SEEK WORK ON HIGHWAY NO. 84

Improvement of Road Possible If
Citizens Of County
Push Movement

Judge W. E. Smith and members of the commissioners court and others are making efforts to induce the Powers-that-be to take up the matter of paving highway No. 84 through Lynn county as soon as the work on No. 9 is finished.

Their immediate task is to get the Highway Commission to order a survey so that the court may proceed to procure the necessary additional right-of-way and have all the preliminaries out of the way by the time No. 9 shall have been completed.

Some work is being done on No. 84 in Garza county east of Post now. It is already hard-surfaced through Kent county. Citizens of Stonewall county to the east and Terry and Yoakum counties to the west of Lynn are also interested in getting this highway improved through these counties. In fact there is a prospect of getting this highway paved within the next two or three years through a number of West Texas counties.

Judge Smith and county commissioner Waldo McLaurin together with delegations from other counties recently made a trip to Stamford and to Abilene to interview officials of the West Texas Chamber of Commerce and Highway Commissioner W. R. Ely with respect to getting this highway paved. They report that while Judge Ely could not speak authoritatively yet he gave them encouragement.

If the people of Lynn county will get busy on this project and back up Judge Smith in his efforts to get this highway paved—if they will really get in dead earnest about the matter and keep the proposal hot, they can doubtless get results. The paving of this highway would not only give employment to many of our citizens for many months, but it would also be of untold value to our people as an artery of traffic and commerce. Surely the people of this county will "come alive" and get this highway paved.

Hospitals Receive Tahoka Patients

Miss Mary Jane Weathers, daughter of Mr. and Mrs. R. P. Weathers, underwent an operation for appendicitis in a Lubbock hospital Wednesday morning. The operation seems to have been entirely successful and it is expected that the patient will be able to return to her home here within a few days.

Little Miss Wanda Lee Tinsley, daughter of Mr. and Mrs. J. O. Tinsley underwent an operation for appendicitis in the Lubbock Sanitarium Sunday night. She is said to be recovering satisfactorily.

Little De Veris Nicholson, son of Mr. and Mrs. D. L. Nicholson, underwent an operation for appendicitis in the Lubbock Sanitarium Monday morning. The little fellow is said to be doing as well as could be expected.

Mrs. Summer Knight was taken to a sanitarium in Lubbock Monday for treatment.

D. H. Goodnough, who has been taking treatment in the Veterans Hospital at Muskogee, Oklahoma, the past several weeks, returned to his home here Sunday morning much improved. "In fact I feel like a new man", Mr. Goodnough told the News.

Mrs. I. L. Gattis, who returned last week from Glen Rose where she had been under treatment, is steadily improving, Mr. Gattis reports.

CARD OF THANKS

It is impossible for me to adequately express my appreciation of the many kindnesses that were shown me upon the tragic death of my husband. The help and sympathy extended can never be forgotten by me. May God's richest blessings rest upon you all.—Mrs. E. B. Mathews.

Mr. and Mrs. V. F. Jones and daughters, accompanied by Mr. and Mrs. J. D. Strickland were visitors in Silvertown over the week-end.

LYNN COUNTY FARMERS FAVOR CONTROL OF COTTON ACREAGE

Favors Campaign
On Tree Planting

John Heck of Wilson was here Tuesday and asked that we help him start a campaign for the planting of Chinese elm trees throughout the county. He has many of these trees growing at his home and he says that they can be grown successfully without irrigation. With a little cultivation, the natural rainfall will be sufficient to keep them thrifty and growing. Wonders can be done in beautification of the county by the planting of Chinese elms, he says.

Merchants Donate \$100 To Legion

A \$100.00 donation was made to the Marion G. Bradley American Legion post last Thursday night by the business men of Tahoka. The fund was raised by Al Lehman and R. A. Hoover, without the knowledge of Legion officials, and presented the organization to assist in completion of the new post home.

"We greatly appreciate this nice gift from our business men," Commander J. E. Dye authorized the News to state. "Tahoka has always been exceedingly nice to us in every undertaking, and we hope to return the favor by maintaining an organization that will always be a benefit and a credit to our town and county."

The new Legion building is complete except for a few finishing touches such as varnishing, papering, and the stucco dash.

Baptists Attend Workers' Conference

Tahoka Baptists attending the Workers Conference of the Brownfield Association at Meadow Tuesday report that it was a very fine meeting. The attendance was unexpectedly large and the program excellent. An old-fashioned dinner-on-the-grounds was served at the noon hour.

Tahoka was again well represented on the program, Rev. and Mrs. Geo. A. Dale, Mrs. K. R. Durham, Mrs. Jim Burleson, and Mrs. Homer Harrison making talks. Others from Tahoka attending were Mmes. Belton Howell, H. P. Caveness, W. E. Heathman, F. L. Kelley, and R. E. Thompson.

Music Pupils In Recital Friday Eve

According to announcement made early this week Mrs. J. K. Applewhite, teacher of music, and Miss Anna Ray Bishop, teacher of expression, will present their pupils in a joint recital Friday night, November 16, at 7:30 o'clock in the High School auditorium.

The public is very cordially invited to be present to see local talent perform.

LYNN COUNTY GIRL ELECTED TO SCHOLARSHIP SOCIETY

Miss Edna Dudgeon of Tahoka, a student in Southwest State Teachers College has been elected to membership in the Nolle Scholarship Society, local Chapter of Alpha Chi, national Scholarship Society. In order to be eligible for this honor a student must be one of the ranking ten per cent of either the senior or the junior class. Miss Dudgeon is a junior and ranked first in her class.

PLAY AT DIXIE

A play entitled "Here Comes Charlie" will be given at the Dixie Schoolhouse Friday night, Nov. 23. This is a three-act farce-comedy to be presented by home talent. Plenty of good music. Curtain rises at 7:45. Admission 5 and 10 cents. You are invited.

Mrs. L. D. Nevill has returned from an extended visit in California. Her daughter and little granddaughter accompanied her home for a visit with relatives here.

The Liberty Bell in Philadelphia weighs 2,080 pounds.

Lynn County Farmers Offer New
Plan For Curbing Of
Over-Production

Nearly three hundred farmers attended the meeting here last Saturday afternoon in the court house and heard a spirited discussion of cotton production control methods. The meeting was called by County Agent V. F. Jones, on the insistence of cotton growers for a county-wide meeting, and he acted as chairman until the body elected Judge J. W. Elliott, who presided throughout the session. E. W. Holloway of Redwine served as secretary.

