JAS. N. LEMOND FUNERAL HELD

Died in Sanitarium At Dallas Last Sunday; Was Buried Here Tuesday Afternoon

Funeral services were conducted Tuesday at 10:30 a. m. in the Methodist Church at Draw for James N. Lemond, 51, son of Mr. and Mrs. J. N. Lemond of that community, who died in St. Paul's Sanitarium in Dallas Sunday. Brother Wheeler, pastor of the Draw Methodist Church conducted the services, while Rev. H. C. Smith of the Taboka Church delivered the funeral discourse. Others assisting in the obsequies were Rev. Hart, a former pastor at Draw, Rev. Gordon, the Methodist pastor at Snyder, and Rev. George A. Dale, the Baptist pastor here. The body was laid to rest in the Draw cemetery, Harris & Applewhite of this city directing. John Sewell of Draw and five brothers of deceased, Guy, Grady, Roy, Tom and Claude Lemond, acted as pall bearers. A great concourse of relatives and friends followed the remains to the cemetery.

Deceased himself had not lived in this county in recent years. For some time he had been employed in Gladewater. Becoming ill of duodenal ulcers, he underwent two or three operations. A few weeks ago he went to St. Paul's Hospital in Dallas for treatment, where he remained till death came.

The Lemond family has long been one of the prominent and well-known families of Lynn county. They have scores of friends at Draw and throughout Lynn and other counties who deeply sympathize with them in this sad bereavement.

Collecting Funds For Beautification

"Why don't they hurry and start beautifying the triangle at the courthouse?" exclaimed a Taboka citizen the other day. The sincerity of this interest in the beautification of our highways and public grounds becomes more evident every day, the following contributions having been received since our last report: Taboka Produce \$75, Bill Holland \$1.00, L. E. Weathers \$1.00, D. W. Gagnat \$1.50, Hogan Dry Goods \$1.50, Coleman Wells \$2.00, Mrs. Gladys M. Stokes \$2.00, Taboka Drug \$2.50, Harris & Applewhite \$2.50—Mrs. E. I. Hill, Local Chairman.

COMANCHE MAN MAKES PROFIT ON WHITE LEGHORNS

Comanche—By the use of night lights, automatic water system, culling and other modern methods, A. H. Caraway of Comanche county made a profit of \$328.37 for the year on his flock of 197 white leghorn hens, according to J. A. Barton, farm demonstration agent.

Mr. Caraway fed grain and mash continually and used lights close to the feed and water troughs each night from September 1 to March 1. Hens were housed in a 16 by 14 feet house of the shed roof type and in a semi-monitor type which was 20 by 24 feet.

BACK TO THE FARM

Cody Bragg, who has been harvesting whiskers the past year, expects to harvest a different kind of crop next fall. He has moved out on the farm near West Point and hopes to materially swell the feed and cotton production of Lynn county this year. Right now he is a gentleman of leisure, just waiting for a rain.

Arson Charged To Man, Woman

Mr. and Mrs. C. M. Sinclair were placed in jail Monday on a charge of arson filed in Justice B. F. Rogers' court.

The couple have been living on the Grover Stewart farm the past year and they are charged with burning parts of the outhouses on the premises together with fence posts, etc.

Mr. Sinclair was formerly an inmate of a state hospital for persons of unsound mind, it is said.

The case will be investigated by the grand jury which meets the third Monday in February.

SINGER COMING

JOHNNIE COHEN, prominent evangelistic singer, who will conduct song services at the Baptist revival beginning Sunday

Baptist Revival Opens Sunday

As announced heretofore a revival campaign will begin at the Baptist Church next Sunday morning. It is expected that the services will continue for two weeks.

Johnnie Cohen of Palestine, who has been here in two previous revivals, will direct the music. He is not only a most excellent choir director but is also a wonderful soloist and his work was much enjoyed on his previous visits. He is also a good personal worker.

The pastor, Rev. Geo. A. Dale, will do the preaching. He is a pleasing speaker and a strong gospel preacher, and his messages are always excellent.

Members of all churches in the city and non-church members are invited to these services.

South Texas Gets Excellent Rains

The News editor had a letter a few days ago from H. J. C. Koehn of Weimer, renewing his subscription so that he might "keep in touch with the news that happens in this county". Mr. Koehn owns quite a bit of property here.

Among other things he says: "I saw where the county got only 12 inches of rain last year. We got 8 or 9 inches here in December over night. All creeks were overflowing. Too much rain since November 1, 1934. So far, have had but one light frost this winter."

Conducts Funeral At Roaring Springs

Elder R. P. Drennon of the Church of Christ was called to Roaring Springs Saturday to conduct the funeral of an old friend, Mr. August Jesse Cooper, 85 years of age. Burial was at Matador.

Elder Drennon says that the aged man was a pioneer of his section and had been engaged in the cattle business for many years. He left surviving four sons and two daughters. His wife died 27 years ago. He had many friends throughout West Texas, especially among the pioneers, who will regret his departure.

Women's Year Book Delivered This Week

The News has just printed and delivered to County Home Demonstration Agent Miss Sylvia Robb the year book for the H. D. and 4-H clubs of Lynn county.

The book consists of 20 pages and the cover. It contains the programs for the year of the H. D. clubs, the schedule of the H. D. agent, and other information.

We are going to pay ourselves the compliment of saying that it is a neat book, neatly printed, but it is no better than the progressive club women of Lynn county deserve.

Mrs. Maurice Small and the two children are here from Sudan visiting her parents, Mr. and Mrs. D. B. English.

The oldest known printed document was printed from wood blocks by Wang Chieh, a Chinese, in 868, A. D.

Jaynes' Infant Died Tuesday

Little Barbara Nell, infant daughter of Mr. and Mrs. Floyd Jaynes, living two or three miles northeast of Taboka, died of bronchial pneumonia in a sanitarium in Lubbock just before noon Tuesday. The child had been seriously ill for several days.

Funeral services were conducted in the Methodist Church here, at 2 o'clock Wednesday afternoon by Rev. H. C. Smith, the pastor, assisted by Rev. Geo. A. Dale of the Baptist Church. Interment was in the Taboka Cemetery under the direction of Harris & Applewhite, funeral directors of this city.

Born a little less than 3 months ago, October 23, 1934, little Barbara Nell was not only the idol of her father and mother and her five-year-old sister, Thelma Ray, but she had also won a warm place in the hearts of other relatives.

