## HIGHWAY WORK GOES FORWARD

Grade Completed On South Sector; Second Course of Caliche Being Laid North

The contractors have finished the grading and drainage structures on highway No. 9 from Tahoka to the Dawson county line at O'Donnell, a distance of about fourteen miles. The work was inspected and accepted by the division engineer, Guy Johnston, on Thursday of last week, according to Resident Engineer T. B. Ingram.

This sector of the highway is still being barricaded, however, and traffic is being directed over the detour on account of the loose condition of the sand and dirt on the new grade.

On highway 9 from Tahoka north the first course of caliche has been laid for a distance of eleven and a half miles, Mr. Ingram states. Over two and a half miles of this distance, extending from the gravel pit south of town to the first filling station north of town, the second course of caliche has been laid. The first course of caliche is yet to be laid over a stretch of about five miles extending from the Lubbock county line southward toward Tahoka. On last Saturday, however, the work of laying the caliche on this sector was begun. The caliche being obtained from the pit on the Ira Doak farm in that vicinity.

Mr. Ingram states that with open weather, the work of laying the caliche should be completed about the middle of March. Approximately 400 men and about eighteen trucks are being employed on the project.

Work of raising the grade across a lake on highway 84 two miles east of town is also proceeding rapidly. The grade is being raised four feet the entire distance across the lake. Four trucks and several teams are being employed on this project and it is estimated that about six weeks will be required yet to complete the job.

## Canning Toll Basis Changed

The canning program for 1935 will be changed considerably, according to the new rules and regulations furnished to County Administrator B. P. Maddox by the Texas Relief Commission.

One of the important changes is to be found in the new toll basis, and the Relief Commission advises that it is imperative that this new toll basis be strictly complied with in all counties.

Beginning February 1, the toll basis will be as follows:

1. With Relief furnishing the equipment cans and labor, the producer furnishing the products, Relief will receive 60 per cent of the vegetables and fifty per cent of the meats canned, and the producer will receive 40 per cent of the vegetables and 50 per cent of the meats.
2. With Relief furnishing equipment and labor, and the producer furnishing the cans and products, Relief will receive 35 per cent of the vegetables and 30 per cent of the meats canned, and the producer will receive 65 per cent of the vegetables and 70 per cent of the meats.

## President's Birthday Celebrations Will Be Held Here Wednesday Night

Plans are being completed this week and tickets are on sale for the big President's Birthday Celebration to be held next Wednesday night, January 30, at the Legion home and at the Dance Palace. Judge Tom Garrard, general chairman announces. The affair will not begin until after the close of church services, about 9 o'clock.

The program at the Legion Hall will consist of talks, music by the Tahoka band, recitations, skits, etc. The entertainment at the Dance Palace will be a dance to music furnished by Ross Edwards Orchestra of Lubbock. The public is invited to attend either or both of the affairs, to which admission is \$1.00 per couple. As stated before, 30c of each dollar will go to the national committee for treatment of children suffering with Infantile Paralysis, and 70c will remain in this com-

## Baptist Revival Now In Progress

In spite of the severely cold weather the first of the week which cut the attendance very materially at the beginning of the revival campaign now being conducted at the Baptist Church, the attendance and the interest are increasing.

Fine spiritual messages are being brought by the pastor, Rev. George A. Dale, and the music director, Johnny Cohen is developing a great choir, and his messages in song are very inspiring. Men's and women's prayer services are being held each evening just preceding the regular services.

A cordial invitation is extended the public to attend these services.

## Urges Payment Of Poll Taxes

County Tax Collector A. M. Cade asks that we remind the people that it is important that they pay their poll taxes prior to February 1. A number of important constitutional amendments will doubtless be submitted to the people by the legislature now in session. It is certain that an amendment to repeal the state-wide prohibition amendment in the constitution of Texas will be submitted; and it is probable that an amendment submitting some other plan of dealing with the liquor question will be submitted at the same time. Amendments relating to taxation and other important matters may also be submitted.

