## KELTNER GETS HOTEL'S TITLE

### High Court Returns Property To C. B. Keltner After Long Legal Battle

Many friends here will be delighted to learn that in the case which has been pending in the Court of Civil Appeals involving the title to the Keltner Hotel, the Court rendered a decision a few days ago virtually vesting the title free of incumbrance in Mr. and Mrs. C. B. Keltner. The plaintiff, the Temple Trust Company, has filed a motion for a rehearing, however, and it may be several weeks before final judgment is rendered. The suit was originally filed in the district court of Bell county and judgment was rendered in favor of plaintiff, whereupon the defendants appealed to the Court of Civil Appeals at Austin. The Keltners were represented by Lockhart and Brown of Lubbock.

Mr. Keltner does not contemplate the reopening of the hotel immediately. Even after final judgment is rendered in his favor, it will require several weeks for him to make the necessary repairs and to place the hotel in proper condition, he says. But he does hope to be able to open it again some time this summer.

## Mrs. Charley Ellis Died Monday

Mrs. Nola Parks Ellis, 26, wife of Charley Ellis of the Newmoore community, died in the Lubbock Sanitarium Monday following a major operation.

Burial was at Draw Tuesday afternoon under the direction of Harris & Applewhite of this city, funeral directors. The funeral services were conducted at the Draw Methodist Church, the pastor, Rev. Wheeler officiated, assisted by Rev. L. S. Jenkins of Muleshoe, former pastor of the O'Donnell Baptist Church.

It was in the Draw Methodist Church that deceased, Miss Nola Parks, was married to Charley Ellis on December 24, 1927. This was a Christmas Church wedding, and it is the only wedding that has been consummated in this church, it is said. The same little girls who served as flower girls at the wedding also acted as the flower girls at the funeral Tuesday.

Mrs. Ellis professed faith in Christ at the age of 13 and she ever lived a consecrated Christian life.

Born on November 18, 1908, she was the daughter of Mr. and Mrs. I. H. Parks of Draw. Though born in Concho county near Brady, she spent practically all her life in the Draw community in this county. Besides her husband and her parents, she leaves surviving her a little four-year old daughter, Joy, one brother, Tolle Parks, and one sister, Mrs. N. T. Singleton, O'Donnell.

A great throng of friends and relatives attended the funeral services, expressing in many ways their genuine love and esteem for the good woman whom Death had called away. The family have the sympathy of all.

## Alleged Thieves Of Car Caught

Pearl Benson, sheriff of Bosque county, and D. A. Turner, owner of a car that had been stolen while parked in front of a church in Meridian, were here Saturday night to recover the car and to convey the thieves, who were in jail here, back to Meridian.

The thieves were apprehended when they appeared here Thursday morning at the Frazier Produce with a bunch of chickens for sale. Irvin Dunagan noticed that the car did not bear a Lynn county number, and while the culprits were preparing to unload the poultry he telephoned the sheriff. B. L. Parker came over and took the two gentlemen in charge and soon discovered that the car had been stolen in Bosque county. He placed the thieves in jail and phoned the sheriff of Bosque county.

Mr. and Mrs. Borden Davis were called to Tulla Tuesday by the death of Borden's uncle, a brother of Mrs. Scott Davis.

## GET FUNDS FOR SOIL EROSION

### Ten Cents Per Acre Available For Lining Or Re-lining Lynn County Lands

County agent V. F. Jones received official notice Wednesday that Federal funds had been allocated to Texas and to Lynn county with which to fight soil erosion caused by the winds.

Farmers who have been unable to list their lands or whose listed lands need to be related, should make application to County Agent V. F. Jones for a portion of these funds with which to buy feed or fuel, which will be furnished at the rate of ten cents per acre. Upon approval of the application by Mr. Jones, the funds will be furnished by the county administrator, B. P. Maddox.

Farmers who expect to participate in this fund should make application at once, since May 1 is the limit for procuring such funds.

## Oil Test Is Now Down 4,521 Feet

A new mud pump was installed and drilling resumed Saturday on the Hart oil well out in the T-Bar 10 miles west and south of Tahoka, but on account of the depth and the hardness of the structure slow progress is being made, about 20 feet a day. A depth of 4521 had been reached at an early hour this morning.

Drillers expect to be able to determine whether or not they have oil in paying quantities when they go through the hard lime in which they have been operating for the past few weeks. Mr. Hart and others are very optimistic, since they have some gas and a good showing of oil.

## Rabbit Drive At Lake Successful

G. H. Spears declares that the rabbit drive out at Tahoka Lake Tuesday was a decided success. The crowd was not large but about 165 or 170 rabbits were killed. A picnic lunch was served at the noon hour and all had a good time.

Sam Holland, who attended the rabbit drive, was happy Tuesday night. He was on the losing side in that Men's Sunday School Class contest, and it is up to him and his side to entertain the winners with a banquet. He had been tearing his hair and racking his brain trying to devise some means to stage a banquet. So, on Tuesday night he announced that he had 166 long, lean, lank jack rabbits, all nicely dressed and salted down, ready for the frying pans or the boiling pots; and he is ready for the emergency.

## DID THE FIRE MAKE THE ROOSTERS LAY?

There was a slight fire among the poultry denizens in the rear of Murphy Bros., one day last week. While it looked kinder hot for the feathered tribe, we understand the fire was put out without the necessity of calling in Chief Eunice Jones and his fighters.

But, "bulieve it or not" there was neatly deposited in a crate that contained three staid old roosters, three real eggs, generally supposed to be produced by the "madam" of the species. This was verified by not only the Murphys—all nonperverciators—but also the force in Ernie's cafe—as good or better.

Now we suppose the Lynn County News (Tahoka), and the State Line Tribune (Farwell) will have to "shetup" awhile, as they are not likely to head this chicken roost story.—Terry County Herald.

## METHODISTS WILL ATTEND BROWNFIELD CONFERENCE

District Conference of the Methodist Church will be held in Brownfield all day Tuesday, April 23rd, beginning at 9:30 in the morning. Dr. W. M. Pearce, presiding elder of the Lubbock district, announces.