Out-of-town people attending the funeral were Mr. and Mrs. W. M. Hays of Merkel, the infant's grandparents, Mrs. Neva Higgins and Mrs. Ellis Harris of Merkel, Mr. and Mrs. Oscar McMurray of Floydada, and Mr. and Mrs. Carl Higgins of Hale Center.

The parents and other relatives have the sympathy of many friends in this sad bereavement.

Texas Congressmen Get Appointments

Washington, Jan. 11—Twelve committee appointments came to Texas' four new members of the house today while six of their elders retained their posts at the heads of committees.

Here is the way the newcomers fared:

George Mahon: Insular affairs, census, civil service and elections No. 2.

Charles South: Irrigation and reclamation, claims, and coinage.

Nat Patton: Territories, roads accounts, pensions.

Mairy Maverick: Military affairs. These chairmanships will carry through another session: Rayburn, interstate and foreign commerce; Mansfield, rivers and harbors; Buchanan, appropriations; Lanham, public buildings and grounds; Jones, agriculture; Summers, judiciary.

Banquet At Wilson Honors Graduates

With a guest list that included all graduates together with the husbands and wives of those who are married, all past and present teachers, and the senior class of 1935, the Wilson P. T. A. entertained with a banquet in the splendid new auditorium of the Wilson High School Friday evening, January 11.

The banquet, attractive to the eye and most tempting to the appetite was prepared by members of the P. T. A. with Mrs. Howard Cook as President and served by students under the direction of Miss Ollie Walker, of the Home Economics department.

The program, with Supt. A. L. Faubion as toastmaster, consisted of an address of welcome by Mr. Brady Nix, Principal of the school, response by Calloway Huffaker, class of 1931, who is now teaching at Spangenberg, followed by a roll call of each class to which a representative of the class responded with a short history of that particular class, and group singing, after which a short business session was held to perfect an Alumni Association. The 52 graduates present elected Miss Hattie Server of Taboka, President and Miss Chloe Huffaker of Lamesa, Secretary-Treasurer for the present year.

Thanking Supt. Faubion and the faculty, Miss Walker and Home Economics students, members of the Wilson P. T. A. and all others who had had a part in this happy occasion the guests departed with a spirit of pride that Wilson High School now has affiliation in every subject taught.

The present Wilson faculty, all of whom attended the banquet includes: A. L. Faubion, Brady Nix, Mrs. W. L. Forrester, Miss Alice Schleicher, Miss Ollie Walker, Miss Oma Rider, Miss Ophelia Wilson, Miss Roselle Vessay, Miss Lela Day, Mr. Wallace Varley, Miss Curtis Cook, Miss Erna Farwell.

Edwards Oil Test Will Start Soon

J. B. Nance returned Monday night from Fort Worth with a big batch of oil leases which he filed for record Tuesday.

Mr. Nance states that it is his understanding that the drilling crew will be here Saturday or Monday, and that drilling operations on the Hart well on the Cass O. Edwards ranch about ten miles southwest of Taboka will then be resumed immediately.

This well was spudded in about the middle of December and drilled to a depth of 100 feet when operations ceased until a water pipe line could be laid from the old Hart well several miles distant to the new location. The work of laying this line is now about complete and plenty of water will be available.

The people of Taboka and of this entire section of the state as well as the oil people throughout Texas will watch this test with much interest.

Mrs. W. P. Avriett, President of the Seventh District Texas Federation of Women's Clubs, was the guest of Mrs. E. E. Callaway last Friday. Mrs. Avriett also appeared on the program of the Phebe K. Warner Club while in Taboka.

Four South Plains Men Are Pardoned

Four persons assessed penitentiary sentences in South Plains courts received clemency yesterday from Governor Miriam A. Ferguson, the Associated Press at Austin reported. It was Mrs. Ferguson's last full day as governor.

Mrs. Gladys Cobb, convicted in 99th district court of abortion and sentenced to two years imprisonment, received a full pardon. Carlos Pate, convicted of abortion and assessed the same sentence in a companion case, already had been pardoned.

Mrs. A. F. Grisham, who drew a 1-year sentence for liquor law violation, received a conditional pardon. Her home was in Slaton.

A conditional pardon was given Floyd Bentley, Lamb county, who had a two-year term for burglary. A full pardon went to Jack Graves, convicted in Lynn county of burglary and sentenced to two years—Lubbock Avalanche.

Drennon Ties Knot For Lubbock Couple

Miss Velma Lancaster and Mr. C. C. Sullivan, who live on Route 5 out of Lubbock, were married last Thursday at the residence of Elder R. P. Drennon of the Church of Christ.

The good preacher says that they are fine people, and they have the best wishes of many friends.

CALLAHAN COUNTY COMING TO BE CENTENNIAL-MINDED

Putnam, Jan. 17. (Special)—Callahan County and Putnam rapidly are becoming Centennial-minded and are taking intense interest in preparations throughout the State for proposed celebrations in 1936, in commemoration of Texas' independence. Miss Mildred Yeager, who is County Centennial chairman, reports that many of the citizens have joined the Texas Million Centennial Club and that new names are being added to its membership lists daily. The Putnam Community Demonstration Club, of which she is President, is planning to beautify the city for 1936 and expects to accomplish also several beautification projects in the county.

Bluebonnets and cacti will be utilized in the beautification scheme as a variety of species of the cactus is native to Callahan County. These are known as leaf-cactus, the devil's pin-cushion, small barrel cactus and the spider-web. All of these varieties bear beautiful blooms.

Putnam also has its claims to historical fame in that, while when the pioneers first came to Callahan County there were not many Indians in this vicinity, near here lies the Battle Creek battlefield. This last clash between the Comanches and frontiersmen in this vicinity was fought, about 1878, near where now is located the Rutherford farm and a creek, running through this farm,

NEW GOVERNOR

JAMES V. ALLRED, Former Attorney General, who at 36, is the second youngest Governor Texas has had. He was inaugurated Tuesday before 10,000 people on the steps of the capitol building, Austin.

Allred Succeeds "Ma" Ferguson

In the presence of a great throng of friends and admirers, James V. Allred of Wichita Falls was inaugurated governor of Texas at noon Tuesday, January 15.

All the living ex-governors of Texas except Dan Moody were present, to wit: the retiring governor, Mrs. Miriam A. Ferguson, her husband James S. Ferguson, Pat M. Neff, W. P. Hobby, and R. S. Sterling. Governor Moody had been called out of town but his wife was present.