When election day comes, the person subject to a poll tax who does not have a receipt will be disfranchised. Every person who desires to have a part in deciding these important matters should be sure to pay his or her poll tax.

## Thompsons Attend New Orleans Meet

Mr. and Mrs. Bill Thompson returned Sunday from New Orleans where they attended a south-wide cotton conference last week.

Mr. Thompson says the weather was very warm while he was there and he can hardly conceive of the city being covered with snow Monday.

He also got the low-down on Huey Long, and he can tell some interesting stories about the Kingfish.

## Knight Remodels Grocery Building

W. L. Knight has just installed partition walls and fitted up an office, 12 by 30 feet in size, in the northwest corner of his grocery building. The space is cut into three rooms, and Dr. Stacy, chiropractor, is moving his office into the same.

R. F. Barton, who lives seven or eight miles west of Tahoka, dropped in Friday to exhibit some samples of Sudan grass that is still alive out on his place. He thinks it remarkable how this grass has continued to live through the drouth, the sandstorms, and the cold weather.

Come to Tahoka Trades Day.

## COLD WEATHER VISITS PLAINS

Blizzard Sunday Sent Mercury Down To Zero; Second Cold Wave Hits

Sweeping down from the far north and covering a large part of the country, the first blizzard of the winter brought zero weather to the south plains Sunday night.

After a comparatively quiet day, the winds came lashing in from the north late in the afternoon bringing clouds of sand and dust and sending the temperatures scuttling downward. About midnight snow began to fall also, which continued for several hours. Due to the high winds and the drifting of the snow it was impossible to determine the amount of precipitation, but it was estimated at one-half inch to one inch. At an early hour Monday morning the temperature here had dropped to the zero mark and the mercury stood at 2 above zero at sunrise. It was bitterly cold all the morning but the winds abated and the temperature rose to 30 in the afternoon.

While the snow was not sufficiently heavy to afford much moisture, yet our people generally were glad that the cold blast came, since the weather had been unseasonably warm for a couple of weeks.

## Farmer Robbed By Hold-Up Men

S. F. Crenshaw of South Ward says that although no report of the affair appeared in any of the newspapers yet he was robbed of his pocketbook and ten dollars by two young fellows with whom he was riding in a car on a highway near Lubbock last Friday night, January 11. He immediately reported the robbery to Lubbock police officers but they were unable to find any clue as to the identity of the robbers.

Mr. Crenshaw says that on that night one of the young fellows asked in a crowd if there was any one present who wished to go to Tahoka as they were going that way. He suggested that he would like to go with them, and the three got in their car and left. About two miles out of Lubbock one of them stuck a pistol in his side and told him they wanted his money. They proceeded to take his money and put him out of the car. They were strangers to him and he is unable to give a very accurate description of them.

## "Fisherman's Luck" Reported By Party

Three prominent Tahoka citizens, Layne Moreland, W. T. Bovell, and Jess Gurley, arose early Sunday morning, donned their fishing apparatus, climbed into a nifty coupe or Sedan or something, stepped on the gas, and hid themselves down to Sweetwater to engage in the delightful pastime of angling, intending, no doubt, to return to Tahoka with a long string of fish stories.

And what happened? Well, they got a nice little boat and launched out upon the somewhat turbulent bosom of Lake Sweetwater. W. T. arose and cast his line out into the water much as a cowboy would hurl his lariat at a wild steer, when zip—the boat capsized and spilled its human freight into the deep. That was Sunday, mind you. They managed somehow to get a shore, and shivering they climbed into their little and scampered into Sweetwater as fast as gasoline would take them. They spent most of the remainder of the day in a hotel room trying to dry their clothes. Late in the afternoon they started home and the blizzard caught them. They arrived in Tahoka in the middle of that snowstorm, frozen stiff.

They have not been fish hungry since.

