

The Lynn County News

Volume XXXII

Tahoka, Lynn County, Texas, Friday, August 7, 1936.

Number 51

State Highway No. 9 Will Be Completed

Work Is Resumed on Grammer School

ADD 4 ROOMS TO BUILDING

Completion Expected By Dec. 15 As Work Again Gets Started On Long-Delayed Project

After several months interruption, work on Tahoka's new grammar school building was begun Wednesday morning. The work opened with about thirty men on the job. Virgil Shell of Lubbock is the contractor. The first work being done is the completion of the foundation. When the additional grant of federal funds was made, alternates, one and two providing for four rooms were added, these having been left off the original plan. These four rooms are situated two at the east end and two at the west end of the building, giving twelve class rooms all together in the new structure. The foundation for these four rooms and the preparatory work for the electrical wiring therefore constituted the first order of business when work was resumed Wednesday morning.

This building is to be completed by December 15 and the school children are to move into it during the Christmas holidays, according to present plans as outlined to the News by W. L. Burleson, a member of the school board. The members of the board, who have spent many anxious moments over the many difficulties they have encountered in putting this project over, are much gratified that all the kinks have at last been straightened out and work has actually been resumed. The patrons of the school and the citizens of the district are likewise much gratified. This will be a handsome and commodious building, sufficient to take care of Tahoka's school needs for many years.

Ravens Destroy County's Melons

The News has heard complaint about the ravens destroying the watermelons, and suggestions has been made that some concerted effort be made to destroy these pests.

Frequently the ravens are to be found here in countless numbers, and they destroy not only melons but also feed and other valuable crops.

The News invites suggestions as to the best possible way to get rid of the ravens.

Lehmans Leave, New Man At Levine Bros.

George Perl arrived early this week from Odessa to assume his duties as the new manager of the Levine Bros. store here. He has been connected with the Levine Bros. store at Odessa the past 18 months and has had much business experience. He will be glad to meet the old friends and customers of the store as well as many new ones.

Mrs. Irene Gallagher will assist Mr. Perl in operation of the store.

Mr. and Mrs. Al Lehman, who have had charge of the store here ever since it was established eight years ago, left Tuesday for San Angelo, where they will operate a new store being opened by Levine Bros. Mr. and Mrs. Lehman, as well as the two boys, Jo Jo and Irvin, have many friends here who regret their removal from the town.

BILLMAN IMPROVING

Frank Billman, who underwent an operation for cancer of the stomach in the Lubbock Sanitarium early last week, continues to improve nicely. The family and many friends feel that the speed with which he has been recovering is little less than phenomenal.

Boy Scouts Will Have New Leader

The Tahoka Boy Scout troop committee met Tuesday evening at the American Legion Hall. Plans were laid for reorganization of the local troop. M. L. Penn, new principal of the High School, was elected new scoutmaster of the troop, and Reid Townes and John Kirkwood, assistant scoutmasters.

Plans were laid for the troop to attend the southeastern district swimming meet at Two Draw Lake at Post Monday. Plans were also made for a local court of honor in September.

W. G. Barrett was announced as both local and district chairman of courts of honor; Kary Mathis was elected activities man on committee; E. H. Boulloun, finance; Dr. K. R. Durham, publicity; W. E. Smith, camping. Homer St. Clair is local commissioner.

Earl M. McClure, council Scout executive, met with the committee and supervised the reorganization of the troop. A complete list of 32 merit badge counselors were also lined up for the local Scouts merit badge advancement.

Music, Craftsmanship Lunch Club Program

Mrs. Rubie D. Suddarth furnished the musical program for the Luncheon Club Tuesday. As the first number, Vance and Dale Gildersleeve gave a saxophone duet, with Mrs. Suddarth accompanying on the piano. Mary Bland Wells gave a couple of vocal numbers, and Mrs. Suddarth closed the program with a piano solo.

Dr. K. R. Durham had been asked to favor the club with a talk, but he sidestepped and gave an exhibition that was more interesting than any talk by any member probably would have been. He gave a display of his handiwork as an artisan. The display consisted of miniature trinkets, such as a tiny chair in a bottle, a tiny electric motor, a set of diminutive dominoes, a wee little monkey wrench, and numerous other trinkets, all made by his own hands. The motor, for example, was no larger than an ordinary walnut, and yet it would actually run—Leonard Craft said so; he had seen it. Hap Smith wanted to know how much flea-power it would develop. All these trinkets showed that our genial tooth doctor is an ingenious cuss, with a gift and skillful hand, and a world of patience.

After the matter was presented by Rev. C. C. Armstrong, a committee was appointed by the acting chairman to confer with the promoters of the soft ball games being played here with a view to so rearranging their programs as to avoid a conflict with church services on Wednesday nights. Bill Sewell, W. G. Barrett and L. F. Craft were appointed upon this committee.

Dr. Durham, the secretary, read a communication from the editor of the O'Donnell Index inviting Tahoka to send a rodeo queen to the festivities to be staged in that city Friday and Saturday, August 14-15. W. S. Anglin, Happy Smith, and Buster Penton were appointed as a committee to select the queen and to represent Tahoka in this matter.

Goodnoughs Move Shop To Sweetwater

D. H. Goodnough, who has been operating a shoe-repair and leather shop here for the past thirteen years, is moving to Sweetwater this week. He has already moved most of his equipment and established a shop in that city, and his family are moving this week end.

Many friends here will regret that this good family are leaving Tahoka.

AAA Benefits In Lynn 1-3 Million

Lynn County has received \$1,325,810.93 in rental and benefit payments in the three years since the creation of the Agricultural Adjustment Administration, it has been announced by H. P. Drought, state director of the National Emergency Council.

Rental and benefit payments in this county for the cotton program totaled, \$1,267,318.64; corn-hogs, \$57,024.06; wheat, \$1,468.23.

Rental and benefit payments in Texas amounted to \$139,412,186.46 for the three-year period, Drought said.

Cotton rental and benefit payments made for the entire state aggregated \$114,070,836.72; wheat \$16,581,129.10; corn-hog, \$6,403,258.44; sugar, \$705.98; rice, \$1,975,145.03; peanuts, \$381,111.19.

Harris Opening Funeral Home

As a result of the dissolution of partnership heretofore existing between Messrs. W. M. Harris and J. K. Applewhite, whereby Mr. Harris took over the undertaking part of the firm's business, Mr. Harris has decided to convert his magnificent home on Main Street into a funeral home and undertaking parlors.

The home, it is found, is ideally appointed and arranged for this purpose, few changes in the interior arrangement being necessary.

The large front room has been fitted up as a chapel. The room adjoining it immediately to the north will be the family room. Then there are the casket and undertaking rooms, the morgue, and the other necessary rooms all admirably fitted up for their respective purposes.

The home with its spacious lawn is attractive on the outside as well as in the interior.

Mr. and Mrs. Harris have indeed made ample provision for the caring for our dead.

Schools Opening At Draw And Redwine

The schools at Draw and Redwine will open next Monday, according to Corbin Douthit, who will teach at Redwine. He will have charge of the grammar school grades, while his sister, Miss Gladys, will teach the primary grades. The high school pupils will attend the high school at Draw.

Mr. Douthit says that the school is opening now with the expectation of suspending at the end of two months for the fall season, in order that the children may assist in gathering the cotton crops.

Will Certify WPA Men For Relief

Beginning Saturday, August 1st, the Texas Relief Commission will refer persons eligible for relief to the Works Progress Administration, so that these persons can be certified, thereby giving them a chance to work on local projects.

The aim of this program is to bring families in need any help which is in our power to give. However, the local community must understand that at this time a great many more persons are already certified than there are jobs available. A great number who will be eligible to work will not actually be put to work.

Eligibility will be based on need according to regulations set forth by the Texas Relief Commission. Actual assignment will not be made by the Texas Relief Commission.

Canning Kitchen Opened By County

In consequence of action taken by the commissioners court Monday, the Lynn County Canning Kitchen opened its doors for business again Wednesday, with Mrs. R. W. Fenton Sr. in charge, as supervisor.

The W. P. A. had declined to undertake further to furnish the labor with which to operate the kitchen, and the county judge and the commissioners court decided to open the kitchen strictly as a county project.

The County will furnish the cans and pay the salary of the supervisor. The patrons of the kitchen will furnish the vegetables and do their own canning. The County will receive 30 per cent of the products and the patrons 70 per cent.

All who desire to patronize the kitchen or who are interested should confer with Mrs. Fenton.

Nazarene Revival Opens August 11

A revival meeting will begin at the Church of the Nazarene in Tahoka August 11. Rev. and Mrs. Buford Battin from Lubbock will have charge.

Rev. Battin is the district president of the N. Y. P. S. of the Abilene District, and is an able young preacher. Mrs. Battin is a fine singer, and you will enjoy her singing. The entire public have a cordial invitation to come out and hear them.

The pastor and wife, Rev. and Mrs. J. R. Hodges, are away in a revival this week. There will be no services Sunday at the evening hour. Sunday School every Sunday morning at 10 o'clock. Everybody welcome.

Mrs. J. B. Graham and sons, Bob and Kenneth, of Houston, are here visiting the Sherrod and Shaffer families. Mrs. Graham is the granddaughter of Mr. and Mrs. F. M. Sherrod.

Hartman's Hand Injured In Fan

Clyde Hartman suffered very painful and rather serious injuries a few days ago when the fingers of his left hand were caught by a suction fan at the H. & W. Cafe. The tip of one of the fingers was clipped off, a portion of another finger practically cut off, and the flesh was torn from a third one for more than half its length.

Surgical attention was promptly given the injured members, the severed portions were replaced, and the injuries are healing as well as could be expected.

Lawn Contests Nearing Close

With the end of the lawn improvement contest only three weeks away, let us urge you to put the "finishing touches" to your pictures and be ready for the final pictures to be made right after September first.

Though time will not allow planting anything more, there is still time to get your grass in better condition. First, use mower and shears frequently. Second, give it plenty of water. Third, "pet" the bald spots with a light dressing of fertilizer and keep moist.

Don't be a quitter! While everyone cannot win a prize, yet you can do much to make your own place and your home town a more attractive place to live in.

Will you be in the finish on September 1st?—Mrs. E. I. Hill, chairman judging committee.

Applewhite And Harris Separate

Messrs. W. M. Harris and J. K. Applewhite, who for several years have been conducting an extensive business here under the firm name of Harris & Applewhite Hardware & Furniture Co., have found it to the interest of each to dissolve partnership and they are accordingly dividing their stocks of goods this week.

Mr. Harris is taking the hardware and furniture end of the business and also the undertaking department, while Mr. Applewhite is taking the farm implements and tractors. Mr. Harris is taking the south half of the building, in which he will continue to operate a hardware and furniture business, and Mr. Applewhite is taking the north half for his purposes.

Each of these gentlemen will have a statement and announcement in the paper next week concerning their plans.

This firm has been doing a successful business here for a number of years and has served Tahoka and her trade territory in a great way. Their dissolution is upon the most friendly terms and is made necessary, we understand, not because of any incompatibility between them but for purely business reasons. In their separate fields, they will continue to serve Tahoka and her trade territory just as effectively as in the past.

Lee Wood Is In Critical Condition

Mrs. Lee Wood, who had stopped over here to visit her mother, Mrs. E. S. Davis, for a few days, as she was on her way from Chicago back to her home at Lynwood, Calif., received a message Tuesday advising that her husband was in a most precarious condition, and she hastened away that afternoon to reach his bedside at the earliest possible moment. She was accompanied by Mr. and Mrs. Sherman Davis of Plainview.

Lee has been seriously ill for several months. A few months ago he was taken to Muscatine, Iowa, for treatment. Recently he was taken from Muscatine to the U. S. Veterans' Hospital in Chicago. Despairing of any permanent relief, his father, R. C. Wood of this city, who had been helping to care for the son ever since he was taken to Muscatine, decided to take Lee back on the train to his home in Lynwood, and Mrs. Wood, who had driven from Lynwood to Chicago in her car, started back home in the same conveyance, stopping here to see her mother.

Lee lived in Tahoka a number of years and has many friends here who deeply deplore his hopeless physical condition.

Local Boy Scouts To Swimming Meet

Tahoka Boy Scouts will participate in the southeastern district swimming meet at Two Draw Lake, Post, next Monday at 3 p. m. A free lunch will be served at 8:30 p. m., followed by court of honor at 7:30.

All Scouts placing first, second or third in the meet will receive ribbons and represent the southeastern district in the council championships at Lubbock August 21.

Those Scouts interested in going should get in touch immediately with Kary Mathis, who will see that they have transportation.

All parents and friends are invited to attend the meet.

Mr. and Mrs. Chester Connolly and little daughter Geraldine and Miss Floyce Sherrod, who have been enjoying the climate and the scenery out at Ruidoso, New Mexico, the past week, are expected home Friday or Saturday.

Miss Sylvia Robb of Greenville, home demonstration agent of Hunt county and former agent of this county, visited friends here during the week end.

MORE WORK IS GIVEN COUNTY

\$75,200 Set Aside For Work North Of Tahoka; Better Prospects Seen For No. 84

Contract was let by the State Highway Commission last Friday to the Lone Star Construction Company of San Antonio for the placing of an asphalt surface on highway No. 84 from Tahoka five miles west. Included in the same contract also was the placing of a Seal Coat on highway 9 from Lamesa to the Lynn county line, and asphalt surface on No. 15 from Lamesa to the Gaines county line.

The Highway Commission announced Tuesday that \$75,200 had been added to the current Federal aid program for the surfacing of highway No. 9 from the end of pavement 3½ miles north of Tahoka to the end of pavement about four miles this side of the Lubbock county line. This covers a distance of about nine miles.

Senator G. H. Nelson has kept in constant close touch with the highway commission, and in a telephone conversation with John Woods, chairman of the commission, he was assured last Saturday that funds would be provided and contract let at a very early date for the finishing of this stretch of highway No. 9. Mr. Nelson was assured that it would be finished some time this fall.

Senator Nelson was also assured that all grading and drainage structures and the placing of caliche base on highway No. 84 would be completed from Tahoka to Brownfield by February, 1937. The laying of caliche on the Brownfield end of this sector is beginning this week, we understand.

