

German Castle Scene of Novel Rescue by Women

Not far from Heilbronn in Wurttemberg, Germany, is the ruin of the Castle of Weibertreu, concerning which is told one of the most curious tales of the Middle Ages. It appears that in the Twelfth century the castle was captured by a feudal chief, who, holding the male inhabitants within its grim walls, planned to put them to all to death.

BEFORE BABY COMES

Elimination of Body Waste is Doubly Important

In the crucial months before baby arrives it is vitally important that the body be rid of waste matter. Your intestines must function regularly, completely without gripping.

When it's Unnatural it's rather trying to be expected to set a good example.

To quickly relieve chapping, roughness, cracking, apply soothing, cooling Mentholatum.

Near Tampa, Fla., a schooner loaded with men, women, children, on the way to establish a nudist colony in the Virgin Islands, ran aground.

Nudism is a queer atavistic craving. The human race began that way in the Garden of Eden, and each of us starts out as a nudist at birth.

England and Russia were getting along nicely, and now the Russian envoy, Litvinoff, attending the late King's funeral, commits the British unpardonable sin.

After talking with the new king, Litvinoff, instead of expressing admiration for the overwhelming royal intellect, remarked that the new king, Edward VIII, was "just a mediocre young Englishman" and repeated what the young king had said to him, something "not done."

Mr. Norman Thomas of the Socialist left wing runs for President sometimes and says the "New Deal" is leading to Fascism, a dictator.

In Italy's socialism, and doctrines even more radical, led to the rise of Mussolini, aided by castor oil and other methods. If our dictatorship comes, some radicals will look back sadly to the good old days when you could speak your mind without being shot or put to work.

Senator Borah Throws His Hat in the Republican Ring—Administration's Revamped Farm Bill Introduced—Farley Assails Liberty League.

By EDWARD W. PICKARD

WILLIAM E. BORAH, the liberal Republican senator from Idaho, is now a full fledged candidate for the Republican Presidential nomination.

He formally put himself in the running by announcing that he would enter the primary in Ohio, which will be held May 12.

The senator's statement follows: "After a thorough survey of the Ohio situation I am convinced that the people of that state should be given an opportunity to express their choice in the Presidential primary on May 12.

It is understood by his friends that the senator will make a contest for delegates in almost every state having a preference primary.

It is understood by his friends that the senator will make a contest for delegates in almost every state having a preference primary.

Work was started some time ago on the canal, which, if completed, will cost between \$140,000,000 and \$200,000,000.

TWO attacks on the American Liberty League were made in one day. The strongest was by Postmaster General Farley who spoke at a Roosevelt dinner in Miami, Fla.

"The Liberty League," said Farley, "would rule America. It would squeeze the worker dry in his old age and cast him like an orange rind into the refuse pail."

HEADS of various government agencies concerned with housing have submitted to the President a nationwide, low cost program based on cheap federal loans to local communities.

CONFORMING to the request of the President, both senate and house passed measures repealing the cotton, tobacco and potato control acts.

Following this action, the senate agriculture committee rewrote and introduced the administration's substitute farm bill.

FIVE of the members of the new federal reserve board were inducted into office with due ceremony.

WILHELM GUSTLOFF, Nazi leader in Switzerland, was assassinated in Davos by David Frankfurter, son of a rabbi and a native of Jugoslavia who told the police he acted on no one's orders and was not connected with any political group.

THE house of commons rejected the proposal, however, passing instead an amendment expressing confidence that the national government is taking all practical steps possible for the promotion of international prosperity and a better understanding among all peoples.

EVERY Presidential possibility these days must have some plan for the salvation of the American farmer.

Changes in farming practices. Percentage of the normal production of any one or more agriculture commodities designated by the secretary of agriculture, which equals that percentage of the normal national production of the commodity.

Senator Dickinson would be handled jointly by the states and the federal government in a manner similar to highway construction.

The Dickinson program, similar to that advocated by former Gov. Frank O. Lowden of Illinois, includes payment of the balance due growers of

AAA contracts, a higher tariff on farm products, continued crop loans, and extension of farm mortgages at a low rate of interest.

INFLATIONISTS in congress, led by Senator Thomas of Oklahoma and Representative Patman of Texas, were all prepared to wage a great battle to force the printing of new money.

The forces behind this bill, which calls for the refinancing of farm indebtedness on easy terms through the issuance of up to \$2,000,000,000 in new money, had succeeded in getting 215 signatures on a petition to force a vote in the house.

Administration leaders were confident they could defeat the inflationists by a wide margin.

SENATOR VANDENBERG of Michigan has grave doubts of the economic necessity or value of the ship canal that is being dug across central Florida, and offered in the senate commerce committee a resolution for investigation by a special committee.

LET'S GET BACK TO BEDROCK PRINCIPLES

Personally, we rejoice with our many good farmer friends because of the emergency aid they received from our great government during the depression. We do not begrudge a one of them a single nickel that they received.

We believe further that the AAA and the Bankhead law, as emergency measures, worked out to the general advantage of Agriculture and the country as a whole.

Yet we believe that these measures contained some bad features, and that if they were adopted as the permanent policy of this government they would eventually result in much more harm than good to Agriculture and to the country as a whole.

Furthermore, we have believed from the beginning that these measures were unconstitutional, though we do not claim that our opinion on constitutional matters is worth much. We do know that they violate the time-honored principles of the Democratic party.

We do not believe that it is right or Democratic to tax all the people for the benefit of any class of people.

We do not believe that it is right or Democratic to tax one class of people for the benefit of another class of people.

We do not believe that it is right or Democratic to grant bounties or subsidies to any class of people out of public funds collected from all the people.

