## MERLE MILES, 16 WRECK VICTIM

O'Donnell Girl, Member Of Pioneer Family Died Wednesday, Result Car Wreck

Miss Merle Miles, 16 daughter of Mr. and Mrs. Roy Miles of O'Donnell died at 2 o'clock, Wednesday morning in a Lubbock sanitarium from injuries sustained Monday, night when an automobile in which she was riding crashed into the wreckage of two trucks on Highway No. 9 eight miles south of Lubbock. Her escort, Bud Davis, 20, son of Mr. and Mrs. G. B. Davis, also of O'Donnell, was only slightly hurt.

Both the injured persons were taken to a sanitarium in Lubbock for treatment, Miss Miles in an unconscious condition. She was suffering from a long gash across the forehead extending down to the left eye, several smaller head gashes, a deep gash under the angle of the right jaw and near the jugular vein, cuts on the left side of the face, a deep puncture wound in the right upper chest, a badly crushed right foot and ankle, and other injuries.

Davis received some bruises and lacerations about the right temple, but was not seriously hurt.

Two trucks had collided on the highway a short time prior to this accident, and young Davis evidently did not see the wreckage in time to avoid crashing into it.

The two truck drivers also were slightly hurt. One of them, C. E. Boone, a farmer, 55, living three miles west of Woodrow, suffered laceration of the scalp, a fracture of one rib, and laceration and fracture of the right thumb. The other was a Mexican, driving a cotton truck. He received only minor injuries. The trucks, however, were badly wrecked, and the wreckage had not been cleared away nor any lights placed at the scene when the Davis car came along.

Miss Miles was the grand-daughter of J. B. Miles of O'Donnell, former county commissioner, and the grand-niece of A. R. McGonagill of this city, both prominent and old-time citizens of the county.

Funeral services were held at the Church of Christ in O'Donnell at 2:30 o'clock Thursday afternoon in the presence of a great concourse of friends and relatives, the O'Donnell schools having dismissed for the occasion. Elder R. P. Drennon of this city officiated.

## Tahoka All-Stars Defeat Lubbock

Tahoka All-Stars last Friday showed a bunch of boys from the city (Lubbock) how the game of football should be played, the score being 20 to 0. A good sized crowd witnessed the thrilling engagement, and nearly \$50 was cleared from the gate receipts, which will be used toward buying the High School team letter sweaters.

The Lubbock team was composed of ex-Texas Tech football men, ex-Lubbock High players, and stars from other teams; but the Tahokates, led by the brilliant play of Capt. James Minor and Coach Prentice Walker, were too much for the visiting stars. The Tahoka team was composed principally of former members of Tahoka High teams, augmented by several members of this year's team, and two or three old college players.

The Tahoka All-Stars are seeking another game to be played here, possibly Christmas Day.

## Canadays Attend Meeting Of Lodge

Mr. and Mrs. M. O. Canaday and two children spent last week in Waco, where Mr. Canaday attended the Masonic Grand Lodge of Texas.

Of course Mr. Canaday enjoyed the seasons very much, and he brought back the information that W. S. Anglin of this city was appointed District Deputy Grand Master for this the 116th district, which is composed of Lynn and Garza counties. He succeeds D. M. Estes of O'Donnell.

Mr. Canaday says this was the 100th communication of the Texas Grand Lodge, the first one having been held ninety-eight years ago with President Anson Jones acting as Grand Master.

## Christmas Edition Next Week

Next week The Lynn County News will publish its annual Christmas edition, which will possibly be from present indications the largest ever issued. There will be some special features, and most of the business and professional men will carry greetings to their friends and patrons.

Next week's paper will be the last to be issued before Christmas, which comes on Wednesday, December 25.

Also, kiddies who wish their letters to Santa Claus published must have their letters in The News Office by Tuesday of next week.

## Mother Of Mrs. Barker Is Dead

Funeral services were held at the Baptist Church here at 4:30 Wednesday afternoon for Mrs. Mattie Johnson of Brownfield, mother of Mrs. Minnie Barker of this city and grandmother of Fred Barker and Mrs. W. A. Strickland. The services were conducted by Rev. F. G. Rogers, pastor of the First Baptist Church of Brownfield, assisted by Rev. Geo. A. Dale, the Baptist pastor here. Burial was in the Tahoka cemetery.

Mrs. Johnson died at the home of her daughter, Mrs. J. T. Wade in Brownfield at 6:30 Tuesday afternoon, death being due chiefly to her advanced age. She had been seriously sick for a number of days.

Mrs. Johnson was born in Alabama October 6, 1842, and was there for a little more than 93 years old. Her maiden name was Mattie Ann Loftin. She was married to George W. Johnson in Alabama in 1867, and she and her husband moved to Texas in 1869. Her husband died in 1916, since which time she has been making her home with Mrs. Wade. They have been living recently at Brownfield but had been residents of this section of the state since 1918. Prior to this time, Mrs. Johnson resided many years in Hill and Erath counties, but came to this section of the state from Wichita Falls.

In early life Mrs. Johnson united with the Baptist Church and she had been almost a life-long member. Her father was a Baptist minister as was also her husband. She herself was a noble Christian character and did much service for her Master.

Surviving her are three daughters: Mrs. Minnie Barker of this city, Mrs. J. P. Wright of Morgan, Bosque county, and Mrs. J. T. Wade of Brownfield, all of whom were present for the funeral services.

## Small Fire Loss Here This Year

Pete Coleman, our efficient fire marshal, reports practically no fire loss is the city of Tahoka during the current year. In fact, there has not been a single loss on insured property, he says.

The only fire of any consequence at all this entire year was a fire which destroyed the three-room house at the southern limits of the town occupied by Ethan Bartley one day last week.

Mr. Coleman says that the fire loss last year was likewise insignificant, being only about \$700.

He believes that there are few towns in Texas the size of Tahoka that can show as good a record.

## State Inspector Visiting Schools

Prof G. D. Holbrook of the State Department of Education has been here this week inspecting the rural schools of Lynn county to determine the amount of state aid to be granted. He was accompanied by County Superintendent H. P. Caveness.

The work was practically completed Thursday.

### TOO LATE

News items from New Moore and New Lynn reached this office too late this week to be published in this issue of the News.

## LUNCH CLUB PLAN BANQUET

Wives Invited At Social Event Next Thursday Night At The Legion Home

The losing side in the recent luncheon club contest will entertain the winners and also the wives of all the luncheon club members with a banquet to be given on Thursday night, December 19. If there is any member of the club who is not fortunate enough to have a wife, then he may escort a lady friend. This announcement was made at the luncheon club Tuesday by Bill Sewell, the demure captain of the losing team. President J. K. Applewhite further announced that the aforesaid Bill Sewell would be the "high cockalorum" of the banquet.

Mr. Applewhite also called attention to the fact that the West Texas Chamber of Commerce is making an effort to have West Texas well represented in the exhibits to be shown at the Texas Centennial Exposition to be held in Dallas, beginning next summer. Mr. Applewhite gave notice that soon he would announce the appointment of a committee to work up an exhibit of some kind from Lynn county.

The musical program of the day was one of the finest yet given. The ladies quartet of the Baptist Church consisting of Mmes. R. C. Wells, H. P. Caveness, K. E. Durham, and G. H. Nelson, in keeping with the approaching Christmas season, sang "Silent Night, Holy Night," and for an encore they gave that fine old Negro spiritual, "A-standin' in the Need o' Prayer." Mrs. J. K. Applewhite accompanied at the piano.

A. I. and W. O. Thomas are down in the Fredericksburg country this week hunting deer.

## Christmas Pageant At Baptist Church

A Christmas pageant, being a new setting of "The Three Wise Men," will be presented at the Baptist Church on Sunday night, December 22. Thirty-four characters appear in the cast. Preparation for the program is already being made.

This is said to be a very beautiful pageant, and a large crowd is expected to be present to enjoy it. Everybody cordially invited.

## Kansas Man Is Visitor In Tahoka

Chris Paulsen of Jamestown, Kansas, has been here the past several days looking after some property interests. Mr. Paulsen recently traded for a section of land lying a mile south of West Point school house and he came down to inspect the property and pay the taxes. After arriving, he found the weather so fine that he decided to stay a few days longer than he had originally intended.

Jamestown is situated in north central Kansas near the Republican River within about twenty-five miles of the Iowa state line. Mr. Paulsen says that the wheat crop for the past three years has averaged about five or six bushels per acre in that part of Kansas. The corn crop has likewise been exceedingly short. Farmers are generally well pleased with the AAA program, he says.

## Wilson Student In John Tarleton Play

Stephenville, Texas, December 8—Mary Higgs Brandon, Wilson, is a member of the cast in "The Tightwad," a three-act comedy to be given by the Tarleton Players in John Tarleton College Auditorium next Tuesday evening at 7:30.

The play, which will be given under the direction of Miss Lillie V. Lillard, director of the speech department at John Tarleton, marks the third annual jubilee of the Tarleton Players.

S. N. McDaniel this week is having a stucco finish placed on his large two-story residence. This is one of the oldest homes in Tahoka but has been kept in good repair and is one of the most attractive homes in the city.

## Start Planting Highway Trees

"The trees are on hand for the paved road north of Tahoka and probably will be planted on Thursday December 12," said W. B. Holden, Jr. while in Tahoka Saturday supervising the preparations for putting out the trees. "We usually use 50 gallons of water per tree when we put them out and water them several times during their first year and the majority of them live," he concluded.

Since our last report the following contributions to the tree fund have been received:

Mr. and Mrs. G. H. Nelson, \$1.50; Miss Lovell Douthitt, 50c; Mrs. W. O. Henderson, 25c; Mrs. A. B. Swan, 25c; Mr. and Mrs. Kary Mathis, \$3.50.

## Liquor Can Not Be Sent Through Mails

Postmaster Coleman Wells calls attention to the fact that it is a violation of the postal laws to send intoxicating liquors through the mails. Liquor detected in the mails is subject to confiscation and heavy penalties may be assessed against the mailer.

Mr. Wells says that there have been no such offenses here that he knows of but he gives this information for the benefit of any who might not be familiar with the law.

The new home of Frank Akin down on the "Avenue" is almost complete. Some time ago Mr. Akin bought the old Doak residence, tore it down, and is building an entirely new structure, and when completed it will be an attractive home.

## Contract Let For School Foundation

### Public Grounds Are Beautified

"The American Legion House, is paid for and we are turning our attention to the grounds, now" said James E. Dye to your reporter recently. The good plowing given the grounds indicates that the boys are going to work in earnest.

The Baptist Church grounds are undergoing a good working this week and we understand that the lawn will be leveled and sodded with Bermuda, trees and shrubs will be planted, and other walks will be laid where needed.

