

Merchants Offer Trades Day Bargains

CITY OBSERVES THANKSGIVING

Stores Close; Football Game Will Be Feature Today; Program Given Last Night

Tahoka, along with the entire nation, is observing this as Thanksgiving Day.

The bank, the post office, the stores, and the schools are all closed. Only a few places of business, such as filling stations, cafes, etc., are open. But a newspaper must come out on time. Time doesn't wait for anybody; and so we are compelled to work.

On Wednesday night, there was a union Thanksgiving service at the Baptist Church. Elder R. P. Drennon of the Church of Christ presided. Rev. H. C. Smith of the Methodist Church read the scripture and offered prayer, and Rev. Geo. A. Dale of the Baptist Church delivered the discourse.

Today, there are gatherings in many homes of the city, and many turkey dinners were enjoyed. Some have visitors from other places and many of our people have themselves gone visiting.

This afternoon a couple of football games out on the high school gridiron are being enjoyed, and tonight there will doubtless be many theatre parties.

Another Thanksgiving has come and gone, and our people are facing the future with determination and confidence.

Cade Explains New Tax Laws

County Tax Collector A. M. Cade has received a communication from State Comptroller Geo. H. Sheppard advising that the tax law passed at the last called session of the legislature remitting interest and penalties on delinquent taxes will not go into effect until February 9, 1935. This leaves the matter of collecting delinquent taxes in a rather confused state but neither county officials nor the state comptroller are responsible for this condition. The letter to Mr. Cade follows:

"Due to the numerous inquiries received regarding H. B. No. 7 passed at the 4th Called Session of the 43rd Legislature, releasing penalty and interest, I am advising all tax collectors that said Bill, and H. C. R. No. 11, not having received the necessary vote of two-thirds of all the members elected to each House, will not become effective until 90 days after adjournment, or February 9, 1935, and therefore cannot affect existing laws or collectors' duties prior to the date it becomes effective.

"The Bill does not relieve the collectors from the provisions of Article 7234 as amended by Chapter 417, Acts, Regular Session, 42nd Legislature, requiring the collection of taxes, penalties, interests and costs.

"By reason of conditions above stated, the collector has no authority to accept, prior to February 9, 1935, the delinquent taxes, credit the taxpayer with payment and issue a receipt therefor, without the payment of penalty and interest; nor has this office authority to so direct. The date of the receipt and the collection made should be in accordance with the law as it exists at the time the receipt is issued. Our statutes provide for half payments and also split payments under certain conditions but they do not provide for the payment of taxes separate and apart from the penalty and interest accrued thereon.

"We know the information here given is not what most of the collectors and many of their constituents would like to have, but it is in accordance with the law brought about by legislative procedure over which this office had no control. Yours very truly,

GEO. H. SHEPPARD, Comptroller of Public Accounts."

Mrs. Summer Knight, who has been ill for several weeks, is reported improving slowly.

Injured Roman Girl Improving

Doris Roman, 12, daughter of Mr. and Mrs. E. L. Roman residing on the farm of Judge J. W. Elliott just east of town, was the victim of a most serious accident which occurred last Thursday afternoon when she was struck and run over by a car. She sustained a serious fracture of the skull and one jaw, and the flesh of one arm was horribly lacerated. After being given first aid by a local physician, she was taken to the Lubbock Sanitarium, where she has been receiving treatment since. It is said that her condition is improving and it is hoped that she may be able to be brought home soon.

The accident occurred when Doris was on her way from school, alighted from a car and started across the highway to the family residence. She did not see another car that was approaching, driven by Mr. Williams of Draw, and dashed immediately in front of against it. The car knocked her down and ran over her body.

Weather Grows More Disagreeable

Texas has been feeling another touch of winter this week. Cool north winds brought the temperature down below the freezing point here Monday and Tuesday nights. The mercury stood at 31 Tuesday morning and at 30 Wednesday. Just two degrees below the freezing point. Far to the north and northwest, in the Panhandle and in New Mexico, snow fell.

No snow and very little rain has fallen in Lynn county yet this fall. A good rain would be much appreciated, for it would help the wheat and thus make much winter grazing.

Band Will Visit County Schools

The Tahoka Band has made arrangements to visit the various school communities of the county and render a program each Friday night.

Mr. N. W. Alphin was recently elected director, and the band is doing some good work. The superintendents or principals of the schools in the various communities are requested to confer with Mr. Alphin or W. F. Fry Jr. for a date for their respective communities.

Much Carbon Black Produced In State

Of the 269,325,000 pounds of carbon black produced in the United States in 1933, Texas contributed 214,855,000 pounds or 80 per cent of the nation's total. The Panhandle gas area accounted for 190,356,000 pounds and the Breckenridge area 24,499,000 pounds. Value of the Texas product at the plant was \$6,000,000, and it contributed heavily to the Texas export figures with 121,128,000 pounds going through Texas ports to overseas customers. Rubber companies took 90 per cent of the product and ink and paint took most of the remainder.

TO TEACHERS MEETING

Mr. and Mrs. L. F. Craft and James left Tuesday afternoon for South Texas. Mr. Craft and James will visit in San Antonio while Mrs. Craft, accompanied by her sister, Miss Evans of Seguin, will attend the State Teachers Association in Galveston. They will return to Tahoka Sunday.

PACE TO GALVESTON

Supt. J. B. Pace of the city schools has gone to Galveston to attend the annual meeting of the state teachers association.

Samuel Insull, on trial: "I have lived in an atmosphere of honesty in business."

The First Proclamation Of Thanksgiving.

"Our harvest being gotten in, our governor sent four men on fowling, that so we might after a special manner, rejoice together after we had gathered the fruit of our labors. They four in one day killed as many fowl as, with a little help beside, served the company almost a week, at which time, amongst other recreations, we exercised our arms, many of the Indians coming amongst us, and among the rest their greatest king, Massasoit, which with some ninety men, whom for three days we entertained and feasted; and they went out and killed five deer, which they brought to the plantation, and bestowed upon our governor, and on the captain and the others.

"And although it is not always so plentiful as it was at this time with us, yet by the goodness of God, we are so far from want, that we wish you partakers of our plenty."—EDWARD WINSLOW. (A Mayflower Immigrant and Governor of Plymouth, Mass., Colony). December 11, 1621.

Mrs. R. W. Fenton Sr. Makes Profit From A. & M. Home Canning Project

Report Shows Low Production Here

The ravages of the drouth that has prevailed the past year are reflected in the cotton report made by E. W. Holloway, special agent for the Bureau of the Census. This report shows that prior to November 14, only 6,125 bales of cotton had been ginned in Lynn county this season as against 46,247 bales ginned up to the same date last year.

Not much cotton is being gathered this week, due to the cold, high winds that have prevailed. What little cotton remains in the fields has been opening slowly, but the freezing weather this week will probably speed up the opening process. Ice has been in evidence two mornings this week.

MUSIC AND EXPRESSION PUPILS ENTERTAIN MOTHERS

The Music pupils of Mrs. Marcus Edwards and the Expression pupils of Miss O'Bera Forrester entertained their mothers with a Thanksgiving program and tea Tuesday afternoon at the home of Miss Forrester.

Quite a number of mothers were present, and it was a most pleasant occasion.

Roy Finch Buys Cafe On West Side

On last Saturday Roy Finch purchased J. J. Smith's Cafe from "Mack" McCullough and took charge of the business Sunday morning. Wayne McClintock has accepted a position with the new proprietor as cook. Roy is a fine young fellow, who has been reared here, and he deserves to succeed. Mr. McCullough, we understand, will probably locate in Hobbs, New Mexico.

LEE KING IS OPERATOR OF RADIO STATION ALSO

Last week, in reporting the issuance of a Federal amateur radio operator's license to Raymond Bulman, the News stated that Bulman and G. A. Brasfield were the only two short wave operators in Tahoka.

We have been informed that Lee King, projectionist at the English Theatre, is likewise a short wave operator, and holds a Federal license. Therefore, Tahoka has at least three radio "hams" enjoying this educational hobby.

OLD AGE INSURANCE

The next meeting of the local Townsend Old Age Pension organization will be announced in these columns just as soon as our material arrives from California. Keep enthusiasm high and be sure to attend our next meeting.—Mrs. R. C. Forrester, Secy.-Treas.

WEST POINT HEARS DALE

Rev. George A. Dale spoke Wednesday afternoon at a Thanksgiving service held at the West Point school. A nice program was rendered.

Plainview Plans Turkey School

The Southwestern Dressed Turkey Show will be held in Plainview on Dec. 6 to 7.

Any person who has owned turkeys ninety days prior to the show is eligible to enter for premiums. Very liberal premiums are paid on singles in classes of Old Toms, O.D. Hens, Young Toms, and Young Hens. There is also a large premium on Box entries in classes of Young Toms, and Young Hens. A box entry consists of not less than six or more than twelve birds, depending on the class and size of the birds. Three exhibitors from a county can also arrange an attractive county exhibit.

A sale is guaranteed for all birds entered, and if you are interested in exhibiting in this show see V. F. Jones, county agent, at an early date.

Take Two Patients To State Hospital

Sheriff B. L. Parker on Tuesday placed Elsie Bland of the Redwine community in the State Hospital for the Insane at Wichita Falls, Mr. Bland having been adjudged by a jury in the county court on Monday to be of unsound mind. He had been in the Wichita Falls institution once before but had been discharged.

