Tahoka, Lynn County, Texas, Thursday, March 21, 1935.

Number 31

CALF SHOW IS BIG SUCCESS

O'Donnell Boy's Calf Wins First Prize; Crowd Views Animals Here

First prize in Lynn county's first annual 4-H club fat calf show here last Saturday was won by J. W. Gardenhire of O'Donnell.

Ten calves, raised by Lynn county club boys, were entered. All the entries will be taken to the regional show to be conducted in Lubbock soon.

Garland Swann of Wilson won second in the show here. Willard Bennett of New Home third, T. J. Poindexter of New Home fourth, Henry Aherns of Wilson fifth, and Loy Lawson of Grassland sixth.

Other boys entering calves were: Alvin Shambeck, Ray Charles Newman, Floyd Heck, and Bill Frank White, all of Wilson.

A purse of prizes made up by Tahoka business men was divided as follows:

First \$7, second \$5, third \$4, fourth \$3, and \$2 each to other entries.

Judges were Jason Gordon, assistant county agent at Lubbock, and J. D. Strickland, vocational agriculture at Tahoka.

County Agent V. F. Jones supervised the boys' raising of the calves.

The animals exhibited were indeed beauties, and the show, which was held on the public square, drew a large crowd of admirers. Mr. Jones and the club boys are to be congratulated upon the success of this first show, and it is hoped that there will be many more entries next year.

Grassland Lady Buried Tuesday

Funeral services for Mrs. Lena Chapman, wife of J. H. Chapman, were conducted in the Methodist Church at Grassland at 3:00 o'clock Tuesday afternoon, and interment was in the cemetery at that place. Rev. J. A. Wheeler, the pastor, officiated assisted by Rev. W. C. Hart, a former pastor, and by Rev. D. W. Reed. Singers from the three churches at and near Grassland composed the choir which sang the beautiful old-time hymns appropriate to the occasion.

Mrs. Chapman died at an early hour Sunday morning in a Lubbock sanitarium. She had resided with her husband and family near Grassland since November, 1920, and was one of the best-loved women of that community. A friend indeed to all, the sick and the well alike, she was loved by all who knew her. She had been a devoted Christian for twenty-six years and was a faithful member of the Methodist Church.

Born on November 23, 1883, Mrs. Chapman was a native of Shelby county. She was married to James Hardie Chapman 24 years ago. To this union were born four sons and two daughters, as follows: Rudford Forrest, Odell, Furman, Dols, and Claude W. Chapman. She also reared three step-daughters: Mrs. Theima Wheeler of Center, Shelby county, Mrs. Voy Norman of Post, and Mrs. Etta Burke of Tahoka.

The family removed from Shelby county to Lynn county in November, 1920, where all except the married children have resided ever since.

Besides the husband and the children, all of whom survive her, Mrs. Chapman also left five sisters and three brothers, who reside in other parts of the state and were not able to attend the funeral.

Oil Crew Still Waiting Repairs

Drilling on the Hart oil well in the T-Bar is still shut down for repairs. All the necessary repairs have been just about completed, however, and drilling will probably be resumed within the next day or two.

The hole stands at a depth of 3,975 feet in brown lime.

Mmes. Irvin Stewart, A. M. Cade, and D. H. Goodnough attended an Eastern Star School of Instruction conducted in Lubbock Wednesday.

TUBERCULIN TESTS BEING MADE OF ALL COWS IN LYNN COUNTY

District Court Session Adjourns

The civil suit of Dr. West of Abilene against V. S. Cassel of this city which consumed most of the time of the district court here last week resulting in a mistrial, the jury being unable to agree.

Court adjourned Saturday and Judge McGuire and District Attorney G. H. Nelson are in court at Post this week.

CITY ELECTION TUESDAY WEEK

Cain's Name Is Only One Properly Filed Thus Far. Milt Finch Is Out

The names of S. E. Reid, S. D. Sanders, and L. C. Haney, members of the city council whose terms expire with this election, have been filed with the city secretary for reelection. The election is April 2.

Judge C. H. Cain, mayor, holds, however, that names of candidates should not be filed with the city secretary but should be filed with him. He also holds that unless the candidate files his own name it must be filed by a petition signed by a certain number of qualified voters.

As yet no name has been filed for mayor other than Judge Cain's, nor has any name been filed for city marshal.

Milt Finch stated Tuesday that he did not expect to be a candidate for reelection. He understood that the office was to be discontinued. The city council recently reduced the salary to \$1,000 per year after April 1, we understand.

Tahoka Boy Helped Inaugurate Allred

The very best of newspapers will miss a good juicy news item once in while. In fact the best one we know anything about pleads guilty. Mrs. J. W. Taylor, who lives five miles east of Tahoka, dropped into the office of the Lynn County News last Saturday and called our attention to an item that had escaped her attention until recently, not having been published in this paper at the time.

Here is the story, which we should have published away back in January. N. J. Taylor, son of Mr. and Mrs. J. W. Taylor of Tahoka, who is a student in the Texas A. & M. College, was one of the nine members of the Ross Volunteers of that institution who acted as the Guard of Honor at the inauguration of Governor James V. Allred. As such, these nine men led the procession when the gubernatorial party marched to the Capitol steps and took their places on the platform, and they had a conspicuous part in the proceedings.

Mr. Taylor is major of the cavalry department at the A. & M. College and is also a senior in that institution. He will receive his degree either this spring or summer.

John Deere Tractor Day Is Held Here

The John Deere Tractor Day at D. W. Gagnat Hardware Store Wednesday attracted a large crowd of farmers, and in the afternoon, the English Theatre was crowded full of the tillers of the soil enjoying the show "Partners" and gathering information about farming and the John Deere Tractors.

The streets were lined with cars almost as if it were Saturday afternoon.

OPENING BEAUTY SHOP

Miss Lola Belle Henderson is opening a beauty shop in the St. Clair Hotel here Saturday. She is moving equipment from Big Spring, where she has been operating a shop for several months. Mr. and Mrs. P. D. Julian, Lubbock, will be here to assist with the opening, she states. Miss Henderson received her diploma through the Ariens school at Lubbock.

Veterinarians of the Bureau of Animal Industry of the United States Department of Agriculture are here this week conducting a tuberculin test of the cattle of Lynn county. The work began Monday morning and it will probably require three weeks to finish the job, according to Dr. M. A. Molohon, the supervising veterinarian.

Besides Dr. Molohon there are eleven other veterinarians in the county, stationed in different sections. Each veterinarian is assisted by a helper living in the section of the county in which he is operating.

The test consists of testing all milk cows, heifer calves, and bulls for tuberculosis. Dr. Molohon stated, "Pure bred herds, the entire herd is tested; grade range herds, only ten percent of the female stock and all the bulls. This ten percent is to consist of the older cows."

"Each farmer and rancher will be notified in sufficient time to have his cattle in before the test. About four days after he is notified, the veterinarian will call to make the test. In case a tubercular cow is found, the owner calls in a disinterested party and the cow is appraised."

"This test is free to the ranchers and farmers. The local help furnished is paid by the Bureau of (Cont'd. on back page)"

School Trustee Election April 6

School trustee elections will be held here and throughout the county on Saturday, April 6.

The three members of the Tahoka school board whose terms expire at this time are J. K. Applewhite, R. W. Penton Jr., and G. A. Brasfield. Mr. Applewhite is president of the board. The names of these three had not been filed for reelection Wednesday but it is presumed that they will be filed. The names of three other candidates were filed Tuesday. They are J. B. Roese, J. S. McLaughan, and H. A. Maasen. It is rumored that others will be filed.

The holdover members of the board are: Dr. L. E. Turrentine, W. L. Burleson, Sam Holland, and Alvin Hicks.

Jim Wakefield Is Wrestling Officer

Jim "Moco" Wakefield, former citizen of Tahoka, has been appointed deputy commissioner of wrestling at Abilene to see that the game is run right in that city. He received the appointment from T. E. Nichols, new Texas state commissioner of labor.

"Moco" succeeds "Proxy" Anderson, sports editor of the Abilene Reporter-News.

