Number 38

RAIN COVERS ALL OF COUNTY

Dust Relief Brought Southwest By Moisture; .89 Of An Inch Fell Here

On Friday night of last week, on the heels of a terrific sandstorm that had raged throughout the day and just exactly two months after that awe-inspiring, fear-provoking, record-breaking storm of March 3, generally pronounced the worst of its kind ever witnessed on these plains, Old Mother Nature gave us a change of program.

The wind which swept in from northeast with terrific force all day, bearing clouds of moisture as well as dust on its beating wings, had gradually grown more cold and humid, and at about eleven o'clock snow began falling. This continued only a few minutes, however, being succeeded by rain and hail. For a brief time, amid the flash of lightning and the crash of thunder, the hail fell with dreadful fury, but it seemed to do no harm further than to strip a few leaves from trees and shrubbery.

Following the storm rain continued to fall slowly throughout the remainder of the night and much of the following day. By Saturday night the rain gauge indicated that the precipitation in Tahoka had amounted to .89 of an inch. This was a little more than was reported from any other place on the South Plains but much heavier rains fell further east.

While the rain was not sufficient to meet the needs of the farmers, yet it was of untold value to the people of this section. Some farmers this week are planting; others are waiting for more rain, but all feel that the spell of the drought has been broken and that "happy days are here again."

The clouds broke away Sunday afternoon and Monday was one of those "perfect days". A west wind Tuesday morning picked up quite a bit of sand and for a time it seemed as if March and April weather was about to stage a return engagement, but by noon the wind had calmed down and the afternoon was most pleasant.

The lowest May temperatures recorded here in many years were registered Friday and Saturday nights, the mercury dropping to as low as 36, or just four degrees above the freezing point.

Athletes Place In State Meet

The Tahoka track team consisting of James Minor, B. J. Emanuel, Robert Drennon, Bonnis Brower, and Eby Dyer, who participated in the Class B state contests held in Denton last Friday and Saturday, made a good showing, according to reports brought back by their coach, Freddie Walker, who accompanied them on the trip.

In a contest with 66 other teams, the Tahoka Relay team consisting of James Minor, Robert Drennon, Bonnis Brower, and B. J. Emanuel, won second place.

In the quarter mile event, Robert Drennon won third place.

In the discus throw contest Eby Dyer came out fourth best.

In the preliminary contests, all the members of the Tahoka team qualified for places in the finals.

So, while the boys won no first honors, yet they gave a good account of themselves, and Tahoka is proud of them.

The contests were held on the campus of the North Texas State Teachers College, and there were about 750 entrants in the various contests, Mr. Walker says.

Program Of Seventh Grade Is Thursday

The graduation exercises of the Seventh Grade will be held in the high school auditorium on Thursday night of next week, May 16, according to announcement made by Superintendent J. B. Pace Jr. Hon. G. H. Nelson will deliver the class address. Alvin Hicks, president of the school board, will present the graduation certificates.

There are fifty-four pupils in the seventh grade this year. Mr. Pace says this is the largest number in the history of the school.

LYNN FARMERS GO TO CAPITAL

At Least Four Delegates Are Going To National Capital From Here

Farmers of Lynn County will send four delegates to Washington on the "Farmers' Washington Special" train, leaving Texas on May 12, and returning May 17th.

This movement to Washington, by farm representatives is for the purpose of asking Agricultural Adjustment Administration officials and Congress, not to make any radical changes in the Triple A work as it is now working and, to insist that the processing tax on basic farm commodities be retained as fair and just tax to raise funds to make the rental benefit payments.

Two of the representatives from Lynn County will make the trip on funds supplied by corn-hog contract signers, and the other two representatives were sponsored and selected by the Lynn County Farm Association and the funds for these two were raised in the various communities in the county through the community farm association. The delegates from this county making the trip are: Lamar McLaurin, Marshall Stewart, Joe Poindexter and J. E. Morgan. They will leave Tahoka on Saturday, May 11th.

Mrs. Deavers, 25, Died Yesterday

Mrs. Naomi Deavers, 25, wife of Russell Deavers of the New Lynn community, died at the Lubbock Sanitarium Wednesday about noon from a ruptured appendix. She had been taken to the Sanitarium for an operation last Friday but her condition was found to be such that an operation was not deemed advisable.

Funeral services were conducted at the Baptist Church here at 10:30 o'clock this morning by Rev. George A. Dale, the pastor, and the remains were interred in the Tahoka Cemetery. Her father, Dave Bollinger of San Saba, her sister, Mrs. Roy Deavers and husband of Temple, were here for the funeral services, her father having arrived before her death. Besides these, she is survived by her husband and two children, one two years of age and the other 6 weeks of age, two brothers who reside in San Saba county, and one sister who resides in Dallas.

She had been a member of the Baptist Church since early girlhood and was a noble Christian young woman. She was married at Goldthwaite in September, 1931, and the family had resided in this county three years, the last two years on the Sam Reid place in the New Lynn community.

The news joins friends and neighbors in extending sympathy to the bereaved.

Intermediate Grade Program Is Friday

The program of the Intermediate Grades of the Tahoka Public Schools will be rendered at the High School Auditorium on Friday night of this week beginning at 8:30 o'clock, according to Superintendent J. B. Pace Jr.

The program is as follows.

1. "Hey Teacher"—Fourth Grade, (Miss Tippitt's room).
2. "Going to the Fair"—Fourth and Fifth Grades, (Mrs. Deck Dunsagan's room).
3. "Clown Drill", "The Mender Man", "Blowing Bubbles"—Fifth Grade, (Pupils of Miss Lowell Douthitt's room).
4. Uncle Sam's Puzzle—Sixth Grade, (Pupils in Mr. Kary Mathis' room).

ROBINSON HAS OPERATION

Hall Robinson underwent an operation for appendicitis in a Lubbock hospital at 6:30 o'clock Wednesday afternoon.

It is said that he suffered considerably following the operation and was apparently not doing as well as might be expected. His condition, however, is not considered critical.

He became ill about 3:30 or 4 o'clock Wednesday afternoon. A physician was called and he was rushed to the sanitarium immediately.

New Features Begin In The News Next Week

BEGINNING NEXT WEEK IN THE NEWS
Peter B. Kyne's newest novel, "Golden Dawn."
Will Rogers.
Arthur Brisbane.
"Washington Digest."
Week's Review of World News.
Sunday School Lesson.
Women's Fashions.
Seven Comic Strips.

City Is Grading All Dirt Streets

The City began running the grader Monday morning, grading the streets. Of course the city funds are limited but Mayor Jim Dye says the City is going as far as it can on this project.

As stated last week, application has been made through the local relief office for labor to do street work, but it is not known when this application will be acted upon.

Oil Test Drillers Have Fishing Job

Drillers of the Wanette-Hart oil well have had a fishing job the past several days and thus far they have been unable to extricate the bit which is hung in the well.

In the meantime extension of leases is being procured and satisfactory progress in this task is being made. In fact, practically all of the leases have been extended. As soon as these leases are procured and the bit extricated, work of drilling the hole to the contract depth of 3,000 feet will be resumed, with the possibility of going 7,000 feet if necessary.

Who'd-a-Thought It? Cotton Stalks Sprout

Will wonders never cease? Such is the question Paul Lawson has been asking himself recently.

A few days ago he went out into his last year's cotton field and found an old stalk of cotton which the plows had missed and left standing.

Nothing strange about that—but read on, Brother.

Just above the top of the ground new sprouts were coming out on this old stalk and growing right along. This is not unusual in the wet lowlands of Central and South Texas, but how this stalk managed to live through the winter and the drought and then shoot up these sprouts in the face of a jillion sandstorms that have swept across these plains the past three months is more than Paul Lawson or the Agricultural Editor of the News can explain.

Paul uprooted this stalk, transplanted it in a bucket of good rich dirt, and brought it to the News office. At this writing the young sprouts are still alive, and the editor may have a dandy cotton crop right here in his office pretty soon.

E. J. COOPER HAS OPERATION

E. J. Cooper is showing steady improvement, following an operation for appendicitis in the West Texas Hospital last Sunday at noon.

The operation proved to be rather complicated by reason of the fact that the appendix was found to be out of its natural position and on account of adhesions. His condition was regarded as somewhat critical for a day or two but he now seems to be well on the road to recovery. It is devoutly hoped by many friends that he may be back in his home in a short time.

MEER'S BABY DIES

Earline, the two-day-old infant of Mr. and Mrs. Claude Meers of New Lynn, died early Thursday morning of last week and was buried that afternoon at Southland, Rev. Stevenson of New Lynn conducting the funeral services.

The child was born early Tuesday morning.

Mrs. J. K. Applewhite was brought home Wednesday from a Lubbock hospital, where she underwent a minor operation Monday.