We do not believe that it is right or Democratic to grant special privileges or favors to any class of our

For Bad Feeling Due to Constipation

Get rid of constipation by taking Black-Draught as soon as you notice that bowel activity has slowed up or you begin to feel sluggish. Thousands prefer Black-Draught for the refreshing relief it has brought them. Mrs. Ray Mullins, of Lafa, Ark., writes: "My husband and I both take Theoford's Black-Draught and find it splendid for constipation, biliousness, and the disagreeable, aching, tired feeling that comes from this condition." With reference to Syrup of Black-Draught, which his mother gives her children, she says: "They like the taste and it gave such good results."

people. If we grant special privileges to one class of our people we can not deny the right of other classes to demand special privileges also; but it would be utterly impossible for this Government to pass special privileges around to the different classes on an equitable and just basis.

Therefore, instead of granting bounties or subsidies to our farmers, we would suggest and demand that special favors and privileges be withdrawn from every class of our citizenship.

We would strike down the protective tariff and return to the good old Democratic doctrine of "tariff for revenue only".

Permit our people to buy in the markets of the world unhindered by tariff walls and the people of the world will buy from us. And foreign markets is what the cotton farmer MUST have if he is to enjoy permanent prosperity.

We believe this is good Democratic doctrine and we believe that it is right. Cuss us if you will, but right here we take our stand.

WE MIGHT NOT DO A BETTER JOB

A lot of people refer to Tom Blanton, congressman from the 17th district, as a radical, but at that he is usually right. He stated recently that a lot of west Texas people raked and scrimped and sacrificed now Harry Hopkins, head of WPA to keep off the relief rolls and rules that none but those that had been on relief rolls can qualify for WPA jobs, when a lot of them need jobs worse than those who have been living off the government for the past two years. As it is, in this, the Big Spring district, composed of some eight or ten counties, have only 921 to qualify for WPA jobs. This law will have to be changed or the projects will have to be junked.—Terry County Herald.

We guess Harry Hopkins knows a lot more about his job than we do, and he is probably doing a better job of spending WPA funds than we would if we were in his shoes, but it seems to us he is making a mess of it nevertheless. This WPA work was ushered in with a great Hip-Hooray, and we thought it was going to accomplish wonders. They were going to build a lot of farm-to-market roads, help cities and towns make improvements, assist in the building of parks, and do a thousand and one other things that would give people employment and be of lasting benefit to the country. But what has been done? Practically nothing, in this section of the country.

Grants for lateral road buildings had so many strings attached to them and were so wrapped up in red tape that commissioners courts have found it impracticable to make use of these funds. Two or three miles of lateral roads have been improved in this county. It was a long time before the work got started at all, and it didn't last long after it got started.

We think the WPA did a wise portion of its funds should be used by the State Highway Commission in building state highways. In this way, state funds have been supplemented and state highways are being built in this and other counties with WPA funds.

We may be "all wet" on the proposition, but we believe that if that whole 4 billion dollars appropriated by Congress last year had been allocated to the various states for

highway building, we would have gotten much more for our money and done fully as much to relieve unemployment and distress among the people. That would have given \$200,000,000 to Texas for highway building. If the state highway commission had had this sum at its command and contractors had not been hampered with restrictions as to the number of hours their men might be allowed to work each day, we would have had far better results in Texas in every way.

Still, we guess the big boys up at Washington know their beans, and so we are not going to try to run their business for them.

AAA AND COMMODITY PRICE CHANGE

A month after the supreme court held the agricultural adjustment act unconstitutional, the Associated Press made a survey of the prices of ten commodities and found that no appreciable change one way or the other could be noticed in prices. Most of the slight alterations, it found, were chargeable to the weather or other conditions.

Prior to the decision hogs were bringing \$9.55 per cwt. The current price is listed at \$10.85, a rise attributed to the cold wave and light receipts. Wheat was down from \$1.02 3-8 to .99 7-8 cents a bushel. Cotton had dropped from 11.21 to 10.76, not an alarming decline by any means. Rye, sugar, butter and eggs had scored advances while tobacco, May lard and May corn had lost a little ground.

Thus the commodities scored a 50-50 alteration in price after the decision, half going up and the other half declining. None of the changes was of a sensational nature, leading to the conclusion that nobody was particularly surprised at the decision since they already had made allowance for such a contingency.

What prices will do when and if the new agriculture bill is enacted remains to be seen. It is apparent, however, that legislative action, has less effect on prices than Old Man Weather, the law of supply and demand and other natural factors.

As a destroyer of surpluses and creator of demand, the prolonged drought of a couple of years ago made Triple A seem like child's play.—Ablene News.

Stop a minute! If you are inclined to step on the gas, better do a little figuring. Sixty miles per hour or a mile a minute is a slow pace for many car drivers. But had you really thought about how fast that is?—88 feet per second. Every time the clock says "Ticktock", you gallop down the road approximately 30 yards. Is it any wonder that we have so many car wrecks? Many of them, of course, are purely accidental. Some of them are due to drunken driving. But many, many of them are due to speeding. There should be some effective way to curb the speed maniac.

Now is the time to begin thinking about beautifying our town again. We made wonderful progress last year, but much remains to be done. Let's remove all the old rubbish. Let's plant shrubs and flowers. Let's make Tahoka famed for its cleanliness and beauty.

A lot of our good friends have just recently got the low-down on Al Smith. We got it eight years ago and tried to put them wise, but some of them wouldn't listen to us. Yet, Al Smith is just as near right today as he was in 1928.