The following delegates from the local church are expected to accompany Rev. and Mrs. H. C. Smith to the meeting: Messrs. W. E. Suddarth and Joe Poindexter, Mmes. Dr. E. E. Callaway, G. M. Stewart, G. M. Reid, and Sam Reid.

## Three Men Charged With Violation Of Liquor Laws In Lynn County

Four complaints charging violation of the Dean liquor laws were filed here Wednesday morning.

Two complaints were filed against F. O. Greathouse, operator of a filling station here and a long-time resident of Tahoka, one charging the unlawful sale of intoxicating liquor and the other charging possession for the purpose of sale. The accused made bond in each case and was released.

One complaint was filed against R. L. Hogue of Slaton, charging him

with an unlawful sale of liquor in Lynn county. He was placed in jail and had not made bond this morning.

Tom Belvin, a colored gentleman of this city, is also in the toils of the law. He is charged with unlawful possession of liquor for the purpose of sale. He also is still behind the bars.

These cases will be investigated by the next grand jury, which will be impaneled in September.

## Aged Grassland Man Is Buried

John R. Blum, 89, a native of Switzerland, died at the home of his daughter, Mrs. J. B. Butler, near Grassland at 6 o'clock Saturday afternoon.

Funeral services were conducted at the Baptist Church here at 2 o'clock Monday afternoon. Rev. M. C. Bishop of Post officiated, assisted by Rev. Geo. A. Dale of Tahoka. Burial was in the Tahoka cemetery under the direction of Harris & Applewhite, funeral directors.

Mr. Blum came to America after teaching manhood's estate. He had been a citizen of the Grassland community several years but had been an invalid for a long time. Last summer he united with the Baptist Church here and was baptized by Rev. M. C. Bishop of Post.

## Entertains Prisoners In County's Jail

Sheriff B. L. Parker entertained in his hotel upon the top floor of the court house last Saturday night five or six unwilling guests who were on their way to Hunstville. One of them was a woman, and one was Buddy Compton of Lubbock, who formerly resided here, and who had been convicted of robbery and given a sentence of eighteen years in one of the Lubbock district courts. They were accompanied by a penitentiary agent, who was acting as escort for the company.

They left here Sunday morning accompanied by a Lynn county prisoner. This was Russell Brown, the man who was convicted at the last term of court here for the burglary of the office of the Woodridge Lumber Company and stealing therefrom a typewriter and an adding machine. Ed Redwine got on his trail and he was captured over in New Mexico. Ed went over and brought him back.

## NEW OFFICERS INSTALLED IN P. T. ASSOCIATION

The Parent-Teachers Association held their regular meeting on Wednesday, April 17, in the high school auditorium. In the absence of the president Mrs. Irvin Stewart presided and installed the following new officers: Mrs. G. M. Reid, president; Mrs. E. I. Hill, vice president; Miss Linnie Tippit, secretary; Mrs. Bascomb McCord, treasurer.

After the business meeting a very interesting program was rendered by boys of the agriculture class of Tahoka High School. Talks concerning their year's work were made by Leo Brooks, Preston Strasner, Luther Carpenter, Johnnie Janak, Wade Howell and Dorsey Allison. The agriculture quartet also sang "Old Faithful".

## DURHAM IN WACO

Dr. K. R. Durham is in Waco this week attending the annual meeting of the Texas Dental Society. He was to appear on the clinic program during the meeting.

Prof. and Mrs. M. L. H. Baze of friends. Mr. Baze was superintendent of the Tahoka schools for four years and Mrs. Baze was a teacher in Central Ward. They have many friends here who are always glad to see them.

Mr. and Mrs. Claude Donaldson and family were called to Crowell Tuesday by the serious illness of Mrs. Donaldson's oldest brother, Steve Roberts, suffering with pneumonia. Mr. Roberts is a pioneer settler of that section.

## Judging Team Goes To A. & M.

J. D. Strickland, teacher of vocational agriculture here, and four of his pupils, Harold Snowden, Robert Maddox, Joy Edwin Brown, and Wilson Edwards, are attending the annual judging contests being held at the A. & M. College this week.

The four above-named boys constitute the poultry judging team of Tahoka High School and they are hoping to bring back some honors, though teams will be there from the best schools all over Texas and the competition will be keen.

Thus far this year this team has made a very creditable showing, winning first place in the annual Tech contest two weeks ago. They also won third place at Tulla against eighteen teams, third at Ralls and fifth at a contest held at Abernathy the past winter.

## Red Cross Helps Storm Sufferers

W. E. Suddarth, chairman of the Lynn County chapter of the Red Cross, sent a check this week to aid the storm sufferers of Quemado, a new town in the Rio Grande valley between Eagle Pass and Del Rio, which was recently struck by a tornado.

The national Red Cross organization sent out a statement to the Red Cross chapters of the state advising that the sum of \$27,322 is needed to take care of the situation. It stated that 208 families were being given relief and that possibly 42 other families would apply for relief.

Several persons were killed and about 88 homes were destroyed, we understand. Among those killed was E. R. Woodridge, formerly a resident of Brownfield, and his daughter, Mrs. Tankersley, was badly injured.

Quemado is a new town in a recently opened irrigation district and a number of Lynn county families moved down there last year, among them the J. H. McNeely, the J. O. Allen, and other families in the northwest quarter of the county.

## LUBBOCK MAN SPEAKS AT BAPTIST CHURCH

A laymen's service was held at the Baptist Church Sunday night. The choir consisted solely of men, who rendered a brief musical program, which closed with a solo by Prof. Kary Mathis.

The speaker of the occasion was T. C. Lamb of the Post Office department at Lubbock. Mr. Lamb stressed the practice of tithing as a great Bible doctrine and as the best method of financing the Church and her activities.

## J. W. STEELE DIES

Elder R. P. Drennon was called to Brownfield Sunday to conduct the funeral of an old friend, John Wesley Settle, who died on the preceding Friday. Mr. Settle was 63 years of age and had resided near Brownfield many years. He had been a member of the Presbyterian Church since he was 17 years of age. The funeral services were conducted in the Church of Christ.

Mr. and Mrs. L. C. Haney and little daughter left Sunday for Corpus Christi. They expect to return before the end of the week accompanied by Mrs. Haney's mother, Mrs. Stone.