WTCC MEETING IS NEXT WEEK

Delegation From Tahoka Will Attend Annual Meet; Miss Auda Mae Aycox Sponsor

Miss Auda Mae Aycox, deputy county clerk, will be Tahoka's sponsor at the meeting of the West Texas Chamber of Commerce at Plainview next Monday, Tuesday and Wednesday. Perhaps many of our readers noted her picture in the Star-Telegram Tuesday. No better selection could have been made.

J. K. Applewhite, who is a member of the Elections Committee, will leave early Monday morning for Plainview and will probably remain throughout the three days. Jack is expecting this to be one of the best and most largely attended meetings in recent years, and he is hoping that Tahoka will send a big delegation on Tuesday. He is requesting that representative citizens from other parts of the county likewise attend.

Tuesday, he thinks, will be the best day of the convention, and therefore he is insisting that a great delegation from Lynn county be there on that day whether they can attend on any other day or not. Matters of vital importance to West Texas will be discussed by able speakers at this convention, and our county should be well represented.

Mr. Applewhite has been contacting a few of our citizens with a view to procuring their attendance and it is believed that a large number will respond.

Driver Of Bus Hurt In Wreck

Willie Edd Watson, driver of a bus, was seriously hurt about ten o'clock Wednesday night, when the bus ran into the rear end of a car belonging to Henry Douthitt and occupied by Misses Gladys Douthitt and Ronda Clements, Herschel Collins, and Dorsey Allison, on highway No. 9 near the Greathouse Service Station in the southern part of the city.

Watson was taken to a Lubbock hospital by the Harris & Applewhite ambulance, where it was found that his chest had been crushed in, the broken bones pressing upon the left lung. It is thought that he will recover.

Both the bus and the car were coming north on the highway. The occupants of the car were not seriously hurt but the car was badly damaged. The occupants of the car knew nothing of the approach of the bus behind them until the car was struck. No explanation as to why the driver failed to see the car is obtainable, but it is reported on the streets that his lights had gone out.

Jones Gets Calves For 4-H Club Boys

County Agent V. F. Jones, Joe Poindexter and T. R. Bennett of New Home made a trip to Stanton Wednesday and brought back five calves to be fed out this year by Lynn county club boys.

Willard Bennett takes two of these calves, James Bennett one, T. J. Poindexter one, and Clyde Allen one.

Mr. Jones says that he expects to get several other calves for other boys some time soon.

These calves will be exhibited here next Spring and later in the Meat Show at Lubbock.

Mrs. D. L. Weaver, daughter of Mr. and Mrs. G. E. Hogan, who has been here since December and who is suffering from paralysis, is reported to be in a very serious condition. Her husband, D. L. Weaver, is here taking care of her.

Mr. and Mrs. E. H. Cowan are the proud parents of a fine boy, born May 6. The young man bears the name of William Troy. Mr. and Mrs. Cowan recently lived in Tahoka but now reside on the T. Cowan farm south of town.

D. W. Gagnat on Wednesday delivered a John Deere tractor to a customer a Lehman, 65 miles west of Lubbock, almost a hundred miles from Tahoka. Tahoka's trade territory seems to be expanding.

CLASS SERMON NEXT SUNDAY

Program Starts Final Exercises For Senior Class of Tahoka High School

Next Sunday will be a high point in the school life of the thirty-four members of the Senior Class of the Tahoka High School, for at eleven o'clock on this day, in caps and gowns, they will silently march down the aisle of the spacious auditorium to take their places of honor reserved for them and to hear the traditional Commencement discourses, which is to be delivered by Elder R. P. Drennon, minister of the Church of Christ.

Following the Processional will be a song by the choir directed by W. E. Heathman.

The invocation will be pronounced by Rev. George A. Dale, pastor of the local Baptist Church, and this will be followed by another song. The scripture lesson will also be read by the Rev. Dale.

A piano solo will be rendered by Miss Mary Helen Park and a violin solo by Miss Martha Helen Powell. Between these two numbers, announcements will be made by Superintendent J. B. Pace Jr.

Then will come the sermon, a song by the choir, the solemn Recessional, and the benediction by Elder Drennon.

In all the musical numbers, Mrs. J. K. Applewhite will act as piano accompanist.

The final and most important event of Commencement Week will be the Commencement Program of Friday night, May 17, when the members of the Senior Class will hear the Class Address by Dr. L. H. Hubbard, President of the C. I. A. at Denton, and will be presented their diplomas by Superintendent J. B. Pace Jr.

Other events this week and next, incident to the closing of the school, have been listed as follows.

On Friday night, May 10, the program of the Intermediate grades, 4, 5 and 6, will be given.

On Monday night, May 13, the music pupils of Mrs. J. K. Applewhite will be presented in a recital.

On Tuesday night the Seniors will present their Class Day program.

On Thursday night the Seventh Grade Graduation exercises will be held.

All these events will be held in the high school auditorium. The general public is cordially invited.

Cato Is Freed On Conspiracy Charge

Sheriff W. F. Cato, N. C. Outlaw, attorney, and E. R. Braddock, all of Post, jointly indicted by a Federal grand jury at Dallas on a charge of conspiring to obstruct justice, were tried and acquitted in the Federal Court at Dallas Tuesday.

After District Attorney Eastus had presented his evidence, Judge William H. Atwell instructed the jury to return a verdict of not guilty. He held that the Government had completely failed to prove its case.

The people of Garza and adjoining counties are gratified at his verdict, for practically everybody in this section of the state did not believe that there was any credible evidence of such a conspiracy.

Cato is under bond for the alleged murder of Spencer Stafford, a Federal narcotics officer, in Post on February 7, and this case has been set for trial in the Federal court at Lubbock on May 20.

Washington Trip Funds Subscribed

Members of the Farmers Cooperative Association from Edith and South Ward met at Edith on Monday for the purpose of raising funds to help send two or more farmers to represent Lynn county at Washington, D. C. on May 14-15, when the Farmers of Texas will meet there to insist upon the continuance of the processing tax on cotton and other farm products.

The Chairman, Walter Kahl, took up a collection and received \$12.00 for the purpose of sending Joe (Lamar) McLaurin and Marshall Stewart to Washington.—Reporter.

Owen D. Young says need for better homes is chief challenge today.

News will be gladly corrected when
called to our attention.

FATHER FORGETS

Faced daily with the task of mak-
ing a living or with the task of
making a success, beset with grave
problems and many annoying car-
s, living almost constantly in high
tension, many of us fathers fail to
give our sons the attention, the sym-
pathy, and the companionship to
which they are entitled.It was a father living in such
manner as this who one night "came
to him" and wrote the following
tender little classic, which has
found its way into many a newspa-
per since. W. Livingston Larned de-
scribed this little gem of his heart
as "one of those amazing little
pieces which—dashed off in a mo-
ment of sincere feeling—strikes an
echoing chord in so many readers
as to become a perennial reprint
favorite."Here it is, as we clipped it from
the columns of one of our exchanges
last week. Many a father may read
it with profit."Listen, son: I am saying this as
you lie asleep, one little paw crumpled
under your cheek and the blond
curls sticky wet on your damp
forehead. I have stolen into your
room alone. Just a few minutes ago,
as I sat reading my paper in the
library, a stifling wave of remorse
swept over me. Guiltily I came to
your bedside."These are the things I was
thinking, son: I had been cross to
you. I scolded you as you were
dressing for school because you gave
your face merely a dab with the
towel. I took you to task for not
cleaning your shoes. I called out an-
grily when you threw some of your
things on the floor."

"At breakfast I found fault, too. crumpled and weary in your cot, I

You spilled things. You gulped
down your food. You put your el-
bows on the table. You spread but-
ter too thick on your bread. As you
started off to play and I for my
train, you turned and waved a hand
and called, "Goodbye, Daddy!" And
I frowned and said in reply, "Hold
your shoulders back!""Then it began all over again in
the afternoon. As I came up the
road I spied you, down on your
knees, playing marbles. There were
holes in your stockings. I humiliated
you before your boy friends by
marching you ahead of me to the
house. Stockings were expensive—
and if you had to buy them you
would be more careful! Imagine
that, son, from a father!""Do you remember, later, when I
was reading in the library, how you
came in, timidly, with a sort of hurt
look in your eyes? When I glanced
up over my paper, impatient at the
interruption, you hesitated at the
door. 'What is it you want?' I
snapped.""You said nothing, but ran across
in one tempestuous plunge, and
threw your arms around my neck
and kissed me and your small arms
lightened with an affection that God
had set blooming in your heart and
which even neglect could not with-
er. And then you were gone, pat-
tering up the stairs.""Well, son, it was shortly after-
wards that my paper slipped from
my hands and a terrible sickening
fear came over me. What has habit
been doing to me? The habit of
finding fault, of reprimanding—this
was my reward to you for being a
boy. It was not that I did not love
you; it was that I expected too
much of youth. It was measuring
you by the yardstick of my own
years.""And there was so much that was
good and fine and true in your char-
acter. The little heart of you was
as big as the dawn itself over the
wide hills. This was shown by the
spontaneous impulse to rush in and
kiss me good night. I have come to
your bedside in the darkness and I
have knelt there ashamed!""It is a feeble atonement; I know
you would not understand these
things if I told them to you during
your waking hours. But tomorrow
I will be a real daddy! I will chum
with you, and suffer when you suf-
fer, and laugh when you laugh. I
will bite my tongue when impatient
words come. I will keep saying as
if it were a ritual: 'He is nothing
but a boy—a little boy!'""I am afraid I have visualized you
as a man. Yet as I see you now, son,
crumpled and weary in your cot, Isee that you are still a baby. Yes-
terday you were in your mother's
arms, your head on her shoulder. I
have asked too much."