That the crowd was almost unanimously in favor of some form of compulsory cotton production curtailment, was very obvious.

Opening the meeting for discussion of the Bankhead Act, or proposed modifications, Judge Elliott called on I. M. Draper, Midway, for an explanation of a curtailment plan he has worked out which is meeting with approval among many farmers. Mr. Draper, designated John Heck, Wilson, to explain the plan, which many believe to be much better than the Bankhead Act or the proposed "half and half" means.

Very briefly here is the Draper plan:

This plan is based on an acreage reduction rather than on a lint production, as is the present method. The U. D. D. A. already has the figure on each county in the United States.

Government Will Buy More Cows

Five hundred more cows will be bought by the Government in Lynn County, is the word received by County Agent V. F. Jones from authorities of the cow-buying set-up.

Date has not been set for buying the cows.

It is likely, Jones says, that no stock under a year old will be bought this time.

JOAN CRAWFORD AND CLARK GABLE AT THEIR BEST

Clarence Brown, who is known out in Hollywood as the director who has never made an unsuccessful picture, comes through with flying honors again with his production of "Chained," the new Joan Crawford-Clark Gable co-starring vehicle which opens Sunday at the English Theatre for a run of three days.

Lavishly mounted, beautifully photographed and acted to perfection, the new picture holds all the elements of skillfully thought-out screen entertainment, enhanced by the romantic excitement which a story involving the glamorous Miss Crawford and the popular Mr. Gable always gives.

In "Chained," Miss Crawford plays the role of an American girl who has promised herself to a considerate, wealthy, but elderly man, played by Otto Kruger. It is not until she meets the young South American rancher, Gable, that she realizes the mistake she is making in plunging herself into a life which offers a maximum of security but the minimum of love. The threads by which the complicated triangle is untangled create a tale permeated with emotional pungency and powerful dramatic situations.

Miss Crawford, looking more stunning than ever, and wearing a wide variety of eye-dazzling, Adrian created gowns, shifts from tragedy to laughter with a sureness that emphasizes the fact that she has become one of those rare actresses who do not rely on their personality alone for their success. Gable, as the rancher, is equally fine in another of the virile, sincere roles at which he is a past-master.

The reliable Otto Kruger makes the most of his part as the unwanted man, and excellent support is given by Stuart Erwin, Una O'Connor and Marjorie Gateson. You will find "Chained" unbeatable entertainment. It is a picture that many filmgoers will want to see twice.

Gordon Suits, who is a student in Simmons University at Abilene, visited home-folks last week end.

WORKERS PUSH ROAD BUILDING

Hauling Caliche To Highway No. 9
North of Tahoka, Grading
South To O'Donnell

Construction work on Highway No. 9 has assumed large proportions this week. Trucks loaded with caliche are scurrying from the beds just south of town to points on the highway north of town, unloading their contents and hurrying back. Many men are busy unearthing the caliche in the vast beds found on the Leedy tract of land at the southern outskirts of Tahoka. A caliche base is to be laid from Tahoka to the Lubbock county line, which will require several months, following which topping will be placed.

Since Tuesday 94 men on the relief rolls have been on the job. Ten caliche trucks are being operated and two other trucks are being used. Friday a new shift of 112 men and 12 caliche trucks will be on the job. All together, it is expected that more than 300 men will eventually be given employment on this project.

The grading and drainage structure work from Tahoka south to O'Donnell is also proceeding satisfactorily. Probably thirty or forty men are at work on this project.

Business men can be assured that this building project will materially help business during the winter and spring. It is possible that by that time other road projects will be in sight. Every day in every way things are getting better.

Smith Attending M. E. Conference

Rev. H. C. Smith, pastor of the Methodist church, is this week attending the annual Northwest Texas conference in session at Abilene.

Though no definite announcement has been made, of course, it is believed locally that Bro. Smith will be returned to the church here for another year. Appointments of pastors will be announced Sunday night.

MISSIONARY SOCIETY IN- STALLS NEW OFFICERS

The ladies of the Women's Missionary Society of the Methodist Church met Monday afternoon at 3 o'clock in the home of Mrs. V. F. Jones for the purpose of installing new officers for the coming year.

The officers elected are as follows: President, Ms. V. F. Jones; Vice-President, Mrs. R. W. Fenton Sr.; Secretary-Treasurer, Mrs. G. M. Reid; Supt. of Study, Mrs. W. D. Smith Sr.; Supt. of Supplies, Mrs. M. O. Canada; Supt. of Publicity, Mrs. J. D. Strickland.

DRIZZLING RAIN TUESDAY AMOUNTED TO .25 INCH HERE

A slow drizzling rain amounting to .25 of an inch fell here Tuesday. It apparently visited all portions of the county, though some portions did not receive that much rain.

Heavy rains fell further east. Snyder, Anson, Sweetwater, Abilene, and other points receiving an inch to two inches of precipitation.

EXTEND COTTON POOL TIME

V. F. Jones, county agent, has received notice that time has been extended until November 24 for the pooling of cotton certificates.

Mr. and Mrs. F. M. Sherrod and daughter, Miss Foyce, and Mrs. Chester Connolly are leaving the first of next week for Corpus Christi to spend the winter.

Mrs. M. M. Boyd and children, Marian and Bobby, of Amarillo visited Mrs. Boyd's parents, Mr. and Mrs. W. L. Knight, here Monday.

H. B. McCord spent Wednesday in Amarillo attending an annual district meeting of Phillips "66" dealers.

Contract Let For Another Oil Test

5,235 Bales Ginned
Up To November 1st

E. W. Holloway, the Government cotton statistician for Lynn county, reports that prior to November 1 only 5,235 bales of cotton had been ginned in the county from the crop of 1934, as compared with 35,730 bales ginned prior to the corresponding date last year.

Wilson's New Gym Dedicated Friday

The people of the Wilson Independent School District on last Friday celebrated the opening of the new combination auditorium-gymnasium recently constructed with a program of educational addresses, music, basketball games, beginning at 10:30 A. M. and closing at night.

The principal addresses were made by Dr. W. A. Jackson, head of the department of Government at the Texas Tech, and County Superintendent H. P. Caveness of Tahoka. R. F. Hule, post commander of the American Legion at Lubbock, and R. F. Hincsey, general manager of the West Texas Gas Company at Lubbock, also had places on the program. A. L. Faubion, superintendent of the Wilson schools for the past nine years, presided throughout the program. Several hundred people were present to enjoy the program and a lunch served at the noon hour by school officials.