Jim Brewer, who was city marshal here a few years ago, is here visiting friends and relatives. For some time now he has been on the police force over at Hobbs.

## FARMERS ASK LOAN ON CROP

### Applications Are Coming In Rapidly, Lockwood Says; Large Number Predicted

Application for emergency crop production loans have been coming in rapidly, A. L. Lockwood reports, though the first rush seems to be over.

These loans are made to farmers to enable them to make crops. No loan is made for more than \$500.00. The interest rate is 5 1/2 percent, and the loans become due on November 1, 1935. All mortgage-holders, if any, must sign a waiver of their prior rights, and if the applicant is a tenant the landlord must sign a waiver of his landlord's lien in so far as the Government is concerned.

Mr. Lockwood says that only a small sum was loaned to the farmers of Lynn county last year, though much larger sums were loaned in previous years. Practically all of it has been repaid. He expects the aggregate amount of loans this year to mount upward to a comparatively high figure again.

Mr. Lockwood is the chairman of the Lynn county committee; and Jack Applewhite and Chester Connolly are the other members.

## Circulate Park Bond Petitions

Petitions have been drawn and are being circulated asking for an election to be held throughout Lynn county to determine whether or not bonds in the sum of \$6,100 shall be issued with which to purchase a tract of 560 acres of land at Tahoka Lake for the purpose of converting it into a state park.

The petitions have not yet been widely circulated but are meeting with a hearty response, according to J. M. Dye, one of the committeemen in charge.

## Sudan Seed Stolen From Terry Farmer

Deputy Sheriff Ed Redwine reports that 3500 pounds of Sudan seed were stolen from a Terry county farmer residing near Meadow on Tuesday night.

The seed were in Venon cotton seed cake sacks. They were worth several hundred dollars. Officers are working on the case.

## TEXAS TECH TO BE HOST TO MATHEMATICS ASSOCIATION

Lubbock, April 17.—Texas Technological College will be host to the Texas division of the Mathematical Association of America April 20. Meetings will be held in Room 220 in the Administration building. A barbecue given by the Lubbock Chamber of Commerce will entertain the guests at noon, while the day's session will be culminated by a banquet that evening.

W. L. Porter of Texas Agricultural and Mechanical College is president of the Texas division. Dr. F. W. Sparks, professor of mathematics at Texas Technological College, is vice president.

Members of the organization will come from practically all of the colleges and universities in the state, and many will attend from the high schools of this area.

The association which deals with mathematical research and teaching problems was organized about 12 years ago. Dr. Sparks states that teachers of mathematics in the schools of the South Plains are especially invited to attend.

John King of Winters, a former resident of Tahoka and a long-time friend of Jack Applewhite, was a visitor here Wednesday. Mr. King had been to Brownfield, where he also resided for several years. Next to the Winters country, he thinks this is about the best in the West.

Louie Weathers is again able to be out, after having been confined to his room two or three weeks with a broken leg and a broken arm. The injuries were sustained when he fell into a pit which had been excavated for the purpose of installing a gasoline station at the Farm Bureau Gin.

## ALL TEACHERS ARE RE-NAMED

### One Teacher Does Not Ask For Re-election; Board Met Last Thursday

At the first business meeting of the new school board, which was held on Thursday night of last week, the entire faculty of the Tahoka Public schools was reelected, with the exception of Superintendent J. B. Pace Jr., who had already been reelected to his position, and Mrs. Charles Nelms, Home Economics teacher, who did not ask for reelection.

The faculty consists of the following members:

J. B. Pace Jr., Superintendent; J. T. Carter, principal of the high school; Prentice Walker, coach and science teacher; J. D. Strickland, vocational agriculture teacher; Mrs. Lenore M. Tunnell, History and English teacher; Mrs. Luellie Blidworth, Spanish, History, and English; Mrs. S. H. Assiter, seventh grade.

Central Ward—W. Kary Mathis, principal and sixth grade teacher; Miss Lowell Douthit, fifth grade; Miss Linnie Tippit, fourth grade; Mrs. Deek Dunagan, fourth and fifth grades; Mrs. W. D. Smith Jr., third grade; Mrs. W. O. Henderson, second grade; Miss Anna Ray Bishop, second and third grades; Mrs. A. E. Swan, primary; Mrs. L. P. Craft, primary.

South Ward—A. R. Bostick, principal; Miss Mabel Maggard, primary teacher.

## Former Citizens Injured In Storm

Lynn county friends learned with much regret a few days ago that Mr. and Mrs. J. O. Allen, formerly of the Dixie community, and Mrs. Claude Tankersley, formerly of the New Home community, were seriously injured in the tornado and hail storm which devastated Quemado, a new town in the Rio Grande valley between Eagle Pass and Del Rio, on the night of April 4. They were also grieved to learn that E. R. Woodridge, formerly of Terry county and father of Mrs. Tankersley, was fatally injured, dying in an Eagle Pass hospital the following Monday. Mrs. Tankersley, we understand, sustained a fracture of the skull but is expected to recover.

Mr. and Mrs. Allen were beaten almost to death by the hail. Their home was blown to splinters by the wind, according to a letter which Mrs. Allen wrote to the Bearden family, who reside on the Allen farm in the Dixie community. Mr. Allen was blown over into a neighboring field and into a ditch. By the flash of lightning he discovered a woodpile and made his way to it for protection. Mrs. Allen and the two boys were blown out into the yard forty feet from the place where the house had stood, and the bedstead partly over them. She protected the boys from the hail with her own body until she finally procured a quilt hanging to the bedstead and wrapped the boys in it. They were scarcely hurt at all, but Mrs. Allen was terribly beat-up.

Other former Lynn county families residing at Quemado are those of J. H. and Arley McNeely and J. A. Loyd. They sustained no personal injuries but did sustain considerable property damage.

O. O. Sproles was circulating a subscription list here Tuesday for the benefit of the Allen family, to which most of the business men of Tahoka contributed.

## Tahoka Musicians Win Tri-State Meet

In the Tri-State Music Festival conducted at Carlsbad, New Mexico, last Friday, both Jo Jo Lehman and Betty Sue Roberts won high places. Jo Jo made a grade of 97 in violin solo, and Betty Sue placed as superior in piano solo.