Last week Mr. Parker conveyed J. C. Harlan to Waco and placed him in the Veterans Hospital there. Mr. Harlan having been previously adjudged to be of unsound mind. Mr. Harlan came here from Lubbock as an insurance collector about two years ago.

Two Are Arrested For Shop-Lifting

A couple of transients were arrested and placed in jail here last Friday afternoon for shop-lifting. One of them was caught stealing some articles of merchandise from Hogan's store. A little investigation revealed that he had taken a dozen pairs of socks.

The other one had in his possession some ladies underwear and a pair of check lines that he had doubtless swiped somewhere. The two men are expected to plead guilty to the charges. They are said to be drug addicts.

Attend Funeral Of Woman At Snyder

Mr. and Mrs. Jess Lockhart, Mr. and Mrs. Winter Knight, and Mr. and Mrs. Lane Moreland attended the funeral services of Mrs. Jim Lockhart at Snyder Sunday.

Mrs. Lockhart died Saturday after a lingering illness. Funeral services were conducted by Rev. Lawrence Hays Sunday afternoon at the Baptist Church in Snyder of which Mrs. Lockhart was a devoted member. The surviving husband, Jim Lockhart, is a brother of Judge G. E. Lockhart of Lubbock, for many years a resident of Tahoka.

WALDRIP BOY ILL

D. Waldrip, son of W. M. Waldrip of T-Bar, is in a serious condition in a Lubbock sanitarium following an operation for appendicitis Tuesday night. The appendix had already ruptured when a local physician was consulted and the patient was hurried to the hospital. The young man is about twenty years of age. It is hoped that he will recover.

RAISES FINE GREENS

Last Friday A. F. Pitts of Dixie brought the News force a big "mess" of turnips and greens just to show what can be raised in Lynn county with just a little irrigation in a dry year. Boy, oh boy, they were good eating!

Hon. Tom Garrard was in Port Worth Saturday and Sunday attending a meeting of the State Board of Education.

DAY WILL OPEN XMAS SEASON

Holiday Goods Being Offered; City Invites People In Monday From All County

Next Monday will be Tahoka's regular monthly Trades Day, the last one before the Christmas holidays. As usual cash premiums aggregating \$50.00 will be given away, and a large crowd is expected to be here. As inducements for the crowds to come, the merchants of Tahoka are offering many bargains, as will be seen by perusing the advertisements appearing in this issue of the News.

The News joins with the business men of the city in inviting its readers who live in this and adjoining counties to come in Monday and spend the day with us. Come early and stay late. Take time to look around and take advantage of the bargains. Let the women come along and enjoy the day with their neighbors or friends from other communities. Winter is fast approaching, and they are invited to make use of this opportunity to "outfit" the children for the winter. So, come on, folks. Have a good time. And drop in and visit the News office. You will be welcome.

Turkey Dressing Methods Shown

Mr. and Mrs. J. T. Owens of the Edith community home dressed some turkeys and sold them through the Staked Plains Turkey Improvement Association of Plainview, according to county agent V. F. Jones. These birds graded 83 1/2 Prime grade, which was the third high ranking individual score of the entire group.

The Owens have carried on a turkey demonstration work in cooperation with the Texas A. & M. College Extension Service and have produced an unusually good grade of market turkeys. They also plan to dress some more birds for the Christmas market.

Letters To Santa

Dear Santa Claus: I am a little girl 8 years old. I go to school and am in the second grade. I have a little brother 3 years old. We would like to have a little doll, a ball and some fruit, and a tractor and some candy for our little brother. Yours truly, Wanda, Yvonne, Elwyn B. and.

Dear Santa Claus: Please send me a big rubber doll and a doll buggy, a little iron and ironing board and some candy and nuts. Bring mother a radio and Daddy a domino table. Your friend, Gwynnelle Davis.

Dear Santa Claus: I am a little girl six years old and am studying real hard at school. Please bring me an all rubber doll, doll clothes, doll bed and some other things for my play house. Your little friend, Bettye Jean Noble.

Dear Santa Claus: I have been a real good boy this year. Please bring me a fire truck with ladders, a cowboy suit with belt and pistol, and bring some other nice play things. Your very good friend, Robert L. Noble, Jr.

Come to Tahoka Trades Day.

**TEXAS 4-H CLUB BOY
AFTER NATIONAL HONORS**

J. D. Jordan, age 15, of Mason, has his records entered for national 4-H livestock championship by State Leader E. C. Martin. In 4 years the boy has used 35 beef animals. Exhibits at county and Fort Worth stock shows won \$779.71 cash prizes. The boy's winnings include grand champion steer over all breeds at Mason, San Angelo and Fort Worth in 1933, and grand champion in the 4-H and open classes at Mason this year, and reserve grand champion over all at Houston. He has made ten demonstrations on showing calves and was a member of the county team which won the state judging contest in 1932. Total gross proceeds of his club work is certified as \$4,197.19. In addition to winning

the county and state prizes in the Thomas E. Wilson sponsored contest he will compete for national honors for which college scholarships and an educational trip to the 13th National Club Congress to be held in Chicago Dec. 1-6 in conjunction with the International Live Stock Exposition are given.

August Jordan, age 17, of Mason, will attend the Chicago Club of Congress on a prize educational trip given by Armour & Company. The boy has completed 5 years of club work using 23 beef animals. His prizes are certified as \$1,015.25, and gross receipts \$3,841.47.

Average weekly production in lumber in Southern mills for August was 4 per cent down from July and 27 per cent below August, 1933, according to report to the Southern Pine Association.

**ROOSEVELT ENDORSES
CHRISTMAS SEAL SALE**

President Roosevelt, in a letter written at Washington November 27, endorses the nation-wide Christmas Seal Campaign that is conducted from Thanksgiving Day to Christmas by the 2,000 affiliated tuberculosis associations of the United States. The letter addressed to Dr. Kennon Dunham, President of the National Tuberculosis Association, is as follows:

"The approach of the holiday season brings again to our thoughts the annual sale of the Christmas Seals to aid the nationwide fight against tuberculosis for another year. Although in recent years the death rate from tuberculosis has been halved, this disease still ranks first as a cause of death between the ages of 18 and 40, and it still causes nearly 75,000 deaths in the United States annually.

Not by one thing alone, but by many means of attack both direct and indirect, tuberculosis must be fought. Fifty years ago Dr. Trudeau pointed the way to successful treatment. Sanatorium care is still indispensable. Hence, we need commodious special and general hospitals for tubercular patients.

For those with early disease, I believe the sanatorium is best for cure; and patients with advanced disease also need a resourceful hospital. More beds are needed, especially for tuberculous children. But prevention is even more important. To protect infants and young children and to avoid the infection of adolescents and adults, the resources of every community are taxed.

The task before us is more than a medical problem. Physicians, nurses, and hospitals are only a part of the great defensive force, which must include the heads of all families, governors and mayors, educators, social workers, scout masters, volunteer workers, charity organizations, pure food experts, and the forces of the United States Government. The National Tuberculosis Association and its local branches give competent leadership.

By wise arrangement, the responsibility for the sale of Christmas Seals is a local one. The money is spent locally by and for the residents of each city, town, or county. It is a part of wisdom for each locality to assume its due share of relief and responsibility.

The need is urgent; the cause most worthy."

The Seal this year commemorates the fiftieth anniversary of the beginning of the sanatorium movement in this country. The one room cottage it depicts was the first American sanatorium for the modern treatment of tuberculosis. It was constructed in 1884 by the late Dr. Edward Livingston Trudeau, "father of the sanatorium movement," and was the forerunner of the 600 institutions in the United States today.

South Ward

There was a large crowd at Sunday School and church Sunday morning. Everybody enjoyed Bro. Dykes sermon—both morning and night.

Our pie supper was a success Friday night. We made \$15.07. Miss Verna Lee Wilkens of Graham Chapel got the box of candy for the prettiest girl and Virgie Cobb received the bar of "Lifebuoy" for the ugliest boy. We are sure Virgie can use the soap to a great advantage and we are told Verna Lee has made "hash" of the candy.

Messrs. Ode Carver, Smith and Townsend of Eastland county spent part of last week with Mr. Carver's sister Mrs. W. E. Hammond and family.

Miss Verna Lee Wilkens of Graham Chapel spent the week end with her aunt, Miss Vera James.

Mr. Raydell Lafavers of Anson is here visiting his uncle, Mr. Herschel Roberts.

We had a good singing Sunday afternoon. We were proud to have Miss Thelma Ruth Strain of Midway with us.

Mr. Travis Inman happened to a painful accident Monday afternoon. While helping work on a car one tooth was partly broken out, two others loosened and a gash cut in his lower lip. He was rushed to Dr. Callaway and he is doing some better. We wish him a speedy recovery.

The young folks contest closed last Sunday morning. Mary Ellen Inman's side defeated Mable Maggard's side by 9 points. We want everybody to come on to Sunday school just the same.

We have decided to have a Christmas program and tree so we want everyone to come out and let's celebrate this Christmas with a real Christmas spirit. Mr. Bostik is to have charge.

Mr. and Mrs. Carl Flutt of Graham Chapel spent Saturday night and Sunday with Mrs. Flutt's parents, Mr. and Mrs. Gandy and family.

District Attorney and Mrs. G. H. Nelson and little daughter Willetta are visiting relatives at Atlanta, Cass county, and Pickton, Hopkins county, this week.