The new gymnasium building is 60 by 87 feet in size and was constructed at a cost of \$13,000.00. About \$2,500.00 was used in constructing partitions and converting the old auditorium in the main building into class rooms.

Bill Holland Car Recovered At Canyon

Deputy Sheriff Ed Redwine reports that Bill Holland's car, which was stolen from the streets of Lubbock on Friday, November 2, was recovered in Canyon on Wednesday night of last week.

The sheriff here had notified other officers in this part of the state, giving a description of the car. It was identified by officers in Canyon and they gave chase. The driver abandoned the car and escaped, but the car was recovered.

Escaped Prisoner Killed By "Law"

Deputy Sheriff Ed Redwine reports that Walter E. Bush, at one time an inmate of the Lynn county jail, was fatally wounded by police officers at Covington, Kentucky, Saturday night and died Sunday.

Bush and Cecil Miller escaped from jail here last December. He was soon recaptured and turned over to Federal officers at Amarillo on a Federal charge. Later he escaped from the Federal officers and that was the last time he was heard of by local officers until he met his death in Kentucky.

Bush was charged here with the burglary of the Santa Fe depot at O'Donnell.

OLD AGE PENSION MEETING

There will be a county meeting in the interest of the Old Age Revolving Pension at the district court room in Tahoka Monday night, November 19, at 7:30. Young and old invited.—Mrs. Ida Gigray, Dist. Chairman.

The editor, Mrs. Hill, and Billy returned Monday night from Hamilton, where they spent about ten days at the bedside of the editor's aged mother, Mrs. F. P. Hill, who is seriously ill. She seemed to be somewhat improved when they left.

John Davis of Aspermont is here visiting his uncle, Dave and Scott Davis and other relatives. His father, W. H. Davis of Aspermont was a recent visitor here also.

CONTRACT FOR 5,000 FT. HOLE

Location Is Made Northeast Of
Three Lakes On C. O.
Edwards Property

Another test oil well is to be drilled in Lynn county, according to an oil story appearing in the Fort Worth Star Telegram of Tuesday of this week.

We have been unable to contact J. B. Nance since seeing this story but it is doubtless authentic. Mr. Nance has been busy several months procuring a block of oil leases for the Hart people and has stated repeatedly that the Harts expected to drill just as soon as the block of leases was completed and other satisfactory arrangements could be made.

The new well is to be drilled within a few miles of the test well which the Harts drilled a few miles west of Tahoka several years ago. The Star-Telegram story as it relates to this well is as follows:

Edgar T. Hart, Fort Worth, and associates have consummated contract with E. B. Germany, Dallas, for the drilling of a test to 5,000 feet in the northwest corner of the southwest quarter of section 29, L. & S. V. Railway survey, on the C. O. Edwards land in Lynn County, seven miles southwest of Tahoka.

This site is in fact about 8 miles west and 2 miles south of Tahoka.

More Feed Loans Are Available

Stockmen in drought areas who cannot obtain credit from other sources will continue to be eligible for emergency feed loans for their foundation herds this winter provided they keep their credit in good standing and show their intention of repaying the loans, W. I. Myers, Governor of the Farm Credit Administration said here today (November 13).

"The Emergency Crop and Feed Loan Offices," Governor Myers said, "have made loans in the primary drought areas without requiring chattel mortgages in order to make funds available to save hundreds of thousands of cattle and other stock; but they have done so with every expectation that the money will be repaid."

"The Emergency Crop and Feed Loan Division of the Farm Credit Administration has dealt leniently with such borrowers; but each loan has been carefully inspected. Farmers have shown their good faith by cooperating and not attempting to get loans where they were not needed, but of course we cannot expect credit will continue to be available unless borrowers keep the loans in good standing and show their intention of paying the debts."

"The Emergency Crop and Feed Loan Offices are the only source of these unsecured emergency feed loans. They are disbursed from a part of the drought appropriation approved June 19, 1934 and are not made through any of the permanent credit institutions under the Farm Credit Administration."

"Up to November 1," Governor Myers continued, "over 191,000 farmers and stockmen obtained these initial emergency loans to feed their stock and about 134,000 supplemental advances have been made, for a total of \$21,500,000, out of the allocation of \$96,785,000 for such purposes. On an average about \$1,250,000 a week is being loaned to feed cattle and other stock; and during the winter additional credit will be available as needed if the borrowers keep their credit good and show their intention of paying their debts."

All of the emergency feed loans are being advanced in monthly allowances based on the amount required for each head of stock to be fed. The allowances may not exceed \$3.00 per head for farm cattle, \$1.50 for range cattle, \$4.00 for farm workstock, \$2.00 for saddle and pack horses, 50 cents for sheep and 25 cents for goats.

A large crowd attended Sunday school and church Sunday and a large crowd was also present Sunday night.

Several of the Rattlers attended the football game at O'Donnell Friday afternoon and saw the O'Donnell Eagles down the Lubbock Cowboys. They expressed themselves as having enjoyed the game very much but preferred the more gentle game of basketball to the ragged pastime of football.

dependents did not fare so well and went down before a much improved team of Graham Chapel boys since we played and defeated them early in October.

This week we will be host to Joe Bailey and New Lynn on the Redwine courts. These games will be played Wednesday night under the lights. We do not know the strength of the New Lynn team but we are expecting to put them away without much trouble. Joe Bailey has always proved to be an obstacle in our path but we are also hoping to put them away without much trouble.

South Ward

We had a real good crowd at Sunday School and church Sunday morning. Bro. Dykes preached after S. S.

We had several visitors from Grassland, Central and Edith Sunday afternoon at singing.

Mrs. James has been pretty sick but last reports were to the effect that she was some better.

The following were visitors in the home of Mrs. James Sunday: Mr. and Mrs. Ethridge and children, Mr. and Mrs. Gandy and family of Graham Chapel and Misses Vera, Lee Wilkins of Roberts and Mary Ellen Inman and Mr. Herschel Roberts and Edwin Simmons.

Miss Mable Maggard spent the week end at home in Hale Center. She was accompanied home Sunday by her parents and sisters and Miss Fore.

Folks! We have planned to have a pie supper at the school house next Friday night week. Will announce for sure next week.

