MRS. G. M. REID DIED SUNDAY

Huge Crowd of Friends Paid Respect To Well Known Local Woman; Buried Tuesday

Few deaths in Tahoka have ever brought as much genuine sorrow as did that of Mrs. G. M. Reid, who died in the West Texas Hospital in Lubbock about eight o'clock Sunday night.

Funeral services were conducted in the Methodist Church here Tuesday afternoon in the presence of a crowd that almost filled the church to its capacity, and a long funeral train followed the body to the cemetery, where it was tenderly laid to rest under the direction of Harris & Applewhite, undertakers. Numerous and beautiful beyond description were the floral offerings.

The services were most impressive. A one-time request of the deceased was carried out in the processional, "The Sweet By and By," played by Marjorie Wells. The choir sang "Abide With Me" and Rev. George Dale, Baptist pastor, offered the prayer. Bill Sewell sang a special request solo, "An Evening Prayer," followed by the scripture from the fifteenth chapter of First Corinthians read by Rev. Mr. Drennon of the Church of Christ.

A mixed quartet, Mmes. Donaldson and Carmack and Messrs. Mathis and Sewell, sang, "Beautiful Isle of Somewhere." Brother C. C. Armstrong, pastor in charge, spoke a beautiful message of condolence on an incident of the resurrection morn.

The choir then sang "God Will Take Care of You" and Mrs. Sudarth, who arranged and accompanied the musical numbers, played the recessional music, which included Mendelssohn's "Consolation," "Goin' Home" from the New World Symphony by Dvorak, and Massenet's "Elegie."

Although active and full of energy, Mrs. Reid had been unwell for some time. A few weeks before her death, she went to Glen Rose for treatment but remained only a few days. Soon after her return home she became seriously ill and was taken to the West Texas Hospital, where her condition was found to be most grave. She underwent a compound major operation but physicians and surgeons never held much hope for her recovery. On the eleventh day after her entry into the Hospital death came.

Mrs. Reid's maiden name was Oza Lee Strasser. She was born near Dierks, Arkansas, June 21, 1906. She was married to G. M. Reid on December 12, 1922. Two children were born of this union, Juanita, who died in the spring of 1924, and Eva Jo, who survives.

Two Will Receive Degrees At Tech

Two students in Texas Tech registered from Tahoka will receive diplomas of graduation from that institution June 8.

Cleveland Littlepage will receive the degree of bachelor of science in agriculture. Cleveland expects to teach vocational agriculture next year. He made an excellent scholastic record in Tech, and as a member of the livestock judging team he attended most of the major stock shows of the United States.

Esther Smith is the other student from here, and she will receive the degree of bachelor of science in home economics.

MURRAY FUQUAY GRADUATES

Murray Fuquay, son of Mr. and Mrs. A. W. Fuquay, ministerial student in Hardin-Simmons University the past year, received his B. A. degree in that institution Tuesday morning. His mother and his sister-in-law, Mrs. Jerome Fuquay, went down to Abilene Monday to attend the graduating exercises. Murray returned to Tahoka with them Tuesday afternoon. He expects to further pursue his ministerial study next fall, probably in the Southwestern Baptist Seminary at Fort Worth.

Mr. and Mrs. Wynne Collier removed Monday into the Thomas house next door to the America Legion home, vacated that day by Prof. and Mrs. J. T. Carter.

Draw And Rewine Vote To Combine

The proposal to consolidate the Draw and Redwine school districts for high school purposes was approved by the voters of the two districts at an election held last Saturday.

The contest was very close, however, in the Redwine district, the vote there being 22 for consolidation and 21 against. In the Draw district, the vote was 55 for consolidation and none against.

The county school board met in the office of County Superintendent H. P. Cavness Monday and canvassed the returns and declared the result.

Under this proposal, all high school pupils residing in the two districts will hereafter attend the high school at Draw. School for all pupils in the grades up to and including the seventh will be maintained at both Redwine and Draw as heretofore.

Farmers Busy Planting Crops

Farmers are exceedingly busy this week planting their cotton and feed crops. Tractors or teams may be seen with two-row or four-row planters trailing behind them in almost every field dropping the seed into the mellow soil. Some are running their tractors day and night. And some have finished planting their cotton crops and are now planting feed.

The soil is in ideal condition for planting, though some complaint has been heard to the effect that the dry westerly winds of Monday and Tuesday dried the top soil to an unbelievable degree.

In addition to rain reports published last week, hard showers visited various portions of the county Friday. The precipitation in Tahoka amounted to .45 of an inch, making the total for the eight-day period 2.36 inches.

Most farmers will be ready for another light shower the first or middle of next week, but all are hoping that no hard driving rain nor hail will come.

Wilson Defeats Tahoka's Team

Wilson was just too much for the Tahoka baseball team Sunday in the game played there. Doc Cook's boys defeating Skip Taylor's 9 to 5. Hits were 14 and 4 in favor of the winners. Hyde did the mound work for Wilson, while Pete Edwards was the losing pitcher.

Wilson fans declare they have the best club on the South Plains and were especially jubilant over "pouring it down the boot" of their old diamond enemy.

But Tahoka hopes to get immediate revenge on the Wilsonites, for the two teams will play again this coming Sunday afternoon—on the local diamond—and everyone is invited to the game.

Reorganization Of WOW Is Planned

Plans are on foot to revive the local camp of the Woodmen of the World, which has been dormant for several years.

Messrs. C. R. Valentine of Dallas and C. C. Costin of Lamesa have been here this week working up interest in the matter. They report that they find 48 members of the order here in good standing and a few prospective new members.

There seems to be a strong probability that the efforts to revive the order here will succeed.

Dr. and Mrs. J. R. Singleton and Mrs. Travis Davis and two children returned Tuesday from a ten days visit in Fort Worth, Austin, and San Antonio. They made it a point to see all the historic points and the beauty spots in Austin and San Antonio and had a wonderfully interesting trip. Of course they visited Miss Lola Belle Singleton in Austin, who holds a clerical position in the office of Governor James V. Allred.

DAVIES HOME WINS CONTEST

Judged First In Centennial Farm And Home Contest In County; Is Well Improved

Awarding first place to Mr. and Mrs. A. F. Davies of Morgan and second place to Mr. and Mrs. Oscar Roberts of Tahoka, the judging of Lynn county's entries in the Centennial Farm and Home contest was completed this week by M. C. Brandon, teacher of vocational agriculture at Wilson high school, and Mrs. E. I. Hill of Tahoka.

The winning farm will be judged for a district place some time in June, according to County Agent V. F. Jones and Miss Lilith Boyd, Home Demonstration Agent.

A home that is mechanically convenient, economically sound, and spiritually satisfying with a food supply adequate to the physical needs of the family of nine seems to have been the goal of Mr. and Mrs. Davies, who have been farming in the Morgan community for the past thirty years.

In fact, so well does this farm seem to help this fine family make a life as well as a living in the country that it was awarded first place as Lynn county's entry in the Texas Centennial Farm-Home Contest.

Broad well-tilled acres of fertile field flank the road as one approaches this modern, roomy, attractive brick house surrounded by trees and appropriate shrubbery, there being 119 shrubs and rose bushes and 15 climbing plants around the house with some 76 shade trees. Chinese elm is the chief shade tree and some 400 or 500 (Cont'd. on last page)

Gents' Furnishing Store Coming Here

A. T. Cobb of Brownfield is here preparing to open a gents' furnishing business in the north half of the D. H. Goodnough building recently vacated by the Club Barber Shop.

Mr. Cobb is now having his fixtures made and is touching up the inside walls and ceiling with paint. He thinks it will probably be three weeks before he is ready to open up the business. He is the father of Joe Cobb, who formerly conducted a dry goods and clothing business here, and he is an experienced business man.

New Market Opens At Guarantee Food

The Guarantee Food Store this week announces the opening of a meat market in its place of business, with Mr. Ray Hunter in charge.

Mr. and Mrs. Hunter and baby moved down from Lubbock Monday and are occupying a residence in West Tahoka on the highway.

SINGING AT CENTRAL

The News is requested to announce that there will be a singing at Central Baptist Church two miles north of Grassland next Sunday afternoon, beginning at 2:30 o'clock. Everybody is invited. A large crowd is expected and an enjoyable time promised.

Miss Lola Belle Henderson left Wednesday for a two months vacation, all expenses to be paid by an Amarillo Beautycraft house. She expects to visit in Amarillo, Fort Worth, Dallas, Austin, and in Arkansas. A substitute is here to operate her beauty shop in her absence.

Mr. and Mrs. Chester Connolly and little daughter Geraldine and Miss Floyce Sherrod returned Friday from an outing spent at Glen Rose and Christoval. Of course they encountered much rain while away but Ches says they had a good time.

The News had another card from J. H. Coltenback written June 2 stating that he is at Muscatine, Iowa, having a tumor on his shoulder treated and is feeling fine. He is not being treated for stomach trouble, as we state last week. It is raining there and everything looked good.

Mrs. F. E. Redwine is visiting her daughter, Mrs. Clarence Graussolin, in Las Vegas, N. M.

School Building's Completion Awaits President's Signature

PROMISE MORE HIGHWAY WORK

Completion Of Highway No. 9 Is Expected This Summer; Also, Increase In 84 Work

County Judge W. E. Smith and Senator G. H. Nelson, who attended the state Democratic convention in San Antonio last week, ran over to Austin to interview the state highway commission. They found opportunity to talk with Mr. Wood, chairman of the commission, and with Gib Gilchrist, the state highway engineer.

Judge Smith states that while little definite information was given them, yet they were given great encouragement. They were assured that the work of hard-surfacing the remainder of highway No. 9 in this county would be begun just as soon as funds become available, and the intimation was that this would be some time this summer or fall.

They were also given assurance that the commission expected to continue work on highway No. 84.

This work will probably proceed more slowly than the work on No. 9, but the commission expects to hard-surface this highway as soon as they can reasonably do so.

About three and one-half miles of No. 84 west has received the caliche base.

Local Businesses Are Improving

Extensive improvements are being made in a number of business houses here.

Boullion's grocery store has just undergone a remodeling, rearrangement, and interior decoration that have made it one of the most attractive grocery stores anywhere. He started out by removing the front door over to the extreme north side of the building and installing a full plate glass front, just inside of which he displays his fruits.

Then the office and the refrigerator and market were moved back several feet toward the rear of the building so as to give more room for foods and groceries. The entire interior walls have been recalcimined and the ceiling repainted, and new linoleum has been placed on the floor. A new vegetable rack has also been installed. Mr. and Mrs. Boullion are to be congratulated upon the attractiveness of their place of business.

Moving his barber shop into his new location three doors north of the First National Bank on Main Street, C. E. Woodworth this week had the finishing touches put on his building. Mr. Woodworth recently bought this building, long known as the Tate building, and he has had the interior thoroughly overhauled and beautified. First, he had the front door moved over to the south wall. He had a partition built through the middle of the building, cutting the rear off from the front. In the rear wall he had another door cut, so as to admit a rear entrance. The ceiling and inside walls have been painted a pure white, making the entire front compartment look as spick and span as a new silver dollar. Not many barber shops as attractive as this can be found in a town this size.

L. F. Craft is likewise making some distinctly attractive improvements in his tailor shop. He has installed a new clothes closet along the south wall, is placing new linoleum on the floor, and is repainting the interior as well as the front woodwork. The furnishings in the rear are to be touched up again too. When it comes to interior decorations, as well as tailor work, Mr. Craft is demonstrating that "We know how."

G. E. Jones of Abilene, owner of Jones Dry Goods, visited the store Wednesday. He was accompanied by W. B. Jones, his son, proprietor of a store at Baird.

High Courts Are Given Banks Case

District Attorney and Mrs. Truett Smith left Monday afternoon for Austin, where the District Attorney expected to argue the Elmo Banks case before the Court of Criminal Appeals Wednesday. Banks, negro, was given the death penalty here three months ago for the murder of Deputy Sheriff Ed Redwine in a jail break; and he appealed the case.