The new governor's inaugural address was a strong clear-cut presentation of his hopes and aspirations and purposes as the chief executive of Texas. He promised cooperation with the legislature for the good of the state.

Only 36 years of age, Allred is the youngest governor the state has ever had except one, Dan Moody. Like Moody he has come into the governorship from the office of attorney-general.

Taboka people attending the inaugural ceremonies were Judge and Mrs. Tom Garrard and Mr. and Mrs. J. H. Edwards.

Reduce Sentence Of Clyde Thompson

Austin, Jan. 14.—Governor Miriam A. Ferguson today reduced to 15 years the sentence of Clyde Thompson, once condemned to electrocution for murder in the shooting of A. L. and Leon Shook in Eastland county, Sept. 7, 1928.

Former Governor R. S. Sterling commuted Thompson's sentence to life imprisonment. Subsequently Thompson was convicted in Brazoria county in March 1933, of the murder of a fellow convict, and given a concurrent life term.

Fine Arts Recital Held Tuesday Eve

The music pupils of Mrs. J. K. Applewhite and the expression pupils of Miss Anna Bishop were presented in a joint recital in the auditorium of the high school building Tuesday night.

Many of the parents, families and friends of the pupils were present and greatly enjoyed the program, which was indeed creditable alike to the pupils and their teachers.

Mickey Walker, former welterweight and middleweight champion, was knocked out recently for the first time in his career by Paul P. rone, of Cleveland.

is named Battle Creek. In this battle, the Comanche chieftain was slain and his body was carried a distance of fifteen miles across country before being buried.

It is recalled that during the battle, Jim Hart, a pioneer, was captured by the warring tribesman and taken to the camp ground where the chieftain was buried. As the Indians were preparing to torture him according to custom, he was rescued by his brother, who had received an arrow in his right lung, and carried to Putnam, where both were given medical attention by Doctor Brittain, who still is Putnam's physician today.

DRAPER PLAN GAINS FAVOR

Local Farmer Presents Cotton Plan To Farmers In Meeting Held At Spur

By special invitation, I. M. Draper presented his cotton reduction plan to a meeting of farmers representing nine West Texas counties held in Spur on Wednesday of last week.

Mr. Draper was also placed on the resolutions committee at this meeting and the principal features of his plan were embodied in resolutions adopted by the body. These resolutions are to be presented by Mr. Vestal, a prominent cotton farmer of Hardeman county, to a south-wide meeting of farmers to be held in New Orleans Saturday. They are also to be submitted to Secretary of Agriculture Wallace and to members of Congress for consideration.

Mr. Draper was accompanied to Spur by County Agent V. F. Jones and a group of Lynn county farmers, including J. R. Strain of Midway, Wiley Curry of Taboka, Joe Thompson of Redwine, C. T. Tankersley of West Point, W. A. Yates of Three Lakes, Louis Shamblee and John Heck of Wilson, and R. E. Overstreet of New Home.

Mr. Jones states that the only objection raised to the Draper plan at the Spur meeting was its alleged unconstitutionality. The meeting decided, however, to recommend the plan, leaving the question of its constitutionality up to others.

The Draper plan in brief is an acreage-reduction plan rather than a production-reduction plan, the main features of which have been explained in this paper.

News Prints First "Carrier" Edition

Beginning with this issue, The Texas Carrier is being printed under a contract entered into by the Association with Messrs. E. I. and Frank Hill of Taboka. The former contract expired December 31st and before making a new contract, bids were secured from quite a number of printers throughout the state and one from out of the state. The first bid received, which was from Messrs. Hill, was the lowest. In view of this fact and since they are located in the home town of the editor, their bid was accepted and they will do the printing for 1935. Their equipment is complete and up-to-date and they are experienced newspaper men, being the successful publishers of The Lynn County News of Taboka. This change will enable the editor to give close and adequate personal attention to everything connected with the paper.

Mr. J. M. Usury's work as printer for the Association extended over a period of about eight years and has been satisfactory. During all this time he has been forced to do part of the editorial work since the editor was located at a distance from the office of publication and the whole Association, as well as Mr. Slater and the present editor owe him a debt of gratitude for the good work he has done. Except for the reasons stated, there would have been no disposition to make any change.

Donnie Sue Milliken has been very sick of the flu the past few days but is now improving.

Jack Graves Is Given Pardon

Sheriff B. L. Parker on Wednesday received a proclamation signed by Governor Miriam A. Ferguson under date of January 13 granting a full pardon to Jack Graves of Taboka, who was convicted in 1932 of the offense of burglary.

"Graves has never served a day in the penitentiary," Mr. Parker stated to a representative of the News, "as he has been granted one furlough after another by Governor Ferguson since his conviction by a Lynn county jury."

In her pardon proclamation, Governor Ferguson stated as her reason for granting the pardon: "Because the jury that tried the case now say in writing that there is now serious doubt as to the guilt of defendant."

WOULD END TENANT SYSTEM IN THE SOUTH

News came from Washington in
dispatches Sunday that one of the
major aims and objectives of Pres-
ident Roosevelt is to bring about the
abolition of the tenant system in
the South.

Possibly 60 or 65 per cent of the
cotton farmers of the South are
tenants. Most of them live in small
dilapidated houses, many of which
are mere shacks, without any modern
conveniences whatever. Moreover,
there is no prospect under pres-
ent conditions, of many of them
ever being able to acquire homes of
their own.

We believe that it would be one
of the greatest achievements of any
administration to bring about such
a change in conditions that every
farm tenant might be enabled to
speedily acquire a home—a tract of
land sufficiently large to maintain
the family in comfort. We hope to
see the day when farm tenancy is
practically a thing of the past and

when the great majority shall live
on their own farms.

But we doubt if the Roosevelt
program as outlined in the press
dispatches will "get the job done."
The social betterment plan look-
ing to this end, we are told, would
"call for planned use of Southern
land subject to frequent floods; (2)
establishment of subsistence home-
steads in sections where some out-
side employment is available; (3) a
live-at-home, campaign of educa-
tion to instill a desire for land own-
ership and care; (4) organization
of a rural rehabilitation corporation
to direct efforts toward self-subsis-
tence of former tenants, and use
of federal funds to purchase plots
for sale to individuals on easy
terms, provision of work animals,
other equipment and adequate fin-
ancing for the beginning period."