It is expected that grading and drainage structures from Brownfield west to the Terry county line will be under way within the next few months. Such structures have been set up already from the Terry county line to Plains.

It is also expected that the laying of caliche will continue westward from Tahoka and eastward from Brownfield uninterrupted until the entire sector is completed.

Progress on No. 84 east of Post is also reported. Grading and drainage structures are now under construction all the way from Post to the Kent county line, while completion of these structures and the placing of caliche from Post to the Yellow-house River will be accomplished by January 1, Senator Nelson thinks.

Completion of highway No. 9 through Lynn county will be accomplished before winter, and work on 84 west will proceed as rapidly as funds may be available. No definite promise has been made as to highway 84 from Tahoka to Post, but assurance is given that construction of this sector will be taken up in due time.

Mrs. Crews, Injured Recently, Improving

Mrs. H. W. Crews, now of Slide, who is receiving treatment in the Lubbock Sanitarium for a serious injury to the spine sustained a few weeks ago, is reported this week to be still improving slowly, though it will probably be necessary for her to remain in a cast for many months.

We erroneously stated last week that Mrs. Crews resided at Petty. We were also in error in stating how the injury was received. The driver of the car did not lose control of it and it did not overturn, but Mrs. Crews was thrown up in the rear of the car when it struck a dip. The incident occurred on a highway near Cleburne, while she and Mr. Crews and other members of the family were on their way to Waco to attend a funeral.

Many friends throughout Lynn county hope for her final and complete recovery.

Mrs. Ruth Parker of Monahans is here visiting her parents, Mr. and Mrs. G. C. Shaffer, and other members of the family.

BRISBANE THIS WEEK

Childhood
Tugwell's Little Girl
Holland Buys Planes
Rev. Webber Knows

Childhood lasts longer in France than in America and it is real childhood. Boys in their teens, writing letters, call their fathers Cher petit papa, "Dear little papa" — imagine that from an American "prep" school.

Arthur Brisbane

Little French girls play innocently with Toto, their little dog, hardly knowing that such things as franks exist, when much older than Assistant Secretary Tugwell's intelligent young daughter, Marcia, aged twelve, who, in partnership with her friends, Mary Frances Cottrell and Joyce Helmick, organized "a laundry for washing dogs." They advertised: "Small dogs, 30 cents; middle-sized dogs, 35 cents; groomed and washed. Dogs not good-natured must be sent with muzzles, and we cannot wash large dogs."

Too bad that parental severity broke up the dog laundry. It had announced working hours "10 a. m. to 5 p. m. on Saturdays," the studious little girls' only holiday, "all hours after school on other weekdays."

What a good example for government enterprises: the little girls really meant to work to "groom and wash" the dogs, not merely stand around and collect the 30 cents.

Plucky little Holland and her wise queen seem to have decided that the 1914 "war to end all wars" did not finish its job. Holland went through the big war safely, selling butter, cheese, eggs, not disturbed, not making any bad \$10,000,000,000 loans.

Now Holland is buying 13 heavy bombing planes in Baltimore, spending \$1,500,000 for the 13, and spending many other millions for other killing machinery.

That means work and wages in Baltimore; it may mean poison gas and death for some of Holland's neighbors.

Foreign countries read everything said about them in America; not that foreign countries care what Americans think, or attach importance to American opinion, as such; but America has money, raw products, and governments that are sometimes whimsical, changeable and boyish.

Europe, Asia and Africa watch with equal interest statements of Americans that count and more numerous Americans that float like feathers in the air.

One simple-minded Russian pointed with pride to the statement of a clergyman in our Union Theological seminary.

That gentleman, Rev. Charles C. Webber, has a plan for a better government, not based on the text about rendering unto Caesar that which is Caesar's. The big idea is to take away what is Caesar's.

Eight hundred young people were told by Reverend Webber: "God, who is not content with things as they are, is a revolutionary Being, constantly seeking to make all things new."

Rev. Webber, "recognizing this," about God being a revolutionist, has a plan to help God in his efforts; a plan as simple as A, B, C. Capitalism, he says, must be abolished. Rev. Webber wants a planned and planning social economy in the United States. Under the Charles C. Webber plan, people would own and manage such things as industry and property; no money would be spent for war, and youth would rule.

Those brought up with the old-fashioned idea of God might ask Rev. Webber, respectfully: "If God really is a revolutionary 'constantly seeking to make all things new,' why does He not carry out His will and 'make all things new' every few minutes? Can it be that He needs the help of Rev. Webber? Lenin and Stalin got along without that help."

Also arises this question: With capitalism abolished, who would build the churches, the Union Theological seminaries, and pay salaries to Rev. Webbers for reading the mind of the Divinity? Dean Swift should have known Rev. Webber when he wrote his tale of a tub.

France calls Paris the "aerial port of Europe," proudly. In America the still prouder title "Chief Air Traffic Port of the Whole World" is claimed by Miami, Los Angeles, San Diego, Chicago, Cleveland, and with a great deal of reason by San Francisco and Oakland, thanks to the magnificent bay, and to the fact that the greatest air line, running from America to Asia, starts from that neighborhood.

News Review of Current Events the World Over

Frank Knox Notified of Republican Vice Presidential Nomination—Spanish Rebels Winning Victories—Third PWA Building Program.

By EDWARD W. PICKARD

© Western Newspaper Union.

FACING an enthusiastic crowd that completely filled the big Chicago stadium, Col. Frank Knox received from Senator Steiwer of Oregon the official notification of his nomination for the vice presidency by the Republican party.

Colonel Knox

National Chairman John Hamilton introduced the senator, who spoke briefly but forcefully and with his customary eloquence. As Colonel Knox stepped forward to deliver his speech of acceptance he was greeted by a roar of applause that continued for many minutes. His fellow citizens were glad to express their gratification for the honor done him, and the thousands from outside Chicago were no less warm in their appreciation of the candidate.

In the streets surrounding the stadium was another vast throng of people who, unable to get into the building, listened to the proceedings as broadcast by a loud-speaker system.

Unlike Governor Landon, Colonel Knox devoted much of his address to the alleged failures of the Roosevelt administration which, he said, had the most glorious opportunity in the history of the nation but ignored its responsibility, failed in its job and defaulted in its obligations.

"From the day that it took office," he declared, "it embarked on a series of hysterical experiments on the economic life of a burdened people. At a time when universal co-operation was a necessity it initiated a campaign of abuse and vilification of business men. At a time when the credit of the country should have been strengthened it inaugurated a policy of credit adulteration and currency experiment that demoralized foreign trade and frightened domestic finance. It set up a system of regimentation of industry that reduced production and prevented re-employment. By coercion of congress it forced the passage of reform measures so recklessly drawn that they hamstrung the revival of enterprise and paralyzed the renewal of investment. It installed a regimentation of agriculture that destroyed food and reduced foreign markets and increased the cost of living and multiplied the expense of relief."

"At a time when private industry was struggling desperately for a new start it set up governmental enterprise to compete with private business. At a time when the burden of taxation was already hard to bear it embarked on a policy of squandering public funds and increasing the weight of taxes. At a time when united effort and mutual good-will would have completed recovery it promoted sectional hatred and class strife. At a time when returning business confidence was ending depression it began a campaign to terrorize business and subjugate the banks. At a time when confidence in the character of government was vital it established a spoils system. At a time when the economic system was worn and emaciated it performed major surgical operations upon the industrial body to see what was inside. It adopted an economic philosophy of scarcity and forced it upon a hungry and distressed people."

"No one can define the New Deal or even describe it. But we know what it means. It means federal control over local business, over local bank credit, over local wages, over local conditions of work. It leads to federal regimentation of the labor, the business, and the home of every American citizen. It leads to price-fixing and production control by federal authority. It leads inevitably to the extinction of the small business man, to the end of free enterprise in America."

Before the ceremonies started there were four big parades, converging at the stadium; and elaborate musical programs were provided both inside and outside the building.

THE WEEKLY crop report and weather summary of the Department of Agriculture revealed that the drought and high temperature were playing havoc with the corn crop in most of the leading producing states. In some sections there will not even be fodder and over a much larger area no grain will be obtained this year. There were good rains, however, in parts of the central and eastern areas and improvement was noted there in both corn and pasturage.

The present drought in Iowa, the department said, has caused greater damage to corn than that of 1934. The summary reported almost complete destruction of the crop in two southern and two west-

ern tiers of counties, with serious damage in some other sections. Thrashing of winter wheat revealed expected yields, the report said, but spring wheat conditions were termed disappointing.

PRESIDENT ROOSEVELT ended his 437 mile cruise when his yacht docked at Campobello island, New Brunswick, where he has a summer home. He shaved off the sidewiskers he had grown to surprise his wife and mother and went ashore for a picnic and a reception with members of his family and friends in the summer colony of the island. Canadian Royal Mounted police joined with the American secret service men in guarding the distinguished visitor.

Mr. Roosevelt remained at Campobello only two days and then took a special train to Quebec, where he visited with Lord Tweedsmuir, governor general of Canada.

GEN. FRANCISCO FRANCO'S rebel forces in Spain, according to late reports, were pressing the government troops seriously and winning some bloody encounters. This despite the claims of Madrid that the Fascists had been checked. The rebel columns advancing on the capital from the south were reported to be threatening communications between Madrid and the eastern seacoast at Valencia and Alicante, chief sources of the government's food supplies. Indeed, it was announced by the insurgent radio station at Seville that the garrison at Valencia had revolted and gone over to the rebels. Leaders of the insurgents claimed they held Huelva, important seaport, and all the territory between Seville and the Portuguese border. The loyalists directed a strong attack on Saragossa but advised from the front reaching Perpignan, France said their three columns were ambushed by the rebels in a narrow canyon and lost perhaps 2,000 killed. General Caballero commanded the insurgents in that action.

Gen. Franco

General Franco has been quoted as saying the revolution, when successful, will result in a military dictatorship for the time being. The government, now a red dictatorship, has taken possession of all church property and assumed control of all industry and agriculture. It also has confiscated the merchant marine to form a defense fleet. The loyalists were encouraged by victories in and around San Sebastian.

Claude G. Bowers, American ambassador to Spain, was cut off from communication with the summer quarters of his embassy at San Sebastian for several days, being himself at his summer residence in Fuentarrabia, close to the French border. He finally got in touch with the embassy and removed the staff to his villa. Mr. Bowers also provided safe haven for a number of other foreign diplomats and their families. He said he had ascertained that not a single American had been injured in the civil war. American warships and liners were utilized to evacuate all the Americans in ports where their lives were in danger.

Later Ambassador Bowers and his staff went aboard the cruiser Cayuga, taking with them some of the American refugees.

TWO MEMBERS of the American Olympic boxing squad failed to take warning from the fate of Eleanor Holm Jarrett and broke training rules soon after their arrival in Berlin. Roy Davis, manager of the boxers, advised that they be sent home, and the American Olympic committee so ordered. The two delinquents were Joe J. Church, featherweight, of Batavia, N. Y., and Howell King, welterweight, of Detroit. Their places on the team were filled by Theodore E. Kara and Chester Ruttecki, both of Chicago.

EMPHASIS is placed on smaller scale projects to be completed speedily, in the third building program of the public works administration, which was opened by the allotment of \$2,742,034 by President Roosevelt. It includes 352 projects in 37 states, and the largest of these is a courthouse for New York city to cost the government \$4,835,000. The average allotment is only \$64,323.

Secretary Ickes, PWA administrator, said that, in addition to 45 per cent donation, PWA will lend \$2,142,000 to help communities defray their 55 per cent share of the cost. President Roosevelt has ordered that all projects "be completed by October 1, 1936, reach a peak by the end of the year and be completed by October 1, 1937."

Third Party Is Doomed to Fail

Will Hurt Landon, Not Roosevelt; See Great Fight Ahead; Coughlin's Break

By EARL GODWIN

WASHINGTON.—When Father Coughlin stood on the platform in Cleveland, addressing the Townsend Old Age Pension convention, and called President Roosevelt a "liar and a betrayer," he started downhill then and there. His tirade was a part of the midsummer madness of a general political ferment of the members of a kind of lunatic fringe (as Theodore Roosevelt would have termed them) and now that it is all over, even with the attendant apologies, I will state with some authority that the third party movement in this country this year will be a failure.

All that agitation at the Cleveland convention of the old age pensioners, the Huey Long Share-Our-Wealthers, the radio priest followers, and Bill Lemke, was staged partly to attract the attention of the men who would finance anything to hurt Roosevelt. If these anti-Roosevelt millionaires believed the Lemke third party and the Coughlin Union for Social Justice could draw votes from Roosevelt to elect Landon, they would put carloads of money at Lemke's disposal. But they are practical men. They feel that the outburst did not hurt Roosevelt. Some think now this Lemke party, if it gets going, will draw more from Landon than from Roosevelt.

THIRD PARTIES FAIL

It takes more than abuse and hysteria to elect a president, or to draw from the strength of a candidate. It takes well planned organization to elect a president; and no movement without such organization can effect much. Lemke right now has nothing in the way of an organization. He may not even carry his own state of North Dakota. We have had two parties promising a rosy millennium for several years; one as the Socialist party, and other the Communist party; but scarcely anyone who reads this will realize that these two parties really put on regular campaigns — which get anywhere.

The Bull Moose campaign was a third party effort which split the G. O. P., and elected Woodrow Wilson. In 1924, the elder LaFollette ran on a third party ticket when Coolidge opposed John W. Davis. LaFollette got about 4,000,000 votes with a large section of organized labor helping him, but he carried only the single state of Wisconsin. This is not a country where third parties are successful. The logical third party this year would have been one led by Senator George W. Norris of Nebraska, but he looked the ground over and decided that a third party would get nowhere.

