COUNTY FARMS DECREASE 135

Owner Operation and Farming By Tractor Given As Reason Of Decrease

The number of farms in Lynn county decreased from 2,188 on April 1, 1930, to 2,003 on January 1, 1935, according to K. C. Holmes, supervisor of the farm census for the south plains district recently taken.

"We find from our check that the decrease is due to a decided trend toward owner operation of farms and larger acreage being farmed by one operator, which is being brought about by modern farm machinery, including the double-row equipment and tractor farming," Mr. Holmes states.

Mr. Holmes praises the work of the enumerators in this county, saying that they "have worked diligently to cover the entire county without missing a farm."

There has also been a decrease in the number of farms in the entire district of 35 counties, Mr. Holmes reports. However, in a number of counties there has been an increase, due to new lands being placed in cultivation. Cochran county showed the greatest increase, 251. Crosby county showed the heaviest decrease, 350.

Figures for the 35 counties are given as follows:

Ft. Worth Stock Show Men Here

Tahoka was host to a delegation of Fort Worth business men Tuesday when 40 members of the Roundup Club visited here in the interest of the Southwestern Exposition and Fat Stock Show which will be held in Fort Worth March 16 to 24. The boosters also reminded this community of the Arlington Downs races which will be held March 28 to April 26.

The Roundup Club is an organization of Fort Worth business men who give their time and services to boosting the Southwestern Exposition and Fat Stock Show, annual Livestock Exposition which is operated without individual profit. Bob Callen, Tad Lucas and Cleome Halcomb, World Championship Rodeo performers, were with the boosters and added color to the delegation. They will compete in the Fort Worth Rodeo. More than 65 new bucking horses are included in the list of 120 rodeo horses which will be used in this year's rodeo. New free acts will appear on the midway.

The Fort Worth delegation traveled in a chartered bus and was piloted by a white car. A fiddle band was with the group and music was broadcast from the bus over a public address system.

The delegation also invited this community to attend Arlington Downs races which will be held at Arlington Downs, March 28 to April 26. The Texas Derby with a purse of \$15,000 added will climax the meet on April 20. A total of \$175,000.00 in purses is offered during the meeting. Races are held each day except Sunday.

Mr. Charles G. Cotten, of the Fort Worth Chamber of Commerce, and W. O. Galtion were in charge of the delegation.

J. K. Applewhite is building an addition consisting of a bed room and a bath porch to his residence.

Bit Is Lodged In Hole At 3980 Feet

Drilling on the Hart well out in the T-Bar ten miles west of Tahoka was interrupted a week ago by reason of a bit becoming hung. All efforts to extricate it have been unsuccessful thus far.

Drillers are now trying the expedient of injecting crude oil in the hole with the hope of so loosening the sand as to enable them to release and draw out the drill pipe. Drillers should be able to determine tonight or tomorrow whether or not this expedient will be successful, according to J. D. Dillard.

A depth of 3980 feet had been reached when the accident occurred, and the drill was in exceedingly hard formation.

Mrs. Clinton's Kin Killed In Wreck

The W. T. Clinton family received the sad news Sunday night that Mrs. Clinton's sister and her husband, Mr. and Mrs. J. W. Sullivan, their twenty-year old daughter, Miss Grandy Beall Sullivan, and their twelve-year old son, Andrew Sullivan, were killed on the highway two miles north of Haltom City near Fort Worth Sunday afternoon when their car was struck by another car driven by J. J. Craig, 29, of Fort Worth.

Mr. and Mrs. Roger Sullivan and their ten-months-old baby were also seriously injured. Craig, the driver of the other car, received only minor bruises and scratches. He has confessed that he was drunk. Four murder charges and one for driving a car while intoxicated have been filed against him.

The Sullivan family were residents of Fort Worth.

Many friends here deeply sympathize with Mrs. Clinton and the family in this sad bereavement.

New Home Boy Buried Sunday

A victim of the dreaded disease, pneumonia, Phanyon Shaw, 15, son of Mrs. W. C. Shaw of New Home, died early Saturday morning.

Funeral services were conducted at the Rix-Bynum Funeral Home in Lubbock Sunday afternoon and burial was in Memorial Park Cemetery near that city.

Allred Designates Friday For Prayer

On last Friday Governor James V. Allred issued a proclamation calling upon the people of Texas to observe Friday, March 8, as a day of fasting and prayer.

He expressed the opinion that the spiritual element has a real place in our plans for national recovery, and that spiritual recovery is possibly necessary in order to bring back material prosperity.

In response to this proclamation, the day has been set apart by some of the churches in Tahoka as a day of fasting and prayer, and a prayer service, in which members of all churches are expected to participate, will be held at the Baptist Church Friday afternoon, March 8, beginning at 1 P. M. Worshippers will be free to leave whenever they please.

A cordial invitation has been extended to all our people to join in this service.

Southwestern Life Officials Visit Here

Richard R. Lee of Dallas vice-president of the Southwestern Life Insurance Company, and H. L. Skinner of Abilene, agency supervisor for this district, were visitors in Tahoka last Thursday, guests of the local representative, Mrs. Gladys M. Stokes.