### Tech Band Plays Music By Alphin

N. W. Alphin of this city recently wrote a musical composition entitled "Star of a Century" which was included in a program rendered by the Texas Technological college band in the Senior High School Auditorium in Lubbock Wednesday night. "Star of a Century" was to be played for the first time by any orchestra, according to D. O. Wiley, band director, in making announcement of the program. Written in commemoration of the 100th birthday of Texas, "in 6-8 time, it is a very fine march of the accepted military style," Mr. Wiley said.

Other numbers on the program included such numbers as: "Lo Hear the Gentle Lark," "The Bartered Bride," "Atlantic Zephyrs," "Parade of Wooden Soldiers," "Universal Judgment," and others.

Mr. Alphin is to be congratulated upon writing a musical composition that was deemed worthy to be presented in a program composed of such excellent numbers as the above.

### Rollin McCord Will Open Law Office

Rollin McCord, son of R. B. McCord, was recently granted a license by the Supreme Court of Texas to practice law in this state. Mr. McCord stood his examination last summer but the license was not issued until last week.

He expects to enter the practice of his profession in Tahoka soon after the first of January.

Mr. McCord took his law work in the Southwestern University of Los Angeles, California, several years ago, spending three years in that institution. Then he went into business life and has spent the past three years in New York City. He married while in New York, his wife being a graduate nurse of the state of New Hampshire.

The McCords came to Texas on a visit soon after their marriage and Mrs. McCord was charmed with life in the Southwest. They came back on a second visit early this Fall and decided to remain.

### Hackney Secures Tax Survey Job

Burton Hackney, a former Tahoka boy, now practicing law in Brownfield, was recently appointed district supervisor of the tax survey that is being made in this state under federal supervision.

Mr. Hackney has charge of the work in eight south plains counties.

### Nicholson Child In Critical Condition

Little D. L. Nicholson Jr., 6, lies in the Lubbock Sanitarium in a most critical condition, as the result of an attack of appendicitis. He was taken to the sanitarium Tuesday night and underwent an operation at ten o'clock Wednesday morning. Doctors announced that his appendix had ruptured several days before he was taken to the sanitarium. He has been sick since Thursday of last week.

### NEW BUILDING STARTING SOON

Lubbock Concern Lowest Bidder: Bonds Will Be Sold At An Early Date

Contract for the construction of the foundation of the new grammar school building to be erected on a block of land lying east of the high school building was let to V. D. Shell of Lubbock Wednesday afternoon upon a competitive bid of \$10,812 made to the Tahoka school board.

There were two other bidders, J. B. Maxey and Jess Williams, both of Lubbock. Maxey's bid was \$11,224 and Williams' was \$11,185.

Work on this project must begin, we understand, within sixty days. We are informed that it will probably begin much earlier than that. In fact, it may begin within the next two or three weeks.

At the proper time, contracts for the brick work, the plumbing and other items will be let. The completed structure with the seats and furniture is to cost about \$70,000 to \$72,000. Of this amount the Tahoka Independent School District will furnish about \$32,000, bonds for which were voted several weeks ago, and the Federal Government will furnish about \$40,000. The building will be constructed as a Public Works Administration project.

The school board has not yet sold the bonds but expect to do so soon. A prospective bond buyer was here Monday night, who made an offer to buy the bonds at slightly below par. His offer was not accepted.

The building is to contain twelve modern class rooms, offices, and other necessary features, together with a combined gymnasium and auditorium of large dimensions. The structure is to be spread out over a large area, all the rooms being on the ground floor. There is to be no second story, no stairs for the children to climb. It is believed, too, that the building will be a most attractive one, and that all Tahoka will be proud of it when completed.

With a handsome and commodious high school building, one of the most substantial and attractive in any town the size of Tahoka in Texas, and with this spacious and beautiful new grammar school building, Tahoka will have the physical equipment for a school system unsurpassed in all this section of the state.

### G. F. Jones Buys Out Tippit Store

G. F. Jones recently traded a farm near Draw for the Tippit grocery store situated in the gin district near the Santa Fe railway in this city. He has already taken charge of the business, with his son, M. F. Jones, acting as manager.

The Jones' have had much experience in the grocery business in other places. M. F. Jones was engaged in this business for twenty-two years in Hillsboro, and for three years he was manager of the A. & P. store there.

They have a nice stock of goods and invite the public to visit them in their new place of business.

**BUYS MARKET BUSINESS**  
Joe Davis, manager of Davis Food Store, has bought out Buster's Market, and will continue to operate the same in connection with his grocery business.

## Farley Thinks Midwest Safe for Roosevelt—Sloan Urges Industry to Save Nation—Crisis in Europe Is Approaching.

By EDWARD W. PICKARD

© Western Newspaper Union.

**POSTMASTER GENERAL FARLEY**, in his capacity of chairman of the Democratic national committee, called that body to meet in Washington January 8, when arrangements will be made for the convention of 1936 and the place of that gathering selected. He told the correspondents that the chief bidders for the convention would be Philadelphia, Chicago, St. Louis, Kansas City and San Francisco, and denied the report that the first named city already had been decided upon. He said he thought the highest bidder would be selected, provided it has adequate convention hall and hotel facilities.

Stories that Senator Donahay of Ohio or some one else would be given second place on the ticket—instead of Garner were laughed at by Mr. Farley. He asserted that there was no doubt about the renomination of Garner for vice president. Asked about the two-thirds rule, he said the committee might recommend its abandonment, but that any change was the business of the convention. Commenting on the Literary Digest poll, which shows a majority in the middlewest states voting against the Roosevelt New Deal, Farley said:

"So far as the poll relates to sentiment in the middlewest states, like Iowa, it is 100 per cent wrong." He insisted that the President was very strong, not only in that section of the country, but in every part.

"The President will carry as many states next year as he did in 1932," said Farley. Roosevelt carried all except six states at that time, Farley said he believed Roosevelt would win the electoral vote of Pennsylvania, one of the states that voted for Hoover in 1932, and that also there was a good chance of carrying New Hampshire.

**ALFRED P. SLOAN, JR.**, president of General Motors corporation, was the chief speaker at the annual dinner of the Congress of American Industry in New York and he made an earnest plea to industry to save the country from bureaucracy and possible socialism.

Industry should lead the nation away from the fallacious theory of plenty "to promote the general welfare of all the people," Mr. Sloan told the nation's leading manufacturers. Should big business fail to accept this "broader responsibility," it will bring, he said, "a more and more interference from without—government in business."

Mr. Sloan conceded the gravity and the extreme importance of problems of today—the paramount necessity of charting a sound course for the "long future." He advocated:

"1—Reduction in the real costs and selling prices of goods and services.

"2—A more economic balance of national income through policies affecting wages, hours, prices and profits."

The meeting of the congress was held in conjunction with the fortieth annual convention of the National Association of Manufacturers, and the speakers before that body were as emphatic in their condemnation of the economic policies of the administration as was Mr. Sloan. President C. L. Barde said: "Whether we like it or not, industry has been forced in sheer self-defense to enter the political arena or be destroyed as a private enterprise."

General Counsel J. A. Emery declared: "This gathering is a call to arms."

"The enemy call should rouse the armies of industry to repulse the forces of the alien theory that challenge our political institutions and economic system within our own household."

Robert L. Lund, chairman of the board, said: "The New Dealers have been forced to desert some of their boldest experiments. This has come to pass because the American people have demanded a return to common sense and sound business. American industry has taken the leadership in this combat."

**PRIVATE** bankers comprising the federal reserve advisory council have handed to the federal reserve board a report giving warning that unless the board acts to control credit, the country "faces dangerous inflation" and "speculation such as preceded the market collapse of 1929." The board suppressed the report but it leaked out.

Besides warning the reserve board against the dangers of credit inflation which lurk in the three billion dollars of idle bank reserves, the council disagreed bluntly with the do-nothing policy on bank reserves which has thus far been adhered to by Chairman A. R. R. Eccles and other federal reserve governors.

**SANTA CLAUS** is doing big work this year for the merchants of the country. It is estimated by officials of the Commerce department that the Christmas trade will amount to \$4,500,000,000 or half a billion dollars more than in December last year.

Preliminary holiday trade reports from all parts of the country to the Commerce department indicated that retail trade already is running from 5 to 35 per cent higher than a year ago.

Christmas clubs will pay \$312,000,000 to 7,000,000 members. Much of this money will go into Christmas trade.

**EUROPEAN** diplomats, especially the British and Premier Laval of France, are exceedingly clever and resourceful, but if they are to extricate their nations from the present threatening state of affairs they will need all their smartness. Though decision as to the imposition of an oil embargo against Italy was postponed until December 12 to give Laval a chance to conciliate Mussolini, the duke refused to make any gesture toward peace. Italians were authoritatively warned not to mistake diplomatic exchanges between their premier and the representatives of Great Britain and France as "peace talk," and were told there was no reason to believe Mussolini had modified his minimum terms already presented to Sir Eric Drummond and Laval's representative. Also he has declined further to conciliate Britain by removing more troops from Libya and has repeated his warning that he will consider an oil embargo an unfriendly gesture. He and all Italians are especially resentful against Great Britain, which apparently intends to insist on the oil ban. And now they are getting very sore at France, despite Laval's efforts to maintain friendly relations between the two countries. There were reports that Italian troops were being massed along the French frontier.

One more rather desperate move for peace was made in Paris when Laval gave Italian Ambassador Cerruti a "set of suggestions" which were said to be the last word from France and Great Britain before the applying of the oil embargo, due on December 12. These suggestions were said to be based principally on an exchange of territories between Italy and Ethiopia, the latter to receive its long-sought seaport and to remain absolutely independent, save for the lands granted to Italy.

The feeling in Rome was pessimistic, and there was noted a general tightening up of home defenses. Troops that had been expected to depart for the Ethiopian front were being retained in Italy, and the orders to the naval and air forces were suggestive. New economic measures to resist the sanctions were being put into effect daily.

The British government was engrossed with the troublesome situation. Sir Samuel Hoare, foreign secretary, received timely orders from his physician to take a rest in Switzerland, and it was announced he would stop in Paris for a conference with Premier Laval. The admiralty was preparing for eventualities and ordered officers of the royal navy reserve to report at once for duty at Plymouth. These men have been serving as officers and engineers in the merchant marine.

**GEN. HO YING-CHIN**, Chinese minister of war, was sent to Peiping by Dictator Chiang Kai-shek to try to check the northern autonomy movement. Delegations from the Autonomy Promotion society called on him and mobs shouted autonomy slogans outside his office, and then the Japanese army officers took the matter in hand. Lieut. Col. Tan Takahashi, military attaché at Peiping, and an officer of the Japanese garrison called on General Ho and ordered him to leave the city at once. Takahashi told the war minister: "The Japanese army is convinced your continued stay in Peiping can only complicate matters."

Maj. Gen. Hayao Tada, Japanese commander in north China, said: "War between China and Japan is certain if China breaks the agreement signed last July in which Nanking agreed not to send troops into Hopei province."