To Tahoka Boys Make Tech Team

Coleman and Maurice Cowan, sons of T. B. Cowan, are on this year's Texas Tech track team, both being pole vaulters and high jumpers. In pole vaulting, each has cleared the bar at 12 feet and 4 inches, which height should win any tournament they enter in this section.

Coleman is a graduate of Tahoka High School, and Maurice attended school here several years but graduated at Lubbock High.

SOUTH PLAINS SACRED HARP CONVENTION AT SMYER

Please announce in your paper that the South Plains Sacred Harp Singing convention will meet at Smyer on March 24.

Everybody invited—H. M. McEachern, President.

Mrs. Harley Henderson was released from a Lubbock hospital last Thursday and is now visiting her parents, Mr. and Mrs. B. H. Howard, at Crosbyton. She is improving rapidly.

Miss Lou Woosley had her tonsils removed in the Treadaway-Daniell Hospital in Brownfield last Sunday.

Byrd Expedition Member To Lecture

JOE HILL JR.

Joe Hill of Canyon, son of Dr. J. A. Hill, President of the West Texas State Teachers College, who is a member of the Byrd expedition to the South Polar regions, has indicated that he will begin a series of lectures relating his experiences and observations soon after his return to this country. He has already made engagements with the Teachers Colleges of Texas and expects to make others.

Young Hill, now 21, is the youngest member of the Byrd expedition. The Byrd party expects to arrive in New York about May 1, and young Hill will be met by his parents upon his arrival there.

Band Will Play At Joe Bailey

The Tahoka Band has acquired that needed baritone, and last Tuesday night's rehearsal, according to Director N. W. Allphin, was one of the most interesting in recent weeks.

The Band is to play a concert at Joe Bailey tomorrow (Friday) night, and put on other entertainment features (similar to those played recently in the local high school) at a small admission charge, proceeds to apply on Band equipment. Tahoka business firms will be advertised there by the Band, as has been done on former similar occasions. Trips to other points in the county are contemplated through the Spring as opportunities are afforded. The organization promises to become a considerable asset to the musical, social and business life of our town and community.

Many Attending Fat Stock Show

Many Tahoka people have visited the Fat Stock Show in Fort Worth this week and doubtless others have gone from other parts of the county. Among those who went from Tahoka we have noted the following: H. C. Story accompanied by Dr. Ann West of Wilson, and Burton Hackney of Sasagraves, Mr. and Mrs. A. L. Lockwood, J. K. Applewhite, Irvin Stewart, Robert Noble, Mr. and Mrs. Chester Connolly, James (Skinner) Connolly, Joy Edward (Sonny Boy) Brown, Sam Bartley, Ed Parks, Jake Leedy, Sheriff B. L. Parker, Dr. and Mrs. E. E. Callaway. All report that the Fat Stock Show is fine this year.

WEATHER FINE IN MUSCATINE

The News received a card Sunday from J. H. Colleenback, stating that they arrived in Muscatine, Iowa, on Tuesday of last week, and that he began taking treatment immediately. "We certainly had a wet trip," Mr. Colleenback wrote. "Lots of rain. Every river, creek and branch was up, from Oklahoma City to this place. All the fields were standing in water. The weather is fine, not one bit of snow."

Mr. Colleenback ordered the News sent to his address. He evidently wants to keep fully informed as to our sandstorms.

H. D. CLUB TO PRESENT PLAY

The News is requested to announce that the New Home H. D. Club will present a play, "The Mystery of the Masked Girl," next Tuesday night, March 26, at New Home.

It is said to be a "real good play full of mystery and comedy." Admission 10 and 15 cents. You are invited.

J. H. PURTELL IS VICTIM OF GUN

Accidentally Killed Self This Morn At Home Near Petty; Was Going Through Fence

J. H. Purtell of the Petty community was accidentally killed early this morning when he fell with a shot gun in his hands causing it to be discharged. The load of shot struck his right chest and ranged inward at only a slight variance from a perpendicular course, tearing a clean-cut but terrible hole in his body. He died almost instantly. His son, who was in the house, heard the shot and went out only (Cont'd on last page)

LEAGUE MEET IS NEXT WEEK

Annual School Contests Will Draw Crowds To Tahoka For Two Big Days

All the school people are praying that the gods of the sandstorms may be kind to Lynn county on Friday and Saturday of next week.

On that day, the school kids will be here in great numbers participating in the various events of the Interscholastic League Meet.

Friday will be devoted largely to intellectual contests, such as—declamation, spelling, picture memory, music memory, story telling, arithmetic, debate, essay writing, extemporaneous speaking, tiny tot story telling, choral singing, etc. Also there will be tennis contests, and track and field events.

And on Friday night will be the final debates in the high school auditorium.

On Saturday there will be more track and field events, and a lot of other things.

Practically every school in the county will be represented. The kids will be here. The teachers will be here. The parents will be here. Everybody is coming, including old Tige and little Fido. So, get all set for a big time, folks. And may the best kid or the best team win.

Gives Rules For Registering Cars

To register your car please bring your last year's registration receipt. I have a record of every vehicle registered in this county for 1934, but will take time to look the receipt up. The office force can serve you quicker if you will assist in this way, as we will be crowded the balance of the month, and can register several cars while looking for one receipt.

To register a truck bring your last registration receipt together with a weight receipt of your truck weight empty.

The law provides that any motor vehicle registered after midnight April 1 will be penalized 20 percent in addition to regular registration fee.

I will greatly appreciate your usual cooperation in the above matter.—A. M. Cade, Assessor and Collector of Taxes.

Miss Ely Winner In Voice Contest

Miss Madeline Ely, teacher of the primary grades in the West Point school and a Voice student in the Texas Technological College, together with Gordon Gaines, another Tech student, will represent the Panhandle district in the student voice contests of the Texas Federation of Music Clubs at San Angelo on April 3. They won first places in the seventh district, state music contests conducted in Amarillo last Saturday.

Miss Ely's home is at Cisco but she is teaching in this county this year. She has sang frequently in Tahoka churches and other public gatherings here and has many friends and admirers in Tahoka, who are delighted but not surprised at her winning first place in this district.

Mrs. Burleson, mother of Jim and Bill Burleson of Tahoka, is still seriously ill at her home in Lubbock. Little hope for her recovery is entertained.

TEST VOLCANIC ASH DEPOSITS

Oklahoma Man Buys Land South Of Town; May Erect Plant Soon

Developments of rich volcanic ash beds south of Tahoka again seem probable as the results of tests being made on the old Kuykendall farm, eight miles south of town, today.

E. M. Rich, Clinton, Oklahoma, building contractor, architect, and property owner, told the News yesterday that if the tests showed sufficient deposits of volcanic ash in evidence under the surface of the land on the Kuykendall farm a plant would be moved here and mining of the product begun. He told the News he had the capital and the backing to put the project over.

Mr. Rich bought the half-section farm from J. Bratcher early last month, February.

Efforts have been made for several years by J. B. Nance, V. S. Cassel, and others to develop the beds on the old Nance farm six miles south of town, and over a year ago a plant for purifying volcanic ash was moved to the farm from Oklahoma. But before erection of the plant was complete its owners and owners of the land became involved in a misunderstanding, resulting in legal complications now pending in the courts.

People of Tahoka are interested in seeing the ash beds developed as the result of either or both projects. Operation of such a plant would bring a small pay roll and much publicity to the town.

Dust, Sand And Rain Visit City

Tahoka has been blessed with several other dust and sandstorms since our report last week.

These dust storms are somewhat different from the regular West Texas Sandstorms in that the upper strata of air as well as the lower strata seems to be filled with the finest particles of dust even when there is only a slight breeze, the dust evidently coming from distant sections of the country, probably from Kansas, Nebraska, Colorado and other states in that section of the country.

Reports indicate that these dust storms have been much more dense in the North Panhandle and Western Oklahoma than they have been on the South Plains! At Pampa, Texas, and Guyton, Oklahoma, it is reported that dust settled on the streets and sidewalks to a depth of a quarter of an inch.

A light shower, amounting to .03 of an inch, fell here Wednesday night, which seemed to clear the atmosphere of the most of the dust with which it had been laden.