Mr. Lee, who is too busy to find time to visit the section of the state very often, expressed himself as being much pleased with Tahoka and with the work that Mrs. Stokes has been doing here for his company. Both he and Mr. Skinner, in company with Mrs. Stokes, were pleasant callers at the News office.

BROWN GIVEN PRISON TERM

Given 12-Year Term As Habitual Criminal; Other Cases Are Tried Here

In the absence of Judge Gordon B. McGuire who was called to Dallas the first of the week to give testimony before the Federal grand jury, presumably in connection with the charges that have been filed against the sheriff and other citizens of Foot, Judge J. E. Garland is acting as special judge in the district court here this week, having been elected to that position by members of the bar at the beginning of the present term of court.

The criminal docket was taken up Monday morning and several cases have been tried.

On Monday Russell Brown was tried as a habitual criminal, the specific offense alleged against him being the burglary of the Woodbridge Lumber Company here last fall. Brown was charged with having broken into the office of this company and with stealing a typewriter and an adding machine therefrom. He pleaded guilty to the charge and the court assessed his punishment at twelve years in the penitentiary.

Baby Bond Sale Is Going Over

Government baby bonds, which were placed on sale through the post offices of the country last Friday, proved to be popular in Tahoka as well as elsewhere throughout the United States, according to Postmaster W. C. Wells.

Bonds amounting to \$2,500 were sold here last Friday and Saturday, the returns from these sales amounting to \$1,875. The interest is included in the face of the bonds and hence is subtracted from the selling price. Bonds are issued in denominations of \$25 to \$1,000 and are non-taxable. They mature in 10 years from date. A bond of the face value of \$25—the amount the Government will pay for it at maturity—is sold for \$18.75. The purchaser's profit for the ten-year period is \$6.25, equivalent to interest at the rate of 3 1/3 per cent per annum.

Mr. Wells was much gratified with the sales here. He says that he does not know of a town in the same class with Tahoka in all this section of the state that equaled Tahoka's record.

McKaughan's Brother Dies In San Angelo

Mr. and Mrs. J. S. McKaughan returned Sunday night from San Angelo, to which place they had been called on the preceding Monday by the serious illness of Mr. McKaughan's brother, N. T. McKaughan.

The young man died in a sanitarium in San Angelo Saturday and was buried Sunday. Death resulted from an attack of pneumonia. He was about 30 years of age, was unmarried, and lived with his sister and his brother-in-law, Mr. and Mrs. Stewart Willoughby. He had visited in Tahoka a few times.

Tax Penalty Goes On After March 15

Aubra M. Cade, tax collector, again calls attention to the fact that penalties on delinquent taxes will attach on and after March 15.

If your taxes are delinquent you may pay the same any time prior to that date without any penalties being added. But if you wait till that date, full penalties will attach. Better pay up now, folks. It is expensive to wait.

Miss Helen House, daughter of Mr. and Mrs. F. E. House, left today for Belton, where she will become a student in Baylor College. She was a member of the graduating class of the Tahoka high school last year.

Dr. G. W. Williams, R. C. Wells, Jake Leedy, and Orville Millman made a trip to Hobbs Sunday. Dock says they had a sandstorm over there.

CALF SHOW IS PLANNED HERE

4-H Club Boys Will Show Beef Animals In Tahoka During Third Week of March

The first Lynn County Fat Calf Show will be held in Tahoka on Saturday afternoon, March 16, according to V. F. Jones, County Agent.

Ten boys in the county have been feeding ten Hereford calves as a project in 4-H club work the past year, and these calves will be shown as an exhibit in the county and will be exhibited in the Baby Beef Division of the Quality Meat Show at Lubbock on April 1, 2 and 3. The show here in Tahoka will be held on the street between the court house and Harris and Applewhite's, and the calves will be judged at 2:30 p. m. on March 16.

The boys who have fed calves and will have them on exhibit are: W. L. Gardenhire, O'Donnell; Loy Lawson, Grassland; Floyd Heck, Wilson; Ray Charles Nieman, Wilson; Henry Aherns, Wilson; Alvin Shambok, Wilson; Garland Swann, Wilson; Bill Frank White, Wilson; T. J. Poindexter, New Home; and Willard Bennett, New Home.

Everyone is invited to see this exhibit of good beef.

Outlaw's Case Set For Friday

The case against N. C. Outlaw of Post, charged in the federal court with conspiracy to obstruct justice in connection with a Federal grand jury investigation of the fatal shooting of Narcotic Agent Spencer Stafford by Sheriff W. F. Cato in Post a few weeks ago, is scheduled to go to trial in Dallas Friday.

Outlaw is charged with having procured two citizens of Post to testify falsely before the Federal grand jury in Dallas a few days after the homicide.

The indictment charging Cato with murder will not be called for trial until May 18, it has been announced. In the meantime about forty Post citizens and a number of officials in this judicial district have been called before the Federal grand jury in Dallas to testify in connection with the case.