At the same time Japanese war planes were flying low over Peiping.

**SECRETARY OF STATE HULL** sent to London the usual polite reminder that the semi-annual war debt installment from Great Britain was due on December 15. And, also as usual, the British government sent to Mr. Hull the reply that under the circumstances it wouldn't pay a cent. Well, we were not counting on getting this money for Christmas spending.

## BRISBANE THIS WEEK

### "My Empire" Wants Peace "ME, TOO," Says Selassie Poppans for Uncle Sam \$900,000,000 More

England's lord high chancellor, Viscount Halifax, read the king's speech, written by the king's cabinet. The king's references to steps "urgently necessary to safeguard my empire" are recommended to this government. We haven't any "empire" exactly, but we have a republic worth defending. Some of our loose billions might be well spent in that direction.

Ignoring some Italian friction, the king went on to say, "My relations with foreign powers continue friendly."

Mentioning the Italian misunderstanding, he said: "My government will continue to exert their influence in favor of peace." If it does, peace will come.

Halle Selassie, emperor of Ethiopia, sensibly asked the Patriarch Johannes, supreme authority of the Ethiopian Coptic church, to arrange peace, if he can, with Mussolini, and Abuna Cyril, high bishop of his church, is asked by Selassie to do his best.

And now comes from Universal Service the important authoritative report that Halle Selassie has agreed to give part of his territory to Italy in return for peace.

Washington says this country plans a series of Pacific ocean "Gibraltars," armed with 16-inch guns with a fighting range of 25 to 30 miles. Quite amusing, considering that the original Gibraltar has become a useless rock, thanks to airplanes and submarines. Invading airplanes might not be kind enough to come within 25 or 30 miles of those interesting Gibraltars.

What this country needs for coast protection is airplanes, for fighting, and dirigibles for observation, located close enough together and high enough in the air to make them really useful in the next war.

Uncle Sam borrows \$900,000,000 more, bringing the national debt above \$30,500,000,000, but \$40,000,000,000 below the amount that certain "big bankers" told President Roosevelt this country could easily carry. Congress-

man Hamilton Fish Jr. wants President Roosevelt to tell the great bankers were, but it is understood that they talked in confidence.

Prince Sumi of Japan, brother of the Mikado, fourth son of the late Emperor Yoshihito, takes the title "Prince Mikasa," meaning, literally, "Prince of the Three Umbrellas." The name "Three Umbrellas" is taken from a Japanese mountain and is also the much revered name of the flagship on which Admiral Togo fought the battle of the Japan sea.

"Three Umbrellas" seems appropriate—one for Japan, one for China, one for the Philippines; all Japanese.

The village of Verde Cocha, near Guayaquil, in Ecuador, exists no longer. A landslide wiped out everything, instantly killing fifty inhabitants. A slice of green mountainside, two miles wide, came roaring down, and there was no trace of the village and no man lived to tell about it.

But other men will rebuild Verde Cocha for men are as persistent as ants, that rebuild their little villages when the gardener's hose sweeps them away.

Poor China abandons hope for her northern territory and its 95,000,000 inhabitants, that Japan wants. China suspects that Japan "plans a series of blows to force the entire Chinese nation into vassalage to Tokyo." "Asia for Japan" is the Japanese motto, and Japan knows how to go about it. No signs of "fifty-two members of the League of Nations" telling Japan, "You must not."

Senator Borah of Idaho and Congressman Hamilton Fish, Jr. of New York had a long talk, and reporters "guess" that Senator Borah and Mr. Fish have agreed to run side by side. Senator Borah for President, Mr. Fish for Vice President. It is not safe to "guess" about Senator Borah, but it would be wise for the Republicans to decide soon.

When experimenting starts, it keeps going. Hitler, manufacturing cannon, knows they will need "fodder," and insists on more babies. A German farmer gets a divorce because his wife wants no children.

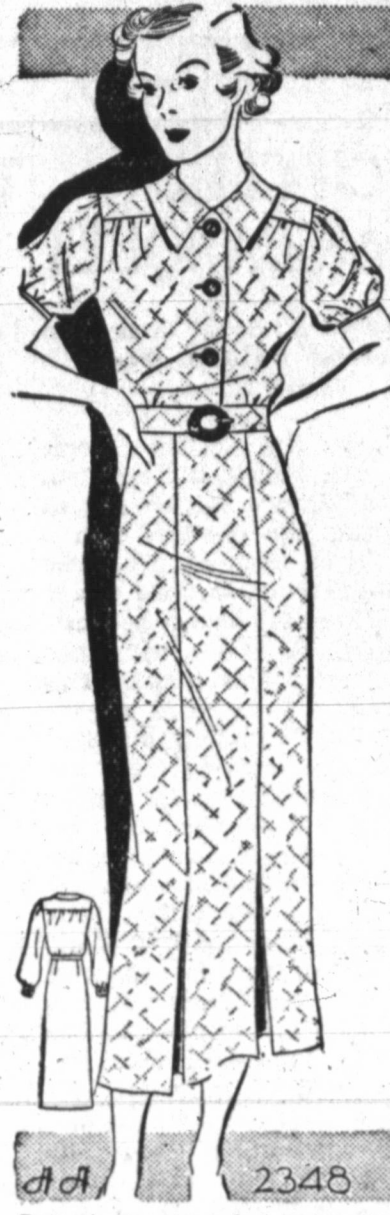

"It is the duty of German wives to perpetuate the German blood," the court says.

Miss Edna Maria Grantiss, twenty-two-year-old member of a Massachusetts school committee, says teachers talk too much, do not let children talk enough. She says children should be encouraged to express themselves. The Massachusetts lady goes far when she says "If a child wants to yell out in class, let the child yell until he decides not to yell." Discipline is also a part of education.

### HITLER AND MUSSOLINI

By DR. EMIL LUDWIG

TWO powers are a menace to peace, Germany and Italy. But while the Italian war in Africa is not necessarily a world danger, Germany and the German people's character, which I have studied for the past 30 years, are. There is a difference between Mussolini, who does not believe everything he says, and Hitler, who does.

Italy will soon come to terms with England, and Mussolini will get his share in Africa. The intervention of the white race in Africa may or may not be humanitarian. But Mussolini makes a mistake by thinking that he will be able to civilize that country within 20 years. Within that time, the general situation will not have changed, either in Italy or in Ethiopia. Mussolini really does not dream of a Roman empire. It is just a gesture of his and a tremendous bluff.

### FEDERAL RELIEF EXTENSION

By MAYOR LA GUARDIA

I STATE from my experience and from contacts with many mayors that any idea that the federal relief program can stop abruptly on July 1 of next year is simply unthinkable and impossible. We have to speak out. The responsibility is ours.

If anyone expects a return to the old normal he simply does not know conditions or refuses to inform himself.

With technological displacement, with labor-saving devices in agriculture as well as in industry, we must be prepared to meet this new normal, which means that with a complete recovery of business and industry we will still have several million employable men and women unable to find gainful, permanent employment. There is no question about that.

### REVIVING NRA

By GEORGE L. BERRY

Co-ordinator of Industrial Co-operation

I AM in no way and no form whatsoever attempting to revive the NRA. In the letters I have received from thousands of substantial business men and labor leaders, I find a fairly general agreement that no further "emergency" legislation is desired.

I do find, however, a widespread belief that the fundamental policies of maintaining fair competitive and labor standards are sound and desirable. Responses concurring in this view have come from heads of great corporations with far-flung interests and little business men who operate single factories and other enterprises in small towns from which the trend of opinion of the masses may be discerned.

## Child Will Read Story That He Thinks Is Good

"Who shall define interest for another person, compounded as it is of the raw material of which personality is made?" queries a writer in the Parents' Magazine, declaring that there is apt to be one of two reasons why a child does not like to read. Either he has not mastered the technique of reading to an extent where no voluntary effort must be exerted or else he has not had access in sufficient numbers to books which correspond to his idea of a good story.

"Your child will read if he but discovers the books particularly right for his interests and tastes," declares the writer whose experiences with children and books has convinced her that there does not live the youngster who will not listen to a good story, and since reading is only a method of listening to a good story, will not read if the book is about something in which he is either actually or potentially interested; is written in words and style suitable to his reading ability; has the degree of advancement suitable to both his emotional and intellectual age levels. Those two developments, by the way, are at entirely different rates of speed. As the writer adroitly puts it: "Children do the strangest juggling and somersaulting as regards these ages, going into a hand-spring a poised adolescent, coming up at the end, an emotional eight year-old."

## Hawaii Discovery Made Possible by Franklin

To Benjamin Franklin is due "safe conduct" that enabled the discovery of Hawaii, today one of the most powerful units of America's national defense in the west.

In the Archives of Hawaii, on the grounds of the former royal palace in Honolulu, reposes a photostatic copy of a letter written from France in 1779 by Franklin, who was then minister plenipotentiary from the United States to the Court of France.

The document is addressed to "all captains and commanders of armed ships acting by commission from the congress of the United States of America now in war with Great Britain," and explains that as Captain Cook's expedition had been fitted out before America and Great Britain were at war, the great navigator and explorer should be given a safe conduct and not considered as an enemy.

## Cheers for Calumet's New 10¢ Can— and perfect, never-fail baking!

"It's real quality at a saving!" says Mrs. K. J. Tobin, of Beverly Hills, Ill. "I've never had a baking failure with Calumet."

Why does Calumet give such "luck"? Why is it different from other baking powders?

Calumet combines two distinct leavening actions. A quick one for the mixing bowl—a slower one for the oven. This Double-Action is so perfectly balanced and controlled that it produces perfect leavening. Calumet is a product of General Foods.

All Calumet prices are lower! Calumet is now selling at the lowest prices in its history... The regular price of the Full-Pound Can is now only 25¢! And ask to see the new, big 10¢ can—a lot of good baking for a dime—with Calumet, the Double-Acting Baking Powder.

A SIMPLE TWIST... and the Easy-Opening Top lifts off. No delay, no spillage, no broken finger-nails!

**IS ROOSEVELT FACING  
DEFEAT?**

We do not know how fair or how  
representative is the poll now being  
taken by the Literary Digest on the  
attitude of the country toward the  
Roosevelt policies.

Heretofore polls taken by the  
Digest have been remarkably ac-  
curate as shown by the elections  
which followed. To the ordinary ob-  
server and student of the situation  
here in Texas, it would seem that  
Roosevelt has the country behind  
him by a large majority. The Liter-  
ary Digest poll, however, shows  
quite the contrary.

Its last published report gives the  
results in eighteen states. Only five  
of these show majorities for the  
Roosevelt policies, and all of these  
are Southern states, if Kentucky  
may be classified as Southern. The  
five states supporting the Roosevelt  
policies are Georgia, Kentucky,  
Tennessee, Texas, and Virginia.

