### Judge "Happy" Smith Is Appointed Postmaster

#### SMITH QUILTS JUDGE'S RACE

**Succeeds Late Coleman Wells By Appointment; Took Office Tuesday Morning**

County Judge W. E. Smith has been appointed acting postmaster here, succeeding the late W. C. Wells. He received his appointment late Monday afternoon and assumed his duties as postmaster early Tuesday morning. The appointment was made upon the recommendation of Hon. George Mahon, Representative in Congress from this district. While there were other applications, we understand, either one of whom would have been efficient and satisfactory, it is probable that a more popular appointment could not have been made. Judge Smith had served three terms as county clerk and was serving his second term as county judge of Lynn county and was a candidate for re-election. He made an excellent record in both these positions and stood a good chance to be nominated and elected for a third term as county judge.

He tendered his resignation as county judge to the commissioners court Tuesday afternoon. While his name is on the ballot as a candidate for county judge, the ballots having been printed last week, he is no longer a candidate in fact for that office. This leaves the field open for P. W. Goad of New Home, who was the only other candidate for the place.

The vacancy in the post office occurred when W. C. Wells died very unexpectedly early Wednesday morning of last week. It was imperative, it was explained, that an acting postmaster be appointed promptly. The new appointee will serve as acting postmaster until such time as the Department may require the appointment of a permanent one.

#### Tahoka Winner Of Holiday Game

**(By Paul Ponder)**  
Mr. Editor an Bassball Fans:

Last Saddy wuz shore 1 big day fer all that turnid up to Wilson. An it wuznt no bigger than it wuz hot neather, fer ole Sol's raze wuz beem-in down at the rail ov about 109 to nuthin, ample afide, you mite say, by het amusefeer up to sum hunder and ate-teen f. m. which sailm spurted frequently or oftener frum the mouths of Lynn Co offis seekers. An not a bit o' shaid in mile ov neth—only thing shady wuz the perufe promises ov the canidits kris-krost with thayr denonsshun of 1 an nuther. But you aint properly intrusted in that—no body is—an most ov them wntn't bee after the nite of the 25th instink.

What is interestin is the hawl gaim, exspecially the fact that ire Tahoka Bulldogs wined it. It wuz purty close, butoley that's the way we like 'em—6 to 5 fer Tahoka. Wilson's team wuz all diked up in new blew soots, and looked like ferimidbol enmys, but it takes mounn just purty close to win a hawl gaim. Fer reasons, Harley an Wade wuz out, an herier Burke failed to show up, but 3 rookys replased 'em niseily, and Blue-eye wuz rite there with all the pitchin stragity that wuz needed. Onet he let the bags lode up, but managed to breage a 3rd strike rite past the next woodbe swatters that faced 'in.

Team-werk, plus hed werk got the job dun. Mite nise game—thas all.

Dr. and Mrs. Robert Harp left Thursday morning to visit his father, Dr. E. M. Harp, who resides in San Antonio, and to spend a day or two at the Texas Centennial at Dallas.

#### Fourth Of July Quiet Day In City

On account of the fact that the Fourth of July fell on Saturday this year, many business houses of Tahoka did not close. The Bank, the postoffice, the garages, and several other businesses were closed all day, while others were closed most of the day.

Many Tahoka people observed the holiday by attending Fourth of July celebrations at other places. Many of them went to Wilson, Post, to Slaton, and to Lubbock, while a few went to Big Spring and a few to Stamford. Others took advantage of the occasion to take pleasure trips or to visit kinfolks.

We have heard many expressions in favor of some sort of celebration in Tahoka next year.

#### Railroad Week Opens Sunday

You are invited to go down to the Santa Fe station next Wednesday afternoon at 1:47, and inspect the train—crawl up in the engine, ring the bell, blow the whistle, and otherwise inspect the inside workings of an "iron horse", as well as the coaches and freight cars it pulls. L. H. Christensen, agent, substituting for J. L. Heare, and the train crew will be on hand to answer any questions you will want to ask.

Next week, July 13th to 18th, is Railroad Week, and is being observed in this manner in Tahoka.

Many people, both old and young, have ridden trains many times, but how many have ever sat in the engineer's cab? Here's your opportunity.

#### Absentee Ballot Can Now Be Voted

Only 11 absentee votes had been filed in the office of the county clerk up to Thursday morning, but 48 other voters of the county had called for ballots. These ballots will be mailed to the voters and will doubtless be turned in at an early date.

Voters who are out of the county or who expect to be out of the county on election day, July 25, may make out and file their ballots with the county clerk at any time now up till the night of July 21.

#### Tate Is Quitting Business Here

After having been engaged in the grocery business here for fifteen years or more, B. R. Tate is quitting business.

A few months ago the house which he had occupied for years was purchased by C. E. Woodworth and converted into a barber shop. When Mr. Tate was compelled to give up this building, he removed his stock of goods into the adjoining building owned by F. E. Calvery. Now Mr. Calvery is having the interior of this building remodeled, preparing to open a variety store in it about August 1.

Mr. Tate has some farming interests, and so he decided to retire from the grocery business and take a rest.

**RICHARDSON STRICKEN**  
Rafe L. Richardson suffered a severe attack of heart trouble last Saturday morning and for a few days he was in a most critical condition, but he is now much improved.

Ray Weathers and family and Bill Sewell spent the week end out at Ruidoso enjoying the scenery.

#### CAR WRECK IS NEARLY FATAL

**Three Arrested, One Man Charged With Driving Car While Under Influence Of Liquor**

Six persons were painfully though not seriously injured last Saturday morning on Highway No. 84 at Central Church when a car driven by I. H. Brunson of Bronte collided with a car driven by Frank Brown of Tahoka.

Brown accompanied by Milo Millman and two young ladies, Miss Dorothy Wilburn of this city and Miss Ruby Roberts of Wichita Falls, was driving a Ford coupe on his way to the big Fourth of July celebration at Post. As he was rounding the corner at the church he met a Chevrolet car driven by Brunson and accupied by four other persons, L. P. Simpson of Lubbock and Myn Sapps of Sweetwater and two Post boys whom they had picked up on the highway. Brown ran into the ditch on his side of the road in an effort to avoid a collision, but Brunson ran into him in spite of all he could do. Both cars were badly wrecked.

Brown sustained bruises and lacerations on the face and arms. Miss Wilburn received an ugly cut on one knee, and Miss Roberts suffered bruises and abrasions on the knees. Millman was unhurt.

The three occupants of the other car were each painfully injured also but none of them seriously. Some beer was found in their car, and they appeared to be drunk. They were brought to Tahoka and placed in jail here. Simpson entered a plea to drunkenness and paid a fine of \$23.00 in the justice court here. A complaint was filed against Brunson charging him with the offense of driving a car while intoxicated. He has signed a written confession, we understand, and is still in jail. The charge will be investigated by the grand jury which will be empaneled in September. The woman was released from jail and allowed to go back to her home the first of the week.

The hitch-hiking boys were scarcely hurt at all. They were taken back to Post.

#### Plenty Of Home Labor Available

Land owners and farmers of the Lynn county area who have need of farm workers are invited to call on the National Reemployment Service and let their wants be known. The applications on file in the county show several hundred unemployed men who are experienced in farm work of all kinds. As these men live in all sections of the county, it should be possible to secure sufficient workers nearby in almost every instance, and there would be the additional advantage of giving the work to local people. A postal card or letter addressed to the office giving the number of workers wanted, kind of work, when needed and duration of the job, would receive immediate attention. A representative of the service will be in Tahoka regularly through the farm working period.

In addition to farm workers there are listed with the Employment Service a large number of applicants whose work histories show them to be willing and experienced in other lines. Both farm owners and other employers would likely find they could save their own time during the busy season by making their labor needs known to the Employment Service.

Miss Norma Jean Weathers of Dallas came out Tuesday to spend a few days visiting her father, Louie Weathers.

#### NEW LUNCHEON CLUB OFFICERS

**Wynne Collier Heads Business Men's Club For Next Six Months; Durham Secretary**

In the absence of the president, Rev. Geo. A. Dale, and the vice-president, Bill Sewell, Dr. K. R. Durham presided at the business men's Luncheon Club Tuesday.

R. W. Fenton Jr. made the report for the board of directors on nomination of officers for the ensuing six months. The board recommended Wynne Collier for president, E. I. Hill for vice-president, and Dr. K. R. Durham for secretary. The report was adopted and the three nominees elected by acclamation.

In the absence of a regular program, various members who had taken trips recently were called upon for reports. Fenton told about the big Centennial at Dallas, Supt. W. G. Barrett made some remarks about the mountains and the pines of New Mexico, while Dr. Durham demurely admitted that he had recently made a trip to his native state of Arkansas, where he surmised that most of the other members of the club came from.

The next luncheon will be served on Tuesday, July 21.

#### Allred's "Batting Average" High

Paris, July 7.—His "batting average" on platform pledges carried out stands at more than .800 and his record has emerged unblemished after an eight-months "fine tooth comb" inspection by an unfriendly auditor from a preceding administration, Governor James V. Allred reminded the people of Texas in a campaign address here tonight.

"It's just as bad to deal in half truths as it is to tell a deliberate lie in a political campaign," the governor declared.

"For several weeks my opponents have been trying to give the people of Texas the most elaborate misinformation this state has witnessed in a long time. It is strange, indeed, that the charges and insinuations they make are hurled just a few weeks before election.

"I remind the people that for more than eight months after I became governor my record was gone over with a fine tooth comb by an unfriendly auditor from a preceding administration. At all times and at the present time we have had any number of legislative committees checking everybody from constable on up. Yet no committee has made any report adverse to my administration.

"In their enthusiasm and zeal, my opponents have found many trifles about which to criticize me. Not a single one of them at any time has had a kind word for anything that I have done. According to them, every fact of mine has been motivated by an ulterior or sinister impulse. I am sure the people of Texas do not approve of such tactics.

"I point to my record as Centennial Governor. Out of thirty-one planks in the Democratic platform adopted shortly after my election, twenty-four have been carried out in full, two in part, and an honest and sincere effort made to carry out the remaining five. That is a 'batting average' in excess of .800.

Not one of my opponents has told the public anything about this record of achievement. It has been just as hard for me to please them as it has for President Roosevelt to satisfy Herbert Hoover. I am standing on my record as Governor and feel sure the people will approve it when the facts are known.

#### Lynn County Is Without A Judge

For the first time, perhaps since its organization more than 33 years ago, Lynn county has no county judge.