Mrs. Oscar Roberts and daughter Eloise accompanied these little contestants to Carlsbad.

A. O. P. Nicholson, 90 years of age, who has been quite sick for several weeks, is not showing much improvement.

**WHAT'S THE MATTER WITH  
COTTON?**

Undoubtedly the Government AAA  
program has been of vast benefit to  
a majority of the cotton farmers  
during the past two years.

Undoubtedly it has greatly helped  
a great majority of the farmers of  
the South Plains. The vast sums of  
money that they have gotten from  
the Government has enabled them  
to pay many debts, given them  
greater buying power, and stimulated  
business.

But to the great surprise of most  
of them, in spite of the great cut in  
the acreage and the decrease in pro-  
duction the past two years, the price  
remains disappointingly low. There  
seems little prospect that it will ad-  
vance very materially this year.  
Many are beginning to ask: What  
is the matter with the cotton pro-  
gram?

There are those who claim to  
know. They say that the trouble  
is that our cotton program, our  
tariff laws, and other conditions  
which we could remedy are destroy-  
ing our foreign markets.

In the Texas Weekly of April 13,  
Peter Molyneux sets forth some  
illuminating facts. The figures he  
gives are taken from the census of  
cotton consumption in the spinning  
mills of the world for the six-  
months ending January 31, 1935, is-  
sued by the International Federa-

tion of Master Cotton Spinners' and  
Manufacturers' Association. During  
this period, the world consumed  
1,448,000 bales more of foreign-  
grown cotton than during the cor-  
responding period of a year ago,  
and 1,028,000 less of American cot-  
ton.

Also outside of the United States  
there was an increase in the con-  
sumption of cotton of all kinds of  
666,000 bales, whereas in the United  
States there was a decrease in con-  
sumption of 246,000 bales.

Furthermore, outside of the United  
States there was a decrease in the  
consumption of American cotton of  
794,000 bales and an increase in the  
consumption of foreign-cotton of  
1,460,000 bales.

A comparison of last year with  
the preceding year would show a  
like trend, according to figures  
which he sets out.

"Meantime, cotton is now selling  
at a lower price than it sold at a  
year ago," Mr. Molyneux observes.  
"At the same time wheat is selling  
for 26 cents a bushel more than a  
year ago, corn for 40 cents a bushel  
more; and hogs for more than  
twice the price a year ago. These  
are the items that go into the cost  
of living of the average cotton farm-  
er. And certainly there is no cer-  
tain outlook for a much higher  
price for cotton during the coming  
year."

"Finally there are about 100,000  
farm families, most of them former  
cotton tenants, on relief in Texas,  
with probably 150,000 more on re-  
lief in other cotton states. And  
there is no present or even remote  
prospect that, in all the circum-  
stances, that any great percentage  
of them will find regular employ-  
ment again in the cotton fields."

"Can it be said, in view of all this,  
that there has been progress toward  
real recovery or toward ending the  
emergency?" he asks, and then con-  
tinues: "We believe that the reason  
there has been no such progress is  
that the United States has contin-  
ued to follow a commercial policy  
in the meantime that has prevented  
the rest of the world from increas-  
ing its purchasing power within the  
United States. The world has in-  
creased its purchasing power for  
cotton, all right. The steady in-

crease of consumption outside of the  
United States proves that. But not  
for American cotton. The commer-  
cial policy of the United States as  
embodied in its high tariffs, its cur-  
rency policies, its attitude on inter-  
governmental debts, and its general  
efforts to limit imports to a mini-  
mum, tends to make it to the inter-  
est of practically every country in  
the world to buy as little from the  
United States as possible. This is  
what is fundamentally the matter  
with cotton."

Mr. Molyneux has a remedy to  
offer. Here it is: "Stabilize the dol-  
lar at about the present or slightly  
lower parity, but stabilize it; recon-  
vene the international economic  
conference for the purpose of stab-  
ilizing world currencies and lower-  
ing trade barriers; settle intergov-  
ernmental debts once and for all;  
and suspend the processing tax on  
cotton." It is a program to increase  
consumption, and that is what is  
needed."

Many West Texas people felt a  
pang of regret and disappointment  
when the papers brought the news  
a few days ago that W. R. Ely had  
not been reappointed to the state  
highway commission. He had served  
on this commission a little more  
than eight years. He went on the  
commission when it had fallen into  
great disrepute. He and Cone John-  
son and Ross Sterling "carried on"  
for several years; then Sterling be-  
came governor and Johnson died.  
Others were appointed to take their  
places but Ely remained on the job.  
During all the years of his service,  
during which millions of dollars  
have been spent and thousands of  
miles of road have been built, there  
has been no charge of graft or dis-  
honesty of any kind lodged against  
the highway body. There have been  
charges that favoritism was shown  
certain towns and sections. There  
have been charges that bad judg-  
ment was sometimes used; but no-  
body except the congenial crook  
and the misanthrope has ever dou-  
bled Ely's strict integrity. He has  
made a great record and deserves  
the commendation of the people of  
Texas: "Well done, thou good and  
faithful servant." Ely would make  
a great governor some time. In the  
meantime, we hope that Harry  
Hines of Wichita Falls, who was ap-  
pointed as Ely's successor, makes  
as good a highway commissioner as  
Ely has made.

A prominent farmer of this coun-  
ty came to the News office a few  
days ago to pick a crow with the  
editor. "You are always romping on  
us for not trading at home," he  
said, "and yet your own business  
men will not support us in any un-  
dertaking. When they had the M-  
at show at Lubbock, a number of Lynn  
county farm boys had calves there  
to exhibit and to sell and there was  
not a single Tahoka man there to  
bid on them. Other counties and  
towns had representatives there to  
bid on the calves offered by their  
boys, whooping 'em up and giving  
the boys encouragement. The only  
people from Lynn county to com-  
pete in the bidding for the Lynn  
county calves were the daddies of  
some of the boys. Furthermore, I  
never go to Lubbock that I do not  
see Tahoka business men or their  
wives up there shopping," he said.  
And he had us up a tree. We didn't  
have much to say—but we just pass  
this bit of information on to our  
people for them to think over a bit.