PRETTY FIGHT AHEAD

The Democratic campaign will start late by predetermined counsel; and when it starts you will see a pretty fight. Roosevelt has always been a spectacular campaigner and this time he has the world of reaction and selfish interest against him. They've been trying to waylay him from the time he first started years ago in New York. Now that he has cut down the power trust a little bit and has started on his effort to spread opportunity and jobs to the rank and file of folks, the big boys simply are beside themselves with fear that he will continue his democratizing processes. Hence the campaign of anti-New Deal hatred. The opposition will have \$4,000,000 in the Republican campaign chest; but it will have possibly \$15,000,000 more in money resources behind propaganda organizations which will not have to account for their expenditures. This money will be used for anti-New Deal propaganda which the Republican National committee can disclaim if it wants to — but which helps the Landon chances. So the Democratic campaign, will, I take it, be a person-to-person affair. There isn't the slightest chance of Roosevelt getting any really big money—and it will be all the more glorious a personal victory if he wins over this array of reaction, which I think he will.

NEW DEALERS CONFIDENT

Landon's managers are making a great show of farmers who say they will vote for Landon. And in truth there is a fair battleground in the farm states from Colorado east to Ohio—the regular midwest farm sector. The Republicans may have the East as they claim—but they've simply got to have those middle west farm states; and they are certainly making a bid for them. The Democratic campaign has not yet started and when it does there will be a stiffening of the battle. The New Dealers are confident they will have a good record to refer to and a good platform to offer; they know that the farmers are better off now than in the previous administration; they know they have refinanced a million farms, and that the farm debt is not anywhere nearly so much of a burden as it was. They

will make considerable of the electrification program for farms; and they will explain the truth about the tariff and the reciprocal trade agreements which the Republicans are now dishing out a bit at a time, but never telling the whole story. However, it will require a strenuous campaign; and if the Democrats would get a trifle scared and not trust too much to luck they would be better off. They have a traditional Republican crowd to deal with in many farm areas; the old pull to vote Republican is going to be hard to overcome; and right now the Republicans are telling the farmers that the G. O. P. had a better New Deal than even the New Deal itself. "We can offer you all these bounties from Washington, too," they will say, "and our bounties will give you more and cost the country less." The old fakers selling medicine from the tail of a cart couldn't do better.

FARMERS FOOLED

American farmers were suckers when they listened to the tariff promises of previous administrations. The Smoot-Hawley tariff did everything for industry — and knocked the farmer flat. It reduced farm exports to a pitiable trickle instead of a great stream; and it is that world-market we are trying to regain through the action of the present reciprocal trade agreements. These are give-and-take arrangements. You take our manufactured machinery and we will take your rubber. "You buy our clothing and we will take your coffee." Things like that. Now the effort is being made by industry to make the farmers believe that the country is being flooded with foreign agricultural products. That will make farmers want an old time tariff which protects the manufacturer, but which is death to the farmer. . . . the old story. International trade is not a one-way affair, when you sell you must buy from the people you sell to. It's the same between nations as between people in any town.

When you make it tough for a fellow to deal with you, he is not going to throw any business your way. Incidentally, these high tariffs abroad are what is making the international trouble and the threat of wars abroad. Our good neighbor policy and reciprocal trade agreements are exactly the opposite.

The fact is that we are not letting in oceans of wheat, corn, rye, oats or butter. Those are protected by a proper tariff. Apart from Cuban sugar, which comes in under a general quota agreement to supplement inadequate continental production, not over three per cent of our agricultural imports, either directly or remotely competitive, can be attributed to trade-agreement concessions. Farm prices in the domestic market are about twice as high as they were when the Roosevelt Administration entered office and farm income last year was nearly two-thirds larger than in 1932. True enough, imports are on the increase, but so are exports, which is the entire object of these trade agreements.

SPEECHES FALL FLAT

There isn't a cheer in a carload of Landon's speeches. He makes a speech that doesn't even stop people from gossiping with each other when they sit about the family radio and forget to listen. After a session with the governor's acceptance speech as G. O. P. nominee, America turned off the radio with the expression "Oh, Shucks. . . . Too bad, for here's a fellow who is going to spend the summer and fall wrapping himself in the Stars and Stripes and pointing at the Constitution." Ordinarily there's an act which always brings down the house with applause. But Governor Landon is not able, even with the oldest sure-fire device of the soap boxes, to start a riot among the listeners. This sad fact reduces interest in the campaign.

As I take it, the governor thinks that prosperity comes back whenever there is a Republican in the White House. Landon's plaintive promise that everybody would be employed by a restoration of the old baronial free-for-all Hoover day economies, was almost too much to bear. Unemployment, as he fails to see, is not a political matter; it is a tough problem of the machine age which is turning out more and more goods and employing fewer and fewer men.

So far I have seen and heard nothing as to just what Landon will do in the event of his election. The things he advocates are under way; many of the things he fails to advocate are also under way and are giving the country courage.

Landon threw away all organized labor support in his acceptance speech; but he gains the warm support of the big manufacturers; like the U. S. Steel outfit, whose labor policies are dictated by J. P. Morgan. In this, too, he helped the Pennsylvania Democrats carry that rock-ribbed G. O. P. region for Roosevelt, because the mine workers there are bitter toward the Republicans. The Landon relief views are hazy; the G. O. P. platform declares for relief by states; Landon seems to hanker after federal relief—but says he can reduce the cost by "taking it out of the hides of politicians." If he thinks he can turn a horde of Republican politicians loose on the administration of a billion and a half of relief money — and show a profit then the G. O. P. has lost its cunning at skimming the cream.

CHAPTER XII—Continued

He wiped his glasses, and went on. "I'd written a cable ordering your arrest. There didn't seem much sense in sending it. I was stuck in Bad Nauheim. My son was locked up in the Tombs. You seemed bent on getting him out. It was a chance. I telegraphed Harwood to give you every possible aid. I told him to raise your salary, and I signed a check for my wife to send you. She didn't know that you weren't her boy, and she didn't know I knew anything. Nobody knew. I kept my mouth shut, and the wires busy.

"Two weeks ago, I learned that you'd accomplished nothing and that the date of the trial was set. I went to my doctor, and he said I could make the trip. After I'd booked passage Harwood cabled about the Morano clew. Then I told my wife everything, and came home.

"To deal with me?"
"Yes."
Apparently that was all. Ridder had made his statement, coldly, calmly, as a judge might have spoken in charging a jury. The charge over, he waited again—so long that the pause became unendurable. Barry was standing—like a prisoner in the dock. After a moment, he said: "What are you going to do?"

"Listen to your explanation."
"I haven't any."
"There's a police officer in the next room."

"Yes," Barry answered. "I felt sure there would be."
"Is there any reason I shouldn't turn you over to him?"

"None that you don't know about."
He was as cold and as calm as Ridder. Two cold, calm men, looking at each other. Ridder knew everything. He knew what Barry had done for his son, and had "a police officer in the next room." Knowing everything, he waited until Barry could be of no further use and then sent for "the cops." A hard man and a mean one. That was that.

"I'm not going to beg off, if that's what you want," Barry blurted. "You know what I did—"

"I want to know why you did it."
"I don't know myself."
"No?"
"No."

"I think I do know," Ridder said. His glasses were still in his hand, and he was scrutinizing Barry through narrow eyes. "Half a dozen people have been here to plead for you. One of 'em's still here. To listen to them, anybody'd suppose you broke into my house to do me a good turn. You didn't exactly do that, did you?"

"No," Barry answered. "I didn't."
"The obvious thing seems to be that you broke in to help yourself. The servants arrived and mistook you for my son. That enabled you to stay on. Then my son's wife appeared. You silenced her by undertaking to get the boy off. That's the story, isn't it?"

"Pretty nearly."
"And then you remained to face me because you thought you could bluff your way out. That was the game, wasn't it? Blackmail?"

Barry was getting angry. It was unbearable; this hard, mean old man twisting his motives, incapable of admitting that a single one of them might have been honest. Why should he remain silent? He was in for it, anyway.

"As a matter of fact," he found himself saying, "that isn't my game. The story you told isn't my story. It's merely what happened, with all the truth left out of it."

"Then why don't you tell me the truth?"
"You wouldn't believe me. You couldn't, because you couldn't understand. I broke into your house because I was cold, and wet, and hungry. I stayed, at first, because I was nuts about a girl, and wanted to be near her. Then Peggy came—she's your daughter-in-law, you know—and told me her story. I was sorry for her. Terribly sorry. But, of course, you don't believe that."

"Why not?"
"Because you knew the story, too. You had 'em trailed all about Florida. You knew the fight he'd made, and she'd made for him, and you didn't give a damn. I haven't got a friend in the world," she said. "Just a sick kid, and a husband I'm strong for shut up in the Tombs. That's why I stayed on in your house, using your name, to help her. At least, I think it is. You don't. You couldn't. You never felt sorry for anybody. You've got the truth now—the whole truth. Send for your cop, and let's have it over."

The old man sat watching him. And then, suddenly, he thrust forward the paper he'd been reading when Barry entered.

"How do you explain that?" he asked.
"What is it?"

"The wireless you sent my wife two days after you broke into my house. To make her think that you were her son. When you wrote that, you'd never seen Peggy. You didn't know you could help anybody. You were perpetrating a cruel hoax to stay on in my house, and feather your nest. Is that true, or isn't it?"

"It isn't."
"Then why did you send that message?"

Barry didn't answer.
How could one answer—to that hard, mean old man—"I sent it because I never had a mother, and liked pretending that I had? How could one say, 'I felt sorry for her, too. I wanted her to believe that her boy loved her?' One simply couldn't, and so Barry remained silent.

The old man was waiting.
"Go on," Barry said. "Get your cop."
"If I have you arrested, the cat's out of the bag."
"I don't get you."
"Every one's going to know that the man in my house wasn't my son—that my son was in the Tombs."
Barry's eyes flashed.
"You would think of that. Well, go ahead; ring. My mouth's shut, too. I did this to give those two kids a break. I'm not likely to spoil it now, am I? Go on, ring, and let's have it over."

The old man's hand descended upon the button.
Then the big door opened, and a secretary entered.
He glanced at Barry, and whispered to Ridder.
"All right. We're finished."
The secretary glanced at Barry again and left the room.

With cold, calm eyes, Ridder indicated the door behind him.
"In there," he said, rising and walking away.
Barry looked after him.
"Tough guy," Barry muttered quite audibly, quoting Peggy. His hand was on the knob now. "Tough guy—that bird."

Then he braced himself and opened the door.
It was dark in the next room. Quite dark, after the dazzling sunlight of Ridder's office.
Barry closed the door behind him and stood trying to accustom himself to the new dimness.

There was only one window here, and that heavily curtained. No way in or out, except that by which Barry had come. A smallish board room, this was, for staff meetings. Barry made out a long table, with chairs about it, and several file cabinets. Beside these, some one was waiting.

The "cop"?
Before Barry could answer his own question, the figure turned and came forward.
Patricia.
Patricia Hambridge, in a blue tailored ensemble.

Barry laughed.
"Pat!" he exclaimed. "I thought you were a policeman."
"No," she replied, grimly. "There's one outside, though. My father warned me."

He was still holding her when the old man came through the door.
"What you step in here, please?" the old man asked, as unemotionally as though he had seen people embracing one another in this board room every day of his life.

Without replying, Barry released Pat.
Then he pressed her shoulder, reassuringly, and followed Ridder.

At the big desk, Mrs. Ridder was standing. He recognized her at once, though she was younger—and prettier—than he had expected. "Forty," Barry guessed, glancing at her wavy, dark hair, and then realized that she must be more than that. She looked very much like her son, Barry thought. Curious. That was the stronger strain, then, even though she seemed as soft and gentle as her husband was hard and domineering.

She was a small woman, with plump arms, and tiny wrists and ankles. She had large, brown eyes, with shadows under them. They had shown suffering, those eyes, though they were bright enough now. "Snappy," Barry described them.

"My wife," Ridder nodded toward her, curtly.
She came forward, her hand extended to Barry.
"I want to thank you," she said, quietly.

Before Barry could answer, Ridder asked, "Why didn't you tell me you'd left all this at Southampton?"
"All what?"
"Your accounts," Mrs. Ridder explained. "Evans gave them to me this morning, but I didn't open the envelope until just now. Then I brought it straight to Mr. Ridder."

"What's this mummery about paying your board? . . . Come in, Miss Hambridge."

(TO BE CONTINUED)

Washington Inspected Steamboat
On September 7, 1784, George Washington, in a certificate stating that he had inspected James Rumsey's steamboat model, wrote, in part: "I . . . do give it as my opinion . . . that the discovery is of vast importance—may be of greatest usefulness in our inland waters." Rumsey's idea of propelling his craft by forcibly ejecting a stream of water from its stern never proved practical. Fulton and others were to bring Washington's optimistic prediction to fulfillment. The incident demonstrates, however, that as early as 150 years ago, a few far-sighted men like Washington clearly saw the importance of taking advantage of all possible means of improving communication between the widely separated sections of the new American republic.

He was still holding her when the old man came through the door.

"I want to thank you," she said, quietly.

Before Barry could answer, Ridder asked, "Why didn't you tell me you'd left all this at Southampton?"
"All what?"
"Your accounts," Mrs. Ridder explained. "Evans gave them to me this morning, but I didn't open the envelope until just now. Then I brought it straight to Mr. Ridder."

"What's this mummery about paying your board? . . . Come in, Miss Hambridge."

"Did it matter so much to you?" Barry asked.
And then was sorry he'd said it.
"We've all been long on eavesdropping," he added, quickly. "Old Ridder, your father—"
"We've all had good reason."
She was standing beside the long table.
"You asked if it mattered to me," she said. "Don't you know?"
"Why should it matter?"
"Don't you know that?"
"We've been good pals—" he began. She was staring at him fixedly.
"Don't talk nonsense," she commanded.

Barry sat next to her.
"Listen," he said. "You're a lady—"
She laid her hand on his arm.
"I've only one question to ask," she declared, "and I count on your answering that honestly."
"You can."

"You said—to Ridder—I stayed, at first, because I was nuts about a girl."
"Yes."
"Was that true?"
"Yes."
"Who was she?"
"I told you a month ago."
"Under considerable stress. And you never repeated it. Are you still nuts about her?"

She used the absurd colloquialism as gravely as though it were Shakespearean English.
An invisible hand clutched at Barry's throat.

There was a lump there—something that had to be swallowed immediately. He felt a hysterical desire to laugh, or to cry. Then, "We won't talk about that now," he said, calmly.