Mr. and Mrs. Smith expected to visit in San Antonio and Houston before returning home.

A. L. Smith Baby Buried On Friday

Funeral services for little Dana Sue Smith, infant daughter of Mr. and Mrs. A. L. Smith, were conducted at the Baptist Church here last Friday afternoon by Rev. George A. Dale of the Baptist Church and Rev. C. C. Armstrong of the Methodist Church.

Burial was in the Tahoka Cemetery under the direction of Harris & Applewhite, undertakers.

Little Dana Sue was just seven months old, having been born October 28, 1935, and dying May 28, 1936. She had been sick a number of days with a throat trouble but the parents did not believe her to be seriously ill until just a few days prior to her death. They then began taking her to the Lubbock Sanitarium daily for treatment, but it was only a day or two prior to her death that they realized that her condition was grave.

Their other little daughter, Wanda Faye, 4 years old, who was very seriously sick for two or three weeks, is now well again.

Mr. and Mrs. Smith have the sincere sympathy of many, many friends here in the troubles and sorrow which have recently come upon them.

New Ball Team Will Play Sunday

Tahoka Blue Socks, the new baseball team managed by Coach Prentice Walker, will make its initial appearance—and in brand new uniforms—here Sunday afternoon, 3:30 o'clock, on the new diamond west of the high school building. T-Bar will be the club's opponent.

A practice game was played by the Blue Socks last Sunday, and Walker says the candidates for positions on the team showed promise of forming the nucleus of an excellent ball club. Many new players are working out daily, and a good game is in store for Sunday. New suits have been donated the club by Tahoka business men.

Ladies and children admitted free, 25c admission to men.

Finch Placed On City's Pay Roll

The city council Monday night restored the salary attached to the office of city marshal which was discontinued several months ago.

Milt Finch had never relinquished the office but he was inactive during the time when no salary was forthcoming. He is on the job again now.

SCOUTS REGISTERING

Boys, now is the time to register for the year 1936 as Scouts. Every boy who wishes to become a Scout or re-register, should do so Friday, June 5, at the regular Scout meeting in the basement of the Methodist Church at 8 o'clock.—Scribe.

Miss Gussie McCullough, daughter of Rev. and Mrs. S. K. McCullough, came home a few days ago after having attended Howard Payne College at Brownwood the past year. She expects to return in a few days for the summer term.

WORK BELIEVE CERTAIN NOW

Con. George Mahon Wires Approval Has Been Given Completion Of Grade School

Judge B. P. Maddox, former P. W. A. director here, received a telegram from Congressman Geo. Mahon Tuesday morning respecting the application of the Tahoka school board for additional funds with which to complete the grammar school building here which is most reassuring. The application had been approved by everybody having authority in the matter except the President, and it had been put up to him. It seems that there should be little doubt as to his approval in the due course of time.

Mr. Mahon's telegram is as follows: "PWA advised me today your supplemental application approved by all examining divisions and recommended for Presidential approval. Will perhaps require several more days for final clearance but feel confident that it is now in favorable position. Please advise me if notification of approval does not reach you in week or ten days at most."

Plans for the building, estimate of cost, and application for the funds were submitted to and approved by PWA several months ago. Bids for the construction of the foundation were called for and contract was awarded to Virgil Shell of Lubbock. The foundation was completed several weeks ago, and about the time it was completed bids for the superstructure were called for. When these bids were opened, it was found that the lowest bid was about \$12,000 above the amount of funds available for the purpose. The school board, therefore, found itself unable to proceed. Application for additional funds was then made. The application as revised and now pending is for something more than \$5,000, the school district proposing to provide the remainder of the necessary funds.

As soon as the President approves the application, as it is believed he will do, and the funds are available, it is presumed that the PWA will authorize the work order. According to present prospects, work on this project should be resumed some time this summer.

Boys Registering For Scout Camp

The first period of the Boy Scout camp opens at Camp Post Sunday, June 7th. Sixty to seventy boys are expected to attend the first session from troops in the Eastern and Southeastern Districts of the South Plains Council. The camp will open Sunday afternoon, June 7, and close Saturday evening, June 13th.

Camp Director Joe Kennedy and a number of older Scouts are spending the entire week of June 1 to 8 in making the necessary preliminary preparations to have the camp in readiness.

The following troops are expected to be in attendance at the camp: 16 of Post, 21 of Tahoka, 28 of Stanton, 27 of Lorenzo, 31 of Idalou, 32 of Crosbyton, 33 of Ralls, 35 of Spur, and 43 at Wake School.

CARTERS TO NEW HOME

Prof. and Mrs. J. T. Carter removed to New Home Monday. Mr. Carter is to be superintendent of the New Home school next year. He has made a splendid record as principal of the high school here and his many friends believe that he will make good in his new position.

Mr. and Mrs. A. J. Minor and Jack Minor were Amarillo visitors Sunday. They were accompanied to Paducah by little Miss Sina Bairrington, who went to visit relatives there. Jack reports that the Amarillo country had been thoroughly soaked, approximately 12 inches of rain having fallen there the past two or three weeks.

BRISBANE THIS WEEK

The Big "Black Legion" More and Better Babies A Worried Empire U. S. Dollars Emigrate

The "ritual" of the murderous secret society called the "Black Legion" contains some old "Know - Nothing" features.

Arthur Brisbane

The "Black Legion," which probably will not last long, had ambitious plans. Among other things it proposed to overthrow the federal government.

Strange things are done or planned in the name of "liberty" now, as they were when Madam Roland mounted the guillotine platform.

Russia wants bigger families, like Mussolini and others with "plans." Stalin wants plenty of new little citizens.

A thousand million rubles will be set aside by Moscow to "subsidize large families and aid mothers." Birth control ladies and gentlemen will hear, surprised, that aid to large families will begin after the seventh child.

Chancellor Hitler of Germany joins in the "more and better babies" cry. The German ideal is no longer the beautiful golden-haired Margaret, spinning her wheel and saying "No."

William Philip Stums, English, is afraid the British empire may not survive, on account of "air fleet peril."

Britain is disturbed by the thought that her whole imperial line of communication, stretching 4,000 miles from the Straits of Gibraltar to the Gulf of Adea, is under Mussolini's bombing planes.

Americans investing huge sums in the Bahamas, to escape income tax, says the New York Times, big type, front page.

Americans have been "investing huge sums" elsewhere, outside of the United States. Billions of American money have gone to Canada, England and other "foreign parts."

In all the Bahamas, 4,403 square miles of beautiful territory, there is no income tax. Think of that for a happy country.

Needless to say, if enough American money pours in to make it worth while the intelligent British will find a way to tax it.

Germany has proved the "48-hours-from-Europe-to-America" possibility, with America looking on.

Now England is rushing preparations for a line of heavier-than-air planes to fly between England and America, starting in a few months and the French, preparing a similar line, are negotiating for a half-way harbor at the Azores.

Many Frenchmen are disturbed and puzzled by the situation in Europe, and General Mordacq, close associate of Clemenceau in the war, discusses the question, "What would Clemenceau do if he could come back?"

France feels the need of "a man with a fist," on homme a poigne, and Clemenceau was that kind.

Concerning that fine old fighter from the Vendee, it is safe to say that if he came back he would hasten preparations for another war. But he would not have waited until now.

Marshal Badoglio, who cleaned up Ethiopia so swiftly, has been called to Rome, perhaps as part of a wise plan not to let anybody grow too big, like the tree Igdrasil, supposed to have its roots in hell, its topmost branches in heaven.

A new comet now approaching us, discovered by and named for L. C. Pelter, amateur astronomer, who works in a garage, will be the first comet visible to the naked eye since 1927.

Germany cut off the head of a sixty-five-year-old man convicted of killing 12 boys. Before death, "examined" by Nazi officials who thought he might be a Communist, he admitted many other murders. He used a secret poison that doctors could not detect.

Serious Labor Troubles in Many States—Moley Warns the Administration—Municipal Bankruptcy Act Is Held Invalid.

By EDWARD W. PICKARD

© Western Newspaper Union.

FACTORIES and farms in 15 states, in all parts of the Union, were affected by labor troubles which intermediaries were trying in vain to settle.

Workers in six plants of Remington Rand, Inc. were on strike after union leaders ordered a walkout at Syracuse, N. Y. They said 6,000 workers in the company's New York, Ohio and Connecticut plants were involved.

Six thousand barbers in lower Manhattan, New York, were ordered to join 3,000 others in a strike which had spread over a wide area of Manhattan, the Bronx and Brooklyn.

Striking seamen in New York were said to number 7,000 and there was a good deal of trouble over their efforts to picket the pier and the home of Mayor La Guardia.

Two hundred office workers and company police in Portsmouth, Ohio, were besieged in the strike-closed plant of the Wheeling Steel corporation; and in Akron, Ohio, employees of the Good-year Tire and Rubber company were arrested for violating an anti-riot law.

In other states the union leaders thus estimated the number on strike: Arkansas—Three thousand tenant farmers.

California—One thousand celery field workers.

Oregon and Washington—Seven thousand loggers.

Wisconsin—Twenty-five hundred workers in various industries.

Minnesota—About 500 millwrights, fur and cereal workers.

Indiana—About 175 in various industries.

Iowa—One hundred employees of the Burch Biscuit Company in Des Moines.

South Dakota—Three hundred butchers at Morrell packing plant, Sioux Falls.

Nebraska—One hundred highway workers.

Texas—Sixty-two power plant workers at El Paso.

Vermont—Two hundred marble workers near Rutland.

Announcement revealing that \$2,050,754,416 of government securities will be offered the middle of June. This financing calls for an even billion dollars of new money, in addition to the \$1,050,754,416 required to meet maturing obligations.

SENATOR ROBINSON'S resolution authorizing the continuance of the Florida ship canal and Passamaquoddy tide harnessing projects was favorably reported by the senate commerce committee after Mr. Robinson had told the members the administration wanted the schemes kept alive as work relief measures.

Senator Vandenberg of Michigan warned the majority leaders they had better not bring the resolution up in the senate if they really wanted adjournment by June 6, for he had 21 amendments to offer and each one would lead to prolonged debate.

Robinson's resolution authorizes the President to appoint two boards of three engineers each to examine and make reports upon surveys that have already been made of the two projects. They would have to report to the President by June 20 of this year.

FRANK O. LOWDEN of Illinois will be the choice of the Republican convention for President if he will accept the nomination.

That was the confident prediction of a political observer who is usually well informed and close to sources of national party news. He declared there was a steadily growing demand from many parts of the Union for the nomination of the former governor of Illinois, who always has been popular with farmers and whose qualities of statesmanship are recognized generally throughout the country.

Mr. Lowden is vigorous and hale, and he is always actively interested in the welfare of his state and nation, especially in the problems of the agriculturist.

CONGRESSMAN TINKHAM of Massachusetts is one of those Republicans who think the chances of their party for victory in November would be enhanced if a coalition with disaffected Democrats were formed and the ticket shared with them.

"The country is facing as great a crisis as it faced in the Civil war," he said. "This involves the very character of the government of the United States. The question is, 'Are the government and the institutions of the United States to remain American or become European or Asiatic?'"

"This crisis is so great that it should eliminate all party lines, and the Republicans should nominate as Vice President a Democrat. I suggest that they nominate Alfred E. Smith."

FOR the third time Norman Thomas is the Presidential nominee of the Socialist party. He was selected at the national convention in Cleveland, Ohio, and George Nelson of Wisconsin was put in second place on the ticket.

There was a great demonstration after the vote, but it was not joined in by the right wing leaders from several eastern states who were angered by the seating of a leftist delegation from New York. The disaffected ones threatened to form another party.

PRESIDENT ROOSEVELT starts on his trip to Arkansas, Texas and Indiana on June 8, and he told the correspondents it would not be a political tour. His speeches, he said, would be historical, dealing with early days in the three states. He has no slightest intention of stealing the show from the Republican national convention.

Mr. Roosevelt planned this trip some time ago so that he might take a cruise along the Maine coast line late in June with his sons.