When Judge W. E. Smith accepted the position as postmaster here and assumed his duties as such Tuesday, he tendered his resignation as county judge to the commissioners court. The court accepted the resignation but it adjourned without appointing any one to fill the vacancy.

Members of the court have indicated that they probably will not make the appointment until after the Democratic primary election on July 25.

#### Townsendites Will Re-elect Saturday

Members of the local Townsend Club, and all others interested, are advised that tomorrow, Saturday, at 3 p. m., is regular meeting day, and being the first meeting in July, is time for re-election of all officers. All are, therefore, urged to request to be at the court house at this time.

There are other important matters demanding attention, so let us have a good attendance. A speaker, possibly the assistant state manager, is expected here then to address the voters on the most vital economic issue that has engaged public attention within the century—the Townsend-Recovery plan.

N. W. Alphin, Secretary.

#### Mrs. Charters Is Buried In Lubbock

Death came at 4 o'clock Tuesday morning to Mrs. H. R. Charters, 26, a resident of the Petty community, after she had given birth to a son in a Lubbock hospital early Monday morning.

Funeral services were conducted in a Lubbock funeral chapel Wednesday afternoon. Rev. King, Methodist pastor at Wilson and Dixie, officiating.

Mrs. Charters is survived by her husband and an infant son, by her father, B. L. Collier of Ashtola, five sisters and two brothers.

#### Shallowater Will Be Here Sunday

Shallowater's baseball team will seek revenge here Sunday afternoon in a baseball game with Tahoka's Blue Sox on the diamond west of the high school.

In a recent game at Shallowater, the Blue Sox were victorious by a small margin, and the Lubbock county boys are reported to have strengthened their forces in anticipation of the return game.

The Blue Sox were to have played Wilson here last Sunday, but the game was postponed indefinitely on account of rain.

#### Bulldogs Play At Ropes Next Sunday

Skip Taylor and his bunch of Bulldogs will go to Ropes and engage the Ropes nine in a game of baseball next Sunday afternoon. The Canines expect to bring back the scalp of the enemy, as usual.

Mr. and Mrs. A. B. Swan, who are temporarily located at Hobbs, New Mexico, were here Saturday and Sunday visiting his and her parents. Mr. Swan is working in a garage over there.

#### HEAVY RAINS COVER COUNTY

**Insure Feed And Cotton Crops If Some Disaster Does Not Befall County**

Lynn county and much of the other territory of West Texas were visited by very fine rains Sunday, Monday, and early Tuesday morning. Lynn county was covered like a blanket. Exceedingly heavy rains fell in places.

A. R. Hensley of Draw reported more than six inches there by actual and accurate measurement. The heaviest of the rain thert fell Monday afternoon and night.

E. S. Brown and R. Bosworth, who live in the Magnolia community, each reports between four and five inches by accurate measurement on their places. A like amount is reported from Grassland.

Several farms northwest of Wilson were visited by a heavy hail Sunday afternoon, and the rain has been very heavy in that vicinity and as far west as highway No. 9. At Wilson about 2.25 inches were reported. All the east half of the county received heavy downpours.

At Tahoka, the fall amounted to 2.05 inches. A small portion of this came Sunday afternoon and night. 32 fell during the day Monday and 1 inch fell Monday night and early Tuesday morning.

The rain grew lighter west, except in the Dixie community, where the fall was very heavy. New Home reported 1.25 inches, and little or no rain fell west of Lakeview, Petty, West Point, and Three Lakes all report good rains, as do also Wells and Newmoore, O'Donnell and surrounding territory, reports 2 inches.

In most of the territory covered the rain fell beautifully, and little damage was done. Of course there was some damage to crops where the downpour was heaviest, but on the whole crops were greatly benefited even in these sections. The hail which fell near Wilson covered largely the same territory that was visited by a destructive hail last week.

Some of the feed crops had begun to suffer, but this rain almost insures a bumper feed crop. Cotton was doing very well already, but this rain will keep it going several weeks. It does look as if Lynn county is to produce another big cotton crop this year.

#### Knights Tell Of Interesting Church

Mr. and Mrs. Kara F. Knight recently took a trip that was most interesting. After visiting relatives at San Angelo, they went to Elkhart near Palestine in Anderson county to visit other relatives. At or near that place they had the pleasure of visiting the oldest existing church if not the first church established by Baptists in Texas. It is a Primitive Baptist church, known as Pilgrim Church and dates from 1833. The original wooden building is gone but a brick church stands on the site of the old building.

At Elkhart the Knights visited an aunt of Mrs. Knight. Her grandfather was the well known Daniel Parker, one of the elders who helped to organize the church, and his name is on the corner stone. This aunt is also a second cousin of Cynthia Ann Parker, the little girl who was kidnapped by the Indians and who was the mother of Quanah Parker.

Mr. and Mrs. Knight also visited the Centennial, which they pronounced great.

Mrs. O. B. Chambers of Brownwood is here this week visiting her uncle and aunt, Mr. and Mrs. Rafe Richardson, and their little daughter, LaVoyle.

A King's Farewell  
Good Soldier Obey  
An If or Two  
40,000,000 Degrees

Paris.—To "last words of dying men" will be added those of the late King George of England—"I am sorry to keep you waiting like this." Typical of a good, modest king, always obedient to duty.

Arthur Brisbane

At the request of his ministers, including Sir John Simon, who waited upon him at the last moment, the king struggled pathetically to sign his name to a state paper, succeeded, then, turning to his advisers, spoke those last words, followed by a smile and nod with which he was accustomed to end an audience.

This was published in the Star of Johannesburg, South Africa, in a Reuter dispatch. Mr. Gunia sends the clipping from Gibsonia, Pa. Much obliged.

The Italian soldier Badoglio, in the striking uniform of an Italian marshal, returned to Rome and embraced Mussolini, who wore the uniform of a corporal of fascist militia. Napoleon also liked to be called the "little corporal." Marshal Badoglio is an Italian soldier who obeys orders. When Mussolini's forces were marching on Rome, Badoglio, according to the story, said to the king: "What shall I do—wipe them out?" The king ordered: "No; no violence." Now, Mussolini rules, and on his orders Badoglio wipes out Haile Selassie and the government of Ethiopia.

Anything could happen in Europe, and one of the things considered quite possible, extremely disturbing to respectable old England and others, is an agreement between Mussolini and Hitler to make "a deal on Austria" profitable for both; not for Austria.

There is always, however, the memory of 1914, when Austria, Italy and the Kaiser had the triple alliance that did not "stand up." Such alliances usually go along racial lines, if they are to last.

France and Italy are natural allies, both Latin; England and the United States would probably be found not far apart if a really big World war should ever come, with one or two other IFS.

Science proudly demonstrates for the Westinghouse company a few lamp that "rivals the beams of the sun." The demonstrator explained that the temperature at the sun's surface is about 11,732 degrees Fahrenheit, while the new lamp reaches 25,232 degrees Fahrenheit. That, however, as scientists know, is a long way from the sun's best temperature.

According to Sir James Jeans, there prevails in the depths of the sun temperature of "forty million degrees centigrade," which is considerably higher than any man-made temperature.

If you came within 1,000 miles of a 5 cent piece with a temperature of 40,000,000 degrees centigrade, you would be burned to a cinder; hard to believe, but true.

England protested against raising the elevation of guns on American warships because that would make our guns shoot too far. In case of war we might hit a British ship lined up against us.

Are animals capable of any thought?

A dog on Prince Edward island, whining and howling with its muzzle against a pile of clothing on the edge of a pool, attracted men who took from the water the bodies of two brothers, fifteen and seventeen years old. Could the dog have "thought out" a connection between the clothing and the disappearance of its young owners?

At Ur, ancient city of the Chaldeans, they show a gigantic brick temple, recently uncovered, where it has lain in the ground covered through the ages. It was constructed originally, like the tower of Babel, to enable the builders to get up into heaven and reach the gods. First they invented those pagan gods, and then they actually believed in them.

The United States navy has ordered 191 "bomber" airplanes; cheerful small news.

It is to be hoped that the government is trying to build bomber planes able to fly any ocean.

If war came, our bombing operations could be carried on in countries across the Atlantic or the Pacific. We should not want to do any bombing in America. After the first experiment, no country would send any ships within easy bombing or submarine range of these shores.

**Drouth Crisis Brings Federal Aid—Business Revival Continues in First Half of 1936—Steel Industry Fights Drive for Unionization.**

By **EDWARD W. PICKARD**

© Western Newspaper Union.

FEARS that drouth may irremediably destroy farm crops in North and South Dakota, eastern Montana and Wyoming prompted President Roosevelt to marshal \$500,000,000 in relief funds to combat the damage and to develop further plans for fighting drouth.

Secretary of Agriculture Henry W. Wallace, who left Washington for a personal survey of the stricken areas, declared that from all reports conditions had become as serious as they were in 1934, due to lack of sorely needed rains.

The secretary declared that unless rains descend in the sun-scorched regions the government will buy 30,000,000 head of cattle in the next month.

In St. Paul, Minn., the governors of the five drouth-stricken northwestern states met with Federal Works Administrator Harry L. Hopkins and administrators from the various states. Mr. Hopkins ordered relief jobs made immediately available for from 25,000 to 50,000 farmers who have seen their sole source of livelihood destroyed. The jobs were to be made available on water conservation projects, farm-to-market roads, rural schools and recreational projects.

President Roosevelt, in Washington, appointed a special committee composed of Secretary Wallace, Budget Director Daniel Bell, Aubrey Williams, Assistant Works Progress Administrator and Dr. Rexford G. Tugwell, resettlement administrator. They will work in cooperation with a committee of department of agriculture officials. The President instructed Budget Director Bell to study government appropriations to determine what funds are available.

CONTINUING business recovery during the first six months of 1936 fulfilled the hopes of optimistic prognosticators and surpassed the expectations of conservative forecasters.

All the leading trade barometers registered fair business weather at the close of the first half of the year. The production of automobiles reached 2,400,000 units in the first six months of 1936, the best for the period since 1929.

Improvement was further reflected by the steel industry, the operations of which rose from 49.2 per cent of capacity at the start of the year to 71.2 per cent at the end of June. The output of electricity climbed steadily to reach an all time peak in June.

The steady recovery of the railroads was indicated by carloadings which worked up to approach their best levels since 1931. The figures for the first six months of 1936 were substantially better than those for the similar period of 1935.

A strong upsurge of home building gave impetus to the construction industry although it still remained at subnormal levels.

AN INCREASE of 90 per cent in the cash farm income on cotton, wheat, tobacco, corn and hogs from 1932 to 1935 was recorded under the Agricultural Adjustment act, invalidated by the Supreme court last January, according to the annual report of Chester C. Davis, former administrator, made public in Washington.