Nervous, Weak Woman Soon All Right

"I had regular shaking spells from nervousness," writes Mrs. Cora Sanders, of Paragould, Ark. "I was all run-down and cramped at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking quit and I did not cramp. I felt worlds better. I gave Cardui to my daughter—who was in about the same condition and she was soon all right."

CARDUI

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

We are having the greatest time of our life. It is great fun to hear our fellow Democrats who beat the heads out of their tom-toms for Al Smith in 1928 now denouncing him as a renegade and a tool of the interests.

After hearing our fellow Democrats talk about Al Smith, we have decided that we are just eight years ahead of the times. We did our talking about him in 1928.

Now would be a mighty good time for us to clean up and paint up. Quite a number of houses in Tahoka are being improved this winter. Why not put a new coat of paint on the weather-worn house?

Mrs. W. S. Swan, who became seriously ill last week, is now greatly improved.

Last Wednesday in chapel, Mr. Carter had charge of the program. Some Centennial songs were sung by the student body, and Mr. Carter made a very interesting talk. He gave several quotations from noted authors and these were good. The entire student body enjoyed his talk very much.

The Senior class is gradually decreasing for another Senior has taken the vows of matrimony. Lucille Carver, Senior, and Otto Tidwell were secretly married in Post shortly before Christmas. The couple is now living in California. The Seniors miss Lucille very much, but they wish for her much success and happiness.

Rhonda Clements, popular Senior girl, has been absent for several days. The class hopes that she will soon be back in school.

The typing classes are progressing splendidly. Minimum requirements for the course are thirty words a minute with not more than five errors. The class aims to do forty words with still fewer errors for fifteen minute tests.

Sophomore News
 Etha Humphries, popular Sophomore girl, has been ill for the past week, but is now back in school. Mary Ellen Conway, who underwent an operation last week, will be brought home this week. Louise Barnes and La Verne Jones have been absent from school the past few days on account of illness.

Bessie Mae Perkins, Sophomore girl, has been ill this week. According to Mrs. Eddie Jordan, one of the librarians, the most popular book is "A Hoosier Schoolboy"; second in general favor is "In Texas With David Crockett". School will be dismissed Friday.

Junior News
 Harold Snowden is entering the extemporaneous speech contest. Misses Dottie Turrentine and Mavis Brasfield are entering the county meet as contestants for the girls' tennis doubles. Miss Willie Chapel is entering the spelling contest.

Some of the Juniors took part in the Major Bowes Amateur Hour, in fact many of them did. Misses Lottie Jo Townes, Ola Lee Stevens, and Betty Suddarth were the Junior girls that sang. Robert Maddox, Champ Perkins, Dalton Pemberton, and "Red" Brown put on a Hill-billy act. Vance Gildersleeve played his clarinet, while Noel Allphin played his trombone. Then Wells Edwards played the piano and Miss Valerie Wells also played the piano.

H. E. Goes To Wilson
 The H. E. 331 class has been studying houses and house-planning and in connection with this work they visited the home of Mrs. Lumsden at Wilson.

The class left school at 2:30 last Friday, Feb. 7. We arrived at the home of Mrs. Lumsden near Wilson at about 3:00 o'clock. Upon our arrival we were shown through the house by Mrs. Lumsden. The house is built of tan brick and has a red tile roof and a white-columned veranda. The architecture style is Southern Colonial, and the interior of the house is treated in the spirit of the same period. The walls are plastered, which gives a pleasing background for the sixteenth century walnut furniture in some of the down-stairs-rooms. There are in the house the living room, a lovely, dignified room with a massive fireplace; the dining room, in sixteenth century walnut; the kitchen, which has all the essentials of an efficient workshop; the downstairs bedroom is also in sixteenth century walnut; and beyond it is the master's "den" filled with relics of the ranching days of the family; upstairs are four bedrooms and two connecting baths with a large hallway. These rooms are all so furnished as to be in perfect harmony with the style of the house.

After some time spent with our charming hostess we went to view the rose garden and tennis courts, as well as other features of the surrounding grounds.

We arrived home about 5 o'clock, and all members of the class, fifteen in number, agreed that the trip was

Senior Play Feb. 21

Friday night, Feb. 21, the public is invited to attend the first Senior play of the year, entitled "The Man In The Green Shirt", a three-act comedy. The play involves the problems of a Mr. George Fuller, who owns valuable shares in oil stock, but in a critical moment they cannot be found. There is also a thrilling romance, Millie Fuller, Mr. Fuller's daughter, and Ivan Ross, a lad from Arkansas. You will laugh until your sides ache at the comical Willie Roach and his fiance, Lena Mae Crow. Willie's ambition is to become an aviator and his funny remarks and actions will amuse you! So, don't miss the Senior play Friday night! The admission is fifteen cents for school children and twenty five for adults. Everyone is urged to be present at this comedy play.

"LAST DAYS OF POMPEII" SHOWS BEGINNING SUNDAY

Something startlingly different is in store for the movie lover; something at once awe-inspiring yet withal extremely human. That is the promise of "The Last Days of Pompeii," to be screened at the English Theatre Sunday, Monday and Tuesday.

In this thrilling spectacle of events that occurred in the first century, RKO Radio has reproduced the startling grandeur of Ancient Rome and created a dramatic situation that portrays the age-old struggle of man against the inhumanity of his fellow-beings.

"The Last Days of Pompeii," filled as it is with adventure, thrills, action, suspense, romance and giant spectacle, climaxed with the destruction of Pompeii by the historic eruption of Vesuvius, is truly a great picture and on that every one will want to see. The cast includes Preston Poston in the leading role of Marcus; Alan Hale, Basil Rathbone, John Wood, Louis Calhern, David Holt, Dorothy Wilson and Wyrley Birch and others.