ARABS of Palestine, rebelling against British protection of Jewish immigration, are causing Britain a lot of trouble. English soldiers fought real battles with the Arabs in several localities, and Jews throughout the Holy Land were arming themselves in self-defense. Casualties in the fighting were few, but the situation was so serious that Sir Arthur Vauchope, British high commissioner, asked the government for more troops.

EDWARD A. FILENE, Boston merchant, announced his withdrawal from the United States Chamber of Commerce, severely criticizing its failure "to study business in a business way" and to "substitute fact-finding research for opinion as a guide to decisions concerning the needs of business in general—even as opposed, possibly, to the ambitions of special interests."

Mr. Filene has been a consistent supporter of President Roosevelt's administration, and the Chamber of Commerce has been increasingly critical of the New Deal.

LEON BLUM, elderly and rather fragile leader of the French Socialists, will soon be premier of his country, and he is going to have a hard time living up to the expectations of all the leftists, who are making a national hero of him.

The other day hundreds of thousands of French reds and pinks marched behind Blum or stood cheering on the sidelines, and pictures of the leader were carried in the ranks or sold by hawkers in the crowds.

This was on the occasion of the traditional memorial ceremony in Pere Lachaise cemetery for the Marxist martyrs of the Paris Commune in 1871.

M. Blum is said to be watching closely his publicity in the United States since his speech in which he intimated a desire to agree with Washington on the elimination of war debt discussions. He is hoping to be able to obtain loans from New York bankers.

The Johnson law is naturally an insurmountable obstacle to France's obtaining any kind of credit in America, but as the Paris Midway pointed out Blum went out of his way to declare that France has not forgotten the war debt and fully expects to bring it up for discussion some time in the future.

ON JUNE 15 the bonus baby bonds will be mailed to 45,000 post offices from Washington and from the seven federal reserve centers. Final plans for delivering the bonds to the veterans were announced by Postmaster General Farley, who predicted that payment on a great majority of them would be made within one week.

Mail carriers have been given instructions to "go out of their way wherever necessary with a view to effecting delivery," Farley said. The bond packets must be delivered to the veteran in person, and not to another person or firm at the veteran's address.

"If it is impossible to locate the veteran to whom the bonds are addressed," Farley continued, "they will be held for 30 days at the post office of destination before being returned to the respective federal reserve centers and thence to the Treasury department."

The bonds will be in \$50 denominations with accompanying checks to cover the odd amounts. To collect cash, the veteran must have his bonds certified through his local post office.

Post offices in 241 cities have been designated as paying centers for their districts, and 50 large city offices have been empowered to pay on bonds issued outside their own districts.

ITALIANS celebrated the anniversary of their country's entrance into the World war with imposing ceremonies that included the promotion of more than half a million boys and girls in the organizations of young Fascists.

Premier Mussolini presided over the "graduation," and after reviewing a great military parade, the Duce told the shouting crowds:

"The spectacle of the force of youth exhibited this morning on the anniversary of our intervention in the World war, the first phase of the Fascist revolution, has been magnificent and a warning at the same time. We are preparing the young armies of tomorrow for defense of the empire. Since they are animated by the Fascist spirit they will be invincible. This is the law of the revolution. This is the supreme will of the whole Italian people."

While his conqueror was thus engaged, Haile Selassie, deposed emperor of Ethiopia, was embarking at Haifa, Palestine, for England, on the British destroyer Capetown. Two sons and a daughter accompanied him, but former Empress Menen remained at Jerusalem. The exiled monarch, after a visit in England, intends to go to Paris, hoping to stiffen French resistance to Italy in the League of Nations.

He may succeed in this, for the incoming Socialist regime in France will endeavor to restore the league's prestige.

THE office of transportation coordinator, held by Joseph H. Eastman, is due to expire on June 16, but Senator Wheeler of Montana had ready for introduction a resolution extending it for two years, and President Roosevelt was on record as approving some of its activities.

It was reported in Washington that railway management and labor, both of which have opposed some of Eastman's doings in the past, might unite in an effort to block extension of the office, but Eastman said he had heard "nothing substantial" on that line.

Eastman announced last February he would exercise his powers to compel railroads in 11 cities to carry out terminal unifications as economy and efficiency moves. He withheld the orders at the suggestion of President Roosevelt, however, to permit rail management and labor to agree on some plan of protection for employees through out of work in such consolidations.

CONVERSATIONS between Great Britain and Russia now going on in London will have to do only with naval armaments in European waters, for the Soviet government has announced that it cannot consider limitation of its far eastern fleet while there is no similar agreement binding Japan.

Speaking for the government, Karl Radek said in the newspaper Izvestia that the Soviet union has been striving to conclude a separate agreement with Japan, but thus far the efforts have been fruitless.

Get Ready for Lively Campaign

Democrats Sitting Pretty; G. O. P. Will Furnish Fireworks; Two Great Puzzles

By EARL GODWIN

WASHINGTON. — The Republican clans gathering at Cleveland, Ohio, June 9, to choose a man and adopt policies in a hope to beat Roosevelt, will stage a prelude to a great political adventure for the American people.

We are either going forward or backward as the result of this year's campaign; and I would not be surprised if one of the greatest losers will be the reactionary element in the G. O. P.

The Democrats convene June 23 at Philadelphia. Their cut-and-dried purpose will be to formulate a New Deal platform and renominate Roosevelt and Garner; but the Republicans gather with every element of excitement and uncertainty. The situation which has obtained nearly always since the Civil war is reversed: The Democrats are devising strategy to knock them off their pins. Hence the Republicans with their attack will produce the fireworks.

The Republican party started out to be the great progressive reform movement against "the interests" of that day headed by the slavery evil. It carried reform with it; smashed at the Constitution and changed it, fought the Civil war on the basis of the federal government above state's rights, settled down to become the ruling dynasty, and had no more taken its seat than "the interests" took it over for its own.

One of its present troubles is the fact that the G. O. P. is the last refuge of reaction in this country; and were it not for the fact that it also harbors a distinctly liberal element, the G. O. P. would have died for good and all four years ago.

But the G. O. P. is far from dead. It will try to give the Democrats plenty to do this summer and fall, particularly if it nominates a man who can keep on his toes with good fighting qualities. The G. O. P. is going to try to write a platform on the basis of the individual and not make it a charter of protection for finance and industry. You can thank Mr. Roosevelt for that. He has forced public thinking down to the level of the man in the street. The Republicans admit the New Deal has done a great deal for the masses; and now they seem headed for a declaration which, when interpreted, will mean that all these Rooseveltian works are OK—but the G. O. P. can do them better. And, when the Democrats convene, they will declare in their platform that the New Deal was a tremendous advance; it made some mistakes in method—but now that they have had this four years' experience they can go ahead swiftly without being held back by legal entanglements.

REPUBLICAN CHOICES The Republicans have before them an interesting array of choices: Landon, Knox, Dickinson, Vandenberg, Borah. They will not nominate Borah. It will be interesting to watch the Idaho liberal's course from now on; for he is closer to the principles of the New Deal than to any possible platform which will come out of the Cleveland convention. I did not mention Hoover because of his positive declaration that he will not run for President, but Hoover wants to dictate the platform principles. He is in more direct opposition to New Deal principles than any of the others I have mentioned—with the possible exception of Senator Dickinson of Iowa. Hoover, in a word, believes in many of these New Deal humanitarian measures, but is violently opposed to direct federal participation in them. He likes the New Deal housing activities; but says he could improve on them; he likes the New Deal social security laws, the old age and jobless pensions; he likes relief—but he is as dead set against federal relief as he was in his own administration.

TWO GREAT PUZZLES Unemployment and relief are the great puzzles. I do not find in any Hoover pronouncement a policy on either which any congress likely to be elected would write into law. The great mass of states and cities simply refuse to accept responsibility for relief. Nor is there any declaration from Landon, Knox, Dickinson or Vandenberg which outlines clearly any new relief policy or any attractive promises for giving the unemployed work enough to go around.

The Republicans are in a bad fix. They hip-hip hurrah every time the Supreme court declares the states, and not the federal government, must settle these crushing national problems; but not one Republican comes from a state willing to assume the burden of feeding the hungry or solving unemployment problems.

That's where the next congress comes in. The key to Republican revival is in the house of representatives. The senate will remain Democratic as I have explained; and the Republicans must double their present house membership in order to have a majority. The figures are: House membership, 435; necessary to control, 218; present Republican membership, 104. Can they gain 114 seats?

The present Democratic membership in the house is 315; seven Democrats

have died in this session. It does not seem possible to me that the Democrats can retain anything like that number; nor is it safe now to make any predictions. There are more cross currents in congressional campaigns this year than you can imagine. Townsend, Coughlin and other influences are at work to make the congressional fights a series of local struggles far removed in principle from the national questions.

It seems likely that Roosevelt will be re-elected. He will have a balky congress—but if a Republican is elected he will surely not have a harmonious house. Doesn't look like smooth sailing for the G. O. P., no matter what happens.

FOR MECHANIZED ARMY The success of the Italian army in penetrating the hitherto impassable country surrounding the Ethiopian capital has had its effect upon American military, naval and diplomatic policies. The Italians proved that there is probably no land and no mountain barrier which a mechanized army column cannot penetrate. That means the Rocky mountains, too. It means this country must stiffen its military and naval program, and produce an army which can defend this country—because some day, we may have an invader on our shores. That is why we are authorizing right now an army and navy program which will cost us more than a billion dollars next year. . . . that is the fiscal year beginning July 1, 1936.

DOES MUCH FOR AGRICULTURE The administration plans to offset the drive for the Frazier-Lenke farm mortgage bill, defeated a few weeks ago, and sure to be an issue in the campaign. This administration certainly cannot be truthfully accused of being deaf to farm pleas. It has done more in many ways for agriculture than several previous administrations combined. In the last two and a half years more farms have been refinanced by the Farm Credit administration than in the 16 previous years of the land banks' history. The FCA has used nearly two billions to make approximately 750,000 loans, and this country already enjoys the lowest interest rate on farm mortgages in the world. Our rates are 3 1/2 per cent and 4 per cent, while the Old world rates run from 5 per cent to 9 per cent.

The Frazier-Lenke rate of 1 1/2 per cent interest on mortgage sounds fine, but the way the bill now stands there are charges that bring the interest rate up to 4 per cent. What the administration has in mind is the plan of Representative Marvin Jones of Texas, chairman of the house committee on agriculture and father of the revised Farm Credit administration. It would set up a system to guide the ebb and flow of farm credit, just as the federal reserve system works for banking and industry. The details are not so important as the results—which are promised to be farm credit so easy that loans of \$5,000 or less would carry 2 per cent interest charges. This low rate would apply to the uncollected balance of outstanding loans as well as to all loans in the future.

A SICK INDUSTRY The soft coal industry, which is responsible for all the steam power in the country and most of the heat in the large cities, has been one of the sickest industries on the continent. It has been losing money for its owners, keeping its workers on a miserable starvation wage, and has been the subject of 19 federal investigations since 1913. It perked up amazingly when congress enacted the Guffey bill, stabilizing prices at a fair level, guaranteeing living wages and restoring peace among the various coal concerns which had been knifing each other in an uncontrolled coal market. This Guffey bill was an NRA for the soft coal industry and, with trifling exceptions, everybody was satisfied.

If it violated those poor old states' rights, be it known that seven of the eight states producing bituminous coal sent word to the Supreme court that they would pass up all states' rights in exchange for the grand and glorious feeling that the United States government had restored order, profit and living wages to the industry.

But one company rebelled; and the Supreme court declared the federal effort in the soft coal fields to be unconstitutional.

I don't suppose anyone can get excited about coal in the summer time, but the half million soft coal miners who hailed the Guffey act as a charter of liberty are said to be pretty sore about it all. This means, I think, that the miners and their powerful unions will be all the more solid for the New Deal. This alone may carry Pennsylvania for Roosevelt—a fact which is said to be worrying the Republicans a good deal.