IN TECH BAND

Corbin Douthit, graduate of Tahoka High School, is a member of the 52-piece Texas Technological College band. D. O. Wey, formerly director of the famous Simmons Cowboy band, is leader of the organization.

Uncle Ben Rogers, who has been confined to his room in the Sunshine Inn the past few weeks, seems to be holding his own. Many friends are hopeful that he may yet be able to return to his office, though his condition is still serious.

A. B. (Boots) Swan has been sick with the flu for several days.

Pace Re-elected Supt. Of Schools

At a meeting of the school board held on Tuesday night of last week, Superintendent J. B. Pace Jr. was re-elected to his position for another year.

None of the other members of the faculty were elected at that time. It is said that the Board will take no further action until after the school trustee election the first Saturday in April, so as to give the new trustees, if any, a chance to express their choice in the matter.

Mr. Pace is serving his fifth year as superintendent here.

BACK TO THE DARK AGES

Impossible as it may have seemed,
startling as it may be, a great mod-
ern nation has turned its face back
to the days of the Dark Ages and is
resorting to the use of the dungeon
as a means of stamping out relig-
ious liberty.

"Seven hundred pastors were ar-
rested or detained today as Nazi of-
ficers forcibly invaded Protestant
churches throughout Germany to
stamp out religious opposition," says
a Sunday press dispatch from Ber-
lin. "It was believed the number
of those arrested would be much
higher as fuller reports came in
from the provinces," the dispatch
continued.

"These churchmen had defied the
secret police ban on reading the
violent anti-Nazi manifesto issued
by the Confessional Church Synod a
week ago, which caused furor in
Prussia last Sunday. . . . All Prus-
sian Protestant pastors, numbering
about 5,000, were warned Saturday
not to read the week-old document."

Not only were the offending pas-
tors arrested but some of the church
doors were closed and locked. On a
congregation, upon finding its
church doors closed, stood around
awhile, we are told, and then joined
in singing heartily the old hymn,
"A Firm Fortress Is Our God!"

"Nazi officials also acted against
Catholics and Masons," we are fur-
ther told. "Secret police searched
the convent of the Good Shepherd,
a large one in North Berlin, and ar-
rested the mother superior and her
assistant for reasons which were
not announced. Catholics in Ber-
lin were boiling with resentment."

"It was learned the Nazis swoop-
ed down on the Masonic Grand
Lodge of the Three Globes in the
heart of Berlin recently and arrest-
ed the grand master, subsequently
taking the grand master's wine into
custody."

Confessional leaders declared that
this anti-church campaign "shows
uncontrovertibly that the Nazi au-
thorities are identifying themselves
with the pagan doctrine of Dr. Al-
fred Rosenberg, the Reich's philo-
sophic dictator."

Thus are the fires of religious per-
secution rekindled in the heart of
enlightened Germany, the land
where Martin Luther lived and
fought a heroic fight against reli-
gious bigotry and intolerance four
hundred years ago. Thus are the
methods of the Inquisition again
employed to suppress freedom of
speech and thought and "the
right to worship God according to
the dictates of one's own con-
science."

May God strike down any Ameri-
can tyrant that would violate any
of those provisions of our Constitu-
tion that guarantee freedom of
speech, freedom of the press, and
religious liberty.

Occasionally we run across a fel-
low recently clothed with a little
power that makes a fool of him. He
immediately proceeds to act the ty-
rant and show his authority. He
has no scruples in violating the
rights of others and will sometimes
even dare to violate the constitu-
tion of his state or of the United
States just to make a name for
himself. But the despot usually
doesn't last long in this country.
The people soon get his number, and
then they get his goat.

**"Now I'm the Picture
of Health," Says Lady
After Taking CARDUI**

Here is how Cardui helped an
Alabama lady. . . . "I suffered
from pains in my back and sides,"
writes Mrs. A. G. Gray, of Cusseta,
Ala. "I was so thin and weak, I
resorted to Cardui and decided to take
it. I noticed at once it was help-
ing me. I kept taking Cardui until
I had finished five bottles. I
gained. My health was much bet-
ter. Now I am the picture of health.
My color is good and my weight
increased. . . . Thousands of
women testify Cardui benefited
them. If it does not benefit YOU,
consult a physician.

Governor Alred is stirring up the
animals. He has turned his rangers
loose on the liquor palaces and
gambling establishments of this
state. They started out by raiding
some of the glittering club rooms
and gambling houses of Austin,
Galveston, and San Antonio. Then
they swooped down into Starr and
Duval counties. They have since
visited other cities and towns, and
Governor Alred has announced that
the clean-up campaign is to be
state-wide and unceasing during his
administration. Wherever local of-
ficials refuse or neglect to do their
duty, there the rangers will go. All
of which is very fine. For several
years the state rangers have been
little more than colorful ornaments.
We are glad to see them in action.
The flagrant flouting of the liquor
laws and gambling laws of this state
in all the cities and many of the
smaller towns has long been a dis-
grace to Texas. Whether we are
wet or dry in sentiment, we must
applaud this movement to drive
lawlessness from the very front
doors of our courthouses, our decent
business establishments, and our
homes. May Governor Alred have
a long and strong arm to accom-
plish the task he has set for him-
self, or rather, the task that his
oath of office imposed upon him.

How prone we are to exaggerate!
We notice that some papers in re-
porting that terrific Sunday after-
noon sandstorm that swept across
the plains a few weeks ago said that
the dust in the air was so thick that
visibility did not extend but two feet
away and that it brought midnight
darkness. Well, to tell the truth, it
was not that bad here. It was in
fact the worst duster for a few
minutes that we have ever seen, but
there was never a time when we
could not see an ordinary object
at least ten or fifteen yards away,
and there was no midnight dark-
ness here. It was very dark here,
just about like good dusk on a
cloudy day. The plain unvarnished
truth about that sandstorm would
sound like a lie to a fellow who had
never seen one; so there is no
necessity to exaggerate.

We do not know what chance
there is for a driver's license law to
be passed at this session of the leg-
islature. We believe that such a
law with teeth in it would have the
effect of reducing the number of
car wrecks and personal injuries on
the highways of this state. Too
many immature and reckless driv-
ers.

All sound economics are forgot-
ten in these hectic days as all sorts
of quacks present their ideas of im-
mediate recovery. Print up a batch
of money and hand it to the people
in all sorts of forms is the prevailing
idea; excessive pensions; remission
of taxes; spend, spend, spend—on
the part of the government; piling
up debts, larger and larger; it is no
wonder that those who have never
thought of sound economic proceed-
ures are so easily deceived by the
economic quacks. Those who claim
that the Lord has given them the
only sensible idea are usually those
who have never made a success for
themselves, yet are telling the gov-
ernment just how the thing should
be done. Reminds us of the old
sign in the barber shop: "If you are
so damn smart, why are you not
rich?" Hard work, sane and sen-
sible living, for both the individuals
and the government is the only
sound program for recovery.—Canyon News.

Bills in the legislature would great-
ly increase the tuition in state col-
leges. The idea back of all this is
to exclude from the benefits of a
college education thousands of poor
boys and girls who cannot afford to
attend colleges with high tuition
rates—just the sort of boys and
girls who make the most of their
college career, and who return to
the state the greatest benefits once
given the opportunity of a college
education.—Canyon News.

It looks as if Hitler were hunting
for another scrap. He seems to be
imbued with the war spirit, but we
have an idea that he is just bluff-
ing. Of course those Germans are
sore over the results of the last war,
but if they deliberately precipitate
another one they are not as bright
as we have been thinking. It would
be the height of folly and crime for
any nation, in fact, to bring on an-
other European conflict.

Well—?

A university professor says that
anyone who is tried is insane. No
doubt. Working makes one tired,
and anyone who works is crazy.—
Jacksonville Journal.

Clarence Darrow, noted attorney:
"It is no indication of brains to have
money. If you think it is, look at
those who have it."

B. Stolberg: "There is nothing the
New Deal has so far done that could
not have been done better by an
earthquake."

South Ward

There wasn't a very large crowd
out for Sunday school due to bad
weather. Everyone remember next
Sunday morning and come.