Georgia shows the strongest sen-  
timent of any of the states in favor  
of the New Deal, 67.26 per cent.  
Tennessee comes second with 62.63  
per cent, Texas third with 60.30 per  
cent, Kentucky fourth with 59.61  
per cent, and Virginia fifth with  
52.15 per cent. The Southern states  
of Florida and Oklahoma show  
slight majorities against the New  
Deal.

Ohio and Illinois swing into the  
opposition column by 2 to 1 majori-  
ties. Such representative Mid-West-  
ern states as Missouri, Kansas,  
Nebraska, Iowa, Minnesota, North  
Dakota and South Dakota land  
strong in the anti-Roosevelt column.

A total of 421,560 votes from  
eighteen states have been tabulated.  
Of this number 187,156 are in favor  
of the Roosevelt policies and  
234,404 against, the percentages being  
44.40 for and 55.60 against.

If this is the correct dope, it cer-  
tainly is surprising to many of us.  
Most of us had been led to believe  
that such agricultural states as  
Missouri, Iowa, Kansas, Nebraska,  
Minnesota, the Dakotas, and cer-  
tainly Oklahoma were strongly back-  
ing the New Deal. Moreover, most  
of us also believed that Texas was  
for it three or four to one. Yet the  
Literary Digest figures give only 20,  
132 votes for the New Deal to 13,255  
against it.

Our suspicion is that the farmers  
have not participated in this poll.  
We believe that if the farmers  
throughout the country had voted  
in the same proportion as have  
those engaged in other pursuits, the  
results would be quite different.

However, we shall watch this  
poll with considerable interest, for  
Literary Digest polls heretofore have  
proven to be such accurate indices  
of the sentiment of the country that  
this poll can not be passed over  
lightly.

**Laxative combination

The confidence thousands of par-  
ents have in good, old reliable, pow-  
dered Theford's Black-Draught has  
prompted them to get the new Syrup  
of Black-Draught for their children.  
The grown folks stick to the pow-  
dered Black-Draught; the youngsters  
probably will prefer it when they  
outgrow their childish love of sweets.  
Mrs. C. W. Adams, of Murray, Ky.,  
writes: "I have used Theford's  
Black-Draught (powder) about thir-  
teen years, taking it for biliousness.  
Black-Draught acts well and I am  
always pleased with the results. I  
wanted a good, reliable laxative for  
my children. I have found Syrup of  
Black-Draught to be just that."

**GUEST-EDITORS "GOOD JOB"**

(The Texas Weekly)

"Several Texas editors have been  
pinch-hitting for THE TEXAS  
WEEKLY at Dallas in the absence  
of the editor, Peter Molyneux," ex-  
plains the Forney (Texas) Messen-  
ger, "and they seem to be doing a  
good job."

Newspapers of Texas and other  
States continue to comment upon  
material prepared for THE WEEK-  
LY by the several guest-editors.  
The Dallas (Texas) Dispatch dis-  
cusses the plan for unicameral legis-  
latures in this fashion:

"Ashley Evans, Bonham editor,  
guest conductor of the current  
TEXAS WEEKLY, devotes his first  
editorial to the subject of a one-  
house legislature. Editor Evans takes  
the same position as the Dallas Dis-  
patch and THE TEXAS WEEKLY,  
the position of Sen. G. H. Nelson of  
Lynn County, whose resolution for  
submission of a constitutional amend-  
ment permitting substitution  
of a one-house legislature for the  
bicameral institution we now have  
was booted out of the senate.

"Too many people are disgusted  
with the delay, the expense, the  
uncertainty of needed action by the  
legislature and its ignoring of party  
platforms, not to render it certain  
that there will be further action tak-  
en," writes Editor Evans.

"And in that sentence," declares  
the Dispatch, "he epitomizes the  
cause of the unicameral legislature.  
Legislative job-holders do not want  
it because it would reduce the num-  
ber of jobs, throw some of them  
and their appointees out. But ineffi-  
ciency and extravagance always, in  
the long run, must yield to effi-  
ciency and economy.

**Smaller Membership Needed**  
"The unicameral legislature is  
not alone the dream of a few city  
newspapers and a group of idealists  
like young Senator Nelson."

Another Dallas newspaper, the  
Journal, also comments thought-  
fully on THE WEEKLY editorial  
by Mr. Evans: "Ashley Evans, genial  
and brilliant editor of the Bonham  
Favorite, sits in for the able and  
affable Peter Molyneux of THE  
TEXAS WEEKLY as guest editor  
for the issue of Nov. 23 with a lead-  
ing editorial for the unicameral  
legislature idea. The unicameral  
plan would better our present ar-  
rangement, but it is conceivable that  
its benefits come not so much from  
its single chamber as from the fact  
that its membership is reduced.

"The real object is to get better  
legislation at less cost, not neces-  
sarily swifter legislation or a greater  
volume of laws. If we had twenty-  
one Senators—one for each Congres-  
sional District, and two Representa-  
tives for each Senator, we would  
have a Legislature of but sixty-three  
members. If such a Legislature sat  
in continuous session, so that per-  
iodic reorganization would not be  
necessary, and if the Constitution  
provided that the Legislature should

have \$630,000 out of which to pay  
all legislative expenses... This State  
would save money.

"Possibly the Senators ought to  
come from the larger towns and  
Representatives from the smaller  
towns and the country. That would  
restore the original American idea  
that the two houses should repre-  
sent two different types of interest.  
The separation between rural and  
urban interests is present and it is  
logical that it should have Consti-  
tutional recognition in a State as  
large as Texas. If that is not done  
the only object in having two houses  
instead of one is to slow up the pas-  
sage of laws and to permit some  
undercover work in conference com-  
mittees."—The Texas Weekly.

**TENANT AND SMALL OWNER  
SUFFER UNDER AAA PROGRAM**

(In Dallas News)

We see at every turn conclusive  
proof that these alphabet bureaus  
have signally failed to bring relief  
to the one most in need of help.  
True the program has raised the  
price of farm products, but has in-  
creased the price of necessities of  
life, thus heaping onerous burdens  
upon the day laborer and jobless  
who must eat.

The farm reduction program has  
made homeless 75 per cent of the  
tenant farmers in this country and  
forced 50 per cent of them on the  
dole. The Government's policy of  
renting one third of the land and  
paying the landowner who has heret-  
ofore planted chiefly cotton to  
plant the land rented to the Govern-  
ment in feedstuff which he as a pa-  
triotic citizen should have been do-  
ing all these years.

Under this regime he collects  
enough money off the Government  
as rents to feed and take care of all  
his stock and hire labor to cultivate  
the other two thirds. The big land-  
owner then lets out all his tenants  
and cultivates his farm with hired  
help with no restriction to price.  
By this process the tenant farmer is  
driven to the city to seek employ-  
ment by which to support himself  
and those dependant upon him for  
maintenance. This is a dark day to  
him who for all his life has been  
a faithful servant of the landlord.  
He seldom makes a go of it and  
loses faith in his Government and  
ceases to be a patriot. Small wonder  
that many of them become  
criminals by necessity.

On the other hand there is the  
small farmer who has planted only  
about one third of his small farm to  
cotton all these years, living at  
home, not in ease or splendor, but  
in peace and a measure of happi-  
ness. The Government comes along  
and commands him to rent one third  
of his cotton land to the Govern-  
ment, which he may plant in feed-  
stuff. His cotton crop is thus cut to  
ten to thirty acres. By the time  
lodges reorganization would not be  
necessary, and if the Constitution  
provided that the Legislature should

market. He is not able to buy stock  
to which the feed can be given. He  
can not sell the feed raised on the  
land rented to the Government at  
any price.

Anyone who possesses ordinary  
observation without any conception  
of scientific economics knows that  
this is an inexcusable impoverish-  
ment of the poor farmer and an  
unnecessary favoritism to the man  
who happens to own large landed  
estate or can rent same. It seems  
to this writer that this plan is  
without one single virtue and is  
fraught with dire evil effects to the  
body politic of this Nation. The ten-  
ant farmer and share cropper should  
be protected from the ravages of  
selfishness and greed of those who  
control the soil of this country. I  
know farmers in this part who, be-  
fore the lettered bureaus took  
charge, planted from 700 to 1,000  
acres in cotton and practically no  
feed crop, and now plant one third  
of this land in feed, which land is  
rented to the Government for ap-  
proximately \$15 per acre and who are  
able to consume all this feed crop  
on the farm. In most instances by  
this change of process many poor  
tenants have been rendered home-  
less without employment or means  
of support. While this is being done  
the small landowner is being penal-  
ized for practicing rotation of  
crops all his farming life. Men are  
being driven to desperation all over  
this land by this unfair and un-  
economic practice. The same is ap-  
plicable to the plan of killing pigs  
and mother sows that the price may  
be raised. What do high priced hogs  
mean to the man who has not one  
hog for his meat much less to sell?  
This includes and applies to 50 per  
cent of the farmers in this, the best  
farming country in the world.

What we eat has been increas-  
ed in price out of all proportion to the  
price obtained by the producer of  
raw material. A change in this  
radically wrong policy must come.

THE KUG OF MILK

A Yuletide Escapade by Helen Gaisford

TOOTS reigned supreme in the Martin household. Except at Christmas time. Then Toots was ordered from his favorite corners, and expressed his displeasure by a switch of his tail. Toots was a big black persian, with long silky fur and wide yellow eyes. It was pleasant under the kitchen stove, where delicious odors of suet and fowl mingled in the warm air. "Get out of here, ye beast," shouted Cook, who was not quite herself during the holidays. "Sure I can't step but what you're underfoot." Toots arched his back and withdrew to the parlor. "Never lose your temper," was his attitude. "Never sputter and scratch; express your displeasure in dignity and disdain." Beside the fireplace were a stool and pillow which were peculiarly his own. Onto these Toots leaped, and curled up for a snooze. "Oh, no, Toots, darling," said Betty. "The tree's going there." And Toots was picked up under one arm, and his stool shoved off to a cold corner. "You must look Christmasy, too," Betty cried gayly, and twisted a red ribbon about his neck, and tied a bow. Toots squirmed indignantly. "See, Mother? Why, Toots, don't tear it off! That's our Christmas outfit. The badge of merriment dangled just beyond his reach. Disgusted, Toots crawled under the sofa. Now was his chance. Did he dare attack? The tree, gaudy with bells and tinsel, seemed to mock him. Cautiously, Toots jumped up on the sofa, sniffed at an extended bough. A slight breeze stirred, and a golden bird in the branches quivered. Toots crouched and sprang. The tree went down with a swish, and was ablaze in a moment. Toots was surprised and terrified. He clawed at the door, and howled to heaven. His noise brought the family, and the blaze was soon put out, but not before considerable damage had been done. The tree was a heap of smoldering blackened limbs, and the wall above was badly burned. "Look," said Bett. "It peels right off." And then she cried out, for a secret crypt had been uncovered, and the hoarded coins of some old tenant were brought to light. Such excitement as the treasure chest was emptied! Toots sniffed it all inquisitively. "Toots, darling," cried Betty, "you're a hero!" and squeezed him impulsively. "Just think, if we hadn't heard him crying, we might have been burned out of house and home! And Toots, you shall have a Christmas present." The parlor was locked up, and Toots' stool and cushion moved to the kitchen underneath the table. Cook was basting the turkey. A plate of goodies was offered him, but Toots only sniffed. He was tired. He found his place under the table and clawed the pillow into shape. He twisted and scratched. He licked his fur into place. He settled down. At peace with the world, Toots lay on his very own pillow and slept. From under one paw, dangled a piece of red ribbon.