Whale Aids Ship Whales have served an almost vital part in human life in the past, but it remained for the Discovery II, the boat which rescued Lincoln Ellsworth and his flying partner from the Antarctic waste, to employ a whale in the most unusual manner. On one of its exploration trips, the boat ran out of fuel and was forced to ask a steamer nearby for coal. The second ship, the Lestris, sought to help, but a high sea which was running made the transfer of the coal highly dangerous. Nearby, however, was a Norwegian whaler, and the captain of the Discovery II borrowed one of its whales, placed it between his ship and the Lestris to serve as a bumper and was able to take 20 tons of coal aboard, sufficient to meet his needs.

Get Ready for Lively Campaign

Democrats Sitting Pretty; G. O. P. Will Furnish Fireworks; Two Great Puzzles

By EARL GODWIN

WASHINGTON. — The Republican clans gathering at Cleveland, Ohio, June 9, to choose a man and adopt policies in a hope to beat Roosevelt, will stage a prelude to a great political adventure for the American people.

We are either going forward or backward as the result of this year's campaign; and I would not be surprised if one of the greatest losers will be the reactionary element in the G. O. P.

The Democrats convene June 23 at Philadelphia. Their cut-and-dried purpose will be to formulate a New Deal platform and renominate Roosevelt and Garner; but the Republicans gather with every element of excitement and uncertainty. The situation which has obtained nearly always since the Civil war is reversed: The Democrats are devising strategy to knock them off their pins. Hence the Republicans with their attack will produce the fireworks.

The Republican party started out to be the great progressive reform movement against "the interests" of that day headed by the slavery evil. It carried reform with it; smashed at the Constitution and changed it, fought the Civil war on the basis of the federal government above state's rights, settled down to become the ruling dynasty, and had no more taken its seat than "the interests" took it over for its own.

One of its present troubles is the fact that the G. O. P. is the last refuge of reaction in this country; and were it not for the fact that it also harbors a distinctly liberal element, the G. O. P. would have died for good and all four years ago.

But the G. O. P. is far from dead. It will try to give the Democrats plenty to do this summer and fall, particularly if it nominates a man who can keep on his toes with good fighting qualities. Synthetic Gentleman
 By CHANNING POLLOCK

SYNOPSIS

The Duke, Barry Gilbert, likable youth of twenty-three, jobless and broke, enters an unoccupied summer home in Southampton, seeking shelter from a storm. He makes himself at home. Dosing at the fireplace, he is startled by the arrival of a butler, Willetts; and a chauffeur, Evans. He learns that the son of the owner of the house, Jack Ridder, whom the servants had never seen, is expected. He decides to bluff it out. Next morning he is given a letter for his "mother." He opens it and finds a message from the real Jack, saying he could not come, and returning a hundred-dollar bill. The boy's father had pensioned him into obscurity. Barry pockets the money, intending to return it later. He orders Evans to take him to Montavik, intending to disappear there. On the way he meets Judge Hambridge and his daughter, Patricia. Believing he is Jack Ridder, she invites him to dinner the following Thursday. Barry returns to Southampton, deciding to stay a bit longer. Mr. Ridder, through his newspaper, the Globe, accuses Judge Hambridge of taking orders from Tammany Hall in a condemnation proceeding. Barry meets Peter Winslow, prominent attorney. Winslow tells Barry that Judge Hambridge had seen an accident in which a woman was killed by a taxicab. At home Barry finds the wife of the real Jack Ridder awaiting him. Her husband is in jail in New York, charged with the murder of Mike Kelly, Tammany boss. The girl, Peggy, tells Barry how she had met Jack in Florida and married him, as Jack Rogers. Jack lost his job, and they went to New York, where she got work at the Cocoanut Bar. There she was accused of trying to pick the pocket of Mike Kelly, and was arrested. Her husband went to Kelly's to induce him to drop the charge. Later Kelly was found dead, his skull crushed by a decanter. Barry suggests he can help as Jack Ridder, and Mrs. Rogers agrees. Judge Hambridge delivers a decision in the condemnation suit in which Kelly had been interested. Barry cables Mrs. Ridder for \$2,000. Winslow takes Rogers' case. Barry gets a job on the Globe under his true name. The editor, Ernie Harwood, assigns him to cover the Kelly murder. Barry suspects the Filipino servant of Kelly. When Barry visits the Hambridges, the judge denies the accident he witnessed occurred near the scene of the Kelly murder, where such an accident had occurred. Patricia bids him: "Watch your step, Mr. Gilbert."

CHAPTER V—Continued

Suppose the Judge had killed Kelly. What did that prove? "I'm assuming that Kelly compelled this decision," Barry reminded himself. "Well, if he did, why should it have been filed after the compulsion was removed? It was filed the next morning. That certainly indicates that the Judge knew nothing about Kelly's death."

Once more, Barry heard the hall clock strike three.

"I'm arguing in circles," he thought. "And getting nowhere. That's where I've been getting all week. Gumming things up, too. Tipping off witnesses, and making a complete nuisance of myself. I said three things were clear, and they weren't, but two are. I've landed myself in a mess, and the sooner I get out of it the better for everybody."

"If I clear out, and let things take their course, I might come back, some day, when I've really made good—"

His hand still hurt the next morning, but the resolution to "clear out" remained fixed.

And he was still dreaming. "Some day, when I've made good—" Willetts interrupted.

He was serving breakfast, at the moment.

"I was talking to Evans, sir."

"Yes?"

"Telling him what you told me last night, sir—concerning Mrs. Rogers, and the Kelly murder. Evans thinks it's very significant, what you said about Kelly expecting somebody after Rogers' left."

"He does, eh?"

"Yes, sir. And he thinks he can find who it was."

Barry opened his egg.

"He'd like to tell you his scheme, sir."

"It's no use," Barry observed, curtly. "I've decided to drop the whole business."

"Yes, sir."

Willetts went on serving, but there was disapproval in his manner. Barry felt it, as he had twice before.

"Any reason why I shouldn't drop it?"

"That's for you to say, sir."

"But you think there is a reason. All right; sit down and tell me about it."

"I couldn't, sir. My position won't permit of my sitting down in the presence of my employer. It isn't done, sir. And your position won't allow of your leaving a woman in the lurch, sir. If you don't mind my saying so, that isn't done, either."

In utter amazement, Barry merely stared at him.

"You see," Willetts continued, quite forgetting himself, "a gentleman's got certain responsibilities. That's what makes him a gentleman. You said this lady's in trouble up to her neck. It looks to me, sir, as if that was a pledge. It looks to me as though you

were bound to make good, no matter what's happened."

He paused, and then his own impetuosity carried him on.

"You said, 'I've been a loafer most of my life.' A loafer might 'drop the whole business.' There's no reason he shouldn't. But it looks to me as if a gentleman ought to carry on, sir."

"You're right, Willetts. Tell Evans I'll be glad to see him in the library."

Barry, the "bum," had stepped into a gentleman's shoes, and found that they had to be kept shining.

All that Willetts had said, the former Duke had said to himself, over and over again. "That's all right for guys with an income," Barry had argued. "In luxury, and papa's office—sure, I'd run straight. Why not?"

Now he had an income, and was "in luxury and papa's office." "I won't be there long," Barry thought, "if I defy Pat. Anyway, I'm a gentleman, for the moment, and a gentleman can't abandon ladies in distress."

Pat was a lady in distress, too, he reflected. "I'm trouble up to her neck." "The way I went on last night," he ruminated, "anybody'd have thought that I thought the Judge killed Mike. What nonsense. That harmless old chap. If there's any chance of his being involved, why then it's up to me to find who did the trick. I've got two men to get out of difficulties."

Evans found him ready for the "scheme."

"As I get it from Willetts," Evans said, "somebody telephoned Kelly that he was coming right over. What would you do after you'd done that, sir?"

"Well, what would I do?"

"You'd hop in a taxi."

"Probably."

"So we want to round up the taxi-drivers that were in the neighborhood at that time. Luckily, there was an accident, Willetts tells me. My plan is to advertise—like as if we was the relations of the deceased lady. Fifty dollars reward for information leading to spotting the cab that deceased her."

"And then?"

"Then we third-degree everybody that answers the ad. 'Did you see the accident? How did you happen to be there? It might turn the trick.'"

Evans was full of Barry's own zeal for "sleuthing." And quite as eager to "jump at conclusions." Nothing discouraged him. What if the accident had occurred two hours after the probable time of the murder? Who knew that time exactly, and, anyway, the bait of reward might bring people who'd been in the vicinity long before the disaster.

It was arranged that the advertisement should instruct applicants to write to box something-or-other at the newspaper. And that gave Evans another idea. Why did Barry go to town by train? Why not drive in? He could use the car getting around, and to give Peggy—and, perhaps, the youngster—an occasional airing. Moreover—

Evans was enjoying himself thoroughly.

"Reading the newspapers, sir, I ask myself a lot of questions about this here Kelly. The Chink says he got home around eleven. Willetts says Mrs. Rogers says he left the Cocoanut

"And Why Do You Think It Might Have Been She?"

bar around nine. Where did he go then? His chauffeur would know, wouldn't he? You'd be surprised how chauffeurs loosed up to each other."

"I get you."

"Simple, ain't it? We find out where Kelly garages. Then I drive you in every Sunday, and keep the car in the same place. And I sugar up to the guy that drove Kelly. It mightn't lead to nothing, but then again, sir, it might, sir."

"It's worth trying. And I'm tremendously obliged to you."

"Don't mention it. After what you did for the missis. As a matter of fact, she put the whole thing in my mind. She's just busting to do some thing for you, Mrs. Evans is."

All of Evans' suggestions were followed the next afternoon.

And Monday, by appointment, Barry brought Mrs. Rogers to Winslow.

Harwood certainly had not overstated Peter's skill at cross-examination. Sitting opposite Peggy, the attorney led her gently into reminiscence, from which, again and again, he seized upon a word or a phrase as leading to possible material for the defense.

For the first time, the thing took on pattern. Winslow wasn't running about in a maze, but finding a beginning and an end. Taking care, too, that there should be no opening for his opponents of which he had been unaware. Casually, verifying every statement Jack had made to him.

"Tell the story in your own way, Mrs. Rogers. . . Did your husband say anything about getting even when he left you? No. What time was that? What time did he return? Wasn't gone long, was he? Not really long enough for a violent quarrel?"

"I've told you," Peggy declared; "they were drinking together. And then the phone rang."

"How do you know it rang?"

"Jack heard it. And he heard someone answer it."

"Someone."

"Jack isn't sure whether it was Kelly or the Filipino. They were both in the hall. Anyway, Kelly came back, and said he was expecting somebody."

"Did he say whom?"

"No."

"Did he say whether it was a man or a woman?"

"I don't think so," Peggy paused. "But it might've been a woman."

Peter nodded to Barry.

"Cherchez la femme."

"I got another idea," Peggy went on. "It might've been the platinum blonde."

"The what?"

"The platinum blonde, Violet Fane. She's one of the girls at the Cocoanut Bar."

"And why do you think it might have been she?"

"Well," Peggy said, "she knew Kelly. She'd just left him when he accused me of picking his pocket. And Morano'd been talking to her, just before that. She might've phoned Kelly to get me off."

Winslow made a note of this.

"I'll find out," he promised.

The interview lasted nearly two hours, and gave both of the visitors fresh confidence.

"They'll indict Jack," Winslow prophesied, as his callers were going. "Probably today. But don't let that worry you. A grand jury hears only one side. We'll do our talking at the trial."

"When will that be?"

"As soon as possible. We're ready now. They have no case, just the Filipino's evidence that Jack was there. We admit that. But we deny either a motive or a quarrel. If the Filipino says he heard one—well, I suppose Mr. Ridder's given you his answer to that."

"He's got brains, all right," Barry told Peggy, in the elevator.

"Yes," Peggy returned, a bit heartily. "He's got brains, and a throat."

The grand jury found a true bill against Jay Rogers that afternoon. And Barry was off on a quest of his own. "If that was a woman," he decided, "we needn't bother any more about the Judge. And if I can catch that Filipino napping—"

Winslow had warned him against "tipping our hand." "All right," Barry thought; "I'll be careful this time."

