BROWNFIELD LADIES' CLUB TO BE MUSIC WEEK GUESTS

The Tahoka Music Club will hold their annual Federation and Club Day program on Thursday, May 9, at 5:00 P. M. at the American Legion Hall.

The club is returning the courtesy accorded its president last year when she was honored with program appearances and a formal dinner by the "Maids and Matrons", Federated club of Brownfield, by inviting that club to be guests at this program. It is expected that a Federation speaker can be present to contribute to the program, and Miss Madeline Ely, soprano, state winner in the T. F. M. C. voice contests this month, will be guest artist. This occasion will be a most pleasurable fulfillment of one of the club's efficiency units which completes their year's schedule.

The numbers on program are: Introduction—Betty King.

WINNER OF VOCAL CONTEST TO BE PRESENTED IN RECITAL

As the "high spot" of local National Music Week observance as sponsored by the Tahoka Music Club, Miss Madeline Ely will be presented in recital on Thursday night, May 9, at 8:15 o'clock. Recent mention was made in this paper of Miss Ely's good fortune in winning first place in the ladies' voice contests held annually by the Texas Federated Music Clubs, the 1935 contest having been held on April 4, during the State Convention in San Angelo.

Miss Ely's home address is Cisco but the Lynn county teachers' corps is proud to claim her, by temporary adoption as an employee at West Point. Miss Madeline has had training at Hardin-Simmons University, at State College, New Mexico, and a year in Fort Worth, all of which has been acquired through scholarship awards, which certainly is a remarkable record and bespeaks her genuine talent. She is now studying with Miss Myrtle Dunn of Lubbock.

To those who have not had the pleasure of hearing this gifted young singer it may be said that she has a clear, high soprano of lovely quality, excellent diction, and marked interpretative ability. She will present a varied program ranging from the old familiar favorites in which her hearers might join, to her classic arias which will reveal the technical beauty of her voice.

The music club takes justifiable pride in this opportunity to sponsor a recital of this distinction as their contribution to the national intensive plea for good and better music, for Tahoka has not had such an occasion since the presentation in June, 1933, of Clifton Janak, who won the state honors of that year in competition with both young men and ladies, and since which time the two classifications have been separated.

This concert will be free to the public and it is expected that a large and enthusiastic audience will greet Miss Ely next Thursday night at the High School auditorium at 8:15 o'clock—May 9. You and all your friends are cordially urged to come and hear this rare musical treat.

TWILIGHT MUSICALS OPENS MUSIC WEEK ACTIVITIES

The Tahoka Music Club will again participate in the National Federation observance of National Music Week, which occurs annually beginning the first Sunday in May. This year the Senior Club will be assisted by the two junior organizations which it sponsors and a full week of musical activities is scheduled.

The opening event will be a sacred "twilight musicale" on Sunday, May 5, from 5:00 to 6:00 P. M. On account of the stage arrangements of the Methodist church it has been secured for this occasion. The program will be presented by the two younger clubs, the Minor Baton furnishing the orchestra and feature parts, while the Melody Maids will sing three numbers besides assisting in the full choir.

The chief interest of this program lies in the use of the hymns which the club has studied in their required hymnology contest which was held recently. The histories of the hymns, their authors and composers will be given as each is rendered by the orchestral instruments and the twenty-odd voices. For variety there will be vocal and instrumental solos, etc., and the Minor Baton trio will sing.

The public is cordially invited to hear this hour of sacred, worshipful music, and your cooperation and encouragement of these young people by your presence and interest is urged. There is no admission charge and no offering will be asked, but your presence is sincerely desired.

Cardui Helped Lady For Nervousness and Run-Down Condition

"I have taken Cardui several times for weak, run-down condition and it has helped me," writes Mrs. Walter M. Coulon, of Forsyth, Ga. "I was nervous and suffering from a weak condition. There were days when I had to lie down during the day. I sent for six bottles of Cardui, as it had helped me before. Cardui gave me strength, stopped the nervousness and helped me in every way. . . . Cardui may be just what you need. It can't do you any harm, so why not try it? Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. \$1 a bottle, at drug stores."

The All-Sew Club spent a pleasant afternoon with Mrs. E. I. Hill as hostess on April 25.