Three, desperate criminals sawed  
their way out of the Dallas jail and  
escaped early Sunday morning. One  
of them was a former pal of Ray-  
mond Hamilton. It does seem  
strange that prisoners can escape  
from a jail as strong and safe as  
the Dallas jail is supposed to be,  
and even from the death cell in the  
penitentiary. Officers can not be  
too cautious and vigilant in guard-  
ing their prisoners.

The blue bonnet is the state flow-  
er of Texas. It blooms profusely in  
some parts of the state. The flower  
is never seen on the prairies of these  
plains, and some have naturally  
supposed that it will not thrive here.  
This supposition is being discredit-  
ed, however, for there are now some  
beautiful and thrifty blue bonnets  
in full bloom in our garden.

Trees and shrubs are having a  
hard time putting on their greenery  
this spring. Not even the spring  
poets have yet budded out.

"Prices Soar"—Headline. And so  
are we.

**CARD OF THANKS**  
With sad hearts we wish to thank  
our many friends and neighbors for  
their kindness and help during the  
illness and death of our father and  
husband, and also for the beautiful  
flowers that were offered by our  
friends and neighbors.

Mrs. J. A. Earwood and children.

## Midway

The Midway school closed with a "Home Coming" program last Wednesday. A large crowd was present at the school's closing exercises, and they all had an enjoyable time.

The teachers of the Midway school, Miss Douthit, and Mr. and Mrs. Griffith, toured the county this week in co-operation with the State and County School Superintendents, plan to arouse more musical interest in the public schools of Texas. They took the following school and music pupils, who rendered a musical program at many different schools of the county: Lottie Stephens, Clara Payne Nordyke, Clovis Stephens, Icahene Stephens, Fern Willingham, Vada Belle Willingham, Oliver Johnson and L. B. Willis. All three of the teachers are musicians, which makes a total of eleven players.

The Midway School took second place at the County Meet.

The Midway senior track team took first place at the county, and three athletes entered the District Meet at Lubbock. All three of the men placed. Roy Stephens, the high point man of the Lynn county rural schools, took first place in the preliminary low hurdle contest, and second place in the semi-finals Friday afternoon. Jim VanDyke, second high point man, who was tied for that place in the County, took two second and three third places in the rural pentathlon finals at Lubbock. Cecil Cleveland, third high point man in the county, got a second place in the 220 yard dash of the District preliminaries. Midway had four other boys eligible for the district: Lloyd Grider, who won first place in the mile race, Oliver Johnson, who placed second in the same contest, and Woodrow Grider, who took second in the 880 yard run. Their contests were on Saturday at Lubbock, and none of them went because of the bad weather.

Mr. Griffith is very proud of his boys, not because of their winnings so much as because of their good sportsmanship.

It was these same boys who surprised the County by winning first place in the County rural basketball finals at Wilson a few weeks ago.

### PARKER COUNTY WOMAN GREATLY IMPROVES YARD

Weatherford—As part of her yard improvement work for 1934, Mrs. A. E. Scherer of the New Hope Home Demonstration Club in Parker county put out 63 foundation plantings around her house and 100 shrubs in screen plantings, of which three-fourths were native, according to Miss Janie Parks, home demonstration agent. The dirt had been washing for many years, so the yard was filled in and a retaining wall built across the front and side of the yard. The side and front fences were moved to make the yard larger. In addition, Mrs. Scherer underpinned the house, moved the smoke house back, sodded the yard, and built a cobble stone walk.

### GROUND FOR SUSPICION

Doc: "When did you first suspect that your husband was not right mentally?"

Mrs. Jones: "When he shook the hall tree and began feeling around on the floor for apples."

## REPORTS FROM THE COUNTY CLUBS

Miss Sylvia Robb, H. D. Agent

### April County Council Meets

"No family needs a doctor less than mine, because I have found how to feed my family a balanced ration through Home Demonstration work," said Miss Robb in quoting a Tahoka Club woman at the Home Demonstration County Council at the courthouse Saturday, April 13, to eight members and three visitors present.

Many families are not fed balanced rations, and a great many children refuse vegetables almost entirely. A large number of these children have been fed the same vegetables in the same style year in and year out until they have tired of them. Is your family satisfied with potatoes creamed or boiled, red beans and corn bread every day? If a vote were taken the answer would probably be No. Most of you mothers think this over, and ask yourselves the question, Is my family fed a balanced ration? Try new methods of preparing dishes and more attractive ways of serving them and note the results.

The next Home Demonstration County Council meeting will be on the second Saturday in May. All members will please be present, and if your club is not 100 per cent on Educational Fund, please send in your contribution this week if possible.

### Wilson Boys Girls Organize 4-H Club

On Wednesday evening, April 10, some twenty boys and girls, with about eight of their dads, of the Wilson community, met at the school house to organize a 4-H club for this coming year.

Mr. Jones, our efficient County

Agent, was with us and brought a very inspiring talk about the object of 4-H club work.

Floyd Heck was elected President, Robert Macker, Vice President, and Christine Wenzel, Reporter.

Several of the members will feed calves, some lams, some pigs, some will have other projects, such as poultry, maize and cotton. We will keep you posted as to the progress made by our club and are now putting the rest of the club boys and girls of Lynn county on notice that we are going to have the best club in the county.

### Personal Appearance Discussed At Meeting

Personal appearance, including care of the hair, teeth, hands and nails, was the subject Miss Sylvia Robb, County Home Demonstration Agent, discussed with the Grassland

4-H club girls at their meeting on Wednesday, April 10.

All these things go to make up good grooming and if one is neglected the appearance will not be as good as we can make it.

She also judged the dresses that were made in club work. These dresses will be worn at the Style Show on April 20. Each girl is glad to model her dress and feels that she has learned many things that will be helpful to her in making other garments.

M. C. Graham of Sweetwater was here Wednesday visiting the Scott Davis family, after returning from the funeral of a brother at Tulia.

Mr. Graham is a brother of Mrs. Scott Davis and is also a long-time friend of the editor. Of course he called at the News office for a brief chat.

## MEN'S DOWN TOWN BIBLE CLASS CLOSES BIG CONTEST

With 174 present, the Men's Down Town Sunday School class taught by G. E. Hogan closed a six weeks attendance contest Sunday.

The Reds were the winners by 11 points, and according to the rules of the contest, the Blues will entertain them with a banquet at an early date yet to be named.