Everyone remember Sunday School Sunday morning. Everyone try to get there on time—at ten o'clock sharp.

Our contest only runs two more Sundays so we are expecting more new members next Sunday.

Constipation Symptoms Soon Go Away After Use of Black-Draught

Mrs. S. C. Ramey, of Henryetta, Okla., writes that she has taken Theodor's Black-Draught about twenty-five years, when needed, and has "found it very good." "When I have a sour stomach and my mouth tastes bitter, and I feel bilious, sluggish and tired, I will very soon have a severe headache if I don't take something. I have learned to keep off these spells by taking Theodor's Black-Draught. Very soon I am feeling fine. I feel that Black-Draught can't be beaten as a family medicine." Many Hunters Out This Season

Dr. E. E. Callaway and Grover Stewart left Thursday morning to spend a few days hunting deer down in Gillespie county.

Aubra Cade and T. I. Tippit left Wednesday afternoon for the hill country of southwest Texas to try their marksmanship if any fleet-footed deer should cross their path. R. H. Turner and E. S. Tippit also loaded their guns into a car and "lit out" for the deer country.

Sheriff B. L. Parker got the deer fever early. He and W. O. Thomas, A. I. Thomas, and Bob Finley of Wilson left very early Wednesday morning for Del Rio and the Devil's River region expecting to bring back a big assortment of venison.

Cody Bragg, C. T. Tankersley, and Joe Tankersley left Thursday morning loaded for deer, and bear too, if any member of Mr. Bruin's family should raise up and defy them.

L. A. Mooney of Petty and F. M. Middleton and J. F. and Bill Parris of New Home are also on their way to the mountains of southwest Texas to engage in the popular sport.

There are doubtless quite a number of other Lynn county citizens not reported to us who have betaken themselves to the haunts of the deer this week. We may hear from them later.

Mrs. E. E. Callaway and Mrs. Grover Stewart are visiting Mrs. Stewart's parents, Mr. and Mrs. T. M. Dobbins, in Roscoe while their husbands are away on a deer hunt.

William E. Borah, U. S. Senator, from Idaho: "There is no liberty worthy of the name without economic freedom and social justice."

NOTICE TO THE PUBLIC

Any erroneous reflection upon the
reputation or standing of any individual,
firm or corporation, that
may appear in the columns of The
News will be gladly corrected when
called to our attention.

A recent press dispatch from
Washington states that the PWA
estimates that two million persons
are drawing wages and five million
others dependent upon them are
being assisted as a result of construction
of useful public works.
That is our idea of the best plan to
bring relief to the unemployed. Give
them employment. Build roads, irrigation
plants, drainage projects, water conservation
projects—anything that will be of general
and permanent value to our people. Cut
out the waste and the graft as
nearly as possible, but manage to
keep the people busy. The highway
work that has been begun in Lynn
county will be of inestimable value
to our people. We are for that kind
of policy, and we believe that
Franklin D. is on the right track.

Some politicians are born advertisers.
They know how to get their names
in the headlines of the newspapers.
Last Sunday Huey Long walked
into the restaurant of the \$5,000,000
state house which he built at Baton
Rouge with the people's money and
blatantly ordered a chicken dinner.
Of course his press agent was present.
When the waiter brought the dish
Huey blatantly sent it back, charging
that it was all neck and wings. The
press reporter sent a story of this
momentous event to the newspapers
and they ran it under big headlines.
Huey's constituents, no doubt,
read this story with much delight
and admiration. What a great
statesman Huey is!

"Now I'm the Picture of Health," Says Lady After Taking CARDUI

Here is how Cardui helped an
Alabama lady. . . . "I suffered
from pains in my back and sides,"
writes Mrs. A. G. Gray, of Ouseta,
Ala. "I was so thin and weak. I
read of Cardui and decided to take
it. I noticed at once it was helping
me. I kept taking Cardui until
I had finished five bottles. I
gained. My health was much better.
Now I am the picture of health.
My color is good and my weight
increased. . . . Thousands of
women testify Cardui benefited
them. If it does not benefit YOU,
consult a physician.

This is the day of the wets. They
are wrecking their state dry laws
almost as fast as they get a chance
to vote. Texans will vote next year
on the proposal to junk the dry
amendment in our constitution and
repeal the Dean law. Beer seems to
have become popular in Texas,
but we doubt if hard liquor stands
in such high favor. We believe that
it would be the part of wisdom for
the dries to concentrate their fire
on hard liquor. They can probably
win that fight but they can not
win the fight to banish beer—not
now.

A few years ago the blankety-
blank Republicans elected a negro
to congress from a Chicago district.
DePriest, the negro, made
himself very obnoxious to us Democrats.
So this year we Democrats
turned in and licked him. We elected
another negro. Mitchell is the
name of the dusky son of Ham who
will kick DePriest out. But he will
not sit among the blasted Republicans;
he will have a cozy seat among
us good old rock-ribbed
Democrats.

It is very apparent that at this
time the farmers of the South favor
some kind of cotton-acreage control
plan. The experience of the
past two years has made believers
of them. The plans tried thus far,
of course, have their weak points.
But out of the experiments of the
past and out of the exchange of
ideas, a plan will doubtless be
evolved that will be satisfactory to
the great masses of our farmers and
our people generally, in lean years
and fat years alike. Independent
action in farming seems to be a
thing of the past. Cooperative farming
is to be enforced, either directly
or indirectly, by the Government
itself. This depression has wrought
a revolution in many things. A new
day has dawned.

ESSAY WRITING CONTEST NAME IS CHANGED

"The name of the Essay Writing
Contest of the Interscholastic League
has been changed to 'Ready
Writers Contest', according to Miss
Bernice Dean of Draw, who has
been elected Director of the contest
for Lynn county.

"The old name suggested a more
formal composition than the rules
of the contest contemplate, and
hence it has been deemed wise to
change the name to make it conform
more closely to the composition
that is required.

"The topics that are issued for
use are all within the range of the
average pupil's study, observation
and experience, and hence no preparation
of subject-matter is necessary.
The preparation required is
practice in writing and writing
readily, that is, organizing and
presenting a subject in the most
effective way. Punctuation, spelling,
paragraphing, and other items on
the formal side are, of course, taken
into consideration in grading the
papers. Some of the topics call for
narrative, some for argument, others
for exposition, and so on. The
pupil is given five topics from which
he may choose one as the subject
of his composition.

