  
sweet musical program was ren-  
dered.

The evening service was in charge  
of the men. It consisted of a very  
fine musical program, scripture  
reading, and a most interesting and  
illuminating address by G. E. Ho-  
gan.

On Tuesday afternoon a unique  
baptismal service was held in the  
church. Mr. J. R. Blum of Grass-  
land, 88 years of age and for sev-  
eral years an invalid, was baptized  
at a special service for that pur-  
pose. Rev. M. C. Bishop, pastor of  
the church at Post, officiated. Un-  
able to walk or to stand on his  
feet, "Grandpa" Blum was lowered  
into the water in a chair and was  
buried beneath the water while  
sitting in the chair. He is the father  
of Mrs. A. S. Cash and Mrs. J. B.  
Butler of Grassland and Mrs. G. W.  
Sharp of Breckenridge, all of whom  
were present to witness the bap-  
tism.

W. H. IZARD OF NEW HOME  
DIED MONDAY IN HOSPITAL.

(Contin'd from first page)

mother, Mrs. Harris, Mr. and Mrs.  
W. O. Thomas, Mr. and Mrs. S. E.  
Reid, J. D. Donaldson and W. S.  
Swan.

Rev. Izard left surviving him his  
faithful companion and helpmeet  
and four sons: W. A. Izard, opera-  
tor of the City Bus line of Lubbock,  
J. H. Izard of New Home, who is  
one of the county commissioners  
of this county, and C. D. and S. O.  
Izard of Las Vegas, N. M.

Mr. Izard was a native of Bell  
county, having resided there forty  
years before his removal to the  
South Plains. He came to this  
county twenty-five years ago, since  
which time he has resided at New  
Home. For all these years he has  
been one of the most useful and  
highly respected citizens of his  
community and of this county. He  
united with the Baptist Church  
early in life and entered the min-  
istry while yet a young man. For a  
number of years he was pastor of  
the church at New Home, of  
which he was a member at the  
time of his death. A truly good  
man has gone to his reward.

The News joins the people of New  
Home and many friends in other  
communities in sympathy for all  
the bereaved.

W. A. Harris, father of W. M.  
Harris, returned to his home at  
Marietta in Cass county on last  
Friday, after a visit of several  
months here.

The whale shark is the largest  
fish.

"Pains Gone," Says  
Lady, After She  
Had Taken CARDUI

In describing how her health im-  
proved after she had taken Cardui,  
Mrs. Ralph B. Courtney, of Wythe-  
ville, Va., said: "I was run-down  
and suffered from pain in my  
side. I wanted to feel well and  
get rid of the pain in my side, so I  
sent for Cardui and began taking  
it. By the time I had taken three  
bottles of Cardui, I was feeling  
much better. The pains had gone.  
I am very glad to recommend Car-  
dium to other young women." ...  
Thousands of women testify Car-  
dium benefited them. If it does not  
benefit YOU, consult a physician.  
Get a bottle, at drug stores.

John N. Thomas  
Writes From Austin

The News received recently a quite  
lengthy letter from Representative  
John N. Thomas now in Austin at-  
tending the called session of the  
legislature.

After expressing his great joy over  
the election of Jimmie Allred  
and George Mahon and making a  
brief statement as to the work of  
the legislature, which had just then  
convened, Mr. Thomas gives assur-  
ance that he will look out after the  
interests of his constituency in ev-  
ery way possible. We quote from  
his letter as follows.

"Tell the people of Tahoka and  
Lynn County that I will represent  
them in every way possible for their  
interest and will be liberal in my  
views in regard to taking care of  
the needy and destitute that are  
now and will be on our relief rolls.

"I want to thank each and every  
one of my friends in Tahoka and  
Lynn County that I have lived a-  
mong for so long and appreciate so  
much, that we are contemplating  
spending the winter, either in Aus-  
tin or somewhere in the Valley and  
I want them to know that Tahoka  
will always be my home. We plan  
to return there sometime in the  
spring. We are very glad indeed to  
learn that we have had some rain  
throughout our section of the State  
and conditions are to some extent  
relieved.

"With the very best wishes for  
you and the people of Tahoka and  
Lynn County, I remain.

Yours, as ever,  
JOHN N. THOMAS