"Iron Man" In Action

TO APPEAR ON MAIN STREET SATURDAY AT 1:30 P. M.

Jack "Iron Man" Kern (above), world weight moving champion, will perform on Main street at 1:30 Saturday. Kern holds the world record of moving 24 tons a distance of 48 feet up a one per cent grade.

Performing with him will be his understudy, Shreve Bennett, who has become known as the Boy Wonder. The exhibition is sponsored by several local merchants and will be given free to all who wish to witness the performance.

Kern is one of the famous "Believe It Or Not" characters and Bennett, who is only 22 years of age and the youngest weight mover in the game, has been studying under Kern for the past two years. He now weighs 148 pounds and will attempt to pull 5 tons up grade on Main street promptly at 1:30 p. m. Saturday.

Kern has trained thousands of Boy Scouts and his pet hobby is trying to help boys grow into real men. "The Iron Man" appeared in Tahoka in 1933 and astonished several hundred people who were out to see him.

LOCAL MUSIC CLUB IN EXTENSION WORK

President of the Tahoka Music Club, Mrs. Rubie D. Suddarth, who is District vice-president in charge of extension, went to Brownfield Friday afternoon to assist in organizing a senior club in that place.

An interested group of ladies met in the home of Mrs. W. H. Dallas to be informed of the work of the music federation and details of organization. They will complete their federation at another called meeting this week. This organization will add another county to 7th District's music club map.

Mrs. L. D. Gildersleeve accompanied Mrs. Suddarth and Miss Betty Suddarth sang a group of songs during the social hour.

Mrs. A. W. Evans, district treasurer, Robert Hester, all of Lubbock, have accepted invitations to be guest speaker, vocalist, and pianist, respectively, on the local club program of March 6th, which will be

Federation and Club day. Mrs. G. M. Reid will be hostess on this occasion.

EDITH WOMEN MEET

"With one step from my pantry to my stove I can prepare a whole meal," said Mrs. J. H. Kuykendall at a meeting of the Edith Home Demonstration club in her home on February 5.

Mrs. Kuykendall is kitchen demonstrator of the Edith club, and by changing the floor plan and rearranging her kitchen furniture, her stove is only four feet from her cabinet, with a work table between them.

Plans were discussed for the Lubbock Meat Show.

STUDY KITCHEN DECORATION

"The color scheme in a kitchen should be a very soft color," said Miss Robb to the Tahoka H. D. Club, meeting in the home of Mrs. Charles Nelms Wednesday afternoon.

"The walls of a kitchen should be papered with a paper that can be washed with soap and water, and the walls cleaned with naphtha, but be sure there isn't any fire."

"A light background in wall paper is best for a small room, for the lighter the walls the larger the appearance of the room. A quarter round mold is recommended instead of border, because it is something permanent. Plain type or mingled-colored linoleum is very good for table covers, as it is very easy to keep clean."

Visitors present were Mrs. J. H. Nelms and Mrs. G. G. Young.

Members: Mmes. James Connolly, M. C. Finch, M. O. Canaday, Skip Taylor, H. M. Snowden, R. W. Fenton Sr., W. S. Anglin, and Mrs. Charles Nelms—Reporter.

MRS BARRETT HOSTESS TO DORCAS S. S. CLASS

The Dorcas Sunday School Class of the Baptist Church spent a pleasant afternoon Tuesday in the home of Mrs. W. G. Barrett, hostess.

Following a song by the class, a brief business session was held.

The program consisted of a piano solo by Gwynelle Davis, a reading by H. B. McCord Jr., a vocal solo by Olga Faye Taylor, accompanied by Mrs. J. K. Applewhite at the piano. Valentine games were also enjoyed.

A very beautiful expression of thanks from Mrs. H. P. Caviness for a pot plant which had been presented her by the class was read by Mrs. H. B. McCord.

A lovely refreshment plate was served to Mmes. McCord, Rogers, Knight, Akin, Harrison, B. Davis, Nelson, Durham, J. Davis, I. Dunagan, M. L. Tinsley, Applewhite, Taylor, and the hostess, Mrs. Barrett.

An inspection of the marriage records in the county clerk's office Tuesday revealed that only one Lynn county couple had taken the marriage vows the past week.

J. W. Hudgins and Miss Ruth Winn of Wilson were married here Saturday, February 8. Rev. C. C. Armstrong of the Methodist Church officiating.

The norther which blew up Sunday late didn't hurt our singing Sunday night, as there was a good crowd, and too, a good singing. We were glad to have each visitor with us. Come back next Sunday night.

We have organized a "Harmony Club" which meets each Tuesday night. Our first meeting place was at Mr. and Mrs. Noble's—we had some real singing; learned several songs. Everyone enjoyed the piano solos by Mrs. Waldrep and Miss Lois Marie Sossaman. The crowd took time about with the guitar. We invite each and everyone to these meetings. Next Tuesday night we meet with Mr. Wilson King.

Mrs. G. M. Murrah was happily surprised last Sunday morning. On returning from Sunday School, she found a house full of friends with a bountiful birthday dinner fixed up. The following were present: Mr. and Mrs. Thurman Solsberry, Miss Lolly Murrah, Mr. and Mrs. Drennon of Tahoka, Mr. Cecil Smith of Brownfield, Mr. and Mrs. Robert Womack of Petty, Mrs. E. J. Jones and children of Meadow, Mr. and Mrs. L. J. Tabor and family, Mrs. Reese of Grassland, Miss Elizabeth Hill, Mr. and Mrs. Grady Gore, Mr. and Mrs. G. K. BROWNFIELD WOMAN HONOR GUEST AT PARTY

A Valentine motif was carried out in table decorations and refreshments when Miss Virginia Sanford was hostess to a bridge party at her home last Thursday afternoon honoring Mrs. Spencer Kendrick of Brownfield.