One Out of Every 9 1/2

The Sinclair Refining Company, Whose Products, Sinclair H. C. Gasoline, Sinclair Opalin and Sinclair Pure Pennsylvania Motor Oils and Other Petroleum Products are Wholesaled and Distributed by Winter Knight of Tahoka Supplies 1 Out of Every 9 1/2 Gallons of Lubricant Used in America.

"The recollection of quality remains long after the price has been forgotten." This statement, the slogan of a nationally known manufacturer, is easily understood by the millions of users of Sinclair Refining Co. products. This company's products which are distributed by Winter Knight in Tahoka, has, because of the uniformly high quality they possess become among the most widely used in America. That they are among the best is shown by the fact that out of 100 major refining companies in the United States whose products enjoy a wide distribution Sinclair supplies 1 out of every 9 1/2 gallons of lubricant used in this country. Oils and greases used by the U. S. Army in 36 states for tanks and other motorized equipment are supplied by Sinclair. Battleships, destroyers, submarines, and aircrafts on which naval cadets from Annapolis are trained on the Atlantic seaboard and trucks, tractors, motor cars, and other equipment used at West Point are all Sinclair lubricated. These facts are especially impressive when we realize that U. S. government engineers carefully test all oils and greases

before approving them for use on government equipment.

The answer is that the Sinclair Refining Co. has certain advantages which few other oil companies possess. This company is almost the only refining company which has access to the oldest crude oils in all three of the great producing areas of the United States. The Sinclair pipe line system—the cheapest mode of transportation—is the longest in the world. It embraces 7,000 miles of trunk lines and an extensive gathering system with a capacity of 200,000 barrels of crude oil daily, and it is by this pipe line that the major part of Sinclair Crude Oils are brought to their eight great refineries in the United States. Savings effected through this cheap transportation and their strategically located refineries are passed on to the consumer in the form of higher quality products at no increase in price.

Sinclair was also the first major oil company to place their motor oils in tamper proof cans filled and sealed at the refinery, and which are later opened before the motorists' eyes—an air-tight guarantee against substitution at no extra charge.

These are some of the reasons why Sinclair gasolines and motor oils have gained the reputation they enjoy and if you are not already a confirmed user of them drive into one of the numerous Sinclair service stations in Tahoka and vicinity—identified by the big HC sign—and see why for yourself.

LAMESA PARK BOARD APPOINTED BY COMMISSION

Lamesa now has a Parks Board. In the last session of the City Commission this board was officially appointed. Its duties are manifold. It is to study park needs and make recommendations to the city officials as to needed improvements. In making the appointment of the board the Mayor, W. L. Marr, stated that "we as a commission have too much to look after to give much time to any one thing. We are anxious that our park facilities be improved in line with our needs and our ability to make improvements. We feel that a board charged with specific duties along this line will see to it that our park accommodations are improved."

The parks board met Monday of this week and made some plans for the city park. The first step is to secure a landscape architect and make plans toward which a well balanced park program will be followed. This, the board is doing and after the plans are drawn recommendations will be made to the City Commission, it is pointed out.—Lamesa Reporter.

Texas cement plants showed an increase of 44.5 per cent in production in August over the same month in 1933, according to reports to the University Bureau of Business Research. Shipments showed a gain of 47.5 per cent and stocks on hand a decline of 1 per cent from the same month a year ago.

THE GROWL

Publication of Tahoka High School

ALL-STAR GAME THANKSGIVING DAY

Will we be there? Boy, I should say so. Who'd miss seeing Judge B. P. Maddox kick the pigskin for "a row of stumps" on the initial kick-off when a Tahoka All-Star football team locks horns with an O'Donnell All-Star team on Thanksgiving Day? The game will be called at 2:30 p. m. on the local gridiron. Admission will probably be the same as it has been all season.

In the before mentioned fray, such former players as Sheriff B. L. Parker, Truett Smith, Jess Lockhart, W. T. Bovell, E. S. Evans, Curtis Stevens, Jack Minor, Dayton Short, and a dozen others will probably be seen in action.

The Tahoka Bulldogs are also scheduled to battle a team composed of Tahoka Business men. Both games are expected to be chock full of action from beginning to end and a large crowd is expected to be on hand to see two red-hot thrillers for the price of one. Why not be there with the gang?

PEP SQUAD GIRLS GIVE BANQUET

A Pep Squad Banquet, honoring football boys was given in the Home Economics department of the High School Tuesday evening at 8. It was preceded by a brief musical program where Marjorie Wells played, Mary Margaret Tunnell and Eloise Roberts tap danced and Dorsey Allison, Luther Carpenter, Johnny Janak and Preston Strasser sang.

Syble Littleton, leader of the pep squad, presided. She conducted the guests to a banquet table spread for 70 and which was decorated in the school colors of blue and white with pep squad megaphone surrounded by footballs.

The programs were made in the shape of footballs and place cards were blue bulldogs.

The boys presented their coach with an attractive gift—a leather fitted bag and the girls surprised Mrs. Bludworth with a beautiful jeweler bracelet and necklace.

The most interesting part of the banquet was the presentation of the trophies donated by Mr. J. D. Strickland and Principal J. T. Carter. James Minor was the recipient of the trophy offered the letterman making the highest scholastic average and A. R. Milliken was the winner of the other one which was to be given to the letterman proving himself to be the best blocker and tackler.

DATE ANNOUNCED FOR SENIOR PLAY

A play entitled "The Spanish Onion" will be presented by a members of the Senior class December 14. Rehearsals, under the direction of Mrs. Lenora M. Tunnell, have been taking place daily for the past three weeks and several members of the cast are said to be establishing reputations as amateur actors and actresses.

Syble Littleton plays the part of leading lady and Leo Brooks is seen in the role of Ramon Cortez, the hero. The play depicts life in a modern college where, of course, a freshman is considered about the lowest form of animal life.

Several snappy in-between acts will hold the attention of attendants while the curtain is down.

FUTURE FARMERS GET JACKETS

Members of Prof. J. D. Strickland's Vocational Agriculture classes are the proud possessors of some handsome blue corduroy jackets. On the backs of the jackets are F. F. A. emblems consisting of an owl perched upon a plow under which is seen an ear of corn. Each article represents some part of the Future Farmer's Creed. On the front of the jackets are the names of the respective owners.

Members of the third year Home Economics class went to town last week for the purpose of looking at furniture for bedrooms, living room, and dining rooms.

They visited Harris & Applewhite furniture store and Gaignat's furniture department.

Their teacher, Mrs. Charles Nelms, accompanied them. They profited much from the trip.—Reporter.

School dismissed Wednesday afternoon for the remainder of the week in observance of Thanksgiving Day. Teachers and students alike left school with the intention of making it a gala occasion.

DIOGENES SEZ:

Wal, I reckon ye done noticed the improvement in this week's "Growl". Diogenes has been "heap much" busy lately so the hashing and re-hashing of this column has been more or less in the hands of a group of more talented and experienced reporters. Here's hoping they can be prevailed upon to keep pushing the pen so as to make that ole dawg growl, howl or yelp some more.

Yours truly only launched "The Growl" as an experiment, intending as soon as possible to transfer responsibility for it to students of the high school. But the students all seem to have a morbid propensity toward indolence or something worse. (Is it possible?) Anyway, every high school of any size or importance for hundreds of miles around has a school paper and Diogenes just couldn't see his old Alma Mater left out. So "The Growl" came into existence. And now, Diogenes finds it almost impossible to keep writing it. In the first place, it isn't safe for him to do so because any person solely responsible for it for a very long period would become an incurable hypochondriac or if not a raving maniac. In the second place, it is the duty of the students and teachers of the school to attend to publicity matters and why they won't is beyond the comprehension of my intellectual capacity. So snap out of it students and and teachers. Take the matter in hand and really make the wheels go 'round. If you don't the Pup's yelp will probably be heard no more and worse than that, I'm gonna tell you what you really are and the truth's what hurts, you know. How about it, SENIORS '35?—Diogenes.

THE

His Pay

A well-known attorney was always lecturing his office boy, whether he needed it or not. One day he chanced to hear the following conversation between the boy and the one employed, next door:

"How much does your chief pay you?" asked the latter.

"I get \$1500 a year, five dollars a week in cash, and the rest in legal advice."

THE

No Difference

Report card day called forth the usual protest from Dad. He concluded, "Next report card day I should like to see you as near the head of the class as you are near the foot now."

Junior responded impatiently, "Aw, what difference does it make, Dad? They teach the same thing there."

THE

Professor: "What is your name, son?"
Student: "Jule, Sir."
Professor: "You shouldn't abbreviate. Your name is Julius. Next. What is your name?"
A half-scared voice piped out—"Billious."

Mr. and Mrs. E. M. Hooper and son George of Archer City are here enjoying the Thanksgiving season with the Hogan family. They are the parents of Miss Marion Hooper in the Hogan home, and Mrs. Hooper is the daughter of Mr. and Mrs. G. E. Hogan.

Mrs. F. E. Redwine and daughter Miss Elwayne accompanied Norvell to Las Vegas, New Mexico, last Saturday, where Norvell began work in a grocery store Monday morning. They were also accompanied on the trip by Russell Keltner.

LET'S MAKE TAHOKA LIKE THIS

The editor has spent more than
two weeks, including three Satur-
days, during this month at Hamil-
ton. We found it to be a progressive
and prosperous town, with three
banks, two well-organized news-
papers, eight dry goods and cloth-
ing stores, and other lines of busi-
ness in proportion. The merchants
seem to enjoy a good business
throughout the week and on Satur-
days the streets are jammed with
automobiles and the stores crowded
with shoppers. The town has a pop-
ulation of about 2,500 and is grow-
ing. Seventeen new residences are
now under construction or have
just recently been completed, we
are told. All the business houses
are occupied.