"Why not?"
He couldn't answer.
"Was that pretense, too?"
Suddenly, he couldn't bear it.
"You know damned well it wasn't," he burst forth, inexorably. "You know exactly how I feel. You've always known. Everybody's always known everything about me. It seems, I'm as much a failure at faking as I am at everything else. What's the sense of discussing it now?"

"This may be our last chance to discuss it."
They were both standing. Looking straight at each other.
Then, Pat said, "I love you."
"For God's sake—listen—I'm the son of a ne'er-do-well."

"I love you."
"I'm a bum and a vagabond."
"I love you."
"Before night, I'll be a jail-bird."
"I love you."
"Pat—"

"I'll wait for you," Pat said. "And then we'll both start fresh."
She was smiling now.
"Will you marry me, Mr. Gilbert?"
For answer, he caught her up in his arms.

He was still holding her when the old man came through the door.
"What you step in here, please?" the old man asked, as unemotionally as though he had seen people embracing one another in this board room every day of his life.

Without replying, Barry released Pat.

Silk for High Style Sports Wear

By CHERIE NICHOLAS

MIDSUMMER means sports, and this year sportswear in the fashion picture means silks, for every outdoor activity from golf to swimming or just lazing about.

The smart golfer, this season, wears a simple shirtwaist frock of washable end-to-end or striped silk shirting or of classic silk crepe of marvelous quality or some other of the new linenlike silks, if not silk shantung. These smart and practical silk shirtmaker dresses often have fly fronts, tucked bosoms and pockets for your golf tees as the model centered in the picture display. Blue silk crepe fashions this stylish and practical frock.

Very feminine and graceful for tennis are short dresses of soft silk weaves such as silk jacquards or Chinese silk damasks which are light, cool and comfortable. They are usually cut short, with sunback décolletage, offering a refreshing contrast on the courts to the shorts and slacks that are so commonly worn. New for the tennis enthusiast is a white jacquard silk-crepe frock cut on princess lines with a gored handling, the jacquard patterning showing lively little tennis-playing figures. See a model of this description to the left in the illustration. Note it has a squared décolletage and wide shoulder straps. Culottes are also a practical choice for tennis dresses.

For beach and bathing very smart women are wearing silk. The newest mode going is the little dressmaker suits fashioned whimsically of plain or printed silk crepes, silk shantungs and other novelty silks. Kind to the figure are they, being made in one piece effects with pleated or flared

shorts. The most practical have matching jackets reaching just to the bottom of the suits as you see pictured to the right in the group. This model is of daisy-printed, dependably washable silk crepe. The shorts are pleated and the loose, matching swagger jacket has a youthful Peter Pan collar.

For the girl with a perfect figure there are also the silk latex suits which fit the body like a glove and have touches of dressmaker detail at the bosom. The newest trick is to wear them with one's jewels. There is such a variety in silk bathing and beach suits this summer that you can have two or three entirely different types in your outing wardrobe.

Pajamas are a "must have" for a vacation outfit, whether they are elaborate models that must stay on the beach or in the cabana, or the womanlike strictly tailored types that can safely receive guests in your own home or go out to call informally at an intimate friend's.

They are made in tailored silk linens, silk shantungs, novelty sports silks, silk crepes.

Bathing suits with halter bodices and wrap-around skirts made of print silks in gay peasant design are also very good-looking, and add infinitely to the picturesque beach panorama.

The craze for prints increases rather than languishes. It seems to be prints for everything and instead of growing weary of them there is that in them that intrigues more and more as the season progresses. If the entire costume be not of print then fashion offers a compromise in the way of accessories of vivid silk print. Scarf accents as belt, triangle scarf and bag of colorful silk print enliven many costumes.

SAILOR SUITS

By CHERIE NICHOLAS

Fashions for girls are playing up nautical themes. It is said that "back to school" clothes will adopt such details as lacings and marine insignia. The sailor suit in navy and white of linen or light wool is an immediate favorite and will remain important throughout fall. The "gob" bereet in white felt or pique with brightly ribbon ends over the hair at back is ever so smart to wear with the new sailor-inspired dresses.

BRAIDED ELASTIC MAKES DANDY BELT

Golf is a game where enthusiasts are offered more accessories a season than can be squeezed into a dozen clubroom lockers. All are intended to improve a duffer's game, but most of them turn out to be gadgets that fail their purpose.

One really successful accessory, however, that will be very much in evidence on the golf course this summer, is a belt made of braided, silk-covered, elastic cord. The belt looks like one of the corded belts so popular this season for sports wear. The rubber cord supplies the extra "give" that every sportsman seeks, and makes for maximum playing comfort.

The belts come in the leading summer colors, including black and white combination, polar bear, marine blue and plain white.

Blue Jeans Sportswear Is Popular With Young Folks

Of particular interest to young people is the blue jeans sportswear worn by many of the debutantes. With these navy blue jeans are worn shirts of every shade of braided, silk-covered, elastic cord. The belt looks like one of the corded belts so popular this season for sports wear. The rubber cord supplies the extra "give" that every sportsman seeks, and makes for maximum playing comfort.

The tailored suit for week-end trips is much in evidence, as are culottes, tennis dresses and the highly practical three-piece dresses with shirts, shorts and skirts.

HE DEFEATED HIMSELF

HISTORIANS lay the blame for James G. Blaine's defeat to a number of men. But the fact is that Blaine defeated himself—with the aid of Roscoe Conkling.

It started when both men were young congressmen. One day in 1866 the New Yorker, who had been lording it over the lower house, became engaged in a dispute with the Maine representative and declared haughtily: "If the member from Maine had the least idea how profoundly indifferent I am to his opinion upon the subject under debate, I think he would hardly take the trouble to express it."

Blaine rose and, facing Conkling, delivered this speech: "As to the gentleman's cruel sarcasm, I hope he will not be too severe. The contempt of that large-minded gentleman is so willing; his haughty disdain, his grandiloquent swell, his majestic, supercilious, overpowering turkey gobbler strut has been so crushing to myself and all the members of the house that I know it was an act of the greatest temerity to venture upon a controversy with him. But, sir, I know who is responsible for this. It is not his fault. It is the fault of another. That gifted and satirical writer, Theodore Tilton of the New York Independent, spent some weeks in this city recently. His letters published in that paper embraced, with many serious statements, a little jocose satire, a part of which was the statement that the mantle of the late Winter Davis had fallen upon the member from New York. That gentleman took it seriously and it has given his strut additional pomposity. The resemblance is striking. Hyperion to a satyr; Hercules to mud to marble; dunghill to diamond; a singed cat to a royal Bengal tiger; a whining puppy to a roaring lion."

That brief talk—it took only two minutes—ruined Blaine's political career forever. It completely squelched Conkling, but it pierced his vanity to the roots. From that moment he hated Blaine and for the next 20 years devoted himself to thwarting the "Plumed Knight." Twice he kept the New Englander from getting the Republican nomination and once contributed to his defeat at the polls in November.

ROORBACK

AS ELECTION time nears, watch out for "roorbacks"—those campaign lies which are circulated in the last few days of a campaign by partisans of one candidate to discredit and perhaps aid in defeating another candidate. We've had such canards in every political campaign since the days of John Adams but it wasn't until 1844 that they were given their distinctive name.

On August 1 of that year a letter was printed in the Ithaca (N. Y.) Journal which asserted that James K. Polk, the Democratic candidate, branded his slaves with his initials as though they were so many cattle. Other abolitionist journals promptly reprinted the letter to sway sentiment in the North against the Tennessean and it was as promptly denounced by Polk's supporters.

The editor of the Journal was attacked viciously and he retaliated by starting libel suits against his detractors. He declared that the truth of the statement could not be doubted, since the authority for the statement was a book which had "received the approbation of every American critic." It was Roorback's "Tour Through Southern and Western States in the Year 1836" and Roorback was a foreign observer with no personal interests and no friends to flatter. Moreover he had written his book long before Polk was a candidate for President.

But Polk's friends soon proved that the whole thing was a hoax. They showed that the alleged quotation from Roorback's "Tour" had been lifted from George William Featherstonhaugh's "Excursion Through the Slave States." After giving verbatim this Englishman's description of a slave trader's encampment, the author of the letter to the Ithaca Journal had added: "Forty of these unfortunate beings had been purchased, I was informed, of the Hon. J. K. Polk, the present speaker of the house of representatives; the mark of the branding iron, with the initials of his name on their shoulders, distinguishing them from the rest."

After this revelation, the whole "villainous forgery" was investigated, the editor of the Ithaca Journal was exonerated and the author of the letter exposed as a Democratic officeholder, belonging to a faction opposed to Polk. The excitement over this incident died down before the election but by that time the fame of "Roorback," a man who had never existed, was firmly established and his name has come down in history as a synonym for a political forgery or a lie in a whispering campaign.

AN IDEA FROM EAST TEXAS

Senator G. H. Nelson, of Tahoka who represents the South Plains in the upper house at Austin, was stumping on the highways and the byways for Governor Allred in recent primary campaign and in addition to doing some good for the governor, apparently did some good for himself, too.

Witness this editorial comment in the Athens Daily Review—one of the leading dailies in rock-ribbed East Texas—presided over by Editor R. T. Craig:

"It is far too early to begin talking about candidates two years hence. But in every campaign there arises a new leader who attracts attention. In the present campaign, Senator G. H. Nelson of Tahoka, who spoke here for Governor Allred, not only proved himself a logical thinker, but he has a grasp of state affairs that few men possess that we have come in contact with."

"Senator Nelson reminds one of Dan Moody when he came on the political scene in Texas. He is aggressive, a fluent speaker, and another one of the outstanding men who has made his own way. Paying his way through Commerce Teachers College by dish-washing and other such work, he went on to secure his law degree at the university. He was elected county and district attorney successively and while serving in the latter capacity ran for an unexpired term in the senate and was elected."

"His first year in the senate he attracted statewide attention by his introduction of an amendment to the constitution for a unicameral house, or in plain language, a single legislative body to pass the laws of the state. Such a legislative body would be far less expensive, less cumbersome and would result in a tremendous saving to the taxpayers. The bi-cameral legislature has long since lost its usefulness in Texas. This bill alone shows he has the interest of the state at heart."

"Senator Nelson was born in Cass county, East Texas, but has made good in his adopted West. He defeated some of the outstanding men of that section for the senate, which shows his adopted county holds him in high esteem. He is the type of man who would make this state a good attorney-general. And since

that office is usually a stepping-stone to the office of governor the Review would like to see West Texas put him forward as a candidate for the office two years hence. Certainly he is head and shoulders in ability above the two or three men who are already fishing for the job."

While the Avalanche-Journal has never thought of Senator Nelson in connection with the attorney-generalship, perhaps it is only because "a prophet is without honor in his own country." As a matter of fact, Athens Editor Craig's idea is downright intriguing.

Senator Nelson's service in the senate thus far has mightily pleased us, as well as thousands of his constituents, and a glance at his record to date indicates that he may be marked for bigger things. Whether the senator has ambitions to be attorney-general, or not, he has never indicated to us. But he is a young man with good background, good platform presence and good potentialities and we see no reason why he should not be amenable to the idea six years from now, if not two years from the present time.

The Avalanche-Journal believes the South Plains, and all of West Texas for that matter, would joyously get behind Senator Nelson for a bigger and better office—assuming that his future service in the senate is as highly acceptable as it has been thus far—if other East Texans of the stature and leadership of Editor Craig will join us in the push.

The proposition is well worth thinking about—not only on the part of his constituents but also on the part of Senator Nelson, himself. —Lubbock Avalanche-Journal.

The news has long had Senator Nelson in mind as good material for Attorney-General or even higher honors, but we had just been waiting for somebody else to nominate him. Nelson is honest, capable, vigorous, and possibly ambitious—just the qualities necessary to carry him to success. The South Plains will be for him when he gets ready to seek a promotion, and we believe that East Texas will join in promoting the political fortunes of this native son of the Piney Woods.

The recent political campaign in this state was remarkably quiet. There were practically no heated arguments on the streets. Some of the candidates for the higher offices undertook to "pour it on" their opponents, but there was little response on the part of audiences. The people refused to get excited. They seemed to be apathetic. Many of them never expressed their choice of candidates during the entire campaign. But they went to the polls on election day in unprecedented numbers. They were evidently more interested than they had seemed. Doubtless they were more thoughtful than usual. All of which, we think, is a good sign. Usually we need more light and less heat in our political campaigns. Candidates who undertook to furnish heat without light were left in the dark on election day.

We think many of our Democratic leaders have been too indifferent to the Constitution. Too often they have tried to evade or have openly violated its plain provisions. Some of the department heads have itched and longed for more power. We think it well that this tendency toward dictatorship was squelched by the Supreme Court. On the other hand, we believe that the Democratic party is the only party today with a progressive program and a forward look. Under Landan, the Republican party would sink into the state once described by Grover Cleveland as "innocuous desuetude." It would become a mere sleeping giant. It would do nothing but the bidding of Big Business. It is completely dominated by the special interests. We favor progressiveness within the limits of the Constitution, depending upon the Supreme Court to curb our activities when we overstep our authority, rather than the do-nothing policy of the Republicans.

TO THE CITIZENS OF LYNN COUNTY:

I wish to express my appreciation for your vote of confidence in electing me your next County Judge. I feel the overwhelming majority of votes that I received shall only increase my responsibilities in this office and make me more determined to serve you better. I hold no ill-will toward those who voted against me.

It will be a pleasure to serve you. Whenever I can assist you do not hesitate to call on me. Again I thank you very sincerely. — P. W. Good.

BENSON THANKS THE PEOPLE

I sincerely thank the people of Lynn county my gratitude for their generous support in the recent primary election. It will be a pleasure to me to try to repay them as best I may by rendering the very best service possible. Again I thank you. —Hattie Server.

MISS SERVER THANKS THE VOTERS

May I express to the people of Lynn county my gratitude for their generous support in the recent primary election. It will be a pleasure to me to try to repay them as best I may by rendering the very best service possible. Again I thank you. —Hattie Server.