Other guests were: Meses Jess Gurley, James Taylor, K. Stacy, Laurence Sanford, Skip Taylor, Edgar Edwards, Daniel Davis and Miss Evelyn Wells.

Guest prizes were presented to Mrs. Kendrick and Mrs. Sanford. High score went to Miss Wells.

MANY ATTEND P. T. A.'s BENEFIT PARTY

About sixty people attended the Parent-Teachers Association benefit party at the American Legion home Monday night. Bridge and "42" were played until a late hour, and as a climax refreshments of pie and coffee were served.

Mrs. G. M. Reid, president of the organization, reports nearly \$30.00 was realized from the party. Mrs. Oscar Roberts and Mrs. R. W. Fen-ton Jr. had charge of ticket sales.

NEW LYNN H. D. CLUB

Miss Sylvia Robb gave us a talk on kitchens and their conveniences at Mrs. P. K. Flemings February 4, especially to have floor finished in a way to make it easily cleaned.

The club members made their plans to send exhibits to both the Meat Show at Lubbock and the Dairy Show at Plainview.

We had six visitors with us: Mesdames John Meeks, R. L. Stone, J. B. Hoskins, C. L. Lyles and John Fleming and Miss Mildred Reno.

Members present were: Mesdames Tommie Baker, J. A. Jaynes, A. B. Short, Newman Bartley, J. M. Spears, Dee Howrey, Roy Kelly, R. W. Barton, P. K. Flemings, and Mrs. Everett Smith as a new member.

MRS. H. C. STORY CLUB HOSTESS

The annual "Music and the Home" program of the Tahoka Music Club was presented Tuesday afternoon in the home of Mrs. H. C. Story with the Melody Maids Junior Club as special guests.

The program was given by children of the members and the Junior Club, which gave numbers from their annual American composers program.

Eva Jo Reid sang two songs and Ruth Evelyn Story played two piano selections. The Melody Maids sang an ensemble "March of the Cookie Soldiers." Rudolph Prater and Louise Park gave, respectively, sketches of Oley Speaks and John Philip Sousa, and Pollyanna Walker sang "Sleepy Hollow Tune." The Misses Suddarth sang as a duet Geibel's "Kentucky Babe."

Sandwiches, hot chocolate and pink heart cookies were served after which the Senior Club had a choral rehearsal.

Miss Lowell Douthit is hostess at the next regular meeting.

CHURCH OF CHRIST NOTES

Services last Lord's Day were fine, especially the day meeting. The editor or I made a mistake last week in regard to the time of our spring meeting. It was the last two Lord's Days in May instead of July. I guess the mistake was mine as I have made several in life.

What has become of the trash wagon the city was going to furnish for clean-up week? The piles of rubbish all over town sure look bad. What about it, Mr. Mayor?

Something is wrong with Christian families when they can get their children off to public school at 9 o'clock, but cannot get them off to Sunday School at 10.

What about going to church Sunday night, friend? The sermon will be as good as the one in the morning and perhaps better if more were there to listen to it. Jesus said: "Men love darkness rather than light", but that is not true of a lot of church members when it comes to church attendance. Worship with us next Lord's Day and be helped. The friendly church.
—R. P. Drennon.

4-H CLUB GIRLS STRESS CLOTH- ING AND GARDENS

The 4-H Club girls have chosen for their demonstrations this year clothing and gardens.

The Garden Cooperator goals are: Plan the other side of the family supply by producing 10 feet per person of carrots, okra, beets; conserve five containers carrots, okra, beets for each member of the family; exhibit two containers in the county exhibit or 1 gallon cured onions, 1 yard dried okra, 1 quart of pickled beets.

The Clothing Co-operators goals are: Make cook apron, wash dress, two piece pajamas; make a sample showing six different seams used on these garments; provide 12 coat hangers for clothes closet.

Garden demonstrators are: Elsie Bernice Etter, Wells; Geneva James, South Ward; Aline Bartley, New Lynn; Dorothy Kahl, Edith; Wilma Dorris Crews, Petty; Thelma Williams, Draw; Vera Thrallkill, Grassland.

Clothing demonstrators: Georgia Lee Barrett, Wells; Melba Evans, Violet Hardt, South Ward; Mary Gladys Waggoner, New Lynn; Mary Stewart, Edith; Maxine McAllister, Petty; Margaret Shannon, Draw; Jewell Roberts, Grassland.

Sponsor for these clubs are: Mrs. John Etter, Mrs. Joe McLaurin, Wells; Mrs. J. W. Lowrie, Petty; Miss Juanita Parker, Edith; Mrs. Ora Anderson, Midway; Mrs. E. B. Terry, New Lynn; Mrs. J. O. Thrallkill, Mrs. A. A. Lawson, Grassland; Mrs. A. R. Bostick, South Ward.

MIDWAY H. D. CLUB

"A parent should be a pal to his child," said Mrs. A. O. Murphy to the women of the Midway Home Demonstration club who met at her home February 6th.

A round table discussion on the varied phases of home life followed. Topics discussed were: Partnership of husband and wife. Making a pal of your child. Parents, children and money. Ten minutes of recreation created much merriment.