We wondered what made the
town so prosperous and where all
those people came from on Satur-
days; for Hamilton county is not a
good farming country. It is made
up largely of rocky or gravelly hills
and ridges. Only the low lands along
the streams and the gently rolling
prairies in some portions of the
county contain rich, fertile soil. It
produced only 7,000 bales of cotton
this year. It rarely ever produces
more than 12,000 or 15,000 bales.

**Feels a Lot Better
When Black-Draught
Relieves Constipation**

From many states come reports
like the following from Mr. W. M.
Henderson, of Jasper, Fla.: "I have
been taking Theodor's Black-
Draught twenty years. I take it
for constipation that gives me a
dull, tired, aching feeling, and I
have headache, too. Black-Draught
relieves me of this trouble. After
a few doses, I feel as good as new.
I keep it in my home. I have a
big family. When one of us is ail-
ing (from constipation), we take
Black-Draught and almost always
feel a lot better. It has been
worth its weight in gold to my
family." Sold in 25¢ packages
"Children like the flavor."

Neither does it produce large corn
or other feed crops. It has no oil
or other mineral interests.
Whence then all this prosperity?
We tried to figure it out. We could
find only two reasons. First, the
farmers diversify. They must do so.
Nearly every farm home, is sur-
rounded by flocks of chickens and
turkeys and most of them have
good dairy cows. Many of them
have a few sheep and a few stock
cattle. They have several irons in
the fire. There are many poor
people there just as there are here
and elsewhere, but most of the
people seem to be taking in a little
money all through the year.

Though Hamilton county is
sparsely settled, containing about
15,000 people, and though Hico, a
town of about 1,500 or 2,000 people
is also situated in Hamilton county,
Hamilton seems to have made itself
solid with the country people for
many miles around. They make it
their trading point. They come in
droves on Saturdays and Trades
Days from all over the county.
There seems to be no prejudice
against the county seat town. The
business men seem to have success-
fully cultivated their friendship
through the years. They advertise
generously. One of the newspapers
issues from ten to fourteen pages
each week and the other about
eight pages. We enjoyed those news-
paper-men their fine opportunit-
es.
We came back wondering if we
could do something to make Tahoka
a better town, a better trading
point, a more popular center. We
are going to do our best.

**NOT TO MENTION FOOTBALL
GAMES.**

Men who have never hunted for
big game have a difficult time un-
derstanding how it's worth \$50, \$75 or
maybe more than that to drive sev-
eral hundred miles, tramp through
rough country for hours, and may-
be get a shot at a big bold buck.
And many of these hunters can't
understand how some other folks
will travel hundreds of miles to do
nothing more than travel hun-
dreds of miles. Life is like that.
—Scurry County Times.

"Yes, we are a funny folk. Why
people will pay ten dollars, fifty dol-
lars, or a hundred dollars for a seat
at the ring-side to see two rough-
neck prize fighters beat each other
up always did get our goat. We
have stood with thousands of oth-
ers and watched two brutes try to
murder each other in a wrestling
match, and we wondered afterward
why we did it. We have never been
able to understand, either, how
men can stand around and enjoy
watching two bull-dogs chew each
other into pulp. But there are a lot
of things we can't understand.

GOOD AND ECONOMICAL TOO

**"JUNK THE DEAN LAW"—THEN
WHAT?**

Quoting our editorial of a few
weeks ago in which we stated that
this is the day of the wets, that
beer seems to have become popular
in Texas, and advising the drys to
concentrate their fire against the
return of hard liquor, our venerable
friend Bill Kellis of the Sterling
City News-Record fires a broad-
side at all kinds of prohibition
legislation and he is particularly suc-
cevere on the Dean law. He has suc-
ceeded in packing about as much
misinformation and foolishness into
one short half-column of wet pro-
panda as we have seen lately.
Then he winds up with these two
scintillating paragraphs:

"Did you ever read the Dean
law, Brother Hill? If you haven't,
don't try it now. But if you do, and
give it thought, you will wonder
why a bunch of fellows ever got so
crazy as to say 'aye' to such a
crazy mess.

"If the bootleggers don't watch
their step next year the boys are
going to wipe the statute book clean
of this mess and put something in its
place that is workable and put the
fear of God in the hearts of these
servants of Satan. I hate bootleg-
gers.—Bill Kellis."

Yeah! We have heard a lot of
that kind of dope before. You wets
were going to repeal the Eighteenth
Amendment, junk the Volstead law,
stop all this bootlegging business,
and put a stop to crime. You junked
the dry amendment and the Vol-
stead law all right and played the
devil! Federal government officials
up at Washington are now scratch-
ing their heads and wondering how
they are to put the bootleggers out
of business. They are still on the
job in all the big wet centers and
elsewhere to such an extent, we are
told, that Uncle Sam is falling to
get the revenue which he expected
to get out of the liquor business.
And that old law about the boot-
legger being in favor of prohibition
is funny enough to make a jackass
laugh, and we doubt if good old
Bill Kellis could keep his face
straight when he typed it down.
Yeah, and it is beautiful the way
crime has slowed down since they
junked our Federal dry laws. Pick
up your favorite daily paper, Uncle
Bill, and scan the headlines. Then
tell us how long you think it will
be till the Millennium if we con-
tinue in the direction we are going.

By the way, Uncle Bill, when you
repeal the Dean law, what is that
mysterious "something" that you
are going to put in its place? What
is that "something" that is work-
able and that will "put the fear
of God in the hearts of these ser-
vants of Satan"? Speak now or
forever hereafter hold your peace.

A good way for us to make Tahoka
prosperous is to spend our dol-
lars at home. Of course Tahoka
merchants can not carry as large
stocks of goods as may be found
in larger cities and towns. They
may not always be able to compete
with business men in some other
places. But as a rule, most of the
things that we need can be procured
right here in Tahoka and at prices
that will compare favorably with
prices elsewhere. So let's trade at
home. This is free advice and no
body is compelled to take it, but if
it applies to any of us it likewise
applies to all of us. The business
men themselves should trade at
home. Not only should they trade
at home but they should make it
profitable for others to do so, when
possible, and they should make an
aggressive fight, we believe, to re-
tain the patronage of their natural
trade territory. Let's not permit
old Tige or old Ring or Rover to
take our bone away from us.

W. E. McCraw of Dallas, attor-
ney-general elect, has announced the
personnel of his assistants. There
are twenty-four of them and one—
only one—lives in West Texas.
A young fellow at Abilene presu-
mably went down to Dallas and got
a job from the incoming law offi-
cer, and he is the only one from
this section that gets a look-in.
Probably Bill has not yet discover-
ed the great empire known as West
Texas. It is all right. He has the
right to choose his own assistants,
but if Walter Woodward had been
elected and had chosen all his as-
sistants from West Texas or had
so completely ignored any great
section of the state in making his
appointments, we would have re-
pudiated him as being too narrow
and little to be the chief law offi-
cer of a great state like Texas. We
hope that Bill discovers there is
something west of Dallas before his
term expires.

Hiroshi Saito, Japanese Ambassa-
dor to the United States: "We are
perturbed by being accused of har-
boring aggressive designs when our
aim is to establish enduring peace."

George Burns, comedian: "Even
an actor gets tired of being funny."

MOTHER!

Recently we spent many days at
the bedside of our aged mother as she
drew near the end of the way, and
we were present when the life span
snapped and her great spirit went
home to the God who gave it.

It would require columns of this
paper to pay just tribute to her
life and character. We desire only
to say here that she was a great
and good mother. She revered the
memory of her parents, honored
her husband, lived for her children,
loved her friends and neighbors,
sought to help the human family,
and devoutly worshipped and served
her God. Many friends gathered
round her bedside from day to day
uring her last illness to show their
love and minister to her needs; and
when the spirit at last left the
body, they wept with the children
as those who truly loved her.

Of the ten children whom she
and her husband, who had preced-
ed her in death, reared to the full
estate of manhood and woman-
hood, nine still survive, four sons
and five daughters, and as they
stood about her dying bed and later
saw the casket that encased her
remains lowered into the grave,
they thanked God through their
tears that they had been blessed
with such a mother. It was fitting
that eight of the grandsons should
act as pall bearers. Many friends
and relatives gathered at the church
and at the graveside to pay tri-
bute to the great life and char-
acter of this good woman.
May God give the world many
such mothers.

There are a lot of good people in
the world. In fact, the average
human being, we guess, is a pretty
good fellow. But there seems to be
some demons incarnate. There are
a lot of young bucks from 18 to 25,
running around over the country
that seem to have no more heart
in them than a screen. They young
toughs that will deliberately plan a
robbery and murder and shoot
down an innocent citizen in cold
blood just for the excitement of it
or for the paltry dollars that he
may be able to scrape up. They
must be more than human.
It would be hard for us to apply
capital punishment in any case,
but certainly such a viper has fer-
retted all right to live.

Old Age Legislation is a complex
concern. Of course we should re-
spect the prerogative and authority
of Congress and we should not
take any one-sided and conservative
measure will probably be passed at the
next session of congress. More and
more are we coming to realize and
recognize our obligations to our
fellow men. Especially are we un-
der obligations to care for the aged,
the afflicted, and the infirm. We
are our brothers' keepers.