A refreshment plate of iced punch and sandwiches was passed to Mesdames H. B. Howell, C. E. Woodworth, V. F. Jones, W. M. Harris, C. A. Thomas, A. I. Thomas, A. L. Lockwood, J. D. Strickland, R. L. Richardson, Roy Leslie, and E. I. Hill.

MEET RED GAP'S FIRST CITIZENS

Hollywood's most vigorous booster for the benefits of farm life is Charlie Ruggles, currently featured in Paramount's "Ruggles of Red Gap," which shows Sunday and Monday at the English Theatre, who recently started his own back-to-the-soil movement when he bought a ten acre chicken and orange ranch in the San Fernando Valley, near Hollywood.

"I've improved my health one hundred percent on that bit of land," says Ruggles who preaches the gospel of farm life to his friends, and has already convinced his brother, Director Wesley Ruggles, to the point where the latter is negotiating for the acreage adjoining Charlie's in the San Fernando valley. "It gave me a hobby," Ruggles says, "something which I always lacked and something more important to do with my hands than lighting my pipe."

"It has taken my mind off of petty details and tires me out so at nights that I retire early to sleep like a log. I believe everybody, no matter in what position they are, should have a plot of ground which they can call their own and where they can hole out when the going gets rough."

Started as a venture merely to occupy his spare time, Ruggles has gone further and further into the business. Now it is a matter of pride to him to boast that the farm has actually shown an operating profit for the past year. His only worry, he claims, is enough rain to safeguard the orange crop.

"Ruggles of Red Gap" has the grandest cast of comedy stars ever corralled to bring a glowing tribute to a never-to-be-forgotten generation.

You'll howl too, when you meet the first citizens of Red Gap!

The picture, adapted from Harry Leon Wilson's famous story, first published in the Saturday Evening Post, features Mary Boland, Charlie Ruggles, Roland Young, ZaSu Pitts and Lella Hyams.

PARI MUTUEL

The church service was proceeding successfully when a woman in the gallery got so interested that she leaned out too far and fell over the railing. Her dress was caught in a chandelier, and she was suspended in mid-air. The minister noticed her undignified position and thundered at the congregation: "Any person who turns around will be struck stone blind."

A man, whose curiosity was getting the better of him, turned to his companion and said: "I'm going to risk one eye."

TO THE LETTER

A little man bought two tickets at the theater box office, and followed by his wife and eleven children, started to enter.
"Here," shouted the doorkeeper, "Where are the other tickets?"
"What other tickets?"
"Why for this crowd?"
"Do you not advertise children under twelve with parents admitted free?" the movie fan asked.
"But these are not under twelve," came the protest.
"Count them," retorted the man, "and you will find there's just eleven—we left the others at home."

Job Seekers Should Not Ask Relief Aid

Austin, April 30.—Administration of relief in many Texas counties is being complicated by a rush of persons seeking employment under the new work relief law to get on the relief rolls before plans for carrying out the measures have been completed, it has been announced by E. A. Baugh, assistant director of the Texas Relief Commission.

"Some of our administrators are working under pressure from all sides to admit to relief rolls applicants not in dire need but anxious to get a first chance at federal work relief jobs under the new program. This condition results in congestion in our county offices and hampers county administrators in their efforts to do the best they can for those really destitute people already on our rolls.

"We are making every effort at this time to lower our caseloads because it is the season of the year when there ought to be more jobs available. Concerted efforts to 'crash' the relief rolls at this time

merely make the job more difficult for many county organizations already overworked with their present relief loads.

"It may be several weeks before the new relief program begins to function in Texas. When we receive instructions to undertake it, we will set up the program in all counties simultaneously. There will be no need for people seeking work to move from one county to another. Rumors that the program already is under way in some counties are without foundation."

Mr. Baugh requested persons seeking jobs NOT to apply at relief offices.

"We are still granting relief to the unfortunates," he said. "We have no jobs to offer."

At the age of eight a child should be familiar with approximately 3,600 words.

Argentina increased her cotton crop 33 per cent last year.

Statistics show that of the nearly 20,000,000 people on relief about 13,000,000 are women and children.

TYPING STUDENTS MAKING PROGRESS

Practically every member of the Typing class has made the required thirty words per minute for fifteen minutes graded by International Rules, according to the instructor. Accuracy is stressed as well as speed and from time to time suggestions have been placed on the board for some general outline of office practice.