JUDGE ELY TO BE HONORED

It is said that a man is not
without honor save in his own
country, but Judge W. R. Ely of
Ablene, who recently retired from
the state highway commission after
a service of eight years, seems to
be in high esteem among the citi-
zens of his own town. They are to
honor him with "An Appreciation
Dinner" at the Hotel Wooten in
Ablene at 7 o'clock Saturday even-
ing, May 18.The News editor has received an
invitation to attend, and it is pre-
sumed that many other editors in
this section of the state have like-
wise received invitations. Sorry we
can't go. We have known Ely per-
sonally for nearly thirty years, dur-
ing which time he has served in
various official positions, and there
has never been a breath of suspi-
cion as to his integrity. We need
more men of Ely's high type in the
public offices of Texas.Charges of official misconduct,
violation of the anti-nepotism law,
neglect of duty, and incompetency
have been filed in the House of
Representatives at Austin against
Commissioner of Agriculture J. E. Mc-
Donald, and the House has adopted
a resolution requiring him to stand
trial on the charges. Until he is
proven guilty we will give him the
benefit of the doubt and assume
that he is innocent. But regardless
of the merits of these charges, we
believe that the time has come when
the office of commissioner of agri-
culture should be abolished. It has
outlived its usefulness. Practically
all its functions are being performed
by the A. & M. College, county farm
agents, and other agencies. It is
merely a tax-eating department of
the state government that should
be amputated from the body politic.A legislative investigating commit-
tee has reported that it found evi-
dence of cruelty to convicts at Re-
trieve prison farm in South Texas
practiced by guards. It is to be
hoped that all guilty guards will be
discharged. Firmness and even
sternness are often necessary in
handling convicts but unnecessary
cruelty is to be abhorred and detest-
ed. Even the worst of criminals
have the right to be treated hu-
manely. The guard who would un-
necessarily and cruelly beat and
kick and wound or maim a convict
in his charge is himself a fit sub-
ject for the penitentiary. A just
and humane man would not even
rob a dog of a bone.The legislature passed a law-en-
forcement measure that will enable
Texas to fight crime much more
effectively. It merges the state
highway patrol and the Texas rang-
ers under one director, backs the
unit with a central bureau of criminal
identification and divisions of
education, communication and in-
telligence. In other words it unifies
the law-enforcement agencies of the
state and enables the unified body
to do much quicker and more ef-
fective work. This plan was propos-
ed and advocated by Governor
James V. Allred in his campaign for
governor. The Legislature and the
Governor are to be commended.

DURING THE COMING YEAR

Take time to work—it is the price
of success.Take time to think—it is the
source of power.Take time to play—it is the secret
of perennial youth.Take time to read—it is the
foundation of wisdom.Take time to worship—it is the
highway of reverence.Take time to be friendly—it is the
road to happiness.Take time to dream—it is hitching
your wagon to a star.Take time to love and be loved—it
is the privilege of the gods.Take time to look around—it is
too short a day to be selfish.Take time to laugh—it is the
music of the soul.

Take time to live.

A FRIENDLY TIP

When I quit this mortal shore and
mosey round the earth no more;
don't weep, don't sigh, don't sob. I
may have struck a better job. Don't
go and buy a large bouquet for which
you'll find it hard to pay. Don't
mope around and feel all blue—I
may be better off than you.Don't tell the folks I was a saint,
or any old thing that I ain't. If you
have jam like that to spread, please
hand it out before I'm dead. If you
have roses, bless your soul, just pin
one in my buttonhole while I'm alive
and well—today. Don't wait until
I've gone away.—The Lions Tale,
Santa Monica, California.American Place Names
Hell-For-Certain, W. Va.

THE FLIGHT OF THE CLIPPER

April 16, 1935, is a date that will
go down permanently in the annals
of aviation and transportation his-
tory. It marks the first successful
as well as practical transoceanic
flight from a commercial stand-
point.Captain Edwin C. Musick and five
companion officers piloted the huge
twenty-ton Pan-American Clipper
plane on a course as straight as that
of a homing pigeon, from San
Francisco to Honolulu, a distance of
about twenty-five hundred miles, in
the record time of a little more than
seventeen hours.In the past, ocean flights have
been considered by a large majority
of the public as spectacular stunts,
indulged in only by daredevils who
figured the publicity was worth the
risk. The only thing spectacular
about the flight of the Clipper is
the unspectacular way in which it
was accomplished.The flight was carried out on
schedule almost to the minute. And
after nearly a day in the air, the
crew stepped from the plane clean-
shaven, dressed in blue uniforms
without a wrinkle, and looking far
fresher than many of those on hand
to greet them. In the words of Cap-
tain Musick, "It was a regular rou-
tine job."According to press reports, the
Pan-American Air Lines plans to
inaugurate an air route to the Far
East within the next few months.
After witnessing such proof not only
of the possibility, but of the feasi-
bility of such an air route, one's
mind is completely staggered with
pictures of speed, comfort and safety
with which it will soon be pos-
sible to travel to all parts of the
world. Residents of San Francisco
will week-end in Honolulu. And the
trip to Shanghai, China, which now
takes three weeks by boat, will take
only forty-five or fifty hours by air.

GO TO CROSBY SCHOOL

J. W. Adams, superintendent of
Lakeview School for the past four
years, has accepted the superinten-
dency of the Robertson School in
Crosby county. Robertson School is
a fully accredited four year high
school. Mrs. Adams was elected as
primary teacher in the same system.The famous King ranch, close to
Kingsville, Texas, is larger than the
entire state of Delaware. This ranch,
covering several counties and op-
erated as a unit since the early fifties,
has recently been divided among the
King heirs.IN THE UNITED STATES DIS-
TRICT COURT FOR THE WEST-
ERN DISTRICT OF TEXAS, WA-
CO DIVISION.J. M. Hubbard vs. Temple Trust
Company: No. 236—In Equity.Notice is hereby given that the
undersigned as Receiver for Temple
Trust Company has filed his applica-
tion with the Clerk of the United
States District Court in and for the
Western District of Texas, Waco
Division, for an order authorizing
him to sell and convey to Carson V.
Smith, all that certain tract or par-
cel of land lying and being situate
in Lynn County, Texas, and being
the East One-half (E½) of Survey
Ninety-Nine (99), Block Twelve (12),
Abst. 305, H. E. & W. T. Ry. Co.,
for a total consideration of Eight
Thousand (\$8,000.00) Dollars, of
which amount Eight Hundred
(\$800.00) Dollars is to be paid in
cash, and the balance to be evi-
denced by one or more notes, to be
executed by the said Carson V.
Smith payable to the order of your
Receiver, and due on or before one
year after date, and to bear interest
at the rate of 8% per annum, and
to be secured by a Vendor's Lien, to
be retained in deed from the Re-
ceiver to said purchaser, and further
secured by a deed of trust contain-
ing power of sale.Said application will be heard by
the Honorable Charles A. Boynton,
Judge of said Court, after this no-
tice shall have been published for a
period of ten days, and any person
interested in said Receivership Es-
tate may contest said application.Witness my hand this 29th day
of April A. D. 1935.H. C. GLENN, As. Receiver for
Temple Trust Company. 37-2tc.Keep a Good Laxative
always in your homeAmong the necessities of home life
is a good, reliable laxative. Don't be
without one! Do your best to pre-
vent constipation. Don't neglect it
when you feel any of its disagree-
able symptoms coming on. "We
have used Theodor's Black-Draught
for 21 years and have found it a
very useful medicine that every
family ought to have in their home,"
writes Mrs. Perry Hicks, of Belton,
Texas. "I take Black-Draught for
biliousness, constipation and other
ills where a good laxative or purga-
tive is needed. I have always found
Black-Draught gives good results."

Sold in 25-cent packages.