Cash farm income from these five major farm products which came under production control, rental and benefit payments was \$1,365,000,000 in 1932, the year before the AAA became operative. For 1935 it was \$2,593,000,000.

The report pointed out that cash farm income from all other products increased in the same period from \$3,012,000,000 to \$4,307,000,000. Mr. Davis, who was recently appointed to the Federal Reserve board, declared that cash available for living expenses, taxes and interest from farm cash income was the highest in 1935 since 1929, and two and one-half times greater than it was in 1932.

DEFYING a drive to force unionization of its 500,000 workers, the steel industry in a strongly worded statement issued by the American Iron and Steel Institute declared "it will oppose any attempt to compel its employees to join a union or pay tribute for the right to work."

Although the statement did not mention him by name, it was re-

garded by observers as the first official response to the recent announcement by John L. Lewis, president of the United Mine Workers of America, of a campaign to unionize steel employees.

In order to prevent the "closed shop," the industry said it "will use its resources to the best of its ability to protect its employees and their families from intimidation, coercion and violence and to aid them in maintaining collective bargaining free from interference from any source."

The unionization attempt comes at the time when steel operations have set a new record for 1936.

Reasserting its belief in the principles of collective bargaining, the industry's statement pointed out that employees now pick their own representatives for collective bargaining by secret ballot. The statement declares:

"The steel industry is recovering from six years of depression and huge losses and the employees are beginning to receive the benefit of increased operations. Any interruption of the forward movement will seriously injure the employees and their families and all business dependent upon the industry and will endanger the welfare of the country."

IN ESTES PARK, Colo., Gov. Alfred M. Landon, Republican Presidential nominee, continued his vacation begun with his family the week before and made plans for re-opening of the Kansas legislature and for the acceptance speech he will deliver in Topeka on July 23.

Although Governor Landon was resting preparatory to the rigors of the campaign, affairs of his state and conferences with political advisers occupied considerable of his attention.

When the Kansas legislature reconvenes a proposed amendment to the state constitution will be introduced, giving the state broad power to provide far-reaching legislation for social welfare and to cooperate with the federal government. Governor Landon was quoted as describing the proposed amendment as "satisfactory."

The amendment, which may be the basis for similar action in other states, reads:

"Nothing contained in this constitution shall be construed to limit the power of the legislature to enact laws providing for financial assistance to aid infirm or dependent persons; for the public health; unemployment compensation and general social security and providing for the payment thereof by tax or otherwise and to receive aid from the federal government therefor."

"YIELDING to the urgings of party leaders, Gov. Herbert H. Lehman of New York announced that he would run again for the office of governor. The governor had announced several months ago that he would not be a candidate again, giving as his reasons the press of personal business and a desire to retire to private life.

Democratic leaders declared the governor's decision will help the national ticket to carry New York in the election next November.

In a statement issued to newspapers, Governor Lehman said he could "no longer resist" the appeals of national and state Democratic leaders. The statement said:

"Regardless of personal considerations, however compelling, I feel that I can no longer resist the pleas of my party both in the state and in the nation or of those with whom I have worked in closest association for many years and with whom I have waged the fight for equal opportunity and social security.

"Therefore if my party in this state chooses to nominate me again and if the people of the state again call on me for service I shall proudly accept the call and will devote myself wholeheartedly to the interest of the people of the state."

RETIRING from the post of Comptroller General, J. R. McCarl announced that following the expiration of his term of office he would aid in the government reorganization study undertaken by the senate committee headed by Senator Byrd of Virginia.

Gen. McCarl criticized New Deal emergency agencies as "loosely and extravagantly set up" and as "tax consuming in the extreme." He declared that a systematic reorganization of both regular and emergency agencies would improve government administration and reduce the cost to taxpayers.

**See Roosevelt Real Prophet**

**One Reason for So Devoted Following and Such Bitter Opposition; Bonus Job Well Done**

By **EARL GODWIN**

WASHINGTON.—There are certain high points in Roosevelt's public addresses since he became President which mark him as a seer and a prophet; and that is one reason why he has so devoted a following and so bitter an opposition. The truly great man with the deep spiritual force and the vision of the soul on the mountain top is set apart for great things, including great punishment. These thoughts come to me as I sit down to write to you in the shadow of the White House, in which so many of our leaders have experienced those long grueling hours from which they have welded their fate and had so much to do with America's destiny.

When Roosevelt told America that this generation has a rendezvous with destiny it seemed to me as if the spirits of former Presidents must have held close conference with the man as he worked out his acceptance speech in the library of that great house where our Presidents have worked now for more than a hundred years . . . including the great-souled Lincoln and the tremendous Wilson.

In that speech and in that phrase Franklin Roosevelt leaped upward to the stars in his vision; and he immediately stood in harmony with the greatest minds and the greatest souls of all time . . . A man who knows destiny and who recognizes cycles of events is more than a politician. He is, I repeat, a prophet.

The destiny we must face may have one form or another, but if we face it with the preparation the New Deal would give us, we will be facing it without fear and with a magnificent proportion of the Golden Rule in government. If we dispense with the New Deal for the old type of materialistic government we will be so overloaded with personal and corporate selfishness that the eventual reaction may be a truly dangerous class war. The American people, expanding tremendously in the 160 years since July 4, 1776, have unfortunately developed those economic royalists of which Roosevelt speaks. Actually an economic tyrant is worse than a political tyrant; and it is against these modern conditions of economic tyranny that Roosevelt has "enlisted for the duration of the war."

WARNS AGAINST FEAR

Roosevelt knows the destructive quality of fear. He knows what fear has done to hold back the world's progress; he knows the inner delight of having conquered fear within his own soul. Think of what it means to feel nothing not only to be fearless physically but mentally and spiritually. That state of being permits one to make limitless plans and to create endlessly. Roosevelt, who warns against fear and did so much to wipe out fear from the American people in their dark hours of depression, acquired the mystic knowledge of fearlessness by long struggles with himself. He has experienced bitter trials. You know fate sometimes tests a fellow to see how he reacts under difficulty. Had Roosevelt failed in the tests which were laid upon him he would not today be running for re-election. American destiny wants no second raters.

The destiny for America is leadership of the race; and of the world. While the Old world has gone back to the law of tooth and fang and is preparing to kill one another off in a war of horrible possibilities, this blessed nation is adopting the good neighbor policy at home and abroad; we are getting a glimpse of what love and charity mean in terms of everyday dealing with each other and the world. When Roosevelt used that good old word "charity" in his acceptance speech he was making use of an inner knowledge which shows him that genuine practical everyday love to your neighbor is as practical, useful and profitable a substance in human affairs as is electricity properly used.

PRACTICAL WEAPON

The great practical weapon in the hands of America against selfishness is the use of the federal power . . . that seems to be the great thing which stir up the animals on the other side. The tremendous corporations and their lawyers have made monkeys of these sacred states' rights whenever it was to the advantage of the corporations to do so; and as I have said on previous occasions the time is come for these United States to face a real test of bigness. Either as a nation we are big enough to handle these vast social and economic problems with all our big power, as vested in the federal government—or we are

going to allow ourselves to be beaten down in 48 small sections.

The Democratic platform as adopted at Philadelphia plus Roosevelt's acceptance speech comprise a social doctrine for the years to come. They are in my judgment more important than any utterances in years. They are more important than anything Wilson ever said, because they are closer to the hearts of people. They are equal in importance with the prophetic words of Lincoln at his best.

In the short months of this first Roosevelt administration the farmer has been taken off the road to ruin; more than ever does he get quick response from Washington, as in these awful drouth experiences. The federal government has driven the gangster and the kidnaper to cover in a way which makes it plain that state law and state police organizations are far too small to cope with the evils of a nation-wide crime wave. Roosevelt's national and federal use of resources for the nation-wide horror of unemployment is a tremendous achievement; labor has been given a recognition and has experienced a betterment of conditions which is merely one more aspect of the Golden Rule in government, and labor will not forget Roosevelt on election day . . . all in all the Democratic platform is a New Deal platform and a Roosevelt platform; it points toward a country with equal opportunities and a democratic economy which would do away with these frightful inequalities of living which we see today and which America is eventually going to eliminate.

JOB WELL DONE

The government handled the bonus wonderfully well. Those critics who sneer at government and declare that old Uncle Sam cannot do anything properly haven't had a word to say about the way he delivered 90 per cent of the \$35,000,000 in bonus bonds on time.

This was a delivery of \$1,700,000,000 in bonds and \$70,000,000 in checks. Thousands of persons teamed up to make this a perfect job. The first and almost impossible task was shouldered within a few moments after the bonus bill passed; and Gen. Frank T. Hines, head of the veterans administration, began the unparalleled job of lining up the veterans for their applications. It was the greatest clerical job since the dawn of creation; and it was done well within the time limit. The reason is found in the long advance thinking done by Hines and others in the government.

Each one of three and a half million applications had to be checked against the existing records; that was merely one angle of the work which continued without ceasing day and night with three shifts of workers each 24 hours, and of course the veterans' administration was not the only branch of government. . . . The government presses at the bureau of engraving and printing were rolling day and night and the post office, headed by Postmaster General James A. Farley, made its plans for that perfect delivery which was such a splendid success. Government teamwork was never better . . . the job was fool proof.

COWARDLY ATTACK

Five plush-lined Democrats of the big fee and salary variety lined up in a cowardly attack on Roosevelt, giving out a copy of the letter they never sent asking the Democratic National convention to nominate anyone but Roosevelt. Not one of the five is remembered nationally these days except Al Smith, although there may be a few who recall that former Senator Jim Reed of Missouri has always opposed his own party, especially when it had a great leader. Smith's position is pitiful; he has given up the idealism of real democracy for a big salary from Wall Street interests. (In addition to the large pension he draws from New York) . . . Smith started to edge away from Roosevelt when Roosevelt was elected governor to succeed Smith. The man in the brown derby engaged a suite of rooms at a big Albany hotel and assumed that Roosevelt was a weakling and that he, Al Smith, could stay and be the real power in the state.

Roosevelt wiped that out in a hurry. Then Smith pouted and acted childishly over the fact that Roosevelt polled larger majorities in New York state than Smith had ever done. Actually, those who are on the inside, know that Smith's political moves are now dictated by disappointment, childish jealousy and a Wall Street boss. Former Governor Ely was another of the five. He never was a Roosevelt Democrat, but led the stop Roosevelt movement at the Chicago convention in 1932. Bainbridge Colby—for a short while secretary of state under Wilson—is just one more Wall Street corporation lawyer. He never should have been a Democrat and I don't think he ever was one at heart. Not the kind of Democrats I know.