As we delve deeper into the programs of our year book, we appreciate our lessons more and more. We were greatly impressed by the following quotation of Dr. Seaman A. Knapp: "A country home, be it ever so plain, with mother and father of sense and gentle culture, is nature's university, and is more richly endowed for the training of youth than Yale and Harvard."

Mrs. Lloyd Edwards reported on the Dairy Show she attended two weeks ago. We plan to make cheese this week. We discussed preparing products for the Meat Show at Lubbock.

Visitors present were Mrs. C. McCaskill and Miss Omega Murphy. Members present: Meses Marie Owens, L. M. Nurdyke, G. A. Edwards, A. O. Murphy, Loyd Edwards, Ruth Crow, R. L. Littlepage and I. M. Draper.

DRAW-REDWINE CLUB

The Draw-Redwine club met Friday, Feb. 7, at the home of Mrs. Willis Pennington. The officers are: Mrs. A. R. Hensley, chairman; Mrs. H. Robertson, vice-chairman; Mrs. W. Dubree, secretary.

Miss Robb, county home demonstration agent, met with the club. She made an interesting talk on paints, paper, and floor coverings for our kitchens.

Those present were: Meses Hensley, Johnson, Florence, H. W. Pennington, Garrett, Robertson, Robinson, Ragan, Dubree, Glenn, Berry, W. Pennington, and Miss Robb.

GRASSLAND CLUB MEETS

"Teach your children to be proud they are Texans," said Mrs. Paul Lawson to the Grassland H. D. club February 7 at the home of Mrs. A. L. Shepherd.

The program, "Texas History", was carried out—Texas under six flags; our state flower, the bluebonnet. We all appreciate our state more after discussing it together.

Ten members and three visitors enjoyed refreshments. Next meeting will be at the home of Mrs. C. E. Short February 21. Miss Robb will be present.

MIDWAY MUSICIANS MEET

Twenty or thirty musicians of the Midway community met and rendered a musical program at the school house last Sunday evening. It was decided to meet regularly every other Friday night and practice.

Miss Mary Ellen Conway, who underwent an operation for appendicitis in a Lubbock sanitarium early last week, was able to return to her home Tuesday.

There wasn't any Sunday School Sunday, but let's all come Sunday and have Sunday School. There's no reason why we shouldn't have Sunday School. Come, and let's do our best to be one of the many communities who are building their community into a better one.

Mr. and Mrs. Carl Sanders visited Mr. and Mrs. G. C. Lindley of Lamesa Sunday. Mrs. Sanders is spending this week with them.

Mr. and Mrs. J. B. Anderson spent Sunday with Mr. and Mrs. A. H. Nelson and family of New Lynn.

Miss Lola Smith spent the week end with her parents near Wilson. Mr. and Mrs. Dudley Martin of Draw spent Saturday night and Sunday with Mr. and Mrs. E. D. Payne and family.

Mr. and Mrs. Dearman visited Mr. and Mrs. Claborn Ingle of Redwine Sunday afternoon.

Miss Helen Ruth Bell spent the week end with Miss Leah Mae Bell. We are proud to have Mr. and Mrs. Cashion move into our community.

A few girls enjoyed a "Slumber Party" given in the home of Miss Dorothy Faye Kahl Thursday night. Miss Parker spent the week end at her home near Berry Flat.

H. M. Larkin left Thursday for Florida, where he expects to spend about two months.

Mrs. M. M. Redwine is still in a most serious condition. There has been little change the past ten days or more.

Both Mr. and Mrs. Jim Dye have been sick this week but not seriously so.

"PERFECT"

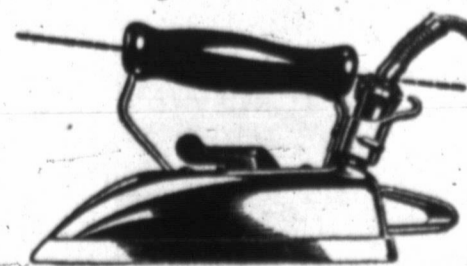

SAY THOSE WHO HAVE A NEW WESTINGHOUSE AUTOMATIC IRON:

Even Mary can read the dial... set the finger-tip control accordingly... and iron her doll clothes without any danger of scorching them... Simple, isn't it? The built-in, accurate thermostat makes this possible.

Its automatic thermostat combines convenience and economy... it cuts off when the desired heat has been reached... and consequently, eliminates the trouble of pulling the cord.

Its large ironing surface means less ironing... its tapering toe makes ironing ruffles easier... its beveled edge irons under any button.

Its sloping, rubber handle fits the natural position of your wrist... just another prevention against fatigue.

\$6.95... less \$1.00 for your old iron. Terms: Your old iron and 95c down and \$1.00 per month. This trade-in is limited to February only.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By REV. P. B. FITZWATER, D. D., Member of Faculty, Moody Bible Institute of Chicago.

Lesson for February 16 JESUS' REPLY TO JOHN THE BAPTIST'S QUESTION

LESSON TEXT—Luke 7:19-28. GOLDEN TEXT—I believe; help thou mine unbelief.—Mark 9:24. PRIMARY TOPIC—Jesus Answers John's Question. JUNIOR TOPIC—Jesus Answers John's Question. INTERMEDIATE AND SENIOR TOPIC—Meeting Doubts With Facts. YOUNG PEOPLE AND ADULT TOPIC—How Jesus Answers Honest Doubts.

The Bible, "Jesus Helps a Doubter," given by the lesson committee, is not a good one. John was not a doubter; though somewhat perplexed, Jesus specifically defends him against such a charge (see Matt. 11:7-11 as well as the present text). It is to be hoped that no teacher will perpetuate this error. John was a great man. In announcing his birth the angel said, "He shall be great in the sight of the Lord." He was great, also, when measured by the standards of men. In teaching this lesson a survey should be made of John's life and work.