CARD OF THANKS

I would feel ungrateful were I
not to express my sincere thanks
to the Board of Deacons of the
Baptist Church for the beautiful
flowers sent to my mother at Ham-
ilton during her illness, to the
whole church and to the interme-
diate department of the Sunday
School for their messages of sym-
pathy following her death, and for
kind expressions from many friends
since our return home. Mrs. Hill
and the family join me in thanks
to all.—E. I. Hill.

Henry P. Fletcher, Republican
National Committee Chairman: "It
usually falls to the lot of the Re-
publican Party to clear up the mess
the Democratic Party makes of our
national affairs."

Clarence W. Bills, former official
of investment company: "To our
organization Samuel Insull's name
on a bond was the same as sterling
silver."

**Lady Says She Took
CARDUI for Cramps;
Was Soon Relieved**

Women who suffer as she did
will be interested in the experience
of Mrs. Maude Crafton, of Belle-
ville, Ill., who writes: "For several
years, I suffered from irregular
trouble and cramping. There would
be days when I would have to stay
in bed. I would get so nervous, I
was miserable. My aunt told me
to try Cardui. She believed it
would build me up, regulate me and
help the nervous trouble. I knew
after taking half a bottle of Cardui
that I was better. I kept on taking
Cardui and found it was doing me
a world of good. I am in good
health, which means a lot to me."
... Thousands of women testify
Cardui benefited them. If it does
not benefit YOU, consult a phys-
ician. ... Price 61.

**COUNTIES RECEIVE MORE
REHABILITATION CHECKS**

Austin, Nov. 27.—Counties partici-
pating in the rural rehabilitation
program received November allot-
ment checks totaling \$236,100 last
week, it was announced by J. E.
Stanford, head of the rural reha-
bilitation department of the Texas
Relief Commission.

These checks will cover rehabili-
tation needs in 78 counties of the
state, other counties having enough
rehabilitation funds on hand from
previous allotments to take care of
their needs for the remainder of
this month.
Most recent count reveals 3,400
houses on sustenance plots leased
by rural supervisors for rehabili-
tation families. Approximately half
of these houses already have been
occupied by clients, Stanford said.

TEXANS COULD STOP TRAGIC WASTE OF NATURAL GAS

More than a billion cubic feet of natural gas—one of the most valuable resources Texas possesses—are being blown into the air daily in the Panhandle field alone. This enormous wastage, which is seriously threatening disaster to the natural gas industry and rapidly depleting the huge stores of the most concentrated form of fuel-energy known commercially, is equivalent each day to a month's supply for every domestic gas consumer in the State.

The figures were brought out by J. H. Dunn, production engineer for the Lone Star Gas Company at a company meeting in Dallas recently. He declared that the wastage of natural gas by stripping plants present one of the greatest problems of all time in the conservation of natural resources and that it is most vicious because in principle it strikes at the very existence of the natural gas industry.

"The stripping of dry natural gas of its meager gasoline content and deliberately wasting the gas into the air is a practice which, in

the course of a few months, has grown in a single field to the extent that it has already reached a total daily volume in that field of more than 1,000,000,000 cubic feet," Mr. Dunn said. "This practice presents what seems to be our greatest problem of all times in the conservation of gas. If this deplorable condition continues to exist there will be no justification for either proper completion of wells or their efficient operation side by side with this, the negation of conservation."

Mr. Dunn quoted figures furnished by the Natural Resources Committee, showing that more than 1,000,000,000 cubic feet of natural gas is being blown in the air every day in the Texas Panhandle field alone. He said that the total wastage of this natural resource in the Panhandle for only one month would be enough to supply the domestic gas needs for the entire State of Texas for a whole year.

Every Texan, interested in and proud of the cleanliness of Texas cities resultant from the almost exclusive use of natural gas as fuel, has a real interest in putting a stop to this wanton waste of the future supply. The waste is made all the more tragic by the fact that gas engineers and geologists have perfected a means whereby the gasoline could be secured and the gas pumped back into the ground for use when it is needed. But is it a lot easier just to blow the precious stuff into the air, and that is what is now being done in spite of all efforts to check it.

The Texas Legislature can meet the situation and if the citizens of Texas would interest themselves generally in the matter that would be done before further serious depletion occurs in the greatest natural gas field the world has ever known.

Rome has less population today than 2,000 years ago.

RED CROSS AGENCIES SAFEGUARD HEALTH

First Aid - Life Saving, Nursing Care, Promote Health and Safety

Five outstanding services make up the health-conservation program of the American Red Cross, according to the annual report just issued in Washington. These services are first aid and life saving, which together have trained more than a million persons; nursing, with an active enrollment of 36,133 registered nurses; Public Health Nursing, conducted by 750 nurses in 424 chapters last year; and Home Hygiene, which has taught more than 700,000 men and women simple ways of caring for the sick at home.

"The achievements of the Red Cross in public health nursing place it among the leaders in this field," said James L. Fieser, vice chairman in charge of domestic operations. "This service was organized in 1919 to meet needs developed by the World War and the ravages of the flu epidemic which in 1918-1919 took so great a toll of life."

"Since that time Red Cross nursing services have been pioneers in more than one half of the counties in the United States. Many services we established were taken over later by civic, state and federal agencies, and the Red Cross continues to establish services in other new fields. Red Cross nurses made more than a million visits to patients last year, and 629,025 children in schools were inspected."

"Red Cross courses in home hygiene and care of the sick are especially important in times of depression, because they teach families to maintain hygienic conditions in their own homes and to recognize symptoms of illness early enough to prevent serious consequences."

"Our courses in first aid have been instrumental in saving lives of the injured; in safeguarding the accident victim until the physician arrives, and in reducing time lost by workers in factories, mines and other industries. We are also giving the course extensively to police and fire departments throughout the country, and to state highway patrols."

Everyone is invited to join the Red Cross during the annual membership roll call which continues from Armistice Day to Thanksgiving, to have a part in the health program and the other humanitarian services of the Red Cross.

An Army of Goodwill

When members of the Junior Red Cross learned that schoolbooks had been destroyed in the Kentucky floods last August they gave \$100 from the National Children's Fund to buy new textbooks for use in the schools. The maximum membership for the Junior Red Cross last year was 7,350,230 an increase over the previous year of more than 250,000. They carry on civic and service programs in their own communities which each year bring comfort and pleasure to thousands of needy and unfortunate people. An international friendship is built up through correspondence with Junior Red Cross members in foreign countries.

To Teach Water Safety

Life saving services offering training in first aid methods for swimmers, have been carried on by the Red Cross for two decades. In 29 years, life saving certificates have been awarded to more than a half million people who are interested in water sports. Last year 72,503 life saving certificates.

The Red Cross enrolled 2,802,254 members in last year's roll call. Join in the 1934 roll call—Armistice Day to Thanksgiving.

Come one, Come all to Tahoka's Trades Day.

Lady Went Back To Taking Cardui and Was Helped

For severe periodic pains, cramps or nervousness, try Cardui which so many women have praised, for over fifty years. Mrs. Dora Dungan, of Science Hill, Ky., writes: "Several years ago, when I was teaching school, I got run-down and suffered intensely during menstruation periods. I took Cardui and was all right again. After I was married, when I felt all run-down and was irregular, I always resorted to Cardui and was helped." It may be just what you need. Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. Sold in all bottles.

Notice To Farmers

I am in a position to take your cotton loans and bill of lading.

BILL ANDERSON

Motor Injuries Treated By Red Cross First Aid

In line with its work for the preservation of life and prevention of accidental death, the American Red Cross has adopted a new program of emergency first aid stations on the highways of the nation, where victims of automobile injuries will be helped.

In the last year 31,000 persons were killed as the result of automobile accidents and more than 1,000,000 were injured. As its contribution to the nation wide safety campaigns of other organizations, the Red Cross will aid through the emergency stations. A number already are in operation by Chapters on such important traffic arteries as the Westchester County, N. Y. park system, the Valley Forge and Gettysburg highways in Pennsylvania and the White Horse Pike in New Jersey, connecting with Atlantic City.

Saving Mothers and Babies Is Important Red Cross Task

Saving mothers' lives and better babies were important features during the past year of the Public Health Nursing Service of the American Red Cross. About four-fifths of the 994 nurses in the Red Cross work made more than 100,000 prenatal and maternal visits, in addition to assisting doctors in the examination of 1,300,409 school children.

Statistics reveal that the lives of two out of three American women who die in maternity cases could be saved if they received proper medical and nursing care. As more than 15,000 women die in the United States each year from various diseases of the maternal state, this means that more than 10,000 of these deaths are preventable.

Comfort Kits Sent 40,000 Service Men by Red Cross

Gay patterned cretonne bags, or comfort kits, containing articles useful and amusing, are sent by the Red Cross to 40,000 soldiers, sailors and Marines, on foreign service, as Christmas remembrances.

The little gift bags are donated and packed by women in Red Cross Chapters all over the country. They are despatched by Army transport in the early autumn in order to reach the foreign ports and posts of the U. S. services in time to be hung on the Christmas trees. Giving the remembrances from home is the outgrowth of a plan adopted by the Red Cross prior to the World War when so many National Guard regiments were at the Mexican border.

You saw them in "Manhattan Melodrama" and "The Thin Man"... but William Powell and Myrna Loy are greater than ever in "Evelyn Prentice"!

Her fingers were stained with murder... and only her husband could clear her of the crime!

The screen's ideal married couple... William Powell and Myrna Loy... in their third successive hit... "Evelyn Prentice"!