Judge Cohan, of the Supreme court of New York state, was once a Tammany leader and possibly is today for all I know. But he was so much enamored in Tammany in the days of Boss Murphy that you could almost see the stripes of the tiger upon him. You couldn't call him much of a Democrat outside of his Tammany Hall connections.

**NOTICE TO THE PUBLIC**

Any erroneous reflection upon the  
reputation or standing of any indi-  
vidual firm or corporation, that  
may appear in the columns of The  
News will be gladly corrected when  
called to our attention.

We heard a radio speech delivered  
by P. W. Fischer of Tyler a few  
miles ago in the interest of his  
candidacy for governor. The burden  
of his speech was old age pensions.  
He favors paying a pension to every  
person in Texas over 65 years of  
age. Roy Sanderford of Bell county,  
Jim Ferguson's selection for the  
governorship, has been going over  
Texas advocating the same thing.  
Tom Hunter of Wichita Falls is do-  
ing the same thing. All of them are  
criticizing Governor Allred, some of  
them bitterly, because Allred did not  
have a law enacted as soon as the  
legislature met authorizing the im-  
mediate payment of \$30 per month  
to every person in Texas over 65  
years of age. If Texas paid \$15 per  
month to every such person, it  
would require in the neighborhood  
of 50 million dollars annually. That  
is almost as much as the total taxes  
the state collects now from all  
sources. If the State paid \$30 per  
month, it would require from \$90,-  
000,000 to \$100,000,000 annually. Of  
course, all these gentlemen can ex-  
plain glibly how they would raise  
the money without casting any ad-  
ditional burden upon the ordinary  
tax payer. But most of us are too  
dumb to see the point. Besides,  
what sense is there in paying a  
pension to men and women who do  
not need it? What sense is there  
in paying a pension to the wealthy  
and the well-to-do, to the men and  
the women who live in all these  
mansions you may see in our cities,  
to the men and the women who  
own the sky-scrapers, the big busi-  
ness concerns, the banks, the oil  
wells, the gas lines, the big ranches,  
and so on world without end. If  
it were not unjust, it would still be  
too utterly foolish for distinguished  
gentlemen like Mr. Fisher, Mr.  
Hunter, and Mr. Sanderford to ad-  
vocate. Heigh-ho, guess we'll vote  
for Jimmie Allred.

There are two candidates for  
comptroller of public accounts, of  
this state. One of them is George  
Sheppard of Sweetwater, who has  
held this office the past several  
years and who has made an enviable  
record. The duties of this office  
have become enormous in scope and  
importance, and no man ever has  
performed them with more effi-  
ciency, vigor, and profit to the people  
of Texas than Mr. Sheppard has.  
He should be elected by an over-  
whelming vote upon his own record  
and his own merits, if for no other  
reason. But there is another reason.  
His opponent is S. H. Terrell. Mr.  
Terrell was likewise comptroller for  
three years. On February 10, 1930,  
charges of fraudulent misapplica-  
tion of public funds by Mr. Terrell  
were filed in the House of Repre-  
sentatives by three of its members,  
Joseph McGill, Alfred Petsch, and  
Coke R. Stevenson, for the purpose  
of initiating impeachment proceed-  
ings against Mr. Terrell. Fifteen  
days later, on February 25, 1930,  
while such charges were pending,  
Mr. Terrell tendered his resignation  
to the governor, and it was accept-  
ed. Thereupon, investigation of the  
charges was indefinitely postponed.  
Of course we know nothing as to  
the truth of these charges. But  
since Mr. Terrell resigned under  
fire, it seems to us that he exhibits  
quite a bit of gall to ask the people  
of Texas to place him back in the  
same position without the charges  
having been investigated and cleared  
up. It is perfectly safe to vote for  
George Sheppard.

Senator Morris Sheppard has  
opened his campaign for re-election  
to the United States Senate. While  
Sheppard is not as theatrical as  
some other members of that august  
body and does not get into the front  
page headlines as often, he is one  
of the ablest and most useful mem-  
bers. Seniority as well as ability  
counts for much in the Senate.  
Sheppard has been a member of  
the Senate longer than any other  
member except Senator Borah, we  
believe. He is chairman of some of  
the most important committees, and  
has great power in shaping legisla-  
tion. He has been a staunch support-  
er of the Roosevelt administration.  
He is one of the most eloquent men  
Texas has ever sent to the Senate.  
He is clean in every particular, and  
there is not a reason in the world  
why he should not be sent back to  
Washington. He has a flock of five  
opponents, but not one of them  
seems to be getting anywhere. One,  
Joe Eagle of Houston, is a Congress-  
man. The other four are unknown  
men. Their names will appear upon  
your ballot as Guy B. Fisher of San  
Augustine county, Richard C. Bush  
of McLennan county, Joseph H.  
Price of Tarrant county, and J. Ed-  
ward Glenn of Bosque county.

STATE OF TEXAS, County of Lynn ss: I, W. B. Slaton, Cashier of the  
above-named bank, do solemnly swear that the above statement is true  
to the best of my knowledge and belief. W. B. SLATON, Cashier.

Sworn to and subscribed before me this 3rd day of July, 1936.  
(SEAL) FRED B. HEGI, Notary Public.

Correct Attest: A. L. Lockwood, W. D. Nevels, R. P. Weather, directors.

A lot of these candidates for gov-  
ernor are saying that the people  
of Texas voted for the old age pen-  
sion amendment to our constitution  
with the understanding and expec-  
tation that a pension would be  
paid to every person over 65 years  
of age. In fact, they say that the  
adoption of the amendment was a  
mandate to the legislature and the  
governor to pay such a pension. It  
is not true. The people did not ex-  
pect any such fool thing. This writer  
is one of the many who actively  
supported the amendment and yet  
we did not expect a pension to be  
paid to anybody but the needy. The  
amendment does not make it mand-  
atory for the legislature to pay a  
pension to anybody. It merely  
authorizes the legislature to do so,  
and certainly the voters expected  
the legislature to use common sense  
in framing a law under the amend-  
ment. Allred has made a good  
record as governor, and these  
gentlemen are certainly hard press-  
ed for an issue if they can find  
nothing better than this absurd  
proposition.

After quoting our account of the  
laying of that giant egg by one of  
Wash Hickerson's little white hens,  
Jack Stricklin of the Terry County  
Herald makes a brave attempt at a  
come-back. Just listen at him rave.  
Says Jack:  
"Our Terry county hens quit lay-  
ing banty eggs several years ago.  
One egg is usually used for a meal  
for four persons. Come over some  
time for breakfast. How will you  
have your quarter, on toast, fried  
or boiled?"  
Now, Jack, if you will make it  
four eggs to the person instead of  
four persons to the egg, we may  
decide to drop in on you some  
morning for breakfast.

**"LITTLE MISS NOBODY" IS  
NEW JANE WITHERS HIT**

Bubbling with laughter and burst-  
ing with song, roguish Jane Withers  
comes Sunday, Monday and Tues-  
day to the English Theatre in her  
joyous new hit, "Little Miss No-  
body."

The picture follows the adven-  
tures of a merry orphan through a  
series of escapades both hilarious  
and pathetic. Featured in the strong  
supporting cast are Jane Darwell,  
Ralph Morgan, Sara Haden, Harry  
Carey and Betty Jean Haine.  
Jane is a mischievous, nameless  
orphan who wins "Trouble" for her  
first name. She tried—oh, so hard—  
to be good, but only succeeds in get-  
ting in bad.  
Her heart is as big as the sky,  
and many of her scrapes arise di-  
rectly from the fact that she is  
constantly trying to shield her  
bosom pal, Betty Jean. Jane even  
goes so far, when her real father  
appears to claim her, as to switch  
identities with the other little girl  
to save her from being adopted by  
an arrogant, newly-rich woman.  
This proves Jane's undoing, how-  
ever, for the matrons of the insti-  
tution misconstrue her act. She is  
sent to the reformatory.

En route there she makes her es-  
cape and finds refuge in a pet shop  
owned by an escaped convict, Harry  
Carey.

Jane confesses the entire story to  
him and he, won by her generosity,  
arranges a secret meeting with Bet-  
ty Jean who is living nearby.  
"Dutch," another criminal who is  
blackmailing Carey because of his  
past, overhears the conversation and  
locks Carey in a closet, intending  
to ransack Betty Jean's house.  
How Jane contrives to outfit the  
crook and win happiness for her-  
self and all those who aided and  
loved her, makes her finest film to  
date.

"Then Came the Indians," a rol-  
licking new song hit, presents Jane  
with the opportunity to sing, dance  
and perform her inimitable clown-  
ing.

**EX-CONVICT SPEAKS HERE  
WARNING AGAINST CRIME**

An ex-convict spoke on the court house lawn here Wednesday morning and again Wednesday night, warning the men and boys against a life of crime.

He possibly over-drew the picture in portraying the cruelty and tyranny of prison guards and officials, but he evidently told enough truth to convince the average person that no convict has a picnic off any of the prison farms. So many of them are desperate, murderous characters and must be dealt with harshly, that prison officials and guards doubtless become hard-boiled in their dealings with all prisoners.

However that may be, no criminal has an easy time in prison or out of prison. Crime does not pay, as this convict stated over and over again in his discourses.

J. E. Tankersley of the West Point community was taken to a sanitarium in Lubbock Monday night for treatment and possibly an operation. At last reports, physicians were making observations to determine whether he was suffering from appendicitis or gall stones.

E. W. Rowe of Arkadelphia, Arkansas, arrived Wednesday to spend a few weeks with his sons and their families, W. L. Rowe of the Redwine community and H. A. Rowe of Midway. He reports crops fairly good in his section of Arkansas.

**WORK ON NEW HOME  
SCHOOL BUILDING BEGUN**

Construction of a combination auditorium and gymnasium at New Home was begun Monday morning, according to reports from citizens of that community.

Work is being retarded somewhat, however, for the lack of labor, we understand. Mr. Moss of Lubbock is the contractor. The building and equipment together possibly with some changes in the present school structure are to cost approximately \$18,000. Of this sum the Government through the PWA is to furnish about \$9,000 and the New Home Independent School District is to furnish about \$7,000. Bonds in this sum were voted several months ago and the bonds have been sold.

When this building shall have been completed, New Home will have by far the best public school plant in the county outside of the towns of Tahoka, O'Donnell, and Wilson.

Historical hymns two centuries old are heard daily from the Catholic exhibit at the Texas Centennial Exposition. The program commences each day at 11 a. m.