Federal District Attorney Clyde O. Eastus has announced that a Federal grand jury will be empaneled at Lubbock during the trial of the Cato case to investigate any tampering with witnesses that may be done. It is not probable, however, that this grand jury will have any work to do.

Many Automobile Licenses Selling

Many Lynn county car owners are now procuring their new number plates, according to tax collector, Aubra M. Cade.

These plates must be procured and placed on cars before April 1. It will be a violation of the law to operate a car upon the streets or public roads and highways of this state on or after that date unless the new number plate is attached, and since the date has been placed two months later than heretofore, the law this year will be strictly enforced.

Get your car licenses this month, folks, if you do not wish to get pinched, or go about.

Many Farmers Are Through Plowing

Many farmers in Lynn county have already finished "putting up" their land. Most of them found the soil in fine condition immediately following the January snow, except in some portions of the north half of the county, but due to the recent high winds much of the moisture has evaporated.

NEW HOME BOY BREAKS ARM T. J. Poindexter, about 15, son of Mr. and Mrs. Joe Poindexter of New Home, sustained a fracture of both bones of the right forearm Monday when he fell from a truck.

He was taken to a Lubbock hospital to have the injury treated.

C. A. Thomas is building a one-room addition to his residence.

Relief Forces Cut Off Local Projects

Farmers Receive Additional Checks

Thirteen hundred and forty-four additional checks on sale of Exemption Certificates for \$39,380.00 were received at the county agent's office last Monday, according to V. F. Jones, County Agent. This brings the total list of checks received to 2279 for a total of \$149,848.00. There are 662 first payment checks still out that will amount to approximately \$37,352.00. The remainder of these checks are expected in the near future.

Band Concert Friday Evening

The American Legion Band will stage a concert-entertainment in the High School auditorium tomorrow evening (Friday) beginning at 8 o'clock. There will be no admission charges. All are cordially invited.

The band, under the direction of Mr. N. W. Alphin, will offer not only a concert of high grade band numbers, but will present some of the players in solo and quartet performance as well. There will also be vocal selections and comedy numbers you will enjoy hearing.

For the purpose of obtaining funds to apply on the purchase of a Baritone horn, a bazaar will be a feature of the evening, in which staple merchandise donated by Tahoka merchants will be auctioned. A suitable award will also be voted to the most popular lady in town. The Legion Post endorses this gala occasion. Its purpose is laudable and it should be liberally patronized. Come, folks, and encourage the band.

Urge Payment Of City Taxes

We call the attention of the people of Tahoka to a notice appearing elsewhere in this paper appealing to the tax-payers to pay their city taxes prior to March 15.

No interest nor penalty will attach to taxes paid prior to this date, but after that date full interest and penalty will attach, it is stated.

The city cannot meet its necessary current expenses nor make street improvements unless we citizens pay up. It is to the interest of every citizen who can possibly do so to pay all delinquent taxes if any due by him, prior to March 15. Let us do our best and help to keep our little city clean and up to date.

Henderson Infant Is Buried Sunday

Funeral services were held at the home of Mr. and Mrs. Frank Hill here Sunday afternoon for the infant child of Mr. and Mrs. Harley Henderson, which was born in the West Texas Hospital in Lubbock late Saturday afternoon and died about three o'clock Sunday morning. Rev. H. C. Smith of the Methodist Church officiating. Burial was in the Tahoka cemetery under the direction of Harris & Applewhite, undertakers.

The child was named Harvey Buck, in honor of its two grand-fathers, Harvey J. Henderson of Redwine and Judge B. H. Howard of Crosbyton. Out of town relatives here attending the funeral were Judge and Mrs. B. H. Howard of Crosbyton, Mrs. J. N. Payne of Ralls, Mr. and Mrs. A. G. Reeves of Lubbock, Mr. and Mrs. Amos Howard and children of Lubbock, Mr. and Mrs. John Reagan of Floydade, Urs Howard of Crosbyton, Vanroe Howard of Lubbock, Mr. and Mrs. Harve Henderson of Redwine, and Mrs. Mattie Whittington of Ackerley.

Chocolate stains can be removed from table linen by sprinkling with borax and then pouring boiling water through the stain.

HIGHWAY WORK IS SLOWED UP

Shortage Of Funds Is Reason For Throwing Men Out Of Employment

Owing to the uncertainty of the fate of the bill pending in congress to make additional appropriations for work relief, the county administrator, B. P. Maddox, was notified last Friday that no more work relief funds were available at this time for the purchase of road material, the use of teams, or the operation of trucks in the construction of highways.

All trucks and teams and most of the men were immediately called off, therefore, on the highway building project on No. 9. Only a few men are now being employed on this project.

It is not known how long this situation will continue, but it is hoped that the kinks may be unraveled and a satisfactory measure making the necessary appropriations may be passed soon.

Weasel Killed By New Lynn Farmer

The dogs of L. D. Melton, who lives three miles west of New Lynn, encountered a strange little animal at his place Saturday morning. It put up a brave fight but was finally killed by the canines.

Mr. Melton brought the corpse in to the zoological editor of the News Saturday afternoon for classification. After due investigation, this scientist has decided that the animal is a species of weasel indigenous to this plains region, differing somewhat from any of the species described in his scientific library, which consists of one book. Probably this species is closely related to, if not identical with, a little carnivorous species of weasel known as a ferret.