Drilling Of Well Will Begin Soon

Drilling on Tahoka's wildcat oil well will begin some time between this date and December 17, according to S. W. Hart of the Hart Oil Company who owns a block of leases recently secured west and southwest of Tahoka.

The well will be drilled in the N. W. corner of the Southeast Quarter of section No. 29 L. & S. V. Ry. Co. about 2½ miles north of Three Lakes school house. The well will be drilled to a depth of 5,000 feet if necessary.

The drilling machinery is being shipped out from Mineola and is expected to arrive now any day. E. B. Germany of Dallas has the drilling contract.

CHURCH OF CHRIST NOTES

We are still rejoicing over the results of last Lord's day work. Three precious souls answered the gospel invitation, two to confess their faith in Christ and be baptized into His church, one to return to her first love.

We were made to realize that the gospel faithfully preached will reach the lost and cause them to turn from sin unto God as of old. We are hoping, praying and looking for others to obey the gospel in the near future.

Thanksgiving day again this week. How thankful are you, brother or sister. Please read Luke 17-11 to 18 and think on it.

Come worship with us next Lord's day. The lesson at the morning hour from "The Sermon on the Mount", in the evening "The Bible."

—R. P. Drennon.

It was erroneously reported that Mrs. Sam Sanford underwent an operation last Monday morning. It is expected, however, according to members of the family, that she will undergo an operation soon, probably next Monday morning. She has been in the sanitarium in Lubbock several weeks for treatment. Her condition remains about the same.

Texas textile mills suffered no inconvenience from the strike, but some of them have closed down pending improvement of existing conditions. The Waxahatchie mill announced an indefinite shutdown around October 1 with reopening depending on future conditions.

Take advantage of The Lynn County News bargain rate and pay up your subscription—new, renewal, or delinquent—at the rate of only \$1.00 per year.

ELECTRIC AND ACETYLENE WELDING

RED CROSS RELIEF GIVEN TO VICTIMS IN 103 DISASTERS

Tornadoes, Fires, Hurricanes, Floods, Epidemics, Make Record of Year

A history of the disasters in the United States in any year is written annually by the American Red Cross, according to Chairman John Barton Payne, commenting on the report for the year ending June 30, 1934, which has just been issued in Washington.

"Because of the charter provision which places upon the Red Cross the responsibility for disaster relief, our chapter and staff workers are notified of all calamities of storm and fire and flood," he continued. "The emergency period may prove to be brief, in cases where the victims have their own resources to draw on. While it lasts, however, whether it brings the immediate need of food, clothing and shelter for the homeless, or entails a program of investigation and rehabilitation, the Red Cross is the official director of all relief."

A great variation in type, and a wide geographical distribution, characterize the 103 disasters reported last year. Tornadoes, hurricanes, hailstorms and other storms made up almost one half of the total. Especially numerous were the tropical storms which swept in from the sea to the Atlantic and Gulf Coast region. There were 21 storms of this type, establishing a new record for frequency.

Next in number to storms were disasters of fire, the report shows. Red Cross aid was given following 35 fires in the United States and insular possessions. The most spectacular was the Chicago stockyards fire, where Red Cross workers arrived shortly after the fire started, administering relief until the emergency period passed, giving first aid to about 1,000 persons.

Floods caused serious damage in some sections, 17 calling for Red Cross relief. Three explosions were reported, and three epidemics of malaria and typhoid fever. A school bus wreck was one of the year's tragedies for which Red Cross funds were needed for relief and rehabilitation.

"Technique acquired by the Red Cross in these disasters and the hundreds of others we have handled is at the service of the public," Chairman Payne said. "To make this possible the disaster relief service has issued a manual containing instructions for chapters interested in advance preparations for emergencies. Disaster institutes were held last year in 28 strategic locations, to enable Red Cross and civic workers to formulate plans for possible disaster emergencies in their communities."

Support of the disaster relief activities of the Red Cross comes from the annual roll call held each year from Armistice Day to Thanksgiving Day.

Six Foreign Countries Receive Red Cross Aid

Relief was given by the American Red Cross during the year in six foreign nations in disasters ranging from a tidal wave in Newfoundland, an earthquake in Persia, floods in France, to help the refugees from Russia and prevention of a smallpox epidemic in Costa Rica.

The \$5,000 Red Cross contribution to Newfoundland, following the tidal wave, which took twenty-six lives and destroyed many homes and fishing boats, was the first from an outside country to reach the distressed people.

The sum of \$5,000 was given to the fund for the relief of the Mennonite refugees of German descent, who had determined to leave Russia for new lands. About 12,000 passed through Germany, where the German Red Cross, aided by Red Cross societies of other nations, helped them. The majority are being transported to new countries in the western world and the American Red Cross has transmitted contributions from individuals in this country.

When Costa Rica was menaced by a smallpox epidemic, the American Red Cross sent fifty thousand tubes of vaccine, in two airplane loads, undoubtedly saving the country from a serious outbreak of the dread disease.

Blind Readers Get Books

Books in braille for reading by the blind are made by women under Red Cross direction. Last year 3,515 such books were produced in single copy, and 3,538 in double copies. Fiction, biography, history, economics and school books were among those printed in braille. The Red Cross gives them to libraries for free distribution to blind readers.

Red Cross to Enlist Great Army of Members to Fight Distress

Last year 4,004,459 men and women joined the American Red Cross as members during the annual roll call, Armistice Day to Thanksgiving Day. A peace-time army even greater than this will be needed in 1935-36 to support and carry on the nationwide relief work of the Red Cross. There are 3,633 Red Cross Chapters and they have 16,000 branches.

Two Inch Snow Thursday Morn

The first snow of the season fell in Lynn county early Thursday morning. When the people arose from their slumbers they found the surface of the earth covered with a two-inch blanket of snow. The snow melted rapidly, however, and most of it had disappeared by noon. It will be of slight benefit to wheat. The mercury stood at 28 this morning, the lowest of the season. Our weather report appearing on the front page of this paper was printed Wednesday night and hence is not quite up to date.

Mrs. W. E. Evans of Hubbard, Hill county, is here to spend several weeks with her daughter, Mrs. Mill Finch. She will not return home until after the Christmas holidays.

Hearn's Department Store, advertisement: "No dividends are secure, no business safe, until the ten million unemployed get back to work."

Howard Carter, co-discoverer of Tutankh-Amen: "The only real proof that the famous Cleopatra existed is the brief reference to her in Plutarch's Lives."

The average human body loses 1 pound of water through lungs and pores every 8 hours.

Two flies can produce 5,600,000,000,000 of their kind in one summer.

Canada is larger than the United States proper and Alaska combined.

More than 25,000 persons in India died from snake bite last year.

Meat Canning To Begin Friday

All the necessary equipment has arrived and meat canning will begin at Tahoka Cannery Friday of this week, according to Miss Sylvia Robb, home demonstration agent. Canning will be done on a 50-50 basis.

The canning of vegetables has been under way for some time, and quite a quantity of greens have been canned. The people of Lynn county are invited to make full use of this cannery.

Mrs. Aubra M. Cade and daughters, Doris and Iris, left Wednesday to visit relatives at Friona. Mrs. Cade's father, G. W. Taylor, will return with them to spend the winter here.

J. H. Coltenback became seriously ill again Wednesday night but was reported to be some better this morning. He is suffering from a very serious affection of the stomach.

Mrs. Borden Davis who underwent a serious operation in a sanitarium in Lubbock last week is improving satisfactorily.

Life of Houston Will Be Feature Of Celebration

Huntsville, Nov. 21.—(Special)—Huntsville citizens, while planning to commemorate the Texas Centennial in 1936 with a celebration to synchronize with those to be held at San Antonio, Houston, Galveston, Dallas and other cities, design to present pageantry reflecting Huntsville's identification with the Revolutionary era. Naturally, the dominant theme will be the life of Gen. Sam Houston for Huntsville is replete with memories of that strange, stalwart, tragic

man, one of the most remarkable men of all time.

Houston, who three years previous had resigned the governorship of Tennessee and had been living in voluntary exile with the Cherokee Indians in Arkansas, first came to Texas and to San Antonio in 1832, returned to Natchitoches in January, 1833; was a delegate to the convention of 1833 from San Augustine, returned to the Cherokees in 1834, but late in that year became a resident of Nacogdoches and was a delegate from there to the consultation at San Felipe in October, 1835. On Nov. 14, the General Council at San Felipe named him commander-in-chief of the Texas armies, which were non-existent. The convention at Washington-on-the-Brazos, March 4, 1836, again named Houston commander-in-chief just previous to the fall of the Alamo when he regarded a few men assembled at Gonzales as the sole hope of what is now the Lone Star State. There followed his famous strategic retreat, from that town, succeeded by his inspiring victory over Santa Anna on the Battlefield of San Jacinto, where Texas threw off the Mexican yoke.

The first presidential campaign was held within four months after the battle and he was elected to the presidency almost by acclamation, although he had as opponents Stephen F. Austin and Henry Smith. After Lamar's term, he again was made President of the Republic, and when Texas was admitted to the Union, he was chosen U. S. Senator almost without dissent.

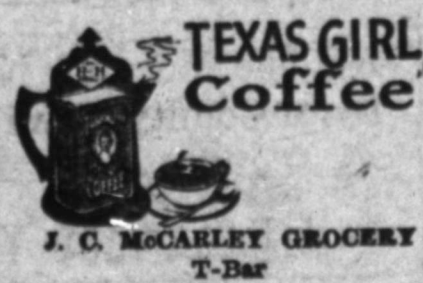

At Huntsville is to be seen the old Steamboat House, where Houston once lived and died and at Huntsville lie the mortal remains of this great man whom both the Republic and the State have chosen to honor.