"Winners in the county meet are
qualified for participation in the
district meet, and winners in the
district go to the regional meet for
further competition and for qualification
to the State Meet."

COTTON, WHEAT ACREAGE SLASH TO BE REVOKED

Washington, Nov. 11. (AP)—The
new farm program to be presented
Congress by an AAA spokesman will
turn sharply away from acreage
restriction on the country's two
great money crops—cotton and
wheat.

Instead, Chairman Marvin Jones
(Dem.), Texas, of the House Agricultural
Committee will recommend a
domestic allotment plan, by which
the grower will be paid benefits only
on that part of his production
destined for consumption in this
country, being left free to produce
as much as he desires for the world
market.
The Texan, who stepped a dozen
farm States in the recent campaign
in support of the AAA and of the
Democratic Congressional candidates,
flatly recognized as valid
Sunday some of the criticism
against the adjustment program as
it now is operated and served notice
the act can and should be simplified.

Wallace Knows of Plan
He said he believed his plan,
which would become effective on
expiration of present cotton and
wheat production contracts, could
be placed into effect without material
modification of the act, but
made it clear he was going to demand
that modification.

Jones made no comment on the
views of the administration, but it
was generally taken for granted
that Secretary of Agriculture Henry
Wallace had knowledge of the plan
if he had not in fact approved it.
The Texan, also said he wanted
as much authority as possible placed
in local hands.

"The AAA has been of great value
during the emergency," he said.
"Farm prices have been materially
increased and benefit payments
have helped sustain both the farmer
and the small business man in the
vast drought areas.

Alarmed at Small Market
"I feel, however, the act can and
should be simplified. After the present
contract expires provision
should be made to pay the premiums
on that part of the production
of cotton and wheat which goes into
the domestic markets, thus leaving
the farmer free to make his own
adjustments and to produce for the
foreign markets.

"A production basis should be established
by local committees for each farm.
Each farmer should be paid premiums
on his portion of the domestic market.
Then each farmer should be permitted to
produce what he wishes to be sold in
the markets of the world.

"In this way, the American farmer
could continue to sell his products
to the world. In no sense can he
afford to surrender these foreign
markets."

Jones has expressed alarm privately
at the agricultural loss in the
export market, particularly cotton.
He has told AAA officials he
hopes the Bankhead cotton production
control act will not be continued
another year.

The allotment plan he proposed
would work substantially in this
way: Growers of cotton and wheat
would be given an allotment representing
their share of the estimated national
demand. On that part of their
production one AAA would pay them
premiums representing, as nearly as
possible, the difference between the
actual price of the product and the
prewar average price.

Black-Draught Brings Refreshing Relief of Constipation Troubles

Constipation produces many disagreeable
sensations, several of which are mentioned
by Mr. T. E. Smith, of Boonville, Ind., who writes:
"I have used Theodor's Black-Draught many years when
needed for biliousness and other minor
ills when a laxative was needed. I have a tight feeling in
my chest when I get bilious. I get
dizzy and feel very tired, just don't
feel like doing my work. After
taking Black-Draught, I feel much
better. This is why I continue to
use it when needed." . . . Theodor's
Black-Draught is a good, purely vegetable
laxative, obtainable for 25¢ a package.

Edited by Students of Draw School

The Staff:

Asst. Editor—Blanche Parker
Sports Editor—Graham Tyler
Church Editor—Ethel Mae Sherrill
Society Editor—Cloyd Caswell
"Nosey Mike"—Charles Florence

The student body as a whole has
been progressing nicely this last
six weeks and we are sure everyone
will be here this six weeks for
examinations. We hope that as much
interest will be expressed next six
weeks.

A short program will be rendered
in assembly Monday morning
by the students. The presence of a
number of patrons will be greatly
enjoyed.

Church News
There was a large number at the
Draw Methodist Church last Sunday.
The pastor preached his last
sermon before going to annual conference
which is to be held at Abilene
this year. Everyone appreciates
our pastor and invites him back
the preaching year.

There was not such a large crowd
at league last Sunday afternoon.
However, we had a good program.
Perhaps there will be more next
time. After league the pastor
preached a good sermon which everyone
enjoyed.

Contest Winners
The Longhorn Sweetheart contest
closed Friday afternoon at four o'clock.
Maurine Cargie from the
sophomore class won by a majority
vote. Winner of the Shorthorn
Sweetheart contest (Juniors) was
Helen Williams of the sixth grade.

Sports News
Friday night the Longhorns visited
New Home and lost two games
and won one. The Longhorn boys
lost their game by the score of 19
to 22. The Shortorns dropped their
game with a score of 8-4. The girls
won their game by a close score of
12-11. The girls have lost only one
game since school began and that
was against Ropes. All of the teams
seem to have a fair chance for the
county championship. At least, everyone
hopes so.

for service, I. B. L. Parker, as Sheriff
of Lynn County, Texas, did, on
the 30th day of October, 1934, levy
on certain Real Estate, situated in
Lynn County, Texas, described as
follows, to-wit:

All of Survey No. Two Hundred
Thirty Four (234), in Block No. 1,
Certificate No. 67, Abstract No. 912,
L. & S. V. Ry. Co., and containing
64 acres of land, more or less, and
levied upon as the property of Ed
Knight and Atlantic Production
Company, and that on the first
Tuesday in December, 1934, the
same being the 4th day of said
month, at the Court House door of
Lynn County, in the city of Tahoka,
Texas, between the hours of 10 A.
M. and 4 P. M., by virtue of said
levy and Order of Sale I will sell
said above described Real Estate
at public vendue, for cash, to the
highest bidder, as the property of
said Ed Knight and Atlantic Production
Company.

And in compliance with law, I
give this notice by publication, in
the English language, once a week
for three consecutive weeks immediately
preceding said day of sale,
in the Lynn County News, a newspaper
published in Lynn County.
Witness my hand, this 30th day
of October, 1934.

FINAL PLANS MADE FOR MUSIC TEACHERS MEETING

Plainview, Nov. 15.—The South Plains Music Teachers Association, in annual fall business session here Saturday, worked out in detail plans for entertaining the twenty-first annual convention of the Texas Music Teachers Association at Lubbock November 29 to December 1.

Concerts by several outstanding American artists are included on the Association program. A ticket for the entire series of concerts may be obtained for fifty cents and the public has been invited to attend.