At the beginning of the contest, the class was divided into two rival groups. The Reds were led by F. M. Billman, assisted by Frank Stuart and Dr. K. Stacy. The Blues had as their captain Alvin Hicks, who was assisted by Sam Holland and Bert Fowkes.

Of course many visitors were included in the number present Sunday morning. Among these were the Men's Class of the Methodist Church, more than 30 women, a few boys, and others who are not regular members of the class. The largest attendance prior to last Sunday was 65.

The class has been a "going concern" for several years. In recent months the attendance has been about 30 to 40 each Sunday. Many of these are men who do not often attend the regular services of the church but who enjoy the Sunday School lesson as expounded by Mr. Hogan each Sunday morning.

Mr. Hogan announces that there will be a special Easter service next Sunday morning, with special Easter music. All men who are not members of some other Sunday School class are cordially invited.

J. C. Nevill of San Antonio came in Sunday night to spend a few months here with his sons Jodie and Lynn Nevill.

## TAHOKA MUSIC CLUB WINS ADDITIONAL HONORS

Since last week's account of the local student music club, the Minor Baton, having been awarded the highest honors in the state on a basis of club efficiency, word has been received that the senior organization, the Tahoka Music Club, won the same honor—with the exception that one other club in the state also had a perfect rating sheet and the award was divided between them. President Mrs. Suddarth received the check Friday in a letter from District President, Miss Mattie Mae Swisher of Hereford, who expressed the hope of an early visit to her prize club bringing for exhibition on the large loving cup won by the Seventh District.

The Tahoka Music Club now has a membership of fifteen and the present officers, who are all to serve for the year 1935-1936 are: Mrs. R. L. Moreland, vice-president; Mrs. A. D. Seth, recording secretary; Mrs. H. C. Story, corresponding secretary and treasurer; and Mrs. K. R. Durham, historian.

It is a matter of justifiable pride to the membership that the district honors won last fall, as the smallest club in the district, grew into state honors for this spring convention, and likewise extended to the group which they sponsored in attaining their 100% requirements.—Reporter.

## PHEBE K. WARNER CLUB HEARS FEDERATION REPORT

Mrs. M. C. Finch was hostess to the Phoebe K. Warner Club at the American Legion Hall on Friday, April 12. During the business session, Mrs. L. E. Weathers, in her own clever way, gave a detailed report of the meeting of the Federated Clubs of the Seventh District at Plainview March 27, 28, and 29. The president, Mrs. R. W. Fenton, Jr., presented the plan of the Community Service of Texas Federated Women's Clubs, which means to inform all club members and Texans just what Texas has done in the "world of letters".

Mrs. Elliott conducted an interesting program on the "Government of Texas." Mrs. A. B. Swan read an instructive paper on "The Legislature." Five members of the Senior civics class—Cora Lee Deaver, Sybil Littleton, Pauline Smelser, Mary Helen Park, and Thelma Griffin—gave well prepared talks on Crime and Its Causes, Classification of Crimes, A Suit at Law, A Suit in Equity, and Criminal Procedure.

The hostess, assisted by Mrs. Craft, served refreshments to Meses J. R. Burleson, E. E. Callaway, A. P. Edwards, J. W. Elliott, R. W. Fenton Sr., R. W. Fenton Jr., Carl Griffing, R. L. Moreland, G. M. Stewart, L. E. Weathers, R. L. Richardson, W. O. Henderson, A. B. Swan, K. Mathis, H. C. Story, and Miss Sylvia Robb.

## BAPTIST LAYMEN HEARD BY METHODISTS SUNDAY

We had two fine services at the Methodist Church Sunday.

Mr. Truett Smith made an excellent talk Sunday morning. He discussed, first, The Ambitions of Life; second, The Relationship of One Life to Another; and third, Spiritual Development. It can well be said that he did justice to his subject.

Marjorie Wells gave a piano solo as the special music number, which was enjoyed.

Mr. G. E. Hogan had charge of the evening service. He took for his lesson the 27th chapter of Acts, discussing Paul's life, the faith that he had, and applying it to our lives. If we had the faith of Paul, all would be well. Those who failed to hear Mr. Hogan missed a special blessing.

Let all be in their places Easter Sunday. Take your place in the choir. Make your pastor know how you really do appreciate him. There will be special music. If you are not there you will miss something worth while. Brother Smith will be back in his pulpit. Let us all give him a good hearing.

A hearty welcome awaits you at the Methodist Church.—Reporter.

## JUNIOR MUSIC CLUB MEETS AT H. M. SNOWDEN HOME

A regular meeting of the Junior Music Club was held at the home of Mrs. Snowden on last Friday with Louise Park acting as hostess. The eleven members present enjoyed the following program:

Reading, "When Little Fred Was Called to Bed"—Julia Snowden.

Piano solo—Mary Margaret Tunnell.

Duet, "Home on the Range"—Julia Snowden and Lynette Tinsley.

Talk, "The Advantages of a Music Club"—Polly Anna Walker.

Duet, "America the Beautiful"—Audelle Prater and Louise Park.

A short business session was held during which one of the counselors read the constitution and by-laws of the club.

At the close of the program the hostess served delicious refreshments of cake and punch.

A special meeting will be held next Friday, April 19, with Eloise Roberts as hostess.—Reporter.

## CHURCH OF CHRIST NOTES

We are happy to report that the work of the Lord is moving forward in a fair way. One of the best things here is that we are at peace and harmony prevails in our midst.

We have been presenting a series of sermons on "Jesus" the last four or five Lord's Days at the morning hour, which seem to have provoked some serious thinking.

At the evening service we are studying the book of Acts which will continue for some time yet.

The men's development meeting is stirring us up quite a bit. This week's lesson is on "What Kind of Preachers and Preaching Does the Few Like Best?"

We received a call this week to hold the meeting at Close City again this year. It will be the latter part of July. We had a fine meeting there last summer and hope to have as good this year.

Services as usual here next Lord's Day. Come bring a friend. The friendly church, where you are a stranger but once.—R. P. Drennon.

## WILL ROGERS HAS GRANDEST ROLE UP TO THIS TIME

"The County Chairman" Gives Star Mirthful, Human Story Of Politics

He's done it again, ladies and gentlemen. The ace male star of the screen gives us another triumphant story!