Folks, we are going to have a real
nice singing next Sunday afternoon
at 2:30, so everyone be ready to
come and bring some one with you.
We are expecting a trio from Hale
Center and the Edith singing class.
And we extend this welcome to sur-
rounding communities.

The following were visitors in Mr.
and Mrs. Ed Mason's home Sunday:
Miss Kessie Mason, Bill Mason,
William and Eldon Champion, Her-
schel Roberts and Beamus Carver,
Miss Birdie Hardt is visiting her
uncle Auto Lauglotz of Lubbock this
week.

Mr. and Mrs. W. P. Inman visit-
ed their daughter, Mrs. M. M.
Shearer and family at Crosbyton
last week.

We are very glad to report the
McGinnis children are back in
school. They had been out about
two months on account of serious
illness.

Misses Mable Maggard and Mary
Ellen Inman, Messrs. Johnnie In-
man and Rush Dudgeon visited
Miss Christine and Marie Owens
Sunday afternoon in the Edith com-
munity.

Several from our community at-
tended singing at Edith Sunday
afternoon and night.

Don't forget singing at 2:30 p. m.
and Sunday School at 10:30 p. m.
and come!—Reporter.

John Laurence Seymour, compos-
er: "The motto for writing an opera
is always 'Get the tenor.'"

**Constipation Symptoms
Soon Go Away After
Use of Black-Draught**

Mrs. S. G. Ramey, of Henryetta,
Okla., writes that she has taken
Theodor's Black-Draught about
twenty-five years, when needed,
and has "found it very good."
"When I have a sour stomach and
my mouth tastes bitter, and I feel
bilious, sluggish and tired, I will
very soon have a severe headache
if I don't take something. I have
learned to keep off these spells by
taking Theodor's Black-Draught.
Very soon I am feeling fine. I feel
that Black-Draught can't be beaten
as a family medicine. . . . Get a
package of Black-Draught today.
Sold in 25¢ packages

SHERIFF'S SALE

Investigation Of Post Case Enjoined

An associated press dispatch under a Fort Worth headline this morning stated that United States District Attorney Clyde O. Eastus had procured an injunction restraining a grand jury investigation at Post of the shooting of Spencer Stafford, a federal narcotic agent, by Sheriff W. F. Cato in Post on February 7th, and inhibiting the trial in the 108 district court of any indictment that might be returned in the case.

District Attorney G. H. Nelson, County Attorney W. G. Smith of Post, W. F. Cato, and his attorneys, Walter B. Scott and W. P. McLean of Fort Worth, and William Bledsoe, Charles Crenshaw, and George Dupree of Lubbock, were named in the writ.

Application for the writ alleged that the intent of the investigation by the grand jury at Post was to defeat the jurisdiction of the United States district court in the murder case against Cato, with a view to obtaining a speedy trial and a short-term conviction or an acquittal of the defendant in the state court.

In an interview given to the Lubbock Morning Avalanche, District Attorney G. H. Nelson made a hot rejoinder.

"Allegations reported in a news item concerning getting an early indictment and trial of Cato in Garza county for the purpose of defeating justice and aiding Cato to escape

punishment are an indictment against the integrity and sincerity of a whole county," Nelson declared. "I challenge Eastus to place at my feet any case in which I have lain down on the job in this district. No move has been made by the court to obstruct or impair proper procedure of that or any other case. Further than that, I've offered my assistance and cooperation from the very beginning to him (Eastus) and all other federal officers, including Joe Jones and Red Wright, to the end that right might be done and that justice should prevail. I've left no stone unturned to that end, and I haven't cast a pebble in their way. Neither has my court," Nelson stated.

Dixie CHURCH NOTES

The subject for discussion at the Dixie League meeting Sunday, Mar. 24, is "Made By The Movies." The program will be as follows: Poem, "Myself"—Joy Jones. Story, "The Great Stone Face"—Leader. Talk, "Youth and the Movies"—Elizabeth Hill. Talk, "Movies in Other Lands"—Clifton Noble. Leader's statement—"What Can We Do?" Discussion by Paul King, Dyer White, Fredice Weathers.

PROFESSORS PROPOSE PLANS FOR WRITING BIOGRAPHY

Austin, March 20.—Importance of writing of an intrinsic history of Texas and dictionary of Texas Biography was stressed in the Senate this week by Senator A. P. Duggan. "Celebrations may come and go," said Senator Duggan, "but a great history of Texas will last forever." "I am going to ask that the amendment providing for the writing of the history be changed to read 'historical writing.'" Senator Duggan is author of the original amendment to Senate Bill No. 1, the Centennial Bill, providing for appropriation of \$50,000 for this work. This change would be made in accordance with a plan submitted by Dr. William Curry Holden, professor of history at Texas Technological College, and that more talent be attracted to the writing of the history.

Dr. Holden suggests the history be written in the form of a historical novel. He suggests four prizes be offered: one for \$10,000, the second for \$7,000, the third for \$5,000, and the last for \$2,000. Also \$2,000 would be set aside for incidental expenses in conducting the contest.

Another plan has been proposed by Dr. Eugene C. Barker of the University of Texas. Dr. Barker's plan is to write a dictionary of Texas Biography at a cost of \$20,000 for preparation and \$20,000 for printing and binding of the 5,000 copies. This work would necessitate a trained staff of historians; would include 3,000 biographical sketches in the 1,500 pages, covering the Spanish, Mexican and Anglo-Saxon eras of Texas history. The sketches would deal only with lives of men now dead. An alphabetical index to other printed compilations of Texas biography would be included in the book, according to Dr. Barker's plan. A hundred years ago about 180 Texans were, after spirited fighting, overwhelmed and massacred in a ruined church by a horde of dark men. Today 180 Texans in the legislature to make sure that the story of these men who died in the old church, and all the other stories of Texas history, will always be remembered.

How One Man Lost 22 Pounds

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swellings out of my joints—with my first bottle I went on a diet and lost 22 pounds and now I feel like a new man." To lose fat safely and quickly take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—a quarter pound jar lasts 4 weeks. Get it at any drug store in America. If not joyfully satisfied after the first bottle—money back.

INTERSCHOLASTIC MEET CONTESTANTS CHOSEN

Friday afternoon the declaimers who are to represent Tahoka High School in the County Meet were chosen. They are: Beatrice Estes, senior girl; Hiram Snowden, senior boy; Pearl Rogers, junior high school girl; Charles Heathman, junior high school boy; Martha Drennon, seventh grade girl; and Rudolph Snowden, seventh grade boy.

Extemporaneous speaking contestants were also chosen. Nelda Jen Hicks and Clifton Rogge being selected representatives.

In the Ready Writers contest Lois Montgomery won first place and J. C. Bell, second.

Students who will represent Tahoka High school in debate contests were chosen several days ago, James Minor and Ernest Gill making the boys team and Marion Draper and Ina Bess Hicks being selected to comprise the girls team.

Contestants in all other events are working diligently so that they may be well prepared for the League Meet. The track team is being molded into shape rapidly under the careful supervision of Coach Walker.

HOME EC. GIRLS ATTEND RALLY

Several members of the Home Economics classes on last Saturday attended a Home Economics Rally at Lubbock. They were: Pearl Rogers, Billie Swafford, Louise Rogers, Aletha Goodnough, Mary Ellen Conway, Beatrice Falkner, Doris Connolly, Maxine Floyd, Joe Alice Brooks, Andy V. Huffmyer, Louise Barnes, Joe Belle Milliken. Mrs. D. H. Goodnough accompanied the girls in the absence of Mrs. Floy A. Neims, sponsor, who was ill.

The Tahoka girls presented a play entitled "Look Out For Louise" and Billie Swafford did a tap dance.

Besides attending the program the girls went through the Lubbock High School Home Ec. Department. The Lubbock girls, at the close of the rally, served punch and cookies.

All Tahoka girls present reported a most enjoyable time.—Reporter.

FOOTBALL LETTERMEN RECEIVE SWEATERS

Sixteen football lettermen and the manager early this week received their sweaters. They are a beautiful blue with a large "T" outlined in white on the center of the front, and are something of which the owners are rightfully proud.