The little animal has a very long, slender body, with remarkably short legs, but Mr. Melton says that it could almost outrun a dog and that it could fight like a hyena.

J. A. Hobbs Of Wilson Is Dead

J. A. Hobbs, 74, died at his home in Wilson about six o'clock Sunday afternoon as the result of a stroke of paralysis. He had been an invalid for eight years.

Funeral services were conducted Monday afternoon at the Baptist Church in Wilson, of which deceased had long been a member, by the pastor, Rev. W. E. McGraw. Burial followed in the Wilson cemetery.

He left surviving him his wife and the following sons and daughters: Mrs. I. E. Cook of Mercedes, J. L. Hobbs of Colorado, Bernice Hobbs of Slaton, Miss Mary Alice Hobbs of Wilson, and Mrs. Elvie Hughes of Schulz. The children living at a distance were not able to attend the funeral.

Tile Demonstration At Gordon Monday

The garden tile demonstration that had to be postponed on last Monday will be held, or another attempt will be made to hold it, on next Monday afternoon, March 11, according to V. F. Jones, County Agent. The place is the home of J. R. Rackler, two miles north of Gordon. Everyone in that part of the county who is interested in tile sub-irrigation is urged to attend this demonstration.

Friends in Tahoka are gratified to learn that Mrs. W. C. Burleson of Lubbock, mother of Jim and Bill Burleson of this city, who was so critically ill last week, is much improved.

Above the door of every young
man who deliberately or unthought-
edly enters upon a career of crime
is written the ominous warning, "All
hope abandon, ye who enter here".
Just this week we heard one of these
fall birds testify in court here. He
was only twenty-nine years of age
yet he had already served two terms
in the penitentiary, and he was fast
on his way for a third term. Scarce-
ly was he released from his first
term in the penitentiary when he
committed another felony and was
promptly sent back. Upon his re-
lease the second time a few months
ago, he seems to have entered mor-
assiduously upon a criminal career
than ever before, and he has con-
fessed to the commission of several
crimes already. It is not known
how many other crimes he may have
committed, but he is to be sent to
the penitentiary as a habitual
criminal. What a young fellow can
expect to get out of life from a
criminal career is a puzzle that we
have never been able to unravel.
Will young men never learn that
only honesty pays in the long run?
Society despises the thief, the cheat,
and the fraud.

They are having some scrap over
the \$4,880,000,000 work relief bill in
Congress. An amendment was passed
the other day in the Senate to pay
relief workers the prevailing
scale of wages instead of the \$50
per month that FDR proposed to
pay. This passed by a narrow mar-
gin of 43-42. This was just one
way to defeat the bill, as it is sure
to be vetoed if it should go to FDR
with that amendment tacked to it.
Quite a few good old staunch Demo-
crats broke out of the coroll and
voted for the amendment. Now
it looks like FDR is going to have
to do a little broadcasting over the
radio to get them back in the cor-
oll. We believe one of those "fire-
side chats" will turn the trick. It
was FDR's idea that \$50 per month
average would give more people
work than a higher wage; as this
relief proposition is not intended as
a permanent feature but only tem-
porary until the wheels begin to
spin a little faster.—Lockney Bea-
con.

We are not inviting anybody to
visit West Texas in March. We na-
tives thrive on these sandstorms
but they are calculated to ruin the
disposition of the black-landers and
piney woods chaps who may be
caught out on these wide open
spaces when the demons of the air
go on a rampage. So, you fellows
down-east-better stay at home in
March.

There is a woman up in Ohio that
has traced her ancestors back to
Adam and Eve, so she says. If some
people we have seen should under-
take to trace their ancestors we be-
lieve they would find grandpa of
the fourth generation hanging by
his tail from a limb of a tree, and
grandmother sitting on a limb goug-
ing the eyes out of coconuts and
drinking the milk.—Lockney Beacon.

there is any way for us to get paid

**Texas Lady Tells How
Black-Draught Laxative
Helps All Her Family**

Here's how Black-Draught fills
the needs of a family laxative in
the home of Mrs. J. S. Stoker, Fort
Worth, Texas: "The grown-ups
in my family," she writes, "have
always taken powdered Theford's
Black-Draught for biliousness,
headaches and other ailments (due
to constipation) and found it a re-
liable remedy. I was very pleased
when I saw Syrup of Black-
Draught advertised. I bought it
and gave it to my little daughters,
ages 6 and 4. They needed some-
thing to cleanse their systems and
Syrup of Black-Draught acted
well." Your druggist sells this
reliable laxative in both forms.

