BAIRD, CALLAHAN COUNTY, TEXAS, FRIDAY, AUGUST 14, 1964

NUMBER 33

BY NORMAN FISHER

A BAIRD MAN, L. R. Hughes, in Wichita, Kan. this week to compete in the national roquet surnament. He left Saturday.

We had to go to the dictionary to learn what sort of game ro-

In case others might be equally uninformed, the dictionary tells us roquet is similar to croquet except the court is arranged more like billiards, and the equipment has been refined to make accurate play possible.

That sounds interesting. But we have enough trouble with

MOST OF THE REACTION WE have received from a recent suggestion in this space of a capital improvement bond election for Baird has been favorable.

What few unfavorable reactions we have heard has come people who already have paved streets in front of their homes. This, of course, is valid and logical argument.

But the few cents a month such an issue would cost each taxpayer would go for paving streets around our schools and park as well as in front of

And those few cents would also be paying for better water pressure and more overhead water storage for our town both valuable assets in these dry times.

To those who already have paving on their streets, we urge these benefits of more water and pavement around schools and parks be considered before lining up too strongly against such a program.

There is something in such a program to benefit every resident in Baird.

IT'S HARD TO REALIZE right now that before football seasons is over we will probably have had several northers, some freezing nights and perhaps even sleet or snow.

But the thoughts of that cold weather likely won't furnish much comfort for members of the Bear football team when hey begin practice Monday ming.

We don't envy these young men the next few weeks as they work toward the first game There is no easy way to take this heat in stride while learning to block and tackle.

I agree with Art Linkletter who says, "Children say the darndest things!" Last Thursday Robert, Dicy and Kathi Scott spent the day with me. It was one of those hot scorching days we have been having. When Ray came in from work around five o'clock I thought perhaps the girls might enjoy an ice cream cone. The girls were amused to see that Ray liked ice cream cones. I told them that Ray was still just a little boy at heart. This was also my cue to show them some photos of Ray when he was a little boy. When the girls saw the pictures they cried out, "Oh, he looks just like a little leprecchaun. The children had watched Bonanza on TV on Sunday night which featured Hoss and Little Joe with some leprechauns. (Come to think of it Ray did look like the leprechauns.)

Ray and I sure did not have a dull weekend for Jimmy Windham spent Saturday night and Sunday with us. Jimmy is the youngest son of Mr. and Mrs. Robert Windham and anytime they decide to give Jim away, Ray and I will take him!

Mr. and Mrs. Charlie Stephenson visited their son and family in South Texas a few days last week.

Mr. and Mrs. James Mullen and Sharon of Abilene are back home after a vacation trip to Virginia. They say it rained over there.

Believe it or not your reporter Lillian Crawford was on vacation last week from late Monday afternoon until late Wed-Worship Service 10:50 a.m. nesday afternoon. I was visiting with an aunt and uncle at Cleburne. It had been between 40 or 42 years since I had been in Mid-Week Service 7:30 p.m. their home, and had been 25 years since I had seen my aunt. This couple is Mr. and Mrs. T. L. Gilstrap, living alone and neither one well. Uncle Tom is past 81 years and aunt Dicie a few years younger.

As it happened one of my cousins was at the Gilstrap residence visiting as he usually does when he goes to Cleburne. It had been about 40 years since I had seen this one, Ed Roland, and time or years does change people so very much, but family

resemblances never fade. Mr. and Mrs. Dale Crawford and family enjoyed going to the Six Flags while I enjoyed a quite place with my relatives.