BLACK-DRAUGHT

Texas has always been famous as
a cotton state; but in recent years
this crop has taken second place to
another "crop": In 1932 the value
of the oil business was \$50,000,000
more than cotton.Casualties at the Battle of San
Jacinto were: Texans, 6 killed, 24
wounded; Mexicans, 630 killed, 730
captured.GOVERNMENT REPORT ON
OFFICE POSITIONSThe United States Department of
Labor has just issued a comprehen-
sive survey on employment in busi-
ness offices—showing the range of
salaries of 43,000 office workers, the
kind of training required, methods
of hiring help, and the like. This
survey shows the median salaries to
be \$156.00 a month; of Stenograph-
ers, \$114.00; of Bookkeepers, \$111.00;
and of Cashiers, \$123.00 in the
cities surveyed, representing the dif-
ferent sections of the country.This survey further says that
young, inexperienced workers are
more in demand, it being considered
more satisfactory to employ begin-
ners and to advance them as vacan-
cies occur, and that searching for
the person who had just enough ex-
perience was not deemed economical.Young people who are interested
in obtaining business positions are
invited to investigate the training
and placement facilities offered by
Draughon's Business Colleges,
through which many graduates are
being put in touch with inspiring
opportunities. Write for Bulletin No. 4
today. Address nearest Draughon's

or Lubbock. 37-2tp.Try CARDUI For
Functional Monthly PainsWomen from the teen age
to the change of life have
found Cardui genuinely help-
ful for the relief of functional
monthly pains due to lack
of just the right strength from the
food they eat. Mrs. C. H. Haynes, of
Essex, Mo., writes: "I used Cardui
when a girl for cramps and found it
very beneficial. I have recently
taken Cardui during the change of
life. I was very nervous, had head
and back pains and was in a gen-
erally run-down condition. Cardui
has helped me greatly."Thousands of women testify Cardui ben-
efited them. If it does not benefit YOU,
consult a physician.

by PETER B. KYNE

COPYRIGHT BY BELL SYNDICATE. W.N.U. SERVICE

This popular author of best-sellers has written a fascinating romance
about Penelope Catlin, who sometimes forgot she was an heiress and
became Nance Belden, daring and derisive darling of the underworld
... How she was rescued by young Dr. Burt from the mental shadow
that threatened her with years in prison, how her beauty was
restored, how she came at last into her due of love and happiness is
told as only Peter B. Kyne can tell such a tale. Do not miss
this story. Follow it as it appears serially in this paper.Aspern

STONEWALL COUNTY HAS
INTERESTING HISTORY

Aspermont, May 8.—While no battles of the Texas Revolution, the Centennial of which comes in 1936, were fought in this section of the State, Stonewall County can boast of its historic spots and history recites that at least once United States troops deployed for battle within its confines, convinced that they would be obliged to fight for their lives.

The old McKenzie Trail, in the early days, it is recalled, ran from old Fort Griffin, in Shackelford County, to Soldier's Mound, in Dickens County, and crossed Stonewall. This trail was used by United States troops engaged in frontier protection.

In this connection an amusing incident is related by old-timers who tell of how years ago there were but few mesquite trees in this part of the State, but vast fields of sunflowers grew and flourished. Late one afternoon, according to the tale, soldiers coming from the East and facing the setting sun, mistook these flowers for hordes of Indians. At once, preparations for battle were made by the troops only to find that no tribesmen were in the vicinity. The attack had been planned against a nodding field of sunflowers.

Stonewall County, created in 1876 from old Fannin County, but not organized until 1888, was named for Gen. T. J. (Stonewall) Jackson of the Confederate Army. Settlers began arriving in the county in 1879 and in larger numbers in the early '80s, when the Texas & Pacific Railroad was extended from Fort Worth into the West.

The first settlement was the Hodge Colony, which located on public land, known as Block "F". One year after the county was organized, an election, polling 17 votes, was held on the old Horse-shoe Ranch. Mrs. T. R. Duke taught the first public school in 1886 and 1887. Stonewall County then was attached for judicial purposes to Jones County, which made it necessary for Mrs. Duke to go to that county to receive her pay. M. P. Carr, who aided in surveying the county and fixing the boundary lines, later homesteading in 1899.

ON TEXAS FARMS

Pecan budding is under way in Texas. Thousands of native pecans up and down the creeks and rivers are serving as kindly foster mothers to buds of highly improved varieties of this popular nut.

Whenever people start to doing things they start to planning ways to use what they have on hand for the dual purpose of doing it better and doing it cheaper. Now comes a man named Joe Shinn who lives in Collin county and buds pecan trees with the help of five inch strips—one-fourth inch wide—cut from discarded inner tubes.

No wax is used with the rubber strips which are put on in an overlapping spiral tightly enough to exclude the air, and self sealing as the end of the strip is slipped under the last lap.

J. F. Rosborough, Extension horticulturist, points out that last year when small native pecans were selling at seven and eight cents a pound the improved nuts were bringing in 20 and 25 cents a pound.

He thinks the difference in price makes it worth the farmer's while to take time in May to bud that young stripling pecan that came up "volunteer" out in the middle of the field.

He says that budding is no sleight of hand affair of great skill. The first person known to have budded a pecan tree was a Negro slave in Louisiana. All that is needed is care and patience.

still resides in this section.

The present town of Aspermont, which name means "rough hills," was founded by A. L. Rhombert, wealthy Swedish ranchman and capitalist, and was moved from Rayner in 1889.

On the west side of the country there stands like a sentinel, Double Mountain, unique in a way, because no real mountain range traverses this section of Texas. This mountain is several miles in circumference at its apex. Geologists estimate it crest to be on a level with the lands in Floyd County.

Double Mountain was utilized as a guide or landmark by Indians and United States soldiers long before the settlers came. This part of the State, in those early days, was a buffalo range and hunting grounds for Indians who came this way. The last buffaloes were killed in this county in about the year 1877.

W. O. Thomas, who underwent an operation for appendicitis at Ennis last week, an account of which appeared in The News, is said to be improving rapidly. It is expected that he will be able to come back home soon.

News print is now being manufactured from the old field pines in several of the Southern states.

REPORTS FROM THE
COUNTY CLUBS

Miss Sylvia Robb, H. D. Agent

H. D. Club Meets
With Mrs. Jones

The Tahoka H. D. Club met in the home of Mrs. Clyde Jones Wednesday afternoon, the President, Mrs. Finch in charge.

A demonstration on tufted bed spreads was given by the H. D. Agent, Miss Sylvia Robb.

All the club members are invited to meet with Mrs. M. O. Canaday Friday, May 10, for a demonstration on Mattress Making. Come early and stay as long as you wish. The next regular meeting will be with Mrs. G. M. Reid.

At the Wednesday meeting, ice tea and cookies were served to Miss Robb and Mmes. Milt Finch, M. O. Canaday, W. S. Anglin, Rafe Richardson, A. C. Weaver, H. M. Snowden, T. D. Wallace, J. M. Johnson, K. Stacy, G. M. Reid, and one new member, Mrs. Joe Palmer, and the hostess, Mrs. Clyde Jones. — Reporter.

Draw Club Girls To
Improve Bedrooms

"Each girl must do something to improve her bedroom this summer," said Miss Sylvia Robb, C. H. D. A. to the Draw 4-H Club girls at their meeting on May 1.

We were shown patterns for covering cane bottomed chairs and stools. These may be made from printed cotton materials.

The girls are also taking cooking this summer. We were given recipes that require farm products with the exception of fruits. Each girl is to try her best with at least two of these recipes before the meeting in June.

Club Discusses
Recipe File

"What value would a file for recipes, menus, and bulletins be to you?" was the question Mrs. R. L. Littlepage asked the members of the Midway Home Demonstration Club meeting with Mrs. L. M. Nordyke on May 1.

The following guests were present: Mmes. S. J. Kitchens, Durvie Luttrill, and L. B. Matthews. Guests are always welcome to our meetings. Ten members were present including three new members.

Wilson H. D.
Club Meets

Wilson Home Demonstration Club met with Mrs. Louise Mueller May 3. As the weather was bad only nine members, a new member and one visitor were present. The program was to be given by the garden demonstrators, Mrs. J. P. White and Mrs. L. C. Hamilton. As Mrs. Hamilton was absent Mrs. J. P. White gave both parts.

Edith Club Discusses
Furniture Repairing

The Edith 4-H club girls met Friday, May 3, with Dorothy Kahl, the garden demonstrator. Miss Robb was present and discussed repairing an old piece of furniture, which is one of the goals of the bedroom co-operators.

Miss Robb gave us several recipes for us to try for our cooking project.

Send In The News!

For several reasons we are placing the names of our rural correspondents at the head of their respective communications.

You can help your community by furnishing these correspondents any items of news that you may have.