Among the artists to appear on the program is Mrs. J. W. Akin of Wichita Falls, organist, who ap-

peared in Plainview early in the year.

Others scheduled are Julien Paul Elitz, Belgian cellist, Texas Technological College, Lubbock; Marcus Gordon, distinguished American pianist; Horace Jones, violinist, University of Colorado; Rollin Pease, baritone, University of Arizona.

J. Campbell Wray, tenor, Austin; piano ensemble program, South Plains Music Teachers Association students; Wallace R. Clark, director, West Texas State Teachers College, Canyon.

Mrs. J. K. Applewhite of Tahoka, who is vice president of the Association, presided as toastmistress at the luncheon. Mrs. Applewhite was also elected as delegate from the South Plains association to the state meeting.

Mrs. Rafe Richardson another Tahoka music teacher was also in attendance.

Early Mobeetie History Recalled

Mobeetie, Nov. 5. (Special)—The history of old Mobeetie and Wheeler County are being recalled in connection with plans for celebration of Texas' Centennial of Independence of 1936 and for the reconstruction of old Fort Elliott as a historical shrine.

The tearing down of Fort Elliott in 1900 destroyed one of the last of the series of posts constructed for the protection of settlers against Indians. Established in 1876, it was situated two miles west of old Mobeetie on Sweetwater Creek, and only a marker now designates the spot.

The town of Mobeetie dates back into history farther than the fort itself, for in 1875 when the wagons loaded with lumber and other materials came down from Dodge City, Kan., they stopped at a settlement called Hidetown, a supply point for buffalo hunters, which grew and finally was renamed Mobeetie, the Indian name for sweet water. Between 400 and 500 soldiers were stationed at the fort during the few years it was maintained as a military establishment, and settlers moved in from other locations to seek their protection. Billy Dixon, the scout, of whom it is said "he shot and killed an Indian a mile away," visited the fort as did many other men prominent in Texas history.

Of the early-day Mobeetie, a part of the old-time west ruled its outskirts, while the culture of the section centered in the town itself. Among the earlier residents were Gov. J. N. Browning, Coe Origaby, Temple Houston (a son of Sam Houston), L. D. Miller and Judge Willis, J. J. Long, who died in 1925, came to the county with Gen. Nelson A. Miles on an expedition against the Indians in 1874 and later drove the mail here from Dodge City. It was Long who purchased the Fort Elliott flagpole, which today stands on Mobeetie's main street, when the fort was torn down.

Several old-time houses and the jail built in 1886 still are standing, although construction in those early days consisted mainly of adobe, rock and pickets, covered with hides, and the last buffalo in the county was killed one-fourth of a mile west of the old town in 1874.

Draw 4-H Club Girls Have Pep Rally

The Draw 4-H Club girls had a jolly time singing pep songs at their regular meeting in the school auditorium Wednesday morning, November 7. The president called the house to order at 10:30 o'clock. Twenty members answered the roll call. Due to the fact that there is a number of girls under the age of 13 in our club Miss Robb asked each older girl to choose one of the younger ones for a "little sister" whom she is to help with her club work, and the "little sister" in turn must see that her "big sister" gets her work done. The plan was met with hearty approval and carried out.

We began sewing on our dresser scarfs. These are made of white or cream material and the hems may be either whipped or hemstitched in. Miss Robb distributed samples of baking powder and asked each girl to bake some biscuits and bring a sample of them to the next regular meeting which will be November 21.

18 Members Present At New Lynn H. D. Club

The New Lynn H. D. Club met with Mrs. L. D. Cowart Tuesday, November 6, with 18 members present.

Miss Robb, C. H. D. A., gave an interesting demonstration of decorative as well as nutritive salads, after which a brief business session was held.

The social hour was enjoyed. Next meeting will be with Mrs. J. M. Spears on Nov. 20 at 2 o'clock in the afternoon. Everyone come and bring your thimble and if you have a "pet" quilting needle, better bring it along.—Reporter.

Edith H. D. Club With Mrs. S. H. Holland

Several different kinds of salads were made by Miss Robb, our H. D. agent, in a salad demonstration given to the Edith H. D. Club ladies in the home of Mrs. Sam Holland Nov. 7, 1934.

Coffee and cherry pie were served to the following members: Mmes. Garland Pennington, H. O. Hargett, Henry Douthitt, T. E. Dikes, W. C. McKenzie, Sam Holland, Miss Robb and one visitor, Mrs. Herman Bearden.

Our next meeting will be with Mrs. J. T. Owens Nov. 21, at which time officers will be elected.

All Members Present At Wells 4-H Club Meeting

The Wells 4-H club met with all the old members present. One new member joined the club.

We sang a number of songs. Several of the girls worked on their dresser scarfs.

Some of the girls have all of this year's work finished and are anxious to start a new year's work.

Each member gave a report on how much she has canned.

If ye be willing and obedient, ye shall eat the good of the land; but if ye refuse and rebel, ye shall be devoured with the sword: for the mouth of the Lord hath spoken it. Isa. 1:19, 20

Fires on Morro Castle and at Nome, Alaska, Received Help of Red Cross Workers

A number of tragic and unusual disasters have recently called for Red Cross relief.

Included in them have been a flood in Kentucky, following a series of cloudbursts in August; epidemics of disease which threatened several sections, including some caused by drought conditions. Red Cross workers found much to do for the survivors of the Morro Castle fire and for those engaged in rescue work; and Red Cross relief went by airplane to Alaska when the famous old gold camp, Nome, burned in September.

War Veterans' Problems Increase

Last year American Red Cross chapters dealt with the problems of nearly 400,000 veterans and their families. The workers find that as the years go on their responsibility increases rather than decreases. Changes in legislation, the increasing age of veterans and the consequent increase in physical illness, bring new needs for sympathetic treatment by trained Red Cross workers. In addition to this service to veterans the Red Cross served as the official medium between the people and the men in military and naval service, giving aid through this service last year to 6,979 men in the army, navy and marine corps.

WHAT OTHER PAPERS SAY

No Liquor Ads.
Chicago Daily News: The Daily News is now the only newspaper in Chicago which declines to accept liquor advertising.

Everything which has taken place since the repeal of prohibition and the legalizing of the liquor traffic has served to confirm us in our original decision to employ all the influence of the Daily News in behalf of temperance. It is unthinkable that a newspaper which is sincerely devoted to the cause of temperance—to be achieved through education instead of through prohibition—should at the same time permit its columns to be employed to promote the sale of liquor.