President Roosevelt has struck
opposition in the Senate, which re-
fuses to continue his almost unlim-
ited powers in handling national
affairs. The Democratic revolt was
not unexpected, but it is in greater
magnitude than predicted. Union
labor is causing most of the trouble.
Organized efforts always present a
stronger appeal than unorganized
bodies. The fact that organized la-
bor constitutes such a small percent
of laborers have never been fully
comprehended by politicians since
the organizations make a fight
while the others remain quiet. How-
ever, if organized labor succeeds in
defeating the President's plan and
holds up the relief program which
is needed by millions of people, it
will be a severe test on both the un-
ions and those senators who have
been influenced by the unions. The
fight against the depression will not
be won until several million more
men are put to work. The present
fight in the senate, if won by the
unions, will not put the unemployed
to work. The Republicans claim that
the revolt against the President is
popular in the nation. Perhaps it is
with a small percentage of the peo-
ple, who think they know what is
wrong and how to remedy it; but
with the vast majority, they are
willing to admit they know not what
the matter is, that they do not know
the remedy, but are willing to leave
the solution to the President who
assumes the responsibility of lead-
ership, and is willing to try out ex-
periments, hoping some of them will
work.—Canyon News.

Parl-mutuel race-horse betting is
a great gambling scheme. The oper-
ators of such a concern get a rake-
off on all bets made, and to placate
the people a rake-off in the form
of a tax is also paid to the state. It
is no different in principle from the
old-time gambling house that was
found over the old rat-row saloon.
These gambling houses were out-
lawed a long time ago, and so was
gambling on horse races, but a
couple of years ago this pari-mu-
tuel scheme was legalized, and since
then the people of Texas have lost
their millions on the races. Legiti-
mate business has suffered and the
gambling has had its demoralizing
effects upon the victims. Yet the
legislature hesitates to abolish this
nefarious scheme. There must be a
powerful lobby at work in its be-
half. We wonder if any of the boys
in the house or senate are on the
pay roll.

Sandstorms

Not all sandstorms are majestic
or awe-inspiring. Most of them are
drab, commonplace displays of Na-
ture in an ugly mood. But the one
that swooped down upon us from
the west Sunday afternoon, like
many others that have lashed ac-
ross these plains from time to time
in the years that are gone, was truly
sublime in its aspect and majestic
in its display of power. Ominous
clouds of dust completely obscured
the sun and for a few minutes en-
shrouded the earth in nocturnal
darkness. We were about to under-
take to give a feeble description
of it when we ran across an editor-
ial written two weeks ago by John
L. McCarty of the Dalhart Texan,
which so vividly portrays a
similar display of Nature that we
have called off our dogs and sug-
gest that you read this literary gem
published elsewhere in this paper.
It will give you a faint idea of the
grandeur of our sandstorm per-
forming here Sunday afternoon.

**A TRIBUTE TO OUR
SANDSTORMS**

(By Jno. L. McCarty of the Dalhart
Texan)

Hail to our sandstorms!
The beauty that was Greece, the
glory that was Rome, the undying
honor that was due those immortal
heroes at the Alamo, and the sleep-
ing loveliness of an English hillside
in autumn are as nothing compared
with the genuine Panhandle dust-
storm. Those names and scenes
that conjure up some of the most
fascinating thoughts of the ages
fade into oblivion when compared
with our superb and matchless
sandstorms. We pay tribute to this
awe-inspiring storm, which in its
stunuous path across the mirage-
infested plains makes the native
sheiks of the Sahara fall to their
knees in admiration and utter sol-
emn praise to Allah.

Yesterday as the sun, a gallant
sorrel steed, was winging its way in-
to the rosetate tints of the golden
west, one of those magnificent spec-
tacles of nature bounded upon Dal-
hart out of the Northwest. It was
inspiring, as the giant gray sand
clouds surged and boiled forward
across the plains, leaving the more
slowly advancing purple wall of dust
behind. As the sun shone on the
sand swirling and racing over the
prairies, it glistened like the ar-
mors of knights of old who in phal-

anxes valiantly charged the enemy.
People stood gaping in wonder
and astonishment as the great bulg-
ing cloud rolled onward and swelled
upward toward the heavens. The
sun, scarce three feet above the hor-
izon, was wallowing in a sticky pool
of green and yellow clouds, mixed
with the purple tints of the advanc-
ing storm. It was soon swallowed
up by a great tidal wave, a huge
screen of dust that pulled the folds
of night's fearful curtains about a
small world at the mercy of nature.
Then for hours the dust of many
states fell like a heavy snow upon
the town, one soft, ebony chalk
sheet after another settling until it
seeped through every crevice and
settled into every tiny crack. No
home or store was free from its
feathery vapor. Like the fog of
London, it penetrated everything.
The Panhandle sandstorm, never
given its due and fitting recognition
in song or literature or by silver-
tongued orators, was complete mas-
ter of everything. It was majestic
in its dignity, and strength. It was
beautiful in its approach. Its tech-
nique of completely mastering the
situation left nothing to the imagi-
nation. No man, fowl or beast
could escape its influence, nor avoid
feeling its inherent and potent pow-
er. Even the fish in the Rita Blanca
lake felt the weight of impending
suffocation and rose to the surface
to churn the silt it had deposited on
that wonderful body of water.