This is looking in the right
direction all right. Such a program
would help. But we believe that
more drastic measures than these
suggested will be necessary to bring
about abolition of farm tenancy in
the South. And the time is coming
when these measures will be adopt-
ed and applied if necessary to ef-
fect the desired results.

SERVING TWO MASTERS

Some members of the Texas senate
and house became greatly agitated
last week when it was proposed
that all members be required to file
affidavits showing by whom they
are now being employed or have
been employed during the past six
months, and the salaries paid.

We can not understand why any
representative of the people who is
engaged only in honorable employ-
ment should object to this. And
when any such representative rears
up on his haunches and howls when
any such proposal is made, then
mentally we place a question mark
after his activities.

We do not contend for one mo-
ment that attorneys and other em-
ployees of public service corpora-
tions are either dishonest or un-
fitted to represent the people mere-
ly because of such employment. We
have known many attorneys and
other employees of such corpora-
tions, who had the very highest
sense of honor and integrity.

But we do not believe that any
regular attorney of such corpora-
tion who is honest and honorable
will have any objection to his em-
ployment being made known. In
fact, we have never known one who
sought to conceal the fact.

But the secret employee of such
corporations, or the fellow who has
accepted employment from them
since his election to office—well, he
is the fellow that we should watch.
And he is the fellow that usually
raises the loudest howl when some-
body proposes that he be required
to disclose his corporate connec-
tions.

We hope Jimmy Alfred stands pat
and that these fellows be required
to tell us about it.

Hugh Walker, who was convicted
of the murder of "Leather Hat"
Brown at Woodrow a couple of
years ago and who was sentenced
by a Lubbock county jury to 99
years in the penitentiary, some how
or other gained the good graces of
the Ferguson and the governor
whittled his sentence down to ten
years and granted him a one-year
furlough just before going out of
office. In fact he had been out of
the pen on a furlough most of the
time since his conviction, we under-
stand. Hundreds of other dangerous
criminals were likewise turned
loose during the last few weeks of
the Ferguson administration. We
have a hunch that all of that will
be changed now.

Oklahoma has a New Deal too.
E. W. Marland was sworn in as the
new governor at noon Monday. In
contrast with the almost indigent
"Alfalfa Bill" Murray, his predeces-
sor, he is described as a millionaire
and "former oil tycoon." "Alfalfa
Bill" is one of the most colorful
characters of the Southwest, but he
had a stormy career as governor.
Marland, a former congressman, is
also a typical business man. His
career as governor is expected to be
more peaceful and less theatrical
than that of his immediate prede-
cessor.

Hot Dog! The editor received an
invitation to the inaugural ball. We
were unable to attend but we under-
stand they got along all right any
way.

Tanning has taken firm hold in
Russell county according to Elmo
V. Cook, farm demonstration agent.
More than 700 pounds of hide were
tanned and cattle producers in the
county still have 500 hides being
held for tanning leather. The work
was introduced by Mr. Cook with a
home leather tanning school. This
was so useful he plans to follow it
with several additional schools.

Helping the President

Little Theresa McGinty, aged 6,
of Brooklyn, N. Y., who sent a
bright new nickel special deliv-
ery to President Roosevelt, fol-
lowing his announcement that he
would lend his 1935 birthday
anniversary to a nation-wide
party, proceeds of which will go
toward aiding infantile paralysis
victims all over the nation.

Col. Henry L. Doherty, chair-
man of the 1935 Birthday Balls
for the President has announced
that funds raised this year at
parties in more than 5,000 com-
munities throughout the nation,
will be divided, following a sug-
gestion made by the President.

Seventy per cent will be used
for the rehabilitation of handi-
capped children within the com-
munity raising the funds or
within the nearest geographic
unit of which the community is
a part. The other 30 per cent
will be turned over to President
Roosevelt to be used by the Na-
tional Commission for Infantile
Paralysis Research.

ATTENTION! TAXPAYERS!

Owing to the fact that the school board of the Tahoka In-
dependent School District last spring cut property valuations
to a low point, it is absolutely necessary that all taxes be paid.

It was decided, therefore, at a recent meeting of the board
that the penalty and interest will attach and go into effect on
all unpaid taxes at the same time that the penalty and interest
on state and county taxes go into effect, March 15, 1935.

All tax payers in the Tahoka Independent School District
are urged to pay their taxes prior to February 1, 1935, and in
any event not later than March 15.

Done by action of the board.

J. K. APPLEWHITE, President.
CARL GRIFFING, Secretary.

DISTRICT PRESIDENT MET WITH PHEBE K. WARNER

Mrs. G. M. Stewart was a charming hostess to the Phebe K. Warner club Friday, Jan. 11.

House was called to order by the president, Mrs. R. W. Ferison Jr. Election of officers was held after other business was disposed of. Mrs. L. E. Weathers was elected president for another year, Mrs. A. P. Edwards, Vice President; Mrs. Carl Griffin, Sec.-Treas. and Mrs. G. M. Stewart, Corresponding Secretary.

Three new members were added to the roll: Mmes. H. C. Story, J. D. Srickland and Kary Mathis.

After some interesting talks on some of Texas' prominent men by Mmes. Stewart, Callaway and Elliott the meeting was concluded by Mrs. Avriett, District President. She is a very interesting and jolly speaker. She talked of the successful meeting in Austin and the coming district meet to be at Plainview in March and of the success of the club and plans for another year. We are always glad to have Mrs. Avriett and wish we could have her more often. At the close of her lecture the hostess served hot tea, sandwiches and home made candies of which each guest partook.—Reporter.

MINOR BATON ETT AT HOME OF COUNSELOR MONDAY

The Minor Baton met Monday night at the home of its Counselor with A. J. Thompson as host. During the business session a vacancy in office was filled by the election of Miss Maxine Connolly, and two new members were voted into the club.

A lovely program on light opera was presented, the study being the opera "Martha" by Flotow. Numbers given from the score were: Overture played by Marjory Wells; the story of the opera, by Maxine Connolly; a recording of the lovely duet, "Lost, Proscribed"; the solo "Heaven May Forgive You Kindly" played on the violin by Charles Gaignat; and the familiar "Last Rose of Summer" beautifully sung by Robbie Milliken.

Delicious refreshments of fruit salad, cakes and coffee were served by the host. The next regular meeting is on February 4 with Lottie Jo Townes as hostess. Fifteen members and a guest, Mrs. Boswell Edwards, enjoyed this occasion.