DEBATING TEAMS SPEAK IN CHAPEL

Monday morning in chapel the debaters gave their main speeches and also their rebuttals. The boys had the negative and the girls, the affirmative. This is probably the last time the two teams will have an opportunity to debate before the student body.

Last week mention was made of the fact that the football and basketball squads had their pictures made. Since that time the senior reporter has made it known that the senior class as a whole also had its picture made at the same time.

Some of the History 331 students have recently received material on certain phases of present history from the Extension Loan Library at Austin.

Miss Pansy Tankersley, who has been absent from school several days, returned to school Tuesday.

Eby Dyer, who has been absent for several days is again in school.

Recipe For Keeping Awake in Class 1. Sit by a gal who drops books. 2. Oive the gals on each side of you a stick of gum. 3. Hold a pencil tightly in your hand; when you start to relax, you drop the pencil. 4. Sleep nights.

SMITH HAS AIRPLANE

Prof. B. T. Smith, principal of the Petty school, has recently bought an airplane and expects to do quite a bit of flying around over this part of the country as soon as the weather gets a little better settled. The airplane is an American Eagle bi-plane powered with a model OX-5 90 H. P. Curtis motor.

REPORTS FROM THE COUNTY CLUBS

Miss Sylvia Robb, H. D. Agent

Edith 4-H Club Studies Dress Making Art

"Other things besides just our dresses are taken into consideration when our dresses are judged," quoted Miss Christine Owens, the sponsor of the Edith 4-H club, at the last meeting on Friday, March 15. Some of the dresses were fitted and others were worked on. They will be judged two weeks from the coming Saturday.

The bedrooms and gardens were discussed.

Wilson Club Meets In Regular Session

The Wilson-Home Demonstration Club met in regular session Friday, March 15.

Mrs. M. J. Scaer and Mrs. Clayton Hamilton were joint hostesses. There were nineteen old members present and four new members.

A very interesting demonstration on re-upholstering chairs was given by Miss Sylvia Robb, county home demonstrator. The club will meet April 5 with Mrs. H. B. Crosby.

Instructions In Candle-Wicking Spreads Planned

Instructions in the method of candlewicking pillows and spreads will be given in the office of Miss Sylvia Robb, Demonstration Agent, March 29, beginning at 1:30 o'clock. Miss Robb urges that each bedroom demonstrator and one other member of each home demonstration club be present if possible.

Not only the technique of candlewicking for spreads and pillows will be taught, but designs and color combination.

Agent Comments On Dresses At Meeting

The Draw 4-H club met March 6 with the vice-president in the chair. Miss Robb commented on our dresses and showed us the mistakes we had made and how to remedy them. She also showed us patterns for different types of dresses.

South Ward 4-H Club Met Friday, March 15

The South Ward 4-H club girls met Friday, March 15. We worked on our dresses with Miss Robb helping us with our problems. We are to finish our dresses and are to wear them to our next club meeting. We feel that we have gained much by making these dresses.

There was a short recreation period following the business. The club then adjourned until the next meeting April 8th.

So It Seems

Everybody is born free and equal but some are more fortunate in getting on the relief rolls.—Brooklyn Daily Eagle.

"Pains Gone," Says Lady, After She Had Taken CARDUI

In describing how her health improved after she had taken Cardui, Mrs. Ralph R. Courtney, of Wytheville, Va., said: "I was run-down and suffered from pain in my side. I wanted to feel well and get rid of the pain in my side, so I sent for Cardui and began taking it. By the time I had taken three bottles of Cardui, I was feeling much better. The pains had gone. I am very glad to recommend Cardui to other young women." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. \$1 a bottle, 4 drug stores.

CARD OF THANKS

To the friends of J. H. Chapman and family: We wish you to know we appreciate your kindness and sympathy during the illness and death of our dear wife and mother. May God bless you all.—J. H. Chapman and family.

SOCIETY

Club and Church News

BAPTIST CONGREGATION HEARS VISITING SPEAKERS

Rev. J. M. Hale, pastor of the First Baptist Church of Brownfield, brought a worthwhile message on "The Book of Life" in the Sunday morning service.

R. E. Key, a long-time citizen of Lynn county, but a Lubbock citizen during the past year, brought a thought provoking message Sunday night. A gospel message in song was given by Mr. Ray Alexander of Aurora, Mo.

Mrs. H. P. Caveness presided over the monthly business meeting of the W. M. S. at the Church Monday afternoon.

The W. M. S. is planning a shower of gifts and offerings for the Mexican missionary and his family of 15 other members. All food, clothing and money should be brought to the Church next Monday, March 25. Rev. Gonzales and family live in Slaton, but he goes all over the Association working among his people.

Mrs. A. A. Suits reported an attendance of 110 attending the March Week of Prayer services, while \$41.66 was the offering made.

Announcement was made that the Stewardship Contest among the Y. W. A. S. G. A. S. R. A. S. and Sunbeams will be held in the Tahoka Baptist Church next Sunday afternoon, March 24. Everyone is invited to attend this speaking and thus encourage the boys and girls.

The Gardner Union of the B. T. U. enrolled 3 new members Sunday. A week's Training Course will begin at the church on March 25.

ALL-SEW CLUB MEMBERS ENTERTAIN HUSBANDS

Fun, food and fellowship were each favorite features of the program when the All-Sew Club members entertained their husbands and a few special guests in the home of Mr. and Mrs. J. A. South Friday evening, March 8.

An evening of quiet (?) games preceded the dainty refreshment course consisting of angel cake and Shamrock ice cream. Table cloths and napkins were designed in Irish emblems and colors while the dainty plate favors were white pipes on green shamrocks.

Among those present were Mr. and Mrs. C. A. Thomas, Mr. and Mrs. Otho Thomas, Mr. and Mrs. J. D. Strickland, Mr. and Mrs. V. F. Jones, Mr. and Mrs. Roy Leslie, Mr. and Mrs. H. C. Smith, Mr. and Mrs. A. L. Lockwood, Mr. and Mrs. E. I. Hill, Mr. and Mrs. C. E. Woodworth, Mr. and Mrs. W. M. Harris, Mr. and Mrs. R. L. Richardson, Mesdames Belton Howell and H. C. Story and Mr. and Mrs. J. A. South.

MAXINE CONNOLLY HOSTESS TO MINOR BATON MONDAY

Miss Maxine Connolly was hostess to sixteen members and the counselor of the Minor Baton, on Monday, March 18. The business meeting was held first and was followed by a program on Hymns. A paper, "The Life of Charles Wesley", was read by Robert Maddox; a saw solo, "Abide With Me" by Betty Suddarth; a saxophone solo, "Stand Up for Jesus" by Dale Gildersleeve; and a trio, "The Prayer Perfect" by Misses Robbie Milliken, Ola Lee Stevens, and Ruth Suddarth. A study class about hymns, their composers and history followed the program. Delightful refreshments of sandwiches, coffee and cookies were served.

Buy it in Tahoka and be here next Trades Day.

METHODIST CHURCH IS SHOWING SOME PROGRESS

A goodly number of people attended service at the Methodist Church Sunday morning. The singing was above par and the service would have been good but for the fact, the pastor's throat gave down after the first ten or fifteen minutes of the sermon. Judge G. H. Nelson filled the pulpit at the evening hour bringing a very inspiring talk on "Ships that Sail the Sea of Life." The evening congregation was small as the people did not know whether there would be a speaker for this service. Those who came enjoyed Judge Nelson's talk very much and it is the hope of all that he will speak for us again soon.

The work is going fine in this church. In many ways, we are having the best year that we have had in some time. All property will be clear of debt by the end of the year. There have been several additions to the church already. There is also a very fine spirit. Unusual efforts are being made to make all services evangelistic. We invite you to be with us.—Reporter.

EUZELIAN CLASS OF BAPTIST CHURCH HAS SOCIAL HOUR

With Mesdames Dale, Forrester and Stokes directing the entertainment the Euzelian Class enjoyed their monthly social in the home of Mrs. E. I. Hill Tuesday evening, March 19.