The "cagey Oriental" answered his ring.

Barry's last visit had been with Tim Laugherty. Charlie—and Mrs. Kelly, for that matter—had assumed that he was another detective. The Filipino was plainly startled.

"Nobody is home," he said, conclusively.

"You're home, aren't you? And you're the fellow I want to ask a few questions."

"I don't know nothing," the butler insisted.

"You know who telephoned Kelly the night of the murder."

Charlie's puffy face turned two shades lighter.

"I thought so," Barry said. "And, if you don't want to go straight to jail, you'd better tell me about it."

"I don't know nothing."

"All right. Come along."

Charlie reconsidered.

"You mean the lady that telephoned?"

"That's who I mean. Who was she?"

"I don't know."

"Didn't she give any name? Or leave any message?"

"No, sir."

"Come around here though, afterward, didn't she?"

"Somebody did," Barry persisted; "After young Rogers went?"

"I don't know."

"You didn't let anyone in?"

"No, sir."

"Did Kelly let her in?"

"I don't know."

"But he knew she was coming?"

"I don't know."

"You're lying," Barry exclaimed. "You told Kelly."

"No, sir," the butler replied, very positively. "When the lady phoned, Mr. Kelly—he wasn't home yet."

"What do you mean, he wasn't home—at midnight?"

"The lady didn't telephone at midnight," Charlie said, obviously bewildered. "It was eight o'clock when the lady phoned."

"But you told him that?"

"No," the Filipino answered. "I didn't tell nobody nothing."

"Who did telephone around midnight?"

"I don't know. Mr. Kelly answered that time."

"But you were in the hall?"

"Yes, sir."

"Kelly was sore at you. Why?"

The Filipino went pale. Only for an instant, however. Then he smiled. "Mr. Kelly not sore," he said. "Him very jolly that night."

"All right," Barry observed. No "tipping our hand" this time. "All right, and thanks." His tone was that of a man completely satisfied.

Late that afternoon, Barry took Peggy and the boy driving in the park.

Peggy put a brave face on it, but fear was clutching her. "If anything went wrong," she said.

Pretty Wall Hanging of Colorful Peacocks

PATTERN 1014

How rarely one sees a peacock with all his lovely plumage displayed! This proud pair of colorful birds will hold this unique pose as long as your wall panel lasts. You'll want it done in a short time, of course, and it will be for the actual embroidery goes very quickly, using only single, running and outline stitches. You may use either silk, wool or cotton floss, but remember—the more colorful it is, the prettier!

Pattern 1014 comes to you with a transfer pattern of a picture 15 by 20 inches; a color chart and key; material requirements; illustrations of all stitches needed. Send 15 cents in coins or stamps (coins preferred) to The Sewing Circle, New York Dept., 82 Eighth Ave., New York, N. Y.

Wisdom and Age

When you make a friend over fifty years old he is too clever and too experienced to differ with you about little things.

Married Women Know Constipation Danger

After childbirth, women often suffer with constipation. That is why Peen-a-mint, the delightful chewing gum laxative, is so ideal. As soon as you start chewing it, the stomach-settling mint brings a clean, fresh taste to the mouth. As you chew out the laxative ingredient, which is absolutely tasteless, the flow of digestive juices is increased. The laxative is mixed with them and carried into the system evenly and gently. Without causing upset, it passes through the stomach and into the bowels so scientifically that your action is wonderfully easy and thorough. Doctors prescribe Peen-a-mint's laxative ingredient for both children and adults. It is non-habit-forming. Sold on money-back guarantee. Generous family size package 15c and 35c.

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fall to remove impurities that poison the system when retained.

Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.

Don't delay! Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

A child labor amendment to the Federal Constitution giving Congress control over the matter has been pending now for ten or twelve years. It has not met with a very enthusiastic reception. Only twenty four states, we believe, have ratified it. Texas, several years ago, turned it down. But now comes the state Democratic convention meeting in San Antonio last week and puts a child-labor plank in its plat-

form. There are doubtless grave evils connected with the employment of children in factories in many states, and possibly the Federal Government should be given jurisdiction over the matter. However, there is another side to the question. A reasonable amount of labor is not hurtful to any child, physically, morally, or mentally. On the other hand, an idle brain is the Devil's workshop, and no child should be permitted to grow up in idleness. Idle children on the streets often grow up into criminals. Furthermore, many poor families need the earnings of their strong, healthy children. Of course, if organized labor could have its way, all child labor would be prohibited, and that is the reason we have some doubt as to the propriety of giving Congress jurisdiction over the matter. Organized labor has a mighty influence over many congressmen.

Fritz Lanham, who has served the Fort Worth district many terms in Congress, has an opponent or two this year. His opponents are jumping on him for not supporting the administration in a number of the New Deal measures. Mr. Lanham replies that he did not support these measures because he believed them to be unconstitutional. Later the supreme court of the United States sustained his position. Mr. Lanham and the supreme court may have been wrong, but his independence is refreshing. He says that he has taken an oath each two years since he entered Congress to support the constitution of the United States, and therefore he consistently votes against measures which he believes to be unconstitutional. Would that we had more congressmen of this rugged type of honesty. We believe that no congressman should vote for any measure that he believes to be unconstitutional, but some of them do it.

LIQUOR LOSING OUT

Several liquor elections have been held in Texas the past few days, and liquor lost in each contest we have noticed. Maybe these elections are not important except to show which way the wind is blowing.

Our neighbor, Terry county, voted dry more than 2 to 1 last Saturday, according to incomplete returns published Sunday. Twelve of the 21 boxes in the county voted 542 dry to 247 wet, and it was said that the remaining boxes would not change the result except possibly to add to the dry majority. The issue was

whether or not the sale of beer and wine should be legalized. A couple of years ago, Brownfield voted for 3.2 beer by a majority of about 3 to 1.

In Hardeman county the issue was as to the sale of 3.2 beer. Almost complete returns gave the dries 836 and the wets 662, a dry majority of 174.

In Jeff Davis county, over in the heart of the Davis Mountains, where the rancher and cowboy still hold the fort, the dries won by a vote of 130 to 96. The proposition was to legalize the sale of all liquors. Texas is already on its way back.

As usual, there are a lot of freak candidates for high office again this year. For example, there are five men running against Morris Sheppard for the United States Senate. Only one of them is known outside his own bailiwick. Joe H. Eagle of Houston, one of Sheppard's opponents, is now serving as Congressman from the Houston district and is reputed to be a man of considerable ability. And here are the other four: Richard C. Bush of Waco, Guy B. Fisher of Bland Lake, Joseph H. Price of Fort Worth, and Joe Edward Glenn of Kopperl. Who ever heard of any of them? Sheppard will doubtless be re-elected by an overwhelming majority. With the exception of Senator Borah, Sheppard has had longer service in the Senate than any other member. In the Senate, seniority and ability both count for much. Sheppard has both. Some people are prejudiced against him, of course, on account of the fact that he has consistently and ably espoused the dry cause in the Senate and out of it, but many thousands of wets will not let that stand in their way, recognizing the other splendid services he has rendered and is yet able to render this state and nation.

RESCINDED

The governor of Massachusetts has rescinded an order passed by the Bay Colony's General Court in 1635 banishing Roger Williams from that state. How this can be of any benefit to Mr. Williams at this time is hard to figure.—McLean News.

Our Panhandle contemporary does not advise us whether the governor's proclamation invited Brother Williams to come back to Massachusetts or not. However, we doubt if Mr. Williams would come back under any circumstances, unless he felt impelled to come as a missionary to the heathen.

Charlie Lockhart, state treasurer, is a candidate for re-election. He has held this position for several years. Prior to his election, he worked in the state treasurer's office a number of years, and prior to that he served a number of terms as county treasurer of Scurry county. He is a brother of Judge G. E. Lockhart of Lubbock. Charlie has an opponent, one Garland Adair of Austin, but he will probably get most of the votes in this part of the state.

Rev. E. B. Speck of Lubbock, Townsdenite, has announced as a candidate for Congress against Hon. George Mahon. Brother Speck is a Baptist minister and a good man, but we are wondering if he wouldn't be a misfit in Congress. As a Townsdenite he could accomplish nothing. We imagine that on the morning following the election, he will feel that his name is most appropriate.

State Superintendent L. A. Woods has an opponent this year in the person of A. A. (Pat) Bullock, formerly of Snyder, now a resident of San Antonio. We know nothing as to the issues between them, if any, and we know little as to their respective qualifications for the office, but we do know that when Pat Bullock taught school as a young man down in Scurry and Mitchell counties, he was a very fine and capable young fellow. Later, he served several terms as county superintendent of public instruction in Scurry county. Those people down there believe in him.

Try CARDUI For Functional Monthly Pains

Women from the 'teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

George H. Sheppard of Sweetwater has made such an enviable record as comptroller of this state that it looked for a long time as if he would not have an opponent. However Sam H. Terrell announced several weeks ago that he would be a candidate and we note that he has filed his name as such. Mr. Terrell served as comptroller of this state at one time but resigned at a time when there was much criticism of his conduct of the office. We know nothing as to the justice of the criticism, but it is not believed that he will be a strong contender for the position now. Mr. Sheppard is making a record as comptroller.

Muscular Pains Promptly Removed

Feels Like Living Again After Many Years Suffering

In commenting about her long illness with muscular rheumatic pains, Mrs. Ivan Yargus states, "I had such pain in my back, shoulders, neck, arms and hands that I couldn't rest at night. I couldn't raise my arms to comb my hair and felt life wasn't worth living. I saw an ad in the paper about Williams R. U. X. Compound and got a bottle. After two doses the pain began to leave. I have taken this medicine now for a little over two weeks and feel like living again. Can do all my work now where before I had to have of many others taking Williams R. help."

Mrs. Yargus' experience is like that of U. X. Compound, who have found that it is no longer necessary to suffer stabbing muscular-rheumatic pains without the benefits of this doctor's prescription.

Take just a few doses and see how quickly you are relieved. Williams R. U. X. Compound contains pain-relieving ingredients which are absorbed into the blood, and carried to sore, inflamed muscles and parts, giving ease and comfort which is a blessing to sufferers.

Don't let muscular rheumatic pains tear you down. Get a bottle of WILLIAMS R. U. X. COMPOUND today and get relief. On sale at— WYNN COLLIER - DRUGGIST

THE MOTORIST'S PRAYER

"Grant me a steady hand and watchful eye, that no man shall be hurt when I pass by," starts The Motorist's Prayer. The prayer first appeared in the London Church Times.

The prayer is a reminder that good driving is a Christian obligation. It follows:

Grant me a steady hand and watchful eye, That no man shall be hurt when I pass by. Thou gavest life, and I pray no act of mine May take away or mar that gift of thine. Shelter those, dear Lord, who bear me company, From the evils of fire and all calamity. Teach me to use my car for others' need, Nor miss through love of speed The beauties of thy world; that thus I may, With joy and courtesy go my way.

Dorothy Payne, Reporter

We are inviting every one to come to Sunday School, Sunday. There is not any reason why we should not have a large attendance at our Sunday School, as well as the other communities. So come every one, you are "welcome."

Everyone is happy over the rains, that came last week, and all the farmers are very busy.

We are very glad to have Mr. and Mrs. Griffith to move in our community, they are the school teachers for the coming term. Let's everyone try to make them feel that they are welcome to attend Sunday School, and Singing. They moved to Edith from Midway.

Miss Marie Owens spent all last week at home. She has been at Abilene, for some time. She returned to Abilene Sunday, to remain for some time.

Miss Lola Smith and Miss Linnie Tippit left Friday for Dallas, where they visited the Centennial, later they visited Mr. and Mrs. J. M. Fabulon of Lampasas.

Mr. and Mrs. W. R. Campbell, of Pauls Valley, Oklahoma, are visiting Mr. and Mrs. E. D. Payne and family. They are the parents of Mrs. Payne.

Mrs. Carlson and children, of Monahans, is visiting her parents, Mr. and Mrs. Taylor.