If not on the way to Heaven, you are on the road to Hell. Hell is as real and will endure as long as Heaven.—Matt. 25:46. Eternity is just around the corner. Have you an insurance policy on your soul signed in the Blood of the Lamb. Get right with God. Give your soul a chance.

Come to the revival at the Baptist Church beginning Sunday, January 20, running two weeks. Everybody invited to attend the services both morning and evening. Special invitation to those who sing. Rev. Johnnie Cohen of Palestine, Texas, will have charge of the music. Brother Cohen is a wonderful singer. Come hear him. Come thou with us.—Geo. A. Dale, Pastor.

CAVENSNESS TO GIVE BANQUET TO LYNN COUNTY TEACHERS

The Lynn County Teachers Association is having a banquet under the direction of County Superintendent H. P. Cavensness at the American Legion Home Friday night. The banquet will be served by the Ladies Auxiliary.

Dean Gordon of the Texas Technological College is expected to be the principal speaker of the occasion. Prof. G. D. Holbrook, of the office of the State Superintendent, who is now here inspecting rural schools, is also on the program.

PASTOR TEACHES BOOK OF NAHUM TO BAPTIST W. M. S.

The book of Nahum was an interesting subject as taught by Pastor George A. Dale to 17 members of the Baptist W. M. S. Monday afternoon. In a short business session, with Mrs. Cavensness in charge, plans were made for sewing for a needy family. The monthly business meeting will be held at the church Monday, January 21.

Nancy Ray Weathers, little daughter of Mr. and Mrs. R. P. Weathers of this city, appeared with twenty-seven other little girls in a Shirley Temple contest last Tuesday night at the Palace Theatre in Lubbock.

Misses Mary and Margaret Preston accompanied Rev. C. V. Edwards to Lamesa Monday and are assisting in a county-wide Sunday School enlargement campaign being put on by the Baptist people of Dawson county.

WEST TEXAS SHOWS GREAT PROGRESS IN LAST 50 YEARS

Sweetwater, Jan. 4 (Special)—While West Texans, in preparing to participate in the Centennial celebrations of 1936 in commemoration of Texas 100th birthday, realize that their section of the State shares with the remainder its antiquity, it is of the achievements of West Texas and its people within the last fifty years that they are justly proud.

An able sketch, prepared by R. C. Crane of this city, President of the West Texas Historical Association, recalls that as late as 1873 more than one-half of the State, comprising the major portion of what is known as West Texas, was recognized by the Legislature as being subject to incursions by wild Indians. Then, the Legislature, on account of continual depredations by tribesmen upon settlers, exempted for two years from payment of poll taxes all that part of Texas west of a line running along the east side of Montague and Wise Counties, along the west lines of Tarrant, Johnson, Bosque, Williamson, Travis, Hays and Bexar Counties, and thence southward to the Rio Grande.

Thus about 138 of the present-day 254 counties were located in the "Indian country," although as a matter of fact at least 76 of those 138 counties have been created since 1873. In that year there were only 32 counties organized west of the line, the balance of the region consisting of unorganized territory not created into counties.

The progress of West Texas in aiding in the upbuilding of the State perhaps is indicated best by the fact that in 1932 the 15 counties of Potter, Taylor, Lubbock, El Paso, Val Verde, Nolan, Brown, Tom Green, Pecos, Reagan, Hutchinson, Jones, Runnels, Stephens and Wilbarger, paid more taxes than the entire State did in 1873, in which year the aggregate taxable values, according to the tax rolls, amounted to \$159,058,000, while, in 1932, the taxable values of these counties, which were west of the Indian line, amounted to \$366,629,000.

In 1932, the taxable values in the fifteen counties of Armstrong, Childress, Concho, Cottle, Crosby, Dickens, Donley, Fisher, Floyd, Hall, Hardeman, Knox, Martin, Oldham and Scurry, all West of the line, aggregated \$176,428,436, and therefore paid more taxes that year than did the entire State in 1873. If the taxable values of the groups be added together, it will be seen that the total is about \$543,054,436, or just a little less than the entire State's taxable wealth amounted to in 1883, about 50 years ago, which was \$603,060,917.

In 1887 there were 114,754,503 acres of land on the tax rolls of the State at a valuation of a little more than \$2.61 per acre. In 1932, there were 196,628,381 acres, valued at slightly in excess of \$9 per acre. The difference of more than 80,000,000 acres added to the tax rolls in that period was due almost wholly to the purchase by citizens of lands in West Texas belonging to the various school funds, which previously had not been subject to taxation.

Incidentally, over 4,000 miles of railroad have been constructed in the last 50 years in West Texas largely by the co-operative efforts of its people and without the aid of any of the 32,000,000 acres of lands, located mainly in West Texas and donated by the State to aid and promote railroad construction, the public domain having been exhausted before West Texas' day arrived.

Mr. and Mrs. G. A. Brasfield and family are occupying the Tom Leonard residence, the Lemonds having moved to Lubbock this week.

Lynn County H. D. Council Meets

The Lynn County H. D. Council met for its first meeting Jan. 12 with ten members and ten visitors present. We are always pleased to have visitors.

The officers for this year are: Chairman, Mrs. Garland Pennington; Vice Chairman, Mrs. Sumner Clayton; Sec.-Treas. and Reporter, Mrs. Harold Edwards.

The chairman appointed all committees for the year. The standing rules were adopted. Mrs. John Eiler was appointed 4-H County Council sponsor and all sponsors and 4-H officers are asked to meet the 3rd Saturday of this month at 2:30 P. M. in the county court room to organize a 4-H club county council.

On the fourth Saturday in this month at the county court room at 2:30 a reporters' school will be held.

Mr. Jones is asking for some one who might wish a turkey or egg laying demonstration. If you want a demonstration of this kind let Mr. Jones know at an early date.

The program for council Saturday was one of courtesy and one of much value and interest.

All members of council be sure to attend the next meeting second Saturday in February at 2:30 in county court room and all visitors are welcome.—Reporter.

New Home H. D. Club Met Friday, Jan. 11

New Home H. D. Club met in the home of Mrs. Limbey Friday, Jan. 11, with Mrs. Lee as joint hostess. Twelve members answered roll call with New Year resolutions to be better club members for 1935.