Nothing more discreditable has developed in Illinois since the repeal of prohibition than the downright repudiation of the Democratic party's pledge against the return of the old saloon. This repudiation was accomplished in the face of the active opposition of the Democratic President of the United States and the Democratic Governor of Illinois.

The existing tavern, under the present liquor law in Illinois, retains all the evils of the old saloon, and has added new evils of its own. The old alliance between the saloon and politics has been resumed. Every promise that, after the restoration of the liquor traffic to legality, the business would be kept respectable and law-abiding has been violated.

Such being the conditions, the Daily News now reiterates its decision not to aid, even by indirection in its advertising columns, the promotion of a business which has already allied itself with corrupt politics, which is again providing a harbor and a refuge for the incomprehensible, is building sentiment in favor of a fresh experiment in prohibition, despite the unhappy outcome of the first effort in that direction.

The Daily News favored repeal of the Eighteenth Amendment because of its failure to stop the evil traffic in intoxicating liquors. We are against a fresh resort to a method already demonstrated to be ineffective, but we strongly believe in temperance to be achieved by voluntary abstinence from the abuse of intoxicants. It is because we are devoted to this principle that we decline to take any part in the promotion of the sale of any kind of liquor.

Mireo Osuni, Japanese Admiral: "All nations hold maneuvers and it is always necessary to have an imaginary enemy."

Carter Glass, U. S. Senator leaving Europe for home: "I do not wish to talk politics. It's an awful mess."

SURPRISE DINNER GIVEN FOR MR. AND MRS. SHERROD

Sunday a magnificent dinner was given in the Sherrod home by their children. The feast was to have been at the home of G. B. Sherrod; but on account of the inclement weather and poor health the honoree, the good eats were taken to the happy couple.

Thirty-eight people did justice to the spread which was fit for kings and queens. Yes, better than that, plenty good for Franklin D.

Those present were: the honorees, Mr. and Mrs. Sherrod and children, Miss Floyce and families of Mrs. Charley Brown, Grover Shaffer, Chester Connolly, San Sanders, Guy, G. B. and Becher Sherrod. Invited guests: Mrs. Elza and families of Uncle Will Brown, Grandpa Simpson, Bob Chambers and Jim Elliott.

ALL-SEW CLUB MAKES PLANS FOR CHRISTMAS PARTY

Drawing names and making other plans for the Christmas party to be held about a week before Christmas in the home of Mrs. W. M. Harris was the chief business attended to by the All-Sew Club in their meeting in the home of Mrs. G. M. Reid, November 8.

During the social hour a refreshment plate of delicious pie with coffee was served to the following club members and visitors: Mesdames A. L. Lockwood, A. I. Thomas, H. B. Howell, Roy Leslie, J. A. South, V. F. Jones, J. D. Strickland, R. L. Richardson, M. O. Canday and J. B. Stokes.

MRS. H. C. STORY HOSTESS TO TAHOKA MUSIC CLUB

The Tahoka Music Club had a delightful meeting Thursday afternoon with Mrs. H. C. Story as hostess.

Following the business session a program on Franz Liszt was presented. Among the numbers was a splendid paper prepared by Mrs. H. C. Smith (read by Mrs. J. D. Strickland) on the life of Liszt and Mesdames Story and Durham played a duet arrangement of one of his compositions. Mrs. Caveness read another splendid paper on Liszt and his music.

An enjoyable sandwich plate was served to members and two guests, Mrs. Verner Smith and Mrs. Borden Davis.—Reporter.

CHURCH OF CHRIST NOTES

Our work continues to grow. Last Lord's Day morning we were greeted with a large audience. Our night attendance has increased ten or fifteen per cent this month.

At the evening hour we are giving a series of sermons on "The Church Jesus Built", which is being favorably received. The need of

the hour, as I see it, is preaching on the fundamentals.

The ladies are still doing a fine job of sewing for the poor. We have been invited to attend the preachers meeting at Brownfield next and deliver a sermon which we will gladly do. We will appear on the program Monday night and the theme is "Ephesian Church". Would be glad to have several of the brethren and sisters attend from here.

Services here next Lord's Day as usual, preaching at 11 a. m. and 7 p. m.

LYNN COUNTY FARMERS FAVOR ACREAGE CONTROL

(Contin'd from first page)

States as to the percentage of cul-
tivated acreage that has been plan-
ed to cotton for the five-year base
period, from 1928 to 1932 inclusive.
It is suggested that this figure
(which for Lynn county is some-
where between 60 and 70%) be ap-
plied to every farm in the county,
regardless of its cotton base; and
that the required percentage of re-
duction, which is flexible and can
be changed from year to year, be
applied to the base acreage of cot-
ton that would be allowed under the
county figure, rather than the
amount of cotton that had actually
been planted in the base period. A
rental payment would be made on
the rent acres in line with the ren-
tal payment under the present con-
tract.

If this plan were applied it
would be an acreage reduction plan
with the producer free to market
all cotton produced free of tax.
This plan would permit each county
in the cotton belt to follow their
natural trend in crop production
and would place each man on an
equal basis as to the percentage of
cultivated acreage that could be
planted to cotton.

Mr. Draper followed Mr. Heck
in further explaining the proposal,
and R. E. Overstreet of Petty made
a rousing talk in favor of cotton
control and retention of the Bank-
head Bill until some better method
be found.

J. Albert Williams of Draw was
the next speaker on the floor, op-
posing the Bankhead Act, and
blaming our high tariffs for de-
creased consumption of cotton and
for the decline in price of this
commodity. He favored the "half
and half" plan, if curtailment of
American cotton raising must be
resorted to.

A vote was taken on the two
proposals, and the Draper plan was
favored by Lynn county farmers
present at the meeting 5 to 1. A
motion by C. C. Johnson to make
the vote unanimous resulted in on-
ly one dissenting vote for the
Draper plan.

The Draper plan is being sub-
mitted to government authorities
with the hope that some similar
law will be enacted for cotton con-
trol.

IN UNION THERE IS STRENGTH

"As individuals' one farmer's
strength cancels another's" said
Chester C. Davis, AAA administrator,
recently. "Through organization,
his strength multiplies. Only as he
can and will express himself
through organization is the farm-
er's influence felt in national coun-
cils."