Mother's Christmas Story by Alice B. Palmer

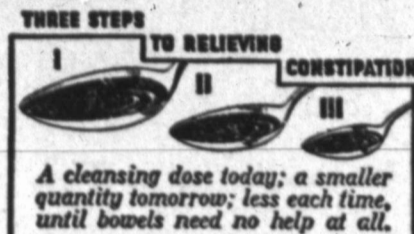

IT WAS Christmas eve and the children had gathered about the snow white Christmas tree, a glimmering mass of iridescent lights and icicles, to listen to that long-promised story of the Prince and Princess. "Once upon a time," began Mother, "there was a tall handsome prince who loved a beautiful princess. They were to be married on Christmas eve—another Christmas eve, long ago. "The gorgeous castle on the hillside was ablaze with Christmas lights. The Yule log was burning and crackling delightfully and the huge Christmas tree was sparkling gaily. But there were candles, tiny colored candies, children, instead of electric lights. They were lovely! Everything was most beautiful! "Oh, Mother," whispered little Rosebud. "I wish I was in that castle right now, looking at all the pretty things." "Hurry up, Mother! Then what?" interrupted Danny, impatiently. "What happened next?" "Well, the prince and princess were married and then they all sat down to the wedding feast. Let me see," mused Mother, "they were all there—all of them, my dears. Right in the center of the table stood the most wonderful wedding cake you ever saw—a gold cake frosted with silver, and because it was Christmas the whole top was decorated with lovely little bells. You see, nothing was too good for the prince and princess, for every one loved them and wanted them to be happy, and they were happy—so happy, children." "Well, then, did they live happy forever and ever, Mother?" Rosebud wanted to know. "Why, of course they did," shouted Danny, indignantly. "Did you ever hear of a prince and princess who did not?" "Only a story," pondered Mother. "Would that I, too, could be made to believe that 'twas only a story." "The prince!" wildly shouted the children, as a tall man stood in the doorway. They felt sure they had found the real prince as they clamored for explanation. "The Prince!" Shouted the Children. A Tall Man in the Doorway. "Oh, look, Mother!" cried Rosebud. "Look what the prince brought—toys and dolls, and everything—and—and a gold cake trimmed with silver with bells on it, too, just like the one in the story." "Oh, boy!" shouted Danny. "This is the best Christmas we ever had. Isn't it, Mother?" Mother whispered, "Yes, dear," and then rushed into the outstretched arms of her loving husband, the really true prince who was waiting with a great big Christmas kiss. "And they all lived happily forever after," whispered Mother, through tears of Christmas joy.

Women Beat Men in Male Roles: More Streamlining

Opera audiences this winter will see a large number of small sopranos in men's pantaloons and knee boots. A manager of opera stars says that streamline figures are enabling women to look more convincing in male roles than the men themselves when high notes are required.

Bob Davis Reveals

The Luxury of Free Speech as She Spoke in London. SPEAKING of unrestrained gab in England and the tendency of my countrymen to drift of a Sunday into Hyde Park, there to absorb the rhetorical outpourings of sensitive souls yearning to be heard above the clamor of diplomats who babble one to the other in peace palaces, let me say that the Hyde Park wind bags run second money with the lads who unlimber wagging tongues in the shadow of Henry Irving's stately bronze statue, situated behind the National Gallery, hard by Charing Cross.

Strolling of an evening in this entrancing environment, I came upon a mild-mannered gent who had mounted his portable rostrum, for what purpose it was not revealed beyond a brief introduction touching on the collection of voluntary subscriptions to alleviate the suffering of somebody or something. In a wandering preamble he set forth the fact that he was "ere to arouse sympathy in 'uman breasts for a cause that cried aloud for recognition."

"Arf a mo there, you," interrupted a bystander, stabbing his soiled finger at the speaker, "wot are you doin' in London w' yer sellin' talk? Bleedin' free British subjects o' their shillins? Arskin' 'elp in th name o' mercy? Yus, that's it. I'll lay a quid you won't answer a question I am abah't to arsk, 'ere and nah."

Heckler to the Front. A tremor of expectation swept through the little group that had moved in like black sand to a magnet. Forward stepped the heckler with blood in his eye.

"Wot abah't the trustin' people you done in at Brighton last week?" continued the inquisitor, who had begun to sweat around the collar band. "Yus, that's it. Come now, me bucko, wot 'ave you to show on yer books? Nothink; not a farthin' o' what yer got w' yer bulgin' jaw, I arsk yer."

"Ladies and gentlemen," replied the accused, wetting his lips, "this man is a strynger to me. 'E is intoxicated. This interruption is a disgrace, in a manner o' speakin'."

"Not me, intoxicated," retorted the interrupter; "not a whiff o' drink on me breaf, nor a bitter in me belly. Sober, so 'elp me, but ragin' to tell wot I knows abah't yer trimmin' tactics w' other people's money. Books is what I arsk yer to show. Yer darn't turn up agah't in Brighton. A bally lot o' bilkers and layin' thieves wif 'ands on the people's purse: tappin' the well springs o' beatin' 'arts for the great cause. Where is yer books? That's it. Come, now, speak up; I arsk you, wagher, liar, thief—"

Through the crowd, now multiplying like flies, loomed a policeman, leisurely, I thought, but with obvious purpose, and made his way to the heckler. At the approach of the law the speaker brightened. "Officer, arrest this man," he said. "E's makin' a disturbanck."

"That's it," clipped in the gentleman from Brighton, "I'm tellin' what I knows and 'ere's my card. Listen, waffer. I'm offerin' this cove a quid—two quid—I'll make it five quid," he shouted, slapping his pockets in search of loose change, "if he'll allow me to get up on the box and speak me mind abah't him and 'is gang. There you are. That's it. Where's 'is books? Dahn in Brighton 'e is wanted..."

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

Lesson for December 15

EZRA TEACHING THE LAW OF GOD

LESSON TEXT—Ezra 7:10; Nehemiah 8:1-12. GOLDEN TEXT—Thy word have I hid in my heart, that I might not sin against thee. Psalm 119:11. PRIMARY TOPIC—Giving Thanks for God's Book. JUNIOR TOPIC—Giving Thanks for God's Book. INTERMEDIATE AND SENIOR TOPIC—Studying the Bible Together. YOUNG PEOPLE AND ADULT TOPIC—The Bible in National Life.

This lesson is a fine illustration of the rightful place of God's Word in the life of a nation. The only cure for national ills is a return to God and obedience to his Word.

I. The Teacher's Spiritual Condition (Ezra 7:10). He prepared his heart to seek the law of the Lord, to do it, and to teach Israel the statutes and judgments.

II. The Word of God Read (Neh. 8:1-3). 1. The eager assembly (v. 1). The people gathered together and requested Ezra to bring the book of the law, that had touched their hearts, creating within them a yearning for his Word.

2. A representative assembly (v. 2). God's Word should be taught to all classes—men, women, and children. The Spirit of God can speak through his Word to the whole family sitting in the same pew.

3. An appreciative assembly (v. 3). So eager were they to know God's Word that they did not get tired, although the lesson lasted for five or six hours. When people realize that God is speaking through his Word they will give attention.

III. The People's Attitude Toward God's Word (vv. 4-6). 1. Due reverence shown (vv. 4, 5). When Ezra opened the law all the people stood up out of respect for God's Word.

2. They joined heartily in prayer (v. 6). As Ezra led them in prayer they united in saying, "Amen, Amen," bowing their faces to the ground.

IV. God's Word Being Interpreted (vv. 7, 8). The attitude of the people toward God's Word largely depends upon the minister. Proper dignity and solemnity should be manifested by the minister when reading the Holy Scriptures.

1. He stood up where the people could see him (v. 5). 2. He read distinctly (v. 8). The manner in which many read the Scriptures is greatly to their discredit.

3. He caused the people to understand (v. 8). The supreme business of the minister and teacher is to make the Word of God so plain that old and young can understand. The explanation should be clear and definite.

V. The Effect of Applying God's Word to the Life of the People (vv. 9-18). 1. Conviction of sin (v. 9). The divine method of convicting men of their sin is to have God's Word applied by the Holy Spirit. The Word of God is quick and powerful (Heb. 4:12).

2. Weeping turned into joy (vv. 10-12). When sins have been perceived and confessed there is forgiveness. Continued mourning will not atone for past sins. Furthermore, it dishonors a pardoning God and even unfits the one for present tasks. Joy has a salutary effect upon one's entire being. "The joy of the Lord is your strength."

3. Blessings were shared with others (vv. 10-12). True joy manifests itself in giving to others. Pure religion goes out to minister to the poor (James 1:27). Godliness is not content with having a good time alone.

4. The people obeyed. From the reading of the Scriptures they found that the feast of the tabernacles had long been neglected. They kept this sacred feast in a way that had not been since the days of Joshua.

5. They separated themselves from the ungodly (13:1-3). As soon as they had heard the Word of God they separated themselves from the mixed multitude.

6. The house of worship was cleared and order restored (13:4-14). No nation or people can be strong which neglects the worship of the true God.

7. The Sabbath was restored (13:15-22). Israel had long violated the Sabbath. To ignore the essential law of the Sabbath is national suicide. Unnumbered evils followed in the wake of the desecration of God's holy day.

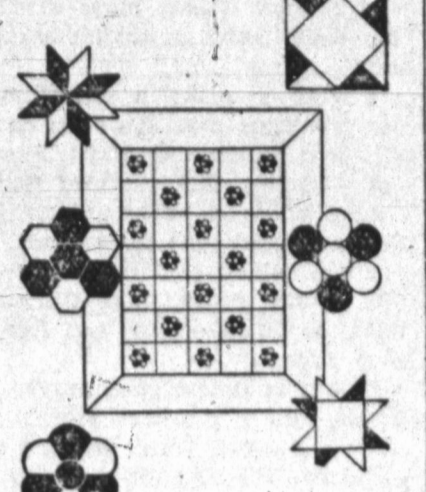

8. God's law of marriage restored (13:23-31). Some of those who had intermarried with the heathen were brought face to face with their sin. They separated themselves from their ungodly companions. God's favor cannot be enjoyed by those who live in disobedience to his Word.