Proposals of Huntsville citizens for the Centennial commemoration, which have been included in the plan of operation of the Texas Centennial Commission contemplate the acquisition of ground adjoining Sam Houston Home, once a part of the old Houston homestead and the removal and restoration there of the old Steamboat House and the restoration of the old home of Henderson Yoakum, the best of the earlier historians of Texas; the erection of a permanent museum and library in the expanded ground of the Sam Houston Home adjacent to the Sam Houston State Teachers College; placing of likenesses of Texas heroes in the museum together with relics and historical documents; the purchase of five additional acres of ground at Houston's grave and the construction there of a steel tower bearing a permanent beacon light; the acquisition of land for a Centennial park and its beautification; beautification of five highway entrances to the city; erection of a permanent designation on the highway to the Sam Houston Home and Sam Houston State Teachers College; placing of markers to commemorate Texas heroes and completion and beautification of Sam Houston's Home, including a permanent fence around the grounds of what is considered the "Mount Vernon of Texas."

CARD OF THANKS

We wish to express our heartfelt thanks to many friends for their assistance in finding our afflicted boy and brother, Elzie Bland, who became lost in Borden county a few days ago. Especially do we thank the citizens of Borden county and the sheriff, who did so much in getting all the help that he did.—R. E. Bland and Mrs. L. M. Bland and her brothers and sisters.

GOOD, AND ECONOMICAL TOO

Black-Draught For Dizziness, Headache Due To Constipation

"I have used Theford's Black-Draught several years and find it splendid," writes Mr. G. W. Holley, of St. Paul, Va. "I take it for dizziness or headache (due to constipation). I have never found anything better. A short while ago, we began giving our children Syrup of Black-Draught as a laxative for colds and little stomach ailments, and have found it very satisfactory." Millions of packages of Theford's Black-Draught are required to satisfy the demand for this popular, old reliable, purely vegetable laxative. 25¢ a package. "Children like the Syrup."

The Longhorn

Edited by Students of Draw School

The Staff:

Editor—Carolyn Holloway
Asst. Editor—Blanche Parker
Sports Editor—Graham Tyler
Church Editor—Eliha Mae Sherrill
Society Editor—Cloyd Caswell
"Nosey Mike"—Charles Florence
Faculty Advisor—Mr. Dalley

The attendance of the Draw Methodist Church has decreased some in the past few weeks, due to the chilly weather. No church service was held last Sabbath Day because it was the pastor's day at Grassland.

The attendance of the league is not as large as it should be. However, we are all working in order to form a successful league.

Thanksgiving Holidays
The Draw School will be dismissed Thursday and Friday, November 29 and 30, in remembrance of our forefather's thankfulness. Several of the teachers live long distances from their homes; thus, this affords them an opportunity to visit their parents.

"Nosey Mike Speaking"
Nosey Mike wrote several articles this week, but most of them did not pass the "board of censors."

Mike believes that the Draw school will be able to win two "county crowns" in basketball this year. Nosey Mike opened his eyes today, thus noticing some red heads here and yonder. Yes, the girls have received some pretty red tams decorated with the letters "D. H. S. Wear 'em, girls. Be proud of 'em. Nosey Mike really thinks that the Longhorns scrapped New Home last Friday night. Mr. Thorpe was not here but the Longhorns won the game for him.

Nosey Mike signing off.

Sport News
The Draw teams invaded Wilson Friday night and met the New Home team. During Coach Thorpe's absence, Mr. Dalley managed the Longhorn team. During the Senior game the Longhorns remembered their coach's sincere desire; thus they won the game 40 to 19. Captain Williams and all the boys hustled. The girls won their game by a small margin, 29-28. The Shorthorns were defeated 14-0.

Items of Personal Interest
Zan Hensley is back in Draw. Howdy, Zan.

Miss Edna Walters, student in Tech, visited her parents during the week end.

Superintendent Thorpe received a message early Wednesday morning, calling him to the bed side of his grandmother, who died two hours after Mr. Thorpe reached her home.

Greetings!
Happy Thanksgiving, everybody.
Happy Thanksgiving, everybody.
Happy Thanksgiving.

NOTICE
Perhaps some time in January there will be another call for OCC boys.

In other words, boys between the ages of 18 and 25, who are single and who are willing to allot or give their wages to their parents, who are on the relief rolls or are bordering on relief, and who want to work in the forest, may have a chance to enroll at that time.

So, if you wish to go to the forest under these conditions, you will please let me know at once and before the 10th day of December, 1934. Do this NOW.

Hand your name and address to me or leave it at the relief office. Also give the name of your parents and their address. It is important that you follow the above directions.

Do this at once. Do not delay. Act today.
B. P. MADDOX, Administrator, Lynn County.

Tentative plans are being worked out between San Marcos and Dallas citizens for the transformation of the San Marcos cotton mill into a woolen mill. Plans include organization of a new \$500,000 company to take over the cotton mill which has been idle since 1928.

Lady Went Back To Taking CARDUI and Was Helped

For severe periodic pains, cramps or nervousness, try Cardui which so many women have praised, for over fifty years. Mrs. Dora Dunagan, of Science Hill, Ky., writes: "Several years ago, when I was teaching school, I got run-down and suffered intensely during menstruation periods. I took Cardui and was all right again. After I was married, when I felt all run-down and was irregular, I always resorted to Cardui and was helped." It may be just what you need. Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. Sold in 21 bottles.

The Blue Darter

High School Edited by Students of Joe Bailey

Editorial Staff:

Editor-in-Chief—Beatrice Beckham
Assistant Editor—Juanita Williams
Society Editor—Mary Frances Brewer
Church Editor—Verla Gean Warren
Sports Editor—Frankie Lou Harwick
"City Boob"—Erma Eaker
Sponsor—Mrs. F. L. Bullard

News Items
The Joe Bailey boys and girls returned to school Monday morning, November 26, ready to start working.

Mrs. A. J. Warren of O'Donnell, Misses Theo and Verla Gean Warren of this community visited near Big Spring last week end.

Mr. T. S. Walser is still improving. We sincerely hope he will soon be able to be about his work again. Mr. and Mrs. Horace Cook of this community served their relatives with a very nice turkey dinner last Sunday.

Social News
Thursday night of this week Miss Theo Warren will entertain this community with a Thanksgiving party. Everyone is invited.

December 5th, Wednesday night week, there will be a pie and cake-walk combined at the Joe Bailey school house. Everyone bring a pie

and cake. You are welcome.

Church News

There was a large crowd present for Sunday School last Sunday morning. We studied a very interesting subject on "Stewardship and Service."

The B. T. S. was enjoyed by a number of good Christian people Sunday night.

Rev. Clinton of Lubbock will preach next Sunday morning and evening. Everyone is invited.

REPORTS FROM THE COUNTY CLUBS

Miss Sylvia Robb, H. D. Agent

Tahoka H. D. Club Met With Mrs. Snowden

The Tahoka H. D. club met Nov. 27 in the home of Mrs. H. M. Snowden with Mrs. R. W. Fenton Sr. joint hostess. The following officers were elected for the coming year: Mrs. M. C. Finch, president; Mrs. A. D. Seth, vice-president; Mrs. M. O. Canaday, Secretary and Treasurer; Mrs. G. M. Reid, Reporter, Mrs. W. S. Anglin, council representative.

The next meeting will be in the home of our president, Mrs. Harold Edwards, December 12 with Mesdames J. D. Strickland and Mathis joint hostesses. This will be the on-ly meeting in December.

Refreshments of coffee and doughnuts were served to Mesdames W. S. Anglin, A. D. Seth, H. M. Snowden, G. M. Reid, M. O. Canaday, V. F. Jones, W. C. Jones, Harold Edwards, and Mrs. R. W. Fenton, Sr.—Reporter.

Edith H. D. Club Elects New Officers

Edith H. D. club met Nov. 27th with Mrs. J. W. Taylor.

Officers were elected for 1935. New officers are: Mrs. H. O. Hargett, president; Ms. W. C. McKenzie, vice-president; Mrs. Garland Pennington, secretary.

Our club members will entertain their families with a Christmas grab box.

Members present were: Mmes. W. C. McKenzie, Garland Pennington, Sam Holland, T. E. Dykes, V. A. Botkin, J. W. Taylor and H. O. Hargett.

Draw-Redwine Club Elects Officers

The Draw-Redwine Home Demonstration club met Friday, Nov. 23 in the home of Mrs. Hugh Robertson and elected officers for the year 1935.

There were ten members present including three new members.

The club members voted to entertain their husbands at the home of Mrs. Willis Pennington on the night of December 8 and then adjourned to meet the first Friday of January at the home of Mrs. C. C. Johnson.—Reporter.

Opal Cox Makes Eleven Dresses

Opal Cox, bedroom cooperater of the Draw 4-H club, has added to her bedroom through her club work 3 yard sheet, pillow slips, dresser scarf, pillow tops, shoe rack, and has made three slips and eleven dresses.

"My club work," said Opal, "has not only taught me to do all of my personal sewing but I sew for my little sister."