Texas Centennial Exposition officials have not, and will not overlook the children. Every Tuesday for the duration of the Centennial Exposition will be children's day with a nickel price on the entrance gate and all concessions.

**CARD OF THANKS**

We are truly and deeply grateful to the many good friends who have done so many nice things for us and who have assisted us in every way possible in the bereavement which we have suffered in the death of our loved one, W. C. Wells. For their help and their love and sympathy as expressed in the beautiful floral offerings and otherwise, we can not thank them enough.

A bronze statue bust of John Nance Garner, first Texan to become Vice-President, was unveiled during an impressive ceremony at the Texas Centennial Exposition.

Police within and about the Texas Centennial Exposition grounds are really walking information booths rather than bogey men. That goes for traffic officers too, said Robert L. Jones, Chief of Dallas police. "A visiting driver would have to do something awfully bad and really prove himself an incorrigible before we would give him a ticket," he said.

In the first formally observed and timed tests of motor trucks over the perilous hairpin turns and steep switchbacks of the Pikes Peak auto highway, near Colorado Springs, Chevrolet 1 1/2-ton and half-ton trucks demonstrated their power, endurance and efficiency over the course of the annual Labor Day hill climb contest, a distance of 12 miles, 2200 feet, with a rise of 4959 feet from the start to the summit, 14,109 feet above sea level. The upper illustrations show the 1 1/2-ton truck, driven by W. P. Bentrup, on its way to a record of 37 minutes, 52 1/2 seconds, with its full 3000-pound load (it made the run afterward, without load, in 26 minutes, 12 seconds), and the officials at the finish (left to right): Harry Hartz, technical advisor; Robert M. Ross, Detroit Times; Dan Kennedy, Colorado Springs Gazette and Telegraph; and John L. Jenkins, Chicago Daily News. The lower photos show the Chevrolet half-ton truck, which Harry Hartz drove to the summit in 25 minutes, 3 seconds, and the finish of the run of the 1 1/2-ton truck with full load.

Everyone is certainly happy over the nice rain we received the first of the week.

Let's everyone come to church and Sunday School. Bro. Allen of Grassland will do the preaching.

Several in this community attended the picnic at Post on the Fourth.

Miss Nell McKinley of Lubbock spent the week end with Miss Lodema Garnett.

Mr. and Mrs. Charlie Sanders and babies of Earth visited Mr. Sanders' parents, Mr. and Mrs. J. A. Sanders, Tuesday and Wednesday of this week.

Mr. Bartley and children of Muleshoe visited Mr. and Mrs. J. T. Owens and family part of last week. Miss Lucille Bartley remained to spend a few weeks with the Owens family and relatives of Tahoka.

Mrs. (Grandma) Anderson of Seagraves and Miss Percy Deen Tippitt attended the Cowboy Reunion at Stamford last week end. They reported a wonderful time.

Mrs. Ira Hart and two children, Ira Joe and Glen Dale, are visiting her parents, Mr. and Mrs. Joe Sanders.

Mr. and Mrs. Dudley Martin and children of Draw spent Saturday with Mr. and E. D. Payne and family.

Miss Willie Ruth Lindley of T-Bar visited her sister, Mrs. Carl Sanders, part of last week.

Mr. M. L. Kuykendall of Fort Bliss, El Paso, is visiting his parents, Mr. and Mrs. J. H. Kuykendall.

Miss Paulina Mae Harper spent Saturday night and Sunday with Miss Helen House of Dixie.

Mr. and Mrs. A. H. Searcy of San Angelo visited Mr. and Mrs. W. F. Vaughn Sunday. Mrs. Searcy is a sister of Mrs. Vaughn.

Mr. Ralph Payne and Mrs. C. J. Derryberry of Dora, New Mexico, spent Saturday night and Sunday with Mr. and Mrs. E. D. Payne and family.

Mr. Jim Taylor is on the sick list. We hope he will soon be in good health again.

Mr. and Mrs. Rogers and children of Tahoka spent Saturday night with Mr. and Mrs. J. T. Owens.

**BAPTIST WORKERS' CONFERENCE**

With "Missions Our Mission" as watchword for the day, representatives of churches in the Brownfield Association enjoyed a treat in the way of information and inspiration on this subject when two well-known missionaries now on furlough, told of their work and experiences on foreign fields at an all-day Workers' Conference in the Tahoka Baptist Church Tuesday.

The program for the day, planned by Mrs. K. R. Durham, Association Mission Chairman, of Tahoka, included a devotional led by Mrs. L. Lumsden of Wilson, Associational President, congregational singing of some grand old missionary hymns, special numbers, committee conferences, a sermon by Rev. W. M. Draper, Baptist pastor of Lorenzo, a basket dinner, and three talks by missionaries.

Mrs. B. L. Lockett of Abilene, who has written a book on the life and work of her husband, the late Dr. B. L. Lockett, who spent some 26 years in medical and religious work in Nigeria, Africa, made two talks. "The fields are truly white unto the

harvest but the laborers are few," said Mrs. Lockett, for there are only ten white missionaries on that field to look after the educational, medical and religious needs of some 86,000 natives. Mrs. Lockett, who spent more than 20 years on that field herself, is in the homeland due to ill health, but is spending her entire time writing, lecturing and showing pictures, pleading and urging Baptist people to pray and pay and work that more missionaries may be sent to Africa. Especially interesting and touching was her story of Dr. Lockett's work among the lepers of that section. "Conditions in Africa can never be changed until the spirit of Christ enters the hearts of the people and there are yet many thousands who have never heard His name," Mrs. Lockett said.

Miss Emily Beck, of Slaton, reared in a Catholic home but embracing the Baptist faith in young womanhood, related in a graphic and stirring manner some of her experiences and directed attention to the South American Mission fields where she spent eight years as a missionary in Brazil and Argentina.

Both of these missionaries, attractive and pleasing in personality, convincing as speakers, fired with the zeal of the Holy Spirit and the great love for lost souls, brought messages that cannot be forgotten and that, doubtless, will bear good fruit in the lives of their hearers.

Several visitors from outside the Association were present though the

crowd was limited to about 75 on account of heavy rains and muddy roads.

Mr. and Mrs. J. H. Collenback returned Friday from Muscatine, Iowa, to which place they went several weeks ago in order that Mr. Collenback might undergo treatment and an operation. The internal tumor from which he was suffering was successfully removed and he came back much improved in health. Mrs. Collenback, however, is very unwell herself, and her condition has not been improved.

Mrs. Borden Davis and little daughter have been visiting her parents, Rev. and Mrs. J. F. Curry, in Haskell county the past week. Borden went down Tuesday to bring them back home Thursday or Friday.

**Wallace Paid 300 Firms 38 Million**

Bares Names of Producers Who Received More Than \$10,000 from AAA

WASHINGTON, D. C. — The AAA paid \$38,460,000 to some 300 producers in three years for not raising crops they were in business to raise, Secretary of Agriculture Wallace revealed in a report. This is an average of approximately \$128,200 a producer, but far larger lumps of the New Deal "sugar" went to the large sugar producers.

Here are a few disclosed by Wallace in response to a senate request made at the vigorous insistence of Sen. Arthur H. Vandenberg (Rep., Mich.) that names of those who received more than \$10,000 each be bared:

Hawaiian Commercial and Sugar Company, Ltd., \$1,022,037; Oahu Sugar Company of Hawaii, \$904,562; Lihue Plantation company, Hawaii, \$815,409; Ewa Plantation company, Hawaii, \$751,843; Waiialua Agricultural Company, Ltd., Hawaii, \$740,095.

Bank Gets \$705,488. Even the National City Bank of New York apparently got paid by the AAA for not raising sugar, for it received \$705,488 on the same contract by which the Eastern sugar associates of Puerto Rico received \$278,810.

Largest sugar payments on the mainland went to the United States Sugar Corporation of Florida, which was paid \$785,038.

Lee Wilson and Company, Mississippi county, Arkansas, received the largest cotton payments—\$392,702, while the Delta and Pine Land company of Mississippi received \$318,287. Oscar Johnston, manager of the AAA cotton pool, is the Delta manager.

Large Hog, Wheat Payments. The largest hog payment went to Fantana Farms in California, \$155,574.

Among the large wheat payments were \$51,066 to the Campbell Farming Corporation of Montana; and a total of \$134,834 to the Sutter Basin Corp., Ltd., and the Sutter Improvement Company of California.

# Carlsbad Cavern Is Scenic Wonder

The editor is almost ashamed to admit that he never saw the great Carlsbad Cavern near Carlsbad, New Mexico, until last Sunday, when he and Mrs. Hill and Berta visited it.

The fact that we saw the cavern is unimportant and has no news value—probably most of the people of Tahoka have seen it—but there are doubtless hundreds of our readers who have not seen this greatest of all the natural wonders of the world, which lies almost at our very doors.

We could not describe it and shall not attempt to do so, but we can state a few facts about it that might inspire somebody else with a desire to see it.

The Cavern was made a national park about six years ago, and excellent walks and stairways have been built over a course of about seven miles including the return trip through its various rooms and passageways, although about 32 miles have been explored and in the course of time will probably be improved and opened to the public. Electric lights have been installed along this seven-mile course so as to give the best view and to create the most artistic effects.

A company of National Rangers act as guards to conduct visitors through.

There were more than 1930 visitors that went through the cavern in a body Sunday, and 1066 of them were from Texas. There were 2577 visitors on the preceding day, July 4, and more than half of them were from Texas. More than 700,000 persons have visited the cavern since it was opened to the public ten or twelve years ago, and more than half of this entire number have been from Texas. But people are coming in small numbers from every state of the Union and from many foreign countries. In the company last Sunday were residents of New York, Massachusetts, Pennsylvania, Illinois, Indiana, California, and other far-away states, together with representatives of each of the following countries: Mexico, Puerto Rico, the Philippine Islands, and Japan.

The cavern is roughly divided into great compartments, connected with one another by irregular passageways.

The largest of these compartments, known as "The Big Room," is almost 4,000 feet long and its ceiling in places is more than 300 feet above the floor. If the huge stone columns, stalagmites and stalactites, could be removed from this room, the Capitol building at Washington, the Capitol of Texas, and the capitols of at least two dozen other states, together with the great Empire State building of New York, could be thrown into this room and would rattle around in it like peas in a pod. The waters of the mighty Niagara Falls plunge downward a distance of 158 to 164 feet, but the ceiling in some of the rooms of this cavern are 350 feet above the floor. The immensity of the cavern can be appreciated only by a stroll through it.