Poultry Raisers! IMPORTANT NOTICE \$1000,000,000 Lost

W. S. SWAN THANKS VOTERS OF HIS PRECINCT

To the voters of precinct No. 1, Luyy county: I deeply appreciate the nice vote you gave me for Justice of the Peace in this Precinct July 25th, and in return I promise to give you the best service I am capable of rendering.

Yours very truly W. S. SWAN

LUBBOCK—Thousands of year-old trees adapted to this region will be planted in a temporary eight-acre nursery at Texas Technological College by the Soil Conservation Service. When the trees reach suitable size they will be transplanted to form windbreaks on farms in this station. The nursery will be used for observation and study in laboratory work dealing with soil management and landscaping.

Enough electricity is carried on the surface of the red blood cells to keep a 25-watt lamp burning for five minutes, according to Drs. L. S. Moyer and H. A. Abramson, of Cold Spring Harbor, L. I.

Prof. C. J. Kraemer, of New York University, has announced the discovery in Palestine of a number of rolls of papyrus written in the sixth century, A. D. These papyri, written in excellent Greek, are the first ever to be found in Palestine.

More than 4,000 cities and towns in this country now chlorinate their water supplies which has cut the annual death rate from typhoid fever from 25 to four per 100,000 population.

Try CARDUI For Functional Monthly Pains

Women from the 'teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

MARRIAGE OF LOLA BELLE EDWARDS IS ANNOUNCED

Mrs. E. S. Evans entertained a number of her friends at a bridge party in her home at three o'clock Wednesday afternoon.

One of the pleasant events of the occasion was the announcement of the marriage of Miss Lola Belle Edwards, the honor guest, to Mr. Joe Boles, which occurred on December 11, 1935, at Clovis, New Mexico.

The happy couple had kept the marriage a secret all these months for business reasons.

The bride is the daughter of Mr. and Mrs. W. B. Edwards of this city. She is a graduate of the Tahoka High School, having been a member of the class of 1931. Later she took a business course and has since been engaged in business pursuits. For the past year or two she has been in the employ of the Lindsey Theatres, Inc., Lubbock.

Mr. Boles, son of Mrs. Ethel Boles of Slaton but until recently a resident of Lubbock, is a graduate of Plainview High School. For the past two or three years he has been employed at the Broadway and Lyric Theatres in Lubbock. The young couple will reside in Crosbyton, where Mr. Boles will be manager and Mrs. Boles cashier of the Queen Theatre.

Bridge guests at the home of Mrs. Evans Wednesday afternoon when announcement of this marriage was made were: Mrs. Joe Boles, the honor guest, and Mmes. Prentice Walker, Edgar Edwards, Jess Gurdley, A. P. Edwards, Summer Knight, Buster Fenton, Carl Griffing, Rollin McCord, LeRoy Knight, Miss Evelyn Wells, and the hostess, Mrs. E. S. Evans.

Tea guests were: Mrs. Ethel Boles of Slaton, mother of the groom, Mrs. W. B. Edwards, mother of the bride, Mrs. A. J. Edwards, Mrs. Carlos Edwards, and Misses Erma Faye Edwards, Jeanette Oliver, and Mona Raye Lewis.

H. B. McCord Jr

Is leading the Boys and Girls' Contest with 19,980 votes.

- The first ten this week are:
1. H. B. McCord Jr. 19,980
 2. Sina Barrington 17,540
 3. Nat Park 14,060
 4. Billie Burt Stevens 8,300
 5. Jo Anne Bennett 6,950
 6. Adele Thompson 5,200
 7. Billy Jack Hancock 4,400
 8. Fred Bucy Jr. 4,200
 9. Joe Bob Stroud 4,100
- And Maurine Buchanan, Raymond Davis and Charlene Bucy are all tied for 10th place with 4,000 votes each.

It is not too late to enter the contest. All children under 11 years of age may enter this week.

Starting with Saturday, for one week we will give 1,000 votes for the purchase of one package of cigarettes, 1,000 votes for each pint of ice cream sold and 2,000 votes for each quart sold, and 300 votes for 10c worth of merchandise of any other kind. You get votes only on cash sales or cash paid on account.

"WHERE YOU MEET
YOUR FRIENDS"

BUSTER KING MARRIED AT LEVELLAND, THURSDAY

The marriage of Miss Louise Hinson of Levelland to Mr. Buster King of Tahoka took place last Thursday, July 30, at the home of Mr. and Mrs. M. T. Vialle of Levelland. The double ring ceremony was read by Rev. W. F. Fry of Levelland.

An informal dinner was held after the ceremony at the Hotel Coffee Shop.

Those present were: Mr. and Mrs. O. L. Hinson of Levelland, Mr. and Mrs. G. W. Good of Roesville, Mrs. Alfred Pieritt of Lubbock, Mr. R. L. Carleton, Mrs. M. T. Vialle and daughter, Miss Mary, of Levelland.

The bride is the daughter of Mr. O. L. Hinson of Levelland and was in training at the Lubbock Hospital. Buster is the son of Mr. B. C. King of Tahoka.

The young couple will make their home in Hobbs, New Mexico.

PRESBYTERIAN SERVICES SUNDAY

One of the many kinds of splendid service of the Lynn County News is this giving of space to all of our church services in Tahoka. We thank you. Do you always read our notice? Thank you.

After the election a great many have retired to the quieter ways of life. They are already elected to attend Sunday School and Church. No revelry or competition here. In a world like ours, people ought to go to church on Sunday.

Our own crop outlook is poor in spots. Other states and sections at this time are in the grip of a drouth and human destitution indescribable. Our world situation gives us a deep sense of our human frailty and dependence upon God and the nation's need of returning to Him who sends the evening dews, the sunshine, and the showers—the giver of all good gifts. Not big crowds, but the faithful few in every age have been the salt of the earth. The world's work and human progress has all along depended upon God's faithful folks. Thank the Lord for these in every time and place.

Remember our Sunday School and preaching hour 11 a. m. Sunday. No night service. Morning theme: "What to do with Our Knock-outs or Defeats." They come all along the way of life. Test of faith is our behaviour under trial. If you don't go elsewhere, glad to have you in our service Sunday 11 a. m.

After next Sunday at Tahoka, the pastor goes to Shreveport, La., where he will supply the First Presbyterian Church there during the pastor's vacation season. The Shreveport Church sends a railroad pass and a most cordial invitation. This takes me toward home, and will leave the early part of next week, after Sunday at Tahoka.

Be in our service Sunday. Always glad to have you.—W. K. Johnston, Minister.

NEW HOME H. D. CLUB

"When selecting products to can, choose a good quality. There is more in quality than in quantity," said Mrs. J. R. Strain to the New Home H. D. Club Friday, July 31, in the home of Mrs. Henry Heck.

"Peel peaches with lye when preparing them for the exhibit. Select peaches of uniform size, cut in half and place the seed part down in jar. By stacking fruit in this manner it is more attractive and all the space in the jar may be used. In canning for the exhibit any type jar may be used, but it must have a glass top," Mrs. Joe Poindexter said.

Mrs. Boswell Edwards gave a complete report of her trip to the Centennial, Farmers' Short Course, and to Galveston.

The club members and their families will enjoy a picnic at the Tumble-In Park in Lubbock Thursday evening.

Members present were: Mesdames John Armontrout, E. H. Bates, Joe Poindexter, Van Bates, P. W. Good, J. H. Isard, J. R. Strain, Boswell Edwards, Henry Heck, and one new member, Miss Christine Bates. Visitors were Mrs. McMannis and daughter.

Mrs. Elmer Rogers and three children visited her mother, Mrs. C. Carson, and family, near Tokio several days last week, returning home Sunday.

More than 70 per cent of the Navy officers and men at their stations on Sunday attend religious services.

Little Miss Mary Joan Heitcker, of Bartlesville, Oklahoma, took to Rube Curtis immediately at the Texas Centennial Exposition in Dallas. The claws are part of the free entertainment.

This mechanical man, one of three at the Texas Centennial Exposition in Dallas, blinks his eyes, lowers his jaws and discourses on the history of labor in the Federal Exhibit Hall.

A little daughter was born to Mr. and Mrs. P. A. Nowlin in the West Texas Hospital in Lubbock a little after three o'clock Tuesday afternoon. The little lady weighed 6 pounds and 11 ounces and is enjoying the best of health. She has been given the name Peggy Ann. The mother is doing well and the father has changed his first name from P. A. to Pa.

Mr. and Mrs. C. B. Evans and children returned Tuesday from a ten days visit with relatives at Abilene, Brownwood, Rising Star, and Gorman. At Abilene they visited Mrs. Evans' parents, Mr. and Mrs. O. J. Jackson, formerly of Tahoka, who are now engaged in the grocery business there. At Brownwood they visited Mr. Evans' brother and family, J. W. Evans, who formerly lived here. Mrs. Evans reports that crops in most places are greatly suffering from drouth.

Friends here may be interested in the news that a little daughter was born to Mr. and Mrs. Earl Rochell in Breckenridge Sunday morning. She has been named Anita Jo. Mrs. Rochell is the former Miss Myrtle Hill.

Donald Crie is the name of a robust little youngster who was born to Mr. and Mrs. Francis Gill last Saturday morning. The little fellow weighed ten pounds, and Francis says he has a strong pair of lungs. The mother is doing well.

The smallpox belt in the United States begins with Washington, includes Idaho, Montana, Wyoming, Colorado, South Dakota, Nebraska, and Kansas; in which states the average number of cases of smallpox in 1935 was 64 in each 100,000 population or more than 25 times greater than the average rate of 2.5 per 100,000 population in the other 40 states.

V. L. Moss late of Abilene has accepted a position as pharmacist with the Tahoka Drug Company. He and his wife and little daughter are occupying an apartment in the Mill Finch residence. Mr. Moss is an experienced and highly proficient pharmacist and a man of pleasing personality. We are glad to have him and his good family as residents of our town.

Harry Thomas, a young man who was recently employed at the Burlison Grain Company, sustained the fracture of one of the bones of the lower arm while scuffling on the street a few nights ago. The broken bones have been reset and seem to be healing satisfactorily.

J. B. McPherson and Gilmer Aycox and families left Wednesday for a pleasure trip out through New Mexico and Colorado. They expect to be gone about two weeks.

Nathan Woosley left Wednesday on the bus in company with his brother-in-law and sister, Mr. and Mrs. Spence Kendrick of Brownfield, for an extended trip through the North and East. They will go first to Detroit, then to Niagara Falls, and thence across to the state of Connecticut to visit its exposition, now being staged. He and Kendrick will drive new Ford cars back from Detroit.

Mrs. J. J. Boydston, who underwent a major operation in the Lubbock Sanitarium almost two weeks ago, is steadily improving, and it is hoped that she may be able to return to her home here about the first of the week.

Jess Eubanks of Lueders was here a short time Monday on his way home from Brownfield, where he had been to visit his mother, who was seriously ill.

Pay up your subscription now!

Freakish Egg Laid By Leghorn Hen

Mrs. G. L. Cobb brought to the News office Wednesday a freak egg, laid by one of her White Leghorn hens. We do not know what was inside of it but it was freakish in shape. Some could see in it the form of a duck. At any rate it was very elongated, irregular, and unlike any ordinary egg. We are wondering what the purpose of the little hen was in producing such a specimen.

CARD OF THANKS

To everyone who has cheered me with kind words and deeds and sweet flowers! These days I've carried so heavy a yoke! I most graciously thank you!—Mrs. Boydston.

Fire losses in the United States last year totaled \$259,000,000, the lowest since 1916.

Mrs. J. L. Reese has been quite sick the past week.

Little Miss Dorothy Dale Kennedy of Lubbock is spending the week here with her grandparents, Rev. and Mrs. Geo. A. Dale.

The orange used to be a pear-shaped fruit about the size of a cherry.

There are approximately 205 accumulated taxes in the price of gasoline.

Softball Team Defeats Lubbock

The Tahoka All-Stars soft ball team challenged the Lubbock Tip-Toppers Wednesday night on the home field and fairly took them to a cleaning.

The Tip-Top boys made 6 hits, 4 errors, and 6 runs, while the Tahoka All-Stars made 17 hits, 4 errors, and 16 runs. The Tahoka All-Stars hit 8 doubles and one triple.

Pitchers were Webster for Lubbock and Evans for Tahoka. Catchers were Webb for Lubbock and Holland for Tahoka.

The game attracted the largest crowd that has assembled here to see any game during the entire softball season. Time after time the crowd went wild as the All-Stars would bring in one run after another. The Tip-Toppers seemed to be helpless against Evans' fine pitching for the All-Stars.

The second game was played between the Tahoka girls and Morgan. Tahoka won, the score being 23 to 18.

Seven home runs were made by the Tahoka girls, 4 of which were made by Mary Hudman, the manager, 2 by Doris Connolly, and one by Eloise Roberts.

Alvera Minor was Tahoka's pitcher, and Eloise Roberts was the catcher.

HELP WANTED!

Two young men and three young women may now earn attractive part of tuition by working in college office. Excellent opportunity to prepare for good position at reduced cost. More calls than we can fill. First come, first served. Clip and mail today to Draughon's College, Lubbock, for full particulars. 51-2tp

After visiting Senator and Mrs. G. H. Nelson and children here and Mr. and Mrs. Burton Hackney at Brownfield, Mr. and Mrs. J. P. Hackney left Thursday of last week to visit relatives in other parts of West Texas before returning to their home at Pickton. Mr. and Mrs. Hackney are the parents of Mrs. Nelson and Burton Hackney.

After visiting Colorado Springs, Manitou and Denver, Colorado, Mr. and Mrs. Otho Thomas have been spending a few weeks at Eagle Nest, New Mexico. They were accompanied on the Colorado trip by Mr. and Mrs. R. H. Collier of Post. They are expected home this week.

Helen Heathman of Littlefield is visiting her little friend Patricia Hill this week.

Stars Broadcast from Gulf Radio Studios

Before the Summer is over, thousands of visitors to the Texas Centennial at Dallas, will have been entertained by a host of stars including Ted Husing, ace announcer; Rudy Vallee, and his Orchestra; Jan Garber; Duke Ellington; Cab Calloway; Ted Lewis; and by such Hollywood favorites as Robert Taylor, Lupe Velez, and Ginger Rogers.