I. John's Birth and Ministry Foretold (Isa. 40:3; cf. Matt. 3:3). He was thought about and his work planned long before he was born. He came as God's messenger.

II. John's Character. 1. Humble (Luke 3:4). He did not seek human praise and commendation, but shrank from them. His supreme concern was to proclaim Christ. 2. Courageous (Luke 3:7). He faced a great multitude and struck hard at their sins. He did not trim his message to suit the crowd.

III. John's Preaching (Luke 3:3-9). 1. He sounded forth a ringing call to repentance (vv. 3-4). Suddenly emerging from his seclusion, he came into the region of the Jordan as a messenger of God, calling upon the people to repent as a means of preparation for the coming of the Messiah. 2. He demanded proofs of penitence (vv. 7, 8). He insisted that their false prophets had to be abandoned, their sinful hearts had to be renovated, showing them that the vile passions of their souls must be uprooted. The turning of a soul from sin to God, was necessary.

IV. John Sent a Deputation to Jesus (Luke 7:19-23).

1. Their question (v. 19, 20). "Art thou he that should come? or look we for another?" Because John did not see the interval between the sufferings of Christ and the glory that should follow—between the cross of Christ and his second coming—he was perplexed; therefore, he sent a deputation to Jesus for light. This perplexity was not something culpable in John because the prophets did not see, or at least did not make clear, the interval between the crucifixion of Christ and his second coming. The Messiah, he knew, had to be the Lamb of God which taketh away the sin of the world (John 1:29). The trend of events puzzled him. It was not a lack of faith, but confusion of mind, that prompted his inquiry. There were two lines of predictions concerning the Messiah: the one set him forth as the suffering One, as in Isaiah 53; the other as an invincible conqueror, as in Isaiah 63. Indeed, in Isaiah 60-1, 2 the two are joined together (Luke 4:17-20).

2. Jesus' action (v. 21). In that same hour, doubtless in the presence of John's disciples, Jesus cured many of their infirmities and plagues, and of evil spirits, and to many that were blind he gave sight.

3. Jesus' message to John (vv. 22, 23). Jesus said to them, "Go your way, and tell John what things ye have seen and heard."

V. Jesus' Defense of John (Luke 7:24-28).

1. He declared that John was not vacillating like a reed swayed by the wind (v. 24).

2. John was not doubting because of the hardship of prison life (v. 25).

3. John was not a mistaken prophet (vv. 25-28). He makes John equal to the greatest of the Old Testament prophets by declaring that among those born of women there hath not arisen a greater prophet than John.

4. The people who heard this defense, even the publicans, accepted it as a vindication of John. They justified God. They not only accepted the vindication, but were baptized with the baptism of John.

VI. John's Martyrdom (Mark 6:14-29).

While John was in prison Herod had frequent interviews with him. John boldly told him that it was unlawful for him to have his brother's wife. He did not mince matters even with a king. This so enraged the licentious Herodias that she caused his death.

Love and Faith. As love is deepest in the being of God, so faith is the mightiest principle in the soul of man. Let us distinguish their several essences. Love is the essence of duty, faith is the essence of humanity which constitute it what it is.

Humility and Pride. Humility is the true proof of Christian virtues. Without it, we retain all our faults, and they are only hidden by pride, which conceals them from others, and often from ourselves.

The Man Who Knows

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

Black-Draught's Reputation

The confidence people have in Black-Draught, built up from satisfactory use so many years, is shown in its being handed on from one generation to another. It must be good to have such a strong following.

"We have used Black-Draught for twenty years," writes Mr. Fred Richardson of Hartshorne, Okla. "My mother has used it for fifty years. It is the best medicine I know anything about. I take it for some stomach and constipation, or when I feel sluggish and listless. Black-Draught is splendid to regulate the bowels, cleansing them of waste matter, ridding them of constipation. I expect to use it twenty-five years more if I live and if it gives satisfaction as it has always given."

Educate Child in Safety; Safe Home Is Important

The modern mother is confronted with a more baffling problem in protecting her children from the dangers of the world than ever before.

One of the first principles of child safety, according to Curtis Billings who writes on "Teaching Your Child to Be Safe" for Hygeia, is the establishment of a safe home by the mother.

The second fundamental is that safe habits must be painstakingly taught to children. Safe habits cannot be instilled in them by intermittent and impatient scoldings and cross "douts."

About-Face of Smith Is Bared

Attacks Policies He Once Advocated; Speech Causes Rush to Back Roosevelt

By EARL GODWIN

WASHINGTON. — Al Smith, promising to "Take a walk" unless things happened to suit him and his new power-trust allies, brings up the practical question as to what he can do.

SMITH HELPS REPUBLICANS

Smith's speech was in his best vein, oratorically. I am not one of his admirers and never have been, but I appreciate the great appeal of his speeches.

OLD DEALERS ALARMED

Old Dealers are alarmed by their own idea that this country is going Socialist or Communist. This is claptrap and hokum of the worst variety.

CHIPS OF POLITICS

Republicans, trying for the Big Job, play different tunes. Robert Moses, New York Republican leader, advises his party to discard all candidates and pick new starters.

30 DAYS LATER

OH, MOTHER... I'M SO HAPPY! BILL ASKED ME TO MARRY HIM! I'VE BEEN EXPECTING IT, DARLING! YOU'VE BEEN THE SWEETEST GIRL IN THE WORLD—SINCE YOU SWITCHED TO POSTUM!

pieces of silver brought Smith to Washington to smear Roosevelt. In 1933 he besieged the White House, uttering praise for a strong man in the President's chair and begging him to do something—and he did it.