O'Donnell H. D. Club Met With Mrs. Sumrow

The O'Donnell H. D. club met Tuesday afternoon at 2:30 with Mrs. Irvin Sumrow. The ladies worked on their reports a while and then the house came to order. After roll call and reading of the minutes the President read the letter from Mrs. Reid and turned in the check which was the prize given by the Council for the exhibit.

We then voted to omit the Christmas party. We also elected officers for the coming year: Mrs. E. A. Anderson, President, Mrs. R. C. Carroll, vice-president; Mrs. W. A. Tredway, secretary-treasurer; Mrs. S. M. Clayton, reporter; Mrs. Wald McLaurin, Council representative.

The club will have their next meeting with Mrs. F. A. Anderson Tuesday, January 8, 1935.

Southward Club Girl Makes Good Record

"I have enjoyed my first years of club work," remarked Juanita Boen, eleven year old Southward club girl when she told her club she wanted to be a garden cooperater for 1935.

Juanita has made a good record in her club work this year. As bedroom demonstrator she won third place in the county, first place in the county on her club apron and cap, and third place on her dress. At the South Plains Fair at Lubbock she won first place on her dress. At the Lynn county exhibit she won first and second places.

Martha Faye Thomas Completes 4-H Goals

Martha Faye Thomas, 4-H bedroom cooperater, has finished all the goals for the bedroom cooperators for the club year of 1934. She has added pillow slips, 3-yard sheet, dresser scarf, shoe rack, and has made one apron and two dresses.

Not only has Martha Faye been working with sewing this year, but she helped with the pantry canning for the home.

Grassland 4-H Club Enrolls 5 New Members

Grassland 4-H club met Nov. 21 at the Grassland school house. There were 22 present and 5 new members. Officers were elected for the year 1935. Irene Bans was re-elected president, Eugenia Appling re-elected vice-president, Jewell Roberts, secretary and Martha Faye Thomas, reporter. Each member resolved to do better work this year than they had done before.—Reporter.

Petty Club Elects New Officers

The Petty H. D. club met at the home of Mrs. W. V. Hatley at 3:00 o'clock. Miss Robb met with us and new officers were elected by secret vote: president, Mrs. D. C. Baker; vice-president, Mrs. J. W. Lowrey; secretary, Mrs. R. B. Nowlin; reporter, Mrs. R. D. Rogers; Council representative, Mrs. Herbert Huff. We had 7 members present and 3 visitors.

Grassland Club Met At School House

The Grassland 4-H club met Nov. 28, 1934, at the school house. There were 28 present. Miss Robb spoke to us on the goals of the bedroom and the garden work. There were 14 members who took up garden and 14 who took up bedroom work. Grassland 4-H is going to try to be the best 4-H club in the county for 1935.

Edith 4-H Club Girl Finishes 12 Sewing Problems

Iness Anderson, Edith 4-H Club girl, has not only been busy with her canning part for her club work but has finished 12 sewing problems since the club was organized in the late spring.

Iness will be a bedroom cooperater for the club year of 1935.

Trained to Save Lives

First aid certificates were issued by the Red Cross last year to 130,973 persons who finished the course of instruction put on by the chapters. Included in this list were more than 70,000 foremen, time clerks and other key employes on Federal Civil Works projects. Further evidence of the government's endorsement of the first aid program is found in projects now under way where Red Cross chapters, at the request of the War Department, are giving first aid instruction in CCC camps. Where it has been requested by Army engineers the same instruction is also made available to key men working on federal water conservancy and flood control projects.

Morgan 4-H Club Met Tuesday Morning

The Morgan 4-H club met Tuesday morning, November 27, with 18 members present. Plans for the year's work for 1935 were discussed and new officers were elected as follows: Marjorie Rhodes, President; Louise Cook, vice-president; Ovida Thompson, secretary; Mildred Perdue, Reporter; Mrs. R. M. Cade, sponsor.

THE NEWS

ANCIENT BABYLONIANS HAD TO CONTENT WITH TAXES

Austin, Nov. 27.—Even the ancient Babylonians had to contend with taxes and bills, according to evidence in a collection of early tablets displayed in the anthropology museum at The University of Texas.

To the average observer, the small tablets on display in the anthropology department appear nothing more than small stones with curious markings, but to the anthropologist, they are the dark-age equivalent to bills and tax receipts received today. A translation of one of these tablets reveals that it is a list of taxes payable in sheep and goats, dated the twenty-fifth of the month. It was found at Drehem, a suburb of Nippur, where there was receiving station for the temple of Bel. The date is about 2300 B. C. A butcher's bill, found near the same place and dated about the same time, lists one fat sheep, three sheep, and one lamb killed for market and delivered.

In the same collection there are receipts in payment for goods and contracts, all written on clay or stone tablets. One tablet dated about 2300 B. C. bears an inscription ordering one fat sheep and one kid goat to be sacrificed to the Goddess Nana. Another tablet, found at Jahka and dated about 2350 B. C., represents a long contract containing lists of merchandise, apparently the cargo of a canal boat.

Thanksgiving Day, The Last Thursday in November

The Pilgrims had been in the new world for nearly a year. The spring time sowing had taken place and all the summer the fields had been watched with great anxiety, for all knew that their lives depended upon the coming harvest. The summer crop came to richness of fruition beyond all expectation, and late one day in the fall Governor Bradford sent four men into the forest to shoot birds. "We will hold a harvest feast of Thanksgiving," he said, and invited the Indians who had been friendly to the strangers to rejoice with the white men. The Indians came bearing gifts of venison, and the harvest feast lasted three days.

This was the first Thanksgiving Day in America and in the years following Thanksgiving has been observed each year.

Sports News

Last Saturday night the Rattlesnakes and the Redwine outside boys team journeyed over to Graham Chapel cage to take over four victories.

The Junior boys played a hard fought game which was fast and furious but in the end came out winners.

The girls game was an interesting game and after the fine sportsmanship of both teams came out victorious with the score of 9-16 this being the third victory over Graham.

WANTED—Bring me your laundry. Satisfaction guaranteed. Finished work 7c to 9c.—Mrs. B. H. Jones, 2 blocks south of square.

ADDING MACHINE ROLLS now on sale at The News office.

SARGON Soft Mass Pills are designed to correct constipation by removing the cause. Sold by Thomas Bros. Drug Co.

MIMEOGRAPH PAPER at 25c per 100, or \$1.10 for 500.—The News.

The Senior boys game was a dandy and believe me Charley Henderson came in handy with his fine playing, but we must say, too, that he was greatly assisted by the rest of the team. At the end the score came out 21-13 in our favor.

The outside boys played an excellent game and showed a marked improvement in their playing. The scores were 20-38 in our favor.

Two more games of less importance have been played in which the girls and Senior boys were defeated by Midway and the Junior boys won over Midway. New Lynn defeated both boys teams.

Chapel Program

A very interesting program was rendered by the primary room sponsored by Mrs. Toombs.

A reading by Billie Wayne Pennington, a short three-act play by the students, and a song by four little girls made up the program.

Mrs. R. E. Willingham was a visitor in chapel.

Social News

A small crowd attended Sunday school and church Sunday morning but a large crowd was present to listen to Bro. Braswell's message on "Missions" Sunday night.

Sunday school and church are services we should attend. We need and ask your co-operation in the church work. We have accomplished many things during the past Sundays that make us glad but we won't forget those things which have passed and reach forth unto those things before us.

With the co-operation of all the members we can make our church the best in the land. It is our task—will we meet it?

Sunday school at 10:30 next Sunday morning and B. Y. P. U. at 6:30 Sunday night. Come!

NORMA SHEARER, FREDRIC MARCH, CHARLES LAUGHTON IN IMMORTAL LOVE STORY

Three Academy of Motion Picture Arts and Sciences Award winners head the cast of "The Barretts of Wimpole Street," to be shown Sunday, Monday and Tuesday at the English Theatre.

Norma Shearer, in the role of the poet Elizabeth, is starred opposite Fredric March, as the ardent Robert Browning—the same team which broke all records in "Smilin' Through." Charles Laughton, most recent Academy Award winner, appears in the grim and powerful role of the elder Barrett.

If you wish to see what will undoubtedly be chosen as one of the ten best pictures of the year, hurry to the English Theatre and relax in the lavender and old lace of "The Barretts of Wimpole Street," Metro-Goldwyn-Mayer's new film starring Norma Shearer.

The cast includes some of the greatest names of filmdom, headed by three winners of the Motion Picture Academy Award: Norma Shearer, Fredric March and Charles Laughton. The romantic team's beautiful presentation of an idyllic love story is all the more accentuated by the diabolical character Charles Laughton makes of the elder Barrett.

Never was Miss Shearer more beautiful or charming, nor March more ardent, nor Laughton more fascinatingly Laughton. The supporting players hold their own, even with these experts of dramatics. They are Maureen O'Sullivan, Ralph Forbes, Una O'Connor, Katharine Alexander, Marion Clayton, Leo Carroll, Ian Wolfe and Ferdinand Munier—each excellent in his part.

Of Sidney Franklin's direction, no more can be said than that it surpasses even "Smilin' Through."

Watch the Fords Go By

Mrs. Lenora M. Tunnell, teacher of History and English in the high school left Wednesday to spend Thanksgiving and the week end with her husband, Hans Tunnell, who is in the hospital at Kerrville.

Mr. and Mrs. Ben Peak of Lampasas are here spending Thanksgiving with J. K. Applewhite and family. Mrs. Peak is a sister of Mr. Applewhite.

A. E. Houston returned Tuesday from a business trip to Dallas and Fort Worth.