Mrs. P. W. Goad was elected parliamentarian. Other committees were appointed by our president, Mrs. Loyd McCormick.

Mrs. G. N. McWhorter will be our garden demonstrator and Mrs. Joe Hilton bedroom room demonstrator. Miss Robb discussed things that will be expected of us as demonstrators and cooperators of both garden and bedroom work.

Refreshments were served to Miss Robb, Mmes. Joe Hilton, McWhorter, Robinson, Heck, Goad, McCormick, Browne, Ponder, Lola Hilton and Miss Kempson, a visitor, and hostesses.—Reporter.

Donnie Sue Milliken has been very sick of the flu the past few days but is now improving.

Drew-Redwine H. D. Club Met With Mrs. Johnson

The Drew-Redwine H. D. club met at the home of Mrs. C. C. Johnson with Miss Robb Jan. 4. Miss Robb gave a brief outline of work for this year.

Chairmen from the finance, program and expansion committees were elected. The club adjourned to meet with Mrs. Willis Pennington Jan. 8.—Reporter.

Sunday school was well attended. Bro. Dykes preached after Sunday school. Everybody enjoyed his message. He also preached Sunday night.

There was a real large crowd for singing. Had visitors from Midway, Edith, Redwine and Grassland. We had some real good singing.

The following are on the sick list: Mr. and Mrs. Haver Lee Duckett, little Barbara June Brooks and little Miss James. We truly wish them a speedy recovery.

Miss Mable Maggard visited her parents at Hale Center last week end.

There were several at choir practice last Friday night. We want more next Friday night. Mr. Bostik is teaching us music.

Mr. and Mrs. W. P. Inman visited their daughter, Mrs. M. M. Shearer, at Crosbyton.

Mr. and Mrs. L. J. Wood returned to their home at Lorenzo last Monday after a visit with Mrs. Wood's parents, Mr. and Mrs. W. P. Inman and family.

Everybody remember Sunday school at 10:15. We are going to have a group of young folks from Tahoka visit us.—Reporter.

Keeping records on her garden enables Annie Piwets, Fort Bend county 4-H club girl, to report for 1934 that her seeds and plants cost \$5.39; that her family consumed 663 pounds of fresh vegetables valued at \$46.08; and that she canned 33 quarts of food from the garden which were valued at \$7.00.

DEBATE SUBJECT IS TIMELY ONE

Students who are this year planning to enter interscholastic league debate are overjoyed with the announcement of a very practical, timely and interesting subject. The question as stated by the Debate Handbook is: "Resolved, that the Government should own and operate all electric light and power utilities."

This question is one of the outstanding problems faced by our government today and is one which will probably be settled by legislation in the near future. Provision for its study as interscholastic league debate subject was made so in order that people could have all possible information regarding either side.

Mrs. Lenora M. Tunnell, teacher of public speaking, is again sponsor of debaters in Tahoka High school and work on the subject is to begin soon.

Few activities engaged in by high school students will develop ability as quickly and effectively as will the practice of debate. Debaters get the maximum of school life experience. The study of debate teaches the student to do several things at the same time and develops his powers as does no other subject. A large number of students should be out for the two teams this year.

HOME ECONOMICS CLASS HAS DEBATE

The second year class of the Home Economics department started the second semester with the addition of one new pupil, Erma Faye Edwards, and a new subject—clothing.

During the current week—a very interesting debate was staged by members of the class. Lottie Jo Townes and Doris Connolly represented the affirmative and Dottie Turrentine and Mavis Brasfield the negative side of the question: Resolved that paying cash is more economical than running charge accounts. The affirmative side won by decision of the class. After the debate a number of girls read papers on different costs of high school girls' wardrobe for the year. It was found that most girls spend \$75.00, \$100.00 or \$125.00 for their wardrobes.—Reporter.

Chevrolet Announces Two New Lines for 1935

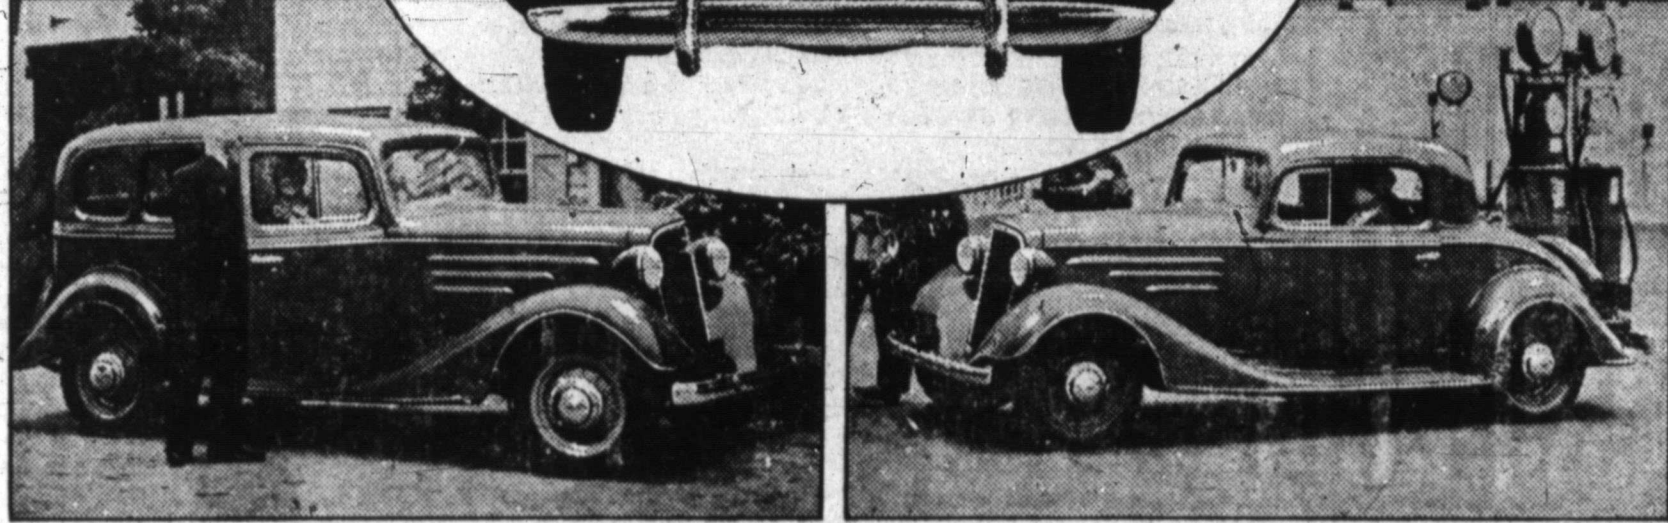

The Coupe model typifies the beauty and style of Chevrolet's New Master De Luxe series for 1935. Improved performance and exceptional economy also characterize these cars.