## METHODIST MEN'S SUNDAY SCHOOL CLASS VISITS WILSON

Fourteen members of the men's Sunday School class of the Methodist Church were guests of the Wilson Methodist men's class Sunday morning at 10 o'clock. A lecture on the lesson was given by Grady Boyd, Wilson mail carrier.

### TEACHERS HOLD BANQUET HERE

Interesting Program Heard At Legion Hall Last Friday Night By Pedagogues

With County Superintendent H. P. Cavness acting as toastmaster, the Lynn County Teachers Association enjoyed a banquet at the American Legion Home last Friday night, served by the Legion Auxiliary.

At intervals, while the banquet was being served, the teachers of the various schools in the county were introduced, most of the schools being well represented. A few invited guests were also introduced during the evening.

Following the banquet, a program of music, readings, and talks was much enjoyed.

Vocal solos were given by Mr. Kilpatrick of Lubbock, W. K. Mathis of Tahoka, and Miss Madeline E. of West Point. Readings by Misses (Cont'd on last page)

### Work Resumed On Wildcat Test

This oil project has caused business to pick up in the county clerk's office, however. Recently 75 oil leases and 37 assignments were filed for record and the clerk and his deputies are now busy recording them.

There was a slight delay on account of engine trouble, but it is hoped that drilling may now proceed uninterrupted.

### Christopher Gets Fire Insurance

Nelson & Smith, attorneys, received official information early this week that the judgment in the case of J. C. Christopher vs. The Carolina Fire Insurance Company had been affirmed by the Court of Civil Appeals at Amarillo, to which it had been appealed by the defendant company.

Christopher brought suit on an insurance policy for damages sustained when a filling station which he was operating in the old Great-horn building was blown up by an explosion and destroyed by fire nearly two years ago. Judgment in the sum of \$2750 was obtained by Christopher against the Company. Nelson & Smith represented Christopher.

### Sinclair Is Taken To State Hospital

C. M. Sinclair, who was placed in jail early last week on a charge of arson, was taken to the State Hospital for the Insane at Wichita Falls by Sheriff B. L. Parker on Monday. He had been adjudged insane and sent to this institution once before.

Mrs. Sinclair, who was placed in jail with her husband last week on a similar charge was released from jail Monday.

### Boy Breaks Leg In Fall From Roof

George Patterson, 13, son of Mr. and Mrs. Charley Patterson of Redwine, while attempting to climb the wall of their residence to dislodge a ball from the roof a few days ago, fell and sustained a bad fracture of the bones of one of the ankles.

The injury was treated by a Tahoka physician and it is believed that it will heal satisfactorily.

### NOTICE TO TRAPPERS

H. C. Story says that there are quite a number of trappers operating in Lynn county now. He wishes to notify all such that fur tags may be procured at the county clerk's office.

### PLAY AT EDITH FRIDAY

There will be a play at Edith school house Friday night, January 25, carrying the title of "A Fortune Calamity." There will be no admission charges. Everyone invited.

## School For Adults Opened In City; Work Is Sponsored By Government

Under the direction of this great government of ours adult night schools are being taught in thousands and thousands of cities, towns, and communities throughout this country, usually in the public school buildings.

One such school is now being taught in Tahoka, but possibly few people had heard about it. Unable to procure a more suitable place this school is being taught in a private residence, that of Mr. and Mrs. Bill Newton in South Tahoka. Only a few people have enrolled thus far, but there are scores and scores of people in Tahoka who should take advantage of this opportunity. Instruction is being given in English, spelling, and arithmetic, and the school is open from 7 to 10 o'clock

### TAHOKA LAKE SITE DESIRED

Section Of Land Would Be Made Into Playground By Government

Hopes for the establishment of a state park at Tahoka Lake were revived early this week when Judge W. E. Smith received a telegram from D. E. Coe of Austin, chairman of the state park board, indicating that the prospects for the establishment of such a park are good, and when Jim Dye, chairman of the local committee that has had the project in charge, received a letter to the same effect from R. O. Whiteaker, chief engineer.