And yet the spaciousness of this World Wonder is not its most remarkable feature by any means. The majestic beauty, the grandeur, the magnificence of the ornamentation which Nature has wrought, are beyond all human power of description. Numberless stalactites of wondrous beauty hang like icicles from the ceiling, some of them of giant proportions, some of them as delicate and dainty as the ice tags that hung from the trees last winter. Great stalagmites rise from the floor, some of them dome-like, some of them slender shafts reaching upward like totem poles. Occasionally, a stalagmite and a stalactite have met, forming a huge column. In places, the stalactites hang like festoons of drapery along the crystal or marble walls.

The most stately and majestic rooms are the King's Palace, the Queen's Chamber, the Papoose Room, the Green Lake Room, and the Big Room. This latter is composed of the Hall of the Giants, the Fairy Land, the Temple of the Sun, and the Polar Regions, and contains such marvelous works of Nature as the Giant Dome, the

## Landon's Is Typical Kansas Family

Topeka, Kas.—"Meet the folks!" This picture of Gov. Alf M. Landon of Kansas and his family was taken on the steps of the Landon home here. Standing, left to right: The Republican Presidential nominee himself; Mrs. Landon, and their oldest daughter, Peggy Anne, 19. Seated, left to right: Mrs. Samuel E. Cobb, mother of Mrs. Landon, holding John Cobb Landon, 3; and John Landon, the governor's father, holding Nancy Jo, 2

Mirror Lake, the Bottomless Pit, the Rock of Ages, and other wonders. The Giant Dome, now dead, is the largest stalagmite in the world. In the Big Room also is the world's largest living stalagmite, still growing. In the floor of the Big Room is a mighty hole that leads down 150 feet to another compartment almost as large as the Big Room, which has been explored but not yet opened to the public.

At the entry of the Big Room is the Lunch Room, a spacious compartment with a practically level floor. Here the visitors are given their noon meal, and it is no little task, we assure you, to feed 1900 people at one time.

Scientists estimate that it required 80 million years for Nature to build the Giant Dome and 50 million years for her to build the Rock of Ages.

When the crowd of more than 1900 persons had been assembled at the foot of the Rock of Ages Sunday, Col. Boles, the superintendent of the Park, gave a brief talk and some directions to the visitors, then caused the lights to be turned off, and for thirty seconds we were enveloped in Egyptian darkness. Then a quartette of male voices several hundred yards away struck up the strains of that old hymn, "Rock of Ages," and sang it with wondrous beauty and impressiveness.

Then we marched out through the Polar Regions, back through the

### The Graduate— And Opportunity

By RAYMOND PITCAIRN

National Chairman  
Sentinels of the Republic

From schools and colleges throughout our nation thousands of young Americans are striding forth as this is written, in eager search of the opportunity to prove their powers.

What words of encouragement are offered them?

That depends on whose messages they hear.

At many commencement exercises real words of inspiration have been spoken. But from other platforms, from the lips of the new economic and political sooth-sayers, continues to sound that philosophy of despair adopted in recent years from the fears and the pessimism of Europe.

It seeks to convince young America that the era of opportunity is ended; that pride in one's own strength and courage and self-reliance is not only futile, but old-fashioned; that youth must learn to depend on government and the politicians to guide its life and supply its wants.

It is an un-American doctrine. The career of Abraham Lincoln, who rose from the log cabin to the pinnacle of statesmanship, has proved its falsity. So have the lives of the Wright brothers, who began as bicycle repair men and gave us the airplane; of Edison, the train boy, who made electricity perform new miracles; of Henry Ford, one-time obscure mechanic—and of countless American leaders in our public and professional and commercial life today.

Such men would have turned deaf ears to that swan-song of Americanism which now swells from so large a group of our politicians. They listened instead to "The Eagle's Song; to be staunch and valiant, and free, and strong."

Despite the newer pessimists, America continues to offer careers to all who hear that message.

Opportunity, like Freedom, has still a continent to live in.

Madeline Russell, Reporter

This week end has been enjoyed by all the people of this community making visits and trips to friends and relatives.

Mr. and Mrs. Earl Bradshaw and children of New Home spent the week end with her parents, Mr. and Mrs. Sam Kitchen.

Mr. and Mrs. Tom Anderson and daughters, Billie Faye and Johnnie May, visited relative in Jones county.

Mr. and Mrs. Roy Jones, who have been working through the summer with Mr. R. L. Littlepage, have returned to Lubbock.

Miss Ora Anderson of Yoakum county visited here in the home of her mother Sunday.

Mr. and Mrs. R. L. Littlepage returned Sunday from a trip to San Antonio, where they were visiting friends and relatives.

Rev. Shoemaker will preach at

the Midway school house Sunday afternoon at 3 o'clock. Everybody come.

A party consisting of Mr. and Mrs. Howard Wheeler and Mr. and Mrs. Hick Gibson of Tahoka, Mr. and Mrs. Hoo Gibson of O'Donnell, and Mr. and Mrs. James Taylor of Sand, Dawson, county, spent the glorious Fourth and the Fifth down at Christoval. Howard says they had a wonderful time boating and engaging in other amusements, but he came back with his back blistered—which is not so wonderful—it's terrible.

Mr. and Mrs. J. H. Peay of Dawson, Navarro county, and daughters, Mrs. Myrtle Taylor and her son, and Mr. and Mrs. Marion Taylor and their son; and niece, Miss Jessie Mae Peay of Beech Grove, Tennessee, visited Mr. Peay's daughter, Mrs. A. F. McGlaun and family, the last week end. Both the Mmes. Taylor are Mrs. McGlaun's sisters, and Miss Peay is her cousin.

# \$1,391,099,397 in '35 Farm Imports

WASHINGTON, D. C.—Agricultural imports during 1935, which saw grains and meats, as well as their by-products and substitutes, multiply again and again under Roosevelt easy trade policies, were estimated here to have reached a total value of \$1,391,099,397.

Imports of one item alone—cottonseed oil, a hard substitute—out of a long list, denied opportunity for self support to 403,197 rural persons, by displacing the production of 3,692,000 acres of American farm land. A total of 33,463,336 acres were displaced by all the imports together, with a total of 1,741,000 rural persons denied the opportunity of self-support.

**Computing Land Displacements.** The displacement of land is computed from the acreage which would have been necessary to produce the amount of each item imported, if it had been produced in America, rather than by the coolie or peasant labor of foreign countries.

For instance, during 1935, there were imported into the United States 43,242,296 bushels of corn, according to the United States department of commerce. By dividing that total by the American 10 year average yield per acre, it can be shown that the corn imports would have required 1,814,000 acres for their production in this country.

**Effect of Pork Imports.** Such estimates of the effect of other items of import are equally revealing. Imports of 5,297,335 pounds of pork, hams and bacon during 1935 displaced the production of 68,070 acres of American farm land. The 27,438,870 bushels of wheat imported could have been produced on 2,220,000 acres here, taking some 61,626 rural inhabitants off the relief rolls.

**No Politics in Relief** In Mamaronck, New York, a relief canvas showed that 24 out of 27 executive or supervisory jobs were held by Democrats. But—Republican voters out-number the Democrats 3 to 1.

## Huge Air-cooled Structure Housing Ford Exposition and Famed Trails and Roads of Southwest Nearby

This aerial photograph shows the size of the huge air-conditioned Ford Exposition building at the Texas Centennial in Dallas. The court with its shady seats and attractive shrubbery is a popular spot, especially when Jose Manzanaras and his South American orchestra appear in the band shell. The picture shows a portion of the lagoon which is completely encircled with "Roads of the Southwest," exact reproductions of nine famous trails and highways. At the top is seen the famous Cotton Bowl, in which President Roosevelt spoke.

Miss Lillith Boyd, H. D. Agent

MRS. LOUIS MUELLER DOES OWN HOME IMPROVEMENT

"I used white flat paint for the woodwork in my kitchen because it had less gloss," said Mrs. Louis Mueller, cooper in the Wilson Home Demonstration Club.

As Mrs. Mueller's rug was worn, she painted it with the left-over white paint and decorated in in green. The rug was finished in a border of black and green. For extra protection to the rug, she used two coats of clear varnish. She cut her worn bedroom curtains short and dyed them light green for the kitchen. The total cost of Mrs. Mueller's improvement was less than \$2.00, she stated.

### DIXIE H. D. CLUB

Fruits and vegetables should be packed into the containers as quickly as possible after gathering, leaving a head space of one-eighth inch," said Mrs. Paul Johnson in a report on home canning at the Dixie H. D. Club meeting Wednesday, July 1st.

Mrs. Berry read an article on the importance of grading products to be canned.

Mrs. House demonstrated the standard jars and tops.

Our next meeting will be with Mrs. G. L. Cobb on July 15.

Members present were: Mmes. A. C. Aycox, Burdett, Marvin Berry, G. L. Cobb, A. L. Dunagan, Buell Draper, F. E. House, L. E. Huffaker, Paul Johnson, V. H. Macha, Irma Macha, and the hostess, Mrs. Poy Todd.

### TAHOKA H. D. CLUB

"I have to walk about half as far as I formerly did before I rearranged my kitchen with the working centers close together," said Mrs. Garland Pennington to the Tahoka H. D. club in the home of Mrs. Chas. Neims July 8th.

"My kitchen does not look like the same room since I improved it," said Mrs. Chas. Neims, kitchen demonstrator. Some of the improvements I made were repapering walls and ceiling, painting woodwork, cabinet and chairs, and raised cabinet to proper height."

Mrs. J. A. Patterson joined our club as a new member. Mrs. W. S. Anglin and Mrs. James Connolly were elected alternate delegates to the council.

### MEMBERS PRESENT

Mrs. G. G. Young was a visitor. Members present were: Mmes. A. C. Weaver, J. O. Patterson, R. W. Fenton Sr., A. D. Wallace, M. O. Canaday, J. Paul King, W. S. Anglin, Garland Pennington, James Connolly and Chas. Neis.

## THE LYNN COUNTY NEWS

**Credit Where Credit is Due**  
By **RAYMOND PITCAIRN**  
National Chairman  
Senators of the Republic

Who is doing the real work that leads America toward Recovery?

During recent weeks we've heard many answers to that question. Headlines have bristled with claims and counter-claims with reports of speeches that give the credit to political officeholders with statements that would award the honor to the prophets of strange and unproved economic theories.

But amid the thunders of oratory the true claimant is ignored.

He is the man who, while politicians clamored and theorists argued, continued quietly, faithfully, effectively to do the day's work; to support himself, his family—and America.