The visitor to the Centennial will be able to see and hear the performers. For the beautiful Gulf Radio Studios, located in the heart of the Exposition Grounds, are enclosed in glass so that every

movement of the performers, engineers, and sound technicians may be observed.

More than a hundred programs a week are produced and broadcast from the Gulf Radio Studios, many of these programs being broadcast for well-known companies. On numerous occasions the performers are garbed in colorful costumes. The Gulf Studios have been adjudged among the finest in the nation, having the most modern equipment and being complete in every detail. They are truly "The Voice of the Centennial."

PRIVATE WM. L. BANKS IS A GREAT FIGHTER

Somebody at Camp Hulen, Palacios, has sent the News the following bit of interesting information about Private William L. Banks of Tahoka, who spent his vacation here recently, returning to the Camp a few days ago.

"Pvt. First Class William L. Banks arrived in camp O. K. although he was pretty badly scared coming down on the train. It seems that while he was asleep in his berth someone closed it up with Banks on the inside. He swears until yet that the train turned over.

"Banks is quite a character here at Camp Hulen. He is always trying to pick a fight with someone but never stays to see the finish. The boys all overlook his pugilistic intentions, because they know that he does not mean a word he says.

"He picks the strangest bed fellows of anyone in the company. The other night it rained pretty hard and he woke up with a six inch centipede in bed with him. He felt sorry for it and let it have the whole bunk and sat up the rest of the night.

"Banks is greatly appreciated by Company H, although he is very hard to get along with. He is the best cook in the 142nd Infantry and we couldn't hardly get along without him."

SHIRLEY PLAYS HER MOST ADORABLE PICTURE ROLE

Playing a little sea-sprite, darling Shirley Temple dances, sings and plays her way through her new 20th Century picture, "Captain January," which is coming to the English Theatre Sunday, Monday and Tuesday.

A genuinely heart-tugging dramatic story underlies the song, dance, and comedy delights of this new story, in which Shirley plays the darling of two grizzled old sea-salts.

Guy Kibbee, in the principal supporting role, plays the keeper of the lighthouse, the man who rescued Shirley from the sea years before, and now jealously fears that someone will take his darling from him.

Due to the efforts of Sara Haden, as vixenish truant officer, the dreaded thing almost does happen, but in the conclusion, Slim Summerville, Buddy Ebsen and June Lang conspire to make Shirley and her foster daddy happy.

"The Right Somebody to Love" is the hit song of the new picture, composed of Jack Yellen and Lew Pollack. There are, however, two other delightful tunes sung by Shirley, as well as a fascinating series of new tap steps, many of which are danced in company with buddy Ebsen, hoofing star of the Ziegfeld Follies.

Jane Darwell, whose romance with Guy Kibbee brings many additional laughs, is prominent in the supporting cast of "Captain January," which was produced under the supervision of B. G. De-Sylva, and directed by David Butler.

Mr. and Mrs. H. M. Stewart of Hobbs, New Mexico, were the weekend guests of Mrs. Stewart's parents, Mr. and Mrs. C. T. Oliver.

Mr. and Mrs. Will Humphries of Overton, Rusk county, and Mrs. W. C. Cowan, mother of Mrs. Humphries, were here Saturday visiting T. Cowan and family. Mrs. Cowan was one of the first settlers in Tahoka and Mr. and Mrs. Humphries were the first couple married here.

Mr. and Mrs. Geo. H. Conway and little granddaughter of Los Angeles, California, visited the families of Claude Conway and Roy Poer here the first of the week. They left Tuesday to visit other relatives at Fort Worth. Mr. Conway is a brother of Claude and of Mrs. Roy Poer.

N. W. Allphin left last Friday for Post where he is to conduct the singing in a ten days revival meeting.

Ed Wensley of Temple, Linotype operator and a long-time friend of the editor, dropped in for a brief visit Tuesday afternoon. Mr. Wensley and family were visiting relatives in Lubbock. Ed is a fine fellow and a good operator, and he would like to locate on the Plains. He has worked in West Texas before and likes it.

Mr. and Mrs. C. A. Thomas and son, Skiles, accompanied by Wade Howell, left Wednesday morning for a brief visit at the Dr. Callaway summer home on the Colorado near San Saba, after which they expect to visit the Centennial at Dallas and Fort Worth. They will probably visit in Ellis and other counties also before returning home.

Mr. and Mrs. Wynne Collier and family visited relatives at Clarendon the first of the week.

EX-RANGERS WILL MEET AT CENTENNIAL EXPOSITION

Dallas, Aug. 6.—Relics of the determined band of hard-riding and straight-shooting men who extended the reign of law and order through the No Man's Land of the Texas Frontier in the 1870's and 80's are going to meet again in colorful reunion.

Members of the Texas Ex-Rangers Association will be guests of honor at the Texas Centennial Exposition from August 20 to 22, inclusive. They are to be "bedded" in the rustic State Ranger building on the grounds. Their meals will be served by the Exposition management.

Wives of the members also have been invited, although they cannot be cared for on the Exposition grounds.

On August 20 members of the Association will register at the Ranger building, which is in charge of Major George Black, president of the organization.

From 10 a. m. to noon August 21, there will be a business session, and election of officers. From 2 to 4 p. m. there will be a informal reception for officers.

At 6:30 p. m. there will be a reception for Governor James V. Allred and other visiting notables, including King Vidor, Miss Jean Parker and other members of the cast of the historical picture, "The Texas Rangers."

At 7 p. m., in front of the Ranger building a statue of The Texas Ranger will be unveiled by Governor Allred. It is the work of Erasmo Albert Silva, Spanish artist. Capt. William E. McMurray, famous Ranger, went to Hollywood. The artist used him in creating the statue as typifying the Texas Ranger. In it the Rangers are expressed on their own terms as men of action.

At 8:15 p. m. o'clock there will be a theatre party at the Majestic Theatre for the world premier showing of "The Texas Rangers." High officials of Paramount and members of the cast will fly to the Exposition from Hollywood for this occasion.

On Saturday, August 22, reports of various committees of the Association will be heard, unfinished business will be dispatched, and the membership will be free to make a detailed inspection of the Exposition grounds as honor guests.

HALSEY ATTACKS RECORD OF SETTLE AS LEGISLATOR

Lamesa, Aug. 1.—Inviting citizens of Dawson county to the courthouse bandstand to examine the records which he displayed there, Hop Halsey challenged the record of J. Doyle Settle, incumbent and his opponent in the run-off for state representative from the 119th district, in the opening speech of his "second" campaign here today. Five hundred persons gathered on the courthouse lawn to hear the candidate from Lubbock assail the work of his opponent.

Charging that "Settle had been unsettled" in representing the citizenship of his district, Halsey stated that he was running to fill a vacancy that now exists in the House of Representatives. "I say there is a vacancy, first because my opponent resigned October 10, 1935, and then changed his mind," Halsey said; and, secondly, I say there is a vacancy because your representative has not done anything for the good people of the 119th District." He continued, reading excerpts from the House Journal.

Promising to talk frankly with his audience and make no promises impossible of performance, Halsey gave his views on the old age pension, re-districting of the state, unicameral system of legislation, and taxes on natural resources. He favors these.

J. P. Seroyer, brother of Mrs. Verner Smith, was nominated for county judge of Johnson county in the recent election. He had served twelve years as district clerk but left the courthouse four years ago. Mr. Seroyer has visited here several times.

Mr. and Mrs. I. M. Draper left Tuesday morning to visit their old home, relatives, and former neighbors at Florence in Williamson county. They expect to be gone a week or ten days.

Judge P. W. Goad and family moved into Tahoka from New Home this week. They are occupying a residence in the northwest part of town belonging to Mrs. E. S. Davis. Judge Goad and family will be warmly welcomed to Tahoka by our citizenship.

Miss Leona Keel of Munday, is here this week visiting her sister Mrs. A. D. McDonald.

Mr. Smith Is Somewhat Wrought Up!

He's just finished trying to cull the worthwhile news out of a dozen dailies, and what is really going on in the world is still somewhat vague. That's the reason for his display of temper. Mr. Smith might have saved himself this emotional outburst if he had read the

THE LYNN COUNTY NEWS

Goodbye, Mr. Gloom!

... We're a jolly bunch of renegades ... our sole purpose in life is to give Old Man Gloom the gate and usher in Mr. Sunshine by way of a million laughs. Turn to the Funny Page in every issue and let us help dispel those troubles!

● No man can really live by bread alone. Yes, we admit he'll EXIST, but there will be heavy lines of care running down his face, he'll forget how to smile.

● Verily, we humans need a few hearty guffaws now and then to chase away those wrinkles of care and give our spirits a lift. That's why this newspaper runs a collection of laugh-provoking comic strips on the Funny Page. Amid the depressing news of floods and earthquakes, crime and war, economic troubles and a host of other maladjustments on the face of Mr. World, it's a pleasant relaxation to shut your eyes on the day's bad tidings.

● You can get a joyful lift in spirits from the comics. We invite our readers to take a big swallow of this bottled sunshine. Turn to the Funny Page right now and forget your troubles!

● Our comic characters are a versatile lot, as you'll notice by glancing down the accompanying panel. If you want to chuckle over real troubles, turn to C. M. Payne's strip "S'Matter Pop," and see what a whale of an order he has to keep these boys of his under control ... Or glance at the adventures of the intellectual Adamson, as drawn by O. Jacobsson.

● Something that will truly draw tears—of laughter—are Gluyas Williams' mischievous but lovable youngsters, Junior and the Baby ... Then there's "Finney of the Force," by Ted O'Loughlin, as comical and as true-to-life an Irishman as ever flipped a night stick ... Life out in Cactus Center, as described in S. L. Huntley's "Mescal Ike," has its exciting moments when its rip-roaring citizens are on the loose ... And when it comes to "The Featherheads," by Osborne, they speak for themselves. In fact, that's the best thing they do!

● Let these bearers of fun whittle your blues down to size. Toss trouble right out the window and get a new lease on life through the comic page—turn to it right now!

H. J. R. NO. 9

A JOINT RESOLUTION Proposing an Amendment to Section 26 of Article 3, of the Constitution of Texas, by adding thereto Section 26a, providing that under no apportionment shall any county be entitled to more than seven (7) Representatives unless the population of such county shall exceed seven hundred thousand (700,000) people; providing for its submission to the voters as required by the Constitution and making an appropriation therefor.

Be it Resolved by the Legislature of the State of Texas: Section 1. That Section 26, of Article 3, of the Constitution of Texas, be amended by adding thereto Section 26a, as follows:

"Section 26a. Provided however, that no county shall be entitled to have under any apportionment more than seven (7) Representatives unless the population of such county shall exceed seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative for each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population as shown by the latest United States Census; nor shall any district be created which would permit any county to have more than seven (7) Representatives except under the conditions set forth above."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State, at the next General Election, to be held on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of Texas, limiting every county to not more than seven (7) Representatives under any apportionment unless said county shall have a population of more than seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative to each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population."

And those opposed to said Amendment shall write or have printed on their ballots the words: "Against the Amendment to the Constitution of Texas, limiting every

S. J. R. NO. 14

A JOINT RESOLUTION Proposing an amendment to the Constitution of the State of Texas fixing the salaries of certain constitutional officers by amending Section 5 of Article 4 of the Constitution of the State of Texas fixing the salary of the Governor at Twelve Thousand (\$12,000.00) Dollars per annum; by amending Section 22 of Article 4 of the Constitution of the State of Texas fixing the salary of the Attorney General at Ten Thousand (\$10,000.00) Dollars per annum; by amending Section 5 of Article 4 of the Constitution of the State of Texas fixing the salary of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand (\$6,000.00) Dollars per annum and by amending Section 21 of Article 4 of the Constitution of the State of Texas fixing the salary of the Secretary of State at Six Thousand (\$6,000.00) Dollars per annum; providing for its submission to the voters of the State of Texas as required by the Constitution, and making an appropriation therefor.

Be it Resolved by the Legislature of the State of Texas: Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Sec. 5. The Governor shall, at stated times, receive as compensation for his services an annual salary of Twelve Thousand (\$12,000.00) Dollars and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture, provided that the amendment shall not become effective until the third Tuesday in January, 1937."

Sec. 2. That Section 22 of Article 4 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Sec. 22. The Attorney General shall hold office for two years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freights or wharfage not authorized by law. He shall whenever sufficient cause exists, seek a judicial forfeiture of such charters unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary of Ten Thousand (\$10,000.00) Dollars, and no more."

Sec. 3. That Section 23 of Article 4 of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

"Sec. 23. The Comptroller of Public Accounts, the Treasurer, and the Commissioner of the General Land Office shall each hold office for the term of two years and until his successor is qualified; receive an annual salary of Six Thousand (\$6,000.00) Dollars, and no more; reside at the Capitol of the State during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this Section, or in his office, shall be paid, when received, into the State Treasury."

Sec. 4. That Section 21 of Article 4 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Sec. 21. There shall be a Secretary of State, who shall be appointed by the Governor, by and with the advice and consent of the Senate, who shall continue in office during the term of service of the Governor. He shall authenticate the publication of the laws, and keep a fair register of all official acts and proceedings of the Governor, and shall, when required, lay the same and all papers, minutes and vouchers relative thereto before the Legislature, or either House thereof, and shall perform such other duties as may be required of him by law. He shall receive for his services an annual salary of Six Thousand (\$6,000.00) Dollars, and no more."

Sec. 5. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the State Constitution fixing the salary of the Governor at Twelve Thousand (\$12,000.00) Dollars per annum; the salary of the Attorney General at Ten Thousand (\$10,000.00) Dollars per annum; the salary of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand (\$6,000.00) Dollars per annum; and the salary of the Secretary of State at Six Thousand (\$6,000.00) Dollars per annum."

And those voters opposing said proposed Amendment shall write or have printed on their ballots the words: "Against the Amendment to the State Constitution fixing the salary of the Governor at Twelve Thousand (\$12,000.00) Dollars per annum; the salary of the Attorney General at Ten Thousand (\$10,000.00) Dollars per annum; the salary of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand (\$6,000.00) Dollars per annum; and the salary of the Secretary of State at Six Thousand (\$6,000.00) Dollars per annum."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 6. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and Laws of this State.