SMITH'S GROUCH

Smith does not turn on Roosevelt because he is sincere. He started to be a grouch on Roosevelt back in the days when Roosevelt was governor of New York and Smith tried to give him orders.

Constructive Suggestions or Complaints: Which Get Results?

There are two ways of accomplishing things which one has to get done. One is to complain that things are not as they should be. The other is to make constructive suggestions and request that they be followed out.

Difficulties Inject Spirit and Vigor in Chosen Work

The way to find joy in one's work is to find something one wants to do, enjoys doing. Then one can work with aim and purpose.

Felt Like 30 Cents

Frank Pietra, eight years old, felt like the proverbial 30 cents when his parents took him to a Sayre (Pa.) hospital for an examination.

A Grave Mistake for a Mother to Make

GIVING CHILD UNKNOWN REMEDIES WITHOUT ASKING DOCTOR FIRST

GIVING your child a medicine or remedy you don't know all about—without asking your family doctor first—is a bad risk for any mother to take.

Doctors and child authorities say health, and sometimes life itself, depends on this. So—when you're offered a "bargain" in a remedy for your child; ask your doctor before you buy it.

MRS. R. C. WOOD DIED UNEXPECTEDLY SATURDAY

(Cont'd from first page)
 1916. Almost 62 years and ten months of age, she has been a resident of this county just a little more than twenty years.
 She was greatly loved and admired here for her queenly character and her quiet Christian life. She was a devoted and faithful wife and mother and a most lovable neighbor and friend.

Surviving her are the husband and five children: Mrs. Terry Noble of Tahoka, Marvin Wood of Carlsbad, New Mexico, Lee Wood of Long Beach, California, Mrs. Earl Wilson of Lockney, and Miss Rose Maul Wood of the home here. She is also survived by two brothers and three sisters: Lee and Roy Poor of Tahoke, Mrs. R. S. Walton of Stamford, Mrs. Tom Priddy of Kerens, and Mrs. Sam Priddy of Hubbard City.

All the children were here for the funeral service except Lee, who has himself been sick a long time and is now in a hospital.

Tech Bulletin Tells Of Yaqui Indians

The News last week received a copy of a Texas Technological College bulletin entitled "Studies of the Yaqui Indians of Sonora, Mexico," by Dr. W. C. Holden, professor of History at Tech, and other contributors.

The little volume contains chapters entitled: Organizations; Marriage, Child Rearing, and Education; La Fiesta De Gloria; Yaqui Funerals; and Household Economy; all by Dr. Holden; Yaqui Architecture, by W. G. McMillan; Medical Practice of the Yaquis, by Dr. C. J. Wagner of the West Texas Hospital; Physical Characteristics of the Yaqui Indians, by Dr. Carl C. Selzer of Harvard University; and Yaqui Agriculture, by R. A. Studhalter, Professor of Biology of the Texas Tech.

Dr. Holden was director of an expedition among the Yaquis a few years ago and studied these peoples at first hand.

We have not yet found time to read this little volume but will soon take great pleasure in doing so, since a happy perusal conveys us that it contains much interesting matter.

Stephenville Paper Observes Birthday

The Stephenville Empire-Tribune celebrated its sixty-sixth birthday by issuing a mammoth special edition on January 31, a copy of which was sent to the News.

The Empire-Tribune is not only one of the oldest weekly papers in West Texas but it is one of the very best.

The anniversary edition contained 72 pages. It was filled with well written news stories, historical stories, and special features, and was indeed a credit to the publishers. Mechanically, it was neat and attractive, in fact almost perfect.

Much water has run under the bridge in Texas since the Empire-Tribune was founded in November, 1870, and the Empire-Tribune has done its share in the development of its section of the state. May it live and prosper as long as newspapers are published in Texas.

TRUCK DAMAGE AND MULE KILLED ON LUBBOCK ROAD

Preston Strasner, driver of an oil truck for H. B. McCord, had a near-accident on the highway just south of Lubbock just before day-break Wednesday morning when his truck struck and killed a mule.

Five or six mules were running at large on the right-of-way and one of them suddenly whirled and ran upon the highway immediately in front of the truck. The mule was killed instantly and damage to the extent of about \$150 was done to the truck. Preston was not hurt.

Rev. and Mrs. H. C. Smith and children, Vernon, Oneta, and Junior, were here from Amarillo Monday for the funeral of Mrs. R. C. Wood.

MRS. MAURICE SMALL HURT IN HIGHWAY ACCIDENT

Mrs. Maurice Small of Sudan is still suffering intense pain at intervals in the home of her parents here, Mr. and Mrs. D. B. English, as the result of a highway accident Saturday night as the family were coming to Tahoka.

At Woodrow, a car suddenly dashed upon the highway from a side road immediately in front of Maurice's car. He swerved to one side and at the same time threw on the brake to avoid a collision, and Mrs. Small thrown against the side of the car. An upper tooth was broken off, her lip terribly bruised, and a head injury inflicted. Her condition is gradually improving.

\$50 Raised Result Of Amateur Hour

Funds totaling nearly fifty dollars were raised for the High School athletic sweater fund last Friday night at the Major Bowes' amateur program. A large crowd was present to enjoy the affair.

The program was sponsored by Coach Prentice Walker. R. P. Weatherers played the part of Major Bowes, and Bill Sewell that of announcer. The program, consisting of voice and instrumental numbers, readings, tap dancing and novelty numbers, was declared a "knock-out" by many, and proved that Tahoka has many talented young people.