Let us pay tribute to our sand-
storms. Since we have them, let us
recognize their true worth, their
real beauty and the dramatic power
they exert as a force of nature. Let
us proclaim with clarion bugle blasts
heard round the world that we have
here in the Panhandle a spectacle

a people, and city and a country
that can meet the test of courage
they afford and still smile. Let us
humbly and in shame admit our
part in the rapacity our land has
suffered at our hands, but vow, with

the raging winds of the prairies,
that we will with God's help carpet
our lands once again with grass and
vegetation and with our heads un-
bowed, our spirit undaunted, view
the majestic splendor and beauty
of one of the great spectacles of na-
ture gone rampant—a Panhandle
sandstorm—and smile even though
we may be choking and our throats
and nostrils so laden with dust that
we cannot give voice to our feelings.
Let us realize that the force and the
God capable of such gigantic and
destructive demonstrations of na-
ture can be just as calm and tender
as the hushed calm before the
storm or the bright day which fol-
lows.

ATTENTION! TAXPAYERS!

Owing to the fact that the school board of the Tahoka In-
dependent School District last spring cut property valuations
to a low point, it is absolutely necessary that all taxes be paid.

It was decided, therefore, at a recent meeting of the board
that the penalty and interest will attach and go into effect on
all unpaid taxes at the same time that the penalty and interest
on state and county taxes go into effect, March 15, 1935.

All tax payers in the Tahoka Independent School District
are urged to pay their taxes prior to February 1, 1935, and in
any event not later than March 15.

Done by action of the board.

Ropesville Is Cage Champ Of District 3

Wilson, March 6—Never letting up in their smoothly working offense and defense that carried them through early elimination games, the Ropesville High school girls tonight defeated Littlefield, 42 to 34, to win the District 3 girls basketball championship tournament.

It was Littlefield's second loss to Ropesville, who swept through the twelve-team field with no defeats.

In a semi-final game tonight, postponed from last Saturday, Littlefield eliminated Shallowater, 37 to 31, for second place.

The tournament started last Friday, continued through Saturday with a double defeat elimination schedule that left the three finalists in the running. Littlefield and Shallowater had lost one game each in the preliminaries.

The balance of 61 prizes offered by District 3 organization were distributed at the conclusion of play.

Gold, silver and bronze miniature basketballs were awarded individual members of the Ropesville, Littlefield and Shallowater teams respectively. A special gold medal was awarded to Mrs. Krause, coach of the championship team. Another prize went to Opal Carpenter of Littlefield for scoring the most points in the tournament. She found the basket for 98 points. Carpenter tied with Corley of Ropesville in single game scoring, each with 21. Both received prizes.

Other trophies were awarded Saturday night. The championship trophy went to Ropesville High school.

Below is printed a specimen essay chosen at random from a group written by English students in preparation for the Essay Writing Contest in the County Meet.

Centipedes
The word "centipede" is made from two words: "centi", which means hundred or century (the length of time it would take me to write a good essay) and "ped", which means pedal or foot. Centipedes are small insects. They

have one hundred feet. If they wore shoes the cost would be very great, so great, in fact, that I could not shoe one of them because I find it difficult to shoe myself and I have only two feet. But they wear no shoes, socks, hats or coats, and therefore dry goods merchants do not advertise among them.

They do not crawl backward but forward, using all hundred legs, unless some are paralyzed. I do not know whether they sting or bite. I do not know how many teeth they have, if any, having never done any dental work for them. However, I do know that their sting is more nauseating than two helpings of spinach. They are obnoxious animals, but I do not know if they have five toes on each foot, but if they do they have five hundred toe nails to trim.

They are found in Southern Rhodesia and in Western South Africa in the greatest quantities and are also seen in large numbers over the U. S. and part of Arkansas and the great South Plains of Texas. They are found in some living rooms.

Some are small, some medium sized and others very large, but all are dangerous except the dead ones. They have very small heads, and small eyes (but none of them wear glasses). They have quite small bodies, but like Delton Pemberton they have very long legs.

Centipedes may be useful in some

ways, but there is only one good thing about them. That is, they do not have to go to school, and so are never called upon to write a humorous essay.

By using a clean sheet of plain wrapping paper to roll pies and pastry, on a top of cleaning up can be avoided.

Why Southwestern Life Registers Every Policy It Issues

INSURANCE laws of the State of Texas provide how a life insurance company of Texas may register its policies. A registering company must deposit approved securities in an amount adequate for the protection of policyholders. The Registration Law requires the segregation of policyholders' funds, thus preventing substitution of assets without the knowledge and consent of the State Insurance Department. Experience of the last five years has demonstrated the effect and value of registration laws. The Registration Law makes mandatory the valuation of the required securities at the current market. A company which elects to operate under a market valuation law evidences the intention to invest policyholders' funds with added caution. Many good companies do not elect to register their policies, and we urge policyholders of such companies to maintain their insurance in force.

PASTOR TEACHES MISSION BOOK TO BAPTIST W. M. S.

"Winning the Border" was the mission book taught by Pastor Geo. A. Dale to a class of 18 in an all day meeting at the Baptist Church Wednesday. This study was a part of the Week of Prayer program being observed by the Baptist W. M. S. Interesting programs participated in by a large part of the W. M. S. membership were held Monday, Tuesday, Wednesday and Friday with a special mission program presented by men of the church at the prayer meeting hour Wednesday evening.