One of the graduate students has been utilizing her training for the last six weeks and another is making some extra money by addressing envelopes at home.

SENIOR PLAYS ARE SUCCESS

A large and appreciative crowd witnessed the four one-act plays presented by the Senior class on last Friday night.

All the plays were short, snappy and interest-compelling. The student actors performed like professionals and many highly complimentary remarks were heard concerning all the plays.

FIRST YEAR SPANISH CLASS DOES GOOD WORK

Members of the first year Spanish class have finished their text book and besides keeping a notebook of supplementary material on Spanish speaking countries, they are completing a second year novel, "El Fídal de Norma," by Pedro de Alarcón. According to their instructor, Mrs. Lucille Bludworth, they have done outstanding work, in fact, the best work to have been done by a first year class in recent years.

JUNIOR-SENIOR BANQUET STAGED

Recently a certain class was studying the Constitution and in discussing the clause concerning the right to bear arms, the teacher asked the students what they thought about this clause.

Lenora Sikes replied in rather vague terms that she thought it was all right.

The teacher pursued, "Do you mean by that that you like to have arms about you?"

And was her (Lenora's) face red?

POLITICAL SHOTS AT RANDOM

(By Paul Ponder)
Deer Nuse Editor:

Seems like, from general newspaper talk and party eye everything else, that sumthin' is bad the matter with our government. And seems like the braneyst fellers in the country don't know what's rong n r how to cure it. Course, any Dr. noes you caint intelligently treet nuthin' lessn you know what the man's trouble is, so my remidy mite - fals too, 'cause I aint shore that I no esgackly what our nashinal disees is. But from outshandin' simptoms it apers to be a complycashion of presidential superidrity-complex, bizness anti-taxemia, internashinal bankerites, cungrashinal erosion and six or several other morbid condishans. But I don't want to be mis- understood. I am not criticishin' the administration—for nobody does—for the const-tooshion garanties the polytishians the rite of free speech, and I say let 'em have it. And in the necks place, it aint no use to talk about changin' presidents—we done that sense the dpression, and things is worse now than before. So that wont hep matters none. In other words, the Blue Deal with its New Eagle codes and forty seven recovery bureaus operatin' on hy salaries has just about recovered us till it's doubtful when we'll ever scratch out. But I'm admitten that if America rased so much cotton that foreign countrys coodent sell theirs here fer a good price, why we shoold of course plow ourn up. Then agin, if our farmers wuz a starvin because they had too many hogs and cows, why the only sensible thing to do wuz sell this stuff at 3c a lb. and by it back from packers at 33c er do without meet like I an sum fue others is doin. And a nuther itum to the credic of our administration is the fact that it give us repeal—we got plenty beer and whiskey, even if it is bit outa foreign grain, and we got no money to by nun with. But here's a plan that mite hep things. We go in boh houses about 529 congressmen, and only 1 in each house is a chaplain. I say let 'em reverse that order—make all chaplains but 2, and instead of them prayin for the president and congress, why let them draw their salary from the foresed, and pray for the people.

New Oil Test In Dawson County

A Tulsa, Oklahoma, independent oil company is reported to have spudded in an oil test this week on the C. H. Doak farm, eight miles west of O'Donnell, with a "Fort Worth spudding". Depth was said to be 80 feet this morning.

Rigs and tools will be moved to the hole at an early date.

The test is located on Section 43, Block C-41, just over the Lynn county line, in Dawson county, and will be known as the O. F. Dickenson, trustee, and C. H. Doak No. 1 well. Dickenson and Virgil King, Tulsa independent operators, hold 10,000 acres in leases in vicinity of the location.

The Albaugh test in northwestern Dawson county is reported to be cleaning out the hole at 4860 feet preparatory to drilling the well 370 feet deeper. Ray Albaugh is again in charge of the test. Turner and Adams having completed their contract.

THE BUILDERS

I watched them tearing a building down
With a ho-heave ho and a lusty yell
They swung a beam and the side wall fell.

I asked the foreman, "Are these men skilled
And the men you'd hire if you had to build?"

He gave a laugh and said, "No indeed?

Just common labor is all I need;
I can easily wreck in a day or two
What builders have taken a year to do."