What we want, however, is the real news of your community. The fact that Mary Smith took dinner with Jane Jones Sunday is not news. If some one in your community has visited in some other community, if some one in another community has visited in your community, if some one in your community has taken a trip away from home, if some one in your community is sick, if there has been an accident, a party, an entertainment, a program rendered, a wedding, a death, or other important or interesting event—tell it to your correspondent, and we shall be glad to publish it.

We should like to have a correspondent from every community in the county who will send in the real news.

The Publishers.

Mrs. T. R. Weaver of Corsicana has been here several days visiting her brother, Louis Perkins. She got here in time to witness her first real sandstorm and the freakish weather that followed. Hope she stays till we have a real sure-enough rain.

Mrs. A. L. Dunagan left Monday to spend a few days with her aged mother at Hillsboro. The family is planning a reunion next Sunday.

SCHOOL TERM IS
NEARING CLOSE

With the Seniors taking final examinations this week and review occupying the place of prime importance in the other classes, the school year of 1934-'35 is rapidly drawing to a close. Most of the notebooks have been turned in for the last time and the teachers and students are rounding out their year's work. Examinations for the remaining classes will be held during the early part of next week, while the Seniors will be busily engaged in rehearsing graduation programs.

On Sunday the "baccalaureate" sermon will be preached by Elder R. P. Drennon, pastor of the Church of Christ here. The Senior Class night program will be staged Tuesday night and the week will be climaxed by graduation exercises for the Senior Class on Friday night.

TAHOKA TEAM
WINS PLACES

Tahoka's five-man track team and Coach Walker returned Sunday from the Class B State Meet held at Denton during the week end, and where the local representatives won several places.

Tahoka went into the finals in the 440 yard dash, high jump, javelin, discus, broad-jump and the mile relay. Robert Drennon placed third in the quarter and Eloy Dyer placed fourth in the discus. The relay team, composed of B. J. Emanuel, Bonnie Brower, Robert Drennon and James Minor, with Minor running anchor, placed second, being nosed out of first by about three yards.

Tahoka bagged six points in the entire meet, while the winner won only twelve, which indicates that Tahoka made an excellent showing.

Miss Bill Brower from Midway visited in the Freshman class Tuesday.

Miss Katherine Dillard recently withdrew from the Junior class.

FRESH PRESENT
CHAPEL PROGRAM

The chapel program Monday was given by the eighth grade. It was very enjoyable and consisted of a reading, "De Americana Girl" by Louise Rogers; three songs: "Ole Faithful," "On the Good Ship Lollypop," and "Isle of Capri" by Charles Heathman; three songs: "Puleese Mr. Memingway," "Walking in the Winter Wonderland," and "The Seat Song" by Louise Barnes and Joe Belle Milliken followed by a tap dance by Billie Swafford; a dialogue by Pearl Rogers and Neil Walker. Mr. and Mrs. W. E. Heathman and Miss Robbie Milliken were chapel guests.

LOUD SPEAKERS
MET FRIDAY

The Loud Speakers met Friday afternoon for their weekly social and club meeting. Instead of having a program, the time was spent in review for final examinations, but the last fifteen minutes were spent in refreshments which consisted of Dixie cups and cookies. This was the last meeting of the club and Mrs. Tunnell, Marion Draper, Ina Bess Hicks, Walthal Littlepage and Marye Gene Tippit had charge of the meeting.

The republic of Panama has 927 miles of paved highways with 175 miles under construction.

Texas produces 85 percent of all the sulphur mined in the world. Rain

The "New Orleans Grays," organized in 1835, was the first military unit organized on American soil to go to the aid of the settlers who had decided to throw off the yoke of Mexican tyranny. Adolphe Stern, former alcalde of Nacogdoches, outfitted the company of fifty men.

Texas holds second rank to New York as the greatest export state in the Union. Texas leads all others in export of raw materials; New York being leader in manufactured goods.

SOCIETY

DORCAS SUNDAY SCHOOL CLASS HAS "KID" PARTY

The Dorcas Sunday School class of the Baptist Church was entertained with a kid party at the home of Mrs. Caveness May 2.

All the "kids" had a rollicking good time playing such games as musical chairs, hot and cold, broncho, scissors, alphabet and poison handkerchief.

Refreshments were cunning little faces on ice cream of cinnamon drop nose and mouth and raisin eyes topped by a cream cone and served upside down on a lace dolly with cookies. As the would-be youngsters left for home with dolls and hair ribbons, suckers were passed to each member.

MOTHERS' DAY PROGRAM AT METHODIST CHURCH SUNDAY

A good program will be rendered at the Methodist Church Sunday evening honoring our mothers, whether they be living or dead. This program has not been arranged with the idea of breaking people's hearts but a sane and helpful program the purpose of which is to exalt the idea of Christian Motherhood. There will be flowers, appropriate music, readings and a sermon. We expect a great company of people and invite you to be present.

W. M. PEARCE PREACHED AT METHODIST CHURCH SUNDAY

Dr. W. M. Pearce preached at the morning hour Sunday. His subject was "The Church". Those who were present enjoyed this sermon very much. Mrs. S. E. Reid arranged a very helpful worship service. Mr. Mathis sang a beautiful number "Hold Thou My Hand". A splendid choir sang several great hymns at the evening hour and the pastor preached on "The Thing That is Great".

Why will people be absent from Church services after God has blessed them with rain and good health? People of old had the fear of God in their hearts and were grateful for the blessings that came to them. We have all been somewhat distressed about the prolonged drouth. It may be that we need to quake and tremble in the presence of Him who still controls the elements and is able to give and take life when He wills. "The fear of the Lord is the beginning of wisdom." It might be that God would lead us out of this wilderness of confusion into which we have come if we would turn to Him. Let the people of this town, and the entire country, fill the churches on Sunday and turn from worldliness and ungodliness, seeking the face of Him who has all power in Heaven and in earth, and waves of prosperity will sweep over us again. The Church doors swing open twice on Sundays and the Holy Spirit calls us all to the house of God.

Yours for some real sincerity in serving God.—H. C. Smith.

BAPTIST W. M. S. CIRCLES OBSERVE HOSPITAL DAY

The ladies of the Baptist Church observed Hospital Day Monday, with all circles meeting in the home of Mrs. Geo. A. Dale.

Lucille Reagan Circle gave an interesting program on "Our Baptist Hospitals." Those taking part were: Mrs. Garland Pennington, Mrs. McKenzie, Mrs. G. H. Nelson, Mrs. H. Harrison, Mrs. Jim Burleson and Miss Margaret Preston.

The shower of linen for West Texas Hospital, Abilene, was received by Mrs. Jim Dye, who was dressed in nurse's uniform and who gave us some very useful information about hospital work and especially our own Baptist hospital at Abilene.

Refreshments of strawberry shortcake and coffee were served to eighteen ladies by the Sallee and Blanche Rose Walker Circles.

MRS. ELLIOTT HOSTESS TO PHEBE K. WARNER CLUB

The Phebe K. Warner Club met April 26 at the home of Mrs. J. W. Elliott. After the usual business session, Mrs. Haney, chairman of the program committee directed a program on "Texas Day". Miss Beatrice Estes, a Junior from High School, in a very pleasing manner, read "Spirit of Texas". Rev. H. C. Smith gave an interesting "Review of Texas" stressing the natural resources of our state.

The hostess served a refreshing iced drink with cake and candy to Mesdames J. R. Burleson, R. W. Fenton, Sr., R. W. Fenton, Jr., M. C. Finch, Carl Griffing, L. C. Haney, R. L. Moreland, G. M. Stewart, L. E. Turrentine, L. E. Weathers, R. L. Richardson, H. C. Smith, Miss Sylvia Robb, and Rev. H. C. Smith.

CHURCH OF CHRIST NOTES

Services last Lord's day were good. A plain sermon on giving was well received and we hope will bear much fruit in the days to come.

The time for services next Lord's day morning have been moved up from 10 to 9:30 A. M. so as to get done with our Bible Study and communion service in time to get to the high school by 11 o'clock. The evening service has been changed to 8:30 P. M. The men's development meeting meets Wednesday night. Come bring your Bible question and let us help you solve it.

Come to the friendly church where you are a stranger but once.—R. P. Drennon.

Southwestern Texas has one of the largest natural spring areas to be found in the world. Ten notable springs flow almost 1,000,000,000 gallons of cold spring water daily. The largest, Pecos Spring in Val Verde County, flows 245,000,000 gallons daily.

Texas sold 100,000 square miles of land, comprising portions of Oklahoma, Kansas, Wyoming, Colorado, and New Mexico, to the United States government for \$10,000,000.

UNIVERSITY OF TEXAS HAS LARGE LITERATURE EXHIBIT

Austin, May 8.—An exhibit illustrating the growth and development of Texas literature, from the Indian pictograph to the present day, when approximately 1,250 contemporary writers are making their contributions to the literary culture of the State, is on display in the University of Texas library.