Tuesday's program was followed by a social hour during which new members of the society were recognized and welcomed. Mrs. J. C. Payne, a new member was surprised with a shower of gifts. A refreshment plate was served to about 35 women.

Following this Week of Prayer an offering for state missions will be taken at the church on Sunday.

CHURCH OF CHRIST NOTES

We want to make special mention of the progress our men's development meeting is making. Last Wednesday night about twenty men were present and one of the most profitable meetings I have attended in some time was had. I hope much good shall come out of this work.

We were happy to go to O'Donnell Thursday night and help them start a class of a similar nature. We will help them for a few weeks.

The ladies class did a fine piece of work this week by helping the unfortunate, which is putting the teachings of Jesus into practice. What the world needs to see in the Christian's life is applied Christianity. "Theories are fine but practice is better."

A question I would like to ask—Why is it a sandstorm will keep people away from church on Sunday but will not keep the same people away from Trades Day on Monday? Some one please answer as I want to know so much.

Services as usual next Lord's Day. Come to the church where you are a stranger but, once.—R. P. Drennon.

The next regular meeting is March 18.—Reporter.

Allred Designates Friday For Prayer

On last Friday Governor James V. Allred issued a proclamation calling upon the people of Texas to observe Friday, March 8, as a day of fasting and prayer.

He expressed the opinion that the spiritual element has a real place in our plans for national recovery, and that spiritual recovery is possibly necessary in order to bring back material prosperity.

In response to this proclamation, the day has been set apart by some of the churches in Tahoka as a day of fasting and prayer, and a prayer service, in which members of all churches are expected to participate.

There will be held at the Baptist Church Friday afternoon, March 8, beginning at 1 P. M. Worshipers will be free to leave whenever they please.

A cordial invitation has been extended to all our people to join in this service.

Report Of Corn-Hog Expenses

The statements printed below are made public so that each Corn-Hog Contract signer in Lynn County in 1934 may know where and how the funds were expended.

The Corn-Hog Contract signer bears his proportionate part of the local administration expenses and for the year 1934 this expense amounted to approximately 1 1/4 cents per bushel on corn and approximately 20c per head on hogs. The deduction for expense is made from the second corn payment and the third hog payment.

SHIRLEY TEMPLE SIGNED TO LONG CONTRACT WITH FOX

Four-Year Old Sensation Has Her First Role In "Stand Up and Cheer!"

Golden-haired, four-year-old Shirley Temple's dancing feet and crooning voice earned for her one of the most promising screen contracts ever awarded a child. The little actress—born at Santa Monica, Calif.—entered into a long-term agreement with the Fox Film Corporation when she affixed a scraggly "X" on a document almost as tall as she is herself.

Shirley came to the attention of studio officials recently, when her parents, the G. S. Temples, brought her to Fox Movietone City lot in answer to a general call by Lew Brown, assistant producer of "Stand Up and Cheer!"

Brown, who "discovered" Jackie Cooper several years ago, had interviewed some 200 juvenile aspirants, when Shirley demonstrated her varied talents by executing intricate double-wing and tap dances, and capped the performance with a remarkable blues song. As a result, she was immediately signed to lead an elaborate revue number in "Stand Up and Cheer!" which boasts 24 stars. Subsequently, a song was specially written for her to sing.

The long-term contract came as the result of a screening of her "rubes" by Winfield Sheehan. The Fox executive, convinced that he had a legitimate find in the youngster, placed her on the studio's permanent roll.

Shirley is scarcely larger than a doll, and, like a doll, she has large, open, blue eyes that twinkle with devilment. Her blonde hair is long

and naturally curly. Her feet are never still, and they tap out a dance at the slightest semblance of music. She sings, too, without prompting.

Beyond a few instructions in dancing, she has had no professional coaching. Her singing voice she developed by aying the radio voices of Bing Crosby, Rudy Vallee and other other crooners.

John Smith, about 14, son of Mr. and Mrs. Tyne W. Smith of Draw, was able to be brought back to his home Saturday after having spent some time in a hospital in Lubbock following an operation for appendicitis. Mr. Smith's daughter also had her tonsils removed in a Lubbock sanitarium last week.

Miss Verdine Mae Warren returned to Draughon's Practical Business College of Lubbock, Monday, March 4. She is studying their Private Secretarial Course.

Kept Taking Cardui Until She Got Rid of the Severe Pains

When Mrs. Ida Hays, of Edinburg, Ind., was in a painful, run-down condition, she took Cardui, with the results she describes below: "I had just been what one might say dragging around, feeling miserable and all out of sorts. I remembered how Cardui helped my aunt. I sent for six bottles of Cardui and when I had taken them, I was much better and stronger. I did not suffer so much pain. I continued taking Cardui until I had taken nine bottles. I do not have the severe pains."... Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

RUSSELL BROWN GETS LONG TERM IN PENITENTIARY

(Cont'd. from first page)
 Brown was a confessed ex-convict. He had already served terms in both the Oklahoma and the Texas state penitentiaries, and other indictments against him are pending in other courts, it is said. He was making Portales, New Mexico, his residence at the time the offense was committed here.