In a singing contest Mrs. Caveness' group was awarded a broody canary and had the honor of having their picture "snapped" for an Amarillo Daily.

"Charades" and "First Impressions" were other interesting and fun provoking features.

Clear lemonade with green ice cubes served in tall glasses, white angel food cake, with napkins and plate-favors accenting the St. Patrick's Day motif made the refreshment plate delightful to the eye as well as pleasing to the palate. Mesdames A. A. Suits, Chester Connolly and I. I. Gattis served as refreshment committee.

Among those present were the four group captains: Mesdames Dale, Luallin, Stokes and Cooper and Mesdames Conway, Caveness, and Mr. Caveness, Nevill, Howell, Suits, Woosley, Gattis, Heathman, Chester Connolly, R. C. Forrester and E. I. Hill.

METHODIST S. S. CLASS ENTERTAINS WITH "42"

Members of the women's class of the Methodist Sunday School, taught by Rev. H. C. Smith, entertained young married couples of the church Tuesday night with a Forty-Two party in the beautiful home of Mr. and Mrs. G. M. Reid. About forty people attended and enjoyed the occasion.

Refreshments of iced tea and sandwiches were served.

HOUSE HOISTED

Eldon, Mo.—Mrs. Charles Caldwell thought she was in the midst of an earthquake when her home started to tip over and dishes crashed to the floor. She found, however, that her husband had started the engine of his dump truck in the basement of the garage, not realizing the hoisting apparatus was in gear. The house had been lifted six inches off its foundation.

Mrs. C. O. Paschall of Brokenridge was here Sunday visiting Mr. and Mrs. J. O. Tinsley. She is a sister of Mr. Tinsley.

MRS. J. D. STRICKLAND IS HOSTESS TO MUSIC CLUB

Mrs. J. D. Strickland was hostess to the Tahoka Music Club March 15 in the home of Mrs. H. C. Smith.

Following the usual business session the study chapter was presented by Mrs. Suddarth. Brahms Cradle Song was rendered by the Minor Baton Trio, Misses Milliken, Stevens and Ruth Suddarth. A piano solo, Brahms Favorite Waltz No. 15 was given by Miss Marjorie Wells.

A beautiful refreshment plate, carrying out the St. Patrick's motif, was served to Mesdames Suddarth, Durham, Story, Taylor, Seth, Mathis, Moreland, Smith, Stacy, Gildersleeve, Misses Milliken, Stevens, Suddarth, Wells and the hostess.—Reporter.

FRED MATTHEWS CRITICISES NEW DEAL

Fred Matthews of Grassland has written a letter to Mr. John B. Payne of Washington, D. C., setting forth some of his views respecting the operation of the Government agricultural program as it relates to Lynn county, and has furnished the News a copy of the letter for publication. The letter follows.

Dear Mr. Payne: A copy of this letter is being sent to the president of the Tenant Farmers' Union for publication and is being read by the county agent of Lynn county and his assistant, and they recognize the condition exists but are powerless to do anything.

The Lynn county map shows 277 sections in section blocks or more to be owned by section-block owners or more, besides the many three-quarter blocks.

The census reports for Lynn county show 135 fewer farms now than in 1930. The Texas Almanac shows that 62,500 additional acres of land have been put in cultivation, and two farms of 160 acres have been abandoned in the five years.

This census did not give the full account, which should have included former tenants in shacks, and hired hands.

The Government had a clause in contracts on disposing tenants and everybody considers it was a joke.

The whole Bankhead bill is considered for no one except the large commercial farmers.

Yes, we could commercialize, but we are patriotic enough to keep one of our farms rented.

Naturally the Government and big farmers consider us a fool for not doing so.

If those figures were actually run down to facts, one third of the tenants of this county would be reported in a more or less state of dispossession.

No, I won't take a \$5,000 job gratis to report all irregularities when you have committees hired for that work, when I offered my assistance and use of my car last year if you would send an outsider to investigate. I do not want to punish any one.

The county agent estimates 360,000 acres in cultivation. Census reports show 2138 farms and about 1676 cotton signers, about 1700 eligible. I do not believe that there are 34 share farmers in the county at present. In reality there must be about six-hundred fewer farmers than in 1932.

The state allotment board estimates Lynn county as producing 40,050 bales of cotton. We have a population of 12,572; assessed value of \$5,404,665; livestock value of \$1,482,811. We have silica and potash deposits.

The cotton states have a population of 35,000,000 and a production of 10,000,000 bales.

Force agriculture to absorb its pro rata of population, which industry can never do, end commercial farming or regulate same to give every one connected with farming a chance for a livelihood; home ownership where possible, and regulate how tenant farmers may spend their money until they have a home paid for.

Under the present scheme, it is working only for the large commercial farmer and will bankrupt the government and every one else.

I voted for John W. Davis, Al Smith, and Roosevelt.

You can not help the commercial farmer and the small home owner, because there is not enough products to be marketed. What plan has the Government in view? Please send answer to The Lynn County News for publication.

This practice of placing families in vacant rural houses without means of support or without compelling land owners to give pro rata of crop is detrimental to the interest of everyone concerned.

Fred Matthews.

Mr. and Mrs. S. E. Reid left Saturday morning to visit in the Lower Rio Grande Valley. On their return they expected to visit relatives and friends near Waco and to see the Fat Stock Show at Fort Worth.

Laying Second Course Caliche

Work was started Tuesday laying the second course of caliche base on Highway No. 9 north of town, S. H. Howell, pit foreman says. Laying of the course was begun at the Lubbock county line and will proceed south to within two and a half miles of town.

On account of the sandstorm, no caliche was hauled Wednesday.

STOCKMEN, CLUB MEMBERS INTERESTED IN MEAT SHOW

Lubbock, March 20.—The eyes of West Texas stockmen, vocational students and rural club women will be on Lubbock during April 1, 2, and 3, when the fifth annual Quality Meat Show will be staged at the fair grounds here.

Feature event of the three day show will be an auction sale of baby beaves, fat pigs and fat lambs on the closing day, April 3, with Col. Earl Gartin, the auctioneer.

Judging of cured meats, canned meats and fat lambs takes place April 1, while the baby beaves and pigs will be judged April 2.

Roy Boer underwent an operation for appendicitis in a Lubbock sanitarium Wednesday morning. His appendix ruptured when the operation was undertaken but he is said to be doing fairly well.

Mrs. C. E. Carnack is here visiting her daughter Mrs. A. B. Swan and son Condy Carnack while recuperating from a case of pneumonia.

SIXTY-EIGHT TRAVELING MEN MAKE RESERVATIONS

Lubbock, March 20.—Sixty-eight traveling men handling ready-to-wear, millinery, shoes, hosiery, general line, novelties, men's wear and other merchandise have made reservations for the tenth semi-annual West Texas-New Mexico Wholesale Clothing Market in Lubbock March 23 to 26, inclusive, the Lubbock Chamber of Commerce, sponsors of the event, have announced.

Two hundred and fifty retail merchants are expected to come in for the market.

Big day of the market will be Monday, March 25, being climaxed with a style show and dance in the evening.

JEFFERSON COUNTY MAN UTILIZES NATIVE GRASSES

Beaumont—Native grasses were made to pay a dividend on uncultivated areas on the farm of Charles Tubre of Jefferson county, according to the report of J. F. Combs, farm demonstration agent. Mr. Tubre had some idle land that was producing an excellent growth of Vasey grass, so he purchased a new mower and a baling machine and saved 2500 bales of hay off this acreage. The hay not only supplied him with his home needs but the surplus paid for his machinery and left an extra profit.

ADDING MACHINE ROLLS now on sale at The News office.

Tahoka Daisy, New Flower Found At Lake, Attracts Nation-Wide Interest

Did you know that there is a flower known as the Tahoka Daisy? Did you know that this flower is now finding favor with the florists and flower gardeners of the North? Did you know that it is even being introduced into England and Germany?

Did you know that it got its name from the fact that it was first found growing as a wild flower on the prairies near Tahoka Lake?

It is still doubtless growing there each year—and in other localities in Lynn county. It is even possible that some of you who read this item have it growing in your flower garden without knowing its name.