Fast, graceful lines also mark the New Master De Luxe Sport Sedan. Ample luggage space is provided by the built-in trunk and a luggage compartment behind the rear seat cushion.

Right: Front view of New Master De Luxe Coupe, showing roominess and graceful lines. Below: The Sedan model in the New Standard series, which, powered by the time-proven Master engine, combines brilliant performance with its smartness and style.

Another attractive model in the New Standard series is the Coupe pictured here. Numerous body and chassis refinements, in conjunction with the Master engine, unite to make these cars outstanding values in the lowest priced field.

Typical of Chevrolet's two new lines of cars are the models illustrated here. The Master De Luxe series reveals strong emphasis on beauty and style. Mechanically, the Master De Luxe series and the New Standard series have much in common, including the Master engine, in which numerous refinements have been made to enhance performance, durability and economy. As these pictures reveal, the New Master De Luxe departs distinctly from previous Chevrolets in the striking advance which has been made in body design and trim.

SOPHOMORES CONFIDENT (NOTHING UNUSUAL)

With the Lynn County annual track meet coming many sophomores are looking forward to making their class high point class in a large number of events.

With exams over Wilson Edwards has gained five pounds and his hair is back to normal color. When interviewed it was found he suffered only a few tired brain cells.

Triplets visited the Sophomore class Monday. Tom, Dick and Harry Bell were guests of Arden Sanders until noon.

TWO SENIORS RECEIVE RINGS

For some reason or other two seniors failed to receive their class rings several weeks ago with the shipment to the remainder of the class. O. J. Sproule and Louise Jennings received theirs last week.

Misses Dorothy and Edna Willburn who have been attending school here only a few weeks, checked out a few days ago.

DR. EDWARDS IS CHAPEL SPEAKER

Dr. C. V. Edwards of Mary Hardin Baylor College at Belton gave a very interesting talk in the assembly program Monday morning. The main points in his speech were that all people should know something, be something and do something. After chapel was dismissed, Dr. Edwards held a meeting with the Senior girls.—Junior Reporter.

Hockley Farmer Colony Assured

As a consequence of the visit to this section of two directors of Texas Rural Communities, Incorporated, it now seems certain that active work will soon begin on the Ropesville subsistence colony and that 2,000 additional acres will be purchased. Plans are being perfected for making the proposition more in keeping with actual farm conditions in this section and individual farms are to be enlarged from 40 to 60 acres each.

The proposed colony is located northwest of Ropesville and about twenty miles southeast of Levelland. The site according to the original plans was recently purchased from the Ellwood Ranch properties and consisted of something more than 4,000 acres. It is proposed to locate 100 families on this tract, and according to the new recommendations it will be necessary to buy an additional 2,000 acres. The two men who visited the site and who are remodeling the plans are W. B. Orr, assistant manager of the corporation, and Thomas D. Board, designing engineer of the Texas Relief Commission.

Early Construction Asked

"Early breaking of the land so as to provide moisture for this year's crop was recommended by the local committee after Mr. Orr had advised the group that it would probably be the intention of those in charge to plant the entire 4,000 acres as one "big farm" this year.

To Shallow Plough Land

"Plans for the work call for shallow ploughing of all but 200 acres of the 4,100 in the colonization tract. This amount is to be left out for lakes and land immediately surrounding them. The early ploughing was recommended so as to provide moisture storage for later ploughing and planting.

Process Is Tedious

"It will be a slow and tedious

process, as is the case with all government projects," Mr. Orr said. "But we plan to establish this colony right and we want to get it mapped out that way before we begin.

"The project was originally planned for 100 families on 40 acres each but after Wednesday's recommendation by the local board, the project would only care for 66 families on 60 acres each. The recommendation also asked that additional land be purchased to provide for 100 families at 60 acres each.

Adobe Construction Studied

"Mr. Board interested the local group with announcement of tentative plans to construct homes of adobe bricks. He said he was making a study of feasibility of adobe construction and had instructed C. M. Morlon, surveying engineer on the tract now, to gather all data possible on adobe. Rammed earth construction will also be studied.

"Mr. Orr announced that selection of families for the project would not come for some time and not until construction work on the tracts had gotten well under way. No plans have been made for drilling of wells on the land he added.

Commission Draws Plans

"Houses and buildings on the farms will be planned by the design department of the Texas Relief commission and construction work will be under the direction of the construction department of the commission, both being divisions of the relief commission's work division. A construction foreman of the commission will supervise the building of the houses. All labor will be from relief ranks except possibly some highly skilled.

"All material will be purchased through the purchasing department of the Texas Relief commission, bids to be taken on all material contracts.—Hockley County Herald.

Select League Debate Subject

The question for debate among Texas high schools this year is stated as follows:

Resolved, that the Government should own and operate all electric light and power utilities.

"This question," according to W. E. Patty, who has been elected Director of Debate in this county, "has the great advantage of being a very timely one. Under the New Deal one of the great problems concerns generation and distribution of electric power. The TVA is undertaking to furnish a measuring stick by which the justice of rates may be judged over the entire country. The Federal Power Commission is now engaged in a most exhaustive inquiry into this great industry which affects the daily life of millions of our people."

"The question to be debated is, of course, one of public policy. There is much argument on either side. A great many authorities believe that an industry of this nature can be conducted efficiently by any government agency. Other authorities just as competent and just as sincere believe there should be a shift from private to public ownership in order best to subserve the interests of the people as a whole. Thus the question as stated makes an almost ideal one for high school debate. It touches very intimately almost every community in Texas."

"Great power projects are now under way in Texas, and the problem of their administration is a very pressing one. The study of this question by high school students under competent direction and with the stimulus of the debate to induce hard work on it should be productive of fine results."

"Of importance to the negative side is the special bulletin of more than 150 pages by Judge Clarence R. Wharton, of Houston. Member-schools may obtain any number of copies of this bulletin free of charge by addressing the Interscholastic League office, University Station, Austin, Texas."