A Splendid Mystery. To me there is something thrilling and exalting in the thought that we are drifting forward into a splendid mystery—into something that no mortal eye hath yet seen, and no intelligence has yet declared.—E. H. Chapin.

Service is the rent we pay for our room on earth. Friends Of humblest friends scorn not one.

Inexpensive, Easy Patchwork Quilts

By GRANDMOTHER CLARK

Patchwork quilts as a rule are elaborate, cost quite a bit and represent many days of tedious work. This work and cost can be cut down to a minimum as shown in the illustration. Any of these designs can be used on eighteen nine-inch blocks and so arranged to make a full size quilt. About three ounces or one yard of prints is all that is required for the patchwork. Folder No. 536 in colors illustrates four ways to assemble these different designs, also cut out diagrams for six different patches like the picture. Information about yardage required for back, border and blocks is also given.

The folder No. 536 and folder No. 6 with other quilting information will be mailed upon receipt of 10 cents, or send us 10 cents and we will send folder and sufficient beautiful patches to make up the patchwork on one of these simple quilts.

Man of Tongues. The world's greatest linguist is an Englishman. He is Sir George Grier son, O. M., who is eighty-four and knows 300 languages. His chief interest lies in India, where some of the dialects of the backward communities have never been written down. Before he could study these dialects properly, Sir George had to invent an alphabet for them, and write down words which the natives had often used but never written themselves.

OF INTEREST TO THE HOUSEWIFE

Cakes and pies will not burn while baking if a sheet of asbestos is cut and fitted into gas stove oven.

If skins peeled from apples when making pies are boiled until soft, then strained into pie shell before putting in apples, the flavor of pie is improved.

In arranging the table for your bridge luncheon you can get the most distinctive effect by choosing a luncheon set of that sheer cathedral linen done in pastel-tinted embroidery. They are a change from the usual type of Italian linens.

To remove iodine that has been spilled on linen or cotton, make a paste of starch and cold water and spread over stain. Let stand until dry, then brush off.

When roasting beef have oven very hot at first to seal in juices, then reduce heat, cooking more slowly.

Always remove egg stains on table linen before sending to the laundry. Soak linen in cold water to remove stain. Hot water sets them.

Electric refrigerators should be cleaned once a month. Wash out quickly with a lukewarm solution of bicarbonate of soda or borax.

Love Intoxication, Rules Court; Awards Damages

"Love Intoxication" appeared in the lexicon of the Colorado Supreme court the other day. The court upheld a \$2,000 damage award to a girl who said the driver of an automobile in which she was riding was kissing another girl just before the crash occurred. "If his mental processes were blurred due to his love-making, which was probably the fact, he must be held to the same responsibility as one who voluntarily becomes intoxicated," said Justice Haslett P. Burke.

Vernon Davis is on crutches this week. But there is no connection whatever between his crippled condition, gentle reader, and the fact that he recently entered the state of matrimony. While he was peacefully pursuing the even tenor of his way a few nights ago, his foot turned and he sprained an ankle. It was a bad sprain, too, and so he had to hunt up some crutches to hobble around on. His many friends hope that he may be on both feet again soon.

## FARM NOTES

V. F. Jones, County Agent

Willard and James Bennett, 4 H Club boys of the New Home Community have made excellent gains on 3 club calves they are feeding. These three calves made a total gain of 260 pounds in a 34 day feeding period or a average daily gain per calf of 2.7 pounds. These calves will be exhibited at the quality meat show at Lubbock in the spring.

Mr. and Mrs. J. T. Owens, Turkey Demonstrators of the Edith Community entered 23 dressed turkeys in the Dressed Turkey Show at Plainview last week and won premiums on four of the five classes entered. There were approximately four hundred and fifty turkeys entered in this show and the quality of the birds was unusually good.

Mr. and Mrs. Owens are probably the leading turkey growers of Lynn County, not from the standpoint of number turkeys produced, but from the point of quality of turkeys marketed. Their turkeys are fed a balanced mash ration from the time they are hatched until they are marketed.

It is a common practice among range turkey growers of Texas to depend on waste grain, grasshoppers, and other insects to supply the greater part of the turkeys ration, and high quality market turkeys are not produced in this way. The turkeys should be fed a good balanced ration if they are to produce a high quality product. We have not yet learned how to produce a high quality product from an animal or fowl without proper feeding methods and care. The product obtained is usually in proportion to the effort and care put forth in its production. It pays to feed.

F. L. Willingham recently bought a half section of land over in the Gomez community in Terry county and he expects to move upon it soon after the first of January. Mr. Willingham declares that he hates to move away from Tahoka more than from any other town at which he ever lived, and he promises to come back often. He is a good citizen that we certainly regret to lose.

Mrs. Oscar Roberts, who is in the West Texas Sanitarium at Lubbock, is reported to be doing very well, and will return home soon.

## Portrait of An American

By RAYMOND PITCAIRN  
National Chairman  
Sentinels of the Republic

Who is the typical American? Just what is he like?

There seems to be doubt on these questions in the minds of many men in public office today. Much of our recent legislation suggests that they regard him as willing to swap his American birthright of independence and opportunity for the lifeless regimentation now imposed on certain populations abroad.

But there should be no such confusion. A portrait of the typical American was clearly drawn in the Bill of Rights of our Federal Constitution. Read it and you will see that he is a man who stands firmly for:

Freedom of religion, freedom of lawful speech, freedom of the press, freedom of peaceable assembly...

The right to be secure against unreasonable search and seizure, to be immune from governmental requisition, to trial by jury in all civil as well as criminal cases...

The guarantee that he shall not be deprived of life, liberty or property without due process of law, and that he shall be protected in all these and other rights even against government itself.

In that insistence on definite rights and powers is reflected I maintain, a true picture of the real American citizen—the man who works and earns and saves and on whose character and effort depends all the strength of our government. It has stood unchanged for almost a century and a half. It remains as accurate today as when first drafted.

When our politicians get that picture clearly in mind we shall see fewer efforts to inject into our government the ideas of a regimented Europe—whose tragic effects we read daily in dispatches from across the sea.

America, our lawmakers should remember, is still full of Americans—sons and daughters of the hardest, most self-reliant breed of pioneers and liberty-lovers the world has ever seen. No one can take away their individual freedom—and make them like it. The Bill of Rights still remains our national portrait.

## Mrs. Gladys Stokes Is Awarded Prize

Houston, Texas, Dec. 13—Mrs. Gladys M. Stokes of Tahoka was awarded a special efficiency prize tonight at the annual banquet of the thirty second Southwestern Life Insurance Company convention in Houston. Mrs. Stokes received this honor because she has had the lowest lapse ratio of insurance in the Abilene territory.

## Wreck Victim Is Buried Near Here

Mrs. L. M. Langston of El Paso daughter of Mr. and Mrs. R. Y. Sanders of Grassland, was killed in an automobile wreck at Pecos last Sunday while on the way from her home to spend the Christmas holidays with her parents, according to Rev. C. F. Carmack, pastor of the Grassland Methodist Church, who conducted funeral services for the deceased in the Grassland Methodist Church at 2 o'clock Tuesday afternoon. We are not informed as to just how the accident occurred.

Born at Mison August 6, 1916, deceased was just a little more than nineteen years of age. She was married to J. M. Langston at Bullard in Smith county December 8, 1932. She professed faith in Christ and united with the Methodist Church at Mison in August, 1931.

"She was faithful to her God, her church, and her home, and lived a beautiful Christian life," said Brother Carmack in reporting her untimely death to the News.

## HELP IS REQUESTED FOR NEEDY FARMERS

Austin, Texas, Dec. 9—Gov. James V. Allred at the instance of Representative A. T. McKinney, Wednesday sent the following telegram to Harry Hopkins, relief administrator at Washington:

"Large number of tenant and small farmers in Texas whose crops failed are destitute. They are not on relief rolls and cannot qualify for the WPA under present rules. As I understand it, in order for them to be eligible they must be on relief rolls. It seems to me this puts a penalty on thousands of meritorious cases where men heretofore have taken care of themselves and kept off relief rolls but now are in desperate need.

"If possible, may I suggest that rules be relaxed so that these men may be considered eligible for work on WPA projects. No hardship would be worked, as I understand sufficient money has been allotted for WPA work to relieve the situation in this State. The destitute condition of small and tenant farmers is growing alarmingly."

Mr. and Mrs. C. M. Phillips left Tuesday morning for Ladonia, Fannin county, where Mr. Phillips will be engaged in farming next year. He was recently associated with Lloyd Nowlin a few weeks in the garage business here, but he decided he would rather draw the lines across the backs of old Beck and Judy than to monkey with carburetors and other automobile "innards."

## SANTA CLAUS LETTERS

A number of Santa Claus letters received by The News this week have been crowded out of this issue, but they will appear next week. Children who wish their letters printed must have them in The News office on or before next Tuesday.

## Reader Pokes Fun At Proposed Home For Lynn County Agents

The Lynn County News of November 29 stated that our county agent and his assistant had their hopes blasted a few days ago—their hopes of having in the near future a cozy little office building in which to carry on the county agent's business. It seems that the WPA turned thumbs down on the project not only in Lynn but in five other plains counties as well. The reason for the downcast thumbs was, according to a letter from the WPA headquarters to our county agent, the lack of skilled laborers on the Lynn county relief rolls.

I'm glad to know that skilled laborers at least are able to find jobs other than those furnished by the relief program.

The WPA letter further stated that, if the agent's office had been built, the county would have had to pay only \$2,546 of the cost. The Federal Government would pay the small balance of only \$9,881. That's all this little office would cost, folks. Just \$12,227 for a little office building.

Why not rent one of the vacant buildings in Tahoka? But still—I don't know—why not build one for the county judge, the clerk, the sheriff, his deputies, and all other county officials at that price? Grab one, boys, while they are cheap. Only \$2,546 to come out of the Lynn county tax-payers' pockets; the Federal Government does the rest.

When the name "Federal Government" is mentioned, some folks seem to think that a very select group of the nation's wealthiest men get together and dig 'way down deep into their pockets and pull out that old long green, sometimes called money, and pay off for all Governmental projects.

But just who and what is the Federal Government anyway? There are seven different kinds of government. They are self-government, home, community, county, district, and state government. These six forms of government combined make our Federal Government. So, you see, you and your neighbors are a part of the Federal Government after all.

Now for the project mentioned above: Just where and how does this \$9,881 that helps build these cozy little offices come from? Does the mythical group of men dig down in their pockets for it? No. It's taxes, folks, just plain 'taxes paid by you and your neighbors to the tax collector; a portion of your tax money, you know, goes to the Federal Government.