On Tuesday Lowell "Red" Pugh of O'Donnell was tried and convicted of the offense of unlawfully possessing intoxicating liquor for the purpose of sale. The jury gave him a two years suspended sentence. Avery Coulter, residing near Tahoka, was also tried Tuesday on a charge of unlawfully receiving and concealing stolen property. The jury found him guilty and gave him a two years suspended sentence. The stolen property consisted of nine automobile tires and a radio stolen by his brother, Fred Coulter, the latter having testified to his guilt in open court. He is under indictment in Lubbock county for the offense.

Adolph Wenzel, residing near Wilson, was tried Wednesday on an indictment charging him with the possession of a still for the purpose of making intoxicating liquor. The jury returned a verdict of guilty and assessed his punishment at one year in the penitentiary.

Officers procured a search warrant last fall and searched Wenzel's residence. They testified that they found a still in his loft together with a bottle of whiskey, which they introduced in evidence.

Plants Put Out On Court Yard

As a beginning of the program to beautify the highways passing through Lynn county, the triangle at the northwest corner of the courthouse lawn created by the building of highway No. 9 through the premises was planted out in evergreens and shrubs on Texas Independence Day, Friday, March 2.

The shrubbery planted consists of one red cedar, one blue spruce, six salvia (red), three ligustrum, eight yucca, six P. Elizabeth, seven nandinas, and four Chinese elm trees. Eight cotoneaster and four mahonia plants are yet to be planted. The center of the plot will be sown in bluegrass. Within a year or two this will be a real beauty spot.

The work has been done under the supervision of Mrs. G. H. Nelson, chairman of the county highway beautification committee, and Mrs. E. I. Hill, chairman of the local committee, Miss Sylvia Robb, Mesdames W. E. Smith, L. E. Turrentine, L. C. Haney, and Frank Hill being other active members of the committee. The clearing and preparation of the grounds was done by the agriculture boys of the Tahoka high school, working under the direction of the vocational agriculture teacher, J. D. Strickland, and they worked faithfully at the job and did the work well. The funds they earned will be used in defraying the expenses of their trip to the A. & M. College to participate in the annual judging contests to be held there soon.

The funds for this beautification project were generously donated by the business men and other citizens of Tahoka. "The committee deeply appreciates this cooperation of the citizens in this work of creating a beauty spot in the downtown section of Tahoka," said Mrs. Hill speaking for the committee Wednesday.

County Agent terracing in Texas on 12,769 farms amounted to 484,495 acres in the 193 counties reporting at the end of 1934, according to figures compiled by M. R. Bentley, Extension Agriculture Engineer.

An additional 61,287 acres in 63 counties were terraced by 4-H club boys as part of their year's club work.

Texas farms terraced in 1934 by everyone reached the impressive figure of 18,899 including 774,343 acres in 196 counties.

Of this acreage 158,090 acres were terraced by the use of county tractor and road grader machinery, which indicates increasing use of this tax payer's investment.

Plans for terracing in 1935 are so wide spread that it almost seems as if general recognition of the necessity for this work had been at least achieved. People are terracing for soil conservation; for water conservation; and for flood control. They are terracing crop and pasture lands. Gardens, orchards, and even yards are being terraced to preserve the fertility of the soil, save the moisture, and prevent gully washing.

In making fudge add a teaspoon of cornstarch to each cup of sugar and the candy will be smoother and creamier.

PREPARE FOR EMPLOYMENT
 The ultimate goal of most young people who go on with their education after high school is to secure a well-paying position with chances for advancement.

With business steadily improving, there is an increasing demand for capable young people who possess a high school education PLUS specialized business training.

How the Draughton Training and Employment Departments are helping many young people capitalize on their education and on the growing opportunities in business, and a proven plan for helping you to secure your first position, is fully explained in a new booklet called "Planning Your Future", which has just been published for young people who want to get ahead.

A postcard will bring your copy without cost or obligation. Write today, Draughton's Business College, Lubbock, Texas. (Or see this paper about Special Scholarship). 27-2tp.

SENATOR ARTHUR P. DUGGAN HAS NO RETAINERSHIPS

Austin, March 6.—Printed in the journal of the Senate is a sworn affidavit by Sen. A. P. Duggan of Littlefield concerning his business affiliation and the fact that he has no retainerships.

Five Senators have filed statements since a lengthy amendment killed a House resolution asking for such affidavits of all legislators. Others, besides Duggan, are W. B. Collier of Eastland, Frank Rawlings of Fort Worth, W. R. Poage of Waco, and Grady Woodruff, Decatur.

Senator Duggan's statement said: "My business for the last twenty years has been that of controlling and handling property, of my own and others, particularly real estate. My living comes entirely from that source, from rents and from the returns of a few investments made in better days than now.

"Since I do not practice law I have no clients and no retainer fees of any kind or description. I am not on the payroll of any company or individual.

"My sole obligation is to serve the people of my district and state to the very best of my ability."