Your favorite actor—as well as ours and the other fellow's—has turned again to the rural American scene for one of the most human, mirthful and flavorful films in years. All of which is just another way of saying that Will Rogers is with us once more, this time in the role of Fox Film's "The County Chairman," which opens Saturday at the English Theatre for three nights run.

"The County Chairman" is a fine and atmospheric screen version of

## MINOR BATON MET IN CALLED SESSION MONDAY

The Minor Baton had a special called meeting on Monday, April 15, at the home of their counselor for the purpose of taking their required hymnology test which had been necessarily postponed. There was no program, but a short business session during which one new member was admitted, was held.

The club made plans for National Music Week and also for a benefit party to be given soon. Fifteen members were present and took the test.

The next meeting will be on April 22 with Delton Pemberton as host.—Reporter.

## SPECIAL EASTER PROGRAM AT NAZARENE CHURCH

A special Easter program will be given at the Nazarene Church Sunday evening at 8 o'clock.

Sunday School at 10 A. M. and Easter sermon at 11 by Rev. J. C. Allen, pastor.

Public cordially invited to attend all these services.

## ALL-SEW CLUB

Due to circumstances beyond our control, last week's meeting was not held but was postponed until April 25. The meeting will be held in my home as originally planned. All members are urged to be present.—Mrs. E. I. Hill, reporter.

the famous George Ade comedy of the same name, which thirty years ago made the name and fame of Maclay Arbuckle as a stage star. It is a swift-moving and sure-fire story. But its present producers have been wise enough to retain both the original locale, a small Wyoming town, and the original date, the year 1902, a fact which permits the use of the colorful types and background of those days, when political campaigns were fierce and frenzied—and not just talks by radio!

The star appears as the fire-eating boss of a small town, who kisses all the babies, captures all the votes and brings together two estranged young lovers. In a scrap, however, he's too hot to handle!

There is rare humor and pungency in this screen portrait, a notable addition to the Rogers gallery of recent hits, which includes "David Harum," "Handy Andy" and "Judge Priest."

His supporting cast numbers many players who have been with him in previous successes, among them Evelyn Venable, Kent Taylor, Louise Dresser, Berton Churchill, Frank Melton and Stepin Fetchit.

Others playing important roles in "The County Chairman" are Mickey Rooney, Robert McWade, Charles Middleton, Russell Simpson, William V. Mong, Gay Seabrook and Erville Alderson.

John Hystone, Fox Film veteran, has directed the new Rogers vehicle with unerring skill and Edward W. Butcher is the producer. The

screen play was written by Sam Hellman and Gladys Lehman.

Don't forget—Will wins again with this one; and—if you see it—so do you!

Treasury figures show that 22 cents out of every federal taxpayer's dollar goes for interest on the national debt as compared to two cents before the war.

The new "ultimate" rate for residential users and its application enables small users of electric current to enjoy additional benefits at no extra cost, depending entirely on your use of the service. Get what's coming to you. Like benefits are available to larger users. Our suggestion is that you get in touch with our local representative and find out for yourself how you can increase your home lighting and other user. There's plenty in store for you.

The present trend in the country is to bring about the wider use of electricity. It is our candid opinion that every room in the average home has noticeable opportunities for freer use of the present appliances. One of the most outstanding opportunities is in lighting—so often ignored. We cannot emphasize too strongly the values possible under rates now applicable.

## South Ward

Mary Ellen Inman, Reporter

There was a large crowd out for Sunday School. We didn't have church due to bad weather.

We had a good singing Sunday afternoon. We were glad to have the Edith class with us. We want everybody to come back next fourth Sunday afternoon.

Several attended singing at Edith last Sunday night. Everyone reported a nice time.

Mr. Gene Rolland's father and mother and sister of Merkel and an aunt from Tennessee spent the week end with him. They returned home Sunday afternoon.

Visitors in the home of Mr. and Mrs. Lawrence Gandy Sunday were: Mr. and Mrs. J. M. James and family, Mr. and Mrs. Melvin James and family of Grassland, Mr. and Mrs. Ethridge and children, Margie and Harold, Mr. and Mrs. Cappy Ethridge and children, Mrs. James and children, Jessie, Claude and Vera, Misses Mable Maggard, Mary Ellen Inman, Norene and Ophelia Mason, Messrs. Johnnie Inman, Herschel Roberts, Charlie Mason and Edwin Slemmons.

Everyone enjoyed the party at Mr. and Mrs. Cecil Chambers' Saturday night.

Several attended the "42" party at Mr. and Mrs. J. T. Owen's of Edith Saturday night.

Everyone enjoyed the surprise birthday party given for Miss Cassie Mason in her home last Wednesday night.

We had a good crowd out for choir practice last Friday night and everyone come for practice next Friday night.

Mr. Sherman Inman is still bad sick. We are hoping he will soon be well.

Mrs. Eaton is sick also. Mrs. Boen was sick last week but we were glad to see her out for Sunday School.

Mrs. J. W. Moore of Snyder and her father from Birmingham, Alabama, visited Mr. and Mrs. W. P. Inman and family Tuesday.

Mr. and Mrs. David Moore and babies of Snyder visited Mrs. Moore's parents, Mr. and Mrs. W. A. Hardt and family Tuesday.

Everyone remember Singing Friday night and come.

Mr. and Mrs. S. R. Kemp of Garlynn spent Sunday here in the home of their daughter, Mrs. J. K. Applewhite. Mr. Kemp was formerly in business here. He is now operating a farm, and he says he believes the sandstorms have enriched his soil, since they have deposited a fine silt and have carried but little of his soil away.

### FLASH! FLASH! FLASH!

Recent dust storms which have swept the middle-west, leaving in their path unprecedented crop destruction and human suffering, are also found to be taking a tremendous toll in motor wear.

One automobile dealer has reported an example case in which a new car was driven 3,000 miles in a recent dust storm. A severe piston slap developed which, upon investigation, was found to have been caused by abrasive silt drawn through the motor breather. The mixture of grit and oil had created a virtual grinding compound which, under pressure and normal friction, quickly cut into the metal surfaces.