I thank God that there is not enough skilled laborers on the Lynn county relief roll to build this little old \$12,227 building, and I hope the others left on the relief rolls all over the nation will soon find employment elsewhere.

And now, dear editor, if this is too long or too burdensome, I'll thank you if you'll let me know. Stone—The Squanderer.

(Editorial Note: Without taking issue with you on any point, Mr. Squanderer, we wish to correct one erroneous impression that one of your statements leaves. None of the

tax money that you pay to your county tax collector goes to the Federal Government. Every cent of that is used for state, county, school district, or other local purposes. The Federal Government derives its revenue almost solely from three principal sources: First, a tariff tax, or customs duties, levied upon goods imported by residents of the United States from foreign countries, collected at our custom houses; Second, an income tax levied upon incomes of individuals and corporations whose annual incomes exceed certain designated sums; Third an Internal Revenue tax collected on the manufacture and sale of liquors, tobaccos, etc. A comparatively small sum is also derived from inheritance taxes, we believe, and under the Roosevelt administration Processing taxes on certain agricultural products have been collected for specific purposes. Of course, the tariff taxes, the internal revenue taxes, and the processing taxes are all added to the price of the goods on which they are levied and are thus passed on to the consumer. We consumers pay all these taxes and then some in the prices which we pay for the goods we buy—pay the taxes without being conscious of it. They come to us in the form of sugar-coated pills or like little bits of quinine in our coffee. We groan and grumble at the high cost of living, unconscious of the fact that a part of this high cost is government revenue and rake-offs to the protective industries, that is, industries which profit from a Protective tariff. But that brings on more talk; so, here's where we ring off.)

Miss Maxine Jones Weds. J. W. Auld

Miss Maxine Jones, daughter of Mr. and Mrs. Clyde Jones, was married Monday morning at the home of Mr. and Mrs. Poff at Tatum, New Mexico, to J. W. Auld, an oil worker of that little city.

Mr. Auld and Miss Jones originally intended to procure a marriage license and get married here Sunday night but something caused them to change their plans and they hurried away to Lovington, New Mexico, where they procured the necessary papers and then proceeded to Tatum, where the nuptial vows were taken. They immediately returned to Tahoka for a brief visit Monday and then took up their residence in Tatum.

The bride has resided with her parents in Tahoka the past several years. She is a graduate of the Tahoka High School, having been a member of the class of 1934. Later she took a course in Beauty Culture and recently has been assisting at the Co-Ed Beauty Shoppe here.

The young couple have many friends who wish them long lives of happiness and contentment.

The groom was one of the employees at the test oil well recently drilled on the Cass O. Edwards T. Bar ranch southwest of Tahoka.

## Moore Jones, Was Buried Thursday

Funeral services were held at the Baptist Church here at 4 o'clock Thursday afternoon for Moore Jones, a farmer who resided three miles north of town and who died at 5:45 Wednesday afternoon of pneumonia. The services were conducted by Rev. Geo. A. Dale, while Harris & Applewhite, funeral directors, had charge of the burial arrangements, the body being interred in the Tahoka Cemetery.

Mr. Jones was nearly 50 years of age, having been born January 24, 1886. He had resided in and near Tahoka for several years and had many friends here, who deeply regret his untimely death.

He leaves surviving him his wife and one brother, John Jones, who resides here.

He was a member of the religious sect known as Brethren, and was a good man.

## Cupid Has Rush In Business Here

The depression seems to be over in the matrimonial field, that is, if there ever was a depression in this field.

The following couples have been married in Lynn county the past few days.

J. W. Inman and Miss Vera James of South ward were united in marriage last Friday by Rev. C. F. Dyke.

Dalman Newman and Miss Flora Young of New Lynn became husband and wife in a ceremony last Saturday in which Rev. W. P. Bussell officiated.

Rev. C. C. Armstrong of the Methodist Church here officiated in two weddings last Saturday. The bride and the groom in one of these affairs were Miss Naomi Pylant of Garza county and Mr. Virgil L. Priddy of Mitchell county.

The other couple were Miss Opal Terry and Mr. E. M. Bullard of Southland.

A Brownfield couple were also married here Saturday night by Rev. George A. Dale of the Baptist Church.

## Hicks-Vandyke Wedding Performed

Miss Nelda Jem Hicks and Mr. James Vandyke, both members of the senior class of the Tahoka high school, were married here Saturday night, County Judge W. E. Smith officiating.

The bride is the daughter of Alvin Hicks, local manager for the Higginbotham-Bartlett Lumber Company and president of the Tahoka school board, and much of her life has been spent here.

Mr. Vandyke is the son of Mr. and Mrs. Joe Vandyke of the Midway community, and he has been reared in this county. He has been one of the star players on the Tahoka high school football team, the Bulldogs.

These popular young people have the best wishes of many friends. Temporarily they are residing with Mr. Hicks.

## FARMERS MEETING CALLED

There will be a meeting of all farmers of the Tahoka School District in the court Court Room next Monday afternoon December 16th at 2:00 o'clock P. M.

The purpose of this meeting is to elect officers for the community Farm Association Committee for the new year, and discuss cotton problems under the new contract.

The election of new cotton committeemen will come up within a few days and we want you to come to this meeting.

D. T. ROGERS  
Chairman county committee

Alton Cain on Wednesday of last week visited his mother, Mrs. S. W. Cain, who is ill in the St. Anthony Hospital in Amarillo. Her condition is such that it will be necessary for her to remain in the hospital several weeks yet, it is said.

## Office Is Opened At Court House

The County Advisory Committee of the Rural Resettlement Administration met in the court house last Friday, with the following committee members present: D. T. Rogers, Mrs. I. M. Draper, W. J. Benson, B. J. Emanuel, and Mrs. R. W. Fenton. Mr. Rogers was elected chairman and Mrs. Fenton secretary.

Vernon Slocumb is the Lynn county supervisor of the Resettlement Administration. His office is in the court house and will be open, in the future, every day in the week.

The quota of rehabilitation clients for this county has been increased to where every family in distress will have an opportunity of working back to independence, according to information received by M. Slocumb, who says enrollment of new clients will begin at once.

Long-time farm plans will be worked out as rapidly as possible, but in the meanwhile, direct grants for subsistence will be made. All families accepted for either the permanent or the temporary program must be approved by the county advisory committee.

The supervisor will be hard pushed within the next few weeks to enroll the new clients, but he expects to continue working out farm plans with the object of getting all families started on a permanent program early in the new crop season. Making the loan is merely the beginning of the supervisor's job. He must see that the client grows his living at home and can enough food to carry him through the winter—an average of 125 quart cans of food for each member of the family. Cash crops are permitted only after enough land has been set aside for food and feed.

A considerable number of families in this territory were accepted for the program this spring, and most of them started at that time on standard farm plans. New families will be started on similar programs. They will be required to make their own arrangements for renting land, after which loans will be made by Resettlement.

The Texas Agricultural Association, represented by 1600 farmers from two hundred counties, at its meeting in Dallas last week, commended the Resettlement Administration and called upon Oklahoma farmers to join them in pushing through the Bankhead-Jones farm tenant bill, which would make an adequate sum available for purchase of farms and equipment for worthy tenants, without a down payment. Until some such legislation is passed, the Resettlement Administration is confining its efforts in most cases to loans for teams, equipment and supplies. These loans draw five percent interest, and are repayable in one to five years.

Miss Joy Jones, Senior, who for several days has been in the West Texas hospital at Lubbock, is now at home and the Senior class hopes that she will soon be able to return to school.

The Senior rings have arrived, according to Mr. Wood's report, and just as the money can be collected, the Seniors will be wearing the rings.

The Senior class is now minus two of its members, Nelda Hicks, and Jim Van Dyke. The two were married December 7. The couple will reside in the home of the bride's father, Mr. Alvin Hicks. The Senior class wishes them the best of happiness and good luck for their future life.

Friday, December 6, the Tahoka All Stars met the Lubbock All Stars in an interesting football game. The game was played on the Tahoka field and there was quite a number of people who attended the game. The score resulted in favor of Tahoka.

The Tahoka High School will have an annual this year—maybe! For only one dollar and twenty-five cents, the students of the Tahoka High School may receive an annual. The book will contain pictures of all the classes, names of football boys, class colors, songs, etc. Unless 50 annuals are ordered the school will not be able to order these annuals. These books are leather backed and very pretty. This, perhaps, is one of the nicest annuals for this cost that can be found. The school will be proud of the annual and the students will also cherish it. Annuals aid to develop a school spirit. The name of the annual which the school previously has issued was called the "Skyline." The Seniors think this would be a good name for the annual this year because this name is a good one and has served as a name for the Tahoka annuals in the past. The Senior class has already received \$13.00 for the annuals. They are in hope that each student will decide to buy one. It has been found by some that in later years that one will appreciate the annual more because he can look back and recall classmates and teachers of his high school days. This will, indeed, be a pleasure because school days are the best days after all!

### DISMISSAL OF COUNT AGAINST CATO ORDERED

Lubbock, Dec. 10—Sheriff W. F. Cato of Post Monday afternoon was freed of a federal court indictment charging him and four other persons with conspiracy to violate the Harrison anti-narcotics act.  
District Attorney Clyde O. Eastus asked dismissal of the indictment, which also named Dr. L. W. Kitchen, Dr. V. A. Hartman, Lena Roberts, and Ed Frazier.

**Aquitted in Slaying**  
The indictment followed the slaying of Narcotics Agent Spencer Stafford at Post. Sheriff Cato, who shot Stafford with a machine gun, was acquitted of murder in that case in a trial in federal court here last spring. Kitchen and Hartman previously had pleaded guilty of illegal sale of narcotics.

Cases echoing the Stafford slaying remain on the federal court docket here, however. Cases against N. G. Outlaw, for subornation of perjury, and against Outlaw, formerly attorney for Sheriff Cato, and E. R. Braddock for conspiracy to obstruct justice were continued. Outlaw, convicted of a similar offense, drew a 15-month penitentiary sentence at Dallas.

Some of these pupils are: James Bartlett, C. D. Sparks, Wayne Cearly, Herbert Womack, and Alvin White. Leon Cameron enrolled in the Freshman class this week.

The home economics class III met at the home of Dottie Turrentine last Wednesday evening at 7:30 o'clock. A buffet luncheon was given for the football boys.  
The menu consisted of the following:  
Meat Loaf, Baked potatoes, Olives, Fruit Salad, Karo pecan pies, coffee.  
There were about 23 present and bridge was played later in the evening.

### CARD OF THANKS

As it is impossible to see each one and thank them for their help in time of our loss, we take this way of expressing our appreciation to each one who was so kind and helpful at the time of our misfortune—Ethan Bartley and family.

That splendid gentleman and salesman Sam Action of the Southwestern Paper Company was here Saturday accompanied by P. H. Sewall late of Abilene but now of Lubbock, who will cover this territory for the company hereafter.