Honestly, we never knew that there was any such flower until a few weeks ago when Mrs. LaVern Kershner of the Lubbock Nursery called our attention to the fact. She told us that Mrs. W. A. Myrick Sr. of Lubbock had discovered the flower growing on the Tahoka Lake Ranch a few years ago and had sent the seeds to some florists in the North, who are now growing the plant commercially. Later, she furnished the clipping from THE FLORISTS' REVIEW describing this flower, printed below, and also an advertisement of the Tahoka Daisy appearing in the same periodical.

Then we wrote to Mrs. Myrick asking her to furnish us the history of this flower, and she has kindly done so.

"Some years, probably seven or eight years ago, I went down to the Wolfarth Ranch (The old Slaughter or Jack Alley Ranch) near Ta-

hoka," says Mrs. Myrick, "and there found the wild flower that I named the Tahoka Daisy. I brought some plants home and transplanted in my garden. They grew and bloomed so freely until frost. Then next year they came up voluntarily. I found they make excellent cut flowers, lasting for days. However, the first day after cutting they open close; but next morning they open up and do not close again until they are withered and exhausted. The color ranges from blue to lavender, this irregularity probably due to shade or strong light.

"I sent seed to several florists, feeling that they would prove a splendid acquisition to the flower growers, especially of arid climates. The florists that I remember sending seed to are Dreer's, Philadelphia, and Vestal's, Little Rock, Ark. Dreer's sent some of the seed to the Botanical Garden, N. Y., and they were classified as asters.

"The next year Mr. Rex Pearce of Merchantville, N. J., happened to be at Dreer's gardens when the seeds were received. So he wrote me for seeds and plants, and each year since he has written me for seed, and now he is offering seed for sale.

"I noticed Dreer's catalogued the daisies a year or two ago but not under the name of Tahoka Daisies, as Mr. Pearce has done."

It should be remembered that the many species of daisy in the United States are members of the aster family, and hence the classification of this plant by the Botanical Garden of New York as an aster.

When you drive out to Tahoka Lake this spring or summer keep a look-out for this flower. Or, if you wish to grow some of these flowers in your own garden, just write to Mr. Rex Pearce of Merchantville, N. J., for some seed.

Below is the clipping from the FLORISTS' REVIEW of February 21.

TAHOKA DAISY FINDS FAVOR

Lasting Summer Cut Flower

The Tahoka daisy, botanically *Machaeranthera tanacetifolia*, is an unusually graceful and beautiful lavender blue daisy with fine fern-like foliage. The blooms are particularly large for this type of plant and are carried individually on stems of good length. The flowers are many-rayed, with long slender petals of pure blue lavender, tinted a bit though with rose as they fade. The centers are a good deep yellow and hold the color well.

Under open ground culture, the plants are in flower by mid-June, keeping in continuous bloom right through summer heat and until well in October. The Tahoka daisy is excellent for cutting, the flowers remaining widely open and in good condition for a remarkably long time. They are delightfully effective for table decoration, but lend themselves to many other uses.

Whether the plant is a short-lived-perennial or a biennial is a matter of controversy. Practically, it should be treated altogether as an annual. The seeds need cold treatment to help germination. Where possible, late autumn sowing in unheated frames or in open ground seed beds, for spring sprouting, is advisable. Later on much the same advantages to the seeds may be given by keeping them in a closed jar for six weeks in an ordinary household refrigerator before sowing them. Fair stands, also, have been obtained from direct spring sowings, without giving the seeds any cold treatment, but this means slower and more uneven germination, with consequent delay in getting the plants into flower.

News Item Starts Inquiry

The foregoing notes were supplied by Rex D. Pearce, the introducer of the plant to the trade, upon inquiry after the appearance recently in The Review of the following news item: "A. R. Pontius, Harbor Springs, Mich., reports finding a new cut flower item last summer that should interest all florist-growers. This, the so-called Tahoka daisy, treated as an annual, produces a succession of rosy lavender daisies on long stems carrying ferny foliage all summer and fall. It is a good keeper and a useful item at all seasons."

C. W. Wood, author of the Hardy Garden column, who supplied the news item, commented further about the plant, upon being question-

ed, as follows: "I can testify to the fact that the Tahoka daisy is a good cut flower, for I judged a vase of the flowers last fall after they had been cut close to a week and they were in perfect condition."

Being Introduced Abroad
Mr. Pearce mentions also that the original seeds of the plant were sent to him several years ago by an amateur collector, who stated that the flower was known locally as the Tahoka daisy. Mr. Pearce grew the plant for two seasons before putting the seeds on the market. It has proved immensely popular, he says, all florists that have visited his trials commenting favorably about it. This year the Tahoka daisy is being introduced in both England and Germany, seed houses in each of these countries having made trial plantings last year.

"Of course," states Mr. Pearce, "it is new only in the sense that it was not in cultivation at the time I put it on the market. I find one or two obscure references to it under botanical synonyms in English writings of a couple of generations ago, but it seems not to have taken hold to any extent there and not at all here. This, though, is the usual situation with plant species when they are put out."

Black-Draught Brings Refreshing Relief of Constipation Troubles

Constipation produces many disagreeable sensations, several of which are mentioned by Mr. T. E. Smith, of Boonville, Ind., who writes: "I have used Theford's Black-Draught many years when needed for biliousness and other minor ills when a laxative was needed. I have a tight feeling in my chest when I get bilious. I get dizzy and feel very tired, just don't feel like doing my work. After taking Black-Draught, I feel much better. This is why I continue to use it when needed." Theford's Black-Draught is a good, purely vegetable laxative, obtainable for 25¢ a package.

We are in A New Automobile Era!

Cars built since 1931 have twice the power and speed of ten years ago!

Continental offers you better lubrication for modern cars —an *Alloyed Oil with twice the film strength of other oils!

IT'S hard to realize how improved cars of the '30s are over those we drove ten years ago. We are in a new automobile era! Power and speed have almost doubled in a decade, with little increase in motor size.

Increased power has brought enormous increases in bearing pressures and crankcase temperatures. In making motor parts that will stand up under these severe conditions, car manufacturers have turned to new alloy metals of extra strength and durability. For the same reason, you must have oil with enough extra oiliness and film strength to protect your motor under extreme pressures!

Yet motor oils generally have no more oiliness and film strength now than they had ten years ago. New refining methods have recently come into use to make oils free from carbon and sludge. But these new refining processes have actually lowered instead of increased oiliness and film strength!

There is one exception—Conoco Germ Processed Motor Oil. It, too, is free from carbon and sludge troubles, as its users know after millions of trouble-free miles of driving. But more important, Timken machine tests prove that the new Germ Process* puts into this oil 2 to 4 times the film strength of any straight mineral oil! That extra film strength protects your motor under the most extreme pressures and heat.

Germ Processing gives other valuable advantages. Because Germ Processed Oil penetrates and combines with metal surfaces, a "Hidden Quart" stays up in your motor and cuts down starting wear. Germ Processed Oil gives longer mileage with greater motor protection, as proved by the famous Indianapolis Destruction Test.

Plain mineral oils were all right ten years ago—today they are becoming obsolete. Say "O.K.—Drain"—fill with Conoco Germ Processed Motor Oil and drive with the comfortable assurance that your oil meets your motor's needs!

PEETY MAN ACCIDENTALLY KILLED SELF THIS MORNING

(Cont'd. from Page 1)
 to find his father gasping for breath as life quickly ebbed away. Neighbors also heard the shot and rushed to the scene.

The accident occurred about seven o'clock when Mr. Purcell went out to shoot some brants that had been feeding about his place. In going through a wire fence of his outlots, his foot caught a wire causing him to fall.

County Judge W. E. Smith, accompanied by County Attorney Truett Smith, Deputy Sheriff Ed Redwine, and the Undertaker, Borden Davis, went out to hold an inquest. His verdict was that Purcell had met his death from an accidental gunshot wound. The weapon was a double-barrel shot gun.

Mr. Partell and family had resided on the Joe Heare farm in the Petty community the past two or three years. He was forty-one years of age, and leaves a wife and five children. Funeral arrangements had not been completed at noon today.