He is the man—whether farmer or hired help, merchant or clerk, executive or mechanic—under whose hand and care the fields maintained their yield, the products of farm and factory kept moving, the wheels of industry continued to revolve.

He is the man who earned and paid the taxes—direct or indirect—that kept this country a going concern and met the payrolls of the political job-holders who would take the credit unto themselves.

He isn't one man. He represents millions of self-reliant citizens who maintain and support and operate the homes and the farms and the work-shops of America.

He is the type that built America in the past, that is upholding America in the present, that will make America more glorious in the future.

Individually, he is the real American. Collectively, he is the Real America.

Let the political and economic sooth-sayers continue their claims and their promises.

But, meanwhile, let's give credit where credit is due.

### PRESBYTERIAN SERVICES SUNDAY

These hot days, the noise in increasing volume of state and national politics, the lure and pull of the great Centennial, the growing burdens of the unemployed, the tragic drought in some of the states back East, and other cumulative data is enough to slightly minimize or slow down Sunday School, Sunday morning and evening worship, revivals and other means of Gospel propaganda.

But, not so. A few, at least of God's folks are still on the job. They are there when Sunday comes. They love the joyful sound, and can say with the Psalmist, "I was glad, when they said unto me, Let us go up unto the house of the Lord."

They can sing with confidence, "When sorrows like sea billows roll, let this blest assurance control." On the outside is the noise; on the inside is the efficiency and power of all great machinery. It is so in our national life. After all, individuals, families, communities and nations get along in ratio of actuating principles and godliness. For, when the Gospel and open church have lost their regulative power in family and national life, then all else will be meaningless and futile. Then, in social, moral and civil life, more than wreck and chaos will be our harvest. At a time like this, I tell you, people ought not only to go to church, but they ought to be glad to go, and thus put themselves in position to be blessed and a blessing to others.

After all, the most potent influence for the saving of our modern world is this Gospel preached and lived out among God's people.

Remember our services Sunday morning. No night service. If you don't go elsewhere, glad to have you. If you are going about in this enlightened age and saying: "I never did hear a Presbyterian minister preach," then come alive and cultivate your passing opportunity and give the Gospel, from another angle, a chance with you. Always glad to have all of our folks, and visitors too, in our services.

Subject Sunday morning: "Modern Heroes." The heroes are not all dead. Fine old Gospel hymns and a fine fellowship awaits you. Everybody cordially invited.

—W. K. JOHNSTON, Minister.

### CHURCH OF CHRIST NOTES

Oh! you fine rain! How good our Father is to us, and how little we deserve and appreciate his blessings!

We had fine services at O'Donnell last Lord's day, and the work was carried on here in a splendid way by home forces.

I want to thank my many friends outside the church for the kind things you have said and done to me and mine since I have been in your midst.

What a wonderful thing Friendship is! We do not value friends as we should, and I think it is because of a lack of realization of the value of true friendship. We talk of "a pull," but "a pull" is impossible without friends. We never know when we will need a friend or who it will be, so make as many friends as you can.

A few ways to lose friends: Joking them, especially when the joke has a sting. By practicing the know-it-all attitude, or continually brag-

ging on yourself. By talking about people behind their backs one way and to their faces another. By trying to force your ways and ideas upon others. By bawling people out. By harboring nuisances, such as goats, cats, and dogs, especially when they run at large. By being selfish and ungrateful.

"He that would have friends must show himself friendly."

I had rather have friends than money, for money cannot buy real friends.

Services next Lord's day as usual. May we see you at the friendly church?—R. P. Drennon.

Dr. and Mrs. E. E. Callaway are leaving this week for their little ranch and summer resort on the Colorado River in San Saba county. The Doctor says he expects to read and fish and hunt until he gets tired, if it takes the rest of the summer.

"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Stateville, N. C.

"I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."

Thousands of women testify Cardui helped them. If it does not benefit YOU, consult a physician.

### BRAND BOOK PUBLISHED AT FT. WORTH INTERESTING

"A Century of Cattle Brands" is the title of an interesting little book, just received by this paper, which contains actual drawings of some 2,000 interesting, amusing or historical brands, together with the name of the brand, its owner and location of the ranch. Brand information is listed by counties.

Foreword to the book is by Amos G. Carter, a short history of Texas is written by Peter Molyneux, a review of the cattle industry by Frank Reeves, and the drawings are by the Western artist, Harold G. Bugby.

Among the Lynn county brands represented in the book, are the T-Bar, Open A, and Four W. however it fails to list other brands of importance.

Publication of the book came about as a result of public interest in brands, fostered by the great revival of Texas history engendered by the Texas Centennial. When a Fort Worth department store, early in the spring of this year, put about 500 brands on its wrapping paper, a flood of requests poured in for information about brands, some of them from residents of the New England State. To satisfy this demand, as well as to fill a long-felt want among Texas ranchers and cattlemen, the Fair Publishing Co., Fort Worth, has assembled in this book an authentic list of a large number of representative Texas brands.

No other industry in Texas or

elsewhere can boast of such a colorful and romantic history and background as can the cattle industry. No phase of cattle work is more glamorous than branding. Brands are the coat of arms for a cattle empire. Men have made fortunes by the proper use of branding irons, and others have paid with their lives for their improper use.

Mrs. D. A. Stevens and two daughters, Misses Lois and Ola Lee, left Friday in company with Mrs. Stevens' brother, W. P. Mock of Oklahoma City, for a visit of a week or ten days with their sister at Corpus Christi.

Plenty to SEE  
Plenty to DO  
Right Here in TEXAS

Texans are seeing Texas during CENTENNIAL YEAR!

THE BIG CENTENNIAL CENTRAL EXPOSITION at Dallas is drawing millions of visitors from out of the state and over the state.

This successful event and the many equally interesting Texas celebrations are focusing the eyes of the nation on Texas. Texas may well be proud of its Centennial events. Texas will profit by its enterprise for many years to come.

But, best of all, Texans are knowing Texas.

East Texas is visiting West Texas! North Texas are going South! South Texans are traveling North, and West Texans are seeing the East! The Centennial year has afforded us the opportunity to get acquainted with the resources and scenic attractions of our great state.

Whatever your ideas of a real vacation, you'll find them realized in Texas. Mountains, seashore, missions, foreign atmosphere, get night life, fishing, golf, historic places. Most every attraction you can find anywhere—right here at home.

Make your plans to visit the Centennial Celebrations being held this month. Read the calendar at the right. If you want additional information, write the Chamber of Commerce of cities you are interested in. For a real vacation. SEE TEXAS!

# BOYS GOVERN THIS NEBRASKA TOWN

## Its Name Is Boys Town, and Its Guiding Star, Father Flanagan, Has Given 4,000 Homeless Urchins a Fair Chance in Life.

By WILLIAM C. UTLEY

TEN miles west of Omaha, Neb., there is a community with the romantic name of Boys Town. It is just as romantic as its name, for, with the exception of a handful of supervising oldsters, it is peopled entirely by boys of sixteen or less. It has a boy mayor, a boy chief of police and it is governed by an elected commission of boys who live there.

Boys Town! It sounds like something manufactured in a dream! It is.

"Upon entering Boys Town, a boy realizes that he is stepping into a new world," says its high school sophomore mayor, Dan Kampan. "And," His Honor adds, "that boy realizes that this new world will be just what he makes of it." The dream that became Boys Town had its beginning some twenty years ago, in the mind of a young Catholic priest, Edward J. Flanagan, then newly ordained. He became interested in the derelicts and misfits who were inmates of the Omaha city jail and, with the spirit of the true humanitarian, practiced such kindnesses upon them that they began to confide in him. In the city of their life stories was born the mission to which Father Flanagan has since committed himself.

**Fed Hungry Misfits.**  
He visited more sinners against society in the police courts, until he decided to help the miscreants keep out of jail by providing them food and shelter in the cold winter months and trying to steer them back to the ways of righteousness and happiness. It was an overwhelming task, for many of them were hopeless drunks and dope fiends and some even criminals.

"But in our working men's shelter, a hungry man was just a hungry man," says Father Flanagan. "We asked no questions. At times we sheltered and fed as many as 500 of them in a single night. The accommodations we were able to give them were pitifully inadequate. There just wasn't the money. Humanity so easily forgets that men are their brothers' keepers. It was discouraging work, but with the aid of God we persevered. Funds to carry on were scraped together wherever we could get them."

The priest and his friends began to study their guests, in an attempt to discover the causes that lay at the bottom of their troubles. Complete case histories were kept on 2,000 of them, until it became apparent that most of them were the result of neglected or homeless childhoods. Father Flanagan and his associates concluded that if they were to save men of this type they must begin with the grass roots and save them as children. That was the beginning of the dream of Boys Town.

With a borrowed capital of \$80 the first month's rent was paid on a house in Omaha, and in it to live went Father Flanagan and five boys, two of them newsboys who had been sleeping in the working men's shelter and the others boys who had been entrusted to his care by the juvenile court. With amazing quickness the news of the new haven for homeless boys spread and in practically no time it was filled beyond capacity.

**Donations Finance Work.**  
It was hard going in the early days, for Father Flanagan's Home, then as now, was supported entirely by the donations of friends and sympathetic persons. Then, as now, it admitted boys regardless of race or creed, and gave them the best it had. The best, on the first Christ-

veloped into an institution made up of 10 large buildings, amongst which are a modernly equipped gymnasium containing a swimming pool, handball courts, boxing ring, stage, and an auditorium which has been rated as one of the best in the Middle West.

**Many Help Work Farm.**  
"Our farm, of 320 acres on which four barns are located, produces partial upkeep of the boys. It is equipped with machinery to plant and harvest its produce," Dan continues.

"The print shop, which is part of the office building, contains enough machinery to publish 110,000 copies of the 16-page magazine published monthly by the boys. All other printing necessary for the maintenance of our Home is done by the boys.

"The recreational section of Boys Town

able them to grow into healthy, vigorous men. The average efficiency of health maintained over a period of years is 98 per cent.

**Mayor Tells His Story.**  
Only 18 months ago, the unusual community was incorporated as a village. It has a second-class post office, and if you write a letter to anyone there, your reply will come postmarked "Boys Town, Neb."

The mayor of Boys Town faces problems daily that few mayors in the land become acquainted with very well in an entire term. You would expect Mayor Dan Kampan to know as much about the town as any of its 217 inhabitants. I have invited him to tell about it as he knows it:

"First," says Dan Kampan, "let me call your attention to the spirit of the homeless boy, best portayed by the athletic teams which are trained by coaches at Boys Town."