Mr. and Mrs. George Bell who live near Tahoka, visited Mr. and Mrs. A. J. Bell and family Sunday, also Mr. and Mrs. Woods, and Mr. and Mrs. Dyer.

Mr. and Mrs. E. D. Payne and family, and Mr. and Mrs. W. R. Campbell visited Mr. and Mrs. Dudley Martin of Draw Sunday.

Mr. and Mrs. Auto Watley of Grassland, visited Mr. and Mrs. Joe Anderson Saturday.

Mr. and Mrs. Griffith visited friends in Post City Sunday.

Mrs. and Mrs. Garnett visited Mr. and Mrs. G. C. Lindley and family Monday.

Miss Alta Cassel of Rule came Thursday to spend a few days as the guest of her friend, Mrs. Verner Smith. Miss Cassel was formerly a teacher in the public schools here.

Mr. and Mrs. George N. Piott and two children of Denton were here last week visiting the family of E. A. Park. Mr. Piott is a brother of Mrs. Park.

"LOVE BEFORE BREAKFAST" IS MEAL TICKET PUNCHED FULL OF HEARTY LAUGHS

Three days, starting Sunday, English Theatre shows "Love Before Breakfast," the comedy hit starring Carole Lombard. This screen offering is delightfully humorous, sometimes gay and bubbling; sometimes witty and biting; always modern, devil-may-care and entertaining.

Carole Lombard is a vision to behold in the sequences where she wears "last word" fashions. She is a polished performer who delivers her amusing lines spontaneously as if she thought up the wise cracks herself. The situations are basically funny, which gives added effect to the rippling dialogue.

"Love Before Breakfast" is a meal ticket punched full of hearty laughs. There is a horseback riding scene which will make men in the audience float, when they perceive a self-opinionated girl compelled to take a back seat, literally. The ocean sequences are irresistible, with more laughs than there are tools in a steamboat whistle. The battle in the night club is a howl for those who like their comedy "with a sock" in it.

Preston Foster portrays one of Carol's sweethearts and Cesar Romero is the other. Many a young feminine heart will go pit-a-pat over these handsome leading men. Which balances the masculine eyes that will open wide when they glimpse the ravishing blonde beauty of Carol Lombard. See the film and laugh your troubles away.

CARD OF THANKS

It would be impossible for us to express in words the gratitude of our hearts for the wonderful kindness shown us during the dark hours that have come to us by reason of the illness and the death of our loved one. We deeply appreciate the many expressions of concern and solicitude on the part of numerous friends during Mrs. Reid's illness and their tokens of sympathy and affection upon her untimely death. We are truly grateful for the numerous and lovely floral offerings. May God's smile be upon you, and may His flowers bloom in your every heart.—G. M. Reid and daughter Eva Jo, Luda Strasser, Mr. and Mrs. Wess Killian, Mr. and Mrs. M. O. Canaday, Mr. and Mrs. Lee Reynolds, Mr. and Mrs. W. T. Strasser, Mr. and Mrs. Preston Strasser, Mr. and Mrs. Robert Reid.

Mrs. Ben Brown and little daughters, Daisy Means and Melle, who have been visiting Mr. and Mrs. W. L. Brown and Mr. and Mrs. Coleman Wells and family the past two weeks, left for their home in Belton Thursday morning. They were accompanied to Belton by Mrs. Wells and daughter, Mary Bland, who will visit there a couple of weeks.

HOOVERS MOVE TO MERKEL

Mrs. R. A. Hoover and children, Herbert and Laverne, left Wednesday to join Mr. Hoover at Merkel, where he has accepted a position as manager of the Jones Dry Goods store.

Mr. Hoover was manager of the Jones store here several years but resigned last fall to devote his entire time to the ministry. He was called to Abilene a few weeks ago to assist the Jones stores in an emergency and was later offered the position as manager of the store at Merkel. He decided to accept.

For the past several months he had been serving as the pastor of the Baptist Church at Wells, where it is understood that he was doing most excellent work.

WADE CHILD IMPROVING

Eddie, the five-year old son of Mr. and Mrs. H. A. Doc Wade, whose sightless eye was removed at the West Texas Hospital recently, is reported to be doing nicely, the stitches having been removed Monday.

We stated erroneously last week that the sight of this eye had been destroyed by disease; it was sightless from birth. Little Eddie is reported as saying that he will be glad when he gets his glass eye and can go to church and Sunday school.

FIRE DOES SMALL DAMAGE

Fire of unknown origin destroyed the boxed-in tower at the well on the premises of Mr. and Mrs. L. F. Craft Tuesday afternoon. The fire department was called out, but it was too late to save the structure. The small water tank collapsed, but otherwise no additional damage was done.

NEW PRESCRIPTION BOON TO SUFFERERS

Helps Build Red Blood—Tones Up The System—Increases Energy

Increasing numbers of Tahoka men and women are receiving the wonderful benefits of Williams S.L.K. Formula, the prescription of a Missouri doctor, which was only recently introduced in this city. Many people feeling "run-down", weak, without appetite or zest for living, declare that this new tonic preparation has helped them to feel better than they had for years. Williams S.L.K. Formula helps build red blood corpuscles, tones up the system. It is a mild stomachic tonic, and is mildly laxative and a diuretic stimulant for the kidneys. Men and women need red blood to feel their best. They need system cleansing elements which help to eliminate poisonous waste matter. Williams S. L. K. Formula has been declared a blessing by many weak, run-down, ailing people and you can try it under a positive guarantee of money back if the first bottle does not produce results. Get a bottle today and start taking it.

FOLKS!

THERE IS NO SUBSTITUTE FOR GOOD HEALTH

And here comes a letter from your next door neighbor, a man whom you all know, a man whose word has always been considered his bond, one of your taxpayers and community builders, and is as follows: "This letter is to state that I was a sufferer of stomach trouble for eight years. I spent three years of suffering and went to any number of doctors, three told me that I had a gastric ulcer. Two months ago Gas-Tons tablets were recommended to me. I bought a bottle and began taking them and since that time I have gained fifteen pounds and am able to do, for the first time in eight years, my regular farming work. I unconditionally recommend these tablets to any one suffering from severe stomach pains, gas or colitis. Anyone wishing any information in regard to the results I have received will address me, Route 1, Shallowater, Texas. I will gladly reply. This statement is made voluntarily hoping that other people suffering as I did may receive the benefits that I have." And this letter was signed by E. S. Nelson of Route 1. After what this good man has said what more could we add. And we feel that the only question that could enter the minds of any stomach sufferer would be whether to try the 25 tablet size at \$1 or the 100 tablet treatment for \$3.

You take no risk in ordering Gas-Tons. If after using the tablets 10 days you do not get the relief you yourself expect, you have but to send back the unused portion of the bottle, and we will return the money you have paid us, in full, every penny of it.

Call at your home town druggist and ask him about the iron clad guarantee, also what this remarkable compound is doing for others.

Gas-Tons are sold in Tahoka by Tahoka Drug Co., and by leading drug stores in other towns. If your druggist does not have Gas-Tons send money orders payable to Tahoka Drug Co., Tahoka, Texas.

CHURCH OF CHRIST NOTES

Seed planting time, as I see the people so anxious to get the seed in the ground after the rain, I am made to wonder why Christians are not more concerned about getting the seed of the Kingdom (which is the Word of God) in the hearts of men, women and children. Without planting we can not hope to have a crop, holds good in the spiritual world as well as in the natural. As every seed brings forth after its kind; so, if we would have a crop of Christians, there is only one way and that is to sow the Word of God in their hearts; it just produces Christians only and only Christians.

I spoke last Lord's Day morning on "Putting First Things First." Which do you put first, friends, the lodge or the church? The picture show or prayer meeting? Magazines or the Bible? Card tables of the Lord's table? Sumptuous meals, or the Lord's Supper? Bank accounts in the First National or heaven? The service of God or Satan? Be sure you are honest in answering these questions.

I will preach at O'Donnell next Lord's day, but because of that fact every member is more needed to be at their post of duty here. Visit the friendly church once anyway.—R. P. Drennon.

METHODIST CHURCH NOTES

Church School, 4:45 a. m. Morning worship services, 11 a. m. Young people's service, 7:15 p. m. Evening service, 8:15 p. m. Women's Missionary Society, 3:00 p. m. Monday. Church night activities, Wednesday, 8:30 p. m.

The pastor will preach at both services Sunday. The Sacrament of the Lord's Supper will be served at the conclusion of the morning sermon. There will be special music at the evening service, also a report will be given from the Young People's Assembly at Abilene. Do not miss the services Sunday. Get the church-going habit. We are always glad to have you.

Bleeding Gums Healed

The sight of sore gums is sickening. Reliable dentists often report the successful use of LETO'S PYORRHEA REMEDY on their very worst cases. If you will get a bottle and use as directed druggists will return money if it fails. Tahoka Drug.

MISS HANCOCK WEDS

B. A. MORROW
 B. A. Morrow, son of Mr. and Mrs. N. A. Morrow of New Home, and Miss Beulah Hancock, daughter of Mr. and Mrs. F. H. Hancock of near Tahoka, were united in marriage at the home of the bride's parents Sunday afternoon at 4:00 o'clock. Rev. Lawrence Hays of Snyder reading the ring ceremony.

Proceeding the ceremony, Mrs. B. M. Hays sang "I Love You Truly," accompanied by Mrs. Henry Heck at the piano.

The bride is a graduate of Tahoka High School, later attended Texas Tech, and for several years has been teaching school at Ropesville.

The groom is an ex-student of Southwest Texas State Teachers College, San Marcos, and has been engaged in farming in the New Home community for several years. The couple are residing near New Home.

HONORED WITH BREAKFAST

Mmes. Jack Link and A. D. Seth were hostesses at a breakfast in the Seth home Sunday morning honor-

ing Miss Beulah Hancock, bride-elect of Mr. B. A. Morrow.

Covers were laid for: Mmes. F. H. Hancock, B. M. Hays, C. W. Seth, L. N. Hancock, Muriel Taylor, Howard Wheeler, Beecher Sherrod, Henry Heck, W. A. Morrow, and Misses Beulah Hancock, Marguerite Bossey, Elizabeth Link, Louise Hancock and Una Morrow.

DRAW-REDWINE CLUB

"Cabbage slaw is very delicious, especially at this time of the year," said Mrs. Robert Ragan as she gave a recipe for slaw in the home of Mrs. Ralph Cates May 15 to the Draw-Redwine Club ladies.

Each member gave a new way to serve a leafy vegetable.

The club decided to help some other club with their nominee to the Short Course and not have any from their own club.

Visitors present were: Mmes. Tyra Williams, Busby, Dudley Simpson, Carmack, Frank Cook, A. R. McDaniel and Lee Saints, and Miss Bratcher.

Members present: Mmes. Robinson, Florence, Luttrell, Crawford,

Dubree, Johnson, Pennington, Calaway, Bratcher, Busby, Glenn, Nelson, Cates, Ragan, McKay, Garrett, and W. Pennington—Reporter.

H. D. CLUB WRITERS MEET

"The purpose of the Lynn County Writers' Association is to help the reporters to write better reports," said Mrs. Garland Pennington, president, to the Association assembled in the County court room May 30. Miss Lilith Boyd, county H. D. agent, instructed reporters to begin taking notes as soon as the club meeting opened and to watch closely for a quotation from a demonstrator or operator, also to report fully on the entire proceedings of the meeting.

Every report that has been sent to the Lynn County News this year is on file and many of them were read and discussed, some criticized for their brevity, others were commended.

All reporters present agreed they were benefitted by the meetings attended. Next meeting will be September 5th, 2:30 p. m.

Those in attendance were: Mrs. Garland Pennington, Tahoka; Mrs. I. M. Draper, Midway; Mrs. Susie Bartley, New Lynn; Mrs. Willis Pennington, Draw-Redwine; Miss Lilith Boyd, county H. D. agent; Tommie Ruth Anderson, Midway 4-H club; Donnie Mae Porter, Pett-4-H club; and Veda Porter and Mrs. S. G. Glenn, visitors.