TUBERCULIN TESTS BEING GIVEN COWS OF COUNTY

(Cont'd. from Page 1)
 Animal Industry, the county furnishing the ear-tag.

Other counties in this section of the state, including Lubbock and Tully, have been tested already. Some others are yet to be tested. This work is being carried on throughout the United States.

The force of men working here came from Parmer county to this county, which they have just tested. Six of the men began work Monday, the others coming later. The personnel of the party is as follows: Dr. M. A. Molohon, supervisor, and Drs. J. R. Alleston, E. C. Kensley, John Floyd, L. H. Rush, E. R. Trull, C. Latahaw, M. H. Rhoads, A. J. Lewis, C. A. Masten, W. N. Hattser, and H. L. Smith.

Mrs. Penny North and her two children, La Ru and Wendell Britton, are visiting Mr. and Mrs. R. T. North in the country.

R. A. Hoover, local manager of the Jones Dry Goods Store, is sick of the flu.

Rose Culture Is Taught By Expert

"This climate is so different from that in other sections of the United States that it is impossible to follow books on rose culture", said K. N. Clapp, a rose grower of Lubbock, in his discussion of rose growing before the Lubbock Garden Club in the home of Mrs. Elmo Wall Friday, March 8. "Here we must stick to the known varieties of roses and be governed by experience," Mr. Clapp said.

Some of the conditions named over which we have little or no control were: false springs, warm weather in January followed by sub-zero weather, and the same repeated until about the first of April, static, alkaline soil, high winds.

"Locate beds or rose garden away from north and west winds if possible," continued Mr. Clapp, "and if tree roots interfere sheets of old corrugated iron sunk two feet into the ground form an effective wall.

"Though roses like clay they do not have to have it, nor do they have to have the full day's sun; they do like a well drained soil and fortunately we have that in this section of the plains," he said.

In speaking of soils Mr. Clapp said that after a rose is well established it can hardly be over-fertilized. "Well rotted barnyard manure adds the needed humus to the soil but has little value as a fertilizer, but some good commercial fertilizer should be added by scattering one or two ounces above the ground when the plant is pruned in the Spring and repeated every six weeks or so during the blooming period."

Mr. Clapp considers soil preparation so important that he said that he would rather have a "ten cent rose in a one dollar bed than a one dollar rose in a ten cent bed."

Naming some of the roses that he has found successful in Lubbock Mr. Clapp included Radiance, both Red and Pink, Souvenir, Golden Dawn, Madame Butterfly, K. A. V. Paul's Scarlet Climber, American Pillar, Silver Moon and others.

Mr. Clapp advised late Spring planting for this section, saying that he preferred the last 10 days in March though he is always careful to remove all buds and not let the plant bloom until Fall.

Some of Mr. Clapp's advice on diseases, insects and care will be given later.

Those attending Mr. Clapp's lecture from Tahoka were Mesdames G. H. Nelson, G. M. Stewart and E. I. Hill.

Edith

The number for Sunday School was increased Sunday. We are asking those who have recently moved into our community to attend Sunday School and singing at all times.

Those present enjoyed the party at Mr. and Mrs. A. A. Anderson Saturday night.

Mr. and Mrs. J. M. Faubion spent Sunday with Mr. and Mrs. Joe Sanders and Miss Lola Smith.

Mr. and Mrs. Dudley Martin visited Mr. and Mrs. E. D. Payne Thursday night.

Mrs. Nora Sanders took dinner with Mr. and Mrs. Dearmon Sunday.

Mr. and Mrs. J. T. Owens spent Sunday afternoon with Mr. and Mrs. Kyle.

Mr. and Mrs. A. A. Anderson and family, Deward Nelson and Geneviva Payne took dinner with Mr. and Mrs. Joe Anderson.

Miss Christine Owens spent Sunday with Ruby Payne.

Inness Anderson visited Marie Sanders Sunday.

Miss Lollie Murrach of Dixie visited Mr. and Mrs. Garnett a few days of last week.

Billy Joe Thompson spent the week end with Mary Gene and Percy Deen Tippit.

Imozell and Dora Edith Weathers spent the week end with Bobbie Dunagan of Dixie.

J. W. Tippit spent Saturday night and Sunday with Arden Sanders.

The try-outs for declamation were held Monday night. The judges were Miss Wilson, Mrs. Nix and Bro. Mathers, all of Wilson. Arthur Hammonds was winner in junior boys. Ovida Yvonne Weathers was winner in junior girls. Everitt Bishop and Nora Jenkins were winners in tiny tot story telling eliminations.

Everyone come to Sunday School and to Singing Sunday night.—Reporter.

Floyd Jaynes and mother, Mrs. J. A. Jaynes, and his grandmother, Mrs. A. O. P. Nicholson, were called to Plainview Wednesday night by the serious illness of Mrs. Nicholson's son, Van Nicholson, who is suffering from pneumonia. The message stated that there was little hope for his recovery.

CITY ELECTION PROCLAMATION

By virtue of law in such cases made and provided, I, C. H. Cain, Mayor of the City of Tahoka, Texas, do hereby issue this proclamation ordering an election to be held at the Courthouse in Tahoka, Texas, on the first Tuesday in April, 1935, the same being the 2nd day of April, 1935, for the purpose of electing a mayor, three aldermen, a city attorney and a city marshal for said city.

The present terms of office of Aldermen S. D. Sanders, L. C. Haney and S. E. Reid expire at this election.

I hereby appoint G. A. Brasfield presiding judge of said election and Carl D. Griffing and J. S. Weatherford associate judges of said election, and the said G. A. Brasfield, with the assistance of said associate judges, is hereby authorized to appoint two clerks to assist in holding said election.

The polls shall be opened at 8:00 o'clock, a. m. and closed at 7:00 o'clock p. m., on said day, and said election shall be held and returns thereof made in accordance with law in such cases made and provided.

Witness my hand officially, at Tahoka, Texas, this 19th day of March, A. D. 1935. 31-2tc. C. H. CAIN, Mayor.

PREPARE FOR EMPLOYMENT

The ultimate goal of most young people who go on with their education after high school is to secure a well-paying position with chances for advancement.

With business steadily improving, there is an increasing demand for capable young people who possess a high school education PLUS specialized business training.

How the Draughon Training and Employment Departments are helping many young people capitalize on their education and on the growing opportunities in business, and a proven plan for helping you to secure your first position, is fully explained in a new booklet called "Planning Your Future", which has just been published for young people who want to get ahead.

A postcard will bring your copy without cost or obligation. Write today, Draughon's Business College, Lubbock, Texas. (Or see this paper about Special Scholarship). 27-2tp.

MANUSCRIPT COVERS—\$1.50 per box of 100, or two covers for 5c.—The News.

Callaways Return From San Saba

Dr. and Mrs. E. E. Callaway returned Tuesday night from a week's stay at their summer home on his little ranch on the Colorado River in San Saba county. The Doctor says that they had a great time eating fish and squirrel.

The Doctor owns about 350 acres of land there on which he has about 100 fine pecan trees. Grass on this ranch is fine now, the Doctor says, and he has recently purchased some cows here and removed to this ranch.

Under one of the large spreading pecan trees on the bank of the Colorado he some time ago built a stone camp house consisting of two rooms, where the Doctor and Mrs. Callaway expect to spend their vacations.

Dr. and Mrs. Callaway came back by Fort Worth, where they visited the Fat Stock Show, and the Doctor says it is fine this year.

WOMAN BUILDS CLOTHES CLOSET AT COST OF 15 CENTS

Plains—"My new clothes closet cost me only 15 cents for tacks, nails, and corner locks," Mrs. E. L. Ellison, wardrobe demonstrator in the West Ward Home Demonstration Club in Yoakum county, told Miss Lillith Boyd, home demonstration agent. "I made the frame out of a stove crate and covered it with cardboard boxes. The hinges for the door came off of an old cabinet and the paper to cover it inside had out was given to me."

The closet is 28 inches wide, 50 inches long, and extends to the ceiling. Five shelves on one side are convenient for storing folded materials and one shelf extending the full length of the closet above the rod is used for hats.