The University anthropology museum collaborated with Mrs. Mattie Austin Hatcher, archivist, in arranging the case filled with Indian picture writings and pictures, all taken from the museum; included in this display is a Gospel according to Saint Matthew, translated into the Shawnee language in 1842, a volume loaned by Mrs. R. B. Harrison of Waco.

The beginnings of literature in Texas are illustrated by copies of early Spanish writings, documents and printed materials. A notice printed on a press belonging to Mexican authorities in Texas, linking the Spanish-Mexican regime with that of the Anglo-American one, headed by Stephen F. Austin; the story of Fray Francisco Jesus Maria who lived among the Texas Indians and wrote the first description of them and of the Spanish attempts to Christianize them; the first novel on Texas; the first English novel touching on Texas; the first Texas book written in German; and the first Texas poem.

Then followed a display of books belonging to the Austin family, volumes from Moses and Mary Austin's personal library, documents written by Stephen F. Austin, and personal effects of the family, now in the University archives.

The display was completed by a display, arranged by Dr. Florence E. Barnes of Austin, of books, manuscripts and letters the work of contemporary Texas writers.

BARTON WRITES FROM N. M.

The News received a communication this morning from R. F. Barton of Artesia, New Mexico, a former citizen of this county, in which he sends greetings to the "home folks" here. "We like out here in Artesia fine," he says. "Have had a good rain, farmers are cutting and baling alfalfa, also are plowing cotton. Pretty gardens, and the prettiest flowers. We are hoping to see a host of our friends this summer. Now be sure to stop with us on your way to the cavern."

Mr. and Mrs. Floyd Simpson of Plainview spent Saturday night here with her friend, Miss O'Bea Forrester. On Sunday the three visited relatives in Lovington.

Mrs. Aubra M. Cade was able to be up Wednesday, the first time for twelve days. She has had a bad case of the mumps.

Mr. and Mrs. Brooks Smith of Petty were called to Ballinger Sunday on account of the death of an uncle.

The number of cattle on Texas farms and ranches increased almost 1,000,000 head from 1930 to 1935. During the same period the number of chickens rose more than 2,000,000.

The Hudson river bridge has 200 feet clearance above the water. The height of the towers is 625 feet above the water.

The Great Bell of Moscow was cast in 1730 and weighs 193 tons. Three other bells in Moscow are of great size.

GOVERNMENT REPORT ON OFFICE POSITIONS

The United States Department of Labor has just issued a comprehensive survey on employment in business offices—showing the range of salaries of 43,000 office workers, the kind of training required, methods of hiring help, and the like. This survey shows the median salaries to be \$156.00 a month; of Stenographers, \$114.00; of Bookkeepers, \$111.00; and of Cashiers, \$123.00 in the cities surveyed, representing the different sections of the country.

This survey further says that young, inexperienced workers are more in demand, it being considered more satisfactory to employ beginners and to advance them as vacancies occur, and that searching for the person who had just enough experience was not deemed economical.

Young people who are interested

in obtaining business positions are invited to investigate the training and placement facilities offered by Draughon's Business Colleges, through which many graduates are being put in touch with inspiring opportunities. Write for Bulletin No. A today. Address nearest Draughon's College, Dallas, Wichita Falls, Abilene, or Lubbock. 37-2tp.

THE LYNN COUNTY NEWS

Is Your Car over 70 horsepower?

If it is, you must have motor oil of extra high film strength to get SAFE LUBRICATION

YOUR car today has twice the horsepower and speed of the car you drove ten years ago! The average of 22 leading cars in 1934 was 108 horsepower.

Bearing pressures and temperature have increased correspondingly—so greatly that motor parts are now made of new alloy metals of extra strength and durability to stand the load!

To protect such a motor you need an oil with enough extra oiliness and film strength to withstand the extreme pressures and temperature!

Yet motor oils generally have no more oiliness and film strength now than they had ten years ago. New refining methods have recently come into use to make oils free from carbon and sludge. But these refining processes have lowered instead of increased oiliness and film strength—the very qualities on which depends an oil's lubricating value!

There is one exception—Conoco Germ Processed Motor Oil. It, too, is free from carbon and sludge troubles. But, more important, the new Germ Process—adding concentrated oily essence to highly refined oil—puts into this oil 2 to 4 times the film strength of any straight mineral oil, as tests on Timken and other machines have proved! That extra film strength gives safe lubrication under the most extreme pressures!

Germ Processed Oil protects your motor another way. Its penetrative film, the "Hidden Quart," stays up in your motor and cuts down starting wear.

Germ Processed Oil gives longer mileage with greater motor protection, as the Indianapolis Destruction Test proved.

Say "O. K.—Drain"—fill with Conoco Germ Processed Motor Oil and drive with the assurance that your oil meets your motor's needs!

Benediction

Rev. R. P. Drennon

Accompanied at the piano by Mrs. J. K. Applewhite

Saturday night and let's have a good singing.

Mr. Jordan's room is planning a trip to Carlsbad pretty soon. A group of girls enjoyed a Slumber Party Thursday night at the home of Mrs. L. H. Bain.

The Nazarenes had prayer meeting Thursday night. A large crowd was present. Everyone came every Thursday night and enjoy prayer meeting at the Nazarene Church.

Wayne Spears, who has been seriously sick with head trouble, is some better this week and is in school.

A. H. Nelson and family spent Sunday with Joe Anderson of Edith.

Mr. and Mrs. Frank Sargent and little daughter spent Sunday with Mrs. Sargent's parents, Mr. and Mrs. Wayne Barton and family.

Effie Anderson of Edith is visiting Naydeen Nelson this week.

Bro. Carol Sanders of Post preached at the Nazarene Church Sunday morning at the eleven o'clock hour.

Cecil Russell is visiting at Spur.

Supt. H. P. Caveness visited our school Monday morning. We are always glad to have him visit us.

Mrs. J. Floyd Jordan's sisters, Mrs. Martin of Slaton and Mrs. Cecil Luttrell near Vernon visited Mr. and Mrs. Jordan two days last week. The latter is visiting this week with Mrs. Jordan.

WEE SHIRLEY TEMPLE HAS IDEAL ROLE

Co-Stars With Lionel Barrymore In Popular Romance, "The Little Colonel"

That bundle of screen magic, five-year-old Shirley Temple, will soon be thrilling and delighting her army of local movie fans in a new picture.

Reports from other cities indicate that in "The Little Colonel," Fox Film has given her an ideal vehicle for her acting, singing, and dancing talents. It will come to the English Theatre Saturday, Sunday and Monday nights.

She co-stars with Lionel Barrymore in this popular story of Southern prejudices, adapted from Annie Fellows Johnston's series of "Little Colonel" stories, which were the favorite reading of millions a generation back, and whose appeal is perennial.

"The Little Colonel," is the story of a Kentucky belle who marries a Yankee, against her father's wishes, and is promptly disowned by the proud old aristocrat, who is still living in the days of the Civil War.

Barrymore is the obdurate Southern aristocrat. Shirley plays the cameo colonel whose dancing feet, smiling eyes, and honey-colored curls make a withering attack on the heart of the stern rebel.

In keeping with the importance of this picture, Technicolor graces part of this De Sylva production. The real Shirley as she really looks is seen for the first time by her following of movie fans.

Critics in other cities where "The Little Colonel" is playing, hail it as Shirley's most superb vehicle. There is merit drama and comedy, in the plantation, frontier, and army scenes. Attention is being called everywhere to Shirley's dancing with Bill Robinson in his original stair dance, elaborately staged in one sequence of the picture.

Supporting the co-stars are such personalities as Evelyn Venable, John Lodge, Sidney Blackmer, Alden Chase, William Butts, and others.

The direction is by David Butler, and the screen adaptation by William Conselman.

If Texas were as densely populated as Massachusetts, it would have a population of 151,000,000. Massachusetts has 528.5 to the square mile; while Texas has only 22.3.

SHERIFF'S SALE

State of Texas,
County of Lynn.

Whereas, by virtue of an order of sale issued out of the 99th District Court of Lubbock County, Texas, on a judgment rendered in said court on the 10th day of April, 1935, in favor of First Federal Savings and Loan Association of El Paso, a corporation, and against C. L. Shook and W. J. Shook for the sum of \$1421.04 with interest from the 10th day of April, 1935, at the rate of 8.94% per annum, and costs of court, and for foreclosure of a deed of trust and mechanic's lien on the following described property as against the defendants C. L. Shook, and wife, Mattie J. Shook, W. J. Shook, Mrs. Mary Henderson and husband, C. D. Henderson, and if the last two named defendants should be dead, or either of them, then their unknown heirs, in cause No. 6314 on the Dockets of said Court, and to me as Sheriff directed and delivered, I did on the 6th day of May, 1935 at 10:00 o'clock a. m. levy on said property which is situated in Lynn County, Texas, and belonging to said defendants, to-wit: All of Lots One (1), Two (2), and Three (3), Block One Hundred Ten (110), of the Original Town of O'Donnell, Lynn County, Texas; on the 4th day of June, 1935, being the first Tuesday in said month, between the hours of 10:00 a. m. and 4:00 p. m. on said day at the court house door of Lynn County, Tahoka, Texas, I will offer for sale at public auction for cash to the highest bidder, all the right, title and interest of all of said defendants in and to said property.