That brief statement concerns
every American farmer. One of the
greatest difficulties faced in the
past, both by private and public
bodies, in seeking to stabilize and
improve farming conditions, has
been lack of organization. Too many
farmers existed solely as individ-
uals, and had no one to speak
for them. In brief, agriculture lack-
ed centralized authorities of the
farmer's own choosing, who could
exert continued and aggressive ef-
forts to bettering his status.

That was true, and is probably
still true, of the majority of farm-
ers. But a minority of farm pro-
ducers have a different story to
present. These farmers have joined
in creating great organizations.
They have elected directors who hire
trained, experienced executives.
And no one who has watched agri-
culture during recent years can help
but be impressed by the progress
these associations have made. Deal-
ing in milk, cotton, fruits and other
products, they have met and
solved many problems. They have
had their ups and downs. While
they haven't brought about an agri-
cultural millennium, members of
these cooperative farm organiza-
tions have had a much happier
time of it than have unorganized
farmers.

The old saying that "In union
there is strength," was never more
apt than it is today—and it goes for
farmers as well as all other work-
ers and producers.—Industrial News
Review.

LAST SCHEDULED GAME TO BE PLAYED TOMORROW

The Bulldogs will tomorrow (Fri-
day) play what will probably be the
last game of the season when they
clash with the Ralls pack at that
place. It is possible, however, that
another game will be matched for
Thanksgiving Day.

On last Friday the Pups journeyed
to Brownfield and were defeated
by the Cubs by the score of 20 6.

Fullback Chambliss started the
scoring in the 3rd period. He went
over on a short play after a drive
down the field featuring himself
and Burnett on end sweeps and
pile driver plunges. Chambliss scored
again in the 4th, to make the
score 13-0, but soon afterwards,
Tahoka's passes started clicking
and the Bulldogs narrowed the
count.

The big thrill of the game (for
Brownfield fans) came late in the
4th period, with about 2 minutes to
go. After Tahoka's touchdown,
Brownfield elected to receive the
kickoff. Burnett took it three yards
behind the goal line, and scampered
103 yards for a touchdown in the
longest run of the season thus far
in this section of the state.

The conflict was a class B con-
ference game but both teams had
already been eliminated by Slaton
and Lamesa who played Monday to
determine championship of this
district's southern division. Lamesa
defeated Slaton 37-0.

FIND TIME FOR TIME

November is half through. It's
funny, but to us September seems
just a little time away. Christmas
is coming, but it hardly seems pos-
sible, for where is the time and
where has it gone? It's hard to
realize school is one-third through.
Time and tide may stop for no
man, and we know it will stop for
no students. Away back some time
or other some teacher may have
told us to get an outline or some-
thing like that in before a certain
date, that date being a month or
so in advance. We think that there's
surely enough time to get it, and
so we put it off and off until the
day arrives and where are we?
Right where we started with nothing
accomplished. The teacher won't
wait, time didn't, so there
goes an F. What's the solution? The
solution is to keep up with the
times. Don't let your work get a
mile behind the other work of the
class. Keep up and then there won't
be so much to do later on. Work
can pile up. So show the world you
can win an endurance record with
yourself while letting time fly
whither she wants.

A New Yorker was examining an
applicant for the job of bookkeeper.
"Of course you understand double
entry," he said.

"Sure," replied the applicant.
"The last place I had I kept triple
entry—one set for the boss, showing
the real profits; a second set
for the shareholders, showing no
profits; and a third set for the in-
come tax people, showing a loss."

DIODEGENES SEZ:

Nothing. Has a sore throat this
week.

Senior: "You'd better keep your
mouth closed around school."
Prosh: (excitedly): "Why?"

Senior: "Why, the students will
think you're crazy if you run
around with it open."

A Definition

Teacher: "Jim, can you tell me
what a hypocrite is?"

Jim Woods: "Yes, ma'am. It's a

wouldn't have to spend a vacation.

cost to see him?

Chapel Monday featured an
Armistice program.

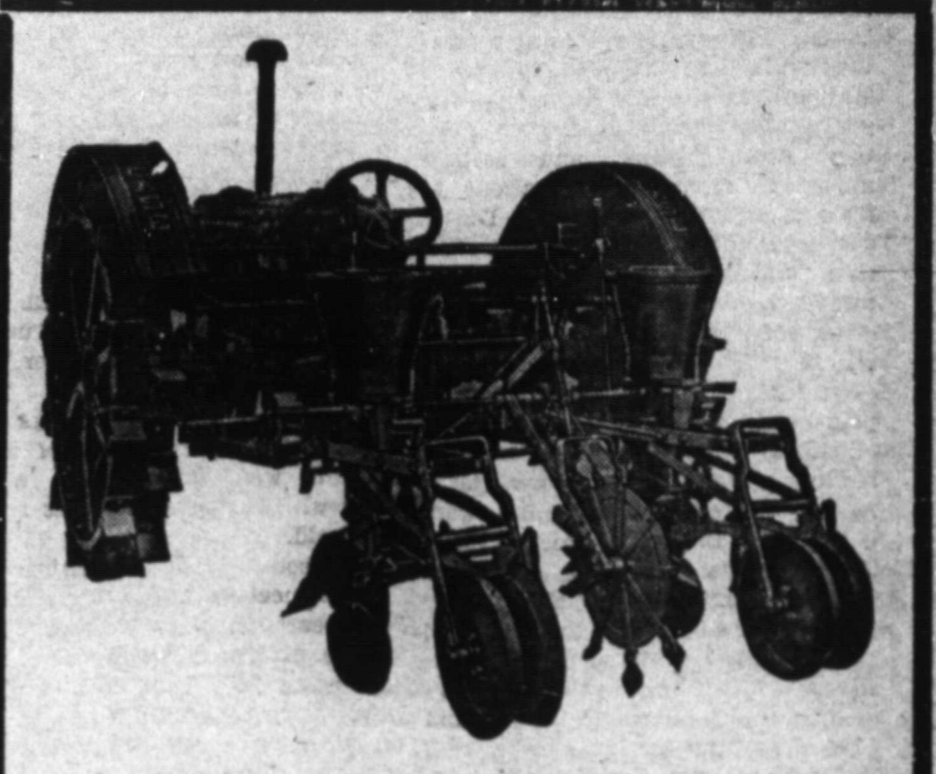

Just In Time
Russia is now producing more
gold than the United States, so it
seems we didn't recognize that
country a bit too soon.—Buffalo
Times.

A ton of gold is worth nearly
\$500,000.