The telegram, dated January 21, and addressed to Judge Smith, is as follows:

"If Congress approves President's plans, looks like we can get a camp or your park provided you can deliver the title within a short time. Please advise prospect for quick action.—D. E. Coe."

The letter which Jim Dye received from Mr. Whiteaker is also dated January 21 and is as follows:

"We have heard nothing further with reference to the proposed Tahoka Lake State Park, and wonder if you succeeded in getting the additional acreage for this project.

"It looks very much as though the E. C. W. Program will be materially expanded, and we have been invited by Washington to submit new applications for the parks that we desire to develop in the event present proposed legislation is put through by Congress.

"Please advise me promptly, therefore, if you desire us to submit application for the proposed Tahoka State Park and send me all the necessary information with reference thereto for this purpose.—R. O. Whiteaker, Chief Engineer."

We understand that about a section of land is desired for this park. "Practically everybody thinks that the park should be procured and most people feel that the county should purchase the land for the purpose." Mr. Dye said to the News in discussing the matter. One of the commissioners also stated that in his opinion the only feasible plan is for the county to purchase the land.

If the land is purchased and then conveyed to the state for a park, it will be improved, beautified, and maintained at state and national expense, the federal government including it in its list of work relief projects.

### District League Meeting Here

The Epworth League of the entire Lubbock district will convene here in the Methodist Church Saturday night and Sunday. The sessions will continue through Sunday afternoon. It is expected a hundred or more visitors will be here.

The general public and especially all Methodists, we understand, are invited to attend.

W. S. Swan, who was seriously injured in a car wreck several weeks ago, is still improving slowly but it is believed that he will be able to be out for some time yet.

We predict that this movement will grow and become instantly popular.

President Roosevelt has recommended to congress the enactment of an old-age pension bill. But it is not the wild and impractical Townsend plan. It proposes the payment of a pension of \$30.00 per month, financed 50-50 by federal and state governments.

Gold, Gold! It is the "little gold" of the American people. Something was said about gold in congressional halls at Washington last Monday.

The Abilene Times told us last week that they were having an epidemic of drunks in that city. That seems to be the general complaint everywhere, in wet or dry towns, in the big cities and the little burgs.

There are good and sufficient reasons why most country editors didn't attend the inaugural ball: lack of time, lack of filthy lucre, and—well, just try to imagine Bob Haynes of Miami, Jack Stricklin of Brownfield, J. W. Smith of Lamesa, and the editor of the Lynn County News out on the ball room floor putting on a performance.

When President Roosevelt and Democratic leaders undertook to "jam the administration's \$9,800,000 relief program through the House Tuesday under gag rule," a lot of Democrats objected.

The grand jury at Sweetwater recently returned seventeen indictments, five of them for driving while intoxicated. With the repeal of the eighteenth amendment and the clamor for the repeal of the Dean Law, with Ma Ferguson granting pardons to bootleggers almost as fast as they were sent to the penitentiary, there has been a decided slump in efforts to enforce the liquor laws the past two years.

The Abilene Times told us last week that they were having an epidemic of drunks in that city. That seems to be the general complaint everywhere, in wet or dry towns, in the big cities and the little burgs.

Huey Long with his share wealth idea, and Dr. Townsend with his \$200 per month pension plan are worrying the safe and sane leaders to no little degree.

The principal Sunday diversion of Crosbyton people used to be to go out to the depot and see the train come in.

There is still, however, something fascinating about the approach of a locomotive. There is a demonstration of power in a locomotive that in nothing else is made so vivid.

Announcement has been made that it has been decided to extend the shelter belt as far south as the south line of Hale county.

They made the "little boy in big breeches" governor of Texas last Tuesday at Austin. I predict that crooks will not roost so high while Jimmy Allred is governor.

"The steering gear" went wrong and he lost control of the car when the accident occurred." is an old, old, story repeated by the newspapers which are too polite to say that the driver was drunk or just a plain damphead.

Considering the cold weather and other unavoidable reasons, the attendance at the Draw Methodist Church has been fairly good.