Witness my hand this 6th day of May, 1935.

E. L. Parker, Sheriff of Lynn County, Texas.

ROAD ENTHUSIASTS URGED TO ATTEND LUBBOCK MEET

Lubbock, May 8.—It is exceedingly important that all good road enthusiasts attend the annual meeting of the South Plains Good Roads Association in Lubbock, Friday, May 10.

Percy Balle, president of the organization, said here today in making last minute arrangements for the session.

Texas will receive a large appropriation from the recently created public works fund and it will behoove us to have our plans properly presented before the Texas Highway Commission.

Representatives who have recently surveyed the situation in Washington will appear on the program. Late information on the expenditure of the \$4,000,000,000 fund will be available from these speakers.

"It is hoped that every town on the South Plains will have a delegation present to participate in the discussions," Balle said.

It is estimated that there are 13,000,000 fishermen and hunters in the United States.

Many a Friend Recommends BLACK-DRAUGHT

People who have taken Black-Draught naturally are enthusiastic about it because of the refreshing relief it has brought them. No wonder they urge others to try it!

Mrs. Joe G. Roberts, of Fortersville, Ala., writes: "A friend recommended Black-Draught to me a long time ago, and it has proved its worth to me. Black-Draught is good for constipation. I find that taking Black-Draught prevents the bilious headaches which I used to have."

A purely vegetable medicine for the relief of

CONSTIPATION, BILIOUSNESS

CHANGE MADE IN RELIEF EXTENSION METHODS

Austin, May 7.—Effective immediately, county relief administrators no longer will be permitted to extend any form of relief from general relief funds to any employable farm family, it was announced by Adam R. Johnson, state director of the Texas Relief Commission.

"A farm family," Mr. Johnson explained, "is one residing outside the limits of incorporated or unincorporated towns, villages and cities and who depend upon farming operations for the major portion of their income. It is not intended to include in this group families who live on small plots of land which are sufficient only to produce a part of their sustenance requirements and upon which they can not produce a commercial crop."

"Farm families," henceforth, may receive aid only in the form of advances through the rural rehabilitation corporation. County administrators were instructed to recall any work cards issued to rural families for work relief in May and to make advances, secured by notes and mortgages, instead.

All families affected by this change immediately will become rural rehabilitation families, Mr. Johnson said, and will receive aid in the future from rural subsistence funds in accordance with their needs as established by caseworkers.

At the same time, administrators will contact all landlords at the earliest possible date to obtain waivers on the landlord's interest in the tenant's share of the crop. This procedure was adopted in order to secure advances which the rural corporation will make to the tenant.

"If a client transferred under these regulations receives subsistence advances, executing notes for them, and later it develops that a waiver form can not be obtained from the landlord or other creditors, then the case will be dropped com-

pletely from our records," Mr. Johnson declared. "In such instances, the notes taken will be written off as a loss, but the client will receive no further advances after the date on which creditors refuse to execute waivers. Creditors will be notified when these cases are dropped from the records."

Explaining the new regulation, Mr. Johnson said it is in line with the long established method of furnishing sharecroppers. "This is what the bankers and other creditors always have done," he said. "Our former practice of furnishing the tenant with subsistence needs as an outright grant just encouraged creditors to allow the relief administration to finance the making of their crops. This new regulation will help to correct that situation and dignify the aid extended farmers by eliminating the outright relief grant."

Deaf Smith captured a Mexican courier just before the Battle of San Jacinto who had a saddle bag initialed: W. B. Travis. It was his souvenir from the massacre at the Alamo.

Lady's Painful Trouble

Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Halleville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag-around, so sluggish and 'do-las.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." ... If Cardui does not help YOU, consult a physician.

GIVES TRIPS TO 4-H STOCKMEN

The 4-H Club boy or girl making the best livestock record in the state this year will be given a prize educational trip to Chicago and a swell week of sightseeing there by Armour and Company, state club leaders are advised by the Chicago national 4-H office. The trip is to the 14th National Club Congress to be held in connection with the International Live-Stock Exposition. Last year's trip winner was August Jordan of Mason.

The deepest oil well in the world is in Reagan County, Texas. It reaches a depth of 2 miles.

Dime Chain Mail
Is Held Illegal

Washington, May 7.—Beset by a
multitude of inquiries, the postoffice
department today made public a
ruling of its legal department which
declared the "dime chain mail" ille-
gal because it violates the lottery
and fraud laws of the postal ser-
vice.

The ruling was made two weeks
ago by Solicitor General Karl A.
Crowley after the department had
opened investigation into the letter
chain having focal point in Denver,
Colo.

Crowley has been receiving hun-
dreds of inquiries by mail and tele-
phone from all sections of the coun-
try. The regular business of his
staff has been virtually halted to
answer these inquiries.

"The chain letter scheme," said
Crowley's ruling, is a violation of
the lottery law because at the time
a person gets in on the chain he
has no knowledge of the extent to
which the chain has already pro-
gressed and in parting with his
money he has no guarantee that he
will receive anything in return.

"It is a violation of the postal fraud
statute because the scheme is eco-
nomically unsound and it can not
possibly work out as contemplated
because there are neither people nor
money enough in the country to
assure all the participants receiving
what they are promised."

Crowley said a number of arrests
had been made and that others
would be made until the scheme is
checked. An effort is being made
to locate originators of the various
chains. Chief Postoffice Inspector
K. P. Aldrich has ordered a nation-
wide investigation of the scheme.

NOTICE TO HORSE RAISERS
I have bought the Elton George
Stallion. He is perhaps one of the
best known horses in the county.
But for the benefit of those who
do not know him, I will say that he
is a pure bred Percheron, jet black
color, 16 hands and 3 inches high.
Weights about 1650 pounds. He will
make this season at my stables 2
miles east and 7 miles south of Ta-
hoka. Breeding fee will be \$5.00 by
the season.—I. M. Draper. 1tc.

NEW FEATURES TO BEGIN
IN NEWS NEXT WEEK

(Cont'd. from first page)
penings with authority.

The Lynn County News recognizes
the fact that people today are pro-
foundly interested in events that
are taking place at the seat of our
national government. Federal legis-
lation is having a far reaching ef-
fect on the lives of us all—more es-
pecially farmers and livestock men.
Acts of Congress and expressions
from the White House probably
have more influence on prices of
farm products and many other
commodities, than any other force.
So that Lynn county readers may
keep in touch with these important
developments, our new service will
carry a thoroughly understandable
interpretation of these events. This
new department will be called "The
Washington Digest."

A column by the world renowned
commentator, Arthur Brisbane, will
be published. Mr. Brisbane's writ-
ings are more widely read than
those of any other journalist. To
read his column is to keep in step
with a fast moving world, and The
News can promise that you will im-
mensely enjoy his spicy comments.

The humorous and philosophical
writings of Will Rogers will occupy
a column each week. Will Rogers is
perhaps the most popular, most
friendly and best loved humorist in
the country. His writings and radio
broadcasts are read and listened to
by millions of people each week.

For the children—and grownups
too, for that matter—a number first
class comic strips will be published.
Mescal Ike, S'matter Pop, Reglar
Fellers—these and others will cavort
on the News' comic page for your
entertainment. Good jokes and
timely cartoons will be another part
of this section that you will like.

Of particular interest to women
readers of the News will be a de-
partment devoted to new fashions.
The latest modes in smart women's
wear will be portrayed and explained.

In order that Lynn County News
readers may have a Sunday school
lesson handy for perusal, a standard
International lesson will be publish-
ed. This is prepared by Reverend P.
B. Fitzwater, D. D., member of the
Moody Bible Institute faculty.

Last, but most important of all
to many readers, will be a top-notch
serial story. To initiate our new
feature service, no ordinary story
has been selected. On the contrary,
we have chosen a story by Peter B.
Kyrne—one of the most absorbing
tales that has ever come from the
pen of this celebrated author. The
title of this unusual story is "Golden
Dawn". After starting this tale, you
will not be satisfied until the final
installment is finished.

While we have described the ma-
jor part of our new features, there
will be other highly interesting ar-
ticles for your enjoyment. In pre-
sents this new and larger Lynn
County News, the publishers are do-
ing so with the realization that peo-
ple are interested in far more things
than local news alone. General busi-
ness conditions are substantially
better. A beneficial rain has just
recently fallen over the Plains. Peo-
ple are feeling better. Nineteen-
thirty-five will see many history-
making developments transpire, and
by subscribing regularly to the Lynn
County News, you can easily keep
posted on events that everybody
should be familiar with.