Sec. 7. The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

The above is a true and correct copy. R. B. STANFORD, Secretary of State. 50-4tc

S. J. R. NO. 26

A JOINT RESOLUTION Proposing an amendment to Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles, composed of three members, whose terms of office shall be for a period of six years, one to be appointed by the Governor, one by the Chief Justice of the Supreme Court of the State of Texas, and one by the presiding Justice of the Court of Criminal Appeals, such appointments to be with the advice and consent of two-thirds of the Senate present; and so as to provide that the Governor of the State shall have the power on the recommendation and advice of the majority of the Board of Pardons and Paroles to grant reprieves, commutations of punishment and pardons and to remit fines and forfeitures, and, with the advice and consent of the Legislature, to grant reprieves, commutations of punishment and pardons in cases of treason; and to provide that the Governor shall have power to grant one reprieve in any capital case not to exceed thirty (30) days; and shall have the power to revoke paroles and conditional pardons; and to provide that the Legislature shall have authority to regulate procedure before the Board and to enact parole laws; and to provide for an election for such proposed constitutional amendment, and to make an appropriation therefor.

Be it Resolved by the Legislature of the State of Texas: Section 1. That Section 11 of Article IV of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Section 11. There is hereby created a Board of Pardons and Paroles, to be composed of three members, who shall have been resident citizens of the State of Texas for a period of not less than two years immediately preceding such appointment, each of whom shall hold office for a term of six years; provided that of the members of the first board appointed, one shall serve for two years, one for four years and one for six years from the first day of February, 1937, and they shall cast lots for their respective terms. One member of said Board shall be appointed by the Governor, one member by the Chief Justice of the Supreme Court of the State of Texas, and one member by the presiding Justice of the

Court of Criminal Appeals; the appointments of all members of said Board shall be made with the advice and consent of two-thirds of the Senate present. Each vacancy shall be filled by the respective appointing power that, therefore made the appointment to such position and the appointive powers shall have the authority to make recess appointments until the convening of the Senate.

"In all criminal cases, except treason and impeachment, the Governor shall have power, after conviction, on the written signed recommendation and advice of the Board of Pardons and Paroles, or a majority thereof, to grant reprieves and commutations of punishment and pardons; and under such rules as the Legislature may prescribe, and upon the written recommendation and advice of a majority of the Board of Pardons and Paroles, he shall have the power to remit fines and forfeitures. The Governor shall have the power to grant one reprieve in any capital case for a period not to exceed thirty (30) days; and he shall have the power to revoke paroles and conditional pardons. With the advice and consent of the Legislature, he may grant reprieves, commutations of punishment and pardons in cases of treason.

"The Legislature shall have power to regulate procedure before the Board of Pardons and Paroles and shall require it to keep record of its actions and the reasons therefor, and shall have authority to enact parole laws."

Sec. 2. The foregoing constitutional amendment shall be submitted to the electors of this State who are qualified to vote on proposed constitutional amendments at the general election to be held on the first Tuesday after the first Monday in November, A. D. 1936, at which election each ballot shall have printed thereon the words:

"For the amendment of Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles and to make the Governor's pardoning power subject to recommendation of said Board, except in cases of treason the Governor may grant reprieves, commutations and pardons with the advice and consent of the Legislature."

Each voter shall strike out with pen or pencil the clause which does not indicate his desire regarding the above proposed amendment.

Sec. 3. The Governor is hereby directed to issue the necessary proclamation for said election, and to have the above proposed amendment published in the manner and for the time required by the constitution and laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury not otherwise appropriated to pay the expenses of such publication and election.

Court of Criminal Appeals; the appointments of all members of said Board shall be made with the advice and consent of two-thirds of the Senate present. Each vacancy shall be filled by the respective appointing power that, therefore made the appointment to such position and the appointive powers shall have the authority to make recess appointments until the convening of the Senate.

"In all criminal cases, except treason and impeachment, the Governor shall have power, after conviction, on the written signed recommendation and advice of the Board of Pardons and Paroles, or a majority thereof, to grant reprieves and commutations of punishment and pardons; and under such rules as the Legislature may prescribe, and upon the written recommendation and advice of a majority of the Board of Pardons and Paroles, he shall have the power to remit fines and forfeitures. The Governor shall have the power to grant one reprieve in any capital case for a period not to exceed thirty (30) days; and he shall have the power to revoke paroles and conditional pardons. With the advice and consent of the Legislature, he may grant reprieves, commutations of punishment and pardons in cases of treason.

"The Legislature shall have power to regulate procedure before the Board of Pardons and Paroles and shall require it to keep record of its actions and the reasons therefor, and shall have authority to enact parole laws."

Sec. 2. The foregoing constitutional amendment shall be submitted to the electors of this State who are qualified to vote on proposed constitutional amendments at the general election to be held on the first Tuesday after the first Monday in November, A. D. 1936, at which election each ballot shall have printed thereon the words:

"For the amendment of Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles and to make the Governor's pardoning power subject to recommendation of said Board, except in cases of treason the Governor may grant reprieves, commutations and pardons with the advice and consent of the Legislature."

Each voter shall strike out with pen or pencil the clause which does not indicate his desire regarding the above proposed amendment.

Sec. 3. The Governor is hereby directed to issue the necessary proclamation for said election, and to have the above proposed amendment published in the manner and for the time required by the constitution and laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury not otherwise appropriated to pay the expenses of such publication and election.

Lady's Painful Trouble

Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Halleville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me."... If Cardui does not help YOU, consult a physician.

NOTICE TO ALL!

Customer and Friends:

Our Pet Peeve

By M. G. KETTNER

His Problem
Into the night court they marched a man who had all the earmarks of a professional tough guy. This chap was as desperate looking as any gorilla you've ever seen. The magistrate looked down at the surly prisoner. "Well," asked His Honor, "guilty or not guilty?" The prisoner scowled. "Figure it out yourself," he snarled. "That's what yer gettin' paid for!"—Mark Hellinger in New York American.

Not Needed
"In this scene, Miss Trimm, the young man rushes into the room, grabs you, binds you with rope from head to foot, and then smotherers you with kisses," explained the film director. "Is the young man tall, fair, and handsome?" the actress asked. "Yes. Why?" he asked. "Then he won't need an' rope," she replied.—Stray Stories Magazine

DIVERSION

This Makes Laxative Pleasant to Take

People who know Feen-a-mint don't have to "talk themselves" into taking a laxative when they know they need it. They like Feen-a-mint, the delightful chewing gum laxative. For just as soon as you start chewing Feen-a-mint, its stomach-settling mint brings a clean, fresh taste to the mouth. As you chew out the laxative ingredient which is absolutely tasteless, the flow of digestive juices is increased. The laxative is mixed with them and carried into the system gently. Feen-a-mint doesn't gripe, nauseate or cause upset, and it is non-habit-forming. It passes through the stomach, and into the bowels so scientifically that your action is wonderfully easy and thorough. Try the pleasant, refreshing Feen-a-mint way the next time you need a laxative. Doctors prescribe its laxative ingredient for both children and adults. Sold on money-back guarantee. Generous family size package 15c and 25c.

WNU-L 32-38

Watch Your Kidneys!
Be Sure They Properly Cleanse the Blood
YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained. Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset. Don't delay? Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

Lesson for August 9

SAUL CONVERTED AND COMMISSIONED

LESSON TEXT—Acts 9:1-9, 17-19; 1 Timothy 1:12-14. GOLDEN TEXT—I was not disobedient unto the heavenly vision.—Acts 26:19. PRIMARY TOPIC—Saul Becomes Jesus' Friend. JUNIOR TOPIC—On the Road to Damascus. INTERMEDIATE AND SENIOR TOPIC—Appointed for Service. YOUNG PEOPLE AND ADULT TOPIC—After Conversion, What?

The conversion of Saul of Tarsus is one of the outstanding events of Bible history. It presents one of the strongest evidences of the truth of the Christian faith, for only on the ground of regeneration can we account for the change in Saul's life, and only on the assurance that he met the Living and Risen Christ can we account for his conversion.

As our lesson opens we find the brilliant, zealous, young Jew, Saul, as:

I. A Bold Persecutor (9:1, 2). He was "yet breathing out threatening and slaughter against the disciples of the Lord." The death of the godly Stephen had only increased his determination to wipe out those who were "of this way"—the followers of the One who is "the way." But as he carries letters from the high priest to Damascus which would authorize him to imprison them, he meets the Christ whom he persecutes and he becomes

II. A Convicted Sinner (vv. 3-9). Stricken down by a brilliant heavenly light, he finds himself talking to the Lord Jesus. He hears from his holy lips the solemn indictment of those who persecute God's people—"Why persecutest thou me? He who lays unkind hands, or untrue accusation upon God's children had best beware, for so closely is our Lord identified with his people that when they suffer, it is he who bears the hurt.

In a single sentence the Lord disposes of the persecuting zeal and the sinful skepticism of this proud young Pharisee, and Saul enters into Damascus not as the haughty persecutor, but as a man trembling and astonished at his own sin. He spends three days shut in with his own soul and God, not seeing, not caring to eat, losing all consciousness of earth, but entering into communion with God. By God's grace the old life is pulled up by the roots as it is displaced by the new life in Christ Jesus. And now God is ready to send his servant Ananias to address Paul as

III. A Converted Brother (vv. 17-19).

The fears of Ananias that Saul might still be worker of evil (v. 13) are soon overcome by God's assurance that in the praying Saul he had prepared for himself "a chosen vessel" (v. 15) to bear the gospel to the Gentiles and to kings, as well as to the children of Israel. Let us not fail to note carefully that the greatest of all Christian leaders, the apostle Paul, was led out into his life of loyalty and service to Christ by a humble layman. Repeatedly God's Word by precept and example stresses the vital importance of personal work on the part of lay men and women. The leaders of Christian work during the coming generation are now in the Sunday School classes of our churches, perhaps in a little wayside chapel in the country, in the village church, in the mission or settlement house.

Saul knew nothing of that subtle hypocrisy known as being "a secret believer," for at once he made open confession of his faith in baptism, and "straightway he preached Christ in the synagogues that he is the Son of God" (v. 20). He became indeed

IV. A Mighty Preacher (1 Tim. 1:12-14).

In this passage Paul is writing to his son in the faith, Timothy, about thirty-four years after his conversion. As he looks back over the years he forgets the trials and sorrows, the beating with rods, the shipwrecks, the bitter disappointment over false brethren (Read II Cor. 11:23-28). He remembers only the matchless grace of God that showed mercy toward a blasphemer and persecutor, and counted him faithful, appointing him with "his service."

Paul summarizes that which we know to have been the great life of the world's mightiest preacher by attributing it all in true humility to "the grace of our Lord" which "abounded exceedingly with faith and love which is in Christ Jesus." For to him "to live was Christ" (Phil. 1:21).

Follow Your Bent Whatever you are by nature, keep to it; never desert your own line of talent. Be what nature intended you for, and you will succeed; be anything else and you will be ten thousand times worse than nothing.—Sydney Smith.

Great and Small Acts The one who will be found in trial capable of great acts of love is ever the one who is always doing considerate small ones.—F. W. Robertson.

BY PLANE TO THE SOUTH SEAS

Harbor and U. S. Naval Station at Pago Pago, Samoa. This is a Stop on the United States-New Zealand Air Line.

By WRIGHT A. PATTERSON

THERE is a quiet but persistent search being made for unattached islands in the South Pacific by several nations. Air navigation is the reason.

In the vast water area lying between the Hawaiian Islands on the north and New Zealand on the south there are several thousand unclaimed islands, most of them mere dots in a great ocean. They are coral reefs, uninhabited, and considered valueless until recently. Now several of them have become the subject of international argument, and the objective of secret pioneering expeditions.

The nations most interested in acquiring islands in the South Seas are the United States, England, Japan and Australia, with France not averse to picking up a few for possible future use. Each nation is seeking possible landing places for planes.

For much more than a century Hawaii has been considered the crossroads of the Pacific. It was a stopping place for the American clipper ships from Boston around the Horn and on to China and return. It was the refitting place for American whalers and traders in the early years of the last century. As the commerce of the Pacific increased, Honolulu grew in importance as a port of call, until today nearly 1,000 ships enter its harbor each year. Great Pacific liners from San Francisco and Los Angeles ply to and from the islands. Other liners stop on their way from California ports to Australia, New Zealand and other South Sea islands, as do others from San Francisco and other mainland ports to the Philippines, to Japan, to China and around the world. Ships from Europe and eastern American points, bound for the Far East through the Panama Canal, stop at Honolulu. The islands have been, and are, the crossroads of the Pacific so far as shipping is concerned. You realize all that as you stand atop the Punch Bowl in Honolulu and follow the directions of the arrows pointing to the far cities of the nations, north, south, east and west, bordering this greatest of oceans.

And now to ships there has been added airplanes, the clipper ships of the air, with Hawaii at the crossroads of the air lines.

Race for Bases Starts Because the American flag flew over two small islands, Midway and Wake, west of Hawaii an American air line to the Far East, to the Philippines and China, was made possible.

Last year Japan established an air service between its mandated islands in the Pacific, and is seeking bases that will make possible a line between Tokyo and South America, a line neither England nor America would wish to see established.

Within the past few months the Japs made an effort to secure Kingman Reef, a coral atoll with a harbor formed by a coral reef, situated about 900 miles south of the Hawaiian Islands. It is American owned, included within the municipal boundaries of Honolulu, and the American owner, a resident of Honolulu, did not sell.

In this race for islands the latest American pioneers are a group of Hawaiian school boys led by Dr. Dana Coman, who colonized Jarvis, Baker and Howland Islands and so established American sovereignty, which has now been recognized by England.

Establish New Air Line The purpose of it all was the establishment of another American air line from San Francisco to New Zealand, with Honolulu as the first port out of San Francisco. That new line, a contract for which has been signed between Pan-American Airways and the government of New Zealand, is to be in operation by the end of this year. The route is from San Francisco to Honolulu, then to Kingman Reef, which the Japs did not get, to Pago Pago, the American island of the Samoas, and to Auckland. American Sikorsky clipper ships will be used, and a maximum requirement is for two ships each way each week.