The attendance at the League could be easily improved if more people could find interesting happenings in this organization.

The school exhibition is over. Many patrons of the school visited our rooms and inspected the work that has been accomplished.

Longhorns Among Winners

The Draw Longhorns, under the superior coaching of Mr. Thorpe, have been progressing nicely lately, as well as throughout the season.

Last week end Coach Thorpe and his men went to Seagraves and played three games in this tournament (not in Lynn county).

At the Seagraves tournament, an all tournament team was chosen. Cecil White of Draw was picked as all tournament forward.

STATE EDUCATORS STRESS IMPORT OF ADULT SCHOOLS

"Although adult education in the broader sense of the term is as old as humanity, it is in its refined or restricted sense as comparatively new activity in the field of education."

The federal government has appropriated money for this purpose and an extensive program is in progress in the state at the present time, with work being organized in 164 counties, employing 3,348 teachers.

Dr. Woods, state superintendent of public instruction says, "Education has long been interested in children, but only now we realize that all the people must be carried along with us."

"The adult education movement is not a fad, indulged in by irresponsible social uplifters. It is, on the contrary, a basic trend in education which should command the unqualified support of all those who are interested in the future welfare of our country."

We were glad to have Mrs. Walker and her Sunday School class of girls and Mr. Nelson and his class of boys from Tahoka visit our Sunday school last Sunday morning.

Some of the young folks attended singing at Edith Sunday afternoon.

There were a group of young folks from Edith and South Ward who enjoyed a "42" party at Rush-Duddeon's last Saturday night.

A pretty good crowd was reported to have been at choir practice last Friday night.

STATE EDUCATORS STRESS IMPORT OF ADULT SCHOOLS "Although adult education in the broader sense of the term is as old as humanity, it is in its refined or restricted sense as comparatively new activity in the field of education."

The federal government has appropriated money for this purpose and an extensive program is in progress in the state at the present time, with work being organized in 164 counties, employing 3,348 teachers.

Dr. Woods, state superintendent of public instruction says, "Education has long been interested in children, but only now we realize that all the people must be carried along with us. Adult education is here to stay, and it is our duty to push the organization to the limit."

South Ward

Old Man Winter has turned his face again our way. We hope he will not be so severe but will bring plenty of snow and rain.

We were glad to have Mrs. Walker and her Sunday School class of girls and Mr. Nelson and his class of boys from Tahoka visit our Sunday school last Sunday morning.

Some of the young folks attended singing at Edith Sunday afternoon.

There were a group of young folks from Edith and South Ward who enjoyed a "42" party at Rush Duddon's last Saturday night.

A pretty good crowd was reported to have been at choir practice last Friday night.

Misses Mable Maggard and Mary Ellen Inman and Mr. Johnnie Inman visited Miss Lola Smith of Edith, last Sunday afternoon.

ATTENTION! TAXPAYERS!

Owing to the fact that the school board of the Tahoka Independent School District last spring cut property valuations to a low point, it is absolutely necessary that all taxes be paid.

It was decided, therefore, at a recent meeting of the board that the penalty and interest will attach and go into effect on all unpaid taxes at the same time that the penalty and interest on state and county taxes go into effect, March 15, 1935.

All tax payers in the Tahoka Independent School District are urged to pay their taxes prior to February 1, 1935, and in any event not later than March 15.

### Texas Lady Tells How Black-Draught Laxative Helps All Her Family

Here's how Black-Draught fills the needs of a family laxative in the home of Mrs. J. S. Stoker, Fort Worth, Texas: "The grown-ups in my family," she writes, "have always taken powdered Theodor's Black-Draught for biliousness, headaches and other ailments (due to constipation) and found it a reliable remedy. I was very pleased when I saw Syrup of Black-Draught advertised. I bought it and gave it to my little daughters, ages 6 and 4. They needed something to cleanse their systems and Syrup of Black-Draught acted well. Your druggist sells this reliable laxative in both forms. "Children like the Syrup."