So common are findings such as above described that we feel a word of caution to our customers is quite timely. Cars which have been subjected to exposure of these destructive elements should be immediately DRAINED-FLUSHED-and refilled with fresh oil. The filter should be checked and, if necessary, a new cartridge installed. This unit unquestionably should receive more frequent service under such severe atmospheric conditions.

This bulletin is not issued as mere sales promotion, but to encourage friendly warning to our customers in the interests of better service.

### Texas Lady Tells How Black-Draught Laxative Helps All Her Family

Here's how Black-Draught fills the needs of a family laxative in the home of Mrs. J. S. Stoker, Fort Worth, Texas: "The grown-ups in my family," she writes, "have always taken powdered Theiford's Black-Draught for biliousness, headaches and other ailments (due to constipation) and found it a reliable remedy. I was very pleased when I saw Syrup of Black-Draught advertised. I bought it and gave it to my little daughters, ages 6 and 4. They needed something to cleanse their systems and Syrup of Black-Draught acted well."... Your druggist fills this reliable laxative in both forms. "Children like the Syrup."

### A QUICK WAY TO BETTER PAY

The most important objective in any educational program is the ability to earn a good living. For in this modern age when there are so many things that require a substantial income, such as a car, good clothes, pleasant vacations, and facilities for entertaining friends, money has become more than ever a symbol of success.

Business as a career offers the shortest route to these laudable rewards. It provides early incomes, congenial surroundings, association with successful people, and broad opportunities for development of talent and culture.

It has therefore been the life-work of Draughton's Colleges to make it possible for young people to step into good incomes at the earliest possible time and begin the accumulation of a bank account that will gratify the wholesome desires of a happy life.

A new booklet, "Planning Your Future," describes today's inspiring opportunities in business and a proven method of securing good starting positions for graduates. Clip and mail for your copy today. Address nearest Draughton's College, Dallas, Wichita Falls, Abilene, or Lubbock.

# Is Your Car over 70 horsepower?

## If it is, you must have motor oil of extra high film strength to get SAFE LUBRICATION

YOUR car today has twice the horsepower and speed of the car you drove ten years ago! The average of 22 leading cars in 1934 was 108 horsepower.

Bearing pressures and temperature have increased correspondingly—so greatly that motor parts are now made of new alloy metals of extra strength and durability to stand the load!

To protect such a motor you need an oil with enough extra oiliness and film strength to withstand the extreme pressures and temperature!

Yet motor oils generally have no more oiliness and film strength now than they had ten years ago. New refining methods have recently come into use to make oils free from carbon and sludge. But these refining processes have lowered instead of increased oiliness and film strength—the very qualities on which depends an oil's lubricating value!

There is one exception—Conoco Germ Processed Motor Oil. It, too, is free from carbon and sludge troubles. But, more important, the new Germ Process—adding concentrated oily essence to highly refined oil—puts into this oil 2 to 4 times the film strength of any straight mineral oil, as tests use Timken and other machines have proved! That extra film strength gives safe lubrication under the most extreme pressures!

Germ Processed Oil protects your motor another way. Its penetrative film, the "Hidden Quart," stays up in your motor and cuts down starting wear.

Germ Processed Oil gives longer mileage with greater motor protection, as the Indianapolis Destruction Test proved.

Say "O. K.—Drain"—fill with Conoco Germ Processed Motor Oil and drive with the assurance that your oil meets your motor's needs!

#### TRACK MEN TO GO TO STATE MEET

The football squad of '35 is in full swing in their spring training activities. About 25 or 30 men are reporting daily after school to receive instructions from Coach Walker and to learn the fundamentals of football. Walker has seven lettermen from his '34 squad with which he expects to form the backbone of his team.

But Coach Walker has to divide his time between the football candidates and his thinly-clad. Seven members of the track team are working out daily so that they will be in shape to compete in the Class B State Meet at Denton on May 3 and 4. Five of the squad will make the trip to Denton, accompanied by the coach. Those working out are: Robert Drennon, James Minor, B. J. Emmanuel, Eby Dyer, Bonner Brower, Jim Woods and Bryce Bartlett.

We wish to thank each of you for your kindness during the illness of our mother. May God's blessings rest on each of you.—Mr. and Mrs. P. K. Fleming and family, Mr. and Mrs. E. C. Glass, Mr. Clarence Liles, Mr. and Mrs. Raymond Stone.

Mr. and Mrs. Ben Moore of O'Donnell and Mr. and Mrs. Lit Moore of New Home returned Tuesday night from an eight days visit with relatives and friends at Sonora, Fredericksburg, Llano, San Saba, and Lampasas. Ben says they did a little fishing in the Pedernales and under a bluff of the stream he found on the walls his name which he had written in pencil forty years ago. Which he lists under the item, interesting if not important.

### Petty

A party of about twenty-five Petty school children and several others made a rather pleasant and successful trip to Carlsbad Cavern last week end. The trip was sponsored by Mr. and Mrs. B. T. Smith and Mrs. McIver of the Petty school.

Among those to make the trip other than the school children of Petty and the teachers mentioned above were found: Mr. Tom Chakter, Mr. and Mrs. Russell and two children, Mr. Shadden and children of New Home, Lola Hilton, Hick Farris, Paul Crump, Aaron Cope, Glyn, Ensor, Mack Sealy of Tahoka, Jessie Lee Poe and Hancle Stevenson of Lubbock, and a Mrs. McBrige and daughter of Lubbock.

Mr. and Mrs. Marcus Edwards and family have returned to Tahoka. They removed to San Angelo a few months ago but did not find business there as brisk as they expected and decided to come back to their home and their friends here.

Mrs. Pearl Trimble, sister of Mrs. Scott Davis, is in a most precarious condition at the Davis home. It is feared that she will not live long.

### Athlete's Foot

If your toes itch you are probably suffering with ATHLETE'S FOOT. This disease is a form of RING-WORM that is deeply imbedded in the inner layers of the skin. Blisters form that cause spreading. BROWN'S LOTION will stop the itching instantly. It is highly antiseptic and will heal any case of ATHLETE'S FOOT in fourteen days or your money will be refunded. Don't use messy salves and bandages. 60c and \$1.00 bottles for sale by Thomas Bros. Drug Store.