## Uncle Ben Rogers Honored At Dinner

Hon. B. F. Rogers, affectionately known as "Uncle Ben," celebrated his eighty-eighth birthday Monday, and a five-o'clock dinner was given in his honor by Mrs. Harve Henderson, and daughter, Miss Lola Belle, at the St. Clair Hotel.

Seated at the table as honor guests were Rev. George A. Dale, Mr. and Mrs. E. N. Weathers, Mrs. Martha Stroud, W. L. (Uncle Will) Brown, Mr. and Mrs. W. B. Edwards, Hon. G. H. Nelson, Miss Aletha Goodnough, and the honoree's niece, Miss Pearly Dee Rogers.

A delightful program of music was rendered in Uncle Ben's honor. Mmes. G. H. Nelson and K. R. Durham sang "In the Land Where We'll Never Grow Old." Six young girls: La Voye Richardson, Estelline Turner, Dale Hogan, Helen Dell Pemberton, Billie Mae Rogge, and Margaret Henderson, sang two or three appropriate numbers, and Fay and Flay Perkins gave a couple of duets. Margaret Henderson gave a reading, "When Uncle Ben Was a Boy." Mrs. Rafe Richardson was the piano accompanist throughout the program.

A number of talks were also made in praise of "Uncle Ben." Rev. George A. Dale acting as toastmaster and making a brief address befitting the occasion.

W. B. Edwards, as chairman of the board of deacons of the Baptist Church, "Uncle Ben" being the senior member of the board, spoke his appreciation and that of the other members of "Uncle Ben's" worth and services as a deacon and Christian gentleman.

"Uncle Will" Brown, who has been almost a life-long friend of "Uncle Ben," spoke of his sterling qualities as a man and a citizen.

Hon. G. H. Nelson called attention to the service that Uncle Ben rendered in other years as a member of the House of Representatives and as state senator at Austin, and to the esteem in which he is held by those who knew him in those days. He also expressed appreciation of his faithfulness in the performance of his more recent duties as justice of the peace here.

Until recently "Uncle Ben" was a versatile and voluble speaker, but in

recent months, due to the ravages of time, he has found great difficulty in readily or adequately expressing his thoughts. On this occasion, however, he seemed to have been blessed with a recurrence of his former fluency, and he responded most happily and eloquently to the toasts that had been given in his honor.

At the close of the program he was presented with a silver shower and a number of valuable gifts.

### BIRTHDAY DINNER GIVEN W. H. VERNON, AGE 81

An elaborate birthday dinner was given in honor of W. H. Vernon, 81, at the home of Mr. and Mrs. Manor two miles north of town last Sunday at the noon hour by the members of the Church of Christ.

About seventy-five persons enjoyed the occasion, consisting chiefly of members of the congregations at Tahoka and Dixie. Mrs. Bill Giles was the only one of the several children of the aged man who was able to be present. Among those present from a distance were Mr. and Mrs. M. S. Aycock of Lubbock, Mrs. Aycock being Mr. Vernon's half sister.

A sumptuous feast was spread, following which several talks in honor and praise of the aged man were heard, and a number of sacred songs were sung. Elder R. P. Drennon of the Tahoka Church of Christ reports that it was a most impressive occasion, and that the honoree was literally overcome with joy and gratitude for the kindness and thoughtfulness of so many friends.

### MR. AND MRS. WELLS ATTEND FAMILY REUNION

Mr. and Mrs. R. C. Wells and children spent the week end at Throckmorton enjoying a family reunion at the home of Mrs. Wells' brother, J. T. Galloway.

Besides Mr. and Mrs. Galloway and family and Mr. and Mrs. Wells and family, Mr. and Mrs. W. A. Galloway and family, Mrs. S. G. Donaldson, and Miss Letha Kelley, all of Dallas, were present.

To the great disappointment of the children, Mrs. F. L. Kelley, who is visiting in South Texas, was not able to be present.

### BAPTIST W. M. S.

"Jesus the World's Saviour is the theme of the Gospel according to Luke," said Rev. George A. Dale in opening his discussion of the Book of Luke before the Baptist W. M. S. at the church Monday afternoon.

"It is a Gospel of joyous song and praise; it is a Gospel of prayer. Though called the most beautiful book in the world the Gospel by Luke is a message of consolation to the poor and the outcast for in it the Savior forgives the thief on the Cross, prays for those who crucified him and expresses his interest in the souls of all men when he declares 'I came to seek and to save that which is lost.'"

Twenty-four members and two visitors and Bro. Dale were present, the attendance by circles being as follows: Lottie Moon, 5; Sallee, 5; Lucille Reagan, 6; and Blanche Rose Walker, 8.

Monday, December 16 will be business day for all circles at the church. All standing committees are expected to meet early and make reports. Mrs. J. B. Walker will bring the Devotional.

A report from the Stewardship chairman shows that the Lottie Moon Christmas offering has received \$98.06 to date.

Sun Beam Band 11 boys and girls attended the Sun Beam Band Monday, and their offering for foreign Missions was \$2.77, reported Miss Mary Preston Sun Beam Counselor. "Two of the boys are titling all the money their parents give them," concluded Miss Mary joyfully.

Junior G. A. Reorganize The following officers have been elected by the Junior G. A.'s:

President, Vinita Cooper. Secretary, Wilhella Nelson. Pianist, Bettie Lou Frazier. Regular meetings will be held on Monday afternoons at the church. Mrs. W. F. Humphries and Mrs. Boswell Edwards are Counselors.

All Baptist girls of this age will meet at the church at four o'clock Friday afternoon for their Lottie Moon week of prayer program.

### PHEBE K. WARNER

"Texas Progress in Education" was the subject discussed when the Phoebe K. Warner Club met in the home of Mrs. W. G. Barrett last Friday afternoon.

Progress of Public Schools was discussed by Mrs. E. I. Hill.

Progress of Colleges and Universities was discussed by Mrs. R. W. Fenton.

Elementary Institutions, discussed by Mrs. L. F. Craft.

West Texas Schools was discussed

in a humorous way by Mrs. L. E. Weathers who told of early day schools on the Plains.

Mrs. H. C. Story gave a most interesting account of her trip to Austin where she represented the Phoebe K. Warner club at the meeting of the State Federation of Women's Clubs in Austin last month.

During the social hour which followed the program Mrs. Barrett assisted by Misses Alice Lee Barrett and Patricia Hill served delicious apple pie with hot coffee and cream to: Mesdames W. O. Henderson, R. W. Fenton, Sr., L. E. Weathers, Carl Griffing, A. B. Swan, G. M. Stewart, E. I. Hill, R. L. Richardson, L. F. Craft, H. C. Story, E. E. Callaway and the hostess Mrs. Barrett.

Mrs. E. E. Callaway will be hostess for the Christmas program on December 18th.—Reporter.

### CHURCH OF CHRIST NOTES

Not much of 1935 left. How have we used it? Good, I hope.

What are your plans for God and the church next year? How many members of the church have failed to do their duty this year? How sad. What if Jesus should call you to judgment?

Some have asked me to say a few things more along the line we did last week about misfits in Heaven: so here goes.

How would the careless, indifferent member feel in company with the zealous Paul and Peter?

Would the prayerless know how to talk to God there?

What hobby would the hobbyist ride who has broken up congregations by forcing his opinions on others?

How will the jealous preachers feel when they meet each other?

If the careless parents were permitted there, would they be happy if they could remember that they let their children go to Hell without even a warning?

Would the fault-finders who find something wrong with every one and every thing look right in finding fault with Heaven and its contents? What will the grouchy who growls

and complains about everything do with his time?

There are many other characteristics of average church members that are out of harmony with Heaven. Do you think we can go to Heaven when we do not harmonize with Heaven? Let us be careful, then, for God's will must be done on earth as it is in Heaven.

We sure had a spiritual feast as well as a physical, last Lord's Day, at the dinner for Brother Vernon held at Brother Manor's home.

May we see you among our worshippers next Lord's Day?—R. P. Drennon.

### P. T. A.

There will be no meeting of the P. T. A. next Wednesday. But a special program is being prepared for the January meeting. We wish all a very Merry Christmas and trust that you will be ready to go one hundred per cent in the New Year.

Chairman Program Committee

Mr. and Mrs. W. M. Poole of Lubbock were guests of Mr. and Mrs. D. T. Rogers Sunday night. Mrs. Poole is a sister of Mr. Rogers.

Rudele Praier told how "To a Wild Rose" happened to be written, after which the members sang that selection. Mary Margaret Tunnell told interesting facts about the MacDowell colony in Petersborough, N. H.

Choral practice followed the program. Chocolate pudding and cheese crackers were enjoyed during the social hour.

The next meeting will be a Christmas party with Eloise Roberts.

## BROADWAY MELODY OF 1936

Hello Again... No, this isn't Jack Benny speaking, but I am going to talk about Jack Benny.

As you probably all know Jack has turned movie star, but what you probably don't know is that his success on the radio is, if anything, surpassed by his success on the screen.

In "Broadway Melody of 1936" Benny plays a Broadway columnist who knows everything... and tells all he knows.

Coming to English Theatre, Sunday Monday, and Tuesday.

For a glorious evening's entertainment let Jack Benny take you on a personally conducted tour of the Gay White Way. Let him show you the most spectacular and beautiful musical entertainment the screen has ever produced.

Let him take you to the roof garden of New York's gayest night spot, atop a cloud-piercing skyscraper where you will see the world's most beautiful girls dance the sensational "Broadway Rhythm," which was staged by Dave Gould, remembered for his "Carcosa" and "The Continental."

Let him take you back stage during the biggest hit show of the year. Let him show you why Eleanor Powell is acclaimed the world's greatest feminine tap dancer; why Robert Wildhack and his freak "smoking" act won the plaudits of New York's blasé critics; why Robert Taylor is fast becoming the screen's most popular leading man; why Frances Langford is destined to skyrocket to the heights, because of her amazing voice and ravishing beauty; why Una Merkel's popularity continues to grow day by day; why Sid Silvers is the world's greatest "stooge"; why Nick Long, Jr., is the dance sensation of America.

Mr. and Mrs. Homer Harrison visited Rev. and Mrs. Lawrence Hays at Snyder last Sunday.

## ENTERTAINS

The Junior Music Club was entertained in Patricia Hill's home Monday night. A very interesting program was rendered, the pupils showing very much talent in piano and voice. Mrs. Applewhite accompanied them. Games were enjoyed and refreshments served.

A. M. Willingham, who lives near Draw and who has been in very bad health the past two or three years, is now reported to be near death's door. He is suffering from dropsy and the doctors hold out no hope for his recovery. He suffered several strokes of paralysis two or three years ago, and has been a very sick man much of the time since. Mr. Willingham formerly lived in Tahoka and he has many friends here who deeply deplore his present critical condition.