Other American air routes in the South Pacific are being considered. If it is possible to secure landing privileges for American planes in Australia, a line will be established between Honolulu and Sydney, using as bases the islands of Jarvis, Baker or Howland, Jarvis Island is on the equator and is the

geographical center of the Pacific. These islands are located on the airplane route to Australia and are in positions that lend them a value in relation to flying to that continent that is comparable to Wake on the road to China which provided a stopping place between Midway and Guam.

It long has been a recognized fact that Britain as well as the United States has laid claim to these islands. When the conference on Pacific relations was being set up in Washington in 1922, the United States War department made a map for its use. That map showed Jarvis, Howland and Baker and marked them as being claimed by both Britain and the United States. The Department of Commerce now asserts that there is no question of American ownership, based on residence on the islands from time to time by Americans who were in the guano business. If there is question of ownership the present occupation by representatives of the United States government is expected to establish its claim.

Visits Jarvis Island William T. Miller, Superintendent of Airways for the Bureau of Air Commerce, recently visited these islands. He reports that Jarvis Island, 1,500 miles due south from

American "Colonists" in the Equatorial Pacific.

Hawaii—which U. S. outpost must be the primary base of all air routes in the Pacific—is suitable as an all way landing field for land planes or amphibians. A safe seaplane anchorage can be made on the lee of the island. Two areas on Howland and others on Baker, which are 1,700 miles southwest of Honolulu, can be made usable through the expenditure of small sums of money.

These islands offer alternate routes to the South Pacific. Jarvis is more directly on the route from Hawaii to New Zealand, while Baker and Howland point straight toward Australia.

As Honolulu is today the principal port in the long flight from San Francisco to Manila, so Pago Pago, the beautiful Samoan island and harbor belonging to America, will be the principal port on the long flight from Honolulu to Auckland. Its landlocked and commodious harbor affords an ideal landing place for the ships of the air, as it has for the ships of the water.

When within a few months the new clipper ships of the air begin their flights, made possible to a large extent by the pioneering of a group of Hawaiian school boys, they will bring us within hailing distance of the beauty, the romance, the adventure of our dreams—the South Seas.

A brief description of these new island outposts for American airplanes follows: Kingman Reef Latitude 6:25 north, longitude 162: approximately 922 miles south of Honolulu. It is of still character.

of triangular shape, with base to the southward and apex to the north. Within the 100-fathom line it is 9 1/2 miles long east and west by 5 miles north and south. It dries at low water on its northeastern, eastern and southeastern edges; at the western extreme there is a patch of 4 fathoms, and possibly less, on which the sea breaks occasionally. The remainder is encircled by a ridge with depths of 4 to 10 fathoms, between which are soundings of 14 to 45 fathoms. Outside this ridge the bank falls suddenly to depths of 300 to 400 fathoms.

Jarvis Island

Approximately on the equator and the 160th meridian; 1,375 sea miles, 1,375 land miles, slightly west-of-south of Honolulu. A "sandy flat" of coral formation, 1.7 square miles in area.

The island was supposed to have been discovered by Capt. Brown in the English ship Eliza Francis, 1821. Surveyed by officers of U. S. S. Mary's, 1857. Annexed to Great Britain, 1889. Leased to Pacific Phosphate Company of London and Melbourne, 1906. Occupied by U. S. colonists from Honolulu, 1935 and American jurisdiction now acknowledged.

Howland Island

Latitude 0:49 north; longitude 176: 43 west; 36 sea miles (approximately 40 land miles) north of Baker Island and 1,620 sea miles (approximately 1,860 land miles) southwest of Honolulu. About two miles long north and south and 1-2 mile wide; from 18 to 20 feet high; of coral formation, with a fringing reef. Water found by digging a few feet; it is slightly brackish.

The island appears to have been first reported by Capt. George E. Netcher, of New Bedford, as dis-

Captivating Daytime Frock

Pattern No. 1916-B

This clever dress features a flattering yoke which dips to a point in front and is equipped with twin slashes a few inches below the neckline to accommodate a ribbon bow of any color you wish to use. Most women like several different ones to which they match their accessories. Radiating tucks at the yoke and waist contribute a smooth fit and flattering effect, while center seams in front and back terminate in two kick pleats for reserved fullness where it will do the most good. The pointed pockets with shaped turned over flaps are novel. You'll want to make more than one dress, because the pattern is so easy to follow and the fabrics so numerous to choose from. How about seersucker, novelty cotton, linen, crash or silk. Barbara Bell Pattern No.

Through Panama Canal

If a ship passes through the Panama canal without delay it will take from ten to twelve hours. Of this time three hours are taken up lifting and lowering the ship through the locks. The locks are 110 feet wide and 1,000 feet long. The airplane carrier Saratoga can get through the canal, but with considerable difficulty, as it has only two feet clearance on either side, being 106 feet wide.—Detroit News.

Ornetha Inman, Reporter

Folks, our first Sunday singing was better than usual and we want you to come again. We will start the Tuesday night singing the first week in September, so be ready to come.

The Methodist meeting will start next Sunday morning. Bro. King will do the preaching. Everyone is invited to come and be with us.

Lee Armstrong and family of Ellis county are visiting in the home of Mrs. S. H. Hallmark.

Mr. and Mrs. E. R. Tunnell and family are visiting relatives in Dallas.

Miss Avis-Shelton spent the week end with Miss Helen Ruth Bell of Tahoka.

Mr. and Mrs. W. H. White visited in the home of Mr. White's mother at Petty Sunday.

Several from this community have been attending the meeting at Wilson the past week.

Mr. and Mrs. W. P. Inman and daughter visited in the home of Mr. and Mrs. Edgar Roberts of South Ward Sunday.

Miss Verdine Mae Warren visited home folks Sunday.

Mr. and Mrs. Gary White and family are visiting the Centennial. Mrs. S. G. Hallmark and brother and family visited in the home of their sister in Wheeler county.

Everyone remember League, Sunday school and preaching, and come!

CARD OF THANKS

We wish to express our appreciation and thanks to each and every one during the sad hours of our bereavement because of the death of little Donald Wayne. God bless each home—Mr. and Mrs. E. W. Summers and family.

Miss Jane Elizabeth Thornhill of Dallas is here spending a few weeks with her parents, Mr. and Mrs. W. H. Thornhill. She expects to enter the C. I. A. at Denton in September.

FOR RENT

ROOMS FOR RENT—Both to roomers and light-housekeepers. Also a well improved 4-room house to rent, furnished or unfurnished. Mrs. W. C. Wells. 49-tfc

Depict Romance Of Texas History

Dallas, Aug. 6.—Two hundred and twenty-two years ago in the presidio of Fort St. John, on the Rio Grande where the town of Eagle Pass now stands, a fiery and beautiful Spanish senorita stood up and called the governor of Coahuilla a fat fool to his face and dared him to do his worst.

The governor, being a man of action, took the lady, whose name was Maria de Villescias, at her word, and threw her lover, the Frenchman, Louis St. Denis, into the dungeons of Monclova. His Excellency's parting remark just before the heavy iron door clanged shut, was that St. Denis could rot there, unless he was willing to release the Senorita de Villescias from her vows of love. And St. Denis shouted back that he'd rot then.

Out of this Spanish brawl of love, intrigue, and treachery, arose the first woman politician in the Land of the Tejas. Maria, seeing that her Uncle, Don Ramon, commander of the presidio, dared do nothing to aid Louis St. Denis, herself took horse and coach and made the overland journey to Mexico City through hundreds of miles of infested jungles and over mountain passes to plead with the Viceroy for the life of her beloved.

So well did Maria speak for the Frenchman that the Viceroy released him from the dungeons of Monclova, granted him permission to establish a trade route between the French and Spanish colonists, and was host to Maria and Louis on their honeymoon.

The Franciscan Priests, who were desirous of establishing missions in East-Texas, were needing a guide. Louis St. Denis and his wife rode with the monks out of Mexico City down to the Rio Grande and over the route which St. Denis had blazed when he came into the Land of the Tejas Indians out of Louisiana.

Thus, the Old San Antonio Road, now in use for two and a quarter centuries, had its beginning in Texas's first love affair in the patio of Fort St. John one August evening in 1726. Smooth pavements now cover the highway that once only was a footpath.

This charmingly true and thrilling love story is one of the tensest scenes in the Cavalcade of Texas, now playing at the Texas Centennial Exposition as the major attraction, the most talked about dramatic spectacle ever presented at any World's Fair.

Mr. Hop Halsey of Rogers, on the line of Bell and Milam counties, spent Tuesday afternoon and night here with his daughter, Mrs. E. I. Hill. He reports fairly good crops in his section of the state. He is the grandfather of young Hop Halsey of Lubbock, candidate for Representative in the legislature.

The Double Menace of Bureaucracy

By RAYMOND PITCAIRN
 National Chairman
 Sentinels of the Republic

At least three expeditions are now exploring the tangled forests of Bureaucracy which have sprung up on the banks of the Potomac during recent years.

A special Senatorial Committee, a group of American Bar Association members, and an independent fact-finding agency are among the explorers who seek to clear that maze of overlapping agencies, bureaus and commissions.

All are enlisted in war on the waste which duplication of political activities and of political jobs inevitably breeds. By eliminating many of the useless and tax-eating new Federal agencies they hope to reduce the slice which government is cutting out of the taxpayers' earnings and savings.

But it isn't the taxpayers' pocket-book alone that is endangered by these hordes of new bureaucrats and new commissions. The real menace is even more serious.

By usurping the powers reserved under the Constitution to the people, the legislators and the Courts, such alphabetical agencies have developed into a serious threat to the rights of civil liberty and self-government on which this Nation was founded.

To them is due that interference by Federal authorities with the normal activities of our citizens, which is arousing nation-wide protest.

From their offices emerge the thousands of agents who seek to interfere with, direct and mould the people according to the newer bureaucratic ideas of agriculture, business and living in general.

If the various groups which seek to reduce the number of arrogant and extravagant bureaucratic agencies now reaching out from Washington can ease the burden on the pocket-book of the American taxpayer they will have performed a great service.

But if, by eliminating many of Bureaucracy's inroads on the rights of the American citizen, they can protect our constitutional guarantees and privileges, they will have performed a still greater and more significant one.

Con. Mahon Attends Garner Day Program

Colorado, Aug. 6.—Leaving Colorado Monday afternoon, Congressman George Mahon went to Dallas this week where he attended the Garner Day celebration sponsored by the Texas Centennial Exposition. The Vice President was honored Wednesday and made a radio address over a nation-wide hook-up with a luncheon and banquet on Wednesday evening, speaking from the Cotton Bowl on the Centennial grounds. Mr. Mahon was invited with other members of Congress from Texas and other Texas officials to serve as a member of the Vice President's official party.

Mrs. Mahon joined the Congressman in Dallas Wednesday. She was a guest at a luncheon honoring Mrs. Garner on that day.

BURLESON - MILAM COUNTY REUNION IS ANNOUNCED

Burleson and Milam county residents of other years now living on the South Plains will hold their seventh annual reunion and picnic August 6 in the City Park, Lubbock. Assembly will begin in the morning. Those attending are to bring well-filled picnic baskets. Lunch will be spread at noon on the lawn in the park.

All former residents are invited, and bring your friends!

Summers Infant Buried Saturday

The new-born babe of Mr. and Mrs. E. W. Summers, dying a few hours after birth, was buried at the cemetery here Saturday.

The Summers family live a few miles south of town. They have the sympathy of many friends in their bereavement.

Midway

Madeline Kussell, Reporter

The crops in our community received a nice rain last Thursday evening, which helped them very much, and the weeds also.

Grandpa Cleveland visited friends at Midland last week.

Mr. and Mrs. Norval Cunningham spent the week end with Mr. and Mrs. Bob Cunningham of Joe Bailey.

Mr. and Mrs. Sam Kitchen have as their guest this week her mother from Rule.

Mr. and Mrs. O. R. Crow and Mr. and Mrs. H. D. Owens left Saturday to visit relatives in Hill county.

Quite a few of the Midway people have been attending a revival at Joe Bailey the past week.

Mrs. R. F. Dunn, 77, Dies At Lubbock

Mrs. Mary Luella Dunn, wife of the late R. F. Dunn and once a resident of Tahoka, died unexpectedly of a heart attack at her home in Lubbock Saturday afternoon.

Bro. Dunn, who died in 1929, was a pioneer West Texas Methodist preacher, and at one time was pastor of the Tahoka church. Many friends here were grieved to learn of Mrs. Dunn's death. She was 77 years old, and leaves four sons and five daughters.

RELATIVES VISIT LEE WOOD

Mr. and Mrs. Earl F. Wilson of Lockney, Marvin Wood of Carlsbad, New Mexico, Mrs. Terry Noble, Morgan A. Noble, and Miss Rosa M. Wood, all of Tahoka, went to Clovis, New Mexico, Saturday night to see their father and brother, Messrs. R. C. and Lee Wood, as they returned to California from the U. S. Veterans' Hospital in Chicago. Lee has been in several hospitals in the North and has returned to the hospital in Los Angeles. The last report was that Lee is in a critical condition.

Mr. and Mrs. L. O. Mitchell and children returned last week from a vacation trip to the Centennial at Dallas and a visit with relatives at Greenville. Miss Nina Chloe Mitchell, a niece of L. O.'s returned with them for a few days' visit.

Promotion Given To Preston Lee

Mr. and Mrs. Preston Lee and little son, William John, of Muleshoe visited Mr. Lee's father, W. M. Lee, and other members of the family here Saturday night.

Preston and family are preparing to move to Sweetwater within a few days, where he will assume his duties as assistant district manager for the Higginbotham-Battlett Lumber Company, to which position he has been recently promoted. He has been in the employ of this company ever since he was a mere youth, and has received several promotions.

Home At Redwine Burned Thursday

A small farm house occupied by Clayton Robertson and family in the Redwine community was totally destroyed by fire Thursday afternoon of last week. Most of the furniture, bedding, and other personal effects of the family were also destroyed.

The neighbors and some of the business men of Tahoka contributed money and merchandise to the unfortunate family.

The fire started from an oil stove. Jack Burke left Wednesday morning for Denver, where he expects to secure employment.