SHOWER FOR MISS HANCOCK

Miss Beulah Hancock, bride-elect of Mr. B. A. Morrow, was honored with a miscellaneous shower Wednesday afternoon at the home of Mrs. L. N. Hancock of New Home, with Mrs. Muriel Taylor of Olton assisting.

After a period of conversation and games, little Wyatt Burkhalter Jr. and Betty Gene Hancock brought the honoree a "washtub" of gifts.

Guests were: Mmes. Loyd McCormick, P. W. Goad, C. W. Seth, John Armontrout, R. H. Bates, W. A. Morrow, Wyatt Burkhalter, Joe Unfred, Eugene Hancock, Carl Russell, Earl McManis, J. W. Prather, Henry Heck, E. E. McManis, Murry Nettles, F. H. Hancock, A. D. Seth, and Misses Beulah Hancock, Annie Gannaway, Una Morrow and Louise Hancock.

BIRTHDAY DINNER FOR TRIO

Mr. and Mrs. Lee Holley entertained thirty-eight guests May 22 with an elaborate birthday dinner in honor of Mrs. J. V. Dyer, Mrs. Lige Holley, and Miss Cleone Short. It was Mrs. Dyer's 80th birthday. She is one of Lynn county's pioneers, coming to the county in 1905. Many lovely gifts were presented the honorees.

Those present were: Mrs. I. J. West, Mr. and Mrs. Garrie White, Mrs. O. O. Hope, Mr. and Mrs. V. H. Macha, Mr. and Mrs. H. D. Short and baby, Mr. and Mrs. I. B. Hill, Mr. and Mrs. E. E. Perry, Mrs. C. C. Jones, Mr. and Mrs. J. L. Sossaman; Misses Lebusa, Irma, Edith, and Mildred Macha, Lois Marie Sossaman, Lois Short and Paye Etta Couch; Messrs. Jim White, T. D. and Orville Short, Glenn, Colson, and John Perry, Raymond Noble, Bucky Jones and Lige Holley.

BAPTIST W. M. U.

With "Signs of Kingdom Progress" as their topic, the Lucille Reagan and Lottie Moon circles of the Baptist W. M. U. put on their monthly Missionary program Monday afternoon, Lucille Reagan circle meeting with Sallee circle in the home of Mrs. A. J. Edwards, Lottie Moon circle with Blanche Rose Walker circle in the home of Mrs. Geo. A. Dale. Mrs. Verner Smith directed the program in the home of Mrs. Edwards and Mrs. Joe Davis directed the program in the home of Mrs. Dale.

The Sallee circle served ice cream and angel food cake to Mesdames H. B. Howell, W. M. Harris, E. I. Hill, D. V. Smith, H. F. St. Clair, Jim Burleson, A. J. Edwards, G. H. Nelson and H. M. Snowden.

The Blanche Rose Walker circle served tuna fish sandwiches, angel food cake, olives, and potato chips to Mesdames F. M. Billman, S. H. Holland, W. C. McKenzie, Garland Pennington, A. O. King, J. L. Reese, F. C. Stanley, Joe Davis, Martha and Guy Stroud, T. T. Ivy, Irvin Dunagan, R. C. Wells, J. L. Nevill, and Freddie Stanley.

The Sunbeam Band met at the church with their counselor Miss Mary Preston, with seven in attendance. Misses Gussie McCullough and Margaret Preston were visitors. Refreshments were served.

MIDWAY H. D. CLUB

The women of Midway H. D. club called a meeting at the home of Mrs. Lloyd Edwards May 27th.

The purpose of the meeting was to elect a delegate to A and M Short Course. Mrs. R. L. Littlepage, sponsor of the 4-H Club, was elected.

The candidate speaking at the school building Friday night was well attended by the candidates and the community at large. Through the generosity of all concerned the H. D. and 4-H clubs have raised almost \$50, for which they express their thanks.—Reporter.

Keep a Good Laxative always in your home

Among the necessities of home is a good, reliable laxative. Don't be without one! Do your best to prevent constipation. Don't neglect it when you feel any of its disagreeable symptoms coming on. . . . We have used Theford's Black-Draught for 21 years and have found it a very useful medicine that every family ought to have in their home," writes Mrs. Perry Hicks, of Pelton, Texas. "I take Black-Draught for biliousness, constipation and other ills where a good laxative or purgative is needed. I have always found Black-Draught gives good results." Sold in 25-cent packages.

Acid Stomach—Get Quick Relief

If you are suffering from indigestion, atonic dyspepsia, sour stomach, gas pains, "raw stomach," inflammation of the intestines (enteritis), gastric acidity and sick headaches, due to excessive acidity, you can't afford to ignore these warning signs. You should try at once the Doctor's Prescription, known as Gasa Tablets. If you allow these conditions to become worse, the acids may eat into the delicate mucous membrane of your stomach and intestine and possibly cause dangerous ulcers. Gasa Tablets are pleasant to take and they start to work in just a few minutes to give gentle, effective relief of pain and discomfort caused by excessive acidity. They soothe the raw, inflamed lining of the "acid stomach," and help convert starchy foods into dextrose, which is so essential to energy of the body, and preservation of health. Because of their remarkable success in many cases of acidity, and digestive troubles resulting from acid conditions, Gasa Tablets are offered now to sufferers under a guarantee that the first bottle must produce results or money back. For only a few cents a day, you may now have the benefits of this Doctor's Prescription which has helped so many other sufferers to a greater joy of living. Ask your druggist today for Gasa Tablets. Take just one or two of those quick-acting, soothing, antacid tablets and see

how they help your stomach to "tackle a hearty meal." At—WYNNE COLLIER - DRUGGIST

Black-Draught Good Laxative

Black-Draught has been kept on hand for all the family in the home of Mr. W. A. Lemons, of Independence, Va., since twenty years ago. Mr. Lemons writes that he takes it as a laxative in cases of "headache, dull, tired feeling, biliousness."
"And I take it if I feel uncomfortable after a heavy meal," he adds. "I especially use it for sick headache. It certainly is good."
When a man says "Black-Draught is good," it is probably because he remembers the prompt, refreshing relief it brought in constipation troubles. It is a simple, herb laxative; natural in composition and action.

Bob Davis Reveals

An Interview With the Best Carrier Pigeon in Japan

THE morning of our arrival at Yokohama harbor we were boarded by representatives of the press. Each reporter brought with him a crate of carrier pigeons which were released at intervals bearing photograph films in gutta-percha tubes and closely written manuscripts in aluminum containers fastened to the left leg. A total of 16 birds took the air for Tokyo, among them carrier No. 158, on the staff of the Nichi Nichi, with a net daily circulation of 1,250,000. In accordance with his habit he beat the bunch home, a distance of about 19 miles, reaching headquarters with text and illustrations nine minutes ahead of all flyers. A scoop, if ever there was one. Later I called at the office of the Nichi Nichi and sent my card to the pigeon loft. No. 158 was in and would talk for publication. "Glad to meet you," he said, throwing out a full blue chest. "You are an old bird in the newspaper business. Come into my coop where we can have a chin-chin."

"How long have you been in the game?" "Eight years. Took it up two months after I left the egg. Catch 'em young; pick 'em for speed." Brings Home the Bacon. "How fast are you?" "Oh, about 60 kilometers an hour up to 300, carrying a maximum of three films and three tissue sheets of manuscript, or enough to fill a column. The total weight of the receptacles, loaded, is about seven grams, although a full-grown bird flying 20 to 30 kilometers can come through with a load of one ounce. "More than that over greater distances would tire a pigeon to the point of inefficiency, rendering the bird easy prey to eagles and hawks, everywhere more plentiful than we feathered representatives of the press. Also, we run the risk of being brought down by hunters equally indifferent to our professional status. In such cases the tragedy is hushed by the author of it. We just vanish, that's all."

Carrier No. 158, acknowledged to be the Numl of the air, and by the most direct route, allowed that his fame rested upon a fundamental principle: "Whatever has come to me," he said, "is due to the fact that by nature I am a bee-line bird. To be explicit, when trusted with messages or films, I rise as rapidly as possible to the height of four or five hundred feet, determine my homing direction and take a straight flight for the coop, wasting no time whatever in circling or changing my elevation. Once home I settle on the landing platform and immediately enter the reception cage, where I am relieved of whatever has been entrusted to me. "My record for coming back with what in your country is known as the bacon is 100 per cent. Not in all the years of my connection with Nichi Nichi has any competing pigeon starting at the scratch beaten me to the shop. They say I have a genius for nosing out the shortest route between two given points. Setting Up Exercises. "How do you keep in condition? What about emergencies?" "When not on the job handling news I do three hours a day exercising aloft over Tokyo. All of us are jumping out of the coop mornings and afternoons to take the setting-up work. Carriers are trained to regard one spot as home, from which, in wicker baskets, no matter in what direction we are transported to whatever points the staff reporters expect news to break. When tossed in the air with films on our backs or copy on our legs we are supposed to report in flight. "During the naval maneuvers off Yokohama in Japanese waters eight years ago, December 5, a press ship deck overloaded with reporters and guests collapsed, injuring 30 people. Under regulations all radio connections with the shore had been cut off. Half of the available pigeons on board were released and relayed the accident to the newspapers. We saved the situation. Aided During Earthquake. "During the earthquake we were the sole means of communication from outside points with the city of Tokyo, as all lines were down and the system completely paralyzed. It's all in the day's work with us. For reward we are fed on a diet of corn, peas and millet. Our tenure of service is from 20 to 25 years; our market value is 10 yen—about \$3 in your money—the pair. No strikes, no arguments, no unions in our lives." No. 158 threw out his chest, cooed in staccato and shook his plumage. Outside from the blue sky a sudden rattle of exercising birds swooped over the penthouse and swung aloft in mad haste, as though pursued. A hawk plunged from aloft like a plummet, missed his prey, a single carrier lagging behind, and hurried away in the distance. "That occurs every day," said the champion, "but seldom is any damage done. Hawks are afraid of birds in flocked formation. Safety in numbers, but he flies fastest who flies alone."

VIGILANTES WAR ON RURAL CRIME

Loss From Farm Thefts Is Greater Than From Bank Robberies and Kidnaping in Illinois; Organize Vigilante Corps

By WILLIAM C. UTLEY

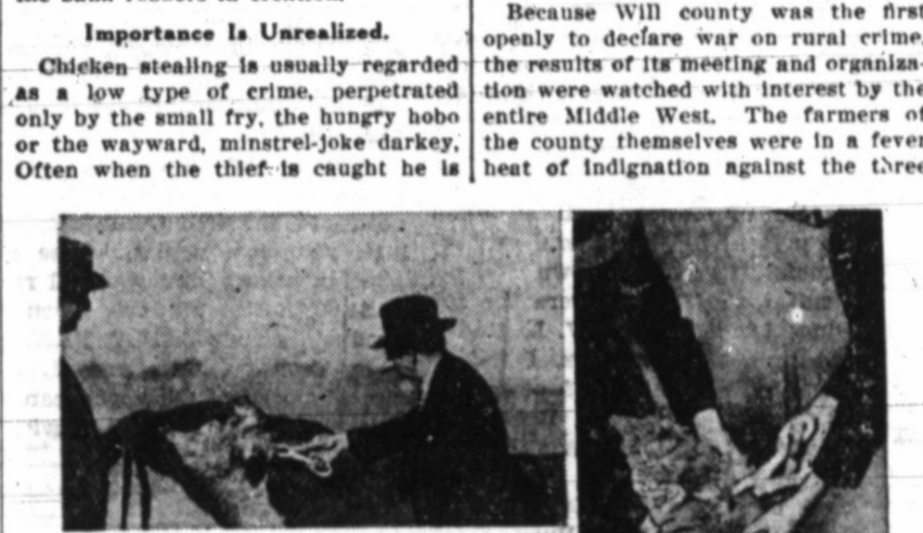

WHO is Public Enemy No. 1? The kidnaper? The gang killer? The bank robber? The racketeer? Perhaps. At least it is these desperadoes whose spectacular exploits make the big headlines. Their ruthless and merciless work, often conducted right out in the open, is not infrequently touched up with a bit of showmanship which makes them the type of characters which fire the public imagination. The urgency for exercising every method within human means for apprehending these criminals is not to be minimized. But the very publicity, ascending sometimes to outright ballyhoo in the enthusiasms of the more vigorous press, which attends their comings and goings, unfortunately overshadows another type of public enemy, who works quietly and in most cases inconspicuously, but whose evil deeds are often of more serious consequence than those of his more spectacular brother in crime. The citizen who lives in rural areas or on the farms often entertains this Rural Public Enemy No. 1 in his own back yard without knowing it. For this is the common chicken thief. He and the others of his kind who steal horses, cattle, and farm produce and machinery are, collectively, far more important to the farmer than all of the bank robbers in creation. Importance Is Unrealized. Chicken stealing is usually regarded as a low type of crime, perpetrated only by the small fry, the hungry hobo or the wayward, minstrel-joke darkey. Often when the thief is caught he is