Remember, the new Lynn County
News will come from the press next
week, and the opening installment
of the serial will be included. Watch
for it, and if you are not a regular
subscriber or if your subscription is
in arrears, let us urge you to make
immediate arrangements for the
News to come to you every week
hereafter.

Judge G. C. Grider returned Fri-
day from Dallas, where his wife is
taking treatment in a hospital. He
left her somewhat improved. The
Judge reports a lot of rain in that
portion of Texas and says the coun-
try is more beautiful now than he
ever saw it. The luxuriant green
trees and the innumerable roses and
other flowers made the city and the
country alike look like a paradise to
a man who had been fighting sand-
storms out on these "barlles".

Mrs. W. S. Taylor and little
daughter, Olga Faye, returned last
Friday from a week's visit with Mrs.
Taylor's mother and other relatives
at San Antonio. They were accom-
panied home by Mrs. Taylor's sister,
Mrs. Evelyn Meador Wallace, for a
few days visit here.

H. A. Patterson spent last week
at De Leon at the bedside of a sick
sister. He says she was somewhat
improved when he left. He reports
heavy rains and overflowing streams
in that section, all of which looked
good to him.

Mrs. J. G. Price had her tonsils
removed Monday at a Lubbock hos-
pital.

Plainview Set
For WTCC Meet

Plainview, May 8.—With the sev-
enteenth annual convention of the
West Texas Chamber of Commerce
less than a week off, Plainview, the
hostess city, is ready for the enter-
tainment of the thousands of vis-
itors that are expected for the con-
vention dates, May 13-14-15. Walter
Thatcher, president of the Plain-
view Chamber of Commerce, said
Tuesday.

The convention program is prac-
tically complete, J. A. Rix, con-
vention manager, stated today, with ac-
ceptances received from all group
conference speakers.

Local arrangements are rapidly
being shaped up, with Sherman
Umphress and his committee mak-
ing reservations for hundreds of
delegates daily. A large attendance
is expected for this convention, and
Plainview will be ready to take care
of all its visitors. Jack Skaggs is
chairman of the local registrations
committee and is at work contacting
about twenty-five or thirty adjoin-
ing towns, from each of which a
large delegation is expected.

Speakers on the three day program
include Governor James V. Allred,
who will address the general assem-
bly on Tuesday morning. Judge
James D. Hamlin, Farwell, president
of the West Texas Chamber of
Commerce, will also speak Tuesday
morning, giving a summary of the
year's work. Walter D. Cline, gen-
eral chairman of the Texas Centen-
nial Committee, and a past pres-
ident of the regional organization,
will be here for the convention and
will be in charge of the Governors'
party on Tuesday night, at which
time past presidents of the West
Texas Chamber of Commerce will
be especially honored. Governor
Allred, Governor E. W. Marland,
Oklahoma, and Governor Clyde
Tingley, New Mexico, are also to be
honored guests.

The Rev. J. Pinnell, pastor of the
Magnolia Avenue Christian Church,
Fort Worth, will be the speaker at a
joint religious service to be held
at the City Auditorium, Sunday
evening, May 12, on the eve of the
convention.

Three group conferences, of inter-
est to every delegate and visitor to
the Chamber of Commerce con-
vention, will be held on Monday and
Tuesday afternoons.

The Agriculture Group Confer-
ence, with Clifford Jones of Spur
chairman, will be held Monday af-
ternoon. The following speakers
have accepted places on this con-
ference: Congressman Martin Dies,
Orange, author and introducer of
the Domestic Allotment bill; who
will speak on that bill; R. C. Hop-
ping, Lubbock, who will speak on
"Maladministration under the
Bankhead Bill"; and J. E. McDon-
ald, state commissioner of agricul-
ture, whose subject will be "Un-
limited Domestic Allotment Plan".

The Taxation Group conference
will be held Tuesday afternoon at
2 o'clock with Senator Arthur P.
Duggan the chairman. Speakers on
this conference are scheduled to be
Senators T. J. Holbrook and Roy
Sanderford, and Mayor Ross Rogers
of Amarillo. Public debt and prop-
erty tax will be among tax problems
to come before this conference. Ross
Rogers will speak on "The Muni-
cipal Debt Problem".

The Territorial Developments
Group conference, also scheduled
for Tuesday afternoon, has Ray H.
Nichols, Vernon, first vice-president
of the West Texas Chamber of Com-
merce, for chairman. Speakers who
have accepted on this program are:
H. H. Fennell, Dalhart, regional di-
rector to the U. S. Department of
Agriculture, whose subject is "Wind
Erosion"; R. E. Dickson, State Ex-
periment Station, Spur, who will
speak on "Water Conservation";
Harry Hines, Wichita Falls, chair-
man of the State Highway Commis-
sion, whose subject will be "High-
ways"; R. E. Shepherd, Dallas, ex-
ecutive assistant to Walter Cline, on
"The Federal Housing Act"; and
Julian Montgomery, Fort Worth,
State PWA engineer, who will speak
on the PWA, its projects and pro-
cedure.

Response to Welcome
Van Zandt Jarvis, Mayor of Fort
Worth, and director to the West
Texas Chamber of Commerce from
his city, will make the response to
the address of welcome, which will
be given on behalf of Plainview by
T. J. Shelton, mayor of the hostess
city.

Convention Contests
Early entries in convention con-
tests indicate much interest on the
part of the affiliated cities.

In the "My Home Town" speaking
contest, of which C. M. Caldwell,
Arlene, is chairman, fifty-one
towns have entrants. Tahoka will
be represented by James Minor.
In the quartet contest, twenty-

four quartets are entered from fif-
teen towns.

Sponsors for La Fiesta, main en-
tertainment feature, have already
been named from eighteen towns.
Miss Auda Mae Aycox will represent
Tahoka.

Thirty-eight towns have made
forty entries in the Poster contest.
Tahoka will be represented by mem-
bers of the Vocational Agriculture
class.

Ten cities have entered the Beau-
tification contest.
Fifteen bands have reported that
they will be on hand for the con-
vention.

Local Entertainment
Local entertainment plans include
six dances, three on each night, a
theatre party for visiting ladies, tea-
dancers for visiting sponsors, rab-
bit and greyhound races two after-
noons, and Governors' banquet. Ad-
mission to all entertainment fea-
tures is included in the registration
fee of \$1.25.

1936 Convention
Four cities are in the race for the
1936 convention: Wichita Falls,
Brownwood, Amarillo and Fort
Worth.

Mrs. E. I. Hill and Billie and Mrs.
H. P. Caveness left Monday morn-
ing for a visit of two or three weeks
in Central Texas. Mrs. Hill is visit-
ing her father, Mr. Hop Halsey, near
Rogers, Bell county. Billie is visiting
relatives at Hamilton, and Mrs.
Caveness is visiting a sister at Mc-
Gregor.

Don't Experiment

If you have an itching skin, get a
bottle of BROWN'S LOTION from

The Most Important Place in the World

Local news—you get it in your favorite home paper. But you cannot
be equally well informed on national and world affairs without Path-
finder. Think of all that is going on! New industrial developments!
The all-important agricultural situation! Acts of Congress! Govern-
mental "jers" and a thousand other things! But how will this affect
you personally—THAT'S WHAT YOU'VE GOT TO KNOW.

The true inside story of what goes on at Washington; understandable
and reliable information that is so hard to find; the maze of current
happenings and fast changing conditions clearly analyzed and explained
for you—that is exactly what the Pathfinder will give you. By all means
order Pathfinder with this paper in the club which we have arranged
for your benefit. ORDER NOW!

Your Graduate
deserves
AN ELGIN

NO OTHER GIFT
CAN MEAN SO MUCH

Here it is this year, as every
year since 1865, the finest gift for
graduates is an ELGIN! It's a real
lifetime remembrance! Our stock of
latest models has just arrived. Ex-
quisite, tiny watches for girl gradu-
ates, smart strap or pocket
Elgins for the boys. You can find
here an accurate, flawless Elgin
timepiece to cost just what you
wish to pay. So plan to come in soon.

THERE'S BEEN NO DROUGHT
ON THE MEDINA PROJECT

End the fear of drought forever with the cheapest irrigation
water in the history of Texas. We are selling our irrigated
farms at the price of dry land.

All types of soil at introductory prices ranging from \$40.00
to \$85.00 per acre.

Fifteen to twenty-five miles from San Antonio over paved
highways.

See us and arrange for tour of inspection now, as our present
introductory sale prices are for part time only and are definitely
to advance in the immediate future.

Write or wire—

R. E. WILKISON, Lamesa, Texas

Cars leaving Mondays and Thursdays for Medina.