NOTICE TO BIDDERS

Notice is hereby given according to 1925 Revised Civil Statutes of Texas, Art. 25544, to any Banking Corporation, Association or individual Banker desiring to bid for the County Depository of Lynn County for the years 1935 and 1936 or until the selection of another County Depository, the Commissioner's Court will on the 11th day of February A. D. 1935 receive such bids and select such depository. The bid should state the rate of interest offered on the funds of the County for the term between the date of such bid and the next regular time for the selection of a depository. Said bid shall be accompanied by a certified check for not less than one-half of one per cent of the County revenue of the preceding year as a guarantee of good faith on the part of the bidder, and that if the bid is accepted, he will enter into the bond hereinafter provided. The Court reserves the right to reject any and all bids.

"Now I'm the Picture of Health," Says Lady After Taking CARDUI

Here is how Cardui helped an Alabama lady. . . . "I suffered from pains in my back and sides," writes Mrs. A. G. Gray, of Ousseta, Ala. "I was so thin and weak, I had of Cardui and decided to take it. I noticed at once it was helping me. I kept taking Cardui until I had finished five bottles. I gained. My health was much better. Now I am the picture of health. My color is good and my weight increased." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Wednesday night, January 16, the Current Events club will have its second entertainment which will be a wetter roast. Each member will invite one person. Wetters, marshmallows, pickles and bread have been ordered. Each person is expecting a grand time. These entertainments given each six weeks by the members making the lowest grades help to make our Current Events club more enjoyable.

The Current Events club which consists of the Early European and Modern European History classes with the aid of the 7th Geog. held their regular meeting Friday, Jan. 11. The program consisted of the following numbers: A short play entitled "The Front Page", which told of a newspaper called "The World." In it was the most important news of the world for 1934. Delton Hale acted as oldest printer; Laudean Jones, oldest reporter; Ruth Garrison, cub reporter; Zaida Phillips, girl reporter; Ruby Hale, headline writer; Thelma Wallace, European reporter; Editor, Junior Giles; Edith Willingham, crime reporter; Thelma Wallace, aviation reporter; Ruby Hale, science reporter; Zaida Phillips, sports reporter; Delton Hale, Mr. Fix It; Ruth Garrison, political reporter.

We will put this on in chapel for the benefit of the other pupils in school.

The 9th grade history class has been keeping up with two national interests: "The Hauptman Trial" and "The Saar Basin Election." Most of the pupils think the Saar people will go to Germany. We are very anxious to hear how the election will come out.

Wednesday evening, January 9, the Girls' Volley Ball team went to New Lynn for their first game this year. The New Lynn girls won by a decisive score. We will soon have a regular size court which will give

us more practice and in the future we expect to do better.

Black-Draught Brings Refreshing Relief of Constipation Troubles

Constipation produces many disagreeable sensations, several of which are mentioned by Mr. T. E. Stith, of Boonville, Ind., who writes: "I have used Theodor's Black-Draught many years when needed for biliousness and other minor ills when a laxative was needed. I have a tight feeling in my chest when I get bilious. I get dizzy and feel very tired, just don't feel like doing my work. After taking Black-Draught, I feel much better. This is why I continue to use it when needed." . . . Theodor's Black-Draught is a good, purely vegetable laxative, obtainable for 25¢ a package.

Dr. C. V. Edwards, Vice President of Mary Hardin Baylor College, filled the pulpit at the Baptist Church Sunday night. Dr. Edwards, who is an able and interesting speaker, addressed the High School student body at the Assembly period Monday morning.

American High School Birthday

(By J. B. Pace Jr.)

The year 1935 ushers in an important anniversary in the life of the American people. Three hundred years ago the first American high school—the Boston Latin School—was founded. It was established in 1635 only fifteen years after the landing of the Pilgrims. From a small beginning with one instructor and a handful of students has grown the splendid service now provided for more than 6,000,000 young Americans and 26,000 public and private high schools. The schools have been developing the most precious resources of the nation—the latent intelligence of the young people. It is worth noting that social progress in the United States is following swiftly educational opportunity at the high school level. During the past three centuries the American schools have made a great contribution to Democracy, and to Society, but the goal continually moves forward as some ideal is reached. Today the Public schools are striving to serve in a far greater way than ever before.

The American public schools are the only free schools established and maintained for the masses in any country. Free schools in the United States were established for definite social purposes. The Fathers of the Revolution—Jefferson, Madison, and others—believed that Democracy should endure only if it were founded upon a system of popular education. Today, the people live in a period when they are faced with tremendous social, political, and economic problems. Undoubtedly, it is still the function of education to prepare the people for intelligent participation in this process of reconstruction.

But how shall this best be done? The Curriculum study that has been begun in Texas will help solve this problem, other studies will contribute to its solution.

One thing that must be kept constantly in mind is that while social customs and manners may change, there are some things that do not change. Honor, character, truthfulness, respect for law and order, and integrity are essentials in any society and to them we must cling. The youth of today must be taught to be tolerant, moderate, and temperate in all things pertaining to life. Obviously, our schools will become more practical in the near future, and by it greater heritages of truths can be passed on to the coming generation.

"SHE LEARNED ABOUT SAILOR" AT ENGLISH SOON

Here are five good reasons to see Fox Film's hilarious, comedy-romance, "She Learned About Sailors," which runs at the English Theatre Sunday, Monday and Tuesday.

1. Alice Faye, beautiful blonde, playing the role of a smart girl who sings in a night club in an Asiatic Oriental seaport. 2. Lew Ayres, the champion heart-breaker of the U. S. Navy, who takes shore leave at this port and falls like a ton of bricks for the fair Faye.

3. Harry Green as Jose Rubenstein, a South American impresario, visiting the same port, who besieges Faye with offers of an engagement in his hotel in South America.

4 and 5. Frank Mitchell and Jack Durand, America's greatest knock-about vaudeville and musical comedy funsters, portraying Lew's sailor buddies. They take it upon themselves to regulate and straighten out the latter's romantic tangles with Alice Faye, thereby causing no end of ludicrous complications.

That's the set-up, and from advanced reports from the coast the film is one of the fastest, funniest and gayest films to be released from Hollywood. To add to the hilarious comedy of the story, the film is tinged with spicy and zestful song numbers that promise to be real hits. Alice Faye sings "Here's the Key to My Heart."

George Marshall directed the picture from the screen play by William Conselman and Henry Johnson. Richard Whiting and Sidney Clare wrote the song numbers.