took down the license number and reported it. The result was the arrest of 28 chicken thieves who had operated as a gang and had stolen thousands of head of poultry in northern Illinois. In another case a suspicious-looking man went to an oil station to buy gasoline at two o'clock on a cold winter morning. His actions and general conversation didn't quite ring true. They were reported and Sheriff Clarence Roth of Champaign county caught several cattle and hog thieves as a result. Other Methods Help. Cases just like these can be rattled off by the hundreds. Co-operation by all the farmers, a really simple thing to accomplish in areas where losses have been heavy, is about all that is needed. It has been shown that the gangs pull up stakes when the farmers unite against them. There are other methods which can be of great help. A large number of hen houses are now being equipped with burglar alarms which have proved effective. But even more important is the institution in each state of uniform registration of poultry and livestock. If it were required that some kind of identification mark be put on the web of the wing of poultry and on the ear or some part of the body of animals that would be a protection. It is all too frequent an occurrence that suspected criminals, when their cases come to trial, are of necessity acquitted because the complaining farmer has no way of positively identifying his poultry or his live stock. This "branding" can make such identification possible. A method has been developed in Illinois which seems to fill the bill and which will probably be adopted soon by the farmers of other states. The mark is quickly applied with a simple tool and the application is far more humane than the old-time branding with a hot iron and is in effect somewhat similar to tattooing. Branding, of course, would also remove the packing companies which buy

for while the decrease in crime throughout the nation generally last year was 13 per cent, the decrease in Illinois was 40 per cent. Especially in the last six months has the fight against rural crime proved to be a victorious one for justice. It began in Joliet, Will county, with a mass meeting in which more than 1,000 farmers gathered following the murder of youthful John Blivenicht, who went to investigate a suspicious car in the neighborhood of his employer's farm and was shot in cold blood. Eugene Shilcut, the negro who killed him, escaped, but was found later in Tennessee, shot to death by a bullet from a 22. Because Will county was the first openly to declare war on rural crime, the results of its meeting and organization were watched with interest by the entire Middle West. The farmers of the county themselves were in a fever heat of indignation against the three

sent on his way with a kick in the pants or is simply given a good scare. It is not unusual to find the farmer he has attempted to burglarize protecting him from prosecution which might net him six months on a state penal farm, a sentence that might be regarded as "a little stiff" for just stealing a chicken to two. Stiff sentence? The monetary loss to farmers last year in one state alone—Illinois—from chicken stealing and kindred rural crimes was more than the loss of the entire nation from bank robberies and kidnapings, according to Ross C. Saunders, rural crime prevention inspector for the state agriculture department. From the 231,000 farms of the state, says Saunders, there were stolen 1,500,000 chickens, 20,000 head of cattle and uncounted tools and implements. Other states have been subjected to enormous losses from what seems on the surface to be petty thievery. A survey conducted in Indiana by a farm magazine revealed that in a single year there were 580,185 head of poultry stolen, 2,332 hogs, 3,212 head of other livestock, 7,123 gallons of gasoline, 27,122 bushels of grain. There were 819 thefts of tools and implements, 138 thefts of clothing, 997 thefts of goods and 2,253 miscellaneous thefts from farms. In Illinois chicken thefts, for ten years during which some sort of check has been maintained, have averaged about a million head of chickens an-

ter morning. His actions and general conversation didn't quite ring true. They were reported and Sheriff Clarence Roth of Champaign county caught several cattle and hog thieves as a result. They occasionally and quite innocently buy stolen poultry or livestock from thieves without knowing it, and thus help foster rural crime. The law makes it mandatory for the buyers of stolen goods to reimburse the losers upon proof that the property was stolen. Cannibal Gardeners In spite of modernized transport, and the consequent shrinkage of the world, surprise discoveries are still made in odd corners where men have dwelt for cause gas, headaches, bloated feelings and a dozen other discomforts. In the high altitudes of central Papua, a race of warriors has been discovered quite untouched by modern developments. Many of them are cannibals who engage in constant warfare, though ignorant of firearms. They are said to show traces of Semitic origin, and, in spite of their isolation, they have acquired or inherited the art of gardening. They plan them symmetrically, and grow many kinds of vegetables, as well as bananas. They also systematically drain the soil and plant trees. This newly discovered people number about a quarter of a million. They go about almost naked, their clothing consisting mainly of queer decorations, strings of shells which constitute their currency, tiny snakes through their ears, necklaces of birds wings. Widows often hang around their necks the jawbones of their departed husbands.

John Blivenicht, whose murder at the hands of a rural thief stirred Illinois farmers to action.

How do these farmers effect this efficient clean-up so swiftly? Eyes Opened, Ears Peeled. Definite instructions are given all farmers in the area. Farmers and their families are trained to be on the lookout for suspicious automobiles and suspicious-looking strangers and situations. When a theft is reported, the farmers immediately report any actions or persons of a suspicious nature that they may have observed at or near the time of the theft. More often than not the information obtained leads to a solution of the crime. How this works may be shown by a few examples: Recently a man was convicted of cattle-stealing in Iowa. He had been transporting the cattle through Illinois to his farm near South Bend. Two women saw his truck at an oil station and the furtive manner of its occupants aroused suspicion. The women copied the name and address from the side of the truck. The result was an arrest, followed by conviction and the recovery of the cattle by the owner. A farmer near Chicago saw a car parked along the open highway for no apparent reason. He became suspicious,

nually and 12,000 head of livestock. The situation, which reached a climax when a young man of Will county was brutally murdered while trying to protect his employer against loss at the hands of thieves, called for action. Mass Meeting Starts It. Action that was taken in this state has proved so successful that now Illinois' methods are serving as a model for the combat against rural crime in other states. Inspector Saunders, working under Walter L. McLaughlin, state director of agriculture, and in close co-operation with press and radio, has served as the focal head for the campaign. Already it is bearing fruit,

Slenderizing Coverall With Many Features

PATTERN NO. 1853-B

You want to indulge in new styles and fancies, of course; but first and foremost as the backbone of any sensibly planned wardrobe comes this utilitarian coverall. Note especially the sleeve treatment—the wide eyelets and bow knots. Unusual aren't they? And you'll approve the smart adjustable belt which can be tied or buttoned as shown. The front panel buttons at the shoulder and contributes a most appealing feature. Who'd ever guess this model was a smock dress? Surely not the casual observer, who's so taken with the slenderizing lines and neat appearance. Barbara Bell Pattern No. 1853-B is available for sizes 32, 34, 36, 38, 40, 42 and 44. Size 34 requires 4 1/2 yards of 35 inch fabric. Send 15 cents for the pattern. Send your order to The Sewing Circle Pattern Dept., 367 W. Adams St., Chicago, Ill. © Don Byrdick—WNU Service. No Need to Suffer "Morning Sickness"

"Morning sickness"—is caused by an acid condition. To avoid it, acid must be offset by alkalis—such as magnesia. Why Physicians Recommend Milnesia Wafers These mint-flavored, candy-like wafers are pure milk of magnesia in solid form—the most pleasant way to take it. Each wafer is approximately equal to a full adult dose of liquid milk of magnesia. Chewed thoroughly, then swallowed, they correct acidity in the mouth and throughout the digestive system and insure quick, complete elimination of the waste matters that cause gas, headaches, bloated feelings and a dozen other discomforts. Milnesia Wafers come in bottles of 20 and 45, at 35¢ and 60¢ respectively, and in convenient tins for your handbag containing 12 at 20¢. Each wafer is approximately one adult dose of milk of magnesia. All good drug stores sell and recommend them. Start using these delicious, effective anti-acid, gently laxative wafers today. Professional samples sent free to registered physicians or dentists if request is made on professional letterhead. Select Products, Inc., 4402 23rd St., Long Island City, N. Y.

MRS. G. M. REID DIES; WAS BURIED TUESDAY

(Cont'd. from first page)
 In the fall of 1924, Mr and Mrs. Reid removed from Arkansas to Tahoka. By her many Christian virtues and graces, she soon won her way into the hearts of the people here. She has ever taken a deep interest in the social, civic, and religious life of the town. Last year she served as president of the Parent-Teachers association. She has also served as vice-chairman of the Ladies Auxiliary of the American Legion, and was long a member of the All-Sew Club and the Tahoka Music Club. Last year also she served as president of the Ladies Auxiliary of the Rural Letters Carriers Association for the 19th district, whose boundaries are commensurate with the 19th congressional district of Texas, her husband being a rural letter carrier and a prominent member of the R.L.C.A.

Mrs. Reid had been a devoted and active member of the Methodist Church since 1922, and during much of this time she taught in the church school. She was also past president of the Woman's Missionary Society. Like her Master, she went about doing good, and she enjoyed the love and esteem of a great circle of friends.

Besides her heart-broken husband and little daughter, she leaves surviving her four sisters and two brothers, as follows: Mrs. Wes Killian of Mountain Pine, Ark., Mrs. M. O. Canady of Tahoka, Mrs. Lee Reynolds of Boise City, Okla., Miss Ludie Strasser of Tahoka, W. T. Strasser of Dumas, and Preston Strasser of Tahoka; all of whom were present at the funeral services. Among the out-of-town friends attending the funeral were the following: Mr. and Mrs. W. L. Underwood and Mr. and Mrs. Gilley of Post, W. K. Klattenhoff of Slaton, Mrs. W. H. Dallas of Brownfield, and Mrs. R. E. Thompson of Lubbock, and others.

Funeral services were held at 10 o'clock (Happy) Smith, Fred Bucy, R. L. Richardson, L. D. Gildersleeve, Roy L. Poer, and I. I. Gattis.

DAVIES FARM HOME FIRST IN CENTENNIAL CONTEST

(Cont'd. from first page)
 seedlings are being grown for later use.

This home uses both gas and electricity, and has hot and cold running water, a bathtub and a shower bath, a radio, and other conveniences. The music room off the 20x30 feet living room contains a piano and a victrola. Built-in conveniences in the kitchen include cabinet and sink, large storage pantry, and a hood over the gas stove. A service porch at the rear has a large sink for the men's use, as well as a large closet for raincoats, over shoes, and other articles so necessary in doing outdoor work, yet so unsightly when scattered about the house.

The cellar opens from the kitchen and here a large part of the farm food supply is stored. Several hundred cans and jars of starchy, leafy and other vegetables and fruits, together with the cured hams, bacon and shoulders of three hogs, and about 200 pounds of dried beans and peas form the nucleus of the food supply to which is added each year oaked beef and canned pork. Ten milk cows, an orchard containing four varieties of fruits, 19 grapevines, and a thrifty, growing garden with 12 or more varieties of fresh vegetables, and young chickens, in addition to the laying flock, assures this family a healthful and economical diet 365 days in the year. A surplus of poultry and dairy products is marketed each week, making it possible for the family to live on a cash basis. Although cotton is their chief money crop, the Davies see that their home gets its share and Mrs. Davies reported one new mattress and eight new quilts from last year's cotton crop. And that is as it should be—"The farm being cultivated for the sake of the farm home which, in turn, develops a better citizenship."

Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Halle, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." ... If Cardui does not help YOU, consult a physician.