"Every instructor at Boys Town realizes the spirit of co-operation involved in the making of good athletic teams. Last year this spirit was brought out by the splendid

is composed of a football field, tennis courts, baseball diamond, and a cinder track. Upon these fields 200 homeless boys build strong bodies and strong minds by participating in various sports. Amongst these sports we find that the most popular are football, baseball, tennis, basketball and all water sports.

**Jan. 15 Is Election Day.**  
"The band, which is known all over the United States, is made up of 50 pieces, all boys under the age of eighteen. The popularity of our musical organizations is proven by the invitations for personal appearances in our neighboring states, such as banquets, picnics, parades and sport programs.

"On January 15, 1936, Boys Town held its second annual election, for the purpose of electing a governing body."

"In the voting booths installed, each boy voted a straight ticket for one of the two parties, the Help Boys Town and the Build Boys Town. After this the votes were counted in the presence of both candidates for the mayoralty. When the results were announced it was found that the Help Boys Town

mas day, that of 1917, was a barrel of sauerkraut. Together they all knelt and prayed that a nation would forget the hatreds and excitements of war long enough to help them to live a real, American life.

"Their prayers must have been answered, for shortly afterward Father Flanagan was successful in financing the purchase of 160 acres of farm which had lain idle and neglected for years. The farm had a few flimsy frame buildings, but they promised shelter, and food could be secured from the land.

Today, through Father Flanagan's untiring efforts and the financial help of thousands of friends, who gave what they could, however little it was, there are 10 fine, modern buildings and the well-operated farm covers 360 acres. Nearly 4,000 boys, once homeless and friendless, have been built into good American citizens with every prospect of a fair deal from life.

records our teams established, often having to overcome odds that were thought invincible. Our football team often came from behind in the last minutes of play to overcome their opponents.

**Boys Are Happy Lot.**  
"The boys in general are a happy and very appreciative group of boys. They, at all times, are willing to jump at the opportunity of helping their friends and boys who have no friends.

"From all parts of the United States homeless and abandoned boys receive shelter and food at Boys Town," Dan goes on. "In this manner they are brought together and after spending a few months at Boys Town they understand some of the boys, and learn many facts of that part of the country that this or that boy came from."

"When Father Flanagan rented a building for his first Home, it was a simple structure located in Omaha. Through the past 18 years it has de-

party was the victor by nine votes! The party consists of a mayor and six commissioners, each having his various duties and assignments to fulfill.

"Among the most important of these duties is that of disciplining the boys, which is accomplished through the City Council and a Board of Advisors headed by Father Flanagan, which meets twice a week to discuss various points concerning the welfare of the boys. This is but one of the chief duties of the governing body. Other duties are taking care of minor infractions of rules and boys who cause disturbances by fighting and continuous disobedience.

Father Flanagan and Boys Town insist "there is no such thing as a bad boy." They have seen too many youngsters, once characterized as "bad boys," grow, after given a home, friends and a fair chance in life, into men who have become leaders in the business and social world.

## Uncommon Sense

By JOHN BLAKE

© Bell Syndicate—WNU Service.

Make up your mind that it is senseless to quarrel. You will meet many people that you dislike.

Many of them will be quarrelsome. Your neighbor conceited, ill tempered. Avoid such people, but tolerate them. They may turn out to be better than you think they are.

There is plenty of room on this earth for human beings of all sorts and kind.

Some of them will differ with you in politics, others in religion. Some may be downright ugly. But they are as they are made. Quarreling with them will make you unhappy, and you're going to need all the happiness you can find as you travel through life.

Some of them may be snobbish and "high hat". You can easily keep away from that sort.

But you will be thrown in with certain people whom you cannot avoid.

They may live next door to you, they may belong to the same church or club, they may intrude themselves upon you in many unpleasant ways.

It will do you no good to "get your back up" when they are around.

You will get only misery out of quarreling with them.

Just convince yourself that there must be that kind of people in the world with you, and that the easiest way is to be as cheerful as possible in their presence, eschew arguments with them, and let them go their own way.

You can kill mosquitoes and spiders and rattlesnakes and other creatures with which you may be thrown as you go on.

You can't kill human beings without getting into serious trouble. I do not contend that you ought to nurse odious people in your bosom, or try to reform them.

All I suggest is that if you must be with them you will not be unhappy about it, but get along as well you can.

And now and then you are pretty sure to find that somebody

you thought was a pest was a really good sort when you came to know him well, and that you lost a good deal by not getting better acquainted with him.

Dislike reacts on the person who harbors it. Better figure that wherever you go you will find men and women who are constant irritations to you.

Leave them alone if you can. If you can't, just be civil and pleasant and if they resent that keep out of their neighborhood.

The chief end of man I honestly believe is happiness.

You can't be happy when you are hating other people.

But toleration will put it out of their power to annoy you.

Try this plan for a couple of weeks. I think you will profit by it.

## All Around the House

Air the bread and cake boxes frequently during the summer months. Mould is likely to form on breads and cakes kept in boxes during the warm weather.

Mayonnaise may be kept for several weeks in refrigerator if a tablespoonful of boiling water is added to it before bottling.

Do not remove husks from green corn until just before putting on to boil. Corn spoils quickly, so it should be used as soon as possible after purchasing.

When cake or bread is too brown or is burned, grate gently with a fine grater (nutmeg grater preferred) until the cake or bread is a golden brown.

Sandwiches may be kept moist for 24 hours if they are wrapped tight as soon as made, in waxed paper, then placed in a box lined with a damp cloth and covered with a cloth. Keep in a cool place.

Mix salads with a fork instead of a spoon or ladle.

## Doing Right by an Idol

When a street was widened in Chaoyang, China, recently the temple of a god named Tiao Shih had to be torn down, and his followers to keep a roof over his head put the idol in the Wang Ku temple, but since the latter was a goddess, an elaborate wedding ceremony was held to avoid violation of the proprieties.—Pathfinder Magazine.

FOLKS!

THERE IS NO SUBSTITUTE FOR GOOD HEALTH

And here comes a letter from your next door neighbor, a man whom you all know, a man whose word has always been considered his bond, one of your taxpayers and community builders, and is as follows: "This letter is to state that I was a sufferer of stomach trouble for eight years. I spent three years of suffering and went to any number of doctors, three told me that I had a gastric ulcer. Two months ago Gas-Tons tablets were recommended to me. I bought a bottle and began taking them and since that time I have gained fifteen pounds and am able to do, for the first time in eight years, my regular farming work. I unconditionally recommend these tablets to any one suffering from severe stomach pains, gas or colitis. Anyone wishing any information in regard to the results I have received will address me, Route 1, Shallowater, Texas. I will gladly reply. This statement is made voluntarily hoping that other people suffering as I did may receive the benefits that I have." And this letter was signed by E. S. Nelson of Route 1. After what this good man has said what more could we add? And we feel that the only question that could enter the minds of any stomach sufferer would be whether to try the 25 tablet size at \$1 or the 100 tablet treatment for \$3.

You take no risk in ordering Gas-Tons. If after using the tablets 10 days you do not get the relief you yourself expect, you have but to send back the unused portion of the bottle, and we will return the money you have paid us, in full, every penny of it.

Call at your home town druggist and ask him about the iron clad guarantee, also what this remarkable compound is doing for others. Gas-Tons are sold in Tahoka by Tahoka Drug Co., and by leading drug stores in other towns. If your druggist does not have Gas-Tons send money orders payable to Tahoka Drug Co., Tahoka, Texas.

MINISTERS RESIGN POSTS AT POST, WILSON, O'DONNELL

The News has been informed that Rev. M. C. Bishop has resigned as pastor of the First Baptist Church of Post after a service there of about nine years. The continued bad health of his wife was the cause of his resignation, we understand. We are not advised as to his plans for the future, but he and family have gone downstate.

Rev. Bishop was pastor of the Baptist Church here more than 25 years ago, this being one of his first pastorates, and some of the members of the church at that time are still here. He and family have many friends here and in this section of the state who will regret their removal.

We are also informed that Rev. W. E. McGraw, pastor of the Baptist Church at Wilson the past three or four years, tendered his resignation last Sunday. We understand that he will probably have pastoral work near Fort Worth and attend the Baptist Seminary in that city next year.

Several weeks ago, Rev. A. Loper, pastor of the O'Donnell Baptist Church, resigned and removed to another field of labor. He had been pastor at O'Donnell for several years.

A brother of Rev. W. E. McGraw, late of Howard Payne College, has been recently called as pastor of the Central Baptist Church eleven miles east of Tahoka and has accepted the work.

ERNEST O. THOMPSON

CANDIDATES FOR RAILROAD COMMISSIONER

Ernest O. Thompson of Amarillo, chairman of the state railroad commission, is a candidate to succeed himself. The railroad commission also has charge of truck and bus traffic over the highways, as well as oil and natural gas production. Mr. Thompson's friends cite the fact that as head of the commission he has reduced the gas rates to consumers in 51 Texas towns and cities, saving them \$400,000 annually; that he has stopped the flow of "hot oil" in Texas; that he has stopped the waste of Texas' natural gas, amounting to a billion cubic feet of gas daily; that he has saved the cotton farmers at least \$8,000,000 per year on freight rates; and that he has accomplished other marvelous savings for the people. State Senator Carl C. Hardin of Stephenville is also a candidate for this office. He charges that Thompson controls the railroad commission and that he in turn is in the power of the Standard Oil Company. He contends that the oil allowable cuts have been made in the interest of the Standard Oil Company, and says that, if elected, he will favor a larger daily production of oil, which will bring about cheaper gasoline and oil.

We do not feel competent to pass on this issue between these two leading candidates. We certainly do believe in the conservation of our natural resources. The waste of some of them has been terrific and inexcusable. On the other hand, the curtailment of production should not be so great as to unreasonably boost the price that the consumer must pay. Until and unless we are convinced to the contrary, we shall expect to support Mr. Thompson.

CARD OF THANKS

We have received more bouquets the past week than ever before in our lives. We are so glad our friends did not wait until death to say these nice things. It will be a help to us to try to help others. We want you to know that we appreciate each of you.

Mr. and Mrs. English, we hope that we may use the Bank Night money in a way that others may be benefitted by our name having been called. And may we thank each and every one who has handed us a flower.—Mr. and Mrs. Rafe L. Richardson and La Voyle.

Elder R. P. Drennon and family, Tom Dike and family, and Mrs. Earwood and son attended a big birthday dinner given Sunday at the home of John Benson near Brownfield in honor of his fiftieth birthday. Elder Drennon states that quite a large crowd of relatives and friends was present, a great dinner served, and a great, good time enjoyed.