I thought to myself as I went my way
Which one of these roles have I tried to play;

Am I a builder who works with care
Measuring my life by rule and square;
Am I shaping my deeds to a well made plan,
Patiently doing the best I can;

Or am I a gossip who walks the town
Content with the labor of tearing down
By repeating things that are untrue
Just because it is something new;

Telling things that stir up strife
Make hearts bleed and ruin a life
Lies work like a wrecking crew
But lives cannot be built anew.

Useless Kid.

J. O. ALLEN EXPRESSES HIS THANKS TO TAHOKA PEOPLE

A few weeks ago Mr. and Mrs. J. O. Allen, former residents of the Dixie community in Lynn county but now residing at Quemado in the Rio Grande Valley, were seriously hurt in a wind and hail storm that swept that town. Soon thereafter, Mr. O. O. Sproles of Dixie made up a purse for the Allen family, who had also suffered heavy property loss in the storm, and the business men of Tahoka contributed to the fund. On Monday, the News received the following communication from Mr. Allen.

Quemado, Texas
April 26, 1935.
The Lynn County News,
Tahoka, Texas,
Gentlemen:

We received a check from Mr. Owen Sproles for money donated by the folks of Tahoka, for which we wish to express our thanks and appreciation.

It came as a surprise to me, for I have always tried to take care of my own troubles and we were not expecting anything like that, which makes it the more appreciated.

The only way I know to repay you folks is to pass it on to some one else who is unfortunate just as soon as I can, and I shall try to do so. It seems like a miracle that so many homes were destroyed here and no more lives lost than there were.

With the kindest regards to the folks of Lynn county, I remain
Yours very truly,
J. O. ALLEN.

APRIL RELIEF CASELOADS LIGHTER THAN IN MARCH

Austin April 30.—April relief loads were lighter than those carried during March, statistics compiled on the basis of estimates submitted by county administrators to the Texas Relief Commission reveal.

Although only four counties have less than five percent of their population on the rolls, the number in the respectable class—those having between five and ten per cent of their population on the rolls—increased from 14 in March to 20 in April.

Counties with less than five per cent of their people on relief rolls were Crockett, Kenedy, Lavaca and Winkler.

Counties with from five to ten per cent of their population receiving aid included Hudspeth, Farmer, Hutchinson, Carson, Crane, Upton, Reagan, Glascock, Terrell, Cameron, Hidalgo, Kleberg, Nueces, San Patricio, Bee, Karnes, Gonzales, Fayette, Austin and Fort Bend.

"Most cheering fact from this study is that only four counties, all of them in drouth-stricken West Texas, have more than 40 per cent of their inhabitants on the rolls," said E. A. Baugh, assistant director of the Relief Commission. "Last month, there were 12 counties in this unfortunate condition."

Counties in this "over 40 per cent" group are Stonewall, Kent, Yoakum and Cochran. All other counties in the state have caseloads ranging from 10 to 40 per cent of the population.

The estimated caseload for April is 270,739; the estimated number of persons, 1,110,029, the percentage of the state's population on relief rolls, 18.88.

METHODISTS WILL HOLD CONFERENCE SUNDAY

Sunday was another good day for those who worshiped at the Methodist Church. Both services were well attended and the Sunday School reported twenty-seven more than were present on the Sunday before. If all who belong to the congregation would refuse to allow small things to keep them away from church, the congregations would always be large and the services would be even more interesting. Let each member make an honest effort to be present each time there is a service. We are always glad to have visitors with us.

Rev. W. M. Pearce will preach Sunday morning. The second Quarterly Conference will be held in the afternoon. Sunday will be another good day if we all do our best to make it such.

There were two more additions to the Church last Sunday. Come and be with us and we will try to help you.—Reporter.

FARMERS COOPERATIVE ASSOCIATION NO. 1 MEETS

The annual meeting of the Farmers Cooperative Association No. 1, Tahoka, was held at the Gin on last Saturday with a large number of members present. President B. J. Emanuel gave a report on the progress of the Association the past year and stated that in spite of the short crop the indebtedness had been reduced about \$1,500.00 and all expenses paid to date.

After other business matters were attended to E. J. Cooper and Terry Noble were re-elected to the Board of Directors for a term of three years. Other directors are G. L. Cobb, M. E. McCord, I. B. Hill, W. P. Inman and B. J. Emanuel. Claude Donaldson is manager of the Association.
